Welcome to Friona! The biggest small town in Texas and Cheeseburger Capital of Texas this weekend at the Cheeseburger Festival Cook-Off and Car Show.

Work continues on the gym/activity center at the high school. Workers were hanging 12 basketball goals, building a batting cage, and installing posts for volleyball nets this week. The overhead door at left is on the west side of the building. The work crew was here from the Waco area and said they would be here about three weeks completing their part of the construction.

## Cheeseburger Cook-Off, Summer Drama this weekend

The Cheeseburger Festival Cook-Off and Car Show will be held Saturday July 20, 2013 at the Friona City Park. Cook teams will compete for \$1,000 and \$300 prizes. Set-up and preparation for the teams and vendors will begin around 8:00 a.m. as the teams get their hamburger meat and cheese and prepare their cook sites.

Judging will get underway around 10 a.m. and public serving of the cheeseburgers begins at 11:30 a.m. Bracelets good for one cheeseburger and a pack of chips will cost \$7 and be available at the park gazebo. Each bracelet has four tabs. One tab is good for one-fourth of a cheeseburger so folks can sample four different burgers.

One team will win a People's Choice Award. You can vote with dollars at each camp site. One dollar=one vote. Winners will be announced about 2 p.m. Local boy Kris Gordon and his band will be performing again at the cook-off. As of Tuesday there were 10 cook teams and 34 vendors signed up.

### Cheeseburger Cook-Off teams

As of Tuesday July 16 here are the teams entered in the Cheeseburger Cook-Off Festival Saturday July 20: J&L Good Grubs-Joe Alvarez, Sodexo at ENMU-Wayne Doney, Cargill Meat Solutions-Scott Pohlman, Millard Refrigerated Warehouse-Carlos Silva, First National Bank-Ab Hendley, G-Force-Erin Grimsley, Underwood Law Firm-Audie Sciumbato, Hot Mamas-Ashlee Roberts & Tawnin Mullins, Atmos Ereny, and Xcel Energy.

### Vendors in the park

As of Tuesday July 16 a total of 34 vendors had signed up for a booth in the park. Come out and enjoy the fun and support the cook teams, vendors, and the Chamber of Commerce. Here

is a list of items that will be available during the Cheeseburger Festival Cook-off & Car Show:

Scentsy, purses & jewelry, bracelets, H2O launcher, Tupperware, shaved ice & pickles, Kettle corn, jewelry & home deco, drinks & Girl Scout cookies, water, watermelon, funnel cakes,

crosses, aluminum repair, ice cream, sun hats & dresses, fried snickers, toys & t-shirts, French fries, wreaths & letters, stars, candy & tattoos, iced tea, metal gifts & garden art.

### Summer drama performances

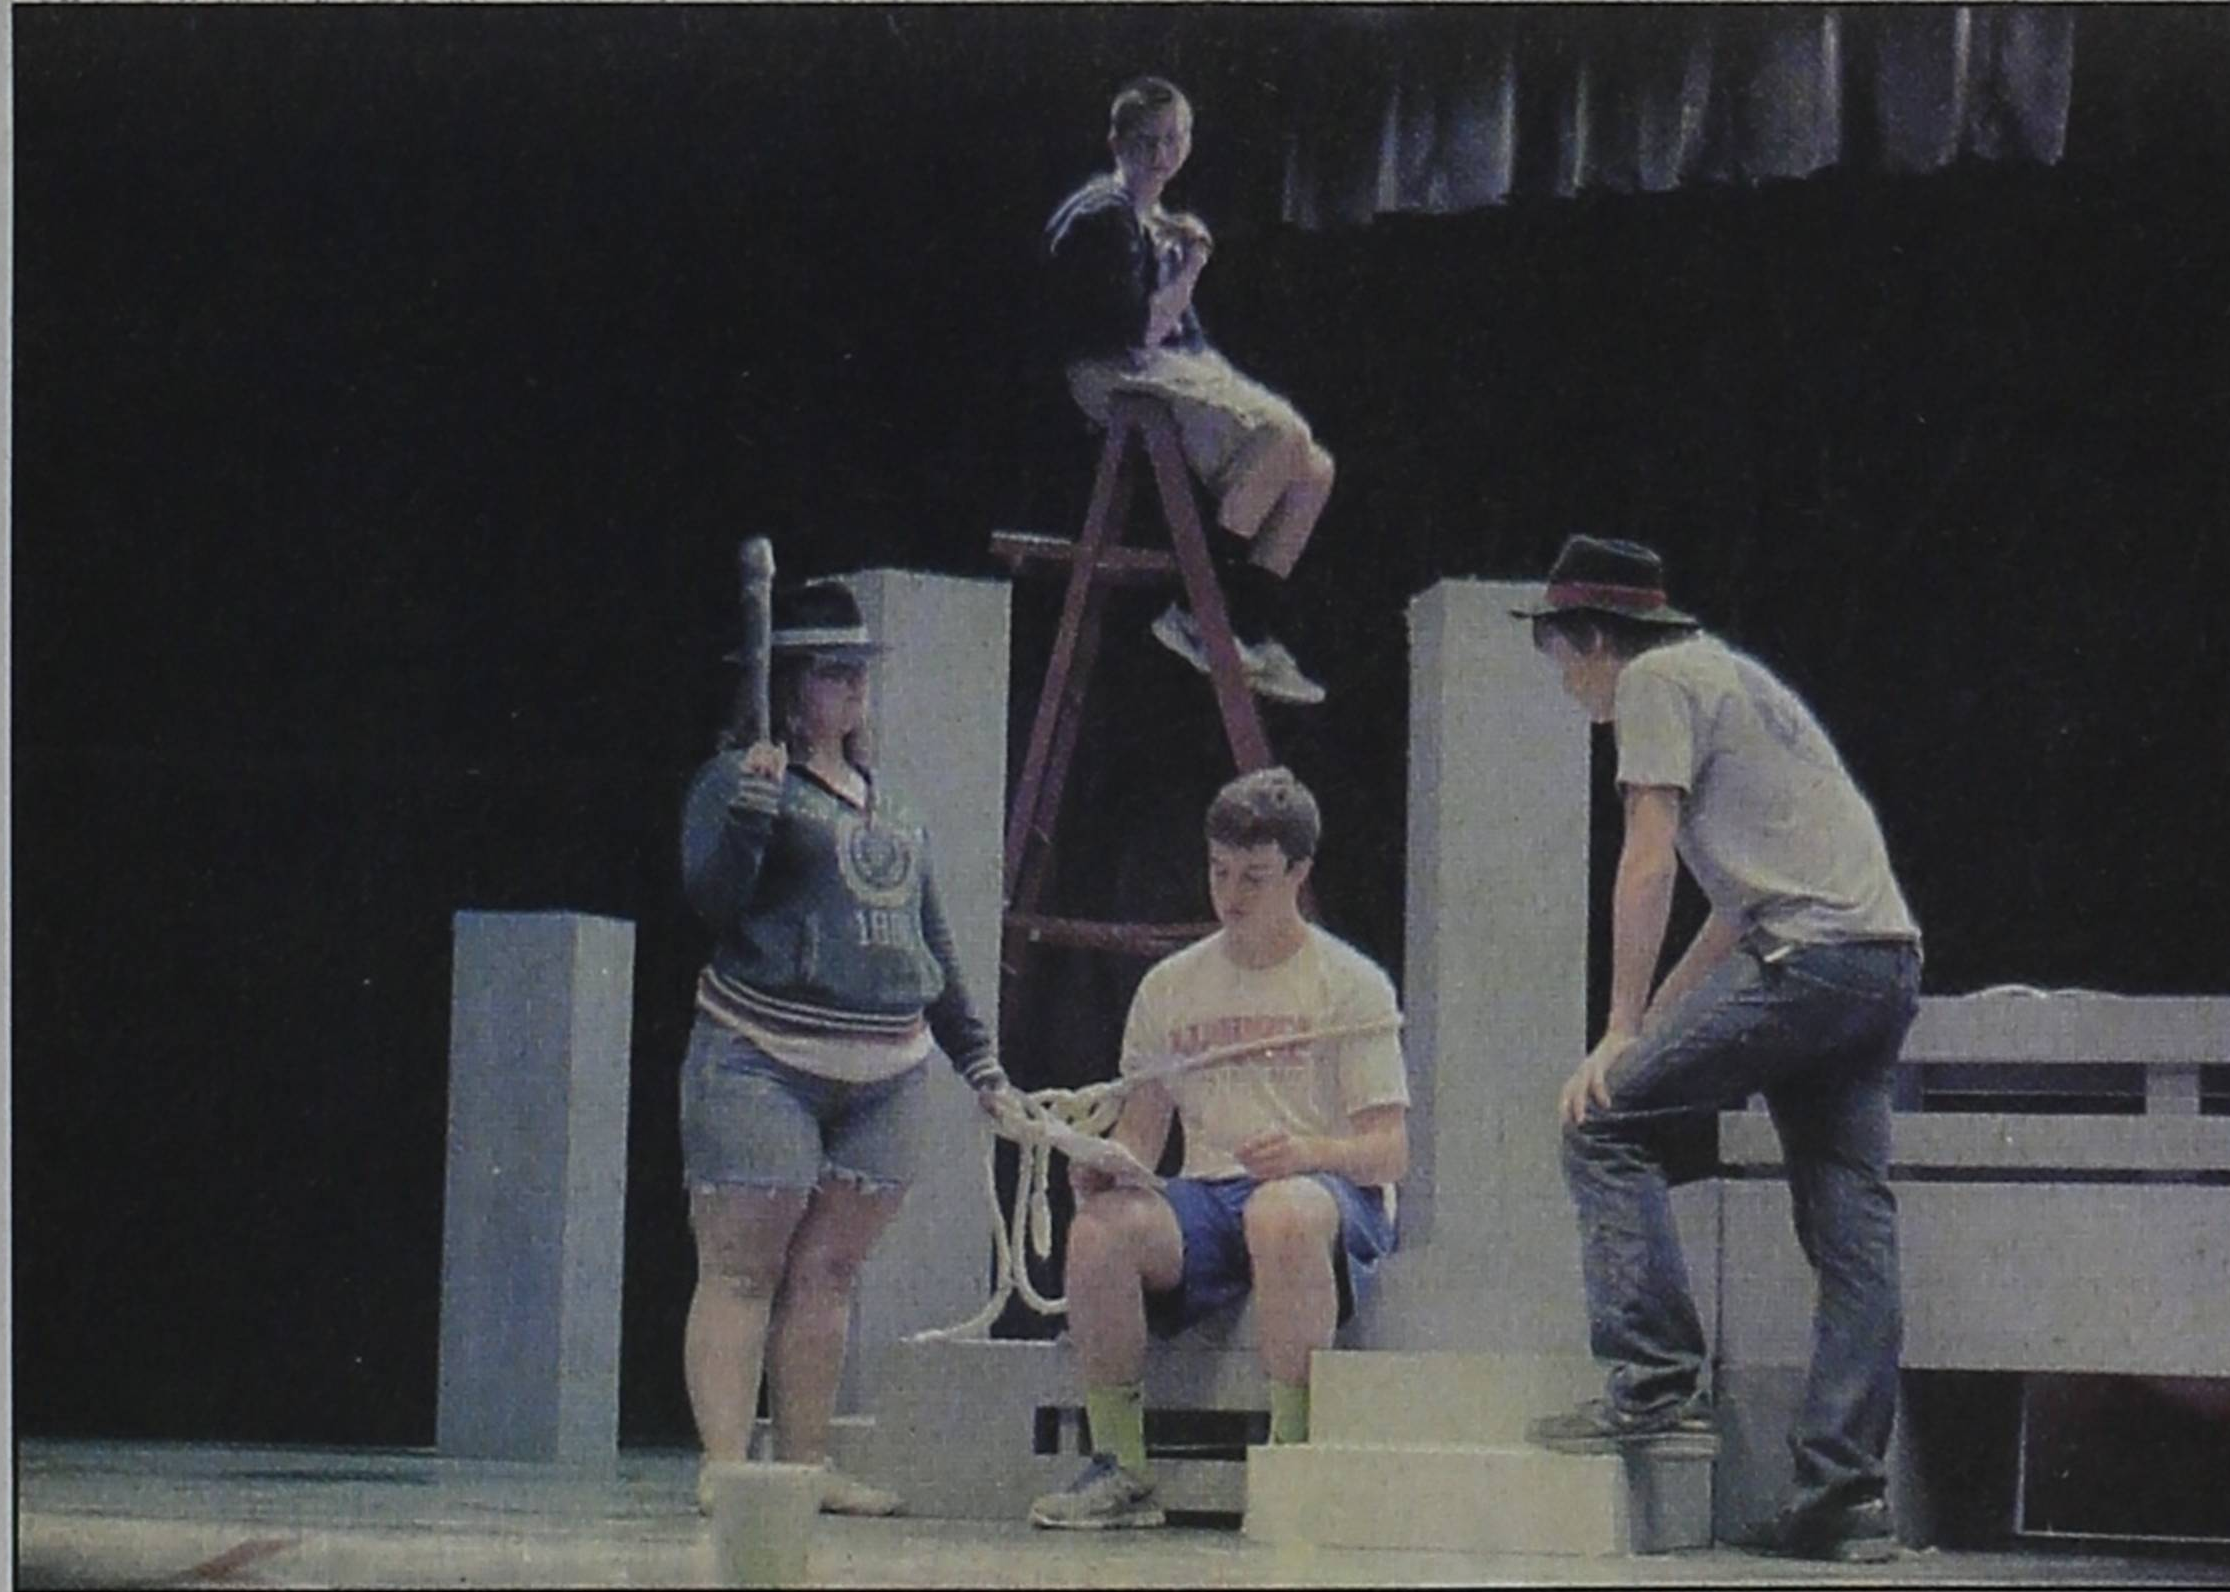

The summer drama workshop ends this week

with public performances Friday and Saturday evenings. The junior high and high school plays will be presented Friday evening beginning at 6:00 p.m. The elementary play will be presented Saturday evening at 6:00 p.m. All three performances are in the high school auditorium. Tickets are \$3.00 for adults and \$2.00 for students.

**The junior high play** is "Witches, Britches, Rings & Things." It is directed by Candice Geske. The play combines all of the best elements of story-teller theatre. Ethel Appleton, a retired witch, has been given a patchwork quilt. All of the best stories from "the good old days" have been sewn into the quilt and are presented to the audience.

**The high school play** is "Livin' de Life." The director is Joy Morton. It is a fairy tale in which Brer Rabbit, tucked out from caperin' and pranking with Brer Fox and Brer Bear, has lost his zest for such escapades. His friends say he has a bad case of the 'Mopes and send him to consult with Aunt Mammy Bammy for a cure. She advises "Live de life ya got. De only worryin' ya should have is how to make tomorrow better dan today."

**The elementary play** is "Law and Order: C-rhyme and Pun-ishment." It is directed by Allison Johnston. In the nursery rhyme justice system the people are represented by two separate yet equally important groups—the detectives who investigate the crime and the magistrates who prosecute the defenders. These are their rhymes. They investigate that Mister Humpty Dumpty has been shattered and fowl play is suspected. With hilarious musical numbers like "Mountain of Love," "Eggicide," and "What the HONK is going on?," the yolk is on you if you think this tongue-in-cheek musical is for young children.

ron carr photo

The high school summer drama production is titled "Livin' de Life" based on characters from the Uncle Remus Tales. It is directed by Joy Morton. The public performance will be presented Friday evening July 19. Junior high play is at 6 p.m. followed by the high school play. Tickets are \$3 adults and \$2 students.

## Gurley to be full time county prosecutor

Friona native Kathryn Gurley, the District Attorney for Parmer and Bailey counties, will give up private practice to become a full time county prosecutor effective September 1, 2013. Mrs. Gurley will not take on private clients after that date. She will have one year after September 1 to settle her current private

practice cases.

She said the Parmer/Bailey district is one of only a few in Texas without a full time professional prosecutor. Districts with full time prosecutors qualify for increased state funding, one reason the decision was made.

She said mixing District Court trial dates and private practice had often caused prob-

lems and inconvenience for her private clients. She is in the first year of a four-year term as District Attorney and will be up for re-election in 2016. She will continue to office in Friona.

Expenses for the full time prosecutor will be split 60-40 between Parmer and Bailey counties.

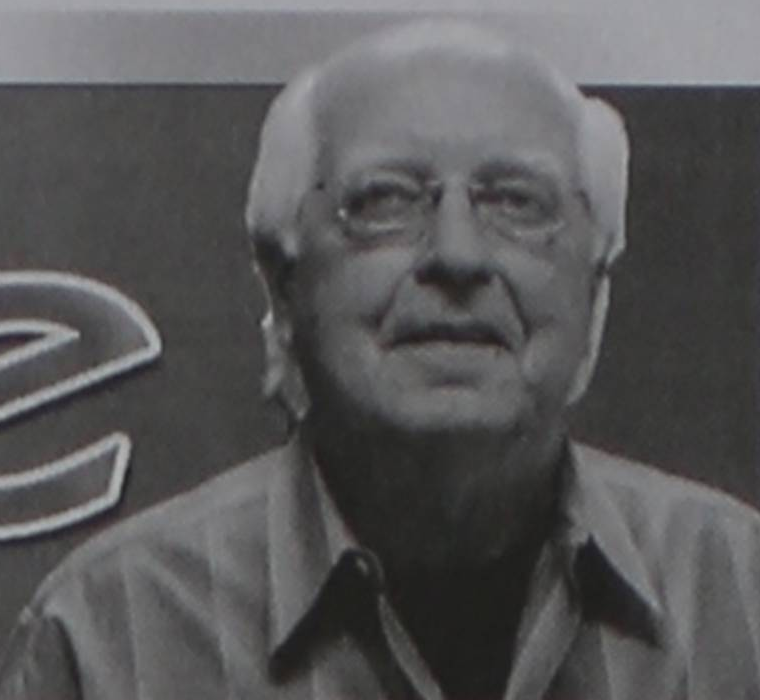

ron carr photo

Water trucks and road graders were busy last week working the dirt for rebuilding the parking lot at the high school. The expansion will add about 45 more parking spaces to the old parking area.

## "Fools find no pleasure in understanding but delight in airing their own opinion." Proverbs 18:2.

Wonder what George Zimmerman is doing this morning while we enjoy the rain here in the Panhandle. Pretty sure he is in hiding somewhere wondering if he can ever return to a normal life. Wondering if Attorney General Eric Holder is going to harass him and whether the Martin family will file a civil suit. (I heard a TV guy say the Martin family was paid \$1 million by the Homeowners Association at the apartment complex where Trayvon was killed.)

I'll not delve into legal details of the Zimmerman trial. I did watch a good bit of it on television and learned facts about the case that most people still do not know or acknowledge. Although he was found not guilty he is being terrorized and exploited by liberal news media, racists like Al Sharpton, Jesse Jackson, and Tavis Smiley, and even by our federal government.

I am far from a Bible scholar but the above verse caught my

attention. Saw it in one of the many stories written about the Zimmerman case. Fools get no pleasure in understanding but delight in airing their own opinion. That seems to sum up the current atmosphere in Texas and America as people riot and protest about abortion, immigration, and racism.

The people doing the rioting over Zimmerman are thugs, racists, and low education folks who find no pleasure in understanding. It is amazing to me how one case like the Zimmerman-Trayvon Martin case, can take over America when there are numerous other cases that are just as bad, if not worse, that get no mention or attention. It is not fair.

Paula Deen is out because she admitted using the N- word long ago. Rachel Jenteal, who was talking to Trayvon on his cell phone and testified at the trial, appeared on CNN this week. She went into great detail to explain to Piers Morgan, himself

a racist, that using the N- word with an "a" at the end is different than using it with an "er" at the end. N\*ggga is different than N\*gger, she said. Yes she pronounced the words. And that was okay but Paula Deen is not? I don't get it.

There are segments of society that work hard to keep racism alive. It does not matter to them the outcome of the Zimmerman trial. They find no pleasure in understanding. Trayvon Martin and his family are being exploited by the media and the mobs. Soon all of the protests will subside and the Zimmerman case will give way to the next incident that attracts Sharpton, Jackson and their followers.

They ignore the rampant black on black murders in Chicago. They ignore the recent case in Georgia where four young black men beat a white man severely, for no apparent reason, then pushed him onto a highway where he was run over and died. It is selective racism

and it is a sad situation.

In Austin, groups of women showed up at the Capital with jars of urine and feces and tampons? Really? The ban on abortion after 20 weeks and providing abortions in hospitals is unfair to women? I guess it must be. I'm staying out of any opinion on that issue. I think women should make the choice, always have.

A final word about the twitter universe. I don't tweet or twitter or blog but I have access to a lot of it via Facebook and email. I have to tell you there are some vile, hateful, scary people out there tweeting. They post death threats, and threats of violence against people. They post ugly racist comments using crude language. None of which is the way to make America a better place.

I would remind the Zimmerman and Martin families about Proverbs 18:2 and hope that someday they might find a measure of peace.

## Letter to the Editor

Ron,  
Thank you for the good publicity for the blood drive. Thanks Friona for the good response. We received 62 units of blood. We had 76 people present to donate but they were scattered out better and we did not have the backup we had in May. Thank you for helping us out.  
Thanks to the Lions Club for the burgers and fries and a special thanks to Hunan II for the gift card that went to Ryan Evans and to Thai City for the gift card that went to Vickie Field.  
Our next blood drive will be September 19 and the 4-H members will be helping with it.  
Thanks again.

## Neugebauer Praises House Passage of Farm Bill

Congressman Randy Neugebauer (R-TX) released the following statement praising the House passage of the Farm Bill. H.R. 2642, the Federal Agriculture Reform and Risk Management (FARRM) Act of 2013, passed by a vote of 216-208.

"I'm really pleased that we passed a five-year farm bill and moved the ball down the field," Neugebauer said. "This bill is good policy for farmers, families, and taxpayers. It gives farmers risk management tools to protect against unpredictable losses. It ensures American families have access to safe, affordable, food. And it saves taxpayers nearly \$14 billion over the next ten years."

The bill repeals the outdated and unworkable permanent agricultural law and improves efficiency by consolidating more than 100 programs. Neugebauer's Crop Risk Options Plan (CROP Act) was included in the legislation. This shallow-loss coverage allows farmers to insure themselves against losses of up to 30% of their crop production.

"This is shared-risk, market-based legislation," Neugebauer said. "I'm looking forward to the House and Senate Agriculture Committees working together to craft a final bill that can be signed into law."

Cool temperatures and rain, a good combination for July. Friona received about .30" of rain Sunday overnight. Temperature Monday was cool in the upper 60s and low 70s. As of 8 a.m. Wednesday Friona had received .61" overnight for a total in July of 2.16". However, folks like Mike Blackburn said they had over 2-inches in the gauge Wednesday morning. No matter how much you received where you live it is all needed and appreciated. More rain forecast off and on through Thursday.

Bobby Thompson and his son Collin (who turned 20 this week) began installing new windows in the Depot in the Park. The Community Heritage Society is still seeking donations to help with the cost of replacing all of the windows in the historic landmark. Several donations have been made but additional funds are needed. To donate, go to Friona Interbank and make checks payable to the Community Heritage Society.

Need scissors or anything sharpened? Someone will be at Malouf's Fabrics on Tuesday July 23 from 10 am to 5 pm for sharpening. You can drop them off anytime before then.

Anniversaries: Dr. Jeff and Becky Dickson 22 years. Mark and Deirdre Osborn 28 years. Robert and Marie Saiz 30 years. All celebrating in July. Congrats to each and every one.

Let us know if you have an anniversary to share.

The Class of 1973 will have a 40-year reunion the Friday and Saturday of Maize Days weekend, September 20-21. Carolyn Wiseman will have details. I'm told the Class of 1993 will have a 20-year reunion this weekend at the Cheeseburger Cook-Off.

The Friona city swimming pool will close for the season on Saturday August 10.

We visited the new gym/activity center last Friday. Took a few photos for this week's paper. Workers were here from the Waco area installing the 12 basketball goals, a batting cage, and volleyball net posts. Work is also progressing on repaving the high school parking lot which will add about 45 more parking spaces. And many men have been on the high school roof installing new air conditioners.

Two-a-days, which are no longer actually two-a-days, for football and volleyball will begin on Monday August 5. Volleyball coach Darrell Ray says practice begins at 8 a.m. August 5. Athletes must have completed physical packets. Football players will have a team meeting at 7 p.m. Friday August 2 in the gym for grades 9-12. Football practice will start at 7 a.m. the first week and 2:30-6:30 p.m. after that. Scrimmages will be at Panhandle and

at Shallowater this year on August 17 and August 22. First game is August 30 at 4:30 p.m. at Dick Bivins in Amarillo vs. Stratford.

The summer drama workshop wraps this weekend with public performances. See the front page story for details. As always we went by rehearsals this week to take photos which are in the paper. Lots of out of town kids come to visit and take part. They are all working hard. Elementary play director Allison Johnston has about 46 little ones to try and turn them into an organized musical. I'm always amazed at her ability to turn 46 energetic little tots into a musical production. Come out and enjoy the plays and support the workshop.

Don't forget about the basketball, volleyball, and cheerleader camps that begin the week of Monday July 29. Info can be found on the July event calendar in this week's Star.

A look ahead to Maize Days. Little different schedule this year. The Miss Friona pageant will be Saturday September 7. The Little Miss Friona pageant will be Tuesday September 17, homecoming is September 20 vs. Idalou, and the big Maize Days parade and city park celebration is Saturday September 21. Girls interested in entering the Miss Friona and Little Miss pageants can sign up at the Chamber office.

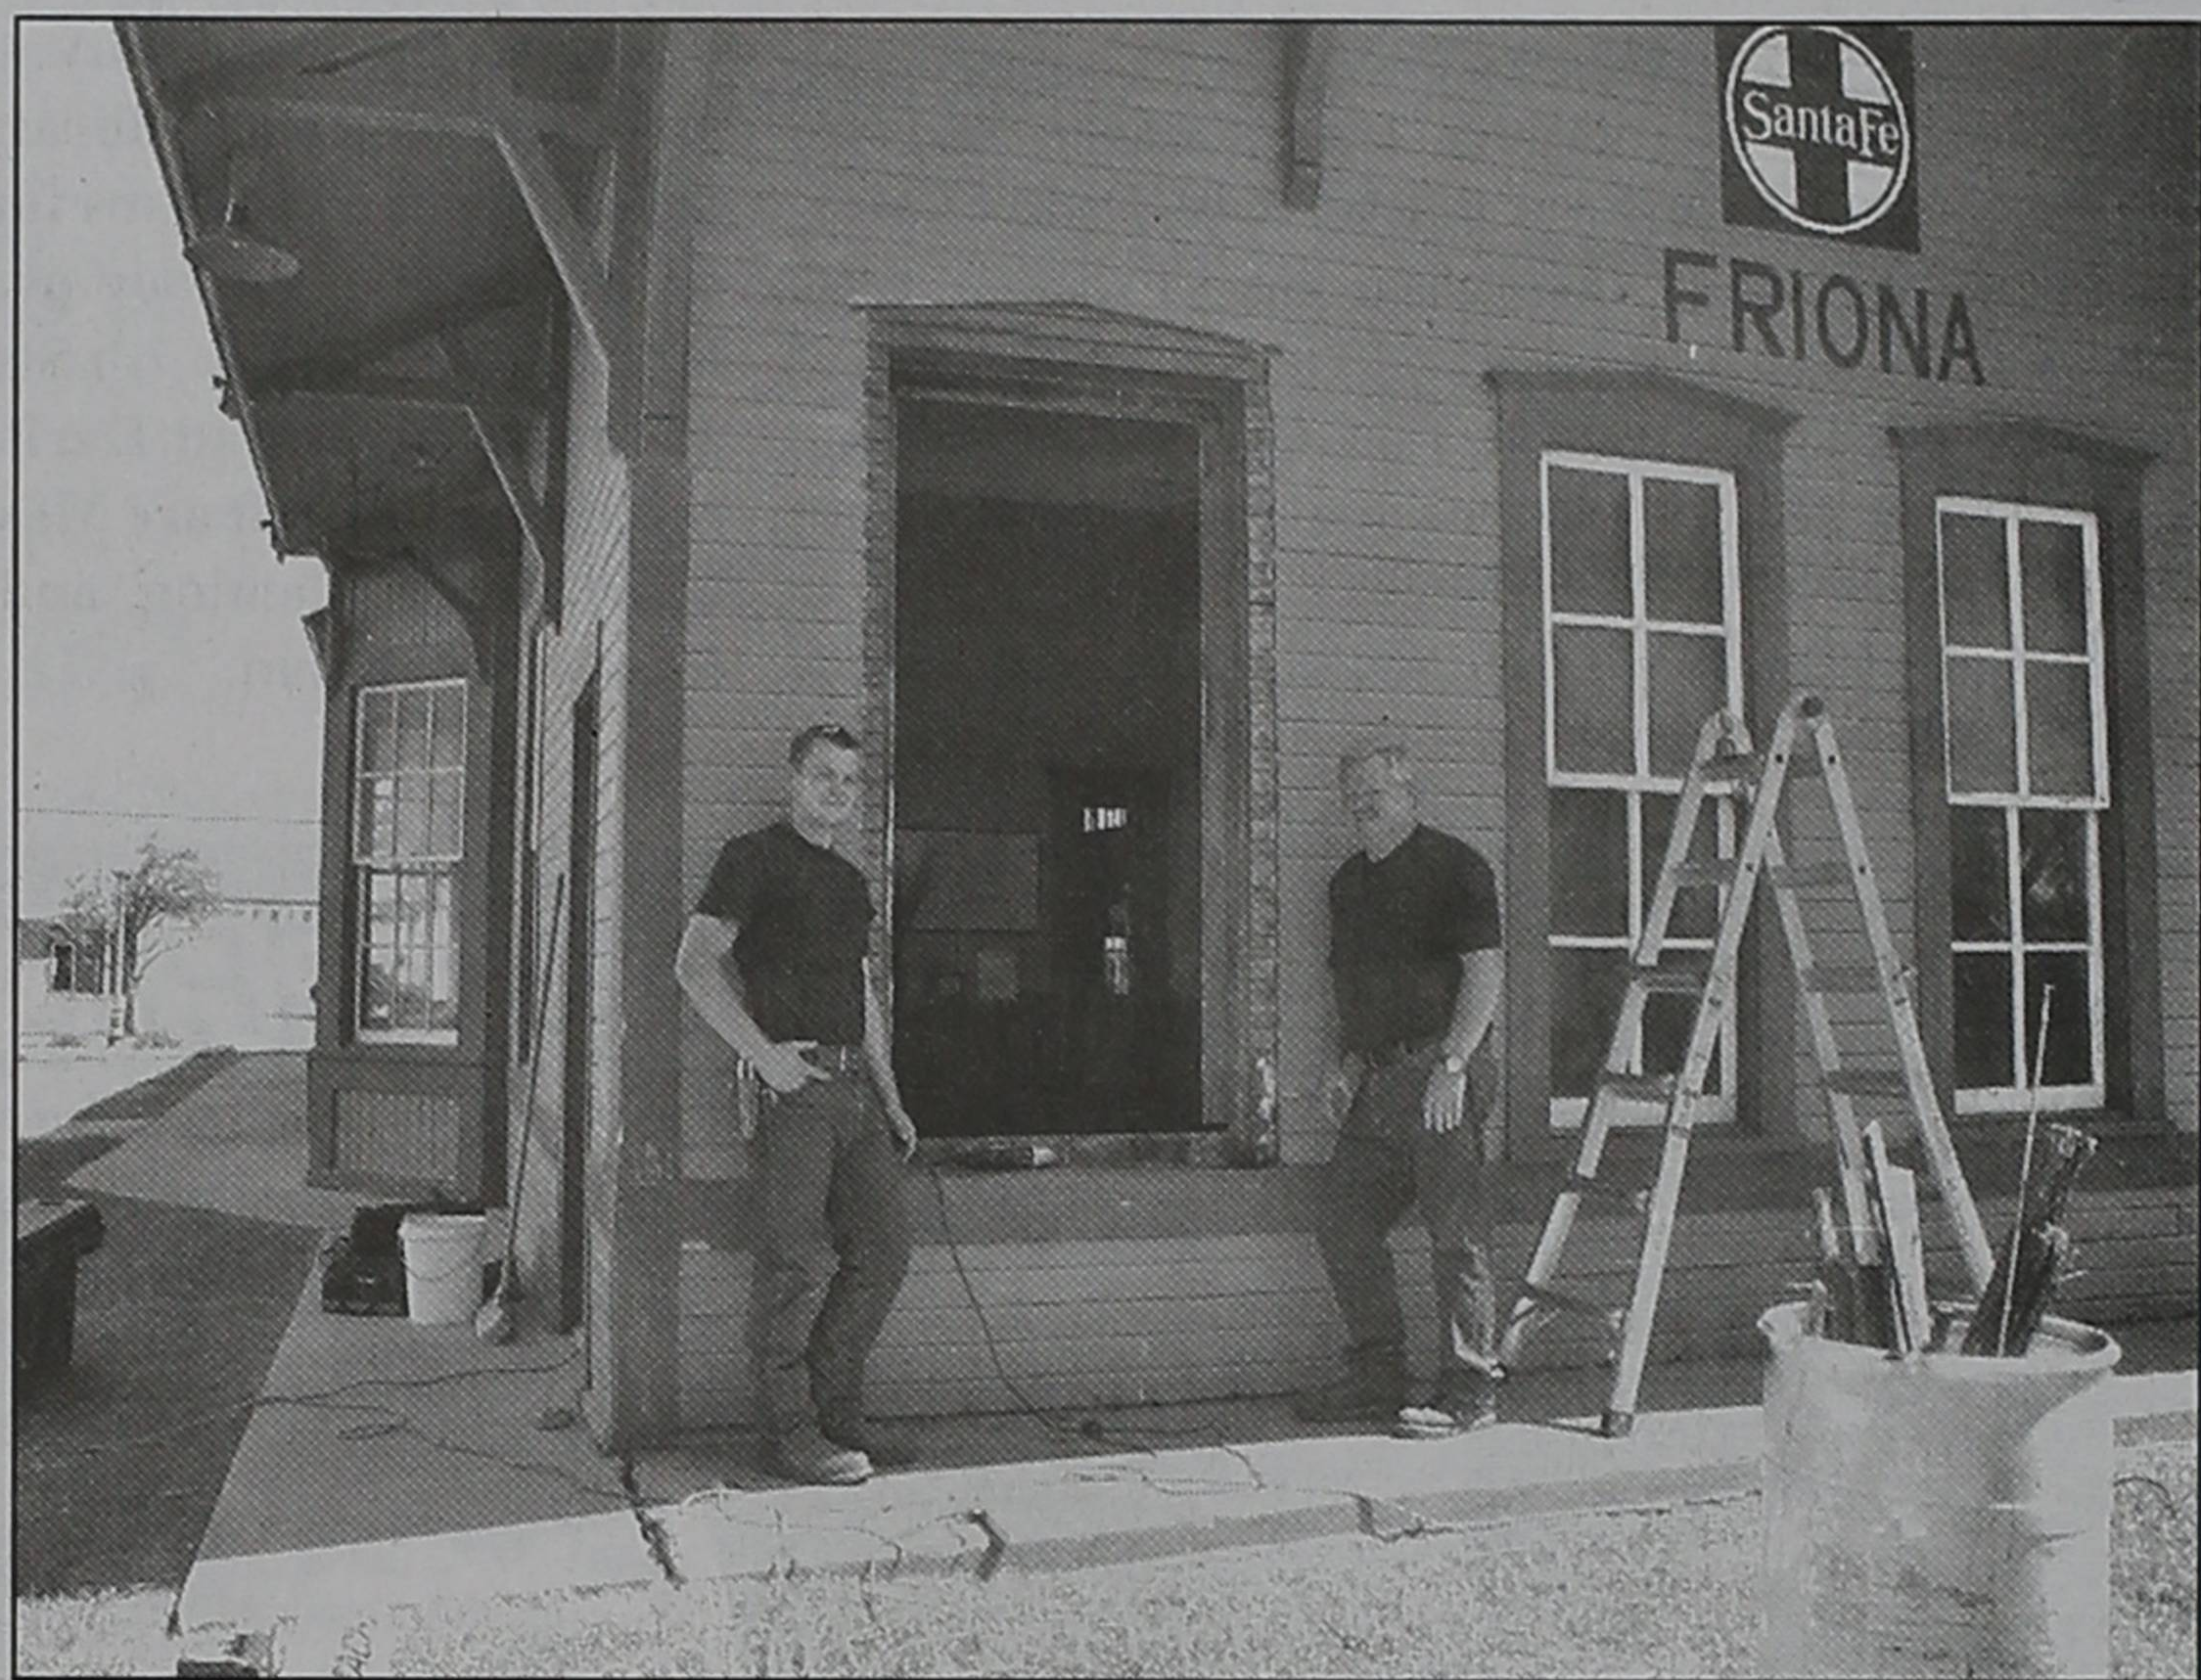

There is talk about some sort of consolidation of the Amarillo, Lubbock, and Midland post office processing centers into Lubbock. Here in Friona we have a mail truck that hauls our mail to Amarillo and back. A consolidation would mean hauling local mail to Lubbock and back. I'm thinking if that happens some of our out of town and out of state subscribers might see a delay in receiving their Friona Star. We will wait and see.

We've heard that radio station KNNK in Hereford is planning to broadcast Chieftain football games this year. They are rounding up advertising sponsors and looking for announcers. They also have plans to broadcast some basketball and baseball games too we were told. Will let you know when we find out more.

A Facebook posting says the Parmer County Sheriff's Office is in possession of five horses which were seized by court order.

A public auction received no bidders. The horses are subject to euthanasia if they are not placed with new owners. Interested persons should contact the Sheriff's Office at 295-3303.

Hope to see you at the park Saturday. I'll be there with the Lions Club cooking French fries and wandering around taking some photos and nibbling on cheeseburgers. Don't forget to send us your news items and keep in touch. Until then!

Bobby Thompson and his son Collin have begun installation of new windows at the Depot in City Park. The old windows with their wooden frames have been damaged over the years and were leaking and allowing dust into the depot. Donations are being accepted at Friona Interbank to help with the new windows. Checks can be made payable to the Community Heritage Society. Several nice donations have been received but more are needed.

About 46 children attended the elementary summer drama workshop. Here they are in a Monday morning rehearsal. The play is titled "Law and Order: C-rhyme and Pun-ishment." It will be presented to the public Saturday July 20 at 6 p.m. in the high school auditorium. Allison Johnston is director. Tickets are \$3 adults and \$2 students.

## Come out and enjoy the fun!!

Be sure to stop by our booth in the park for some cool watermelon during the Cheeseburger Cook-Off Saturday July 20.

Good luck to all the cheeseburger cook teams!

The Friona Evening Lions program at the Thursday July 11 meeting was Mayor Rick White. He discussed the future city water supply, and updated members on police, library, fire protection, municipal judge, and the plans for the housing development on the former Whaley property on Ashland/Woodland between 6th & 7th Sts. He noted that the census at Praire Acres and Heritage Estates has increased recently. From left are Mayor White, new club sweetheart Aspen Fleming, and Evening Lions president Randy Boeckman.

### AgriLife crop news

By Monti Vandiver  
Extension Agent

Crops have responded well to precipitation and cooler temperatures over the last couple of weeks. The area corn crop has about as wide a range of maturity as I've ever seen this time of year, from just planted to tassel silking. More mature corn fields are nearing or at peak moisture demand which could exceed .45inch/day under hot windy conditions.

Most cotton has "turned the corner" and is squaring but I have not seen a bloom yet. Square sets have been outstanding ranging from the low 90s to near 100% with most fields around 96%. While we are not behind in heat unit accumulation the cotton crop is behind due to delayed planting and harsh environmental conditions which likely will result in a shorter than normal effective bloom period.

# Panhandle Parables Careless Weeds

JEFF PROCTER, Minister, 6th St. Church of Christ

It has been a blessing to see moisture fall from the sky. Hail not so much, but we give God praise in the storm and the calm. Another noticed addition to the moisture is the ever present careless weeds. Those little dudes act like they are on Miracle Grow. I mow them down and boom I think they grow 3 inches overnight. So I pull out the big guns and give them a dose of weed killer, twice. It seems to take constant effort to keep those little devils at bay.

True for Christians is that there are times when "careless" weeds show up in our lives. Times when we say things, we need not say, or do things that, well sticking with the theme, that are rather careless. Then the battle begins for the heart softened by God's grace to deal with the weeds. It is a struggle and it takes constant effort to keep those little devils at bay. Habits have to change, God's Word sought for direction, and the painstaking effort of removal ensues. Yet the goal of Christians is to look more and more like Jesus. The very reason these weeds take hold is the steady seeding of them by Satan. Then if they are allowed to grow and left unchecked will take over. I cannot stop Satan from casting the seed, but I can be vigilant in dealing with the sprouts. The more we know of God's will the more we know what we should be. The more I look to Jesus and "Follow Him" the more aware I am of how precious His grace is and how great is His love. Thus the more confidence I have in choosing to rid myself of weeds and casting God's seed to grow in its place. No weed is too big for God, but I must decide whether or not I let it stay in my life. God will overcome; will you let it be so in your life? It truly is worthy of our effort to let Him change us. So don't be careless with the weeds.

# Not Without Warning

BRETT HOYLE, Pastor, First Baptist Church

Train whistles, emergency vehicle sirens and lights, yellow paint covering a slight step in a factory, tornado sirens and orange barrels on the highway all function as warning signals. Warning signals are great, when they function properly and people heed their warnings, but when people ignore the warnings, disaster is likely to follow.

God often sent His warning signals on the rebellious northern nation of Israel during the days of the divided kingdom. For example, in 1 Kings 15:25-16:24 3 dynasties, consisting of 6 kings come and go in just a few decades, all because they refused to heed God's warnings that judgment was coming due to their sinful ways.

When you, me, a church, a city or a nation disregard God's Word, and pay no attention to His warnings we are more foolish than a hobo napping on the train tracks. God has sent many warnings to our nation through natural disasters, weakness before our enemies, financial crises, rampant disease and infection, and because we have ignored His warnings, His judgment is soon to follow. Would you join me in praying for our nation, and calling people to heed God's warnings and avoid His judgment and experience His love, forgiveness and mercy found in Jesus Christ?

## Texas Sales Tax Holiday Aug 9-11

Texas Comptroller Susan Combs reminds shoppers they can save money on certain items priced under \$100 during the state's annual sales tax holiday. This year, the sales tax holiday is scheduled for Friday, Saturday and Sunday, Aug. 9-11.

The law exempts most clothing, footwear, school supplies and backpacks priced under \$100 from sales tax, which could save shoppers about \$8 on every \$100 they spend during the weekend.

"Texas families can take advantage of the sales tax holiday when doing their back-to-school shopping," Combs said. "The tax holiday applies

to a variety of items ranging from pens to jeans to help shoppers around Texas save some of their hard earned money."

Lists of apparel and school supplies that may be purchased tax free can be found on the Comptroller's website at [www.TexasTaxHoliday.org](http://www.TexasTaxHoliday.org).

This year, shoppers will save an estimated \$74.1 million in state and local sales taxes during the Sales Tax Holiday.

The dates for the tax holiday weekend are established by the Legislature in the state tax code. The sales tax holiday has been an annual event since 1999.

## 200 Percent? That's Incredible!

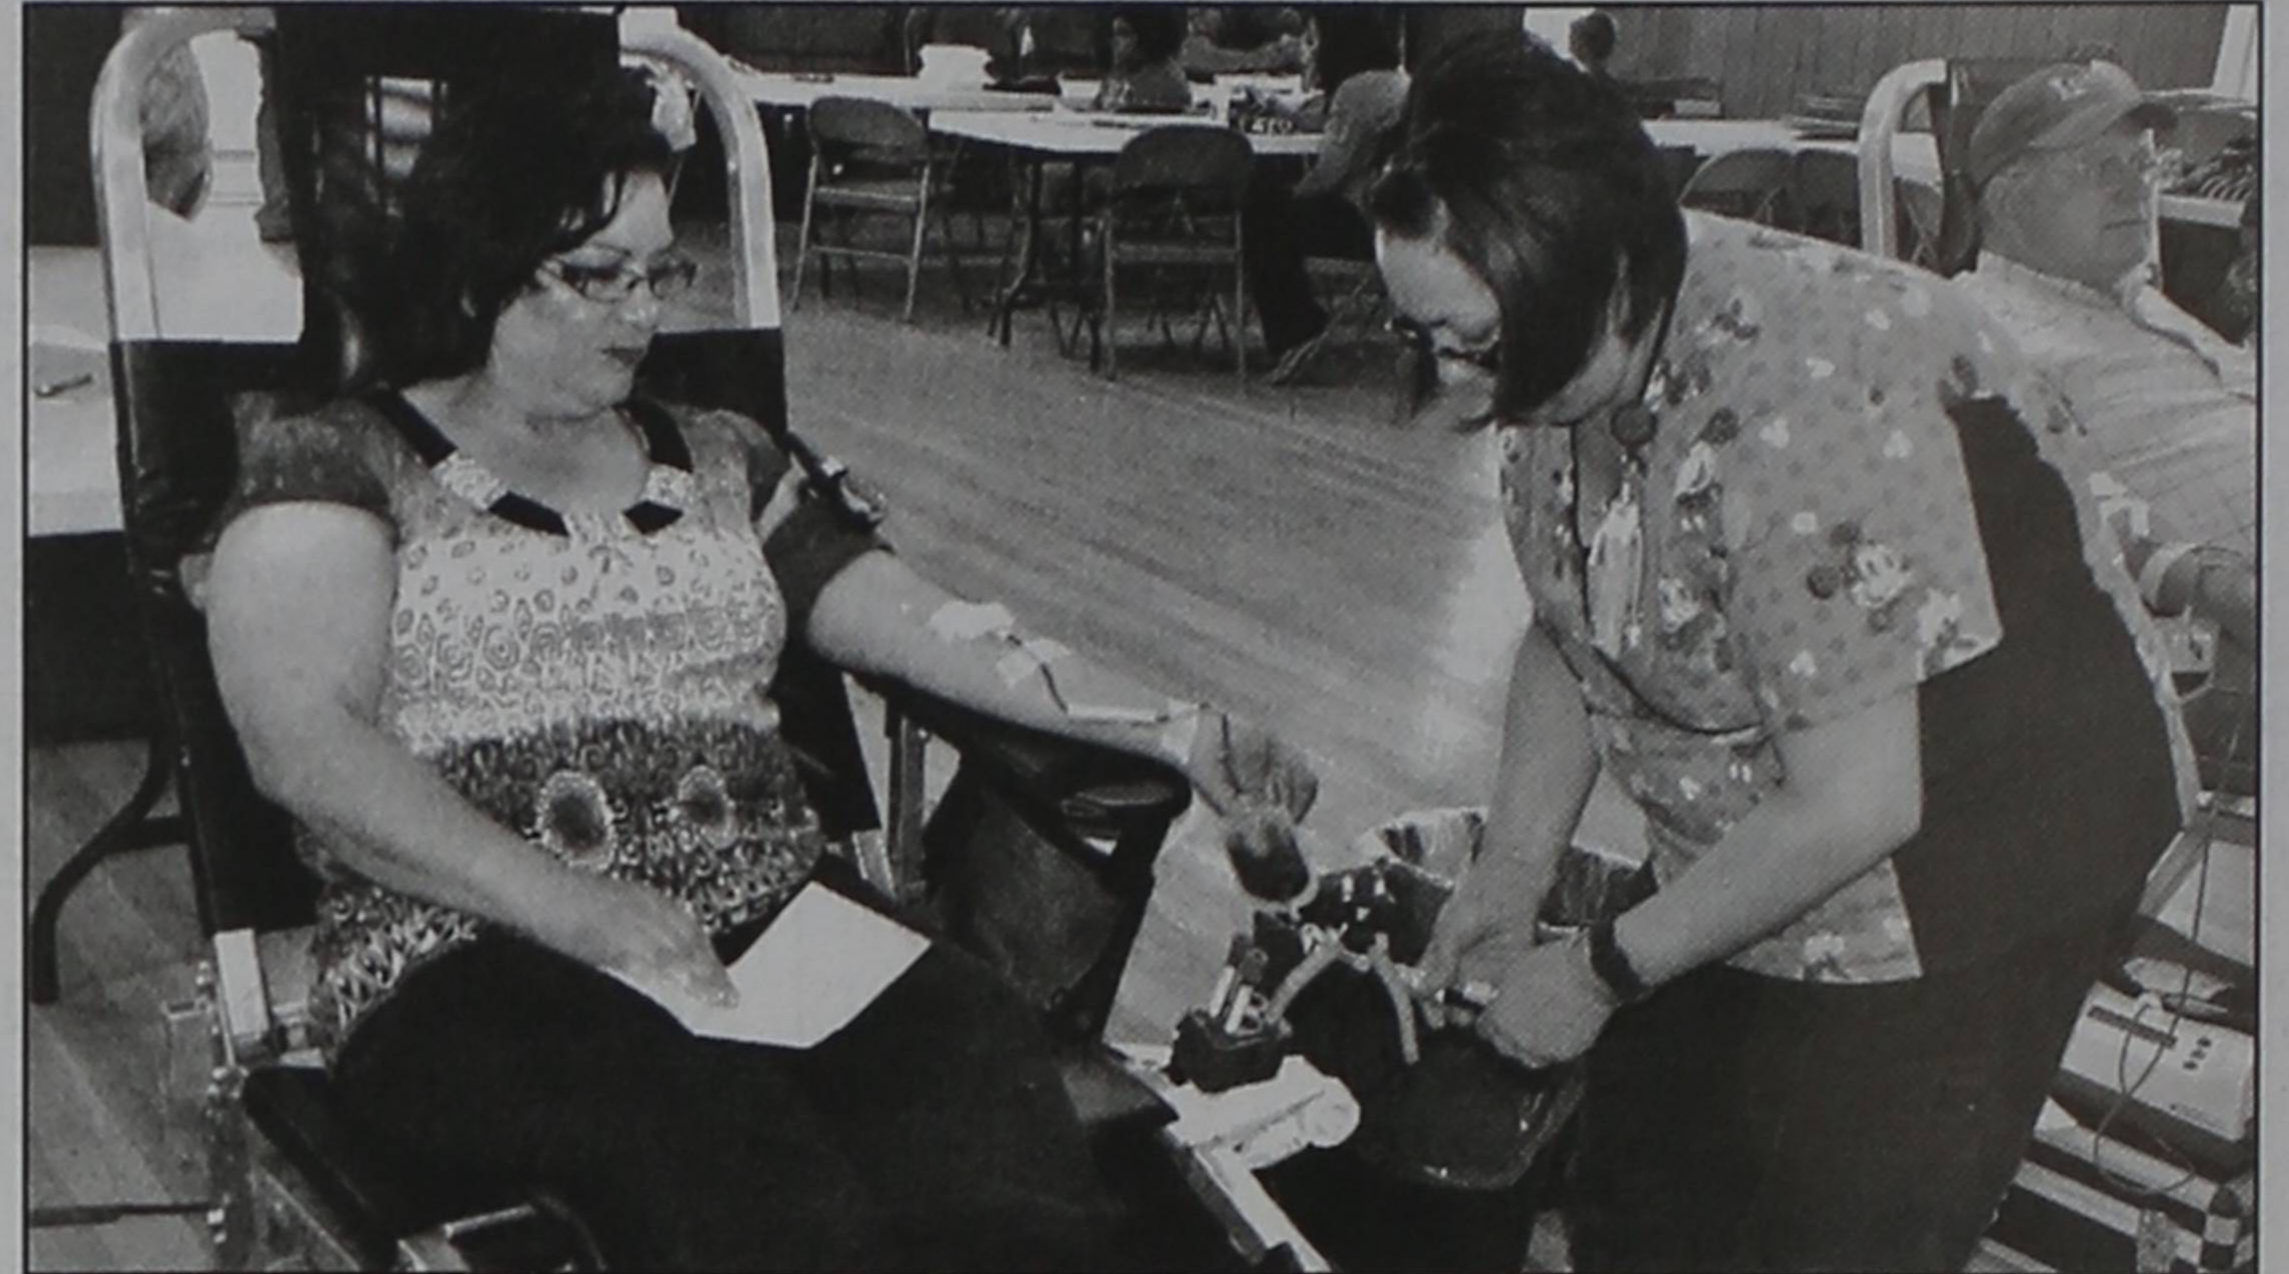

By Melanie Gallman Braun

Think you are too old to lift weights? Think again. Exercise (stretching, strength training and aerobic training) can keep you going. Research has shown that regular strength training in older adults improves balance, gait, speed, functional independence, morale, depression symptoms, and energy intake. Here's the best part—strength gains in previously inactive adults over the age of 90 have been found to be close to 200 percent! And, initial gains in muscle strength in aging adults can be achieved in a relatively short amount of time (3-6 weeks). Marked improvement in muscle mass and strength can be achieved in as little as eight weeks. Wow! Frail adults in their 80s and 90s can double or triple their strength in just a few months! This is huge. Especially when improving quality of life and maintaining independence.

Dr. Maria Fiatarone suggests that only a moder-

ate amount of muscle dysfunction is actually due to aging. We lose strength because we decrease our activity levels as we age. Again, the ole "use it or lose it" phenomenon. The ability to perform functional activities or, acts of daily living (ADL), is what keeps older adults living independently longer. Lifting, carrying, pushing, pulling, sitting, standing, walking and climbing stairs are required for maintaining quality of life and independence. There are a myriad of exercises for older adults in all stages of mobility—bedridden, wheelchair bound, mobile and all degrees between—to strength the muscles needed to perform basic tasks.

The take away here is that the capacity for increasing muscle strength and mass is retained into old age, and by exercising you can feel better and function more effectively no matter how old you are.

## REQUEST FOR APPLICANTS FOR APPOINTMENT AS COUNTY AUDITOR

Any person interested in appointment as County Auditor of Parmer County, Texas, should submit a written resume of their qualifications to the Office of the District Clerk, Parmer County Courthouse, Farwell, Texas, prior to 5:00 p.m. on Wednesday, July 31, 2013. The resume should include a statement of the positions of public or private trust previously held and the length of service in each of those positions.

To be qualified for appointment as a county auditor, a person must be:

1. a competent accountant with at least two years' experience in auditing and accounting;
2. thoroughly competent in public business details; and
3. a person of unquestionably good moral character and intelligence.

[There is no requirement that a county auditor be a licensed accountant or a certified public accountant.]

The term of office of a county auditor is two years. The Local Government Code prohibits any personal interest in a contract with the county by the county auditor. The Texas Constitution requires a county officer to reside in the county.

This appointment is expected to be a part-time position with the county auditor required to be in the office approximately sixty percent of the time the courthouse is open. A salary commensurate with the time worked will be set; also, health insurance and retirement benefits will be provided in accordance with county policy.
