

Grand jury indicts former fireman on gambling charges

By MIKE DOWNEY
Staff Writer

The Howard County grand jury returned 31 indictments today, including one against former Big Spring fireman Keith Hamilton for promotion of gambling. Hamilton was fired March 10 following an internal investigation of the fire department in connection with alleged gambling activities, specifically "bookmaking" on football games. Big Spring police had conducted a three-week in-

vestigation beginning in mid-February into the reported illegal gambling within the fire department. Fire Chief Jim Ryals fired nine-year veteran Lt. Hamilton at the close of the investigation.

District Attorney Rick Hamby took statements from 10 persons about the alleged bookmaking on football games.

During the course of the investigation, several firemen said they were harassed by officials to make

statements. A subsequent investigation of those charges proved groundless, according to City Manager Don Davis.

Gary Willingham, 27, of Gail Route was indicted for murder in connection with the death of Eladio Zubiate Jr. Zubiate's body was discovered in a shallow grave near Big Spring Jan. 5, 1983.

An autopsy showed the Big Spring resident died of a blow to the head and had been buried approximately a

year. Officers went to the gravesite on a tip from an undisclosed source.

Willingham is currently serving a five-year prison term for burglary.

Eric Entire, 30, of New Mexico was indicted for armed robbery and unauthorized use of a motor vehicle. Entire was charged in connection with a robbery incident April 5, 1983 at Gibson Discount Store.

The New Mexico man was shot by law enforcement officers following a high-speed chase.

NEW APARTMENTS PLANNED — Brinkcraft Development, Inc., a Lubbock-based company, received approval from the Permian Basin Housing Finance Committee yesterday on a \$5 million bond application.

Proceeds from the bonds will finance a 128-unit apartment complex to be constructed in the Coronado Hills Addition of the city. Brinkcraft also proposed a single-family project for the same area.

Apartment project OK'd

MIDLAND — The Permian Basin Housing Finance Corp. yesterday approved an application for multi-family housing revenue bonds for a new apartment complex in Big Spring. The PBHFC also heard plans for a proposed single-family housing project for the city.

Pending public hearings conducted by the Howard County Commissioners Court and the City of Big Spring, bonds totaling \$5 million will be issued by the PBHFC to finance a 128-unit apartment complex in the Coronado Hills Addition.

The apartments will be constructed by Brinkcraft Development, Inc., a Lubbock-based developer. Project director Delbert McDougal said yesterday he expects construction to begin on June 1 and be completed by Sept. 30, 1983.

Plans call for 38 one-bedroom apartments and 90 two-bedroom units, McDougal said. The one-bedroom units will contain 813 square feet, while the two-bedroom apartments will come in two sizes: 1,059 square feet and 1,170 square feet.

Each apartment will include a fireplace, refrigerator, microwave oven, dishwasher, garbage disposal and two carpets. In addition, residents will have access to a clubhouse, swimming pool, hot tub and gazebos with barbecue grills.

McDougal said rents for the apartments will range from \$400 for the one-bedroom apartments to \$550 for the larger two-bedroom units.

"We feel like there is a need for a project like this in Big Spring and that it will be well received," McDougal said. "The housing market in Big Spring is tight as a drum, so we don't anticipate any trouble

in filling them up."

The apartments will be built behind the present Coronado Hills and Quail Run apartments. McDougal said the apartments will be placed on the west portion of the 15½ acre tract near what is now Craigmont Avenue.

Cost of the project will be \$5 million, according to McDougal. Earlier estimates showed the apartments would cost about \$4.2 million, but McDougal said more brick will be used on the units than was previously estimated, thus driving up the cost.

"I'm surprised that someone hasn't already used that space," McDougal said. "The location is ideal for development."

Brinkcraft also has other plans in the works for that area, according to McDougal. The development company proposes to build about 29 single-family homes on the remainder of the land.

McDougal said the homes will be placed in a "buffer pattern" between existing homes in the area and the new apartments.

"We're doing this to retain the neighborhood quality of the area and it should further accent the existing homes in the surrounding area," he said.

McDougal said once financing for the single-family housing project has been arranged, Brinkcraft will present a site plan to the City of Big Spring for its approval.

"All the work will probably be done at the same time, depending on how fast things move," he said. "We already have plans to build two model homes, pending approval of the project."

McDougal said the sizes of the homes will probably be between 1,400 and 1,600 square feet and carry prices from \$70,000 and up.

Big Spring man shot

Third gunshot victim in week stable

Police are investigating an early morning shooting near West Highway 80 and Madison street in which a 25-year-old Big Spring man was wounded in the stomach.

In the third shooting here since last Friday, Robert Lee of 1322 Madison was treated and admitted to Malone-Hogan Hospital about 3 a.m. today for a gunshot wound to the lower abdomen.

Police Detective Avery Falkner said Lee was walking alone near West Highway 80 and Madison street this morning when a car drove up and someone inside fired a gun at him. Lee told police he doesn't know who was in the car or why the shots were fired, Falkner said.

Falkner said no other information is available until the case is further investigated.

Two other shootings here this week resulted in the

deaths of two Big Spring men.

Hecktor Gaspar Valdez, 30, of 507½ Bell died Tuesday night outside his home after at least three bullets were fired into his lower stomach and right hand.

Peace Justice Lewis Heflin denied bond for Andreas Vargres Pereira, 31, of 1315 Kindle, who is being held in city jail in connection with Valdez's death.

Edward Eugene Banks, 59, died early Saturday morning after he had been shot in the stomach and shoulder outside a north side residence.

The suspect in Banks's murder — Jeff Johnson, 54, of 902 N.W. Second — was released Saturday from county jail on \$30,000 and \$2,500 bonds for suspicion of murder and unlawful carrying of a weapon.

Police say they do not suspect that the three cases are related.

Violence last night also continued with a stabbing on the north side of the city.

Top students named

Stacey Bott is valedictorian

The three top students of Big Spring High School's graduating class of 1983 and the guest speaker for the May 24 commencement have been announced by BSHS Principal Bill McQueary.

Stacey Bott, daughter of Richard and Ann Bott, is the valedictorian of the class of 1983, and Patricia Jones, daughter of Mr. and Mrs. David Jones, is the salutatorian. High ranking male student is Speight Grimes, son of Mr. and Mrs. Jerry Grimes.

Stacey, who maintained a four-year average of 97.59, is the treasurer of the senior class, president of the Fellowship of Christian Athletes and vice president of the French Club. She is also a member of the National Honor Society, the Homerun Honeys and the varsity and basketball and track teams.

Stacey is also active in the First United Methodist Church, United Methodist Youth and the church's handbell choir. She has been employed by Baskin-Robbins for the past three years. After graduation, she will attend Texas A&M University and major in computer science.

Patricia had an overall average of 97.21.

She has been a member of the National Honor Society for two years, president of the BSHS science club and secretary of the Junior Engineering Technological Society.

She has served on the Big Spring Area Student Involvement Council for two years, was member of Who's Who in Big Spring High School, and currently is a member of Who's Who Among American High School students.

Patricia is a three-year letter winner on the BSHS girls' golf team, earning two All-District honors and was named to the Region I-5A team this year. After graduation, she plans to at-

Tax appraiser bytes the bit over computer

By MIKE DOWNEY
Staff Writer

Chief Appraiser Gene Pereira yesterday continued to express his need for a computer for the tax appraisal office at the monthly meeting of the Howard County Consolidated Tax Appraisal District board of directors.

Pereira told the directors last month about the problems his office has with getting information into and out of the county's computer.

The chief appraiser said Wednesday he had researched six units, including hardware and software, ranging in cost from \$95,000 to \$70,580.

The staff is unable to get computer time when it is needed, Pereira said. He said his office has plenty of cooperation from Tax Collector-Assessor Dorothy Moore's office where the computer is located. The problem is getting the work from the computer when needed, he said.

"I spent 18 to 15 days of my time doing work the computer should do," Pereira said. "I shouldn't have to do it — you're paying me too much to do that."

Board president Billy T. Smith said the volume of work in the appraisal office justified a computer for the office. Board member Lila Estes asked if the computer would allow a reduction of the staff.

Pereira said a computer would not lessen the number of employees but would improve the quality of work as well as speed up various reports and other information.

Because discussion of the computer was not listed on the agenda, board members agreed to place the proposed computer purchase on next month's agenda.

HCOTAD directors also briefly discussed relocating the appraisal office if the computer is purchased.

In other action, directors heard a demonstration appraisal from Pereira and approved renewing a \$10,000 certificate of deposit to pay the mineral appraisal company next month.

Pereira said work for 1983 was "moving right along" with personal and commercial property renditions coming into the office. He pointed out the county covers 940 square miles with over 11,500 structures that were appraised last year in 16 months.

For the sake of liberty

School kids rally to save national statue

By CAROL DANIEL
Staff Writer

The near-century-old Statue of Liberty is suffering from rust decay, and the students at Big Spring's Immaculate Heart of Mary School want to help repair her.

Towards that goal, the youngsters raised more than \$200 in a bake sale last Saturday and hope to raise even more at a car wash this Saturday to help finance mending the copper statue, located on Liberty Island in Upper New York Bay.

Sister Lucy, school principal, said the students learned of the United States symbol's troubles while studying current events. An article in a student magazine, Scholastic News, suggested that classes hold fund-raising projects to finance a "Save the Statue of Liberty" program.

In the article David Moffit, a U.S. park official, warns that if the statue is not repaired soon, it may

crumble. A committee headed by Chrysler Corp. Chairman Lee Iococca has been formed to help raise money to save the 152-foot high statue, a gift to this country from France in 1884 to commemorate the alliance between the two countries during the American Revolution.

"I have to give the students the credit for this one," Sister Lucy said. "The idea came from them. They asked why could we not do something about this. They think of it (the statue) as a gift given to us before they were here and feel it's their obligation to try to save it."

The car wash, sponsored by the student council, will be from 9 a.m. to 4:30 p.m. Saturday at Highland Texaco at Highway 87 and FM 700. Cost is \$2 per car.

"We'd love for anyone with a dirty car to come by," Sister Lucy said.

Salvador B. Chavez of 1110 N. Nolan was treated and released from Malone-Hogan emergency room for a 1-inch deep stab wound.
Chavez told police that two men picked him up at his home and they went to Fina's Restaurant at 200 N. Gregg. Chavez said he was wounded at 9:59 p.m. in the midst of an argument with his friends outside the restaurant.
He was taken to the hospital in a private vehicle and hospital attendants notified police. Police said no arrests have been made in connection with the crime.

'King and I' auditions held

COLORADO CITY — Auditions for "The King and I" will be held from 6:30 p.m. to 9:30 p.m. tonight and Friday night at the Colorado City Playhouse.
According to director Carl Beery Moore, the play will require a large cast and all interested persons are urged to take part. Roles for all ages are available, including children. Those auditioning should prepare a short song, not necessarily from the play, Moore said.

Car insurance premiums to rise

Harte-Hanks Austin Bureau
AUSTIN — Texans will be required to buy more automobile liability insurance to keep up with soaring health care and automobile repair costs through a bill finally approved in the Texas Senate Wednesday.
Sponsored by Sen. Kent Caperton, D-Bryan, the proposal calls for three increases over the next five years. The average statewide premium for minimum liability coverage would increase 10.5 percent in 1984, 4 percent in 1986 and 5 percent in 1988.

Caperton said the current minimum requirements, set in 1963, are inadequate when compared with the expensive events they are expected to cover.
Hospital costs and physicians fees have gone up 604 percent and 344 percent, respectively, since 1963 while automobile repair costs have climbed 329 percent, according to a Caperton news release.

Under the proposal, the current requirement for \$10,000 in minimum liability coverage for bodily injury or death of one person would increase to \$15,000 in 1984; \$20,000 in 1986; and \$25,000 in 1988. For bodily injury or death of more than one person, the current requirement of \$20,000 in coverage would be increased to \$30,000 in 1984; \$40,000 in 1986; and \$50,000 in 1988.

2nd Odessa tax employee named in indictment

ODESSA (AP) — A former deputy of the Ector County tax office is free on bail after she surrendered to sheriff's deputies on charges she embezzled thousands of dollars in automobile license fees.

Beverly Hudson and her former boss, Tax Assessor-Collector Curtis Winn, were named in sealed indictments handed down Tuesday by an Ector County grand jury.

Ms. Hudson could not be reached for comment Wednesday, but her attorney, Tom Hirsch of Odessa, said her defense was being prepared.

Ms. Hudson was indicted on two counts of misapplying more than \$10,000 in fiduciary funds. She was released Wednesday morning on two \$5,000 personal recognizance bonds.

Winn, 73, who has been tax-assessor-collector since 1961, was charged with one count of the second-degree felony, which carries a maximum prison sentence of two to 20 years and a maximum \$10,000 fine. Winn has said he is innocent and will defend himself.

District Attorney Mike Holmes, who filed a civil lawsuit seeking Winn's temporary suspension, said that between \$10,000 to \$50,000 in license fees are involved in the case.

But he said Winn's indictment is "based more on a reckless application" of funds, than allegations that he actually stole the money.

SEARCH FOR CAMPERS — Searchers scan the swirling, muddy waters of the Pedernales River near Dripping Springs Wednesday, searching for five people swept away when their campsite was inundated by the

rain-swollen river. The body of a 12-year-old camper was recovered late Wednesday, but two companions, their counselor and another man are still missing.

Search continues after Texas floods

DRIPPING SPRINGS, Texas (AP) — Searchers combing the debris-littered banks of the Pedernales River discovered the body of one of three boys caught in a midnight flash flood as they camped with their counselor from a home for troubled youths, authorities say.

The counselor and a Houston man camping on the opposite side of the river also were reported missing after the flood Wednesday morning.

The winding Hill Country river crested at 20 feet above normal early Wednesday morning, authorities said. Camping equipment was found stuck in trees high above the river's banks.

The youths and counselor were part of a 16-member group from the Hope Center for Youth of Apple Springs, near Lufkin in East Texas. The home is a private, non-profit home for troubled youngsters, said director Lyndon Langford, who was summoned from Houston.

Blanco County Sheriff Sherman Brodbeck identified the four missing youth group members as Jamie Hendrick, 12, and Jeremy Williams, 11, both of Houston; John Clowers, 12 of Lufkin; and counselor Harold

Harvey, age unknown, of Nacogdoches.

The body was found about 8:30 p.m. three miles downstream from where the youths had camped, said Blanco County sheriff's dispatcher Jenny Gandie.

Identification was being withheld pending notification of relatives.

"When we camped out there was heavy to light drizzle. We didn't think much about any flooding," Langford said. "They were having to drag their canoes yesterday because of low water in the river."

In searching for the youths and counselor, authorities discovered three more campers on the opposite side of the river who reported that a Houston man who camped out nearby also was missing. His car was found near where he said he would be camping, park officials said, but he was not further identified.

Few signs were found of any of the campers.

"I don't think they (the youths) ever got out of their tent," Hays County Sheriff Alfred Hohman said.

The river was still running so fast Wednesday evening that searchers said they could not use boats in the search.

Israel, Lebanon near agreement

Troop withdrawal pact could be signed next week

JERUSALEM (AP) — Israeli, Lebanese and U.S. delegations will meet Friday in Netanya to exchange final texts of the troop withdrawal agreement between Israel and Lebanon, the Foreign Ministry announced.

The delegations will also decide on the date for signing the agreement, the announcement said. Informed sources in Beirut said the pact will be signed early next week.

U.S. presidential envoy Philip C. Habib returned from Beirut today and met with the director-general of the Foreign Ministry, David Kimche.

Habib brought from Beirut the clarifications Israel demanded from the Lebanese government and Israel was satisfied, spokesman Yossi Amihud said.

Lebanese Foreign Minister Elie Salem was scheduled to go to Damascus today to explain the agreement worked out by Secretary of State George P. Shultz to Syrian President Hafez Assad.

Assad's government and the Syrian news media have been sharply critical of the withdrawal agreement, saying it compromises Syria's security and is an unacceptable reward to Israel for last summer's invasion of Lebanon to drive out Palestinian

guerrillas. Syria's agreement is vital to the pact, since Israel says it will not begin to withdraw from Lebanon until the Syrians and the Palestine Liberation Organization agree to remove their forces.

Shultz, after reporting Wednesday to President Reagan about his peace mission, said he was confident the Syrians and PLO would pull out of Lebanon.

"It is clear that there is a weight of opinion building up in the Arab world that this is the opportunity to bring about Israeli withdrawal from Lebanon, along with all foreign forces, and support for that," he said. "So I feel confident that, in the end, that will happen."

The Lebanese sources said that after the agreement with Israel is signed, Lebanese President Amin Gemayel will take it to Parliament and ask for an endorsement, to give him more bargaining power with the Syrians. He also may dispatch envoys to other Arab capitals to explain the pact.

Under emergency powers granted in December, Gemayel does not need parliamentary approval to make the agreement.

Those powers, which allow Gemayel's

Cabinet to rule by decree except for a few very limited areas, are scheduled to expire Tuesday. Because of the continuing occupation of Lebanon and fighting between Christian and Druse militias in the mountains, the sources indicated Parliament is almost certain to approve a six-month extension of those powers.

An extension of the Parliament's term also is considered likely to be approved. The current Parliament was elected in 1972 for a four-year term. However, the 1975-76 civil war prevented elections, and the term has been repeatedly extended because of the continued war and unrest.

Israeli Defense Minister Moshe Arens was quoted today in the Yedioth Ahronoth newspaper as saying he admired Gemayel "for having the courage to say he agrees to sign an agreement with Israel."

Arens was quoted as saying Syria and the Soviet Union "are trying to do everything so that President Gemayel won't sign the agreement with Israel. They are sparing no efforts in their campaign to frighten. Under certain circumstances the Lebanese were told, explicitly, that their end would be that of (Egyptian President Anwar) Sadat," who was assassinated in October 1981.

House fire won't stop blind trumpeter

EASTLAND, Texas (AP) — Blind trumpeter Stacy Blair says he will fulfill concert obligations before tackling the replacement and restoration of the personal goods damaged in a fire at his home Tuesday.

Blair lost his concert tuxedos and 30 volumes of a 72-volume Braille dictionary during a predawn blaze that gutted his parents' house. Damaged were 18 trumpets, some 800 music cassettes, 2,000 records and a recording of the Bible.

First on his agenda Wednesday, he said, was the purchase of a suit and other clothing for his upcoming tour, which will include a stop at Cornell University in Ithaca, N.Y. Replacement of the tuxedos can wait, he said. Blair said he is hopeful the records can be

restored. The Smithsonian Institution has, he said, a restoration process that may save some.

The 28-year-old musician had returned to Eastland Monday evening from McKinney after finishing a three-week tour that included concerts in Philadelphia and Washington, D.C. His trumpets were stored in cases in an upstairs studio that was not as heavily damaged as the rest of the house, but the cases were charred nonetheless.

He estimated his personal library at 270 books, some of which received only smoke damage, but others of which are beyond repair. Among the most treasured items lost, he said, were the volumes on the history of the trumpet and his French trumpet recordings.

Uncle Sam hasn't missed payment yet

A reader's letter raised an interesting question recently. We hear a lot about the size of the national debt and the increasing share of the federal budget going into the payment of interest on the debt. But the reader wonders who is getting the interest.

The answer is that millions of Americans and quite a few foreigners are lending money to the U.S. government and collecting interest on it. The interest is paid to individuals, mutual funds, insurance companies, pension funds, trusts, foundations, and others who invest in U.S. government securities.

SAVERS WHO TOOK money out of passbook accounts in recent years and invested it in liquid-asset mutual funds or other "money market" funds probably became beneficiaries of interest payments on government securities. Much of the foreign investment in the United States also goes into government notes and bonds. About half of the "petrodollars" invested here by OPEC oil producers has gone into government securities.

As of February of this year, the government had \$315 billion of debt in Treasury bills which are sold in three-month, six-month and one-year denominations; \$481 billion in Treasury notes which run for one to 10 years, and \$111 billion in bonds running for 10 to 30 years. When other forms of debt are included, the national debt stands at \$1.245 trillion dollars.

This is more than most of us can comprehend, and the amount which Uncle Sam shells out in interest is not much easier to grasp. In the 1982 fiscal year, interest on the public debt came to \$117 billion, but because our debt-ridden government also collected \$32 billion in interest on loans from its own trust funds, the net outlay for interest was \$85 billion. The figure will be higher this year because the national debt continues to rise.

INASMUCH AS balanced federal budgets have become only a memory and remain a wispy promise for the future, borrowing to cover the national debt will be standard procedure for the U.S. government for the foreseeable future. If there is a bright side to this picture, it is that the interest payments are spread around. And even though Uncle Sam is now shouldering a \$1.245 trillion mortgage, he hasn't missed a payment. So far.

Around the Rim

By GREG JAKLEWICZ

Speck-ulation

Guy V. Speck, that Ritzy, Jet-setting man of Cinema, stopped by my desk this week and tantalized me with upcoming summer movie fare. By the time Guy V. left, I was ready for the lights in the newsroom to dim, an order of popcorn to arrive at my desk and *Return of the Jedi* to flicker on the screen of my video display terminal.

I daydreamed for a moment of becoming a Hollywood director-producer. If, just if, that were reality today, these would be the films I might release in Big Spring — the classics of the summer of '83...

Flashdance — The first movie musical featuring the singing-dancing talents of Charles Bronson, Chuck Norris and Clint Eastwood. The story of three prep-school dropouts who seek fame and fortune at the footlights of the Apollo Theater in Harlem. Co-stars Lou Gossett, Jr. as the stage manager. Rated R.

Valley Boy — The first honest-to-goodness Western to come out of the H-wood since, well, the *The Apple Dumpling Gang*. Stars Richard Gere as Sidney, the liberated San Bernadino who rides his Porsche into the Elbow Community and turns the quiet Howard County hamlet into the hot spot of Texas, fer sure, fer sure. Co-stars Debra Winger as his Valley Girl. Rated G.

I.T. (the Irre-sistible) — A thriller-chiller guaranteed to take the elastic out of your underwear. Arcade owner (Jack Nicholson) has more problems than James Watt ever dreamed of when his assortment of video games comes to life one night and terrorizes a high-income southern California suburb. The hero is Rodney (Gary Coleman) who teams with Nell (Dianah Ross) to laugh and sing the games back into harmless machines. Michael Jackson plays himself and stuns the audience with a 30-minute choreographed dance scene with villains Ms. Pac Man, Mr. Frogger and Donkey Kong. Also does the soundtrack. Rated R, sometimes.

Doctor El Paso — Que paso hoy, amigo? Eeeehhhh, Cheech and Chong are back in this zany comedy about two not-so-brilliant hoppers who float illegal Mexican food across the border. Richard Pryor is the hip Border Patrol officer who hooks the other way as long as he's slipped an occasional box of frozen nachos. Mucho bueno entertainment directed by actor-golfer Seve Ballesteros. (Close-captioned for

English-speaking audiences).

Wacky III, Part Two (in 3-D) — Remember that little kid Rocky played Cowboys-n-Indians with in Rocky III? That's little Rocky or Wacky now. One day while sparring with his pop, little Rock (James Caan) gets busted in the lip leaving him with a permanent lisp. Will that prevent him from being the world heavyweight champion? Will it cause his girlfriend (Brooke Shields) to dump him? Those questions and more can already be answered without seeing this four-hour epic. Still, it's worth a look as Apollo Creed (Carl Weathers) and Adrianne (Talia Shire) return. Sly Stallone will only direct; Rocky is now played by Al Pacino. Rated PG.

Snow White and the Seven Cokeheads — Our only re-release planned. Jack Lemon is John DeLorean and Rachel Ward his South American connection in this rugged suspense tale of underworld drug dealings in Miami. Lemon, a warehouse manager for a large soft drink firm, adds more life to his soda pop and makes enough money to purchase the St. Louis Blues, relocating in Key West.

Bleu Tundar — An exciting journey back into the days of barbarians and terrifying creatures. Mone-star (Joe Greene) rules the ice-covered regions to eastern Pittsburgh, suppressing both peasants and steel workers. Along comes Tundar (Randy White) whose incredible strength, daring, cunning and bravery lead the masses to victory and to the election of Yess-ar (Rodney Daingerfield) as the new mayor.

Best Little White House in America — Burt Reynolds as the president of the United States? Ten-four there, good buddy. You think we're up to our earlobes in national debt now? Wait till President I.M. Bandit chunks all the limos for Trans Ams. Storyline is thin but revolves around CIA's theft of top-secret Russian missile system plans that somehow wind up in the president's trunk. It's one long wild chase scene as the prez tries to elude Russian ambassador-spy-tennis star Valdimir Hotrodski (Dudley Moore). Jackie Gleason is back as the highway patrolman, Bo Derek as the First Lady and the cast of the Lite beer commercials as members of the Bandit's Cabinet.

What a lineup. Something for everyone. Wha-da-ya say, Guy V. Guy V.? Guy V.?

Natural gas myths

The Reagan administration's plan to remove price controls on all natural gas by 1986 has been depicted in a variety of ways, most of them inaccurate. The fictions are the same type that afflicted the debate over decontrolling oil and gasoline — even though the experience of the last two years has proven those groundless. But in gas as in oil, myths are often more agreeable than reality.

The first myth is that decontrol leads automatically to soaring prices. Recent experience suggests otherwise. The price of leaded regular gasoline, for example, has dropped from \$1.27 per gallon when President Reagan lifted gasoline controls to \$1.23 per gallon today. Nor have controls kept natural gas prices from rising, particularly at the retail level.

So there's no obvious basis for equating decontrolled prices with high prices. In the long run, greater gas supplies will create downward pressure on prices — just as higher supplies of oil have reduced its price.

Even in the short run, removing wellhead price controls won't raise retail prices by much. Most energy economists think they are at or near their free market level already.

Though wellhead prices are strictly controlled, the prices paid by consumers are largely determined by the cost of competing fuels. When oil prices rise, retail gas prices rise, and when oil prices fall, retail gas prices fall — even though the wellhead price doesn't change. Wellhead price controls are good for holding down the prices utilities pay, but not so good for holding

down the prices they charge.

THAT BRINGS UP the second myth — that the fight over control pits consumers against big utilities and big oil. Gas production actually is highly competitive, with more than 12,000 producers in the United States. And the pipelines and distributors generally oppose full decontrol. One of the chief critics of the Reagan bill is the American Gas Association, which represents local gas companies around the country — and unlikely consumer advocate.

The AGA's opposition to decontrol of "old" gas (that discovered before 1977) fits perfectly with the narrow interests of its members. Those utilities with contracts for old gas have no interest in seeing the prices they pay increase — because that will most likely reduce their profits.

Most of these companies are quite profitable already. Last year, natural gas utilities averaged a 15 percent return on equity, 25 percent higher than oil and gas producers. Between 1972 and 1982, Standard Oil Company (Indiana) notes, the prices paid to producers rose by \$2.27 per million BTUs. But the prices paid by residential customers rose by nearly twice as much. The controls are more valuable to pipelines and distributors than to consumers.

Another myth is that decontrolling old gas, unlike new gas, serves no purpose because it has already been discovered and is already being sold profitably at the controlled price. Removing the controls, the theory goes, will only provide a windfall to producers.

But much of the gas in old wells

can't be produced at the controlled price. Higher prices will make it profitable to use expensive extraction methods that can't be justified now, and to keep some marginal wells operating long after they would have to be shut down under controls. Simple economics argues that supply will be greater at a higher price than at a lower one.

In any event, it makes no sense to set one price level for new gas and a lower one for old. The real value to society of a given quantity of gas is the cost of replacing it. And the cost of replacing old gas is much higher than the controlled price. The controls encourage people to think gas is cheaper than it really is, which leads to wasteful consumption.

THE FINAL MYTH is that natural gas can't and shouldn't be a free market anyway, because the distributors and pipelines are regulated monopolies. But that is no reason that producers can't compete for their business, as they would in the absence of controls. Moreover, decontrol would weaken the monopoly power of the utilities, since it would force them to pay the real cost of the gas they use.

Over time, the removal of controls will generate a variety of other benefits — greater gas supplies, keener competition among the sellers of oil, gas and other fuels, more efficient use of energy and ultimately lower prices. The current controls have harmed producers without protecting consumers. Decontrol would improve the lot of both.

Billy Graham

Abortion is wrong

DEAR DR. GRAHAM: Why don't you speak out against abortion? Or do you believe it is really morally wrong? — D.S.

DEAR D.S.: I am opposed to abortion and believe it is one of the great sins of our age. The Bible indicates that even an unborn child is a human being and not just a piece of tissue which can be discarded at will. I realize there may be difficult and complex questions — both legal and moral — concerning abortion, and exceptions must be made in those rare instances where abortion is the lesser of two evils (such as when a mother's life is clearly in danger). However, as a general principle I oppose abortion, especially abortion on demand.

There are two further things I would like to say about this subject. First, the widespread acceptance of abortion is a symbol or sign of something deeper within our society that should also concern us greatly. This is the tendency today to decide moral issues or questions on the basis of whether or not they are convenient or bring pleasure to a person.

For example, many people today have discarded the Bible's clear teaching on sexual relations outside of marriage, simply because they are only absorbed in their own pleasures and desires.

The tragedy, however, is that we never break God's laws without paying for it. The Bible declares, "Do not be deceived: God cannot be mocked. A man reaps what he sows. The one who sows to please his sinful nature, from that nature will reap destruction" (Galatians 6:7-8). That can be true of nations as well. "It is a dreadful thing to fall into the hands of the living God" (Hebrews 10:31).

But the other thing I would like to say is that God loves us, and he is willing to forgive us of our sins. He has made it possible by sending his only Son to die on the cross as a sacrifice for our sins. If you, or a person you know, has been guilty of this serious sin, know that God still loves you and he wants to forgive all who come to him in sincere repentance and faith in Christ.

Brother against brother in Nicaragua

WASHINGTON — Like our own tragic conflict of 1861-65, the civil war in Nicaragua has literally pitted brother against brother. Families are split down the middle as both the Sandinista regime and the "contra" guerrillas try to win their loyalty.

Consider Dima, an 18-year-old boy from the village of Ciudad Antigua, in Nicaragua's northern province of Nueva Segovia. He is fighting with an anti-Sandinista rebel group in the mountains near the Honduran border. It is guerrilla bands like this that the United States has been secretly supporting with arms and training — and that the House Select Committee on Intelligence decided should no longer receive our help.

Dima told my associate Jon Lee Anderson, who spent a week traveling with the guerrillas, that he has an older brother who is a major in the Sandinista army. The young "contra" said he would kill his brother on sight.

"He has sent word out that he'll kill me, too," said Dima. "It's him or me. That's the way it has to be. It is God's will. The Bible said that families would divide, and brothers would kill their brothers. This is what is happening here."

Dima's big brother at first had tried to recruit him into the Sandinista militia. The young man was swayed instead by recruiters for the Nicaraguan Democratic Force (FDN) who visited the village and

lectured the youths on the evils of the leftist Sandinista regime.

As Dima's young commander, The Sparrow, explained the contras' recruiting method: "We would gather the peasant workers and give them lectures on the goals of the FDN and the need to revolt against the Sandinistas. Then we would list the bad things the Sandinistas have done. We found them to be receptive, and in this way we began to get our first peasant recruits." The recruiting campaign bore fruit in Ciudad Antigua. Dima said he and 28 other village youths decided they'd rather join the rebels in the hills than be dragged into the Sandinista militia. "We dressed as peasants and went to work for two months in the coffee harvests, hoping the contras would come so we could join up."

The guerrillas eventually did come — and Dima is now a veteran of 11 firefights. Since he led the first volunteers into the hills, "almost all the young men have come out" of Ciudad Antigua, he said. "My village is only children, women and old men now."

Critics of the Reagan administration's intervention in Nicaragua make much of the fact that many of the contras are former members of Anastasio Somoza's National Guard.

And though it is true the FDN does have many former guardsmen, most of its strength is drawn

from Nicaraguans who have simply become disenchanted with the Marxist tendencies of the Sandinistas. Urban university students, illiterate peasants and former Sandinista believers fight side by side against those who betrayed their revolution against Somoza.

SEND ME IN, COACH: When Peter Broccoletti was named an enforcement attorney at the Environmental Protection Agency, the career lawyers rolled their eyes. Broccoletti's previous job was as a body-building summer coach for the Denver Broncos football team.

Earlier, he had done strategy-type coaching for another team —

Richard Nixon's notorious Committee to Re-Elect the President (CREEP), where he assisted in "writing and implementing campaign strategy."

Broccoletti left EPA about a year ago, but the body builder hasn't left government service. He's now a consultant to the Legal Services Corporation, like EPA an agency that conservative Republicans would like to de-tooth.

Broccoletti said he is only a temporary employee, and has been "monitoring and helping to review reports coming in." He insists he is a sincere believer in legal services for the poor, and though he wouldn't say exactly how much he's paid, he said it is "a pittance."

Senate okays 'massage' bill

AUSTIN (AP) — A bill that would authorize local governments to regulate massage parlors, nude-photography studios and other such businesses that sell alcoholic beverages was approved by the Senate on Wednesday.

State law now prohibits such businesses from being located within 300 feet of a church or school, but Sen. Don Henderson's bill would allow local governments to enact more restrictive regulations.

"This lets a city keep topless bars away from high schools," said Henderson, R-Houston. His bill was sent to the House on a 30-1 vote.

Governor signs 5 bills by North, West Texans

Harte thanks Austin Bureau
AUSTIN — Gov. Mark White signed 31 bills into law Tuesday including five bills by North and West Texas legislators.

Three proposals authored by Sen. Ray Farabee, D-Wichita Falls, were among those receiving the governor's signature.

One of the Farabee proposals, co-sponsored by Rep. John Gavin, D-Wichita Falls, allows for the establishment of a Wichita County public defender's office.

Another bill would allow the state comptroller to raise penalties and interest on taxes for public utilities assessments, cigar and tobacco product taxes and sulphur production.

The third Farabee proposal provides the state comptroller with streamlining administrative procedures on tax liens and refunds.

A proposal by Sen. Grant Jones, D-Abilene, calling

for a constitutional amendment on the state's Permanent School Fund was among bills signed by White.

The legislation would allow use of the fund to guarantee local school district bonds, thus helping school districts save interest costs on local bond projects.

Another Jones proposal signed into law gives water control and improvement districts the authority to enter into certain contracts also enacted.

White has signed 186 bills since taking office in January.

Dr. Donohue
Gallstones

DEAR DR. DONOHUE: I am 66 years old. An ultrasound test showed I have gallstones. Do I need surgery? I have asked about dissolving them and the doctor said no. I asked about the latest method of bombarding them with a small explosive charge, and was told it could not be done. I was not aware of my gallstones - no pain. What do you advise? -J.P.

Joe, your question is one I am asked frequently. Are there medicines to dissolve gallstones? There are, and one of them is chenodexyloic acid. It doesn't work in all cases and it does take up to two years. These medicines are still being studied, so they are not widely available. And you asked about bombardment. I have read about use of high-energy waves to dissolve certain kidney stones, but not gallstones. Where did you see that?

Your second inquiry (surgery or not) is the second-most-frequently asked question on the subject. I cannot give you advice. Doctors once thought that people with gallstones would eventually have an attack of gall bladder pain, so they advised removal. The rationale was that since the attack would necessitate removal, why not get the job done while the patient was in good health?

Now, we are not so sure that everyone who has gallstones will have an attack. The best judge regarding the likelihood of a subsequent attack is your own physician. He will take the latest information into account in advising you on whether removal now would be safer than at a later date. The booklet "You and Your Gall Bladder" discusses the problem in greater depth. Other readers may order a copy by writing me care of this newspaper, enclosing a stamped, self-addressed envelope and 50 cents for printing and handling.

DEAR DR. DONOHUE: You said a while back that anyone with discharge of phlegm from the colon should see their doctor. Will you please repeat and

Dear Abby
Woman says, 'Three is a crowd'

DEAR ABBY: My best friend, Nora, and I moved into an apartment together, agreeing to go 50-50 on the rent and food. (We're both young women.) When we took this apartment, Nora said nothing about her boyfriend spending nearly every night here in addition to eating breakfast and dinner here. I'm talking five out of seven nights a week. He comes here directly from work, showers, has dinner with us, watches TV, and then he and Nora go to bed.

At the moment, Nora and I are not talking, except to argue about the grocery bills. She says he is her "guest," but as it turns out, he is "our" guest, and I don't like it. Also, our landlady has been making some nasty cracks about the man who practically lives with "us" and I am tired of them.

I like this apartment and don't want to move. Nora also likes it. We have another seven months to go on our lease. Thanks for any advice you can offer.

THREE IS A CROWD
DEAR THREE: Start talking to Nora. Tell her that when you took the apartment together you didn't count on her boyfriend moving in.

Tell her further that it's not fair and it's not working, and since she's the one who changed the rules, she should either move or limit her boyfriend's visits. If she refuses (as she probably will), it's your move.

DEAR ABBY: Please settle an endless argument we have had going in our family. We agree that the children of our sisters and brothers are our nieces and nephews, and our first cousins are the children of our aunts and uncles. But who are first cousins once removed?

I say that they are the same as second cousins, but others in the family say I am wrong. If I'm wrong, please straighten this out and tell me why.

ALL MIXED UP

DEAR MIXED UP: First cousins once removed are the children of your first cousins. A second cousin is the child of your first cousin once removed.

DEAR ABBY: Fifteen years ago I married a girl who was pregnant with another man's child. She had a son (I'll call him John) who thinks I am his father. I divorced John's mother when he was small. I have since remarried and have two sons of my own. We all live in the same town and see John quite often.

I would like to let John know that I am not his real father. I hate living a lie and believe he has the right to know the truth and look for his real father. I want my two sons to inherit my business.

Several people in this small town know the truth, and I think it would be better if John heard it from me than from someone else. I care very much for the boy and don't want to hurt him.

NO TOWN, PLEASE
DEAR NO TOWN: Since John is 15 and there is a possibility that someone else might tell him - the sooner you tell him, the better. You don't mention John's mother or her feelings. She should have a say in the matter. I hope you are aware that even though you aren't John's biological father, you are his legal father, and as such you may have the same legal responsibilities to this boy as to your other sons.

If milk or cream spills on furniture, wipe it up quickly. Dairy foods act as mild paint and varnish remover. If spots show, clean with white liquid wax.

Big Spring (Texas) Herald, Thurs., May 12, 1983 7-A

Scouts hold camp open house

An annual Open House will be held at Camp Boothe Oaks, West Texas Girl Scout Council camp, Sunday from 3 p.m. to 5 p.m., as a prelude to the resident camping season.

The camping season will begin May 20 with a BrownieDad overnight and will continue through July 15 with resident camp. The public is invited to attend Open House.

The Council Camping Services Committee, chaired by Ray Alexander of Big Spring, will host the Open House. Linda Walker, camping services director, will greet prospective

campers and provide information about camping season.

Four program sessions are offered during resident camp. The Sampler, a one-week session, provides an opportunity for girls to live together with other girls their own age, discover the out-of-doors, and sample basic campcraft skills. A two week session, the Explorer, goes into the depths of campcraft skills and outdoor experiences.

Discovering the arts in the out-of-doors from pioneer days to the present is the emphasis of the two week session, Art Exploration. The girls participate

in various art projects while acquiring outdoor living skills. A two-week session for Cadettes, the Cadette Achievement, incorporates camping skills and interest projects in preparation for the Silver Leadership Award.

Non-scouts are eligible to attend resident camp at Boothe Oaks. The camp is embellished with elm, live oak, and blue dwarf oak trees. Guides will be available to lead tours through the camp facilities.

During resident camp, campers live in platform tents and cabins. There is

an outdoor theatre, Shadows, where campfire programs are held. The swinging bridge over Sweetwater Creek provides a study of plant and wildlife along the banks. Other popular attractions are Tazari's Country Store, Tazari's Bluff and Rattlesnake Ridge.

Camp Boothe Oaks is eight miles southwest of Sweetwater off FM 1809. The camp is accredited by the American Camping Association and adheres to Girl Scout Camping standards. Camp Boothe Oaks is governed by the Texas State Laws on organized camps.

Carl Condray speaks about first aid

Carl Condray, an emergency medical technician, was guest speaker at Big Spring Prospectors Club meeting recently. He spoke on first aid techniques.

Condray warned against heat exposure and emphasized the importance of staying calm in case of a snake bite. He demonstrated many bandages, emergency treatment of broken bones when out in sparsely populated areas and the Heimlich maneuver for choking

victims.

He said that because of low humidity in this area, outdoor heat causes damage to a victim without the victim being aware of what is happening. He advised members not to neglect their body signals.

He told the group that a dead rattlesnake can still strike for up to an hour after it dies. Chlorox bleach is effective on insect bites or stings, and ice can be applied to scorpion or bee stings.

The formation of classes

in gem tree making, lapidary, silversmithing and faceting was announced. A metalcasting workshop is being planned also.

Show and Tell demonstrations featured Perkins on faceting, Charles Leek with a display of metal plated objects and an arrowhead

collection presented by Jerald Wilson.

The club will have a salad supper at the May meeting and join with the Faceters Guild of Midland for an ice cream social. Members will hunt for jasper, flint and arrowheads on the field trip to Robert Lee May 21.

Mu Zeta installs officers

Officers of Mu Zeta chapter of Beta Sigma Phi were installed for the coming club year at their meeting May 9 at the Rockbar Restaurant.

Barbara Harris was a

guest. Millie Anderson, a student in the A.D.N. program at Howard College, was presented a scholarship. Members voted on the State Service project.

A "Fifty's Party" will be

held May 21 in the home of Marion Buzbee. The next meeting will be May 23 in the home of Peggy Payne. Secret Phi Pals will be revealed.

Pianists play before judge

Several local piano students of Mrs. Ann Gibson Houser played in the National Piano Playing Auditions, Tuesday and Wednesday. Judging the students was A. Edwin Key, private piano teacher and Guild auditions judge.

The audition was held in Mrs. Houser's studio.

Auditioning were Brad Daniels, Renee Osborn, Dawn Underwood, Eddie Money, Heather Farris, Amber Stroup, Joan Wilson, Teresa White, Ray Pollard, Chandra Harrell,

Kathryn Whitaker, Sharla Bailey, Ragan McCann, Tara McCann, Amy Burgess, Jenny Moore, Kim Whitaker, Jerri Bryson, Jan Bryson, Carol Davey, Kristi Whitaker and Vicky Baggett.

Boys elected to FFA offices

The Sands FFA attended the El Rancho District FFA meeting in Coahoma April 28.

Marshall Long, Knott, was elected Area II officer for 1983-84 and star state farmer of the district. Kevin Hamlin was elected vice-president of the district as well as star chapter farmer and public speaking winner.

Leland Bearden was elected as sentinel for the El Rancho district and star greenhand runner-up. Voting delegates were Leland Bearden, Robby Criswell, and Chris Wigington.

Lon McDonald, chapter advisor, attended event with the chapter.

The chapter will attend

the Area II FFA convention at San Angelo May 13 and 14. Kevin Hamlin will serve on the courtesy corp during the convention.

Woman astronaut headed for space

SPACE CENTER, Houston (AP) — Not everybody at the National Aeronautics and Space Administration believes that putting women into space is a good idea, according to astronaut Sally Ride, set to become the first American woman in space next month.

Ms. Ride, in an interview on the NBC Today Show Thursday, said there are still those in NASA who aren't sure about women astronauts.

"There are a few people waiting to see how I do," she said. "There are people within NASA who need con-

In Diana girl in Houston for heart tests

HOUSTON (AP) — An 11-year-old Indiana girl is undergoing tests at a Houston hospital to see whether medication for her degenerative heart disease is working.

Sharon Stohler was admitted Wednesday as an out-patient for the tests at Texas Children's Hospital, said spokeswoman Hazel Haby. Doctors want to see determine whether the drug, Prednizone, has been effective in reducing the inflammation in her heart.

Doctors at Riley Hospital for Children in Indianapolis said earlier this year that Sharon probably would die in less than a year without a heart transplant.

Texas doctors, who examined her in March, did not rule out a heart transplant if the drug fails to control her condition.

"We know for sure Sharon will have to have another heart catheterization," her father, David Stohler, said Wednesday. "It's scary because of her arrhythmia," he said, referring to his daughter's recent irregular heart beat.

"We're anxious to find out what is in store. The doctors have told us her condition would have to be stable in order to continue the drug therapy or have a heart transplant if one was needed," he said.

Sharon said she feels no different physically than she did when she was in Houston in March.

But her mother, Barbara, claims her daughter has developed a "Garfield syndrome," referring to the notorious cartoon cat with a hearty appetite.

"She eats more than David or I," Mrs. Stohler said.

The Stohlers are prepared to wait for whatever news may come from Sharon's evaluation.

"It's kind of like a bad tooth. You just want to have it pulled out so you can go home," her mother said about the wait.

Anderson residents have established a trust fund to pay for Sharon's care. The fund has raised \$82,000 so far.

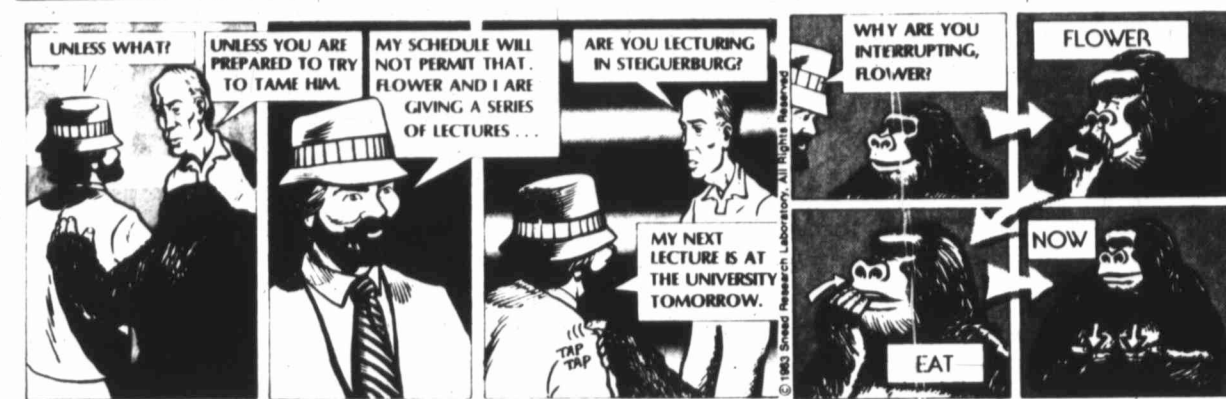

Stohler is disabled and the family relies on Aid to Families with Dependent Children. Mrs. Stohler doesn't work outside the home.

vincing (about women astronauts)."

Ms. Ride is scheduled to be launched into space June 18 as a mission specialist on the seventh flight of the Space Shuttle.

During a six-day orbital mission, Ms. Ride will help

Silent Partners

launch two satellites and operate a robot arm on the space shuttle Challenger.

Ms. Ride said that the eight women astronauts are often a surprise to people in person.

"None of us meet the image, whatever that image

is," said Ms. Ride. She said people seem to expect astronauts to be six feet tall and weigh 190 pounds.

Today show interviewer Jane Pauley asked Ms. Ride how she felt about becoming an historic figure as the first American woman in space.

The astronaut replied, "There are aspects of being the first woman in space that I'm not going to enjoy."

She indicated that she really has not adjusted to the idea of being famous and being in demand for interviews by the media.

Oregon Pharmacist

Develops New Wrinkle Cream

By RICHARD MORRELL
Feature Writer

(Special). It's an exciting story of an Oregon pharmacist who developed a wrinkle cream which all of the Northwest has clamored for...and which soon the rest of the country may receive in limited quantities.

Robert Heldfond, a Portland pharmacist, developer of many national products, used knowledge from pharmacy school and years of experience to compound Formula EB5 wrinkle cream, which has produced dramatic results in symptoms of aging skin.

Women started besieging Mr. Heldfond's pharmacy when the word got around about its wonderful results in helping women look younger. The phones never stopped ringing and letters poured in, praising the results with Formula EB5 wrinkle cream.

Users reported... "I wish I had some before and after pictures so I could really show the difference"... "Thank you for helping an older woman look younger"... "My husband says I look years younger, I never want to be without EB5"... "My skin feels soft and velvety, almost shines"... and even, "It made a difference in my life."

Formula EB5 contains natural ingredients, including Li Progen*, collagen and Lipo-protein, plus Vitamins E and B5, and other fine aids to

help slow the aging look and help impart a more youthful appearance to the skin. Heldfond's base for the cream penetrates and absorbs quickly, leaving the skin, as the woman says, soft and velvety.

Because of the unique method of compounding it, Pharmacist Heldfond was able to produce Formula EB5 only in small quantities, but now production is allowing limited quantities in other areas. If your skin is aging too fast, try in your area to find Formula EB5.

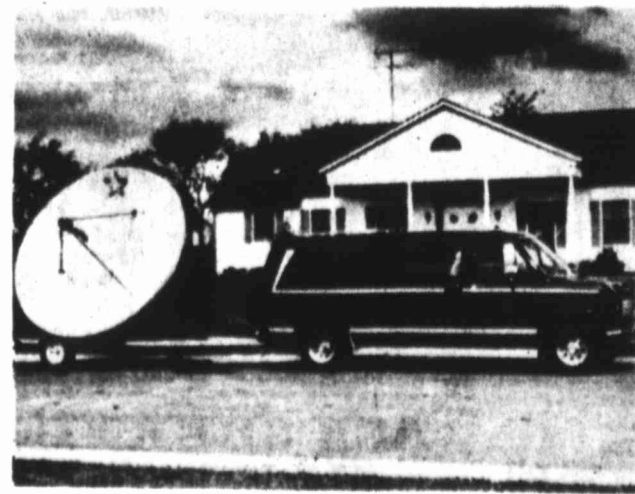

Note: Formula EB5 is available in limited quantity in Big Spring at Dunlaps. Phone 267-8283 while supply lasts. \$30/lar.

It's been great sailing — when you long jump, that's what you generally do — for Carla Jackson recently. In fact, the only bad news has been the loss of her state record in the long jump.

The former Big Spring High star was one of the standout performers of the Lone Star Conference track and field meet earlier this month. Jackson scored 31 points, second only to distance runner and teammate Laurie Taylor who accumulated 38.

She won the long jump (19-10 1/4), 200 meters (24.38) and took third in the 100 (11.83). She also ran the anchor leg on both Abilene Christian University winning relay teams (46.02 in the sprint and 3:49.0 in the 1,600).

Both the relay times were school records and Jackson was timed in 54.8 on her 400 meter leg of the 1,600 relay. FIFTY FOUR POINT EIGHT SECONDS, track fans. That's the Big Spring Herald Sports Department record for the 200 meters.

Carla Jackson dominates LSC meet

For her showing in the long jump, Miss Jackson was named the outstanding field events performer. The bad news came last Saturday when multi-talented Meledy Smith of Houston Sterling erased Jackson's one-year-old long jump record. Actually, the two tied with 20-3 jumps last spring in Austin but Jackson's second best jump of 20-0 allowed her to take first and the record.

Without Jackson there, Smith went 20-5 to set the new standard. Sorry Carla but, congratulations Carla.

I was beginning to wonder if Flo Hallam had met a handsome gentleman and gone off on a year-long cruise around the world.

But no, Flo is in Big Spring playing her favorite sport...golf.

The Women's Golf Association held a handicap and putting tournament on the Saturday mornings of April 23 and 30 and May 7. Bernice Jordan led the field with a 149 while Flo and Peggy Marshall tied for second with 150's. June Waters was third with a 151.

Eileen Womack won the putting contest with a 55 — usually my total for one hole — while Margy Thompson had a 59 and Mauvis Jones a 63.

The women play golf every Tuesday...tee-time is 9:30 a.m.

Nice to hear from you again, Flo. By the way, when does our cruise begin?

☆☆☆☆☆

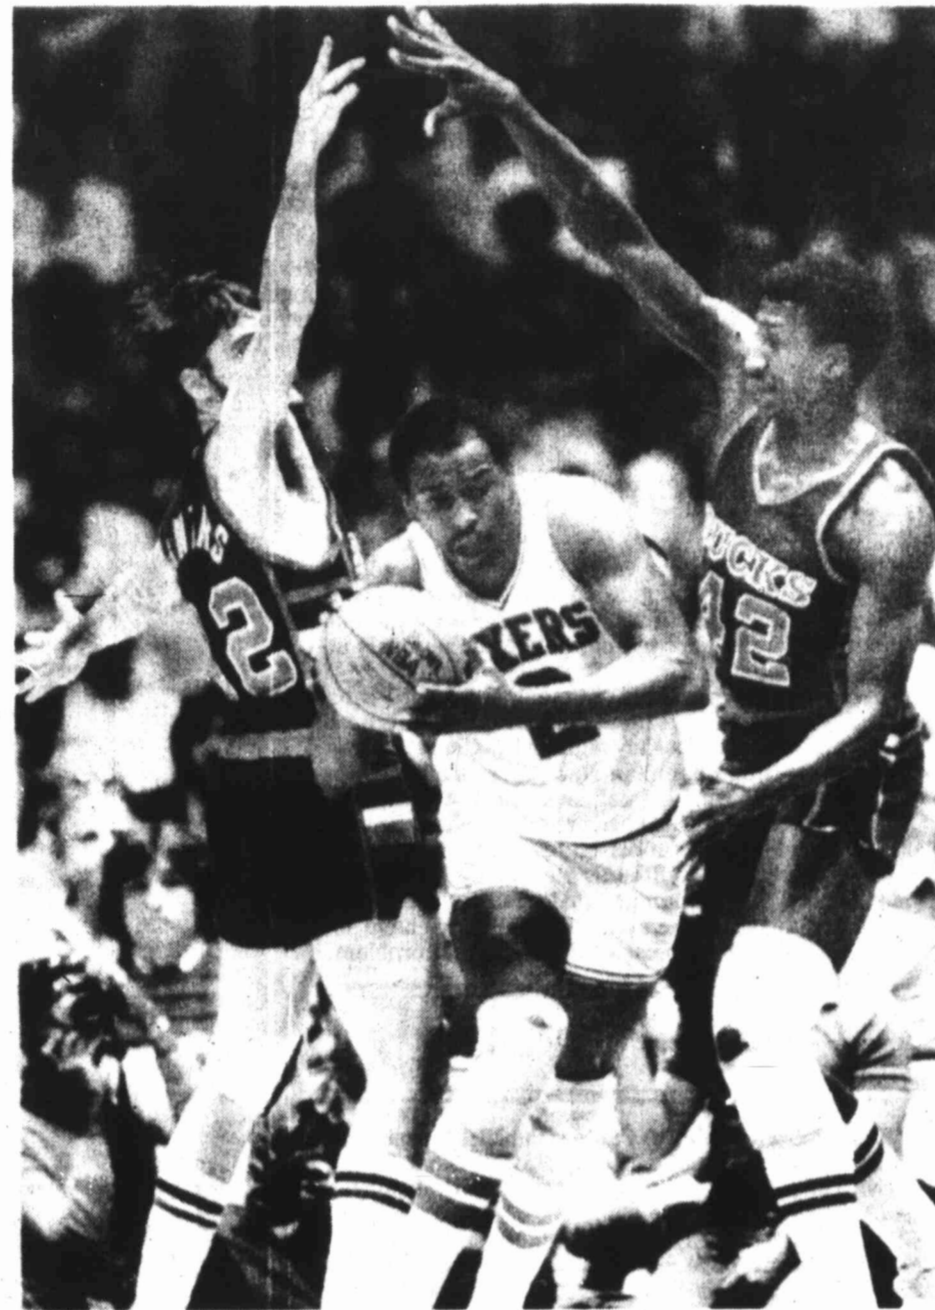

The Pro-Am golf tournament begins a week from today. Advance tickets (\$5) go on sale Friday at the Chamber of Commerce and at booths in the Big Spring and Highland Malls.

The celebrities (Terry Bradshaw, Golden Richards, etc.) will play in the afternoons, chairman Don Cook promises, so the public can get out and watch. The hackers, myself included, will play in the mornings. I have a special tee-time of 6 a.m. to allow me plenty of time to finish before the 1:30 p.m. group goes off.

Most people plan their schedules ahead of time so mark down your calendar today to attend the tournament next week. This is a Big Spring event so take your place in the gallery. — GREG JAKLEWICZ.

Philly defense stops Bucks

Sixers gain 2-0 series lead, Malone leads 87-81 victory

MILWAUKEE DEFENSE FALLING DOWN, FALLING DOWN — Philadelphia 76er center Moses Malone is no fair lady but more like a runaway truck on this play, splitting the defense of Bucks Brian Winters, left, and Harvey Catching (the former Hardin-Simmons standout). Malone scored 26 points and led the Sixers to an 87-82 playoff win over the Bucks Wednesday night in the Spectrum.

PHILADELPHIA (AP) — "We played outstanding defense," said Coach Billy Cunningham after his Philadelphia 76ers took a 2-0 lead in their National Basketball Association Eastern Conference final against the Milwaukee Bucks.

Cunningham said Moses Malone just dominated the rebounds down the stretch as the Sixers won 87-81 Wednesday night.

"The name of the game is defense," said Cunningham. "That's what I've preached ever since I began coaching."

Malone, who scored 26 after his disappointing first game Sunday, said he did the same things Wednesday, but noted:

"The results were better this time. I was a little more aggressive under the boards tonight. And when I got the ball at the top of the circle and they weren't pressing I made my moves to the hoops."

Malone, who is playing on a pair of sore knees, got help from Andrew Toney, who scored 20 despite his heavily padded left thigh.

The Bucks also played tenacious defense, as the low score indicated.

But in the last three minutes, said Milwaukee Coach Don Nelson, the 76ers' tough defense took away several things that his team likes to do.

"That's a tough defense," Nelson said of the 76ers.

A number of the Bucks, including Nelson, praised a blocked shot by Bobby Jones with Milwaukee trailing 82-80.

Jones, whose steal of an inbounds pass had led to the 76ers' 111-109 overtime victory in the series opener, blocked a shot by Brian Winters that would have tied the game.

The ball went to Maurice Cheeks, who passed to Julius Erving under the hoop. Erving slam-dunked it for a four-point lead that stood up.

"I thought Bobby had a little more than the ball on that play," said Nelson, "but he made a good play, I'll give him that."

Nelson said of going home trailing 2-0, "My feeling has always been that you

take them one at a time and do your best to win."

In the first game, Nelson said, "we held Moses down. But tonight he got away from us."

The best-of-seven series now shifts to Milwaukee for Games 3 and 4 on Saturday and Sunday. During the regular season, the 76ers beat the Bucks two out of three in Milwaukee.

Philadelphia led by 11 at 77-66 with 9:53 remaining in the final period. Milwaukee then outscored the Sixers 14-3 to tie the game at 80 with 3:10 on the clock.

Marques Johnson, who scored 25, and Sidney Moncrief, with 21, each scored five in the Milwaukee rally.

But the 76ers moved ahead to stay at Cheeks, who tallied 15, connected with a 15-foot jumper, then passed to Erving under the basket for a field goal that sent Philadelphia ahead 84-80 with 2:18 to go.

Mitchell: unheralded quantity

Spurs' forward has been silent but deadly against Lakers

SAN ANTONIO, Texas (AP) — While everyone buzzes about the matchup between Los Angeles center Kareem Abdul-Jabbar and San Antonio's Artis Gilmore, the Spurs' Mike Mitchell just keeps scoring points.

The forward goes about his job efficiently, with little fanfare, hitting 22 of 38 from the field in two games of the National Basketball Association Western Conference finals.

"When the shot is falling," he said, "I can feel it." Mitchell scored 26 points in his team's losing effort in the first game of the Lakers-Spurs series and racked up 27 points in Tuesday's second game, which San Antonio won 122-113.

The third and fourth games will be played here Friday night and Sunday afternoon, with the best-of-seven series deadlocked at 1-1. The first two games were played in Los Angeles.

Mitchell said he has managed to hit on one device that frustrates the defending NBA champion Lakers.

"Against Los Angeles, you can't let them determine the tempo of the

game," he said. "You can't let them do anything. It was up to us to set the tempo. We wanted to play our game whether it was running or slow-down. It had to be our way."

Mitchell and the rest of the Spurs remember the humiliation last year when the Lakers swept San Antonio in the playoffs in four games.

"Now, we've beaten them in the playoffs," he said. "That monkey is

NBA Playoffs

off our back. We don't have to think about another 4-0 sweep."

Mitchell scored 12 points in the first quarter to put the Spurs way out front Tuesday, and Los Angeles never led.

"The guy had a great game," Lakers Coach Pat Riley said. "He was unstoppable."

Abdul-Jabbar and Gilmore swapped performances in the opening games of the series.

In the first game, Gilmore got into early foul trouble and had only seven points to Abdul-Jabbar's 30 points. He eventually fouled out.

Tuesday night, Abdul-Jabbar kept getting whistled and Gilmore outscored him 27-19. Gilmore also grabbed 20 rebounds to Abdul-Jabbar's four and blocked five shots. This time Abdul-Jabbar fouled out.

Now, both teams are talking about home-court advantage because three of the remaining five games of the series, if they are required, will be played in San Antonio.

Spurs Coach Stan Albeck downplays such talk. He remembers last year.

"I don't believe in home-court advantage," Albeck said. "You have superstars in this series."

Riley said his Lakers are resolute.

"We have to go to San Antonio and accomplish what we want to do, which is to win one or both of the games," he said. "Nobody said that this would be easy."

Cowboys trade Saldi to Chicago

DALLAS (AP) — The Dallas Cowboys traded tight end Jay Saldi to the Chicago Bears Wednesday for an undisclosed 1984 draft choice, a Cowboy spokesman said.

Saldi, who had asked to be traded, will be rejoining former Cowboy receivers coach Mike Ditka, who left Dallas last year to become head coach of the Bears, said Cowboy spokesman Greg Aiello.

The Cowboys signed Saldi in 1976 as a free agent out of the University of South Carolina.

Saldi hurt a knee and ankle in training camp last summer and missed most of the season. Playing behind Doug Cosbie and Billy Joe DuPree, Saldi caught only one pass for nine yards.

Saldi caught 63 passes for 702 yards and seven touchdowns while at Dallas.

USE OF POOL STABILIZER AND CONDITIONER

Cyanuric acid is sold under many labels, generally under the title Stabilizer and/or Conditioner. It can be a valuable chemical addition to your pool, but a menace if used improperly. In proper proportion (25-75 ppm), it protects chlorine from the dissipating action of the sun's rays, therefore greatly reducing chlorine consumption in the pool. However, in larger quantities (100 ppm or greater) cyanuric acid can lock up chlorine and prevent it from working. Pool water should be tested periodically during the year to determine cyanuric acid presence and amount. Once added, it does not evaporate; pools with high concentrations should be partially drained and refilled. Test kits are available or see your pool professional.

Trevino's game back on par

FORT WORTH, Texas (AP) — It was the old familiar Lee Trevino trading one-liners with the gallery who toured the Colonial Country Club course in a practice round.

"I told you all along that my season would start in Houston," said Trevino, who tied for second last weekend, his highest finish in almost two years.

The two-time U.S. and British Open champion failed to win last year for the first time in 15 seasons. A back problem, which has been solved, troubled him most of the 1982 campaign.

This year, through the early part of the season, Trevino's playing time has been restricted by his new duties as a television golf commentator. He has played less than half the events on the PGA Tour.

"I've always had to play a lot, practice a lot, to play good. I knew it wouldn't be until we got to Houston that I'd have the chance, have the

time, to do the practicing I need," Trevino said Tuesday while preparing for the \$400,000 Colonial National Invitation Tournament.

Colonial Open

"I'm playing good right now. Real good. You know, last week I was driving it just awful. Finished second, but I couldn't get the ball in the fairway.

"Well, I changed drivers, went to one I had in my room last week but just couldn't make myself play. I went to this new driver, and I'm driving it perfect. I've got it in the pipeline.

"I'm really looking forward to this week. I love this golf course and I'm playing good," said Trevino, a two-time winner of this event

that begins Thursday with 102 invited golfers chasing a \$72,000 first prize on the course that meanders 7,190 yards along the Trinity River.

Jack Nicklaus is the defending champion. Nicklaus, 43, holder of a record 17 major professional titles, hasn't won since taking his 69th career victory in this event last year. In nine starts this season, he has been 10th or better five times.

Among the other leading contenders are Ben Crenshaw, a former Colonial champion who broke a lengthy slump in Dallas two weeks ago, Houston winner David Graham, along with other 1983 title-winners Tom Kite, Bill Rogers, Hal Sutton, Gil Morgan, Keith Fergus and Gary Hallberg.

Portions of the final two rounds Saturday and Sunday will be televised nationally by CBS.

Anderson's injury has Oilers talking

EDMONTON, Alberta (AP) — Glenn Anderson is doubtful for the second game of the National Hockey League's Stanley Cup finals. Glen Sather is livid about it and Billy Smith isn't taking the matter seriously at all.

Anderson, the versatile Edmonton forward who scored 48 goals and 104 points this season, suffered a badly bruised knee Tuesday night in the Oilers' 2-0 loss to the three-time champion New York Islanders. He was hurt following a collision with Smith, the Islanders' goalie who has been known to wield a mean stick and did lay the lumber on Anderson.

"Everybody says Smith has cleaned up his act, but he still plays like a maniac," said Sather, the Oilers' coach and general manager. "Hopefully, we have someone on our club who can take care of that problem.

NHL Playoffs

"I chatted with John McCauley (the NHL's assistant supervisor of officials) about it. He said that Smith did warrant only two minutes. I said Smith should be suspended for this."

Smith will be back in goal tonight for the second game of the best-of-seven finals. But Anderson, his left knee heavily wrapped, wasn't sure Wednesday if he could play.

"This is all nonsense, a big joke," said Smith, who stopped 35 shots en route to his fourth Stanley Cup shutout. "It's the first time I ever hit someone in the arm and he got hurt in the knee.

"He went four steps before he felt it. They're just trying to stir something up in the press. I don't think the arm is attached to the kneecap. If his is, I feel sorry for him."

The Islanders are hopeful that their top scorer, Mike Bossy, had recovered sufficiently from tonsillitis to play tonight.

Your Daily HOROSCOPE

from the CARROLL RIGHTER INSTITUTE

FORECAST FOR FRIDAY, MAY 13, 1983

GENERAL TENDENCIES: Unexpected and dramatic changes occur where either those you have known for some time or more recent friends are concerned. Tread the straight and narrow path.

ARIES (Mar. 21 to Apr. 19) Be punctual for social events this evening. Engage in favorite hobby. Make the modern more a part of your daily living.

TAURUS (Apr. 20 to May 20) There are changes for the better ahead in your business affairs. The evening is pleasant if spent at home.

GEMINI (May 21 to June 21) Establish fine relations with new contact. Impress those who are influential and can be of help to you.

MOON CHILDREN (June 22 to July 21) Don't pressure friends trying to gain a personal aim. Express yourself creatively. Express happiness.

LEO (July 22 to Aug. 21) Emphasize your business capabilities for added rewards. In the evening, concentrate on personal activities.

VIRGO (Aug. 22 to Sept. 22) Anything you have in mind of a novel nature should be taken care of early. Be more efficient at work.

LIBRA (Sept. 23 to Oct. 22) Do something thoughtful for your partner. Be sure to pay pressing bills. Discuss the future with your partner.

SCORPIO (Oct. 23 to Nov. 21) Today is the day for signing contracts and closing deals. Your partner expects much of you. Take needed health treatments.

SAGITTARIUS (Nov. 22 to Dec. 21) Stay on your toes today because a great number of associates will look to you for decisions. Be alert and wise.

CAPRICORN (Dec. 22 to Jan. 20) Stop procrastinating. Terminate that relationship with one who is greedy. A co-worker needs your assistance.

AQUARIUS (Jan. 21 to Feb. 19) Gad about town and have fun. Your spouse's attitude may be different but accept it willingly. Be wise.

PISCES (Feb. 20 to Mar. 20) Take care of correspondence. Go over written material for possible errors. Entertain at home tonight.

IF YOUR CHILD IS BORN TODAY . . . he or she will want to branch out with novel ideas and inventions which could bring him, or her quite a fortune. Be sure you give as fine an education as possible. Stress religious and ethical training and encourage sports.

Tors play Ft. Stockton today

LAMESA — The Lamesa Golden Tornadoes battle Fort Stockton here this afternoon at 4 p.m. in a District 2-4A playoff game.
The winner of today's game will meet Andrews Friday to determine the district's second place representative in the state class 4-A playoffs.
All three teams finished 5-5 in the league race, tied for second behind champion Snyder. Should the Tors win today, they will play Andrews in Big Spring Friday afternoon.
Lamesa is 12-14 for the season.

Lee, Central lose in playoffs

LUBBOCK — Both District 4-5A representatives in the state baseball playoffs lost to Lubbock schools here Tuesday afternoon.
Danny Riddle lined a single over Lee shortstop Barry Blackwell to score Alan Hernandez and lift Monterey to a 2-1 victory in eight innings. Across town, Coronado nipped San Angelo 4-3 with an unearned run in the seventh inning.
The best two-of-three series shift back to the District 4-5A home grounds Friday. Lee hosts Monterey at 2 p.m. in Midland while Central tries again at 2 p.m. against Coronado in San Angelo. Should the 4-5A teams win, a second game will follow immediately to determine the bi-district champion.
John Denton tossed seven innings for Lee, allowing just two hits including Kevin Short's RBI single in the third inning. Kerry Robertson gave up the winning in the eighth.
For the Bobcats, it was first baseman Ray Valadez's missed catch on Dave Johnson's bunt that allowed the winning to score for Coronado.
Lee is now 16-12 on the year while San Angelo, the 4-5A champs, is now 17-11.

Semi-pros wins five of six

Big Spring semi-pro baseball teams had a good weekend, winning five of six games.
After winning the first game in innings, the Red Sox drubbed the Marfa Indians 20-4 as Luis Rodriguez won his third game with a 14-strikeout performance. Every Red Sox had a hit in the second game with Rodriguez, John Morelion and Adam Yanez banging out three each.
The Sox are 6-3 and host Sonora Sunday in a doubleheader at the Roy Anderson Complex.
The Cardinals got solid pitching from Jinx Valenzuela and Frankie Rubio to sweep the Midland Mavericks 15-3 and 12-0. The Cards battle the Odessa Orioles next.
The Cunningham Oilers finally got in the win column, downing the Snyder A's 2-0 before dropping the second game 8-7 in eighth inning.
The Oilers face the Lions in Ozona in their next doubleheader.

Lions, Colts lead leagues

The Rangers and Lions earned wins in National Little League.
Gino Flores and Alfredo Garcia had three hits each to lead the Rangers to a 9-5 win over the Yankees. Joel Jennings had two hits for the Yanks, now 3-2 along with the Rangers. Flores pitched for the Rangers, striking out eight to get the complete game win.
The Lions ran their league-leading record to 4-1 with a 14-7 decision over the Cardinals. Tracy Hodgins banged out three singles to pace the Lions while pitcher David Lee tossed a four-hitter.
In the American League, the Colts downed the Pirates 14-2 to run their season record to 5-0 Tuesday night.
Mike Calvio, Paul Bailey and Joe Downey had two hits each for the Colts. Kurt Henry earned the pitching win, teaming with Calvio for a four-hitter.

Honeycutt sours NY with 6-hitter

NEW YORK (AP) — Rick Honeycutt doesn't have fond memories of 1982, and that's putting it mildly.
"Last year stunk," says Honeycutt, who is doing his best to erase the memory of a 5-17 record and 5.27 earned run average.
The 28-year-old left-hander's current numbers are 4-2 and 1.39 following Wednesday night's six-hit, eight-inning stint as the Texas Rangers beat the New York Yankees 3-1. The Yankees' run was unearned.

The Rangers, 1-9 against Ron Guidry coming into the season, beat him for the second time in less than two weeks. They nicked Guidry, 3-3, for two runs in the first inning on a leadoff single by Billy Sample, who had four hits, the first of his average.

American League

three stolen bases, a walk, Dave Hostetler's RBI double and Bobby Johnson's sacrifice fly. Texas scored again in the second on a walk to George Wright and singles by Bucky Dent and Wayne Tolleson.

Indians 2, Royals 0

Rick Sutcliffe wishes he could pitch once again in Los Angeles — against the Dodgers. Then he'd show Tom Lasorda something.
It was Lasorda, the manager of the Dodgers, who told Sutcliffe in 1981 he

wasn't a major-league pitcher and traded him to Cleveland.
Well, maybe not a National League pitcher. But since he's been in the American League, he's been cleaning up.

On Wednesday night, the Indians' right-hander, a 14-game winner in 1982, picked up his fifth win of 1983 with his best big-league performance, a dazzling two-hitter for a 2-0 victory over the Kansas City Royals.

Tigers 5, A's 2

Milt Wilcox's eight-hitter was his fourth complete game of 1983, nearly half his total of last year. Glenn Wilson hit a two-run homer in the second inning to help him turn back the A's and Mike Norris, who had beaten him earlier this month.

Orioles 1, Mariners 0

Gaylord Perry of Seattle struck out four Baltimore batters to raise his career total to 3,474 and allowed only seven hits. But

the last two hits, fifth-inning doubles by Dan Ford and Cal Ripken Jr., beat him and enabled unbeaten Mike Flanagan to post his sixth victory with a seven-hitter of his own.

Angels 3, Red Sox 1

Bruce Kison of the Angels and John Tudor of the Red Sox hooked up in a masterful duel — but the long ball over Fenway Park's Green Monster beat the Boston southpaw.

Brewers 4, Twins 1

Cecil Cooper's home run and Charlie Moore's key triple for the Brewers helped Bob McClure halt a personal five-game losing streak.

Blue Jays 3, White Sox 1

Dave Stieb of the Toronto Blue Jays allowed just three singles by the White Sox en route to his sixth victory and Hosken Powell broke a 10th-inning tie with a sacrifice fly.

"Last year was one of those years, the way I look at it," said Honeycutt, who had an 0-7 start and a 1-10 finish after winning four in a row. "We played bad and I got into a real bad rut. It was a combination of a lot of things. I was unhappy at the start of the season, I tried to overthrow, I got into a lot of bad mechanical things and I didn't get a lot of runs. When it got to a point, I kind of threw in the towel.
Honeycutt was better than that, holding the Yankees to four singles until they scored with two out in the eighth on singles by Graig Nettles and Willie Randolph around an error. His sinkerball was working splendidly and four double plays kept him out of trouble.

Astros aced, 3-0

HOUSTON (AP) — Tom Seaver, winner of three Cy Young awards as the outstanding pitcher in baseball, added another marker to his career Wednesday night in recording the 56th shutout of his major-league career to tie Milwaukee's Don Sutton for the lead among active pitchers.

Seaver, 2-2, led the Mets to a 3-0 victory over the Houston Astros and didn't know until after the game that he had tied the shutout record.

"I wasn't aware until now," he said after the game. "I knew I was somewhere in the neighborhood, but this is the first time I heard the exact number or that it's a record."

The 38-year-old right hander struck out six and walked two while scattering five Houston hits. "I had good movement on the ball and they just beat it into the ground. I got out of one inning with five pitches and another inning I got two outs on two pitches," Seaver said.

"I was lucky, they lost scoring opportunities in the first inning on a double play ball and later when Moreno was thrown out at the plate. I just got the out when I needed them tonight."

Mets Manager George Bamberger praised his veteran pitcher.
"You saw a professional job tonight. He's just outstanding. He's done a fantastic job for us, and he's pitched well enough to be 6-1," Bamberger said.

"It's a good lesson for any kids to watch tonight. When he gets in a jam he just reaches back and gets a little extra," Bamberger said.

Former Met Mike Scott, 0-1, suffered the loss for Houston, giving up six hits, including Dave Kingman's sixth home run of the season.

Seaver pitched his second shutout of the year as the Mets recorded their first win over Houston in six meetings this season.

Seaver lowered his earned run average to 2.12 with the performance.
Kingman's seventh-inning homer drove in George Foster, who had reached on a one-out single.

The Mets took a 1-0 lead in the second after Brian Giles doubled with two out and stole third. Scott then balked Giles home.

National League

Expos 8, Braves 5

Andre Dawson delivered an RBI single in the 11th inning to trigger a three-run outburst that carried Montreal to its victory. It was the first game-winning hit of the season for Dawson, who tripled in two runs in the fifth inning but was thrown out at the plate trying for an inside-the-park homer.

Gary Carter and Chris Speier also singled in Montreal runs in the decisive 11th off Steve Bedrosian, 2-2.
Atlanta's Dale Murphy clubbed a three-run homer, his ninth of the season.

Reds 2, Phillies 0

Mario Soto allowed just six hits — and only three of those made it out of the infield — for his first shutout of the season. Soto, 4-2, struck out a below-average five, although he fanned Mike Schmidt three times.

Dan Driessen drove in both Cincinnati runs with a pair of singles.

Philadelphia starter John Denny left the game in the fifth after trying to flag down a liner by Ron Oester with his pitching hand. X-rays on Denny's right thumb were negative, and he is not expected to miss his next scheduled start.

C-City teacher wins award

COLORADO CITY (SC) — Mrs. David Scott, a teacher in Colorado City schools, received an award for Outstanding Conservation Teacher when the Region II Texas Conservation District held its annual awards banquet in San Angelo last week.

David McCormick, 11, of Loraine, was presented a third place award for his entry in the essay contest. Radio station KVMC of Colorado City received the runner-up award for public media presentations.

Region II of the Texas Soil and Water Conservation District covers a 51-county area from the Hill Country through West Texas out to El Paso.

Mitchell County's delegation of 17 was the largest at the event.

**Marquez released
on \$30,000 in bonds**

Howard County Sheriff's deputies say they arrested Frank J. Holdampf, 48, of Garden City Route Saturday for suspicion of criminal trespass and disorderly conduct. Holdampf was arraigned before Justice of the Peace Lewis Hefflin.

He was released later after posting bonds totaling \$3,000.

Juan B. Marquez, 20, of 803 N. Scurry posted bonds totaling \$30,000 to be released after his arrest by police for suspicion of aggravated assault with a deadly weapon and aggravated assault Saturday night.

Carl O. Schwab, 64, of Sterling City Route posted \$1,000 bond to be released after his arrest by police for suspicion of driving while intoxicated. Bond was set by Justice of the Peace Bobby West.

Rape case reported to police

Police said a 35-year-old Big Spring woman was raped last night at the Industrial Park, apparently by a man she had left Cactus Jack's nightclub with a few minutes before.

Police Lt. Alvis Jeffcoat said the woman had been at the club last night and left with a man who drove about two miles from the area and raped her at about 12:30 a.m. No one has been arrested in connection with the assault, Jeffcoat said.

The man left her at the scene and she walked back to the club to call the police department, Jeffcoat said. She was taken to Malone-Hogan Hospital for tests and treatment.

The woman's assailant was not armed and there were no witnesses to the crime, Jeffcoat said.

Police reports also show the following:

- Cosme Ramirez of 800 N. Scurry told police a group of about five people gathered in front of his trailer house at 11:10 p.m. Saturday night and fired two gunshots into his home. Ramirez said the group called to him to come outside so they could shoot him.

- The group gathered about four hours after a fight at the same site that resulted in the arrest of Juan Marquez, 20, of 803 N. Scurry on suspicion of aggravated assault and aggravated assault with a deadly weapon.

- Marquez posted bond for his release after his arrest in connection with the shooting of Raul Flores, 25, of 100 Whipkey Drive. Flores was treated and released from Malone-Hogan Hospital for gunshot wounds to the right arm and chest.

- A .22-caliber revolver was confiscated at the scene as evidence.

- Ramirez said someone fired gunshots at his house also at 10:28 p.m. while trying to shoot another person outside the mobile home.

- Three men told police they were assaulted Saturday night in fights outside Space Station game room at Highland Shopping Center.

- F. C. Furniss of 1511-A Sycamore told police a person he doesn't know struck him on the face and body at 11:30 p.m. Police reports said Furniss suffered broken teeth, cuts and head injuries.

- Dan Larimer of 1601 Lark told police he was

assaulted twice that night. Larimer said a person he doesn't know struck him in the face and body at 11:50 p.m., cutting his lip and bruising his forehead. At 12:20 a.m. Sunday, Larimer said he went back to the parking lot to break up a fight and two men jumped him, striking him on the face and head with their fists.

Ricky Martin of Coahoma told police two men he knows struck him at 11:15 p.m. in the face with their fists and feet.

No arrests were made in connection with the assaults.

- Lawrence McElwee, 28, of Howard House Hotel was arrested Saturday night by an Alcoholic Beverage Commission agent on suspicion of disorderly conduct. McElwee posted bond for his release Sunday morning.

- Ernest Bazan, 18, of Corpus Christi was arrested last night by a Department of Public Safety trooper on suspicion of public intoxication and possession of marijuana under 2 ounces.

- John F. Wilhelm of 1211 Runnels told police someone stole a \$1,400 Yamaha motorcycle from his front yard between Friday and Sunday.

- Linda Bedenbaugh of Cowper Hospital told police someone stole an air conditioning unit from a hospital window between Saturday afternoon and Sunday morning.

- Lendora Haro of 703½ Lancaster told police a Hispanic male came to her house Sunday morning with a male dog and enticed away her \$200 female pit bulldog. Ms. Haro said the man called her dog, named Alice, out of her house and that her dog followed his way from the area.

Local pianists to be judged at National Guild auditions

National piano playing auditions sponsored by the National Guild will be held in Big Spring Tuesday through Saturday, with 97 students entered.

Entrants are eligible to be certified, given a gold, silver or bronze embossed pin, a year's membership in the National Fraternity of Student Musicians and Piano Hobbyists of the World, and other prizes.

Judging the event locally is A. Edwin Key, a private piano teacher who holds a bachelor's of music degree with a major in piano from Southern Methodist University. He attended the New School for Music in Princeton, N.J. and is certified nationally in piano and music theory composition.

His is a member of three professional music teacher associations. He has studied in workshops and master classes with many noted piano pedagogy specialists.

He has judged Guild Auditions in Texas, Oklahoma, and Arkansas and is organist for the Cumberland Presbyterian Church in Olney.

Piano teachers with students entered are Ann Cheatham, Brenda Bedell, Emilee Beckham,

Marie Louise Barnes, Karen Barker, Mildred Harris, Garden City, and Ann Gibson Houser, chairman. The auditions will be held in the studios of participating teachers.

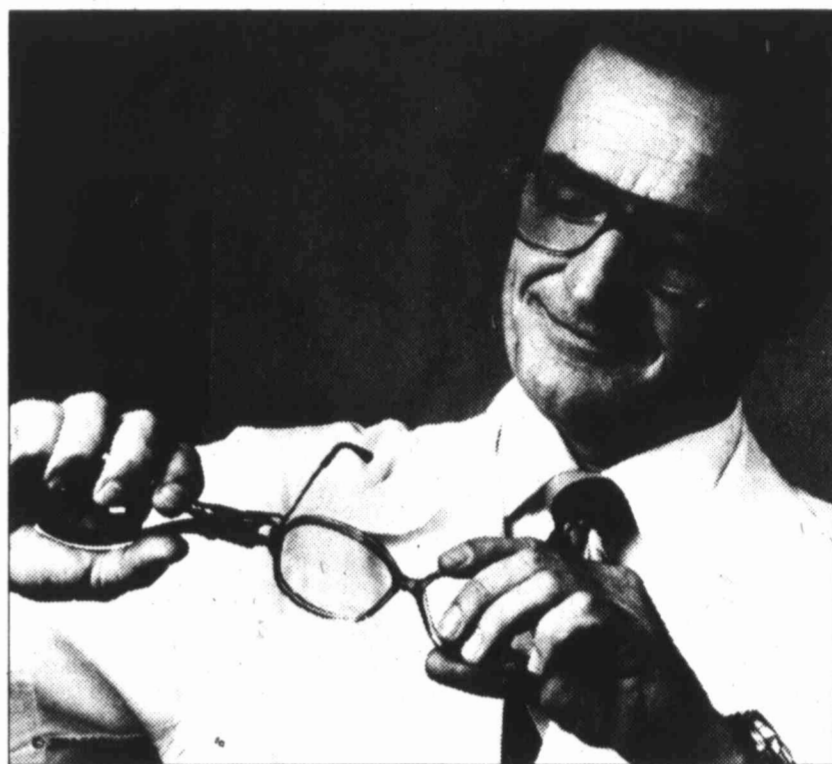

The students of Ann Gibson Houser include LeAnn Tillery, Jamie Arrick, Brook Arrick, Deanna La Fond, Jaella Childress, Tessa Underwood and Cassie Underwood.

See Cameo Energy Homes...

...before you decide to build or buy

If you're a land owner considering building, or if you're looking at mobile homes, you need to see Cameo Energy Homes before you decide.

Cameo site-delivered homes have 2" x 6" walls—50% thicker than most residential homes. They're stronger and better insulated with R-19 insulation instead of R-11 used in most conventional construction. In the roof, your Cameo will have an insulation factor of R-30—more than twice as efficient as the R-14 rating in conventional homes.

Ford Sunglas® windows block out 24% of the sun's heat for additional energy efficiency. Air conditioning/heating ducts are energy efficient fiberglass. At the entrance, an insulated steel door with dead bolt security lock.

Your new Cameo Energy Home: built for less under ideal conditions inside the factory and site-delivered to your location. It's more home for your money. You can save thousands.

Strong, energy efficient Cameo Energy Home construction from the floor up.

See for yourself. Visit the factory or a Cameo retailer.

Flowers highlight excursion through Concho Valley history

Wildflowers were the main attraction as the GFWC Forsan Study Club traveled to San Angelo, April 30. The members recalled the memories of a bygone era in Concho Valley history.

Each member was given the pamphlet "Flowers of Texas," published by the Texas Highway Department, to help identify the numerous species along the way.

Lunch was served at Gideon's Kitchen and Officer's Retreat, named for a fictional Buffalo soldier created by Elmer Kelton in his historical novel, "The Wolf and the Buffalo."

Joan Nobles, co-owners of the restaurant, gave the history of the 100-year-old buildings which make up the large complex. The restaurant includes the old Nazworthy Bar built in 1882 and the first San Angelo

National Bank building built in 1884. Many antique furnishings, including an organ out of the 1890 Sears catalogue, were pointed out.

The next stop was Miss Hattie's, a prosperous brothel of the old West, that has been restored to just the way it looked around the turn of the century.

Fort Concho was next. It is located on the banks of

the Concho River and served as an Indian Wars Army Post from 1867-1889. A guide, dressed in a costume similar to the uniforms worn by the 16th Regiment of Infantry from 1882 to 1887, told the history of the buildings and pointed out the artifacts on display.

The women finished their tour by visiting the ranch home of Mr. and Mrs. Wayne Munn of Water Valley.

Bill to speed oil, gas royalties passes panel

Harte-Hanks Austin Bureau
AUSTIN — A proposal making long delays in payment of oil and gas royalties less likely has cleared the Senate Natural Resources Committee.

The bill, sponsored by Sen. John Traeger, D-Seguin, calls for interest to be paid on any royalty earnings not forwarded within 120 days of the sale of oil and gas from the royalty owner's land.

Committee members approved the measure in a 9-0 vote Wednesday.

"Some peoples' royalty checks have been held up as much as two years without reason," Traeger said, adding that most oil and gas companies are prompt in paying royalties.

National Consumers Week observed by local hospital

The Veterans Administration Medical Centered observed National Consumers Week last week. Films describing VA benefits were shown in the main lobby and waiting area of the Ambulatory Care Section. Pamphlets regarding services and benefits were available. Individuals in each hospital service who has made an outstanding contribution to consumers were identified. Their pictures were displayed in the lobby. The theme of the monthly luncheon meeting was directed to consumerism. Among hospital individuals honored were Manuel Gutierrez, medical service; Carol Roen, rehabilitation medicine service; Vincent Haggard, administrative assistant to chief of staff; Joyce Clanton, social work service; and Sam Ainsworth, laboratory service. Also Geneva Dunagan, pharmacy service; Miguel Sanchez, radiology service; Jim Leal and Lida Boland, medical administration; Dolores Klein, dietetics service; Bertha Hamill, physical service; Don Vaughn, engineering service; and Erma Dunne, building management service.

MRS. THEODORE MILTON NEWTON
...formerly Leslie Susan Norman

Norman-Newton

Mr. and Mrs. Theodore Milton Newton are on a honeymoon trip to South Texas following their wedding Saturday evening at First Baptist Church Chapel in Big Spring. The Rev. Danny Curry, pastor of First Baptist Church in Coahoma, officiated the 7 p.m. rite and was assisted by the Rev. Guy White, pastor of East Fourth Street Baptist Church in Big Spring. The new Mrs. Newton is the former Leslie Susan Norman, daughter of Mr. and Mrs. James M. Norman, Gail Rt. Parents of the bridegroom are Mr. and Mrs. David L. Newton of Coahoma. The couple exchanged vows before an altar flanked by an archway covered in gypsophelia and peach and brown carnations. The archway was flanked by two colonnades holding baskets of peach and brown gladioli with white carnations. Two 15-branch spiral candelabra held peach tapers and centered the archway and colonnades. The unity candelabrum completed the altar setting. Mrs. Dianne Oliphant, pianist, and Mr. Jerry Oliphant, organist; Cleve Kirkland, Lubbock and Leslie Norman Newton, the bride, both vocalists, provided music. The bride was given in marriage by father. She wore sheer organza gown with silk Venice bodice and stand-up collar. The skirt had an apron effect in the front with ruffles down the back forming a chapel-length train. The bride also wore a fingertip-length two-tiered veil of silk illusion made by her mother. The veil was edged in lace and held by a floral headpiece. The bride carried a cascading bouquet of peach rose buds and white carnations interspersed with peach flocks and tied with peach white and lace ribbon. Mrs. Ronnie Osborn, aunt of the bride, was matron of honor. Bridesmaids were Misty Sink and Larrie Norman, sister of the bride. Ronna Osborn, niece of the bride, was flower girl. D.L. Newton, brother of the bridegroom, was best man. Groomsmen were Gary Stallings of Luther and Daron Moore of Sand Springs. Dusty Osborn, nephew of the bride, was ring bearer. Craig Norman, brother of the bride, Eric Norman, cousin of the bride, and Steve Davis of Coahoma were ushers. Candelighters were Craig Norman and Eric Norman. Following the ceremony, the couple was feted with a reception in the church's parlor. The bride's table was draped with a white lace cloth with white underlay. The table featured a four-tiered white wedding cake decorated with peach roses and a fountain. The bridegroom's table was covered with an off-white lace cloth with brown underlay and centered with a boot candle. The table featured a chocolate cake with peach carnations. The bride is a graduate of Big Spring High School and is employed by Big Spring Cable TV. The bridegroom is a graduate of Coahoma High School and is a farmer at the Luther Community. The couple will make their home in Fairview Community.

Walter and Pauline Graves, Stanton, observed their 49th wedding anniversary Thursday with a supper party in the home of the honorees.

April was the first "plus month" of the year for deliveries from the Colorado River Municipal Water District. Deliveries totaled 1,512,126,766 gallons, an increase of .17 percent over April of 1982. Municipal deliveries, spurred by a late surge of demand in Odessa, rose to 1,313,459,900, or .25 percent. Oilfield deliveries were 207,666,866 gallons, down by about a million gallons, or .30 percent. In the last five days of April, Odessa averaged 26.6 million gallons a day. The average for the month is 20.8 million gallons. Municipal deliveries for the first four months stand at 4,152,425,000 gallons, down 7.20 percent for the same period in 1982. Total deliveries were 4,960,398,896, down 5.72 percent. April deliveries for the area and their increase over last April were: Big Spring, 232,902,000 gallons, up 2.45 percent; Midland, 341,455,000 gallons, up 6.51 percent; Odessa, 626,121,000 gallons, down 4.39 percent; Robert Lee, 9,453,500 (none last year); San Angelo, 2,930,300 gallons, down 25.16 percent.

MRS. VICTOR RODRIGUEZ JR.
formerly Elva Arismendez

Arismendez-Rodriguez

Elva Arismendez became the bride of Victor Rodriguez Jr. during a ceremony Saturday morning in the St. Margaret Mary's Catholic Church in Lamesa with the Rev. Jim O'Connor officiating.

The bride is the daughter of Mr. and Mrs. Paul Arismendez, Ackerly. The bridegroom is the son of Mr. and Mrs. Victor Rodriguez Sr., also of Ackerly.

The altar was decorated in peach. The decorations included a combination of silk flowers, an archway and columns with baskets of peach flowers.

The bride, given in marriage by her father, wore a gown styled in sheer knit, Venice lace, sequins and Chantilly lace adorned the modified Princess bodice. The high collar, edged in lace, topped the scalloped edged illusion yoke. The Bishop sleeves were adorned with lace medallions, sequins and seed pearls.

The full skirt was applied with lace medallions and had a wide hemline flounce, circled by lace and centered with lace bands. The flounce merged into a semi-cathedral length train edged with lace.

Her fingertip veil of imported illusion was gathered onto a Venice lace-covered bonnet with each flower design outlined with seed pearls. The three-tiered scalloped veil had matching lace medallions scattered over each tier.

She carried a bouquet of white orchids, peach roses, yellow roses and peach daisies.

Yolanda Franco, sister of the bridegroom, was matron of honor. Aurora Rodriguez, Susie Ramirez, Irene Calvio, sister of the

bridegroom, Jean Briseno, Emily Rodriguez and Conchita Rodriguez were bridesmaids. Flower girl was Laura Trevino.

Best man was Ray Franco. Groomsmen included Nicholas Rodriguez, brother of the bridegroom, Roman Ramirez, John Calvio, Ricky Arismendez, brother of the bride, Felix Rodriguez, and Cruz Rodriguez, both brothers of the bridegroom.

A reception followed in the Women's Building at the Lamesa Park. The bride's table was covered with a white lace cloth and

Upcoming events discussed

About 150 Big Springers attended the quarterly chamber of commerce luncheon Friday and learned of upcoming events in the area.

Most eminent is the Signal Peak Shiner's Program set for May 18, 19 and 20. Celebrities lead by Terry Bradshaw, Golden Richards, Faron Young will be on hand to raise money for the Shiner's hospitals for burned and crippled children.

Skelton-Hall

Linda Skelton and Charles R. Hall exchanged wedding vows Saturday evening in the Wilshire Park Baptist Church in Midland with John Snider, minister of Melrose Church of Christ, Melrose, N.M., officiating.

The bride is the daughter of Mrs. James E. Skelton Jr., Midland. The bridegroom is the son of Mr. and Mrs. J.B. Hall, Coahoma.

The couple was wed before an altar decorated with a 15-branch candelabrum centered with two seven-branched candelabra.

Doylene Raney, was organist. Curt Hamlin was vocalist.

The bride, given in marriage by her brother, Don R. Skelton, wore a floor-length gown of taffeta overlaid with silk organza with lace appliques on the fitted bodice. The gown had a Victorian neckline and a cathedral-length train. The fingertip length veil included a blusher of tulle attached to the headband of lace and was encrusted with pearls.

The bride carried a bouquet of silk lavender and white carnations, white roses and baby's breath tied with streamers of lavender ribbon.

Maid of honor was Lynne Kramer, Odessa. Bridesmaids were Sandy Ballard, Midland, and Sarah Shellenberger, Lubbock.

Jay Hall, brother of the bridegroom, Coahoma, was best man. John Metcalf, Coahoma, and Mike Patterson, Levelland, were groomsmen.

Ushers were Dale Skelton, brother of the bride, Corpus Christi, and Tommy Scott.

A reception followed the ceremony in the reception hall. A three-tiered white cake decorated with white roses and lavender sweet peas was served. The table was covered with a lavender cloth and lace overlay and was decorated with a silver candelabrum with lavender candles.

A chocolate double heart-shaped cake was served from the bridegroom's table.

The bride is a graduate of Robert E. Lee High School in Midland, an the Odessa College School of Nursing. He is employed at Midland Memorial Hospital in Midland.

The bridegroom is a graduate of Coahoma High School and attended Howard College and South Plains College in Levelland. He is employed by the Howard County Sheriff's Department.

Following a wedding trip to San Angelo and Austin, the couple will reside in Forsan.

PHOTOS ARE A PART OF THE WEDDING
 Let Big Spring's Rister Photography make it beautiful

Let Rister Photography preserve your memories

Engaged? First comes the proposal, next come the rings, then comes Rister Photography for your engagement photos.
 Let Randy or Polly Rister show you how Rister Photography will tailor-fit your engagement wedding photographs to suit your needs and wants.
 Ask about our love story color engagement package with black and white glossies for the newspaper. Let Randy or Polly photograph those special feelings and emotions you have

for each other.
 Rister also offers wedding invitations that are not just invitations - they are a valuable keepsake of your wedding. And they have wedding accessories and gift ideas for the wedding party.

Rister Photography is located at 302 East 9th. Studio hours are Tuesday and Thursday from 10 a.m. to 9 p.m., Wednesday and Friday from 10 a.m. to 6 p.m. For more information, call Randy or Polly at 263-0734.

There's nine different ways to win at Beef People Bingo, and the best part is that the odds to win get better every time you play. Here's how your chances stack up!

THE BEEF PEOPLE

That's a name we've earned at Winn-Dixie. It stands for half a century of giving our customers the best of beef—W/D Brand. It's always U.S. Choice, naturally aged, naturally tender, and trimmed the special Winn-Dixie way to remove extra bone and fat. That gives you more for your money. The W/D Brand seal is our tradition, and our guarantee that you're getting the best beef you can buy!
