## Spring Board

### How's that? Lottery

Q. Why doesn't Texas have a state lottery?

A. To have a lottery, Texans would have to amend the state constitution in a referendum. The proposal has failed the last few times it has been put before voters.

## Clerks swamped by absentee vote

By SCOTT FITZGERALD  
Staff Writer

The Howard County Clerk's office closed minutes after the 5 o'clock bells sounded from the First United Methodist Church Friday afternoon.

Absentee voting was officially over. A record number of votes, and much work looms ahead.

"I'll be more glad when Tuesday is over," Howard County Clerk Margaret Ray said.

Friday's final count at 5 p.m. showed that 1,652 voted in-person, 821 ballots were mailed out and 608 ballots had been received in the mail.

A total of 247 persons voted on Friday alone for the highest daily turnout, Mrs. Ray said.

The 2,473 absentee ballots recorded so far sets a new Howard County absentee voting record. The record may increase by 7 p.m. Tuesday with the potential of more mail-in ballots to be received.

A special canvassing board, appointed by the Howard County Commissioner's court, will count absentee ballots on election night. Mrs. Ray said the board will be made up of a judge and three clerks.

The board will receive keys from the Howard County Sheriff's Department and ballots from the county clerk's office. The four-member board will be given a special room to arrange ballots to be counted on the computer like all other precincts.

## 4 injured in 2 crashes

### Staff reports

A Lubbock woman driving to a local hospital Friday night to see her son who had been injured in an automobile accident collided on Third Street with a car driven by a Big Spring woman, wrecking both cars and sending both women to the hospital.

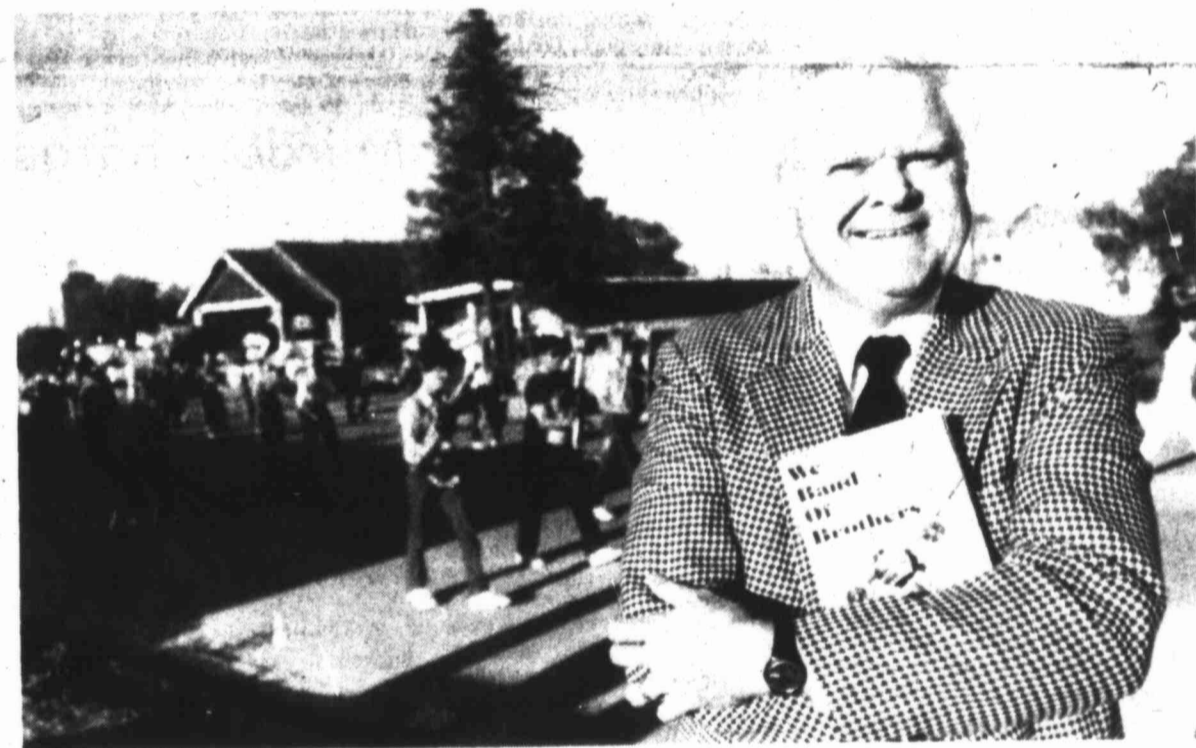

According to relatives of Janice Hart, 36, of Lubbock, the woman was en route about 9 p.m. to Malone-Hogan Hospital to see her 14-year-old son, injured one hour earlier while riding in a pickup with a 14-year-old Big Spring youth.

Mrs. Hart remained in Malone-

Hogan late Friday night. Her condition was unknown.

The Big Spring woman, Gayle Moran, 31, of 538 Westover, said she was driving west on Third Street when "I heard a big bang and went flying through the air. And then I flipped over. I crawled

Grid star, author returns for '84 Homecoming visit

Class of 1943 Big Spring High School football star R.E. "Peppy" Blount, who starred on the late 1940s championship University of Texas football teams with Bobby Layne and Tom Landry, came home to Big Spring this weekend.

Blount, who fought as a World War II B-25 pilot in the Pacific, is promoting his new book, "We Band of Brothers," at an autograph session from 1 p.m. to 2:30 p.m. Saturday at the Big Spring Mall.

The book, published in June by Eakin Press of Austin, details

Blount's experiences as a B-25 pilot with the 345th Bomb Group in the Army Air Corps.

It is, he says, a memorial to "all those fine, wonderful people who died in the war." The 345th, which fought in the Pacific, had a high mortality rate — more than 720 people died, or nine out of every 10 pilots, he said.

To cope with the pressure, Blount said he and his friends concentrated on the moment. "You live from hour to hour, day to day," he said.

"Sixty feet was the maximum altitude (over targets). You could literally see the whites of their eyes. When you went over Japanese shipping, the flashes from their guns would obliterate (the sight of) the ship," Blount said.

## Drought loans readied for area farmers

By KEELY COGHLAN  
Staff Writer

The Farmers Home Administration (FHA) office in Big Spring is now accepting applications for emergency farm loans for losses caused by this summer's drought, FHA County Supervisor Steve Kelley said Friday.

Howard, Glasscock and Midland counties are three of the 144 Texas counties recently named by Secretary of Agriculture John

Block as eligible for loans to cover part of production losses from the drought.

Meanwhile, the Dec. 4 deadline for filing applications for disaster assistance because of 1983 crop losses is about one month away, Kelley said.

Under the 1984 loan program, farmers may be eligible for loans of up to 80 percent of their actual losses, the operating loan needed to remain in business or \$500,000,

whichever is less, Kelley said.

For farmers unable to obtain credit from private commercial lenders, the interest rate on the first \$100,000 borrowed is 5 percent; the interest rate for the balance of the loan is 8 percent. However, farmers who are able to obtain commercial credit but want to borrow from FHA must pay a 13.75 percent interest rate.

Generally, a farmer must have lost 30

percent of his production to be eligible for the loan, Kelley said. Applications will be accepted for the 1984 loans until June 24, 1985, for Howard and Glasscock Counties, but farmers should apply early to avoid backlogs in processing, he said.

Kelley's office, which serves Midland, Glasscock and Howard Counties, is located in the Federal Building in Big Spring and is open from 8 a.m. to 4:30 p.m. weekdays.

## Indians throng to Gandhi funeral

NEW DELHI, India (AP) — India's millions, deeply shocked by the assassination of Indira Gandhi and the carnage of revenge that followed, were warned by her son and successor Friday to halt the violence or "communal madness will destroy us."

Thousands of Indians, some traveling as far as 360 miles, began marching before 7 a.m. Saturday to join the funeral procession, scheduled to begin at 12 p.m. (2 a.m. EST).

Leaders of foreign governments gathered to honor the slain leader, and the United News of India reported the curfew in the capital was being relaxed. The death toll in mob violence around the nation, mostly against Sikhs, has totaled more than 500 with at least 250 dead in New Delhi alone.

The night before the funeral, a pall of smoke from burning Sikh-owned homes and vehicles was seen over large areas of New Delhi.

Most of the violence has been directed at the Sikhs — an influential religious minority that constitutes 2 percent of India's 730 million people — because Mrs. Gandhi's two assassins

were identified as Sikh security guards. But about 80 of the 300 bodies overflowing the storage rooms of the Delhi morgue were those of Hindus.

Rajiv Gandhi, Mrs. Gandhi's son, was elected prime minister by an emergency session of the ruling Congress Party on Friday, ratifying his appointment Wednesday within hours of his mother's death.

In an emotional nationwide radio appeal for calm, Gandhi said the violence "is only helping the subversive forces to achieve their ends." He did not refer directly to the Sikh extremists, most of who have battled for three years to gain a long list of religious and political concessions from the overnment, and a small number who have campaigned for a separate nation.

"Communal madness will destroy us," Gandhi said. "It will destroy everything India stands for. As prime minister ... I cannot and will not allow this.

"Indira Gandhi gave her life so that a united India should live and prosper," he said,

quoting a saying of his mother: "Do not shed blood, shed hatred."

His appeal was broadcast late in the day and its effect was not immediately apparent.

As trains carrying the bodies of mutilated Sikhs pulled into New Delhi stations and reports from six of India's 22 states pushed the death toll higher, the full picture of the carnage began to emerge. Convoys of steel-helmeted soldiers patrolled major cities and towns. Soldiers and police in the capital and five other major cities had shoot-to-kill orders to stop rioters.

In the northern city of Lucknow, police fired to disperse mobs of battling Hindus and Sikhs. There was no immediate report on casualties.

In Bombay, crowds burned Sikhs in effigy, then began burning Sikh property.

Gangs halted long-distance trains, lynching and beating dozens of Sikh passengers, stripping and burning some of their bodies.

## Fair skies prevail

By The Associated Press

Low clouds covered the eastern half of the state Friday, except for fair skies along the Red River Valley, while clear skies ruled the western half from the Panhandle to the area east of the Pecos.

The only precipitation reported was in the lower Rio Grande Valley where light drizzle fell in the afternoon, the National Weather Service said.

A ridge of high pressure built in Texas Friday afternoon after a cold front departed in the morning. The weather service said this ridge kept northerly winds over the eastern two thirds of the state, averaging between 10 and 20 mph and occasionally gusty over the south. South and southwest winds 10 to 20 mph were common west of the ridge.

Temperatures in the 50s and 60s prevailed except for 70s in far west Texas.

The forecast for North Texas was partly cloudy through Sunday with highs in the upper 60s to mid 70s and lows Saturday night mainly in the 40s.

West Texas should have fair skies through Sunday with highs ranging from about 73 in the Panhandle to the mid 80s in the Big Bend valleys. Lows should be from 35 in the Panhandle to high 40s in the south, with daytime temperatures lower during Sunday than on Saturday.

South Texas will be mostly cloudy and not so cool through Sunday, with a chance of showers in the southeast Sunday, the weather service said. Highs should be mostly in the 60s except for a few 70s readings in the southeast and extreme south. Lows Saturday night should range from the 50s north to 60s south and along the coast, with highs Sunday from the 70s to about 80.

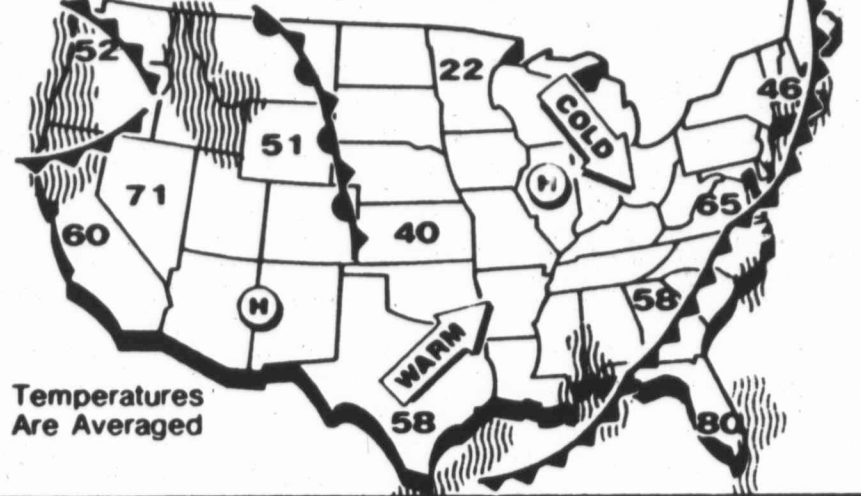

A powerful storm system producing strong, gusty wind whipped across much of the Northwest on Friday, while heavy rain fell over northern California and cold air pressed out into the Plains.

High wind downed numerous trees and power lines in western Oregon and northern California, causing scattered power outages.

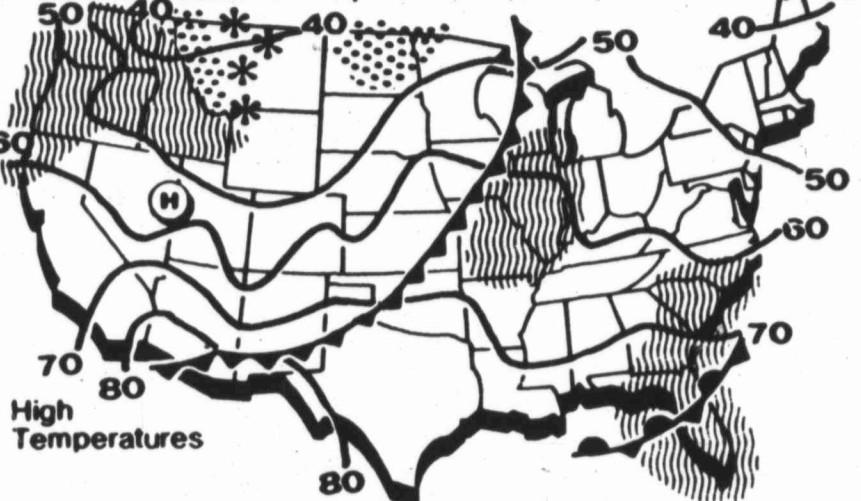

## Forecast

West Texas - Sunny days and fair nights through Sunday. Warmer most sections Saturday. Cooler Panhandle Saturday night and north Sunday. Highs Saturday 73 Panhandle to 79 southeast and mid 80s Big Bend valleys. Lows Saturday night 35 Panhandle to 49 south. Highs Sunday 65 Panhandle to 88 Big Bend valleys.

### Massive drug sweep nets 37

NEWARK, N.J. (AP) — Thirty-seven people, including two juveniles, were arrested Friday in connection with an international drug ring that allegedly imported cocaine from South America and heroin from Nepal to a base in an affluent New Jersey suburb.

Twenty-two of the suspects were arrested in New Jersey, four were arrested in the Montreal area, one in Miami, and the rest in New York, authorities said.

During the early morning raids, about \$20 million worth of heroin was found buried in Harriman, N.Y., authorities said.

"This is a totally new major source of heroin in this area of the country," First Assistant U.S. Attorney Thomas Greenish said of the alleged Nepal connection.

Authorities said heroin refined in Nepal was placed in capsules and was hidden in the rectums of Nepalese couriers who brought the drugs into this country.

The operation also had the ability to deliver up to 250 kilograms of cocaine at one time by private plane to this country from Colombia, authorities said.

Assistant U.S. Attorney Judy Russell said the alleged head of the operation was Giuseppe Bruno, 46, of Franklin Lakes. He was charged with running a continuing criminal enterprise, an offense punishable by up to life in prison.

His wife, Josephine, 45, was charged with conspiracy to distribute and possession with intent to distribute drugs.

## Peppy

Continued from page 1-A said. "You had to get in there and get out."

Blount said he wrote the book, which took eight years to complete, because the writers concentrated mainly on the war's European Theater. "I felt compelled to write it after I attended the first reunion of the 345th two years ago," he said. "Nobody else had written anything."

"We fought a private war in the Pacific. All the journalists wanted to go to Europe, where they could sleep in clean sheets and date a different girl every night and go to the pubs in London," he said. "Nobody wanted to go to the jungle where they might get malaria."

At 6-foot-5 and more than 200 pounds, Blount is an imposing figure who booms out "good night!" as the preface to most of his remarks, whether answering questions about his football career, Landry and Layne or whether the Steers won when he played (they were district champions in 1940).

Yet there was a time when his height and weight were liabilities, Blount said. A high school friend of his entered the Navy pilot training program, but Blount was too tall. He was also too tall to enter the Army Air Corps — the predecessor of the Air Force — but "I developed a patented slump. They never measured me at anything above six-two," he said.

He was also too heavy at 215 pounds, 15 more than the limit. On both days he was weighed, he fasted, ran and worked out in the gym in a sweatshirt, he said.

Blount, now a lawyer in Longview, said he enjoyed his four years on the Longhorns football team; three of those years the team won the Sugar, the Orange

and the Cotton bowls. "In 1947 -- the year we were Sugar Bowl champions -- I caught almost half the touchdown passes Bobby Layne threw," he said.

He spent forty years in football, 20 as a player and another 20 officiating games, and has another book in the works on his experiences in the sport. Tentatively titled, "Don't Lose Your Poise," it will be published by Eakin Press in the spring.

Did Landry smile as a player? "Good night, yes!" Blount replied. He and the Dallas Cowboys coach married sorority sisters, he said, "and Tom credits me with the engagement."

According to Blount, he and Landry were speaking at the Texas City football banquet one year, shortly after Blount and his wife, Eva Jean, were married. Alicia was also present at the banquet, and Blount introduced her as Landry's fiancée.

"Thirty years later, at another banquet, he told me they were just going steady at the time," Blount said. "He told me I was responsible."

Blount is proud of his Texas school years, when he attended class, played for the Longhorns and served as the youngest state legislator — he was 21 when elected the state representative from the old 91st District, which included Tom Green, Irion, Glasscock, Sterling and Howard Counties.

He also served as county judge for Gregg County, winning on a write-in ballot in 1962.

He doesn't miss the politics, though. "Good night, no! With maturity comes a little bit of understanding. All that hoopla is for younger people."

## Crashes

Continued from page 1-A out through the busted car window."

Mrs. Moran, who was wearing her seatbelt, was treated for minor injuries and released from Malone-Hogan Friday night.

The 1980 Toyota Celica driven by Mrs. Moran and Mrs. Hart's 1975 Ford LTD were heavily damaged in the accident, which occurred near the intersection of Third and Union streets. Police reports on the accident were not available last night.

The condition of the two teenagers, whose names were not

released, also was not known. Travis Hart of Big Spring, uncle of the Lubbock teen, said the two boys were riding in a 1979 Ford pickup in Comanche Trail Park near the baseball diamond about 8 p.m. when the vehicle struck a rock post and flipped over.

Mr. Hart said the Lubbock woman had come to Big Spring to pick up her son, who was visiting friends here.

No other injuries occurred as a result of the two crashes, according to Shaffer Ambulance personnel.

## Ranchers get manure power

AUSTIN (AP) — Panhandle ranchers will soon be serving up cowpiles to help fuel Austin's electricity needs, officials say.

Austin Mayor Ron Mullen and Dallas businessman Ed Cox Jr. signed a contract Friday for Austin to buy 100 megawatts of power annually produced by Cox's Valley View biomass electric generation plant, located near Hereford.

The plant will burn manure collected from feedlots throughout the Panhandle.

"Texas agriculture has energy to burn and that's no B.S.," said Agriculture Commissioner Jim Hightower, who presented Gov. Mark White with a plastic bag of manure direct from a cattle feeding lot.

### Liver transplant successful

DALLAS (AP) — The second successful liver transplant has been completed here, officials of Children's Medical Center said Friday.

Jose Garza, 5, of Dallas, received the new organ in a 12-hour operation that began at 2 a.m., said hospital spokeswoman Linda Harris.

"He is in critical condition in the pediatric intensive care unit, but his vital signs are stable," Ms. Harris said.

Melissa Lively, 2½, was the city's first liver recipient. She

received her new organ Monday and hospital officials said she was doing fine on Friday.

The boy, who suffered from biliary atresia, received the liver from a 3-year-old male from outside Texas, Ms. Harris said.

The surgical team, headed by Dr. Walter Andrews, completed the operation at 2:15 p.m. Friday.

The boy was not hospitalized at the time the liver became available, the spokeswoman said. He had been placed on Dallas' waiting list two weeks ago and was on a waiting list in Pittsburgh.

### Murder charge dismissed

HOUSTON — A judge on Friday dismissed a second capital murder charge against convicted murderer Karla Faye Tucker after she completed testifying against her co-defendant in the pickax slayings of two people.

State District Judge Patricia Lykos dismissed the charge at the request of prosecutors.

Assistant District Attorney Jim Peacock made the request because

Ms. Tucker already received the death penalty for the June 13, 1983, murder of Jerry Lynn Dean, 26, with his overnight companion, Deborah Ruth Davis Thornton, 32.

Tucker testified for five days this week in the capital murder trial of her co-defendant, Daniel R. Garrett, 38. Garrett also is charged in both killings, but is being tried in the death of Deborah Thornton, 32.

### Former justice out of prison

HUNTSVILLE — Former Texas Supreme Court Justice Don Yarbrough quietly slipped out the back gate of a state prison Friday after serving less than two years of a 7-year sentence for aggravated perjury and bond jumping.

The former Houston lawyer left the Texas Department of Corrections' Walls Unit with a new suit and a check for \$200.

A prison spokesman had told news reporters that Yarbrough was to be released about noon, but later admitted that the former justice had left through a back gate.

The State Board of Pardons and Paroles voted 3-0 on Aug. 30 to release Yarbrough, according to board spokesman Mike Roach in Austin.

### Houston murder rate down

HOUSTON — About 14.4 percent fewer people were murdered in Houston in the first 10 months this year than during the comparable period of 1983, police figures show.

By late Thursday, Houston police had recorded 404 homicides since Jan. 1, 68 fewer than were reported between Jan. 1, 1983, and Nov. 1,

1983. Police Chief Lee Brown, reporting only figures for the first eight months of the year, said this year's homicide rate was down by 24.5 percent. But the city recorded 102 killings in the last two months, 30 more than during the same period of 1983, he said.

### Fire union opposes chief

HOUSTON (AP) — Members of a fire fighter's union say they oppose the nomination of Seattle Fire Chief Robert L. Swartout to the same post in Houston because his administration is "mediocre at best."

About 250 members of the Houston Professional Fire Fighters Association voted unanimously Thursday to oppose the nomination and to ask the Houston City Council not to rescind an ordinance requiring the Houston fire chief to have been with the department for two years immediately prior to his appointment.

"Many members of the Houston Fire Department meet and in many instances exceed the qualifications of Swartout," said Lester Tyra, president of the firefighters' union.

Tyra said the vote reflects disappointment that Mrs. Whitmire fail-

ed to introduce a Houston firefighter to council as a candidate for chief.

**Polish officers arrested**

WARSAW — The government has suspended an Interior Ministry general and arrested two colonels in the ministry in connection with the slaying of the Rev. Jerzy Popieluszko, official reports said Friday.

The reports indicated that the investigation into the death of the pro-Solidarity priest had reached the higher ranks of Poland's police hierarchy. Three lower-ranking officers have already been arrested in the case.

**Israel imposes freeze**

TEL AVIV, Israel — The government reached agreement with business and union leaders Friday on a three-month freeze of wages, prices, and taxes, Prime Minister Shimon Peres announced.

He said it was a major step toward solving Israel's economic crisis.

The accord was reached in a five-hour meeting after weeks of often bitter negotiations. No date was announced for implementing the plan, but Israel Television said it was to go into effect Monday.

**Sri Lanka rebels attack**

COLOMBO, Sri Lanka — Authorities reported new terrorist attacks at schools, shops and offices in Jaffna, capital of Sri Lanka's troubled north, remained closed Friday in mourning for Indian Prime Minister Indira Gandhi.

The terrorists seek a separate state for Sri Lanka's Tamil minority, which has close links with Indian Tamils.

**Chinese restore rights**

PEKING (AP) — China said Friday it has restored the political rights of all 20 million people labeled as reactionaries after the 1949 Communist revolution, closing what the government called a chapter of history.

"The final removal of designations of landlords, rich peasants, counterrevolutionaries and bad elements marks the completion of China's historic task of 'remolding' the 2 1/2 billion people," said an announcement by the Public Security Ministry.

**Stalin's daughter returns home from West**

MOSCOW (AP) — Josef Stalin's only daughter, reviled in the Soviet Union when she defected to the West in 1967, has returned home with her 13-year-old American-born daughter, the news agency Tass said Friday.

Soviet authorities have restored to Svetlana I. Alliluyeva the citizenship revoked in 1970, and granted Soviet citizenship to her daughter, Olga, Tass said. It did not mention that she was the daughter of Stalin, the Soviet leader who died in 1953.

Svetlana had lived in the United States from 1967 to 1982, and then moved to Britain. She and her daughter are American citizens.

She had vowed never to return to the Soviet Union, and left behind two children from previous marriages, Josef and Yekaterina, who said they were shocked and hurt by her decision. There now are two grandchildren.

Svetlana, 59, was known in the Soviet Union by the last name of Alliluyeva, her mother's last name. She married Olga's father, American architect William Wesley Peters, in 1969 and the couple were divorced in 1973.

In Washington, State Department spokesman Alan Romberg said the U.S. government was aware of the Tass announcement, but did not have any independent information. He said he did not have any information indicating Svetlana might have been forced to return to the Soviet Union.

Romberg could not say whether her U.S. citizenship would be jeopardized.

The Tass announcement did not say when or why Svetlana returned to Moscow. The government newspaper Izvestia carried the

SVETLANA ALLILUYEVA

report and an announcer read it on the evening television news program.

It said only that in accordance with Soviet law, "The presidium of the U.S.S.R. Supreme Soviet ... has considered and complied with a request made by S.I. Alliluyeva, who has returned to Moscow, for restoring her to the citizenship of the U.S.S.R. as well as for granting Soviet citizenship to Alliluyeva's daughter, Olga."

Attempts to contact Svetlana in Moscow failed. Her children had lived in her old apartment across the Moscow River from the Kremlin

after her defection only six or seven years ago, a neighbor told an Associated Press reporter Friday.

Svetlana defected in March 1967, after being allowed to return the ashes of Brajesh Singh, to India. She had lived with Singh in Moscow and later referred to him as her husband. But Soviet officials had refused to sanction her marriage to the Indian.

In an interview in March with the London Observer newspaper, Svetlana said that she missed her children and grandchildren in the Soviet Union.

"It is sometimes very hard," the newspaper quoted her as saying. "I have not seen my son and daughter for 17 years and I have a grandson and granddaughter I have never seen. Sometimes it's an almost superhuman effort not to drop everything and run and get a ticket to go and see them."

However, Svetlana gave friends at her home in Cambridge, England, no clue she was leaving.

"There was no hint whatsoever she was going to go back to Russia. If she has gone permanently, I will be flabbergasted," said Cambridge University professor Donald Denman, one of her closest friends in England.

Denman said Olga is "140-percent American."

"If she had arranged to go to Moscow to see her son, that's understandable," Denman said. "I find it incredible that she has formally applied to the Soviet Union for citizenship. I can't believe it. Her freedom meant more."

The only hint that she planned to leave came from John Woods, headmaster of Olga's school.

**3 slain in Kansas**

WAGSTAFF, Kan. — A woman and her two daughters were found slain at their rural home on Friday, and authorities were searching for a suspect who may have taken the woman's 8-year-old son hostage.

The woman's father found his daughter's body just inside the front door of the house, and later returned with neighbors and found the bodies of the two young girls in a back bedroom, said Miami County Undersheriff Bob VanGoethem. The three victims were dressed in nightclothes, he said.

**Gang storms park**

SANTA CLARA, Calif. — Four people were injured and 11 arrested when about 150 roving youths attacked customers of the Great America theme park for more than half an hour, despite the efforts of 85 city and park police officers to stop them, authorities reported.

The violence began about 10 p.m. as the park was closing. A fight broke out inside the park and a crowd gathered.

**Cops held in bank job**

HARRISBURG, Pa. — A police chief and a patrolman were arrested Friday and charged with conspiring to commit an armed bank robbery in the community where they worked.

Saxton Police Chief Raymond W. Ramstad, 39, and Officer Larry W. Miller, 36, plotted with a state prison inmate to rob a grocery store to get money for a getaway car and then to hold up the First National Bank of Saxton, according to a federal indictment handed up Thursday.

**Father gets life term**

HOUSTON — A man who said he dumped the body of his 2 1/2-year-old daughter in a bayou because he didn't want to be blamed for her death has been sentenced to life in prison.

Larimore Cornelius, 28, of Houston, showed little emotion as State District Judge Thomas Rout announced the sentence Thursday.

**Hindus attack trains, kill 28 Sikhs**

NEW DELHI, India (AP) — Hundreds of Hindu rioters attacked New Delhi-bound trains Friday, beating and burning to death dozens of Sikh passengers in the aftermath of the assassination of Prime Minister Indira Gandhi.

The brutality was reminiscent of the communal carnage during India's partition in 1947, when Hindus and Moslems slaughtered each other by the hundreds of thousands.

"Kill all the Sikhs!" the mobs shouted, according to one of the hundreds of stranded Sikh travelers huddled together Friday at the New Delhi railway station, afraid to continue their journeys without an armed escort.

At least 28 Sikhs were killed on four trains bound for the capital, the news agency United News of India reported.

It said 17 were killed on the Pink City Express from Ajmer-Jaipur, four on the Bombay-Delhi Rajdhani Express and four on the Rajdhani Deluxe, and three on the Jhelam Express from Jammu. Witness reports put the death toll higher.

"Whenever trains came in, bodies of Sikhs are taken off," said Balvinder Singh, a Sikh who arrived here on a train from the Sikh holy city of Amritsar Thursday afternoon, but chose not to continue to Bombay out of fear for the safety of his wife and two children.

"I am not scared," he said. "If we are organized we can fight these bastards but we have families with us."

More than two hours after the Rajdhani Express arrived at 2 p.m., the bloody bodies of four Sikhs were still left unattended in full view of passengers waiting to take the train on its return journey.

The body of one, shoeless and partly covered by a blue sheet, lay on a luggage cart outside a car. Blood still oozed from a head wound.

The bodies of two other Sikhs lay side by side, their legs entangled, on the connecting platform between two cars. About a dozen people clustered outside, craning for a view. Other people sat by idly, chatting or munching food as they waited to board the train.

A few cars back, a dead Sikh lay face down

on another between-cars platform, his entire back charred by fire.

Asked why the bodies had not been removed, a deputy station superintendent said, "We have to manage the stretchers, ambulance and police."

Asked how many dead Sikhs had been brought in Friday, he said, "Many more." The Hindu rioting was sparked by the assassination of Mrs. Gandhi on Wednesday, an act laid to two of her Sikh bodyguards. At least 400 people have been killed in three days of violence.

Sikhs, who are easily identifiable because of their turbans, beards and long hair, are a small religious minority in Hindu-dominated India. But in northern Punjab state, where they form a slight majority, extremists have killed hundreds of Hindus over the past three years to press their demands for greater religious and political autonomy.

Davinder Singh, a physician who was on the Rajdhani Deluxe train, said six people were killed, three of them burned alive.

### Business leader sells John Deere dealership

John L. Taylor, whose family has owned the John Deere dealership in Big Spring since 1949, Thursday sold the Taylor Implement Co. on Lamesa Highway to Fred Bowlin of Stanton.

Taylor, who is also a civic as well as business leader, said he wants to pursue other interests after running the dealership for 32 years. Although he plans to travel with his wife, he says he will not leave Big Spring.

Taylor Implement is one of the oldest continuously operated businesses in Big Spring, according to Taylor. The company was established July 1, 1949, when his father, the late W.F. (Bill) Taylor and his son, Wayland Taylor, bought the dealership, then located on Second Street, from Clyde

Denton.

In 1951, the Taylors relocated the dealership on Lamesa Highway. Wayland Taylor acquired the O'Donnell John Deere dealership, and John Taylor joined his father in the business in 1952, after returning from service in Korea with the Army.

The senior Taylor retired in 1972, and John Taylor bought his father's interest and incorporated the business.

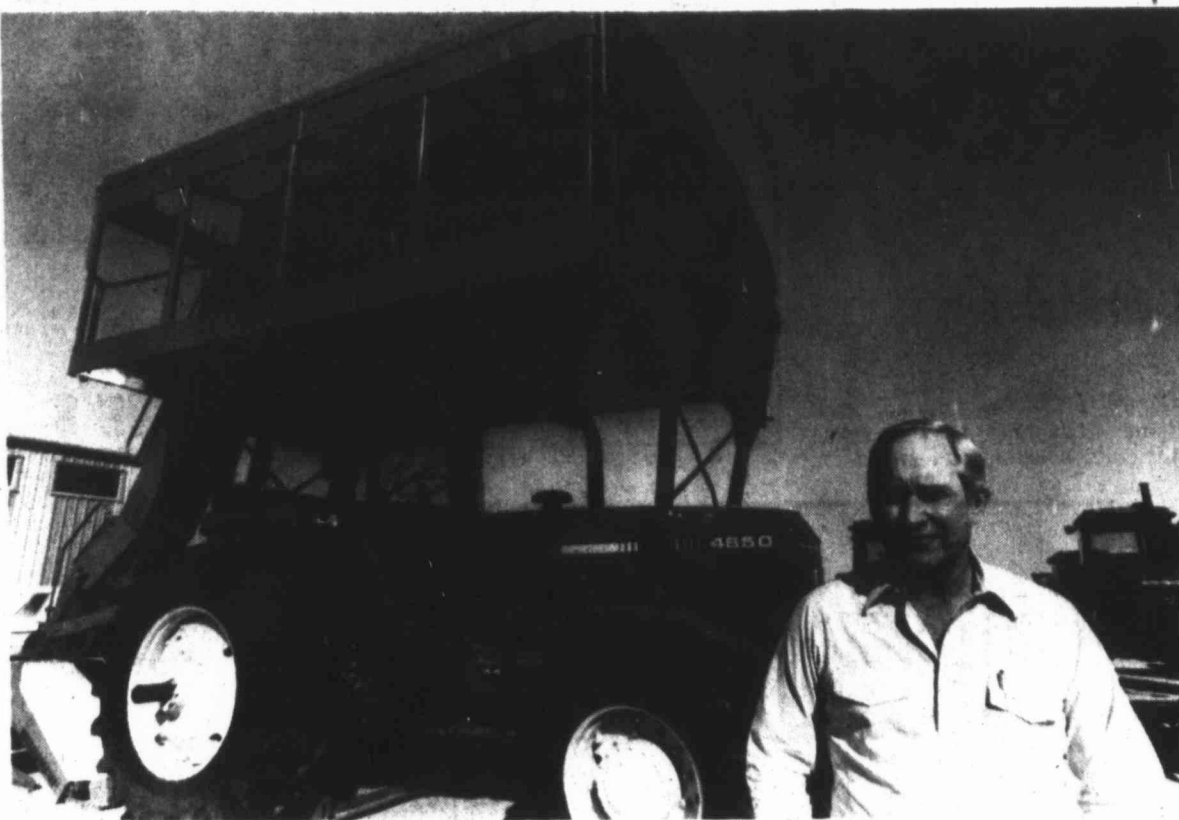

Taylor will keep his office at the dealership until the end of 1984, when he said he would open a downtown office to look after his business interests and developments.

Bowlin, originally from Loraine, moved to Stanton in 1967 when he became partners with Corky Blocker in Blocker Oil Co., a wholesale fuels distributor.

Bowlin previously was partners with O.B. Cave, Taylor's brother-in-law, in the John Deere dealership in Stanton before he became sole owner of the business in 1975. Bowlin also owns the B&B Machinery dealership in Sweetwater and is a director in the First National Bank at Stanton.

### A shot in the arm

Big Spring became one of only 27 communities in the state to be approved under the Small Business Administration Certified Development Co. Program.

The program's purpose is to help communities by stimulating the growth and expansion of small businesses with long-term, fixed asset financing. This will create jobs, increase the local tax base, expand business ownership opportunities and offer improved community services. It is a flexible economic development tool that can be used for downtown business revitalization and minority enterprise development.

It is a joint federal government-private sector program, financing for the acquisition of land and building construction, expansion, renovation and equipment for the small business sector.

Those wanting more information should contact Hal Boyd, manager of the Big Spring Airport and secretary of the Big Spring Area Certified Development Co.

The March of Dimes annual Monte Carlo night was a great success with a gross income of \$38,000. When that is netted out, it will double last year's net income, thanks to a trimming of the cost to put it on. The hundreds of volunteers who worked will also think twice before they go Christmas shopping out of town this year because of all the local merchants who cooperated in this effort. Over 80 merchants contributed merchandise or some tangible gift to this effort.

Linda Floyd, MOD executive, said, "There are so many merchants in this town that go far beyond their obligations even in a time when business is not at its best. But you wouldn't know it from the contributions these merchants gave."

**REMEMBER TO VOTE TUESDAY.** All through the years, many Americans have exhibited a certain apathy to voting in national elections, and if we are to believe public polls, this could be the case again on Nov. 6. We hope the polls are wrong this time, for each individual's vote is always very important. History proves that.

It is little known that Texas came into the Union by only one vote. It was by only one vote that the Senate ratified the purchase of Alaska from Russia (for a bargain \$7.2 million). One vote in 1776 gave America the English language instead of the German language.

Just three months before Pearl Harbor, the selective service was saved by only one vote; and overseas, just one vote gave Hitler control of the Nazi Party. Years earlier, one vote also caused Charles I of England to be executed. So your one vote could be very important!

### Safety seats now required for small children

The Child Safety Seat law passed by the Texas legislature went into effect Wednesday.

The new law requires residents of Texas to transport children up to two years old in federally approved child safety seats and children from two up to four years old in child safety seats or seat belts.

An offense is punishable by a fine of \$25 to \$50, but the court will dismiss the charge if the person shows proof of having acquired a safety seat by purchase, loan or rental within ten days after the offense.

The law exempts violations involving a person operating a vehicle for hire and a person transporting a child in a vehicle in which all seating positions equipped with the child safety seats or safety belts are occupied.

A federal law, Federal Motor Vehicle Safety Standard No. 213-80, requires child restraint systems to meet certain strength and performance standards. Not included under the standard are those flimsy, light weight, plastic child feeder seats used in the home, which are not intended for car use. Also, beware of bargains and used child safety seats. They may not provide adequate protection.

All auto child restraints manufactured after May 1980 must pass tests which show that they can provide adequate protection for children in actual crashes. Look for a label on the restraint which says "dynamically tested."

There are many different places where you can buy child restraints. They include:

- Retail outlets, including department stores
- Discount centers
- Juvenile furniture and baby needs store
- Some car dealers
- Some hospital gift shops
- Catalog sales available from large retailers
- Automotive retail and supply dealers

Before you buy a new restraint, try it out in your car. Some restraints don't fit into some cars. There are enough restraints on the market, though, that you should be able to find one that's just right for your car, your child, and your budget.

### Howard County 4-Hers to participate in food project

The 4-H Food and Nutrition Extravaganza is for all 4-Hers and youth interested in the 4-H Food and Nutrition Project. The Extravaganza will be held Nov. 10 from 10:30 a.m. to 3 p.m. Lunch will cost \$3.50 per person.

At 10:30 a.m., 4-Hers will meet

outside the West side of the Courthouse and divide into groups. The older youth will leave the Courthouse and tour the Federal Prison Camp's kitchen and facilities. The younger 4-Hers will tour McDonald's.

At noon, all will meet for lunch at the Brandin Iron Inn. Mrs. Virginia Parker will present a program on careers in food and nutrition.

From 1 to 3 p.m., 4-Hers will view a table setting demonstration by Patsy Fryar and Janette Brown.

### Un-can those open and canned juices

Canned juices left in an opened can too long are potentially dangerous. Transfer juices from cans to non-metallic containers immediately after opening.

Otherwise, within five days the juice may have a dangerously high lead level. Some of the lead solder used to seal the can contaminates the juice once the container is opened. Children tend to be especially sensitive to lead.

## Paredes and Herrera have many common experiences

Santiago Paredes and Santiago Herrera are two of a kind. Although unrelated, they share many common experiences.

They were born on the same day, they have the same first name, and they retired from the Veterans Administration Medical Center, Friday, after 30 years of service.

The two Santiagos were both born May 1, 1925 in Big Spring. Herrera entered the Army in 1943, three months before Paradez entered the Navy. They were discharged within two months of each other. Herrera served as a staff sergeant, while Paradez was a seaman second class.

Paradez has been a housekeeping aide with VAMC since Nov. 19, 1956. Herrera began his career with VAMC Aug. 2, 1956 as an laborer in the dietetic service. He

SANTIAGO PAREDEZ

has served several positions on the staff.

SANTIAGO HERRERA

Upon retirement, Paradez is "just going to take it easy and rest," he says. He and wife Emma have two children. Herrera plans to work on his home in Odessa. He and wife Marcella have one child.

The two previously worked together building the Howard County Courthouse.

## Kiwanis president sets club goals

Incoming President George Walker of the Kiwanis Club presented some challenges and goals for the Big Spring club at a meeting recently.

He said the Big Spring Kiwanis Club has been a great asset to the community, since being founded in 1929. Kiwanis is made up of more than 310,000 members in some 8,100 clubs in 78 nations.

"As the club president for 1984-85, I want to assure you that I pledge to do my best to uphold the proud tradition," Walker said. "But one person cannot do the things our club does; it takes all of us working as a team. I believe this is the one most important thing I like about Kiwanis, the team work."

Walker would like the club to adopt a theme in the line of service and major emphasis called — "Let's Share It". One of his goals for the club is increase membership. "To sustain our existing membership is an admirable goal, but to continue the work in our community we have started, we must increase our membership," said Walker. He would like the club to increase its membership by 25 members.

Community service is what the club is all about, he said. "Our service theme is 'Build Better Lives'. I feel that we need to have a goal of involving all of our club members in working in our community," said Walker.

"Uplift Underprivileged Children" is the focus of the clubs Major Emphasis Program. "I propose a goal of increasing our giving for this year over last year of 25

percent," he said. "It will require that we put more effort into our fund raising projects."

Walker says that the interclub program is one of the best fellowship building activities a club can have. "The time spent together in traveling on an interclub is some of the most enjoyable time a man can find," he said. "And the friends met in interclub are friends

forever." During the year, Kiwanis Club members will participate in a "Bible Reading Marathon", in which an entire Bible will be read during a given period. The club also plans to select a Kiwanis Layman of the year.

### Fertilizer guidelines

It is too late to apply fertilizers to any of our landscape plants and fruit and nut trees, but we still get so many calls about the question of fertilization of plants. I thought this week's article might make for interesting reading on a cold night, like we have been having lately, and you might like it. Keep the article for reference later.

#### HOMEOWNER FERTILIZER GUIDELINES

For nitrogen, know the crop requirement.

• Trees: .33 pounds nitrogen per year per diameter trunk inch.

• Gardens: .33 pounds nitrogen per 100 feet.

• Shrubs: .33 pounds nitrogen per 100 feet.

• Lawns: 4 pounds nitrogen per 100 feet 4 pounds per 100 feet.

• Grapes: .07 pounds nitrogen per vine.

After you know the crop requirement, you must know how to convert the requirement into pounds of common fertilizers.

• 21-0-0: .33 ÷ .21 = 1.57 pounds.

• 46-0-0: .33 ÷ .46 = .72 pounds.

• 32-0-0: .33 ÷ .32 = 1.03 pounds.

- 16-8-8: .33 ÷ .16 = 2.06 pounds.
- 12-6-6: .33 ÷ .12 = 2.75 pounds.
- Have a fertilizer volume: weight concept.
- 1 cup of 16-8-8 weighs .54 pounds and contains .066 pounds of nitrogen.
- 1 cup of 21-0-0 weighs .618 pounds and contains .13 pounds of nitrogen.
- a 3 pound coffee can of 16-8-8 weighs 7 pounds.

#### ZINC

Know the forms of zinc available.

• ZnSO<sub>4</sub>: 32 percent zinc, white powder.

• NZN: 5.5 percent zinc, liquid.

• Zinc 1000: 10 percent zinc, liquid

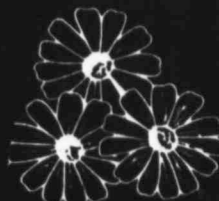

Know the horticultural crops requiring zinc.

• Pecans: 1.25 quart NZN per 100 gallons water, 2 pounds ZnSO<sub>4</sub> per 100 gallons water, or 1 quart Zinc 1000 per 100 gallons water.

• Grapes: same as pecans.

• Black-eyed peas, apples, peaches, beans, corn: as diagnosed as deficient.

## Don't ignore arthritis symptoms

ATLANTA, Ga. (AP) — The worst thing people can do for their arthritis is to ignore it, cautions the Arthritis Foundation.

Ignoring the symptoms won't make your arthritis go away, it says, and could lead to very serious joint damage, crippling or even permanent disability.

Treatment for arthritis can help prevent disability and crippling if begun early, according to a spokesman.

But studies have shown most people wait an average of 4½ years before seeking medical care for their symptoms. During that time, irreversible joint damage can occur.

GAME ACTION — The action was fast paced at Memorial Stadium in the Homecoming contest for the Big Spring Steers when they faced the Abilene Eagles. Colin Carrol (30) takes a pitch from Carl Speck while Tommy Gartman (7) leads blocking in the top photo. Derek Logback (94) had a near miss catch become an in-

Interception in the right photo although Logback did end the game with three receptions to lead all Steer receivers. Big Spring will end the season against San Angelo Central next Friday.

## AHS Eagles romp over Steers 37-7

By BILLY NABOURS  
Sports Editor

It was Homecoming, but it was anything but sweet for the Big Spring Steers as they dropped their final home tilt of the year to Abilene High School, 37-7 Friday night at Memorial Stadium. The defeat leaves Big Spring still in search of its first District 4-5A win while the Eagles upped their record to 3-3. Overall Big Spring is 2-7 while AHS is 5-4. Abilene probably felt Christmas came early in light of seven Big Spring turnovers — four which led directly to Abilene points. "We gave good effort, but just gave the ball away," said Steers head coach

Quinn Eudy. The first give away came just 11 minutes into the game when Abilene's Mickey Russell fell on a loose football at the Big Spring 46 on the Steers first play from scrimmage following an Eagle punt of only 17 yards. It took the Eagles only six plays to go the distance with quarterback John Bowser doing the touchdown honors with a one yard sneak. The point after was blocked by Jimmy Rodgers to leave Abilene's favor at 6-0. Abilene did not need a gift for its second score which was an eight yard run by Guy Sims at the 9:36 mark in the second quarter. The

Eagles drove 48 yards in 11 plays after a Tommy Gartman punt. Sims, the game's leading rusher with 90 yards on 22 carries, carried the ball five times in the drive. A two point conversion pass from Bowser to Mack Dennis was good for a 14-0 lead. Linebacker Jerry Anderson keyed Big Spring's only threat of the night when he gave the Steers possession at the Abilene 41 with an interception of a Bowser pass. It was the third interception of the year for the senior linebacker. Big Spring needed only four plays to go the distance with the big plays being a 14-yard scamper by quarterback Carl Speck and Tom-

my Gartman's 26-yard scoring scramble with 7:49 before halftime. Colin Carrol booted the extra point and the gap at halftime stood at Abilene 14, Big Spring 7. Another loose pigskin spelled disaster for the Steers and good fortune for the Eagles as the third quarter got underway. The Steers took the second half kickoff and set up at their own 28. Three plays later the ball was on the ground and in the grasp of the Abilene defense which turned it over to their offensive teammates. Despite losing 13 yards on first down back to the 49 of Big Spring, Bowser was able to come up with the play of the game when he made

up for his loss with a 49-yard gain. Junior Bell did the extra point kick successfully and Abilene led 21-7 with 9:54 in the third quarter. Eight plays later the Abilene defense was at it again with another interception to set up shop at its own 42. The drive ended 11 plays later when Bell split the uprights with a 32-yard field goal and a 24-7 lead at the 1:51 mark. In the fourth quarter the score rose to 30-7 when Abilene put together a 63-yard 10-play drive that ended with backup quarterback Michael Keith reaching the end zone from the eight. The extra point try was muffed, leaving things at 30-7 with 4:44 to play.

The third interception of the game was turned in by the Abilene secondary with 3:56 to play and helped result in an Eagle score six plays later. Terrance Stevenson raced 55 yards for the final AHS touchdown and Troy Boland added the final nail when he kicked the extra point.

## Roscoe rips Buffs 27-13

By STEVE BELVIN  
Sports Writer

ROSCOE — The Roscoe Plowboys used a third quarter blitz to get past the Forsan Buffaloes, 27-13, in a 7-A South Zone clash of unbeatens. Roscoe blew a close game wide open in the period with a relentless rushing attack that saw them score twice in the quarter. So dominate was their attack that they kept the football ten minutes of the quarter. On their only two possessions in the third stanza, they had scoring drives covering 57 and 80 yards. Roscoe kept the football 21 plays while the Buffaloes managed only six plays. Leading 13-7 after halftime, the Plowboys marched 57 yards on their first possession of the second stanza. Junior quarterback Matt Denman directed the Veer offense to perfection. Freshman running back Danny Herrera gained 36 yards in the drive. He got the scoring honors from 15 yards out with 6:59 remaining. The try for two failed, but the Plowboys retained a 19-7 lead. On their next possession, Roscoe marched 80 yards in nine plays,

thanks to runs of 20 and 25 yards by second team running back Johnny Moreland. Denman scored from 18 yards out. The try for two was good and the count was 27-7 with one minute and 31 seconds left in the quarter. The real workhorse for Roscoe was running back Kevin Reed. He led all rushers with 129 yards in 18 carries, including 100 yards in the first half alone. Forsan scored the game's final touchdown which was set up by a 35 yard punt return Mitch Hays. The big play in the scoring drive was a pass from Todd East to Lee Morris for a 30 yard gain down to the Roscoe 5 yard line. On the next play, Hays went in with 3:10 remaining in the game. The try for two failed ending the scoring for the night. Forsan coach Jan East credited Roscoe's offensive and defensive lines for the win. "They won the game on the line of scrimmage. They were just too big and strong for us. It also hurt us when Bobby Headrick went down with a twisted knee in the first half. There went our deep threat." Roscoe scored on their first

possession of the game as they marched 62 yards in eight plays. Reed gained 42 yards in the drive, and scoring from six yards out. Nathan Richburg added the extra point as Roscoe took a 7-0 lead with 8:43 remaining. Forsan roared right back marching 81 yards in 13 plays. The big plays in the drive was a leaping catch by Lance Soles which covered 22 yards, an 18 yard reverse to Headrick and a 8 yard pass to Morris. Facing a third and five from the Roscoe 10-yard line, East rolled right and threw back to Headrick in the left corner of the endzone for the score. East's PAT tied the game at 7-7 with 11:15 remaining in the first half. See Forsan page 4-B

# Homecoming 1984

Homecomings are always a special treat for past and present Big Spring High School students and this year's was extra special because it marked the 20th anniversary of the first such event held by the BSHS student body.

Some of the events that helped shape this year's celebration are captured on this photo page.

Things started Thursday, the eve of the game, with a community pep rally and bonfire at Classic Auto Sales. A parade followed Friday afternoon and the game that night between Big Spring's own Steers and the Abilene High School Eagles.

Some of the happenings will be forgotten in time, but hopefully some of the excitement and spirit can be relived for awhile.

Homecoming 1984 did not end with Friday's game and festivities, however. Several classes of the past plan a variety of activities to complete the slate.

SONORA — The Colorado City Wolves held on in the fourth period to edge the Sonora Broncos, 21-17 in a hard fought contest here Friday night.

The Wolves ran their record to 8-1 for the year and 3-1 in District 7-3A.

On Colorado City's first possession, the Wolves drove 82 yards on 17 plays and scored on Sammy Rivera's one yard plunge. Doug Chitsey added the PAT.

After both teams exchanged possessions on turnovers, Sonora's Joe Noriega scored from six yards out and Scott Miller added the PAT to tie the game. The score was set up from Sonora capitalizing on a C-City fumble.

With 2:15 left in the first half, Colorado City started from its own 14 when Chitsey found Don Randle on the right sideline and sent a

'Hail Mary' in the split end's direction. Randle grabbed the ball at the Wolves 40 yard line and ran 60 yards to complete the 86 yard scoring play. Chitsey added the PAT.

On its next possession, Sonora scored on a 45 yard touchdown run.

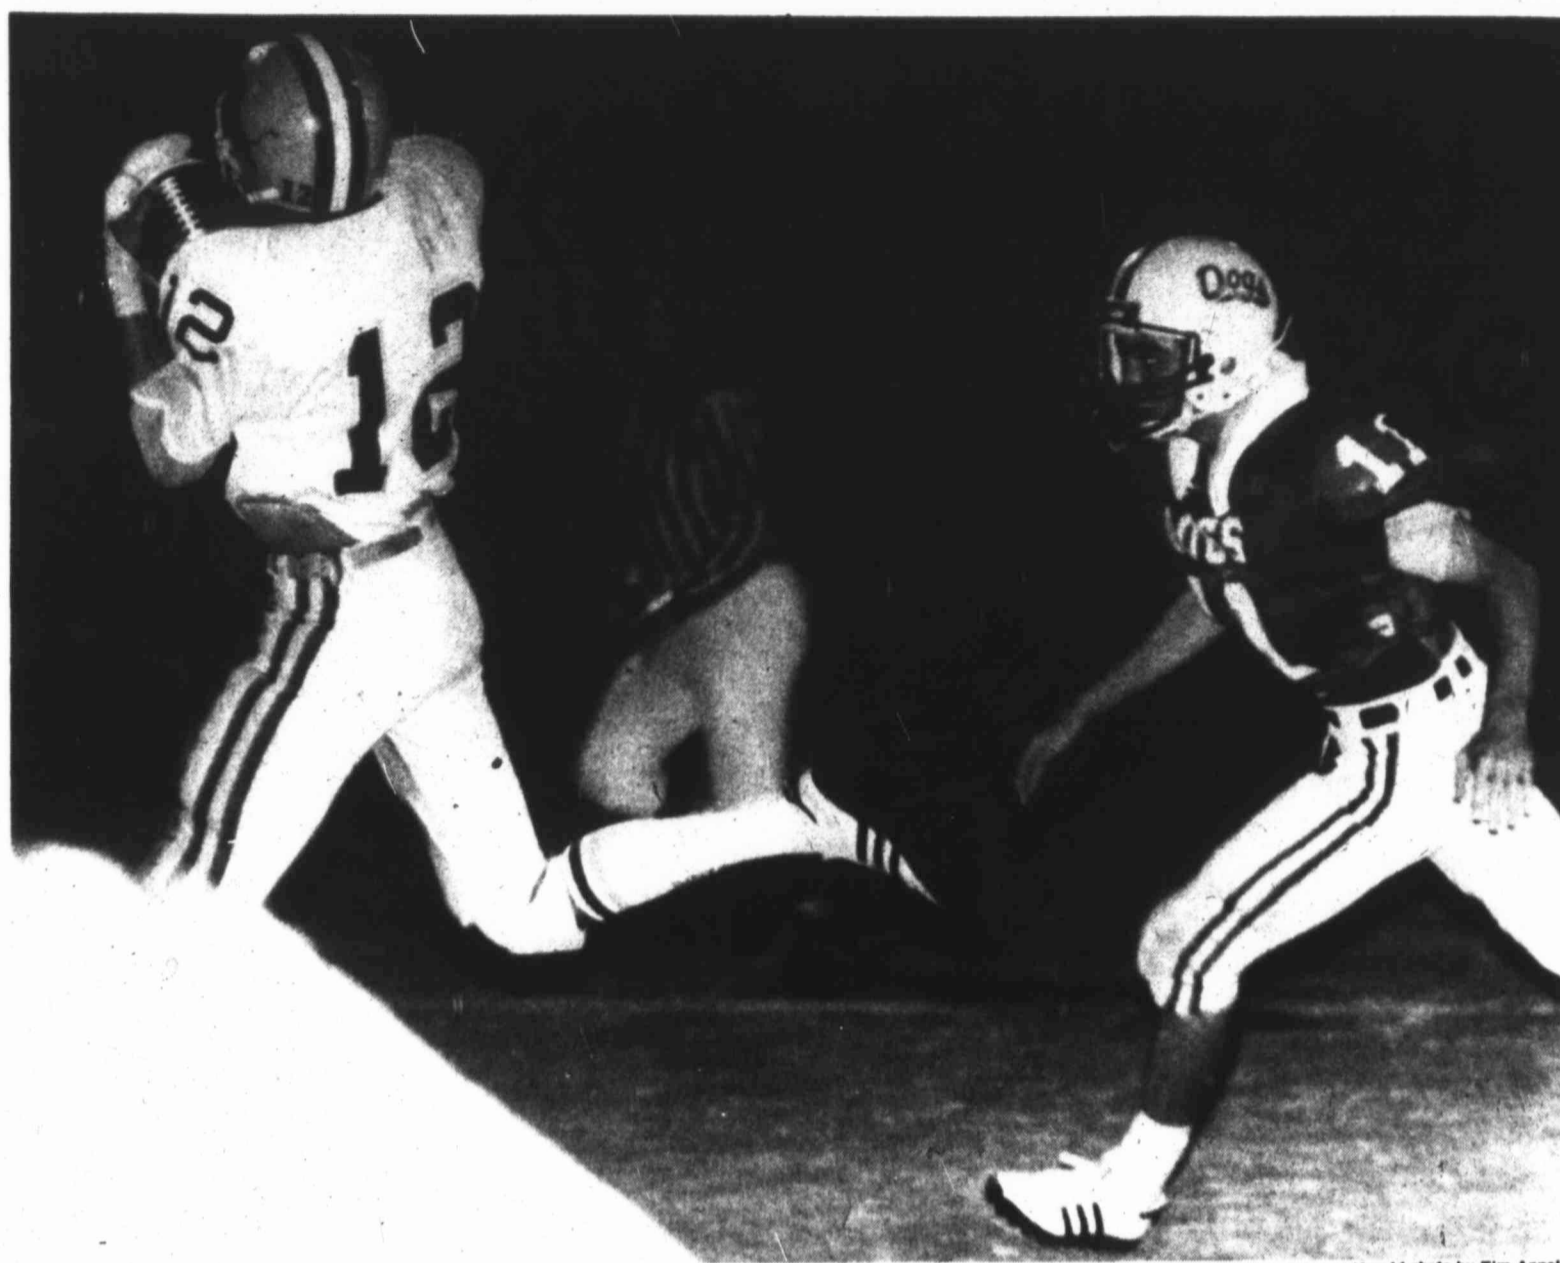

In the third quarter, Chitsey boomed a punt that placed the Broncos deep in their own territory. When Sonora had to give up the ball on a punt, the Wolves found themselves in good position at midfield.

Two runs by Rivera and Chitsey passes to Randle and Hernandez moved the ball to Sonora's 28 yard line. An offside infraction against the Broncos moved the ball to the 23 yard line. Rivera then scampered up the middle for the decisive touchdown. Chitsey's PAT was good.

Sonora tried to come back, but had to settle for a 25 yard field goal from the toe of Scott Miller.

# TCU faces Cougars in showdown

By DENNE H. FREEMAN  
AP Sports Writer

Will success spoil the "smash-mouth" Texas Christian Horned Frogs?

Can they come back to reality after breaking into the Top Twenty for the first time in 22 years?

Can they beat the University of Houston for the first time, EVER?

The next chapter in their amazing Southwest Conference football odyssey is in the Astrodome at Houston on Saturday morning.

The breakfast game is set for 11:30 a.m. in the Raycom SWC television series.

Off to their best start in 26 years, the freshly ranked No. 20 Horned Frogs will be trying to beat the

Cougars for the very first time in nine tries.

TCU, which adopted "smash-mouth" football as their 1984 motto, leads the nation in rushing, total offense and scoring.

And the Frogs have a bowl on their minds.

"Being in the Cotton Bowl would be nice, but after four years of pure hell, it'll be a thrill to be in any bowl besides the toilet bowl," said TCU safety Byron Linwood.

It was Linwood's halftime speech that was credited with TCU rallying last week for a 38-28 victory over Baylor.

TCU is a field goal choice over Houston, which last week was knocked out of first place in the SWC race by Arkansas.

In other games, the No. 2-ranked Texas Longhorns are 14-point picks over Texas Tech in Lubbock; Southern Methodist is a 13-point favorite over Texas A&M at Texas Stadium; Arkansas is a 30-point selection over Rice; and Baylor is a touchdown choice over New Mexico in Waco, the final non-conference matchup of the year.

"We have found we can play with anyone," said TCU running back Kenneth Davis. "There is no goal that's out of our reach right now, except being 11-0."

TCU's only loss was to SMU earlier in the season.

Horned Frog Coach Jim Wacker is wary of the Cougars. "There stands Houston, a super

football team and one that's probably madder than a hornet after their game in Arkansas last week," said Wacker. "When Gerald Landry gets that Houston Veer to humming, it's a sight to behold. He is a magician."

Texas leads the SWC with a 3-0 record, followed by TCU and Houston at 3-1.

Arkansas, SMU and Texas Tech are tied with 2-2 ledgers followed by Baylor 2-3, Texas A&M 1-3 and Rice 0-4.

Bowl officials have been following Texas, TCU, Houston, Arkansas and SMU.

The Aloha Bowl has taken a sudden interest in the Mustangs, but Coach Bobby Collins said his team is in a "must" situation.

## Forsan

Continued from page 1-B

Roscoe's Reed got his team back on the scoreboard in a hurry. He fielded Hay's punt at the 10 yard line, broke three tackles and exploded 90 yards down the sidelines for the touchdown.

The two point conversion failed and the score stood 13-7 at half.

The Roscoe rushing attack pounded the smaller Forsan front line, racking up 329 yards on the ground.

The Roscoe defense was very tough against the run. Hays, who was averaging 121 yards per game, was held to 56 yards in 13 carries.

Forsan did have luck in the air. East completed 6 of 13 attempts for 118 yards. Headrick had two catches in the first half for 50 yards. Morris also had two receptions for 38 yards.

Coach East said the Plowboys were by far the best team Forsan

had faced this year.

"They are just a very good team. We are capable of playing better football, I think the loss will make the kids hungrier."

The loss was Forsan's first of the year in nine games. Roscoe is now 8-1 and 4-0 in district play.
