Wilson Out,"

Lincoln, Neb. Jan. 23,-William J. Bryan takes the side of Gov. Woodrow requesting that his name be withdrawn from the columns of Harper's Weekly In a letter made public here tonight Mr. Bryan says:

"The recent break between Gov." Wilson and Col. Harvey illustrates the different points of view. Col. Harvey became a supporter of Mr. Wilson ic candidate for Governor of New Jer sey and he continued his support as a candidate for the Presidency. Of course, it is absurd for Col. Harvey's friends to talk about his 'bringing Gov Vilson out.' No man or paper could have made Gov. Wilson available as a candidate if he himself had not attract ed attention; it would have been im possible for Col. Harvey to have pre

His conspicuous support was not only of no advantage, but it became actually a disadvantage; it did not bring to Gov Wilson the class for which Col. Harvey speaks, but allenated men just as hon est as Col. Harvey's friends who could not understand why Col. Harvey prais ed Gov. Wilson personally without indorsing the things for which Gov. a liability rather than as an asset. "Should he have pretended that he ught that Col. Harvey was Wilson's frankness? Is he more interested in being known as 'the man who made Gov. Wilson famous' than in advancing Gov. Wilson5s cause Harvey has shown no signs of conversion. If with any consciousness or blindness He has seen no new light, and when he does, he will feel so ashamed of not to asseume leadership.

Highest Price For Cattle.
San Angelo, Texas, Jan. 24.—The
high price for range cattle in this section of Texas is advancing and is der controversy for more than a year. According to Vossier's statement, the men named had been under contract to drill an oil well and, when they be came financially imbarrassed in the enterprise, he furnished money with which to proceed, on contract that he should have one fifth interest in the company and he allowed to have possession of the drilling outfit.

Thornhill claims to have purchased this week higher tahn the packers quotations. Last week a bunch of cows were sold to ltasca ranchmen, the price paid was \$29,00 per head, which is practically \$4.00 above the range price of two months ago. A few days ago the price of \$57,50 was paid Byrd & Mertz, per head for steers. This is the highest price ever known in the history of the state to be paid for ordinary grass-fed cattle.

For years J. S. Donahue, So. Haven. Mich., a civil war captain, as a lighthouse keeper, averted awful wrecks, but a queer fact is, he might have been a wreck, himself, if Electric Bitters had not prevented. "They cured me of kidney trouble and chills," he writes, "after I had taken other so-called cures for years without benefit and they alsi improv-ed my sight. Now at seventy, I am feeling fine." For dyspepsia, indiges-tion, all stomach, liver and kidney troubles, they're without equal. Try them. Only 50 cents at all druggists.

Testimony bordering on the sensational was used by both sides to prove and dispreve that a conspiracy ex-isted in which old Captain Boyce was a figure, to liberate Mrs. Sneed and take her from her husband. John Pace, an attorney and a brother-in-law of Sneed, swore that letters from both Henry Boyce and Captain A. G. Boyce re received by him for Mrs. Sneed at Claypool, New Mexico, after her return from Winnipeg. On the other hand, in an effort to show that the ill-feeling existed prior to this time, County Attorney Baskin was intro-duced as a witness and testified that dneed as a witness and testified that on the day when A. Bowman, the brother-inlaw of Sneed, after seeing Captain Boyce in the court house, came to bim and said: "It's a damh good thing for old man Boyce that Sneed isn't here now." It was also shown that Bowman had sent a telegram to Sneed in Canada, telling him that the Boyces were trying to prevent the indictment of A. G. Boyce, Jr.
