Red Cross volunteer training in Parmer County

On October 13, 2012, the American Red Cross Texas Panhandle Chapter is hosting a Disaster Training Overview Part Two for new volunteers from 8 a.m. to 10 a.m., and Client Casework training and Disaster Action Team training from 10 a.m. to 3 p.m., for all new and current volunteers. Training will take place at XIT Recreation Center, 205 North St. in Bovina, Texas. The American Red Cross is asking everyone to help people in need by supporting the lifesaving services it provides.

Client Casework training for volunteers will work with an individual, or families, affected by disaster and letting them know how the Red Cross can help. The volunteer

will hear their stories and get to know them. The volunteer may work with them at a shelter or go to their home. Families may need: financial assistance, comfort kits, food, clothing or a listening ear. As a client caseworker volunteer, you will be trained to give the best individual care possible.

Disaster Action Team (DAT) member training entails a volunteer will respond on-scene to single family fires. The volunteer will ensure that the family has food, shelter and clothing after a fire. DAT members will learn client casework; however, they are the 'first responders' for the Red Cross in any disaster.

If interested in casework or DAT training for the Texas Panhandle Chapter, please contact Molly Mabery, volunteer specialist, at 806-765-8634 or email her at Molly.Mabery@redcross.org. She will assist new volunteers by getting their volunteering application and background check completed. Mabery will explain how to complete part one of the Disaster Services Overview (DSO) orientation online.

Current volunteers need to contact Martha Riddlespurger, field specialist, at the chapter to register. Contact Riddlespurger at 806-376-6309, or at Martha.Riddlespurger@redcross.org.

Cancer Coalition plans pink out

The Parmer County Cancer Coalition is taking orders for pink t-shirts and planning a 'pink out' night at the Chiefs vs. Muleshoe football game October 12. They also hope to 'pink out' the stands for the October 11 junior high games and the Squaws volleyball game on October 13. They are also promoting 'pink out' night at games in Bovina and Farwell on October 26.

The pink t-shirts are available in short and long sleeves. The Friona t-shirts feature a tomahawk and the Bovina shirts a mustang. The cost is \$6 for short sleeve and \$10 for long sleeve. They are in youth sizes also. Cancer Coalition co-chair Ja-

mie Lewellen says they will be sending handouts home with each student in primary, elementary, and junior high.

T-shirt orders will be taken through October 3. Orders can be placed by leaving a message at 806-250-3545 or sending Jamie a message on Facebook. Information and photos of the shirts are also available on the Friona Star Facebook page and the Chieftain/Squaw Booster Facebook page. In addition to being a fun opportunity, proceeds from the t-shirt campaign benefit Parmer County cancer patients by assisting with various expenses. Order your t-shirts today!

remembering albert and the slop bucket

From a recent news report: Code Pink's Occupy Wall Street anniversary bra toss at Bank of America was Monday September 17. They carried signs proclaiming "Bust up the banks." Last week Code Pink paraded with (hide your children's eyes) dancing pink vaginas.

Slop. It's a nasty word that you don't hear very often anymore. Maybe a reference to sloppy weather, sloppy dresser, etc. But not the real slop that I remember.

In my youth during the 40s and

50s, folks did not have garbage disposals or trash dumpsters. In fact almost none of our modern conveniences that exist today existed back then.

Out in the backyard we had a slop bucket. All of our leftover scrapings, and peelings, and leavings were dumped in the slop bucket. The dumping was often my job.

An old black man named Albert would come by and empty our slop bucket into a couple of large slop buckets in the back of his battered pickup. Albert fed his pigs with collected slop.

Albert was a nice old guy. His wife Vera did some ironing for our family. Albert and Vera lived about a half block from us in a rickety old frame house that looked like it should fall down. One time my brother Rick, when he was a tyke, got in trouble for throwing rocks over the fence at Albert and Vera while they sat on their front porch.

The free slop was important to Albert. He was poor. And black. His pigs were not pets. They provided food for his family.

It was important to us that Albert came by and collected our

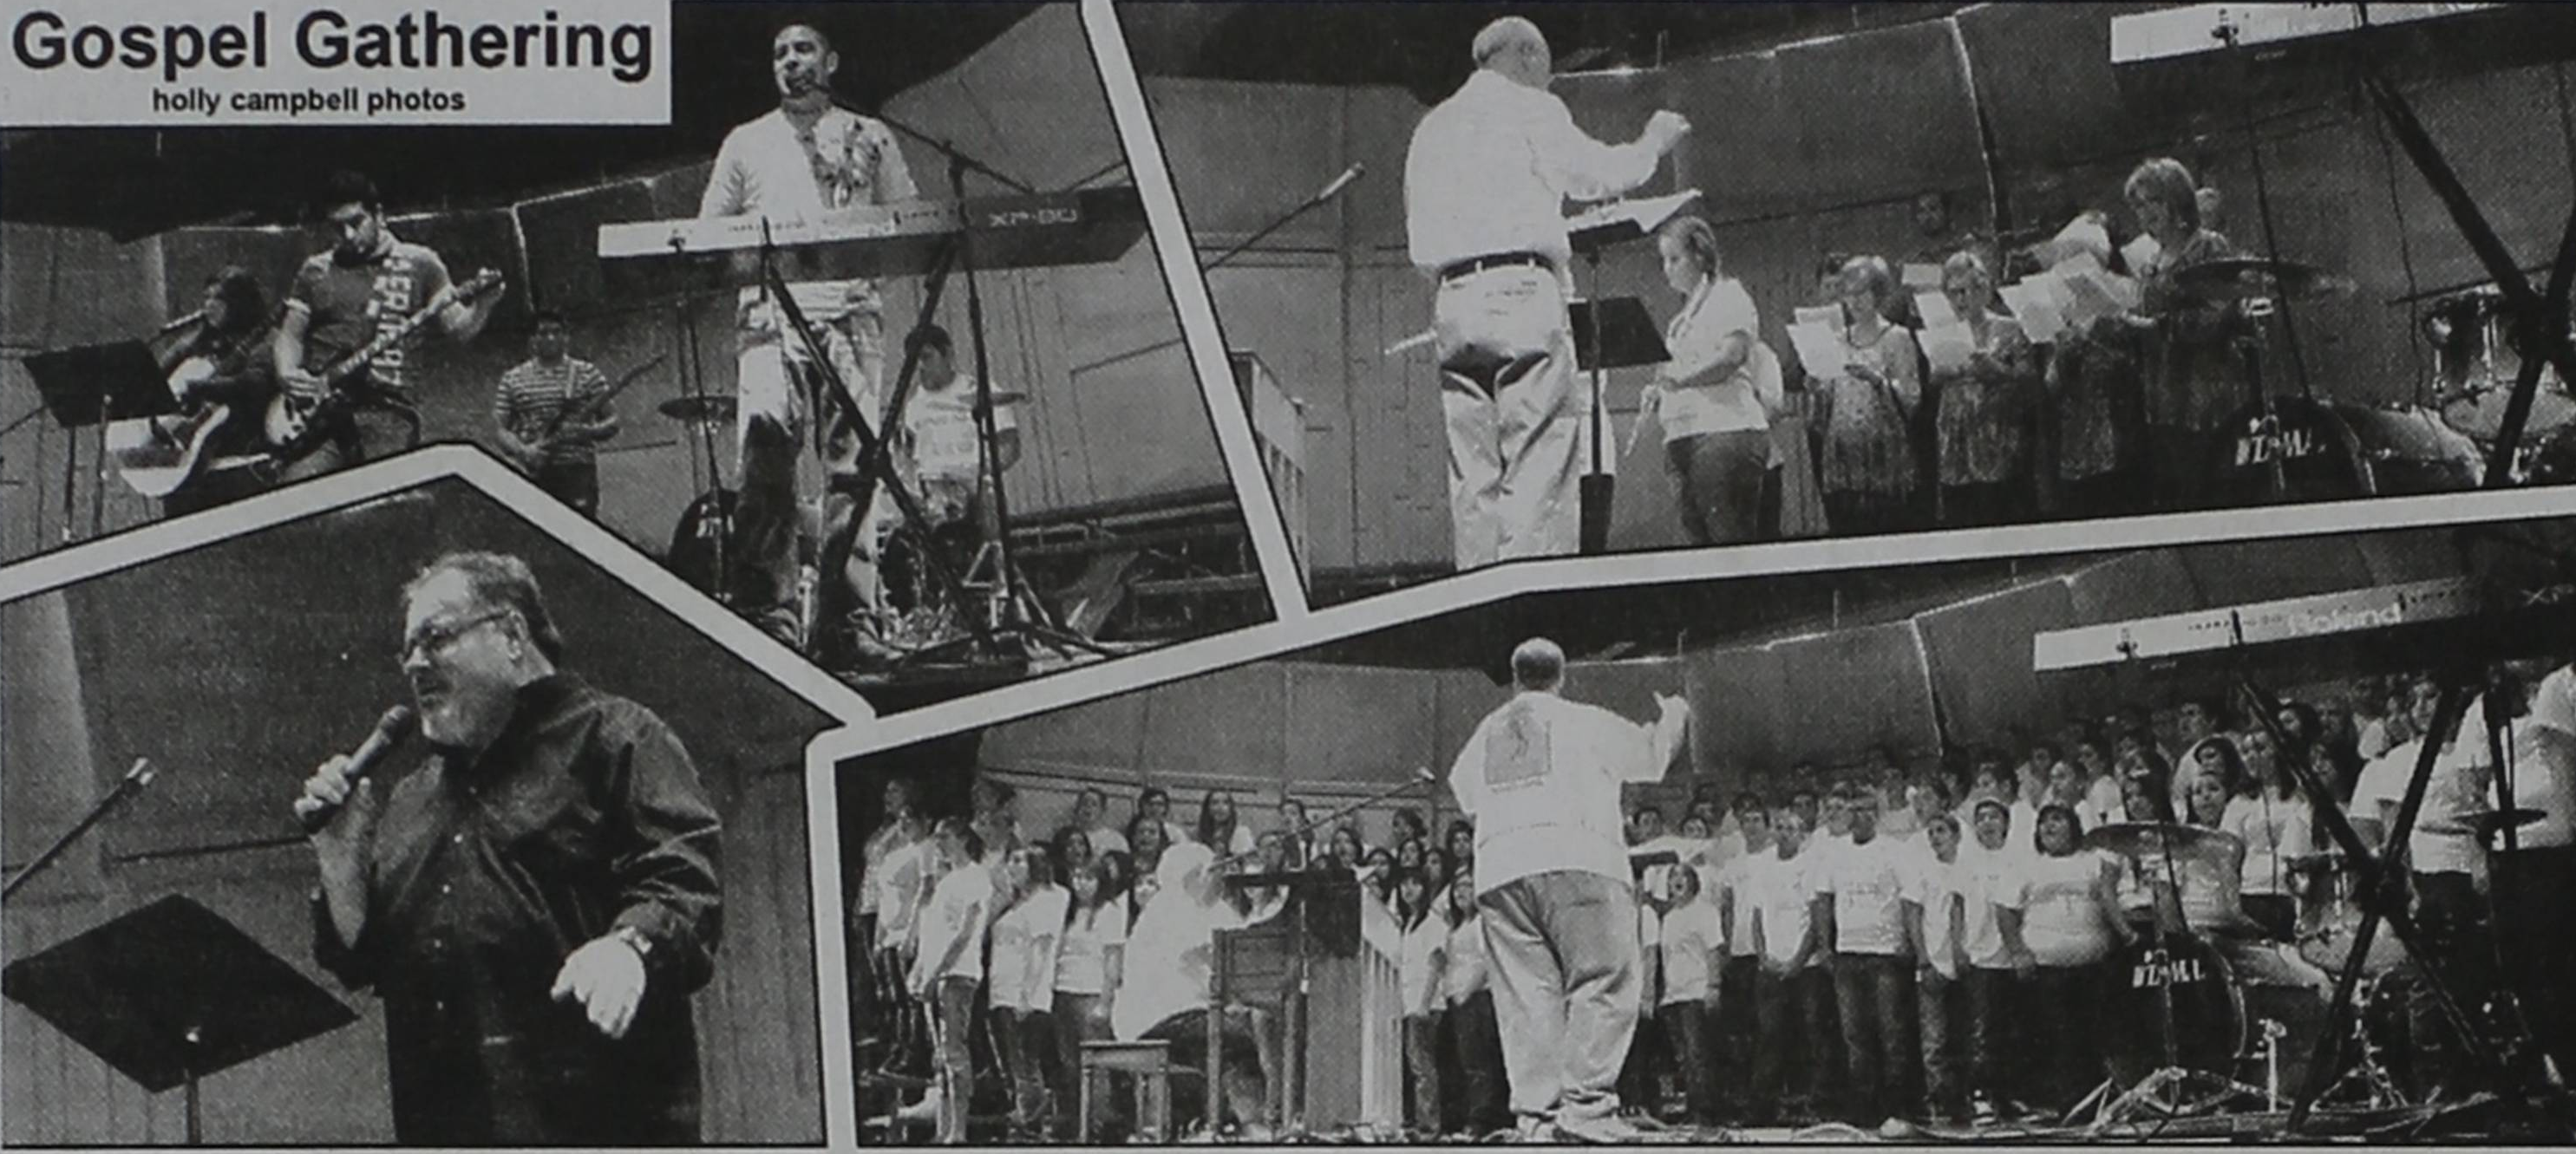

slop. After a while slop doesn't smell too nice. Albert didn't seem to notice.

Albert and Vera are long deceased. They lived a life as best they could during some harsh times. They lived with dignity in spite of others that would deny them dignity. They scratched and scabbled and scraped out a living. I doubt if they ever told a lie or looked down on anyone.

I often remember Albert and that slop bucket today when I hear from protesters and listen to politicians.

Commissioning the USS Fort Worth

By U.S. Sen. John Cornyn

The City of Fort Worth will soon see its city limits expanded across the globe. On September 22, one of the U.S. Navy's newest and most advanced war vessels will be docked at Galveston's Pier 21 for its official commissioning ceremony as the USS Fort Worth.

The first naval ship to bear Cowtown's namesake, the USS Fort Worth is the third vessel of its class of littoral combat ships (LCS) designed to be a smaller, faster, more agile class of surface combat ships. The LCS class was devised to meet the need for highly maneuverable vessels that can operate in shallow coastal waters, also known as the "littoral zone", to counter a growing risk of post 9/11 threats.

While the USS Fort Worth is smaller than traditional naval warships, its capabilities are anything but streamlined. With significant technology upgrades, the Fort Worth cuts the traditional crew size from 250 to 40 crew members. The ship can travel speeds of more than 40 knots and is armed with 50-caliber machine guns on both sides, missile systems on the stern and an mk110 57mm naval gun

system that fires ammunition at a rate of 220 rounds a minute.

"It's quite a spectacle on the lake here, and it's well known around the area that when she comes out, stay out of her way," Chuck Goddard, CEO of Marinette Marine, recently told WFAA following the Fort Worth's acceptance trials on Lake Michigan. Marinette Marine is part of a team led by Lockheed Martin that began construction on the ship in Marinette, Wisconsin, in July 2009.

On August 6, 2012, the USS Fort Worth set sail on its maiden voyage from its birthplace in Wisconsin to Galveston for its commissioning ceremony, which is expected to draw thousands of spectators including many of the Fort Worth residents who worked for years to secure the namesake.

Perhaps no one worked harder than my friend, Congresswoman Kay Granger, who began the campaign to have the vessel named after the City of Fort Worth in 2006. In a letter to then-Secretary of the Navy Donald Winter, Rep. Granger wrote, "I believe it is time for a Navy ship to be named for Fort Worth in recognition of our long association

with the U.S. military, the men and women from Fort Worth who serve in the military and the thousands of Fort Worth residents who work in the defense industry."

For the next two years, Granger persisted and was supported by thousands of Fort Worth residents, students, and elected officials who joined her in writing to Secretary Winter to voice their support. The Fort Worth Star-Telegram supported the effort with editorials and a ship-naming committee was formed to help organize community efforts. On March 6, 2009, their hard work paid off: Secretary Winter announced the newest LCS would be named the USS Fort Worth.

On September 22 at 10 a.m. in Galveston, the USS Fort Worth will be officially commissioned. While the warship will be based in San Diego, it will have a long-standing relationship with the City of Fort Worth. Crew members will be invited to city events and organized mail campaigns will send letters from Fort Worth residents to crew members at sea. As Congresswoman Granger recently said, "It doesn't matter where the ship is at sea, the anchor will always be in Fort Worth."

J.T. Hammonds has lived in

Bovina for 90-years. Now he is moving to Cape Girardeau, Missouri to be near his daughter. He has also been a member of the Bovina Methodist Church for 72 years. Sunday, September 23, Mr. Hammonds will speak at the Bovina Methodist Church at 11 a.m. Afterward there will be a pot luck dinner. Everyone is invited to attend.

Friona grad Dianna Tirado Hernandez has left her newspaper job at the Clovis News Journal and joined the Food Bank of Eastern New Mexico as a marketing specialist and grant writer. For a brief period Dianna worked here at the Friona Star (more than 10 years ago) but I am taking some credit for her success. She is a hard working and talented young lady and we wish her well at the Food Bank.

On Saturday September 15 about 4:30 a.m. on Hwy 70/84 between Muleshoe and Farwell, a 14-year-old boy from the Round Rock area died in a one-vehicle rollover accident. Sheriff Gerries said there were six people in the Chevy Trail Blazer when the driver, the boys mother, fell asleep, ran into the median, overcorrected and rolled several times. The boy was ejected and the SUV rolled over him. The other five people had only minor injuries.

A huge crowd was present at the homecoming game Friday. The new concession stand was operated for the first time. Nice new restrooms too. Cargill gave away about 1,000 hamburgers and several classes held reunions. Congratulations to Bianca Romero, the 2012 homecoming queen, crowned in pre-game ceremonies. Photos from the game and Maize Days activities Saturday are posted on our website, frionaonline.com.

Friona Star production manager Nathan Parson has redesigned our website to upgrade

the graphics and make it easier to navigate. We post several articles from each week's paper on the site along with lots of photos and links to other local websites. (It is not the entire newspaper.) Check it out. frionaonline.com.

Former Friona coach Paul Hodge has returned to the Friona ISD coaching staff. He will be coaching junior high and assisting with varsity. Hodge returned to Friona when Rex Cumpton decided not to continue as a coach. Paul still lives in Vega and commutes. Welcome Coach Hodge.

Our sympathies to the families of Butch Fairchild and James Pope. Both men passed away during the last week. Mr. Fairchild is Tammy Gammon's dad and Mr. Pope is Mike Pope's dad.

A ribbon cutting at 8:30 a.m. Monday September 24 in Bovina will welcome Family Healthcare and the Bone Joint Chiropractic Clinic to their new facility at 1100 Highway 86. Kim McArthur, FNP-C will be seeing patients at the Family Healthcare Clinic. Dr. Mindy Neal and Bone Joint have moved to the new location also.

It is always inspiring for me to attend the annual Cancer Survivor dinner. It was last Thursday at the 6th St. Church of Christ. A young man from Muleshoe named Garrison Meyers spoke encouraging words to honor his mother who has been treated for breast cancer. There was a fajita pile-on meal and a lot of positive energy from the survivors and caregivers in attendance. Thank you to Greg and Jamie Lewellen and the Parmer County Cancer Coalition for this worthy project.

Bovina ISD superintendent Dale Fullerton has resigned effective January 7, 2013. He has served as superintendent for 2 1/2 years. He was Bovina high school principal before the super-

intendent position. The Bovina school board is in the process of interviewing for superintendent.

State representative John Smithe will have a town hall meeting in Bovina Monday September 24 at 1 p.m. at the Bovina XIT Recreation Center. All interested citizens are urged to attend.

Victory Family Church pastor Robert Kerby was witness to a major accident at the Caviness plant west of Hereford Tuesday afternoon. A passenger car headed west slammed into a pickup that was exiting the plant and turning east. A semi-

truck was turning into the plant obstructed the pickup's view and it pulled into the path of the car. Pastor Kerby saw the collision and stopped to assist the victims until emergency help arrived. Three helicopters were called to the scene and took the injured to UMC hospital in Lubbock.

Junior high principal Mark Sunde reports that a 2012 class ring with the name Dale Hall in it and the word Bryan, a blue stone, and a picture of a bulldog on it has been found near the junior high gym. It is at the junior high office.

If you are a runner, the Greater

At least a part of every gift or paycheck should be saved.

Value compounds: the more you save, the more it earns.

Were Adam and Eve real?

BRETT HOYLE, Pastor, First Baptist Church

In recent years there has been a quest for the historical Adam and Eve. This question has been the result of scholars pressing millions of years of evolution into Creation in Genesis 1-2. Theologians and churches who embrace millions of years have problems reconciling their views with the Bible's teaching that Adam and Eve were created in the beginning and actually existed.

For those holding to macroevolution and millions of years the explanation of Adam and Eve is a tricky description of evolving humanoids who evolved to a position in which God gave them the title of being created in "His image", although we don't know much after this. The blending of man's theories and God's truth leads to vagueness in this area, which has huge implications regarding the fall of man.

Biblically, Adam and Eve were real people, created on the 6th day of creation, and I hope to meet them in heaven one day. Not only does Genesis 1 and 2 depict the creation of man and woman, along with their holy matrimony, but in Matthew 19 Jesus points to their creation and marriage as *being in the beginning*.

Adam and Eve were real people, they were perfect people for a time, who could walk with God in the garden, fellowship with one another with no qualms or quarrels, and trust God's care for their lives and the garden they were to keep. Sadly, they blew this and sinned against God, just as we still do today. Next time you sin, I hope you identify with Adam and Eve, who sinned first, but I also hope you trust in Jesus, who never sinned, and is able to grant forgiveness from the guilt and penalty of our sin.

Panhandle Parables

Time marches on

BY JEFF PROCTER, Minister, Sixth St. Church of Christ

Here we are with the first real cold front of the season. The one that says, summer is getting weak and fall is upon us. The changing of seasons always amazes me, as the transition from growing season to harvest is now here. Everything begins to finish up and prepare for winter.

This is what fall brings to mind. It is one of the four seasons that we appreciate here in the Texas Panhandle. Fall has many definitions: To the farmer it is harvest, to the person growing old it is a season of thoughtful transition, to the coach it is football, to the child it is school, and to the earth it is but a season in its order.

What I do understand about this time is it involves change. Change is hard for most. We don't like to run as fast as we often seem to, and it never seems to stand still for long. The farmer is now ready to pick up the product of a year's effort. The coach moves from practice to games and the child must awaken their mind to knowledge. The older person begins to think of retirement and end of life scenarios. Yet the earth simply does what God has asked of it since He started the whole thing spinning, it continues.

Regardless of what you think of fall, it is a season that most face. It should be a time to say, "Wow, where has the year gone". A time to see what must be done before the seasons change again and winter arrives. It is the time in which we find ourselves and must do the things of fall. Solomon writes in Ecclesiastes 3, "There is a time for everything and a season for every activity under heaven..." This is the season of fall. Enjoy this time, use this time, give God thanks for this time, for the one thing we know... Time marches on.

Squaws sweep Plainview, Brownfield

From Coach Bryan Masse

The Squaws volleyball team traveled to Plainview Saturday for a match with Plainview Christian. They put together one of their best matches of the season and swept the Lady Eagles 3-0.

The Squaws won on basic serving, passing, hitting, and blocking. We did a good job of hitting our target areas serving and keeping our errors to a minimum. Passing was another bright spot for the ladies as they kept their errors down and made good passes to keep their teammates in system.

Our hitters did a good job hitting smart and making very few

errors. The setters also played a smart match. The front row had several key blocks and never allowed Plainview to get comfortable. Overall we showed improvement and that is a big plus going into district play.

On Tuesday evening the Squaws hosted Brownfield. In the first match the C team fought hard but lost two close games 23-25, 21-25. The JV girls played as well as they have all season in a first game 25-11 win and won the second game 25-23.

The Squaws played well enough in game one to win 25-20, even though we missed 6

serves. In game two the Squaws showed poise in coming from behind to win 25-22. After getting off to an 8-3 start the ladies cruised to a 25-14 victory and won the match 3-0.

I thought we settled down some and played better as the match went on. Our net play was good with several key blocks and hits and we passed the ball well enough to stay in the system.

The JV and varsity host Olton for the district opener Saturday September 22. Game times are 12 noon and 1:30 p.m. The C team travels to Plainview Christian for an 11 a.m. match.

Offensive coordinator Coach Daniel Hutchins holds on to Antonio Adame (33) while he gets ready to send in a play. The Chiefs lost to the River Road Wildcats and head down to challenge the Idalou Wildcats Friday September 21.

Chiefs lose to River Road 15-6

A standing room crowd of homecoming fans packed Chieftain Field Friday night for the Chieftain vs. River Road homecoming game. River Road put together 240 total offensive yards to hand the Chiefs their second loss 15-6. The two touchdowns for the Wildcats came in the first half. The Chiefs were held scoreless until Paco Martinez scored on a one-yard quarterback sneak late

in the 4th quarter. Martinez led rushers with 49 yards on 9 carries. Stephen Dominguez added 14 yards on 7 carries. Quarterback Mason Loflin completed 8 of 17 passes for 77 yards and had two interceptions. Justin Rocha caught three passes for 35 yards and Sawyer Osborn had two catches for 9 yards. The Chiefs had 83 yards passing and 77 rushing for 160 offensive yards.

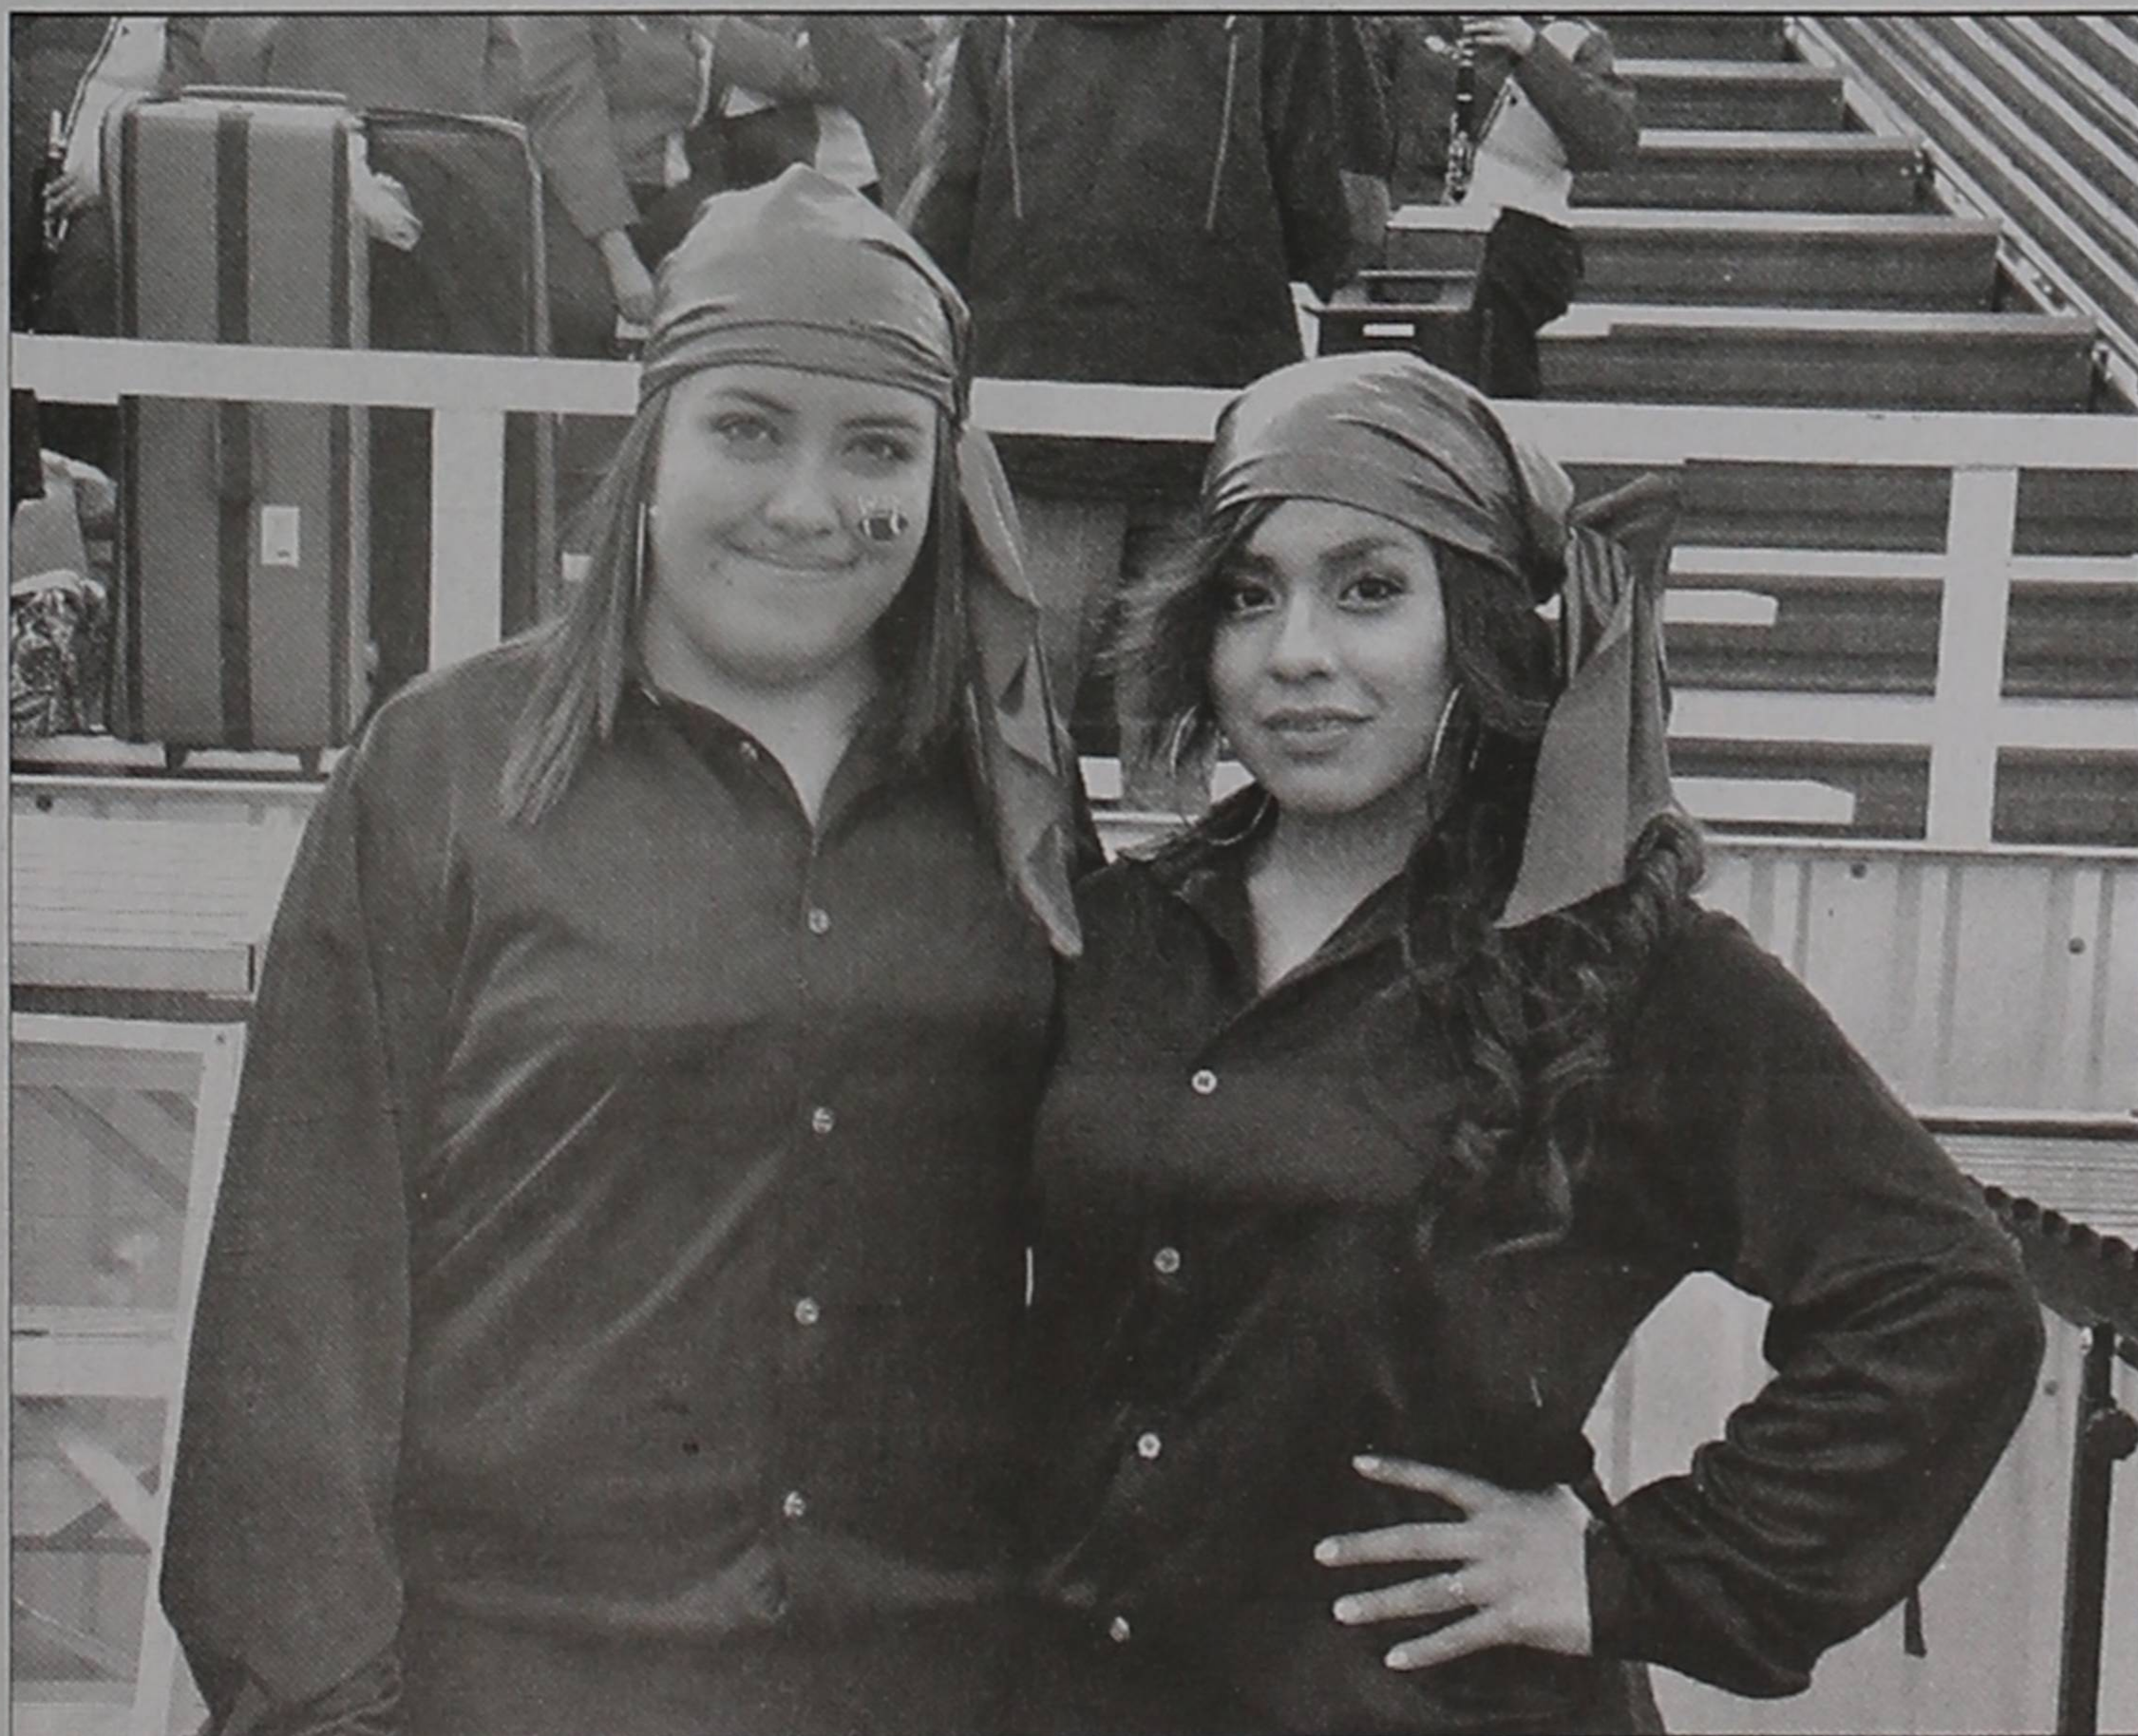

On defense Brad Stowers had two interceptions for the Chiefs, one batted down pass, and three solo tackles. Stephen Dominguez was credited with 6 solo tackles and four assists. Adrian Prieto (knee) and Eduardo Rojas (ankle) suffered injuries in the game. The Chiefs travel to take on the Idalou Wildcats Friday September 21 in Idalou. Game time is 7:30 p.m.

JV Chiefs 6 River Road 28

There wasn't much difference between total yards in the JV River Road contest. The JV Chiefs had 201 total yards to River Road's 203. Friona led in rushing 142 - 133 yards and the Road led in passing 70 - 59 yards. The leading rusher for Friona was Adrian Nunoz with 4 carries for 62 yards. Jacob Dickson gained 43 yards on 4 attempts and Dallin Woods had 26 yards

on 7 attempts. Trent Hickman scored the Chiefs only TD on a 23 yard pass from Dickson. Dickson and Woods alternated at quarterback. Dickson completed 2 of 4 passes for 28 yards and Woods was 3 of 5 for 31 yards. Dickson, Nunoz, Chris Alvarez, and Kaegan Kerby all had pass receptions for the Chiefs. Coach David Towner's comments: "Last week we played in River Road. We started out the

game a little slow. As the game progressed the kids became more comfortable with the speed of the game. Once the kids relaxed and played, we were able to contain River Road's offense and move the ball when we were on offense. Next we play Idalou (Thursday Sep 20) for our junior varsity home opener. The coaches look for the kids to come out ready to play and come away with our first win."
