WILD COYOTE KILLED

(CONTINUED FROM PAGE 1)

Hodges Brothers warehouse. It was here, however, that he met his fate for Price's last and seventh shot, took instant effect. They brought the spoils to the Plains Journal office, which, as usual was open as the staff toiled far into the night. It was a real coyote and it was dead.

And that's all they is, they ain't no more.

We are Ready for Winter ARE YOU?

WINTER IS HERE—THE SEASON OF CHEER OR FEAR—THE HEALTHIEST OR MOST DANGEROUS SEASON OF ALL THE YEAR—WHICHEVER YOU CHOOSE TO MAKE IT. KEEP YOURSELF WARM, COMFORTABLE, PROTECTED FROM THE CHILL BLASTS AND THOROUGHLY ENJOY WINTER. HERE ARE A FEW TIMELY TIPS:

Stoves

This is the first requisite of a comfortable home. We have stoves to meet every requirement from bath room heaters to the Estate Heatrola which will heat a six room house. See our line before cold weather comes.

Blankets

We are offering this year's complete stock of blankets and comforts to keep you comfortable at night. We have woolen and cotton blankets and fine quality heavy weight comforts. The prices are low.

Rugs

Every living room needs a rug to complete its furnishing. We have just offered the public a carload of Whittall Wilton rugs at carload prices. Now is the time to discard your old rug and make the living room comfy for winter.

New Suites

In a fine new line of living room suites you will find a selection to materially increase the comfort of your home. Any kind you could wish we have.

A wall without a picture has the same effect as a floor without a rug or carpet. New pictures and new picture cords.

Baker Furniture Co.

ACUFF COMMUNITY WILL HOLD BIG BOX SUPPER ON FRIDAY NIGHT TO GET MONEY TO FLOOR AUDITORIUM

Come on, all you ple-eating lunch hounds, and fall in line at the Acuff community box supper Friday night for there is going to be some big doughs going on there and don't you forget it.

Home-cooked chicken, dressing, cranberries, cake, pie, custard, pickles, preserves, everything from soup to nuts and lots of it. Lay off the family dining table for the rest of the week, put on your adjustable belt, bring your oil-cloth bib and fall in for one of the kind of feeds that nobody in the world can put on better than the Acuff folks.

Floor Community Auditorium
You will not only enjoy the best eating that has ever been uncooked but you will be eating for a double purpose. The first purpose, of course, will be because folks just naturally like to eat. In fact if there are three things that every human does like to do, all three of them are to eat. But the second purpose, and it is a real worthy one, you will be flooring the Acuff community auditorium, figuratively and not literally, for the money that is taken in will be used to buy flooring for this excellent building erected through the wonderful spirit of community pride that prevails in that community.

MANY FROM HERE GO TO AMARILLO TO HEAR FARRAR

The following Lubbock people were fortunate in hearing Geraldine Farrar and her troupe in Carmen in Amarillo Monday evening: Mr. and Mrs. C. J. Leland, Mrs. O. D. Hargis, Robert Campbell, Mr. and Mrs. R. E. Karper, Dr. and Mrs. M. H. Barnes, Mrs. Mollie G. Abernathy, Mr. and Mrs. E. L. Robertson, Mrs. Jed Rix, Mrs. A. B. Conley, Miss Ruth Horn, Mr. and Mrs. J. W. Jarrott, Mrs. A. V. Weaver, Mr. and Mrs. D. E. Rodrick, Mrs. W. Von Rosenberg, Mr. and Mrs. E. C. Dickenson, Mrs. J. E. Vickers, Mrs. G. G. Castleberry, Mrs. O. E. Sears, Mrs. Fred Standifer, Mrs. L. H. McLarty, Mrs. I. H. Blecker, Dr. and Mrs. C. J. Wagner, and Mrs. Tom Stone.

Miss Willie Pearson left here Thursday morning for Sweetwater, Galveston and Fort Worth. Miss Pearson is grand treasurer of the Order of Eastern Star of Texas, and will attend the dedication of the O. E. S. home at Fort Worth and a meeting of the Grand Chapter at Galveston.

NEEDLE CLUB IS ENTERTAINED BY MRS. H. DAVIDSON

Mrs. H. A. Davidson was hostess to the Wednesday afternoon Needle club at her home, 3011 Tenth street, Wednesday afternoon. A short but interesting business meeting was held and the guests enjoyed an afternoon of needle work.

Refreshments were served to the following guests and members: Mrs. Roscoe Wilson, Mrs. Smylie Wilson, Mrs. Dixon of Bradentown, Florida, Mrs. Jett Smith, Mrs. C. J. Wagner, Mrs. W. B. Atkins, Mrs. L. C. Ellis, Mrs. F. M. Maddox, Mrs. I. W. Thomas, Mrs. J. B. R. Cooper, Mrs. O. F. Sensabaugh, Mrs. J. M. Lewis, Mrs. Conby, Mrs. C. M. Ballenger, Mrs. Carper, Mrs. E. L. Klett and Miss Mary Tinker.

WORK ON ORPHANAGE

Carpenters are now at work constructing forms for the first story of the new West Texas Orphan home, between this city and Tahoka, H. H. Halseell, president of the association, said yesterday. The walls will be built of concrete and cement and gravel for the work is being shipped in now. Halseell asks that everyone owing the association any money pay it promptly so that the work may go on.

O. Z. Ball, well known citizen of Slaton, attended the 72nd Judicial district court in session Tuesday.

George W. Berges, of Shallowater, visited and attended to business here the first of the week.

IMPORTANT GRID CONTEST FRIDAY

(CONTINUED FROM PAGE ONE)
quarterback, Captain Dunlap, left half and Alexander of Wisdom, fullback.

Oscar Eckhart, former University of Texas star fullback and probably one of the greatest gridsters in all Texas history, will referee the tilt, with James H. Goodman, former Texas university and Chicago university star fullback, as umpire. Guy Allen, coach of Plainview high school, a former Howard Payne performer, will act as head linesman.

Lubbock's season record, in four games, shows three victories and one defeat, the latter at the hands of the fast Clovis aggregation at Clovis. The Westerners have scored a total of 93 points to their opponents 23, or an average of more than 23 points per game while their opponents were averaging 8 points. The games for the season were as follows: Westerners 7, Floydada 6; Westerners 29, Littlefield 21; Westerners 6, Clovis 6; Westerners 27, Plainview 6.

Local News

Norton Baker, owner of the Baker Furniture company, transacted business in Plainview Monday.

Mr. and Mrs. John W. Jarrott were in attendance at the grand opera at Amarillo Monday.

D. C. Ross left Tuesday morning for the Northwest Texas District Conference to be held in Abilene from Wednesday throughout Saturday.

Try To Imagine What Lubbock Would Be Like Without Light & Power Service

Of course nothing of that sort is likely to happen. Because the people of this community understand that they must have this essential service.

But to reflect for an instant on the possibility is worth while. The thought leads to how we come to have this service and to what is necessary to maintain it and make it stronger.

The Texas Utilities Company is engaged in this essential service in full recognition of the importance of it to the community served and of the fact that the company can grow and prosper only as the community grows and prospers. This sort of service is so necessary to the community that it has generally become a matter of public concern and is recognized by the industry as such.

Our recognition of this situation is the reason for our constant effort to improve the service of light and power and make it meet the needs of our customers from day to day.

TEXAS UTILITIES

ICE — LIGHT — POWER

Mrs. Neil Wright and family have returned to their home after a several days visit with Mrs. Wright's parents, Mr. and Mrs. Woodall of Austin, Texas.

\$25 Suit Values

We offer a line of Men's and Young Men's Suits in a splendid assortment of patterns that would surprise you. Suits that would in many instances bring five to ten dollars more. We do this because we can do so and still net a fair margin of profit.

Then—
Styleplus Suits at
\$30.00 \$35.00 & \$40.00

Are truly rare values and should be seen and fitted then you too will say with us, these Suits are unusual values.

Minter-Gamel

It Pays To Be Well Dressed

HERE'S THE STOVE

---on which Lubbock meals are prepared

Cooking has always demanded more time than any other domestic duty. And every woman who has stood for long hours over a hot stove will testify that it is the most unpleasant of her daily tasks.

Today, electric cooking has come to set women free from this great drudgery. For the first time it offers a fuel which is clean and odorless, obedient and economical.

No longer need the kitchen walls be soiled with soot and greasy vapors. No longer need kettles and pots be black after they have been used. No longer need ashes be a nuisance in the kitchen.

SANITARY ORDINANCES ARE TO BE ENFORCED, OFFICIAL DOCTOR SAYS

CASTLEBERRY CALLS ATTENTION TO RULES WITH WARNING THAT VIOLATIONS WILL RESULT IN ARRESTS AND FINES

A growing laxity on the part of the citizenship of Lubbock, particularly the business men downtown, forces us to call attention to some of the sanitary ordinances on the books of the city. If this reminder does not bring the necessary results a strict enforcement of these provisions in the letter must be instituted.

It is against every rule of decency, sanitation, health and city law to spit (expectorate), upon the sidewalks, in public buildings, including the post office, picture shows, cafes, etc., in the city of Lubbock and the growing laxity in this connection is positively revolting in this city.

It is likewise against all rules of sanitation, health, safety and every city law to sweep the trash, paper, floor sweep and other filth from the retail stores out on the sidewalk and into the street or to burn paper in the street in front of the retail stores of the city and yet there is a growing disregard upon the part of certain business men for these laws and rules of public welfare and safety.

If these practices are not immediately stopped the officers will be instructed to make arrests and bring to trial every citizen guilty of continued disregard of these laws.

G. G. Castleberry, M. D.,
City Health Officer,
Country Town Staff

That is the notice sent out by the city health officer this week, after observing a continued violation of the ordinances of the city and the general rules of decency, good breeding and public safety. Regular bon fires have been built on the brick pavement in front of some stores in Lubbock, damaging the brick, charring the asphalt, and leaving objectionable ashes, burned paper and other filth in the street. Some folks make use of the post office for their throat clearing exercises, expectorating onto the most convenient spot available, whether that be the floor, the wall, the waste baskets or whatever else might be handy.

That is plain, old ordinary run-down at the heel country town stuff and if folks just simply don't know any better, a few well placed \$5 and \$10 fines will go a long way toward improving their appreciation of common decency and the other fellow's rights to live like a white man.

PLAN DINNER

A dinner for the members of the Lubbock and Amarillo high school football teams will probably be held here Friday night, after the game, if the plans of local civic clubs are carried through. O. F. Sensabaugh and other citizens are behind the move which should, if carried out, prove beneficial to the gradates and strengthen the feeling of friendship between this city and Amarillo.

TICKETS SELLING WELL

The ticket sale for "Don Pasquale," the opera comique to be held here on November 13, under the auspices of the Lubbock Music club, is progressing nicely according to a statement made by Miss Mary Dunn, one of the members of the club, yesterday.

A WEEKLY HINT For The HOUSEWIFE

It has been said that salads refresh without exciting and make people younger. Why not allow tomatoes to keep us young while they are in season and are plentiful?

Whole tomatoes make very attractive salads, according to Miss Eloise Huskins of the home economics staff at State College. Dip smooth, firm, ripe tomatoes into boiling water for two minutes in order to loosen the skins. Remove the skins and carefully scoop out the centers, forming cups. Chop a small amount of cabbage and green peppers, moisten the cabbage and peppers with cooked salad dressing or mayonnaise dressing and fill the tomato cups with the mixture. A little chopped dill pickle may be used to garnish the top. Arrange tomato on a plate with crisp lettuce or parsley.

The tomatoes may be cut in two. Spread one-half with cottage cheese and place the two halves together as a sandwich. Arrange on a bed of lettuce with a small amount of salad dressing at the side.

Another suggestion offered by Miss Huskins is to cut the tomato into sections, quarters or eighths. Arrange the pieces on a plate to appear like a poinsettia. Place a ball of cream cheese in the center and cut a thin strip of green pepper to be used for the stem of the flower. Garnish with lettuce and serve with a small amount of salad dressing at the side. Cooked salad dressing is made from the following ingredients:

- 2-4 cup vinegar
- 1/4 cup water
- 1/4 cup sugar
- 4 level tablespoons flour
- 1/4 teaspoon mustard
- 2 eggs beaten slightly
- 1/4 teaspoon salt

Mix the dry ingredients, add the water and eggs to the mixture. Add the vinegar very gradually, cook over hot water in a double boiler until the mixture thickens.

LAST CHANCE TO VOTE

Last call for Yeast Cakes! As the last few days of the election being held by the Plains Journal for the honoring of Lubbock's most civic-minded citizens, roll around everybody who has not already voted, if there is anyone of that description, is urged to cast a ballot, one of which is found on the first page of this issue.

TO STAGE PLAY

Evan Harries, who is directing the high school play here tomorrow night and tonight, has been engaged to stage similar plays for Idalou and Lorenzo high schools in the near future, he stated.

G. P. Howell, prominent business man of Idalou, was in attendance at district court held here Monday.

J. A. Carter, of Lorenzo, was a Lubbock visitor Tuesday.

C. S. McCurdy, a business man of Idalou, attended district court Tuesday.

Fred C. Connally, of Roswell, New Mexico, transacted business in Lubbock on Friday.

The North Pole

Is mighty close to Lubbock when Winter's winds come zipping down the Plains.

We have a few suggestions to make. They are popularly priced suggestions, too:

- WOOL SHIRTS
- LEATHER VESTS
- SHEEPSKIN COATS
- OVERCOATS
- HEAVY UNDERWEAR

The Plains Journal

Announces Its

FREE COOKING SCHOOL

November 3, 4, 5, 6, 7

2:00 P. M.

FIRST BAPTIST CHURCH

Mrs. Ida Chitwood

Famous Cullinary Expert

Will Conduct the

Plains Journal's Cooking School

Mrs. Ida Chitwood

The Plains Journal's free cooking school will begin Monday and will be held each day through Friday. Each session will start promptly at 2 p. m., the doors will be open at 1:30. The demonstrations will be held in the basement of the First Baptist church.

Mrs. Chitwood, who is nationally famous as a food expert, will give lectures and demonstrations that will be of interest and benefit to all housewives, no matter where they live or what their circumstances are; for she will discuss the problem of what is best to serve to eat and will bring new and dainty recipes for all who come to her school.

A regular kitchen will be provided on the stage where Mrs. Chitwood will give her demonstrations and lighting arrangements will be such that every member of the audience can see and hear what is going on. The demonstrations promise to provide the most interesting and profitable attraction ever brought to Lubbock.

Big Audiences Have Greeted Mrs. Chitwood at Other Cooking Schools

Special Note.

Ladies, remember this school is free. You are to be the Plains Journal's honor guests. No effort or expense is being spared to make this the best school held in Texas. Make your plans now to attend — invite your friends.

John Healy of El Paso was a business visitor here Saturday.

COMMUNITY COMMENTS

(Continued From Page 1)

guarantee you that you will come clear.
But even on a life sentence, you get something to eat at your home even if you do have to make up your own bed.

THE FINANCE COMMITTEE
"On the finance committee I will appoint—" and their sentence is read. It may be for a Tech Party. It may be for Chamber of Commerce membership. It may be for any one of a dozen other important and necessary things connected with the growth, development and reputation of this city. But the finance committee is always about the same old six and seven. The ticket committee is the same old crew of a dozen—with Come and Conley and Moore and a few others heading it. Regardless of what the movement may be the same little bunch are called on to raise the necessary check—-and they make the same rounds and hit the same little bunch of business men.

Ninety per cent of the expense of the civic work of the city falls on less than 10 per cent of the citizenship who represent less than twenty-five per cent of the taxable valuation of the city and less than twelve per cent of the property values of the county as a whole—over which the profit of progress, growth and development is spread. Our method of financing all of our civic work is wrong, unfair, and inefficient. It is unfair to the leaders who give their time to directing the work—to have to take half that time for the consideration of finances. It is unfair to the secretary or chairman or president in charge—to give him a \$10,000 job to do with a \$200 fund to do it with. It is unfair to the citizen whose work takes him out of town, or off the streets until he does not have an opportunity to kick in to the various funds that are raised—without just walking down and hustling somebody up—(and that is just naturally AGAIN human nature.)

Plainview has more than twice the amount of money that Lubbock has for her Chamber of Commerce work. Amarillo is to receive \$2,000 per month for 1925. And it comes without any man giving one minute's time guarding pavement with an outstretched palm as a member of some "finance committee." The mill tax for the support of Chamber of Commerce work, under the name of a Board of City Development, is fair, in that it spreads the burden over every piece of property that will increase in value as a result of the work. It is efficient in that it relieves the secretary, the president and the directors from "nickel chasing" and gives them time to give thought and effort on the work itself. It is just in that the non-resident property holder, the petrified old cusses who think no more of a nickel than they do their right eye, who live here, enjoy the profit of increased property values that follow a growing town, and the man that moves here to enjoy the benefits of our schools, churches and other city advantages, each contribute their part to the civic support of the city. And it is especially fair to the business man that has enough drain made upon his income without carrying the full burden of every civic movement.

Why don't we of Lubbock get busy and pass an election that will wipe out all of these inequalities and inefficiencies and put our Chamber of Commerce work upon a sane, sensible basis.

HORN BACK SUNDAY
Dr. Paul W. Horn, president of the Texas College of Technology, will be back in the city on Saturday or Sunday and will remain here until the big Armistice Day party and help in its preparation. He attended the meeting of the board of regents in Fort Worth Tuesday.

INVESTIGATORS CHARGE CONVICTS ARE ABUSED AND PRISONS IN STATE BARBARIC

PENITENTIARY CONDITIONS ARE DEPLORABLE SAY PROBERS; OFFICIALS ARE NOT BLAMED BY BOARD OF CORRECTION

Special to The Plains Journal.
AUSTIN, Oct. 27.—"Deplorable conditions of disease and neglect existing in the state penitentiary and prison farms, a report of the Texas Board of Correction, released here this week, charged.
Prisoners without proper medical attention infecting each other; men at the mercy of the state suffering from malignant diseases for which they can obtain no adequate treatment and finally being discharged either wrecks or so diseased as to endanger their families and their communities; prisoners crowded into bunk houses 100 to 150 in a room, breathing the foul, germ laden air; one prisoner put to work in the blazing sun with blood pressure at 270 and another made to handle a walking plow, though every turn of the plow painfully wrenched an infected elbow—these are some of the conditions cited by the report.

The report was read to the state conference on social welfare here tonight by Dr. A. C. Scott of Temple, one of the physicians who made an investigation of the prison system.

A companion report, giving results of a psychiatric survey made by Dr. Ralph M. Chambers of Massachusetts, reveals, it was said, an equally serious condition in the mental, moral and educational condition of prisoners, thousands of whom are reported to have no education.

Of 2,811 men examined, it was found

3,376 were suffering from some physical defect or disease. One man while being examined died from acute appendicitis, which could have been cured by proper treatment, the report said. The prison system is 75 years old and some of its practices are as old as the system, it was charged. The blame is not to be placed on any individuals or officials, but in the words of the report is "to be charged to the citizenry and legislative bodies of the state that have been blind to their responsibility and have not provided sufficient means for their correction."

"No disposition is felt to cast blame upon any individuals for unfortunate conditions, but that a deplorable situation exists and has existed for many years there can be no doubt," continued the report. "Curable diseases which are amenable to scientific treatment are not being treated. Communicable diseases are by no means properly segregated, and men while serving sentences are unnecessarily exposed to harmful diseases from which they never recover after returning to civilian life."

"These are but illustrations of the injustice done in innumerable ways to a group of men, at our mercy."
These conditions, said the report, indicate practices which have been followed for years by many county commissioners "who assume the attitude that most any kind of service is good enough for criminals who inhabit their jails."

BUSINESS FORCES TWO TRIPS NEW YORK CITY

(Continued From Page One)
from Eastern markets only a little more than two months, the business of the store has met with such heavy demands in all lines that the stock, if not immediately added to, will soon be sadly depleted. Spencer Wells, manager of the Hemphill-Price store, said the first of this week as he left for New York City on a business trip.
Wells, with a large party of buyers representing the chain of Hemphill stores, did more buying this last trip than usual but business has been so rushing that he was forced to go again. He was accompanied by several other buyers of the Hemphill organization.

Convicted Men Are Sent To State Pen

Will Word, white, with Sam Samuels, Kansas City Jones and George Hamilton, negroes, were started Monday on the first lap of their journey which is to land them in the state penitentiary, Sheriff H. L. Johnston stated. John Nichols, of Floydada, a boater-in-law of State Deputy Bud Russell, took the men to Floydada, where they were turned over to Russell for delivery.
Word goes to fill a life sentence imposed for the murder of Dr. S. H. Windham, near Brownfield last spring. The negroes were convicted on charges of burglary of the Hodges Brothers store, Samuels and Hamilton drawing three years each and Jones assessed two years for the crime.

SUNSHINE

The way the sun has been beaming on the South Plains means much for the prosperity of this section. This is good cotton weather. The hotter the better says—

HAVE HARD TIME IN FINDING MAN FOR MOVIE ROLE

Located after a country-wide search, during which thousands of photographs were examined, and more than one hundred actors, including a number of Broadway stars, were interviewed in person, Arthur Dewey was selected by D. W. Griffith to portray the role of George Washington in "America," the romantic photodrama of the War of Independence, which comes to the Lindsey Theatre Wednesday, Thursday and Friday.

Dewey was selected because he was judged to have the most perfect physical resemblance to Washington. Before the final selection was made Dewey and several other appli-

cants were taken to Washington, D. C., by Griffith, in order that he might compare their likenesses with pictures and statues of the first President.

Although some historical authorities claim that the Father of his Country was more than six feet in height, Griffith's research department unearthed an order written by Washington to his tailors in London, in which he described himself as "just six feet, and of medium build." It was found that Dewey was exactly six feet tall.

Dewey is a descendant of an old Revolutionary family, which in the last century migrated from Lexington, Mass., to the Middle West, settling in Illinois. One of his ancestors, Ashbel Smith, answered Paul Revere's summons, and fought valiantly on Lexington Green.

TEXAS PROHIBITION ENFORCEMENT GROWS MORE EFFICIENT EACH DAY

COOPERATION BETWEEN STATE AND FEDERAL MEN SHOWS BOOZE CONDITIONS IMPROVING AS TIME GOES ON

Prohibition enforcement is becoming more effective every day, and this improvement in curbing the outlawed liquor traffic is due to better cooperation between Federal and local authorities, imposition of jail sentences instead of fines for violators, more general use of the "padlock" on liquor nuisances, and steps taken toward stopping leaks of liquor from bonded warehouses to the illicit market, according to a resume of prohibition enforcement by the Federal Government during the present administration at Washington, received today by Frank Cole, Federal Prohibition Director for Texas.

The report covers the period from June 11, 1921, to September 11, 1924. It shows that the main sources for obtaining genuine liquor in this country have been largely cut off. This has caused bootleggers to turn to smuggling, but with the Coast Guard rapidly getting this situation in control, the prospect for obtaining liquor from overseas is growing dimmer daily.

R. A. Haynes, Federal Prohibition Commissioner, said that the more general realization that over 99 per cent of the so-called bootleg liquor being sold is poisonous, was also a contributing factor in bringing about victory of law and order over the outlawed liquor traffickers.

"Jail sentences," said Mr. Haynes, "are proving the real deterrent to law breaking. The violator may pay a fine and continue business in a different locality under a different name, until again apprehended. But when he is put in jail his activities are at an end, his income stops, and he has an opportunity to reflect upon the importance of upholding the Constitution." Commissioner Haynes continued:

"Cooperation between Federal and State authorities is improving. All forces for upholding law and order should cooperate. More than 177,000 arrests have been made by the Federal authorities during the last three years. During the same period violators have been sentenced in Federal courts to serve an aggregate of near 7,000 years.

"More than 495,000 stills and parts of stills and about 39,000,000 gallons of distilled spirits, malt liquors, wine, etc., have been seized during the last 3 years. A total of 11,677 automobiles and 444 boats and launches have been captured.

"During this period, more than 125,200 criminal cases have been taken to Federal Courts. Of this number, over 126,000 have been terminated, resulting in more than 94,300 convictions.

"Thousands of other cases have been turned into local courts, of which there is no complete record. Fines of nearly \$18,000,000 have been imposed, over \$12,500,000 of which has actually been collected and turned into the United States Treasury. Last year alone, the fines, forfeitures, etc., imposed totaled over \$7,000,000, of which

more than \$5,000,000 has already been collected. In addition, about \$1,000,000 was paid by brewers during the year in compromise of civil liabilities. Tax penalty figures are not yet compiled, but will swell the total collection considerably.

"The injunction, or 'padlock' is another effective weapon. Injunction cases have been instituted in both Federal and State courts. Since July, 1922, over 4,900 such cases have been instituted. In more than 3,200 cases injunctions were granted, over 2,650 of which have been made permanent. Particular attention has been devoted to securing injunctions in brewery cases. About 200 such cases have been instituted against breweries. Of these granted, 72 have been made permanent, and 29 breweries have been actually closed.

"Many important cases have been prosecuted under the provisions of the Criminal Code for conspiracy to violate the law. The heaviest penalty ever imposed in any one case was for a conspiracy and involved a fine of \$21,000 and a sentence of 20 years in jail.

"A well organized permit system has effectively curbed the leak from bonded warehouses. There has been a reduction in withdrawals of about 1,000,000 gallons from that in 1921, the first Federal dry year. Although more industrial alcohol is being used legitimately now than ever, due to expansion in the volume of legitimate alcohol-using industries, diversions to the bootleg trade are decreasing. It is estimated that less than 10 per cent of the entire production is involved in illegal transactions, a substantial quantity of which is later seized and destroyed.

"An extreme reduction in the use of medicinal wines of a beverage has resulted from medicating the wine, rendering medicinal preparations containing wine unfit for beverage use. Withdrawals of wine during the last year were only a little over 4,000,000 gallons, over half of which was used for sacramental purposes.

"Only about 15 per cent of the applications for importation of wine during the last year were approved, all of which was for medicinal or manufacturing purposes. The practice of smuggling exported whiskey back into this country has been practically eliminated by curtailing exportation. Of the applications for exportation of whiskey in the amount of over 4,480,000 gallons during the last year, only about 4 per cent were approved, and none of the whiskey shipped to Canada.

Mr. Cole has reported that during the past year Federal Prohibition Agents in Texas have made 1,788 cases which have resulted in fines of more

STOP THAT ITCHING

Newer Form of Iron is Red Blood Food

If your blood is thin, pale and watery, keeping you weak, nervous and run-down, you need rich, red blood with plenty of iron in it to give you strength, energy and endurance. It would surely astonish you to know how in two short weeks a little more iron in your blood would help renew the elasticity, the strength and energy of your days. It is the iron in your blood that enables you to get the good out of your food. Without iron, nothing you eat does you any good. Your food simply passes through you and your body is literally starving on three big meals a day.

This newer form of iron known as Nuxated Iron is like the iron in fresh vegetables and like the iron in your blood in concentrated form. It may be had from all druggists with a guarantee of entirely satisfactory results or your money back.

NUXATED IRON BUILDS RICH, RED BLOOD

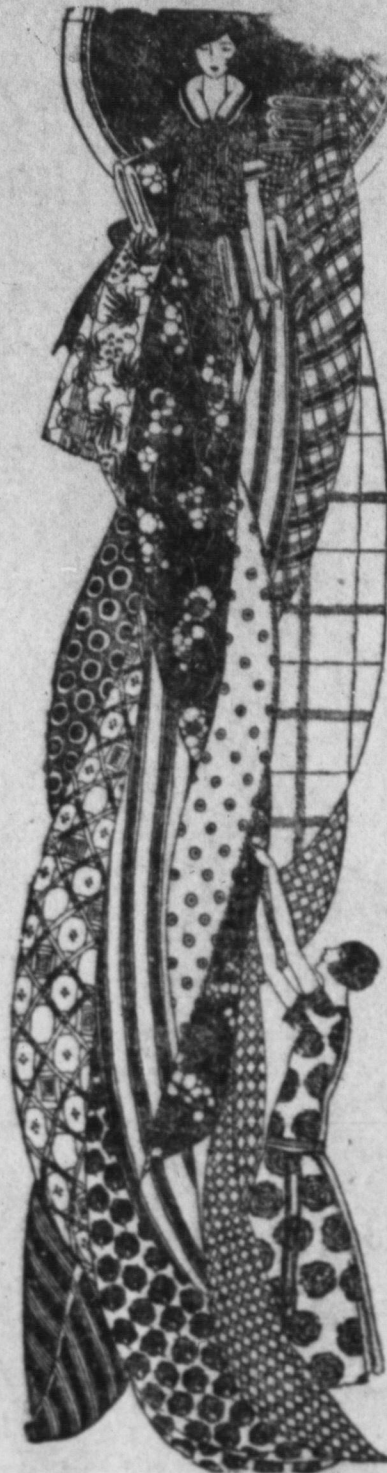

than \$166,000, and prison sentences of 44 years, 1 month and 23 days. There is an increasing measure of cooperation with State authorities. The policy which is being followed is for all offenders apprehended by State officers to be prosecuted in the State Courts, unless for local reasons effective prosecution can not be had. No record is kept of many hundreds of cases which have been turned into the local courts by Federal officers. It is believed that on the whole, the enforcement of Prohibition laws is carried on

more effectively than ever before, and that there is a constantly increasing respect for the law among all classes. This would be more noticeable on the part of the public if the same amount of publicity were given to the results of prosecutions as is given to operations of liquor law violators.

Mr. and Mrs. C. J. Leland attended the grand opera at Amarillo Monday night. Mr. Leland is a well known insurance man, being formerly connected with Patterson Grain company.

HARWELL TO SERVE
Chris Harwell, of the Panhandle Construction company, has been named to fill the post of presiding officer for Lubbock precinct number four, Judge Chas. Nordyke stated yesterday. The position as presiding officer in that precinct was the last one to be filled and had been vacant for some time.

J. G. Stokes was among those in attendance at court Monday and Tuesday. Mr. Stokes resides in Slaton.

International Sunday School Lesson
Dr. J. E. Nunn

FOR NOV. 2, 1924.
TOPIC—The Prodigal Son.
GOLDEN TEXT—I will arise and go to my father—Luke 15:13.
Scripture Lesson: Luke 15:11, 24.
11 And he said, a certain man had two sons:
12 And the younger of them said to his father, Father, give me the portion of thy substance that falleth to me. And he divided unto them his living.
13 And not many days after, the younger son gathered all together and took his journey into a far country: and there he wasted his substance with riotous living.
14 And when he had spent all, there arose a mighty famine in that country; and he began to be in want.
15 And he went and joined himself to one of the citizens of that country; and he sent him into his fields to feed swine.
16 And he would fain have filled his belly with the husks that the swine did eat: and no man gave unto him.
17 But when he came to himself he said, How many hired servants of my father's have bread enough, and to spare, and I perish here with hunger!
18 I will arise and go to my father, and will say unto him, Father, I have sinned against heaven, and in thy sight:
19 And I am no more worthy to be called thy son: make me as one of thy hired servants.
20 And he arose, and came to his father. But while he was yet afar off, his father saw him, and was moved with compassion, and ran, and fell on his neck, and kissed him.
21 And the son said unto him, Father, I have sinned against heaven, and in thy sight: I am no more worthy to be called thy son.
22 But the father said to his servants, Bring forth quickly the best robe, and put it on him; and put a ring on his hand, and shoes on his feet:
23 And bring the fatted calf, and kill it, and let us eat, and make merry:
24 For this my son was dead, and is alive again; he was lost, and is found. And they began to be merry.
INTRODUCTION
This parable of the Prodigal Son is one of the most significant and vital words of the Master. Here as so often, familiarity with the words may pass for an understanding of the meaning. A verse of Scripture is like a coupon—ticket—void if detached. Note the connection of this parable, for this gives the key to its meaning. Publicans and sinners come to Jesus to hear his words and to learn the way of life. There is no reason to suppose they were worse than other people. The Pharisees and scribes, who prided themselves on their respectability, looked down upon these folks and called them sinners. "Just look at the crowd around Jesus," they said; "well, birds of a feather flock together."
The first parable, of the Lost Sheep, shows that heaven is interested in earth and rejoices when a lost man is saved. The second parable, the Lost Coin, shows the joy among right-thinking people over the recovery of the lost. The third parable, the Lost Boy, shows two things; the joy of the father over the return of a son, and the disgust among the "respectable sinners" over the returning prodigal from the slums. In all this, Jesus shows what are the most fatal sins in the list.
Waste and Want Ver. 11-16
How do we account for the differences in people? Here are two boys, raised in the same home in similar conditions; yet they are very different. Here we enter the inner realm of personality, where each one decides for himself. It was a selfish, uncaring request the younger son made: "Give me the portion of goods that falleth to me." I want my share; I do not want to wait till father is dead. That is the way sin began in Eden; that

describes the latest—sin—yours—and mine. The father grieved over his son's greed and willfulness; but he gave him his portion. Life was his to make or mar.
He will see the world for himself. Having started in the wrong road he will see where it leads. He finds gay companions, and they help him waste his goods. Companions are half of life. Get with the wrong crowd in college, in business, in society, and you are probably doomed. We may choose our crowd; and he is the wise man who knows the kind of people to cultivate.
Sanity and Repentance
Ver. 17-20.
"And when he came to himself," There we have the secret of his folly. He has acted like one out of his head. Sin is foolishness; it is unhuman, unnatural. A saying of the Middle Ages declared, "The devil has taken a roundabout way of being an ass." Oh, the wickedness of sin; but, oh, the astuteness of it! Why do men go wrong, lie, cheat, defile themselves, sell their souls, for a little money? Some do not know any better. Some have false standards. Some are misled by companions. Some are just natural lunatics.
Hunger, loneliness, misery, teach an effective lesson. When he came to himself, he began to think about his father; he sees his true self and his real life. He, a son, a man, has been acting like an outcast and ninny. It often said that "experience is the best teacher." Only fools are willing to pay the high tuition in that school. People with sense learn from the experience of others. Some people have to be flailed half to death before they can show a bit of sense. Selfishness, having your fling, going the limit, do not pay.
The Anxious Father
We call this the parable of the Prodigal Son. It should be called the parable of the Anxious Father. What were the father's feelings while his son was away? Every father knows. God feels man's sin; he always has felt it; it broke the heart of his Son on Calvary. The first thing in the morning the Father looks down the road; the last thing at night is to take another look. And he left the door unlocked for the boy who might return.
The prodigal starts in to tell his story and make his whole confession. But the father meets him with the kiss, the robe, and the ring. The son is forgiven, restored, treated as a son again. Heaven is interested in men. Man's sin may cut God to the very heart. Man's return may cause heaven to ring with hallelujahs.
Neither repentance nor forgiveness can undo the past or restore the lost inheritance. "Do not deceive; God is not mocked. Whatever a man sows that shall he also reap." Forgiveness sets man on his feet with new hope, and gives him new seed to sow. Regeneration makes him a new creature, but sin means loss; it means that so much of possibility is taken out of life. Sin is a dreadful thing, and man cannot hate it too much or avoid it too sternly.
The first step of the prodigal back to God is the conviction of sin: "You know how it is when the shutters are opened and all the light streams into the room; if anything is out of place, if there is dust or disorder, the light will reveal it. Let the light of the life of Christ into any heart, and there will be a similar revelation; there will be realization and conviction of sin."
"There is a way from the far country to the Father's arms. The actual journey of the prodigal may have been across forbidding mountains and along caravan trails over blinding deserts. No such obstacles intervene between the returning sinner and God. The blessed Christ from whose lips fell this tender story also said, 'I am the way.' When we come to Christ we find the Father, for Christ and the

Insulin Diet
Father are one.
"On that hard, Roman world, disgust
And secret loathing fell;
Deep weariness and staid lust
Made human life a hell."

COMING OF FALL
FINDS LUBBOCK'S
RADIOS AT WORK

Many Lubbock Merchants Stock
Fine Instruments To Meet
Heavy Local Demands

The fall weather improved the static condition of the atmosphere and takes out sputter and pop of radio operation. Folks have already started burning the midnight oil—tuning in on remote stations. Radio reception has passed the experimental stage and every night in the year countless thousands enjoy the world's best in the way of music, lectures, addresses and amusements of every kind—broadcast from countless stations on many continents.
The growing popularity of the radio and the development of the science as a result of careful experimentation is bringing on the market some marvels of perfection in the way of home equipment. Cabinet work equal to the finest furniture or grand piano, mechanical perfection that surpasses the automobile or vacuum cleaner—and Lubbock merchants are keeping pace with the rest of the world in presenting this equipment—these instruments—for in their improved state they are no less. You must arrange to see them.
RANGER MAKES BOND
LUEKIN—Ranger Grover Dunn, indicted on a charge of murder in connection with the fatal shooting recently of Ben F. Smith, defeated candidate for sheriff, was granted bond in the sum of \$10,000 here late Saturday evening.
District Judge L. D. Guinn consumed an entire day in a habeas corpus hearing, a large number of witnesses being introduced. Following his indictment Friday afternoon, Dunn spent Friday night in the Angelina County jail.

Children of Kansas City are helping the doctors keep seven-year-old Alice alive. They are contributing their pennies to a fund that is paying for the insulin treatments Alice must take daily. As long as the fatty dose is administered Alice 'uns and plays like other little girls. But if one is missed she begins to pine away. She is suffering from diabetes.

HUB

ROWLAND GLYDE BURNS
Rowland Clyde Burns, better known in Lubbock and West Texas as Rollie, was born at Nowaday, Missouri, on April 8, 1857. The first big event in his life came when he was twenty-four years old for it was then that he moved to the Plains, choosing Crosby county, Texas, as his first objective. He resided in Crosby county for two years and then moved to Garza county, where for five years he was one of the leading citizens of that part of West Texas.
While he was in Garza county a son, and his first child, was born and he was named Garza, the first child to be born in what is now Garza county. In 1888 the second big event in his life occurred for it was then that he moved to Lubbock—or rather what is Lubbock today. When Rollie Burns came here there was nothing on the site of the present "Hub Of The Plains" except two small stores, a dwelling house and a dugout.
Young Burns and the few people in this vicinity decided that the town as it stood was unworthy of the territory and they got together and built the Lubbock which served as the foundation for the present modern metropolis of the South Plains. The Nicollet hotel was one of the first structures completed and at the time of its erection was considered to be a fine hotel. It stood where the Broadway hotel is now located. The year after the hotel was finished the first court house was completed and the city was started to its present size and prominence.
But when the city began to grow and the surrounding country was being settled new industries and improvements were needed and Rollie Burns, with an open pocket-book and the spirit to serve the community, was always found in the forefront of community activity, together with the handful of other old timers who are still on the job after years in the harness of civic service. He organized an automobile service between Lubbock and Amarillo in 1907; he was one of the leading figures in the

building of the light and ice plant serving as manager of the concern for three years. He was manager of the Western Land and Livestock company for eleven years and then went into the ranching game for himself.
Burns has always been in some kind of public service. At the present time he is serving as county tax assessor and for ten years served as a member of the county commission. He is now on his twelfth year in the office of tax assessor and was a member of the first school board in the county.
He is a sustaining and active member of the Lubbock Chamber of Commerce, and the Knights of Pythias, fraternal organization. In November, 1884, he was married to Miss Mary Boles, of Coryell county and they have three children. They are Garza, Maude and George Yancy. He is an active member of the First Christian church of this city.
He came to Lubbock to take charge of a ranch which then covered half of this county, and in 1881 Burns had a conversation with a buffalo hunter, George Cozey, who told him that this was a great place for Indians and buffaloes to

congregate and that he thought in fifty or one hundred years there would be a great city built here. He believes the city has a great future and will make the greatest city in this part of the country. He estimates that by 1930 the population of the city will reach 30,000.
BONDS APPROVED
WAXAHACHIE—An order approving the \$184,000 bond issue election at Italy Sept. 30, for road improvements and purchase of road bonds, was issued Saturday by the Ellis county commissioners' court. The final tabulation of votes shows that the issue won, 512 votes shows that the issue won, 512 A total of \$100,000 will be used for the macadamizing, graveling and paving of roads in District No. 9, known as the King of Trails.
CHILD IS KILLED
DENISON—Clarine Briley, 5 years old, was killed instantly shortly before noon Sunday when struck by a train in South Denison. The baby, with her mother and an infant sister, were walking along the Southern Pacific Railroad track when the accident occurred. The child stood too close to a passing passenger train and a step of a car struck her head.

PARRY AUTO PAINT SHOP WILL INSTALL NEW SYSTEM OF AUTOMOBILE FINISHING PERFECTED BY E. DUPONT ENGINEERS AND IN USE ON MANY FINE AUTOMOBILES

The Parry Auto Paint Shop will be the first shop west of Dallas to install the new Duko system of automobile finishing, Owen Parry, owner and manager, stated yesterday. The Duko system is something entirely new in the painting of automobile bodies and since its first being used it has met with the approval of automobile owners everywhere.

The Duko system was discovered and worked out by the engineers in the employment of the E. Dupont company, of Wilmington, Delaware, a widely known firm in all lines of manufacturing. It was brought through its first stages, found to be one of the best systems known and was then improved by the Dupont engineers, prior to being placed on the market. A Dallas paint firm has the only agency in Texas for the Duko system thus far and according to reliable reports reaching here the work being done through its use is being met with great pleasure by automobile owners in the East Texas metropolis.

The Duko system consists of six coats of celluloid paint, known in some quarters as "peroxoline." It is a lacquer finish and is put on the automobiles through use of air brushes, Parry explained. He expects to have the new system installed here and in use among Lubbock automobile owners within thirty days time, he said.

A number of the well known makes of automobiles came out this year with finish put on by the Duko system, including the Chrysler and Buick makes, known for their long enduring finishes. George Mulkey, local Chrysler dealer and an automobile man of many years' experience, is highly enthusiastic over the new system. When the Duko system is used in a repaint job it is guaranteed for wear, sometimes for the life of the car when sufficient coats are ordered by the automobile owner.

The Parry paint shop here is doing a large volume of business and is pleasing its patrons in the work being done if the number of cars brought there daily can be taken as a criterion. The shop is located at 1216 Avenue H, in the rear of the Ford and Smith grocery store, just north of the new Wilson building, and is connected with telephone number 848. Prices on repaint jobs are based on the condition of the car except in cases of Ford coupes, roadsters and touring cars. Parry will repaint a coupe for \$25, a touring car for \$18 and a roadster for fifteen. He has four men working in the shop. They are Gordon Reeves, Herbert Walker, Lemuel Box and J. K. Box.

Have you written home recently? It takes but a few minutes and adds a wealth of happiness to that old mother of yours who still believes in spite of your seeming neglect, that you are the greatest boy or girl in the world. Let's write more often.
