NEW DIRECTORY BEING DELIVERED

COMPILERS OF 1912 ISSUE ESTIMATE POPULATION OF CITY AT ABOUT 12,000

STORY OF THE NAMES

Directory is Storehouse of Curious Facts as Well as Mine of Information

The Worley Directory Company of Dallas is now distributing to subscribers here its new directory of Wichita Falls for the year 1912. This is the issue by far the most attractive and useful yet issued for Wichita Falls. It is of smaller bulk than former issues on account of the use of better paper and fewer advertisements, but it contains more names and gives more information about the city. On the basis of the number of names the population is estimated at about 12,000.

From "Arthur Abbott" to "Alber Zundelwitz" the directory is a veritable storehouse of anomaly and curious fact.

Although centuries have passed since the crusades, right here in Wichita Falls the new directory shows that we have Pages, Knights, Bishops, Nobles, Princes, Earls, Dukes and even a number of Kings and a Pope to say nothing of a Priest or two and an Elder or so, although the directory does not say whether the Priests are Roman Catholics or the Elders are Presbyterians or of some other Protestant denomination.

To some of our people who have been buying their goods from a Sears and Sawback catalogue, the directory is recommended as listing many varieties of goods including Calico, Cotton and even Silk. And there are all kinds of colors too, including Red Blue, Brown, White, Black and Green Gray, Golden and Dunn. These may be bought for a price and the exchange may be made in Money or Bond and if one Bond of the right denomination cannot be found it is quite probable that the proper sum can be found in the use of a number of Bonds, of which the directory lists several. If a check is necessary the directory provides the Quill with which to draw it. The Quill must be used with care, however, as only one is named. He is John Quill and the directory has him down as a car inspector.

Knight and Day are provided in the directory but only one kind of weather is offered and that is the kind we have been having since the directory has been issued—Rainy. Various degrees of temperature may supply this deficiency and we may freeze when there is Frost. In the summer time it is quite likely that we may Fry.

A glance at the directory will show that we have almost any sort of a Man that there is including Ammermann, Hardeman, Hickman, Hillman, Blackman, Dolman, Mittman, Bachman, Eshelman, Redman and many others including a whole lot of sons starting at Amazon and going all the way through Benson, Denson, Dickson, Davidson, Dobson, Donaldson, Gibson, Harrison, Jackson, Lawson, Clawson, Jameson, Robinson and so on clear through the whole alphabet. Mr. Newman is a late arrival. There is also a Fairchild, but strange as it may seem, not a single Steppchild is named. Some of these are Long and others of course are Short, but the directory don't say whether they are lean or fat. There is a Mason or two, but the directory don't give any other fraternities.

Both the Morse and the Phillips code are provided for Mr. Pickle to send out the news of Mr. Dean's oil well. And by the way we have Gas in our 1912 book and out of deference to the many oil men in the city we give recognition in the name Derrick. There is another name that has come with the discovery of oil.

Several kinds of Birds are listed but you mustn't think that the Eagles are fierce and just because Mr. Wren runs a picture show where they have singing and vaudeville, don't think he can sing a Birdsong. Mr. Crow isn't Black either.

Several kinds of crops are mentioned including Wheat and Oats and we may conclude that the prospects are Good and Fine for we find these names in the directory.

The twelve thousand population estimate may be a little large for we have found several Farmers listed in the directory and Gardeners too, but the Waggoners and the Saddlers very properly belong in town. Bakers and Carpenters too find homes here.

There are Hoods for the women folk and for the men folk. We have Shoemakers but no shoes so Brogans are provided. Some of our Earls, no doubt wear Burisades, as we find them in the directory and they are most becoming to Earls. We have one sure enough Sport. His initials are "J. E." but because he works in the post office we see no reason to assume that he sells Stamps.

Some of our Hills may be Short and others may be High and others may surely be Long for we find all of these names in the directory. When we have Snow it can be expected that there will be Shivers. We have all kinds of Moods here in Wichita Falls as any one can see by looking in the book that the Worley Company has compiled for us. There is Huff, Cross, Jolly and Loving. We may conclude that some are Proud for we find Pride. If you are worried or in trouble read the directory for you will find Peace there. Finding a Sargent it is quite natural to look for some sort of a military establishment and sure enough it is right there in Fort. There is only one of them named in the directory

but you will find many Parks and quite a number of Ponds. Near the Ponds you will find Greenwood and many other kinds of Woods. Our town also has several Wards. We have West, North and South but no East. We hope that by this time the next directory is issued this deficiency will be supplied.

It is very appropriate that our Mr. Art is a jeweler. There is a good supply of Stones for his trade including several Rubys.

In the animal line we have a Fox and also the proverbial Lyon and Lamb. Right here in town we have Fields too. That probably explains the Farmers and Gardeners. It is to be expected that where there are Parks, Flowers such as Roses may be found. We have an occasional epidemic in Wichita Falls, such as Measles. Among other commodities listed is Bacon, and among the animals is Hogg.

There are many other interesting facts in the directory which make it a very entertaining book. In fact it is almost invaluable to any business or professional man and will be found useful by all others.

FINANCIAL AMERICA ON STOCK MARKET

Industrial and All Other Active Stocks Have Shown Strength Past Week

By United Press.

New York, March 23.—Financial America in its issue Monday says: The manner in which industrial stocks during the past week made the sports of business throughout the country of far more importance as a market influence than they have before for a long time. They brought a show of strength and activity, not only in the industrials, but nearly in all other active issues, they have been constant allusions to a possible depressing influence that might come from the inauguration of a strike in the anthracite fields must necessarily have been clearly known to those who have been important factors on the bull side of the market all through the upward movement and it was evident that the market had disregarded the probability of friction between the coal miners and operators.

Nearly all the important railroad stocks are now ranging far under the values calculated upon dividend returns and with improvement in business and generally better industrial conditions it is to be expected that an investment demand will appear in these issues, and with the appearance of accumulation in this account, those stocks may again resume a commanding position in the stock market operations.

EXPLOSIVE RISE IN MAY WHEAT

May Option Gained Two Cents For The Week and July Option Gained 1 Cent

By United Press.

Chicago, Ill., March 23.—The week's trading in the wheat market closed with a nervous and explosive rise in day wheat that sent the prices up one quarter today. New developments were looked upon as favorable for a bear movement but instead of increasing the receipts and causing a higher market in Europe were the incentives for commitments at Western primary points were heavy, he demand for cash wheat was small and lower. Markets were reported from European trading centers. May wheat gained two cents for the week and July 1.

Smaller receipts, bad weather that retarded shipping operations and cables of a higher market in Europe were the incentives for commitments at Western primary points were heavy, he demand for cash wheat was small and lower. Markets were reported from European trading centers. May wheat gained two cents for the week and July 2.

The oat market was firm most of

Mr. Henry Sonneborn Was The First 'Clothing Manufacturer in America

He is the man who has given to democratic America medium-priced clothing that embraces something more than mere materials, cuts in prevailing modes. When he, a poor boy, started in 1849, serviceable clothing with style and fit, made of durable fabrics at a medium price, was unknown. He established a new standard for measuring the value of medium-priced clothes—the standard of service. Today his plant, employing thousands of skilled workers, is the largest clothing factory in the world, with a record output of 50,000,000 Suits and Overcoats in 63 years of production.

Henry Sonneborn & Company of which Mr. Henry Sonneborn is the founder, is one of Baltimore's cherished and most respected institutions. Their latest achievement, STYLEPLUS CLOTHING at \$17.00 the suit, is the consummated efforts of this entire organization bent on the production of the utmost in good clothes at a minimum price.

This store is one of 5,400 distributors of Styleplus clothes, at \$17.00 the suit

Styleplus clothes, at \$17.00 the suit; The Manufacturers absolutely guarantee these clothes to us—we cheerfully pass their promise along to you.

Styleplus clothes, at \$17.00 the suit; Every thread of Fabric is pure virgin wool or wool and silk thoroughly shrunken.

Styleplus clothes \$17.00
Styleplus Free repair service goes with every Styleplus suit.

Styleplus clothes \$17.00
One price every where to all men

See big display in our center show window to-morrow. We want every man in the city to see these Styleplus clothes, at \$17.00 the suit.

Pennington's

RICHELIEU FOOD PRODUCTS

UNIFORMITY in quality of food products grown in widely separated latitudes, and subject to the uncertainties of climatic conditions, is a difficult attainment and only acquired by the most exacting and insistent efforts.

No matter what difficulties are encountered RICHELIEU never fails in uniformity. This refers to every product under the RICHELIEU brand.

Occasionally some other brand may be found satisfactory one season and utterly fall short the next.

Again, in other brands may be found an occasional package with no assurance that the next will be equally as good—the proof is against it.

In RICHELIEU products, whether one can or a thousand, whether a single package or a car load, whether this year, last year or the next, you can bank on it that every article bearing the RICHELIEU label will compare one with the other, like needles in a paper, or coins from the mint.

THE RICHELIEU LABEL. Beautiful isn't it? But don't mind the label. Examine the goods, open a package, pour the contents into a glass receptacle. Ever see anything more tempting? Taste it. Let the flavor linger on the palate. Can you beat it?

These are tests that make people who once enjoy RICHELIEU foods refuse to be content with any other.

Order RICHELIEU goods and smile.

Fruit men say the fruit crop has not been hurt here yet a cold norther is blowing tonight and a frost is much feared if the weather clears before morning.

WILL GIVE \$500 TO SICK OF WICHITA FALLS AND VICINITY

Indiana Scientists Who Originated the Now Famous "Home Treatment" Offers \$1.00 Treatment Free to Sick and Ailing.

In order that every reader of the Wichita Times who needs treatment may have an opportunity to test this celebrated medicine, the now famous Indiana scientist has come to the front with an offer to give absolutely free a full size \$1.00 package to five hundred persons to prove the wonderful claims which have been made for it. In making this offer the scientist said: "I know that there are many people who have been suffering for years with some chronic disease and many of them have spent large sums of money seeking a cure. I know that these people hesitate about investing money in medicine because they have despaired of ever getting well. Thousands have told me that story and many thousands of the same people have told me afterwards that my treatment had cured them after doctors and everything else had failed. I want to show these despairing people that all the newspaper talk about my treatment is absolutely true. I want to prove to a limited number—no matter what the disease, no matter how long they may have suffered—that my treatment really and actually does accomplish the wonderful results that have been reported."

Ojinaga In Hands of Rebels.
By United Press.
El Paso, Texas, March 23.—Ojinaga, a Federal stronghold on the extreme eastern boundary of the State of Chihuahua, fell into the hands of the rebels today by the desertion of Gen. Jose De La Luz Sanchez from Madero's cause. He turned the garrison and all his arms and ammunition over to General Pascual Orozco and joined the rebel cause. He will be given a command in Orozco's army if it is announced.
In the taking of the town Orozco secured sufficient munitions to equip his recruits at Chihuahua and is in position to start upon his campaign against Torreón.
Fighting was resumed late today at Escalon and Salazar has reported to Orozco the capture of sixteen Federal soldiers. The Federalists declare that they had only three wounded in Friday's engagement and say the re-

belts had 18 killed. The rebels have not made a report of their losses. The Federalists have retreated. But it is believed to be a trap as General Tracy Aubert, Federal leader, has been heavily reinforced and appears to be holding the rebels in check. Juarez has been swamped with food stuffs today as the result of the lifting of the ban by the United States custom-officials and the heaviest business in years has been done by El Paso wholesale houses in supplying mines and merchants over North Mexico.
Mexico Appreciates U. S. Action
By United Press.
Washington, D. C., March 23.—The Fourteenth Cavalry enroute from Philippines was today ordered distributed between Fort Clark and McIntosh, Texas. The Mexican ambassador today thanked President Taft for the interest of the United States in enforcing neutrality.
Rebels Forced to Retreat
By United Press.
Mexico City, March 23.—After two hours sharp fighting between three hundred Federalists and rebels near Escalon forty-five miles south of Juarez yesterday, the insurgents

quit the field retiring to the north, burning bridges and crops as they went. The rebels were commanded by Salazar and Emilillo Campa. The rebel cavalry attacked the Federal infantry. The Federal chief swung artillery and cavalry into play closing in on the rebels and forced the fighting several hours. The rebels left eighteen dead on the field. Federal Commander Galvan declares that there were only three of his men wounded.
Appeal to Gomez For Peace
San Antonio, Texas, March 23.—After an all day conference with a committee from Mexico that is waiting upon him with an appeal for peace Epitacio Vasquez Gomez announced this afternoon that no decision had been reached. "I shall have no answer to make until the conference closes," said he. "It may be prolonged until Sunday night or Monday." Members of the committee spoke in similar strains.
Challenge to Jake Winters.
Wichita Falls, Tex., March 23, 12. As the Hon. Jake Winters is billed to speak at Wichita Falls Apr. 25th 1912, and as he has said to attack

the Socialists and severely criticize them in some of his recent speeches, We feel that in justice to the socialist party. He should be willing to meet one of our representatives in joint debate on the above date, and we hereby challenge him to meet Stanley J. Clark on above date, we feel that since he has attacked us that he should abandon the old threadbare claims that we are not strong enough to demand his attention neither can we reject us on the grounds that our representative is not of sufficient prominence as Stanley J. Clark is one of our National Executive Committee men and is known throughout the United States as one of our most noted lecturers and debaters, and if he fails to accept our challenge, we shall take it that he knows he has made false statements, that he can not come into, the open and defend We will allow Mr. Walters to arrange the division of time to suit himself, all we ask is a chance to present our side of the question, and to prove to the public that Mr. Walters is either too ignorant to represent the masses or is dishonest, let the Democrats put up or shut up, We further guarantee our part of the ex-

periences or all of expenses if required of us, to have the Joint Discussion.

First National Bank Building

WOULD RENOUNCE HIS COMMISSION

BRYAN IN EDITORIAL SAYS HE COULD NOT BE A PARTY TO HARMON'S NOMINATION

EVEN IF HE IS INSTRUCTED

If Honored With Choice as Delegate While Primary Vote Was for Harmon He Would Refuse to Serve

By United Press.
Lincoln, Neb., March 23.—Reiterating his charge that Governor Harmon is the "choice of predatory interests," and declaring positively that he will not support the Ohio Governor at Baltimore "under any consideration," Wm. J. Bryan authorized advance publication of a Commoner editorial in which he replies to the charge of Senator Hitchcock at Washington that he (Bryan) is attempting to re-assess the old doctrine of the party boss.
The Bryan editorial in part is as follows:

"The Democrats of Nebraska will have an opportunity to decide the issue raised by Mr. Hitchcock against Mr. Bryan. Mr. Hitchcock announces that his first choice for the presidential nomination is Governor Harmon of Ohio, but that he will support either Mr. Wilson or Mr. Clark if so instructed by the Democratic voters at the primaries. Mr. Bryan has stated that as between Mr. Wilson and Mr. Clark he does not care to express a preference, regarding them both as progressive and that he will be glad to in the convention for either if instructed to do so by the Democrats at the primaries. But believing that Mr. Harmon is a reactionary whose nomination if secured at all, will be secured by Wall Street influences, he is not willing to be a party to his nomination. Mr. Bryan announces that if elected a delegate to the convention he will renounce his commission and refuse to serve if Mr. Harmon received a plurality at the primary.

"Mr. Hitchcock criticizes the position taken by Mr. Bryan, his conclusion being summed up in the following sentence: 'If Mr. Bryan is not willing to promise to abide by the instructions of the Democrats of Nebraska, he ought not to be a candidate.' Mr. Bryan's argument is that he believes in keeping the spirit of the law as well as the letter. No man ought to attempt to speak for the Democracy of Nebraska unless he can carry out the spirit as well as the letter of their instructions. If the Democracy of Nebraska favors Mr. Harmon, it ought to be reported by delegates who can support Mr. Harmon, not only conscientiously but with enthusiasm.
"Mr. Bryan cannot support him under any circumstances and he would forfeit the confidence and respect of the friends with who he has labored for nearly two decades, if, believing as he does that Mr. Harmon is a reactionary and the choice of the predatory interests of the country for the Democratic nomination. Believing this he is willing to surrender his electio-

mally to Judge Rosalky and seriously injured an explosive expert in the magistrate's library. The police connect the Rosalky incident and the Nicoll letter with the case of Foulke E. Brandt, who was sentenced to 30 years' imprisonment on a burglary charge by Judge Rosalky. Nicoll charging Schiff was active in the fight to keep the valet in prison.

According to the terms of Nicoll message a small package containing the \$10,000 was to be delivered to a man who would call upon Nicoll for it at 5 p. m. Two detectives who have been working on the Rosalky explosion were sent to the Nicoll home and started humming the "Marsailles." In less than ten seconds 10,000 men and women in the big factory were singing the battle hymn and marching out of the mills. About the same time this afternoon about 3,000 other textile workers walked out of four other mills here and the strike order by the Industrial Workers of the world was on.

SINGING OF MARSAILLES SIGNAL FOR STRIKE

When Revolutionary Hymn is Started 10,000 Woolen Mill Workers March Out of Mill

By United Press.
Passaic, N. J., March 23.—One weaver in the Forster and Hoffman woolen mills raised his eyes from his loom and started humming the "Marsailles." In less than ten seconds 10,000 men and women in the big factory were singing the battle hymn and marching out of the mills. About the same time this afternoon about 3,000 other textile workers walked out of four other mills here and the strike order by the Industrial Workers of the world was on.

The workers are demanding a minimum wage of \$1.00 per week, and in creases from 50 to 75 per cent. The owners declare to grant the demands would throw them all in bankruptcy. All the mills are swamped with unfilled orders and have been working day and night. No violence was shown by any of the strikers today.

BUZZING LIKE SMALL BYCLONE

Presidential Politics Fairly Sizzling in Both Republican and Democratic Camps

By United Press.
Washington, D. C., March 23.—With two more favorite sons in the Democrat running, Senator La Follette in the Republican list with North Dakota's ten delegates and the announcement from Col. Roosevelt's headquarters that contests will be made against 92 of the 143 delegates claimed for Taft, presidential politics here tonight fairly sizzled.

Both the Roosevelt and Taft Boomers were claiming Indiana tonight. The Colonel's backers said 8 of 13 districts would line up for him. Taft's managers claimed 143 delegates in the National convention; Roosevelt 48; La Follette 10; Cummins 2. Among the Democrats Clark led with claims of 66 delegates. Wilson's bureau here said there were 38 pledged for the New Jersey governor. Governor Marshall of Indiana and Governor Burke of North Dakota, were credited with thirty and ten respectively.

ALLEN OUTLAWS NEAR CAPTURE

Hillsville, Texas, March 23.—The reign of the Allens is ended. Another, gnawed by hunger, deserted by former friends, hunted from crag to crag like beasts the four remaining members of the Allen gang who muflered the court officials on March 13 are near capture. Within four days they will be prisoners, or else will be driven from the mountain fastnesses which have been their refuge.

At least three of the outlaws are positively in Carroll county. The fourth, Sida Allen, is in all probability with them though it is not definitely known.
This is the belief and statement of Detective Felts, employed by the government to run down the outlaws. Felts has been proclaiming the dawning of a new era in the Blue Ridge and for the people of the southern part of Carroll county. "The reign of the Allens is ended," he says to them, "by their own acts they have placed themselves where they can harm no one. None is so weak as to do them reverence. You are free men."

The name of Allen possesses strange awe for them. The fugitives themselves are realizing the truth. They are running, dodging, fearful, no longer proud and arrogant. They beg for food where they once commanded. Meals have been spread for them at places appointed with their friends, but they have hesitated to go near them.

SHIFF'S ATTORNEY IS THREATENED

Lawyer Connected With Brandt Case Receives Letter Demanding \$10,000

By United Press.
New York, March 23.—A score of detectives remained on duty about the home of Attorney Delaney Nicoll tonight following the receipt by the lawyer of a letter demanding \$10,000 under threat of death by a bomb. Last Saturday a dynamite bomb was

THOUSAND POLES CHEER WOODROW WILSON

Milwaukee, Wis., March 23.—Governor Woodrow Wilson, of New Jersey, brought cheers of approval from a thousand Polish laborers here tonight when he lauded the industrious, frugal immigrants who came to this country to escape hard conditions of the old world and build new homes for themselves and families in the land of the free.

The Governor declared that he did not say these things because he had been lied about as having criticized the foreigner, for he said it was his earnest conclusion that the man of foreign birth usually becomes a worthy citizen and that often times the very reasons for his leaving the mother land insure him to be the more loyal to the free institutions of America and he therefore becomes a most wholesome unit of the electorate of the United States.

Kirklen's Trial Up Monday

By United Press.
Fort Worth, Texas, March 23.—Frank Kirklen, who on February 13 shot and killed Eugene Slayton, will face trial Monday morning in District Judge Simmons court. One hundred and fifty men have been summoned from which to select the jury. It is believed all of Monday will be occupied with preliminary motions. The prosecution will be forced to go to trial without the assistance of Lillie Woodard who was engaged to marry Slayton and who two weeks ago married Kirklen to whom she had previously been married and divorced. Directly after the killing the woman declared Slayton "was the only man she had ever loved. The State expected to make her its star witness. Her marriage to Kirklen, however, tells the State counsel as under the law she cannot testify against her husband. She likely will not take the stand at all. Mrs. Kirklen was with Slayton the night he was killed. Kirklen's plea will be self-defense. He is out on \$10,000 bail. He claims Slayton wrote him threatening letters. Mrs. Kirklen now has been married five times but is only 25 years old.

Entered at the Postoffice at Wichita Falls as second-class mail matter

Ed. Howard, General Manager; R. D. Dossell, Managing Editor

Wichita Falls, Texas, March 24th, 1912

These rains are crop and town builders, so don't complain. Our harvest will come later on in the season.

Clay county is to have another local option election on March 30. The pros are optimistic, and predict a majority from 400 to 500.

The Fort Worth Record has severed diplomatic relations with the Wise County Messenger, all on account of the Norris affair. The Record refuses to exchange with the Messenger.

FOR A PRESIDENTIAL PRIMARY.

The "Wilson for President Club" of Wichita county, through its chairman and secretary, have sent to the chairman of the State Democratic Executive the following letter:

Wichita Falls, Tex., Mar. 23, 1912. Hon. J. Sheb Williams, Chairman and Member - Democratic Executive Committee: Gentlemen:

In behalf of the "Wilson for President Club" of Wichita county, we urge the holding of a presidential preference primary in Texas. We pledge Gov. Wilson's friends to furnish half of the officers necessary to hold said election free of cost in this county.

Respectfully yours, A. H. BRITAIN, Chairman Wilson Club; W. J. BULLOCK, Secretary Wilson Club.

Nearly every "Wilson for President Club" in Texas, no doubt will make similar requests of the State chairman, and it is to be hoped that the State chairman and the committee will do the right thing and order a presidential primary. It is by far a more fair and accurate way of ascertaining which one of the Democratic presidential candidates is the choice of a majority of the Democrats of Texas. The followers of Wilson believe that their man is the choice, and so strong are they in this belief that they are anxious to have it settled in a way that will be absolutely fair, or at least, as fair as any election by ballot can be.

FAVORS PARCELS POST.

Wichita Falls, Tex., Mar. 21, 1912. Editor of Wichita Times:

I see from your issue of March 15, that the Chamber of Commerce has gone on record against the measure now before Congress, known as the Parcels Post Bill.

You have advocated from time to time that the farmers join the Chamber of Commerce. Now it seems that the Chamber of Commerce has placed itself on record against the best interests of the farmers. For a number of years the leading agricultural papers have urged upon their readers to write to their Representative in Congress, in order to get a bill through the House.

Just a few days ago I sent a small package to Washington. The express charges was 50c for the package. Under the Parcel Post Bill it would have cost me only 25c, and saved a ten mile drive. Again I had a merchant of Wichita Falls to order a small box for a plow, weight of which was 5 lbs. and cost \$1.00. The express charges was \$1.00, therefore the express was as high as cost of box. By mail under the Parcels Post Bill, it would have cost me only 15c.

I also sent to Ladonia, Texas, for a few pounds of cane seed, the price of which was 50c. The express charges was \$1.10. Under the Parcel Post Bill I could have gotten the 11 lbs. for 25c. Therefore I lost 85 cents on this one article.

Now for more than twenty-five years the people have thus been held up, and I think this bill, only a step in the right direction.

Respectfully, LOUIS H. KIEL.

There is every evidence to lead one to the belief that a determined effort will be made at the next session of the legislature to repeal what is known as the Robertson law, which, in short is a law that makes it compulsory for life insurance companies to invest a certain portion of their earnings in Texas securities. As a result of this law, several large life insurance companies have threatened to withdraw from the State, but so far none have done so. Perhaps the State would be better off if a few of them would carry out their threats. Since the passage of this law, which is a good one several Texas insurance companies have been organized, and all of them are doing a good business. It is one way of keeping Texas money in Texas, and if they were some laws like it, the

State would fare better. Texas securities are as good as can be offered. This law does not prohibit foreign life insurance companies from transacting business in the State, but it does say to them that they shall not be permitted to send the State for millions of dollars annually without giving anything in return. There is not the least danger that those who believe in taking out life insurance will be deprived of that privilege should the foreign companies, failing in their effort at bull-dozing, withdraw from the State. There will be ample opportunity to get this insurance from companies that are not out-laws, and that do not adopt out-law methods of getting business. The Times would like to have an expression from the candidates for the legislature from this district upon this very question. It was one in which the people of Texas are quite as much, (or at least should be) interested in as they are in the governor's or senatorial race. This law means much for Texas in a financial way and should stand as now.

We're not so much worried or in doubt that this is going to be a Democratic year in politics, and that a Democrat is going to land in the White House. That is almost a foregone conclusion, judging from the fact that the Republicans are now engaged in just the kind of tactics the Democrats have practiced for the last fifteen years. The real thing that bothers us is that the Republicans are holding all the fat jobs, and their commissions don't expire until about three years after the Democratic president will be inaugurated. That's the hard part about the business. It is true there won't be offices enough for all the Democrats, but it should be so arranged that every office should have a Democrat, without having to wait so long. We've already waited long enough.

JUDGE HUFF FOR REPRESENTATIVE

There is a strong probability that Judge R. E. Huff will, within the next few days, allow his friends to announce him as a candidate for the legislature from this the 101st district, and if he does and is elected, no district in the state will have a more able or stronger man as its representative. The district is composed of Wichita and Wilbarger counties and so far Wilbarger has no candidate in the race. By this it is supposed he expects Wichita to furnish the representative. Judge Huff is not a seeker of office, but there is not a man in the county who could go before the people and ask for political honors with a better expectation of having his wishes acted upon favorably than himself. He is a democrat and has never yet refused to vote the ticket, without scratching, or to perform a service for the party that carried with it no remuneration whatever, and little honor or prestige. On the question of prohibition, while he is not an enthusiastic pro as some of us would like him to be he has never voted any but a "dry" ticket. The Times can vouch for his record on that point, and the Times can further say for Mr. Huff that he is a man who can be relied upon implicitly to vote the sentiments of the district on that question when it becomes necessary to do so.

For the past three or four years he has been president of our Chamber of Commerce, and has done good service, both for the city and county. If he should conclude to become a candidate, or allow his friends to announce him as a candidate for the legislature, the city and county would show gross ingratitude not to honor him. The Times sincerely hopes that Mr. Huff will become a candidate, and is frank to say, that while it rarely ever takes a hand between men as candidates for local offices it will do what it can in an honorable way in an effort to elect him, firm in the conviction that in taking that position it is doing what is best for all the people of the district.

BALL SEASON OPENS APRIL 25

SCHEDULE FOR TEXAS-OKLAHOMA LEAGUE ADOPTED AND ALL DETAILS ARRANGED

SALARY LIMIT AT \$1,000

Guarantee is \$40 Per Game—Games Scheduled Up to July 28th—95 Games Scheduled

By United Press. Sherman, Texas, March 23.—All of the towns of the Texas-Oklahoma Baseball League were represented here today in a meeting at which the schedule for the season was arranged. The season will open April 25 and close July 28th and ninety-five games will be played. The salaries are not to exceed \$100 per month, and each town guarantees \$40 per game, except on rainy days when the guarantee will be \$20. The opening games will be in Durant, Wichita Falls, Greenville and Denison.

TAFT IS ATTACKED BY ROOSEVELT

(Continued from page 1)

They already are, the representative part of the people, which governs the rest of the people—and which does not really represent them, at all, but misrepresents them.

"In short, in its actual workings, the President's scheme would be a government of the people, for the people, by the people's bosses; and it would make little difference to the people whether the bosses, through boss controlled legislatures, or through boss nominated and privilege-ridden courts. As against this we hold that the American people are fit to rule themselves, in other words, whereas, the President believes that a part of the people ought to govern the rest, we hold that all the people are to govern themselves by choosing some of their number, not to govern them in the sense of ruling them, but to manage their government for them as they themselves decree.

This is not a difference of words; this is a fundamental difference which explains why in so many matters the progressives do not feel that the President, however good his intentions, can properly represent them, or carry to progressive ideas the kind of loyalty which results in the translations of words into actions. How fundamental this difference is was shown by the President's selection of Lincoln's birthday as an occasion for criticism—according to the newspaper reports he did, the men who proclaim the shibboleth of the man before the dollar. This criticism was peculiarly infelicitous on such an occasion, for it was Lincoln who, on April 4, 1859, wrote to the Jefferson dinner committee of Boston saying that the defenders of slavery hold the liberty of the man to be absolutely nothing when in conflict with another man's right of property. Republicans on the contrary ask for both, for the man and the dollar, but in case of conflict the man before the dollar. Was Lincoln a demagogue? "We hear much talk among the defenders of privilege of fear lest there shall be confiscation of property. As a matter of fact there is no danger of such confiscation. The danger is precisely the opposite. The danger is the application of true property to private use with the convenience of the trustees, whom the people elect to protect their interests. These trustees lax, or unfaithful, being that representative part of the people whom the President says should by right govern the rest of the people. State made titles to public property flitted with the ignorant or corrupt acquiescence of the trustees in question are made the instruments by which the real man made property is taken from those who should have it, so that a few of the people may be partitioned to use for their exclusive

benefit which of right should be used for the benefit of all.

"We progressives have seen the wrong in this, and have pledged ourselves to its undoing and we are not to be awayed from our purpose which is to secure for the use of the plain people the things which of right are theirs."

Roosevelt then took up the suggestion of court reform enunciated in his Columbus speech and reiterated in his speech in Carnegie hall in New York. He declared the people make Constitutions and are entitled to have them express their will. He also explained that when he advocated the "recall of judicial decisions," he intended only that such a remedy should apply in unusual cases. The United States was the only country, he said where the legislature was not superior to the courts.

"When the people here, as elsewhere, throughout the world," he continued, "are seething with unrest it behooves not any man to think of restoring confidence by putting out of the affairs of Government instead of taking them more into the affairs of government."

Roosevelt then explained that he was necessarily condemning courts for decision with which he disagreed.

What he wanted was a more elastic method, where the people could change the constitution when it interfered with great reforms. He also criticized, although not by name, President Taft for Roosevelt's "country life betterment," which he said was designed to give the men and women of the soil a better chance for full social and industrial life. He defended the farmer from the charge that he was the author of the high cost of living and in conclusion appealed for more careful treatment of the rural population which he said has hitherto received too little attention from our government.

Lace Curtains Launched. Prices 35 and 50 cents per pair. P. O. Box 72, city. Majd D. Lindsey. 266-27tp

Bullinger Man Stabbed. By United Press. Bullinger, Texas, March 23.—Lawrence Shields stabbed and probably fatally wounded Will Dunlap with a pair of scissors in the former's office here this afternoon. Both parties

are prominent business men of this place. Dunlap is in a local sanitarium and the physicians say his recovery is very doubtful. Shields is under arrest.

Wolter's Meeting Postponed. By United Press. Itasca, Texas, March 23.—On account of the heavy rains which prevented the use of the roads near here by those to hear Jake Wolter, speak with regard to his candidacy for United States Senator, Col. Wolter's friends were advised that he would return later to make an address. Hence he did not stop, but was greeted by a large reception committee when he passed through on the train enroute to Waco where he will spend Sunday.

FARM AND FIELD SEEDS

NEGRO LYNCHED AT FORT SMITH, ARK.
By United Press.
Dallas, Texas, March 24.—A telephone message here at one o'clock this morning tells of a lynching at Fort Smith, Ark. The report says George Hunter, a negro was hung by a mob, to a telephone pole in front of the Main Hotel. It is said that the lynching followed the shooting of Policeman Andy Carr by the negro. The lynching occurred at 12:15 o'clock this morning. It is said that Carr arrested a negro woman for some offense and was on his way to the jail with her when Hunter interfered asking that the prisoner be released. Carr refused. There was further argument, with the officer continuing toward the jail. Reaching a rather infrequented street, it is said, the negro drew a revolver and shot the officer dead. Hunter was arrested following the shooting of Carr and lodged in jail. News of the murder soon spread over the city, however, and a crowd gathered. By 1:30 o'clock people were in the downtown streets and a march to the jail was begun. Several unsuccessful attempts to gain entrance were made before finally the doors were battered down with an improvised ram made from a telephone pole.

WANTED—Work by woman. Have one little girl. Best references. Address "D" care Times office. 267-1tp

NEGRO LYNCHED AT FORT SMITH, ARK.
By United Press.
Dallas, Texas, March 24.—A telephone message here at one o'clock this morning tells of a lynching at Fort Smith, Ark. The report says George Hunter, a negro was hung by a mob, to a telephone pole in front of the Main Hotel. It is said that the lynching followed the shooting of Policeman Andy Carr by the negro. The lynching occurred at 12:15 o'clock this morning. It is said that Carr arrested a negro woman for some offense and was on his way to the jail with her when Hunter interfered asking that the prisoner be released. Carr refused. There was further argument, with the officer continuing toward the jail. Reaching a rather infrequented street, it is said, the negro drew a revolver and shot the officer dead. Hunter was arrested following the shooting of Carr and lodged in jail. News of the murder soon spread over the city, however, and a crowd gathered. By 1:30 o'clock people were in the downtown streets and a march to the jail was begun. Several unsuccessful attempts to gain entrance were made before finally the doors were battered down with an improvised ram made from a telephone pole.

shooting of Carr and lodged in jail. News of the murder soon spread over the city, however, and a crowd gathered. By 1:30 o'clock people were in the downtown streets and a march to the jail was begun. Several unsuccessful attempts to gain entrance were made before finally the doors were battered down with an improvised ram made from a telephone pole.

BOTH CANDIDATES CLAIM INDIANA
Indications are that Result Will be Very Close Between Taft and Roosevelt
By United Press.
Indianapolis, Ind., March 23.—The alignment of Indiana in the contest between President Taft and Col. Roosevelt is doubtful tonight. Both the Taft and Roosevelt managers issued statements tonight asserting that they would control the Republican State convention here Tuesday which will select four delegates at large to the National convention. National Committeeman Harry S. New has charge of the Taft force and says that 556 of the 903 delegates thus far reported were pledged to President Taft. Charles Campbell, the Roosevelt leader, claimed his figures show 499 delegates for the former President to 281 for Taft with 150 delegates contested.
Reports compiled from other sources indicated 494 votes for Roosevelt to 415 for Taft from the counties that have thus far reported. It is believed that when the State convention convenes the two clans will have almost equal strength.
The campaign just ended was one of the hardest in the state's history. The First and Seventh congressional districts have selected two delegates each to the National convention. The four have been instructed for Taft but the Roosevelt supporters will file a contest at Chicago. Three of the remaining eleven districts will name delegates Monday.

TO BREAK UP COLD
Some Advice That Will Save Time and Money
Strong drink and quinine may relieve a cold, but it usually does more harm than good.
To break up a hard cold in either head or chest thousands are using this sensible treatment.
First of all look after your bowels; if they need attention use any reliable cathartic. Then pour a scant teaspoonful of HYOMEL into a bowl of boiling water, cover the head and bowl with a towel and breathe the steam for 10 minutes the pleasant, healing vapor.
Do this just before going to bed and your head will feel fine and clear when you wake from a refreshing sleep minus a cold in the morning.
For colds, coughs, catarrh, and croup HYOMEL is guaranteed fifty cent bottle is all you need to break up a cold and this can be obtained at Foosee & Lynch Store and druggists' everywhere.

Job Printing.

SETTLEMENT OF STRIKE UP TO OPERATORS

By United Press.
London, England, March 23.—That settlement of the coal strike depends on the operators was the outspoken declaration of the union leaders after a conference tonight. They said either the operators must agree to a minimum wage of five shillings daily for men and two shillings for boys who work below the ground, or the men remain out and starve if necessary.

"We have made the last concession," said Enoch Edwards, leader of the miners tonight. "If we are to starve, we might as well do so in the conviction that we fought for what we know is right. If the operators will agree to our minimum Monday, our men will go back to work on Tuesday. It is up to them."

Enormous pressure from financial and political interests is being brought to bear to have the operators give in. They will confer before the meeting on Monday.

A more hopeful feeling was evident tonight. It was believed the strike would be settled Monday, although there was nothing apparent on which this hope was founded. Should the two sides fail to come together Monday the minimum wage bill will be passed through the Lords, but the miners say it is now impotent, and will not end the strike. They say they will not go back to work unless the minimum wage scale is fixed either by agreement or by law.

If the strike does not end on Tuesday the operators will try to start up with strike breakers. Anticipating such action the government is prepared to move troops into the coal fields and furnish protection. This will mean bloodshed, as the temper of the men is very bitter. To prevent it, Premier Asquith is aiding in the pressure being brought to have the operators accede to the minimum scale.

Ensign's Investigations Exhonorates Shopmen

By United Press.
San Antonio, Texas, March 23.—Following the statement made by John Ensign, chief locomotive and boiler inspector of the Interstate Commerce Commission that the explosions here were not the work of the strikers, the Southern Pacific today instituted a new method of making reports on the condition of its locomotive boilers, whereby the exact condition of any boiler may be known to officials at any time so that possibility of accidents may be reduced to a minimum. New blank forms on which to prepare reports were received and put into immediate use.

The striking shopmen are highly elated over the statement made by Ensign as it had been feared that accusations similar to those following the Los Angeles Times disaster would be made by persons prejudiced against union labor.

Abbott is here today and announces that he will bring his entire squad from Austin and stay here in this section nearly a month, investigating bakeries, dairies, slaughter houses, milk herds, etc. He was invited by health authorities here on March 20th.

OUR CORN CURE

is one of the revelations of modern science, something as unusual as a good biscuit from a cooking school or a one legged dancing master. The peculiar thing about this wonderful discovery is that it takes the corn off and leaves the toe while the kind you have been buying for years almost took the toe off but always left the corn. We especially recommend this corn remedy to ladies and gentlemen who are walking like foundered road lizards and dread a new pair of shoes like grim death. Take heart, cheer up, spend a quarter and get your pedal extremities in condition to wear out the sidewalk. This is the thing you want, it makes no difference whether you have one little measly corn or a Kansas crop. We have for sale various and sundry other things besides corn salve.

Appointments Announced

By United Press.
Austin, Texas, March 23.—Governor Colquitt this evening announced the appointment of J. R. Elliott of Sherman, Grayson county, to be state purchasing agent, effective April 1st, filling the vacancy caused by the resignation of John G. McKay. Mr. Elliott is at present chief clerk of the State Department, having been appointed to that position by Secretary of State McDonald on March 14, 1911, immediately after the adjournment of the regular session of the Thirty-Second Legislature.

Secretary of State McDonald announced the appointment of D. A. Gregg of Jewett, Leon county, present charter clerk to the position of chief clerk of the State Department. The vacancy thus created in the position of charter clerk will be filled next week.

Committee Will Meet March 30th.

By United Press.
Paris, Texas, March 23.—Formal notices were mailed this afternoon from State Chairman J. S. Williams offices, of a meeting of the State Democratic executive committee to be held at the Oriental Hotel, Dallas, Texas, on March 30th.

"Our Part in the Home and Foreign Mission Campaign"—Mrs. H. A. Fritchell, Mrs. J. O. Wheat.

"Our Training School at Fort Worth"—Mrs. R. B. Stayton.

Resolutions—Mrs. Morris and Will Burnett.

Song.

Benediction.

L. A. of O. R. C. Annual Ball

The L. A. of O. R. C. gave their first annual ball Wednesday evening at the Odd Fellows hall. It was greatly enjoyed and was a success in every way. The grand march was led by Mr. and Mrs. W. R. Gregg. The music was splendid and several hours were spent in tripping the light fantastic.

Conservatory of Music.

When the Wichita Falls Conservatory of Music opened for its first year in September, its membership included only sixty students, but this number has been added to since that time most substantially, and the interest which the students take in the affairs of the institution prove that the Conservatory has come to stay.

A few months ago, the more advanced students under Dr. Dunajevski organized themselves into a club which held its meetings every Monday afternoon, at which time the Dr. gave interesting talks and lectures on the lives and works of great composers. These meetings prove of special benefit to the members of his music classes as a chance was thus given to them to secure a broader and more comprehensive knowledge of the subject in hand.

It has also been the plan and policy of the Conservatory to give recitals during the year, two such recitals having been given and both proved to have been enjoyed immensely by the public. The recitals have been the means of showing the rapid advancement of the students of the Conservatory and at the last one held, a medal and a scholarship were awarded to the two students showing up best during

a period of time. This policy of honoring the students who make the best grades will be continued by the managers of the institution, and it is now announced that to the student who makes the highest grade during the time beginning at present and ending with the present will be presented a diamond medal, the gift of J. L. Art of the Art Loan Company. Inasmuch as the present term does not end until sometime in May the offer may be taken advantage of by any of the students of the Conservatory, previous records not being counted in the contest.

There will probably be a very lively contest from now until the end of the present term in order to determine just who will be the winner of this most valuable prize, and as all of the students have an equal chance, none of the instructors in the Conservatory feel justified in making any predictions whatever concerning the matter.

Unity Club Meets.

Friday afternoon, beginning at three thirty o'clock, the Unity Club met in regular session with Mrs. T. B. Greenwood, at the home of her mother, Mrs. A. D. Anderson, on Austin street. The general subject discussed was "American Sculpture," and Mrs. Berney was leader for the afternoon. The meeting was an unusually successful one, as all present seemed to be interested in the work, and the papers which were read, were discussed in an entertaining manner and showed careful preparation on the part of those who prepared them.

Roll call was answered to with current events, Mesdames J. A. Richolt and A. H. Carrigan being present as guests of the club, and following roll call, Mrs. Berney read a most interesting paper, entitled "Decorative Sculpture." Mrs. A. Zundelwitz then presented a paper on "Animalism," after which Mrs. H. C. Young discussed "Lorado Taft." Mrs. J. A. Kemp then read a paper on "Julia Braken Yrigoit," at the conclusion of which several other famous artists were discussed by different members of the club, among them being many of our Western artists.

The program for the afternoon having been concluded, and refreshments having been served, after some pleasant chat, the ladies departed to meet again next Friday with Mrs. J. C. Hunt on Lamar street.

Musicians Club.

The Musicians Club held a meeting Thursday afternoon with Mrs. Wade H. Walker, on Scott avenue, Mrs. J. L. McKee being leader for the afternoon. The subject discussed was "Oratorio."

Mrs. McKee opened the program for the afternoon with a talk on "The wife of Handel, the greatest Oratorio writer who ever lived. Some splendid classical music was rendered on the piano, and other instruments, by a number of those present, and refreshments were served to the guests. The next meeting will be held with Mrs. Mark Walker on Austin street, on the afternoon of Thursday of this week.

Those present last Thursday were Mesdames C. W. Beavers, W. H. Walker, Mark Walker, J. L. McKee, L. A. Farris, A. Darnell, and Miss Della Stone.

Complimentary to Mrs. Sam Orr

Complimentary to a few of her many friends, Mrs. Edgar Orr entertained Friday in honor of her guest, Mrs. Sam Orr of Elk City, Okla. The afternoon was pleasantly passed in playing "Forty-Two." After several interesting games, a two course luncheon was daintily served and each guest was presented with a bunch of sweet peas. Those present in addition to the hostess and honoree were Mesdames Strange, McNeal, Pritho, Beavers, Eppler, Howard and Miss Jodie Haynes.

Literary Art Club

The Literary Art Club met Tuesday, March 19th with Mrs. C. W. Bean in Floral Heights. Nine members answered to roll call with current events. After some discussion on the business of the club the program for the afternoon was taken up, the subject being "Architecture."

Mrs. Harris opened the program with an interesting paper on "The Coliseum," after which Mrs. Gebhardt followed with a splendid description of "The Arches and Temples of That Age." Then Mrs. Roundtree gave us an interesting description of the Parthenon, after which Mrs. Ward concluded the program with a talk on Byzantine Architecture, taking for example the church of Santa Sophia at Constantinople.

Miss Jessie Kerr and Miss Pauline Harris favored the club with several beautiful selections on the piano.

Among the visitors who attended the club Tuesday were Mrs. Drummonds and Miss Drummonds, relatives of Mrs. Harris also Miss Pauline Harris, Mother Bean and Mrs. D. M. Perkins. Two new members were added to club roll.

The hostess took charge of the meeting in her usual gracious manner and the club was treated to delicious chocolate, ice cream and cake, reminding us more forcibly that spring was really here. The club adjourned to meet Tuesday, March 26 with Mrs. Roundtree, 1314 Tenth street.

Mrs. D. P. Whitney left yesterday afternoon for Sulphur Springs, where she will remain for several days as the guest of friends.

Mrs. W. B. Sheppard, after remaining in Claud, Texas, for a few days as the guest of her brother, B. D. Walker returned last night and reports a pleasant trip.

Miss Eddie Carver left Friday afternoon for her home, after remaining in the city for a few days as the guest of her friend, Mrs. H. B. Patterson on Tenth street.

Mrs. and Mrs. Piner Avis returned Thursday night from San Antonio, where they have been spending their honeymoon and for the present will be at home to their friends with Mrs. White on Burnett street.

Mrs. Dell McKee, of Grandfield, Okla., is in the city and will remain for several days visiting her mother Mrs. J. W. Field on Tenth street.

Mrs. James Hubbard of New Boston, Texas, will leave tonight for her home, after remaining in the city for a short time as the guest of her sister, Mrs. H. A. Allen on Burnett street.

Mrs. J. W. Hill, Jr., is in the city from her home in Houston, and will spend several days visiting her parents, Rev. and Mrs. J. W. Hill, on Tenth street.

Miss Nora Dent of Chicago is visiting her friend, Mrs. H. O. Cravens, on Brook street. Miss Dent will probably remain for several days before returning to her home.

Miss Mary Campbell arrived here Friday night from her home in Gainesville, and is visiting her sister, Miss Clara Campbell, 1501 Tenth street, for a few days.

Mrs. Wiley Blair left Thursday afternoon for Dallas, accompanied by her sons, Jimmy and Edwin, who will remain in Dallas with their sister Mrs. Herbert Hughes, while Mrs. Blair makes a trip to New York to visit her daughter, Miss Cathleen.

Mrs. A. B. Huff returned Thursday afternoon from Dallas, where she had been for several days visiting friends.

Mrs. R. E. Souther, of Fort Worth, is in the city and will remain for a few days visiting her parents, Mr. and Mrs. J. M. Bell on 11th street.

Mrs. Samuel Orr is visiting Mrs. Edgar Orr for a few days, having arrived here recently from her home in Elk City, Okla.

Miss Evelyn Hart, who has been visiting Miss Leora Matchek for a few days, left yesterday morning for her home.

The Parent Teachers' Club of the Austin School will meet next Thursday afternoon at three thirty p. m. at the Austin school building, and as there is to be an election of officers, and other important business to be disposed of, a full attendance of the membership is urgently requested. There will also be a demonstration of class work by one of the teachers and her pupils. The children greatly appreciate the presence of the mothers at these demonstrations, and all who can possibly do so are urged to be present.

Thursday Afternoon Sewing Circle.

A meeting of the Thursday Afternoon Sewing Circle was held on the afternoon of March 21st with Mrs. J. O. McDowell, on Ninth street, in Floral Heights, beginning at three thirty o'clock. Sewing and general chat helped the afternoon to pass quickly away, and refreshments having been served, the ladies departed to meet again next week with Mrs. C. B. Montgomery, on Tenth street, next Thursday.

Those present at the home of Mrs. McDowell were Mesdames C. B. Montgomery, M. J. Gardner, J. W. Murph, Nannie Jenne, and C. B. Hartsook, and Misses Beryl Murph and Lena Gardner.

At St. Mary's Academy

Perhaps it is safe to say that the boarders at the Academy spent one of the most enjoyable evenings of the year on March 17th, the occasion being at St. Patrick's feast day. Their many voices blended into one great harmonious volume of sound, as they sang hymns during the morning services, a fitting preparation for a day of merriment.

A novel feature of the evening proved to have been a serenade complimentary to the sisters, the affair having been carefully planned in advance by Misses Genevieve Carver and Pearl Leach. The music was

rendered with all of the correctness and ability of a professional serenader. Indeed, one would imagine the June Symphony repeated when the joyous out burst of Irish melodies broke upon the cloisterlike stillness of the sisters, who were assembled for their hour of relaxation. For a moment they wondered if the Bards of Erin had sought the Sunny South where the Celtic blood has given to the inhabitants that proverbial hospitality and genial spirit for which they are so universally noted.

The young amateurs were most "sweetly" dealt with, and a generous treat of candy was presented to them by the sisters. It is strange that a serenade from without never meets with this response, but continued and long used customs must be observed and custom forbids any response to an event of that nature.

The Tuesday following St. Patrick's day was another festive occasion which entered within the sacred season of Lent. "The Catholic students of the Academy assembled at the church at 8 o'clock and with all of the charm and richness of their young voices, sang the High Mass in the Grecian Chant, the real church music. The commendations of their pastor made them partly realize the grandness of the act which they had just performed.

The evening hour was most fittingly observed by the boarders at the Academy and those among them who had been faithful in observing Lent and its restrictions, were glad they had oasis in the midst of their forty days of desert life and moderately indulged in the reflections and pleasures afforded by the occasion. Both St. Patrick's and St. Joseph's days were days which will long be remembered in the minds of all who participated in the pleasure which fell on those days to students of the Academy of Mary Immaculate.

Crescendo Club

A meeting of the Crescendo Club was held last Monday afternoon at the Wichita Falls Conservatory of Music, and it has been decided that no further meetings of this club will be held until after the commencement exercises at the high school have been completed, which will be some time in May. It is quite possible.

Fanny Crosby's 92nd Birthday.
Bridgeport, Conn., March 23.—Fanny Crosby, writer of Gospel hymns which are known the world over, will be ninety-two years old tomorrow. She lives with a niece in this city, at whose home her birthday anniversary is to be fittingly recognized. Miss Crosby, whose full name is Francis Jane Crosby Van Alstyne, has been totally blind ever since she was six months old. She has written more than 3,000 hymns in all. She was married in 1858 to Alexander Van Alstyne, who died ten years ago. He was a musician and set some of his wife's best known verses to music.
Lace Curtains Laundered.
Prices 35 and 50 cents per pair. P. O. Box 72, city. Maud D. Lindsey. 260-271p

The Daylight Store

One more small lot of Taffeta Silk Petticoats, only fifty, in blacks and colors, same grade as we sold two weeks ago at \$2.75—you can have one or more as long as they last at each

\$1.75

There'll be no more at any such price for the raw silk in them before weaving cost more than price of the petticoat.

It was the need of ready money by a certain silk mill that caused this price.

REVIVAL OF HOME DRESSMAKING

For a time it looked as if selling of dress goods over the counter by retail merchants was going out of fashion and everybody would buy ready made goods, but the last 2 years and especially the last 6 months has shown "back to the old custom" of dress making by dress makers from measure and made at home by those that are competent to make their own.

Since the materials used in all kinds of dresses and costumes are so light in weight and cost so little and the paper patterns are so helpful and ready made garments cost so much it is logical that a return to former methods should be in order. In saying this we are inviting you to our dress goods counter and to an acquaintance with the fact that it costs but little and it takes but few goods for a dress of any kind. Let us show you what we have in dress goods.

There is to be a great revival in the use of China silks this season, confined almost exclusively to white, from the fact that they are almost the only silk that wear, and being of a clingy nature they exactly suit the present mode. We have the wearing kind in several grades.

Attention is called to our lines of new neckwear and hand bags and we cordially ask your frequent calls.

While we are not in the millinery business, we have a large collection of foliage and flowers that will interest those who are doing their own millinery work; prices about half ordinary.

The Daylight Store

803 Indiana Avenue

NEWS FORECAST FOR THE WEEK

REAL CONTEST FOR CONTROL OF REPUBLICAN NATIONAL CONVENTION OPENS THIS WEEK.

TO HOLD CONVENTIONS

Primaries Will Be Held in New York to Select Delegates to National Convention—Other Conventions

Washington, D. C., March 23.—The real contest for control of the Republican national convention at Chicago next June is about to begin in earnest. Thus far very few delegates have been selected from territory where the Republican party is a legitimate factor in elections. But during the coming week there will be primaries or conventions in widely spread sections of the country where there is a real Republican party and where the election of delegates counts for something substantial.

Chief interest will center in the primaries in New York State for the selection of district delegates to the national convention and also delegates to the State convention which in turn will name the delegates-at-large to the Chicago gathering. In Indiana the Republicans will hold their State convention to name delegates-at-large. A number of the district conventions in the same state also will be held during the week. In Colorado the State convention will be held for the selection of delegates-at-large. The results in these three States should aid the politicians materially in drawing a line on the relative strength of the Taft and Roosevelt candidacies. Other conventions of the week, of lesser importance, will include the State convention in Mississippi and the territorial convention in Alaska.

A seat in the United States senate and the governorship are involved in the results of the Democratic primary election to be held in Arkansas Wednesday. Senator Jeff Davis is a candidate for re-election and is opposed by former Congressman Stephen Brundidge. The gubernatorial contest is between Governor Donaghey, who is a candidate for a third term, and Congressman Joseph T. Robinson.

Prominent manufacturers and business men of Philadelphia are making arrangements for a mass-meeting in that city Saturday night, with President Taft as the principal speaker. The President will be in Philadelphia on that day to attend the dinner of the Ohio Society.

At a hearing to be held before Secretary of War Stimson in Washington on Wednesday a distinguished delegation from Canada will be heard in opposition to the application of the Chicago drainage canal. Canadian objections are based on the fact that the works will lower the levels of the Great Lakes, and also, that the withdrawal of the water will lower the temperature of Lake Michigan in such a way as to affect cultivation along its shores.

A conference between representatives of the Canadian and West Indian Governments, looking toward freer commercial intercourse between Canada and the islands, will begin in Ottawa Wednesday. The conference will be watched with keen interest by the manufacturers of the United States, as a reciprocity agreement between Canada and the West Indies might naturally be expected to interfere seriously with American exports to the islands.

The Provincial elections in British Columbia will take place Thursday. Railway extensions and a policy of exclusion of Orientals are the chief planks of the platform on which Premier McBride expects to be returned to power. The Liberals are advocating free homesteads to bona fide settlers, government operation of coal mines, Government-owned grain elevators and telephones, abolition of the poll tax, the creation of a Provincial labor department, and the complete removal of the liquor traffic from Government control.

Thornberry-Friberg News Items. That spring weather was making wheat go some when it met its fate before that Nor'wester. Lewis Pool's barn roof rolled up and went along with the storm.

Mr. and Mrs. A. L. Thornberry, Mr. and Mrs. Lank Thornberry, Mr. and Mrs. Arthur Stephenson and Maurice Conover were the guests of Mr. Carey at Wichita Falls last Sunday, to do honor to Mrs. A. L. Thornberry on her birthday.

Mr. J. T. Goode has been under the doctor's care for a week.

Mrs. Lank Thornberry and Mrs. Maurice Conover attended the Cattleman's Convention at Fort Worth.

The Ladies Aid Society was entertained by Mrs. Bryan Wednesday afternoon.

Miss Annie Henne of Bacon Switch and her friend, Miss Holly, spent a few days with friends in Wichita this week.

Mrs. Chas. Andree, Mrs. Emma Andree and Miss Agnes went to Wichita Wednesday to see Mrs. Etter off on her New York trip.

Mrs. Fred Stephenson is making good progress on that new home. They were placing the rafters Friday. What does a bachelor want with a new home?

Mrs. Mead and Mrs. Snyder of Wichita, took dinner with Mrs. C. A. An-

dre Tuesday. In the afternoon all spent a few hours with Mrs. Quantstrom.

Casper Geyer is having his turn "under the weather" this week. Mrs. Geyer and Mrs. E. E. Bynan visited with Mrs. Chas. Bell Sunday.

Arthur Stephenson and wife are now occupying their new home. Mr. and Mrs. Leisler will move into their new home soon.

Mr. J. F. Johnstone and wife of Petrolia, were visiting in this community Wednesday. —Reporter.

HARD TO DROP But Many Drop It.

A young Calif. wife talks about coffee:

"It was hard to drop Mocha and Java and give Postum a trial, but my nerves were so shattered that I was a nervous wreck and of course that means all kinds of ill. (Tea contains caffeine—the same drug found in coffee and is equally harmful.)

"At first I thought bicycle riding caused it and I gave it up, but my condition remained unchanged. I did not want to acknowledge coffee caused the trouble for I was very fond of it.

"About that time a friend came to live with us, and I noticed that after he had been with us a week he would not drink his coffee any more. I asked him the reason. He replied, 'I have not had a headache since I left off drinking coffee, some months ago, till last week, when I began again, here at your table. I don't see how anyone can like coffee, anyway, after drinking Postum!'

"I said nothing, but at once ordered a package of Postum. That was five months ago, and we have drunk no coffee since, except on two occasions when we had company, and the result each time was that my husband could not sleep, but lay awake and tossed and talked half the night. We were convinced that coffee caused his suffering, so he returned to Postum, convinced that coffee was an enemy, instead of a friend, and he is troubled no more by insomnia.

"I, myself, have gained 6 pounds in weight, and my nerves have ceased to quiver. It seems so easy now to quit the old coffee that caused our aches and ails and take up Postum." Name given by Postum Co., Battle Creek, Mich.

Read the little book, "The Road to Wellville," in pkgs. "There's a reason. Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Patrick Henry.

It affords me great pleasure to bear witness to the character and worth of our fellow citizen Patrick Henry of Wichita Falls at present a candidate from this district to the legislature. I have known the Henry family for more than twenty years. I knew Patrick when he wore knee pants and have spent many a happy day as a guest in the hospitable home of his father.

The father, A. S. Henry was for years one of Navarro county's most prominent citizens and a successful merchant of the town of Blooming Grove in that county. He served the county as their representative to the legislature in 1855, reflecting credit on his county and the large number of its citizens that elected him. Patrick Henry's grandfather on the maternal side was a prominent minister of the Baptist church, preaching for many years in Central Texas. As a boy Patrick was always reliable and very popular and from boyhood on through manhood he has been one of the most exemplary characters it has ever been my pleasure to know. In the first flush of early manhood he became a great favorite and leader of young people, especially in the Christian Endeavor movement where he easily won statewide distinction as one of the state leaders in the cause. As a business man Mr. Henry has the confidence and esteem of the best business men of Dallas his former home and Wichita Falls his present residence.

He is as true to principle as his noted kinsman, Patrick Henry of Virginia, and revolutionary war fame and he can be trusted to stand up in a manly but courteous way for every principle of right. He embodies in his character the richest fruitage of a noble heritage both from his maternal and paternal ancestors, which reaches back to colonial times and who have figured prominently in the history of Texas also. The grandfather, Patrick Henry was captain in a Texas regiment in the Confederate army, and after the civil war was sheriff in Cherokee county.

The two generations that I have known A. S. Henry the father and the present Patrick Henry both have been staunch Democrat and consistent prohibitionists. After twenty years of acquaintance I can say that I know Patrick Henry to be a man that serves his God with reverence and his fellowman with fidelity and having known him so long and favorably it gives me pleasure to give this tribute to his worth and unblemished character just at this time as he is coming out into the political limelight as candidate for the legislature. R. R. HAMLIN.

SOCIETY

(Continued from page 1)

ble that it will be decided not to hold another meeting of the Crescendo Club until the beginning of school next September, although at present such action has not been definitely announced. The work of the club has been highly commended both by Dr. Dunaeveski and others connected with the Conservatory and the members have gained a large amount of benefit in connection with the organization during the two or three months of its existence.

New Century Club

The New Century Club met on the afternoon of Wednesday March 30th at 3 o'clock at the home of Miss Kate Haynes, on 11th street. In the absence of the president, Mrs. Guest, Mrs. T. T. Reece presided at the meeting. After a short business session had been held Mrs. Frank Kell ably conducted the program for the afternoon, the subject being Literature of the Nineteenth and Twentieth Centuries.

Mrs. Reece gave an instructive review of the books published during the year 1911, which was followed by an interesting biographical sketch of the authors of 1911 by Mrs. J. W. Lee. The popularity of prose was contrasted with the popularity of poetry in a well presented paper by Mrs. Turner. An animated discussion of the general subject for the afternoon followed, after which the hostess served delightful refreshments. The club then adjourned to meet the following Wednesday with Mrs. Lynch on Austin street.

New Bridge Club

Mrs. Lucian Frith at the home of Mrs. W. E. Cobb on Indiana avenue, entertained the New Bridge Club last Wednesday afternoon, although a number of the ladies were absent on account of the fact that they are still observing lent. Mrs. Luther Webb was awarded the favor of the afternoon, and refreshments of ice cream cake and salted almonds were served. The next meeting will be held with Mrs. Leon Loeb, on Lamar avenue.

Those present at the meeting with Mrs. Frith were Mesdames Everett Jones, T. B. Greenwood, J. S. Binford, T. R. Smith, H. O. Cravens, Leon Loeb, and Miss Nora Dent of Chicago, who is in the city visiting Mrs. H. O. Cravens.

Friday Afternoon Bridge Club

The Friday Afternoon Bridge Club held a meeting last Friday with Mrs. O. T. Bacon, on Burnett street, the meeting place having been changed

in account of the absence from the city of Mrs. Wiley Blair, with whom it was at first intended to hold the meeting. A number of the members of the club are still observing lent, and for this reason a majority of the them were not present. Delicious refreshments were served soon after the conclusion of the games, the ladies departed to meet two weeks from Friday afternoon with Mrs. H. A. Allen on Burnett street. Those present were Mesdames C. C. Huff, Jack Binford, E. F. Greenwood, H. O. Cravens, Montagu Stanforth, Dell McKee of Grandfield, A. E. Myles, R. B. Fitzpatrick, and Eugene Sherrod and Misses Lucile Sherrod and Dora Coons.

Old Beazy Weezy Will Be Exhibited.

T. C. Thatcher in charge of the concert for the big circus to be given by the Y. M. C. A. announces that the people will be given a rare treat in this line. Some very original features are being planned and the affair promises to be very exciting and amusing. More definite announcements will be made later on.

The side shows will be the center of the world's best freaks as several expeditions are now scouring the country in search of material. Old Breezy Weezy the Prehistoric creature from near Henrietta has at last been captured and will be shown for the first time. A Terocious wild man who has successfully resisted capture for many years when approached by the committee agreed to submit to captivity long enough to make one appearance here.

Mr. Anderson says that the elephant secured for the occasion will arrive in a few days and will go in training at once.

Mr. and Mrs. W. T. Herron at their home, 1006 Burnett street, had as their guest at a six o'clock dinner last Saturday evening, Rev. and Mrs. J. W. Hill, of the First M. E. Church, South, and Rev. T. J. Morris, presiding elder of the Bowie district of the Northwest Texas Conference.

Mr. and Mrs. R. E. Huff at their home on Brook street, entertained a number of their friends Saturday evening with a 7 o'clock progressive dinner which was very much enjoyed by all present.

Federation Meeting Program Nearly Completed.

Mrs. T. R. Roger, who is a member of the program committee recently appointed to arrange a program for the meeting of the First District of the Texas Federation of Women's Clubs which meeting will be held here the last of April and first of May, says that although as yet the program has not been fully worked out, it will be completed within a few days and announced.

(Continued on page 3)

HARBINGERS OF SPRING

Such is the Beautiful Exhibit of Millinery now on Parade at our Store.

The reputation that our millinery has achieved for all that is stylish and the "last word," whether it be shapes, color or material—whether exclusive models from the world's renowned French Milliners—the most famous Hat Architects of New York, or the excellent designs turned out by the deft fingers of our own expert Milliners—all has given a decided truthfulness to every claim we make for superiority in the millinery field.

Why wait for the rush before Easter? The hats we are showing now are just as pretty and will favorably compare with any we may show later

Your inspection of our Spring Millinery is most cordially invited.

IN SOCIETY'S REALM

(Continued from Page Two.)

nounced for publication. The following call by Mrs. J. I. McDowell, president of the First District, recently appeared in the Times, having been issued from her home in Big Springs, Texas:

"The tenth annual meeting of the first district, Texas Federation of Women's Clubs, which will be held at Wichita Falls, Tuesday and Wednesday, April 30 and May 1, will perhaps be the largest and most important meeting in the district's history. Such practical subjects as civic attractiveness, social service, social centers, etc., will be reported by chairmen of committees. All delegates are requested to come prepared to discuss these and all reports and other subjects on the program, which from beginning to end, will be up to date, interesting and practical.

Tuesday evening, April 30, is president's evening. Mrs. E. Hertzberg of San Antonio, our state president, will be with us and make an address. We hope also to have Mrs. Percy V. Penningbacker of Austin, and one of her inspiring talks. Some of the district presidents have accepted our invitation and will bring us greetings from their districts. Let me urge every club to send a delegate, and visitors also, will be welcome. Every chairman is expected to be present or to send in a report of her work.

The program in full will be published at an early date. Wichita Falls is famous for its hospitality and its United Clubs, with Mrs. J. C. A. Guest, president, and Mrs. J. C. Berney, corresponding secretary have left nothing undone in their plans for our entertainment and comfort. Let no club fail to be represented.

Mrs. S. H. Burnside of Wichita Falls is chairman of the transportation committee and will publish rates in ample time for the convention.

With cordial greetings and the best of wishes for each club of the great first district.

Mrs. J. E. McDowell, Pres.
First District, T. F. W. C.

The following is a list of the officers and committees of the first district:

Officers and Committees.
Mrs. J. I. McDowell, president, Big Springs; Mrs. C. H. Newby, vice president, Quanah; Mrs. W. W. Nix, secretary-treasurer, Big Springs; Mrs. R. E. Buchanan, parliamentarian, Fort Worth.

SHORT MEDICAL TALKS

BY T. H. P. DUNCAN, M. D.

LECTURE NO. 19, "DRUGS"

The history of drugs starts with the history of man. It was born along with superstition and witchcraft. Drugs are but mystic concoctions of theory and hope, held sacred by modern alchemists, who sway their doctrine high above the heads of the masses, as does a priest his holy symbol, demanding submission and tolerance.

Down through the ages, the DRUG SYSTEM has been instilled into the minds of the people until they associate LIVE AND DRUGS as synonymous. The plodder of toil, the master of science, have each a favorite drug or remedy that has never known to fail (except sometimes).

The fact is that Nature cured in spite of the drugs. If a man makes a success he gives himself credit, if he fails he blames someone else. If a patient gets well the doctor pats himself on the back and swells up with pride at his acute perception and selection of treatment. If the patient dies he consoles himself that it was an incurable case and beyond the skill of science.

Were it not for man's tenacity to life, the doctors and medicine men would have depopulated the world centuries ago. That wonderful innate power of resistance; the harmonious working of all the organs of the body for the mutual benefit and protection of each is the force that we recognize as life. The psychic or suggestive effect of drugs is often more marked than the physiological.

No drug acts exactly alike on all persons, every one has an idiosyncrasy for some drug.

When we give a dose of medicine we never know just how it is going to act. Treatment by drugs is an imperfect science, that is rapidly becoming obsolete.

It is not far distant when the use of drugs will be a fad of barbarism. This will come when we learn better how to think, how to eat, to live, and how to work. I don't believe that you can

call to mind any sufferer from CHRONIC DISEASE who has been cured by strong drugs, but I am sure that you remember many who were drugged to death.

There is absolutely no specific drug no positive known drug treatment for any disease.

True there are volumes written upon action of drugs, there are hundreds of remedies for each disease, and if the patient lives long enough you are supposed to try them all.

There are three schools of medicine. Allopathic, Eclectic and Homeopathic. Two extremes and the happy medium; the Allopathic school gives a dose just this side of death, the Homeopathic a dose about right to make a square meal for a microbe. Both claim to be right, both kill, and both cure. The half way school accomplishes the same results. Which of the three evils shall we embrace. We must tolerate them all because we are not able to discard the burdens centuries of superstition have heaped upon us. In our practice we use a few drugs—very few, we can not dispense with all of them, because we have yet much to learn. We do not depend upon drugs alone, we have schooled ourselves in other branches of healing. We have the advantage of the average physician for the reason that we have at our command a knowledge of ELECTRICITY, OSTEOPATHY, VIBRATION, MASSAGE, OZONE, VIOLET RAY and MILD MEDICINE.

No doctor no matter how embalmed he is in his own drugs but what must admit that modern methods are more rational and more potent than all the drugs. You have tried drugs are you any better? Are you not really worse? Why do you not try a system that is free from danger, and based upon Nature. It will soon be hot weather, and you had better get health and strength to endure it. Call and have a talk with us.

C. S. Mallet, a veteran engineer running out of this city was painfully injured last night when he slipped and fell in dismounting from his engine; his back striking on the apron of the train out of the city, but striking the hill was unable to climb it. The train was backed into town and when it came to a stop Mallet jumped off and in doing so slipped and fell. He is at his room on Indiana avenue. His injuries are not serious but will probably keep him in for several days.

TRAIN BOY SCOUTS TO PREVENT FIRES

The boy scouts are being trained to prevent fire. The key word that is being emphasized by their scout masters is "care." Already the boys have been receiving instructions from the chiefs throughout the country about what to do in the event of fire and many boys have received for this work merit badges from the Boy Scouts of America. The leaders of that organization, however, realize that the boy scouts by fire prevention can save the country millions of dollars every year. They have directed James E. West, Chief Scout Executive, to begin an educational campaign throughout the country to reduce the fire loss.

The boy scout leaders took up the question of prevention after H. King Hanna, of New York, called to their attention the fact that the average annual loss by fire in this country in the last ten years has been about \$250,000,000. It equals the amount practically of the tariff duty. Representatives of insurance companies estimate that three-fourths of this loss is due to carelessness.

The men interested in the scout movement desire to make the boy scouts see what a great factor they can be in saving the property of the country. Accordingly scoutmasters are urged to impress on the boys the necessity of care. The leaders point out that 20,000 houses are set on fire every year through careless use of matches; that in the majority of forests; hunters, fishermen and campers; through the careless use of kerosene and naphtha cause many fires. Accordingly the scoutmasters are being asked to train the boys to the following things:

Watch the ashes in the furnace and see to it that they are put only in metal receptacles.
Examine chimneys, flues and stove pipes at least once a week. Defective flues cause about 30 per cent of the fires.
Warn persons using naphtha, benzine or gasoline to keep away from gas jets and matches. One kind of gasoline will impregnate 200 feet of air and make it explosive.
Watch gas jets. Be on the alert to detect the sources of smell of gas.
Boy scouts should not allow their smaller brothers and sisters to carry matches. They should never carry a lighted match into a closet filled with garments. Boy scouts are urged to see to it that the servant girl does not light the kitchen fire with kerosene.
We write all kinds of insurance. Phone 694, Kell, Perkins & Craven, Ground floor, Kemp & Bell Building.

MENINGITIS PATIENTS ARE CONVALESCENT

Eleven Cases Have Been Reported Here Altogether—Four Deaths Have Resulted
Eleven cases of meningitis have been reported in Wichita Falls up to date, according to City Health Officer Dr. A. A. Jones. From these eleven cases there have been four deaths and the record is one of the best that any town in North Texas has shown. The serum was administered in all the cases except one. That was the Gates child, death having ensued before a positive diagnosis had been made. All of the other cases are now convalescent but several are still under quarantine. No new cases were reported last week.

JOKE PLAYED ON COUNTY JUDGE FELDER

Judge Felder was the victim of some joker the other day just after opening his courts and the exclamations from the judge of "Order in the court room" utterly failed to be obeyed until after the shouts of laughter had somewhat subsided.
Knowing that the judge is very particular and neat in the keeping of his record, the joker procured an empty ink bottle and a piece of hard flat substance that very much resembles an ink blotch or smudge of ink and placed both on the open record lying on the judge's desk. After opening court he began to write and discovered the overturned ink bottle and the smudge or puddle of ink on his open record. A look of disgust spread over his countenance and he carefully rose from his seat, picked up the empty bottle, wiped off an imaginary drop of ink that clung to it set it down and carefully took up the record to pour back into the bottle what looked to him like a puddle of ink, but it would not act like spilled ink usually does and here is where the judge got on and the spectators and joker got off. It was several minutes before order was restored in the court room but all escaped without being fined.

A GREAT RECORD
Hard to Duplicate It In Wichita Falls
Scores of representative citizens of Wichita Falls are testifying for Doan's Kidney Pills. Such a record of local endorsement is unequalled in modern times. This public statement made by a citizen is but one of the many that have preceded it

and the hundreds that will follow. Read it:
J. R. Henson, 119 Indiana Avenue, Wichita Falls, Texas, says: "I am quite free from pain and lameness in my back and also headaches and dizzy spells since I used Doan's Kidney Pills. Prior to that time I was in a bad way and found nothing that would relieve me of the dull, nagging pain across my kidneys. Mornings I felt depressed and devoid of energy and after sitting in a chair I could hardly stand erect. Sharp twinges often darted through me when I stooped. These troubles all disappeared after I used Doan's Kidney Pills and I feel that I cannot recommend them too highly." (Statement given December 10, 1910.)

Re-Endorsement
On December 27, 1911 Mr. Henson said: "I have had no occasion to use a kidney remedy since Doan's Kidney Pills cured me some years ago. The cure effected at that time has been permanent. You are at liberty to use my statement as heretofore."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

TO BREAK UP COLD
Some Advice That Will Save Time and Money
Strong drink and quinine may relieve a cold, but it usually does more harm than good.
To break up a hard cold in either head or chest thousands are using this sensible treatment.
First of all look after your bowels; if they need attention use any reliable cathartic. Then pour a scant teaspoonful of HYOMEI into a bowl of boiling water, cover the head and bowl with a towel and breathe for 5 or 10 minutes the pleasant, soothing, healing vapor.
Do this just before going to bed; your head will feel fine and clear and you'll awake from a refreshing sleep minus a cold in the morning.
For colds, coughs, catarrh, asthma and croup HYOMEI is guaranteed. A fifty cent bottle is all you need to break up a cold and this can be obtained at Foshier & Lynch Drug Store and druggists everywhere.

Job Printing.
The Times Publishing Company has more money invested in presses, type and job printing equipment than most printing plants in cities of 10,000 inhabitants, and is prepared to do printing of all kinds with neatness and dispatch. If you want good printing call phone 157.

"Fools of Society"

Another Big Feature

Lydia Margaret Theatre

A Deeply Interesting, Three Reel, Dramatical Photo Play

touching on the intrigues of life and one that is handled with a wonderful delicacy and extreme care, this story is made so plain you will say many many times over in your mind the same thing is happening every day. You will see a play enacted by the all star actors of the Royal Theatre, Copenhagen, Denmark, and all who witness the play will agree that it constitutes a record of the truest emotionalism yet known in the annals of motion pictures.

The moral is one that everyone should learn.

Two Nights, Monday and Tuesday

Due to the big feature story we will have only two acts. They are big ones.

Vaudeville Attractions. Look at These

THE THREE ROSS SISTERS

Polite Entertainers Direct from the Western Association in Chicago.

ADDE and COULTER

Musical Comedy Sketch that will please everyone.

NEW PICTURES Watch our new Photo Plays.

YOU WILL SEE THEM AT FIELDS' MINSTRELS

Messrs Marlow & Stone are receiving congratulations from the theatre goers for their good fortune in securing Al G. Fields Minstrels for next Friday night. This will be the first time that Fields' Minstrels have ever come to Wichita Falls and it is probable the house will be sold out within a short time after the seats are placed on sale.

Al G. Field has for more than a decade held the inside track in the running of minstrelsy events, and was successful, even with his earlier productions. With originality as the keynote, the veteran minstrel producer, manager and artist has staged and mounted the different acts on a scale of magnitude unprecedented on the minstrel stage.

The veteran minstrel has gathered about him comedians, singers and dancers, the best in the minstrel world. The great attendance record of the show and the lengthy and favorable press criticisms of the performance are a grand endorsement of the claim that Al G. Field has collected a star aggregation of mirth-producers and singers.

The jokes are the new born children of the god mirth and not the hoary offspring of centuries ago. What is more they are handed out strong and swift with never a cessation of pungency and never a suggestion of plagiarism.

So far as scenic effects and stage accessories go the Greater Minstrels lack for nothing and on occasions the aggregation approaches the genuinely spectacular while the singing, both in

the choral and solo lines is truly delightful.

All elements of coarseness have been studiously avoided and the entertainment could pass muster at the hands of a band of Sunday school chorists.

"Night and Morning: Down Where the Cotton Blossoms Grow" is the title given the magnificent scenic first part. The comedians, singers and dancers are discovered as the curtain rises at work in the cotton field. The melodies of the plantation roll sonorously from their throats. The sun is beginning to sink dull and red below the horizon and as the dusk draws down upon the snowy blossoms, presto! there is a transformation. The glittering "Garden of the Fountains" is flashed sudden and dazzling to view.

A rollicking celebration of a flower festival is in full swing. In gay and gaudy array the comedians, singers and dancers and interlocutors appear. It is a joyous, roystering frolic. Fun-makers and vocalists are in action. The audience is in a scream of mirth. Then in the midst of the whirl of gaiety a quick curtain falls.

There is no wait. Up goes the rag again and Forbes Field, the home of the Pittsburg Pirates, is shown. A burlesque ball game is in progress and it is a hummer. It gives the sturdiest baseball fan the rib-ache.

Then follow the feature acts: "Aunt Dinah's Quitting Party," "The Pomander Walk," "Musical Musings," and "Mexico, Ho! Ho!" The performance closes with a tableau entitled "The Dreadnaught," a cleverly conceived and brilliantly executed scenic and spectacular exhibit.

Excelsior Barber, shop and bath house basement Kemp & Kell Bldg. Turkish baths a speciality. Fred Carter, Mgr. 254-tfc

GRAUSTARK HERE TOMORROW NIGHT

Grace Hayward's Dramatization of George Barr McCutcheon's Play at Wichita Theatre.

Grace Howard's dramatization of Graustark, George Barr McCutcheon's great romance, will be the attraction at the Wichita Theatre tomorrow night.

A Shreveport exchange says of the play:

Graustark was the attraction at the King Opera House Saturday night and was greeted by a large and appreciative audience as was due, for the company was by far the best seen here this season. Joseph C. Gonyea as Baron Gangloss was very strong, portraying the part of a true officer, also the devotion of a subject to his sovereign Janet Waldorf as Princess of Graustark was a royal lady in earnest. Her commanding appearance and beauty with her superb acting made the part truly living. Louise Huff was a dear, she filled two prominent and difficult parts, changing from the sublime to the ridiculous, that of a Countess to a waiting maid. Countess Dagmar as portrayed by Allen Durana could not have been better had the real countess been there herself. Louis J. Eppstela was a perfect villain. What more could be said. J. T. Belmont was a July boy from the Bowery and lived things up. Henry King portrayed the part of the rich American to perfection and was perfect as a lover and a noble American gentleman as was also Van Sheldon as Harry Anguish. This company will be heartily welcomed in a return visit of the same play or a new one.

INTRODUCE ME A CLEAN COMEDY

"Introduce Me" will be the attraction at the Wichita Theatre next Saturday night. The show comes with first class recommendations.

The Richmond News-Leader of Jan 1st says of the play:

"Delightful is the impression left by the clean cut little comedy, 'Introduce Me,' which was presented at matinee and evening performances at the Academy of Music yesterday.

"This play serves to show that genuine fun may be derived from wholesome, refined humor, and that rollicking buffoonery, combined with double entendres and suggestive situations, is not essential to the production of merriment.

"Della Clarke, who enjoys the dual distinction of being both the playwright and leading lady, had little occasion to be dissatisfied with the recognition accorded her literary and histrionic efforts last night.

"This big audience was quick to grasp the subtle humor of the comedy and equally as ready to applaud the star of the evening, Miss Clarke is a pretty woman of most attractive personality, and as Mrs. George Nichol, the wife who secretly supported her struggling literary husband by her novel writing, she won all hearts. The lines chosen by herself require both skill, discernment and discrimination, yet she proved herself fully equal to every demand upon her ability. Moreover, there is an element of dignity about her that shows her capable of something more than work in frivolous roles. As for her gowns, well they are stunning.

"Richmond could readily stand a day or so more of 'Introduce Me,' with Della Clarke and her people reading the lines. They are a classy combination in a first rate comedy."

Lydia Margaret Theatre.

Managers Wren and Berry announce they have secured a film service that they have been trying to get for some time and consider themselves very fortunate in this respect. They will now have a picture service that is equal to any seen in the large cities. While this service brings out an extra outlay of money, still they believe it none too good for their patrons.

The attractions at the Lydia Margaret Theatre Monday night will be a feature film entitled "Fools of Society," which is said to be a very strong and deeply interesting picture in three reels touching on real life as it is seen today in many instances. This film was manufactured by the Great Northern Feature Film Company of Copenhagen, Denmark, and acted by an all-star cast.

The vaudeville attractions will consist of the three Ross sisters, who come direct from the Big Time highly recommended as entertainers of merit. Adde and Coulter in a musical comedy sketch full of good music and comedy.

The managers announce that due to the feature film there will be only two acts on the bill the first half. This being necessary to make room for the feature.

Bergandi Theatre Opens Monday

The Bergandi Theatre, formerly the Ruby, opens Monday night with two vaudeville numbers and four pictures. Another feature added to the program is the Katz Orchestra, which has been engaged for the season, and will be under the personal direction of Prof. Katz.

In addition to the vaudeville program the Bergandi will give four of the latest motion pictures and for the opening a selection has been made of the newest films that have been released.

Don't be woozy—its in the cup—Collorade—drink it kid. 255-tfc

EDUCATION IN INDUSTRY

NEW YORK EDUCATOR WOULD MAKE EDUCATION AND WORK GO HAND IN HAND.

CONTINUATION OF SCHOOLS

Problem of Schools is to Equip Pupils For Work and at Same Time Continue Educational Process.

By United Press.
 New York, March 23.—"What shall be done for the mass of our children whose parents cannot afford to keep them in school, and for those industries which claim that they must have these children or go to the wall?"

This is the problem which a clear-eyed, thoughtful, look-ahead teacher has set himself to solve. He is Arthur D. Dean, chief of the Division of Vocational Schools of the Education Department of New York State. Dr. Dean believes that the time has come to meet this all important question squarely.

"I would amend, develop and extend the present compulsory education law," he says, "so as to include much more than age maturity. Children under 16 should not be employed in trades and industries unless their employer is ready and willing to co-operate with the school system so that pupils may attend the day school for a few hours each week where they may receive further instruction in reading, arithmetic and citizenship, as well as vocational training."

The mooty problem, Dr. Dean believes, can be solved, and solved economically, by having local schools join with local industries in such a way that boys and girls may earn money in shops and stores where they get a practical instruction, and at the same time get in the schools for a few hours each week such work as relates directly to their vocation. Schools that shall do this work he calls "co-operative" or "continuation schools."

"The schools of yesterday," says Dr. Dean, trained the boys and girls for a job; the schools of today are beginning to train them for a vocation; the schools of tomorrow will not only train our youth to get the best possible job but will make provision for them to continue the educative process. In the tomorrow the State will have the right to say to the employer: "This boy is still in his teens. He needs to grow mentally and physically. His present work

is confining and narrowing. You want his services. He needs your money. We recognize these mutual relations. However, still more does the State need him as a useful and efficient citizen. For this reason we require you to release him from his work and allow him to attend a part-time school in order that he may expand."

"In the ideal condition," asserts Dr. Dean, "no child should be allowed to go to work until he has the elements of a fundamental education and some knowledge acquired by training and school experience in the vocation he enters. At present the State says that a youth may go to work at 14 years of age if he can read, write and figure. It does not ask what he is going into, how long he is going to stay at it, what he knows about the vocation he enters or what preparation he has had for it. Competition for daily bread drives immature youth into the labor market. Eyes are fixed on the necessities of the moment and the dollar sign is foremost. Few have the good fortune to get into the store or shop which offers means for self-development. Industry is asserted to require young people who shall perform the same manipulation day after day. But industry is not the aim of human society. The aim of human society is the increase of human wealth. If industry continues recklessly to disregard this aim it becomes a danger not only for the State but also for the end for itself. The aims of industry and of the State sometimes appear to be antagonistic. They are not really so. The former profits by the use of economic forces, the latter should profit by the development of moral and intellectual forces."

Summing it all up, Dr. Dean says: "In brief, it is proposed that no child between the ages of 14 and 17 years is to be employed in the trades and industries unless the employer is ready and willing to allow him to attend for six hours a week a public day continuation school. This plan would work comparatively little hardship on the employer. He would not be denied the privilege of employing children between the ages of 14 and 17. The children themselves would not be deprived the opportunity of earning money. For the privilege of employing these children the employer must make some sacrifice and this sacrifice is for the public good and in the long run must necessarily redound to the benefit of all manufacturing interests."

Promoting Railroad.
 Waco, Texas, March 23.—John L. Spurlin, of Hamilton, who is promoting a railroad from here to Trinity and Bosmon, was here today, and is getting matters in more definite form constantly. It is not announced who is behind the proposition.

Some Reasons Why the People of Wichita Falls, and Wichita County, Should Insure With the Wichita Southern Life Insurance Company

- 1st. It is safe, because it puts up the same percentage of reserve that all old line companies put up, and therefore, affords the same protection.
- 2nd. The laws of Texas make it impossible for a policy-holder to lose one cent in an old line life insurance company.
- 3rd. Our assets are all new and up to the highest standard; no worthless paper has accumulated, as could be the case with older companies.
- 4th. Our risks are all up to the highest standard, having recently passed a very careful examination. Our death rate will naturally be very low for a number of years. Have not had a single death since organization.
- 5th. Our Capital and Surplus is greater in proportion to business in force than nine-tenths of the companies doing business in Texas or elsewhere; greater even than some of the largest companies in the world.
- 6th. There are approximately one hundred good citizens of this county interested in the Wichita Southern Life Insurance Company as Stockholders, many of whom are customers of yours in your line of business.
- 7th. Your money remains at home; is loaned and invested in this territory, and in the ordinary channels of trade, drifts back to you.
- 8th. The Officers and Directors of the Wichita Southern Life Insurance Company, are men whom you know to possess honor, integrity and business ability. These men would not permit your dependent ones to suffer the loss of your insurance, even were it possible under the State laws.
- 9th. The Wichita Southern Life Insurance Company has on deposit with the State Treasurer of this State, gilt edge securities amounting to \$120,000.00 for the protection of policy holders.
- 10th. Our policies are as good as the best.

TANKS ORDERED FOR DEVELOPERS WELL

Volume of Oil Flowing From Well Increases—Other News From Petrolia.

The Developers Oil and Gas Co. has ordered big cypress tanks to store the oil from their well at Petrolia.

Reports from the well Saturday morning were to the effect that it was flowing with greater volume than before. It has not been decided whether a packer will be put in and the oil allowed to flow or whether it will be pumped from the start.

The oil continues to flow up into the derrick at intervals. Friday afternoon the flow at one time continued for more than fifteen minutes during which time it is estimated over a hundred barrels came from the well.

The Ninety-Nine Pumping Company's well is reported completed. It is a good gasser and the gas is being allowed to flow in the hope that it will blow in oil.

The Peoples Oil and Gas Co. is now

putting in lead packing in its well on the Lockridge tract and expects to bring in a big gasser within the next few days.

LEEDY HOGS WIN SECOND PRIZE

Ed B. Carver, livestock agent of the Wichita Falls Route, was the best pleased man at the Fort Worth Fat Stock Show. Mr. Carver's good spirits are attributed to the fact that a consignment of hogs shipped over the Wichita Falls Route took the second prize at the show. The hogs were raised and fattened by G. A. Leedy, of Leedy, Okla. They averaged 212 pounds and sold for \$2.75 per hundred.

The Wichita Falls Route is now giving excellent service to shippers along its route and is getting a reputation for putting its hog shipments into the market in better shape than any of the other railroads entering Fort Worth.

IT ALL LOOKS ALIKE
 to some people, but not to the stock that have to eat it. We try to keep the best at all times. Chops, bran, shorts, oats, kafir corn, maize, cane seed, and all kinds of feed for stock or poultry. Poultry remedies, lice powder, stock food of all descriptions. Also plenty of good coal.

We have moved from Wall street to the Wichita Grain Co. stand, 809 Indiana avenue.
