## HER CANDY

How typical of Mothers! They like a gift that they can share with others. That's one of the reasons they so appreciate a box of delectable sweets from the Friona Drug Company. This Mother's Day, give candy. She'll like ours.

# CLEAN AND PAINT UP MAY 1 TO 15

The Friona Woman's Club urges all Friona citizens to clean up and paint up their premises during the first half of May. We heartily approve of their campaign as it will not only help the looks of our city, but will aid our health if we remove the winter accumulation of rubbish.

### **One Operation Completes** Your Harvesting and Threshing

HARVESTING and threshing is over in one, speedy, thorough operation with the McCormick-Deering No. 11 Harvester-Thresher. This combine harvests and threshes 25 to 50 acres a day with surprising saving over any other method of harvesting and threshing.

Two men can easily operate the McCormick-Deering Harvester-Thresher-one on the tractor and one on the platform where he has full control of the machine. Besides this saving in labor, twine bills and grocery bills are eliminated, and the women folks have no large crews to feed.

Grain buyers say they like the grain which comes from the McCormick-Deering because it is threshed clean, and is more uniform in grade and color than when cut with headers and threshed the old way.

The McCormick-Deering threshes soy beans, flax, and sorghums, as well as grains. Come in and ask us to go over its features with you.. Also ask us about the windrow-harvester and pick-up attachment for McCormick-Deering Harvester-Threshers.

Owing to the conditions existing over the entire United States, it is necessary that we remove the monkey wrench from the machinery of commerce in order that it may start work once again and bring prosperity back to us. The best way to do this is to "Pay Our Neighbors" so that our neighbors can pay us. Unless you pay your bills others cannot obtain the money necessary to pay YOU.

This campaign is endorsed by Chambers of Commerce all over the country. Here is the manner in which it operates: Get a "Pay Your Neighbor" check and fill it out for any amount, then pay one of your past due bills or a portion of one with it. This check carries a note to the bank on which it is drawn not

# Pay Your Neighbor NOW!

to honor it until 20 signatures are affixed to it. That means that when you pay a bill 20 others must pay one before the check is cashed at the bank. If you write a \$5.00 check and apply it on one of your past due accounts, that check will pay \$100 worth of accounts in Friona before it is finally cashed at the bank. If all of us would start just one \$5.00 check it would do wonders toward paying up in our town. If you get one of these checks and do not owe anyone you may take it and apply it on cash purchases, thus also helping to make prosperity.

The Friona Star has printed a supply of these checks and will be glad to furnish you with all of them you want if you will just ask the editor for them.

## PAY \$5.00 ON A PAST DUE ACCOUNT Ask for a "Pay Your Neighbor" Check FREE at the Star Office and Your Merchants

#### FROM MY WINDOW

DOUGLAST FROST, 7th Grade

The first to catch the attention of the eye on the left is the track ground which is a large area where races and other athletic events will take place next Friday and Saturday.

We let our eye rove on a little further and it comes in contact with a house or the residence of a Friona citizen. The house has a front porch, screened in. The outside is made of stucco. There is a windmill at the back and a little well house. A good wire fence surrounds the house with the orchard on the south.

The tennis court is a play spot placed in front of Mr. Spring's house, with high nets and wire on both ends to stop the balls.

The tool shed was put up by the contractor of the new school building to put their tools in during bad weather,

The new school building is in front of us now, with its walls towering 30 feet above me. The inside of the gym does not appear to be finished yet as unglassed windows store at us.

As our eye travels on we meet the road that is running north and south which is about 20 feet wide and has ditches to carry the water off when it rains,

As we move a little farther to the right we see the Christian church which is a stucco structure
