## REV. J. FRANK NORRIS DENIED CHANGE OF VENUE

### LORIMER SCORED BY ROOSEVELT

USE OF LINCOLN'S NAME IS CRITICIZED AS OUTRAGE ON MEMORY

### ATTACK ON JOSEPH CHOATE

Ex-President Compares Conditions of Today with Those of Abraham Lincoln's Time

By United Press. Springfield, Ill., April 6.—In the home city of the emancipator, President Theodore Roosevelt tonight bitterly denounced as an outrage on the memory of Abraham Lincoln the use of his name by Senator William Lorimer in connection with his personal organization—the Lincoln League.

Roosevelt declared that the issues which confront the people today are the same that Lincoln battled to subvert and that the fundamental plans of Lincoln's platform, the right of the people to rule themselves, and not to be ruled by a mere part of the people is precisely the issue of today.

"It is of vital importance that the rule of the people should be exercised for social and industrial justice in a spirit of broad charity and kindness to all," he said, "but with stern insistence that privilege should be eliminated from our industrial life and should be shorn of its power in our personal life. The defenders of privilege have no real right to represent the Republican party, still less to dominate. Especially, men and women of Illinois, it is an infamy and an outrage that Lincoln, who stood for honesty in politics, as well as in every other phase of our national life, should have his name desecrated by its use in connection with Mr. Lorimer and his associates. They stand for and typify all those evil influences against which Lincoln's whole life was a protest.

"They are not the only men, however, who, at this crisis, while claiming to represent us or belong to the Republican party, are fundamentally hostile to every worthy tradition in that party.

"A number of rich men, including both the heads of big corporations and big corporation lawyers who have associated with them have shown that they are not loyal to the cause of human rights, human justice and human liberty. The rich man who trusts in his riches, the rich man who feels that his wealth entitles him to more than his share of personal, social and industrial powers, is naturally against us, so likewise the men of little faith, the men who at the bottom of their hearts disbelieve in our whole principle of Democratic governmental rule, are also against us. But this is no new thing. It is exactly what happened fifty-four years ago when out of the plain people, Lincoln and those like him, fashioned the Republican party. In November, 1858, Lincoln wrote: "Out of Sagamore, as well as in it, much of the plain old Democracy is with us, while nearly all of the old exclusive silk stocking whiggery is against us."

"The individuals who believe in privilege and those who distrust the people who believe in liberty; these are the men who are against us now."

"It is announced that Mr. Joseph Choate is to head an association of lawyers to protest against our proposals for seeing the rule of the people made genuine. Mr. Choate evidently does not remember that Lincoln fought his fight on the same issue. He insisted that when the court was in the Dred Scott decision misrepresented the people and stood against the rights of the people and in the interest of special people and tyranny then it became the duty of all friends of true freedom to temperately and resolutely continue the fight for human rights without regard to who the opponents might be, whether those opponents were president or chief justice or senator—and

### CHINESE ROBBERS WIPE OUT EACH OTHER

Citizens Employ First to Kill Second and Exterminate the Victors

By United Press. Chung Kung, China, April 6.—A desperate battle between two robber bands which resulted in the extermination of both saved the town of Poachow from pillage according to news just received here. Two bands of about five hundred advanced on the town from different directions. The township negotiated with the first band to drive out the other and receive two-thirds of the city. The second robber band was exterminated and only fifteen of the first band were left when the battle was over and the townspeople killed part of them in battle and captured and executed the remainder.

### TO TRY NORRIS IN FORT WORTH

MOTION TO CHANGE VENUE IS OVERRULED BY JUDGE SIMMONS

### SPECIAL VENUE ORDERED

Selection of Jury to Begin Monday Morning and Expected to Continue Week

Special to The Times. Fort Worth, Texas, April 6.—With the overruling of the motion to change the venue and the ordering of a special venire of 100 talemens, the preliminaries to the Norris trial are over. After a week of skirmishing, Monday morning the Baptist minister who stands indicted on a perjury charge will face trial and the selection of the jury will begin.

The trial promises to be a long drawn out and bitter contest. That every step will be contested by inches has been indicated by the proceedings of the past week when the motion to change the venue of the case was under consideration.

When court convened this morning the defense offered a list of those whom it wanted called as additional witnesses in support of the change of venue motion, but Judge Simmons said he wanted to hear arguments in support of more evidence. The defense reserved an exception. The list of witnesses covered several typewritten pages.

Attorney Charles Mayes opened for the defense. He said that he did not believe it could be successfully disputed that strong prejudice existed against the defendant and that the question before the court was whether it existed to an extent likely to deprive the defendant of a fair and impartial trial.

Special Prosecutor Clemendence replied for the state. He declared that the court might leave out all the testimony of the State's witnesses and consider that alone offered by the defense and yet find that there had been made no case of either prejudice against the defendant or any combination to prevent a fair and impartial trial.

Senator D. W. Odell concluded for the defense. He declared that the State could suffer no harm by removing the trial to some other city, but that by holding the trial in Fort Worth it was not only possible but very probable that wrong might be incurred by the defendant.

Judge Simmons then overruled the motion to change the venue, the defense recording an exception.

Late this afternoon the defense moved that the present venire be quashed, declaring that the wide publicity which had been given the change of venue hearing might prejudice or disqualify prospective jurors. There was no objection by County Attorney Baskin and Judge Tom Simmons sustained the motion. The venire was then discharged and witnesses were excused until Monday morning.

The names of 100 citizens were drawn this afternoon as the jury venire from which to select the jury. It is believed that the selection of the jury will occasion considerable further legal conflict and that at least a week will be required to fill the jury box.

Rev. Norris this afternoon said he was glad the trial will not be delayed. He joked about any effort to fasten guilt upon him.

### PARR RECEIVES BOMB IN MAIL

SUGAR FRAUD EXPOSER GETS PACKAGE THAT CAUSES SCARE

City Editors Receive Mysterious Letters Telling of Attempts to be Made on Life

New York, April 6.—Police reserves and experts from the Bureau of Combustibles were hurried at top speed to the customs house this afternoon following the receipt by Richard Parr, deputy surveyor and exposé of the sugar frauds of a "bomb." At the same time a squadron of reporters hastened there following the receipt by their city editors of mysterious letters telling of an attempt on Parr's life.

They found the bomb there all right. It came through the mail. It was opened with the utmost care after being soaked in water. The experts were at work three hours on the mysterious package and found an ordinary door bolt.

By United Press. Cairo, Ill., April 6.—With a heavy wind blowing from the west and prospects of an immediate fall due to a break in the foot of the Red Foot levees, Cairo tonight does not feel in danger.

Most of the workers rested this afternoon after toiling day and night with but few hours rest since last Monday. A small force was kept busy placing sacks to prevent washing on the west side of the levee. Another force is filling sacks and loading them on flat cars for emergency use.

A second levee, to meet any contingency, is being built in each wall and bulk head. This was started when the Tenth street drainage pumps burst at its outlet. Following the flood in all surrounding territory tonight there is much suffering. Two hundred refugees from Future City, Urbandale and Paterdale, in the drainage district which was flooded Thursday, are being cared for. Tents have been provided by the State.

### Red Cross Plans Relief

Washington, D. C., April 6.—Following an extended conference this afternoon between Major General Wood and Miss Mabel Boardman, National Red Cross secretary, complete plans for the relief of 40,000 homeless from the Mississippi flood were announced tonight.

Five officers have been sent to the river to oversee the work and give Washington some idea of what may be expected.

To the credit of Captains Hegman and Normoyle, at New Madrid and Columbus, have been deposited \$10,000 to be used on the purchasing of rations, blankets, shelter, etc. The other officers will later be supplied with funds.

The money is to be drawn on the accounts of quartermaster's and commissary's funds. There is no warrant in the law for this action but being justified by the emergency, officials expect to have Congress act later.

500 Square Miles Submerged, Memphis, Tenn., April 6.—Direct communication with Tiptonville was established this morning. Definite reports of the levee break were received. The gap increased between last night and this morning from sixty to six hundred feet. No houses were destroyed, but many in five hundred square miles submerged. No one was drowned.

### 40,000 Will Be Homeless

Washington, D. C., April 6.—Major Woods predicts that more than forty thousand persons will be made homeless and ten thousand have to be fed because of the Mississippi River flood.

### RUEF TO TELL STORY OF LIFE

CONVICTED SAN FRANCISCO BOSS WILL GIVE FACTS CONCERNING CORRUPTION

### HE DESERVES INDICTMENT

Believes Narrative will Have Educational Value and Condone for His Misdeeds

By United Press. San Francisco, Cal., April 6.—Stung to repudiate by a recent editorial in a San Francisco morning paper in which he was described as a "human hyena" and a "scurry, cunning, cynical rogue," whose parole from San Quentin prison would "lose for the city the respect of reputable men the world over," Abraham Ruef, once all powerful personal boss of San Francisco today in the San Francisco Bulletin publishes a partial statement of his connection with the graft which made his name notorious.

"It had been intended by Ruef," the Bulletin says in a foreword, "to tell the whole story of how public officials are corrupted and the public itself exploited because private interests are permitted to own the people's necessities and to make millions over night by capitalizing privileges that have been secured from the people's representative by bribery.

"This plan, the paper says, was abandoned because many indictments hanging over Ruef might be used to make the former boss suffer bitterly for giving offense to the powerful enemies his story expressed made the same plea to Ruef himself. What Ruef will tell when the indictments against him are dismissed—as has already been advised by District Attorney Fickert—is set forth in a signed statement which says in part:

"I believe much good can come from a straightforward statement of my experiences. I have determined to make such a statement. It will embrace all the leading events of my political life. It will show the roseate colored ideal of the dawn turning into the sombre darkness of the night. "I feel that the narration will have much educational value, and will in some degree conduce to the benefit of society, of the city, of the State, and perhaps of the nation."

### RANDELL STORM CENTER IN HOUSE

BITTERLY ASSAILED BY OTHER MEMBERS WHEN HE RISES TO EXPLAIN

### CORPORATION EMPLOYMENT

Bill Seeking to Prevent Members From Such Work is Cause of Considerable Turmoil

By United Press. Washington, D. C., April 6.—"The same men who are opposing my bill to prevent representatives from being in the employ of corporations or persons interested in legislation would not dare to advocate its repeal if it had been enacted into law," said Representative Randell of Texas in commenting on the scorching attack made on him in the House this afternoon by Representative Clayton.

One of the most acrimonious debates the House has heard this session was precipitated today when Randell endeavored to explain that he meant no reflection upon other members in his speech of last Thursday, when he intimated that a majority of the members of the House were engaged in employment that his measure would stop.

The House applauded vigorously the speeches of Edwards and Bartlett of Georgia, Democrats, and Hamilton, of Michigan, Republican. These sharply criticized the Texan's declarations and virtually refused to accept his explanation.

A verbal duel between Clayton of Alabama and Randell threw the House into considerable excitement this afternoon after the Texan had denied a published statement that he had said a "majority of the members of Congress could be approached." Clayton vigorously denied that there are crooks in Congress.

"It makes no difference to me," said Randell, "whether there is a man in this Congress who is connected with a corporation, either as agent official or counsel. The fact remains that no member of Congress should have such affiliations."

A number of the members of the First M. E. Church gathered at that edifice last night and decorated it in honor of the exercises which will be held there this morning by the Knights Templar.

### ILLINOIS FIGHT FOR PRESIDENT

ALL FACTIONS CLOSE CAMPAIGNS WITH ORATORICAL WHIRLWINDS

### SPELLBINDERS IN PLENTY

Roosevelt and Wilson on Deck in Personal and Other Candidates Well Represented

By United Press. Chicago, Ill., April 6.—The presidential preference primary is at the flood stage in Illinois tonight. In Cook county alone there are 1,000 candidates for office to be voted on at the general primary Tuesday. The campaign of minor candidates including those for governor has been almost entirely overshadowed by the bitter struggle of the presidential aspirants.

Hundreds of presidential meetings are being held throughout the State tonight. Gov. Wilson, exhausted and hardly able to drag himself from his private car, came into Chicago tonight after the most strenuous two days of his life. He put on a clean collar and started out to make other speeches in this county. With three special trains fitting from one railroad line to another, with speakers making unexpected rear platform speeches at knocking schedules to smithereens, and with the business of a score of smaller towns demoralized while thousands of people have forsaken their usual occupation to listen to the spellbinders.

The Roosevelt campaign reached its zenith at Springfield where the former president delivered the heavy punch of his whirlwind campaign. He is accompanied by nearly the entire executive body of the national Roosevelt committee. All day long until late this afternoon Secretary of Agriculture James Wilson who last night was put aboard a special train and given a copy of Roosevelt's itinerary kept about half an hour ahead of the Roosevelt train addressing the Roosevelt meetings in the interest of the Taft candidacy. The Roosevelt manager made a slight change in their itinerary.

"Tami Jim" got side tracked and found that his special was running behind the Roosevelt train. Chicago headquarters lost track of him entirely. He was scheduled to speak at Bloomington tonight but failed to arrive there.

"It's the greatest campaign that ever was made for any man," said Col. Frank I. Smith, speaking of the fight put up for the president tonight. "There is a Taft spellbinder for every county in the State. The big meeting of the Taft campaign was addressed tonight at the auditorium by Senator Charles E. Townsend, former Governor Bachelor of New Hampshire, spoke at Dekalb and a new bunch of orators are to invade McKinley's and Cannon's districts Monday, when Roosevelt goes to Danville.

La Follette managers alone have failed to enter into the tumultuous scramble for votes.

"Nowhere have I found the people so enthusiastic for the purposes of progressive democracy as the people of this State," said Gov. Wilson tonight. "I am elated over the receptions that have been tendered and I cannot but feel confident of the result."

### KIDNAP EDITOR IN CALIFORNIA

FREE SPEECH FIGHT AT SAN DIEGO TAKES SENSATIONAL TURN

Incident Follows Attack By Weekly Paper Upon Methods Used by Police

San Diego, Calif., April 6.—The "free speech" fight being made by the I. W. W. organization and a number of other persons here took a sensational turn today when it was learned that Abraham Sauer, editor of the San Diego Herald, a weekly paper, had been kidnapped.

Sauer's paper last week published an attack on the methods used by the police in the "free speech" affair. Last night six men drove up to Sauer's home in an automobile and when he walked out to see what they wanted, seized him. Before the eyes of his wife and daughters, the men threw Sauer into their machine and drove swiftly away.

Mrs. Sauer is in the state of collapse and fears are expressed that she may not survive the shock.

### AN INJUNCTION AGAINST CLOSING

ELECTRA PICTURE SHOW PROSECUTOR SECURES RESTRAINING INJUNCTION AGAINST ELECTRA AUTHORITIES

### FINAL HEARING ON MONDAY

Petition Alleges Electra Marshal Interfered with Performance Without Warrant

The moving picture imbroglio at Electra, mention of which was made in the Times of Friday was carried into the courts yesterday when County Judge Felder granted a writ of temporary injunction against a number of Electra parties, restraining them from interference in the operation of the moving picture show.

G. B. Dolan, proprietor of the picture show about which the trouble centered, secured the injunction, and the case was set down for final hearing tomorrow morning. The defendants are S. Walkup, Brandon Smith, S. E. Cramer, E. B. Mouser, Alex. Simmons and P. E. Ashworth. Dolan was represented by Carrigan and Householder, while County Attorney Dan Boone represented Electra.

The petition alleges that B. Smith, city marshal at Electra, disconnected the machinery in the picture show, making a performance impossible and that Smith caused the arrest of Dolan, without warrant. It was also alleged that the plaintiff suffered financial damage in the sum of \$400. Mr. Dolan did not reopen his show last night, however. At a meeting of Electra physicians yesterday afternoon, it was decided that it would be dangerous and no attempt was made to open the theatre.

It is stated that two new cases of meningitis developed at Electra yesterday, making a total of six. If all are under control by Monday and no new cases have appeared, it is probable that the show will open Monday night.

### RAMSEY INTRODUCED BY POINDEXTER

Cleburne Candidate Promises to Work Out Plan for Protection of Cotton Producer

Hillsboro, Texas, April 6.—A crowd which filled the district court room—perhaps the largest in the State—overflew, gathered here this afternoon to hear Judge W. F. Ramsey speak on his candidacy for Governor. Judge Ramsey was met on his arrival here over the Trinity & Brazos Valley at 10:20 o'clock by a large reception committee. About noon five or six people had arrived from Johnson county accompanied by the Weatherford and Cleburne bands. A procession was formed the line of march taking the people around the court house square. At the hotel a brief address was made by Judge Ramsey and there was also an address by Hon. H. P. Brown of Cleburne.

Owing to the rain which fell during the whole of the forenoon, the Hill county attendance was somewhat curtailed, but there was nevertheless a large number of persons from the county on hand.

Former District Judge W. C. Wear, residing at the speaking in the afternoon and following brief remarks by him, Tarleton Morrow presented Judge Wm. Poindexter, who introduced Mr. Ramsey.

Judge Poindexter stressed the prohibition issue in his introductory remarks, and paid Judge Ramsey a high compliment on personal integrity and character as a lawyer.

Judge Ramsey's special feature in his address was that after his announced for Governor. Governor Colquitt arranged his meeting of governors on the cotton price matter, although he (Colquitt) had never proposed any measure to overcome the evil of low priced cotton.

Judge Ramsey said that if he was elected Governor he would endeavor to work out a plan of legislation for the protection of the cotton producer. Telegrams were read from Waxahachie and Corsicans, stating that the attendance of delegations from those places was prevented by rain, but promising big majorities in the primaries. Much enthusiasm was exhibited by the audience.

### GRANDFATHER CLAUSE CASE UP MAY 22

Oklahoma City, Okla., April 6.—Notice was received here today that the appeals of the Oklahoma election officers, convicted in the Federal Courts on conspiracy charges for enforcing the "Grandfather Clause" at the last general election would be heard by the circuit of appeals at St. Louis on May 22nd.

### RESPITE COMES JUST IN TIME

BRENHAM NEGRO'S LEASE ON LIFE IS EXTENDED BY GOVERNOR

### EVERYTHING IN READINESS

Delay in Delivery of Wire Message to Sheriff Came Near Being Too Long

By United Press. Austin, Texas, April 6.—By a very narrow margin, Charles McClellan, the condemned negro—at Brenham, escaped being jerked into eternity through the timely intervention of the governor. Shortly after noon today, the governor received a phone message from the attorney at Brenham who presented McClellan urging that a respite be granted and that the application for the commutation of the death sentence to life imprisonment in the penitentiary be further considered. The governor granted the request and phoned Sheriff D. E. Teague of Washington county, to withhold the execution, that a stay had been granted for one week, until next Saturday. The sheriff requested the governor to wire him to that effect. The message was sent over the Western Union but the telegraph company was unable to get Brenham and fearing that the negro would be hanged before the message arrived, the company sent the wire through Houston and there it was sent over the railroad wire and reached Brenham shortly before 2 o'clock.

Shortly after the governor granted the respite he received another phone message from the lawyer, who had requested the stay of execution withdrawing the request, but the governor had already acted, declaring that a delay of one week would not make much difference.

### BATTLE EXPECTED IN VICINITY OF ECATON

By United Press. El Paso, Texas, April 6.—Rebel troops tonight are guarding the line of the Mexico Northwestern Railway for a distance of 25 kilometers south from Juarez to prevent the dynamiting of bridges and cutting of telegraph wires.

Attempts to destroy the bridges are alleged by the rebels to Federal forces on El Paso.

A force of 1,000, however, had reached Bermejillo and is moving toward Ecaton where rebels under General Emilio Campa number 800. This evening Gen. Orozco sent reinforcements to Campa and he expects a battle within the next 24 hours. The Federals comprise the forces of Generals Hureta and Telles from Torreon and are expected to be joined by General Aubert with his 500 men. The whereabouts of Gen. Villa is not known.

Before evacuating Parral yesterday Gen. Villas' men are said by rebel commanders to have looted the Banco Minero of \$300,000 and to have destroyed the building. In the attack on Parral heavy damage was done. Pious losses resulted from the looting, which amounted to it is estimated to more than \$500,000. Among the heaviest losses by looting were Ricard and Company \$100,000; Ficheln Bros., \$50,000; Leonardo Garcia \$30,000; Carlos Flohr \$10,000; Jesus Ito \$30,000; Banco Minero \$300,000. No places flying American or British flags were looted. But other flags were not respected.

Vice President's Brother Killed Noster, April 6.—Pino Suarez, a brother of Vice President Jose Suarez, was killed in a battle near Parral, while leading four hundred Federalists against a large rebel force of whom one hundred were killed. Fifty Federalists were killed.

### ENGLISH CAPITAL MAY ENTER TEXAS OIL FIELDS

By United Press. San Antonio, Texas, April 6.—Campbell M. Hunter, an oil expert of Houston, arrived here today to make an investigation of the Texas oil fields. He is accompanied by A. Duckham, an extensive oil operator of London and Trinidad. If the result of Hunter's investigations is satisfactory there may be a heavy influx of English capital to develop the oil fields of this section. It is understood Messrs. Hunter and Duckham will leave for Groether early Sunday morning, to inspect the oil possibilities there. They will also visit other sections of the State.

W. O. Davis of Fort Worth, connected with the railway mail service, returned to Fort Worth yesterday afternoon.

## DURANT PLAYS HERE TODAY

FOR FIRST TIME THIS SEASON TEXAS - OKLAHOMA TEAMS WILL MEET

## OKLAHOMANS ARE FAST

Durant Players Have Had More Practice than Locals and Are in Good Trim

This afternoon at the lake park the first baseball game of the season will be staged with Durant and Wichita Falls as the opposing teams. This is not only the first game of the season but it affords the first opportunity to see how the Texas-Oklahoma league lines are going to stack up against each other.

Arrangements for the game were completed yesterday morning. An effort had been made to bring the Port Worth bunch up here, but the Panthers were unwilling to make the trip. Previously an attempt was made to secure one of the Dallas teams, but unpleasant memories of former ante-season games at Wichita Falls caused Dallas to decline the invitation.

Durant is understood to have a classy bunch this year and the practice games have been easy picking. The Oklahomans have been practicing long enough to be in good trim. Morris has had his squad out at the city park every afternoon and while there have been no games, the players have been put through sufficient practice to take the rough edges off. There are thirteen players in the squad.

This afternoon's game will be the first opportunity Wichita fans have to see what the Lads are going to have this year and it is expected that there will be a large crowd out to witness the fray. All of the pitchers will probably be given a chance to show themselves.

The game will be called at 3:45. Ardmore promises to be something of a contender this season, judging from the showing made against Port Worth in Friday's game. The Panthers won, but the Oklahomans made them work hard to do it and put up a style of game that bodes ill for some of the other clubs.

Ardmore was a second division club last year but may show something better during 1912.

Durant played an Indian school team Friday and won easily by a score of 9 to 0. Ardmore and Durant are practically the only Texas-Oklahoma League teams that have gotten sufficiently well organized to play games and this afternoon's contest will be the first chance to make any comparative estimates of strength.

"Stopper" Witherspoon was in the Panthers' line-up Friday and seems to have done well. None of Port Worth's seven hits were credited to him but he secured four put-outs and two assists at short and made no errors.

The little independent teams in East Texas have been kicking the Dallas Giants' dawg around quite a bit the past week and it is beginning to look like Dred Cavender didn't have a great deal this season.

Giants Celebrate Homecoming. By United Press. New York, April 6.—Before a throng of people the Giants back from their spring training trip took the Jersey City International team into camp rather easily.

Allen Calls Meeting. Austin, Texas, April 6.—President Allen, of the Texas League this afternoon called a meeting of the directors of the Texas League, to meet here Tuesday morning. The purpose of this meeting is to take up and dispose of several matters, among which will be the question of the ownership of certain disputed players. There are several cases of this kind now on tap in the league. The dispositive is composed of Iglehart of Austin, Davidson of Waco, Block of San Antonio and Maloney of Galveston. President Allen also issued a call for the umpires to meet here on Thursday morning for the purpose of meeting their instructions for the coming season.

Houston 3 Galveston 0. Houston, Texas, April 6.—Edmondson pitched stylish ball this afternoon against Galveston, yielding but three hits. The local club won 3 to 0. Of the runs was a homer off Morton by Knaupp. The ball went to the club house in center field. Houston batted in great shape, especially Whiteman and Britton. This was the second pre-season game between the clubs and Houston has yet to lose.

The score by innings: Galveston . . . 000 000 000—0 3 2 Houston . . . 010 001 01X—3 4 0 Batteries—Molloy, Morton and Williams; Edmondson and Allen. Umpire—Lubbock.

Panthers Scratch Out Victory. Dallas, Texas, April 6.—Springing on the Dallas Giants Saturday afternoon, the blood thirsty Panthers scratched out a four to two victory, evening up the count between the two clubs. At that, costly errors by Dallas at critical times prevented the game from being nip and tuck. The Giants made a strong bid for the game in the eighth, scoring twice.

Fort Worth scored and earned a run in the first on Sney's two sacker and Kid Nance's single to left. They tallied twice in the fifth and once more in the sixth on Kellerman's error and Kinney's wild heave. The hitting was light, Fort Worth getting six and Dallas four safe bingles. Two of the Panther's safeties were of the scratch variety.

Here is the story of the scoring: Fort Worth . . . 100 021 000—4 6 1 Dallas . . . 000 000 020—2 4 3 Batteries—Windham, Perret and Kitchens; Pate, Kinney and Gibson. Umpire—Wilkinson.

Cleburne Defeated Ardmore. Cleburne, Texas, April 6.—At Gorman Park today Cleburne defeated Ardmore 5 to 3. The attendance was small because of the bad weather. The ground was wet, making for a slow game.

The score by innings: Cleburne . . . 010 100 120—5 5 2 Ardmore . . . 000 300 000—3 6 5 Batteries—Bell, Kistenmacher and Perkins; Reed and Farrell.

St. Louis Mo. April 6.—The St. Louis National League team won the deciding game in the series with the American League aggregation here today. The Cardinals got 15 hits, three being doubles and one triple.

The score by innings: Cardinals . . . 020 005 020—9 15 1 Browns . . . 000 010 402—7 12 2 Batteries—Steel and Breenahan; Mitchell and Stephens. Umpires—Egan and Johnston.

Boston Wins From Reds. Cincinnati, Ohio, April 6.—Indulging in a swat fast at the expense of Keene and Gaspar, the Red's star pitchers, the Boston's won as they pleased.

The score by innings: Boston . . . 000 220 450—13 15 1 Cincinnati . . . 000 000 001—1 4 2 Batteries—Wood, O'Brien and Nunnaker; Keene, Gaspar and McLean. Umpire—Brennan.

## Nature, Arrayed In Her Brightest Garb, Finds a Parallel in Every Section of the Store

There's a bright, crisp, newness about the stock very pleasing to prospective buyers. Couple this with the extreme moderation of our prices and you will have a two-fold incentive. Our increased patronage is proof conclusive that you are quick to see these things. Our staple dry goods department is heavily loaded with merchandise, the best, and as usual, most items underpriced. Our Dress Good section is a faithful reflection of the fashion of the hour. A matchless display of fashions latest fancies, a showing that for style, exclusiveness and attractiveness stands absolutely in a class to itself, and we are sure that you will agree with us when you see the new footwear that this showing is by far the prettiest ever seen anywhere. Investigate this department. In our Ladies Ready-to-Wear section style tendencies are clearly sounded in the models of dresses and skirts. Beautiful new creations, unusually attractive, fully worthy. And in the main, these fashionable garments are priced the Pennington way—less than elsewhere. You are invited to investigate this matchless exhibit.

MEN'S SUITS. We know there isn't any better clothes made than ours. We know the styles, the construction, the fabrics and the coloring are right. Merit, pure and simple, is the magic that has gained for this department first place. Merit gained by years of experience and ability, courage and artistic judgment to choose only clothes of sterling worth, style up-to-the-minute, and price making the lowest. We want you to come. Always a warm welcome is yours.

## MUCH ACTIVITY IN BUILDING HERE

Several Buildings and Many Residences Now Under Construction and Contemplated.

With the return of fair weather there has been a marked increase in local building activity and there is a large amount of work going on at present, with definite promise of much more in the near future. The weather during March practically put a stop to building operations for several weeks, but the past week has seen a healthy renewal of activities.

Among the buildings now under construction are the J. L. Jackson building on Ohio between Ninth and Eighth streets. This will be three stories in height, 50x150 feet and will be occupied by the Freear-Brin Furniture Company. The cost will be about \$25,000 and the plans were prepared by Jones and Orripp. Other buildings under construction, for which the plans were prepared by Jones and Orripp are the following: Blacksmith shop and paint shop for the Wichita Falls Motor Company, each to be 50x100 feet and to cost \$5,000 each.

Two story frame residence for Lynn Boyd, to cost \$4,500. Two story brick residence for A. S. Foville to cost \$9,500. Frame residence for P. S. Tullis to cost \$2,000. Two story 25 room rooming house for J. J. Moran to cost \$4,500. J. A. Kemp residence to cost \$50,000.

Among the buildings to be erected shortly, for which contracts have been awarded, are the following: Two story frame residence for Dr. T. R. Boger, to cost \$4,600. Two story brick residence for C. J. Barnard to cost \$7,000.

One story brick residence for Orville Huntington to cost \$4,500. Ten five room brick cottages for Messrs. Kemp and Kell, near auto factory, to cost \$18,000.

Five frame cottages for Messrs. Kemp and Kell near auto factory to cost \$4,500.

One story brick residence for T. S. Frostman to cost \$3,500. The plans for all of these were prepared by Jones and Orripp.

Mrs. E. T. Anderson has let the contract for two seven room houses in Floral Heights and work will begin at once. A. P. Henderson has the contract.

## EASTER CONCERT BY WICHITA STATE BAND

The following is the program for the first summer concert to be rendered by the Wichita State Band Sunday afternoon at 3 p. m., T. C. Taylor, director:

- March "Cassara"—Mitchell. "Rossett's Popular Selection"—Alford. March "Bombasto"—Garrar. "Loveland"—Hollyman. March "Victory Forever"—Moon. March "Wedding Feast"—Taylor.

To the Veterans of Wichita Falls and Public in General.

I wish to state that I appreciate the interest and to thank all of my friends for their assistance that they extended me during my race for city secretary. While I have seen a great many on the street and thanked them in person I will use this means and

announce in public for the benefit of those that I may fail to see, and will state that I hope that I will not make any one ashamed that they cast a vote in my favor.

I believe in the moral side of any question and am going to show the people that I am worthy of the place and that they have elected me to and by doing my duty as a city officer I can then assure them that they have not wasted a vote.

By using the Wichita Times and to assure them that I appreciate the many friends that I have and those that I am worthy of the place and that they have elected me to and by doing my duty as a city officer I can then assure them that they have not wasted a vote.

Trusting that we may all work in harmony and for the welfare of the city, I am, Respectfully yours, W. A. McCARTY.

Patience and huble should make a winning team.

SOCIETY

THE SOCIAL CALENDAR.

A meeting of the United Clubs will be held next Tuesday afternoon beginning at 4 o'clock in the auditorium of the High School building.

The New Bridge Club will meet next Wednesday afternoon with Mrs. E. L. Smith on Ninth street.

A very important meeting of the Parent-Teacher's Club of the Austin school will take place Thursday afternoon.

The next meeting of the Unity Club will take place at the home of Miss Ester Goreline, on Travis street, Friday afternoon.

The Five Hundred Club will probably meet on the afternoon of Thursday March 11th, with Miss Ethel Chamberlain on Broad street.

Mrs. D. P. Whitney at her home on Floral Heights will entertain the New Century Club next Wednesday afternoon.

On the afternoon of March 19th, the Friday afternoon Bridge Club will meet with Mrs. H. A. Allen, on Burnett street.

The Tuesday afternoon Bridge Club will meet March 16th with Mrs. E. G. Struggs at the home of Mrs. Claud Woods on Tenth street.

Hayseed Play. On last Wednesday evening, April 4th, occurred one of the most enjoyable and pleasing events of the season.

A particularly laughable feature of the evening's amusement was the grand march of the Corn Tassel Family, dressed in typical old-fashioned farm paraphernalia.

Mrs. L. C. Hinckley as Sallie in her piano solo, brought forth much laughter, receiving much applause.

The Hoehandi Boy's song, the Mik-mald Drill and song, the Jay Girls' song, were all excellent, and showed good work on the part of Meadames Boyd and Hardesty in training the participants of these drills and songs.

Several matters of more than ordinary importance were acted upon at that session.

One was the selection of Saturday, March 13 as tag day and the appointment of committees in this connection.

It was also determined to hold a civic rally one day soon. The public will be invited to this meeting and an attempt will be made to create a more general interest in civic betterments.

Following the civic rally and tag day, a general clean up day was planned. This will be determined before the meeting of the district federation which convenes here on April 1 and the

town given a thorough cleaning up. This cleaning up will not only cover the streets, alleys and premises but will extend to the environs of the city so that Wichita Falls will be at her best when the visiting club women arrive.

The purpose of this clean up will be not only to improve appearance, but to improve sanitary conditions. Not only will the league promote a clean up day, but it will also wage a continual campaign against expectorating on the sidewalks and in the hallways of buildings.

The league voted unanimously to support the candidacy of Mrs. Percy V. Pennybacker of Austin for the presidency of the General Federation of Women's Clubs.

The league voted to contribute toward a fund being raised in the Texas Federation for the purpose of carrying on the campaign in Mrs. Pennybacker's behalf.

THE MODEL 607 Eighth St.

District T. F. W. C. will convene at Wichita Falls.

On behalf of the city, the Chamber of Commerce, and of the United Clubs, an invitation to be present on that occasion is most cordially extended to the Delegate and to the President (or a substitute for President) of your club.

It gives us great pleasure to open the doors of our city to this distinguished body of women, who are working with such marked success for the betterment of the individual, the home, and the state. We realize that this Convention will leave an influence for good and advancement that will permeate, not only the life of our club organization of today, but also that of the coming generations.

It will greatly facilitate the work of our Chairman of Homes Committee, Mrs. James T. Montgomery, in placing you comfortably, if you will report at once to her and also to the Corresponding Secretary the names of the two ladies from your club who will do us the honor of being present as our guests.

Should any other ladies of your club desire to attend, they can secure reasonable rates at our hotels. If you will send us their names immediately it will give the Chairman of Entertainment Committee, Mrs. J. A. Kemp pleasure to include them in all the affairs given to the Convention, and to see that their stay is made pleasant.

Thanking you for a prompt reply, we are,

Yours cordially, The Wichita Falls United Clubs, Mrs. J. C. A. Guest, Chairman, J. C. Berney, Cor. Secretary.

The above invitation has been issued to the President and Delegate of every club in the district and you will notice the date on which the Convention will meet in our city is rapidly approaching.

The interest and enthusiasm of every club woman in Wichita Falls has been enlisted to make a success of the coming convention and the co-operative influence we have been able to gain in this work has been beyond our expectation.

Wichita Falls is justly proud of the reputation she has earned for open-handed hospitality and not only her club women but all women of the town are determined that her record in this respect shall not suffer on this occasion.

Encouraging reports are being received from the different local committees.

The Homes Committee with Mrs. J. T. Montgomery as chairman is sparing no pains to secure accommodations for its guests in a most satisfactory manner.

Transportation Committee is arranging the usual convention rates on railroads.

The entertainment committee with Mrs. J. A. Kemp as chairman is at work and will leave nothing undone to add to the pleasure of its guests.

Mrs. R. C. Smith, chairman of the trains and automobile committee reports the work of the committee on a systematic basis and ready for business.

All other committees are giving fine reports.

The program as yet have not been printed but an outline has been presented to the United Clubs and show excellent study on behalf of the district officers and of the program committee appointed by them.

President's evening especially is looked forward to as a very brilliant affair with notable addresses and fine musical numbers.

Mrs. Ell Hertzberg, our State President, also Mrs. Percy V. Pennybacker, will be present and address us on that occasion.

All men of the city are given a cordial invitation to be present on this evening.

The Place of Meetings, Committee has secured the M. E. Church, South, corner of Tenth and Lamar for all meetings. It contains a large auditorium and is thoroughly equipped with all necessary committee rooms, kitchen and rest room.

A large attendance is expected and all things point to an interesting and profitable meeting.

Below is a list of the local committees. The chairman was assisted by the president of each club in appointing these committees and they were confirmed by the United Clubs.

Mrs. M. M. Murray, G. W. Filgo, R. H. Hall, W. J. Nolan, A. H. Garigan, A. D. Anderson, I. A. Farris, Minnie Gaffney, C. W. Beavers, W. W. Robertson, J. W. Stone, T. T. Reece; Misses Emma Childers, Jodie Haynes. Badge Committee--Mrs. Ed Howard, Chairman.

Pages--Misses Lena Gardner, Lois Bell, Frankie Smith, Jewel Kemp, Esther Goreline, Carrie Kell, Nellie Ward, Jessie Kerr.

Daughters of Confederacy Organized. W. R. Scurry Chapter United Daughters of the Confederacy was organized in Wichita Falls last Tuesday afternoon with 64 charter members.

The name W. R. Scurry Chapter was chosen in honor of the memory of Judge Edgar Scurry's father. It not only honors the memory of a valiant Confederate, but compliments his son who has been active in the interests of the Confederate Veterans, the Sons of Confederate Veterans and the Daughters.

It was mainly through Judge Scurry's suggestion that the meeting to organize the chapter was called by Mrs. G. D. Anderson.

While 64 members were enrolled at the meeting Tuesday many more have been enrolled since and it is probable that the membership will soon be increased to a hundred or more.

The meeting for organization was held in the Chamber of Commerce rooms and the proceedings were marked with enthusiasm. The chapter was organized with the following officers:

President, Mrs. L. H. Mathis. First Vice President, Mrs. G. D. Anderson. Second Vice-President, Mrs. L. M. Boyd.

Third Vice President, Mrs. M. Gaffney. Fourth Vice-President, Mrs. Edd Cobb.

Recording Secretary, Mrs. H. B. Patterson. Corresponding Secretary, Mrs. R. E. Orr.

Miss Carrie Kell was named maid of honor to the Confederates Reunion at Macon, and Mrs. G. D. Anderson was named sponsor. These honors were given by Judge Scurry who is head of the district organization of the Sons of Confederate Veterans.

The meetings will be held on the second Saturday of each month but the place of meeting has not yet been selected. Due notice will be given through the paper.

The following are the charter members: Mrs. M. M. Adicks, Mrs. G. D. Anderson, Miss Lela Belle Anderson, Mrs. W. E. Brothers, Miss Katherine Brothers, Miss Lois Brothers, Mrs. W. P. Bolding, Mrs. C. W. Bean, Mrs. J. M. Bell, Mrs. G. R. Boly, Mrs. T. R. Boger, Mrs. M. A. Boyd, Mrs. L. M. Boyd, Mrs. W. E. Cobb, Mrs. W. W. Coleman, Mrs. J. T. Christensen, Mrs. F. E. Orr, Mrs. H. B. Patterson, Mrs. T. F. Patterson, Mrs. W. L. Robertson, Mrs. Harry Robertson, Mrs. Ralph Robertson, Mrs. T. M. Smyre, Mrs. E. E. Sanders, Mrs. J. W. Stone, Miss Bonnie Skinner, Miss Louie Sherrod, Mrs. C. B. Taney, Miss Pearl Underwood, Mrs. R. P. Webb, Mrs. C. B. Woods, Miss Lula Woods, Miss Minnie Young.

An Easter Egg Hunt. The pupils of grades one and two in the Alamo school had a very enjoyable outing last Friday afternoon, and the little excursion was planned for profit as well as pleasure. The main object of the excursion was to give the children an opportunity of observing Mother Nature's works, giving special attention to the birds, the trees, the rocks, the river, etc.

The children were requested Thursday morning to bring eggs to school the next morning, the eggs to be all ready to be decorated for an Easter egg hunt. Most of them did so, but a few forgot to tell mamma about it, so of course they had none. At the painting period, the children decorated their eggs with water colors and enjoyed

Famous Moisant Aviators  
Will Arrive Here Today  
For Flights This Week

The Moisant International Aviators with Miss Mathilde Moisant, the celebrated lady monoplaneist, Mons. Andre Houpert who is the head pilot instructor of the great Moisant Aviation School at New York and a licensed pilot of the Aero Club of France and the Aero Club of America and the noted Spanish birdman big Francisco Alvarez, are scheduled to arrive in the city this afternoon. With the flyers comes their business manager, Mr. R. Pease and also the necessary French mechanics required to properly handle and set up the great monoplanes that the Moisant Aviators have used to break so many world records.

Miss Moisant and her party will stop at the Westland Hotel where their apartments have been reserved and prepared for them.

Early tomorrow morning the car containing the monoplanes will arrive at Lake Wichita and Manager Pease and his corps of French assistants will at an early hour start on the important work of having the machines assembled and the great motors tuned up and ready for flights.

While the meet is not scheduled to open until Thursday it is quite probable that Mons. Houpert and Signor Alvarez will make some preliminary flights before that time. These will not of course be exhibition flights and if they are made will be in the nature of a test more than anything else.

Miss Moisant has done some remarkable flying while at Dallas and at Tyler and she has wired her representative here that it is her desire to break her altitude record during the exhibition here at Lake Wichita.

Lieutenant Jim P. Anderson, who has been here for the past several days arranging for the exhibition of this celebrated outfit of world famed flyers declares that the grounds at Lake Wichita are ideal. There is no reason, if the weather holds good, why the meet here should not result in

is expected, will create something of a sensation because of its oddity and the personnel of some of the performers, among whom Arzulla, a young girl medium is probably the most sensational. This young lady endowed with more than average good looks has astounded by her almost supernatural ability in a spiritualistic way. Hypnotism has had a Black eye in Wichita, but it is promised Albutus will offer demonstrations that will banish skepticism and cause patrons much laughter. This young man is regarded as the most successful hypnotic practitioner in this country and his services has been in active demand in hospitals where many difficult surgical operations have been performed on patients under his hypnotic control. A seemingly impossible test is sending 40,000 volts of electricity harmlessly through the body of a hypnotized subject and subjecting animals and birds to hypnotic control.

The company comes here highly endorsed from Dallas and Fort Worth and from all accounts is strictly first class. The prices will be what the management are pleased to term, "sensibly low," and ladies will be free on the first night under usual conditions.

Through the efforts of the Chamber of Commerce Houston is to have a new candy factory.

that operation almost as much as they did the hunt a few hours later.

The start was made from the Alamo school building at about twelve-thirty o'clock and the well filled baskets and happy hearts of the children in the party testified to the good time to which they were looking forward. A beautiful spot back of the baseball park and overlooking the Wichita river was chosen as the place for the hunt, and the children were so interested and occupied in picking wild flowers that they did not mind the long walk. However, when they had reached the rocky hills near the river, their destination, all were ready to do justice to the delicious lunch prepared by the loving hands of their dear mothers. Two of the mothers, Mrs. Martin and Mrs. Bloom accepted the invitation extended to all the mothers to go on the excursion.

It was a beautiful sight to see all seated on the large rocks, eating their lunches and chattering gaily and later to see them running up and down the steep rocky hills, or seated for a few minutes at a time in little groups on the hillside. Many times a kodak was ardently wished for by some of the grown ups who witnessed the scene.

After luncheon had been finished, the Easter egg hunt was announced. All enjoyed that event very much, some finding as many as four or five eggs and some finding none at all. At the conclusion of the hunt, all of the eggs were put into one "great big" nest and the children formed a circle around it. By twos they skipped to the nest and after each had taken an egg, they rejoined the circle. After all of the eggs had been distributed in this manner, preparations for returning were made. It was about three o'clock when the children had again assembled in front of the Alamo school building, and all went home tired and happy and rejoicing in the fact that they were fortunate enough to have for their teacher, Miss Kate Haynes, whose kindly interest in the welfare of the children under her instruction has made her one of the most popular teachers in Northwest Texas.

An April Fool Party. Miss Helen Stone at the home of her parents on Indiana avenue very pleasantly entertained a number of her friends last Monday evening with an April Fool's party. Upon the arrival of the guests, each was presented with a red carnation, and after all had assembled, the playing of "Hearts" and "Bunco" became the features of the evening.

An event planned in accordance with

the fact that the party was given on April Fool's day was the serving of take refreshments to a number of the guests. It was first announced that refreshments would be served in the dining room, and after a number had gathered around the table, word was given to begin eating. The guests were greatly surprised to find that what they had at first taken to be celery salad was only broken oorks, and that the delicious looking rolls on the table were stuffed with cotton. In addition to these facts an arrangement had been completed whereby the knives and forks were laid on wires attached to a number of batteries, and anyone who attempted to pick up a knife or fork received an electric shock. A number were completely fooled by these contrivances, and an attempt was made to fool the rest, but the news soon spread and most of the others "got wise."

After a few more games had been played, real refreshments were served, and at a late hour the guests departed, those present were: Misses Bernice Jackson, Zelma Bell, Lillian Fain, Alice Burdette, Tula Stokes, Corlee Waggoner, Mary Orth, Cella Stayton, Audrey Addicks, Abbie Thompson, and Thelma Kahn, and Messrs. Jake Avis, Joe Kell, Joe Carrigan, Captain Noble, Earl Fain, Clyde Smith, Cliff Bullock, Withers Lee, Jerome Stone, and Horace Napier, who employed his electrical talent in fixing the batteries used in charging the knives and forks on the table.

### New Bridge Club.

A meeting of the New Bridge Club was held last Wednesday afternoon with Mrs. T. B. Smith, on Austin St. Mrs. C. B. Toney received the guest's prize, and the club favor for the afternoon was awarded to Mrs. Luther Webb. The guest's prize was a souvenir spoon and the club prize was a cut glass vase.

Cream and cake were served to those present as refreshments, and soon after the conclusion of the last bridge game, the ladies departed to meet again next week with Mrs. E. L. Smith, on Ninth street.

Those present were Mesdames J. S. Binford, E. L. Smith, H. O. Cravens, Lucian Frith, Leon Loeb, Luther Webb, C. E. Toney, N. Sherman, J. O. Smith, Eugene Sherrard, M. A. Marcus, W. F. Weeks, A. R. DuKe, Edgar Norton, Piner Avis, and Miss Lucille Sherrard.

can possibly do so. The meeting is an important one in that the election of officers to serve during the ensuing year will be held. It was intended to hold this election at the meeting last week, but owing to the poor attendance at that meeting, the election was deferred until next Thursday.

An Easter egg hunt was held last Friday afternoon on the court house lawn under the auspices of the Mother's and Teacher's Club, the hunt proving to be very successful both from a financial and an amusement standpoint. In the neighborhood of twenty-two dollars were taken in, which sum will be devoted towards paying for the piano at the Austin school. The ladies have a number of plans in contemplation by means of which they hope to raise additional funds, and thereby complete the last payment on the Austin school piano in the near future.

New Century Club Elects Officers. At the home of Mrs. Wade Walker on Scott avenue last Wednesday afternoon a meeting of the New Century Club was held, there being 13 members present.

Mrs. T. M. Smyre opened the afternoon's program by reading a paper on "The Influence of Club Life on the Home." She pointed out in a most convincing manner that club life has a most direct and powerful influence on the home, and concluded by calling attention to the fact that every club woman should attempt to gain benefit from these organizations in such a manner that she would be able to apply her learning acquired at club meetings to affairs at home so that great good would result. Mrs. Smyre's paper was especially fine and voiced the sentiments of the club exactly.

As announced last week would be the election of officers for the ensuing year, was held and Mrs. W. M. McGregor was chosen president, Mrs. C. B. Montgomery, vice president, Mrs. I. A. Farris, secretary, Miss Dora Coons, treasurer, Mrs. R. L. Smith, corresponding secretary, and a committee consisting of Mesdames J. W. Lee, C. W. Beavers and D. P. Whitney, was appointed to draw up a program for each meeting during the ensuing year. The officers elected will be installed next October, and it is probable that two or three more meetings will conclude the program until after the new officers have been installed. The course of study for future meetings has not yet been decided upon.

Refreshments were served, and a report was read by the secretary showing that the attendance record during the year about to end had been unusually fine, attributed to a system in operation for some months. The next meeting will be held Wednesday afternoon with Mrs. D. P. Whitney on Floral Heights.

Art Literature Club.

The Art Literature Club met Tuesday, April 2nd with Mrs. Harry Robertson on 13th street.

Eleven members answered to roll call with current events. The president and secretary being unable to attend on account of illness, the vice president took charge of the meeting and the greater part of the afternoon was devoted to business matters, pertaining to the club, after which two very interesting papers on Architecture were read.

The noted painter and sculptor, Michael Angelo, when seventy-one years old was appointed architect of St. Peter's Cathedral and here he showed his really marvelous capacity and power as an architect.

Mrs. Roundtree brought out to our minds the wonderful talents of this noted man, after which Mrs. Filgo brought us somewhat nearer home by reading an interesting paper on "The Architecture of the United States."

When the English colonists early in the 17th Century began to settle along the Atlantic, they were at first too much occupied with the hard necessities of life to erect anything that could be called architecture. But these simple structures were of interest; taking for example the oldest portion of the fairbank's home near Boston. Other buildings such as the Capitol at Washington, Lenox Library, the Tribune Building and Wm. C. Vanderbilt's home in New York and the Administration Building of the World's Fair of 1893 in Chicago were all mentioned.

At the conclusion of Mrs. Filgo's paper, the hostess took charge of the meeting and served with delicious refreshments, after which the club adjourned to meet Tuesday, April 9th with Mrs. G. W. Filgo on Tenth street.

Church Society Will Conduct Sale.

The young ladies auxiliary of the First Baptist Church are preparing to hold a big sale, in the Joline building, in the offices recently made vacant by the removal of the Water & Light Company. This sale will be one of the largest affairs of a like nature which has carried out in this city recently, and more definite announcements concerning arrangements and other details will be announced in a few days. The sale will probably be held next Friday and Saturday afternoons, November.

bers of the Musicians' Club last Thursday afternoon, and after a very short business session, an interesting and instructive musical program was carried out.

Miss Della Stone rendered an especially beautiful vocal solo, after which Miss Francis Allen gave a piano solo. A vocal duet was then given by Mrs. J. P. Boone, and Mrs. F. C. Barron, and the musical program was concluded by Mrs. Wade Walker, who sang a vocal solo. Delicious refreshments were then served by the hostess, and attention called to the fact that the meeting was the last regular club meeting until after the convention of the federated Clubs here the last of this month and the first of May.

will meet next Thursday afternoon with Mrs. P. P. Langford, and those comprising this department will practice selections to be rendered during the convention of the Federated Clubs meets here.

Unity Club Meeting.

Last Friday afternoon beginning at 3 o'clock, the regular weekly meeting of the Unity Club was held at the home of Mrs. Newton Maer, on Floral Heights. Owing to the fact that the weather was clear, and the sun shone brightly, an unusually large number of members were present, and the meeting was a most successful one.

This being the first meeting of the club with Mrs. Maer since she has moved and become settled down in

her new home, she had made extensive preparations for receiving those who attended and the house had been rendered especially attractive for the occasion.

The general subject discussed during the afternoon was "American Painting," and the particular phrase of the subject which was taken up was the "Middle Period of American Painting." Mrs. E. B. Gorsline was leader for the afternoon, and conducted the lesson. She opened the discussion by reading a paper entitled "Landscape Painters." Mrs. Newton Maer next read a paper dealing with "Portrait," "Genri," and "Historical Paintings." This paper dealt with all three of these different periods of paintings, and contained valuable information. "Whistler" and "His

Works" was the subject of the next paper, which was read by Mrs. J. C. Hunt, and was an exceptionally good paper showing careful preparation and understanding of the theme under discussion. A talk on the subject "Greater Sympathy Necessary for the Development of American Art," by Mrs. P. P. Langford, concluded the lesson for the afternoon.

Refreshments of salad, cake and coffee were served after the afternoon's program had been concluded. The next meeting will be held at the home of Miss Ester Gorsline on Travis street, Friday afternoon.

In Honor of Two Brides.

Mrs. J. C. Mytinger, assisted by Mrs. A. B. Huff and Mrs. W. R. Little, entertained last Saturday afternoon from

three until six o'clock, with a Five Hundred and Forty-Two party, the affair being in honor of Mrs. Piner Avis and Mrs. W. R. Little. Twelve tables around which the ladies played either Forty-Two or Five Hundred were necessary to provide for the large number of guests who attended, and the affair was one of the best planned and most successfully carried on entertainments which taken place in this city for some weeks.

The Mytinger home in Floral Heights was made gay with smilax, white ribbons and potted ferns, all tastefully arranged to welcome the guests and honor two brides who will make their homes in this city. Each lady upon her arrival at the door, was received by the charming hostess and her

### SOCIETY.

house party of young ladies who wore white frocks and beautiful little white caps. The assembled company presented a very gay and pretty scene. For days before Saturday afternoon the weather had been stormy and gloomy, but this afternoon proving bright and clear, tempted the ladies to wear their loveliest toilettes in honor of the happy occasion, and many Easter hats and gowns were in evidence. The effect was brilliant and added luster to the splendor of the gathering.

The afternoon was spent pleasantly in playing the games of Five Hundred and Forty-Two, there being six tables devoted to the plying of each game. Refreshments were served on the game tables, and as a final beautiful reminder of the hostess' sentiments towards the honor guests, the brides, Mrs. Piner Avis and Mrs. W. R. Little, the ice cream had been moulded into exquisite brides' roses and dainty bride slippers, both so perfect in design and execution that the guests hesitated before they demolished such beautiful creations. But when their scruples were overcome and a morsel had been broken off with the ice cream fork, both the roses and the slippers were found to be very toothsome dainties and with the delicious bridal cake which was served with the ice cream, the refreshments proved most excellent.

The favors of the afternoon fell to Mrs. Everett Jones, who received a pair of hand embroidered towels, and to Mrs. Oral Jones, who also received a pair of hand embroidered towels. The house party guests included Misses Evelyn Coffield, Jewel Kemp, Willie May Kell, Carrie Kell, Lavina Randall, Mrs. Piner Avis, and Mrs. W. R. Little.

Those who were present and took part in the games were Mesdames J. D. Avis, T. R. Boone, J. T. Brooks, H. O. Cravens, Jesse Dolman, J. W. Du Val, Fred Harrington, Ed Howard, Fred Householder, A. B. The possibility of having a performance at one of the moving picture theatres at which films, showing patriotic scenes and events were displayed, was discussed. A later interview with one of the most popular managers in the city placed this plan among the probabilities of the near future.

At the close of the business meeting delightful refreshments were served by the hostess and the occasion was beautifully "seasoned" by bouquets of red and white carnations.

The next meeting of the chapter will be held the first Saturday in May with Mrs. R. P. Watts in Lamar avenue.

Wichita Falls People Have Absolute Proof of Deeds at Home. It's not words but deeds that prove true merit.

The deeds of Doan's Kidney Pills. For Wichita Falls kidney sufferers. Have made their local reputation. Proof lies in the testimony of Wichita Falls people who have been cured to stay cured.

P. W. Nolan, 1100 Indiana street, Wichita Falls, Texas, says: "My experience with Doan's Kidney Pills proved beneficial and I willingly confirm the public testimonial I gave two years ago in their favor. I procured this remedy at Harrington's Drug Store and through its use was relieved of pains across my kidneys that had caused every moment one of pain. In the morning on arising my trouble was worse. I consider Doan's Kidney Pills a splendid remedy for regulating the kidneys and removing difficulty with the kidney secretions. I have recommended Doan's Kidney Pills to many people."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## WILL ATTEMPT TO DIVERT AUTO TRAVEL

Good Roads Club Discusses Ways and Means of Putting Wichita Falls On Automobile Map.

Ways and means of putting Wichita Falls on the automobile road map were discussed at a meeting of the Good Roads Club last night at the Chamber of Commerce rooms, with J. G. Culbertson presiding. It was shown that at present this city is not included in many of the automobile map route books and the members of the club decided to take steps to remedy this condition at once.

Particular attention will be called to the fact that the only wagon bridge across the Red River west of Denison is to be found at Bruckburnett and it is hoped, by advertising this fact, to bring many tourists through this city who would otherwise take a different route.

Two routes from Wichita Falls to Fort Worth and Dallas are to be mapped, one by way of Jacksboro and Weatherford, the other following the Denver.

The Good Roads Club plans to hold another meeting in two weeks, to take the form of a banquet or smoker. The date for this function will be decided later.

D. P. Talley, told of a trip which he had made from Wichita Falls to Denver, going through Oklahoma and Kansas. In many of the places visited, he said, he found route books showing the log of the road to the next town and giving other information of interests to motorists. Mr. Talley thought that such a book, if published here, would do much to increase tourists' estimation of Wichita Falls.

Considerable interest in the matter was evidenced by those present and the club will devise some definite plan of action along the lines above mentioned. With the publication of route, log and map books, the advertising of Wichita Falls in leading motor publications and the giving of publicity in other ways to this city's

advantages and attractions as a motor tourist point, it is believed that a great deal of auto travel can be diverted through Wichita Falls.

## WOLTERS MAKES CHANGE IN ITINERARY

Senatorial Aspirant Will Be in Wichita Falls April 29th at 2 p. m.

Jake Wolters of Houston, candidate for the United States Senate, will be in Wichita Falls Monday, April 29th and will speak at 2 o'clock, having made some changes in his itinerary as originally announced. Mr. Wolters will speak here at 2 o'clock in the afternoon, coming here from Henrietta. His Henrietta date is Saturday April 27, and it is expected that he will come to Wichita Falls to spend Sunday.

Mr. Wolters' route has been changed and he will come here from the south. Leaving Seymour on April 19, the candidate will visit Throckmorton, Haskell, Stamford, Albany, Merkel, Abilene, Baird, Cisco, Breckenridge, Graham, Jacksboro, Archer City, Henrietta, Wichita Falls and Vernon.

While no arrangements have yet been made by Mr. Wolters' friends in this city, it is expected that a reception committee will be appointed and that he will be duly entertained during his stay here.

## 3 WICHITA VETERANS IN VENERABLE BATTLE

Three Wichita Falls veterans took part in the historic battle of Shiloh, of which yesterday was the 50th anniversary. Major Robert Cobb, Squire Brothers and Kit Allen of Holiday Creek were participants in that conflict, which was one of the most memorable of the Civil War.

Squire Brothers was wounded during the battle, sustaining an injury in his head.

The Easter shoppers were out in full force yesterday at the stores. Today you may get an idea of their ideas of style and fashion by going to the churches. By the first of next month—at the latest, the hubby's will know what the cost has been, and pay it, if they can, and rejoice that Easter comes but once a year.

In 1910, with democratic, republican and socialist tickets in the field, the socialists carried the city election in Milwaukee by a plurality vote of 27,000. This year the democrats and republicans double teamed on the socialists and elected their ticket by a majority vote of 43,177 to 30,200. Two years of Socialist rule is all that even Milwaukee, made famous for the brand of beverage brewed there could be expected to stand.

Hon. C. M. Johnson, owing to illness, did not open his campaign for the senatorship at Greenville on yesterday, as was announced. He is now in a sanitarium at Fort Worth, and the opening of his campaign is postponed indefinitely. Here's hoping he will soon regain his health. Texas needs such a man as C. M. Johnson to represent her interests in the United States Senate.

The Waco Times-Herald signs up the Texas political situation thusly: "It looks mighty gloomy for the Woodrow Wilson men in Texas. We are one of the bunch, but we can perceive the steam roller in the distance. Prohibitionists will put aside the principle to keep from hurting Joe's feelings. Free traders will agree for Jake to go to the senate rather than that Joe should be rebuked. Anti-prohibitionists will take Ramsey just to maintain Joe's supremacy. Joe is against Woodrow, and that is sufficient. Even Tom Ball is dangerously liable to let his ardor for Wilson drop down to zero, and Charley Greenwood is likely to announce that he spoke somewhat hurriedly."

### NEWSPAPER ADVERTISING VS. ROAD SIGN ADVERTISING.

As a general thing, it is the advertiser who deserves most credit for town building. The readers of newspapers, generally speaking are those who do the most buying. Naturally enough, the buyers need suggestions, and by reading the ads of the live-wire merchants they get these suggestions which are of great assistance to them. If the newspaper which he reads most is not well patronized with live-wire merchants ads, the buyers of merchandise then secure a newspaper that does contain such advertising, and the result is that many dollars that should circulate in their natural trade territory, are sent away to the merchant who advertises. That is the secret of success of the mail order, or what is more generally referred to as the catalogue houses. They constantly keep before the public their line of business. So long as the local merchant does not think enough of his patrons to advertise his line through the columns of the local paper, of all others, he should be the last to complain about people sending away for what could be purchased at home at a price no greater, perhaps, than is charged by the catalogue houses. When the Times makes

## French Market Coffee Has Never Been Successfully Imitated It Cannot Be

COFFEE roasted the ordinary way is only partially roasted, according to French ideals. The French Market Coffee way is the scientific way, producing a perfect roast. Slowly—carefully—the roasting goes on until exactly the right moment arrives. The slow roast reduces about 10 per cent more weight than the ordinary roast. All excess of oil vanishes. Yet the delicate flavor and aroma is there, intensified and enhanced.

Quickly—by automatic machinery—this freshly roasted, freshly ground, freshly chilled, delicious coffee is placed in tin cans, and hermetically sealed. So it comes to your table as perfect as when it left the roasters—untouched by human hands.

### Famous for Over a Hundred Years

EVEN when French Market Coffee could be had only in the old French Market at New Orleans, over a hundred years ago, it was celebrated all over the South.

Andrew Jackson, Henry Clay and other famous men of olden times visited the French Market to enjoy the rarely delicious beverage. But now you all may serve it daily on your own table. For the rare old French blend has been perpetuated by the French Market Mills, and the hermetically-sealed process places genuine French Market Coffee within the reach of all.

### Chilled, Ground and Hermetically Sealed

DIRECT from the roasters, the coffee is chilled in a cold-air-blast machine. This chilling closes the pores of the bean, thus preventing a single breath of the entrancing aroma to escape in the vapors.

this statement or suggestion, it knows whereof it speaks. There is not the least doubt in the world but that the ordinary reader of newspapers read the papers as much for their advertising features as they do for the news, and it has come under the observation of the Times that it has lost more subscribers on account of the absence of live-advertising matter than has been the case for its short-comings in the matter of furnishing the news. This is a circumstance that should appeal strongly to the local merchant of any town or city. This is an age of enlightenment and while bridge, fence post and sign-board advertising are good—in a way, they can not always be relied on. The next time you take a drive in the country just take a pencil and note book with you, and make a note of all the fence-post, bridge and sign board advertisers you pass in a ten-mile drive, and as an evidence that that kind of advertising is not the best, just look over your list and see how many of those advertisers are still in business. In many cases you will find they have ceased to exist, and the capital with which they started in business has parted from them. In a way such advertising is all right. For instance, if there was a law that made it compulsory for John Jones to take down his sign when he ceased to do business. But there is no such law, and if all the firms who have signs stuck up on the roads leading to Wichita Falls from all directions for a distance of twenty miles were in business today, as the reader of the signs might presume, this city would be one of about 50,000 population. Instead of only about 10,000 or 12,000. But no one is misled by this kind of advertising. The people have learned long ago that road sign advertising is misleading, and for that reason it has but little effect. The real live-wire merchant, the merchant who does the business, is the one who plants his faith in newspaper advertising, and sticks to it.

To Appraise Mineral Lands. By United Press. Oklahoma City, Okla., April 6.—Dr. A. I. Edington of this city, former representative and a well known National Guard officer, was notified today of his appointment by the Interior Department as chairman of the committee to appraise the segregated coal and asphalt lands in the Choctaw and Chickasha nations. The other members are Judge Bales of Guthrie and Earl McGown of Talliquah.

### PRIZES OFFERED YOUNG WOMEN

JEWELRY PREMIUMS FOR THOSE WHO SELL AVIATION MEET TICKETS.

### MANY WILL ENTER CONTEST

Contest Open to All in Wichita Falls or in This Trade Territory

Three girls living in Wichita Falls or in Wichita Falls trade territory including all the towns on the Wichita Falls Route will be given an opportunity to win handsome and valuable prizes offered by Wichita Falls jewelers to those who sell the most tickets for the aviation meet here next Thursday, Friday, Saturday and Sunday.

At the suggestion of J. B. Marlow and Harold Carpenter, members of the committee looking after the arrangements for the meet, and to give encouragement to it, A.S.Fonville has donated a solid gold watch with Elgin movement and a gold fob, the Art-Loan Company will donate a diamond ring in a Tiffany setting and B. T. Burgess will give a lavallier or gold chain and brooch.

These will be given to the three girls who sell the greatest number of tickets to the meet. The one who sells the greatest number will be given first choice, the next second choice and the next third choice. A number of high school girls have already expressed their intention to compete for the prizes, and a committee will probably visit the high school Monday morning to enroll the names of those who will take part in the contest.

The contest however, will not be limited to high school girls and even those living in other towns may enter the contest.

Exceptionally low round trip rates have been granted by the Wichita Falls Route to this city from more than twenty towns in Texas and Oklahoma, and excursion trains will be operated here from all directions on the Wichita Falls Route. It is probable that other railroads will also grant special excursion rates during the four days of the meet.

### LORIMER SCORED BY ROOSEVELT

(Continued from page 1)

Lincoln coupled the names of two presidents, a chief justice and a senator as being specifically the opponents of the people and justice and the friends of privilege and he unsparingly attacked and criticised the chief justice.

"Mr. Choate says he is defending the constitution. So President Buchanan and Chief Justice Taney said when they were defending the constitution against Lincoln. James Russell Lowell spoke of them of 'pettifogging the constitution.'"

"The men against whom we stand include the men who desire to exploit the people for their own purpose and who profit financially by the wicked alliance between crooked business and crooked politics. 'If you people in Illinois let the broad and butter politicians and the Federal officeholders and the men of the stamp of Senator Lorimer and his associates control you at the approaching primaries or master you in your government, you cannot expect to get social or industrial justice. The boss system is based on and thrives by injustice. Wherever you get the boss or a legislature controlled by mercenary politicians there you will always find that privilege flourishes; there the great special interests are striking hands with the crooked politicians and helping them plunder the people in the interest of both wings of the corrupt alliance. It is to the interest of every honest man that this alliance shall be broken up. We are fighting today one phase of the eternal struggle for right and for justice."

### OIL NEWS.

The proven field of oil operations at Petrolia was extended nearly a mile to the southeast late Friday afternoon when the Producers' Company brought in Byers well No. 9. News of the coming in of the well reached Wichita Falls Friday night and yesterday a large number of local oil men went to Petrolia to see the new gusher.

The well came in at a depth of about 1,700 feet, the flow being strong enough to go into the derrick. There was just enough gas, it was stated, to clean the well.

The capacity of the new well has been variously estimated, but sixty barrels is the most generally accepted figure. Some have placed the yield at as high as 100 barrels. The location is over three-fourths of a mile from the Developers' well and means a considerable extension of the proven field, being just south of the Markowitz tract.

The Edmonds Oil Company leased ten acres this week from T. A. Matlock which is located 300 feet southwest of Taylor No. 1, the first gusher struck in the field, and are erecting a derrick and placing machinery on the ground and will be gin active work at once.

This is a new company in the field and we understand the well will be got down as fast as possible. The well is located in the heart of the proven territory and will be drilled by Bill Ellinger an old reliable Petrolia driller who for the past few years has been in Electra and Oklahoma fields.

This location will be watched by oil men with intense interest as Taylor No. 1 was ruined soon after it was brought in by pulling the casing in two, which let salt water fill the well. —Petrolia Roundup.

**FEW VOTES GAST IN SCHOOL ELECTION**  
 Only twenty votes were cast here Saturday in the election for county school trustees under the new law and reports from over the county indicate that very few votes were cast. In some of the precincts the polls were not opened and there was general confusion growing out of the lack of knowledge concerning the election. It is expected that all of the trustees appointed by the county commissioners when the law became effective last year will be continued in office as the result of yesterday's election. Preparations are being made by the San Antonio and Aransas Pass Railroad to ship between 500 and 600 cars of cucumbers out of its territory this season.

**Naval Reserves to Succor of Flood Victims.**  
 By United Press. Springfield, Ill., April 6.—Governor Deneen tonight ordered the Alton Company of the Naval Reserve to Cairo to aid the flood sufferers. The company which is composed of 55 picked men left Alton at 11 p. m., under Lieut. Maxfield with several boats and other equipment. The reserves are all experienced river men and performed excellent service in St. Louis during previous floods.

**Will Shoot Down Levee Cutters**  
 By United Press. New Orleans, April 6.—As a result of a break of 35 feet in the levee on the east bank of the Atchafalaya River, supposed to have been caused by levee cutters, guards have been posted along the stretches along the river at various points with instructions to shoot to kill any persons found cutting the levees. Steamships passing dangerous districts have been slowed down. The crest of the wave is scheduled to reach New Orleans April 16.

**Two Breaks on Arkansas Side.**  
 By United Press. Memphis, Tenn., April 6.—Two breaks in the levees of the St. Francis levee district occurred opposite Memphis on the Arkansas side of the Mississippi River late today and a raging flood with a crest 20 feet high is sweeping across the Arkansas lowlands and will not be checked until the first high land, Crowlers Ridge, 40 miles away has been reached. The first break occurred at the plantation of M. C. Pierce between Holy Cross and St. Clair, Ark. The levee here is lower than at any other point. Five hundred had been working night and day building the levee higher with sand bags and earth and today when the river went to 45.3, a third of a foot higher than the greatest prediction, the workers were defeated and men working on the levee had to flee for their lives, when the tawny flood lashed into fury by a high south wind began to blow over the levee and soon the embankment twelve feet wide at its top and 18 at its base, was cut through by the water and in less time than it takes to tell a carvesse 150 feet wide had been made. Tonight the flood had reached Matton shortly before midnight. Thousands of acres of land had been inundated and homes swept away but the people residing in the sparsely settled district through which the flood passed had for the most part fled to places of safety. No deaths had been reported up to a late hour tonight.

**ILLINOIS FIGHT FOR PRESIDENT**  
 (Continued from page 1)  
 Taft Wins at Parkersburg.  
 By United Press. Parkersburg, W. Va., April 6.—President Taft won a sweeping victory over Theodore Roosevelt in this afternoon's county district convention to select delegates to the State and Congressional convention, in spite of the fact that Roosevelt last Thursday night made an appeal to the voters here on local issues. Of the county's quota of 31 delegates to both of the conventions the President received 28 instructed two and three were unattached. Hot Repudiation of Wilson's Charges.  
 By United Press. Washington, D. C., April 6.—Hot repudiation of Governor Wilson's charges that he was collector for Champ Clark's campaign among Wall street interests was made tonight in a statement issued by a former Senator, Pergrew. He said he had collected \$1,600 in all but "not one cent came from Morgan or Hill."  
 Taft Sweeps Kentucky.  
 By United Press. Louisville, Ky., April 6.—Mass conventions were held today in the counties of Kentucky to select delegates to the Republican State convention. The returns indicate that the delegates are divided as follows: Taft, 1,149; Roosevelt, 488; Contested, 309. Taft carried nine of the eleven Congressional districts of the State.

**LEVEES CANNOT HOLD LONGER**

(Continued from page 1)

By United Press. Memphis, Tenn., April 6.—With a high wind blowing from the southeast and heavy rains falling throughout the flooded districts north and south of here, with two breaks in the levees in this vicinity and the gauge registering 45.1 feet tonight, government engineers have about given up hope of holding the remaining levees protecting the Arkansas side from Missouri to Louisiana.

By daylight over 150,000 acres will be under water and 15,000 will be homeless. President Kilgore, of the St. Francis levee board, issued a bulletin at ten o'clock tonight saying the situation is very grave. Breaks are holding except at Golden, Ark., and Pleasant Point, where the river rose 3 1/2 of a foot between 6 and 8 o'clock tonight. The towns of Fairfield, Ark., and Wilson are immersed.

The country districts about Fairfield opposite Memphis have a population of 10,000 and while the people have been warned to flee, few have heeded the warning. Partially because they delayed at home long after the railroad traffic along the river division of the railroad had been suspended. The Memphis Boat Club will send scout boats all along the Arkansas flooded parts tomorrow searching for refugees.

Reports from Tiptonville tonight say conditions there are deplorable. Government engineers left Memphis tonight in a boat to distribute provisions and other supplies to the sufferers.

Gov. Wilson then paid his respects to Wm. R. Hearst, whom he charged with an exhibition of contempt for the judgment and independence of the American in attempting to suppose that he can frame the affairs of a nation.

**DEFENDANT ON STAND IN CASE AT BALLINGER**  
 Effort to Show Analogy With Beattie Case Overruled—Defense Has Inning

By United Press. Ballinger, Texas, April 6.—In the trial of George Brown for the murder of his wife today the defendant concluded his story of the crime. Further than this there were no new developments in the case. The afternoon session was taken up by the defense introducing expert testimony to bear the defendant out in the statement that deceased could talk after being brained in the manner described. Dr. W. B. Halley, a local physician was on the stand for three hours. Mr. McCarver of Brownwood who conducted the post-mortem examination was called back and used as an expert witness. There is considerable speculation as to when the trial will end as the defense is not through offering evidence and the State has important testimony to offer in rebuttal. It is safe to say the case will not go to the jury before Wednesday of next week.

The trial continues, grow in interest and every available foot of space in the court room was occupied today and many people could not get in the building. A lively tilt occurred between attorneys when counsel for the state in cross examination asked defendant if he kept up with the Beattie case. The defense counsel objected. In arguing the question before the court the States' counsel said he expected to prove that the defendant took a great interest in this Beattie case, that the crimes were very similar and this crime occurred just about the time that the Beattie case went to the jury. The judge sustained the objection of the defense and threatened to impose a fine on attorneys for discourteous remarks.

**Iowa Democrats Catch the Fever**  
 By United Press. Des Moines, Iowa, April 6.—The Iowa Democrats caught the presidential frenzy today and after it was apparent that the Clark men controlled the Woodbury convention, at Sioux City and the twenty delegates, the Wilson men withdrew, organized their own convention and sent a contesting delegate to the Burlington convention. The Wilson men claim fraud and packed caucuses.

**WILL MAKE FIGHT ALONE SAYS GOV. WILSON**

By United Press. Chicago, Ill., April 6.—Governor Woodrow Wilson in his semi-round up of his Illinois campaign tonight directed attention to the rumors of a frame-up to defeat him for the Democratic nomination for president, evidently referred to an alleged agreement between the Clark and Harmon factions by which Harmon's name was not placed before the voters at the Illinois primaries. The New Jersey executive served notice that he would take no part in any deals or in any combination for the purpose of attaining office.

"All sorts of rumors are floating around and the minds of a great part of the voters are filled with suspicion," said the governor. "The people are distrustful of the action of certain men whose names are frequently mentioned whenever politics are discussed."

"For the past eighteen months I have wielded considerable influence in New Jersey and it was because I have been talking right out just as I am now, I would not consent to bestow a political job or to make a pledge for the sake of obtaining a political office. My record will show that I never bestowed a political office for the purpose of effecting the enactment of a law, or for any political advantage."

Gov. Wilson then paid his respects to Wm. R. Hearst, whom he charged with an exhibition of contempt for the judgment and independence of the American in attempting to suppose that he can frame the affairs of a nation.

**THE LAW OF COMPARISONS**  
 We consciously or unconsciously compare one thing with another; it is the one law that controls our opinions as to the possibility of an occurrence or continuance. During the last three years, while colonizing the Dale Ranch and settling there on over a hundred families, I have watched closely the growth of Wichita Falls, and I find, in comparison, that no other town has held up as she has, and continued to grow amid discouraging crop prospects. The growth has been remarkable, and with her advantages and size she has passed through that stage of growth that there is no doubt but that within the next four years we will have a city of 29,000 people. So there is no better investment than to put your money in Wichita Falls property, and now is the time to invest. Property in a few months will be much higher than it is today. I have several good bargains to offer. I also have 5 vacant lots and \$1,000 will trade for residence property. Special attention to property owned by nonresidents.

**LIGHTFOOT TO TELL OF EASTERN TRIP'S RESULT**

By United Press.  
 Austin, Texas, April 6.—The failure to arrive this afternoon of certain important papers and documents bearing on his recent trip to the East, prevented Attorney General Lightfoot from making a formal statement as to what he did while in the North and East during the past several weeks. The statement had to be deferred until next week, when the attorney general says he will make known the result of his trip. That he has obtained some valuable evidence against certain trusts is now quite apparent.

**FATALLY BURNED CLEANSING GLOVES FOR EASTER**

By United Press.  
 New York, April 6.—A longing for clean white gloves for Easter probably cost the life of Agnes Rooney here today. While cleaning her Easter gloves with naphtha the girl left the bottle near a lighted gas jet and it exploded. She was fatally burned and her mother and younger sister were seriously burned trying to rescue her.

It was learned here on good authority late this afternoon that the Producers' well on the Petrolia field at a depth of seventeen hundred feet contained two good showings of oil, and the drill is being operated in the deep sand. It is thought that a splendid well will be brought in by the Producers' Company in the near future. The well is situated three-fourths of a mile from the proven field at Petrolia and should oil really be encountered, the field will be extended southward for that distance. Rumors which reached this city today created some excitement among local oil men, a number of whom are interested in the bringing in of the well.

**CHAMP CLARK SPEAKS BEFORE KENTUCKIANS**

By United Press.  
 Louisville, Ky., April 6.—Declaring that the Democratic Congress had re-deemed every promise in the 1899 platform, Speaker Clark at the Democratic harmony banquet tonight predicted defeat for the Republicans next fall.

Roundly scoring President Taft for his vetoes of the tariff bills Clark prophesied that he would be the last standpat president. The speaker stringently advocated the election of senators by popular vote. If a citizen is fit to vote for president he declared, he is equally competent to vote for senator. A senator is simply a larger representative of the people or least he ought to be.  
 Discussing the record of the Democratic House, Clark declared "We passed tariff bills that would have saved the people about \$500,000,000 a year of tariff burdens. It should never be forgotten that under the high protective tariff system where one dollar goes into the coffers of the government, five dollars go into the pockets of the tariff barons. It is a cruel outrage to gouge the average American family out of \$27.50 annually and give it to the tariff the dreams average.

**Insanity Will Be Parker's Plea.**

By United Press.  
 Grandbury, Texas, April 6.—Insanity will be the plea of the man who killed two men and badly wounded another in the little settlement of Hill City, eighteen miles from here, yesterday morning. This was indicated today by the attorneys for Mack Parker, the young farmer held in the Hood county jail for the murder of Dr. J. P. Philley and M. I. Gartrell and for the wounding of V. M. Wilson.

In Gartrell, Parker is said to have killed the best friend he had in the county. An imaginary grudge, it is claimed, led to the shooting of Philley, while no motive at all is advanced for the shooting off of Wilson's arm.
