# 'Diplomacy exhausted'; Clinton outlines plan for Haiti invasion

WASHINGTON (AP) Battling congressional and public opposition, President Clinton is pledging a limited and specific U.S. military invasion to end Haiti's "nightmare of bloodshed."

In a televised address Thursday night from the Oval Office, Clinton acknowledged Americans' reluctance to commit troops to force Haiti's coup leaders from power. But he said, "When brutality occurs close to our shores, it affects our national interests.'

Clinton signaled that an invasion could come at any time and has authorized the call-up of 0 reservists to support the **.00-strong invasion force.**

> "The vast majority of our troops will come home in months, not years," he said.

> A ABC poll after Clinton's speech indicated that he had won over some support, with 60 percent opposed to an invasion, compared with 73 percent four days earlier. Republican lawmakers are strongly opposed to military action, and many Democrats are insisting he should seek a congressional vote of approval for invasion.

# Hines gets 270 years; reports on evidence given SO in conflict

By KELLIE JONES Staff Writer

Alton Hines, 40 of Odessa, was found guilty and sentenced to 270 years in jail for aggravated sexual assault of a child and indecency with a child. He is also accused of sexually assaulting a Big Spring child in 1992.

Hines guilty Thursday on three counts of aggravated sexual assault and gave him 80 years on each count, 10 years for one indecency count and 20 years for a second indecency count.

Hines had been arrested on March 21 and remained in the Ector County jail under a \$100,000 bond until the trial. His attorney is planning to appeal the jury's decision.

"We are finalizing the details of the investigation and hope to present the case to the district attorney's office by the end of next week," said Big Spring Police Sgt. Scott Griffin. The police department was given the case and evidence from the 1992 incident earlier this week.

District Attorney Rick Hamby says he cannot comment on the

case at this time. Meanwhile, there are conflicting reports about what happened to the evidence and videotape sent by the Ector County Sheriff's office to Howard County Sheriff's deputies.

Howard County Sheriff's

Deputy George Quintero says he received the case in April and "Ector County Deputy Troy Davis told me not to file it then but to wait because they were trying to enhance the charges to the federal court because of the child pornography.

"Davis told me that he would call me when he was ready for An Ector County jury found me to file the case in our district attorney's office. I took it in good faith they would call me and give me the green light," Quintero said.

> When Davis was questioned about the incident, he stated, "I didn't sent it for someone to hold it but rather to pursue it."

> His supervisor, Capt. Eldon Blount, concurred, "there was no reason to hold up on it because it was such a serious case. We sent it to Howard County for them to review the evidence, get a warrant and go from there. There was plenty of evidence of the aggravated sexual assaults. It was their decision not ours on what they should 'o with the case because it's in their (Howard) county."

Deputy Quintero says that is simply not true. Quintero continued, "it doesn't

make sense to hold it especially when it involves a child but they asked me to because of the possibility of enhancing the charges.

Identification cards will be utilized to help the public recognize city employees during emergencies. Lambert said, "We are going

to produce and require every

"We will also make them for

City Council members so that they can use them in emergency situations. This is going to be done through the equipment we already have existing at the Police Department. We anticipate the cost being \$70 or less."

Lambert and Personnel Director Emma Bogard also informed the council that the city has resolved its problem as to how to have all city employees receive CPR Training.

The city will send 10 firefighter instructors to Howard College to receive CPR Training and to receive certification to teach CPR at a cost of \$390, After the firefighters have been certified they will be able to set up a training curriculum for all city employees. Lambert said this approach

Building a nest egg for retirement can often be overwhelming when you are not sure how to get started.

5 Howard College's Continuing Education Department is sponvoring a four part 'Financial Strategies for Successful Retirement' seminar.

Michael Norris, a certified public accountant, and Robert Angle, who has been in the financial planning business for '11 years, will be conducting the workshop.

The seminar covers key concepts and practices of wise money management with which to build toward retirement. Some subjects include how to generate a steady income, protect your assets from erosion, minimize taxes and provide a secure retirement for yourself or family.

According to a press release by Norris, 'everyone who attends will receive a confidential personal financial plan, workbook and home study materials. The seminar is designed for retired individuals and couples and those looking forward to retiring in the future.

BELTON, Texas (AP) - The mother of a slain U.S. Army officer told two men who had just been convicted of capital murder in his slaying that their actions left those who loved him "crying and dying inside."

Mrs. Charles Walter directed her remarks at Terinslo "Tito" Lambert, 22, and Patrick Keith Miller, 19, on Thursday after they were convicted of capital murder in the robbery slaying of Capt. Christopher Walter, 30.

Lambert and Miller must serve at least 40 years of their life prison terms before they are eligible for parole.

Walter, a helicopter pilot and Operation Desert Storm veteran, was shot to death April 2 as the two men attempted to flee after failing in an attempt to rob him. The victim was struck once in the head as his wife and six-month-old son watched.

Using a two-year-old Texas law that allows crime victims to describe how the acts of criminals affect them, District Judge Joe Carroll allowed the mother to speak.

### Manges charged with conspiracy, bribery

SAN ANTONIO (AP) - South Texas oilman and rancher Clinton Manges is facing more legal problems with the return of a federal indictment charging him with conspiracy, mail fraud and bribery.

The charges are linked to a state oil and gas mineral lease in Corpus Christi Bay. The three-count federal indictment was returned late Wednesday.

It alleges Manges, 71, and three others conspired to file false documents about the Nueces County lease and that Manges tried to influence an official with the Texas General Land Office by paying him \$10,000.

The indictment alleges the crimes took place in 1988 and 1989, with Manges allegedly paying the money from July to September of 1989.

A General Land Office spokesman would not say which agency official was paid by Manges, but issued a statement saying "this unnamed Land Office official is definitely not Land Commissioner Garry Mauro.'

## **Ex-welder executed** for store clerk's murder

HUNTSVILLE (AP) - A 29year-old ex-welder was put to death early today for killing a jewelry store clerk during a robbery in College Station five years ago.

"I just love everybody. That's it," Jessie Gutierrez, looking nervous and speaking in a halting voice, said just before receiving lethal injection.

Gutierrez was pronounced dead at 12:20 a.m. CDT, eight minutes after the lethal drugs began flowing into his arms.

His brother, Jose, 33, also convicted of the shooting death of Dorothy McNew, is awaiting execution as well, although Jose Gutierrez's conviction remains under appeal.

The execution was the ninth this year in Texas, the 80th since the state resumed carry-

Gutierrez' execution came about an hour after the Supreme Court denied 11thhour appeals that contended the eighth-grade dropout had mental problems, that his attorneys were not allowed to investigate the case fully and that challenged the constitutionality of the Texas death penalty statute.

The two brothers were arrested in Houston — about 100 miles away — a week after they fled from the store near Texas A&M University with about \$500,000 in jewelry and gems. Some \$375,000 worth of merchandise was recovered.

## **New standards** could flunk **about 800** public schools.

AUSTIN (AP) - Hundreds of Texas public schools would have been ranked low-perform ing this year, rather than just 55, if tougher standards slated for 1995 were in effect, a newspaper's analysis has showed.

Many of the 792 schools, out of more than 6,000 in the state, have otherwise good reputations and academic records, according to the Austin American-Statesman's editions Thursday.

Rankings of schools are based on the Texas Assessment of Academic Skills, a statewide

Schools were rated "low-performing" this year by the Texas Education Agency if less than 25 percent of students passed the test's reading, writing or math portions.

That yardstick, under next year's standards, will be applied to each "student group" whites, blacks, Hispanics and economically disadvantaged students.

A school will be ranked lowperforming if one group slides below the threshold. The TEA can take over or close such schools.

The newspaper said some school administrators are worried about the tougher standards. But other experts believe the new requirements will help focus attention on minority and low-income students who are failing in — or are failed by the existing system.

"These kids are the future of Texas," said John Stevens, executive director of the Texas Business and Education Coalition. "They're the work force of the next century."

The coalition promotes business and parental involvement in schools. Stevens said schools should be judged by their success with all kinds of students.

Did you hear that .....

You fill in the blank for the latest rumor running rampant in Big Spring. There is one thing you need to remember, though, before filling the blanks how much is the truth.

That's the problem with rumor and its companion, gossip. No matter that it starts with a grain of truth, that grain gets lost in the translation from one person to the next and so on and

"Mr. Bonds, I feel stupid for asking this. But there was this rumor, see, and I don't know whether it was just a Central Ohio rumor, or whether it was a national rumor, but -- I don't know how to say this -- everyone thought that there were these (ital) words (end ital) at the beginning of 'Quarter to Three' ...'

Gary U.S. Bonds, in 1994, sighed deeply.

'It was a national rumor," he said.

"Then you know what I'm talking about," I said. "I know what you're talking about," he said.

What I was talking about was a phrase that was supposedly murmured at the very beginning of "Quarter to Three." The song begins with the raucous sounds of a party in progress, and underneath the party noise you allegedly could hear ... well, I'm not going to even hint at the words here. Suffice it to say that the words were absolutely filthy -- and every kid who listened to the record that summer thought that he or she could discern those words.

"It's that phrase at the beginning of the song, right?" I said. "That's what the rumor was, right?"

The great irony, of course, is that the rumor of the filthy phrase had a lot to do with 'Quarter to Three'' becoming a No.1 hit. "Quarter to Three" was a terrific song, yes - but the real reason it made it to the top in that summer of '61 was all those American kids attracted to something forbid-

Something forbidden that, at least according to Gary U.S. Bonds -- a very nice fellow who is now 55 years old -- was never there. Which makes it parallel to another legendarily dirty song -- "Louie Louie" -that, according to Richard Berry, the man who wrote it, was never dirty, either.

Ah, the sweet twists and turns of life. "I swear," said Gary U.S. Bonds. "Those words are not on that record." We're all a little older, and the truth shall make you free, although not necessarily No.1.

# Haiti's leader 'uncowed'

PORT-AU-PRINCE, Haiti (AP) - It was a jittery night in Haiti's capital, where people were expecting an American invasion force to storm ashore at any moment.

On Thursday night, President Clinton warned Haiti's military ruler, Lt. Gen. Raoul Cedras, to "leave now or we will force you from power."

Cedras, who has withstood a crushing U.N. embargo and repeated threats of an invasion, was uncowed: "I am ... prepared to fight with my people," he told CBS-TV.

Ninety minutes after Clinton delivered his warning in a televised speech, a noisy, low-flying plane buzzed the Haitian capital, stirring war tensions in a city already in a state of perpetual anxiety over military brutality.

The plane airdropped three crates. Scattered gunshots broke out. At first it was unclear what might be in the boxes; few wanted to risk the dark, deserted streets to check.

Police approached the packages cautiously, fearing they might contain bombs. Then officers relayed by police radio that the crates contained palm-sized portable radios, apparently meant to deliver messages from Washington to the Haitian peo-

Pentagon spokesman Lt. Cmdr. Scott Campbell said the

radios were dropped "as part of the effort to get information to the Haitian people.'

The invasion threat is meant to restore the ousted elected president, toppled three years ago by a military junta. Thursday night, in the many slums of Port-au-Prince, supporters of exiled President Jean-Bertrand Aristide said their biggest fears were that the United States would not invade, or that the Haitian army would retaliate against them if it did.

"We want it to happen and be over with," said the hostess of a downtown restaurant who, fearing reprisals from the military, asked not to have her name

"If you're dead, you're dead," she said. "If you're alive, you can pick up the pieces and get on with your life.

In his speech, Clinton said the United States "must act" to expel a military regime that stole power and stands accused of 3,000 political anurders.

Twenty arships deployed in the Caribbean, and two more ships and two aircraft carriers were to join them. Troops were staging mock landings in Puerto Rico.

A U.S. warship was plainly visible close to shore. A U.S. plane dropped propaganda leaflets that showed a photo of Aristide and promised he would be restored before long.

Few think that will happen easily or peacefully.

Mayor Evans Paul of Port-au-Prince, living in hiding since the coup, said an invasion seemed unavoidable. "We must expect a showdown," he said. 'What a pity. I hope that for the first time, force will be used for something valuable. We shall

U.S. firepower is far superior to that of the Haitian army and volunteer paramilitaries. But Haitians loyal to the junta could mount a guerrilla war.

Unidentified military commanders told The Associated Press that soldiers have been ordered to change into civilian garb. Military sources had said that soldiers would "evaporate" into the populace to wage a guerrilla war.

In an embarassing episode, the coastal patrol boat USS Monsoon ran aground in Portau-Prince Bay, Pentagon spokesman Dennis Boxx said in Washington. The ship was freed Thursday evening with help from the U.S. Coast Guard cutter Ocracoke.

Clinton said Aristide pledged to hold elections next year and step down in early 1996, at what was to have been the end of his term. Cedras has said that he and many Haitians - oppose Aristide's reinstatement, no matter how brief, and do not want him to run again.

ATHENS, Greece (AP) - A military helicopter crashed while carrying firefighters in northern Greece, killing its three-man crew and all seven passengers, officials said today.

Rescuers found the wreckage after an overnight search. The helicopter appeared to have hit power lines before crashing, a police spokesman said.

## Unknown Lennon record sold for \$122,500

LONDON (AP) - A recording of John Lennon singing with his teen-age band in a Liverpool club nearly 40 years ago sold Thursday for \$122,500 at Sotheby's.

EMI, the Beatles' original recording company, bought the reel of tape and the tape recorder that a young fan used to record it in July 1957.

Bob Molyneaux, now a retired policeman, said he realized he had something special when that group, The Quarry Men, metamorphosed into Beatles.

"It's a unique part of music history that EMI felt it really had to have," EMI spokesman David Hughes said.

The sale price was less than the auction house had hoped. Sotheby's, in advance publicity, anticipated that the tape would fetch more than \$156,000.

Molyneaux said the day he made the recording, Paul McCartney, then a chubby 15year-old, was also in the audience and met Lennon for the first time.

## Negotiators report progress on MIAs

HANOI, Vietnam (AP) -High-level U.S. and Vietnamese negotiators met today and reported progress on resolving the fate of Americans missing in action and on opening diplomatic offices in each other's capitals.

"We certainly made progress on the MIA issue but also in other areas," Peter Tomsen, U.S. deputy assistant secretary of state for East Asian and Pacific Affairs, told reporters after the 75-minute meeting.

Tomsen declined to elaborate and avoided other questions. But Le Mai, Vietnam's deputy foreign minister, said the two sides made headway in working out a settlement on confiscated diplomatic properties.

They may be jumping the gun, but Serbia is abuzz with anticipation that more than two years of grim isolation under U.N. trade and cultural sanctions may be nearing an end.

"We have our international timetable ready. We could start flying tomorrow," said Zika Petrovic, director of JAT.

There are signs that the United Nations will ease the embargo if monitors verify that the truncated Yugoslav union dominated by Serbia has cut military aid to Bosnian Serbs.

Allowing JAT to fly abroad and letting sports teams return to international competition are modest moves. They are potent with symbolism for Serbs. Any easing of sanctions

would be a huge boost for Serbia's nationalist president, Slobodan Milosevic, who is widely blamed for inciting Bosnia's 29-month-old war. Former U.S. Secretary of State

Lawrence Eagleburger once said Milosevic was a candidate for war-crimes charges. Now Washington and its allies in Europe tentatively view him as a vehicle for peace.

Milosevic agreed to let unarmed foreign monitors come to Yugoslavia this week. They are expected to move out along the border with Bosnia this weekend.

Washington has warned that there will be no letup on sanctions unless the monitors certify that the border is sealed, but

Milosevic seems to consider that a foregone conclusion. "The Genocidal Sanctions Are

require Bosnian Serbs to relinquish about one-third of the 70 percent of Bosnia they captured. A Muslim-Croat federation would get 51 percent of the country.

Bosnian Serbs have fervently rejected the plan in spite of warnings from Milosevic, who wants sanctions against his country lifted.

Though some analysts say Yugoslavia's economic plight stems mainly from Milosevic's misguided fiscal policies and costly military ventures in Bosnia and Croatia, the sanctions have hurt.

#### Spanner bar, airbags don't mix well

WASHINGTON (AP) Disabled drivers who need help steering should not use a bar spanning the steering wheel if the car is equipped with an airbag because they could be injured by the device in an accident, the government warned.

Some disabled drivers use what is called a "spanner bar" to help them steer. The bar has knobs on either end and is installed across the steering wheel.

If a spanner bar is installed across the cover of an airbag it could be hurled toward the driver and cause serious injury when the bag deploys, the National Highway Traffic Safety Administration said Thursday.

Spanner bars are attached in various ways including spring latches or other compression devices.

## Religious right moves on with mixed record

WASHINGTON (AP) - The religious right movement heads into the general election with a mixed pre-season record that highlights the problems of turning Christian activism into statewide electoral victories.

In a scenario in Minnesota that could well be repeated this fall in Virginia, religious condominated servatives Republican state convention, but their candidate went on to lose an election.

Republican Gov. Arne Carlson, a moderate, trounced the extremely conservative Allen Quist 66-34 percent in the Minnesota GOP primary this week, although Quist had won the state party endorsement. Quist carried fewer than two dozen of 87 counties.

One of the coalition's major victories this year was helping Oliver North win the Virginia Senate nomination at a convention last summer. But North's prospects for election this fall are uncertain, particularly in light of the collapse Thursday of Democrat Douglas Wilder's independent bid. Sen. Charles Robb, D-Va., is expected to pick up most of Wilder's support.

Using American troops to oust

Haiti's dictators could be a snap as military campaigns go, but convincing the American public it's necessary seems to have President Clinton stymied.

Clinton's prime-time television address Thursday was filled with references to murder, rape and other humanrights abuses under Haiti's military dictators.

The speech was educating but not entirely persuasive for Michael Cambiano, a firefighter who watched from his station in Kansas City, Mo.

"If those atrocities were going on, we definitely need to do something about it since it's in our hemisphere," Cambiano said. "I'm just not convinced that they've thought this out fully."

Like many who have voiced opposition to Clinton's plan. however, Cambiano said he'd rally behind American troops if they are sent.

"If he decides to do it, I'll support him 100 percent and just hope they put prior planning in and do it right," he said.

An ABC News poll released Monday found that 73 percent of Americans oppose a U.S. invasion of Haiti and 60 percent say the country's vital interests are not at stake.

"I know it is unpopular," Clinton said Wednesday. know the timing is unpopular. I know the whole thing is unpopular. But I believe it is the right thing."

Clinton's resolve to invade without an OK from Congress is what troubles Terra Hegy of Olympia, Wash.

"I voted for Clinton because I thought he reflected my beliefs," said Hegy, 45, who works for the state Department of Ecology. "Now I've found he's just following along with all the other presidents who have ordered invasions."

"I consider war one of the

most serious things any country can get into," Hegy said. "It should be something the entire country should be behind, and the way to do that is through the Congress."

Clinton enjoys support in some quarters. In Miami's Little Haiti neighborhood, the president's ultimatum for Haiti's dictators to get out or be kicked out was met with cheers and applause by about 100 Haitians who watched the speech in a meeting hall.

South Florida's 300,000 Haitians have "been waiting for the international community to act for the last 37 months," said Guy Victor, director of the Haitian Refugee Center.

"Haitians are very tired of seeing relatives killed and raped. This is why they will go along with intervention. They see it as being freed from

## Haiti invasion plan involves untested combat tactics

WASHINGTON (AP) - The Pentagon's plan for invading Haiti relies on a tactic untested in combat — launching thousands of Army soldiers and dozens of their helicopters from Navy aircraft carriers.

And as Marine amphibious units storm ashore to capture key ports. Air Force F-15 fighters and AWACS radar planes will be high overhead to ensure that no aircraft — from any nation - interferes with the operation.

Should President Clinton order an invasion of Haiti, senior Pentagon officials and other military experts say the operation will require precision teamwork among America's often-contentious military ser

"It appears there's a new era of 'jointness,'" said Rep. Ike Skelton, D-Mo., chairman of the House Armed Services personnel subcommittee, said of the Haiti preparations.

Skelton, in an interview Thursday, said sharply reduced ... budgets and troop numbers mean the services "are pooling their efforts and their resources better.'

In the past, the services were more independent and vied for "a piece of the action," Skelton said. "That's not the case now.

We're finding for the first time Army helicopters aboard aircraft carriers.

That's not to say everybody likes the unconventional idea of lashing Army combat helicopters to the heaving deck of the USS Eisenhower.

## Federal charges not dismissed in abortion killing

PENSACOLA, Fla. (AP) - A judge refused to dismiss federal charges against an anti-abortion extremist accused of killing an abortion doctor and his escort.

Paul Hill's lawyer claimed Congress lacked authority to pass the Freedom of Access to Clinic Entrances Act because abortion violence cannot be considered interstate commerce. U.S. District Judge Roger

Vinson disagreed Thursday. "The House and Senate both found that anti-abortion activities involving blockades, violence and threats of violence are organized across state lines," Vinson wrote. "I additionally find the act is a reasonable means of addressing the prob-

San Antonio Express-News

SAN ANTONIO - Garden Ridge residents Joan and Don Blackburn are some of the best friends a cat could have.

"Out here we're known as the cat people. Everybody that I meet says, 'You're the cat lady,''' Joan Blackburn said. A fair assessment. She rescues

stray cats and finds homes for them. She raises funds for research of feline diseases and behavior. And she has 19 cats. Blackburn is a dyed-in-thewool cat lover, but she does not fit the stereotype imagined by some who do not own cats.

"A lot of people think if you own cats that you have a dirty home and you're eccentric. But don't think I'm eccentric. I **just love animals,''** she said.

And she doesn't have a dirty home. The Blackburns live in Six Gables, a show house in a town of show houses. Evidence of their love for cats exists throughout the house not in litter box smells and excessive cat hair, but in ceramic, glass, wood, bronze and canvas objets d'art, books, pictures, etc.

Most of the Blackburns' cats live in their own part of the house, a cattery that the couple had built along with the rest of their house in 1989.

Sleeping cubicles are along a wall in one room of the cattery. Up the stairs from that room is a nursery for mother cats and their kittens.

The other main room is an enclosed back porch with access to a catwalk and two-story tree house surrounding the trunks of four oak trees in the back yard. Elevated construction, decking and screens around both the catwalk and tree house allow the cats to enjoy fresh air and sunlight, but prevent them from digging up the neighbors' gardens, chasing birds, crawling into car engines or even getting fleas.

"You don't have to spend a lot money doing this." Blackburn said about the tree house. "You just need a little bit of wire, a little bit of lumber and some imagination."

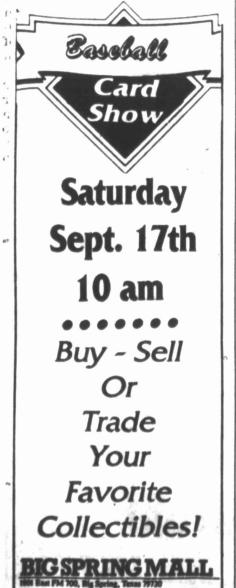

The Blackburns have sad stories to tell about Oreo, DeDe-Muff, Elliott, Smoke Avery, Murphy, Peanuts, Dude, Molly, Henry-Etta, Daisy and the other cats they have rescued.

"All of mine are rejects ... that nobody else wanted and wouldn't adopt, and so I kept them." Blackburn said.

One black-and-white cat, Sox, ("We had him before we ever heard of Clinton") does not live in the cattery with the others because he has leukemia. The <sup>5</sup> disease is rampant among strays, Blackburn said.

Sox has no symptoms, but he has tested positive for leukemia since the Blackburns rescued him, and they cannot risk the possibility of his spreading it to the other cats. He lives in the main house.

Blackburn has had some cats that have died of leukemia. When her first infected cat died, she asked her veterinarian if anyone were researching the

Joan Blackburn

That's how she got involved with Cornell University in New York. In 1983, she joined the advisory board of the Cornell Feline Health Center. Board members include veterinarians, researchers, authors, cat show judges, business people and others who help to raise funds for the center's research of cat care. behavior and disease

Blackburn also is part of an informal network of animal rescuers all over San Antonio.

"It's just a group of people who really care about the strays

and want to do something," she

They try to find homes for the strays they cannot keep.

"I tell people that adopt them, 'You're their last hope...They have nowhere else to go if them," nobody wants Blackburn said. "I get calls and letters all the time from people who tell me how happy they are that they've adopted a pet."

She also grills people intensely before allowing them to adopt one of her strays, and she visits them regularly for a year after the adoption to make sure the animals are loved and wellcared for.

"These little things have been through some perilous things. It's a wonder they're even alive. You think I'm going to give them to just anybody?"

She also has rescued dogs, and she has two Lhasa apsos, Daisy and Duffer, who roam the house and get along well with the cats.

Blackburn began finding homes for stray animals in 1979 when she heard at her veterinarian's office that a woman had brought in a Himalayan that she longer wanted and asked that it be put to sleep.

"Mr. Blackburn's the real hero because he pays the bills," Joan Blackburn said. "He's always encouraged me to do this. ... He's worse than I am about picking them up off the street.'

In addition to the 19 cats, they are fostering the kittens for the San Antonio Animal Defense League, which will put them up for adoption.

#### IMPORTANT NOTICE OF PROPOSED SETTLEMENT OF **CLASS ACTION AND FAIRNESS HEARING**

IN THE UNITED STATES DISTRICT COURT FOR THE SOUTHERN DISTRICT OF ALABAMA SOUTHERN DIVISION

> Russell Price, et al vs. Ciba-Geigy Corporation NO. 94-0647-CB-S

## U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO GALECRON®

and Their Spouses, Children, Other Relatives and Legal Representatives:

GALECRON® WAS A COMMERCIAL AGRICULTURAL PESTICIDE WHICH WAS MARKETED IN THE U.S. BY CIBA-GEIGY CORPORATION. IT WAS NOT MARKETED FOR RESIDENTIAL OR HOME GARDENING USE.

U.S. WORKERS WITH ON-THE-JOB EXPOSURE TO GALECRON® MAY BE ELIGIBLE FOR FREE MEDICAL MONITORING AND/OR CASH PAYMENTS UNDER A PROPOSED LEGAL SETTLEMENT.

You may belong to a class of people covered by a proposed settlement of a legal action ("Settlement"), and you may be entitled to receive the benefits of the Settlement. This Notice tells who is covered by the Settlement, and describes the litigation, the benefits of the proposed Settlement, and your legal rights. All Settlement Class members who do not timely exclude themselves from the lawsuit will be bound by the Settlement if it is approved.

PLEASE READ THIS NOTICE CARFFILLLY IT MAY AFFECT YOUR LEGAL RIGHTS -FOR MORE INFORMATION CALL 1-800-565-3126

By Order of the United States District Court for the Southern District of Alabama, a class action has been conditionally certified for settlement purposes on behalf of Settlement Class Members (as defined below) who may now or later have claims against Ciba-Geigy Corporation arising out of work-related exposure to Galecron®. On January 30, 1995, a fairness hearing will be held at the Courthouse, United States District Court, Southern District of Alabama, 113 St. Joseph St., Mobile, Alabama, 36602, at 9:00 a.m. Central Time, so the Court can determine if the class action should be finally certified and if the Settlement summarized in the Notice should be approved as fair, reasonable and adequate. This hearing may be continued without

**DEFINITION OF CLASS** 

Under the Settlement, Galecron® is defined as chlordimeform or any chlordimeform-containing product, either manufactured, formulated, packaged, distributed or sold by or on behalf of Ciba-Geigy Corporation or related parties, regardless of the trade name of the product; or any metabolite of Galecron®, including the substance known as 4-COT or 5-CAT.

The Settlement Class is defined as:

- All persons who fall into one of the following categories, and who reside in the United States as of the date of filing of the Class Action Complaint, who have been exposed in the United States to Galecron® ("Exposed Persons")
  - Plant Workers: An individual (whether or not employed by Ciba-Geigy Corporation) who in the course of his or her employment at Ciba-Geigy Corporation's St. Gabriel, Louisiana or McIntosh Alabama sites, was exposed to Galecron®, including, without limitation, individuals who worked in manufacturing, formulating or packaging Galecron® or in the waste disposal of Galecron®. or worked in the construction, demolition or maintenance of any facilities used for the foregoing activities at such St. Gabriel, Louisiana or McIntosh,
  - Formulators: An individual (whether or not employed by Ciba-Geigy Corporation) who in the course of his or her employment was exposed to Galecron® while at a plant or site which was involved in mixing, blending, packaging, handling or otherwise formulating pesticides which contained, in whole or in part, Galecron®; or
  - Applicators: An individual (whether or not employed by Ciba-Geigy Corporation) who in the course of his or her employment, was exposed to Galecron® while involved in the application of pesticides which contained, in whole or in part, Galecron®, including, without limitation, aerial and land applicators, flagmen, mixers, blenders, loaders and other individuals who handled such pesticide prior to or during the application process; and
  - Other Covered Workers: An individual (whether or not employed by Ciba-Geigy Corporation) who in the course of his or her employment was exposed to Galecron® at the Clean Land, Air, Water Corporation or Environmental Purification Advancement, Inc. disposal sites located near Bayou Sorrel, Louisiana; at Empak, Inc. in Deer Park, Texas; or in a testing or research laboratory, whether or not owned by Ciba-Geigy Corporation; or

(2) The spouses, parents, children or other relatives of the Exposed Persons described above.

(Collectively "Settlement Class Members"). Note: If you are an Exposed Person, you are a Settlement Class Member whether or not you have been diagnosed with an illness. Spouses, parents, children or other relatives are Settlement Class Members but the claims they are settling are limited to those arising from an Exposed Person's exposure.

Relevant Dates Galecron® was registered for use from 1968-1989. Some Exposed Persons may have been exposed before or after those II. IMPORTANT MEDICAL NOTICE To Plant Workers, Formulators, Applicators and Other Covered Workers (as defined above):

You may have an increased risk of developing bladder cancer if you had on-the-job exposure to Galecron®. Workers exposed to Galecron® should participate in a medical monitoring program because early detection of bladder cancer can result in more effective treatment. As part of the Settle-ment, Ciba-Geigy has agreed to establish a medical monitoron of bladder cancer f

dividuals who do not exclude themselves from the lawsuit Within six months, this program should be available free of charge to all Exposed Persons who do not exclude themselves from the lawsuit If you had on-the-job exposure to Galecron®, it is rec-

ommended that you or your doctor call 1-800-565-3126 to learn how you can obtain further medical information or enroll in the medical monitoring program.

**BRIEF SUMMARY OF LITIGATION** On February 8, 1994, a class action lawsuit was filed

against defendant, Ciba-Geigy Corporation ("Ciba-Geigy"), in Alabama State Court, which lawsuit was later removed to the United States District Court for the Southern District of Alabama. The Complaint, as amended, alleges that the Settlement Class as defined above is entitled to damages for medical monitoring and other compensation as a result of Exposed Persons' exposure to

Ciba-Geigy has filed an Answer denying all essential allegations of the Complaint, and asserting affirmative legal defenses. The Court has decided that the case can proceed as a class action for purposes of settlement only. This does not mean that the Class Representatives would have been successful had the case gone to trial. The Court has made no such determination, and the proposed Settlement is not to be construed as an expression of any opinion by the Court as to the merits of any of the claims asserted against Ciba-Geigy.

IV. PROPOSED SETTLEMENT

A Settlement has been entered into between the Class Representatives, Class Counsel and Ciba-Geigy, which will resolve all past, present and future claims against Ciba-Geigy arising out of Exposed Persons' exposure to Galecron®. The Settlement provides for the establishment by Ciba-Geigy of two funds to provide medical benefits and compensation to Exposed Persons or their legal representatives. (1) The Medical Monitoring and Treatment Fund

("The MMT Fund"). If the Settlement is approved, Ciba-Geigy will make an initial deposit of \$5,000,000 into the MMT Fund. and will thereafter make additional deposits on an as-needed basis. There is no limit to the amount of money Ciba-Geigy can be required to contribute over the life of this Fund.

The MMT Fund will pay for a medical monitoring program designed to detect at an early stage the form of bladder cancer alleged to be associated with Galecron®: specifically, primary urothelial carcinoma of the urinary collecting system, i.e., renal pelvis, ureter, bladder and urethra. The MMT Fund also will pay for all medically necessary treatment not paid for by Medicare or Medicaid if the Exposed Person has been or in the future is diagnosed with such bladder cancer.

The MMT Fund will pay for medical monitoring to Exposed Persons for a period of 20 years, and will pay for medical treatment until one full year passes with no claims for treatment being filed but in no event less than 20 years. Ciba-Geigy will have no obligation to continue the medical monitoring and treatment program if the Settlement is not approved. Only Exposed Persons, i.e., eligible Plant Workers, Formulators, Applicators and Other Covered Workers, as defined in this Notice, will be entitled to medical monitoring and treatment.

(2) The Disease Compensation and Administration Fund ("The DCA Fund"), If the Settlement is approved, Ciba-Geigy will also make an initial deposit of \$30,000,000 into the DCA Fund. In addition to medical treatment paid for by the MMT Fund, the DCA Fund will make cash payments of up to \$410,000, as set forth in more detail below, on behalf of an Exposed Person who, after exposure to Galecron®, has developed or in the future develops the form of bladder cancer alleged to be associated with Galecron®: specifically, primary urothelial carcinoma of the urinary collecting system, i.e., renal pelvis, areter, bladder and urethra. Cash payments will vary depending upon the Exposed Person's age, smoking status and participation in the health screening program. For Exposed Persons who are non-smokers and participants in the health screening program, the cash payments will be as follows: (a) \$10,000 in the event of treatment involving an invasive procedure (this is a one-time payment regardless of the number of procedures); (b) up to \$150,000 in the event of a radical cystectomy (bladder removal) with diversion of the urinary tract, which amount will decrease with a person's age to a minimum of \$10,000 if the Exposed Person is 85 years or older; and (c) up to \$250,000 in the event an Exposed Person's death is found to be caused by bladder can-

cer, which amount will decrease with age to a minimum of \$17,500 if the Exposed Person is 85 years or older. An Exposed Person may collect separately for (a), (b) and (c) above, so that the maximum payment to an Exposed Person is \$410,000. The cash payments described above will be reduced by 12.5% if the Exposed Person had smoked in the five years prior to diagnosis. A separate 12.5% reduction will be made if he or she had failed to participate in the health screening program in each of the three years prior to diagnosis (or in each year that the program was available, if less than three years). The DCA Fund also will pay \$1,000 to any Exposed Person who was diagnosed with hemorrhagic cystitis within three months following exposure (this is a one-time payment regardless of the number of manifestations). In addition, the DCA Fund will pay for administrative costs, and class counsel's attorneys' fees, costs and expenses as determined by the Court. All cash payments from the DCA Fund are paid only on account of a compensable claim of an Exposed Person, i.e., an eligible Plant Worker, Formulator, Applicator or Other Covered Worker, as defined in this Notice. Cash payments to a spouse, parent, child or other relative will only be made if they are the legal representative of an Exposed Person. The benefits of the DCA Fund will continue as long as the

MMT Fund continues, or until the DCA Fund is exhausted as set forth below. Ciba-Geigy has agreed to pay up to a maximum of \$45,000,000 for the benefits afforded by that Fund. If the DCA Fund is exhausted, Ciba-Geigy may continue paying for compensable claims If Ciba-Geigy does not continue to pay, Settlement Class Members will be able to opt-out of the DCA Fund and will regain their right to pursue any legal claims they may have, except for claims for medical monitoring, medical treatment, fear of illness or cancer, or increased risk of illness or cancer, because medical monitoring and treatment will continue to be available

(3) Other Conditions. The Stipulation of Settlement presently provides for medical monitoring, treatment and compensation payments for certain medical conditions set forth in this Notice. In the event, however, that a Court approved Epidemiology Panel determines to a reasonable medical certainty that any other medical condition is caused by Galecron® exposure, that condition will be deemed a compensable claim, and will be eligible for medical monitoring (if feasible); medical treatment; and cash payments. The cash payments will not exceed the maximum amounts payable for the covered medical conditions set

(4) Administrator. A nationally recognized entity or entities with substantial investment and medical claims administration experience will be appointed by the Court to administer the Settlement. The Administrator will determine whether a Settlement Class Member is eligible for benefits under the settlement. Any disputes concerning a Settlement Class Member's entitlement to benefits will be resolved by a Medical Advisory Panel or by a single arbitrator, depending upon the issue in dispute. The decision of the Medical Advisory Panel or arbitrator each have the effect of an arbitration decision and shall be binding upon all parties, including the Settlement Class Member.

(5) Release. Settlement Class Members who do not exclude themselves from the Class release all past, present and future claims: (i) relating to the covered medical conditions listed above; and (ii) relating to an Exposed Person's exposure to Galecron®, including all claims alleging that any other cancers, personal injuries or risks are caused by exposure to Galecron®. This means that claims that Galecron® exposure caused any condition other than those medical conditions listed above will be released, but will receive no compensation or treatment, unless the Court approved Epidemiology Panel finds that such other condition is caused by Galecron® exposure. The release is effective as against Ciba-Geigy and certain additional releasees as defined in the Stipulation of Settlement, including Ciba-Geigy, Ltd., the parent of Ciba-Geigy. If you believe you are a member of the Settlement Class.

and have any questions regarding any of the benefits set forth above, you are urged to call 1-800-565-3126 for further in-

**CLASS REPRESENTATIVES AND CLASS COUNSEL** 

The Court has designated the following Settlement Class Members, Russell W. Price, Leslie E. Hoven, Grady W. Brown, Jennie Ropp Brown, Jack Harley Woodward, Alta Woodward, Joe H. Bowman and Martha Annie Bowman, as class representatives to represent all Settlement Class Members. The Court has also designated as Class Counsel the following individuals: Timothy E. Eble; J. Cecil Gardner; Joseph J. McKernan; S.C.

The Class Representatives and Class Counsel believe that the proposed Settlement is fair, reasonable and adequate. Class Representatives and Class Counsel have entered into the proposed Settlement after weighing the substantial benefits against the probabilities of success or failure, and the long delays that would be likely if the case proceeded to trial.

Middlebrooks III; Charles W. Patrick, Jr.; and Patrick W. Pendley.

There has been no agreement between the parties regarding attorneys' fees. At the fairness hearing, Class Counsel will request the Court to award attorneys' fees and reimbursement of costs and expenses, to be paid from the DCA Fund. Class counsel will request a percentage fee award not to exceed 20% of the benefit conferred on the class, half of which will be requested to be paid over a 4-year period while legal work continues.

**RIGHTS AND OPTIONS OF SETTLEMENT CLASS MEMBERS** If you are a Settlement Class Member, you have the fol-

(1) You may do nothing and remain a Settlement Class Member. If you choose to take no action, your interests as a member of the Settlement Class will be represented by the Class Representatives and Class Counsel, at no cost to you individually. You will be bound by any judgment or final disposition of the litigation, and may participate in the benefits available as a member of the Settlement Class. It is important, however, to

fill out the REQUEST FOR INFORMATION FORM in order to

(2) You may remain a Settlement Class Member and either represent yourself or hire your own attorney to represent you at your own cost. You or your attorney must file an Entry of Appearance with the Clerk of the Court and send a copy to Class Counsel and Ciba-Geigy, at the addresses set forth below. Such Entry of Appearance must be filed by December 16.

(3) You may remain a Settlement Class Member and object to the Settlement. Any Settlement Class Member who does not elect exclusion from the Settlement Class and who objects to the proposed Settlement must mail such objections and any supporting papers to the Clerk of Court, at the address set forth below, on or before December 16, 1994. If the person filing the objection intends to appear personally at the January 30, 1995 Fairness Hearing described above, he or she must file with the Clerk, on or before December 16, 1994, a Notice of Intent to Appear. Any Settlement Class Member who does not file objections in the time and manner described above is forever foreclosed from raising any objection to such matters. Any Settlement Class Member whose objection is overruled will still be bound by any judgment or final disposition of the litigation. Copies of all objections and Notices of Intent to Appear that are mailed to the Clerk of Court must also be mailed to Class Counsel and to counsel for Ciba-Geigy at the following addresses:

Class Counsel Galecron Class Action P. O. Box 974 Charleston, SC 29402 Counsel for Ciba-Geigy Henry B. Alsobrook, Jr. Adams and Reese 4500 One Shell Square New Orleans, LA 70139

(4) If you choose to remain a Settlement Class Member (under Options 1, 2 or 3 above), you may receive the benefits afforded by this Settlement within six months of the Court's Order directing this Notice. Ciba-Geigy has agreed to make all benefits afforded by this Settlement available to Settlement Class Members on an interim basis prior to final Court approval of the Settlement. The appropriate Proof of Claim forms will be required (see Section VII below), and an appropriate release will be required for any cash payments made. During this interim claims procedure, class counsel's fees and expenses will be paid upon approval of the Court and ultimately deducted from the DCA Fund initial deposit.

(5) You may request exclusion from the Settlement Class. If you elect to be excluded from the Settlement Class. you will not be bound by any judgment, disposition, or settlement of the class action, but you also will not be able to participate in the Settlement. You will retain and be free to pursue any claims you may have. If you wish to exclude yourself from the Settlement Class, you must mail a request for exclusion to the

Your exclusion request must set forth your full name and cur-Your written request for exclusion must be post marked no later than December 16, 1994.

VII. PROOF OF CLAIM PROCEDURE

In order for an Exposed Person to receive medical monitoring, he or she will be required to submit proof of certain employment-related exposure to Galecron®. In order to receive medical treatment or the disease compensation outlined above. a Settlement Class Member will also be required to have been diagnosed, subsequent to exposure, with one of the covered medical conditions listed above. A Proof of Claim to participate in medical monitoring may be submitted at any time during the duration of the program. A Proof of Claim for a covered medical condition must be submitted within one year of diagnosis (or, if the condition has already been diagnosed, within one year after approval of the Settlement).

The Proof of Claim is designed so that you may complete it yourself. Class Counsel is available to answer questions you may have about claims procedures, without charge to you. If you desire legal assistance, you are free to retain an attorney of

# Late fumble squelches Steers' comeback try

By DAVE HARGRAVE Sports Editor

LUBBOCK - One botched handoff turned Big Spring cheers into tears.

With Lubbock Estacado lead-ing 21-17 Thursday, Big Spring's Manuel Cervantes returned a kickoff 71 yards to the Estacado 3. With less than three minutes left to go in the game, the Steers had the most golden of opportunities to take the lead in the seesaw game, but on the first play from scrimmage, a handoff from quarterback Dustin Waters to tailback Quinton Dickson fell to the ground. Estacado fell on the ball at the 6, and Big Spring's brief elation was fin-

"The play was right, they just missed the handoff," Big Spring coach Dwight Butler said. "I

don't know who, what, or why it happened, but I'd do it again. I'd give the ball to Quinton

The fumble ruined what was a fabulous night for Dickson, a 5-foot-10, 190-pound senior. Dickson ground out 179 yards on 30 carries, but no one on the Big Spring side could enjoy his exploits at game's end.

"Big Spring played good enough to win, but things happen," said Estacado coach Louis Kelley. "Coach Butler deserves a lot of credit - they didn't look very good after that first game, but then they beat Sweetwater at their place, and they could have beaten us here. Maybe they need to go on the road more.'

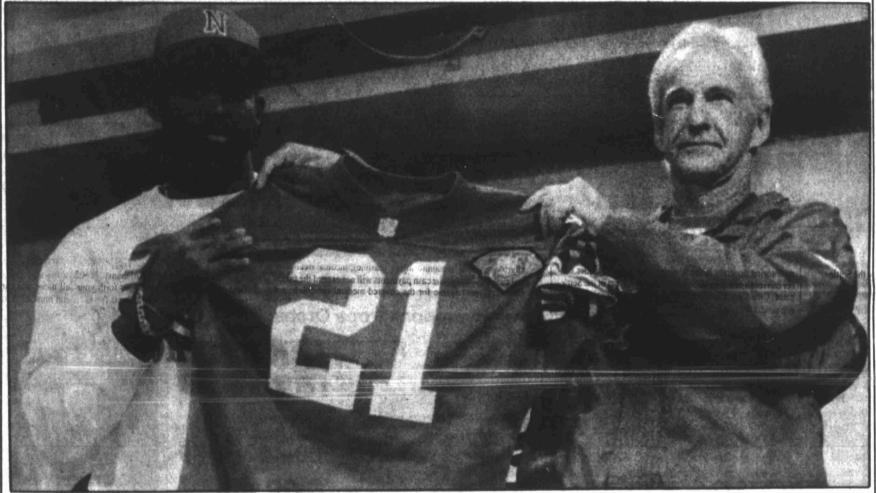

Until the fumble, Big Spring (1-2) looked to have the edge the Steers controlled the ball, played a near penalty-free game (2 for 10 yards) and had just the one turnover. Like the Borger

I don't know if you could call Sands fans fanatical. After all, no one painted themselves in the school colors and paraded around bare-chested.

No, fanatical would not be a good description. Loyal, yes. Attentive, certainly. Faithful,

always. Critical, sometimes.

But fanatical? No way. Six-man football, the brand Sands plays, means that everything is on a smaller scale than the average football fan is familiar with. Smaller towns, smaller schools, smaller teams, smaller fields, smaller stands, smaller everything - except

enthusiasm. Saturday was homecoming at Sands, and there wasn't, to spout the old cliche, a spare seat in the house. The stands, which might seat 500 if you pack them in really, really tight, were packed, but that didn't stop people from show-ing up. They lined up around the fences, they watched from their cars parked beyond the

# **Goliad Mavericks** double-dip Loboes

Goliad's football teams swept a pair of games from Monahans Thursday night in Big Spring.

The Goliad "Black" team, behind three touchdowns from running back Arthur Gonzales, defeated Monahans 22-8 to improve their record to 1-1. Gonzales scored on runs of 22, 40 and 50 yards.

Playing well for Goliad were Tim Arview, Greg Grawunder, Chris Spence, James Clements, Doug Tipton, Mario Yanez and Jordan Partee.

The "White" team also had little trouble with Monahans, rolling to a 22-0 victory. Gene Salazar scored on a 40-yard interception return, while Jimmy Hawkins scored on a 70yard run, and Chris Jackson tallied on a 40-yard carry.

Goliad White also is 1-1 for the season.

Playing well for the team was the entire offense line, along with defensive players Salazar, Jerry Baeza, James Matthews, Frank Moncada, Chris Rodriguez, Luis Porras and Larry Myers.

Both Goliad teams return to action next Thursday in

## Runnels splits with Monahans

MONAHANS - The Runnels Yearlings "A" squad dropped a close 14-6 decision to Monahans Thursday night, while the "B" team posted a 6-0 shutout.

A goal-line stand at the end of the first half helped lead Monahans to its win over Runnels A, which tallied its lone score of the night when Tory Mitchell returned a kickoff 75 yards for a touchdown.

The Yearlings moved the ball to Monahans' 1-foot line late in the first half, but were unable

Playing well for the "A" Yearlings were Matt Mendoza, Josh Ontiveros, Joe Owens, Brian Vanderbilt, Ricky Brackeen, Carlos Vierra and Lonnie Gray.

Jøhnnie DelaCruz scored on a 10-yard run in the first quarter to provide all the scoring as Runnels B posted its first win of the season.

Playing well were Felix Martinez, Jon Hull, Gilbert Rubio, Tony Bingham and Jon

The Yearlings are home next week against Snyder.

#### Coahoma freshmen earn tie with Sterling

STERLING CITY - Wes Kirby plowed over from four yards out in the fourth quarter to allow Coahoma's freshmen to salvage a tie with Sterling City's junior varsity Thursday

Arthur Gonzales scored from a yard out and Jerry Mann tallied on a 40-yard pass from Jay McHugh to give Coahoma a 14-12 first half lead, before Sterling came back to take the lead in the third quarter.

Playing well for the freshmen Bulldogs were Matthew Hamilton, Harold Ott, Shawn Reid and David O'Brien.

Coahoma (1-0-1) returns to action next week at Coahoma. Coahoma's junior varsity and junior high teams did not play

this week.

#### Junior Bearkats remain undefeated

STERLING CITY - The Garden City junior high Bearkats kept their record spotless with a 20-0 blanking of Sterling City Junior High Thursday night.

Garden City, which won its opener last week, 20-0 over Mertzon, got its scoring from Pedro Mata, who had two touchdowns, Robert Guerrero, who added another, and Adam Frysock, who had a safety.

ARLINGTON, Texas (AP) — Retired pitcher Nolan Ryan says he's too busy to take the vacant job as general manager of the Texas Rangers.

TEXAS SPORTS

But Ryan says former Houston Astros general manager Bill Wood should be considered.

Wood was general manager of the Astros in 1988, the last season that Ryan was with the team before he signed with the Rangers. Ryan blamed his departure on former Astros owner John McMullen and not Wood. "With Bill's experience and the fact he hasn't

been that far removed from baseball, I think he would be one that would get some consideration," Ryan told The Dallas Morning News Thursday.

The Rangers are seeking a general manager to replace Tom Grieve, who was "reassigned within the organization," earlier this work.

# Despite perfect record, **Bears still lack respect**

With due respect to their opponents, the Baylor Bears are still looking for respect.

The SMU Mustangs got it last week in a close 17-10 loss to UCLA, and the Bears want to get it this week against Oklahoma State.

The Bears have pounded two lifeless opponents San Jose State (54-20) and Louisiana Tech (44-3), and have been encouraged by the emergence of freshman quarterback Jeff Watson. But coach Chuck Reedy wants a good test.

"In all honesty, we haven't been challenged in our first two games," Reedy said.

Baylor (2-0) will get a bigger test, but they are still a 12-point favorite to beat Oklahoma State

In other games: Rice (0-1), shocked by Tulane (1-1) last week, is a 12-point underdog at Kansas State (1-0); the reeling Houston Cougars (0-2) host Missouri (0-2) with no line.

3) point favorite; Kansas (2-0) is a 6-point favorite at Texas Christian (1-1) and Texas Tech (1-1) is a 21-point underdog at Oklahoma (1-1).

The Texas Aggies (2-0) and Texas Longhorns (2-0) have open dates.

Baylor's early success is being attributed to the quick study by Watson, who has impressed offensive coordinator Jack Crowe with his early understanding of the Bears

"It's obvious he's the one that's moved the football." Reedy said. "Right now, we're beginning to say, 'Hey, there are some things we can do now we weren't sure about before.'

"We're not going to change a lot of stuff, but we're going to emphasize some of the things he does. We can throw the football about any way we want to throw it."

TCU ran the ball just about Southern Methodist (0-2) any time quarterback Max

hosts New Mexico (0-2) and is a Knake gave the ball to Andre Davis last week. Davis rushed for 325 yards for his fifth 100yard performance.

Davis' effort eased coach Pat Sullivan's concern about running back depth.

He started out last week by holding tryouts for his depleted running back corps. Davis is the SWC leading rusher with 359 yards on 45 carries.

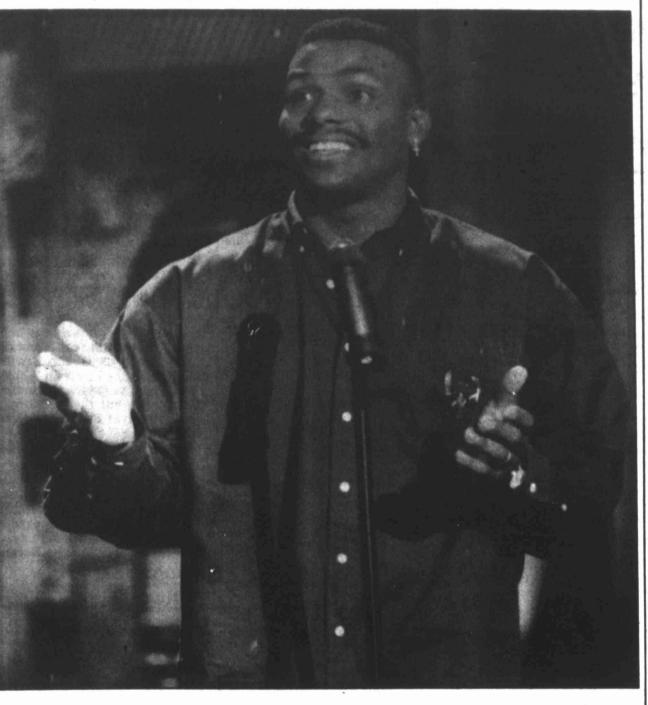

The Red Raiders, clubbed by then-No. 1 Nebraska on Sept. 8, plays at angry Oklahoma, beaten last week by the Aggies at Kyle Field.

Tech coach Spike Dykes is still mulling a starting quarterback. Tony Darden will start and Zebbie Lethridge will play against the Sooners.

"They are comfortable with it and this gives us a chance not to put the whole burden on one guy," Dykes said. "Sooner or later, the cream will rise, and we'll pick a permanent starter.''

As far as No. 13 UCLA is concerned, that's about the only other thing that could go wrong this weekend. The Bruins already face the double whammy of having to visit powerhouse Nebraska while trying to score points without the help of super receiver J.J. Stokes, still slowed by a hip injury.

"The swelling in his leg has gone down, but he still does not have full range of motion," UCLA sports information director Marc Dellins said

Thursday. Although he's not expected to play, Stokes will travel with the rest of the Bruins to Lincoln, where they'll find a Nebraska team anxious to improve on last season's 14-13 victory over

"I know our players will remember it was 14-13," Nebraska coach Tom Osborne said. "We had some chances. We dropped the ball a few times.

Nebraska will be looking for a more convincing margin this time as the Huskers try to pressure No. 1 Florida, which has its own test on Saturday at No. 15 Tennessee. The Gators have lost only five Southeastern Conference games in four-plus seasons under coach Steve Spurrier, two coming at Knoxville, Tenn.

game, however, Estacado had a receiver who couldn't' be

stopped.

Estacado (2-1) found its backbreaking weapon in junior split end Wendell Fay. Fay caught four of quarterback Michael Johnson's six completions, including catches of 24, 48 and 55 yards. Fay's 48-yard touchdown grab put the Mats ahead 14-10 with 4:01 left in the third quarter.

Big Spring answered quickly. Dickson pushed for runs of 16 and 25 yards to bring the Steers to the Estacado 3, and Waters plunged in from the 1 to put Big Spring ahead 17-14 with 1:02 left in the quarter.

Waters had scored the Steers' first touchdown of the game on a fourth-and-goal rollout with 15 seconds left in the first half.

The Steers forced Estacado to punt, then held the Matadors on downs on their next two possessions, but the Steers couldn't move the ball, either.

Estacado regained possession at its own 41 with 4:30 remaining, and junior tailback Tyson Gatewood slithered through the Steer defense line two minutes later for the game-winner on a fourth and 2 from the 26.

Gatewood finished the game with 125 yards on 22 Larries.

"It's a deal where this is not a shabby team we played," Butler said. "This team was a quarterfinalist a year or two ago, and we're a bunch of ragamuffins trying to win a game. I'm extremely proud of our kids. It hurts not to win, but I couldn't ask for them to play any harder than they did.

Big Spring returns to action next Friday at home against Snyder. Senior split end Tony Rodriguez said Thursday's loss wouldn't sink the Steers, who open district play Oct. 7 against Lake View

"It's going to be just like losing to Borger - it's goi. ... make us work harder. Estacado was a lot bigger and faster than we were, but we should have won the game. But this ain't district. We've got two games to go. Lake View is the game we're looking for."

## **Baseball turns attention to '95 season**

NEW YORK (AP) — Now that this season is over, the task of salvaging 1995 begins.

After going to temple Thursday for Yom Kippur services, acting commissioner Bud Selig went to his office at County Stadium in Milwaukee. A day after owners canceled the World Series for the first time since 1904, Selig pondered

what will happen next. "It's too early," he said in a telephone interview Thursday night. "We're just through that

tumult we've been through." Management negotiator Richard Ravitch took Thursday off and also went to temple for the Jewish Day of Atonement. It will be his task to resume

negotiations at some point with union head Donald Fehr.

"I did give it some thought," Ravitch said Thursday night. "I can't get it out of my mind."

No talks are scheduled. Fehr went to Washington on Thursday night and is expected to hold regional meetings with players next week. Selig and Fehr are expected to testify next Thursday before a congressional committee investigating baseball's antitrust

exemption. The strike starts its sixth week foday. But no more games can be canceled until next spring. In order for spring training to start on time in February, there must be a deal.

"I would hope there are renewed communications," Ravitch said. Agent Tom Reich didn't think

a quick deal was possible. "I think this battle is going to go on for quite a while, but

frankly I don't see players cracking. And I don't see owners cracking either," he said during an interview on "CNN Sportsnight."

Owners can say there is an impasse in negotiations and implement the salary cap proposal they made June 14. If that happens, the union will file an unfair labor practice complaint with the National Labor Relations Board and the strike will continue next spring.

"I think if the owners invoke their salary cap proposal and the elimination of arbitration, there's going to be litigation from now until hell freezes over," Reich said Thursday night.

Thoughout baseball, teams reacted to Wednesday's announcement. In Kansas City, the Royals fired manager Hal McRae and began tearing up the artificial turf in Kauffman Stadium, which will have a grass field whenever play resumes.

The New York Mets said suspended pitcher Dwight Gooden had again failed drug tests, leaving his future in limbo.

Birdwell Lane Church of Christ has a new minister. Jack Simons recently moved from Clemens, N.C. and preached for the first time in his new church Sunday, Sept.

Simons and his family lived in North Carolina for 11 years before moving to Big Spring.

Big Spring has a lot of friendly people and I saw this move as a greater opportunity to serve the Lord. I have been preaching for 30 years. I attended Free-Hardman University David Lipscomb University," said Simons.

Simons and his wife, Barbara, have six children with one still living at home. Daniel, 12, is a sixth grader at Goliad Middle School. Their oldest son, Michael, is married with one girl and preaches in

## financial goals Special to the Herald DALLAS - The 213-member Executive Board of the Baptist General Convention of Texas at its Sept. 13 meeting in Dallas recommended a more than \$63.5 million giving goal includ-

budget for 1995 and heard

reports from the Cooperative

University by \$3.1 million.
The BGCT Executive Board recommended an increase to Texas missions causes of \$770,210 (1.9 percent) over the 1994 budget. However, \$724,407 simply reflected a transfer to the Texas budget of expenses for the ministers protection plan and Cooperative Program promotion which previously had been shared with the Southern Baptist Convention.

While the budget proposal was presented strictly as a Texas budget since the CGCT does not vote on Southern Baptist Convention budget allocations, gifts to worldwide causes - including the SBC - are expected to total \$22,545,803. The BGCT budget and worldwide missions causes combined are \$63,545,803, an increase of \$45,803 over the 1994 total bud-

The proposed budget will be considered for approval by messengers to the annual BGCT meeting, Oct. 31-Nov. 1 in Amarillo.

If approved by the state convention, gifts for the Cooperative Program unified budget would be distributed 64.5 percent to Texas causes and 35.5 per cent to worldwide missions.

New allocations within the Texas Baptist budget include \$150,000 to fund a new Office of Minister/Church Relations; \$150,000 for criminal justice ministries; and \$98,500 for inner-city evangelism.

The board also heard a summary of the report and recommendations of the Cooperative Missions Giving Study Committee by chairman Cecil Ray of Georgetown and a minority report from the committee by John Hatch of Lake

Jackson. Under the full committee's recommendations, the BGCT would recognize and distribute as Texas Cooperative Program contributions from churches given in any of three ways:

Gifts to the adopted budget for the BGCT and the adopted budget of the SBC according to **Paige Patterson** the annually adopted percentage allocations between the

> - Gifts to me adopted BGCT budget only; for

Gifts to the adopted BGCT budget and other worldwide Baptist causes as directed by the individual church.

Under the committee's recommended approach, the BGCT would continue its current practice of allowing churches to delete up to five line items from the BGCT and SBC budget and still have their contributions count as Cooperative Program.

"I have come to recognize that what counts for Baptists is cooperation," Ray said. "We can adjust the program, we can improve the program, we can alter the program and never lose cooperation."

Ray, a longtime proponent of the Cooperative Program as former director of the BGCT Stewardship Division and secretary-treasurer of the Baptist State Convention of North Carolina, said the committee's recommendations are not what he would have approved 15 years ago, but they reflect where we are today, offering breathing room in the Baptist family ."

Faculty and students at Southeastern Baptist Theological Seminary gather in Binkley Chapel for the Fall Convocation Aug. 24 in Wake Forest, N.C. Three years ago the school was \$1 million in debt and students and faculty were leaving. Now the seminary has nearly doubled enrollment.

# Seminary overcomes theological fight

WAKE FOREST, N.C. (AP) -Three years ago, Southeastern Baptist Theological Seminary was down for the count. Its accreditation was in doubt, faculty was leaving, students were dwindling and it was \$1 million

Today, the fully accredited school is back in the black and enrollment has more than doubled. President Paige Patterson says it's all because of an emphasis on conservative Christian values.

"It's been a wonderful thing,"

student Kevin Buss said of the rebirth. Buss, a former stock broker from Corpus Christi, Texas, is studying to become a missionary. "The professors here are just

rock solid, Bible-teaching men of God and it's very encouraging. It holds to a strong biblical basis."

The school showed fighting strength at last month's opening convocation. Voices of students and faculty drowned out a brass ensemble during the first hymn. Hearty cries of "amen" peppered Patterson's

"There will come a day in your life and your ministry when you will be tested as to your obedience to God," Patterson preached. He compared keeping one's faith to the battle at the Alamo, where 187 Texans refused to give in to thousands of Mexican soldiers in 1836.

Patterson is credited with turning the school's fortunes around. He arrived in 1992 in the middle of a denominational dispute. Former President Scripture and a conservative

How did it happen?

"The simplest answer is just the blessing of God," Patterson said in the living room of the president's home, Magnolia

## **Baptist** president heeds 'divine mandate'

NEW ORLEANS (AP) - The Rev. Henry J. Lyons says he was first told around age 11 by his pastor that he would one day be president of the National Baptist Convention U.S.A. Inc.

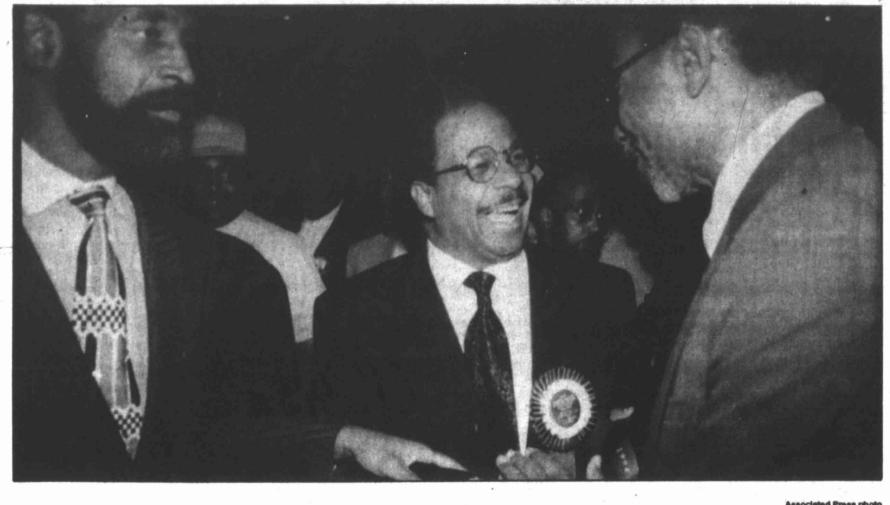

In 1966, during his seminary training at Morehouse School of Religion in Atlanta, "God quite emphatically gave me my marching orders."

Before he was married 23 years ago, he asked his wife if she could live with the rigors of being married to the head of the nation's largest black church. And prior to assuming pulpit at Bethel Metropolitan Baptist Church in St. Petersburg, Fla., he gave his congregation the same warning about his intentions.

So in a sense it was a prophecy fulfilled when Lyons narrowly defeated the Rev. W. Franklyn Richardson, convention general secretary, and three other candidates last week to become the convention's third president in the last 42 years.

Now comes the hard part.

Lyons takes over the convention presidency at a time when many black colleges are in trouble, black youths are turning to Islam in significant numbers and drugs, crime and violence have reached a crisis stage in many communities

The Rev. Henry Lyons, of St. Petersburg, Fla., center, moves through a congratulatory crowd Sept. 9, the morning after being

elected president of National Baptist Convention U.S.A. at the New Orleans Convention Center.

where the convention's 33,000 churches are located.

"I come to this moment with a lot of humility. I really do have a sense of service," said the 52-year-old Lyons, president of the Florida General Baptist Convention.

Having received just over a third of the total vote, the first thing Lyons did after his victory was announced was to pray for unity.

"I don't have a minute for reprisal," Lyons said in a later interview. "We've got to hit the ground running."

In restructuring the convention, the Florida pastor has said he wants to expand the Home Mission Board to address

issues such as AIDS, economic discrimination and other issues of importance to black Americans.

On the political front, Lyons said the 8 million-member convention will be a more active force in Washington, working closely with the president and such as the groups Congressional Black Caucus.

In particular, one project Lyons said he would like to see the convention take the lead on is to help develop mentoring programs pairing adult church members with youths in the community.

Another priority promised by Lyons is to increase financial aid to struggling black schools.

'Our black colleges are closing at an alarming rate," Lyons said. "We've got to get in and bail those schools out."

But to finance his proposals and to make the church a major player on the American religious scene, Lyons also realizes the convention is going to have to reach a lot deeper into the tills of its 33,000 churches.

To replace the current system in which churches pay a set fee ranging from \$100 for smaller churches to \$1,200 for the largest churches to register with the convention, Lyons is proposing a system more like Baptist Southern Convention, where churches give a percentage of income to a national cooperative program.

# God pushed aside on campuses

By JIM JONES

Fort Worth Star-Telegram

FORT WORTH - God is being pushed aside on college University President A. Kenneth Pye said at a conference recently.

"It just isn't fashionable to be known as someone who is devout," said Pye, who spoke at a symposium in Dallas on "Religious Liberty and Religious Conviction in American Public Life.'

Don't get Pye wrong. He's not a member of the religious right, even though he happens to agree with religious conservatives Pat Robertson and Jerry Falwell, who have often said that God has been

expelled from colleges and public schools. Pye was decrying a faulty message he said is being promulgated on university campuses — that one can't be a devout believer and an intellec-

"We create a kind of dichotomy for youngsters by saying you can't believe and be the best kind of intellectual person," Pye said.

Pye said being religious is not trendy "unless you are a fundamentalist when being devout is the beginning and end of your existence and you

to the views of Pye and other scholars at the SMU symposium, who are considered moderates or liberals, who declared that religion isn't being given its proper role in American society.

Keynote speaker at the meeting was Stephen L. Carter, a Yale University law professor and author of the award-winning book "The Culture of Disbelief: How Our Legal and Political Cultures Trivialize Religious Devotion.'

The trivializing of religion in American society mentioned in Carter's book has hit college campuses especially hard, Pye

Before he became a college president, Pye, an attorney, told of working with the Ford Foundation on overseas assignments and witnessing religious intolerance among Hindus and Muslims in India.

When he returned to the United States to serve as a college administrator at Duke University and at SMU, Pye said he was delighted to return to a place of true religious freedom.

Pye, a Roman Catholic serving at a United Methodist-supported university, said there is absolutely no conflict between being a good scientist, physicist or any other kind of expert and being a dedicated believer.

Pye said a standoffish view of being religious permeates government, too.

Many in government, he said, think they must stay away from religion to do the best job.

"This isn't the way it ought to be," Pye said. "It ought to be possible to believe and worship God and still adhere to whatever discipline you choose in which you think or hope you are an expert.

"And if you find yourself in government to serve as an elective or appointive official, you should not have to exclude your religious values.'

Pye and others at the symposium said that many in government and education keep religion at arm's length because of the U.S. Constitution's guarantees of separation of church

# Choose to serve

By BARRY BROWN

Philadelphia Primitive Baptist

Much is said today about t"choice." Camps today are divided by whether you are for or against "choice." Scripture teaches that there is a choice to be made and that choice is to be God and His ways!

Joshua 24:125 reads, "Choose you his day whom ye will serve." Clearly, the exhortation for God's people is to choose, to make a choice. Surrounded with idols on every side, we are to forsake them and choose God and pledge our daily service to Him and His ways.

Choice? God's word says that choosing His way is to choose life and good. There are many things we can choose instead of God. Some have chosen careers. Some families or self. others wealth, and still many churchianity. However, if we have given anything pre-eminence above God, then we have erected and are serving idols. Jesus aid, "No man can serve two masters." Many have tried and have failed thus proving the truth of the Lord's words.

Do you like to procrastinate? Do you manage your time well? Many want to put off God until its convenient for them. We are to choose "THIS DAY" a commitment is required! The person that puts off until the tomorrows (which seem to never come) the service of God is not committing to God his life. "Choose you THIS DAY!" A denial of one's self and taking up the cross daily is to be the choice of believers.

This choice is to be "I will go." I will obediently serve God. This service is to be a choice of "sincere" service. This means we are to serve God with our entire being. Do you give God the leftovers? He wants you entirely in His ser-vice. Some think that service means "serve us." We, however, are to serve Him.

This service to God is to be in truth. This means that we are to be found unwavering in serving our Master. The meaning behind the word "truth" is stability, trustworthiness. Serve God in Truth.

Elijah confronted King Ahab, the ruler of his day, along with 850 false prophets of idols, "How long halt ye between two opinions? If the Lord be God, follow him; but if Baal, then follow him.

Are you holding to those things that are preventing your sincere, true service to God? How long is America going to remain undecided between two decisions? Are we, the believers of Christ, urging our leaders and our nation to "Choose you this day whom ye will serve?" Choose God and His ways and live! Deuteronomy 30: 15-20.

# Christians find bridges to Islam

By JUDITH LYNN HOWARD The Dallas Morning News

DALLAS — Is the Nation of Islam anti-Semitic, racist, sexist, homophobic — or just a menagerie of angry voices on the outer limits?

The Nation diligently led grassroots struggles for blacks, courageously opposed crime and placed before the black community powerful portraits of disciplined, fearless men. But, to use a fashionable black phrase, one might say, "I don't want to go there.'

Reporters at a recent news conference with the Nation's leader, Louis Farrakhan, were intrigued by his religious state-

Farrakhan is charismatic in speech and presence. He's media savvy and able to tap the human pulse of thousands of black men. He quotes from the Koran and lauds the Nation's co-founder, Elijah Muhammad. He quotes from the Bible and praises Jesus Christ as a prophet, not God.

In black Christian circles, he has apparently built bridges

among some church communities, like leading a men-only session at a Baptist church in Houston and then preaching in a Church of God in Christ sanctuary in Chicago. Is this ecumenicalism in the black community or something else?

Minister Jeffery X said that the gatherings signify a willingness of blacks to come together on similar spiritual themes.

Many of the Christian preachers are choosing to judge Farrakhan by his works, not by what his critics say.

'If you judge the Nation of Islam and minister Farrakhan by the works, then you have to absolutely say that the good works that we're doing can only be done by the permission of God," he said.

Though many in the black community say they worship God, they remain powerless, Mr. X said.

'Obviously we do not know God. If we knew God, it would show up in our ability to change conditions with our people. And the people see the Muslims in the Nation of Islam effecting a change in ourselves first and in our community, and they are starting to recognize this is only by the power of a god."

The Rev. Frederick Haynes III attended Farrakhan's menonly session recently in Dallas.

He said he was "moved by the fact that there is no other personality on this planet who could, in a magnetic fashion. galvanize and bring together that many African-American men in spite of inclement weather and long lines."

Haynes' Christian mission includes liberating the oppressed and delivering the downtrodden, and he said the Nation in reaching for a similar target.

"In spite of the fact that there is a theological chasm that separates us, the bridge that brings me with the minister is ... that common denominator that there is an oppressed, mis-

understood, misdirected seg-

ment of our society that needs

liberation and salvation.' Haynes told his congregation, Friendship West Baptist Church, before Farrakhan's arrival: "I'm going to hear his message just as I would eat fish. I'm going to digest and appreciate all the meat and throw away the bones I can't

Other black Christian ministries agree that Farrakhan sagely discusses the plight of black men and that he uses the Bible to make many of his points.

"This man has come in and stolen some of our best stuff, and he's making hay with it,' said the Rev. Carl Ellis of Chattanooga, Tenn., a founder of Project Joseph, which works for the reformation of the church and a rediscovery of the "great commission," reaching the world with the Christian message about Jesus Christ.

Ellis cited lapses by white and black Christians for creating a ministry void among African-Americans.

"We have in essence truncated the Gospel and we have neglected large areas of the great commission," he said. 'So I can't blame the Muslims for coming in and attempting to fill the vacuum."

I got many ugly stares and comments. However, one elderly gentleman said to me: "I want to congratulate you. If all parents watched their children as closely as they watch their money, our world would be a much happier and safer place." - L. SAVNER, MOUNTAIN TOP, PA.

# Doctor battles grim prognosis with faith

By JOE GULICK

Lubbock Avalanche-Journal

LUBBOCK, Texas - Vince Rittmann is at the peak of his

professional career. He has performed 33 heart transplants, 1,500 heart surgeries, 1,000 other surgeries, and he has assisted in more than 2,000 operations.

However, Rittmann made the transition from physician to patient in late July when he learned he has a malignant brain tumor — one that cannot be removed or cured by medical science.

He and his wife, Ellen, have four children. His oldest child is 5 1/2 years olds and his youngest was less than one month old when Rittmann learned that, by medical standards, his situation is incur-

Vince Rittmann is 43 years

"There's a big difference between a sickbed and a maybe-deathbed." Rittmann said. "In a sickbed, people anticipate getting well. When a person is on a deathbed, he starts thinking, 'This is it for me.' When you are lying here, you have nothing to do but

Rittmann did not feel sick on July 22.

He had conducted several long and difficult operations that day, and he had been working hard every day before that. He had no idea anything was wrong with him.

After work on July 22. Rittmann went to visit a friend to show him a new car he had bought. He told his friend, who is a radiologist, that he had a headache and asked him if he had anything for it. "I thought he was going to

offer an aspirin or Tylenol," Rittmann said. "He said, 'Come lie down here and we'll take an X-ray. "He walked up and said,

'You've got a problem.' He recognized right away what it

Rittmann immediately took the X-rays to a neurologist, who told him that he needed to go to the hospital right away. "I walked out of the office

and drove to this hospital," he said. "I checked in and walked up to this room. I called my wife from the hospital room and told her I was here." "There used to be a joke

when I was in training: Operations are for other people," Rittmann said, smiling slightly. "I find out that's not true."
"It doesn't hurt any less when

the doctor gets operated on. We whine and moan just as much as everybody. We're not any better patients."

Doctors had to conduct brain surgery on Rittmann in order to make a diagnosis. The opera-tion was scheduled for July 25,

which was a Monday. Although the existence of his illness had only been known for two days, word had spread by the Sunday before the surgery to several city and area church congregations who began to pray for

During the brain surgery, the surgeons took a sample of the growth from Rittmann's brain, and the initial reports were not encouraging. The tissue was sent for a biopsy, which confirmed that the growth was a gliovlastoma, a type of malignant brain tumor.

Despite the grim prognosis. Rittmann continues to exhibit positive attitudes about every aspect of his situation, according to his pastor.

T've really been thankful for the fine physicians in this got some top-notch doctors here. They've really taken good care of me. I've been able to get the treatment I needed here rather than go hundreds of miles away and be away from my family."

Even lying in a hospital bed, Rittmann exhibits vitality. "I am not disappointed in the Providence of God for my life," he said.

His wife and friends say his Christian faith has given him great strength and comfort on which to draw.

"My faith completely determines my outlook toward this illness," he said. "I do not consider myself hopeless, because there is a God in heaven. I am not ashamed to pray for his healing mercy." Rittmann believes that all

healing is divine healing. In some cases. God uses medicine and doctors as instruments to heal, he said. "Other times he directly intervenes himself," he said.
