Received too late for last issue. January 12.—Our farmers are making good preparation for another crop. Some will soon have all their land turned.

The wheat is leoking well regardless of dry weather, but would be much better with a good rain or snow.

As it will soon be time for the official germs to begin to hatch, Bison has one man she would like to offer for the consideration of the people for Tax Assessor- Bro. J.W. Huddleston. He needs little recommendation to the people of Scurry, but we will add that she has no more worthy citizen, he is well qualified to fill the place, and is an old settler having remained true to his country when she was not so strong and prosperous as now.

Bro. Petty filled his regular appointment here Sunday, and delivered an interesting discoure to an appreciative audience both LIVERY and days.
