CONTRACTS MADE BY OFFICERS OF EDUCATION BODY

SPIKES ADDITION TO B.E. GIVEN ONE; McCRUMMEN GETS ANOTHER

Contracts have been entered into by the school board of the Lubbock Independent School District for the purchase of sites on which the new buildings of the system will be located. Bruce Q. Pierce, member of the board committee of the board told the Daily Journal Wednesday. On one of the contracts a forfeiture contract was posted by the board, and on the other an optional agreement on the part of the owner has been executed...

Water and Sewer Coming

At the present this particular portion is not served by water and sewer lines, but under an agreement reached both by these necessities will be supplied. Mr. Spikes has agreed to pay half the bill for extension of the lines, provided the lines are laid in a certain route, Mr. Pierce said. The site selected for the other building is the south half of block 7, in the McCrummen's second addition with an east front on Avenue T and south front on 29th St. This is the location on which the board has posted a forfeiture contract, and is considered as one of the best that could have been secured. The site lies just south of the old M. C. McCrummen home which fronts on 19th St.

Safe Unopened

The safe had not been opened, and nothing was missed from the office, J. D. Quick, member of the grain and coal firm told the Daily Journal after a thorough investigation had been made. IN SOCIETY

By Rufus R. Johnson - Page 408

WEDNESDAY NEEDLE CLUB PLEASANTLY ENTERTAINED BY POPULAR MEMBERS

Mrs. L. B. Wright and Mrs. E. L. Klatt were charming hostesses Wednesday afternoon at the home of the former, when the members of the Wednesday Needle Club were most pleasantly entertained.

A miniature Christmas tree, gaily decorated and brightly lighted furnished the striking decoration for the merry receiving suite, with wreaths and other holiday decorations about that almost seemed to say, "Merry Christmas and Christmas cheer for everyone."

While needle work furnished some occupation for the guests, discussion of a Christmas dinner and all day meeting was planned for the sixth of January, that seemed to be of special interest to all concerned.

Later, a most delicious plate consisting of bread and butter, and turkey sandwiches, fruit salad, potato chips and coffee or tea Mrs. Clem of Dallas and Mrs. Holt and to the members, Mesdames H. A. Davidson, S. C. Wilson, J. F. J. Stephens, F. M. Maddox, W. B. Atkins, J. L. Rathiff, E. L. Robertson, J. C. Wagner, L. C. Ellis and T. W. Thomas.

AMERICAN LEGION AUXILIARY TO MEET MONDAY EVENING

Monday evening at 7:30 in the rooms of the Chamber of Commerce the American Legion Auxiliary will meet in a most important business session. Attendance by all members and all who are eligible to become members is urged by the officials.

SEVEN O'CLOCK DINNER MARKS BIRTHDAY

Wednesday evening Mrs. O. Kimmel entertained Mr. and Mrs. James Kimmel and family with a seven o'clock dinner, honoring Mr. R. V. Kimmel's birthday.

MISS MARGARET DOAK HONORED AT PARTY SATURDAY

Miss Weeks and Mrs. Friend will honor Miss Margaret Doak, who is here visiting her mother, Mrs. Mary Doak, during the month of December Saturday afternoon at 2:30 at the home of Mrs. F. R. Friend, 2965 Boardway.

MARVIN PETERS OF STEPHENVILLE RETURNS AFTER VISIT HERE

Mr. Marvin Peters has gone to Abilene for several days before returning to his home at Stephenville after a pleasant week's visit here in the home of his brother, Mr. N. L. Peters, of the firm Peters and Haynes, architects.

CHILD-STUDY CLUB MET YESTERDAY

The Lubbock Child Study Club met in regular session on Wednesday afternoon December 9, at the First Baptist church.

Promptly at three the president called the house to order. The reading of the minutes by the secretary was followed by reports from committee. Attention was called to the need of a local treasurer. After a short discussion Mrs. Allen Stewart was elected to this office. Her main duty shall be the collection of club fines. All club members will kindly take note of this announcement and if in doubt of your indebtedness get in touch with Mrs. Stewart.

Mrs. Clarence Synes was the able leader for the afternoon study. After a short introductory talk on children's literature, Mrs. Synes asked Mrs. E. K. Wheelock to discuss the choice of literature for children. Mrs. Wheelock handled her subject well giving a sketch of suitable books for children of different ages.

"Nothing is more important in child life than the placing in their hands of literature suitable to their mental ability," Mrs. Walter Myrick Jr. stated.

Mrs. N. L. Peters discussed the duty of the parents to the child in regard to an early ability to master reading matter.

Mrs. O. L. Peterman alluded to the home without literature as a "Literary Sahara." She suggested that we choose our books as we do our friends—so that we may never be compelled to apologize for either.

Mrs. Richard Maxwell described in our great opportunity in selecting pictures for the child.

The value of music was the subject of Mrs. Clarence Synes, short talk in which she showed how the best in the child is appealed to thru music.

Mrs. W. M. Caldwell gave an excellent survey of the effect of literature as connected with the imagination of a child.

Before the club adjourned it was unanimously decided that the club should meet on next Wednesday afternoon, December 17, rather than on December 23, as the regular meeting date reads.

Several large packages of clothing were brought by members of the club. These will be distributed to the poor at Christmas time.

MISS COOPER EDUCATION DIRECTOR ADDRESS EPISCOPAL MEMBERS

Wednesday evening at the home of Mr. and Mrs. Mickle, 1512 Ave. N., Miss Mabel Lee Cooper of the Educational Department of the Episcopal Church talked to an interested group of people relative to her work. She is an able and convincing speaker, talking of conditions as they exist, and as she would like to see them, and as are needed to exist, for work in her department to be most effective. This work is most important and those hearing Miss Cooper were well pleased.

DIVORCES GAIN RECORDS PROVE

Texas Leads States in Total Of Divorces During Year Of 1924

WASHINGTON, Dec. 9.—More persons were united by divorce and fewer tied by marriage in the United States last year than in 1923. The rate of divorce was nearly one for every ten marriages.

The department of commerce, which compiles figures every year on the comparative popularity of the two institutions, announced today that the total number of marriages last year was 2,173,266, a falling off of some 2.5 per cent from the 1923 total of 2,229,224.

Divorces registered a grand total of 270,867 an increase of 2.5 per cent from the 1923 figure of 264,296.

Texas led the states in the number of divorces granted last year with a total of 15,875, which compared with 11,956 marriages. Illinois had the second largest number of divorces, 13,369 against 41,918 marriages. Ohio's divorces came third, 11,548 against 88,248 marriages. In California divorces numbered 11,258 against 55,677 marriages, while Michigan in fifth place, was credited with 9,244 divorces and 49,768 marriages. In New York the record was 4,422 divorces against 196,812 marriages. In Nevada divorces almost balanced marriages, being 1,027 against 1,078. South Carolina, where the law absolutely forbids divorce had 20,455 marriages, and the nearer approach to its record for divorcelessness appeared to be in the District of Columbia, where there were only 128 divorces.

LINDSEY HOST TO NEWSIES

Twenty newsies who daily deliver and sell the Lubbock Daily Journal, were treated to a free picture show last night by Clifton Lindsey, manager of the Palace and Lindsey theatres, at the Lindsey show house where Fela Morrison, Western thriller, tickled the kids pink with his wild-west antics in the feature film, "Santa Fe Pete." Last night was not the first time that Mr. Lindsey has opened his heart and his theatres to the newsies of the city and he has many friends among the youngsters as a result.

FRANK COLLIER TO GO TO JAIL

Ex-Mayor Of Wichita Falls In To Serve Three Year Term For Killing Youth

(By Associated Press.) AUSTIN, Dec. 9.—Frank Collier, former mayor of Wichita Falls, sentenced to three years for manslaughter from Wichita County, for killing of his son-in-law, Elsie Robertson, will serve his sentence.

Collier had appealed his case, but today in the court of criminal appeals Charles Francis, his attorney, told the court there was no ground for reversal and that the sentence of the lower court should be affirmed.

Under the statute the court of criminal appeals must inspect the record, but Mr. Francis said it was virtually certain his client would serve the sentence.

The case of Mrs. Frank Collier, sentenced to ten years in Haskell County for murder in connection with the killing of Robertson by her husband, was argued before the court by Mr. Francis, who completed his argument at noon. This afternoon J. V. Alford, former district attorney of Wichita County, who prosecuted Mr. and Mrs. Collier, will tell the court why, in his opinion, the ten year sentence should be affirmed.

Francis, in his plea for reversal for Mrs. Collier, declared the court erred in refusing to offer the court a charge of manslaughter, that there were "serious and grievous errors" in the record and that the jury had been improperly handled. He pointed out Collier, who fired the fatal shots, had been sentenced to three years for manslaughter, while his wife was given ten years for murder.

"The court erred in giving charge that Mrs. Collier was guilty as a principal," he said. "There was offered no positive testimony of any agreement to kill made by Mrs. Collier with her husband, or that she advised or aided in the actual killing."

CLAIMS MADE BY S. W.

DALLAS, Dec. 9 (AP)—The dry climate of the southwest, lower construction operation and maintenance costs, and greater potential traffic, were advanced as arguments for placing southwestern states in a separate railroad group at the Interstate Commerce Commission rate hearing here today.

J. K. Moore, of Oklahoma City, manager of the Oklahoma Traffic Association, presented an array of figures, the burden of which was that the Southwestern states of Kansas, Oklahoma, Arkansas and part of Missouri

are a more profitable railroad field than the northwestern states of Minnesota, North Dakota, South Dakota and Nebraska.

The increase in traffic density is greater in the southwest than the northwest, showing greater possibilities for freight business in this section, Mr. Moore said.

Taking the Rock Island Railroad as an example, because it has a substantial mileage in both the northwest and the southwest groups, he said its figures showed that the road's maintenance of way, construction and operating costs were lower in the southwest than in the northwest.

One of the greatest factors in this difference, it was said, in the climate. In the dry regions of the southwest even the ties last longer, because of the absence of moisture and the lack

of snow and ice in the greater portion of the southwest removes a great cost element.

PHILADELPHIA—Mrs. Katherine Sherman Foss, 14, will go to school two years more and her husband must see that she does it. The juvenile court has so ruled. The board of education complained that many girls under 16 are marrying to escape school.

NEW YORK—Lee Garnett Day, back from Europe with his bride, the former Nancy Sayles, who broke her engagement to Lieutenant Ernesto Becci, of Italy, thinks any girl has a right to change her mind. As for the lieutenant he is a thorough gentleman and a mighty fine fellow.

FARM STOCK

SHEARING SHEEP IS NOT HARD TASK

Brief suggestions on shearing sheep are given below by the animal husbandry division for the benefit of those farmers who are growing sheep for the first time and are inexperienced in the method of shearing.

The first mistake commonly made in shearing sheep is the method of catching and holding. There are three ways by which the sheep may be satisfactorily caught. The first is to throw the hand in front of the neck, the second is to grasp them in the rear flank, and the third is to catch the left hind leg just above the hock in the right hand and then gradually pull the sheep backward and throw the left hand around under the chin. The next thing to do is to lift the sheep entirely clear of its feet and place it on its rump, inclining it back somewhat so that the hind legs cannot get a foothold. Sheep placed in such a position will struggle very little—the beginner, however, will have considerable difficulty in preventing the sheep from struggling violently.

In shearing, the wool should be cut smoothly and close to the body. A very common mistake is to clip them the first time not very close to the body and then go over the surface again and recut. This method results in a lot of short fibers which are practically worthless, so far as the manufacturer is concerned. The fleece should be kept intact and should not be taken off in bunches or patches. After it is taken from the body it should be carefully rolled with the inside (side which was next to the body) out. When thus rolled it gives the fleece a splendid appearance and it will sell better on the market. Probably the worst mistake made in shearing sheep is that all sorts of twine are used in tying the fleeces. One should select twine which has a very hard finish and which will not shed its fibers in the wool. Good three-ply No. 4 1/2 twine is very satisfactory. There is a so-called wool twine on the market which is very soft and sheds its fibers readily, which is very objectionable. Ordinary binder twine, which is used in harvesting small grain is also objectionable. There is a paper wool for the purpose of tying fleeces and which is thoroughly satisfactory.

After tying, the fleeces should be stored in a clean, dry place where they will not accumulate moisture or dust. When placed in bags for shipment or storage care should be taken to select bags which are closely woven, so that they will not shed their fibers on the fleeces. When placed in ordinary burlap sacks the fibers from these sacks will get into the fleeces, and when woven into cloth or blankets they will not dye readily and consequently the buyer cannot afford to pay as much for fleeces stored and shipped in such bags as he could if the proper type of bag were used.

Better Demand for Pure-Bred Horses in Kansas

Unusually large numbers of licenses issued to owners of stallions, and the good demand for breeding stock of the Kansas State Agricultural college herd indicate an increased interest over Kansas in pure-bred horses in the opinion of Prof. D. L. Mackintosh, of the department of animal husbandry. Licenses issued so far this year to stallion owners number 150 more than those given out at the same time in 1924.

Within the past ten months the college has sold 17 stallions and mares to Kansas breeders. The outstanding individuals sold from the college herd were the Belgian stallions Colgar and Hazelton Lad. Colgar, winner at the Kansas free fair in Topeka, and at the American Royal last year, was sold to W. F. Swafford, Concordia. Hazelton Lad, winner at the free fair, and reserve grand champion at the Kansas state fair, was sold to J. F. Schowder of Miltonvale.

Prices for pure-bred stock are fair, and the demand is fairly steady over the state, Professor Mackintosh reports.

Market for Clean Hogs

Hogs fed on properly pasteurized whey, skim milk, or buttermilk are coming to slaughter clean and free from disease even though some of the cattle herds supplying milk to the factory are badly infected. Every hog infected with tuberculosis means a loss to every farmer who raises a hog, for this loss is charged back on the purchase price of all hogs sold on the various markets.

Baby Beef Requirement

One of the principal requirements of baby beef is that they be finished when they go to market, according to R. W. Kiser, animal husbandry specialist, Kansas State Agricultural college. In order that calves may carry enough finish to be classed as baby beef, they must be fed upon a well balanced fattening ration. Ground ear corn when fed with silage and hay is the bulky for calves and they do not fatten readily upon this feed.

CHILDREN—Miss Iva Lee, youngest daughter of Mr. and Mrs. H. H. Penell, was killed instantly last night when the car in which she was driving with Mike Milam, also of Childress, overturned on the Kirkland road. Milam was badly cut and bruised.

\$2,000,000 Fire Hits Council Bluffs

The most disastrous fire in the history of Council Bluffs, Ia., wiped out ten buildings of a loss of \$2,000,000. This photo, taken when the blaze was at its height, shows the burning Shupart office building in the foreground, with the remains of the Grand Hotel, leading hostelry of the city, in the background.

RELATIVES WANT THEIR SHARE OF LARGE HOLDINGS

LOCAL MAN IS NAMED AS DEFENDENT IN COURT SUIT ON FILE

LOCAL MAN NAMED
Timman Suggs, of Lubbock, member of J. D. Sugg, late West Texas financier, is named as one of the defendants in the suit. Timman Sugg has been a resident and has a number of realty investments in the city and in this section. He was named as one of the beneficiaries in the original will filed by J. D. Sugg. By Associated Press
SAN ANGELO, Texas, Dec. 9.—The will of the late J. D. Sugg, wealthy cattleman and banker, who died August 11 at Chickasha, Okla., then his residence of New York county, New York, has been contested in a will filed in Blinn county court at Sherman, Texas, near which some of the largest Sugg ranches are located. The plaintiffs are W. W. Sugg, of Collinsworth county, Texas, a nephew, and Wm. T. Buckley and Patrick Buckley, residents of New York county, New York, sons of a niece. They seek two elevenths of the value of the estate estimated to be worth in excess of \$1,000,000.

Ask Will to Be Set Aside

Settling aside of the will and division of the property in eleven equal parts among the children of the brothers and sisters of Mr. Sugg and the petition, mainly on the grounds that when Mr. Sugg signed the last codicil on July 18 he was not in possession of his full mental faculties and was influenced unduly by Miss Nettie Green, of San Angelo, alleged to have been his chief advisor and companion. W. W. Sugg received only \$5,000 under the will, the other plaintiffs not being remembered. According to the petition, filed by Eastland attorneys Miss Green, who was bequeathed the Central hotel and other business property here and stock worth about \$3,000 in the Central National Bank of San Angelo, of which Mr. Sugg was a vice president, is not named a defendant. The other defendants are: P. E. Brian, San Angelo, executor; Calvin Sugg, Akard Sugg, and Mrs. Ella Sugg, all of Los Angeles; Mr. and Mrs. Nettie McGowan of Woodruff county, Ark.; E. L. Gibson of Jefferson county, Okla.; Stephen Gibson, of Arizona; Timman Sugg, of Lubbock; and Mrs. McGowan of Barran county, Texas.

DALLAS FIRM IS BUYER OF LOCAL SCHOOL BONDS

J. B. Warren, representative of the Garrett and Company Bond houses, at Dallas, was the successful bidder for the \$170,000 Lubbock Independent school district bonds, at a meeting of the school board with bond house representatives here Tuesday night. It was announced at the office of A. C. Jackson, business mgr. of the board Wednesday. The bonds brought par accrued interest and approximately \$1,000 premium, Mr. Jackson said.

Ten bond houses were represented and sealed bids were first received then all bids were laid on the table and placed on competitive basis, resulting in what is considered an exceptionally good price.

The bond sale had been advertised previously to the election by means of circular letters sent out by the school board here to all bond houses of the state, the letters setting out how the bonds would of course be sold in the event that the election carried.

LONDON.—Electric lights have tricked iguanas in the zoo into eating a week's hunger strike. They would not eat because of fog and cold until artificial sunshine made them wiggle fast to the feeding troughs.

PARIS.—Beautiful France being ravaged by a wealthy and socially prominent young American woman who is the subject of curiosity by President Coolidge, are first page stuff here. Le Matin pictures "Mad" Grange and remarks that he had surpassed the Bambino.

WORKERS GO OUT FOR REMAINDER OF HOTEL STOCK

NEARLY \$25,000 SOUGHT IN DRIVE WHICH OPENED HERE TUESDAY

Delinquent stockholders of the Lubbock Hotel company were summoned here Tuesday morning by the same team organization that was largely responsible for the starting of the note that has put actual construction work under way on the 12-story building following a meeting of the team organization with Colonel Ted A. Rix at the chamber of commerce offices Monday night when various divisions of the team were allotted certain delinquent subscribers whom they are expected to collect a little less than \$25,000.

This amount represents the balance due by local people on their part of the contract with the committee that has entered into contract with a local company to furnish a little more than half of the amount required to complete the building.

In other words, the building must be completed to the state that the \$250,000 secured from the loan company will finish the building as outlined by architects' plans, and a sworn statement by the architect and contractor to be effect that the loan money will complete the building in every way, must accompany the final papers signed with the contracting loan firm, Mr. Rix stated.

The general construction contract on the hotel calls for an expenditure of \$27,500 in round numbers, and the size for the building, which covers nearly a quarter of a block in the heart of the business district, cost approximately \$48,000, bringing the total cost to \$267,500.

The committee was enabled to borrow \$200,000, less \$10,000 carriage fees the first year, which leaves \$190,000 available for use on the structure. This amount taken from the \$267,500 leaves \$177,500 that local people must raise, or \$27,500 short, for \$150,000 which was subscribed during the drive for funds.

Thus the building committee was met with a shortage of \$27,500, which was provided when an agreement was reached with W. A. Myrick, Sr., and associates who have contracted with the hotel company to operate the hotel, and advanced into the general.

WESTERNER CAGE SQUAD TO MEET RALLS TONIGHT

The Lubbock high school Westerner cage crew, which is considering one of the strongest ever offered for official competition in high school circles here, will meet the well known and favored Ralls Jackrabbits in the gym at the high school building here tonight. Coach Knowles of the Westerners told the Daily Journal Thursday morning.

This will be the first real contest in which the Westerners have engaged this season, and is expected to be the greatest game of the entire schedule, for the Jackrabbits are recognized as among the hardest competition to be found in West Texas. The visitors will be backed by the record of having held district championship in basketball for the past two years and will along the race for state honors.

Nothing much has been heard of the Westerner crew this year, but his is no indication that they have been hard at work in preparation for the season. Daily workouts have been taken since the football closed, and although Knowles discourages a spirit of exceptional optimism in connection with the boys, he admits that he has some of the best material in the history of basketball here. The team has yet been undefeated in two games, one of which was with an assembly of former cage stars selected from the city, and the other was with a miscellaneous selection from the Tech College.

The game tonight will start at 7:30.

Prominent Men In Booze Raid After Bankers' Meeting

ST. PETERSBURG, Fla., Dec. 10, (AP)—A room in the Soreno Hotel convention headquarters of the Investment Bankers' Association of America was raided last night and a quantity of liquor seized, Pinellas County officials announced today.

The liquor, they said, was in possession of James E. Coad, executive vice president of the St. Petersburg Chamber of Commerce.

Mr. Coad issued a statement emphatically denying any knowledge of liquor in the room and denied that he was present when the raid was made.

Newspaper men were informed this afternoon that bankers have agreed to make bond of \$1,000,000 for Mr. Coad's release if a warrant is served.

Myrick, is composed largely of stockholders in the hotel company, and stock in the operating company is now available to other stockholders if they desire any.

ARNETT-SANTA FE SUIT CLOSED BY COMPROMISE

The case of D. N. Arnett, et al vs the Panhandle and Santa Fe railroad company, which was called in district court here Monday, was settled by compromise after the jury for trial of the case in regular order had been selected. Louie F. Moore, district clerk told the Daily Journal Tuesday.

The case was a suit for damages instituted by Mr. Arnett and associates in connection with a shipment of cattle that was handled by the Santa Fe.

The court machinery is grinding along in regular routine, with the following petit jurors summoned for service during the balance of the week:

Fred Rogers, Slaton; Wiley Puckett, Lubbock; R. P. Itash, Slaton; H. E. Graves, Slaton; J. F. Pugh, Lubbock; R. W. Hagsdale, Slaton; M. L. Price, Slaton; C. Henderson, Dalou; W. A. Price, Lubbock; R. E. Hoops, Lorenson; R. A. Pounds, Lubbock; T. J. Potts, Lubbock; A. M. Parr, Slaton; T. H. Finley, Dalou; F. N. Chitt, Dalou; C. C. Peters, Lubbock; P. G. Brown, Dalou.

Editorials

RED CROSS SEALS

There are numerous pleas in a general way and in each community in a particular way for worthy causes, but there is none more worthy or quite so unobtrusive as the annual sale of Christmas Red Cross seals.

Investment in these seals requires only such a sum as the individual requires to spend, from 1c upwards. Even the poorest may have a real part in making up a fund that in other years has done so much in relieving sufferers and in fighting the physical foe of so many persons.

Plans should be made early for the distribution of the Christmas seals and this distribution should be as widespread as possible. Not only will this plan increase the revenue to the organizations engaged in fighting the white plague, but it will enable more persons to receive the benefit that comes from participating in raising the money.

The Christmas seals stand for better health which comes from better living conditions and proper sanitation. The seals should be sold for the millions this year in order that the excellent work made possible through their sale may not be curtailed, but extended everywhere.

DON'T BLAME THEM

New York was shocked the other day by a murder committed by a young boy as a climax to what the police describe as a "children's booze party."

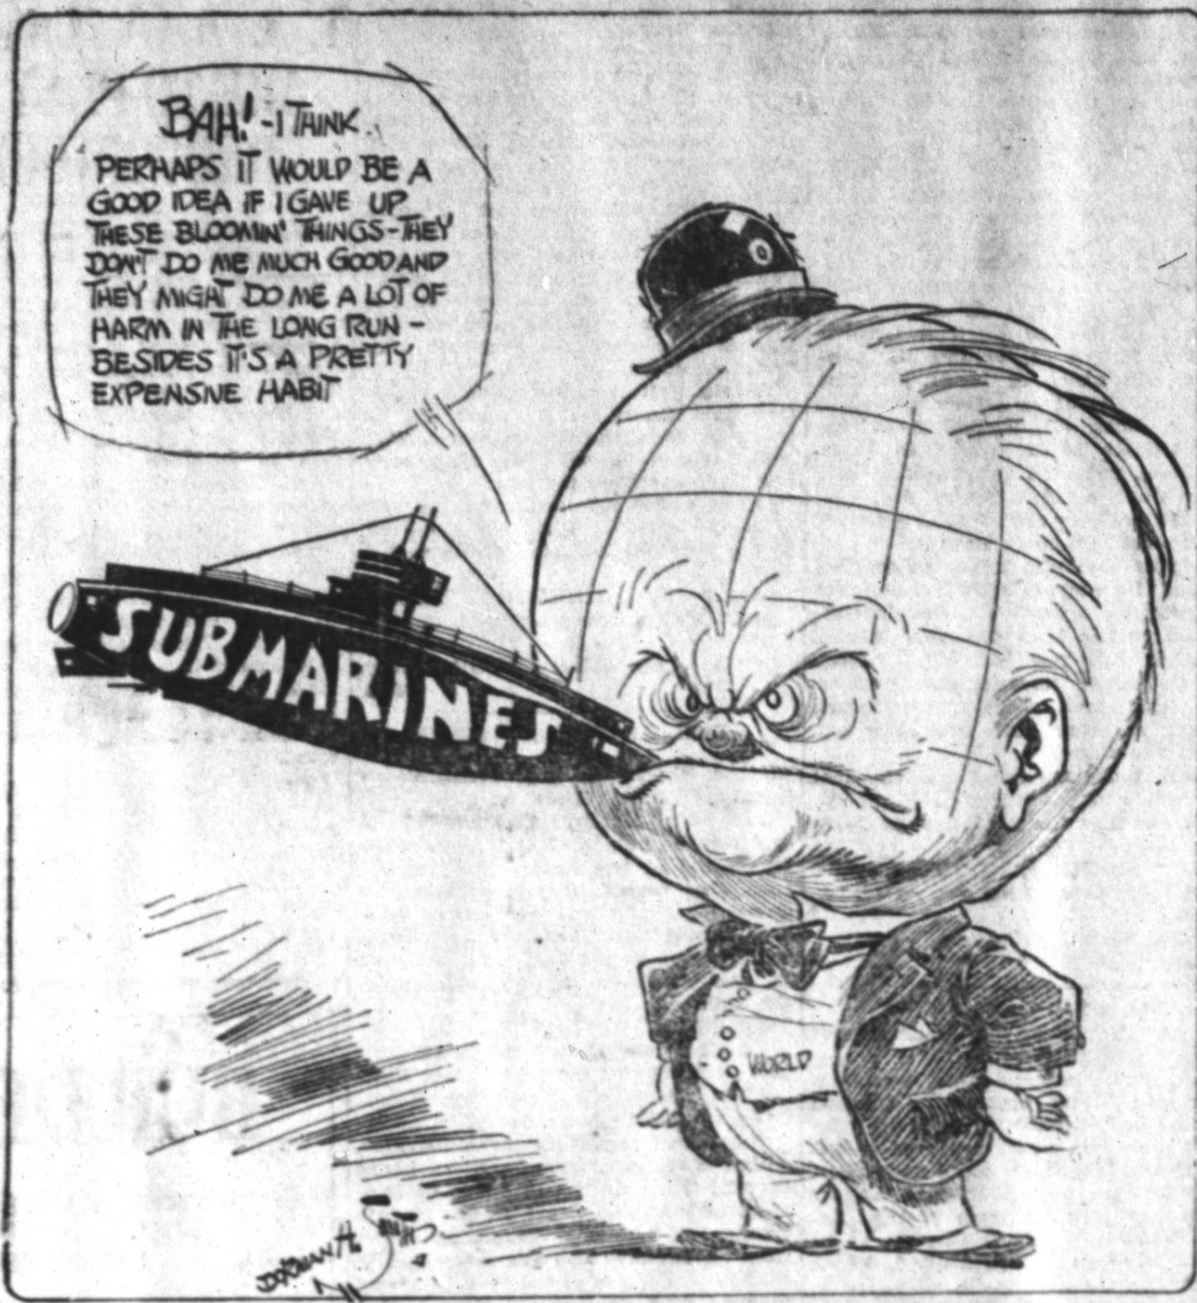

Journal Jabs

As a rule the man who knows precisely how to spend money so it would do the most good is the fellow who hasn't any.

If the law of averages prevails, it is predicted we'll have a hard winter, but as a people we are somewhat accustomed to flouting law and may do it again.

Most always there is a little good in a man who has the courage to admit that he doesn't amount to anything.

Something Else to Swear Off Of

LEGISLATURE IS NOT TO SESSION AT HER REQUEST

NO NEED TO SPEND THAT MONEY MRS. FERGUSON ANNOUNCES TODAY

AUSTIN, Dec. 8. (AP)—Governor Miriam A. Ferguson today issued a statement declaring that she will NOT call a special session of the legislature as requested by Speaker Lee Satterwhite and some members of the House.

She said there was no necessity for putting the people of Texas to this expense, "at this time when every effort should be made to hold government appropriations within the due bounds of economy."

She said that she was handling this communication to the press instead of writing a letter to each member of the legislature in order that the public may have the benefit of the decision.

"Every effort is being made to put the new highway law in full force and effect and to convene the legislature at this time when the atmosphere is surcharged with prejudice and political agitation together with the prompting of political ambitions in certain quarters would, in all probability, undo legislation passed after mature deliberations and years of study."

"Should it subsequently appear that there is urgent need for a special session of the legislature, I will not hesitate to take the legislature into my confidence and ask their aid in the solution of any matter involving the public good."

She issues statement Text of the Governor's statement follows:

"I have decided that I will not call the session as requested for the reason that I do not see any necessity for putting the people to this extra expense at this time, when every effort should be made to hold government appropriations within due bounds of economy. The reasons assigned for calling a special session are:

- 1. To provide sufficient funds to carry on effect tick eradication under the law as the same is now in effect. 2. To provide sufficient funds for the eradication of the foot and mouth disease.

"3. For the purpose of amending the highway laws of this state to such extent will in the judgment of the legislature sufficiently protect the interests of the people and promote the establishment of an effective system of public highways."

Knows No Other Reason "If there is any other reason for having a special session of the legislature, I am not officially advised of the same."

"Assuming that the request is made in good faith to consider these subjects, it then becomes a matter of discussion of what the legislature might do with those subjects if it should be convened in special session. So far as the eradication of the foot and mouth disease, I beg to say that the necessity for that reason has long since passed. There has been no new outbreak of the disease in sixty days and the cattle that were taken by the authorities have been appraised at a very liberal valuation and half of the sum has been paid by the federal government and the other half was promised to the owners of the cattle when the legislature meets in regular biennial session in 1937."

"In reference to tick eradication and highway laws, I want to call attention to the fact that both of these very questions were considered at length by the last legislature and nearly every member, whose name appears on the request for the special session, voted for the new tick law and the new highway law at the last session of the legislature."

"These laws do not go into effect until the 15th day of June and therefore no one will contend that opportunity has been had to try these laws out in actual operation. Until reasonable opportunity is had to give the laws a chance the legislature meeting at this early date would be without guide in making new changes. Every effort is being made to put the new highway law in full force and effect and to convene the legislature at this time when the atmosphere is surcharged with prejudice and political agitation, together with the prompting of political ambitions in certain quarters would in all probability undo legislation passed after mature deliberation and years of study."

"Should it subsequently appear that there is urgent need for a special session of legislature, I will not hesitate to take the legislature into my confidence and ask their aid in solution of any matter involving the public good."

"Since the request for the special session has been filed by the 45 members three have asked that their names be taken from the request and one of the petitioners has moved from his district. It leaves only 41 members on the petition. This is just a fraction more than one fourth of the members of the legislature and cannot therefore be used in support of the contention that a majority of the people want a special session of the legislature at this time. I am very sure they do not and for the reasons stated I must fully decline to call a special session of the legislature of the State of Texas."

LEAVENWORTH, Kans., Dec. 10. (AP)—Jacques Blevins, president of the defunct Southern Motors Company, Inc., of Houston, Texas, arrived at five o'clock last night at the federal penitentiary here without an escort.

Blevins carried his own commitment papers and will be dressed in work clothes today and assigned duty in the prison, Warden W. O. Biddle said.

STEWART'S WASHINGTON LETTER

By CHARLES P. STEWART NEA Service Writer

WASHINGTON—Nicholas Longworth, speaker-elect of the next national house of representatives, wears a nightgown, so I'm told, and told on good authority. It had been my impression that this old-time appurtenance of the bed chamber was obsolete. It seems not.

Somewhat my wife has evolved the idea that I am in similar case with Nick, which is a mistake, since the back of my skull is fully well clothed about an inch and a half in either half as far up as my ear tips. In direction from the median line and that as it may, she worried, seeing me slumbering, these cold nights, with a somewhat sparsely affected dome in close juxtaposition to an open window.

A skulcap! was her solution. For, like myself, she supposed the more formal type of chapeau de nuit to be an extinct species. Repairing to a department store, she made known her wishes. "Just what kind of a skulcap do you want?" queried the gentlemanly floorwalker. "The kind," replied my wife, "for a very bald man (and again I protest against the injustice of this characterization) who insists on sleeping with his head outside the window in this weather."

"Ah, yes," said the gentlemanly floorwalker understandingly, as he conducted my wife to the knitted goods counter. "Show this lady," he directed the clerk (as they call 'em in England), "our line of nightcaps." The clerk proceeded to produce them by the boxful. It was evident they were anything but obsolete. That store had 'em in infinite variety.

"Now this," observed the clerk, holding up a specimen, "is the kind we sell to Spenser Longworth." (They're calling him "speaker" already.) It was—and is—a navy blue confection, with a red stripe around it, and, atop, a pom-pom, rather than a tassel, woven in all the colors of the rainbow.

"Classy!" recommended the clerk. "The speaker, as you doubtless know, is the best dressed man in Washington."

Chuckle Awhile

Reciprocity

From Life: "Oh, look, Charles," exclaimed the author's wife, "what a beautiful Christmas present I bought for you—a lovely set of lace curtains for the dining room!"

"I anticipated your thoughtfulness, dear," said he, "and just see what I have got for you—a cunning little portable typewriter—for my desk!"

One Reliable Rule

From Answers, London: "While fishing, a man fell into the water, and unfortunately was unable to swim; but he managed to attract attention and a fellow fisherman jumped in and rescued him, laid him on his back, and began to think."

"What's the matter?" asked a bystander. "Why don't you revive him?" "Well," answered the rescuer, "there happens to be 16 rules for reviving the apparently drowned, and I can't remember which comes first."

At this point the rescued man slowly opened an eye and whispered faintly: "Is there anything about giving brandy in the rules?" "Yes."

"Then never mind about the other 15," came the almost inaudible retort.

"Gov. Jim" Ferguson is further useful in the Texas crisis in furnishing the strong language a lady governor couldn't be expected to use or even know.

Tom Sims Says

Isn't it strange how we postpone things. In Kansas a man needed a shave 22 years before he got one.

In Chicago, a couple have been married 58 years, evidently without killing one another.

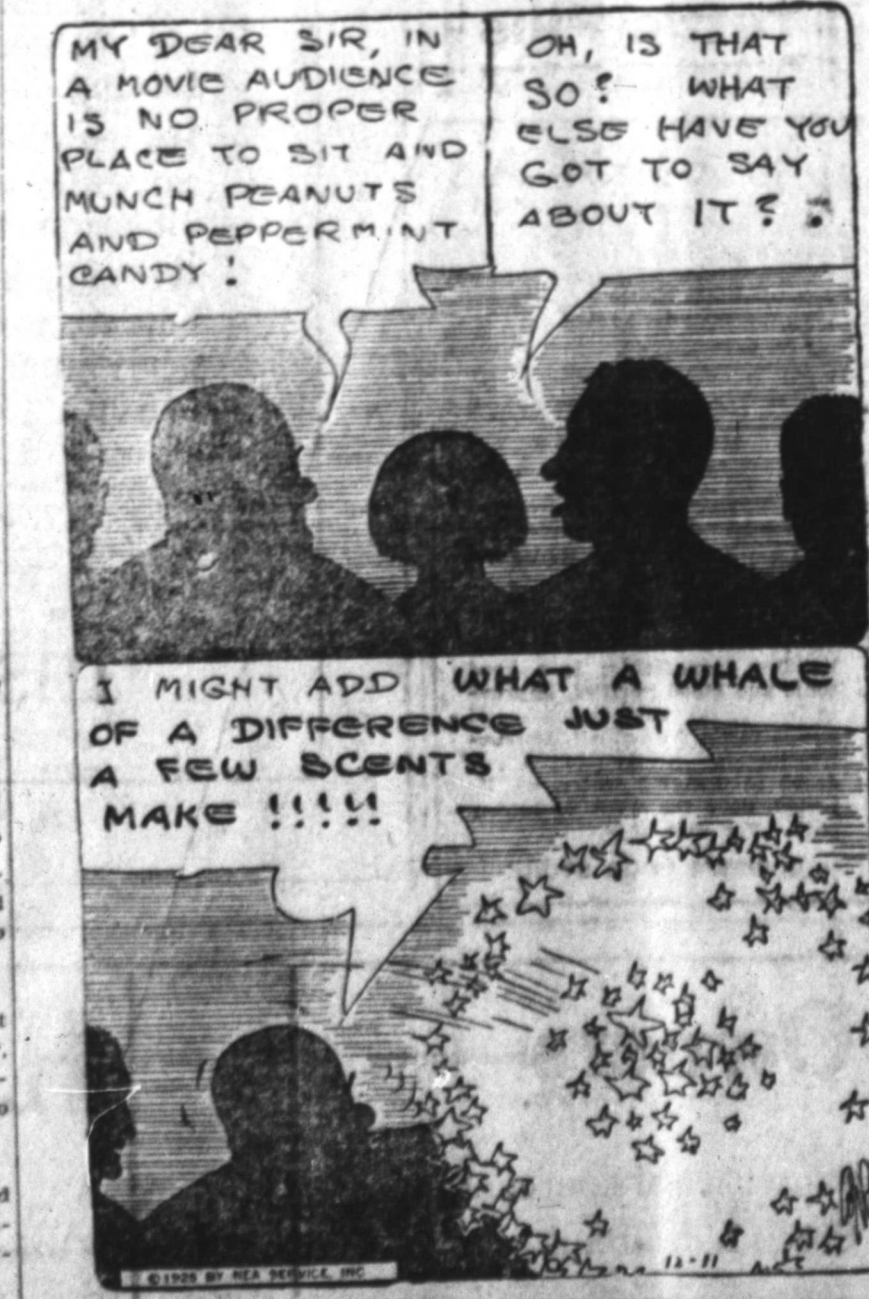

Several butchers in Birmingham, Ala. have been told to mend their weights. Drive on tax dodgers have started. Drive on tax dodging continues.

Rich American hunter has sailed for Africa. Our most famous rich American hunters are chorus girls.

Chilean Row Is Brought Back To U. S. For Ending

WASHINGTON, Dec. 10. (AP)—The Thana-Arica controversy between Chile and Peru has come back to President Coolidge again as a culmination of Chilean refusal to accept the dates fixed by the plebiscitary commission for the plebiscite to determine the sovereignty of the two provinces.

Chile's decision to appeal to Mr. Spaulding as arbitrator in the dispute was formally announced at Arica yesterday, after the commission set up its award to carry out its terms for the determination of sovereignty, approved the motion of General Pershing, its head, for fixing the dates for a plebiscite.

At the same time the commission rejected the Chilean motion in the matter and thus apparently left an appeal by that nation by President Coolidge as the only course open to it, under terms of the award, providing for such an appeal.

Naming April 15 as the date for voting in the plebiscite, General Pershing's motion fixes January 15 as the date for the presentation of the election law, with the intervening date for the period of registration and for appeals.

Requiring Chile to give definite answer whether she will carry out unfulfilled demands of the commission and faithfully co-operate in holding the plebiscite, General Pershing's motion charges in its preamble that Chile has unlawfully adopted the territory in dispute, violated the award by refusing to carry out the commission's rulings, and otherwise rendered impossible the holding of a free plebiscite.

Lindsey Is Host To Carrier Boys Of Daily Journal

C. C. Lindsey, manager of the Palace and "Lindsey's Theaters" of this city, was host Wednesday night to the carrier boys of the Daily Journal when the youngsters viewed the antics of Pete Morrison in "Santa Fe Pete", the western picture that was showing at the Lindsey.

Charges Against Chiropractors In Abilene Quashed

ABILENE, Dec. 9.—Two cases against G. L. Newman, and one against J. E. Busby and Roy Crowder, local chiropractors, charged with unlawful practicing medicine, were dismissed in county court here Monday morning on the motion of the state. The motion was made because of errors in the complaints and County Attorney Frank E. Smith stated that new complaints will be filed at once.

DRUG STORE SAFE AT TAHOKA IS STOLEN

Partly believed composed of three men entered the Limit Drug Store on the north side of the square at Tahoka early Monday morning, rolled the safe to the sidewalk, hooked it to the rear end of a truck with a chain and drug it across the pavement through the business district to the outskirts of the city where they blew open the door and escaped with all wanted contents, while the unsuspecting citizens of the city dozed in peaceful slumber, according to a report brought back here Tuesday by Mrs. Tom Cannon, town sheriff, who was called to the scene to assist in the investigation.

The loot taken from the safe consisted of cash and currency in the amount of several hundred dollars, and a considerable amount of jewelry which had been placed in the safe overnight. The loss is estimated at approximately \$2,000.

A heavy charge of nitroglycerine was used in opening the safe, as evidenced by the condition in which the safe was found. The safe was practically demolished, reports said.

No trace had been found of the perpetrators of the deed Tuesday afternoon, but according to local officers there is a bare possibility that the burglars were members of a gang that has been operating in this section of the state for some time.

GOVERNMENT ESTIMATE GOES TO 15,603,000 BALES AND PRICES SLUMP DOWNWARD ACCORDINGLY

REPORT FOR DECEMBER 1 SURPASSES NOVEMBER'S BY MORE THAN 300,000 BALES; 1925 CROP WILL EASILY TOP THAT OF LAST YEAR

(By Associated Press)

WASHINGTON, Dec. 8.—Cotton production this year will amount to 15,603,000 bales, equivalent to 550 million pounds, exclusive of linters, the department of agriculture today announced from December 1 conditions. An estimate of 15,298,000 bales was made from November 21 conditions. Last year's crop totalled 13,627,506 bales.

WASHINGTON, Dec. 8 (AP)—An increase of 265,000 bales in the prospective cotton crop this year over the forecast of a fortnight ago was shown by the department of agriculture's preliminary estimate of production based on December 1 quotations, which placed the crop at 15,603,000 equivalent 50-pound bales. The crop will be almost two million bales larger than last year's 13,627,506 bales.

Weather Good Month

Weather during the last half of November was unusually favorable for picking in most states and growers have picked or now expect to pick some cotton which a few weeks ago they feared would be lost. The crop reporting board stated: "The quantity of low grade cotton that will be picked also depends on the price paid for the lower grades. Recent ginners are said to show some improvement in grade but are mostly below middling white cotton."

The abandonment of acreage is estimated at 4.5 per cent of the estimated acreage of cotton in cultivation on June 25, compared with an abandonment of 2.6 per cent in 1924 and 3 per cent in the ten year average.

The December revised estimate of cotton for harvest this year is

bales and excluding linters, compared with 12,227,659 bales to that date last year, the census bureau today announced.

The ginings prior to December 1 by states follow:

Alabama 1,291,473, Arizona 70,544, Arkansas 1,190,537, California 68,263, Florida 29,367, Georgia 1,167,306, Louisiana 823,829, Mississippi 823,829, Missouri 190,225, New Mexico 52,697, North Carolina 1,930,564, Oklahoma 1,32,639, South Carolina 92,409, Tennessee 405,376, TEXAS 8,661,910, Virginia 44,660, all other states 14,495.

Included in the total ginings are 476,671 round bales counted as half bales, compared with 244,84 for 1924 and 239,215 for 1923.

New York Prices Break

NEW YORK, Dec. 8 (AP)—Cotton prices broke \$2.59 to \$3.00 a bale on the New York Cotton Exchange today.

Latest Triumph in Railroading

THE completion of the new Chicago Union Station marks a noteworthy accomplishment in the history of important engineering undertakings, from which travelers from all parts of the United States will derive pleasure and benefit.

The station is without doubt one of the finest and most efficiently designed railroad terminals in the world. It forms a vital link in the realization of the "Chicago City Beautiful Plan." Simplicity, accessibility and convenience for the traveling public are the essential virtues of the new terminal. Rest and recreation rooms, ticket offices, barber shop, dining rooms, stores of various kinds, and almost every convenience known to travelers, are to be found on the one level, no steps to climb.

The main station is a low monumental type of building with a row of massive columns of classic design along the entire east front. Once inside, the traveler finds himself in a gigantic waiting room more than 100 feet high and brilliantly lighted through skylights in the great arched ceiling. Colonnades inclose the room, the walls of which are patterned after the architecture of ancient Rome. Bordering this room are the ultra-complete passenger terminal facilities. An innovation in railway terminal design is a conference room accommodating 125 people, which is available, without charge, to patrons of the Union Station lines for conferences and other meetings.

To give some idea of the immensity of the new station, it may be stated that the main building covers an area of about three acres with a concourse covering 60,000 square feet. The entire terminal facilities cover more than 35 acres and will expedite the prompt and satisfactory handling of 50,000 passengers, 400 tons of baggage and 300 trains daily with room for future expansion. Fifteen acres of glass were used in the various coverings over the train sheds, which extend more than 1,200 feet beyond the main structure. A total of 17,000 tons of structural steel, 175,000 cubic feet of Indiana limestone and 10,000 cubic feet of granite were used in the station building and concourse. The foundation consists of 440 cylindrical concrete piers from four to ten feet in diameter, reaching to a depth of more than 60 feet below the level of the Chicago river.

Those who have had the privilege of inspecting the new station pronounced it a marvel in terminal construction and are urging their friends to see it on their next visit to Chicago.

The station is used jointly by the Pennsylvania Railroad; Chicago, Milwaukee & St. Paul Ry.; Chicago, Burlington & Quincy R. R., and the Chicago & Alton R. R.

PREACHER CLAIMS CONSPIRACY IN TEXAS

AUSTIN, Dec. 9 (AP)—Conspiracy between members of the Ku Klux Klan and Judge E. L. Monroe, of McClellan County, discrimination in not permitting the defendant to present proof and violation of the 14th amendment to the constitution, were the features in the oral argument presented by attorneys for the appellant in the court of criminal appeals today in the appeal of Rev. A. Kelly Copeland, of Waco. They charged various officials with conspiracy to destroy Rev. Copeland.

NEW ORLEANS, Dec. 8 (AP)—The government's final cotton estimate of 15,603,000 bales and the total reported ginned to December 1 of 13,557,684 proved much larger than had been generally expected, and as a result when trading was resumed after the customary fifteen-minute interval, the price showed a drop of 105 points or more than \$5 a bale.

January showed a drop of 83 points and the loss diminished as the calendar proceeded, until October showed a loss of only 42 points.

The government's estimate for the cotton crop means a crop including linters, of 176,000,000 bales.

TEXAS NEWS BRIEFS
By Associated Press

CANYON—Boys of the manual training department of the West Texas Teachers College here are devoting spare time in making toys for tot-who are sometimes missed by Santa Claus. Under direction of Robert Donald, members of the class are doing all the work from drawing patterns to painting. Elephants that walk and ducks that waddle will delight numerous children.

BROWNWOOD—Much interest is being shown in a good roads campaign here, the election being set for next Tuesday. The proposal is to issue bonds for \$250,000 in a special district including more than half the county.

BROWNWOOD—During the past five years five new churches have been completed in Brownwood, and now two more are to be built by the First Christians and the Coggins Ave. Baptists. Half a million dollars was spent for the five completed structures and the new buildings will cost about one hundred thousand dollars each.

ABILENE—Another parking law has gone into effect here. Barking of vehicles from 11:30 p. m. to 4:30 a. m. on downtown streets is prohibited. The city wants to sweep the streets when and hasn't time to move automobiles.

ABILENE—A total of 599 building permits have been issued here since January 1 for a total consideration of \$2,000,304.45.

BERLIN—Perhaps the watch on the Rhine will be more zealous than ever now. A chemist of the Kaiser Wilhelm Institute says 450 pounds of gold are floating down the river yearly.
