Spring board

How's that?

Cost of living

Q. Compare the cost of living for 1969 with that of this year.
A. The consumer price index, generally used to measure the cost of living, increased 5.4 percent in 1985 over the previous year, according to Dick Robertson, classification officer at the state auditor's office. It increased 3.6 in 1985. 1986 figures aren't yet available.

It's not costing people more now to live than in 1969, but the standard of living has increased considerably, he said.

Calendar

Homecoming

TODAY

- The Big Spring Arts & Crafts Festival will be at Dorothy Garrett Coliseum from 10 a.m. to 6 p.m. Saturday and from 1-4 p.m. Sunday. Admission is free.

- A coffee reception for 1910-1940 Big Spring High School graduates will be in the high school library Saturday as part of homecoming activities. For more information, call Mildred McFall at 267-2437. The reception was originally published for last week.

- Big Spring High School classes of 1947-49 will have a coffee reception at 10 a.m. at Dora Roberts Community Center in Comanche Trail Park. A dinner dance will be at 6:30 p.m. at the center.

- Former Big Spring High School cheerleaders will have a coffee reception at 10 a.m. at Runnels Junior High School.

- The Big Spring Squares will have a square dance at 8 p.m. at the Square Corral. Andy Petere will call.

- The Crossroads Fine Arts Association continues its fall art show through Sunday at Big Spring Mall.

SUNDAY

- Port Authority, the U.S. Navy jazz band, will give a concert at 2 p.m. in the Municipal Auditorium. Free tickets are available at the Herald and the Chamber of Commerce.

TUESDAY

- A public meeting to discuss the proposed Sunstar Raceway will be at 7 p.m. at the Park Inn.

- Dora Roberts Rehabilitation Center, 306 W. Third St., will have an open house.

THURSDAY

- State Rep. Larry Don Shaw will sponsor a chili cook-off at 6:30 p.m. at the Howard County Fair Barns. The entry fee is \$15. For more information, call 263-7383.

- A public meeting to discuss the proposed Sunstar Raceway will be at 7 p.m. at the Park Inn.

Tops on TV

World Series

The New York Mets face the Boston Red Sox in the first game of the 1986 World Series at 7 p.m. on Channels 4 and 11.

Outside

Partly Cloudy

Skies today are partly cloudy with a high in the mid 70s and south winds at 10 to 15 miles per hour. Tonight will be increasingly cloudy with a low in the lower 50s. Sunday's forecast calls for a 20 percent chance of showers.

Big Spring High School students weave their way around the bonfire as they bunny-hop during Homecoming festivities Thursday night at Howard College. The Steers won their Homecoming game against Fort Stockton, 16-0 Friday night. For more football results, see Sports.

Texans take 1/2 day off as U.S. closes shop

DALLAS (AP) — The U.S. government in Texas didn't grind to a halt Friday, but it certainly slowed a bit when thousands of federal workers in the state and their colleagues around the country took unpaid furloughs.

All nonessential federal employees in the state were sent home early after Congress failed to pass legislation needed to authorize paying their salary.

For some in Texas, the holiday started precisely at 12 noon Friday. Others, including those at the large NASA complex near Houston, didn't get the word until early afternoon.

But no matter the hour, when the time came, there was a quick evacuation. The civil servants left federal courthouses in Fort Worth and Houston, tax offices in Odessa, the Border Patrol complex in El Paso and the Johnson Space Center near Houston. Virtually every federal office in the state was affected at least in some small way.

Some workers said they felt a festive air about the sudden and unexpected holiday.

"I'm looking forward to it," said a NASA secretary as she watched the clock for a countdown to leisure.

About 3,000 civil servants were to leave their Johnson Space Center offices at precisely 1:45 p.m. CDT, but managers at the last minute modified the order. Only "non-exempt" employees were to leave, the leaders decided. Virtually all of

the secretaries, receptionists and clerks at NASA are non-exempt.

The bosses suddenly found they had to answer their own phones.

"It's lucky we only have a couple of hours to go in the day," said one NASA executive. "We can't operate without our secretaries."

Most agencies experienced some loss of what the government calls "administrative support" (clerks and secretaries), but functions considered essential were not affected.

Fourteen part-time or temporary workers left the Border Patrol office in El Paso, but 550 patrol personnel stayed on the job.

"Law enforcement positions are considered essential," said Gustavo De La Vina, the acting chief of the El Paso office of the Border Patrol office.

He said if the border patrol were to suddenly walk off the job "it would be a disaster."

Not all parts of the justice establishment escaped the furloughs, however. Some assistant U.S. attorneys were sent home and they left federal courthouses at the final tick toward noon.

Social Security and Internal Revenue Service offices were reduced to skeleton crews, often a single worker.

IRS spokeswoman Marlene Gaysek said in Dallas that at 11:30 a.m. the district director started notifying managers of offices in the area to send employees home.

Senate passes immigrant bill

AUSTIN (AP) — The Senate Friday night voted 63 to 24 to approve and send to President Reagan an immigration reform bill that aims to stanch the flow of illegal aliens across the southern border while legalizing thousands of those already here.

Because Sen. Phil Gramm mounted a harsh verbal offensive against the bill, the Senate voted 69 to 21 to end a possible filibuster by the Texas Republican to clear the way for the measure's final passage.

Gramm objected strongly to the cost and logic of the bill's legalization for aliens. He described the legislation as unfair to 1.9 million foreign citizens who have applied, and are still waiting, for legal immigration to the United States.

Sen. Lloyd Bentsen, D-Texas, who differed with Gramm and voted in favor of the bill, said it would be "the best" legislation Congress could pass for immigration control.

"We have climbed this hill time and time again in the Congress only to see it crumble right at the last because we wanted a more perfect bill" for immigration, said the

Texas Democrat. "This is the best we're going to get."

Different, though similar, versions of immigration reform have been debated in Congress for the past six years and have died at the end of two previous congressional sessions.

The bill's other key provision, in addition to legalization programs, would be sanctions against employers of illegal workers — considered the bill's strongest tool to discourage aliens from entering the country illegally.

Following a meeting with President Reagan Thursday, Sen. Alan K. Simpson, R-Wyo., the Senate sponsor of the bill, said the president would sign the bill into law.

"When this bill is signed by the president, there is going to be an extraordinary jubilation ... which is going to stun the people of the United States," said Simpson, referring to aliens who have lived in the country illegally as long as 20 or more years.

"This is their only avenue for coming out," said Simpson about long-term illegal residents.

Simpson emphasized that Congress would not pass an additional

IMMIGRATION page 2A

White signs bill for '88 'super primary'

AUSTIN (AP) — A bill to allow Texas to join about a dozen other southern states in holding a presidential "super primary" in 1988 was signed into law Friday by Gov. Mark White.

White signed the legislation without comment, his office said.

The bill would shift the state's primary from the first Saturday in May to March 8.

Backers of the idea said it would give Texas considerably more clout in choosing the Republican

and Democratic party nominees.

Texas in 1984 sent the third-largest number of delegates to each party's national nominating convention. But backers of the early primary said that because the Texas primary was held so late in the process last time, the decisions really were made before Texans got to cast their ballots.

The primary bill, sponsored by Sen. Chet Edwards, D-Duncanville, was approved by the Legislature during its special session last month.

She came home a queen

By ROBERT WERNSMAN
City Editor

An individual considered to be the most dedicated cheerleader Big Spring has known in recent years was honored for her long-standing efforts Friday night.

Julie Rainwater Shirey, 2308 Lynn Street, was not on the program listing of Big Spring High School "spirit leaders," but to many, there is no one who comes close in long term dedication.

"The best supporter of a high school I've ever seen," says fifth-year head coach Quinn Eudy. He should know; his players have been the beneficiaries of many of her efforts.

They include initiating the tradition of dressing the town in black and gold crepe paper, decorated lockers, spirit sacks and occasional pizza after practices.

A member of the 1956 Big Spring High School graduating class, Shirey was honored Friday night as the first "coming home queen." "Exes" expect the honor to be continued at future homecomings.

On this occasion, however, the greatest effort at secrecy was made to surprise Shirey. She has, by nearly all accounts, done her best to promote pride and enthusiasm in the Big Spring school system and the community in general.

Shirey arrived at Memorial

Former Big Spring resident and NFL quarterback Charlie Johnson stands with Julie Rainwater Shirey, who recently became Big Spring's first "Coming Home Queen." See list of past "Spirit Leaders" in Section B, page 6.

World's biggest pie?

15-ton monster whipped up at Permian Basin Oil Show

ODESSA, (AP) — A 15-ton frito pie may set a new world record, but for the charity group that baked, scraped, and served it Friday the thrill was in the challenge of making it.

The Chuck Wagon Gang, a volunteer group of businessmen, baked the pie and topped it with 1,000 pounds of cheese and fritos before serving it to a hungry crowd at the Permian Basin Oil Show.

"We've been here since 5 o'clock yesterday," said a weary George Lambert, one of two chief cooks.

Five thousand pounds of beef went into the chili pie and over 500 onions were shredded by machine, said Terri Levy, a spokeswoman for the chamber of commerce.

Levy said more than 1,000 one-gallon cans of tomatoes went into the pie, which she said weighed 31,675 pounds.

A 1 cubic foot sample was weighed and measured and multiplied by the dimensions of the giant vat used to cook the pie, she said.

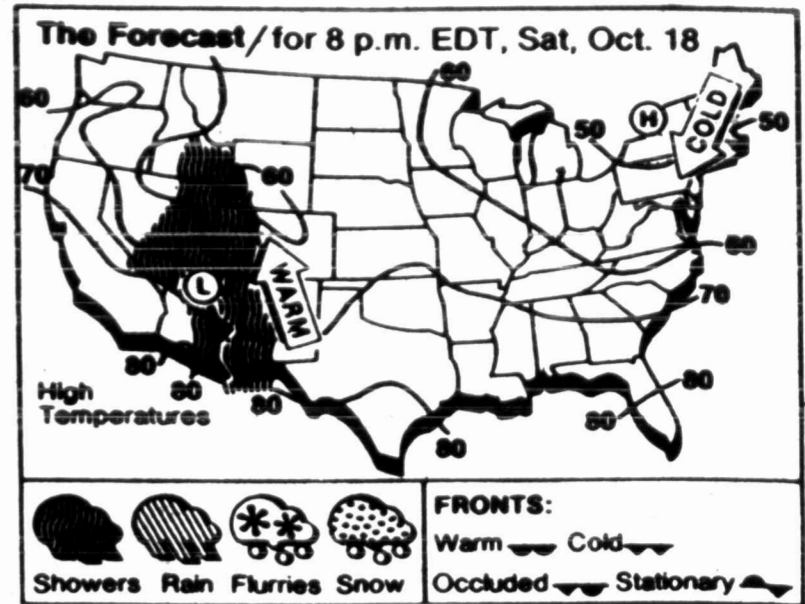

Officials of The Guinness Book of World Records in London will examine the measurements and in six or eight weeks they will determine whether the pie officially surpasses the old record of 12,800 pounds for a meat pie made in 1964 in West Yorkshire, England, Levy said.

This member of the Chuck Wagon Club, an group of businessmen in the Odessa-Midland area, samples some frito pie. The group is trying to set a world record for the largest chili pie

After the formalities, volunteers shoveled the pie into 5 gallon containers and a forklift carried loads to patrons who paid \$2 for a bowl. All the ingredients were donated and proceeds will go to the Odessa Home for Abused Children.

Weather

Forecast
 West Texas — Partly cloudy Saturday and cloudy with widely scattered showers by Sunday. Lows Saturday night in the 40s north and southwestern mountains to upper 50s in the southeast. Highs Saturday and Sunday ranging from mid 60s in the Panhandle to near 80 in the extreme south.
 North Texas — Continued fair and mild through Sunday, although widely scattered thunderstorms will develop over the western sections on Sunday. Lows will range from mid 40s to the mid 50s Saturday night. Highs from the mid 70s to near 80 on Saturday and from the mid 70s to the lower 80s on Sunday.
 South Texas — Partly cloudy and mild Saturday. Increasing cloudiness west and south Saturday night and elsewhere Sunday. Scattered thundershowers west Sunday. Highs upper 70s and lower 80s north, mid and upper 80s interior south. Lows upper 50s and lower 60s north to 70 along the coast.

Coming home

Continued from page 1A
 Stadium under the assumption of escorting former classmate and Denver Bronco Ring of Famer Charlie Johnston. As it turned out, she was the one escorted for the occasion.
 The key to the value of her involvement, Eudy said, was the fact that it came not when the team was a winner, but in the lean years.
 "No doubt, she's been a positive influence — when there was nothing but darkness. She was on the bandwagon when it was not so full," Eudy said.
 Shirey will not be among the more than 300 cheerleaders inducted into the Hall of Fame at 3 p.m. today — she was never a cheerleader during her early to mid-50s classes.
 However, classmate and close friend Eunice Choat says "She was not a cheerleader, but there was no one with more school spirit."
 Shirey returned to Big Spring in 1974, having lived in Iowa and

Massachusetts. It was the 1973 homecoming she attended, friends say, that convinced her it was time to "come home" for good.
 A part-time instructor in the Howard College music department, Shirey also gives private piano lessons.
 She is the daughter of Mr. and Mrs. Champ Raintwater of 526 Scott St. and has raised two daughters, Jennifer and Brenda, who are now attending college.
 A member of the city Traffic Commission, Choat said, Shirey has provided accompaniment for high school drama productions and college performances. She has also been called upon to address the Big Spring National Honor Society honorees.
 She is an annual pep rally speaker, said Craig Fisher, an assistant high school principal.
 "A very positive, vivacious, colorful person," he said in describing the honoree. "She is admired by the students."

Immigration

Continued from page 1A
 amnesty program for aliens, moving forward the date of legalization. The bill is "a one-shot deal," he said.
 Although Gramm ridiculed the bill's main amnesty program that would legalize aliens who resided continuously in the United States since Jan. 1, 1982, he saved his sharpest attack for the bill's guest worker program.
 The guest worker legalization program would permit aliens who

worked at least 90 days in each of the past three years as migrant farmworkers to become temporary legal residents, qualifying for permanent residency after one year and for full citizenship five years later.
 Aliens who worked at harvesting perishable commodities only 90 days in the year before May 1, 1986 would qualify for permanent residency after two years.

A golden lady

Tessa Underwood smiles through shining eyes after being crowned 1986 Steers Homecoming Queen during halftime of last night's game. Miss Underwood is the daughter of Mr. and Mrs. Lloyd Underwood. She is a varsity cheerleader and was the Key Club Sweetheart. She is a member of Student Council, the National Honor Society, and Fellowship of Christian Athletes. She was the Key Club nominee for the honor.

Museum sets volunteer meeting

The Heritage Museum, 510 Scurry St., will have the first volunteer docent meeting at 10 a.m. Wednesday. Anyone interested is welcome.
 As a museum docent, a volunteer will work for the museum four hours one day a month. For further information, contact the Heritage Museum at 267-8255.

For the record

Clarifications are necessary concerning an article which appeared in the October 5 Herald concerning the founding of Southwest Collegiate Institute for the Deaf. Dr. Douglas Burke, SWCID's first executive director said that it was not he, but a group of concerned citizens who approached the Howard College board of trustees about the matter.
 Also, he noted that the initial plan was not for a college for the deaf, but rather a high school vocational program for the deaf.

Deaths

Marie Isabel Harwell
 TEMPLE — Services for Marie Isabel Harwell, 77, of Temple, formerly of Big Spring, will be 3 p.m. Saturday at Sheffield Funeral Home with burial in Belwood Memorial Park Cemetery.
 She died Oct. 17, 1986, in a Temple hospital after an extended illness. She was born Sept. 12, 1909, in Altus, Okla. and married Charles Harwell in 1931. She was a long-time resident of Big Spring and had moved to Temple in 1984. She was a member of the Oasis

Art show starts Sunday

Local art teachers will display their works in an Art Teachers Art Show Sunday-Thursday at the Howard College Library.
 The show is being given in conjunction with the month-long ArtsFest celebration sponsored by the Cultural Affairs Council of the Big Spring Area Chamber of Commerce.
 Some of the local teachers participating are: Becky Smiley, Mike Randle, Judy Tereletsky, Vicki Stewart, Mitzi Balios, Roberta Ross, Virginia Whitten, Clara Tolle, Jerry Williams, Linda Rupard and Teresa Wash.
 Works in the show will include a variety of mediums, and some works will be for sale. For more information, contact the Chamber of office at 263-7641.

Sheriff's log

Two transferred to county
 Big Spring Police transferred two persons to county jail on Friday.
 • Gloria Lozono, 19, 813 Anna, was transferred after being arrested for criminal trespass. She was released on \$500 bond.
 • Earnest Lee Paul, 17, Route 1, was transferred after being arrested on two counts of aggravated assault. He was released on bonds totalling \$2,000.

Police beat

\$1,500 in clothing taken
 Bonnie Renea Edwards, 2538 Langley Drive, told police Friday afternoon that someone stole \$1,500 in womens clothing from her home between 9 a.m. and 7 p.m. Tuesday.
 • Charleen Spalding, supervisor of the Figure 7 Tennis Court told police Friday afternoon that someone damaged two ceiling tiles in the Dora Roberts Community Center between 8 p.m. Thursday and 10 a.m. Friday.
 • James Hughes, co-owner of Hughes Rental, told police Friday morning that someone he knows refused to return a \$600 stereo to the business.
 • Tiffany Kuster, 1425 E. 16th St., told police Friday morning that someone assaulted her at Comanche Trail Park Sept. 14.
 • Clyde Myles, 60, 705 N.W. Fifth St., was arrested Friday on traffic warrants.

10 years good for SDI

BOSTON — A professor who studied the "Star Wars" defense system said Friday that the top secret laser project could have benefited from 10 more years in the laboratory, as proposed at the U.S.-Soviet summit in Iceland.

Columbia University nuclear engineer Thomas Marshall was among 16 scientists who studied a major component of the Star Wars project, officially named Strategic Defense Initiative.

Their report, written for the American Physical Society, was the first by an outside group allowed to see classified information on SDI, said William Havens, director of the society. The study was done with grants from the MacArthur and Carnegie foundations.

The government has not released the findings, but Marshall said he was unhappy that Reagan would not bargain with Soviet leader Mikhail S. Gorbachev on Star Wars testing.

Gorbachev insisted on no research, development or testing of SDI outside the laboratory for 10 years in return for reducing Soviet nuclear weapons. Reagan refused.

"Certainly a lot of it (Star Wars) could benefit by staying in the lab for 10 years," Marshall said. "My personal opinion is more could have been accomplished in Iceland."

"This was in the government's hands before the Iceland summit," said Marshall. "I think it would have been helpful if the government if they had read it."

Shultz clarifies stand

WASHINGTON — Secretary of State George Shultz, seeking to resolve congressional questions about nuclear arms reductions discussed in Iceland, said Friday the United States suggested only the elimination of ballistic missiles — not all long-range weapons.

Shultz also said that America would need to increase spending on non-nuclear forces to keep peace in the world without nuclear weapons.

Both sides would still keep atomic bomb-equipped aircraft and cruise missiles with nuclear warheads, under the proposal, Shultz said during an appearance at the National Press Club.

'Superfund' approved

WASHINGTON — President Reagan, facing a certain veto override in Congress, on Friday signed the \$9 billion "Superfund" legislation to revive and broaden the nation's sputtering effort to clean up toxic waste dumps.

The widely popular legislation, disliked at the White House because it creates a new broad tax on corporations, became law as Reagan flew to North Dakota to campaign for Republican Sen. Mark Andrews.

"I signed the Superfund legislation to accelerate the cleanup of the nation's hazardous waste sites," said Reagan, who last year proposed a \$5.3 billion Superfund with much of the responsibility handed to the states.

Salvadoran soldiers carry boxes of goods sent from the United States to earthquake victims at a temporary warehouse on Friday. At least 21 countries have sent aid to the earthquake stricken nation since Friday.

Quake aid

El Salvador allows medicine airlift

By GEORGE GARTIES
Associated Press Writer

LOS ANGELES (AP) — The government of El Salvador has reversed itself and granted permission for an airlift of medicine and other supplies for earthquake victims, private relief groups said Friday.

The planes had been refused permission to land, apparently because the aid was to be funneled through the Roman Catholic Church, said Neil Frame, procurement director for Operation California, one of the relief organizations involved.

The Salvadoran government perceives the church as being allied with Marxist opposition groups, Frame said.

"It effectively cut off any relief supplies to any agency other than the government," he said.

A chartered Boeing 727 and a DC-3 will leave Los Angeles Saturday morning carrying about \$500,000 worth of medicine and other supplies, said Jon Floyd of Medical Aid to El Salvador, the other group involved.

"We've got landing rights all the way through for the 727 and we're awaiting word for the DC-3, which they're confident of," said Richard Walden, Operation California executive director.

Earlier, Frame had said both planes had received

permission.

Operation California is among several groups that sought unsuccessfully to get supplies into El Salvador since the earthquake a week ago killed nearly 1,000 people, injured more than 8,000 and left an estimated 150,000 homeless.

Medical Aid, co-founded in 1981 by actor Ed Asner, has been providing medicine and other supplies since then to people Ms. Murray called "victims of war in El Salvador."

The group works through private channels, largely in areas where the insurgency is strong, she said.

In New Orleans, meanwhile, State Rep. Woody Jenkins, head of Friends of the Americas, a nationwide organization he and his wife founded, had shipped \$50,000 worth of supplies to El Salvador.

And in suburban Metairie, the Ochsner Foundation Hospital prepared a shipment of about 20,000 pounds of antibiotics, vaccines, bandages and additional medical supplies, said hospital spokesman Reggie Moody.

"We're getting stuff from all over the place," said spokesman John Lucero for Taca International Airlines, the San Salvador-based company that volunteered to fly U.S. relief shipments from New Orleans to the Central American country.

World

By Associated Press

Israel gets new leader

JERUSALEM — Yitzhak Shamir became Israel's ninth prime minister Friday, trading jobs with Shimon Peres under terms of the "national unity" coalition agreement between their rival conservative and leftist parties.

Shamir, 71, vowed to "repel every terror attack" against his country, which he has served as guerrilla fighter, spy and politician since before independence in 1948.

The leader of the conservative Likud bloc was formally named prime minister by President Chaim Herzog and will be sworn in Monday by Parliament. Peres, who heads the Labor Party and led the coalition government through its first two years, assumes Shamir's former post as foreign minister.

"There must be no letup" in Israel's fight against terrorism, Shamir told reporters.

Terrorists threw two grenades at a crowd of Israeli soldiers and their relatives Wednesday near the Wailing Wall in Jerusalem, killing one person and wounding 69.

On Thursday, a dozen Israeli warplanes raided Palestinian guerrilla bases in a refugee camp near Sidon in south Lebanon. One Israeli plane was shot down.

"We must remain alert and repel every terror attack, both inside Israel and beyond its borders," Shamir said outside the president's residence. "There must be no wavering, no neglect."

"The latest events in the country and near its borders prove we haven't reached a time of rest. The danger hasn't passed."

Soviets let pair go

MOSCOW — Soviet authorities on Friday granted final permission to a husband and wife to emigrate, paving the way for the woman to donate bone marrow — and perhaps save the life — of her leukemia-stricken brother in Israel.

It was the latest in a series of Soviet human rights cases to be resolved.

Soviet authorities earlier gave Inessa Fleurov, 37, permission to leave, but had withheld an exit visa for her husband, Viktor. Mrs. Fleurov said she would not go without him.

Israeli jet shot down

SIDON, Lebanon — The main Shiite Moslem militia said Friday it had captured an Israeli flier whose jet was shot down during a bombing raid on Palestinian guerrilla bases in south Lebanon.

Israeli troops swept in by helicopter and rescued the other member of the two-man crew after the F-4E Phantom was downed Thursday near Sidon. A local commander of Amal, the Shiite militia, initially said one of the Israelis was killed.

"The captive has a fractured arm. Otherwise he is well," said a spokesman for Amal, who would not give his name. The militia is led by Nabih Berri, the Lebanese justice minister.

Building in US down again

WASHINGTON (AP) — Construction of new homes and apartments plummeted 7.6 percent in September, the fourth decline in the past five months, as the spring boom in the housing industry faded further, the government said Friday.

In other disappointing economic news, the government reported that U.S. industry operated at just 79.2 percent of capacity in September, a rate unchanged from the August level.

The Commerce Department's housing report said homes and apartments were built at an annual rate of 1.68 million units in September, down from an August pace of 1.82 million units.

The September decline was a disappointment to analysts and many said it had caused them to lower their forecasts for building activity next year.

Even with the recent weakness, housing construction for the first nine months of the year is running 7.7 percent ahead of the activity during the same period in 1985.

Analysts predicted that construction for all of 1985 will reach 1.85

million units, the best year since 1978. But economists said they looked for a sharp decline next year, a forecast that could spell trouble for overall economic growth.

"We have been supporting economic growth, but that is pretty much over now," said Michael Sumichrast, economist for the National Association of Home Builders.

Sumichrast predicted that single-family construction will remain close to current levels but that multi-family construction could plunge by as much as 25 percent.

Other analysts also were pessimistic about the outlook for apartment construction, citing high rental vacancy rates and negative effects on rental investment expected from the new tax law.

Commerce Secretary Malcolm Baldrige, commenting on the September construction figures, agreed that apartment activity will remain sluggish, but he said low mortgage rates will keep single-family construction at high levels.

The nationwide average for fixed-rate mortgages is just above 10 percent, near the lowest level in nine years, and many economists said rates could decline even more.

"We could see mortgage rates drop by as much as one-half percentage point by the end of the year if we don't get any pickup in economic growth," said James Christian, chief economist for the U.S. League of Savings Institutions.

John Tuccillo, chief economist for the National Council of Savings Institutions, said the dramatic fall in mortgage rates this year is being overshadowed somewhat by a sharp jump in home prices, particularly in the Northeast.

The report on capacity utilization by the Federal Reserve Board said the industrial operating rate slipped more than one percentage point from a year ago as American manufacturers continue to suffer from a huge trade deficit. In addition, the oil and gas industry has slashed exploration activities because of the steep plunge in petroleum prices.

Joyce and George Riddle of Big Spring own Razzle Dazzle gift shop, recently opened on 11th Place east of Big Spring High School. Among the items at Razzle Dazzle are custom made leather goods and Indian art.

Razzle Dazzle gift shop opens near high school

A recently opened Big Spring gift shop sells custom leather work by the owner, including purses, wallets, chaps and holsters. Hopi leaded glass windows, Indian wall hangings and beaded key chains and boot anklets, also on sale, occupy part of Razzle Dazzle gift shop, 1105 11th Place. The shop, owned by George and Joyce Riddle of Big Spring, had its ribbon-cutting earlier this month. The Riddles are planning a grand opening at an undecided future date.

"I think (the store) is going to be a real well, from everybody's comments," Joyce Riddle said. The 11th Place area east of Big Spring High School has become a popular location for new gift shops and other small retail businesses. Dee J's Soda Shop, the Rainbarrel and several others have moved there during the past year. "Eleventh Place is going to be a good shopping center. A lot of good stores are here, and there's a lot of traffic out here," she said. Riddle said she believes shoppers are straying from the malls, attracted to small, neighborhood shops. 11th Place businesses also attract the high school crowd, she said. "A lot of high school kids come by," she said. "They're the ones with the money, or they know where it's at. Several high school

kids come in one day, and the next day, they bring their mom back." Among Razzle Dazzle's attractions for the younger crowd are Walt Disney T-shirts, sweatshirts and suspenders, stuffed animals and jewelry. Christmas items have come in, including both ornaments and small gifts. The shop sells artificial flowers both singly and in arrangements, and carries lines of baby and office gifts. In the near future, Riddle says she plans to carry gifts for teenage boys, such as T-shirts and Kershaw knives. Toys, handblown crystal figurines and party items also are on the agenda.

Southwestern Bell earnings increase

ST. LOUIS (AP) — Southwestern Bell Corp. Friday reported third-quarter net income of \$258 million, or \$2.58 a share, on revenues of \$1.96 billion. That compares with \$244 million, or \$2.45 a share, on revenues of \$1.99 billion in the same period in 1985. The 1985 results included non-recurring net income of \$7 million from Yellow Pages directories, the St. Louis-based company said. The corporation performed very well this quarter considering

the weak economy that exists in many parts of the Southwest region, where the majority of our subsidiaries' revenue opportunities exist," said Zane Barnes, chairman and chief executive officer. Southwestern Bell has four principal subsidiaries — Southwestern Bell Telephone, Southwestern Bell Publications Inc., Southwestern Bell Telecommunications Inc., and Southwestern Bell Mobile Systems. Barnes said the company was continuing to control spending. "For example, the telephone

company has reduced its workforce by 3,000, or about 5 percent, since the first of the year," he said. "We anticipate a total 1986 reduction of 4,000 employees." For the first nine months of 1986, the company reported net income of \$742 million, or \$7.44 a share, on revenues of \$5.89 billion. That compared with \$766 million, or \$7.69 a share, on revenues of \$5.89 billion in 1985. The 1985 results included \$57 million in non-recurring net income from Yellow Pages directories, the company said.

Drilling report

These are the latest oil and gas activity reports filed with the Texas Railroad Commission for the five-county crossroads country. Mobil Producing has filed first production figures on a new oil well in the Howard-Glasscock Field. The No. 302 Hyman Chalk showed ability to pump 43 barrels of oil per day. The operator has 95 acres leased in Howard County's W&NW Survey. Drillsite is 13 miles southeast of Big Spring. The well will produce from perforations in the Wolfcamp Formation, 7,315 to 7,332 feet into the wellbore. Total drilling depth was 8,000 feet. Production at the No. 1 Denton has been assigned to Howard County's Southeast Elbow Field. Chapman Exploration is the operator. The well is located seven miles south of Big Spring in a 640-acre lease in the T&P Survey. The well potential at 124 barrels of oil per day, plus 229 barrels of water on a 16/64-in. choke. It bottomed at 10,135 feet, and was plugged back at 10,061 feet. Production is from perforations in the Fusselman Formation, 10,036 to 10,040 feet into the hole. The No. 6 Cole, a 4,400-ft. developmental well, is scheduled to be drilled in Howard County's Howard-Glasscock Field. Samedan Oil of Midland is the operator. The well will be spudded in a 320-acre lease 13 miles southeast of Big Spring in the W&NW Survey. Montero Operating of Midland is planning to conduct a re-entry operation at the No. 2 Davis, a wildcat well in Howard County. Drillsite is three miles northeast of Big Spring in an 80-acre lease in the T&P Survey. Amerasia Hess Corp. originally completed the well as a dry hole Dec. 7, 1973. The original total depth of the well was 7,805 feet.

Montero Operating plans to seek production at approximately 10,000 feet. Two 4,000-ft. developmental wells are planned by A.K. Guthrie Operating of Big Spring in the Howard-Glasscock Field. The wells are designated as the Nos. 1 and 2. Southland "A" Drillsites are eight to nine miles northeast of Foran in a 160-acre lease in Howard County's W&NW Survey. A Midland-based operator has staked location for the No. 12 E.W. Douthitt "C, D, E," a developmental well in the Howard-Glasscock Field. With projected total depth of 3,550 feet, the well will be drilled in a 160-acre lease in the W&NW Survey, Howard County. The operator is Arco Oil & Gas. Drillsite is 14 miles southeast of Big Spring. Bruce A. Wilbanks of Midland has revealed plans to drill an 8,200-ft. wildcat well in Mitchell County. The operator has 320 acres leased, with drillsite in the T&P Survey. The well was designated as the No. 1 Womack, with drillsite eight miles northwest of Westbrook. GCO Drilling has completed a plug-back operation at the No. 1 McCabe "C," a developmental well in the Dixon Field, Mitchell County. The operation is located 25 miles southeast of Colorado City in a 40-acre lease in the H&TC Survey. The well showed ability to pump ten barrels of oil per day. Production will be from perforations in the Straw Formation at 6,144 to 6,164 feet into the wellbore. The operator originally completed the well July 23 of last year. It produced from perforations in the Odom Lime at 6,089 to 6,093 feet into the hole. The original total depth was 7,285 feet. The operator plugged the well back to 6,179 feet. Borden County's Good Field gained a new pro-

ducer when Amoco Production completed the No. 46 T.J. Good "A," five miles north of Vealmoor. The well indicated potential to pump 75 barrels of oil per day. It was taken to an 8,150-ft. bottom, and will produce from perforations in the Canyon Reef Formation at 8,106 to 8,132 feet into the wellbore. The operation is located in a 14,447-acre lease in the T&P Survey. Amoco Production has revealed plans to drill a 9,000-ft. developmental well in the Pegs Hill Field. The operator has 640 acres leased, with drillsite in Borden County's GTRR Survey. The venture has been designated as the No. 6 Pegs Hill. Drillsite is 12 miles northwest of Gall. Amoco Production is based in Brownfield. Production at the No. 40 J.R. Grisham & J.M. Greenman has been assigned to the Connolly Field, Martin County. The well is located four miles north of Stanton, with Conoco Inc. as the operator. Drillsite is in a 6,640-acre lease in the T&P Survey. The well potential at 184 barrels of oil per day, plus 2,816 barrels of water. Bottomed at 11,805 feet, the well produces from perforations in the Fusselman Formation, 11,348 to 11,358 feet into the wellbore. Two 9,500-ft. developmental wells are planned by Parker & Parsley Petroleum of Midland at drillsites 16 miles west of Stanton, Martin County. The locations are in an 80-acre lease in the T&P Survey. The wells are designated as the No. 1 Nail "N" and the No. 1 Nail "O." They will be drilled in the Spraberry Trend Field. The No. 1 C.J. Cox, a 9,000-ft. developmental well, is scheduled to be drilled in Glasscock County's Spraberry Trend Field. Marientfeld Exploration of Midland is the operator. The well will be spudded in a 21-acre lease 18 miles southwest of Garden City in the SF Survey.

Learning to love uncertainty

By TOM PETERS

The commercial world has turned upside down. A technology revolution, uncertain inflation, volatile energy prices and interest rates, new shapes of competitors, Third World debt, changing income distribution and shifting consumer tastes all interact to cause an unheard-of level of uncertainty.

Managers face a daunting problem in trying to respond to all this. Our principles of organization structuring and business planning are based on predictability. But now, that basic premise has flipped. All organizations must learn to welcome and thrive on change, ambiguity and turmoil.

When I began working for consultants McKinsey & Co. in 1974, we didn't bother to factor inflation into our cash-flow analyses of prospective investments. Demand was hardly certain, but smooth, 10-year forecasts were considered plausible, give or take a percent or two.

Plant additions costing several hundred million dollars were undertaken with the prospect of stable demand for a small number of products in the face of a well-known and finite number of competitors. In looking at such an investment, it never occurred to us to consider a rapidly changing, large number of short production-run goods that would compete with an ever-expanding array of small and large, international and domestic competitors from developed and developing countries. Nor did we anticipate having to feed that plant with energy whose price would be \$8 per barrel one year, \$28 per barrel a few years later, and then back down to \$10 per barrel again. And no one imagined financing that plant with flexible interest-rate dollars in a world where the supply of and demand for capital would be buffeted by daily swings in currency valuation of up to 5 percent — with no clear reason why the swing had taken place or when the next one was coming.

Henry Ford's model of the smoothly running production line has little validity in such a world, though it is still too often the Ford, General Motors, General Electric and DuPont models of organization

Peters on excellence

that businesses of all sizes look to when developing their own structural schemes.

The implications of the above are quite clear; moreover, they are similar for both small and large organizations.

Centralization is dead. Traditionally organized functional operations are obsolete. Centralized staffs at group, sector and maybe even the division levels are anachronistic.

Small may not always be beautiful. But relatively independent, close-to-the-ground (i.e., to the market), fully staffed (all functions — personnel, MIS, finance) operations are most likely to be effective. Moreover, even these smaller units must be equipped with flexible production systems that permit short product changeover time; they also must have multiple, independent centers of innovation.

To be sure, we have more computers and more wired-up distribution systems to deal with suppliers and customers alike, but the ultimate purpose is to achieve mind-bending flexibility. When the mom-and-pop grocers or giant Safeway's optical checkout scanners and computers tally daily volume and profitability of each linear foot of shelf space, they will go to their suppliers the next day to order a far different list of goods. And the suppliers had better be able to react!

The typical day's news of a new direct-mail competitor, a revaluation of a major currency or Intel's

latest microprocessor announcement means that three projects might need to be speeded up, two scrapped and a new one started.

The minds boggle of the senior manager, the marketer, controller, distribution center supervisor and reservations center team. All had better be "trained" to accept the abnormal as normal. For instance, communications across traditional, near-impermeable functional barriers must become close to instantaneous. There's no time for fighting between the bank's lenders and systems people, or the technology firm's engineers and manufacturers, or the retailer's buyers and store people, let alone for mounting counterproposals or referring to a committee. Instead, you'd better be able to form a multi-function team in a matter of hours that will likely need to include suppliers, distributors and customers.

My friend Alan Kennedy, author of "Corporate Cultures," foresaw most of this before the rest of us. He envisioned the new configuration as an "atomized organization" of mainly independent, loosely connected cells that grovel in the marketplace and adjust to change with lightning speed. Today I would go two steps further. First, the "atoms" must be able to come together to form newly configured molecules on a moment's notice, only to disperse again in short order. Moreover, that new molecule had better have the right constituent parts from outside the system — those suppliers, distributors and key customers. Second, the players, perhaps the neutrons and electrons in the atomic molecule analog, had best be marked by a variable charge battery. That is, we require flexible people to arm themselves with flexible systems within flexible organizations.

The change-receptive, ambiguity-loving unit describes the would-be successful car plant, local or national bank, ad agency, direct-mail house or textile maker of tomorrow. On second thought, scratch that. Of today — or else!

Business briefs

• Dr. John R. Fish of the Fish Ophthalmology Clinic, 207 E. Seventh St., has recently acquired the newest technological advance in small incision cataract surgery.

The computerized instrument is the Cavitron 9001 Phacoemulsifier. A phacoemulsifier allows cataracts to be removed through a very small incision, he said.

Fish said the new instrument offers several advantages over the old phacoemulsifier, including easier adjustment and regulation of ultrasonic power, and less intraocular turbulence.

The surgeon has control over the amount of vacuum and flow of fluid to the eye, he said. Previously, others assisting the surgeon had to control those elements.

The machine makes the operation safer for the patient and easier for the surgeon, he said.

Herald photo by Tim Appel

Dr. John Fish adjusts the handpiece on the new Cavitron 9001 Phacoemulsifier, an instrument to aid in cataract surgery. The instrument gives the surgeon greater control, he said, making a safer operation.

• The West Texas Chamber of Commerce Economic Development Committee will sponsor the first of several regional economic development seminars Nov. 6 in Ballinger.

The seminars are designed for rural and small communities in West Texas. Communities within a 100-mile radius are invited to attend.

Admission is \$30 per person. Call the chamber office at 677-4325 for more information.

• Drilling for oil and gas in the U.S. through the first three quarters of 1986 was slightly more than 28 percent behind the same period last year, as measured by wells completed, according to Petroleum Information.

The total for the first nine months of this year was 25,029 wells compared to 34,854 for last year.

Exploration for new oil and gas fields dropped approximately one-third as only 2,558 new wild cats were completed. Of those, 232 were oil discoveries and 148 were gas, compared to 364 oil and 197 gas for the same period last year.

The number of drilling permits issued dropped 49.9 percent. 31,284 permits were issued in the first three quarters of this year, compared to 62,379 permits for the same period last year.

• Problems and opportunities in mature waterfloods will be the topic waterflood-recovery specialist Loren Stiles addresses Tuesday evening.

Stiles is the guest speaker at the Permian Basin Section of the Society of Petroleum Engineers meeting at Ranchland Hills Country Club in Midland Tuesday. The social hour begins at 5:30 p.m. and dinner at 6:20 p.m.

Stiles is senior technical adviser in the Southwest Rocky Mountain Division of Exxon Co. U.S.A. He has been involved in waterflood projects in the Permian Basin and Rocky Mountain areas since the early 1960s.

• Health insurance costs top the list of problems for Texas small businesses, according to a recent, nationwide study of small business problems and priorities.

The study, released by the National Federation of Independent Businesses, finds Texas small business owners agreeing with the national sample in ranking the high cost of health insurance number one on the survey.

The second most critical problem, both nationally and in Texas, is the cost and availability of liability insurance. Cash flow is listed as the third-highest problem.

The NFIB surveyed 3,200 small business owners from nine states, including Texas. Respondents were asked on a scale of 1 to 9 to rate the severity of 75 potential problems.

The small business sector of the economy creates more than half the new jobs and employs more than half the private work force, officials said.

• Secretary of Agriculture Richard E. Lyng will address the 49th annual meeting of the National Cotton Council, Jan. 25-27 in San Diego, Calif.

Delegates from the 18 cotton-producing states will review the organization's activities, set policy for 1987, and elect officers. Attending will be cotton producers, ginners, cottonseed crushers, warehousemen, merchants, cooperative representative

and textile manufacturers from across the Cotton Belt.

For more information, contact the National Cotton Council in Memphis, Tenn. at 901-274-9030.

• STOCKHOLM, Sweden (AP) — American James M. Buchanan has won the Nobel Memorial Prize in Economic Sciences for theories advocating firm rules to keep national budgets balanced.

Buchanan, a 67-year-old professor at George Mason University in Fairfax, Va., holds that economic "fine tuning" by politicians often doesn't work, because public officials usually act in their own self-interest. His ideas figured in creation of the Gramm-Rudman balanced-budget law.

The Royal Swedish Academy of Sciences on Thursday cited Buchanan's work in a field called the new political economy, which applies economic analysis to political problems and fills a gap between traditional economic theory and political science.

• WASHINGTON (AP) — The Reagan administration has moved to impose a 15 percent penalty duty on Canadian softwood lumber imports to offset what it claimed were illegal subsidies by Canadian provincial governments.

The Commerce Department ruling, in a longstanding and bitter trade dispute between the two nations, reversed a 1983 finding that Canadian lumber pricing practices did not constitute a subsidy.

Thursday's decision came on a complaint by a coalition of U.S. lumber companies that had sought duties of up to 36 percent of the value of Canadian softwood, the kind of wood used in most home construction.

Entertainment

Getaway

SNYDER
The Scurry County Museum continues showing the "Celebrate Ranch History," major exhibit through NOV. 11 at the Western Texas College museum.

The museum is open from 10 a.m. to 4 p.m. weekdays and from 1 to 4 p.m. on Sundays. Admission is free.

MIDLAND
"Oil Field Art," an exhibition with an oil industry theme continues showing through OCT. 29 at the Museum of the Southwest.

Recent works by Joe Abrescia continues through NOV. 16.

Museum hours are 10 a.m.-5 p.m. Tuesday thru Saturday and 2-5 p.m. Sunday. For more information, call 683-2882.

• "The Gallery," Midland's newest gallery of art invites artists to enter "The Twelve Days of Christmas Art Show." For more information, call 687-4094.

• The Midland Opera Theatre, Inc. will sponsor a "beer, bar-b-que" BASH tonight at 6 p.m. in the Centennial Plaza. For additional information, call 684-4101.

• Midland Community Theatre presents "A Midsummer Night's Dream," through OCT. 18. For reservations, call 682-4111.

• "El Vaquero: Genesis Del Cowboy Texano" continues at the Petroleum Museum through Sunday.

Cellist Sharon Robinson will perform with the Midland-Odessa Symphony & Chorale at 8 p.m. Tuesday at Midland's Lee High School Auditorium. For ticket information, call 563-5269.

ODESSA

• The Art Institute for the Permian Basin is displaying a special exhibit by Robert and Margaret Wilson. The exhibit features blown glass and paintings through OCT. 25.

An Opening Preview of "A Russell Lee Portfolio: Early Texas Portraits," will be held 7 p.m. Oct. 28 and 2:30 p.m. Nov. 2.

The museum, located at 4909 E. University, is open free to the public from 10 a.m. to 5 p.m. TUESDAY through SATURDAY and 2 p.m. to 5 p.m. SUNDAY.

• The Kaleidoscope Company of the Permian Playhouse will present "A Brand New Winnie-The-Pooh and Tigger Too!" on OCT. 25-26 and NOV. 1-2 at 2:30 p.m. For more information, call 362-2329.

• The Parks and Recreation Department will sponsor the annual Fall Festival at Sherwood Park on Nov. 1. For more information, call 362-6964.

• Odessa College continues to exhibit the work of Luther Smith, professor of photography at Texas Christian University, on the second floor of the Odessa College Instructional Building. The exhibit runs through OCT. 27.

Gallery hours are 8 a.m. to 10 p.m. Monday through

Thursday and 8 a.m. to 5 p.m. Fridays.

Odessa College continues to present the one-man art show of John Cowfer through OCT. 26 in the Instructional Building Gallery. For more information, call 335-6490.

• The A.D. Players, a professional Christian acting company, will perform "John, His Story," at 8 p.m. tonight and 2:30 p.m. Sunday at the Globe Theatre. For more information or reservations, call 332-1586.

• The Third Floor Gallery at The University of Texas at the Permian Basin will host an exhibit by artist Karl Umlauf starting Tuesday through OCT. 31.

Violinist Robert McDuffie will perform at 8 p.m., OCT. 25, in the U.T. Permian Basin Performing Arts Center. For more information, call 367-2136.

• Cellist Sharon Robinson will perform with the Midland-Odessa Symphony & Chorale at 8 p.m. Thursday in Odessa's Bonham Jr. High School Auditorium. For ticket information, call 563-5269.

LUBBOCK

• A Russian immigrant's artistic renditions of American festivals, markets and landscapes continues through NOV. 23 at the Museum of Texas Tech University.

ANDREWS

• Andrews Senior Citizens Center holds senior dances every MONDAY. Out-of-town guests are invited.

BIG LAKE

• The Big Lake Cook-Off Association will sponsor the seventh annual Caliente Classic Chili Cook-Off beginning at 8:30 a.m., OCT. 25, at the Reagan County Park. For more information, call 884-6855, 884-2869 or 884-2008.

LLANO

• The Llano Chamber of Commerce will celebrate Old Boom Days on NOV. 1. For more information, call 247-5354.

POST

• The Caprock Community Theater presents "Dracula" OCT. 30 through NOV. 1 as at the Algeria Arts Center in Post. For more information, call (806) 495-4005.

OLTON

• The Olton Chapter of Young Homemakers is sponsoring the Sandhills Arts & Crafts Show on NOV. 29 at the Olton School Cafeteria. Interested exhibitors may call (806) 285-3305 or (806) 285-7728.

DALLAS

• The Ancient Chinese Science Exhibit continues through DEC. 15 at The Science Place's new facility in Fair Park.

• The 1986 State Fair of Texas continues through OCT. 26. For more information, call (214) 421-8715.

FORT DAVIS

• The First Annual Overland Trail Celebration will be held OCT. 25. For more information, call 426-3815.

Vacation will affect concert

By SCOTT FITZGERALD
Staff Writer

Since beginning their Southwest concert tour Wednesday in Las Vegas, N.M., members of Port Authority, a modern jazz sextet of the U.S. Navy Band, have felt like they're on vacation, said Senior Chief Musician George R. Walker.

The group will perform at 2 p.m. Sunday in the Municipal Auditorium. Admission is free. The concert is sponsored by the Big Spring Area Chamber of Commerce and *The Big Spring Herald*.

"It's just beautiful out here in the Southwest — all the wide open spaces," Walker said.

It's the chief musician's first trip to the Southwest. He believes the panoramic perceptions he and other members of the sextet are undergoing on the road journey will have an affect on their performing here.

"It'll make us play much better," he said.

The group played two performances in Socorro, N.M. They were scheduled to perform in Roswell, N.M., Friday night.

Walker said Port Authority spends roughly 10 to 12 weeks out of the year traveling the roads to perform concerts.

"We usually spend most of our time on the hectic East Coast, performing at schools and other functions," he said.

The sextet is one of many ensembles of the U.S. Navy Band that performs for varying audiences nationwide.

"The whole thing (all ensembles) pulls together for large ceremonials and other federal government functions

Members of Port Authority, a modern jazz sextet of the U.S. Navy Band who will perform in Big Spring on Sunday are: (top left clockwise) Musician First Class Donn A. Foster, Chief Musician Mike Huskey, Chief Musician Robert E. Sullivan III, Jeffrey L. Deegan, Senior Chief Musician George R. Walker and Chief Musician Dick Glass.

in Washington, D.C.," Walker said.

He credits Big Spring's local Navy recruiter Robert D. Johnson, petty officer first class, for financially making it possible for the sextet to perform here.

"The actual funding comes from the Navy recruiting station. He (Johnson) paid the way for us to come out,"

Walker said.

Sunday's audience can expect a 12-piece performance by musicians who lean "towards vocals and play musical chairs up there on stage," Walker said about his fellow musicians who will alternate among the musical instruments.

Walker performs on vocals, piano and trombone. His favorite piece on Sunday's pro-

gram is Chic Corea's "Spain," arranged by Al Jarreau.

Port Authority is looking forward to its Sunday performance in Big Spring, he said.

"A man who was doing advance promotion for us visited Big Spring and said the Municipal Auditorium is a beautiful place. We were told to look forward to it," Walker said.

Gentlemen to perform at Brass Nail Thursday

By SCOTT FITZGERALD
Staff Writer

Wondering what to expect — ladies — when those hunks who call themselves "The Texas Gentlemen" come to entertain you at The Brass Nail?

"Basically, it comes down to a good-looking guy getting out there on stage. He dances around, receives tips and the women who tip him, get a nice little kiss," said Gilmar G. Franco, founder of the group and a former male model himself.

The male models will perform starting at 8 p.m. Thursday in The Brass Nail nightclub on Highway 87, south of Big Spring.

These gentlemen will perform in a "shining" atmosphere, clothed in either swim suits or tuxedos. Franco said he is undecided yet whether the gentlemen will model in G-strings.

Be careful though, Franco who lives in Houston said a bouncer will be present for those ladies who can't control themselves and decide to "grab dancers."

The group will perform for women only between 8 p.m. and 10 p.m. Men will be allowed on the premises after 10 p.m. Franco said scheduling the show in this manner creates "a party atmosphere."

Thursday night's show in Big

Spring is one of 15 shows performed throughout the state this month by Franco's group.

"My show is very professional. I don't let them (dancers) party. If they don't handle themselves as gentlemen, they're canned," he said about the strict discipline he orders from his gentlemen.

Sometimes small town audiences will misinterpret or react hostilely to Franco's entertainment.

He said on one particular occasion when the group arrived at a small town club, members of a church group picketed and complained about their presence.

"I don't want to step on anyone's toes. I'm a very religious person, myself," Franco said.

He said audiences in major cities throughout the state have become blasé to male modeling shows for women only. The group likes to travel and perform in smaller towns, because women in those locales do not often have a chance to see male models.

But most important of all, "the excitement and fantasy is still there," Franco said about performing before small town audiences.

"I think women deserve it," he said about Thursday night's opportunity to see the gentlemen do their thing.

"And my show is very professional," Franco added.

Clements blasts alien plan

AUSTIN (AP) — Republican gubernatorial candidate Bill Clements Friday wired President Reagan and Sen. Phil Gramm, R-Texas with criticism of the immigration bill being considered in Washington.

"The immigration bill granting amnesty to illegal aliens will have a dramatic adverse impact on Texas. I urge you to veto this legislation," the former governor told Reagan. "Texans need jobs,

not a new flood of people competing for existing jobs. Schools, hospitals and other public services cannot withstand the additional pressure of immigrants this bill will bring."

The wire to Gramm said: "All informed Texans cheer your courageous stand opposing the immigration bill. We urge you and other senators to stand up for American workers and stop this legislation that will cause great damage to Texas."

Frontier purchase bid OK'd

DENVER (AP) — A bankruptcy judge on Friday approved Texas Air Corp.'s \$164 million offer to buy Frontier Airlines after private investors made a surprise bid and then withdrew it, saying it wasn't competitive with Texas Air's proposal.

In approving the Texas Air offer, U.S. Bankruptcy Judge Charles Matheson said something had to be done for the creditors and employees of idled Frontier with no more delay.

Later, Matheson approved an agreement between Frontier's unions and Continental Airlines, the Texas Air subsidiary that will take over Frontier's operations.

The former Frontier employees agreed not to press job guarantee claims and lawsuits totaling \$300 million that stem from Frontier's shutdown in August and, in exchange, Continental will give many of them jobs when Frontier is operating again.

Frontier, a subsidiary of People Express, shut down on Aug. 24 and filed for Chapter 11 reorganization four days later, idling 4,700 workers, most of them in Colorado.

Matheson's ruling leaves only approval by the U.S. Department of Transportation as the remaining hurdle to completion of the sale. The Transportation Department tentatively approved the merger on Tuesday, but allowed a seven-day public comment period before issuing a final ruling.

In anticipation of Transportation Department approval of the deal, Matheson gave Texas Air permission to begin working on 15 Frontier-leased airplanes Saturday morning.

"We expect to commence service with seven of those planes on Nov. 1," said Texas Air vice president Robert R. Ferguson.

Later, Lewis H. Jordan, Continental's executive vice president, told the bankruptcy court that Continental expected to have 35 Frontier planes in the air and 1,412 former Frontier employees back on the job.

While the returning Frontier workers would amount to only about one-third of the 4,700 employees on the job when the airline shut down, Jordan said it would "more than absorb those Frontier employees who elected to return with Continental."

The agreement with Frontier employees approved Friday by Matheson also calls for Frontier's pensions to be terminated. But the Frontier pension fund will be used to buy annuities for retired Frontier workers, so they will continue to receive money to live on.

"It's a very important and happy day for Continental, the former employees of Frontier and the city and consumers of Denver," said Bruce Hicks, vice president for Continental Airlines.

Texas Air put together a last-minute package to buy Frontier on Thursday night. Valued at \$164 million, the deal calls for payment of 30 percent cash and the rest in registered notes.

Texas Air also agreed to take over Frontier's "accrual costs." Those are rental and maintenance costs, estimated at \$12 million per month.

White signs speed limit bill

AUSTIN (AP) — Gov. Mark White signed into law Friday a bill passed by the recent special session that would let the state highway commission raise speed limits on rural interstate highways to 65 mph.

But the bill would not take effect unless Congress approves a pending measure that would raise the national 55 mph limit. Late Friday, Congress had taken no final action on the bill.

Since 1974 federal law has required all states to maintain a maximum 55 mph speed limit or lose federal highway funds.

MoneyMaker president Scott Engle said the test program may have an important effect on the vending industry.

"The is the first attempt to sell tickets through ATM (automatic teller machines)," said Engle. "A lot of people will be watching to see how well the pilot works."

Plane tickets at 7-Eleven

DALLAS (AP) — Young travelers in Corpus Christi are able now to buy airline tickets at the same convenience store where they might pick up cold drinks and chewing gum.

Southwest Airlines on Friday started selling its Youth Fare tickets from vending machines installed in 7-Eleven stores at 20 locations in Corpus Christi.

The machines are part of the MoneyMaker EFT Services network and company officials believe the pilot program is the first of its kind.

Under the new system, persons between the ages 18 and 21 can buy \$15 standby tickets for Southwest service between Corpus Christi and Houston. The tickets can be used on any flight where there are seats available and are good for 30 days.

MoneyMaker president Scott Engle said the test program may have an important effect on the vending industry.

"The is the first attempt to sell tickets through ATM (automatic teller machines)," said Engle. "A lot of people will be watching to see how well the pilot works."

Poll shows White trails

AUSTIN (AP) — A recent opinion poll conducted by ABC News and the Washington Post shows Republican gubernatorial candidate Bill Clements with a 15 percentage point lead over incumbent Democrat Mark White.

Results of the survey taken during the past month indicated that 56 percent of voters favored Clements, according to network officials.

The survey, which had a 6 percentage point margin of error, showed White receiving 41 percent of the vote.

"Aides to Clements were pointing out the results to news reporters this week, while White campaign aides said the poll was inaccurate."

"That poll is flat wrong. There's no poll in the state that reflects those numbers," said Mark McKinnon, White's campaign press secretary.

White was told that ABC's polling division surveyed only 251 likely voters.

"The sample number is so insignificant that it makes the poll meaningless," he said.

Jeff Alderman, director of ABC's polling division, told the Austin American-Statesman that "nearly 600" Texans were questioned about their preferences in the governor's race. That number is considered by many pollsters to be statistically valid.

"We have a proven method that has worked in the past without error," Alderman said.

The Texas survey was part of a nationwide survey of 16,000 likely voters conducted between Sept. 18 and last Friday. Part of the results were broadcast by ABC and published by the Post on Thursday, indicating that Democrats are expected to pick up between three and five seats in the U.S. Senate.

Reagan touts SDI during farm swing

GRAND FORKS, N.D. (AP) — A campaigning President Reagan said today that agreeing to a Soviet demand to curb development of Star Wars would be akin to having given up the use of radar in the World War II fight against the Nazis.

"SDI is a purely defensive, purely peaceful technology," Reagan said at a campaign rally for Sen. Mark Andrews, R-N.D. "If the Soviets honestly want progress toward a world free of nuclear weapons, they have nothing to fear from SDI."

Stumping in troubled farm country, the president combined his defense of Star Wars with an attack on Democratic economic policies and he sought to reassure North Dakota farmers battered by low crop prices.

"Government will stand by you during these hard times," he said. "That is why this administration is providing more financial help to our nation's farmers than in the last five administrations combined."

"The last thing farmers need is to return to the party that gave them grain emargaroes, outrageous inflation and 21.5 percent interest rates," the president said.

Reagan's brief visit to the wheat-rich state in the upper Midwest is his second campaign foray in three days as he battles to keep the

Senate in Republican hands.

"Mark's election could very well decide whether we keep control of the Senate — or lose it to the liberal leadership of the Democratic Party," he said. "And that is the difference between two more years of progress or two years of paralysis."

The Strategic Defense Initiative, known as Star Wars, has become a fixture of Reagan's campaigning in the days since his summit meeting with Soviet leader Mikhail Gorbachev.

Efforts to agree on reductions in nuclear weapons stalemated at the talks when Reagan rejected Soviet demands for curtailing Star Wars. At the rally for Andrews, Reagan likened the development of the missile defense system to British development of radar in the years before World War II.

"Without radar, it's possible that the Royal Air Force wouldn't have been able to beat back the Nazi air assault on England."

"I couldn't help but think that giving up SDI would have been like (British Prime Minister Neville) Chamberlain giving up radar, as well as Czechoslovakia at Munich, a tragic blunder that could have spelled the end to freedom in Europe," Reagan said.

Republicans hold a 53-47 edge in the Senate, but must defend 22 of the 34 seats at stake this year.

President Reagan waves as he leaves the White House Friday morning on his way to a visit to North Dakota's farm country in a bid to boost the reelection fortunes of Sen. Mark Andrews.

Steers defense Ft. Stockton

By STEVE BELVIN
Sports Editor
Jay Burcham, Todd Coker, Victor Pruitt, Deeg Young, Steve Rains and Dickie Kelley. Ft. Stockton Panthers quarterback Chad Durham will probably have nightmares of these members of the Big Spring Steers defensive line.

Durham's bad dreams come from running for his life all night. And he took a beating in the process along with the Panthers, as Big Spring snatched a 16-0 homecoming win.

The win keeps the Steers in first place in District 2-4A with a 4-0 record. The Steers are now 5-1 overall. Ft. Stockton drops to 1-4 in league play and 3-4 overall.

Led by their ferocious front line, the Steers put together a defensive masterpiece, limiting the Panthers to 152 yards total offense. It was a particularly rough night for Durham, who had the likes of those named above breathing down his neck all night.

Led by Burcham, the Steer defense sacked Durham six times for -51 yards in losses. Burcham, a 6-3, 235-pound senior tackle, had three sacks himself.

The Steers feisty defense, combined with a balanced rushing attack, was more than enough to do the Panthers in. Although quarterback Paul Decker had an off night passing, completing one of eight passes for eight yards, he directed the Veer offense to perfection.

Big Spring rolled up 322 yards on the ground, led by the slashing, twisting runs of junior fullback Charles White. White, coming off a 146-yard performance against Lamesa last week, tormented the Panthers defense for 183 yards on 24 carries and one touchdown.

When White wasn't gaining real estate, teammates Decker, Phillip Mathews, and James Harline were. Although Mathews left the game midway through the fourth quarter following a 38-yard return of a free kick, he finished the game with 66 yards. Decker ended the contest with 54 yards while Harlin, filling in for Mathews, gained 19 yards and scored one TD.

The Steers could have been wider, if not for Big Spring miscues. Two touchdowns were called back because of penalties. The Panthers also blocked a 27-yard field goal attempt.

The Steers also lost the handle to the football six times. Ft. Stockton recovered four of those miscues. Big Spring lost possessions at Ft. Stockton's 10- and 37-yardlines.

The Steers took the opening kickoff down to the Panthers' 10, but it ended when John Olsen's 27-yard field goal attempt was blocked.

Big Spring had two other impressive drives break into Ft. Stockton territory. However, the advances stalled because of fumbles.

Another Big Spring miscue came late in the first quarter when it appeared Mathews had scored on a seven-yard run. The referees called the play back because of a clipping infraction. A few plays later, Big Spring fumbled at the 10.

Ft. Stockton fumbled once at the Big Spring 25. Kelly's jarring tackle knocked running back Wayne Truesdale away from the ball.

Ft. Stockton muffed another first half scoring chance when receiver Ronnie Mesa - 10 yards behind the Steers secondary - dropped a would-be touchdown pass.

The half ended in a scoreless tie.

The second half was all Big Spring, with the exception of the opening Ft. Stockton drive. The Panthers drove from their own 10 to the Big Spring five behind the rushing of Truesdale and Mike Nix.

But the Steers defense got tough and forced the Panthers to try a 22-yard field goal. Roman Valeriano's attempt sailed wide. It was the last time in the ballgame Ft. Stockton would cross midfield.

Big Spring's first score came at the end of the third quarter. It was set up by a booming 65-yard Brian Mayfield punt. The ball landed on the Panther five. Three plays later Ft. Stockton went back to punt, but the ball was snapped over punter Nix's head, out of the endzone for a safety.

The Steers took a 2-0 lead with 54 seconds left in the third quarter game.

On the ensuing free kick, Mathews fielded the punt and dashed 38 yards down the sidelines to Ft. Stockton's 32. Mathews was injured on the play and did not return to the game.

Four plays later White bulled in from the one. The extra point attempt by John Olsen sailed wide. STEERS page 2B

Big Spring Steers defensive player Daniel Armstrong applies the heat on Ft. Stockton quarterback Chad Durham as Durham goes back to pass in Friday's Big Spring-Ft. Stockton game. The Steers won the game 16-0.

Forsan ties Big Lake

By EDDIE CURRAN
Staff Writer

BIG LAKE — The Forsan Buffaloes tied the ninth-ranked Reagan County Owls 13-13 Friday night, but judging from the reaction from coaches and players on both teams, the real score was 3-2 in favor of Forsan.

Down 13-0 at the end of the first quarter, the Buffaloes scored 13 fourth quarter points, and finished the game with three penetrations inside the Owls' 20-yardline. Reagan County had two penetrations in the period.

If both teams end the season tied atop District 6-2A, Forsan will be declared district champs because of the penetration.

The Buffaloes tied the game with an extra point with 2:35 remaining in the game after Wayne Wright's second touchdown in six minutes.

With 1:04 remaining, Forsan got the ball back on downs on the Owls' 38-yard line. But Forsan coach Jan East ordered his players to sit on the ball to preserve the tie.

"I just didn't want to take a chance of fumbling, so we ran the clock down," said an excited East outside the Buffaloes' locker room after the game.

"I feel great," he said. "This is probably one of the biggest wins I've had since I've been in Forsan. We're not even supposed to be able to play with these folks."

"We just moved up from class A, and we haven't been getting much respect," he said. "But we have a good football program at Forsan. I think this might open some people's eyes."

Owls' Coach Ron Reeger didn't concede the win to Forsan, but the subdued mood in the Owls' dressing room seemed to.

"Penetration means nothing," Reeger said. "It doesn't mean anything until there is a tie at the end of the season."

FORSAN page 2B

Sands kills Cougars, 58-22

ACKERLY — The Sands Mustangs tangled with the Klondike Cougars in a high scoring contest Friday night.

The Mustangs climaxed a forty-yard drive with Jay Fryar going over from the one. The point after was no good. The second quarter was productive with Fryar passing for two touchdowns to Chad Nichols and Jerry Long. Fryar scooted fifty yards for another score with 8:13

remaining in the second quarter. Klondike scored before the half and the score was 24-8.

The second half action started quickly with Jerry Long running Klondike's kickoff back sixty yards. It was Fryar to Nichols for the extra point. Klondike managed two more touchdowns in the third quarter. With two more strikes from Fryar to Paul Martin and Jerry Young, the score at the end of the third

quarter was 44-22.

In the fourth quarter Fryar did it again with another touchdown and a kick for the PAT. Jerry Long ended the night with a pass to Johnny Vasasco and with the PAT the score ended 58-22.

Badgers rip Wolves 32-12

MERKEL — Colorado City Wolves continued finding the going tough as they dropped a 32-12 decision to Merkel Badgers in a District 5-3A football game here, Friday night.

The Wolves dropped to 1-5 overall and 1-3 in district play while Merkel upped their season record 4-3 overall and 2-2 in district.

Merkel scored first in the initial stanza when Ramon Moreno ran in from 10 yards out. The kick failed. With 1:02 remaining in the first half, Shane Reagan ran for a score from two yards out. The run for two points failed.

In the third quarter with 3:32 re-

maining, Colorado City scored its first points of the night when Beau Reese ran for a 3-yard score. The kick failed.

The Badgers pounced back though when Kenneth Jowers completed a 79-yard scoring pass to Moreno with 2:13 remaining in the third quarter. Shane Newberry was successful with his kick.

Merkel added two more scores in the last stanza.

Reagan scored on a 10-yard run with 11:13 remaining. Colorado City's Jerry Hulme, however, blocked the extra point kick attempt.

The Badgers scored again with

6:50 remaining when Moreno scampered in from 24 yards out. Newberry's kick was no good.

Colorado City added one more tally with 1:03 remaining when quarterback Ismael Silva ran into the endzone from one yard out. The run for two failed.

Stanton squeaks by Rankin 8-6

STANTON — The Buffaloes were their own worst enemies, but continued their winning ways as they squeaked out an 8-6 football victory over Rankin Red Devils here Friday night.

Stanton upped their record to 6-1 overall and 2-0 in District 6-2A play. Rankin dropped to 4-3 overall and 0-2 in District play.

Twice during the fourth quarter, the Buffaloes muffed excellent opportunities to mount points on the scoreboard.

With 7:31 left in the game, Stanton drove from the Rankin 48-yard line to the 3-yard line. However, on a fourth-and-three play, the Buffaloes lost control of the football on a fumble.

With 3:24 left in the game, an off-sides penalty nullified a 48-yard pass play from quarterback Skip Hopkins to Stan Young.

However, Stanton fought back to win the ball game in the third quarter. Rankin held a 6-0 lead when halfback Ronnie Thomas scored on a 4-yard run with 55 seconds remaining in the first quarter. The run for two points by George Abalos was unsuccessful.

The Buffaloes grabbed the lead and the ball game with 5:49 remaining in the third quarter when Robert Jones ran the football in from four yards out. The run for two points and the ball game was successful when Hopkins scooted it

The big play in the game-winning drive was a 72-yard run by Greg Barnhill.

Both Hector Ramirez and Reggie Brazell of Stanton had outstanding defensive performances as they each pounced on loose fumbles.

Barnhill finished with 169 total yards on the night on 21 carries.

Next week, the Buffaloes travel to Forsan.

2-4A Roundup

Monahans 49 Lake View 21

SAN ANGELO — It was the "Charles Thompson Show" as the Monahans Lobos powered past the San Angelo Lake View Chiefs 49-21 last night in 2-4A action.

Thompson had a field day against the hapless Chiefs defense, scoring five touchdowns and rushing for 255 yards in 20 carries. Meanwhile his backfield mate, Dana Amos, had a good game also, gaining 106 yards in 24 carries.

Thompson scored on runs of 2, 69, 3, 52 and 10 yards.

Lake Views scores came on a one yard run by Eddie Gonzales, and two scoring passes from quarterback Eric Dumas. Dumas threw strikes of 20 yards to Hector Silva and 34 yards to Ronnie Miller.

Monahans is now 4-0 in district play and 6-0 overall. Lake View falls to 1-4 and 3-4 overall.

Sweetwater 21 Pecos 7

SWEETWATER — The Sweetwater Mustangs used a stingy defense and rode the

rushing of Rufus Smith to take a 21-0 lead over the Pecos Eagles last night at Mustang Bowl.

Smith gained 114 yards in 32 carries in leading his team to victory. Meanwhile the Sweetwater defense limited the Eagles to 127 yards total offense.

Smith got Sweetwater on the board first with a three yard run. Israel Vierra kicked the extra point. In the second quarter Pecos got on the scoreboard on a 70 yard pass from Billy Ray to Javier Estrella. The PAT by Tony Uriquivo was good.

Sweetwater took a 14-7 lead in the third quarter on a 10-yard pass from Chad Davis to Lee Morris. Davis got the final Sweetwater got its final score on a two yard run by Davis.

The Mustangs are 5-1 overall and 3-1 in district play. Pecos falls to 5-2 overall and 3-2 in league play.

Snyder 28 Andrews 13

ANDREWS — The Snyder Tigers turned key fumble recoveries into points Friday to

earn their first football win of the year as they downed Andrews, 28-13.

The Tigers are 1-5 overall and 1-3 in district play. Andrews dropped to 2-5 overall and 2-3 in district.

David Criswell of Andrews took the opening kickoff and raced 96 yards for an opening score. Michael Moisant was successful with his kick attempt.

With 4:23 remaining in the initial period, Scott Lanier scored on a 1-yard run. Randy Townsend was good with the kick.

Snyder scored again before the half ended when Lanier again sneaked over the goal line from two yards out. Townsend was successful with the kick.

With 40 seconds remaining in the third quarter, Brad Gartman scored on a 1-yard run. Townsend was good with the kick.

Snyder capped the victory in the fourth quarter when Michael Riggins scored on a 1-yard run with 10:18 remaining in the contest. Townsend was successful with the kick.

Andrews added one more score before the contest closed when Joe Don Finley scored on a 2-yard run with 32 seconds remaining. The run for two extra points failed.

Borden Co. whips Grady

The Borden County Coyotes tore apart the Coahoma Wildcats in 6-man football Friday night in Grady by a score of 76-28.

The Coyotes opened the scoring when J. Stephens rambled 43 yards for a touchdown with 9:39 left in the quarter. The extra-point attempt failed.

The fighting Coyotes struck a minute later when M. Murphy stole a pass and raced 34 yards for a touchdown.

Borden County scored again seconds later when R. Harbor sprinted 26 yards to pay dirt. R. Hollis kicked the extra-points.

Grady came back with 3:39 left in the quarter when quarterback

Walt Stone threw a 20-yard pass to end Scott Terrell who ran another 20 yards to score. The PAT attempt was no good.

Borden County finished the quarter's scoring when Harbor romped 26 yards to the goal and Hollis kicked the extra-points. The score after the first quarter was 31-7 in favor of Borden County.

Borden County continued its dominance throughout the contest leading 55-14 at the half and cruising the rest of the way to an easy win.

The Coyotes had a balanced scoring attack with M. Murphy scoring three touchdowns and B. Key scoring 12 points on two touchdowns.

Borden County quarterback B. Bond tossed scoring passes to L. Telchik and K. Fryar.

Grady's scoring was led by Scott Terrell, who caught two scoring passes from Walt Stone and scored one himself to Julian Valle.

Bulldogs fall to Sonora 34-0

COAHOMA — The Bulldogs struggled to break the odds, but came up short Friday night as they dropped a 34-0 football game to Sonora in District 5-3A.

Coahoma dropped to 0-7 overall. Sonora upped their record to 4-3 and won their first game in district play.

After a scoreless first quarter, Sonora hit paydirt when Robert Harris scored on a 1-yard run. The kick was successful by Robert Martinez.

With 37 seconds remaining in the

half, Harris again found the going successful when he kept the football on a bootleg play and scored. Martinez added the extra point kick.

Harris continued his scoring spree in the third quarter with 3:31 when he scored on a 3-yard run. The kick was unsuccessful.

With 40 seconds remaining in the third quarter, Alex Duenas connected on a 33-yard scoring pass to Mike Fuller. The kick was good.

Harris ended the scoring when he punched the ball over from two

yards out with 4:41 remaining in the contest. The kick was good.

Longhorns gore Kats 47-0

GARDEN CITY — Garden City Bearkat problems continued to mount Friday night as they dropped a 47-0 football contest to Bronte Longhorns.

The Bearkats continued their winless ways as their overall record dropped to 0-7 and 0-5 in District 6-A play. Bronte kept their slate clean at 6-0 and 4-0 in district play.

It was a Stephen Lee show for Bronte in the first quarter as he scored on two 4-yard runs. He also nailed Pete Puentez on a 60-yard pass with 6:52 remaining in the in-

itial stanza.

Puentez was successful on six out of seven attempts with the extra point kicks.

He also scored the game's last touchdown in the fourth quarter with 2:10 remaining on a 1-yard run.

Bronte's other scores came in the second quarter when Todd Brooks ran 37 yards to paydirt and Lee scored his third touchdown from one yard out with 1:48 remaining in the first half.

Another Bronte score came in the third quarter when Corby Kelso tucked the pigskin underneath his arm and scampered 20 yards for a touchdown.

Steers

Continued from page 1B

leaving Big Spring with an 8-0 lead with 11:58 left in the game. White carried three times for 29 yards in the drive. And for all practical purposes, the game was over.

Big Spring got its second safety of the game when the Ft. Stockton center snapped the ball low and Nix's knee touched the ground in the endzone while fielding the punt. This gave Big Spring a 10-0 lead with 3:25 left.

On the ensuing free kick, Cedrick Banks fielded the line drive punt

and dashed 60 yards up the middle for an apparent touchdown. But it too, was called back because of a clip. But it didn't matter, because Big Spring drove 75 yards in seven plays to score. The big play was a 38-yard jaunt by White. Harlin took a pitch from Decker and scored from 11 yards out with 13 second left.

Again the PAT failed, but the Steers had taken a 16-0 lead and remained in a first place tie with Monahans for the district lead.

Forsan

Continued from page 1B

"In the second half we got off track and they made adjustments. They had a much better second half — they moved the ball and we didn't."

The first quarter lasted just 17 minutes and ended scoreless. Both defenses played well, though the Owls got the best of the Buffaloes in the trenches.

The Owls scored first with 9:08 remaining in the half after a breakdown in the Buffaloes' punting game allowed an Owls' defender to block Forsan's only punt of the game.

Reagan County scored several plays later on a 3-yard run by Antastacio Romero.

The Buffaloes moved the ball well on their next possession but Wright fumbled on the Owls' 32-yard line.

Owls' running back James West gained 47 yards on four carries to spark an Owls' drive to the Forsan 10. Romero took a pitch-out from there and put the Owls ahead 13-0.

Forsan's Rusty Newcombe blocked the PAT, and the half ended 13-0.

In the first half, the Owls had nine first downs and 142 yards to four first downs and 90 yards for Forsan.

"In the first half we didn't play good at all," East said. "In the second half we came out and shut down their option."

Lee Morris, who returned kicks well all night, opened the half by taking the kickoff to midfield. Forsan drove to the Owls' 8-yard line, but was stopped on downs. The drive later grew in significance.

Forsan's defense, led by Mike Averette, Michael Sells and Wright, played extremely well in the third quarter but the Buffaloes couldn't score points.

Early in the fourth quarter, Buffaloes' quarterback Brant Nichols was sacked for a 9-yard loss. On the next play he was forced to throw a bad pass that the Owls intercepted on the Forsan 34.

At this point, a Buffaloes win seemed remote.

But on the Owls' next play, quarterback Scott Lipsey was sacked and a 15-yard holding penalty was tacked on.

The Buffaloes sacked Lipsey again on the next play, and on the following down, the Owls lost another yard.

In three plays, the Owls marched backwards from the Buffaloes' 34-yard line and faced fourth and 56. On fourth down, Romero fumbled and Brandy Bryan recovered on the Owls' 39.

A 21-yard pass from Nichols to Brant Soles moved the ball to the 17 and Wright ran over half the Owls' defense before bulling to the 1-yard line.

He scored on the next play, but his PAT was blocked. With 8:06 remaining, Forsan trailed 13-6.

Nichols saved a touchdown on the following kickoff and that was the last Owls' threat.

The Owls, who were penalized nine times for 20 yards, had a 10-yard Romero run called back 15 yards for holding. They punted and Forsan called a fair catch on the Owls' 20-yardline with 5:29 left.

The Owls' defense stymied the Buffaloes for three plays but on

fourth down and four Nichols threw long to Morris who was interfered with on the play. The call drew a chorus of boos from the home crowd.

Wright, hitting high gear, rambled 35 yards to the Owls' eight. After short runs by Wright and Nichols, Wright punched in the final score from four yards out. Wright's PAT tied the game.

"It was second effort," said a jubilant Wright in the locker room after the game. "We're no one," he said, while several teammates shouted "he's awesome!"

Wright led all rushers with 148 yards on 23 carries, all but 46 in the second half. Romero led the Owls with 119 yards on 18 carries.

"After he gets into the secondary, he's hard to bring down. The longer we get the better he gets," Nichols said.

"I feel great," he said outside the locker room. "We showed a lot of pride. — It was awesome."

East agreed.

"We didn't make any adjustments, it was just the kids deciding they wanted to come out and play."

"I'm thrilled to death," East continued. "At the half we were down and there were a lot of kids who had quit, it would have been easy to lay down."

Hearns retains middleweight title

DETROIT (AP) — Thomas Hearns, fighting the last half of the match with a nasty cut over his right eye, pounded out a one-sided 12-round decision over Doug DeWitt and retained the North American Boxing Federation middleweight title Friday night at Cobo Arena.

In an earlier 10-round match, James Kinchen, the World Boxing Association's No. 1-ranked middleweight contender and ranked No. 2 behind Hearns in both the International Boxing Federation and World Boxing Council rankings

was upset.

Iran Barkley, a substitute, knocked down Kinchen in the ninth round and scored a 10-round split decision.

In the sixth round of the Hearns fight, during an exchange in a corner, blood suddenly started flowing from a cut on Hearns' right eyebrow. Referee Robert Watson said the cut was caused by an accidental head butt.

Hearns also was cut on the left eyelid, apparently from another butt, in the 10th round. His cut man Ralph Citro, was able to keep

the cuts under control.

Hearns, who also is the WBC's super welterweight champion, a title he will soon give up, simply had too much talent for DeWitt. The 6-foot-1 Hearns, who will be 28 on Saturday, stabbed DeWitt with hard left jabs and rocked him on several occasions with both hands to the head.

Hearns, of Detroit, almost had DeWitt in serious trouble in the third round. But DeWitt, of Yonkers, N.Y., who has never been down, stayed on his feet

Coahoma Bulldogs running back Craig Wallace scrambles for yardage as the Sonora Bronchos defense closes in. Blocking for Wallace is teammate Lance Reid (60). Attempting to tackle Wallace is Ismael Duenas (21) and Mike Hooper (61). Sonora won the game 34-0.

Mets are heavy favorites

LAS VEGAS, Nev. (AP) — "Everything is Mets, Mets, Mets."

That's how Mel Exber, owner of the Las Vegas Club, described the betting action on the World Series, which begins Saturday with New York hosting the Boston Red Sox.

"It's like an election, it's a landslide."

The National League champions have been made a prohibitive 12-5 favorite, the most lopsided opening odds since 1950, when the Yankees swept the Phillies, who were 3-1 underdogs.

"The Mets are obviously the superior team, there's almost no comparison," Exbur said. "The starting pitchers for the Red Sox can't compare to the Mets' starters, and the Red Sox haven't seen pitching like this in the American League."

Legal sports book operators here say the odds could go higher as the betting public lines up to place money on the Mets.

"The Mets look like they have destiny on their side," said Sonny Reizner, manager of the Castaways Sports book. "Everything that happens, happens in their favor."

Russ Culver, who sets odds at Bally's sports book, said the Mets shouldn't be such huge favorites. If it were not for the public's fascination with the team — a fascination that causes them to bet heavily on the Mets — Culver said the team would be only about an 8-5 favorite.

"They're a counterfeit, or bogus, favorite simply because we have so much money on the Mets," Culver said. "We've got so much on the Mets that we have to make it (the spread) artificially high."

By making it a 12-5 spread, Culver said enough money will be bet on the Red Sox so that sports books can come close to balancing the action on both sides. Books make their money by pocketing the difference between paying \$24 for a \$10 bet and paying \$20 for the same bet if the other team wins, assuming the money is divided equally.

Bookmakers were hoping for the Mets to make it to the World Series because of the interest the team generates among bettors. Action so far has been heavy.

"With the Mets in the Series and the playoff games having been so exciting, it's really going to carry over into the betting," Reizner said. "We should have one of our best Series ever."

Channel 13

7:30 p.m.

"Probably the worst part is that (Boston ace Roger) Clemens can't start the World Series opener," Reizner said. "Their pitching staff is in some disarray and there's a few injuries on the Red Sox."

Clemens pitched the pennant-clinching win on Wednesday night and is scheduled to pitch in Sunday's second game of the Series.

A bettor would have to bet \$24 on the Mets winning the World Series to win \$10. Bettors who favor Boston can put up \$10 to win \$20 if the Red Sox take the

Sox, Mets start World Series

NEW YORK (AP) — The New York Mets are playing the Boston Red Sox, not the percentages, in Saturday night's World Series opener.

Manager Davey Johnson will pitch right-hander Ron Darling, leaving the possibility of using both his left-handers to face Boston's Green Monster next week or even adding fifth-starter Rick Aguilera to the rotation.

And even though Red Sox Manager John McNamara will open with left-hander Bruce Hurst, Johnson is abandoning his season-long platoon and starting lefty-swinging Len Dykstra, the team's sparkplug in the NL playoffs against Houston.

McNamara, meanwhile, might prefer some of Johnson's options. He's still trying to decide on a healthy first baseman.

The two managers worked on these problems and on scouting reports Friday as their teams prepared for Game 1.

Johnson said his Game 2 pitcher in New York would be Dwight Gooden, and he would open at Fen-

way in Boston on Tuesday night with left-hander Bob Ojeda, who was traded to the Mets from Boston last December. If Johnson followed his normal rotation, the Mets' Game 4 pitcher at Fenway would be left-hander Sid Fernandez.

"I haven't made any decision on Game 4," Johnson said. "Boston has a ballpark a lot like the (Chicago) Cubs have with that short porch in left field." The unstated addendum was that Fernandez is a fastball, fly ball pitcher, while Ojeda, though he has a 2-10 career mark at Fenway, is more of a ground ball pitcher.

Johnson said he had two options besides using Fernandez. He could move the right-handed Aguilera to the rotation, "or I can bring Darling back on three days' rest, which he likes to do. We'll just wait and see."

Johnson's other major move was to announce that Dykstra will start against all pitchers in the World Series. As a late inning replacement in the final playoff game against the Astros, Dykstra was 2-for-2 against Houston left-

Sports briefs

5K run planned

The First Baptist Church of Big Spring will sponsor a Centennial 5K run Nov. 1 for seniors, adults and children. There will also be a 2-mile walk and a 1-mile run for children sixth grade and under. The run will get underway at 9 a.m.

Pre-registration is \$5, and registration the day of the run is \$6. All runners will get T-shirts.

Those interested can call the church office at 267-8223 or go to the church.

Grand golf tourney

The Chicano Golf Club will have its grand tournament Sunday at Comanche Trail Golf Course. Tee off time is 8 a.m.

The tournament was originally scheduled for last Sunday, but was cancelled because of rains.

Booster club to meet

The Big Spring Sports Booster Club will meet Monday at 7 p.m. in the high school cafeteria.

All freshmen football and volleyball players will be introduced. All parents and club members are urged to attend.

Coahoma whips G-wood

GREENWOOD — The Coahoma Bulldogs junior varsity football team took a 12-0 win over the Greenwood Rangers in Thursday night action.

Carlos Cervantes scored the Bulldogs first touchdown on a 72-yard run. The last score came on a four-yard run by Cervantes. The play was set up by a 56-yard pass from Curtis Hudson to Dale Phillips.

Playing good games for Coahoma were Trey Gardner, Tommy Burgess, David Molina and Ramon Padron.

The Bulldogs will be in action next Thursday at 5 p.m. against Tahoka in Tahoka.

Hoop tournament planned

The old Howard College gym will be the site of a 12-team basketball tournament Oct. 31-Nov. 2.

Entry fee is \$100 per team and each team is guaranteed at least two games. The first four teams will receive team trophies and the first two teams will also receive individual trophies. Entry fee and 10-man rosters are due Oct. 25.

There will be a slam dunk and three-point contest. An all-tournament will also be chosen.

To enter call Roy Green or Scott Horseman at Howard College at 267-6311 or 263-2402.

PUBLIC NOTICE
Phillips Petroleum Company operates an exten-
sive underground natural gas gathering system
within the City of Big Spring and the surrounding
area.
The operation of this system does not constitute a
hazard to the general public. However, ditching,
blasting, and other earth-moving operations con-
ducted in the vicinity of our lines could result in
damage to these lines and the release of poison
gas and/or explosions or fires.
To prevent this from occurring, Phillips has
erected pipeline markers indicating our lines in
the City of Big Spring in an effort to notify the
public of these lines. Included on the line markers
is a telephone number where a Phillips repre-
sentative can be reached to furnish assistance in
locating any particular line. That telephone
number is (915) 302-3825.
In order to protect yourself and Phillips, please
call this number before digging.

Your Daily HOROSCOPE from the CARROLL RIGTER INSTITUTE

FORECAST FOR SAT., OCT. 18

FORECAST FOR SUNDAY, OCTOBER 19, 1986. GENERAL TENDENCIES: There is a decided tendency toward happiness and good times today which needs to be encouraged. Make sure involvement in the practical doesn't top this well-being. ARIES (Mar. 21 to Apr. 19) You get fine ideas for getting a greater abundance with the aid of your friends, so put them in operation. TAURUS (Apr. 20 to May 20) Study your personal wishes and then you can attain them easily with the aid of a co-worker. GEMINI (May 21 to June 21) Confer with influential people and gain the support you need for a pet project. Enjoy interesting company tonight. MOON CHILDREN (June 22 to Jul. 21) Plan a little trip with an intelligent friend. You want to make new contacts, but be sure they're right. LEO (Jul. 22 to Aug. 23) Some worldly matter you wish to handle will require the aid of an expert. Be happy and rest tonight. VIRGO (Aug. 24 to Sept. 23) You need the help of an outside ally if you are to gain the greatest success with a new venture. LIBRA (Sept. 24 to Oct. 23) Contact these persons in business with whom you want to be associated with. Later be of service to your love. SCORPIO (Oct. 24 to Nov. 21) If you want a partner to do what you desire, get together at some place of recreation you both like. SAGITTARIUS (Nov. 22 to Dec. 21) Any activities you are in, or want to engage in, can be best handled with the aid of a home tie. CAPRICORN (Dec. 22 to Jan. 20) Even if you want to travel quite a distance, you can enjoy the type of recreation you like. AQUARIUS (Jan. 21 to Feb. 19) First be sure to handle home matters. Have guests in but include new personalities. PISCES (Feb. 20 to Mar. 20) Use a good judgment and you can gain more of this world's goods easily. Don't waste any time in a foolish way. IF YOUR CHILD IS BORN TODAY... he or she will have much ability where practical interests are concerned. The career will start in a conventional way, but your progeny will soon add more touches and ideas to it that are modern and become really successful. Teach to listen to the views of others.

FORECAST FOR MONDAY, OCTOBER 20, 1986. GENERAL TENDENCIES: Whatever you need to do of a practical or monetary nature can be done by a consistent and steadfast approach. Balance any nervousness with a relaxing hobby. ARIES (Mar. 21 to Apr. 19) Begin the week by delving into property affairs that need immediate attention. Be careful in financial matters. TAURUS (Apr. 20 to May 20) Study your reflection in the mirror and make any improvements to it that you can. Keep your wallet closed. GEMINI (May 21 to June 21) Search for data that will help you schedule worldly affairs more intelligently. Do what your mate desires of you. MOON CHILDREN (June 22 to Jul. 21) Some longtime wish can be gained now if you go after it in a positive way. Cheer up your mate. LEO (Jul. 22 to Aug. 23) Begin the week properly by first tackling outside duties. Don't push some personal ambition tonight. VIRGO (Aug. 24 to Sept. 23) After a day making fine contacts, stay at home and rest up. Enjoy radio, television or a fine hobby. LIBRA (Sept. 24 to Oct. 23) Get your obligations behind you. Don't take on any others in the evening. Use your intuitive hunches. SCORPIO (Oct. 24 to Nov. 21) Try to discuss a problem quietly with a partner and it can be solved quickly. Don't dwell on it. SAGITTARIUS (Nov. 22 to Dec. 21) Begin the week wisely and get the work done that you have promised to do. Steer clear of irate associates. CAPRICORN (Dec. 22 to Jan. 20) You now understand just how to make your finest talents work with great efficiency. AQUARIUS (Jan. 21 to Feb. 19) Make sure you do what you have promised your family over the weekend. Avoid expensive pleasures. PISCES (Feb. 20 to Mar. 20) You can handle your calls and correspondence most efficiently. Study your reports and statements. IF YOUR CHILD IS BORN TODAY... he or she will have every opportunity and ability to handle financing and property affairs wisely. Make sure you give an education that can further these natural talents. Add psychology to the curriculum so your progeny will know how to deal with others.

Comic strip BLONDIE with dialogue about watching cartoons and playing golf.

High school spirit leaders

BIG SPRING HIGH SCHOOL SPIRIT LEADERS
 The following is the list supplied by school officials of spirit leaders to be inducted into the Hall of Fame this afternoon.

1923-1926 — Elizabeth Barton, Theo Ferguson, Opal Pitman and Mary Wade.
 1927-1928 — Lucille Rogers, Winona Taylor and Lallah Wright.
 1928-1929 — Helen Griffith, Mildred Paterson and Veda Robinson.
 1929-1931 — Mary Gene Dubberly and Polly Webb.
 1931-1932 — Georgia Belle Fleeman, Edythe Ford, Steve D. Ford, Jr. and Dorothy Dublin.
 1932-1933 — Elizabeth Jane Tinsley, Modesta Good, Dorothy Dublin and Alta Taylor.
 1933-1934 — Dorothy Dublin, Modesta Good and Alta Taylor.
 1934-1935 — Frances Stamper, Bobbie Gordon and Cleo Lane.
 1935-1936 — Frances Stamper, Cleo Lane and Judith Pickle.
 1936-1937 — Eddy Raye Lees, Jamie Lee Meador and Mina Rose Webb.
 1937-1938 — Marguerite Reed, Joelle Tompkins and Emily Stalcup.
 1938-1939 — Joyce Croft, Mary Nell Edwards and Billie Baas Shive.
 1939-1940 — Betty Bob Diltz, Frankie Martin, Champe Phillips, Loveda Shultz, Ann Talbott, Otis Graf, Jr. and Lawrence Deason.
 1940-1941 — Betty Bob Diltz, Red Newton, Mayna Robertson, Ann Talbott and Ruth Ann Dempsey.
 1941-1942 — Wylbert Moore, Robbie Piner, John H. Lees, Gloria Strom and Celia Westerman.
 1942-1943 — Jerrie Hodges, Celia Westerman, Kenneth Patridge, Stewart Smith, Buna Brummett and Helen Blount.
 1943-1944 — Wynelle Wilkerson, Pat Cochran, Helen Blount, Gloria Strom, Celia Westerman and Jody Rice.
 1944-1945 — Celia Westerman, Cecilia Long, Grady Kelly, Helen Blount, Mickey Casey and Dot Cauble.
 1945-1946 — Dot Cauble, Mickey Casey, Grady Kelly, Joyce Worrill and Sonia Weaver.
 1946-1947 — Joyce Worrill, Peggy Lamb, Billie Younger, Beverly Stulting, Dot Cauble and Jean Pearce.
 1947-1948 — Katie Jones, Dot Wasson, Nancy Lovelace, Ann Crocker, Dot Cauble and Ernest Farmer.
 1948-1949 — Shirley Riddle, Luan Creighton, Wanda Lou Petty, Chubby

Jones, Peggy Lamb and Katie Jones.
 1949-1950 — Diana Farquhar, Alfred Chavarria, Luan Creighton, Lou Ann Miller, Ann Crocker and Peggy Lamb.
 1950-1951 — Sue Craig, Ann Crocker, Wanda Lou Petty, Diana Farquhar, Shirley Riddle, Mary Lou Lepard and Claudette Harper.
 1951-1952 — Anna Mae Thorpe, Mary Lou Lepard, Sue Robinson, Shirley Wheat and Shirley Riddle.
 1952-1953 — Mary Lou Lepard, Anna Mae Thorpe, Beverly Vaughn, Barbara Bowen and Shirley Wheat.
 1953-1954 — Anna Mae Thorpe, Nannette Farquhar, Doss Brookshier, Reba Riddle and Barbara Bown.
 1954-1955 — Nanette Farquhar, Lila Turner, Eunice Freeman, Barbara Bowen, Clara Freeman, Lou Ann White and Sue Boykin.
 1955-1956 — Sue Boykin, Clara Freeman, Eunice Freeman, Lou Ann White, Valjean La Croix, Sammie Sue McComb and Gary Tidwell.
 1956-1957 — Lou Ann White, Sue Boykin, Valjean La Croix, Sammie Sue McComb, Toni Thomas, Judy Reagan and Sue Barnes.
 1957-1958 — Judy Reagan, Judy Cauble, Celia Grant, Valjean La Croix, Carlene Coleman, Sammie Sue McComb and Shirley Terry.
 1958-1959 — Toni Thomas, Jo Ann Ebling, Judy Reagan, Celia Grant, Shirley Terry, Mary Reed and Modesta Simpson.
 1959-1960 — Shirley Terry, Celia Grant, Modesta Simpson, Kay McGibbon, Mary Reed, Karon Koger and Linda Grant.
 1960-1961 — Judy Foster, Katie Morgan, Karen McGibbon, Sharon Agee, Kay Foster, Doyleene Wadkins and Pat Armstrong.
 1961-1962 — Kathy Johnson, Pat Armstrong, Karon Koger, Karen Kee, Sonja Arrick, Judy Engle and Karen McGibbon.
 1962-1963 — Sharon Kirkland, Karen McGibbon, Karen Kee, Peggy Spier, Terry Cauble, Judy Engle and Sue Cook.
 1963-1964 — Kathy Mason, Sue Cook, Peggy Spier, Judy Engle and Terry Cauble.
 1964-1965 — Nancy Haralson, Terry Cauble, Sue Engle, Peggy Spier and Jackie Crawford.
 1965-1966 — Jackie Crawford, Beverly Peters, Susie Engle, Jackie Cook and Sarah Smith.
 1966-1967 — Debbie Duncan, Jackie Cook, Sonia Whittington, Sue Clark and Beverly Peters.
 1967-1968 — Karla Wadsworth, Connie

Carver, Sonia Whittington, Treonne Reagan, Roe Lyn Bunch and Debye Estes.
 1968-1969 — Madena Farquhar, Pat Billings, Anne Talbot, Patti Spier and Gayle Coleman.
 1969-1970 — Denise Estes, Cheri Turner, Martha Fierro, Anne Talbot and Patti Spier.
 1970-1971 — Denise Bryant, Martha Fierro, Sharon Cook, Cheri Turner and Tricia Cherry.
 1971-1972 — Tricia Cherry, Dana Mancill, Connie Torres, Lori Fort and Denise Bryant.
 1972-1973 — Dana Mancill, Lori Fort, Nancy Smith, Nadine Teague and Mickie Fletcher.
 1973-1974 — Nadine Teague, Leslie Harris, Mickie Fletcher, Nancy Conway and Kendra Dewees.
 1974-1975 — Denita Fellows, Laura Bickford, Nancy Conway, Kathy Meek, Leslie Harris and Roxie McDaniel.
 1975-1976 — Chris Davis, Jill Odom, Cynthia Fierro, Laura Bickford and Paige Little.
 1976-1977 — Jill Odom, Cynthia Fierro, Connie Jackson, Cathy Valdes, Irene Little and Denise Crenwelge.
 1977-1978 — Irene Little, Salena Jones, Connie Jackson, Andrea Hohertz, Debra Hayworth and Diana Dominguez.
 1978-1979 — Cindy Cowan, Diana Dominguez, Malinda Porras, Carrie Little and Selena Jones.
 1979-1980 — Brenda Trevino, Carrie Little, Tresa Hohertz, Karen Smith and Charlotte Bell.
 1980-1981 — Debbie Fulcher, Shana Hohertz, Brenda Trevino, Charlotte Bell and Laura Warren.
 1981-1982 — Laura Warren, Shana Hohertz, Debbie Archer, Teri Dominguez and Tracy Claxton.
 1982-1983 — Felecia Ford, Misti Meyers, Amy Ragan, Norma Rubio and Kay Pollard.
 1983-1984 — Kerri Chandler, Kay Pollard, Julie Miller, Priscilla Escanuela, Misti Meyers and Michelle Bowers.
 1984-1985 — Chandra Wrightsil, Becky Griffith, Suzanne Bowers, Adrienne Allen, Priscilla Escanuela, Tracey Kilgore, John Buzbee and Sammy Watson.
 1985-1986 — Chandra Wrightsil, Tessa Underwood, Mary Anita Trevino, Larrie Norman, Suzanne Bowers, Tracey Kilgore, D'Carlton Wilson and Dana Hane.
 1986-1987 — Tessa Underwood, Mary Anita Trevino, Ginger Brooks, Kenda Madry, Larrie Norman, Karen Brodie, Steia Vidlak and D'Carlton Wilson.

Roughneck
 Getting a glimpse of the 1986 Permian Basin Oil Show from the ground up is Tool Pusher, an 8-year-old dog owned by Tony Dry of Abilene. Dry says that Tool Pusher has become such a regular visitor to oil shows around the country that he had a workman's helmet made for the short and friendly bulldog.

Names in the news

DALLAS (AP) — Monaco's Princess Stephanie and movie star Rob Lowe hugged and kissed during a party to open a four-day benefit for the Princess Grace Foundation.

Princess Stephanie, Lowe, actress Brooke Shields and about 35 others attended the party Thursday night at Dallas' Mistral nightclub.

Earlier, Lowe and the princess sat close together and kissed between appetizer courses of breaded shrimp, blackened snapper and tenderloin at Dakota's restaurant in Dallas.

The princess and other members of the Monaco royalty arrived in Dallas on Thursday for the Princess Grace Foundation Gala, an annual benefit for young performers. Plans for the benefit include a dance, fashion show, \$1,500-a-plate dinner and a barbecue. About 1,000 supporters, many flying in from Europe, were expected.

The other members of the royal family in Dallas for the festival are Prince Rainier III, the reigning monarch; Prince Albert; Princess Caroline and her husband, Stefano Casiraghi, and two children.

Among the stars expected are Frank Sinatra, who will sing at a Saturday benefit, model Cheryl Tiegs and actors Cary Grant and Roger Moore.

PRINCESS STEPHANIE AND ROB LOWE attend benefit party

MINNEAPOLIS — Rock star Prince is disbanding The Revolution, his band of the last four years, and is exploring a new direction, his publicist said Friday.

Drummer Bobby Z, guitarist Wendy Melvoin and keyboardist Lisa Coleman are leaving, according to Robyn Riggs of the Howard Bloom Organization in New York.

Bobby Z will concentrate on producing and songwriting, while Melvoin and Coleman are planning to record an album together and score a film that is to be released next year, Ms. Riggs said.

"He's coming up with something different," Ms. Riggs said of the reclusive Prince. "Nothing's definite at this point."

Prince, star of the movies "Purple Rain" and "Under the Cherry Moon," last appeared with The Revolution in September.

Ms. Riggs said the decision to revamp the band was made earlier this month. "It was mutual as far as I understand it," she said.

CRANSTON, R.I. — Concert promoter Frank J. Russo said his legal fight with pop superstar Michael Jackson and his brothers over promotion of their 1984 Victory Tour has ended.

Russo said Wednesday the agreement was reached in Los Angeles last week before a trial scheduled there next month. A district court clerk who confirmed that the suit had been settled said documents available to him gave no further information.

Russo said that under the settlement he can't disclose the amount. He added, though, that he is "very, very satisfied" and has received payment.

Peter Paterno, a lawyer for the Jacksons, had no comment. Neither side admitted blame in the settlement.

At issue was whether Russo was entitled to payment for pre-tour planning his Concerts East did for the 1984 cross-country extravaganza under the assumption that he has been chosen as the tour promoter.

The tour ended up losing money for Chuck Sullivan of Foxboro, Mass., who actually promoted it, while the Jacksons made money.

UT honors Moyers, Baker, Briscoe

AUSTIN (AP) — The U.S. Treasury secretary, a former governor, a television journalist and a retired chemical engineering professor were honored Friday at the University of Texas as recipients of the 1986 Distinguished Alumnus Awards.

The awards have been presented annually since 1958 by the University of Texas Ex-Students Association.

This year's awards bring the total number of recipients to 115, said Don Massa, spokesman for the association.

This year's awards were given to:

- Treasury Secretary James A. Baker III.
- Baker, who served as White House chief of staff during President Reagan's first term, became treasury secretary on Jan. 29, 1985. A graduate of Princeton University, he received his law degree from Texas in 1957.
- Baker was national chairman of Gerald Ford's presidential campaign in 1976, the 1978 GOP candidate for Texas attorney general, and in 1979-80 was national chairman of George Bush's presidential bid.
- Former Gov. Dolph Briscoe of Uvalde.
- A 1943 UT graduate, Briscoe is chairman of the boards of the First State Bank of Uvalde and Security State Bank of Pearsall.
- His political career began when he first was elected to the Texas House in 1948. He served as governor of Texas from 1973 until 1979.
- William Cunningham of Austin, retired professor emeritus of chemical engineering at UT.
- Cunningham, who holds his bachelors, masters and doctorate degrees from the university, taught at UT from 1935 to 1971 and has a professorship endowed by former students in his name.
- A fellow of the American Institute of Chemical Engineers,

Journalist Bill Moyers, left, U.S. Treasury Secretary James Baker, center, and former Texas Gov. Dolph Briscoe answer questions Friday after being honored by the University of Texas at Austin as recipients of the 1986 Distinguished Alumnus Awards.

Cunningham has been associate editor of the 45-volume "Encyclopedia of Chemical Processing and Design."

- Bill Moyers, CBS News correspondent and analyst.

Moyers was graduated from the University of Texas in 1956. He served as deputy director of the Peace Corps under President Kennedy, and as a special assistant and press secretary to President Johnson.

Moyers' broadcasting career has earned him numerous honors, including 11 Emmy awards, four George Foster Peabody Awards and the Sigma Delta Chi award for distinguished service in journalism.

His public television series, "A Walk Through the Twentieth Century," was named the 1984 outstanding informational series by the Academy of Television Arts and Sciences.

In being honored by UT, the four joined 111 other UT alumni in receiving the distinguished alumni awards.

Among other winners are CBS News correspondent Walter Cronkite, former first lady Lady Bird Johnson, former U.S. House Speaker Sam Rayburn, former Govs. John Connally and Allan Shivers, heart surgeon Dr. Denton Cooley, actor Fess Parker, astronaut Robert Crippen and opera star Barbara Conrad.

Texans to jet to capitol non-stop

WASHINGTON (AP) — Travelers flying from Houston and Dallas-Fort Worth will get to jet non-stop into the nation's capital for the first time in 20 years under a rider tacked on to a catchall \$575 billion spending bill on Friday.

Texans wanting to fly straight into the capital's most convenient airport have had to make at least one stop along the way since 1966 when the "1,000-mile perimeter provision" was passed as a way to divert traffic to the lesser used Dulles International Airport.

That provision limits non-stop flights into National to planes taking off within 1,000 miles of the capital, which excludes those coming from Dallas-Fort Worth and Houston airports.

Often those jets have made their mandatory stop in Dulles, before making the 20-mile hop to National.

Under a measure pushed by House Majority Leader Jim Wright, D-Fort Worth, and Sen. Lloyd Bentsen, D-Texas, the perimeter would be expanded to include flights originating within 1,250 miles of Washington, D.C.

In the House on Thursday,

Wright managed to include the expansion of the perimeter in the Continuing Resolution, a \$575 billion national spending bill that will fund all government activities for fiscal 1987.

At 2:20 a.m. Friday, Bentsen won similar passage in the Senate on a voice vote. President Reagan has said he will sign the CR into law.

"I am pleased that the Senate has accepted my amendment through the CR modifying the so-called 'Washington National Perimeter Rule,'" Bentsen said. "I am also grateful to Jim Wright for persuading the House to do the same thing."

The Texas lawmakers tacked the amendment onto the funding bill to skirt opposition from 11-term Rep. M. Gene Snyder, R-Ky., who wanted to retain the 1,000-mile limit because many of the planes made stops in his state.

"Bentsen and Wright pulled an end-run around the opposition and were able to get the change included in both versions of the CR," said a Bentsen staffer.

American Airlines currently operates six flights a day into the

Washington area, three of which stop at Dulles and three others in Baltimore, before going on to National, said Joe Stroop, a spokesman for the Dallas-based carrier.

"We're delighted that the House and Senate have passed this amendment and we hope the president signs it into law," Stroop said.

If the president authorizes a 1,250-mile perimeter, American plans to switch some of its Washington-bound flights from Texas directly into National, without decreasing service to Dulles and Baltimore, Stroop said.

"We really think its going to be good for the Dallas-Fort Worth area. We see full airplanes go out to Washington every day and feel that forcing those people to stop in Baltimore and Dulles is unfair."

Continental Airlines, which operates four non-stop flights to Dulles out of Houston, currently has no plans to take advantage of the change if it is signed into law.

"But we're certainly not ignoring it," said Bruce Hicks, a spokesman for the Houston-based carrier.

Robert Hayes, M.D.
 Orthopaedics
MALONE and HOGAN
 CLINIC
 1501 W. 11th Place Big Spring
 915-267-6361 or Toll Free 1-800-262-6361

MALONE and HOGAN CLINIC offers excellent quality care in the Orthopaedic Department with Robert Hayes, M.D. Dr. Hayes received his Undergraduate BS Degree from Norwich University in Vermont and his Graduate Degree in Biology from New Mexico Highlands University. His Doctor of Medicine Degree is from the University of Cincinnati Medical School in Cincinnati, Ohio. Dr. Hayes did his Orthopaedic Residency at the University of New Mexico in Albuquerque, New Mexico. He was Board Certified in 1976. Dr. Hayes practiced in Hobbs, New Mexico from 1975 through 1984 and for two years in Dallas as the President of Response Medical Group. Dr. Hayes has four children, Emily, Shawn, Patrick and Shane. MALONE and HOGAN CLINIC is proud to have Dr. Hayes and his family in our group and in the Big Spring community. Appointments are now available for all your Orthopaedic needs.
