FRIONA, TEXAS

THURSDAY, SEPTEMBER 19, 2013

SIXTEEN PAGES

## Junior high news

Friona junior high principal Mark Sundre invites all parents to the junior high open house on Tuesday September 24. There will be a Title I meeting at 5:15 p.m. and the open house is from 5:45 - 6:30 p.m.

The junior high will kick off their annual cookie dough sale on September 24. This is the only campus fundraiser the junior high participates in and Mr. Sundre says they truly appreciate the support you show the students and the campus every year by purchasing cookie dough.

## Early season wheat meeting

There will be an early season wheat meeting on September 25, 2013 from 9:30 a.m. to 11:30 a.m. at the Farwell Community Center. Dr. Calvin Trostle will be looking at the early issues with the current wheat crop and will discuss any issues facing the local producers.

There will also be an update on the current crop conditions across the county. There will be a \$10 charge at the door. Two Texas Department of Agriculture CEUs will be offered. For more information contact Benji Henderson, CEA-AG Parmer County at the Extension office, 806-481-3619.

## FHS open house info

Friona High School principal Dr. Pam Ray has announced the Friona high school open house and parent involvement meeting for Monday September 23 from 5:00 - 6:00 p.m. at the high school. All parents are encouraged to attend.

## Adult immunization program at PMC Sep 26

Parmer Medical Center is excited to announce a new community education program they will be offering starting this month. The programs will be held every other month and whenever possible, will be offered in English and Spanish at no cost to the community. Adult immunizations will be the topic for the September program and Don Nicholson with the Texas Department of State Health Services will be the speaker.

**Measles outbreak in Texas, Whooping Cough at levels not seen since 1950's. A NEW Flu from a third world country is on the horizon. We've all seen the headlines, but we don't always recognize what that means to us as individuals.**

We see the need and sometimes the requirements for children to be vaccinated. When we become adults we tend to forget getting immunized is a lifelong, life-protecting job. Each year in the United States, vaccine-preventable diseases claim the lives of 500 children and approximately 50,000 adults.

Many adults don't even realize they need to get vaccines. Adults often don't get vaccines because they don't think they need them, they are worried about how they are going to pay for them and they typically haven't been encouraged to get them.

But they need to — influenza, pneumococcus, hepatitis B, cervical cancer, shingles and whooping cough are all adult diseases that can be prevented by vaccines.

As we get past that prime of life, our bodies start slowing down. The body's ability to fight off infections deteriorates and we tend to be a little sicker a little longer. Sometimes the resistance to diseases we had as children wanes or expresses as an outbreak we thought we would never have again. An example is if you had chickenpox as a child, that virus is in your system and may breakout as Shingles.

Adults and seniors need to be aware also that some diseases affect them as a minor inconvenience, but to expose children to that disease could be deadly for them. Whooping cough, for some adults is a lingering cough and mild fever, but to an infant; it could be deadly.

There are people who get on talk shows and spout incomplete or false rumors. Who do you believe? The talk show host whose ratings depend on sensualized information or the dedicated team of professionals who have made a life's work of protecting us against disease, and provided mankind extended life due to vaccines. Please join us in the conference room at Parmer Medical Center on September 26th to hear the facts related to adult immunizations. The first program will be at 2:00pm and offered in English. The Spanish version will begin at 3:00pm.

Talk with your healthcare provider about which vaccines you need and when you should be vaccinated. They know you and your bodies needs the best.

For more information contact Rhonda Wilkins at 806-250-2754.

ron carr photo

A groundbreaking ceremony for a major apartment construction project was held Monday September 16. The apartment units are planned for the block bordered by 6th and 7th and Ashland and Woodland. Three apartment buildings containing 72 apartments are proposed. The builder is Jillian Homes from Clovis. From left are Chris Alexander, FEDC executive director; Jon Surman, Cargill general manager; Patricia Phipps, Friona city manager; Ruben Lucio, building contractor; Wayne Berry, president of Jillian Homes in Clovis; Alicia Brand, Jillian Homes; Rick White, Friona mayor; Henry Bromberg, Jillian Homes; Bill Stovell, Friona FEDC board member; and Cargill employees Casey Conrad, Scott Pohlman, and Jamin Phipps.

## Clovis builder plans new apartments for Friona

As in all small towns, Friona has long been lacking in rental housing. Over the years Excel/Cargill has lobbied for rental housing to accommodate some of their 2,000 employees. It has been a challenge to teachers and coaches who accept positions with Friona ISD. Investors have been reluctant to commit to new construction.

Through the efforts of the Friona Economic Development Corporation (FEDC) and the city and Cargill, a new apartment project is about to become reality. Commercial Construction Services Inc. (CCS, Inc.) of Clovis, operating as Jillian Homes in Clovis, has reached an agreement to

construct a three building, 72-unit apartment complex on the block bordered by 6th and 7th and Ashland and Woodland Streets.

The FEDC purchased the lots on the block from the Whaley family for \$35,000. Officials from Cargill reimbursed the \$35,000 to the FEDC as part of an agreement to attract a builder, allowing construction to begin without the builder having to purchase the land. Eventually, once certain building requirements are met, the land will be deeded to the building company. The actual construction will be done by 2 R Lucio General Builders, LLC of Clovis, headed by Ruben Lucio.

Jillian Homes president Wayne Berry, in Friona for the Monday groundbreaking, surprised officials with a plan that includes 72 units. Prior discussions had been in the 30-36 apartment range. Berry said they planned three buildings, each containing 6 three-bedroom, 12 two-bedroom, and 6 one-bedroom apartments. The square footage will be approximately 950, 800, and 600 respectively.

Two of the buildings will face south to 6th Street. The third will face north to 7th Street. Parking will be provided on the interior of the complex. (See the exterior drawing on this page.) Building will begin with-

in the next two weeks, weather permitting. Berry said they will complete the construction one building at a time, allowing renters to occupy a building while the next building is completed. A full time rental office manager will be on-site. He estimated it would take about four months to complete a building. Rental rates have not been finalized.

A local contest open to the public to name the apartments will be announced at a later date. Details will be published when available. Mr. Berry said his company is excited to become a part of the Friona community and looks forward to the success of the project.

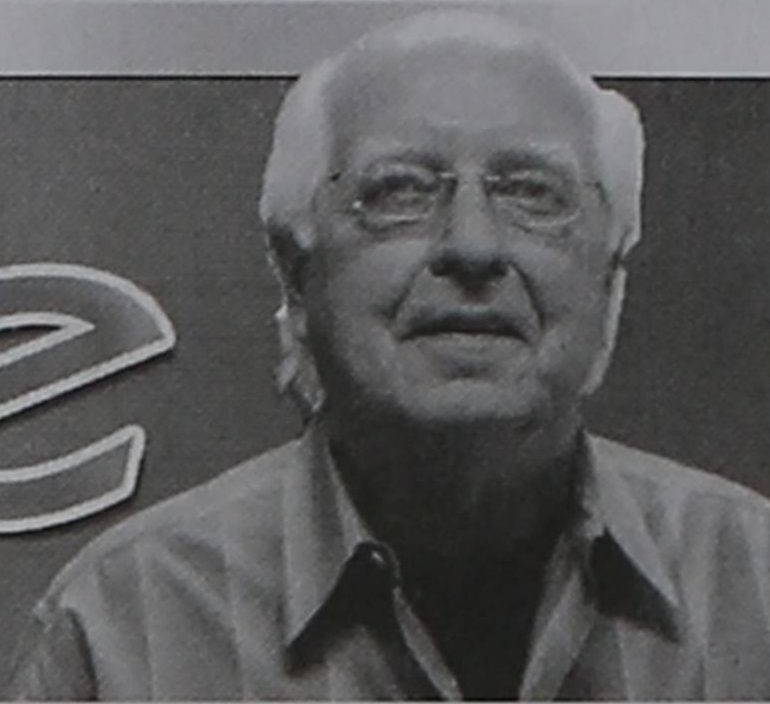

holly campbell photo

The 2013 Little Miss Friona is Madison Tyler, center. The first runner-up is Audree Ri'Anne Reyes, left, and the second runner-up was Dannelle Arguelles. Michael Johnston was the master of ceremonies. Congratulations to Madison and all of the Little Miss contestants. More photos from the Little Miss Pageant at frionaonline.com.

## what is diddly squat

If everything is a priority then nothing is a priority.

I like that saying. Heard it from one of those "Fox news contributors." I think her name is K.T. MacFarland, a former under secretary deputy assistant to the assistant deputy director in the National Security Agency in the George Bush administration.

All of the Fox News contributors seem to be former somebodies and most of them have just written a book. Mrs. MacFarland was giving her opinion on the Obama administration's handling of the Syria situation and the shooting at the Navy Yard, plus various other Obama disasters like Obamacare and its implementation.

Her judgment was that "they don't seem to know diddly squat" about what is going on in America. She said they have so many issues to deal with, "when everything is a priority then nothing is a priority." Meaning if we have so many situations in life to deal with and try to

deal with them all at the same time then nothing takes priority over the others. Hope that makes sense. It does to me.

Organizing life's daily decisions, personal or business, is difficult. What starts out as a priority can be kicked aside by another more pressing priority. And on it goes. Sooner or later nothing is a priority and nothing gets done.

If everything is a priority then nothing is a priority. I like that saying. Preachers should consider it for a sermon topic.

It had been a long time since I heard someone use the phrase, "You don't know diddly squat." Didn't expect to hear it on national TV. It was a common saying during my younger years. I think folks back in the 40s and 50s used words like "diddly squat" instead of saying "You don't know diddly sh--."

It can also be doodly squat. The definition is 'the least amount'. Diddly squat (or doodly) means the least amount so

if you don't even know diddly squat you are in poor shape.

In a couple of weeks Obamacare will descend on everybody in America, except a bunch of Obama friends. There will be chaos and confusion, even more than today. The full impact is not known but there seems to be mass controversy over the effects it will bring.

Obama is still selling it. More and more of his friends are not buying it. The president is appearing weak and ineffective. The Democrats and Republicans are in disarray. It is all quite amusing. We don't know what they will do next, if anything.

There is a box on this page with a saying by the president. I am going to leave it on this page every week as long as Mr. Obama is in office. It is an example of political b--s-- we are constantly subjected to. Meaningless rhetoric is only one step above diddly squat.

They may not know diddly squat but we do.

## Letter to the Editor

Congressman Randy Neugebauer (R-TX) praised the passage of H.R. 2775, the No Subsidies Without Verification Act. The bill passed by a vote of 235 to 191.

In July, the Department of Health and Human Services (HHS) announced that the government would no longer verify that each applicant for the exchange subsidies is actually qualified for assistance. Instead, the administration would rely on the honor system and sample audits to "protect" the integrity of this new \$1 trillion entitlement program.

"If the government doesn't verify who qualifies for subsidies, taxpayers could end up handing out \$250 billion in fraudulent payments," Neugebauer explained. "This bill simply says that no payments can be made until the government has a functional system in place to verify eligibility."

"The potential for fraudulent subsidies joins a growing list of problems with the President's health care law, including higher costs for consumers, security concerns with patients' data, and job cuts by employers," Neugebauer said. "I'll do everything in my power to defund and repeal this law entirely."

## Randy's Roundup

### Congressman Randy Neugebauer

#### Mass Shooting at the Washington Navy Yard

I am shocked and saddened by the shooting at the Washington Navy Yard this morning. While many details are still unclear, we do know that at least a dozen people lost their lives in this act of senseless violence. Dana and I are praying for those who were lost and their families, friends, and colleagues.

#### Defunding Obamacare

Last week, I joined 42 of my colleagues as we introduced a bill to fund the government for the next year while delaying and defunding Obamacare. H.J.Res. 62, the Stability, Security and Fairness Resolution, authored by Congressman Tom Graves, protects savings from the sequester and prioritizes funding for veterans and national defense. This legislation is being offered as an alternative to a proposed Continuing Resolution, or CR, that would fund the government until mid-December of this year. The current funding for the government expires on September 30th. Unless we pass an extension of that funding, the government will shut down on October 1st.

I am concerned that a government shutdown could damage our economy, and most importantly, would be harmful for our troops. We risk cutting off pay for military personnel or death benefits for families of soldiers killed in the line of duty until the government reopens at end of a shutdown.

We must do everything we can to defund Obamacare and protect patients from higher costs and reduced health care services, while doing our best to keep the government open. That's why I'm joining Rep. Graves on an alternative solution—one that keeps the government open, and takes every possible action to delay and defund Obamacare until we next vote on spending and appropriations. It's an approach that is favored and endorsed by many prominent conservatives, who want to see real progress on defunding Obamacare. You can learn more about the Stability, Security and Fairness Resolution here.

#### Action Item: The Next Step on the Farm Bill

This week, the House will be voting to reform nutrition programs in the Farm Bill. In July, the House decided to split the Farm Bill between farm programs and nutrition assistance (SNAP). We were able to save taxpayers nearly \$14 billion from farm programs by improving efficiency, consolidating programs, and moving to a more market-oriented framework for support. Now, we'll vote on a package of reforms that save taxpayers \$40 billion by reducing waste and abuse and closing loopholes in the food stamp program. I'm pleased, because the legislation has many of the reforms I proposed in the SNAP Improvement Act in April. It also enforces work requirements for able-bodied adults without children. These work requirements are designed to help families become independent of the food stamp program. I think we're making substantial progress to reduce waste and refocus our nutrition assistance on families who truly need help supplementing their grocery budget.

*"I care about one thing and one thing only and that is how to use every minute of the remaining 1,276 days of my term to make the country work for working Americans again. That's all I care about."*

President Barack Obama  
July 24, 2013 Galesburg, Illinois

## Town Talk II

By Ron Carr • Phone: 250-2211 • Fax: 250-5127 • Email: frionastar@wtrt.net

One way to find out if people read the newspaper is to throw in a few mistakes. We do our share of errors, none intentional I assure you. Last week I said Jon and Brad Surman (he's Cargill Friona general manager) were transferring to Garden City, Kansas. They are moving to Dodge City, Kansas.

Then I said Mary Joyce Barnett was coordinating the Class of 1963 reunion and they were inviting the Class of 1964. I was only off by about 10 years. They are holding the Class of 1953 reunion this weekend and have invited the Class of 1952 to join them. Plus we got a couple of classifieds wrong and misspelled a name in an ad. Haste still makes waste. So much for perfection. We apologize for the errors.

That's not all. Last Wednesday evening I dropped a couple of letters and a bank deposit in the post office outside mail box. Retrieved the bank deposit next day and dropped it off at the drive thru. Didn't wait for a receipt. A short while later Jessica called from the bank. We had made a slight \$1,100 error in the deposit amount. Yes, had a run of bad luck last week but moving on.

Yes it is busy around here this week. It is Maize Days I reckon. Big night at the ball game Friday. Cargill will give free hamburgers, chips, and drink to everyone at the football game. They will be

servicing before and during the game until they run out or get tired. The Homecoming Queen celebration will commence about 7 p.m. before the 7:30 p.m. kickoff vs. Idalou. See you there.

Then for sure will see you at the Saturday parade. It starts at 10:00 a.m. along Main St. Then the park will be a flurry of sights, sounds, and smells as vendors peddle their wares. You can buy a \$10 ticket from the fire department to win a 4-wheeler and trailer. The firemen will be selling their tasty sausage wraps too. The Band Boosters will be selling tickets for a TV. There will be plenty of food and fun followed by the Chamber of Commerce golf tournament that starts at 1:00 p.m. The firemen will give away the 4-wheeler about 2 p.m. See you around town.

Some babies the past few days: Kristen (Butman) and Casey Meeks welcomed Bronson Case at 6 lbs 10 oz and 19 1/4 inches. Likewise Andy and Tabitha Carthel got to say hello to Colt Andrew, 6 lbs 12 oz and 19 1/2 inches. It was the Meeks' second and the Carthels' first. Congratulations all around.

Last week we received .22" of rain. It rained this week too but not much. We are grateful for every drop. Feels like it is close to jacket weather too with cooler temperatures staying longer. Might think about a jacket

for the homecoming game.

The junior high and JV cheerleaders are traveling to the out of town football games this year. Word is they are pretty excited.

The Chieftain/Squaw Boosters are selling tickets to win a t-shirt quilt made of past and present Chieftain/FHS t-shirts. Tickets will be available along the way. I think they are giving it away sometime during basketball season. You can see it on the Chieftain/Squaw Boosters Facebook page.

Anniversary: Lynn and Bernie Gowens chalked up 56 years this week. Congratulations. Call or email if you or someone you know has an anniversary. Our readers enjoy sharing anniversaries.

Joe Mann, World War II veteran, and his son, Joe Bob Mann, a Vietnam Navy veteran, left this week on the Veterans Honor Flight to Washington. This organization provides free flights to our aging veteran population. They will visit the World War II and Vietnam Memorials while there.

After 39 years, Deaf Smith Electric Cooperative president Steve Louder is retiring. They are holding a reception for Steve October 3 at the Hereford Country Club. Happy retirement young man.

I visited with Deon Harkey

this week. He grew up in the Lazbuddie area on the family farm. He graduated from W.T. then spent 28 years flying for the U.S. Navy and another 10 years working for Boeing before finally retiring. Along the way he married Marilyn Jones. They have two daughters and recently moved back to Melbourne, Florida from McKinney, Texas. Deon and Marilyn were in town because of the passing of Marilyn's mother Wanda Jones. Our sympathies to the family and enjoyed visiting with Deon.

Had an email from Ray White. He was born in Friona but left in 1957 he said.

His parents were E.S. and Fern White. John W. "Uncle John" White, the founder of the Friona Star was his great uncle. Mr. White now has an eStar subscription. He lives in Terry, Mississippi. Good to hear from you Ray.

Atmos Energy donated a dump truck to the city. Should be a photo on this page. It has only 27,000 miles. The city is going to modify it with higher sideboards and will be able to utilize it for city work. City manager Patricia Phipps said, "We are excited to add this truck to our city fleet and are grateful to Atmos for donating it to the city."

It is Farm Safety Week. Great Plains Ag Credit will observe the week with a sausage wrap Friday, September 20, from noon until they are all gone. Great Plains would also like you to get acquainted with Matt Groetken, an addition to their Friona staff.

It was a good second half of the week. Found apricot fried pies at Fast Stop Wednesday. Bought three of them because they are always the first to go. Looking forward to seeing you around during the Maize Days activities. Come out and enjoy meeting visitors and visiting friends. Until then!

ron carr photo  
City employees and Atmos Energy employees gathered Wednesday morning as Atmos donated a dump truck to the city. City manager Patricia Phipps accepts the truck keys from local Atmos serviceman Anthony Ramirez. Mayor Rick White praised Atmos for their generous donation to the city's vehicle fleet.

**Congratulations to all the Miss Friona and Little Miss contestants**

Greg O'Brian - Manager • Darrin Gilley - Assistant Manager

**PUBLIC NOTICE**  
Brief Explanatory Statements of Proposed  
**Constitutional Amendments**  
Special Election November 5, 2013

**Proposition Number 1  
(HJR 62)**

HJR 62 proposes a constitutional amendment to authorize the legislature to provide by statute for an exemption from ad valorem taxation of all or part of the market value of the residence homestead of the surviving spouse of a member of the United States armed services who is killed in action, as long as the surviving spouse has not remarried. An eligible spouse who later qualifies a different property as the surviving spouse's residence homestead could be authorized by statute to receive an exemption from ad valorem taxation in the same amount received for the first qualifying homestead during the last year in which the surviving spouse received the exemption.

The proposed amendment would appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for an exemption from ad valorem taxation of all or part of the market value of the residence homestead of the surviving spouse of a member of the armed services of the United States who is killed in action."

**Proposition Number 2  
(HJR 79)**

HJR 79 proposes a constitutional amendment to repeal the constitutional provision requiring the creation of a State Medical Education Board and a State Medical Education Fund, neither of which is in operation. No new loans have been made from the fund by the board in more than 25 years, and the board currently has no appointees and receives no program funding.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment eliminating an obsolete requirement for a State Medical Education Board and a State Medical Education Fund, neither of which is operational."

**Proposition Number 3  
(HJR 133)**

HJR 133 would authorize local political subdivisions to extend the length of time that aircraft

parts could remain temporarily in this state before being subject to ad valorem taxation. Under current law, merchandise, wares, and goods (including aircraft parts) may remain in this state temporarily for up to 175 days before being subject to ad valorem taxation; the proposed amendment would permit taxing entities to extend the exemption up to 730 days after the date that a person acquired or imported aircraft parts in the state.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize a political subdivision of this state to extend the number of days that aircraft parts that are exempt from ad valorem taxation due to their location in this state for a temporary period may be located in this state for purposes of qualifying for the tax exemption."

**Proposition Number 4  
(HJR 24)**

HJR 24 proposes a constitutional amendment that would allow the legislature to provide for an exemption from ad valorem taxation of part of the market value of the residence homestead of a partially disabled veteran or the surviving spouse of a partially disabled veteran if the residence homestead was donated to the veteran by a charitable organization.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for an exemption from ad valorem taxation of part of the market value of the residence homestead of a partially disabled veteran or the surviving spouse of a partially disabled veteran if the residence homestead was donated to the disabled veteran by a charitable organization."

**Proposition Number 5  
(SJR 18)**

SJR 18 would amend the definition of "reverse mortgage" to authorize the making of reverse mortgage loans for the purchase of homestead property in addition to the current

legal uses of those loans, and would give lenders recourse against borrowers who fail to timely occupy the homestead properties purchased with such loans. SJR 18 would also add to the definition of "reverse mortgage" an extension of credit that is not closed before the 12th day after the lender provides to the prospective borrower a written prospective summarizing risks and conditions of a reverse mortgage. The language of the required notice is prescribed in the resolution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the making of a reverse mortgage loan for the purchase of homestead property and to amend lender disclosures and to amend requirements in connection with a reverse mortgage loan."

**Proposition Number 6  
(SJR 1)**

SJR 1 would create the State Water Implementation Fund as a special fund inside the state treasury and outside the General Revenue Fund. Money in the fund would be administered by the Texas Water Development Board (TWDB) and would be used to implement the state water plan, as adopted by general law, by TWDB.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the creation of the State Water Implementation Fund for Texas and the State Water Implementation Revenue Fund for Texas to assist in the financing of priority projects in the state water plan to ensure the availability of adequate water resources."

**Proposition Number 7  
(HJR 87)**

HJR 87 proposes a constitutional amendment to allow home-rule municipalities to adopt charter provisions authorizing the filling of vacancies in the governing body by appointment, but only when the remainder of the vacant term is less than 12 months. Under current law, municipal voters may adopt terms of office for municipal officers longer than two years, but upon approving longer terms of office, any resulting vacancies in office must be filled by special election. The proposed amendment would provide an option

for home-rule municipalities to fill short-term vacancies through appointment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing a home-rule municipality to provide in its charter the procedure to fill a vacancy on its governing body for which the unexpired term is 12 months or less."

**Proposition Number 8  
(HJR 147 and SJR 54)**

HJR 147 would repeal the Texas Constitution's maximum tax rate for a Hidalgo County hospital district; the maximum rate is currently set at 10 cents per \$100 valuation. This rate is lower than the maximum tax rate allowable for hospital districts in all other counties in the State (75 cents per \$100 valuation). The repeal of the constitutional cap would authorize hospital district tax rates in Hidalgo County equal to the hospital district tax rate laws applicable to all other Texas counties.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment repealing Section 7, Article IX, Texas Constitution, which relates to the creation of a hospital district in Hidalgo County."

**Proposition Number 9  
(SJR 42)**

SJR 42 would expand the potential sanctions that the State Commission on Judicial Conduct can issue following a formal proceeding. This constitutional amendment would allow the Commission to issue an order of public admonition, warning, reprimand, or a requirement to obtain additional training or education in addition to the Commission's current authority to issue a public censure or recommend removal or retirement of a judge.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment relating to expanding the types of sanctions that may be assessed against a judge or justice following a formal proceeding instituted by the State Commission on Judicial Conduct."

Published by Texas Secretary of State John Steen, www.Vote-Texas.gov or 1-800-252-VOTE (8683).

# Og Trans Fat

By Melanie Gallman Braun

What doesn't taste better with butter on it? Well, maybe pickles and cantaloupe... The good news is a healthy diet must include a certain amount of fat, and we must consume certain kinds of fat for optimal functioning; the bad news is butter isn't the best option and should be used sparingly. But you knew that already, right? What are the different kinds of fat and which ones should we include in our diet? We'll discuss these questions over the next several articles. Today, we'll talk about the bad boys: saturated fats and trans fats.

Fats are just one part of a larger group of substances called lipids. Most of the fat we eat is in the form of triglycerides. Triglycerides can be further distinguished as being saturated or unsaturated. Saturated fats are generally solid at room temperature—butter and lard, for example. Other foods that are high in saturated fat are cream, whole milk, many cheeses, beef, coconut oil and palm oil. Yeah,—insert "big bumper" here—these foods taste great, but they also increase our risk for heart disease by raising LDL-cholesterol levels. (More about cholesterol coming soon.)

Trans fats are rigid, just like unsaturated fats; however, these fats rarely occur in nature. Back in the late 1800's food manufacturers wanted a fat that could be produced cheaply and abundantly from vegetable oils, could be sold in a solid form and would resist going rancid. A process called hydrogenation was developed.

Hydrogenation makes liquid fats more solid at room temperature which makes them easier to mold or shape into food products. Think spreadable margarine and pie crusts that keep their shape without crumbling. Research has shown that trans fats are more detrimental than saturated fats because they change the way our cell membranes function and reduce the removal of cholesterol from the blood.

What to do? Watch your saturated and trans fat intake; you don't have to eliminate these fats completely, enjoy them sparingly. Healthier options are plant based cooking oils like canola, olive or soybean oils, margarines and shortenings that contain no trans fatty acids, and low-fat foods. Also, a warning here-- "partially hydrogenated oils" contain trans fats. Check your labels!

## Week 2 football contest winner

The Week 2 football contest proved to be a brutal exercise for everyone. Scores were below average across the board. While the top score in Week 1 was 14 correct, the top in Week 2 was only 11 correct.

Four players managed to pick 11 of 15. Using the Alabama - A&M total score of 91 as the tie-breaker, the winner is Mark Galan of Friona. He had 68 as his tie-breaker and was closest. The other players at 11 correct and their tie-breakers were Eric Geske 63, Dorothy Stowers 62, and Jon Field 60.

A number of contestants picked 10 correct. They are Jo Field, Tonya Lookingbill, Jordan Kelley, Gaines Butman, Brent Loflin, Charlotte Marrufo, Christen Stowers, Esdras Rodriguez, Destiny Sandoval, Tyrone Shelby, Pedro Ramos, Procoro Rodriguez, and Robert Kerby.

The point standings after two weeks are included elsewhere in the paper this week. We total the standings to include only the contestants that enter every week. Good luck and thanks for playing.

# We Support Maize Days!

**J. D. Heiskell & Company | Since 1886**

Established in 1886, J.D. Heiskell is a 127-year-old grain and commodity trading business that also operates livestock feed manufacturing and trans-loading facilities in eight western states, and exports grains and commodities to Mexico, the Pacific Rim and the Far East. Since the year 2000, our enterprise has evolved from a small feed company with one manufacturing facility in Tulare, California to one of the nation's premier providers of feed, grain and commodity inputs. Today we have feed handling assets and / or offices in Pixley California, Hanford California, Bliss Idaho, Gooding Idaho, Twin Falls Idaho, Mountain Home Idaho, Wiggins Colorado, Friona Texas, Goodland Texas, Rogers New Mexico and Portales New Mexico and dynamic trading offices in Elkhorn Nebraska, Ankeny Iowa, Amarillo Texas and Portland Oregon. Privately held and professionally managed, J.D. Heiskell and Company is among the top trading companies in the USA and is the country's fourth largest feed manufacturing company by volume. Our culture is driven by relentless pursuit of the highest standards of integrity, accountability, professionalism, excellence and innovation. Customer satisfaction and employee growth opportunities are the benchmarks by which our success is measured. We welcome you to visit our Friona facility located at 1680 US Hwy 60 and meet our team managed by David Musick. Here at J.D. Heiskell we value our surrounding communities and look forward to serving you.

The SnackPak4Kids program is once again feeding hungry children with weekend backpacks. Jo Beth Gipson, left, and Becky Jones are the local coordinators. The volunteers gather at the senior citizen building on Thursdays at 5:30 p.m. to pack the food packs. The Texas Cattle Feeders Association is providing beef sticks and other beef products for the program. Donations of 16 oz peanut butter, Pop Tarts, or money are gladly accepted.

## FCCLA: "I Can Help"

The Parmer County Cancer Coalition was formed, a few years ago, to benefit individuals in Parmer County suffering from cancer. A portion of the money goes to the American Cancer Society but the majority of the money stays in Parmer County to help its citizens. Individuals with cancer can apply for a grant to help with expenses. The money can be used to get treatments, pay the rent or meet other needs the individual may experience in their fight.

Friona FCCLA is doing their second annual project to benefit the Parmer County Cancer Coalition. This year's project is titled "I Can Help." The project will run the week of the pink out, September 30th-October 4th. This year's

project will have some new components.

First, students will be taking orders next week for ribbon shaped cakes, jumbo cupcakes, regular cupcakes, ribbon shaped sugar cookies and pink chocolate suckers. Cakes can be ordered in chocolate, strawberry, yellow or rainbow chip. Students will be contacting businesses next week. You can also order at football and volleyball games. If you are interested, you can order by calling the high school and leaving a phone number where you can be contacted.

Goodies will be sold at the volleyball game on October 1st. We will also sell goodies at the Friona Junior high football games against Dalhart on October 3 and the Friona vs

Dalhart game on Oct. 4th. On Thursday, October 3rd, we will sell goodies at the end of the school day at the high school.

Donations can be made in the pink cans in selected businesses in Friona. The cans will be available September 27th through October 7th. If you are interested in having a container placed in your business, you can contact Gayle Murdock at Friona High School, 250-3951 or by calling 265-5101.

Friona Elementary and Primary schools will be having class competition during the pink out week. Each class will have a container to fill. The class in each grade who collects the most money will be treated to cake by FCCLA.

Friona High School will be having coin wars during the pink out week. Each class will have a container in the office. They will receive 1 point for each cent they place in their container. They lose points for any paper money placed in their can. For instance they lose 100 points for each dollar bill placed in their container. Students want to place coins in their own class container and paper money in other class containers. The winning class will receive a tribal council prize.

All money collected by the schools and in the pink out cans, will go to Parmer County Cancer Coalition. All profits from the goodies sold will also benefit PCCC. For more information on the "I Can Help" project contact Gayle Murdock, Bekah White, Bianca Arellano or Kelly Lara. For more information on the Parmer County Cancer Coalition contact Greg or Jamie Lewellen.

# Wedding

Bethany Nicole Joern and Matthew Mark Gammon

Bethany Nicole Joern and Matthew Mark Gammon were married Saturday, August 31, 2013 at the wedding gazebo overlooking the Atlantic Ocean at Dreams Resort in Cancun, Mexico. Bethany is the daughter of Karl and Vicki Joern of Houston, Texas. Matt is the son of Mark and Tammy Gammon of Friona. Grandparents are Letha Gammon and the late J.W. Gammon of Friona and Paula Fairchild and the late Larry Fairchild of Adrian. Many friends and family attended the ceremony and enjoyed a reception and dinner on the beach. Bethany and Matt both graduated from West Texas A & M. Bethany is a Registered Nurse and Matt is an engineer. The couple will reside in Amarillo.

# Chiefs lose at River Road 14-12

The Friona Chieftains traveled to Amarillo River Road for their second game of the season. The Wildcats are a 3A team and both teams were looking for their first win.

The Chieftains scored in the first quarter to take a 6-0 lead. River Road managed a score in the second quarter and took a 7-6 lead into halftime. The Chiefs again took the lead in the third quarter 12-7 but the Road scored in the fourth and led 14-12 late in the game.

The Chiefs were driving with less than a minute to play as Eddie Garcia was headed for the end zone but was hit hard at about the two-yard line. The hit caused a fumble that River Road recovered. Garcia suffered a concussion and sprained neck on the play and will be out at least a couple of weeks. He was taken by ambulance to Northwest Texas Hospital and was assigned to bed rest at home at least until mid-week before returning to school.

The blow finished the Chiefs' chances to score and take the lead once again. Final score was Chiefs 12 River Road 14. In the first two games the Chiefs have scored five touchdowns but have yet to convert an extra point. Coach Mike Prokop has recruited Juan Martinez, a 5'7", 130 lb sophomore soccer-style kicker to the team. "All he is going to do is kick extra points," Prokop said. Jacob Osborn will continue the kick-off duties.

**Jose Zamudio**  
Offensive Player of the Week

The Chiefs racked up 299 yards of total offense, 98 rushing and 201 passing to River Road's 196 yards of offense. Quarterback Mason Loflin completed 13 of 30 passes for 201 yards and two interceptions. His longest was 33 yards. Receiving were Jose Zamudio 4 for 104 yards, Dallin Woods 3 for 53, Antonio Adame 3 for 19, Justin Rocha 1 for 14, Brad Stowers 2 for 11 yards.

Rushing stats: Eddie Garcia 7 carries for 60 yards, Michael Garcia 3 for 15, Omar Ramos 4 for 14, Jose Rocha 2 for 3, Brad Stowers 2 for 3, and Mason Loflin 7 for 3 yards. Rocha and Michael Garcia each had a rushing touchdown.

Coach Prokop named Jose Zamudio as Offensive Player of the Week. Through two games Zamudio has 7 catches for 212 yards and a touchdown and has returned a kickoff 32 yards.

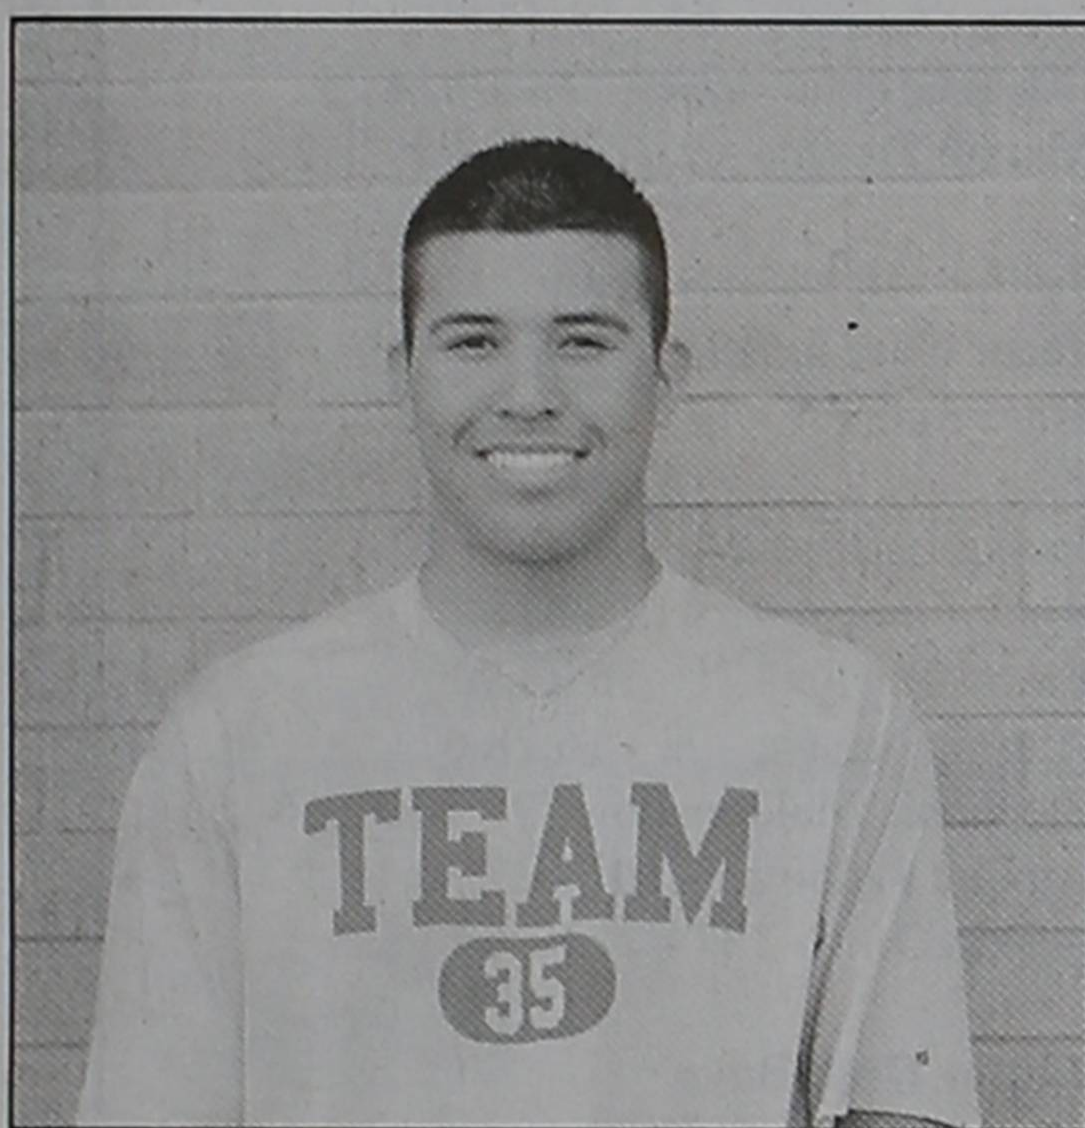

Antonio Adame was named as the Defensive Player of the Week. In the first two games hChieftain running back Omar Ramos (18) e had 8 solo tackles and 14 assisted tackles.

The Chiefs will host the Idalou Wildcats for the homecoming game Friday September 20. Crowning of the homecoming queen will take place in festivities before the game. That should start about 7 p.m. and kickoff is 7:30 p.m. Cargill will be serving free hamburgers, chips, and drinks prior to and during the game.

shirley prokop photo

Chieftain running back Eddie Garcia (18) gains yards against River Road. Team-mates are Antonio Adame (33) and Abayomi Salinas (70). Chiefs (0-2) lost 14-12 and host Idalou at homecoming Friday.

**Antonio Adame**  
Defensive Player of the Week

**TIE BREAKERS- PREDICT THE TOTAL SCORE**

1. Cowboys - Rams \_\_\_\_\_ 2. Littlefield - Stratford \_\_\_\_\_

### CONTEST RULES

**Tie Breaker:** Pick the total score of both tie breaker games. The second tie-breaker game will be used in case two or more players are tied after the first tie-breaker game. Entries are due by 4 p.m. each Friday.

**Three Ways to Enter:**

Fax to: 806-250-5127  
 Mail to: Football Contest  
 P.O. Box 789  
 Friona, TX 79035  
 -or-  
 Bring Entry to:  
 Friona Star Office  
 916 Main St.  
 -or-  
 Dorothy's Beauty Shop  
 3rd St. in Bovina.

Mailed entries should be postmarked by 4 p.m. Friday.

Each correct game picked counts as one point. Player with the most total points at the end of the contest will win a Grand Prize of \$100.

Only one entry form per individual. Must be 10-years or over to enter. Newspaper employees and their immediate families are not eligible to enter.

For questions or more information call: 806-250-2211.

**All entries must be on the official entry form.**
