THE RED CROSS WILL RELIEVE

Storm Stricken Sufferers in Callahan County Through Disaster Relief Director

It would take columns of space to tell the detailed story of the cyclonic storm which, forming at about 1:20 o'clock Saturday morning near Rowena, Rannella County, swept north-easterly through that county, taking a toll of seven deaths, wounded many and wrecked or damaged every building in its path.

It leaped over the western boundary of Callahan County, uprooting trees and destroying fences, and four miles east of Oplin, began its work of deadly devastation again. It killed four persons outright in Callahan County, wounded nearly a score, several of whom it is feared fatally, razed barns and houses, uprooted trees and flattened fences, hurtling into Eastland County at about 1:40 a. m., and doing considerable damage in Cisco.

In the path of the storm houses and ranch and farm buildings were wrecked, garnered crops scattered hither and yon, big trees were uprooted, and crashing thunder, blinding lightning and a deluge of hissing rain were a wildly weird accompaniment to the terrors of the Stygian night. Occasionally, above the deafening clamor, could be heard the despairing shriek of some stricken human. Only the dead were voiceless, their white faces and battered bodies drenched by the pelting rain, which made of every stream a raging torrent.

When news of the disaster reached Baird, prompt measures were at once taken to perfect measures to relieve the sufferings of the stricken ones. A mass meeting at the Methodist Church Sunday evening at 4 o'clock, raised several hundred dollars and a committee, headed by Will S. Hinds, A. Rod Kelson, W. Eugene Melton and John H. McGowan, at once got busy, a canvass was made of the city; about two thousand dollars in money and large quantities of household goods, clothing, &c., were secured.

The correspondents of the Dallas, Fort Worth and Abilene papers, wired their journals full accounts of the disaster and sent out the S. O. S. call. The Baird correspondent of the International News Service sent out the storm story and Tuesday morning it appeared in every daily newspaper of consequence in the United States and Canada and was cabled to the press of many foreign countries.

In consequence of this worldwide newspaper publicity, James L. Fleser, Manager of the Southwestern Division of the Red Cross, whose headquarters are in Saint Louis, wired Wednesday that he had instructed Henry M. Baker, Director of Disaster Relief, and two experienced disaster rehabilitation work, to proceed to Baird.

Director Baker's party reached here Wednesday night and Thursday took charge of the situation. The National Red Cross, Mr. Baker explains, will give the stricken families financial assistance from the Red Cross Disaster Contingent

RESURRECTION MIRACLE CELEBRATED SUNDAY

Tradition has many stories about the origin of Easter. Easter was probably derived from the Teutonic name Ostern, from the feast of the Goddess Ostera, the personification of the morning or the east and also the opening of the year.

The fathers of the church substituted the Christian festival. The church, in early times, differed about the time the festival should be celebrated, but at the Council of Nice, in A. D. 325, it was decided always to be the first Sunday after the full moon, which occurs on or after March 21st. If the full moon happens on a Sunday, then Easter Sunday is to be the next Sunday following.

By the Mosaic Law, the Passover among the Jews was celebrated on the month Abib. A tradition among the early Christians was that Christ was crucified on the 14th day of Nissan (April).

To Christians, Easter means a Risen Christ—in other words, the Resurrection. Upon this the whole structure of Christianity rests. Jesus told His disciples repeatedly that He would be crucified, and that He would rise from the dead on the third day. The New Testament tells us this actually occurred and is as well authenticated as any other event recorded in the Bible.

If this is not true then there is no resurrection of the dead. Saint Paul understood this fully (See 1st Corinthians, 15th Chapter). In that chapter Paul tells us that if Christ be not risen, our faith is vain; that all who have died are lost. Paul, the great Apostle to the Gentiles firmly and conscientiously believed in Christ, after he was converted, and suffered martyrdom rather than renounce his faith in the Lord Jesus Christ.

AMERICAN LEGION LABOR'S FRIEND

"The American Legion is not unfriendly to labor," declares State Commander Wayne Davis, in a letter to Texas State Federation of Labor officials, made public in part by Robert McKinley, of Temple, Federation Secretary-Treasurer, in accepting an invitation to address the State Labor Convention, which convenes next Monday in El Paso. Commander Davis wrote:

"I want to thank you in the name of the American Legion in Texas for your wishes of esteem for our organization, and to assure you that we appreciate it. With my best efforts I have to encourage the friendly relationship between the American Legion and all labor organizations. As you probably know, for a time there were some who thought that the Legion was unfriendly to labor. This hurt our membership in some of the towns in Texas, and we appreciate very much your kind efforts in assisting us to teach these men that the American Legion is not unfriendly to labor."

The invitation for Mr. Davis to address the convention was extended by President Slater, of the Texas State Federation of Labor.

Tom Windham, of Oplin, was in Baird, Monday. He says the storm tore things up badly near Oplin.

BOYS DON'T FLY KITES

Within The Corporate Limits Of Baird—High Voltage Wires Are Dangerous

Manager Earl Morley, of the Baird Light, Power & Ice Company, requests The Star to sound a warning to the juveniles of Baird of the deadly danger they run when they fly their kites within the corporate limits of the city.

He will call the attention of the Board of Aldermen to the deadly menace to life that is constantly passing through the high voltage wires of the American Public Service Company, which if diverted by a kite string, particularly if the string were damp, would terribly shock and possibly kill, the boy on the ground holding the string, and he will ask that Council pass an ordinance prohibiting kite flying within the city limits. Mr. Morley says:

"A kite string, held by a boy standing on the ground, which from any cause touched one of the high power wires would send a deadly charge of electricity through the boy's body, particularly if the string was wet or even damp. Our company would keenly regret an occurrence of this sort. The boys are innocent of the danger they run in kite flying around high power electric wires, but if the attention of their parents is called to the deadly menace through the columns of The Star, it may serve to prevent accidents that will be serious if not fatal."

MRS. L. A. BUCKLES DIED FRIDAY.

Mrs. Lucy Ann Buckles, died early last Friday morning, following an attack of pneumonia. Funeral services were held at the Baptist church at 3 o'clock Saturday afternoon, conducted by the pastor, Rev. C. A. Loveless. Interment in Ross cemetery.

Mrs. Buckles is survived by four daughters and three sons, only three of whom, however, were with their mother when she died, Miss Dora and Frank Buckles, of Baird, and Mrs. Lizzie Bowles, of Seattle, Washington. Mrs. Buckles was a good christian woman loved by all who knew her.

Lucy Ann Hamilton was born in Lewistown, Mo., March 23, 1838. Married to E. R. A. Buckles October 1, 1857. They moved to Texas before the civil war. Settled in Baird in 1894. They were the parents of eight children, all of whom are living, except one who died in childhood. Mr. Buckles died January 31, 1896, near Jewett, Leon county, and was buried there. Mrs. Buckles was converted when a girl and joined the Christian Church in Missouri. After coming to Texas she became a member of the Baptist Church, and was a faithful member until her death, which occurred April 7, 1922, she being 84 years and 15 days of age.

The Elders of the Church of Christ inform The Star that there will be no services at that Church next Sunday night, on account of the revival at the Baptist Church, that all who can may attend these services.

"FOLLOWED BY FATE" ALL AROUND SUCCESS

"Followed by Fate," a four-act melo drama, was produced at the School Auditorium last Saturday night by Manager Ed Merrell's company of players, for the benefit of the Ball Team, before a large and appreciative audience. The entertainment netted in the neighborhood of \$100, which will put the ball team on Easy Street, financially speaking. The cast of characters has been already printed in The Star.

The action of the play was in the office of "The Daily Review," home of "Mrs. Ellison-Dunbar-Everly-Griggs," and the apartment of "Phoebe Ashcroft," stenographer in "The Review" office.

"Seth Winslow," portrayed by Howard Farmer, is foreman of The Review composing room, of which "Robert Winslow," his brother (Earl Hall), is the proprietor, pays more attention to gambling and other brite light diversions than he does to his business duties and his brother is naturally peeved at him. Seth is a likable fellow and The Review force are all his friends, particularly "Phoebe Ashcroft," stenographer in The Review office, who loves the young foreman, but nurses her passion in secret, because she has a past. That "past," develops, hinging about "Harold LaMotte," an adventurer, played by Ed Merrell, who looked the villain, schemed to marry "Ada Ludlow," an heiress, played by Miss Elouise Haley, has the Review's foreman in his toils because of a gambling debt, but is denounced by his wife in the last act and very properly shot dead (off stage) in an effort to escape pursuing officers.

Running through the play is the story of "Walter Gifford," a reporter, played by Dudley Foy and "Lily May," the darling child of "Mrs. Ellison-Dunbar-Everly-Griggs," who is looking for her fifth hubby and camouflages her age by keeping her eighteen-year old daughter in curls and short dresses. Mrs. Earl Hall, as the much widowed widow, did an exquisite bit of character work, while Miss Maggie Lou Price, as the "darling child," was charmingly kiddish, rebelled against her mama's harsh decrees and becomes engaged to her reporter lover in the last act. Miss India May Ramsey had only a small part as "Sallie Pickett," a maid, but the business with which she upheld the part, the rendering of the lines, her costume and her makeup were as perfectly finished as the work of a professional actress. The minor parts of "Mr. Johnson," a printer, and "Tad," a printer's devil, were efficiently played by Cecil West and Gaines Short.

The entr'acts were a funny black-face sketch by Winton Loveless and his ebony-hued partner, a piano selection by Miss Carnahan, and two singing quartettes by Messrs. Ed Merrell, Harry Jones, Frank E. Stanley and Jim Asbury.

An error of the types in last week's Star in the article headed "Thirty-three Callahan Schools State Aided," makes a line read: "Deer Plains, \$700 00." Deer Plains is one of the County's most progressive rural schools, and State Supervisor S. E. Clark allotted it \$600.00 of State Aid.

COYOTES MEET STRAWN NINE

In Three Game Series, Two Of Which Are Won By The Husky Mining Visitors

While the Baird Coyotes had played two preliminary games this year, the 1922 season really opened Monday, when they met Strawn's splendid team in the first of a three-game series, losing to the visitors by a score of 3 to 2. The batteries were Broadfoot and Mahan for the Coyotes, and Supina and Jackson for the Miners. The game was snappy. Ollie Jones, of the Coyotes, swatted the ball out in the neighborhood of the old silo, sprinted around the diamond and was back on the bench before the ball was retrieved and put back in play again. There was a fair attendance each day. Frazier was the umpire and Williams scorekeeper for the series, Shelton Allphin being called in to assist on the field during the second game.

In Tuesday's game, with Rollo Ray on the mound and Carl Mahan in the pit for the Coyotes, Strawn's battery being Leedy, Supina and Hetherington, the game looked safe down to the first of the 7th inning, when Baird had 3 to its credit and Strawn had been goose-egged.

Strawn swatters romped across the plate five times, in this inning and the Coyotes scored one. In the 9th inning the score tied, the 10th was scoreless and in the 11th, which was played in a dusk so heavy that one could hardly see the Miners took another spurt, which the Coyotes were unable to overcome, the score standing 13 to 9 in favor of Strawn.

Wednesday's game was a beauty, the score at the end of nine bitterly conted innings, being 2 to 0 in the Coyotes favor. Sapina was on the mound for the Miners and Johnson in the pit. Kroh and L. Ray were Baird's battery. The Coyotes tallied two, goose egging the Miners.

W. V. HAMILTON DIED AT ESKOTA.

W. V. (Wimp) Hamilton, for many years a resident of Baird, but for several years living at Eskota, died at that place last Friday, and was buried at Sweetwater by the side of his wife who died several years ago. He is survived by four sons, one grand-daughter, one sister, who lives in Oklahoma and other relatives. We are sorry to hear of Wimp Hamilton's death.

"Come on, Alice, you know Mother said we are going to have Kellogg's Corn Flakes for lunch. And that's the kind I like to eat about a whole box of, because they ain't tough to eat! Come on an' hurry up!"

Kellogg's Corn Flakes are a taste-thrill at meals or any time

That's because Kellogg's Corn Flakes are so deliciously flavored—the Kellogg flavor that is known all over the civilized world! You, as well as the little folks, can eat great bowlfuls of Kellogg's Corn Flakes day after day—and each sunny-brown, crispy, crunchy spoonful thrills the taste as though it was the first!

Put Kellogg's in comparison with imitation corn flakes! Kellogg's Corn Flakes are never tough or leathery or hard to eat! They are all-the-time crisp, all-the-time good! Don't miss such enjoyment!

Insist upon Kellogg's in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes! NONE ARE GENUINE WITHOUT IT!

Don't forget, KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

The agricultural appropriation bill, carrying \$35,808,000, but without the item of \$360,000 for free seeds, was reported to the Senate. As turned over to the Senate the measure is \$116,300 larger than when it passed the House. Included in the items added by the Senate were appropriations of \$298,000 for investigation of the disease of tuberculosis among animals and \$52,000 for investigation and improvement of cereals. Besides the free seeds appropriation, the Senate committee cut out an appropriation of \$75,000 for prevention of the spread of the European corn borer.

Demand for investigation by the Department of Justice of charges that the Anti-Saloon League of America had failed to report campaign expenditures as required under the corrupt practices act was made in the House last week by Representative Tinkham (Rep.) of Massachusetts. THE "OLD RELIABLE" THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable

feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine.

**ORIENT WILL SOON
KNOW ITS FATE**

**RAILROAD IS OPERATING ON
NINETY-DAY STAY OF EXE-
CUTION.**

Sweetwater, Texas.—Nolan County
and its neighbors north and south
are becoming concerned over the
possible fate of the Kansas City,
Mexico & Orient Railroad that is
skating along on thin ice under a
ninetyday stay of execution made
possible by a \$250,000 balance of the
Government extension of credit
amounting to \$2,500,000 on July 1,
1920. Albert De Bernardi, railroad
man loaned the Orient by the Mis-
souri Pacific to be general manager,
recently has completed a tour of the
properties of the railroad from the
terminus at Wichita, Kan., to the
Texas terminus at Alpine. In his
visits to the Texas towns in this
section Mr. De Bernardi told busi-
ness men that hopes of a further
stay of execution are false unless
the two Government agencies to
which appeals have been made re-
spond favorably.

The situation confronted by the
Orient is just this, according to Mr.
De Bernardi. As on April 1 there
remains in the treasury \$250,000 of
the \$2,500,000 borrowed from the
Government through the approval of
the Interstate Commerce Commission
on July 1, 1920. In January of this
year the road operated at a loss of
\$100,000. There was an increase in
revenue in February when the loss
declined to \$58,000 and a further de-
crease in March, though the figures
have not yet been published. July
1 is the outside date given by the
management to spend the last dollar
of the Government grant.

There is precedent for the plea to
institute a lower wage scale as the
Missouri & North Arkansas line run-
ning 165 miles through a fertile val-
ley in Northern Arkansas was re-
stored to operation about a year
ago after it had suspended when
the money gave out. When that
railroad made its plea, according to
the Orient officials, the matter was
blocked by the lack of sympathy of
the citizens along the line and the
unwillingness of employes to accept
the reduction below the specified
rates for labor that applied as well
to the most opulent railroad sys-
tem in the country as to the weak-
est lines. Accordingly the conces-
sion was denied the railroad and
the road suspended operation. Sub-
sequently the citizens and the em-
ployes on their own motion appealed
for a reconsideration of the matter
and when the Labor Board acted
favorably the line was put in opera-
tion again.

**ENGLAND NOW READY
TO PAY DEBT INTEREST**

**She Will Ask the Allies to Pay the
Interest on Their Debt to
Them.**

London.—The British Government
has addressed a note to the allies
declaring that owing to the fact that
Great Britain has to pay the interest
on her debt to the United States
she reserves to herself the right to
call upon the allies in turn to pay
the interest on their war debts to
Great Britain.

In this connection it is pointed
out that Great Britain is now fully
prepared to pay the interest due the
United States.

Beyond press reports of Great
Britain's preparation to begin the
payment of interest upon her \$5,000-
000,000 war debt to this country the
Treasury is as yet without informa-
tion on the subject.

Great Britain, officials reported,
has been reported as laying away
25,000,000 pounds in her budget for
this year to meet interest payments
to this country.

On April 15 the deferred interest
due from Great Britain, officials
said, will amount to approximately
615,000,000 pounds, but this sum, it
is understood, would be the subject
of funding negotiations along with
the principal of the debt when the
new debt commission begins working
out a general liquidation scheme.

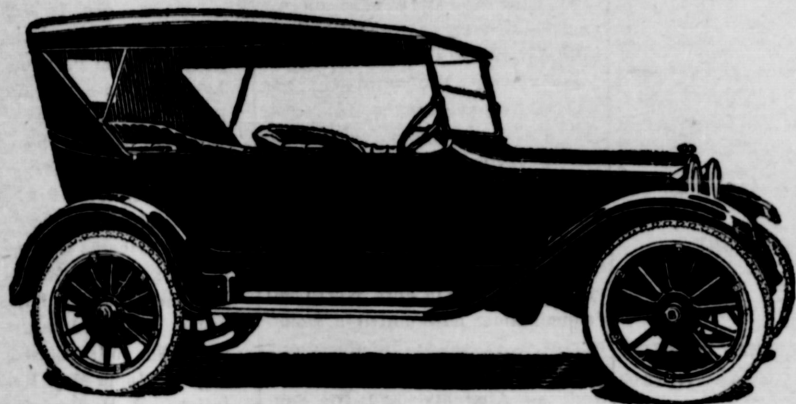

Liquor Is Destroyed.

Dublin.—Five hundred thousand
gallons of wine and whisky were de-
stroyed by members of the Irish Re-
publican Army, who forced their way
into the bonded stores of the cus-
toms house here, it was said offi-
cially by a Belfast boycott official.

No Big Changes in Treasury.

Washington.—Treasury Department
officials reiterated their denials of
any project for sweeping changes in
the department's personnel, but ad-
ded that shifts might be made as
need arises in the process of bring-
ing the service up to the highest
standard of efficiency.

And Now the "Finale-Hopper."

That section of Manhattan called the
Acropolis of America, extending from
Riverside drive to Morningside park,
has a new designation for ultra-modern
girls—"finale-hoppers." They are the
young women who are a year ahead of
the present, or think they are doing

doing at some time in the future. Ray-
mond G. Carroll writes in the Philadel-
phia Ledger.

A finale-hopper is never in style. She
is a trail blazer, a pathfinder. She an-
ticipates style. As soon as what she is
doing is taken up and adopted by the
crowd she drops it and turns to some-
thing else that is absolutely new. That
applies to music, art, dancing, dress
and even slang. She is ever on the still
hunt for anything fresh that has never
before been done or known.

Electrical Rubbing.

A motor-operated rubbing machine
for wood surface finishing has been de-
veloped by an American concern. The
device is operated by a fractional
horse-power motor, which moves the
rubbing blocks together and apart at
an even speed. The speed is governed
by a regulator which can be varied ac-
cording to the class of work to be done.
The machine is inclosed in a dust-proof
aluminum case and weighs about thirty-
five pounds, and, while this weight
gives sufficient pressure for ordinary
purposes, additional pressure can be
applied by the operator if it is desired.
The device is used for rubbing surfaces
15 inches in length and of practically
any width.

He Wants to Know.

"Boss, just a word," said the bar-
keep turned soda dispenser. "There's
some things about this fountain busi-
ness I don't understand."
"Nice work, Sam. Don't you like the
job? Lots of pretty girls."
"That's the point. Don't the house
ever treat?"—Louisville Courier-Jour-
nal.

Establishment of a "national agri-
cultural credits corporation," to ab-
sorb the War Finance Corporation,
with \$500,000,000 capital for a revolving
fund, all to be subscribed by the
Government, was proposed under the
bill. Loans would run from one to
three years. The governing body
would be a board of five members
headed by the Secretary of Agriculture,
appointed by the President and
confirmed by the Senate.

NEW IN SUITS

If clothes could speak the slip-over
dress might truthfully boast: "I came,
I saw, I conquered," for it made a
complete triumph last summer. It
was a long step in the direction of
comfort for wear in warm weather.
And now enters its near-of-kin in
suits, traveling in the same direction.
This new arrival is a two-piece affair
in which a sleeveless coat is worn
with a skirt to match and a blouse,
usually of crepe or other silk, made
in one with the skirt. The dress is
complete in itself and can be worn
without the coat. But some women
object to going coatless on the streets,
and this suit fits their needs. The
model pictured is of pique twill with
beige-colored blouse of crepe de chine,
silk embroidery in navy and beige
finishes the edges of the coat and adorns
the narrow cuffs.

Coal Production Loses.

Washington.—Production of bitu-
minous coal in the United States
dropped to 3,500,000 tons—the lowest
in modern coal history—while work
in the anthracite fields "ceased en-
tirely" during the first week of the
coal strike.

Ham and Bacon Destroyed.

Chicago, Ill.—Fifty tons of ham
and bacon, and a great quantity of
other smoked meats and lard valued
at \$100,000 were burned in a fire at
the stockyards here Sunday.

Given Vote of Confidence.

London.—Lloyd George won a di-
rect vote of confidence in the House
of Commons on his Genoa policy
Monday night when the House passed
his resolution supporting the Gov-
ernment's economic program.

Judge Drops Dead.

Amarillo, Texas.—Judge W. H. Kim-
brough, 60 years old, died in Dalhart
at 6:40 Monday evening. He dropped
dead while pleading a case in court
here. He leaves his wife and five
children.

Shooting in West Virginia Field.

Beckley, W. Va.—The first shoot-
ing in the West Virginia mine fields
since the strike was called was re-
ported from Royal, Raleigh County.
A car filled with miners was fired
upon on the Fayette side of New
River, and while bullets fairly hailed
around them and the clothing of one
miner was pierced, none was hurt.

Public Department Decreasing.

Washington.—A decrease of \$834-
600,000 in the public debt during
March was announced.

WASHINGTON—

The attitude of the American Gov-
ernment towards the great financial
and economic conference called at
Genoa, March 8, seems likely to
cause a postponement of the event.

The negro population of Dallas, as
shown by the 1920 census, including
both sexes and all ages, was 24,023
compared with 18,024 ten years before.
Of these 11,923 are males and 12,100
females.

Live stock producers attending the
agricultural conference will formulate
a statement of problems peculiar to
their producing industry, together
with recommendations for presenting
to the conference.

Rapid changes in the European sit-
uation, particularly the sudden col-
lapse of the Briand Government, have
led the American Government to pause
in its intended acceptance of the Ge-
noa conference invitation.

Secretary Hoover says since the
congressional appropriation of \$20,000
000 for Russian famine relief was pas-
sed, twelve food cargoes consisting of
2,000,000 bushels of grain have been
shipped to this country.

The more cotton the South raises the less money the producer gets out of it.

The Russian Reds have been invited to the Allied Conference at Genoa, Italy, and they show an arrogant spirit wholly out of harmony with the purposes of the conference. With the world feeding the starving Russians, caused mainly by the notorious misrule of the Bolshevik, it would seem that the Red delegates would have little to justify the top lofty spirit they showed on the way to the conference.

The long drouth, after a number of light rains the past two weeks, was thoroughly broken last Saturday morning by one of the heaviest rains all over the county that has fallen in years. While the people rejoice over the splendid rain that means so much to them, the hearts of all are saddened by the fact that the storm, that swept through about the center of the county, from Oplin eastward, caused the deaths of four people and some twenty or thirty more hurt, some seriously injured, some of whom may die. The loss of property runs up into the thousands of dollars. This was the worst storm that ever struck this county since it was settled forty years ago. A descriptive account of the storm appears elsewhere in The Star.

Judge Day, of Oklahoma, wealthy, his wife said to be the most beautiful woman in Oklahoma, Lieutenant Colonel Beck, of the United States Army, of an old and distinguished family, are all mixed up in a tragedy that ended the life of Lieutenant Colonel Beck, at the Day home one night last week. Judge Day shot and killed Colonel Beck because he found the latter attacking his wife on his return home at 3 o'clock in the morning. It seems that the whole layout had been making a night of it, ending in the death

of one of the most prominent guests. High flying is costly at best, but only when it leads to death and dishonor does the public take note of it. Wealth, however, and worldly honors alone, can never bring genuine happiness in this world.

WORLD REVIVAL BEGINNING

Students of history have discovered that every great war has been followed within a few years by a great revival. The world war was the greatest, at least the most costly and destructive war ever known, and the revival to follow it should be the most far-reaching of all revivals. It appears to have been begun. From city after city comes reports of special evangelization services, and here in Fort Worth all denominations have united in a simultaneous movement for the uplift of man and thorough knowledge of God the Almighty, and His Son, Jesus Christ, the Saviour of man.—Fort Worth Record.

While rejoicing over the splendid rain, do not forget those who lost relatives and everything they had. Every one can help some and we know our people will. Those who were missed by the storm should relieve the homes of the people that lost their homes. We cannot bring back the loved ones to the bereaved homes, but we can help them and others that call for aid. Are you doing your part?

It is things like this that some times cause us to wish we had wealth untold. If so, nothing would afford us more pleasure than to rebuild the home of each and every one who is not financially able, to rebuild the homes destroyed by the storm, but if all will help who are able to help, much can be done to relieve the distress caused by the storm.

Dallas seems to be the storm center of Ku Kluxism and mobism just now. The Ku Klux deny that they are responsible for the recent mob outbreaks there, but whatever the cause, Dallas is being injured in the eyes of the public and it is up to Dallas factions to compromise, or an armed conflict may occur at any time and all Texas would deplore this, for more reasons than one. One is that the conflict would be almost certain to spread to other parts of the State and we would perhaps witness a conflict that would make the Regulator-Moderator War in Texas, ninety years ago, look like thirty cents.

Civil war has started from things less, and the law abiding men on both sides should use every effort to prevent such a calamity. There can be but one government in this country at a time. There is certainly no demand for a visible or invisible government in Texas or any other State except the regularly constituted Federal and State governments, and if reason and common sense and not passion and prejudice rule, we will soon see the present flareup pass. Texas is the greatest State in the Union and Dallas is the greatest city in Texas. Let us hope the Dallas spirit will not perish in unnecessary strife.

"Germany Faces Ruin," says a headline. Why doesn't she turn around?—Merkel Mail.

That is exactly what Germany is trying to do—turn her back on that big indemnity she has promised to pay. Germany suffered less than any other European nation involved in the war. Not one enemy put foot on German soil during the war, while the fairest portion of France and nearly all of Belgium and a good portion of Italy were devastated by the war. German people are thrifty, hard working and, from all accounts, the German nation is prospering.

The hard luck stories by German politicians is only an effort to excite the sympathy of the allies and if possible get them to reduce the damage assessed against Germany.

M. E. TWELVE SUNDAYS SERVICE

In the M. E. Church, South, Monday night, at an official meeting, we decided to put on a program of service to last twelve Sundays, the object of which is to increase church attendance, social fellowship and religious zeal.

The first thing is to secure the full strength of our church in our services. Great duties and opportunities are before the church. But, before the church can meet them, it must be able to present a united, consecrated front. We want our church to ring true in this time of crisis. We realize that no church can hope to reach a community when its own members will not respond to its appeal. We call on you officially. Can we count on you to be in the service next Sunday morning and start with us into this campaign?

A very noticeable increase on the part of the Sunday School that remained for church the last few Sundays, is gratifying. In fact, there was one with us last Sunday—one raised in our midst—who had this to say:

"It is the largest per cent that I have ever known to remain for church."

That, among other nice things said, is encouraging. But why not? We promised when we joined the church that we "would attend upon its ordinances," and if every one will make a conservative effort to keep that promise, we will have our church overflowing at our regular service in a little while.

We anticipate that our new plans will be productive of large results.

Next Sunday is Easter and our services will be in keeping with the spirit of the occasion. Good music.

Most sincerely,

T. J. Rea, Pastor.

MEMORIA—LAURA ANN ROBERTSON

On December 14th, 1921, the Death Angel visited us and took Sister Laura Ann Robertson. She was born October 25, 1869, in Tate County, Mississippi. Her age at death was 52 years, 1 month and 19 days.

She moved to Callahan County, Texas, with her parents, Mr. and Mrs. R. J. Harris, January 17, 1877. She was married to W. T. Robertson, July 3, 1888. To this union was born five children, four girls and one boy. One girl died in infancy.

Sister Robertson joined the Admiral Baptist Church in 1902 and lived a devoted Christian life up to the time of her death. Her children

MONEY TALKS

When you look back and think of things you ought to have done, you see the importance of a BANK ACCOUNT

Wealth depends on what you save, not on what you earn.

If you will not save you will not have. Having is the result of saving. Read about the lives of rich men, and you'll find as a rule the statement; "He started as a poor boy."

No man who labors for wages or salary is too poor to have a bank account. Begin with one dollar, and we will help you.

PERSONALS

Russell Hart was down from Abilene, Tuesday.

Mr. and Mrs. H. A. McWhorter were in from the Bayou Tuesday.

Jesse James made a business visit to Dallas the first of the week.

Mr. and Mrs. Fred Cutbirth were in from the ranch, Wednesday.

Commissioners Court was in session the first of the week.

Mrs. L. Rowley spent several days in Fort Worth the first of the week.

Born to Mr. and Mrs. Ode Berry, on Sunday, April 9, 1922, a daughter.

Mr. and Mrs. George Baum of Burnt Branch, were in Baird yesterday.

Mrs. H. A. Lones returned the first of last week from San Antonio, where she attended the Annual Assembly of the Rebekah Lodge.

Mrs. R. Q. Evans returned to her home at Clyde Tuesday, after a week's visit with her parents, Mr. and Mrs. H. J. Lambert.

Mrs. J. R. Price returned Sunday from a week's visit with her sister, Mrs. L. A. Blakley living on the Bayou.

Mr. and Mrs. C. S. Boyles of Cross Plains were in Baird, Wednesday. Mr. Boyles ran in The Star office to say "Howdy." He says things are humming in Cross Plains.

Mrs. Wade Hardin left Wednesday for Cross Plains, where they will make their home. Mr. Hardin has been there for sometime. Mrs. Hardin was accompanied by her brother, Tom-Tod Price.

Members of Mrs. T. N. Carawell's intensively trained Dramatic Class of Simmons College, Abilene, will present a play at the School Auditorium, next Thursday, fuller details of which will be found in the programs, to be distributed later.

H. Windham called at The Star office while attending Commissioners Court this week and had his announcement placed in The Star for Justice of the Peace Pre. No. 4. He is not a candidate for re-election as Commissioner.

The biggest rain and the worst storm that ever hit Callahan county came early last Saturday morning. Then one of the worst sandstorms we have had for a long time came out of the West Monday. We have a lot of Plains dust scattered over the country of a pale pink color.

W. G. Bowls is constructing two nice bungalows on the Harry Meyer lots, which are nearing completion. Quite a lot of building and repair work is going on in town. The brick building just north of Hotel Mae is ready for the roof. The retaining plant being constructed by the Baird Electric Light Co. is nearing completion.

Mr. and Mrs. Lee Estes went to Fort Worth Saturday. Mr. Estes returned Sunday night, but Mrs. Estes remained. Mr. Estes says his sister, Mrs. C. S. Caylor, who was seriously hurt in an automobile accident several weeks ago, is still confined to the hospital. She is recovering slowly, and her family hope she will soon be able to be out again.

Virgil B. Ground, youngest son of Mr. and Mrs. S. A. D. Ground, who graduated from the Baird High School when he was about sixteen years old, is here visiting his parents and sister Mabel, and has ordered The Star sent to him at Mexia, where he is at present located, holding a responsible and fine salaried position with a big oil company. Although his father's initials are "Sad," Bairdites will best remember Virgil as "Happy."

METHODIST CHURCH WEEKLY NOTES, BY A CHURCH MEMBER

The services, both at Sunday School and Church, were well attended last Sunday. We had 181 at Sunday School, 90 daily Bible readers. Good. Glad to see the number of Bible readers increasing.

At the church communion service 114 participated. One lady present, a former faithful and popular teacher in the Sunday School, but now living in a nearby town, said that taking the entire service, from Sunday School to the close of church services, the whole program was interesting and instructive. Two things that she noticed particularly were the great number of children that remained for church service and, second, the large number of the congregation that took the sacrament, especially the large number of children that took part in that service.

The Sunday School in this church has been for many years a vital, living force in the church. You who do not attend Sunday School cannot realize what you miss. This Sunday School has been kept going by the untiring efforts of the officers and teachers and in the past have not always had that cooperation of the pastor and church members that they thought that they ought to have had.

Brother Rea, our present pastor, fully realizes the importance of the Sunday School in church work and is helping in every way he can and has proven that he is an efficient worker, both in church and Sunday School.

Wake up out of your lethargy and come and help us train the young people. The children of today will take our places in the work when we become too old to work or when we pass on. When my time comes to pass on I do not want my conscience to accuse me of neglecting the training of my children in everyday life and in Sunday School and church work. How is it with you my brothers and sisters?

"Lord God of Hosts be with us yet, Lest we forget; lest we forget."

Come to Sunday School and stay for church, next Sunday—Easter Sunday.

If all things go well we will hitch up the new electric motor to the main shaft in The Star office in a few days and from then on The Star will use electricity for power in place of steam and gasoline. We are going to write a little story for next week's Star on the motive power used in the office for over 34 years. We think it will interest you.

John M. Teague, of Ovalo, has leased the old Moton Wagon Yard, on the south side of Mac Bell Avenue, east of The Star office and will conduct, in connection with the yard, a tannery and a boot and shoe repair shop.

Rev. and Mrs. Gerald Fitzgerald left Tuesday evening for Stamford, where the former will attend the annual meeting of the Presbytery of Abilene. Mrs. Fitzgerald will in the meantime take part in the exercises at the semi-annual meeting of the Presbyterial which attends to Presbyterian missions. They will return Saturday via Albany, where they will visit the district meeting of the Christian Endeavor Society, which will be in session in our sister city, today and tomorrow.

The announcement of H. Windham for Justice of the Peace of Precinct No. 4 (Oplin), will be found elsewhere in this issue. Mr. Windham says there is very little money in it for any one, but for the accommodation of the people he will accept the office if the people want him. Remember, that Mr. Windham is a candidate for Justice of the Peace only. He has held the office of Justice of the Peace and County Commissioner for many years, but is not a candidate this term for Commissioner.

SHOULD GIVE GOD A SQUARE DEAL

We hope, that inasmuch as Spring has made its appearance once more and people are recovering from their flu and grip attacks, that they will repair to the House of God for worship. The attendance is not what it should be in the churches of Baird.

Friend, did you ever ask yourself what would become of the church, if every one assumed the same attitude you do? Let us give God a square deal. What do you say?

Sunday morning at 11 o'clock, we will have an Easter service under the auspices of the Sunday School. It will be worth while. An offering for India will be taken at the close of the program. Let us have a full house and a generous offering. Come. We will welcome you.

No service will be held at night, on account of the meeting in progress at the Baptist Church:

Cordially,
Gerald Fitzgerald, Pastor.

FEAR RIOTING ON EASTER SUNDAY

FREE STATE TROOPS ORGANIZE TO SUPPRESS SHINING BY VALERISTS.

RUMORS ARE VERY OMINOUS

Efforts Are Made to Interfere With Troop Movements by Destroying Tracks.

Dublin.—Ominous rumors that Irish Republican extremists are preparing an Easter coup were circulating here as Free State troops organized to suppress shinning and sporadic outbreaks which are harassing sentries and have resulted in the slaying of an officer of the Royal Irish Constabulary.

Officials have been unable to trace these rumors of the threatened organized outbreak, but, recalling the strong sentiment attached to the Easter season since the rebellion of 1916, Free State forces are being put on their guard throughout Ireland.

Shinning of sentries has become so serious that Free State forces organized an armored patrol and scoured the city and suburbs during the week-end.

Warning was issued that drastic action would be taken against anyone caught using arms against the soldiers.

Free State detachments on duty in the entire district have been equipped with high powered rifles in addition to the regulation revolvers. Guard details have been reinforced.

Barbed wire barricades have been thrown around the entrances to Dublin Castle and officers of the Provisional Government are being more strongly guarded than ever.

Every effort was made by the extremists to block trains running into Waxford and railroad track is torn up in many places. Interference with train movements centered on the lines running in from Cork and Rosslare.

British troops evacuating military barracks at Youghal were caught in a burst of firing from the barracks occupied by Republican troops. The imperial forces then re-occupied the barracks. Details as to casualties, if any, were not obtainable. Troop movements in other sections were clouded with similar uncertainty.

WOMAN IS CHARGED IN BOMBING CASE

Miss Annie Attoway is the Fourth Person Held in Wrecking of House.

Dallas, Texas.—The filing of a complaint against Miss Annie Attoway was a development in the preliminary hearing Thursday of H. C. Patton, Frank Patton and Jim Patton in Justice F. H. Alexander's court on charges of arson in connection with the bombing of the home of Mrs. Bettie McAllister, 1126 South Lamar street, on the night of March 29.

Ball of \$5,000 each was set for H. C. and Jim Patton and \$1,000 ball was set for Frank Patton.

Miss Attoway is charged with connection with a conspiracy to bomb the McAllister home, in which Mrs. H. C. Patton was living.

Mrs. Alice Rogers testified that she lived just in the rear of Jim Patton's garage on Gertrude street. She said that she knew Miss Attoway.

"About 7 p. m. on the night of March 29 I saw Annie Attoway put something in the bottom of Jim Patton's car. She then got in the car and they drove off," she said.

Mrs. Rogers said that Miss Attoway had threatened to cut her throat if she testified in the trial.

Miss Dorothy Grace, step-daughter of H. C. Patton, declared she had left her mother about six months ago because her step-father took her automobile riding and made improper advances.

City Detectives Walter Hanson and T. B. Vinson, who conducted investigations of the bombing and filed all charges were also witnesses for the prosecution.

Charged With Misusing Funds.

San Juan.—E. Mont Rely, Governor of Porto Rico, Auditor Kissinger and Governor Rely's private secretary, John Hull, are charged in a grand jury presentment with misuse of public funds for private purchases. There are four different counts against the men mentioned in the presentment.

German General Dead.

Berlin.—General Erich von Falkenhayn, former Minister of War and one-time chief of staff of the German Army, died Saturday at Wild Park, near Potsdam.

THE MARKETS

Supplied by the Bureau of Markets, Department of Agriculture, Washington, D. C.

WASHINGTON, D. C., week ending April 16, 1922.

GRAIN—Prices unsettled during week and averaged lower. Chicago May wheat down 5c closing at \$1.30 1-4; Chicago May corn down 1-2c at 58 1-2c. Argentina reported Germany arranging for additional credit of \$25,000,000 with that country, to buy grain and beef.

HAY—Market generally firm because of light receipts. Prices advanced at Pittsburgh and Chicago. Alfalfa wanted at Chicago. Demand not broad and prices are likely to weaken with larger receipts. No. 1 alfalfa Kansas City \$22, Memphis \$26, No. 1 prairie Kansas City \$11.75, Chicago \$15.

FEED—Mill feed markets unchanged. Underlying conditions slightly firmer. Wheat and corn feed production rather heavy, offerings liberal. Better jobbing demand held prices steady. Inferior demand unimproved. Alfalfa meal steady. Domestic and export demand for oil meals negligible.

FRUITS AND VEGETABLES—Potato markets weaker. Florida spaulding rose No. 1 down \$1-2 per bbl. in leading markets at \$8.25-9; down \$3 in Cincinnati at \$7-7.50; slightly weaker at shipping points at \$6.50 f. o. b. Few strawberry markets reported. Florida stock steady at 59-55c quart. Louisiana Klondikes in 24 pints crate nearly steady in leading cities at \$5-6, mostly \$2.50 f. o. b. shipping points. Onion markets firm demand moderate. Texas Bermudas Nos. 1 and 2 \$4-6 per standard crate in consuming centers, partly graded stock \$3.25 to \$3.40 f. o. b. cash track at shipping points. One car California cauliflower steady in New York City at \$1.75 per crate. Imperial Valley lettuce \$5-6 per crate in New York. Cabbage markets strong for Texas stock. Domestic flat stock \$40-55 per ton in leading cities.

LIVE STOCK AND MEATS—Chicago hog prices advanced 15-40c. Beef steers practically steady, butcher cows and heifers firm to 15c higher. Feeder steers firm to 10c higher; veal calves generally 25c higher. Chicago prices: Hogs, top, \$10.50; bulk of sales \$10.15-10.30; medium and good beef steers \$2.35-3.55; butcher cows and heifers \$4.50-5.25; feeder steers \$3.40-7.55; light and medium weight veal calves \$6.25-8.75. The trend of eastern wholesale fresh meat prices was upward.

DAIRY PRODUCTS—Butter markets barely steady following a week of unsettled trading. Chicago higher than New York part of week with result that receipts there increased. Closing prices 92 score; New York 34 1-2c; Chicago 34c; Philadelphia 35 1-4c; Boston 35 1-3.

COTTON—Spot cotton prices declined 11 points during the week, closing at 16.91c per pound. New York May futures contract down 16 points at 17.81c.

WOULD AUTHORIZE THE SCRAPPING OF SHIPS

Enactment Of Specific Legislation By Congress Is Urged In The House.

Washington.—While the Navy Department believes the President has full power to order the scrapping of warships under the naval treaty, Assistant Secretary Roosevelt told the House Naval Committee it might be best to authorize the step by specific legislation.

He asked that provision for the scrapping be embraced in a separate bill and opposed an omnibus bill, which would include the committee proposal for limiting the navy to 80,000 enlisted men and 6,000 apprentices.

An opposite view regarding the President's authority was expressed to the committee by Representative Tucker (Dem.) of Virginia, who said the treaty could not be executed without approval of the House. Mr. Tucker held that the House should give its assent to ratification by enactment of legislation providing for the disposal of ships ordered scrapped.

Army Officer Shot.

Oklahoma, City.—Jean P. Day, former State Supreme Court Justice, is being held under \$5,000 appearance bond pending an investigation by a coroner's jury into the death of Lieutenant Colonel Paul W. Beck, assistant commandant of Post Field, aviation station at Fort Sill, Ok., who was killed at Day's home here Tuesday. Day told county authorities that he struck the officer on the head with a pistol. Beck was instantly killed when the pistol was discharged, which, Day claims, was not intentional.

Ford To Employ 200 Ex-Service Men

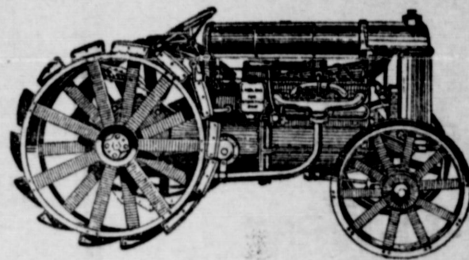

Detroit, Mich.—Edsel Ford, president of the Ford Motor Company, notified headquarters of the Veterans of Foreign Wars here that he will employ 200 men daily from the Veterans' Bureau for an indefinite period. Only men who have resided in Detroit six months or more will be employed, it was made clear, and no men will be accepted who at present are working in other factories.

Americans Fired Upon By Bandits.

Cairo, Egypt.—Advices received here say that Russell Reed of New York, his wife and child and several other Americans were fired upon by a party of bandits while motoring from Jerusalem to Jericho. None of the party was injured.

AMERICA FRIENDLY TOWARD GERMANY

THIS COUNTRY HAS NOT FORTGOTTEN ATROCITIES OF WAR, HOWEVER.

Washington.—The German press, according to cable reports, hails the parting words of United States Ambassador Houghton on the eve of his sailing for Berlin, as "very friendly."

The fact is noteworthy in view of the widespread interest, both on this and the other side of the Atlantic, in what would be the official attitude displayed by the United States toward her late enemy upon the resumption of direct ambassadorial relations after five years' severance.

Equally naturally, it further stirred the anxiety in French quarters, with their sustained bitterness toward the Germans and their concern lest the United States too rapidly re-establish an intimately friendly basis with the German Government.

The fact of the matter is that the United States Government is going to re-establish relations with Germany on a friendly basis and with a desire to co-operate fully to the end that the best interests of both nations will be served. It may be said also, however, that in approaching the German Government in this spirit of friendliness, there is no sentiment or feeling of sympathy. As one official said "we are going about it in a practical business way, never, however, taking our eyes off those scenes in the Atlantic which horrified the world during the war."

And to demonstrate that a feeling of friendliness does not mean a spirit of forgetfulness, the Government is considering measures for stopping the latest influx of German propaganda which, if continued, might seriously delay progress toward better relations between the two countries.

In recent weeks there has been a deluge of propaganda originating in the so-called "cultural societies" of Munich and other centers of radical activity in Germany. These pamphlets, books and papers charge the allies with responsibility for the war and tend to excuse the part Germany played. They are being circulated among preachers and other directors of public thought in the United States apparently in the hope that the doctrines they set forth will be subscribed to and preached by the recipients.

UNITED STATES WILL RETAIN POSSESSION

Republicans Will Try To Sidetrack Henry Ford's Muscle Shoals Plan.

Washington.—Uncle Sam and not Henry Ford will operate and develop Muscle Shoals, and Ford's offer will be quietly sidetracked, according to plans laid by Republican leaders when the Senate Agriculture Committee began consideration of the matter.

It was agreed that appropriation sufficient to complete Wilson Dam should be rushed through Congress at the earliest opportunity and Ford thereby eliminated from the situation, which has proven a vexatious political problem for the Republicans.

It was contended that if, only because of the possibilities as a pre-emptive measure, the Muscle Shoals nitrate plant should be retained and not permitted to slip into the control of a private individual. It is argued that its future value, from a military standpoint far exceeds its commercial possibilities for the manufacture of fertilizer.

Democratic Senators were prepared however, to renew their fight for the acceptance of Ford's offer and a hot battle over it in the Senate was anticipated before the Republicans succeed in carrying out their plan.

Louisiana Labor Opposes Prohibition. Alexandria, La.—The Louisiana Federation of Labor, in convention here adopted a resolution opposing the national prohibition law.

Demands Women Jurors. Waukegan, Ill.—Governor Len Small demanded that women sit on the jury which is to try him on charges of conspiracy to embezzle State funds. Through his attorneys, he challenged the entire jury list of Lake County because only men had been called, "thereby depriving said women voters of their inherent rights" to serve on the jury. The demand of the defense that women be permitted to sit on the jury was unexpected. No effort has been made in Illinois to use women jurors in important cases.

The Electric Way

The modern housewife uses a Vacuum Cleaner, saves her nerves, her health and back, and makes the rugs and floor coverings last much longer by not beating them to pieces with a wire whip or broom handle.

The Vacuum Cleaner removes all the dirt and prolongs the life of the floor coverings. Let us make your house-cleaning a pleasure this spring by placing in your home one of these labor saving appliances.

Save Your Clothes

An Electric Washing Machine does the same for your clothes as the Vacuum Cleaner does for your rugs—prolongs the life.

Any housewife who has the weekly family washing to do knows the unpleasantness of the wash tub, the washboard, the scrubbing with her knuckles and all the other horrors of Wash Day.

Transform this weekly Wash Day into a Day of Pleasure. The job can be done quicker and the housewife can have half of the day to devote to other things. And besides, washing your clothes with an Electric Washing Machine lengthens the life of every article. Phone us for Demonstration, or call at our office and look over the many useful Electric Household Appliances we have.

fund, if local resources in the storm area are unable to meet the situation.

The tabulated story of the cyclones human and property loss in Callahan County follows:

The first place to suffer from the tempest's crash was the home of R. C. Bains; it was completely wrecked and all members of the family slightly injured.

Tom Cross was the next victim. His house was totally wrecked, but the family had taken shelter in the storm house and escaped injury.

E. C. Condiff's home was wrecked. Mrs. Condiff, her daughter, Feda, aged 16, and a little son, 2 years old, were killed and Mr. Condiff and three other children injured. The Condiff dead were laid to rest in the Oplin Cemetery Sunday.

Mr. and Mrs. Dee McBride and Mrs. J. J. Jones were seriously injured when the McBride home was wrecked.

W. S. Pentecost's home was destroyed and all the family injured, none seriously except Miss Edna May Bordenhammer, aged 16, step-daughter of Mr. Pentecost, who is reported to be in a serious condition.

J. C. Boston's home was wrecked but the family escaped with only slight injuries.

Mr. and Mrs. Preston Moore's house was twisted into kindling wood and they and Mrs. Moore's father, J. H. Shaw, who lived with them, were all seriously hurt.

W. L. Atwood's home was destroyed, but all of the family escaped with slight injuries.

Henry Satterwhite lost his home, but neither he nor any member of his family was injured.

Tom Windham's ranch house, on Clear Creek, was completely wrecked. Crit and Nim Irvin occupied it, together with their mother and sister, and all of them escaped injury.

P. C. Brooks's house was wrecked but no one was hurt.

F. D. Hardin's house was blown from the foundation and partially wrecked. None of the family were injured.

A rent house and silo on the Dick Hickman ranch were destroyed; no one hurt.

Poly Holloway and John Lofton, living just north of the Bayou, on the Coleman road, both had their homes destroyed. Jesse, aged 9 years old, daughter of the Loftons, was killed and every member of the family was seriously injured. Mrs. Holloway and Mr. Holloway's mother were slightly injured. The body of the Lofton child was interred in Belle Plaine Cemetery Sunday.

Several houses in the Belle Plaine section were wrecked, among them those of C. E. Bray, candidate for sheriff, who lost the roof off his house; Blaine Cheeks, house considerably damaged; Mrs. Thomas's unoccupied house, completely wrecked; a number of barns were blown away and lots of feed stuff destroyed, but no one was injured.

The home of John Walker, north of Admiral, was badly damaged, but no one was hurt.

Considerable property damage is reported from Putnam, but no one was hurt.

Saturday morning every stream in the county was more than bank full, and the T. & P. tank was running over the dam.

S. G. S. CLUB HAS A FINE TIME

Without an invitation, a number of the members of the "S. G. S. Club," Norma Bowlus, Faye Bryant, Maggie Lou Price, Ruby Mae Hunt, Ila and Thelma Hunt, Edith Bow-

lus, Agnes Eastham, Pearl Cleveland, Bob Farmer and Sig Blakley, met at the home of India West last Thursday morning to have some fun. The president of the club was absent, for the first time in the history of the club.

Everybody enjoyed a dish of ice cream to begin with, after which candy was indulged in for quite a while. Just as the girls were enjoying themselves and each other in the most adorable fashion, they were serenaded by a bunch of girls, chaperoned by Miss Love. Then they ran out and joined in the merry making for a while.

Immediately after returning to their original place of meeting, their party was broken up by the arrival of Cecil West and Winton Loveless, who had been unaware of the female gathering. But it was one of the most delightful time the club has had since its organization, and every one went home happy.

LOVELY TAFFETA FROCKS

Breathes there the woman with soul so dead as not to want a taffeta frock in her summer wardrobe? If such there be, she is invited to look at the new display of taffeta dresses or to study the picture above. She will want one and cannot spend her money to better advantage than to buy it. Taffeta frocks are fashionable, inexpensive, becoming. The same one will do for afternoon and informal evening wear. The model pictured is embellished with embroidered floral motifs.

GATES TIRES

The Tire with the Wider and Thicker Tread

How Often You Hear This---

How often you hear motorists say: "There's a tire that's practically gone--it's tread is worn thin."

Now suppose that this tread had been built wider and thicker to start with. It would have had more rubber in it and would still be good for a lot of miles.

The extra mileage you are getting from Gates Super-Tread Tires is due entirely to the wider and thicker tread.
