

# Cannibal Draw boys eat their hats; invite women for 1st time

Women have finally found their place in all-male universities, in the military and in all professions. And now they are going to invade Cannibal Draw.

For several years, the "boys" from Cannibal Draw, or east Big Spring, have been meeting to talk over old times and to catch up on each others' lives. And ever since the idea of a reunion originated, women have been barred from the get-together.

H.M. "Mac" Underwood, originator of the an-

...most reason, said women will be invited to the event for the first time this summer.

Cannibal Draw includes an area from Johnson Street east to the Midway Community and from Eleventh Place (old Lovers' Lane) north to NE 4th St.

Youngsters who grew up in this area more than 50 years ago make up the Cannibal Draw gang.

Underwood said the "boys" of Cannibal Draw decided in 1984 to allow women to attend the next reunion. A vote was taken and the members "decided to invite the girls" by a margin of 65 per-

cent to 35 percent, Underwood said.

"This means that the wives and sisters of all members, plus all the girls who resided in the area before 1936 are invited," Underwood said.

Anyone eligible to attend the reunion who does not have a spouse may bring a guest, Underwood said.

Underwood said almost all of the women who grew up in Cannibal Draw have married. He is asking that these women send him a note with

name (married and maiden) and address. Invitations will be mailed out shortly.

"We don't want any of the girls left out," Underwood said.

The eighth annual reunion will be held at the La Posada Restaurant on Saturday, June 8. Registration and visitation begins at 6 p.m.

Contact Underwood at 1429 E. Sixth St., or call 915-263-0915.

## Who's the ugliest?

Green House bartender Reni Dalton and bar manager Connie Lusk do some promotion work for the Ugly Bartender Contest.

## Stars of bars

### Clubs' ugliest mug title taps tender for charity

By LUIS RIOS  
Staff Writer

Betty Lou's is stepping out Sunday night. Meanwhile, the Green House will be trying to show Big Spring that biggest doesn't always mean best.

Stepping out, biggest and best? What does all this mean?

The two private clubs are among eight in Big Spring participating in the Ugliest Bartender Contest, sponsored by the Multiple Sclerosis Society to raise funds nationwide.

The contest kicked off March 4 when the Ugly agent was chosen and the clubs and bartenders recruited. The contest itself officially began March 11 with a party for the press, managers, sponsors and campaign workers, said Del Austin, the local drive coordinator.

The ugliest bartender doesn't mean an ugly contest but something quite the opposite, Austin said. The letters mean "u" for understanding, "g" for generous, "l" for lovable and "y" for you.

The Brass Nail, a former local club, was the winner in past contests after raising more money than the other clubs. The contest has been held since 1979.

This year the number of clubs participating doubled over last year, Austin said. The clubs include The Green House, Betty Lou's, Amigos, Wildwood Country, Players, Doc Holiday's, The Pump Club, C&C Lounge and The Lamplighter, he said.

Competition among the bartenders, coupled with the generosity of the local businesses, has led to a successful campaign in Big Spring, Austin said.

## New mayor gets baptism of trash ire

By LUIS RIOS  
Staff Writer

COAHOMA — It was baptism by fire for rookie mayor Eleanor Garrett Tuesday afternoon when she faced 50 angry and concerned Coahoma residents in her first official duty as the city's spokesman.

Ms. Garrett actually waived more questions than she could answer on the city's No. 1 problem — whether Coahoma has a trash collection service. She told the crowd gathered at the city's Community Center she did not know enough about the issue to discuss it, and repeatedly she said she was out of line for speaking about the trash collection issue.

The mayor called a special meeting for Monday at 7 p.m. to discuss solely the trash collection dilemma. A citizens' public meeting to discuss the trash collection service, ordinance and contract will be held Saturday at 2 p.m. at the community center.

Problems over the trash collection service began in 1983 when the city entered into a five-year contract with independent contractor

Gerald King.

And after the meeting last night, Jackie King, Gerald's wife, said the couple would not be hauling trash for fear of a lawsuit.

The latest chapter in this saga was written when King received a letter from Waco attorney Brian Pollard of the firm McDonald, Harmon and Malone advising King he would be sued on behalf of the city if he collected trash in Coahoma. The letter was dated April 3.

Steve New, a city councilman who chose not to run for re-election this year, questioned the legality of the move by former mayor Pat Harrison and councilman Lawrence Aberegg, saying Pollard was never retained to represent the city by a vote by the City Council. However, New said in the letter addressed to King, Pollard stated, "This law firm represents the City of Coahoma."

In an open discussion during the meeting, New said Pollard was the attorney representing a small group of citizens opposing trash collection in the city.

## Flurry on Scurry raises Furr on city

By CAROL BALDWIN  
Staff Writer

Crosswalks and flashing amber lights are being placed in a one-block area in front of the Gibson building on Scurry street at the request of owner Herb Gibson.

Gibson, head of the Gibson's Discount Stores chain, said today from his Seagoville, Texas, office that he is leasing the building to the Furr's Supermarkets chain. He said he did not know what the building will house.

At one time the Furr's chain announced it would build a Save and Gain Warehouse Grocery at the site. Plans for that building were delayed.

The area was barricaded Tuesday as city crews went to work on the crosswalks. The barricades will be removed once the crosswalks are in place. The city will not block the area off as once requested by Furr's, according to Decell.

The crosswalks and caution lights were requested by the Furr's chain. Decell said that although city crews are working on the area, Gibson is paying for supplies, equipment, manhours and an additional surcharge for the work.

Temporary barricades along Scurry street in front of the old Gibson's store Tuesday were placed there while city crews installed crosswalks.

"Mr. Gibson visited with me a month ago," Decell said. "He requested that we go ahead with crosswalks and flashing lights" at his expense.

Decell added that Gibson indicated that he had leased the property, but that Gibson "did not tell me" what the building would be used for.

A spokesman at the Furr's headquarters in Lubbock would not comment on plans for the building. She said the company's real estate director, Kathy Komoll, was out of town today and would return Thursday. The spokesman said Ms. Komoll is the only person who can discuss plans for the building.

An employee at the local Furr's Supermarket said she is unaware of any plans to add an additional market in Big Spring. When asked if Furr's is planning a Save and Gain Warehouse Grocery at the site, she said, "We've been hearing that" since the Gibson's store closed two years ago. But she added, "We don't know anything about it."

## I-20 improvements in the fast lane

By SCOTT FITZGERALD  
Staff Writer

A federal highway that passes through Howard County is on the move. Two construction projects are currently underway along Interstate 20 on either side of Coahoma.

"Once the projects are completed, our interstate that serves the county will be in much better shape," said Melvin P. Dorn, maintenance foreman for the State Department Highways Public Transportation office that serves Howard County.

I-20's first construction project began on Dec. 5. A.J. Dean, assistant to supervising resident engineer Joe Smoot, said the project entails rebuilding the interstate from

Coahoma's eastern city limits to the Mitchell County line, a distance of 7¾ miles.

In addition to rebuilding the lanes, two overpasses have been raised and road grading has been lowered in one stretch of the highway. Dean said the McGregor and E. Howard road overpasses have been raised three feet. The interstate's road grading beneath the Snyder Field overpass has been lowered three feet, he said.

Work is expected to be completed by October, Dean said.

A second construction project that began on March 6 calls for rebuilding I-20 from Coahoma to FM 700, a distance of 8½ miles.

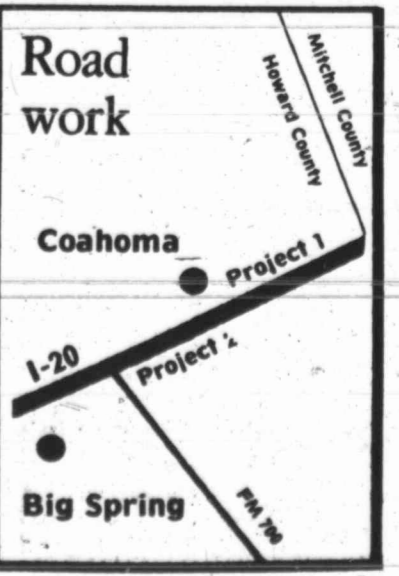

"This job will start at FM 700 and go to the

east side of Cosden, just west of Midway road," Dean said.

"We're moving a concrete rail barrier from Sweetwater to the project now. The plans say to reconstruct the grading structure base surface for safety and road improvements. That means we're going to rebuild the lanes and detour the traffic," Dean said about the project.

The rail barrier is expected to be inserted in two to three weeks, Dean said, and drivers should be on the lookout for temporary detour signs that will reroute traffic. Work is expected to be completed by August 1986.

Both projects should cost a little over \$15 million, Dean said.

## 'Nude' policeman rehired

NEW YORK — A police officer removed from her job two years ago for posing nude in a magazine was ordered reinstated Tuesday with back pay by an appeals court.

The state's Appellate Division, by a 3-to-1 vote, said the May 11, 1983, dismissal of Cibella Borges "should be vacated and annulled on the law without costs" and she should be reinstated to the force and given back pay to that date.

Miss Borges, 27, was fired for posing nude in a magazine called "Pub" nine months before she became a police officer. During her time as a police officer, her professional performance was judged "above standard" or "well above standard" by her precinct supervisor.

When told by a reporter that the court had ruled in favor of Ms. Borges, Mayor Edward I. Koch commented, "That's why we have courts. She's made her case. She's entitled to the relief the courts give her."

## Charity album sales soar

LOS ANGELES — The "We Are the World" album aimed at helping hunger relief efforts made its debut at No. 9 on the Billboard album charts and sold 500,000 copies in its first week of release, a Billboard editor says.

The leap into the Top 10 "is incredible — particularly so when you consider that not all the dealers we polled had the album," Tom Noonan said Tuesday.

Noonan said the last previous record to debut at No. 9 on the magazine's album chart was Bruce Springsteen's "Born In The USA," in June 1984. That album quickly went to No. 1, and "hasn't been out of the top four for 44 weeks," Noonan said.

Other top-selling albums, such as Michael Jackson's "Thriller," and Prince and the New Power Generation's "Love Symbol Album," debuted at the No. 11 spot, Noonan said.

## Teen dies in avalanche

ST. LOUIS — Two boys playing on a 100-foot-high sandpile were buried in an avalanche of dirt, but rescuers who worked for five hours on the shifting sands managed to save one of the youngsters.

Darren Ellis, 12, was reported in good condition at a hospital after Tuesday's rescue at an industrial site in the south side of St. Louis. The slide killed Timothy Douglas Murphy, 16, whose father, Edgar, watched the efforts to save the boys.

"They came down here to ride their bikes, and the next thing I knew, there was somebody banging on my door saying there was a cave-in," the elder Murphy said.

The boys were buried at about 1 p.m., authorities said, and Darren was not pulled free of the sand until about 6 p.m. The younger Murphy's body was found under him.

## O'Neill delivers Reagan letter to Gorbachev

MOSCOW (AP) — Four U.S. congressmen led by House Speaker Thomas P. O'Neill met with Soviet leader Mikhail S. Gorbachev for nearly four hours today and said Gorbachev seems sincere in his first arms control statement.

Robert Michel, leader of the Republican minority in the House of Representatives, said he saw a "good omen" for chances of a U.S.-Soviet summit.

The congressmen said they delivered a personal letter to Gorbachev from President Reagan, but declined to discuss its contents.

The unusually long meeting marked the first time Gorbachev received a U.S. delegation since the funeral of his predecessor, Konstantin U. Chernenko, on March 13.

O'Neill, D-Mass.; Michel, R-Ill.; Silvio Conte, R-Mass., and Dan Rostenkowski, D-Ill., met Gorbachev in the general secretary's Kremlin offices, in a secluded building behind the wall that flanks Red Square.

O'Neill told a news conference later the talk lasted three hours and 43 minutes, more than twice the usual length of such conversations in the past.

Reading a prepared statement, O'Neill said the talks ranged over arms control, trade, human rights and regional issues and "highlighted many significant differences between our members and their officials on these issues."

"We did not hear any major changes in Soviet policy with respect to these issues," he said. "Yet we were able to present our concern and reservations about

Soviet policies in detail. The Soviets in turn expressed their concerns about our policy."

O'Neill and Michel, declined to describe the conversation with Gorbachev in detail.

But O'Neill said it touched on arms control "fully and frequently," including Gorbachev's first comments on the issue — made Monday in an interview with the Communist Party daily Pravda.

Asked if he thought Gorbachev was sincere in announcing a freeze on Soviet deployment of medium-range missiles in Europe through November and his call for substantial cuts in nuclear weapons, O'Neill said:

"I like to believe that the secretary-general (of the Communist Party) was speaking his mind, his heart and his feeling for world peace. I don't want to look at it as propaganda."

Michel said the two sides disagreed on specific arms control issues, including the numbers of weapons now deployed by the Soviet Union. But he said they also expressed hopes for an agreement at the Geneva arms talks on nuclear and space weapons.

"Publicly, things are said that are somewhat modified in private eventually," he said.

Michel said Gorbachev told the congressmen he was "looking forward to a full response" from Reagan to the letter Gorbachev wrote in response to Reagan's invitation to a summit in the United States.

He said Gorbachev added that he hoped "eventually the two would get together."

## Madrid OKs proposals

MEXICO CITY — Mexican President Miguel de la Madrid, who has disagreed strongly with President Reagan about U.S. policy in Central America, says new proposals by Reagan could help bring peace to Nicaragua.

In a partial endorsement Tuesday to Reagan's proposal for ending the fighting in Nicaragua, De la Madrid said the American overture "could constitute a step forward in the solution of this delicate conflict."

A communique from de la Madrid's office said the two presidents discussed the situation in Central America by telephone Monday. It said the conversation concentrated on Reagan's proposal for a cease-fire in Nicaragua and a 60-day moratorium on U.S. aid to purchase arms for opponents of the leftist Sandinista government.

Reagan made the proposal last Thursday as he urged Congress to release \$14 million to the U.S.-supported Contras, the anti-Sandinista rebels based in southern Honduras.

## Japan to boost imports

TOKYO — Japanese business officials today reacted to their government's plan to boost imports with both agreement and bitter criticism, with one banker charging the United States was trying to force its way of life on Japan.

In announcing the three-year plan Tuesday, Prime Minister Yasuhiro Nakasone gave few details. But it appeared the package would satisfy some U.S. demands for greater access to Japan's huge telecommunications market, as well as its medical equipment and electronics markets.

The package came after the U.S. Congress threatened retaliation for a \$37 billion U.S. trade deficit with Japan last year.

Noboru Goto, president of the Japan Chamber of Commerce and Industry, said: "Considering feelings against Japan, it is necessary for every sector to fully open its markets."

## Sakharov may resign

LONDON — Soviet dissident Andrei D. Sakharov's threat to resign from the prestigious Soviet Academy of Sciences indicates his "desperation," the chairman of an international conference on human rights in the Soviet Union said today.

Sakharov, a soviet physicist and nuclear weapons pioneer, had threatened to resign from the Academy of Sciences on May 10 "if his fellow academicians will not help him and his wife," Efrem Yankelevich, the husband of Sakharov's stepdaughter, told the Fifth Annual Sakharov Hearing today.

Sources in Moscow, who spoke on condition of anonymity, said last month that the 63-year-old rights activist had written a letter to the academy threatening to resign. The sources had said the academy board would meet this month to discuss the letter.

## Suspect said he was beaten, ordered to sign confession

MEXICO CITY (AP) — A key suspect in the kidnap-killing of a U.S. drug agent, charged with violating several federal laws, told a judge at his arraignment that he had been tortured and forced to sign a confession.

"The signature is mine, but the statements are false," said Rafael Caro Quintero. He was kept behind bars during all of the 14-hour court hearing on Tuesday.

Meanwhile, Elsa Valencia, a spokeswoman for the Mexican Attorney General's office said a man authorities believe to be

Mexico's top drug trafficker was arrested Tuesday with 23 other people in the Pacific coast resort of Puerto Vallarta.

She identified the man as Ernesto Fonseca, 60. Fonseca and the others, who were not identified, were turned over to the army and then transferred to Mexico City, where they were being held at an undisclosed location, she said.

A large quantity of weapons also was seized, she said. Officials did not provide further details.

# Farmer testifies against N-dump

*Hudspeth Co. man warns of dangerous waste dumping*

AUSTIN (AP) — A farmer-rancher has warned a Senate committee that a proposal to locate a low-level radioactive dump site in Texas could lead to the dumping of more dangerous nuclear wastes in the state.

James Lynch of Hudspeth County, his daughter Bonnie, and others opposed a bill that would favor location of a low-level dump on state-owned land.

Supporters included a spokesman for McMullen County in South Texas, which has been considered for a disposal site, and the Nueces River Authority.

Rick Jacobi of the Texas Low-Level Radioactive Waste Disposal Authority said that of 750,000 acres of "available" state or university land, 500,000 acres are in Hudspeth County.

Lynch said Hudspeth County geological formations in the area are "porous," making them "subject to sinkholes that form an easy pathway to contamination of the aquifer."

"Choosing university or state land for a dump site does not guarantee the best site," said Lynch. He predicted that a low-level site "would graduate to high-level."

Rep. Hugo Berlanga, D-Corpus Christi, and Sen. John Traeger, D-

LARRY DON SHAW

Seguin, presented the House-approved bill to the Senate Health and Human Resources Committee, which left the measure pending.

Berlanga said the bill would delay licensing of a low-level dump site for 2½ years, which would allow the 1987 Legislature to review licensing regulations, and would prohibit location of a site within 20 miles of a reservoir.

He called the proposal a "very delicate" compromise, and Traeger said, "The word might be fragile."

Rep. Larry Don Shaw, D-Big Spring, compared the proposal to an egg, and said if the Legislature "passes as it is," and an unsuitable site is selected, "the egg will break in the courtrooms of this state and break very easily."

Shaw said, "Politically, the easiest way to go is state or university lands."

Traeger, obviously referring to Shaw, said in his 11 years in the Senate "this is the first time I've seen a House member come over here and testify against a bill."

Ms. Lynch, representing Alert Citizens for Environmental Safety, said the bill "actually limits" a low-level nuclear dump site "to state and university lands."

She said she would prefer a bill that banned burial of low-level wastes and did not give preference to state land.

"I don't think that section of the bill was based on technical criteria," she said. "It's politics."

"Politics?" asked Sen. Craig Washington, D-Houston.

"There are fewer folks in West Texas," she replied.

# Bankruptcy stuns Texas firms

By The Associated Press  
Four Texas financial institutions are among more than 60 across the nation caught by surprise when a New Jersey government securities dealer sought refuge in federal bankruptcy court.

Of the four Texas firms, Vernon Savings & Loan Association of Vernon, about 50 miles northwest of Wichita Falls, is the largest creditor with \$10.5 million at stake.

The others are Government Employment Credit Union of San Antonio, Hi-Plains Savings & Loan

Association of Hereford and Mainland Savings & Loan in Houston.

Pat Malone, president of the Vernon bank's Dallas division, said his firm holds \$10.5 million in U.S. Treasury securities through Bevil Bresler & Schulman Asset Management Corp. and "we are taking legal remedies now to get those securities returned to us."

"We feel there will be, if any, a minimal loss that will occur," he said. "If there were to be a loss, it wouldn't have a material impact

on the net worth of Vernon Savings & Loan Association."

The bank's net worth is in excess of \$39 million, and the firm is federally insured, he said.

SEC regional administrator Ira Sorkin in New Jersey said some Asset Management creditors thought they were dealing with the parent firm, which is federally regulated, but actually were dealing with Asset Management, which is not.

Malone said his firm was in the same boat.

# Group delays water district in Martin Co.

Harte-Hanks Austin Bureau  
AUSTIN — A House committee temporarily is delaying a proposal to create a Martin County underground water conservation district until some technical problems can be cleared.

Rep. Jim Rudd, D-Brownsfield, bill sponsor, made the delay request to the House Natural Resources Committee Tuesday night.

According to an aide, one of the problems concerns an old, inactive district created in part of the county in 1951.

A spokesman for the Texas Department of Water Resources said, "there's got to be some work done to get the bill phrased correctly to abolish the old district. We are helping redraft some of the language to effectively abolish it."

An aide said she was not sure when the district election would be held if approved by the Legislature, although there had been some discussion of a November 1985 date.

# Cauble injunction challenged

REX CAUBLE

Staff and wire reports  
**NEW ORLEANS** — Lawyers for Texas millionaire Rex Cauble, imprisoned at the Big Spring Federal Prison Camp after his conviction of running a marijuana smuggling ring, have asked a federal appeals court to cancel an order that a court-appointed manager be named to run a company seized from Cauble.

The three-judge panel of the 5th U.S. Circuit Court of Appeals took the plea under consideration with no indication of when it will rule.

U.S. Justice Department lawyer Sara Criscilelli said the June 8, 1984, order that a manager be appointed for Cauble Enterprises, along with an injunction that Cauble be barred from any further connection with the company, was a necessity.

"Certainly the district court has got to do something to prod this thing on because otherwise we are just going to be paying out legal fees for the rest of eternity," she said.

The company manages property valued at up to \$20 million. When Cauble, of Denton, was convicted in U.S. District Court in Tyler, Texas, on Jan. 28, 1982, of violating the Racketeer Influenced and Corrupt Organizations Act, the government also seized what he said was his share of the company — 31 percent. Cauble drew a 5-year sentence.

Fourth-place city council candidate D.D. Johnston decided late Tuesday afternoon to forego a recount of Saturday's election results, according to city officials.

Only 25 votes separated Johnston, a Big Spring contractor, and incumbent Russ McEwen in the official tally, according to City Secretary Tom

Ferguson. According to Ferguson and McEwen, Johnston told them Tuesday afternoon that he would not ask for a recount.

"I'm pleased. I'm relieved," said McEwen Tuesday night, when asked about his reaction to Johnston's decision.

Spring on June 22, 1984.

Samuel Buffone, a Washington lawyer for Cauble Enterprises, contends that the court erred because the appointed manager would have authority over 100 percent of the company instead of 31 percent.

Buffone asked the court to reverse the appointment order and send the case back for further hearings.

"In other words, you want inter-minal delay," said Judge Sam Johnson, of Austin, Texas.

"What we want is to establish what our interests are under state law," Buffone said.

Cauble was also found guilty of misapplication of bank funds and violations of the Travel Act.

# If you want to save energy, you need to take control.

Over the years, the electric company has helped you conserve energy in lots of ways. We've helped with tips on things you could do yourself — all the way from caulking and weatherstripping, to installing just the right amount of insulation for your home.

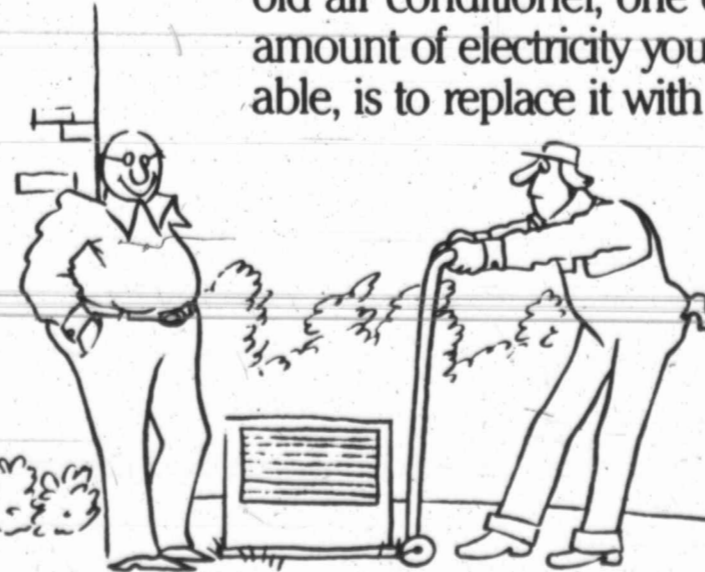

Now you can take even more control. The electric company has information

that shows you the cost of operating your electric appliances. And knowing what electricity costs makes it easy for you to decide how much to use. There are also tips on many other ways to use energy wisely, like maintaining the most economical setting for your thermostat.

And remember, when it comes time to replace your old air conditioner, one of the best ways to control the amount of electricity you use, and still stay cool and comfortable, is to replace it with one that's more energy efficient.

Your electric company has lots of helpful information available. Take control and get things running your way.

Dear Abby

## Religious beliefs causes family split

**DEAR ABBY:** Our only daughter, "Sally," lives in a beautiful home 400 miles from us, but her husband, "Joe," has forbidden us to visit her in their home.

I finally wrote Joe a long letter addressed to his office (he's a successful surgeon), telling him that I thought we were entitled to come for a visit. He returned the letter on which he had scribbled, "Tell it to Dear Abby," so that's what I'm doing.

My husband is a Christian church minister — Disciples of Christ — so we sent Sally to a good Bible college, hoping she would marry a fine ministerial student. Instead she met Joe, an

Episcopalian. They fell in love, and he won her over to his church. They were secretly married after graduation and we ceased all communication with Sally for several years. Last year she let us know we were grandparents.

Abby, they had our grandson christened in the Episcopalian church, and we know from the Scripture that all must be baptized by immersion to be saved, so my husband told them they had condemned our grandchild to hell. After that they broke off all communication with us.

In your column you have said that grandparents have the right to see their grandchildren. How do we

go about enforcing those rights? **CUT OFF IN VIRGINIA**  
**DEAR CUT OFF:** There is a right that outranks grandparents' rights — it's the constitutional right under the First Amendment that grants every citizen freedom of religion. That means the right to worship (or not worship) according to one's own conscience. Your daughter, an Episcopalian, baptized her child in accordance with the rules of that church, so for you to accuse her of condemning her child to hell because your religion differs from hers is an insult.

Until you respect your daughter's right to religious freedom, forget about your "rights" as a grandparent. You have none.

## Spring forecast calls for fun recipes

By KIM KIRKHAM  
Lifestyle Writer

The 1985 spring forecast calls for lots of happy faces with fun recipes for the season.

Big events for spring, including graduation, weddings, showers and Mother's Day, call for special recipes developed for a crowd.

In an uncertain world some things remain reassuringly the same. Americans of all ages, in all types of weather, go for ice cream — especially if it's in a sundae. Rainy Days and Sundaes creates an umbrella theme for a variety of springtime entertaining ideas.

### ORANGE CHOCOLATE CHIP COOKIES AND CRUNCH

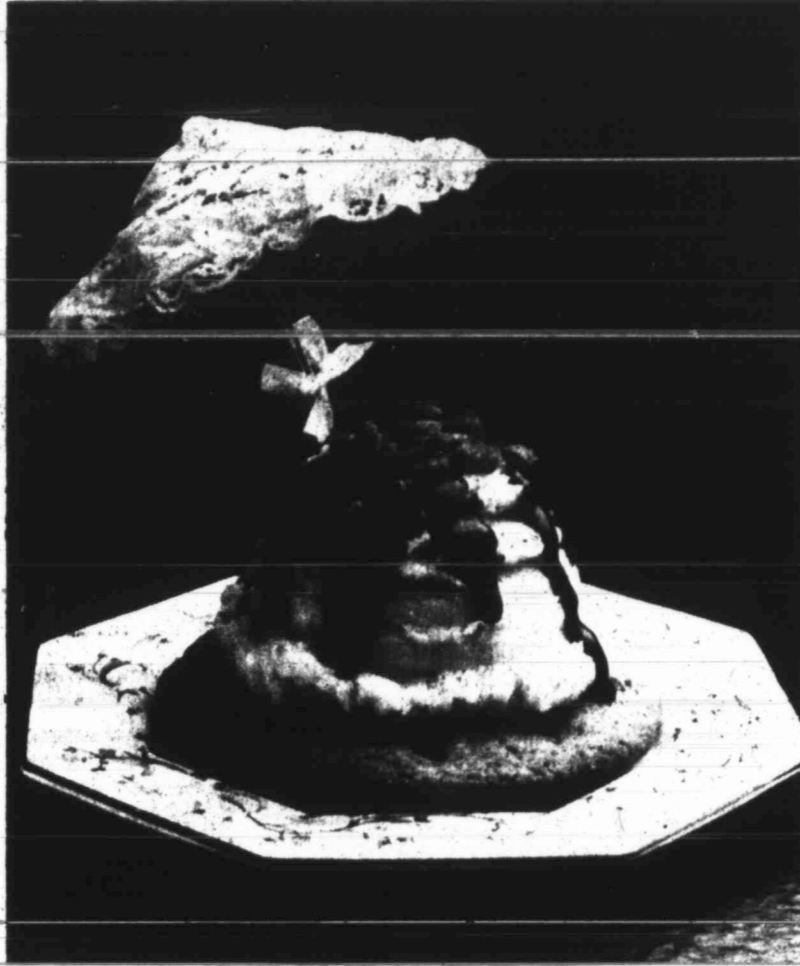

1 pkg. chocolate chip cookie mix (2 pouches)  
2 Tbsps. margarine or butter, softened  
2 eggs  
2 tps. grated orange peel  
2 cup packed brown sugar  
1 cup chopped walnuts  
1 gallon vanilla ice cream  
1 jar (18.5 ozs.) butterscotch or chocolate ice-cream topping  
Mix cookie mix, margarine, orange juice and eggs until moist; reserve 1 cup of the dough. Stir orange peel into remaining dough. Cover and refrigerate until chilled, 2 to 3 hours.

Heat oven to 375 degrees. Mix brown sugar and walnuts into reserved dough with hands. Spread in ungreased jelly roll pan, 15 1/2 x 10 1/2 x 1 inch. Bake until golden brown, about 4 minutes. Cool 2 minutes; break into small pieces.

Divide dough into halves. Roll each half 1/4 inch thick on lightly floured cloth-covered board. Cut into 3-inch circles. Place about 1 inch apart on ungreased cookie sheet. Bake until light brown around edges, 6 to 8 minutes; cool. Place each cookie in dessert bowl. Place 1 scoop ice cream on each cookie. Top with ice-cream topping and sprinkle with crunch. Makes 24 to 28 servings.

### PINEAPPLE SUNDAE-STYLE DESSERT

1 pkg. pineapple upside-down cake mix and topping  
1/4 cup margarine or butter  
1/4 cup chopped nuts  
1 qt. vanilla ice cream, slightly softened  
1 Tbsp. cornstarch  
1/4 cup chopped nuts

**COOKIES OR SUNDAES?** — When forced to choose between two tempting desserts like chocolate chip cookies or a sundae, choose both. It's called Orange Chocolate Chip Cookies and Crunch.

Heat oven to 350 degrees. Drain pineapple, reserving syrup. Cut margarine into cake mix (dry) until crumbly. Stir in 1/4 cup nuts. Spread evenly in rectangular pan, 13x9x2 inches. Bake 10 minutes; stir. Bake until golden brown, 10 to 15 minutes longer. Stir; cool completely. Spread about 1 1/2 cups of the crumbly mixture evenly in square pan, 9x9x2 inches. Layer half of the ice cream, the pineapple and 1 cup of the crumbly mixture in pan. Top with remaining ice cream and sprinkle with remaining crumbly mixture. Cover and freeze until firm, at least 4 hours.

Mix topping mix and cornstarch in 1-quart saucepan. Add enough water to reserved pineapple liquid to measure 1/2 cup. Gradually stir into cornstarch mixture. Heat to boiling, stirring constantly. Boil

and stir 3 minutes; remove from heat. Stir in 1/4 cup nuts. Spoon sauce over each serving. Makes 9 servings.

### CHERRY RIBBON SUNDAES

1 pkg. one-step white angel food cake mix  
1 pint ice cream (vanilla, chocolate or cherry chip), slightly softened  
1 can (16 ozs.) pitted red tart cherries  
1 cup sugar  
3 Tbsps. cornstarch  
1/4 tsp. almond extract  
1/4 cup toasted sliced almonds

Heat oven to 350 degrees. Prepare cake mix as directed on package except — divide batter between 2 ungreased loaf pans, 9x5x3 inches. Bake until tops are deep golden brown and cracks feel

dry, 45 to 50 minutes. Do not under-bake. Immediately invert pans; cool cakes completely. Remove cakes from pans; freeze 1 cake for future use. Carefully split remaining cake horizontally to make 2 layers. Fill with ice cream. Wrap and freeze until firm, at least 4 hours.

Drain cherries, reserving liquid. Add enough water to reserved cherry liquid to measure 1 1/4 cups. Mix sugar and cornstarch in 1 1/2-quart saucepan. Gradually stir in cherry liquid. Heat to boiling, stirring constantly. Boil and stir 1 minute; reduce heat. Stir in cherries; heat through. Remove from heat; stir in almond extract.

Cut filled cake into slices. Spoon warm cherry sauce over each slice. Sprinkle with almonds. Makes 8 to 10 servings.

### CHOCOLATE ANGEL ROLL

1 pkg. one-step white angel food cake mix  
Powdered sugar  
2 cups milk  
2 pkgs. (4 ozs. each) instant chocolate pudding and pie filling  
1 cup chopped pecans  
2 chocolate-coated toffee candy bars, chopped  
1 container (8 ozs.) frozen whipped topping, thawed  
2 Tbsps. chocolate-flavored syrup  
Pecan halves

Heat oven to 350 degrees. Prepare cake mix as directed on package except spread half of the batter in each of 2 ungreased jelly roll pans, 15 1/2 x 10 1/2 x 1 inch. Bake until light golden brown, 20 to 25 minutes. Cool 10 minutes. Loosen cakes from edges of pans; invert on towels generously sprinkled with powdered sugar. Trim off stiff edges of cakes. While hot, carefully roll each cake and towel from narrow end. Cool on wire rack.

Beat milk and pudding and pie filling (dry) until blended. Stir chopped pecans and candy into pudding mixture. Reserve 3/4 cup of the whipped topping. Fold remaining whipped topping into pudding mixture. Unroll 1 cake; remove towel. Spread half of the pudding mixture over cake; roll up. Repeat with remaining cake. Drizzle half of the chocolate-flavored syrup

over each cake roll. Spoon reserved whipped topping onto top of cakes. Garnish with pecan halves. Refrigerate at least 1 hour. Cut into slices (electric knife works best). Makes 2 cake rolls.

Note: rolls can be frozen loosely covered up to 2 weeks. Before serving, cut into slices; let stand 20 minutes.

### TOASTED PECAN PARTY CAKE

1 cup chopped pecans  
1 pkg. white cake mix  
1 1/2 cups water  
1/2 cup vegetable oil  
3 egg whites  
1/2 cup red raspberry preserves  
1 tub vanilla ready-to-spread frosting  
Yellow, green and red food colors  
4 pecan halves

Heat oven to 350 degrees. Spread chopped pecans evenly in ungreased square pan, 9x9x2 inches. Bake uncovered until light brown, 10 to 12 minutes; cool. Grease and flour rectangular pan, 13x9x2 inches. Blend cake mix (dry), water, oil and egg whites in large bowl on low speed, scraping bowl constantly, about 30 seconds. Beat on medium speed-scraping bowl occasionally, 2 minutes. Stir in chopped pecans. Pour batter into pan; spread evenly.

Bake until cake pulls away from sides of pan and springs back when touched lightly in center or when wooden pick inserted in center comes out clean, 30 to 35 minutes. Cool 10 minutes. Remove from pan; invert onto wire rack. Spread top of cake with preserves; cool completely. Tint 1/4 cup of the frosting with one or 2 drops yellow food color. Tint 1/4 cup of the frosting with 1 or 2 drops green food color. Tint remaining frosting pink with 2 or 3 drops red food color. (Keep all frostings covered to prevent drying.) Place cake on serving tray. Frost sides of cake with pink frosting.

Fit open star top #20 into decorating bag. Divide cake into 24 servings by piping yellow, green and pink frosting in alternating colors in 5 rows crosswise and 3 rows lengthwise. Pipe border around top edge and base of cake with pink frosting. Place 1 pecan half in center of each serving.

### STREUSEL NUT CHEESECAKE

1/2 cup firm margarine or butter  
1 pkg. golden pound cake mix  
1/2 cup chopped pecans  
1 tsp. ground cinnamon  
2 pkgs. (8 ozs. each) cream cheese, softened  
3/4 cup sugar  
1 tsp. sugar  
2 eggs  
1 can (21 ozs.) cherry pie filling

Heat oven to 350 degrees. Cut margarine into cake mix (dry) until crumbly. Stir in pecans and cinnamon. Reserve 1 cup of the crumbly mixture. Press remaining crumbly mixture on bottom and about halfway up side of springform pan, 9x3 inches. Beat cream cheese, sugar, vanilla and eggs on medium speed until almost smooth. Pour about 1 1/2 cups cream cheese mixture into pan; spread evenly. Sprinkle with reserved crumbly mixture. Carefully spoon remaining cream cheese mixture over crumbly mixture; spread evenly. Bake until center is firm, about 50 minutes. Cool 30 minutes.

Spread pie filling over cheesecake. Refrigerate at least 3 hours. Let stand at room temperature 10 minutes before serving. Loosen edge of cheesecake with knife before removing side of pan. Garnish with whipped cream and chopped pecans if desired. Refrigerate any remaining cheesecake. Makes 16 servings.

### PECAN PIE BARS

1/2 pkg. chocolate chip cookie mix (1 pouch)  
1/2 cup sugar  
3/4 cup dark or light corn syrup  
1 Tbsp. margarine or butter, melted  
2 eggs  
1 1/2 cups pecan halves

Heat oven to 350 degrees. Prepare cookie mix as directed on package for 3 dozen cookies except — press dough evenly in ungreased rectangular pan, 13x9x2 inches. Bake 20 minutes. Beat sugar, corn syrup, margarine and eggs until blended. Stir in pecans. Pour over baked layer. Bake until topping is dark golden brown, 25 to 30 minutes. Loosen edges from sides of pan while warm. Cool; cut into bars, about 2 1/4 x 1 inch. Makes 48 bars.

## Guests may be unsuspecting victims of UGS

What's worse than having a party that no one attends? It just may be throwing a party where the guests never leave, or are too loud, or just are plain obnoxious. They may not realize it, but your guests may be the unsuspecting victims of UGS — "Ungracious Guest Syndrome."

According to Beverly Anderson, one of America's consummate hostesses, UGS is a common affliction among today's party-goers who have grown up believing that they are invited to gatherings to be wined, dined and entertained without owing any reciprocating efforts on their part. Or conversely, they take it upon themselves to be the "life" of the party, upstaging the host or hostess, and frequently making a nuisance of themselves.

While ignorance is bliss in some cases, Anderson firmly believes that this situation is one which merits re-education on the basic "ABCs" of entertaining.

"Party guests have a very important responsibility to the host or hostess, for it is an honor to be invited to someone's home for any occasion," says Anderson. "One should show his or her gratitude by remembering their ABCs: always be Appropriate, in dress and attitude; Behave like a responsible human being; and be Considerate of your host or hostess."

These "ABCs" of entertaining are nothing new to Anderson, who has hosted sumptuous soirees for scores of celebrities. Fashion designer Oscar de la Renta, author James Michener and actress Joan Fontaine are but a few of the big names whose palates have been graced by Anderson's innate culinary talents. In between hosting her many parties and writing eight cookbooks, two of which were listed by the New York Times as "Best Books of the Year", Anderson has been traveling across the country as a party consultant for Southern Comfort, a "spirited" and versatile drink and food addition to many of her favorite recipes. She also finds time to model professionally in her hometown of Denver.

"While guests have responsibilities to the host of a party, its success does not solely lie on their shoulders. The host must also work toward making the get-together a delightful one for all," says Anderson.

One of the major hindrances plaguing many a host/hostess is te-

**LIFE OF THE PARTY** — Do you often find yourself in this situation? Then you may be a victim of "UGS" — Ungracious Guest Syndrome.

"Time Trap," where precious moments before and during a party are wasted by attending to details that could've been dealt with earlier. Whenever possible, Anderson suggests, dishes should be planned and prepared several days in advance and frozen. Then they're ready to pop in the oven right before the guests begin to arrive.

"My best time-saver of all is to serve one or two punches at a party. My favorite, Patio Punch, is ideal because it only takes a few minutes to whip it up from scratch and it incorporates a versatile liquor, Southern Comfort, which adds a smooth, delicious taste,"

says Anderson. "UGS" is a common affliction among today's party-goers who don't follow the ABCs of entertaining.

In addition to ease-of-preparation, Anderson says that punches encourage guests to mingle more near the serving bowls, frees the host/hostess from laborious bartending duties, and greatly reduces the cost of a fully-stocked bar.

"But don't forget that the key to a successful get-together is a well-planned guest list. It's important that your guests feel comfortable with each other," says Anderson. "But don't let that hinder you from inviting an eclectic group of people. Diverse personalities and backgrounds are the makings of the best parties."

**Men don't escape osteoporosis**

DEAR DR. DONOHUE: I'm a 70-year-old man in good health. I get an annual checkup to confirm that fact. My doctor always expresses satisfaction, and I think he takes personal credit, since he's been my doctor for 30 years. But my question involves osteoporosis. The doctor asked me if I drink milk. He wants me to get some to avoid osteoporosis. He says it's good that I keep active physically, because that helps avoid it. I had heard of osteo as a woman's complaint. I guess we men don't get away scot free, do we? — K.W.

**Adele Tibbs tells legends of Easter flowers**

The program "Flowers of Easter" was presented by Adele Tibbs at the Planters Garden Club meeting in the home of Mildred Murphy, April 3.

According to Mrs. Tibbs, several flowers are regarded as flowers of Easter, among them are the Passion flower, the Dogwood, and the Easter lily. The acme of Spring's message of life is reached with Easter and the white Easter lily.

A legend claims that the red lily of the Caucasus, the Crown Imperial, was white until Christ walked in Gethsemane. Long before the Christian era, people were entranced with the beauty and regal majesty of this lily that they thought of it as a flower only for kings and rulers and named it "Crown Imperial."

Legend has it that as Christ passed on his way to Calvary, all living things along the way bowed their heads in respect and admiration — all things with the exception of the proud "Crown Imperial," which was too proud to pay homage to the Saviour.

Following the crucifixion, these lilies were so ashamed that they bowed their heads in silent reverence, and have remained bowed to this day. If one looks into the nectaries of these nodding flowers, their tears of shame may be seen.

Fannie Wilkinson and Neva Clinkscles received awards from the president of District I Garden Clubs at the convention held in March. The convention and the tea, Trash and Treasure Sale, style show and dinner were considered successful by the members.

**Cecelia McKenzie to speak at Thursday meeting**

Cecelia McKenzie, director of Rape Crisis Services, will speak at the National Association of Retired Federal Employees meeting Thursday at Kentwood Center.

The meeting will be at 9:30 a.m. Mrs. McKenzie will tell about the Rape Crisis Services, its most important service to the community, and how one can assist in its development.

The public, retired federal employees and members may attend the meeting.

osteoporosis. One is the kind seen in postmenopausal women. For this kind, a lack of estrogens is the imputed cause. Effects begin to be noticed 10 to 15 years after menopause.

In it, certain bones become brittle and collapse, especially weightbearing ones, most especially the backbone. Previously capable of supporting the body's weight, they now are unable to do so. A special kind of fracture develops — a stress fracture, caus-

The other kind of osteoporosis is called "senile" osteoporosis. Here, the bone thinning comes as a consequence of age itself. The bones get brittle, and to the point where the slightest trauma (bump, etc.) can fracture them.

The hipbone is the most vulnerable. Again, women outnumber men in this category of osteoporosis, but not nearly so dramatically as in the other kind. And this type appears later in life, after the 70s.

Men do well to take some of the

same steps recommended for women to avoid osteoporosis. The milk idea is a good one, especially if you have a low calcium intake. You need between 1,000 and 1,500 milligrams a day. You get about 350 mgs. in a glass of skim milk. If you don't get outside much, you probably also need some Vitamin D supplement to make up for what you aren't getting from sun rays.

And the more you can exercise the stronger your bones will stay. Congratulations on your good health

I would like to take this opportunity to thank everyone who supported me during this election.

I appreciate the confidence you have shown in me and I will do my best.

# City awards trash baler contract

By KEELY COGHLAN  
Staff Writer

Call it Decell's Mountain. In 38 years, the city skyline will include a new, 50-foot peak at the landfill, the result of a municipal trash disposal system that will allow trash to be baled and stacked.

After canvassing votes and swearing in new council members Gary Don Carey, Johnny Rutherford and re-elected incumbent Russ McEwen, the city council Tuesday night awarded a contract for the new baling system.

Council members accepted the apparent low bid from Logemann Brothers Co. of Milwaukee, Wis.

Cost for the baler system, including three alternate bids for a conveyor system, a control room cab and an auto transformer starter for the main pump motor, came in significantly under budget, Decell said.

The total cost for the system is \$229,177, about \$75,000 less than the \$304,200 budgeted.

According to Decell, the new baler should be operating by Aug. 10. The city will be allowed to test the system within 90 days, about July 9, at the Milwaukee plant; it will then be disassembled and shipped to Big Spring within 10 days, and reassembled and installed.

In addition to the baler machinery, the city will award bids on May 14 for improvements to the structure that will house the system, the old Hillman's Saddlery building. The building should be ready for occupation in mid July, Decell said.

Also on May 14, the council will award bids for additional equipment for use with the baler, he said.

According to Decell, city residents will be able to drive into the "tipping floor" of the baler and dump their trash. A front-end loader will then feed the material onto the conveyor and into the baler, where

it will be compressed into a bale and ejected to be stacked and loaded "like building blocks" into an "L"-shaped mountain.

McEwen called the baling system a "good deal" because it would extend the life of the landfill from 2 years to nearly 40.

Councilmen also agreed to change afternoon school zone times at six elementary schools to 3:15 to 5:15 p.m.

The city traffic commission had recommended changing the times from 2 to 4 p.m. and from 5 to 5:30 p.m., because of the children bused back to neighborhood schools from the extended-day program at Bauer Magnet School.

City Manager Don Davis recommended that the city approve the 3:15 to 5:15 p.m. time zone because of the traffic tie-up the 20 mile-an-hour speed would cause on major streets during rush hour.

The single time zone also would reduce "clutter" on school zone signs, making them easier to read, Davis said. Police will issue warning tickets during a 10-day grace period, Chief Rick Turner said.

The request to change time zones had been made by Big Spring Independent School District board member Billy Pineda.

Council members also agreed to a request to install a flashing light in front of the Bauer Magnet School because the street, N.W. Ninth, is a major northside thoroughfare, Councilman Henry Sanchez told the council.

The council agreed to waive bidding on a word-processor system by Lanier because specifications would have been written for a single-source item anyway.

City staff tested four different types of word-processing systems for the city manager and city attorney's office before selecting Lanier, according to City Finance Director Tom Ferguson.

## Astros celebrate opener, 2-1

HOUSTON (AP) — The Houston Astros had plenty of bad memories to erase in their season opener against the Los Angeles Dodgers.

First, Dickie Thon, who was felled by a pitched ball one year ago and his career threatened, led off for the Astros in an emotional comeback that drew a standing ovation.

Then the Astros rallied for a 2-1 victory to help eradicate memories of horrendous 0-9 and 1-6 starts the past two seasons.

"We knew what we had to do," said Astros first baseman Enos Cabell, who got three hits. "If we had started bad like we have in the past, everyone would be saying 'here we go again.'"

Instead, the Astros got off on a positive note with Nolan Ryan hurling a three-hitter over seven innings and maintaining his all-time strikeout lead by a 3,878-3,874 margin over Philadelphia's Steve Carlton.

Thon drew most of the pre-game applause of the record 44,069 Astrodome fans for his year-long comeback battle with blurred vision.

"I had a lump in my throat when he went up for the first time," Astros second baseman Bill Doran admitted. "I talked with him a lot during the spring. He's been through so much. We just had to be patient with him and let him come through on his own."

Thon singled in the third inning and scored Houston's first run from second base on Phil Garner's single to leftfield.

Doran doubled in the fourth inning and scored when a grounder by Ryan skipped off the glove of second baseman Mariano Duncan for an error.

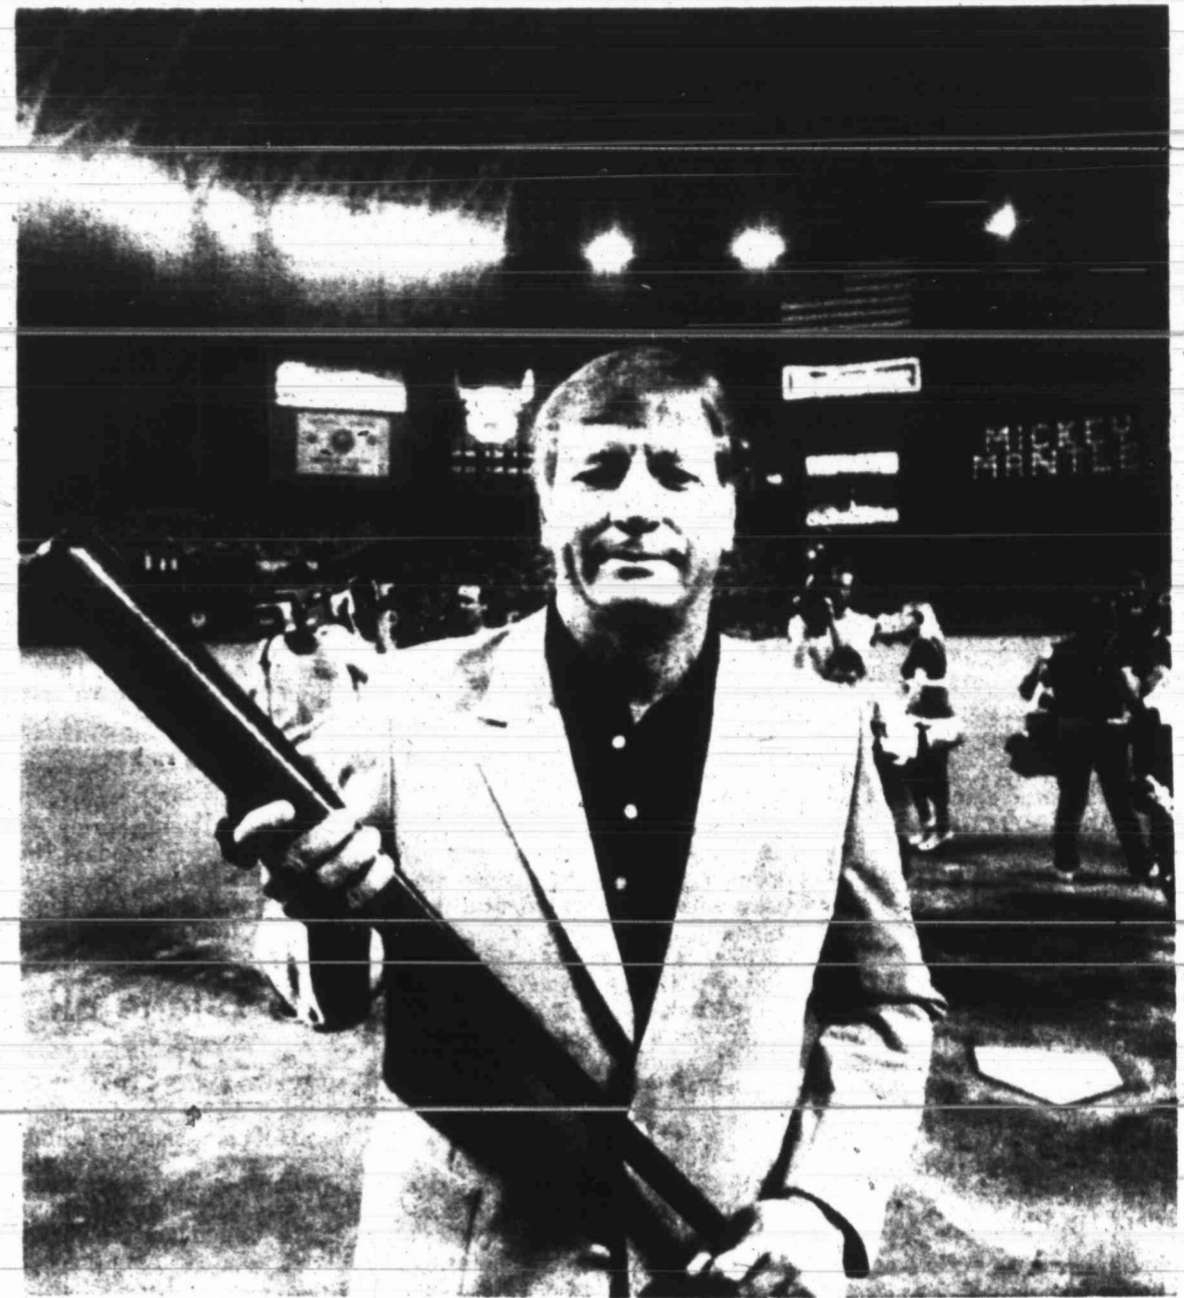

The only run loser Fernando Valenzuela had to work with came in the second when Mike Marshall doubled and scored on a single by Sid Bream.

"I was anxious but not nervous," Thon explained. "I'm just glad to be back and we won the game. Everyday now it's going to be playing conditions and I've still got to take one day at a time."

The Dodgers played without infielders Steve Sax and Bill Russell and the depleted staff worried Dodger Manager Tommy Lasorda.

The Dodgers committed three errors.

"I've never played an opener

with 22 players before," Lasorda said. "It's one of the hazards of the game. It puts you in a position where you can't do what you want. I got a guy on in the ninth and I can't pinch run for him because there's nobody to pinch run." Ryan, who struck out four, had one of his better opening day performances.

"The way to beat Nolan Ryan is to mix in a couple of hits around some walks," Dodger rightfielder Mike Marshall said. "If he doesn't walk anybody like tonight, you can forget it."

"You can't string together enough hits to beat him when he has his control like tonight." Ryan retired 16 of 17 batters from the second inning through the seventh, when he was replaced by

Frank DiPino.

## Strikers blast Dallas

BLOOMINGTON, Minn. (AP) — Four goals by Thompson Usiyan powered the Minnesota Strikers to an 11-5 victory Tuesday night over the Dallas Sidekicks in Major Indoor Soccer League play.

Ben Collins, Chris Dangerfield and Drago Dumbovic each had a pair of goals for the Strikers, while Tatu and Mark Karpun had two apiece for the Sidekicks.

The 11-goal performance was a club record for the Strikers, who also set a team record for goals in a period when they scored six times in the third period.

The victory was the ninth in 13 games for the Strikers, who evened their season record to 23-23. Minnesota, which already clinched a wild card playoff berth, trails third-place Cleveland by 1½ games in the Eastern Division.

For Dallas, it was the 10th straight loss. The Sidekicks remain in last place in the Western Division with a 12-35 record.

Minnesota took a 2-1 first period lead on goals by Usiyan and Collins. The Sidekicks' lone goal of the period came off the foot of Tatu.

## Browns, Vikes dealing for Kosar

EDEN PRAIRIE, Minn. (AP) — Both the Minnesota Vikings and the Cleveland Browns have engineered trades aimed at acquiring University of Miami quarterback Bernie Kosar and the Vikings say they will lose no time in trying for an agreement.

"We've been saying all along that he's been at the top of our list, and now we are in a position to negotiate with him," Minnesota General Manager Mike Lynn said Tuesday night. "We will be talking with his agent and his father very soon."

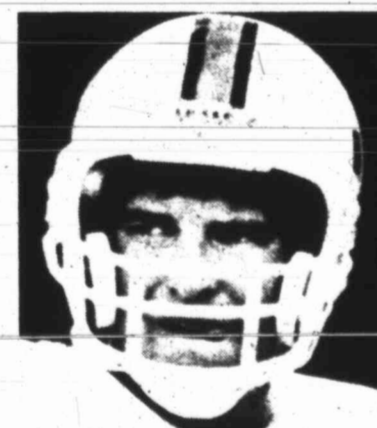

However, Kosar was said to be contemplating a strategy that would put him with the Browns.

The Vikings made their announcement first, saying they had reached an agreement with Houston for the Oilers' first-round pick, No. 2 overall, in the April 30 National Football League draft. But then the Browns said they had made a deal with the Buffalo Bills for their selection, the first, in the supplemental draft, if one is necessary.

Kosar could not be reached for comment but his father, Bernie Sr., said at his Boardman, Ohio, home, "We'd like to hear Minnesota's story because they have the rights now."

"Minnesota is an option we'd consider," the elder Kosar added. "But we know Cleveland is very interested."

"Bernie is in a unique situation," Kosar said. "If the league does not

BERNIE KOSAR ... wants to be a Brown

receive a written notification from us by Monday, April 15, then he is not part of the April 30 draft. That would leave us the possibility of a supplemental draft."

Lynn described as "bizarre" the possibility of Cleveland getting Kosar in a supplemental draft. "It is something that might have to be addressed by attorneys," Lynn added.

Kosar, who has two years of college eligibility remaining, has not informed the league that he plans to be eligible for the regular draft and has until April 15 to do so, said league spokesman Joe Browne.

A source close to Kosar said the quarterback probably would not make himself eligible until after April 30, and thus would be available in a supplemental draft.

Kosar, reared near Cleveland, has expressed a preference for playing with the Browns. His father said, "I'm a Browns fan and my kids are Browns fans."

Lynn said Kosar "has declared himself eligible for the 1985 draft. The fact that the notification has not been received in writing shouldn't matter. It's just one more bureaucratic piece of paper that will flow. It just complicates the issue."

"It may get down to a legal question," said Bud Grant, the Vikings' coach. "It seems that he declared for the draft publicly and he hired an agent, so it appears to us that he should be in the draft."

Kosar's father, however, said the young quarterback had never said he would submit to the NFL draft. "He announced that he would forego his last two years of college football to try pro football — that's it," he said.

To obtain the Oilers' first-round choice, the Vikings gave up first- and second-round selections. Minnesota had been slated to choose third, one selection after Houston.

"We have acquired the Buffalo Bills' right for Bernie Kosar in the supplemental draft if such a procedure becomes necessary," Browns spokesman Kevin Byrne said. "The Browns have traded undisclosed draft choices and future considerations to Buffalo for the Bills' first pick."

## Richardson lands Razorback post

FAYETTEVILLE, Ark. (AP) — Arkansas Athletic Director Fank Broyles says he talked to basketball coaches from coast to coast and border to border before choosing as Eddie Sutton's successor Nolan Richardson, who coached at Tulsa University, just 90 miles from Fayetteville.

Richardson, who becomes the first black head coach in the Southwest Conference, compiled a 118-37 record at Tulsa. He took the Golden Hurricane the NCAA tournament three times and the National Invitational Tournament once, winning it his first year.

The job was offered to Richardson on Tuesday morning, Broyles

said, hours before the new coach was introduced at a news conference. The announcement came a week after Sutton quit to replace Joe B. Hall at Kentucky. Sutton guided Arkansas to nine straight NCAA appearances.

Richardson, 43, said Sutton made the Arkansas program one of the country's best and was responsible for raising the quality of SWC basketball.

"I do not have maybe the size feet to maybe fit his shoes," Richardson said. "I hope there is no one alive that will. But I do have the size that fits Nolan Richardson's shoes."

Broyles said that he offered the

job only to Richardson. The former Tulsa coach and Villanova's Rollie Massimino were the finalists for the job. Villanova won the national championship this year.

Richardson was offered the same five-year contract Sutton had, Broyles said. Richardson, asked what role money played in his leaving Tulsa, said, "Money plays a part of every decision. I don't think it was the main topic, but it was close."

Broyles said he wanted a coach who was compassionate, a teacher, a coach who knew the value of the team concept, a winner and a coach who would continue Arkansas' honest program.

tory over the Pittsburgh Pirates on Tuesday.

In an American League opener, Tom Seaver pitched 6-2-3 innings in his record 15th opening day start to lead the Chicago White Sox to a 4-2 win over the Milwaukee Brewers.

All-Star catcher Gary Carter, obtained in the off-season from the Montreal Expos, slugged a 10th-inning home run in his first game for New York to give the Mets a 6-5 triumph over the St. Louis Cardinals.

Vida Blue, out of baseball last season because of a drug-related suspension, won his first big league decision since 1982 when San Francisco rallied for a 4-3 victory over National League champion San Diego. Rookie Chris Brown's ninth-inning single scored the decisive run.

Sutcliffe, whose 16-1 record last season earned him the Cy Young Award and keyed the Cubs' drive to the National League East title, took a shutout into the eighth inning against the Pirates. But pinch-hitter Lee Mazzilli doubled and scored on a single by Jason Thompson to cut the Chicago lead to 2-1. Right-hander Lee Smith came out of the bullpen to strike out three of the four batters he faced to earn the save.

Keith Moreland accounted for both Chicago runs with a single in the first inning and a homer in the fourth. Both were off Pittsburgh starter Rick Rhoden.

Seaver, whose opening game appearance snapped a tie with Walter Johnson, extended his record in those games to 7-1 by scattering five hits, striking out three and walking one.

The White Sox capitalized on two errors by Milwaukee second baseman Jim Gantner to score twice in the first inning. Rudy Law reached first when Gantner dropped a pop fly near the right-field line. After Harold Baines walked, Greg Walker lined a run-scoring single.

Baines scored from third when Gantner misplayed Luis Salazar's grounder.

Daryl Boston accounted for the other two Chicago runs. He doubled in the fourth and scored on a sacrifice fly by Julio Cruz, and doubled in a run in the eighth.

Starting pitcher Moose Haas took the loss for the Brewers, who got both their runs in the seventh. After Seaver retired the first two batters, Ted Simmons singled to left and Doug Loman followed with a double to the left-field corner. Seaver then unleashed two wild pitches while facing Bill Schroeder, and Bob James, who earned a save, relieved and got Gantner on a grounder to end the inning.

Carter victimized former Met Neil Allen in the 10th. Allen started the inning by striking out Keith Hernandez, who had three singles and two RBI. Carter then launched

Philadelphia earned a 3-3 regular-season split with archrival Boston behind Moses Malone's 22 points and 19 rebounds.

The 76ers led by 15 points at halftime and stretched the margin to 97-75 after three periods before the Celtics rallied.

Lakers 148, Nuggets 119  
Los Angeles completely dominated Denver in a battle of division champions.

The Lakers led 41-28 after one period and 74-48 at halftime and then relied mostly with reserves to extend the margin in the second half.

Mike McGee scored 21 of his team-high 26 points after halftime to lead Los Angeles, while Alex English had 28 points for the Nuggets.

Kings 117, Mavericks 105  
Dallas, struggling to hold fourth place and a home-court advantage in the Western Conference, lost for the fifth time in its last six games as Mike Woodson had 27 points and Eddie Johnson 25 for Kansas City.

Rockets 124, Spurs 103  
Houston had seven players in double figures, led by Rodney McCray with 18 points, to beat San Antonio.

The Spurs, who got 29 points from Artis Gilmore and 26 from Mike Mitchell, led 32-26 after one period, but a 14-2 spurt helped the Rockets build a 58-51 lead at halftime.

Jazz 123, Clippers 104  
Jeff Wilkins scored 16 of his 22 points in the fourth quarter as Utah turned a close game with Los Angeles into a rout.

The Jazz led only 83-79 entering the final period, but a 34-18 spurt gave Utah a comfortable lead. Adrian Dantley, who led all scorers with 34 points, added nine points in the fourth quarter.

a one-strike pitch into the left-field bullpen.

George Foster also homered for New York and Jack Clark, acquired from San Francisco, homered for St. Louis.

Tom Gorman, the fourth Mets pitcher, worked a scoreless 10th inning for the victory.

Blue, a former American League Most Valuable Player and Cy Young Award winner, got his victory as a reliever. He retired the final batter in the ninth after San Diego tied the score with a run off reliever Mark Davis.

Ironically, the opening-day victory, witnessed by a sellout crowd of 52,714, was the Giants' first since 1979, when Blue beat the Cincinnati Reds. Jeff Leonard opened the bottom of the ninth with a single off San Diego reliever Luis DeLeon and went to second on a sacrifice by Bob Brenly. David Green was walked intentionally and Brown singled to left.

San Francisco took a 3-2 lead when Brenly scored from third on Scot Thompson's two-out, pinch-hit single in the seventh. But the Padres drew even in the ninth when Kevin McReynolds grounded into a bases-loaded double play that brought in Al Bumbry from third.

In National League night games, Rick Mahler pitched seven innings, allowing just three hits, and reliever Bruce Sutter retired all six batters he faced as the Atlanta Braves capitalized on six Philadelphia errors to beat the Phillies 6-0. The game marked the first for new Manager Eddie Haas of Atlanta and rookie Manager John Felske of Philadelphia.

In late American League games, Tom Brunansky drilled a three-run homer to break an eighth-inning tie to lead the Minnesota Twins over the California Angels 6-2.

Al Cowens and Bob Kearney drove in two runs each in pacing the Seattle Mariners past the Oakland Athletics 6-3.

## Sports Briefs

### UGSA registration

The United Girls Softball League Association will be holding sign-ups this Saturday April 13 at booths set up at both of the Big Spring Malls from 1 to 5 p.m. The registration fee is \$8 for a new player and \$4 for girls who played last year, or sign up two new players.  
Sign-ups are for girls ages 7-19 from Big Spring and the surrounding area (Stanton, Ackerly, Forsan and Garden City).

### ALSA Car Club softball

The ALSA Car Club will be sponsoring a softball tournament May 10-12 at Johnny Stone Park. Trophies will be awarded to the first and second place teams, as well as team individuals.  
Entry fee is \$100 per team. There is a 15 player limit per team and 16 slots available for teams at present.  
Call Arthur Palomino after 6 p.m. at 267-4334 for more information.

### Permian rallies by JV Steers

The Odessa Permian Panthers junior varsity blew a close game wide open in the final inning and went on to down the Steers 9-3.

The Panthers rallied for five hits and six runs off reliever Carey Fraser. Fraser, now 2-4 for the season, came in for starter Chad Wash. The game was tied at 3-3 going into the seventh. The Steers biggest problems were getting runs in because they had the chances. Big Spring left 12 men on base.

The Steers had taken a 1-0 first inning lead behind a homerun by Raymond Ontiveros.

Big Spring falls to 6-4. Their next competition will be Saturday at 10 a.m. in the Abilene Tournament.

### Texas League tryouts

Tryouts for the Big Spring Texas League, Pee-Wee, Minor and Major Leagues will be held today, Thursday and Friday at the Roy Anderson Complex.

Tryouts will last from 5:45 p.m. until dark. All age groups from 7 to 12 years will be trying out at the same location.

### Tulane players plead guilty

**NEW ORLEANS (AP)**—Two Tulane students, one a member of the basketball team, pleaded guilty in connection with the Green Wave basketball point-shaving scandal, District Judge Alvin Oser said.

David Rothenberg, 22, a student from Wilton, Conn., and Bobby Thompson, 21, a little-used guard, entered the pleas in a surprise court appearance and face sentencing on July 9 after an investigation by the state's Department of Corrections, Oser said.

Thompson pleaded guilty to one count of conspiracy to commit sports bribery, Rothenberg to two counts of conspiracy and one count of possession of cocaine.

## Calgary-Winnipeg resume rivalry in hockey playoffs

**By The Associated Press**  
After staging a spilted battle for second place in the National Hockey League's Smythe Division, the Winnipeg Jets and Calgary Flames might be getting a little tired of each other.

Still, they'll face off tonight in the opener of the best-of-five first round of the playoffs.

Winnipeg edged the Flames by two points in the standings even though Calgary won the season series 5-1-2. The two ties occurred in the final week of the season, a further indication of how close these teams are.

Both, however, are confident they have the right stuff to give Stanley Cup champion Edmonton a run in the vastly upgraded Smythe sector. The Oilers open against the Los Angeles Kings tonight.

In other series openers tonight, it will be St. Louis hosting Minnesota, Chicago entertaining Detroit, Boston at Montreal, Buffalo at Quebec, Philadelphia at home to the New York Rangers and Washington hosting the New York Islanders.

Maybe. But the Flames were 3-0-1 at home against the Jets, although they had to rally from a 4-0 deficit in the season finale to secure a tie.

Both the Flames and Jets were thankful to be facing each other and not the Oilers in the opening round. Winnipeg was swept by Edmonton the last two years in the first round.

The four teams in the Adams Division claim it doesn't matter whom they play. Both series are rematches of last spring, in which Montreal and Quebec were victorious in three-game upsets.

The Bruins, who fell from first to fourth in the division, could salvage something from their mediocre campaign with a first-round upset.

Quebec edged Buffalo for second place in the Adams Division on the final night of the season. The Nordiques won all four games played in Quebec this season but were 0-3-1 at Buffalo.

## New York may get dome

**NEW YORK (AP)**—City and state officials have formally approved a domed stadium next to Shea Stadium in Queens in hopes of luring pro football back to the city, and are now looking for proposals from private developers for the project, published reports say.

The decision was to be announced at a news conference today by Vincent Tese, chairman of the state Urban Development Corp., and Herbert Sturz, chairman of the City Planning Commission, The New York Times and the New York Post reported.

The papers quoted state and city officials as saying the requests for proposals will go out to real estate developers and owners of football teams across the country and are for return by June 5.

The officials said it was hoped a proposal could be selected by the end of July and a domed stadium completed by the fall 1988 season.

One proposal has been made by real estate developer Donald Trump, who also owns the New Jersey Generals of the United States Football League.

He wants to build an 80,000-seat stadium and sell most of the seats for condominium ownership.

## Your Daily HOROSCOPE

from the CARROLL RIGNER INSTITUTE

FORECAST FOR THURSDAY, APRIL 11, 1985

**GENERAL TENDENCIES:** The early morning allows one who can be helpful to you to extend the assistance you need to be successful in whatever direction you wish.

**ARIES (Mar. 21 to Apr. 19)** A partner can give you assistance you need in the morning, but later personal matters may not go very well for you.

**TAURUS (Apr. 20 to May 20)** Letters in the morning can help you to get ahead faster, but steer clear of asking for favors of usually generous allies.

**GEMINI (May 21 to June 21)** Morning is fine for asking a favor from an admirer but later pals may be too busy and can do nothing for you.

**MOON CHILDREN (June 22 to Jul. 21)** A good friend will do something nice for you in the morning, but later worldly affairs are a bore to you.

**LEO (Jul. 22 to Aug. 21)** An out-of-town call from a pal can gain you the information you require, but steer clear of a friend who is apt to criticize.

**VIRGO (Aug. 22 to Sept. 22)** Listen to what a sensitive friend has to suggest so that you can improve relations with others.

**LIBRA (Sept. 23 to Oct. 22)** Seek an expert in the morning who can assist you with some financial problem that is bothering you.

**SCORPIO (Oct. 23 to Nov. 21)** Change your attitude with an ally and you can make the relationship more meaningful in the future.

**SAGITTARIUS (Nov. 22 to Dec. 21)** You get fine ideas for handling your work more efficiently in the morning, but later carry through with what's been started.

**CAPRICORN (Dec. 22 to Jan. 20)** Have a meeting with an associate in the morning, and come to a fine understanding. Do not argue at home with kin.

**AQUARIUS (Jan. 21 to Feb. 19)** Agree with some plan a home tie has for improving conditions at your residence, then be most-careful in motion.

**PISCES (Feb. 20 to Mar. 20)** Enjoy some form of entertainment with your partner in the morning, but later don't take any risks with present security.

**IF YOUR CHILD IS BORN TODAY** ... he or she will be blessed with good health and a sunny disposition during childhood so be sure that the surroundings are as ideal as you can make them, otherwise your progeny can become very depressed. Give a fine education. Teach not to jump into new ventures out of sheer boredom.

Kiss Farming Goodbye

One would be the sweet smell of the alfalfa. One would be the sprawling oak next to the field, where you always stopped for lunch. One would be the smell of the sticky, muddy earth after a rain. One would be the barn where you played as a child. And pondered life as an adult. Maybe not today, tomorrow, or next year. But someday, unless you invest in the future of farming by investing in the Future Farmers of America. In your estate planning, consider a tax-deductible gift or a bequest to FFA. For information call or write the Future Farmers of America today. Farming is too important to leave behind.
