How's that?

Gas price

Q. When I visited Midland, Lubbock and Amarillo, the price of unleaded gasoline was 99 cents at convenience stores and \$1.02 at Texaco, Exxon and Phillips stations. Why does it cost as much as 15 cents more in Big Spring?

A. The price of unleaded gasoline in Big Spring is about \$1.12 for self-service. The difference comes from "marketing," said Harry Spanaus, president of the Permian Basin Petroleum Association. Most of the oil supply in those areas comes from Cosden in Big Spring or from Odessa, he said. Therefore, he said, the difference is in the middleman, who buys gas from the refinery and sells it to the gas stations, or from the stations themselves.

"Generally, Lubbock always has a lower price than we (in the Permian Basin) have," he said. "Big Spring and Midland are almost always the same and Lubbock and Odessa are almost always the same."

Aquino denies fraud charge

MANILA, Philippines (AP) — Opposition candidate Corazon Aquino said today she would welcome a special envoy from President Reagan, but that she was suspicious of a possible effort to help President Ferdinand E. Marcos "cheat the Filipino people of their liberation."

In a strongly worded statement responding to the dispatch of U.S. diplomatic troubleshooter Philip Habib to Manila on a mission of reconciliation, she disputed Reagan's suggestion Tuesday night that there may have been fraud by both sides in Friday's election.

"His own observers said when they were here that they had seen it only on one side," Mrs. Aquino said in a statement read by press spokesman Teodoro Locsin.

Noting that Reagan had declared the United States neutral in the controversial presidential race, she said Reagan should look more closely at the result. Mrs. Aquino has claimed victory.

"I would wonder at the motives of a friend of democracy who chose to conspire with Mr. Marcos to cheat the Filipino people of their liberation," she said. "Never has there been such fraud and intimidation because never has such an opposition here been faced for such a landslide and headed for a ruthless and desperate incumbent."

Meanwhile, the National Assembly began taking an official canvass today of the votes in another attempt to determine the winner of the controversial election, held one year ahead of schedule by Marcos in an attempt to assuage critics.

Speaker Nicanor Yniguez stood

A Roman Catholic nun places a wooden cross on the barbed wire barricade protecting the presidential palace in Manila Wednesday following a march to protest the Marcos regime.

by as metal ballot boxes from 140 locales were opened one by one in the 190-member legislature, dominated by Marcos' supporters. By nightfall, the assembly had received 110 of the 140 certificates of canvass.

Within a half-hour, 18 of the 24

envelopes that had been opened showed some sort of defect — missing seals, missing signatures or signatures that didn't match records. Yniguez said they would be tallied but no proclamation of results would be made until questions about them were resolved.

The National Assembly failed

Tuesday to begin canvassing the votes due to a lack of quorum.

Opposition party members walked out to protest what they said was election-rigging by Marcos' supporters, and many members of Marcos' New Society Movement left early or did not show up, leaving only 78 of 190 deputies present.

Pollard dealership wins city bid for six pickups

By HANK MURPHY
Staff Writer

The City Council Tuesday night awarded bids for trucks and fertilizer in a 30-minute session of routine business.

Pollard Chevrolet was awarded a \$51,421 bid for the purchase of six pickup trucks, well below the \$70,000 budgeted for buying the vehicles. The dealership also is expected to sell four detective cars to the city.

Following the lead of Councilman Harold Hall, the council rejected awarding a lease-purchase financing bid for the detective vehicles. Leonard Hadley, city purchasing agent, had recommended to the council a yearly leasing bid for the cars of \$11,994 to Public Leasing Corp. of Columbia, Md.

Instead, councilmen said they will buy the cars from Pollard for \$40,136 although it will exceed the \$14,000 budgeted this year for leasing the automobiles. Action will be

taken at a later meeting. City secretary Tom Ferguson told the council that savings in other budget areas makes funding for the cars available.

Along with ordering new trucks and cars, the council decided to spend several thousand dollars to make the city grass greener.

The council voted to purchase more than 15 tons of fertilizer from Broughton Tractor of Big Spring for \$3,603, well short of the \$9,600 budgeted. The Broughton bid was nearly \$5,700 lower than the only other quote.

City fathers decided to delay awarding bids for three trash roll-off containers and a new garbage truck while they review the option of retrofitting existing equipment. Total bids recommended to the council for the disposal equipment amounted to \$64,332, far below the \$80,000 already earmarked for the machinery.

In other business the council:

• Approved a carnival permit for the Howard County Sheriff's Posse to sponsor a circus March 5 at the Dorothy Garrett Coliseum.

• Approved on first reading an ordinance prohibiting a left turn onto Sixth Street from the postal drop facility.

• Approved on first reading an ordinance establishing fees for public health services for the Big Spring — Howard County Public Health District. The schedule sets fees of \$2 for immunizations, \$35 for total obstetrics care and lab work, \$2 for tuberculosis testing, \$15 for venereal disease screening and testing, \$5 for a TB sputum culture, and \$5 for PKU screening and examination.

• Passed on first reading a resolution amending city policy and compliance procedures under the Fair Labor Standards Act. Under the resolution the city will pay city employees overtime on a

'Snow White' slated for 3 weekend shows

By SPENCER SANDOW
Staff Writer

Grumpy, Bashful, Dopey and the gang will get together this weekend for Howard College drama department's production of "Snow White."

Show times are Saturday at 10:30 a.m. and 2 p.m. and Sunday at 2 p.m. in the college auditorium. Tickets are \$2 each, or \$1 each for a group of 10 or more. They are available at the door or reservations can be made by calling the college.

The cast plans to visit Bauer Magnet School in costume Friday at 2:30 p.m. to get the youngsters' reactions and "get them interested," drama instructor Tim Haynes said.

Haynes described the production as "fast paced, with wonderful music."

"We stay pretty much close to the story line. There's a lot of mime," he said. "We have very little in the way of sets."

Stage manager Johnny Saldovar has researched music and chosen various pieces to get "the right music and right theme and sound for the theme we are trying to establish in the play," Haynes said. He and the students will record the music for the production, he said.

The production does not use the Disney music for "Snow White and the Seven Dwarfs," because it has been copyrighted, he said.

The students will take the play to the Texas Junior College Speech and Theater One-Act Play Festival Feb. 18-22 at Paris Junior College in Paris, Texas. About 16 other schools will participate in the state competition, Haynes said.

"It's an excellent opportunity for us to see what other community colleges are doing and give them a chance to see what

Reagan conference at a glance

WASHINGTON (AP) — Here are the highlights of President Reagan's news conference Tuesday night.

Philippines
Reagan said the United States is neutral in the bitter Philippines presidential election and said he would have no other comment on the election until the ballot count was finished.

Reagan said the administration is concerned "about the violence that was evident there and the possibility of fraud. It could have been all of that was occurring on both sides."

Prior to the press conference, the president announced plans to send

veteran U.S. diplomat Philip Habib to Manila to "help nurture the hopes and possibilities of democracy."

Budget
Reagan made a pitch for his 1987 fiscal year budget, and took note of critics who say it is "DOA - dead on arrival." He said those critics only want a tax increase to reduce deficits — and said any such increase would be "VOA — vetoed on arrival."

The president said he was still committed to seeking a balanced budget within the five years specified by the new Gramm-Rudman budget-balancing law, despite a federal court ruling

holding unconstitutional a major portion of that act.

Oil import
Reagan appeared to rule out, at least for the time being, any support for an oil import fee favored by some congressional leaders. The president said any tax increases at this time could "slow the economy."

Money supply
Reagan voiced mild concern over recent increases in the nation's basic money supply, which is regulated by the Federal Reserve Board. "We have to keep our eye on that," he said.

Names in the news

By the Associated Press
NEW YORK — Bette Midler, who at 40 has been married for just over a year, says she and her husband would like to have children and I think I would raise them in a very Victorian way.

"I would give them an everyone-around-the-piano kind of life," the singer and actress, who has described her stage persona as "trash with flash," said in a *McCall's* magazine interview.

"I wouldn't let my kids watch television eight hours a day, and I would be careful about what they watched," Midler said. "I'd teach them to paint and be creative."

Despite her maternal impulses, the "Divine Miss M" said she believes "everyone feels 13; everyone is surprised when the skin starts to get weird and the hair starts to fall out. I never feel like a grown-up."

"When I met my husband, I thought he was a grown-up. That was one of the things that attracted me to him. And then I discovered that we're both pretty much the same. I think most human beings are."

NEW YORK — Actress Helen Hayes says most of today's film stars won't stand the test of time.

"Do you realize how few of the film stars we have now ... are going to be enduring?" she asked in an interview with *Good Housekeeping* magazine.

Hayes, 85, said Burt Reynolds,

HELEN HAYES
...recalls 'real' stars

JASON ROBARDS
...in 'Iceman Cometh'

for example, is "a wonderful sort of happy slob. But think about the movie actors of my generation: Clark Gable, Ronald Coleman, Gary Cooper. ... These men weren't just happy slobs or amusing slobs. They were brilliant people."

Gable, she said, "was no mental giant, but, oh, what excitement, what electricity surrounded that man."

As for movie actresses, "Today there are really only Meryl Streep and Vanessa Redgrave. But I remember the Garbos and Lillian

Gishes and Katherine Hepburns and Bette Davises — amazing magnetism in their personalities."

BEVERLY HILLS, Calif. — Jason Robards, starring in a new production of "The Iceman Cometh," says he's appalled by simplistic Hollywood fare like Sylvester Stallone's "Rambo" series and Chuck Norris films.

"I want to retire from the human race with that kind of thing going on," Robards said over breakfast recently.

Robards, 63, plays Hickey in

"Iceman," a role that launched his theatrical career 30 years ago. The play by Eugene O'Neill runs Feb. 12-March 9 at the James A. Doolittle Theater.

"We have a dramatic heritage here, one of the greatest playwrights in the English language," he said. "Rambo" movies and Norris' action films "are exploitation and violence and things we thought we outgrew and we find we didn't. It's tragic to play upon that in the human being."

Robards said he's been discussing playing Shakespeare's "King Lear," and also has been considering movie scripts, but "I see the same kind of thing all the time — violence and vengeance."

"When I really get desperate, I'll probably do something that's worse than any of these," he added with a smile.

BEVERLY HILLS, Calif. — Singer Kenny Rogers is back home for a six-week recovery from surgery to remove a cyst from a vocal cord.

The surgery was performed Tuesday "and everything apparently went well," said spokeswoman Harriet Sternberg. Rogers plans to reschedule 16 concerts that were postponed because of the cyst and operation.

The cyst was small, but restricted Rogers' use of his vocal cord, said Dr. Robert Feder. The surgery shouldn't affect Rogers' voice, Feder said.

Merkel man arrested here

Howard County sheriff's deputies arrested a Merkel man Tuesday morning at the Veterans Administration Hospital on a warrant from Taylor County.

James Louis Clay, 52, was charged with indecency with a child. He later was released to Taylor County law authorities.

Deputies arrested Mata Martin Flores, 22, of 1304 Birdwell Tuesday morning on an unlawful carrying a weapon conviction. He remained in custody this morning owing a \$146 balance to the county.

Deputies arrested Deland Wayne Savell, 27, of 1203 Runnels Tuesday morning on a driving while intoxicated conviction. He owes the county \$431 in fines in addition to a 15-day jail sentence. He remained in custody this morning.

Police transferred Jerry

Thomas Walton, 40, of 1201 College to county jail Tuesday at about noon after he was arrested on suspicion of DWI and driving with a suspended license. He was released on bonds totaling \$2,500.

Police transferred Elvin Greathouse, 38, of Thrifty Lodge No. 214 to county jail Tuesday afternoon after he was arrested on suspicion of DWI. He was released on \$1,500 bond.

Deputies released Audra B. Christian, 32, of Dallas from county jail Tuesday night after she posted bonds totaling \$1,400 for two traffic counts and a possession of marijuana charge.

A DPS trooper arrested Penny Smith, 22, of Sand Springs in Midland County Tuesday night on suspicion of DWI. She was released on a \$500 bond.

\$980 flute reported stolen

Russell McKiski, owner of McKiski Music Co. at 609 S. Gregg St., told police Tuesday afternoon that someone stole a \$980 flute from the store sometime before 11 a.m. Tuesday.

Madeline Broadie, director of the Westside Community Center, 1311 W. Fourth St., told police Tuesday morning that someone caused \$50 damage to a screen door while attempting to break into the building between 6 p.m. Monday and 8 a.m. Tuesday.

Billie Taylor of 1605 Lexington St. Apt. B told police Tuesday afternoon that someone broke into her residence between 10 a.m. Sun-

day and 1:30 p.m. Tuesday and damaged a bed sheet and a washing machine stall.

Loise Welch of 1301 Wood St. told police Tuesday afternoon that someone broke a window on her garage door between 4 p.m. Saturday and 10 a.m. Tuesday.

Robert Shaffer of 419 Dallas St. told police Tuesday afternoon that someone stole an \$800 pearl-inlaid pool cue from his pickup truck between 7 p.m. Feb. 1 and noon Feb. 5.

Keith Fryar, 32, of 708 Abrams St. was arrested late Tuesday night on W. F.M. 700 on suspicion of driving while intoxicated.

C-City Council sets election

COLORADO CITY — The City Council Tuesday night set April 5 as the date for council elections.

Three positions on the seven-person council are up for election. Incumbents Robert Hoback and Tom Lovell both announced they would seek re-election, but Mayor Pro-Tem Jessie Munoz said he would not run again.

City Clerk Tina Raschke said this morning no other persons had filed as candidates for the positions. Fil-

ing deadline is Feb. 19.

In other action, the council:

- Authorized advertising for bids on the Ruddick Park swimming pool, expected to be completed by summer.
- Approved selling land lot property on the west side of town.
- Approved a first payment of \$20,574 to Virgil Stone, contractor for the new Colorado City Fire Department.

For the record

The *Big Spring Herald* reported Tuesday that three firemen — Paul Peredez, Glenn Graves and Brent Overman — earned promotions based on civil service testing last week.

City Personnel Director Emma Lee Bogard said Tuesday night that before any promotions take effect, firefighters have a week to ap-

peal results of the test. After the appeal process, the top three men in each testing division are eligible to be selected for promotion by Fire Chief Carl Dorton. Bogard said Dorton is expected to choose the man with the top score.

Wade Bristow, a computer programmer who works in the Howard County tax assessor-collector's office, was incorrectly quoted in a *Herald* story about this week's commissioners court meeting. He recommended that the county hire one tax attorney delinquent to serve all entities for which the county collects taxes, rather than having each entity hire its own attorney.

Also, Dorothy Moore, Howard County tax collector and assessor, said this morning that her quote about feeling like "walking into a brick wall" referred to attempts to simplify the tax collection procedures, not to setting collection fees for the taxing entities.

School board to meet

The Big Spring Independent School District board of trustees will meet at 5:15 p.m. Thursday in the board room at the high school.

The board will designate polling places for the election April 5 and elect someone to be in charge of the election, said superintendent Lynn Hise.

Board members also will discuss the 1986-87 school calendar, a wellness program for school employees, budget amendments, school bus requisitions and approval of designated honors courses at the high school.

They will discuss an attorney fee for pending class action litigation regarding asbestos. The district

had joined with other school districts in a suit against asbestos companies, charging that they should be liable for replacing asbestos in schools, Hise said.

Asbestos in Big Spring schools has been encapsulated, or sealed off, in compliance with EPA regulations, he said.

The board also will consider bids for a security alarm system for some of the schools and for the South Ward Property, Hise said.

The board's agenda indicates it will go into executive session on administrator, director and coordinator employment recommendations and on consultation with an attorney.

Election set for Coahoma

COAHOMA — The City Council Tuesday night called for an election April 5 to elect new councilmen. Three at-large positions are up for election.

Two are held by Jerry Brockman and Gladys Young, who both said they would not seek re-election. The third was vacated in December by Judy Jackson, who moved to Sand Springs.

So far one person, Charles Seals, has filed for candidacy, said council secretary Karen Bell.

At Tuesday's meeting, Jeannie Darden was chosen election judge and Janie Gilmore will serve as alternate. They will appoint two others to serve as clerks, mayor Eleanor Garrett said.

In other business, the council:

- Gave Dr. Joe Neff permission to operate a dog clinic to administer rabies shots. The clinic will be in April, but the site has not been designated.
- It's a matter of safety for the community," Bell said. "It's more likely people will have this done if it's more accessible."
- Tabled a decision on installing eight water meters in the D&L Trailer Park.

Brockman said the city would have to install a new water line to the trailers before meters could be installed. City employee Robert Helm said some of the trailers have other gas and telephone lines in the way.

Reagan

Schcharansky
 The president said he thought there had been an increase in emigration from the Soviet Union since he discussed human rights with Soviet leader Mikhail Gorbachev at their summit last November.

"I hope that this is a beginning sign of what's going to take place," Reagan said in reference to Schcharansky's release.

Haiti
 The president said the United States' only involvement in the downfall of Haitian President-for-Life Jean Claude Duvalier was in "providing an airplane" to fly him into exile in France, which has said

he must find a home elsewhere.

Reagan sidestepped the question of whether the U.S. would resume aid to Haiti, suspended because of human rights abuses under the Duvalier regime.

"We hope we can be of help" in restoration of democracy under the new ruling junta, he said.

Affirmative action
 He once again spoke against race- and sex-based numerical hiring quotas, goals and timetables in the government and in private business.

Reagan said, "We want a colorblind society." The president said the affirmative action system he is trying to change "was becoming a quota system."

 Kim Beckham plays the lead as Snow White. The cast also includes Charley Ragan as Doc; Shot Smith, Grumpy; Joe Justice, Bashful; Demia Pope, Sleepy; Michelle Bowers, Happy; Clark Dunnam, Dopey; Mike Walker, Sneezy; Kristi Wyrick, the queen; Jamie

Gustin, the mirror; John Woodall and Junior Navarro, queen's guards; Lanton Hamby, the huntsman; and Matt Warren, the prince.

Stephanie Dobbs is the stage manager, Johnny Saldovar is sound designer, Shot Smith is in charge of sets and lighting, and Joe Justice is costume designer.

City

Approved the extension of cash basis and eliminate all compensatory time. The only city employees exempt from this ruling are city directors and the city manager.

Passed on emergency reading a resolution authorizing the city to apply for a grant from the Texas Community Development Program. On Monday, county commissioners agreed to release \$10,000 to match the grant sought by the city.

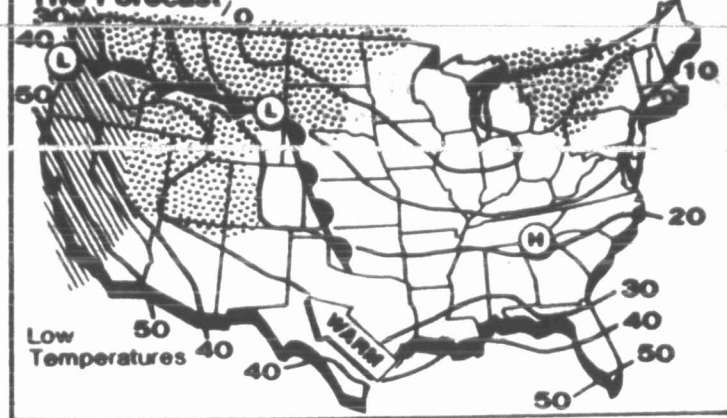

Approved the extension of lease options for Building 1108 at the airport. Strickland & Knight Inc. currently lease the building and had asked for two additional five-year renewal options.

Approved a request for permission to advertise for proposals to make improvements to Roy C. Hester Water Treatment Plant.

Tabled a request by Jerry Richbourg to operate an airport transport service.

State

Light snow fell over the Texas Panhandle and northern South Plains today as driving remained hazardous because of icy and snow-packed roads.

A large dome of high pressure over the central plains continued to bring cold air into Texas early this morning.

Elsewhere, skies were mostly cloudy over North Central and Northeast Texas as well as along the lower Rio Grande. Otherwise, clear skies were the rule across the rest of the state.

North to northeast winds at speeds generally in the 5 to 10 mph range were common across most of the state. However, winds were light and variable west of the Pecos.

Temperatures early today ranged from the single digits in the Panhandle to the teens over the South Plains. Readings were in the 20s and 30s across the rest of the state, except in the Rio Grande Valley where temperatures were in the 40s and 50s.

Overnight extremes ranged from 7 degrees at Amarillo in the Panhandle to 53 at Brownsville, Texas' southern-most city.

Man to undergo hearing on mental competency

A 22-year-old Big Spring man charged with aggravated sexual assault and retaliation will undergo a second mental competency hearing in 118th District Court.

Ricky Dale Payne of 509 S. Johnson was transferred from Rusk State Mental Hospital to Howard County jail Tuesday afternoon.

No hearing date has been set, said District Attorney Rick Hamby.

Payne underwent a mental competency hearing last October before a panel of jurors. Both the prosecution and his court-appointed lawyer, Wayne Basden,

requested jurors to find Payne mentally incompetent to stand trial.

The jurors ordered Payne to undergo psychiatric treatment at Rusk before a second mental competency hearing.

Payne is charged with two counts of burglarizing a habitation with intent to commit aggravated sexual assault. The charges stem from incidents that occurred May 30 and Aug. 1.

He also was charged with retaliation on Aug. 1.

A Howard County grand jury in August indicted Payne on all charges.

Discrimination alleged

WASHINGTON — The FBI is more interested in political surveillance of Arab-Americans than in arresting those responsible for crimes against them, Arab-American leaders said in calling for an investigation by the U.S. Commission on Civil Rights.

Government agencies, the news media, the film industry and Jewish organizations also are fostering the discrimination by generally portraying Arabs as terrorists, officials of the American-Arab Anti-Discrimination Committee said Tuesday.

Reagan recalls Habib

WASHINGTON — President Reagan, searching for a way to promote democracy in the Philippines, has recalled U.S. diplomat Philip C. Habib from retirement to meet with politicians, church leaders and businessmen in Manila.

Even with final results still uncertain in the violence-ridden Philippine presidential election, "Our task for the future is to help nurture the hopes and possibilities of democracy," Reagan said Tuesday night.

Big cake for welcome

SAN ANTONIO — When Britain's Prince Charles visits the Lone Star State next week, he'll be greeted with a special 90,000-pound Texas-size cake.

Said to be the world's largest, the cake will be baked and assembled by more than 180 people.

The confection is being baked in 20,000 layers and will be assembled during a two-day period in Austin.

Airline files bankruptcy

MIAMI — Arrow Air, under intense scrutiny since a charter crash killed 248 U.S. soldiers, has suspended passenger service, laid off 400 employees and filed for reorganization under federal bankruptcy law.

The remaining 100 employees would continue cargo and charter flights, Arrow President Jon Batchelor said Tuesday.

The Miami-based airline, which flew more than a million passengers to 245 cities in 72 countries last year, said unfavorable publicity and "unwarranted" government actions forced it into bankruptcy court.

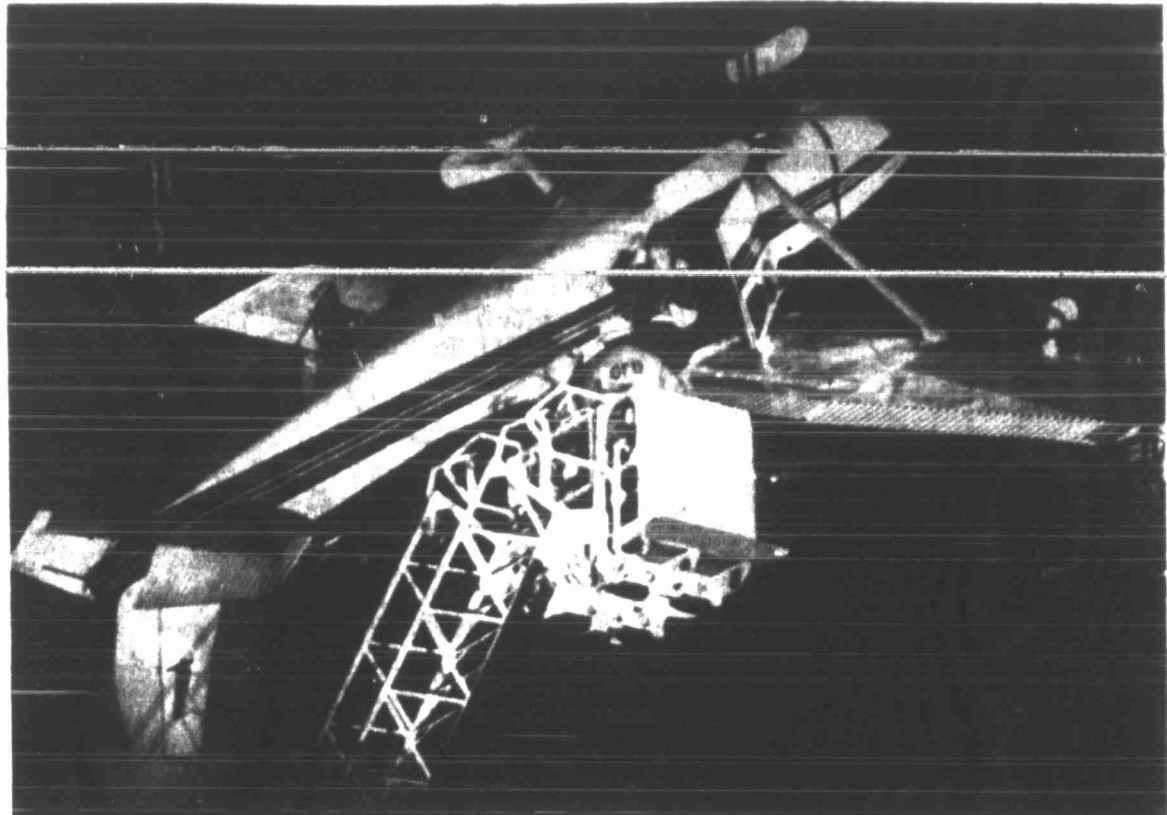

Tylenol death on probe

YONKERS, N.Y. — The death of a woman who took a cyanide-laced Extra-Strength Tylenol capsule probably was an isolated incident and is being investigating as a homicide, authorities say.

The death of Diana Elsroth, 23, of Peekskill, has spurred a withdrawal of the painkiller from stores around the nation.

Ms. Elsroth was found dead Saturday in her boyfriend's home in this New York suburb.

"Everyone involved believes that this is a local situation," William Griggs, a U.S. Food and Drug Administration spokesman, said Tuesday.

Dean Plath, 58, of Tustin, Calif., slides from a single-engine aircraft early Wednesday morning near Ontario, Calif. International Airport where he and one other man were trapped for nearly four hours after the plane hit power lines and was hung upside down 80 feet above the ground.

Hanging on

Two saved from plane stuck in power line

ONTARIO, Calif. (AP) — Two men dangled upside-down inside a small plane that was snarled in high-voltage lines 80 feet in the air for four hours, but apparently escaped serious injury, officials said today.

The pilot and his passenger inched their way to safety across the underside of the plane's wing and into the arms of firefighters late Tuesday and early today.

The single-engine plane came in too low while landing at Ontario International Airport, about 40 miles east of Los Angeles, at 7:40 a.m., said Federal Aviation Administration spokesman.

It was snared by one of two power lines, flipped, and came to an unsteady stop, dangling belly-up by its propeller and the front landing gear, police said. Power to the 220,000-volt lines was automatically cut when the plane hit them, said Southern California Edison Co. spokesman Ed Arnott.

Pilot Dean Plath, 58, of Tustin and Clarence "Ed" Washburn, of Whittier were examined at Ontario Community Hospital, but appeared to be in good shape, said a nursing supervisor.

"The passenger complained of numbness in the legs," said Ontario police Officer Jerry Autrey, "but then they were hanging in the aircraft upside down for four hours."

Firefighters and power company linemen were still trying to untangle the plane from the wires hours after the men were rescued, Autrey said.

Plath was practicing night flying, said his wife, Gloria.

"Both men are very, very conservative," she said. "I can't believe they would have an accident like this."

"When we first got there, they wanted to jump," a fire department dispatcher said shortly after rescuers arrived at the scene, about two miles from the runway.

"We had to quickly find a bullhorn and tell them not to."

Firefighters shouted questions and instructions to the men, who responded by blinking a flashlight: one flash for yes, two for no.

As the men dangled from their seatbelts, firefighters and utility workers used a huge crane and a platform on a hydraulic lift to steady the upside-down plane. Firefighters in a bucket atop another lift edged slowly toward the pinioned plane.

At 11:40 p.m., Plath, a safety rope wrapped around him, crawled cautiously across a wing to safety. He was taken to the ground, then the bucket returned to get Washburn, just minutes past midnight.

Food salt content found unchanged

WASHINGTON (AP) — Few manufacturers have lowered the salt content of their processed foods despite consumer concern over the link between sodium and high blood pressure, a consumer group charged today.

In fact, said the Center for Science in the Public Interest, some processed foods checked last year actually had higher salt levels.

Of 185 commonly eaten lines of processed foods monitored by the group, only 17 had less salt in 1985 than was the case the year before, the group said.

A Food and Drug Administration request that the food industry voluntarily reduce salt in foods "has accomplished next to nothing. Most products are as salty as they were two years ago," said Bonnie Liebman, nutrition director for the non-profit consumer group.

In 1985, the center's annual Sodium Index was enlarged to cover 185 product lines. Of 116 lines that can be followed over two years, Liebman said, 29 percent had lower sodium levels in 1985, while salt increased in 26 percent of the foods.

Shcharansky's pledge

JERUSALEM — Soviet human rights activist Anatoly Shcharansky, freed after nine years in jails and labor camps, vowed to resume his struggle on behalf of those still imprisoned in the Soviet Union or denied permission to emigrate.

But first, he told a reporter he wants to begin "a normal family life" with his wife, Avital. The couple was separated a day after their marriage 12 years ago, but since then she conducted a worldwide campaign for his release.

Shcharansky beamed and held his wife's hand as he received a tumultuous welcome Tuesday from government leaders and thousands of joyous supporters in Tel Aviv and Jerusalem.

Haitians hail liberation

GONAIVES, Haiti — A Roman Catholic bishop told 10,000 cheering people at a "liberation Mass" that they must never again suffer under rulers like the Duvalier family, and demanded an end to all forms of repression.

In the capital city of Port-au-Prince on Tuesday, people dancing in the streets to celebrate Mardi Gras shouted "We can Eat! We can Eat!" when a radio report said the price of rice had been cut in half to 25 cents a pound.

Hunger and malaria are widespread in this nation of 6 million people, the poorest in the Western Hemisphere.

Arab ministers meet

NICOSIA, Cyprus — Iran claimed its forces were advancing in the southeastern corner of Iraq today, and Arab foreign ministers gathered in the Iraqi capital to discuss a possible threat to neighboring Arab states.

Iran's official Islamic Republic News Agency, monitored in Cyprus, quoted military statements as saying Iranian captured 40 square miles of Iraqi territory in overnight attacks.

Iran denied the Iranian claims, and both sides said they had inflicted thousands of casualties on the other since Iran launched its offensive Sunday night.

Bomb blast kills two

BEIRUT, Lebanon — A bomb exploded today in front of a movie theater located near an office of President Amin Gemayel's Phalange Party in Christian east Beirut, killing two women and injuring 10 other people, police said.

The midmorning explosion badly damaged a row of ground-floor shops adjacent to the theater in the poor Ein Rummaneh residential district and damaged seven cars.

Help for the poor urged

VATICAN CITY — Pope John Paul II, in his Lenten message on Ash Wednesday, urged Roman Catholics today to become Good Samaritans by extending a helping hand to the poor, sick and persecuted.

Lent, the period of 45 weekdays leading to Easter, is observed variously in Christian churches by fasting and penitence to commemorate Jesus's fasting in the wilderness.

Opinion

Reagan at 75 has phenomenal zest

The optimism of the man is phenomenal. Ronald Wilson Reagan at 75 tackles the future like a kid of 18. Nothing seems to get him down. Always he is bonny and blithe, reassuring and confident.

When he lost the Republican nomination for president in 1976, he acknowledged defeat by saying the verse: "I am a little wounded but I am not slain. I will lie me down for to bleed awhile, then I will rise and fight with you again."

And when he was shot, his first words to his wife at the hospital were, "Honey, I forgot to duck."

His bouts with cancer, including major abdominal surgery, have left him undismayed.

Thus there was no shadow on his State of the Union message, despite the recent space shuttle failure (which he dealt with so gracefully) and portents of political and economic doom seen on the horizon by many.

This will be a tough year. The Gramm-Rudman-Hollings budget crunch, if it survives court challenge, will cause major injuries to many special-interest groups and congressional egos in the months to come. But what Reagan is saying is what a majority of Americans want to hear. It is a good guess that they will accept the necessary budget cuts without losing confidence in their popular president, especially if he agrees to some "revenue-enhancement" measures, as he is likely to do.

If the Congress and the president can agree this year on reforms of the income tax and of immigration law, that will be just icing on the cake.

Steve Chapman

Reagan speech good in script

Even when he is embattled, Ronald Reagan sounds and acts like a president in command. Giving that impression was the main achievement of his State of the Union address. The trick will be to turn it into a reality, to bend Congress to his will on the issues he regards as most important — enacting tax reform, cutting domestic spending, protecting his military program. In that respect, the speech probably did more harm than good.

As Reagan speeches go, this one was above average but less than his best. Billed as a short, thematic speech, departing from the endless laundry lists that usually make up the report on the state of the union, it turned out to be unfocused, excessively comprehensive and, compared to anything but another State of the Union address, long.

There were any number of trademark Reagan themes strewn through the speech: "America is on the move"; "private values must be at the heart of public policies"; "we cannot stop at the foothills when Everest beckons"; "the magic of opportunity." But they turned out to be mere phrases, none developed enough to carry the speech.

The ending salute to four young heroes exploited a device that was novel when Reagan introduced it three years ago but is now hokey and manipulative. So was the Kennedyesque vow, unbacked by a Reagan record of success on Capitol Hill, that "you are not alone, freedom fighters. America will support you."

The redeeming feature was the famous Reagan delivery — calm, forceful, polished. There was the clever touch of turning to address the Speaker of the House, presiding over his last State of the Union address before retiring, and imploring, "Before we leave this city, let you and I work together" to get control of the budget. There was the "High Noon" steel in his eye when he told Congress to "give me

a line-item veto this year ... I'll take the responsibility, I'll make the cuts, I'll take the heat."

When it comes time to lobby for his policies, in fact, Reagan may be as lonely as Sheriff Will Kane. His proposals for tax reform and domestic spending are admirably disdainful of conventional political calculations. Most members of Congress, though, didn't get where they are by defying such calculations. They aren't likely to start now.

On the subject of higher taxes, Reagan admonishes Congress that it would be "asking the wrong people to tighten their belts. It's time we reduced the federal budget and left the family budget alone." This is an attractive deceit. The family budget, after all, won't be untouched if the President gets his way on tax reform and the budget.

Getting rid of, say, the deduction for state and local taxes makes perfect sense, but it isn't painless. Likewise for shutting down Amtrak or reducing funds for guaranteed student loans. Middle-class Americans are no more eager than anyone else to give up their place at the federal trough. What the Great Communicator should do is make the case for why they should. Only then can he expect Congress to cooperate.

That won't be easy when the President is detouring from his lecture on frugality to fantasize about potentially expensive new programs — federal catastrophic health insurance, a hyperersonic passenger airline that could fly from Washington to Tokyo in two hours. He didn't explain why these supposed needs can't be met by the private sector. And, as usual, he showed no inclination to subject defense outlays to the same unflinching scrutiny of the rest of the budget.

Reagan's skill at the set-piece performance makes it easy for him and his advisers to elevate what is needed to make a good speech over what is needed to advance his policies. This was a good speech, but probably not good enough to divert Congress from its natural course. What it needed was the dose of candor that would have lifted it above mere political gamesmanship. This year, politics as usual won't get the President what he wants.

Stealth bomber called an 'expensive mistake'

By JACK ANDERSON and DALE VAN ATTA
WASHINGTON — The long-awaited Stealth bomber may be turning into just another multi-billion-dollar Pentagon boondoggle. Experts familiar with the supposedly radar-undetectable aircraft say it is terribly slow, dangerously unstable and enormously expensive.

If the critics are correct, Stealth will be the most expensive mistake in military history. The program's overall cost is estimated at perhaps \$80 billion; that would make it the second costliest weapon in the Pentagon's arsenal, second only to the successful Trident submarine fleet (overall cost \$100 billion).

Yet such a mystique has developed around Stealth that Congress is expected to approve production funds with virtually no public debate. Designed to be invisible to Soviet radar, the plane is already invisible to the American public and most of Congress.

And if the Pentagon has its way, Stealth will be rushed into production by 1992 without any of the tests, analysis and congressional oversight that other weapons must pass before production funds are approved.

Rep. John Dingell, D-Mich., chairman of a House oversight subcommittee, has complained to the Pentagon about Stealth's high cost and secrecy. According to an aide, Dingell has called Stealth "a mechanism for looting the Treasury."

Sources familiar with the program have told our associate Donald Goldberg what bothers them about Stealth:

• Cost: The Pentagon wants 132 of the planes, built on a non-competitive basis by Northrop for nearly \$500 million apiece. The critics point out that the plane will be far too expensive to use in anything other than an all-out nuclear exchange.

Ironically, the huge cost will chip away at the wall of secrecy that now surrounds Stealth. Its annual budget of nearly \$10 billion will be hidden deep within the Defense Department's budget. But assuming it survives Gramm-Rudman cuts, Stealth will have a large proportion of the Pentagon budget and thus be harder to disguise.

• Security: Some 30,000 engineers and technicians will be needed eventually, and they will need in-depth background checks that could cost as much as \$250,000 apiece. Critics estimate the cost for security alone at almost \$1.5 billion — higher than the FBI's current annual budget. Even so, experts doubt that determined spies can be stopped from infiltrating the program.

• Design: To reduce the surfaces that could bounce back radar waves, Stealth will be wedge-shaped, with neither wing nor tail flaps as stabilizers. This will make Stealth unstable in flight,

especially when burdened with a nuclear payload. But the production schedule is too rushed to iron out such bugs.

• Range: Due partly to its weight, Stealth will have an estimated range of 4,250 miles, which would make it difficult to reach a target within the Soviet Union and return without refueling. But if it were to be refueled in flight, the KC-135 tankers, lacking Stealth's protection against Soviet radar, would be a dead giveaway to the Soviets. The alternative would be to send Stealth on one-way suicide runs.

• Lack of speed: Sources estimate Stealth's top speed at far less than the speed of sound, slower even than the newest commercial jetliners. It cannot fly faster because the plane's airframe would heat up from air friction, and this would give heat-seeking satellites and missiles an easily detectable target.

It is exactly these disturbing questions that aren't even being asked, let alone answered, because of the secrecy surrounding the Stealth program.

CONFIDENTIAL FILE: The tiny Jewish community in Lebanon is in even greater danger than when we first reported on it a few months ago. At least 20 Lebanese Jews have been killed, possibly more, and there have been more kidnappings recently. The American Jewish committee has quietly contacted U.S., Lebanese, French and Syrian authorities, hoping to negotiate release of Jewish hostages and generally lessen the threat to the community, which numbers about 30 in Moslem West Beirut and 50 in the Christian eastern sector.

SENATE ODDS MAKER: Sen. John Heinz, R-Pa., may be chairman of the Senate Republican Campaign Committee but he's sounding like Jimmy the Greek. "The Republicans have a 60-40 chance of holding onto majority control of the Senate this year," he told our reporter, naming Louisiana and Colorado as opportunities for a GOP pickup. He also said Sen. Alan Cranston, D-Calif., is vulnerable. "That's why so many want to run against him," Heinz said.

MINI-EDITORIAL: We've written our share of stories about waste and fraud in government procurement, and will continue to do so. But we'd really like to see the day when such stories are far rarer than they've been recently — and a step in that direction would be passage of a new measure called the Procurement Safeguard Act. Basically, it would put teeth in existing laws that forbid "wired" or non-competitive contract awards, by giving the General Services Administration authority to subpoena testimony and documents and use expert witnesses to expose behind-the-scenes sweet-heart deals arranged without competitive bids.

Today

By The Associated Press
Today is Wednesday, Feb. 12, the 43rd day of 1986. There are 322 days left in the year.

Today's highlight in history:
On Feb. 12, 1809, the 16th president of the United States, Abraham Lincoln, was born in a log cabin in what is now Larue County, Ky.

On this date:
In 1554, Lady Jane Grey, who had been queen of England for nine days, was beheaded after being charged with treason.

In 1733, English colonists led by James Oglethorpe landed at Savannah, Ga.

In 1870, women in the Utah Territory were granted the right to vote.

In 1882, Abraham Lincoln's birthday was declared a national holiday.

In 1907, more than 300 people died when the steamer Larchmont collided with a schooner off Block Island in New England.

In 1908, the first round-the-world automobile race began in New York. The race ended in Paris the following August, and was won by the team of George N. Schuster, George J. Miller and Montague Roberts.

In 1909, America's oldest civil rights organization, the National Association for the Advancement of Colored People, was founded.

In 1915, the cornerstone for the Lincoln Memorial was laid in Washington, D.C.

In 1924, George Gershwin's "Rhapsody in Blue" premiered in New York with Paul Whiteman leading the orchestra and Gershwin himself at the piano.

In 1935, one day after the defense summed up in the trial of Bruno Richard Hauptmann, who was accused of murdering aviator Charles Lindbergh's baby, New Jersey Attorney General David T. Wilentz argued for Hauptmann's conviction, calling him "Public Enemy No. 1 of the world."

In 1973, the first of the American prisoners of war from the Vietnam conflict were released.

Ten years ago: President Ford, fulfilling a campaign pledge to disclose his personal finances, made public documents showing that his net worth had increased by \$67,000 since he became president.

Five years ago: A police official said that a busboy accused of arson and homicide in the Las Vegas Hilton Hotel fire, which killed eight people, said that the fire started accidentally from a marijuana cigarette.

One year ago: Israeli officials reacted without enthusiasm to reports of an agreement between Palestinian leader Yasser Arafat and Jordan's King Hussein on a joint bid for peaceful settlement of the Palestinian issue, but a leading Egyptian official praised it.

Today's birthdays: Actor Lorne Greene is 71. Actor Forrest Tucker is 67. Movie director Franco Zeffirelli is 63. Sportscaster Joe Garagiola is 60. Senator Arlen Specter is 56. Basketball Hall of Famer Bill Russell is 52. Actor Joe Don Baker is 50. Author Judy Blume is 48. Actress Maud Adams is 41.

Thought for today: "Those who deny freedom to others deserve it not for themselves, and, under a just God, cannot long retain it." — Abraham Lincoln (1809-1865).

Robbery charge goes to court

By SCOTT FITZGERALD
Staff Writer

A Snyder man charged with aggravated robbery will stand trial next week in 118th District Court instead of having his case prosecuted before a Howard County grand jury.

Charles McBroom, 32, opted for trial by jury by signing a written waiver of indictment during Tuesday afternoon's docket call in district court.

A civil case also was set for trial next week, and three men who did not appear for docket call are in danger of having their bonds revoked, said District Judge James Gregg.

McBroom was arrested Jan. 10 along with two other Snyder men shortly after the sheriff's office received a report of a holdup of Big Mike's Liquor Store on the Snyder Highway.

Liquor store owner Gus Tatom told deputies that two men robbed him at gunpoint of \$400 and a bottle of whiskey, a sheriff's spokesman said earlier.

One of the men remained in the car during the robbery, the spokesman said. The three men

then proceeded north on FM 669 toward Borden County before they were arrested by District Game Warden Wayne Armstrong.

Two of the men have since pleaded guilty to robbing the liquor store. Robert Lee Baker, 46, received 12 years in the Texas Department of Corrections from District Judge James Gregg on Jan. 21. He began serving his sentence Jan. 23.

Craig Sherman Bailey, 17, was sentenced to seven years after he pleaded guilty on Jan. 29. Gregg issued a bench warrant Friday for Bailey's return to county jail so he can testify in McBroom's trial, said District Attorney Rick Hamby.

Three men who did not appear for docket call Tuesday will have their bonds revoked if they fail to appear for trial Monday, Gregg said.

They are:
• Donnie Cockrum, 22, of Artesia, N.M., who was indicted by a grand jury in February 1985 for burglary of a motor vehicle. He was arrested in Artesia last November and released on \$5,000 bond.

• Rory Jay Lawson, 22, of 606

San Jacinto who has been charged with unlawfully carrying a weapon on a licensed premises.

• Willie Ray Myles, 25, of 1502A Virginia who has been charged with aggravated assault. He was arrested in August and released on a \$7,500 bond.

Gregg said juries will be selected Monday for McBroom's trial and a civil case involving a 22-year-old Big Spring man who was injured in a two-vehicle accident in September 1984.

Douglas Fortenberry, and his parents J.D. and Helen Fortenberry, are suing for approximately \$6.6 million to compensate for losses, injuries and damages incurred in the accident.

Dovie Smith King, 81, of 429 Edwards, is named as defendant.

According to a police accident report, Douglas Fortenberry was driving a Yamaha motorcycle westbound on E. 11th Place at about 9 a.m. on Sept. 12, 1984. The vehicle struck a car driven by Smith, who was traveling westbound on the same roadway.

According to the petition, Fortenberry suffered crippling injuries as a result of the accident.

Work to resume at Comanche

GLEN ROSE (AP) — Federal officials have extended a construction permit for the Comanche Peak nuclear plant by three years, allowing work on the project to resume after an eight-day layoff, authorities said.

About 100 workers temporarily laid off were scheduled to be back at work today at the plant near Glen Rose, said Dick Ramsey, a spokesman for Texas Utilities Electric Co., the plant's primary owner.

A private group critical of the

plant scorned the action as evidence of the Nuclear Regulatory Commission's "nursemaid" treatment of the plant's builders.

regulatory commission officials would not comment on the order, issued Monday.

Work at the plant's Unit 1 reactor stopped Jan. 29, six months after its previous NRC permit was allowed to lapse because of an administrative oversight, Ramsey said.

A representative of Citizens Association for Sound Energy, an anti-nuclear group that opposed extension of the permit, said the action showed a "callous disregard" for the group's effort.

"Unfortunately, it's a black-and-white example of the lengths to which the NRC is willing to go to help out Texas Utilities," said group spokeswoman Billie Garde.

"C'MON, MOM! WHEN I'M TALKING TO YOU, LOOK AT ME WITH YOUR FACE!"

THE FAMILY CIRCUS

2-12

Your Daily HOROSCOPE

from the CARROLL RIGHTER INSTITUTE

FORECAST FOR THURSDAY, FEB. 13, 1986

GENERAL TENDENCIES: The daytime brings some sudden and dramatic new ways to approach your interests, so be alert to unusual means of carrying out your plans.

ARIES (Mar. 21 to Apr. 19) You have an opportunity to put across a fine talent you possess, so be sure to seize it.

TAURUS (Apr. 20 to May 20) A home tie gives you a good idea for gaining a cherished goal. Tonight is best for consulting with a prominent person.

GEMINI (May 21 to June 21) Take that little trip with a good friend for whatever your mutual purpose may be, and get ahead faster.

MOON CHILDREN (June 22 to Jul. 21) A money expert can give you good ideas on how to increase your abundance if you contact this person early in the day.

LEO (Jul. 22 to Aug. 21) Find novel ways to gain your finest goals, so revise your thinking somewhat. Welcome a new alliance.

VIRGO (Aug. 22 to Sept. 22) Try a new tack at gaining data you need, and you will get fine results. Try to be more progressive in your work.

LIBRA (Sept. 23 to Oct. 22) Study changes in partnerships that could be best for all involved. Put a talent that you possess to work for you.

SCORPIO (Oct. 23 to Nov. 21) Get work done efficiently since higher-ups have their eye on you and you get added support. Be especially thoughtful with your mate.

SAGITTARIUS (Nov. 22 to Dec. 21) Go after your wishes and gain them with relative ease. Make a fine impression on those you encounter.

CAPRICORN (Dec. 22 to Jan. 20) Come to an agreement about an important matter at home in the morning. Set up an improved budget tonight.

AQUARIUS (Jan. 21 to Feb. 19) Sit down with associates and get a new plan worked out so that you have greater efficiency.

PISCES (Feb. 20 to Mar. 20) Make your home more charming, even if you have to spend a little extra now. Don't delay any longer about this.

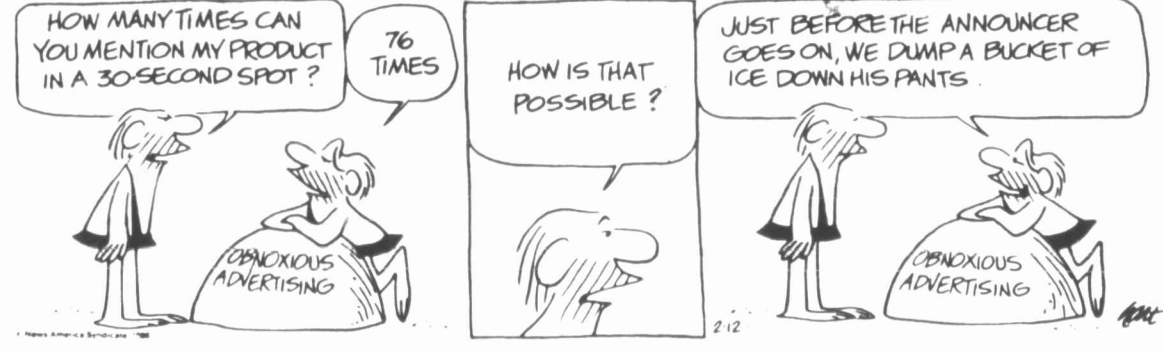

IF YOUR CHILD IS BORN TODAY ... he or she will be full of life, and others will be taken with your clever progeny who will be attracted to whatever is unique. Encourage this progressiveness, but teach the traditional way of life early so that your progeny can communicate well and be a very popular person.

"The Stars impel; they do not compel." What you make of your life is largely up to you!

City woman on social work council

Virginia Rodriguez of 510 N.W. 10th has been appointed to the State Advisory Council on Social Work Certification for the Texas Department of Human Services.

She joins 175 other Texas citizens who serve on the department's 11 advisory groups, which assist 1.7 million Texans per year.

The purpose of the council on which she will serve is to advise the department on problems relating to social work practice and to review and make recommendations on rules and standards for social work certification.

Contestants placed first

COAHOMA — Members of the Coahoma Future Homemakers of America won first place in the Chapter Manual Proficiency Events contest last weekend in Lubbock.

Tina Robertson, Traci Dorsey and Karen McCoy were on the first place team at the Region I Conference. They will advance to state competition April 24 in Dallas.

Also, Angela Reid was elected state officer for 1986-87. Her office will be determined by the nominating committee at the state conference.

FFA students honored at show

Kneel Stallings of Big Spring High School's Future Farmers of America had the champion polled Hereford at the recent Fort Worth Stock Show.

Other Big Spring FFA students who won honors at the show were:

Steers — Kneel Stallings,

champion polled Hereford; Greg Newton, 15th place polled Hereford; Michael Sparks 15th place shorthorn.

Swine — Mandy Franklin, 12th place crossbred; Kay Darden, fifth place Berkshire; Kelly Mauldin, 11th place polled China; Kurt Henry, 17th place

crossbred. Lambs — Greg Newton, 12th place finewool; Kelly Newton, 18th place crossbred.

FFA members received prizes and political money totaling more than \$8,100 from livestock projects shown at the Fort Worth Stock Show.

VA special events set

The Veterans Administration Medical Center will salute hospitalized veterans this week with some special activities.

The salute will feature a magic show Thursday and a country-western band and a bagpipe performer Friday. The Good News Clowns will perform in the nursing home care unit Friday, and the grand finale will be Casino Night

that night.

Big Spring citizens and organizations may phone the voluntary service office at 263-7361, Ext. 238 to participate.

Nationally, VA medical facilities are hosting a week of special events and activities designed to put veteran patients in direct contact with local communities.

Dear Abby

Couple wants to marry with head in the clouds

DEAR ABBY: I have been going with this gentleman for eight years now, and we want to marry. Neither of us wants to get married in a church. My question: Can the captain of an airliner perform a marriage ceremony? I've heard that captains of ships can marry people, so why not airline captains?

We'd like to be married by an airline pilot in a very short, simple exchange of vows. A flight from Los Angeles to Hawaii, ending in a Hawaiian honeymoon, would be perfect.

If this is possible, whom should we contact?

FLYING HIGH IN IOWA CITY

DEAR FLYING: I hate to clip your wings, but an airline captain

is not authorized to perform marriage ceremonies. However, with air travel competition so keen these days, perhaps one innovative airline will offer a St. Valentine's Day Sweethearts Special for couples who want to wed with their heads in the clouds. And a qualified person could be provided to do the honors. The friendly skies would then attain a new high in togetherness, and couples could truly fly "united."

DEAR ABBY: I am a 70-year-old retired male who has been reading your column since you started it 30 years ago, but I never thought I would ever write to you. I do so now to register my surprise regarding a letter you printed. It had to do with the churchgoing person who was ir-

ritated by another church member who created a minor disturbance by wrapping peppermints during the sermon.

With all the serious problems in this world that should be addressed, I was flabbergasted that you would select something so frivolous to print. If the old biddy couldn't stand all that noise, why didn't she change her seat where she wouldn't be so distracted, poor dear?

You're allowed one mistake, Abby. Don't let it happen again.

PERTURBED IN PETALUMA, CALIF.

DEAR PERTURBED: I admit to my share of mistakes, but this wasn't one of them. I think it's rather fascinating for my readers to know what other readers find

sufficiently irritating to complain about. And occasionally a reader will write in with a solution, like this one:

DEAR ABBY: I sympathize with that poor woman who unwraps peppermints in church. I also carry them to suck on during concerts, at

the theater and in church as well. It may be psychological, but I always get the urge to cough at times when there should be silence, and a peppermint prevents my coughing. However, I remove the cellophane wrappings at home and carry my peppermints in clean white tissues.

Dr. Donohue

Hepatitis B poses lifelong threat

DEAR DR. DONOHUE: After donating blood for the first time a few years ago, I got a letter from the Red Cross six weeks later telling me they found an antigen of the hepatitis B virus in my blood. They destroyed the blood and informed me that I could never donate again. So be it. The odd thing is that I am unaware of ever having any kind of hepatitis. My doctor suggests I now use condoms during sex. Can I actually infect a sexual partner because of this antigen they found in my blood? Will I always carry this in my blood? — R.A.

This is not a trivial problem. It is a serious one, and I fear not enough people understand.

The antigen you speak of is actually a part of the hepatitis virus. It's evidence that the virus you picked up years ago (from blood contact with an infected person) is still in your liver and reproducing. Since hepatitis B can be transmitted sexually, you should use the precautions your doctor suggests, and further, you should inform your sexual partner of this risk. And she should be tested. If she has not been infected, she can ask to

get the vaccine against B hepatitis, and that will protect her. I cannot give you 100 percent assurance that even with the condom, transmission won't occur.

More technically, I should note that there are different kinds of hepatitis antigens and they have different potential for transmission. The "e" antigen does carry greater threat than the others.

On the brighter side of the picture is the fact that a person with any of the antigens may suddenly stop producing the virus. At that point, they will not be found in his blood. So a recheck now, this many years after your first test, is in order.

If you are still positive, there are additional precautions to take. You should inform all doctors, dentists, nurses and other health personnel treating you that you have the hepatitis B antigen. They will be able to use precautions to protect themselves. The dentist, for example, will want to wear gloves. You should cover all skin breaks to avoid transmission of the virus in that way.

Of course, you should not donate

blood. And refrain from sharing instruments like razors or toothbrushes, nail files, scissors, anything where blood to blood transmission is possible.

DEAR DR. DONOHUE: My aunt has been told she has a calcified pineal gland. Can I have more information on this problem? What is its function? — T.D.

The pineal gland is situated between the two large hemispheres of the brain. It is an enigmatic bit of tissue about which not much is known. It does make a hormone called melatonin, which somehow regulates our biological clocks, helping us accommodate ourselves to day and night living.

Your aunt is not alone in her calcification discovery. Most of us have calcified pineal glands. This process may, in fact, start at puberty. But it does not seem to alter gland function.

DEAR DR. DONOHUE: I am 81 and have difficulty walking. No trouble around the house, but when I go shopping my legs ache and my feet get numb after two aisles. Sometimes my legs cramp up. Should I curtail my activities or

should I exercise? Is exercise good for people like me? I am 5 feet, 6 inches and weigh 156. — E.L.

You can exercise by walking to the point of pain, stopping, then resuming when the pain abates. For instance, if you can walk a half a block before the pain appears, walk only that far. When it disappears, resume walking.

One can't guarantee anything, but in time your exercise tolerance might increase and you'll find yourself able to walk longer painless distances.

Exercise of this kind is good for a person like you. It helps maintain circulation and it actually may even promote growth of new arteries in the poor circulation areas of your legs. Exercise also lowers blood fats. And you may lose some weight. You do need to lose a bit, you know. Just go about the walking sensibly.

Statewide search for Ivory girl is underway

In celebration of Texas' Sesquicentennial, 1986 will mark the first year in which there will be an Ivory Girl from the state of Texas.

The Ivory Girl contests began in 1970 and girls from all over the country have been selected for their healthy looking skin, but not in Texas. February 1 was the beginning for a state-wide search for a Texas Ivory Girl.

"I know we have more than our share of Ivory girls here in Texas," Lamar Johnson, district manager for Procter & Gamble, said. "After all, we all know that the most beautiful women are right here in Texas. If you know someone between the ages of 25 and 35 with that healthy looking glow who uses Ivory soap, we want to hear about her," he added.

Procter & Gamble has been selecting Ivory Girls for 16 years and receives more than 2,000

testimonials per month from boyfriends, fathers, husbands, sisters, mothers and daughters, according to a Procter & Gamble press release.

From all those nominated, company officials will conduct preliminary judging, with the final selection being determined by screen tests in Houston, Dallas and San Antonio. The Ivory Girl of Texas will be selected by the beginning of April.

To nominate a Texas girl, send her name, address, telephone number and a recent photograph to Texas Ivory Girl, P.O. Box 1910, Dallas, Texas, 75221.

Something special for a special someone

Heart shaped ham with Ruby Rose sauce

By CARLEEN EVERETT
Lifestyle Editor

Valentine's Day is Friday and wouldn't you love to do something different for your special Valentine? Flowers and chocolates are great, but let's face it, it isn't very original. A more original idea could be cooking a special dinner for your loved one.

Included in today's recipe exchange is an entire Valentine dinner for the two of you.

If you're looking for a special recipe or you have one to share, please write to the Herald Recipe Exchange, Box 1431, Big Spring.

HEART-SHAPED HAM WITH RUBY ROSE SAUCE

1 package (8 ounce) ham slice
1 sheet (1/2 of 17-1/4 ounce package) frozen puff pastry, thawed
1 egg, beaten
Ruby Rose Sauce:
1 can (21 ounce) cherry pie filling
1/4 cup rose wine

Cut ham slice diagonally in half. Turn over one piece and bring cut edges together to form a heart. Pat ham dry to absorb extra moisture. Place ham on pastry dough; wrap pastry around ham by gently pulling edges together and pinching to seal. Turn wrapped ham over. Place on ungreased baking sheet and brush top lightly with egg. Bake in 375 F oven 25-30 minute until golden brown.

Combine sauce ingredients in saucepan; heat on low about 5 minutes until warm or combine sauce ingredients in 1 quart glass casserole. Microwave at high 3 minutes until warm, stirring once. Serve sauce with ham.

Makes 2 servings.
Or try the Cranberry Wine Sauce

in place of the Ruby Rose Sauce
Cranberry Wine Sauce:
1 can (1 pound) whole cranberry sauce
1/2 cup dry red wine (burgandy)
1/2 cup firmly packed brown sugar
1 tsp. cornstarch
1 tsp. grated orange peel
1/4 teaspoon ground cloves

Combine ingredients in saucepan. Cook and stir on medium 5 minutes or until sauce thickens and boils or combine ingredients in 1 1/2 quart glass casserole. Microwave at high 6 minutes, stirring every 2 minutes until thickened.

1 tsp. water
Heat water and butter to 120 F. In large mixer bowl combine 3 cups flour, yeast, sugar, salt and warm water mixture. Mix at high speed for 3 minutes. (It may be necessary to scrape sides of bowl with rubber scraper and rotate bowl slightly by hand.) Add 3/4 cups flour and continue kneading 3 more minutes. If dough is sticky, knead in enough of remaining 1/2 cup flour to form a stiff dough. Place dough in a greased bowl, turning once to grease top. Cover and let rise in warm place 30 minutes.

Punch down and divide into 2 equal parts. Roll each into a 15x8 inch rectangle on lightly floured board. Roll each up tightly jelly-roll style, beginning with long side. Seal edges and ends well by rolling with hands. Place seam-down diagonally on greased 17x14-inch baking sheet. Slash top of loaves diagonally at 2-inch intervals with a sharp knife. Brush with oil; cover.
Refrigerate 2 to 24 hours. When ready to bake, remove from refrigerator, uncover. Let stand 10 minutes. Brush breads with slightly beaten egg white and water. Bake in a preheated 400 degree oven 35-40 minutes. Cool on wire rack.
Yield: 2 loaves.

ANTIPASTO TOSS

1 package (10 oz.) frozen cut green beans
1 small head cauliflower, thick-sliced
2 carrots, thick-sliced
2 stalks celery, thick-sliced
1 green pepper, halved and seeded, French fry cut
1 can (6 oz.) pitted ripe olives, drained, French fry cut
3/4 cup red wine vinegar

3/4 cup water
1/4 cup salad oil
1 tablespoon sugar
1 tablespoon salt
2 teaspoons Italian seasonings
4 sprigs parsley
1 clove garlic, halved
Rinse beans under hot water in colander for 3 minutes. Drain. Process vegetables as indicated above into 4 quart mixing bowl. Add drained green beans. Set aside. Put all other ingredients into blender. Cover and process at chop until parsley is finely chopped. Pour over vegetables. Cover and refrigerate. Marinate at least 1 day and up to 3 days. Stir vegetables every 12 hours to coat with marinade. Drain vegetables before serving.

BLENDER SOUFFLE

3 eggs
1/4 cup milk
2 tsp. Parmesan cheese, grated
1/4 tsp. dry mustard
1/4 tsp. salt
1/4 tsp. pepper
4 ounces Cheddar cheese, cubed
6 ounces cream cheese, cubed
Preheat oven to 375 F. Grease 2 8-ounce casseroles or souffle dishes. Form a collar of foil, grease and attach to casseroles. Put eggs, milk, Parmesan cheese and seasonings into blender and container. Cover and process at mix. Increase speed to blend and add cheese cubes. When cheese is thoroughly blended, increase speed to liquefy and process for 15 seconds. Pour into prepared baking dish. Bake 45-50 minutes until brown and completely set.

VALENTINE PARFAITS

30 chocolate wafers
2 envelopes unflavored gelatin

1/2 cup cold milk
1 cup milk, heated to boiling
1 cup heavy cream
1/3 cup sugar
2 tps. vanilla extract
3 drops red food coloring
1/4 cup peppermint hard candies
1 cup ice cubes
Assemble blender. Break wafers into blender container. Cover and process three cycles at grind. Empty container; continue to process remaining wafers. Put cold milk into blender container. Sprinkle gelatin over milk; let stand 3 to 4 minutes. Add hot milk. Cover and process at stir until gelatin dissolves, about 2 minutes. Add cream, sugar, vanilla, food coloring and peppermint candies. Cover and process at liquefy until blended. With blender running, remove feeder cap and add ice cubes one at a time. Replace cap and continue to process until ice is liquefied. Let stand until mixture is slightly thickened, about 5 minutes.
In parfait glasses or dessert dishes, alternately layer chocolate crumbs with peppermint mixture. Chill until set, about 30 minutes.

Troop leadership course offered

The Comanche Trails District of the Boy Scouts of America is offering a weekend training course for youth leaders called Troop Leadership Development.
Any Scout leader who is active in a leadership position such as senior patrol leader, assistant senior patrol leader, quartermaster, scribe, patrol leader, assistant

patrol leader or member of the leadership corps is invited to participate.
The course will be held from Feb. 21-Feb. 23 at the Texas National Guard Armory, 3900 North Lamesa Road, Midland.
Registration will be from 6:30 to 7:45 p.m. on Friday, Feb. 21. The cost is \$15 per participant for those

who pre-register before Feb. 15. Participants that register after the deadline must pay \$20. The fee covers the cost of food, books, printed materials and a special notebook.
For more information call the Buffalo Trail Council in Midland at 684-7171 or 563-2276.

Winter calls for nutritional breakfast

Winter is the season when bodies need to be fueled with good, nutritious food to better cope with the bitter cold, wind and snow, says Dr. Nesba Frimpong, Drexel University Fellow in the nutrition and food sciences department.

"The body burns up more calories in cold weather," she explains. "Especially in winter, the body requires foods that are high in nutrients."
Healthy eating begins with breakfast, Frimpong points out. A well-balanced breakfast provides energy, which in turn keeps both the mind and body alert.

"Start with a hot or cold fortified cereal and milk, which is high in calcium, an important mineral for growing children and older

women," she suggests. "On the side, include fresh fruit, like sliced bananas, or a glass of unsweetened fruit juice."

Foods high in protein are also vital for meeting one's energy needs, according to Frimpong.

"Ham is an excellent choice, if you can afford it," she says. "But remember that bacon is a poor substitute. According to the American Dietetic Association, it is not actually considered meat, but fat. It is the nutritional equivalent of eating pure butter or margarine."

One recommended source of protein is cottage cheese. Eggs are another option, although some doctors advocate eating only one or two per week because they are high

in cholesterol.
"A slice of whole grain bread is a healthful addition to breakfast and is preferable to white bread," said Frimpong. "If toasted, spread with margarine instead of butter, which contains cholesterol."

"With an increase in the number of working parents, who are busy juggling professional and domestic responsibilities, it's easy for families to neglect proper eating habits," said Frimpong. "However, both adults and children must make time to eat a healthy breakfast. It doesn't have to be an elaborate or time-consuming proposition — just nutritious."

We'd like to straighten your thinking before someone starts straightening your teeth.

That emblem is the symbol of the orthodontic specialist who qualifies as a member of the American Association of Orthodontists.

You, or anyone considering orthodontic treatment, should realize what it stands for. It assures you that, as an Association member, your doctor has at least two additional continuous years of advanced education in orthodontics after receiving a dental degree. And that study was conducted in a program accredited by the American Dental Association.

Orthodontic's dual goals. Certainly you know the first goal: to build confidence and self-esteem by building an attractive smile. The second, equally as important, is to shape the long-term health of your mouth. This is done by achieving a balance, a harmony, of all the forces of your bite. This takes a higher skill than merely moving a tooth. And it's this skill that establishes the foundation for an enduring, attractive smile and a healthy bite.

You can get more straight thinking.
If we've sparked your interest, mail the coupon. We'll send you our booklet, "Opening Your Eyes to the Health of Your Mouth," as well as names of specialists in your area who are members of the American Association of Orthodontists.

WE SHAPE HEALTH, NOT JUST TEETH.

Valentine greetings

Valentine's Day and Sports. An unlikely pair many might say. But in a way they go hand-in-hand.

How many men have had great relationships foiled when they showed up a half-hour late for a dinner date because the Celtics-76ers game ran into overtime?

Or how many wives have threatened divorce because from September to January, their husbands payed more attention to the tube than them on Sundays, Mondays, Saturdays and sometimes Thursday? We're talking the length of the football season.

How many men had to dodge frying pans for pulling out of a top social event of the year because it fell on the seventh game of the World Series?

But life goes on in America. The male tries to make amends by delivering huge boxes of chocolates and giant heart-shaped roses. Or a little dinner and dancing at a favorite night spot might help heal the wounds.

Hugs and kisses are indeed a part of sports. Here are a few Valentine messages exchanged in the sports world. Valentine from Tom Landry to Danny White and Gary Hogeboom.

"We've tried it this way and that way Unfortunately it still hasn't worked out Two ineffective quarterbacks in the stable it's time for both of you to hit the trading table"

Valentine from the Chicago Bears to the NFL.

"We won it all in '86 Now we're here to make it stick We're not satisfied with one mere crown in '87 we'll be Super Bowl bound"

Valentine from Sports Illustrated to all readers. "The month of February illustrates sports and swimming wear

Letting girls play around almost bare Fans claim both are athletic Old ladies say it's pathetic"

Valentine from James Worthy to Larry Bird.

"You've been the best at your position for a while And I must say you play it with style Too bad it's all going to stop Because I'm the new superstar on the block"

Valentine from Jim McMahon to Joe Theisman.

"You say you don't like my style That's okay with me The harsh words you speak don't sting Because I'm the one with two good legs and a Super Bowl ring"

Valentine from Dwight Gooden to the Major Leagues.

"My fastball is a bullet and my curve will break you My body is young and my mind is sound When I'm on the mound the game's in the bag This year I'll lead the Mets to the flag"

Valentine from Marvin Hagler to Thomas Hearns.

"I beat you once and I beat you bad You want to try again lad? Come on "Hitman" get smart Another fight would be a farce"

There are also special Valentine greetings to sports fans from: Bud Adams, Howard Cosell, Mary Decker Slaney, Fred Akers and the Mongolian Stomper.

Mustangs withstand Buffaloes' pressure

By CHARLIE ALCORN
Sports Writer

GAIL — The Sands Mustangs used dominating height and the hot outside shooting of foward Leland Bearden to down the hard charging Forsan Buffaloes, 74-70, in the District 7-A championship playoff game Tuesday night at Borden County Gymnasium.

Led by 6'6 center Brent Staggs, who had 17 rebounds and five blocked shots and Bearden, who pulled down a game-high 18 rebounds, the Mustangs controlled the boards against the shorter Buffs by a 49-32 margin.

But what the Buffs lacked in height, they made up in hustle with a full court press that forced 25 Sands turnovers and brought them back from the edge of a blowout to make the game interesting in the final quarter.

Staggs served notice that he would be a force in the opening minutes of the game, blocking the first two Forsan shots and hitting four of his 19 points.

Bearden quickly got his set shot down, hitting four of his game-high 20 points, as the Mustangs raced to an early 8-4 lead. Forsan unsuccessfully slowed the ball down in the final minutes of the quarter falling behind 14-8 at the end of the

period. Sands continued to pad their lead in the opening minutes of the second quarter. Bearden hit a three point play with 6:12 left in the half giving the Mustangs their biggest lead of the game, 23-12.

After falling behind by as much as 14 points, Forsan installed a full court press midway through the quarter and started cutting the lead slowly. The Buffs also took advantage of their bonus free throw opportunities, hitting eight charity shots in the second quarter and were behind by only nine, 32-23 at halftime.

Sands opened up the third quarter with a hot streak led by Bearden's six points and he Mustangs built their lead back to 13.

Staggs got into the act as soon as the Buffs started coming out on Bearden, hitting nine points in the final minutes of the third quarter. Jay Fryar scored an unusual four point play to give the Mustangs their biggest lead, 54-33, with 1:32 left in the period.

Forsan avoided the blowout with some fine defensive play cutting the lead to 16 by the end of the quarter.

Eagles soar past Steers

By STEVE BELVIN

What is normally the easiest shot in basketball turned out to be the hardest one for the Big Spring Steers in their 4-5A encounter with the Abilene High Eagles.

The Steers missed numerous layups as the Eagles came away with a 77-64 win last night in Big Spring's home finale at Steer Gym.

"I just can't believe it," said a baffled Steers coach Mike Randle after the disappointing setback. Big Spring's 10th in 13 district games. "We finally do a good job of breaking the press and what do we do? Miss six layups in the first half alone. Then we missed at least three more that I can think of in the second half. Our opponents aren't beating us, we're beating ourselves."

Although they suffered 25 turnovers in the game, the Steers did an adequate job of beating the Abilene halfcourt press. A lot of the time they did it by passing the ball deep over the press.

It was also frustrating for the Steers to see near-baskets off the break, roll off the rim.

And when Big Spring missed, the Eagles converted. Coach Gerald Coppage's troops sank 36 of 73 field goal attempts for 49 percent. The Eagles had to shoot well from the floor because their visits to the charity line were seldom.

Up until two minutes remaining in the game, the visitors had shot only two free throws. They ended the night 5 of 7 from the line.

Big Spring also hurt it own chances at the line. They made 16 of 27 attempts for 59 percent.

Abilene did a good job dealing with the district's leading scorer Brian Mayfield. Mayfield did have a productive night with 25 points, 11 rebounds and three blocked shots. But Abilene's defensive strategy made him work hard for his money.

The Eagles used no less than four different players to guard Mayfield once Big Spring broke the press. The shortest of the lot stood 6-5.

In fact, it was Abilene's inside game that paved the way to victory. The foursome of forwards Roy Kiser (6-2) and Jeff Jones (6-5) and a pair of 6-7 junior twins; Devin Kempert and David Kempert, hurt the Steers defense with high-percentage shots. And when one of these players needed a rest, Coppage sent in 6-6 sophomore Doug Brown.

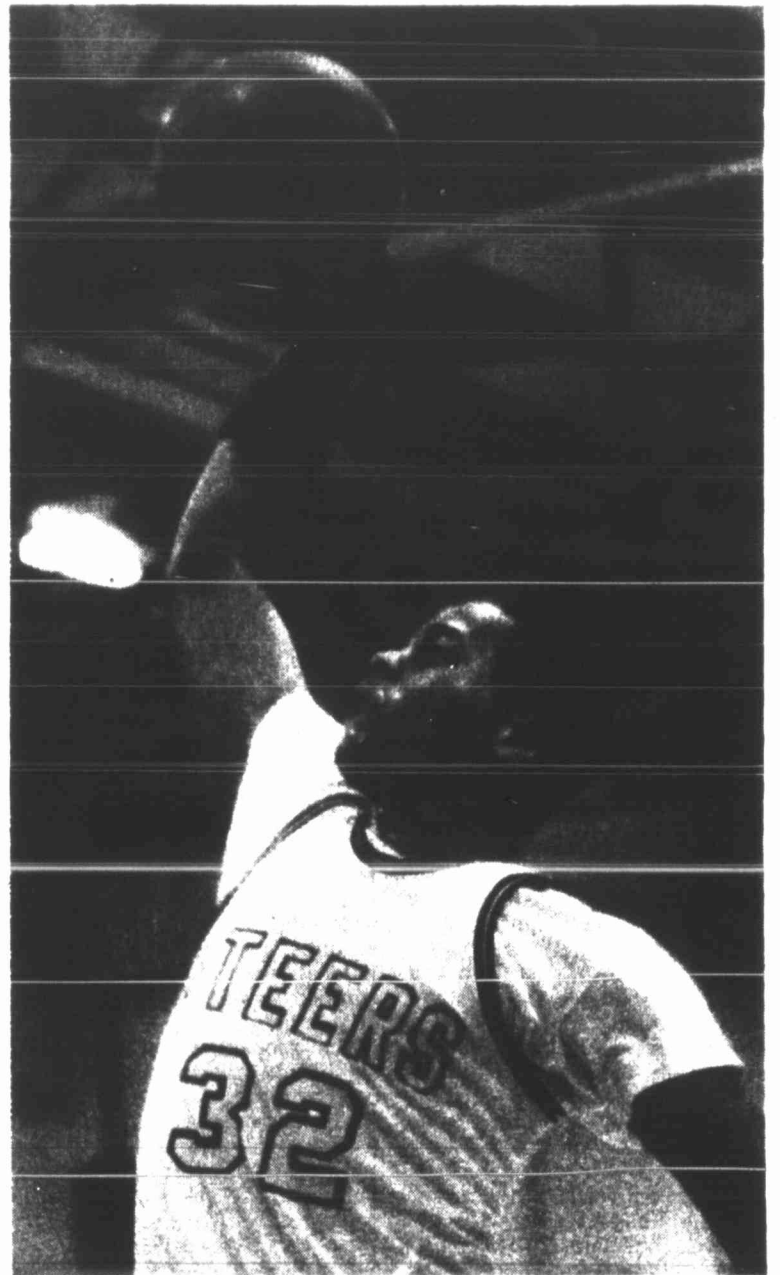

Devin Kempert turned in a 16-point, 8-rebound game while Kiser ended the contest with 16 points and 9 rebounds. Jones added 12 points and 5 rebounds while David Kempert, who did not start, scored 8 points and pulled down 8 rebounds.

"This is the tallest team in the district," said Randle. "They hurt us when they had number 40 (Devin Kempert) at the top of our zone shooting over 5-6 Dewayne Sherman."

But Big Spring, led by Mayfield, Billy Cole and Cedrick Banks battled Abilene hard underneath, in fact Big Spring held a 43-42 rebounding advantage. Shooting 40 percent from the floor helped take away from Big Spring's rebounding game.

Cole ended the game with 9 points and a game-high 12 rebounds. He also electrified the crowd with a vicious second quarter dunk off a feed from Sidney Parker. Banks, giving up as much as eight inches to the Abilene post players, got eight rebounds, including four offensive boards.

Big Spring jumped out to a quick 4-0 lead when Sherman, who had four five assists and three steals, fed Mayfield twice for baskets. Abilene scored the last three baskets of the quarter to take a 16-14 lead going into the second

Forsan girls in state playoffs

GAIL — The Forsan Buffalo Queens had the last laugh in their district 7-A district runner-up playoff game against the Sands Lady Mustangs Tuesday night at Borden County Gymnasium. But it was well after the final buzzer as the Queens escaped this grudge match with a hard earned 54-52 victory.

It was a tight contest all the way through as one would expect from a pair of well-matched teams who had already played each other

three times before Tuesday's night decisive match that decided who would meet District 8-A champion Iraan in the opening round of the playoffs.

Neither team could open more than a five point lead through the game as momentum swung from minute to minute between these two familiar rivals. But the Lady Mustangs finally ran out of time during a last minute run that ended only when Sherri Perry's potential game-tying shot clattered off the rim at the buzzer.

Perry was the Lady Mustangs' big gun on the night, hitting a team-

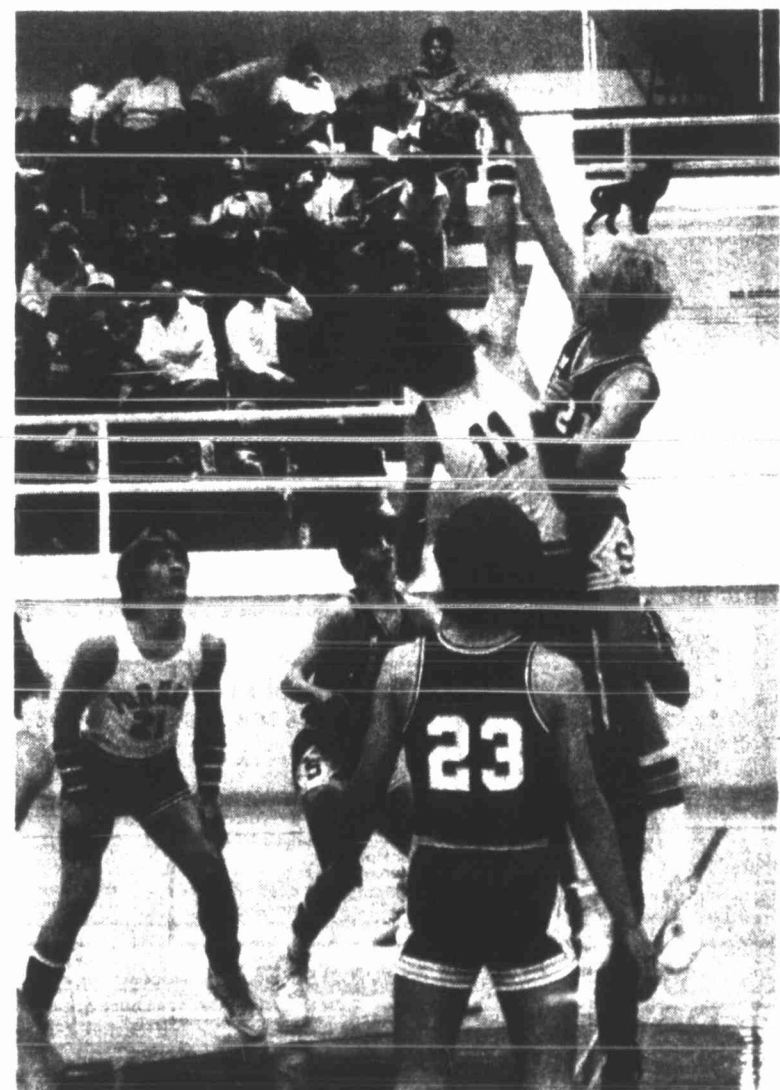

high 18 points.

Forsan guard Tricia DeVore countered with a game-high 20 points for the Queens, most coming on long range bombs that kept the Sands zone defense from sagging back on post Debbie Nelson, who had a fine night with nine rebounds and nine points.

Sands started the game well hitting several outside shots to take an early 8-4 lead. But Sands post Pandy Grigg, who had been one of the Lady Mustangs leading scorers and rebounders picked up two quick fouls, exiting at the 4:15 mark of the first quarter.

Reserve foward Tracy Painter came off th bench and sparked the Queens with six points and four rebounds to pull within two, 14-12 by the end of the quarter. Grigg picked up her third foul with five seconds left in the quarter and sat out the rest of the half.

The pace picked up considerably in the opening minutes of the second quarter as both teams got hot from the outside. Forsan took the lead for the first time, 21-20 midway through the quarter behind the shooting of guard Kristi Evans, who tallied all eight of points in the

began their final run with just under six minutes left in the game.

The manic Buffalo pressure forced six straight Sands turnovers resulting in 11 unanswered points and with 4:40 left in the game Forsan was back to within seven, 59-52.

Sands guard Jerry Long finally broke the Mustang drought with high-arching jumper at the four minute mark and Staggs got a crucial drop-in off Bearden's miss-

ed free throw to push the Mustangs lead back to twelve, 64-52.

Some cold outside shooting kept Forsan from cutting the lead any further for about two minutes, but the press continued to frustrate the Sands ballhandlers into numerous mistakes. David Henson hit a pair of driving layups in the final minute to pull the Buffs within six, but that was as close as they would get until

Queens win in overtime

WEATHERFORD — The Howard College Hawks Queen benefitted from the hot outside shooting of guard Terri Powell to register a come from behind, 75-74 overtime victory over Weatherford College Tuesday night in Coyote Gymnasium.

Powell, a 5'8" freshman guard, hit three straight 20-foot jumpers, the last with four seconds left, in the overtime period to lead the Queens to their second road victory of the week. Powell ended the contest with a game high 25 points.

The Queens had three other players in double figures including post Carolyn Willandit with 18 points, foward Lorri French hit 16 points and post Sophia Ish tallied 12 points. Ish also had a game-high 17 rebounds while Willandit pulled down 14 caroms for the Queen who dominated the boards with a 55-38 rebounding margin.

Queen point guard Pam Franklin hit a pair of free throws with ten seconds left in regulation to force the overtime.

Howard raised their record to 11-16 with the victory.

Gunslingers not up for sale

SAN ANTONIO (AP) — San Antonio Gunslingers owner Clinton Manges says he has rejected a \$3 million offer by a group of investors to buy his United States Football League franchise.

"I want you to quote me on this. They are not for sale, period," Manges told the San Antonio Light Tuesday.

The investors include San Antonio home builder John

Schaefer and airplane broker Gus Cuello of Dallas, said Harry Lander, a consultant to the group and former part-time coach for the Gunslingers.

Lander said the original offer to Manges "was in the neighborhood of \$3 million, to cover the team's debts."

Had the offer been accepted, Lander said, it would have given the group control of "the USFL franchise."

SWC favors drug testing

HOUSTON (AP) — Two-thirds of the Southwest Conference's schools have implemented drug-testing programs in response to new NCAA guidelines and concerns about drug abuse among athletes, according to a published report.

"We want to help the athlete. We will spend whatever it takes," Bob Hitch, athletic director for Southern Methodist University, told The Houston Post.

The NCAA recently announced plans to randomly run drug tests on athletes involved in championship or bowl games.

Six of nine Southwest Conference schools already have implemented drug tests, the Post reported Tuesday.

The University of Texas plans to start a testing and counseling program later this month. Officials at two other schools — Texas Tech University and the University of Houston — said no drug testing is currently conducted on their athletes but plans are under way to implement testing in the near future.

In 1981, the University of Arkansas became the first SWC school — and among the first in the country — to conduct drug testing.

"With the NCAA now testing at major events, there's a need to know," Razorback trainer Dean Weber said.

Ironically, SMU was the only school in the conference to vote against random testing of athletes by

the NCAA, but has the most extensive program.

Hitch estimated SMU spends about \$25,000 annually on its testing and prevention program. He said the university opposed the NCAA plan because school officials believed a stronger rule was needed.

"We voted against the plan because we felt all athletes should be tested for drugs," Hitch said. "We felt like it was a matter that should be handled by the individual institutions."

If an SMU athlete tests positive, he is retested one week later. A second positive test results in counseling sessions. If the athlete tests positive after the counseling, disciplinary action is taken and coaches and/or parents are notified, Hitch said.

Texas trainer Spanky Stephens said the school had been studying various drug programs for the past 18 months and would implement its program this month. Stephens estimated the program would cost the school about \$12,000 annually.

"It won't be cheap but it's worth it," Stephens said. "It is not feasible to test for all of the drugs under the NCAA guidelines. There's probably only one lab in the U.S. that could test for all they (NCAA) want."

At Baylor, school officials plan to expand a drug-testing program the school has used for three years. Baylor trainer Mike Sims said athletes are counseled individually and tests have served as a deterrent to drug use.

Aggies fare well on national signing day

MICHAEL A. LUTZ

The Texas A&M Aggies, following through on earlier commitments, obtained signitures from three of the state's top blue chip football players today, the first day colleges can sign schoolboys to scholarship agreements.

Tomball quarterback Lance Pavlas, Columbus wide receiver Percy Waddle and center Mike Arthur of Houston Spring Woods, were among 11 players signing with the Aggies early today.

All three players committed to the Aggies earlier. Hempstead running back

Harvey Williams, who had narrowed his choices to the Aggies and Louisiana State, was not among the early signees.

The Baylor Bears signed defensive back Mike Welch of state 4A champion Sweetwater, a member of The Dallas Times Herald blue chip list.

Williams surpassed former Texas schoolboy Eric Dickerson in Class 3A career rushing and said he'd make the final decision today.

Signing Williams would give the Aggies at least four of the 15 players on The Dallas Times Herald Blue Chip list, determined from voting by Southwest Conference head coaches.

Several other members of the Times Herald list were still considering A&M.

Williams says the past two months had been the toughest of his life and that he has agonized over his final decision.

"It's hard to say no to a coach who recruited you for a whole year," Williams said. "You've grown attached to them."

Williams gained 5,883 career yards at Hempstead, and moved into sixth place among all-time Class 3A rushers. Dickerson, a former Sealy all-stater now with the Los Angeles Rams, is seventh with 5,877 career yards.

Sooners, Jayhawks take conference wins

In golf, the old adage goes that you can't par all 18 holes if you don't par No. 1. In basketball, you can't lead from start to finish unless you score first.

Third-ranked Kansas and No. 8 Oklahoma did just that in Big Eight Conference games Tuesday night. Kansas surged to a 9-0 lead and rolled to a 100-66 victory over Missouri while Oklahoma built a 15-point halftime lead and held off a late rally to turn back Kansas State 85-77.

Kansas' runaway triumph came as no surprise to Coach Larry Brown.

"We looked ready in the locker room and I had a feeling we would play well," he said. "I don't think we would have lost to many teams tonight, to be honest with you."

A pair of free throws by Ron Kellogg, two baskets by Greg Dreiling and Manning's three-point play gave Kansas a 9-0 lead. A few minutes later it was 17-4 and the Jayhawks were well on their way to their 11th victory in the last 12 games.

The Sooners, who had missed eight of 12 free throws in the second half, then connected on five of seven to remain comfortably in front en route to their 47th consecutive triumph at home. Norris Coleman led Kansas State with 31 points.

second period. Sands went into the bonus shortly after falling behind but could not take advantage of their visits to the charity stripe. At one point the Lady Mustangs missed five straight front end opportunities, enabling Forsan to take a slim 27-24 lead into the lockerroom at half.

Sands cut the lead to one in the opening minutes of the third quarter but Grigg picked up another quick foul, sapping the Sands momentum. Using dominant inside defense, Forsan slowly rebuilt a six point lead, 34-28, but three transition baskets by Sands on turnovers left the Queens up by only one, 36-35 at the end of the third quarter.

Forsan opened up another five point lead in the first minutes of the final quarter when Grigg was whistled for her final foul with out scoring a point. Kim Evans, who had a team high 11 rebounds for the Queens, put Forsan up 42-37 with 5:38 left in the game. The seesaw battle continued as Lady Mustang reserve Shari Smith hit two crucial shots tying the game at 44-44 as the Lady Mustangs' pressure defense began to fluster the Forsan backcourt personnel.

quarter. The lead was stretched to 40-30 at the half when Kiser converted two Steer turnovers into baskets.

The start of the third quarter looked like a AHS blowout as the Eagles stretched their lead to 50-34. But Big Spring came back on a jumper by Kevin McKeown from the corner, a turnaround by Parker, a steal and basket by Banks and a tip-in by Mayfield. This cut the deficit to 50-42. A few minutes later Cole's jumper cut the lead to 54-49 with one minute left in the third quarter.

Unfortunately, it would be the last run the Steers would make as Abilene chalked up its seventh district win.

Two other Lady Mustangs scored in double figures, Stephani Shortes with 12 points and Becky Webb with 10. Sophomore forward Webb led all rebounders with 17 caroms. Sands finished the season with a record of 10-18.

Forsan raised their record to 14-12 with the victory and are tentatively scheduled to meet Iraan, Saturday in Sterling City at 6:30 p.m. in the first round of the state playoffs.

Top vaulters to lock horns

Washington Bullets' Cliff Robinson flips the ball into the basket as Portland Trail Blazers' Sam Bowie attempts to block the shot in their NBA game Tuesday night in Portland, Oregon.

NEW YORK (AP) — Joe Dial, accused of dodging the best pole vaulters, is jumping into the competition against Billy Olson and Sergey Bubka in the Wanamaker Millrose Games Friday night and says: "We'll find out who's the best."

"I don't have any reason to be ducking anybody," Dial said Tuesday by telephone from Norman, Okla. "It doesn't make sense to me. I just go out to jump and have some fun."

Dial has been jumping in meets at Oklahoma City and Columbia, Mo., where he set a world indoor best of 19 feet, 4 3/4 inches Feb. 1 instead of competing on the Grand Prix circuit.

That has caused Olson, his chief American rival, to comment: "I've seen Joe jump high, but I've never seen him jump 19 feet. He's only

done that at backwoods or backyard meets."

In Friday's high-class Millrose Games at Madison Square Garden, Dial will face both Olson, who now owns the world indoor best of 18.5 1/2, and the Soviet Union's Bubka, holder of the world outdoor record at 19-8 1/4.

"My goal is to come up there and win the meet," said Dial, American outdoor record holder at 19-2 1/4. "I'm sure Bubka and Olson want to do that, too."

"I'm sure the world record is going to get broken again. I don't know by whom, but it's going to be broken. I think I can do it. One thing I have over them is that I jump at a higher height — 19-9 — in practice. And I've come real close to it."

"I'm not worried if they stick the bar up to 19-6 or 19-8 or even 20

feet," Dial said. "I have confidence I can make it. I'm sure they have confidence, too, but I'm not planning to come up there and lose."

The pole vault has been the premier event this season, with new the indoor best of seven times. Olson has done it four times, most recently last Saturday night at East Rutherford, N.J., only hours after Bubka has soared 19.5.

Bubka has broken the record twice, Dial once. Dial is one of the few vaulters to have beaten the 22-year-old Bubka. That was at an indoor meet two years ago at Cleveland, when he cleared 18 feet, and Bubka missed three times at that height.

Olson calls the Garden "the most unsafe place to jump on the circuit, indoors or outdoors," because of its short, narrow pit.

Boston, LA suffer upsets

By The Associated Press
For Los Angeles and Boston, there was no celebrating. For Lakers Coach Pat Riley, there wasn't even any "popcorn in the locker room, no beer or anything."

The Lakers were upset 137-113 by the Golden State Warriors, while the Celtics saw the NBA's longest winning streak of 13 games snapped with a 105-100 loss to the Sacramento Kings.

Riley was ejected in the final minute of the first half and spent the rest of the game in the clubhouse. "I've never been run from a game before," Riley said, adding, "The Warriors were a great team, we were lousy and the officials were even worse."

In the rest of the NBA, it was New Jersey 130, Detroit 122; Cleveland 119, Indiana 97; Houston 113, Atlanta 100; Dallas 121, San Antonio 107; L.A. Clippers 120, Phoenix 112; Washington 124, Portland 116, and Seattle 105, Utah 92.

NBA Roundup

Warriors 137, Lakers 113
Joe Barry Carroll had 25 points, and three Golden State guards assisted in the upset by combining for 62 points. Chris Mullin had 22, Terry Teagle 21 and Eric Floyd 19. Although they have the worst record in the league at 16-37, the Warriors are 2-1 against the defending champs this season.

Kareem Abdul-Jabbar scored 20 points, although he was limited to just 25 minutes of play after getting into foul trouble. James Worthy led the Lakers with 21 points. Floyd had 12 points and Carroll 11 in the third quarter as Golden State outscored the Lakers 36-21 to go ahead 104-81.

Riley drew two technical fouls and was ejected in the final minute of the first half.

Kings 105, Celtics 100
Eddie Johnson hit a pair of free throws with one second left, capping a run of five-of-six foul shots in the final 19 seconds that allowed Sacramento to beat the Celtics and end the NBA's longest winning streak of the season at 13 games. Johnson had 22 points, while Mike Woodson led the Kings with 27.

The Celtics shot only 4-of-27 from the floor for 14.8 percent in the third quarter as Sacramento outscored Boston 33-12 to take a 19-point lead. The Celtics closed within 101-98, but Larry Bird missed two free throws with 31 seconds left that could have cut the deficit

to one. Celtics Coach K.C. Jones said the third quarter was "the worst since I've been coach, particularly bad because we were taking open shots and they weren't falling in."

The Celtics shot only 35 per cent from the floor. Bird led Boston with 29 points. The Kings are now 15-10 at home despite an overall mark of 21-30.

Nets 130, Pistons 122
Buck Williams and Otis Birdsong scored 31 points each, and New Jersey defeated Detroit despite playing without guard Micheal Ray Richardson and center Darryl Dawkins. Richardson was sitting out a one-game suspension while awaiting the results of a drug test after missing practice and a doctor appointment Monday, and Dawkins has a pulled muscle in his right thigh.

Center Mike Gminski had 27 points, including eight in a 14-2 run midway through the second period. The Nets outscored Detroit 8-2 to start the third period and take a 74-61 lead.

Isiah Thomas, the All-Star MVP, had 39 points for Detroit, which had won three in a row.

Cavaliers 119, Pacers 97
Cleveland snapped an eight-game losing streak as World B. Free led a second-quarter run that gave the Cavaliers an 18-point lead at halftime. Free scored 13 of his 27 points in a five-minute span of the quarter, during which the Cavaliers outscored Indiana 26-9.

Indiana trailed 96-86 with about eight minutes left, but Cleveland went on a 12-6 run, with 10 points from Free.

Steve Stipanovich had 18 points for Indiana, which has lost two in a row after winning four straight.

Rockets 113, Hawks 100
Akeem Olajuwon scored 20 of his 25 points in the first half, and Houston took the lead for good with 7:07 left in the second quarter during a 16-0 run the put the Rockets up by 18 at the half. Ralph Sampson led the Rockets with 27 points.

Houston outscored Atlanta 15-6 to start the second half and led 95-71 going into the fourth quarter as Sampson scored 11 of his points.

Dominique Wilkins, who came in averaging 28.3, was held to 13 for Atlanta.

Mavericks 121, Spurs 107
Rolando Blackman scored 10 straight points during a fourth-quarter run that helped Dallas build an eight-point lead over San Antonio to 109-96, and the

Mavericks won for the seventh time in their last eight games. Blackman had 31 points.

Mark Aguirre added 26 points for the Mavericks, while Mike Mitchell had 27 points for San Antonio.

Clippers 120, Suns 112
The Clippers outscored Phoenix 19-8 over a 4:16 span midway in the third quarter to rally over the Suns, who had won four in a row. Benoit Benjamin and Norm Nixon had 20 points apiece for the Clippers, who started their third-quarter run trailing 67-66.

The Clippers led 91-83 going into the fourth period, and reserve Junior Bridgeman scored all 10 of his points in a 3:11 span to help the Clippers expand the lead to 108-97. James Edwards led Phoenix with 25 points.

A report on the agriculture industry in the Crossroads Country

Appearing Feb. 23 in the **Big Spring Herald**

Oliver calls it quits

NEW YORK (AP) — For the first time since 1964, 39-year old Al Oliver is contemplating the end of winter without planning to go spring training.

"Sad? I'm too busy to think about it," said Oliver, who announced his retirement last week after 17 full seasons in the major leagues, 11 of which ended with him batting .300 or better.

Oliver, in a phone interview Tuesday from his home in Arlington, Texas, said he was heavily involved in "Suicide Is Not Painless," a organization formed by the local police chaplain to combat teen suicide.

Oliver, who closed out his career with the Toronto Blue Jays, acknowledged that being removed by Manager Bobby Cox for a pinch-hitter in the last game of the American League Championship series last fall played a part in his decision.

The Blue Jays announced earlier this winter that they would not sign him to a new contract.

Oliver, who is 257 hits shy of 3,000, played for seven teams, breaking into the majors with the Pirates and playing nine full seasons in Pittsburgh. It was as a Pirate that he got his "greatest satisfaction."

Hawk Profile

Howard College sophomore captain Walter Reynolds has been the Hawks most consistent player in a season of rookie production. The 6'7" post leader led the Hawks with an 11.5 points and 7.5 rebounds per game average and is among the leaders in the WJCAC in blocked shots with 39.

The soft spoken Reynolds hails from Norfolk, Virginia where he played ball for five years before coming to Howard. He was a star center for Maury High School and lists basketball and baseball as his favorite sports to play and watch.

He is the son of Dorothy Reynolds.

WALT REYNOLDS

Queen Profile

Eva (Trina) Allen has spent the last eight years of her life playing basketball. This year the 5-5 guard-forward for the Howard College Hawk-Queens has saw part-time starting action.

The 18-year-old freshmen from Brookshire says "there is never a dull moment in basketball. It's a challenge to see who is the better player, you or your opponent."

The daughter of Mr. and Mrs. Clyde Allen Sr. says that history and physical education are her favorite subjects. She lists her hobbies as sight-seeing, skating, jogging and track and field.

Allen says she is still undecided about her future plans. But is leaning towards a career in social work.

PUBLIC NOTICE

REQUEST FOR PROPOSAL
ARCHITECTURAL ENGINEERING SERVICES
MULTI-PURPOSE SPORTS COMPLEX
1-21-86

The City of Big Spring, Texas, is seeking proposals and statements of qualifications from architectural engineering firms specializing in parks and recreation facility planning for the design and "phased" construction of a multi-purpose sports complex in the City of Big Spring, Texas. The City envisions the phase development of a multi-purpose sports complex to provide facilities for slow pitch softball, flag football and soccer. This facility would be located on 40 acres of presently owned city property with adequate water and wastewater available to the site. Interested firms should submit their qualifications and statement of interest to Tom Decell, Director of Public Works, P.O. Box 3190, Big Spring, Texas 79721-3190. Proposals should arrive on or before close of business on February 26, 1986, 2730 February 12, 1986.

PUBLIC NOTICE

CITATION BY PUBLICATION
TO: F. W. LEONARD and wife, ROSANNE M. LEONARD and unknown heirs, if either be deceased:

You are commanded to appear before the 118th Judicial District Court of Howard County at the Courthouse thereof in Big Spring, Texas, by filing a written answer at or before 10:00 a.m. on the first Monday, next after the expiration of 60 days from the date of issuance of this citation, same being the 4th day of March, 1986, to Plaintiff's petition filed in said Court on the 21 day of January, 1986, in Cause No. 31220 on docket of said Court, and styled "Davis Oil Company, Plaintiff vs. F. W. Leonard and wife, Rosanne M. Leonard and unknown heirs, if either be deceased, Defendants."

This suit is brought for the appointment of a receiver of the undivided 5/8ths interest in the mineral estate owned or record by F. W. Leonard, pursuant to Section 64.001, Texas Civil Practice and Remedies Code, in order to obtain from said receiver execution of an oil, gas and mineral lease covering the South half (S/2) of Section 30, Block 33, T-3-N, T&P Ry. Co. Survey, Howard County, Texas, comprising 320 acres.

The nature of this suit is more fully shown by Plaintiff's petition on file in this cause.

If citation is not served within 90 days after the date of issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to the requirements of law and the mandates hereof, and make due return as the law directs.

ISSUED AND GIVEN UNDER MY HAND AND SEAL OF SAID COURT at Big Spring, Texas, this 21st day of January, 1986.
