## BAILEY SPEAKS TO PARIS CROWD

DEVOTES MUCH OF HIS SPEECH TO ATTACK UPON GOVERNOR WILSON

## BELIEVES HARMON CAN WIN

Appears to Prefer Either Underwood or Clark to New Jersey's Governor

Paris, Texas, April 27.—Early this morning crowds began to arrive to hear Senator Bailey's address. Judge Rice Maxey of Sherman, Ed Steger of Bonham, Sam Sparks of Austin and Bob Barker were among the early arrivals. At 1:30 Mr. Bailey arrived at the arena accompanied by State Chairman Sheb Williams and Judge Maxey. The crowd gave the party a great ovation. On the speaker's platform were Gen. W. B. Berry, W. N. Furey, Sam Hancock, John T. Dickson, Fred Dudley and others who have been prominent workers in Mr. Bailey's behalf in this city. Hon. Gus Shaw was in the city, but his absence was noted on the speaker's platform. Hon. Fred Dudley introduced Mr. Bailey who said:

"I do not suppose that it is necessary for me to make any explanation or apology for having come to Texas to consult with any fellow Democrat with reference to national issues and the Democratic presidential campaign. I know that there are those who will find fault with anything I do or say; I bear no message for them, no ill will toward them; I do not hate them, though I pity them, because they persist in doing wrong as long as I am right. I don't like them and neither am I a Christian enough to love them, but I am Christian enough to hate them. To the Democrats of Texas, I owe them a duty. For ten years I represented an adjoining district in Congress and had the confidence of its people; for twelve years I have held the highest honor that could be bestowed upon me by the Democrats of Texas."

"I am not a candidate for any office and never expect to be again and it cannot be said that what I have to say is in the interest of a selfish politician but in the interest of your party and State. Whoever duty leads, I intend to follow. I have therefore come to consider what I call a crisis among men. If it were a mere controversy among men, I would not have left my post of duty at Washington, but would have left it to your choice as to the candidate for the presidential nomination of the Democratic party."

"Yes, I have a choice; thirty years ago I was a college mate of Oscar Underwood. I have known him as a brother and would trust my life in his hands. For twenty years I have served in Congress with the present speaker of the house and during my service for my country, I have had no more loyal supporter than Champ Clark—he is a Democrat in whom you can trust—and then there is Judson Harmon, as high a type of Democrat as ever lived. No man has done more for the benefit of the Democratic party than Judson Harmon in his administration as Governor."

"I recognize in Governor Wilson, a man of Southern birth and I should never raise my voice in his criticism except for the issues he has forced upon us. To him is due the only uncertainty of Democratic success. Scarcely had Wilson been elected Governor of New Jersey until he began to preach strange doctrines and call upon Democrats to worship strange gods. He went into the populist party for the initiative and referendum and then went into the socialist party for the recall and then adopted the old Whig doctrine of free raw material."

"Are these not enough to you, Governor Wilson, should not be the Democratic nominee? If there were no other reasons and objections to him, I could not reconcile his candidacy to my views on account of that pension application made by Wilson. Now don't let anybody tell you after I am gone that I did not tell you the truth about the pension deal, because I am backed by what Mr. Wilson said about the matter himself."

"You know there is a man named Andrew Carnegie, who has millions of dollars made out of steel trust, and I had just as soon spell 'steel' as the other way. Carnegie has been trying for some time to square himself with the country by making restitution by establishing certain funds through which he gives pensions and rewards for great things that have been done."

"Well, it was one of these that Wilson wanted and he made application to the trustees of the Carnegie fund for a pension for a certain great deed that he had done and at the time he made the application to the board, Wilson was drawing a salary of eight thousand dollars a year for one job and was giving it up to take another at ten thousand a year. I knew no good Democrat would have asked for this pension or any other unless he deserved it and Wilson is in the prime of life. Is this the kind of a man we want for a President? (Voices no, no, no). I might and would be willing to give a man who had served in the war and was battle scarred, a pension, but never to a man like Wilson. The Carnegie trustees refused Wilson's application."

Another reason that I am not in

Fair Weather Forecasted

East Texas—Fair Sunday preceded by showers and thunderstorms, cooler Monday; fair.

West Texas—Fair and cooler Sunday; Monday fair.

favor of Mr. Wilson for President is because he is in favor of that pernicious doctrine of free raw material. Here the speaker read from a newspaper, the Trenton True American, which he charged was Wilson's personal organ. It contained a full account of Wilson's New York speech in which he espoused the free raw material plank.

"If Governor Wilson would step in to the Senate of the United States and argue in favor of his compository duty, he would be hazed as student at his college was ever hazed. The Democrats would not stand for it."

(Continued on Page 4)

## KNIFE IS USED UPON BASKIN

TARRANT COUNTY ATTORNEY RECEIVES WOUNDS AS RESULT OF ALTERCATION

## IS IN SERIOUS CONDITION

Affair Said to Be Indirectly Due to Recent Trial of Rev. J. Frank Norris

Fort Worth, Texas, April 27.—County Attorney Baskin is in a serious condition at his home here from knife wounds inflicted Saturday as a result, it is stated, of the trial of Rev. J. Frank Norris, on the perjury charge.

Though not authenticated fully, it is said that a member of the grand jury which indicted the minister, engaged in an altercation with the county attorney. The charge was made that "leaks" had occurred, from which the general public and especially a local newspaper, were apprised what the grand jury was going to do before it had really acted.

The story goes that the grand juror asked Baskin to lay down his knife and Baskin struck the man with a chair. The stabbing followed.

The county attorney is said to be suffering from a deep wound in the side.

## PRESIDENT TAFT TALKS ABOUT GENERAL GRANT

Philadelphia, Pa., April 27.—Politics was taboos with President Taft tonight. Questions of his renomination and his conflict with Col. Roosevelt which has reached the acute personal stage were relegated to the rear and it was Taft the student of history that addressed the Union League Club here. His topic was Gen. U. S. Grant, greatest of Northern generals and he paid high tribute to the saviour of the Union.

The President had been a life-long admirer of Gen. Grant and his tribute was eloquent and forceful. Fresh from attendance on the funeral of Gen. Frederick Dent Grant, son of the man whose fame is being justified, President Taft gave added fitness to his subject by the fact that he refused all tentative invitations to return the affair into a vote making effort. The president enjoyed one of his easiest days of the year today, and it was plain that he was resting as much as possible for Monday's ordeal when he will take the stump and again reply in person to Col. Roosevelt on the battle grounds of Massachusetts where next Tuesday's primaries, it is conceded, will have a momentous effect on the outcome of the struggle for the Republican Presidential nomination.

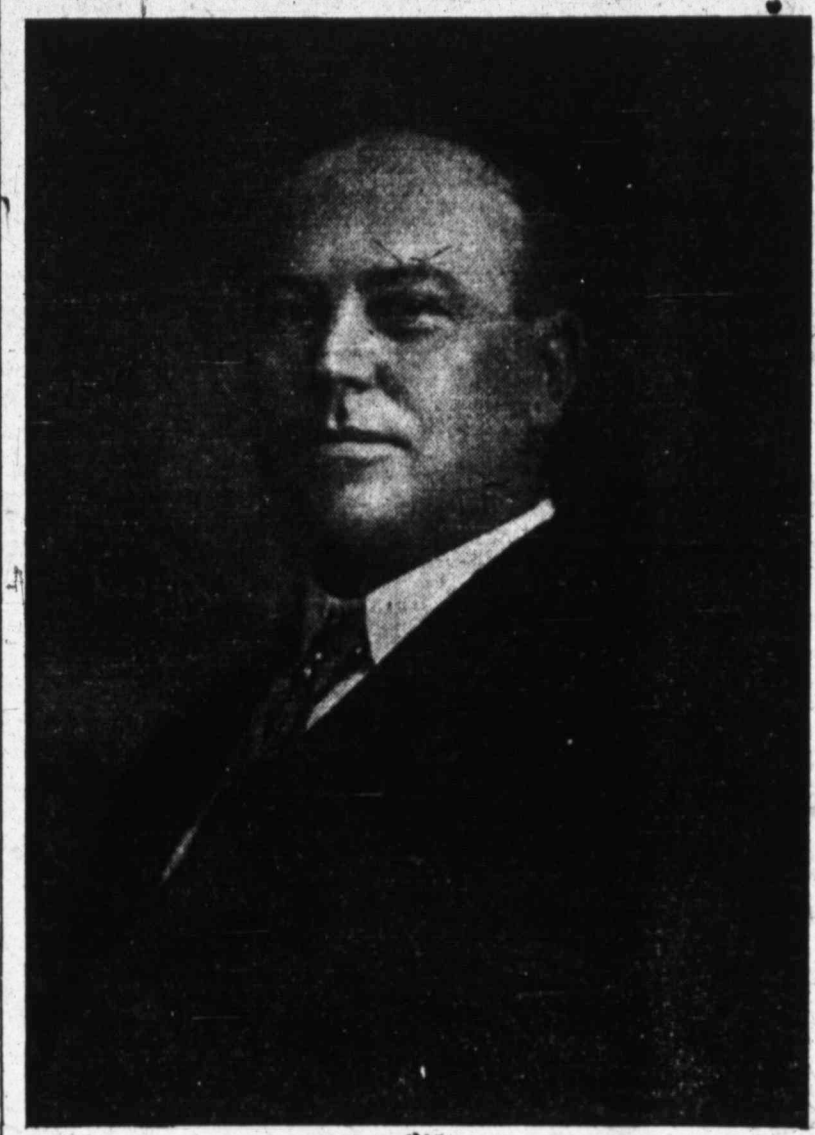

It has been expected that President Taft would reply this evening or tonight to Roosevelt's personal attack at Springfield, where his rival for the nomination openly charged him with hypocrisy and with having "bitten the hand that fed him."

## WANTS MAJORITY RULE FOR PARTY CONVENTION

Baltimore, Md., April 27.—Probably the most important decision at the Democratic committee meeting here today related to the two-thirds rule of nominating the presidential candidate. When the committee adjourned it was announced that strong efforts would be made to have the convention adopt a rule for a majority vote instead of the two-thirds rule beginning with the 1916 convention.

Col. John McGraw of West Virginia announced that he will bring to the general meeting of the National committee to be held here early in June a concrete resolution calling for the abolition of the two-thirds rule. That the committee will adopt this resolution they firmly believed and it will then go to the convention for action.

## Candidate For National Senate Now in This City

COL. J. F. WOLTERS

Col. Wolters is a lawyer by profession. He was leader of the anti-prohibition force in the campaign last year. He is now in Wichita Falls on the last leg of a long and arduous automobile trip through west and northwest Texas, and will speak at the Dreamland theatre tomorrow night.

Col. Jake Wolters of Houston, candidate for the United States Senate, arrived in Wichita Falls late yesterday afternoon from Henrietta. He will spend today and tomorrow in this city and tomorrow night will speak at the Dreamland Theatre on behalf of his candidacy. He is stopping at the St. James.

Mr. Wolters is now nearing the end of one of the most remarkable trips ever essayed by a candidate. Starting from Gatesville, Texas, a month ago and traveling mostly by auto he has visited every large town in West and Northwest Texas, covering thousands of miles in his machine. From this city he goes to Vernon and Chillicothe where his trip will end.

## DECLINES TO RELEASE TITANIC'S WITNESSES

Further Developments in Senate Committee Hearing Promised During This Week

Washington, D. C., April 27.—Having wrestled but a meagre part of the Titanic's dread secrets from the ocean deep, in the eight days constant inquiry the Senate committee of Monday adjourned tonight until Monday.

Ten days or two weeks additional of continued questioning Senator Smith said tonight may not finish the inquiry. Even after that an occasional witness may have to be called before the official report is prepared.

Today's hearing was replete with dramatic and important testimony, closing with the simple difficult stories of the seamen—stories that gained in their dramatic intensity because of the very crudity and directness of their telling.

They told of music, gay dinner parties, happiness and laughter on that peaceful Sabbath night aboard the Titanic. Then they shifted, with hushed voices, to the tale of death and suffering on the frozen sea.

Little incidents of the last moments alive of Major Archibald Butt, Isidor Straus, Capt. Smith, John Jacob Astor and other nobles in the Titanic's death list burned their tale deep into the hearts of their hearers.

The sailor's stories followed the wireless record of the Titanic's death from Capt. James H. Moore of the steamer Mount Temple. The last words of the Titanic flashed through space to many ships were recited in detail from the wireless "log." Capt. Moore also told how only 49 miles away he approached to within 14 miles only to find himself barricaded behind mountains of ice.

Tonight Senator Smith refused to release the 35 officers and crew of the Titanic held as witnesses.

He ordered them to remain here at least until Monday or Tuesday. They, bitterly disappointed, all having testified. Seven of the seamen consumed the session this afternoon. P. A. S. Franking of the White Star Line left for New York this afternoon but will return Monday. J. Bruce Ismay will remain.

Next week some of the Titanic's passengers will be heard for the first time. Some have been waiting here for days. Tonight Senator Smith was telegraphed that Harold Bride, the second wireless operator of the Titanic, will be here to testify Monday. He gave a brief recital to the committee in New York a week ago. He is being brought from a hospital cot in New York with a broken ankle and his other foot frozen, momentoes of his narrow escape.

From Chief Engineer Sammis of the Marconi offices, Senator Smith proposed to get details of the alleged blunders to order by Cecil H. Smith, who in a few words spoke of the honor bestowed on Sherman by the view of the Governor and present Col. Smith who introduced Governor Colquitt.

Next week Senator Smith also plans

## CYCLONE KILLS SEVEN AND INJURES MANY AT KIRKLAND

## UNCONFIRMED REPORTS MANY OTHER FATALITIES

LARGE SECTION OF NORTHWEST TEXAS AND SOUTHWEST OKLAHOMA VISITED

Fort Worth, Two of them were unconscious when they reached here and it was believed their injuries were serious.

Those injured were members of J. Johnson's extra gang. They had taken shelter in the boarding cars from a downpour that preceded the cyclone. The twister which came up from the southwest was upon them before they knew of its presence. It caught six of the cars and slung them off at the side of the right of way tearing some of them completely around and dropping them in a promiscuous fashion along the right of way. Some of the men crawled out and others had to be pulled out of the cars by their more fortunate companions.

The passenger train reached the scene fifteen minutes after the cyclone struck and fifteen minutes behind its schedule. It is believed that if the train had been running on time it would have been caught by the twister.

The passenger train was stopped and the crew and passengers assisted in the rescue of those still mired in the wrecked boarding cars and those most seriously injured were taken aboard to be carried to the hospital.

## COLQUITT WAVES BIG BULL WHIP

ASKED SHERMAN AUDIENCE IF THEY THOUGHT HE'D WRONG IN ERADICATING IT

## 3000 HEAR THE GOVERNOR

Declares He Has Tried to Give Legislative Rest But Himself Has Had No Peace

Sherman, Texas, April 27.—When Gov. O. B. Colquitt stood before a Sherman audience today with a "bull whip" in his hand which measured seven feet in length, was eight inches wide and consisted of three thicknesses of harness leather sewed together with flax thread of many strands, with spots of human blood from the handle to the tip of it and asked his hearers if they thought he had done wrong in contributing to the eradication of this form of punishment in the state penitentiary and on the convict farms of Texas, there were loud cries of "no, no, no," and there were tears in the eyes of many who were present. Again when he referred to the old soldiers of the South, and told of their heroic deeds, he brought tears to the eyes of his audience.

When he told of the criticisms he had received for using the pardon power, he was interrupted by several men who said, "You are right, we like you for it," and time after time he was applauded as he progressed with his speech.

The bull whip was passed through the audience by Col. R. E. Smith, who introduced the Governor and such words as "shame" and "scandal" were frequently heard. When he declared that he had kept his campaign promises and had given the people legislative rest, although he had no political peace, there was some merriment. He frankly acknowledged that he had been in some pretty hot water, but declared "no help me God, I promised the people legislative rest and I kept the faith," and as he did so he was loudly applauded.

When he spoke of the fact that he is an anti-prohibitionist he said, "I frankly told you that I opposed the principles of prohibition and I stand today where I stood then. I am an anti and not a pro and would not play the hypocrite to hold the Governor's office."

Many warm prohibitionists joined in the applause. Whatever else may be said of Gov. Colquitt, he never beat about the bush, or used any phrases that could not be interpreted by any person present.

He said that Gov. Tom Campbell had said that he (Colquitt) would be a one-term Governor if he had to run against him and added, "I wish he had the nerve to do that."

He declared that he believed in the golden rule and added, "I can and do freely forgive, but I don't forget, and I shall not forget to fight my enemies now to keep them busy."

He expressed the opinion that Gov. Campbell beat him in his first contest for Governor because he had the most money.

At this juncture a horse near the speaker commenced to cut up and people commenced to stand up to see what was the matter. The Governor said: "Ladies and Gentlemen, that is an initiative, referendum and recall horse, he is tied and is trying to recall himself." This created a lot of merriment.

No man ever spoke in Sherman who had better attention, or who was on better terms with his audience throughout the speaking.

Gov. Colquitt spoke to about four thousand people. On the rostrum with him were a number of his old neighbors from Kaufman county who wore badges reading "Kaufman County Colquitt Club." Among the number were several ladies. On the platform also were one hundred members of the Sherman Colquitt reception committee, headed by Chairman Eugene Cherry. There were also two Methodist ministers, Col. R. E. Smith who introduced him and a number of Sherman ladies. The large audience was called to order by Cecil H. Smith, who in a few words spoke of the honor bestowed on Sherman by the visit of the Governor and present Col. Smith who introduced Governor Colquitt.

## A Report From Childress.

Childress, Texas, April 27.—A cyclone which passed four miles east of Kirkland, Childress county this morning about 11 o'clock, left seven people dead and more than a score hurt. The storm came from the southwest and extended northward for a distance of about twenty miles. The path of the storm was about half a mile wide.

The dead:  
ROLL CAMP, wife and two children  
MRS. F. G. KENNEDY,  
HUGH SINGLETON and wife.  
The injured:  
Boyce Kennedy,  
Ben Clark, mail carrier.  
Mrs. Jessie Cunningham, two Camp children, four employees Denver road work train.

The Denver road employes were taken to St. Joseph's infirmary at Fort Worth. Incomplete information from the scene of the storm shows that forty farm houses were completely destroyed, their occupants saving themselves by going into their storm houses. The dead were brought into Childress and doctors were rushed from Childress to attend the suffering of the injured. It is thought that two or three of them may die.

Information is lacking from some quarters and it may be the death list will be larger. Telephone lines have been completely destroyed and runners on horses continue to come in bringing horrible reports of damage done. Of the houses destroyed, not a vestige of them remains, the ground being cleared bare. Livestock suffered heavily and the total loss will run into several thousand dollars.

The Denver work train was on a dinged siding four miles east of Kirkland and of the nine cars composing the train, eight were blown from the track. One car was blown across the right of way and blocked the main line. One of the workmen left the cars seeking refuge behind a cliff but was caught by the storm and completely stripped of all clothing. The refugees were brought to Childress tonight.

Among those injured were: The two children of Roll Camp, Boyce Kennedy, Ben Clark, a mail carrier and Mrs. Jessie Cunningham.

A party of movers in a covered wagon were caught and their wagon demolished, their horses killed and themselves injured. Their names could not be learned.

Dr. Brogan of Kirkland who was called out to attend some of the injured says he believes those not killed outright will recover.

Many of those whose homes were wrecked are without food and scant clothing and their condition is deplorable.

Woman Killed Near Quanah.  
Quanah, Texas, April 27.—One woman is reported to have been killed and several other persons injured in the cyclone which swept through the Tennessee Valley community about fifteen miles northwest of this place Saturday morning.

equal in fact, to any that has ever been here. Manager Erickson, claims for his troupe that it is the best company of colored artists engaged in minstrelsy and the performance given here last night certainly bears out his claim.

ALABAMA MINSTRELS GAVE GOOD SHOW

The Alabama Minstrels, an aggregation of colored artists, gave an entertainment last night that met with universal approbation. The program is in the nature of a real old time minstrel show, different from the modern performance of that name, but better on that account. It had the funny end men, with their tambourine and bones, and jokes and songs, the operatic singers and the monologists. The program also included a slank wise act by Edwards, and a smoking act by Watts that were unique features worthy of special mention. High Henry Hunt, a contortionist, was also good.

TRUMBULL PLEASD WITH WICHITA FALLS

Man Who Succeeded Hawley Talks About Wichita Falls Live One Pleased With Station

Frank Trumbull of New York City, recently elected chairman of the board of directors of the Katy and other Hawley railroad properties, passed through Wichita Falls on the southbound Denver yesterday afternoon enroute to Houston. At Houston he will attend and address the meeting of the Texas Welfare Commission and will join P. E. Schatz, president of the Katy on the latter's tour of the State.

"I know Wichita Falls," said Mr. Trumbull yesterday afternoon, "you see, I used to be president of the Colorado & Southern and I found out what a live town you have and what live folks live here. I know your Katy and Kemp and Blair and they're live ones."

"You can say that I'm just on my way to work. I've been out to Denver to see some old friends and I'm on my way to join Mr. Schatz at Houston and go over the Katy properties with him. We'll be back here sometime soon and expect to go over the Northwestern."

During his brief stay, Mr. Trumbull inspected the Union Station and he was almost ecstatic in his praise of the building.

"It's the best I ever saw in a town this size," he said.

Mr. Trumbull's son and his secretary were accompanying him, as was also D. B. Keeler, vice president and general manager of the Fort Worth & Denver. He was met here by Homer D. Wade, of Stamford, who went to Fort Worth with him.

Yesterday morning's storm near Kirksland and Goodlett struck but a few miles ahead of the train to which Mr. Trumbull's car was attached and for a while it appeared that he would get rather a strenuous greeting from the elements on his first visit to Texas in his new capacity.

In appearance the new head of the Hawley properties is a brisk, active individual. When he walks one has

But for the sprinkling of sand over the streets in the paved districts, the membership of our "Tar Heel" club would have been limited only to our population. We were all eligible.

Next Saturday, May 4th, Texas Democrats will meet in precinct primary conventions and express their choice for a Democratic presidential candidate. In Texas, the situation seems to be "Wilson against the field."

In concluding his argument for the prosecution in the case of Dr. Norris at Fort Worth on the charge of perjury, County Attorney Baskin made use of the following language: "Now about this conspiracy. They accuse his honor on the bench of being in it when he appointed Charlie Dickinson as a jury commissioner."

Those who are occupying seats in Gov. Harmon's band wagon in Texas notably among whom is Col. Jake Wolters, who has told us more than once in his public utterances since he became a candidate for the senatorship that what is known as "the Wilson bill," a Democratic measure, was responsible for the money panic of 1893.

When managers of campaigns make objections to telling just how much money has been collected as a campaign fund and expended for that purpose, the suspicion is created that a larger amount than was necessary for the purpose was collected, and that a portion of it stuck to the manager.

to arms, under Harmon's leadership, against the initiative, referendum and recall as the paramount issue of the present day. In part they declare: "He is the only hope of maintaining representative government and constitutional guarantees for the protection of life, liberty and property against the passions and impulses of the government."

"We differ about some immaterial things. Some differ over the initiative, referendum and recall. I haven't had time to look into them for I have been doing things. If anybody else believes in them, all right. They are not essential. Why fight about immaterial things?"

"Last night, in his Dallas speech, he said: 'The initiative, referendum and recall are not party issues. Beyond the Democratic and Republican parties are not agreed upon these issues.'"

Those who are occupying seats in Gov. Harmon's band wagon in Texas notably among whom is Col. Jake Wolters, who has told us more than once in his public utterances since he became a candidate for the senatorship that what is known as "the Wilson bill," a Democratic measure, was responsible for the money panic of 1893.

When managers of campaigns make objections to telling just how much money has been collected as a campaign fund and expended for that purpose, the suspicion is created that a larger amount than was necessary for the purpose was collected, and that a portion of it stuck to the manager.

On the political stage in Texas is presented today a play for the people like "Hamlet" with Hamlet left out. On March 4 the Texas followers of Judson Harmon met in the city of Dallas. A formal address was prepared by a distinguished committee, composed of Rice Maxey, Nelson Phillips, William Bacon, N. P. Houx and Clarence Owsley. That address was a call

CYCLONE KILLS SEVEN TODAY AT KIRKLAND

track into the ditch near Lugert and twenty persons killed and forty injured. One woman and three children are reported killed at Eldorado. The town was blown literally to pieces.

Warren with a population of 400 was wiped off the map. Reports say communication has been cut off and it is impossible to say whether any one was killed but it was certain some were injured.

At Martha scores of houses were blown down and several people hurt. Near Altus and Blair, there was great damage and several were injured near each place.

Seven persons were injured when the farm house of Jerry Brown was blown down near Yukon. Mr. Brown is said to be in a dying condition. Lone Wolf suffered some damage.

Tulsa was visited by a severe storm tonight and two inches of rain fell in a few minutes. Wires are down and over Southern Oklahoma and accurate news is hard to secure.

Back of Craven's courage was the nature of the man, and the common expression to which most of us yield too easily in every-day life is that such natures are so exceptional that even the most attractive opportunities for heroism seldom call forth the martyr spirit.

All Odd Fellows and Rebekahs are invited to attend social Monday night, April 29th, at I. O. O. F. Hall, 299-2te. J. T. YOUNG, Secretary

### Photograph of the McBride Gusher at Electra

—Courtesy Electra News. The above half tone engraving is from a photograph made of the well that will keep Electra on the map as the best oil field in the southwest for many months to come. This well is McBride No. 1 on the Ward J. Sheldon farm at the north end of the oil field. This well was started several months ago and much unavoidable delay has taken place. When they reached the oil sand at 1720 feet, it looked as if they had a good paying well, but it got to a point where it was producing but 20 barrels daily and it was decided to go deeper. It was drilled to the 1734 foot sand and there the well looked as if it would make a fairly good well but their anxiety to see what was deeper down induced them to keep on drilling and on Monday their anticipations were realized when bailing the well it started to flow and pushed oil over the derrick about 25 feet, to the height of 100 feet. Throughout the day it performed this stunt with frequency and at night it was turned into the tanks. Tuesday the wind blew from the direction that would blow the gas into the boilers, work was suspended. On Wednesday the packer was set and at 2:30 p. m., the flow started and the first twenty-four hours saw a production of over 1000 barrels of oil. This well is the most important one for the field that has been brought in for several months, as it practically proves the field for the deep sand one mile farther to the north and the way they will go for the deep sand now will keep things humming for years to come. Three new locations were made near this well Wednesday afternoon after the well came in and the derrick timbers are being hauled to the new locations and drilling will be started by Monday morning. Ed Sullivan, the man in charge of the drilling of this well has a smile that will not rub off.

—Courtesy Electra News. more than a mile from the capitol of Archer county. There are three derricks going up near the Miller well, one on Sam Cowan's land completed, one on the Falls County school land that will be completed in a few days, and another one in operation six miles west of the Falls County school land on what is known as the Meade Strip. There is in all within a radius of 15 miles of Archer City 12 wells that will be in operation before many days. Keep Archer county in your mind. It is the only field south of the Electra and Petrolia fields.

The Texas Eastern Oil Company was incorporated at Austin this week with a capital of \$100,000. The headquarters of the company are in Wichita Falls. The incorporators are Howard A. Forman, Howard V. Thomas, S. C. Reed, and Judge A. H. Carrigan of this city. The new company is the Texas end of the Eastern Oil Company at Buffalo, New York. It owns valuable leases in six counties in and around Wichita county. S. C. Reed has been made manager for the Texas company. It is probable this company will sink a number of wells in this territory.

**NEW MISS ARNOLD CASE IN NEW YORK**  
Elsie Nicholas, a Virginia Girl Disappears in New York—Police of Several Cities Searching For Her.  
New York, April 27.—Police officials in several Eastern cities are searching for Miss Elsie Nicholas of Winchester, Va., a cousin of the late Senator John W. Daniel of that state, who has been missing four weeks from the home of her aunt on West One Hundred and Fifth Street. She left her aunt's home on the morning of March 26 to go to Roosevelt Hospital and her relatives have heard nothing of her since, although detectives have searched the entire city. Miss Nicholas is the 17-year-old daughter of J. Ambler Nicholas of Winchester. She was a comparative stranger in New York City. Her disappearance is a mystery to her family.

**Inspecting the Ferry Boats.**  
Government officials are making a careful inspection of the life saving equipment of the ferry boats in use in New York City, and it is expected that several recommendations will be made. One of the first boats subjected to inspection was the city owned Jerry Manhattan, which plies between the Battery and Staten Island. It was found the boat carried only four hundred life preservers. The preservers in the rush hours it often has three thousand to four thousand passengers. An order was at once issued for the installation of two hundred and fifty additional preservers. The ferry boats carry only four small lifeboats and some recommendations as to the equipment is expected.

**Find a Girl Like Mrs. Carnegie.**  
"Choose a girl as much like Mrs. Carnegie as possible," was the Lord of Shibo's advice to young men regarding marrying, on his twenty-fifth wedding anniversary today.

**Players' Club Relents.**  
Richard Barry, who was expelled from the Players' Club a year ago because he wrote a magazine article criticizing stage folk, was reinstated to full membership today, but not until he case had been carried through three courts. Barry's offense was his statement that "very few persons on the stage know how to think." He also wrote that stage folk's association with humanity was tabooed, and that education in theatrical profession seemed to be an unnecessary quantity.

# MONDAY AND TUESDAY

Will be an occasion for economical shopping at Pennington's. # NEWS FROM THE OIL FIELD

### The Recent Developments of Gushing Oil and Gas Wells at Electra Have Revived Interest in That Locality

Mr. J. W. Stringer, of the First National Bank, of Electra, has undertaken the sales agency of the Granger Sub-division, some 350 acres, located 2 1/2 miles southeast of Electra, north of the railroad and directly in the trend of the oil development. This land is owned, in fee, and is not leased. It has been subdivided into 40-acre tracts and will be sold or leased in multiples of forty acres, as may be desired.

For maps particulars and prices, address your nearest agent, or call upon the owner, Mr. J. J. Granger, at the Westland Hotel.

## IS HELD WITHOUT BAIL AFTER WOMAN'S DEATH

Austin Man Remains in Jail Following Examining Trial Saturday  
By United Press. Austin, Texas, April 27.—Henry R. Brock, charged with the murder of Millie King a white woman here Wednesday was rounded to jail without bail to await the action of the grand jury after an examining trial before Justice George Mendell this afternoon. Naomi Luck, a white woman testified at the examining trial that Brock

told her the morning before the killing that he and Millie King had been squabbling and that she saw Brock the day before the killing with the knife which was found by the woman's body. It will be the contention of the defense that the killed woman attacked Brock with this knife and he shot her in self-defense.

President Schaff at Waco, Texas, April 27.—President Chas. E. Schaff and other officials of the Katy railroad spent two hours here this afternoon. They were met by prominent business men and citizens and a conference held regarding the shops and terminals here. Definite announcement regarding this matter is expected in the next fortnight. The party left for Galveston and will return here about Wednesday.

THE STATE OF TEXAS.

To the sheriff or any constable of Wichita county greeting:

You are hereby commanded that you summon, by making publication of this citation in some newspaper published in the county of Wichita for eight weeks previous to the return day hereof, Thos. J. Lee, Lucian Minor, Sylvian Blum, R. E. Montgomery, Sylvian Blum, Trustee and R. E. Montgomery, Trustee and unknown heirs of Thos. J. Lee, Lucian Minor, Sylvian Blum, Trustee, whose residence is unknown, to be and appear before the Hon. District Court at the next regular term thereof to be held in the county of Wichita at the court house thereof, in the city of Wichita Falls on the 3rd day of June A. D. 1912, then and there to answer a petition filed in said court on the 13th day of April A. D. 1912 in a suit numbered on the docket of said court No. 4263, wherein W. M. Priddy is plaintiff, and J. C. Ziegler, R. Zundelwitz, Thos. J. Lee, Lucian Minor, Sylvian Blum, R. E. Montgomery, Lucian Minor, Trustee, Sylvian Blum, Trustee, R. E. Montgomery, Trustee and the unknown heirs of Thos. J. Lee, Lucian Minor, Sylvian Blum, Trustee and Lucian Minor, Trustee and Sylvian Blum, Trustee, are defendants.

The nature of the plaintiff's demands being as follows, to-wit: Plaintiff alleges that about April 1st, 1912, he was lawfully seized and possessed of lots 8 and 9, block No. 130 in the City of Wichita Falls, Wichita county, Texas, according to the map of same as shown in the deed records of Wichita county, Texas, holding and claiming the same in fee simple. That on the day and year last aforesaid, the defendants unlawfully entered upon said premises and ejected plaintiff therefrom and unlawfully withheld from him the possession thereof to his damage in the sum of \$2,000.00; that the reasonable rental value of said land is \$500 per year. That the claim or apparent claim of defendants above mentioned is a cloud upon plaintiff's title.

Wherefore plaintiff prays that upon final hearing he have judgment for the title and possession of the above described land, for judgment canceling the claim or apparent claim of the defendants as a cloud upon his title, for writ of restitution, rents, damages, costs and for such other relief as he may be entitled to.

Given under my hand and seal of said court at office in Wichita Falls, this 13th day of April A. D. 1912. A. F. KERR, Clerk District Court Wichita County, Texas. 287-293-299 305 311 317 323 329

THE STATE OF TEXAS

To the sheriff or any constable of Wichita County greeting:

You are hereby commanded to summon G. Seelingson, W. C. Robards, W. C. Robards, receiver, and the Southern Building and Loan Association of Knoxville, Tenn., and all unknown heirs of G. Seelingson, W. C. Robards, W. C. Robards, receiver, and the Southern Building and Loan Association of Knoxville, Tenn., by making publication of this citation once in each week for eight successive weeks previous to the return day thereof, to appear at the next regular term of the District Court of Wichita county to be held at the court house thereof, in Wichita Falls, Texas, on the first Monday in June A. D. 1912, the same being the third day of June A. D. 1912, then and there to answer a petition filed in said court on the 13th day of April A. D. 1912 in a suit numbered on the docket of said court No. 4264, wherein J. C. Kemp and Frank Kell are plaintiffs and G. Seelingson, W. C. Robards, W. C. Robards, receiver, and the Southern Building and Loan Association of Knoxville, Tenn., are defendants and said petition alleging that plaintiffs are the owners in fee simple of lot No. 7 in block No. 1, Barwise and Jackson Addition to the city of Wichita Falls, Texas, that on or about the first Monday in April, 1912, they were lawfully seized and possessed of said lot No. 7 in said block No. 1, Barwise and Jackson Addition to the city of Wichita Falls, Texas; and that they were holding and claiming the same in fee simple; that on the day and year last aforesaid, the defendants unlawfully entered upon said premises and ejected plaintiffs therefrom and unlawfully withheld from them the possession thereof to their damage in the sum of \$2,000.00. That the reasonable rental value of said land and premises is the sum of \$500.00 per year. That the claim or apparent claim of said defendants above mentioned and described to the land of plaintiffs, herein is a cloud upon the title of plaintiffs. Wherefore plaintiffs pray judgment of the court that the defendants be cited to appear and answer this petition by publication once a week in some newspaper published in Wichita County, Texas, for a period of eight weeks next preceding the return day of the District Court of Wichita county, and that upon final hearing plaintiff have judgment for the title and possession of said above described land and premises and that a writ of restitution issue to them and for their rents, damages and all costs of suit and for such other and further relief both special and general in law and in equity as they may be entitled to.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness A. F. Kerr, Clerk of the District Court of Wichita County, Texas, this 24th day of April A. D. 1912. A. F. KERR, Clerk District Court Wichita County.

Texas, this 13th day of April A. D. 1912. A. F. KERR, Clerk District Court, Wichita County, Texas. 287-293-299 305 311 317 323 329

THE STATE OF TEXAS.

To the Sheriff or any Constable of Wichita County—Greeting:

You are hereby commanded to summon C. A. Stevens by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Wichita County, to be held at the court house thereof, in Wichita Falls, Texas, on the first Monday in June, A. D. 1912, the same being the third day of June, A. D. 1912, then and there to answer a petition filed in said Court on the 23rd day of April, A. D. 1912, in suit, numbered on the docket of said Court No. 4271, wherein May Stevens is plaintiff, and C. A. Stevens is defendant, and said petition alleging that plaintiff and defendant were legally married in Wichita Falls, Texas, August 1, 1911; that they have never been divorced, that the plaintiff is now and was at the time of said marriage, a bona fide inhabitant of the State of Texas, and that she now resides in Wichita county, Texas, and has resided in said county for more than six months next preceding the filing of this suit. That the present location of the defendant is not known by this plaintiff; that plaintiff has at all times been a kind, obedient and dutiful wife to defendant. That plaintiff and defendant only lived together about three weeks, that defendant was given to cruel outrageous treatment toward plaintiff, that such treatment was of such a nature as to render their living together insupportable. That defendant suggested to plaintiff that it would not be objectionable to him for her to lead an immoral life; that two or three days after this suggestion he persuaded her to go to Fort Worth and that he took her to a boarding house, and left her alone in the parlor without friends and almost destitute, saying that he would return in about thirty minutes. That she has never seen nor heard of defendant since that time. That defendant's conduct towards plaintiff was one continuous round of studied insults. That plaintiff's name before marriage was May Ralley.

Wherefore premises considered plaintiff prays that defendant be cited as the law directs and that upon final trial be granted a divorce and that the bonds of matrimony be dissolved and that she have the name Ralley restored to her, and for cost of suit and for such other and further relief as she may be entitled to.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Wichita Falls, Texas, this 23rd day of April A. D. 1912. A. F. KERR, Clerk, District Court, Wichita County, Texas. 299-305-311-317

THE STATE OF TEXAS

To the sheriff or any constable of Wichita county greeting:

You are hereby commanded to summon H. Baugh by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Wichita county, to be held at the court house thereof, in Wichita Falls, Texas, on the first Monday in June A. D. 1912, the same being the third day of June A. D. 1912 then and there to answer a petition filed in said court on the 23rd day of April A. D. 1912 in a suit numbered on the docket of said court No. 4272, wherein Bette Baugh is plaintiff, and R. H. Baugh is defendant, and said petition alleging that plaintiff is an actual bona fide inhabitant of the State of Texas and has resided in Wichita county, in said State for more than six months next preceding the filing of this petition. That defendant is a transient person, whose present location is unknown to this plaintiff. That plaintiff and defendant were legally married December 24th, 1905 in Archer County, Texas. That they have never been divorced. That about 15 months ago defendant began to drink and has failed and refused to support or to contribute anything to the support of plaintiff and has abused, cursed and threatened plaintiff and witholden her from her home and her marriage vow. That on or about the 1st of April, 1912 defendant abandoned this plaintiff and left Wichita county for parts unknown. That defendant has been guilty of excesses, cruel treatment and outrages and that such excesses and cruel treatment have been of such a nature as to render their living together insupportable. That plaintiff has always been a dutiful wife to defendant.

Wherefore, the premises considered, plaintiff prays that defendant be cited to appear as the law directs, that she be granted judgment of divorce and that the bonds of matrimony existing between plaintiff and defendant be dissolved, and that she have judgment for costs of suit and such other and further relief as-in law she may be entitled to.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, A. F. Kerr, Clerk of the District Court of Wichita county, be Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this 24th day of April A. D. 1912. A. F. KERR, Clerk District Court Wichita county.

SOCIETY.

## "RESPECTABLE" DANCE HAS COME

AFTER MONTHS OF WRIGGLING, WRITHING, JUMPING, SHUFFLING DANCES, BROADWAY HAS QUIT

IS ABSOLUTELY NO HUG

All Holds Barred and Couples do Not Even Touch Hands in "No-Clasp" Waltz

New York, April 27.—The ancient roll-top desk at which Hetty Green has sat to conduct her financial operations ever since she became the most important woman in Wall Street, is all furnished up. The old piece of furniture has been given a new coat of varnish, and now stands in Hetty's new offices at 101 Wall Street. For Hetty has opened an individual office for the first time in her financial career.

For years the richest woman in the world had her desk in one of the various banks with which she was associated. First she was in the Chemical National Bank and a short time ago she moved to the National Park Bank. But now she has decided to retire into privacy. In pursuance of this decision Mrs. Green left the home of her son in this city to return to the Hoboken flat which she occupied for years. The financieress—if there is any such word—is a domestic soul, and the palatial home of her son in Nineteenth street was too rich for her. So she has returned to the quiet of Hoboken, where the tender strains of the hurdy-gurdy can comfort her after the cares of the day in Wall Street.

A bas le Turkey trot! Consuez la Bunny Hug! Down with the Grizzly Bear! After months of wriggling, writhing, jumping, shuffling dances, Broadway has quit. No more the rousing strains of Alexander's Band, You Great Big Beautiful Doll, the Ragtime Violin or Texas Tommy will send the couples careening about the gaily waxed floor of the ballroom like whirling dervishes. For a new dance, a "respectable" dance has come.

It began on the stage of one of the winter cabaret shows during the season, and when Broadway, surfeited with dances that resembled a close clinch in a prize ring first saw the new departure, it grappled, turned away, sighed and then looked back. For there is not a single half-Nelson nor stranglehold in the new creation. For that reason it is valued, at least that reason it is called the "No-clasp" waltz. It differs in only one material particular from the old fashioned waltz, and that is that from the beginning of the dance the partners do not so much as touch hands. There is absolutely no hug. All holds are barred.

Broadway followers of Terpsichore, who have been used to the close harmony effect of modern dancing, found the no-clasp effect rather difficult at first, but they are growing used to it, and the dance has become exceedingly popular.

New York never saw quite so many homesick people at once as when the three ringed circus played Madison Square Garden recently. The Big Town had no attractions for the big-top people, and they longed to be back under canvas again.

They complained that there was no "domesticity" in New York. Also they kicked about small stuffy dressing rooms and the cramped quarters at the garden. But what of domesticity was the big complaint, and the comment that life isn't very domestic anyway, brought indignation protest from "Cleopatra," who was bearding here ye before a mirror in a big general dressing room.

"Domestic" she exclaimed, scornfully. "Why, there isn't a housewife in a Harlem flat that sews or cooks or embroiders or mends more industriously than we people of the circus. It's a sort of canned, highly concentrated domesticity, of course, but it's the real thing, just the same."

"I admit that it takes practice to cook a meal for two over an alcohol lamp with a train running at high speed, and still more to sit tailor fashion around a suit case in a berth that is six by three. But we get used to managing in small places."

"Costumes keep us busy too," she continued reflectively. "There is always something to be mended or re-trimmed. Tights get soiled from one wearing in the ring, and they must be dyed every time they are washed. We do all that ourselves. We make our own slippers, too."

But circus life was no topic of discussion for the circus people. They wanted to talk about home out in Oakdale, or "my sister's little boy in Grand Rapids," or aunt Mary or the Iowa farm. And one of them even carried an old brass-bound plush covered family album that used to have the place of honor on the center table back home. Some domesticity that.

Any good-looking young man, between twenty and thirty, who is "not averse to hard work" can find a place waiting for him on Lobster Lane, with good old Uncle David Belasco with his benignant silver locks ready to teach him how to be a real actor. Not one of these matinee idols, who call managers "Dave" Belasco, and "Charlie" Frohman, and "Abe" Erlanger, but real gentlemanly actors. The stage Wizard is very wroth at the present generation of American actors, and to replace them he is advertising for young "gentlemen" who wish to take up the stage as an honorable profession. He promises free instruction in all the art of the stage, and if a likely young man cannot afford to live in New York while he is learning to be a Booth or McCullough, Uncle David says he will pay his expenses.

### A BOYS' CAMP AT LAKE WICHITA

Favorable Answers from Fort Worth and Sherman to Proposal of Secretary Anderson, Y. M. C. A.

The boys' camp at Lake Wichita,

in which it was planned to have the Y. M. C. A. chapters of Fort Worth, Dallas, Sherman and Wichita Falls take part, now bids fair to become a reality. Favorable answers have been received from Fort Worth and Sherman, and it is believed that the Dallas association will also take part though this is uncertain. If the plans of Secretary Anderson are carried out, the boys' camp will become an annual feature and will be attended by members of associations

throughout North Texas. It is pointed out that there is no place nearer the coast where boating facilities are equal to those provided here and the other attractions of Lake Wichita are also being emphasized.

It is planned to erect a sort of boat house on the lake near the camp site and to maintain there rowboats, canoes, sailboats and possibly motor craft, for the benefit of the boys.

With the cooperation of Fort Worth and Sherman assured, there is little

doubt that the camp will be held this summer. Eventually, the associations not only of North and Northwest Texas, but of parts of Oklahoma as well will send campers here, if the plan proves as successful as is hoped.

A movement toward the organization of co-operative silk mills has been started in Patterson, N. J., the outgrowth of the broad silk strikes in progress.

### FORTY YEARS ON ONE OPERA

MUSICAL STALY ASTER OPER REPORT ARRIGO BORTO HAS COMPLETED OPERA, NERO

### LAURELS FOR AMERICAN

Joseph Pennell, American Etcher, Honored By Italians—Other Cable News From Rome

(By Henry Wood, Rome correspondent of the United Press).  
Rome, April 27.—Musical Italy has just been set astir by the announcement that Arrigo Borto, the composer of the opera "Mefistofele" has just finished his opera "Nero," on which he has been working for the past 40 years. From those who have been permitted to hear portions both of the libretto and the music, the verdict comes that the new work will mark an epoch not only in Italian opera but in opera production the world over.

Incidentally, the announcement of the completion of the opera came almost simultaneously with the appointment of Borto, by King Victor Emmanuel, as a member for life of the upper branch of Parliament. There it is expected that he will see to it that the government lends itself to the development and patronage of music and opera in Italy.

Arrangements have already been completed for the premier of "Nero" at La Scala, in Milan, early next year, and it will be given an unusually pretentious presentation for Italy. Borto, who is a poet as well as a musical composer, completed the libretto for the opera over 20 years ago. In fact, it may be said that he put in 20 years perfecting the libretto and then 20 years perfecting the music.

As the completed work now stands, the first act is laid along the Appian Way, just outside of Rome, where Nero in company with Simon Magus makes a sacrifice for the murder of Arrippina. The second act shows Nero within the Temple of Simon Magus during the burning of Rome. The third act takes place amongst the Christians as they are quietly but busily weaving garlands and flowers. In the fourth act is shown the tragedy of the Circus Maximus with a second scene amongst the dying gladiators of the arena, which is also filled with the burning of the Christians who he has had for enemies of Rome.

The libretto is declared to possess most unusual dramatic possibilities while, the music, it is asserted, has developed these possibilities to the fullest possible extent. No musical event in recent years in Italy has been awaited with more interest than is already being manifested in this premier.

Joseph Pennell, the famous American etcher, has just won a new laurel in Italy. Following the recent purchase by King Victor Emmanuel of a series of twenty etchings by Pennell, largely of American scenes, the artist has been assigned the task of providing an etching for the official announcement of the dedication of the new campanile of Saint Mark at Venice, April 25, an event at which not only Italy but nearly every country of Europe will be officially represented.

Naturally, Pennell's etching for the official document shows the new campanile and is declared by those who have seen it to be typical of his famous etchings of the skyscrapers of New York on which his reputation largely rests. In fact it is asserted that it was largely because of Pennell's fame in the depicting of such imposing edifices that he was selected for the analogous task of the campanile.

Woman's suffrage in Italy has all but received its death blow, it is feared, by the sudden and unexpected death of Lady Giacinta Martini Marescotti.

Lady Marescotti was not only the founder of the movement in Italy but it may almost be safely said that she was the only woman in Italy who devoted her entire self to that end. As a matter of fact it may be stated that the great bulk of the women of Italy never knew that a fight was being made on their behalf for suffrage.

Practically the only organization towards that end was a committee at Rome of which Lady Marescotti was in reality the only active worker. In spite of this, however, her individual efforts were so great that just before her death she had succeeded in securing the definite and official promise that the demand of the suffragettes would be presented to the present session of parliament and brought to a vote.

With her unexpected death, however, even if the movement is not temporarily dropped, it is considered certain that no one else can bring enough pressure to bear upon parliament to secure favorable action.

That it should be illegal for a girl to marry unless she can produce official evidence of having done one year's domestic service was the novel proposal at a recent session of the German Women's Congress.

A. G. DEATHERAGE, Prop.

**Will Try Slocum Race War Cases**  
By United Press.  
Houston, Texas, April 27.—Judge Robinson of the criminal district court today announced that what is known as the Slocum race war cases here on a change of venue from Anderson county would be tried during August and that he would devote his vacation to them. It will be recalled that several negroes were killed and

the rangers were on duty for over two weeks in the Slocum section at the time of the outbreak about two years ago. There are eight white men under indictment for murder and out on bond to answer in these cases.

**Railroad Meeting at Beaumont.**  
By United Press.  
Waco, Texas, April 27.—An agree-

ment was today reached whereby a meeting is called in Beaumont May 9, of all cities and towns interested in the proposed line of railroad between Waco and Beaumont. A big delegation will go from here, and the project is very popular.

**Rev. E. Deffner, formerly of this city but lately stationed at Olney, is now located at Spring, Texas.**

### HARMON CLOSES TEXAS CAMPAIGN

Ohio Executive Heard by 3,000 People At Houston Last Night

By United Press.  
Houston, Texas, April 27.—Governor Harmon of Ohio wound up his Texas campaign tour tonight with an address at the auditorium before 3,000 people. He arrived from Galveston by Interurban under the escort of the local Harmon club at 6 p. m., and was at once driven to the Bender Hotel. There was nothing unusual in the speech of the Governor tonight. It related to public issues following the lines pursued at Dallas and elsewhere and freely predicted Democratic success at the polls in November with himself as the nominee.

Mayor H. Baldwin Rice presided over the meeting tonight and despite the fact that he is a Wilson adherent while Hon. John Kirby delivered the introductory address.

The Governor's audience was largely sympathetic and at times the applause was quite liberal.

The railroads had given special rates for the occasion and the result was a considerable out of town contingent.

At the conclusion of the speech making the Governor held an informal reception at the Bender Hotel where many of his staunch supporters paid their respects. Tomorrow he will be shown the ship channel and enjoy a sail on the bay and gulf, the weather permitting.

Governor Harmon is unstinted in his praise of Texas and Texans and while he says he has always appreciated the fullest the wonderful possibilities of Texas it was never until this extended trip he was able to fully grasp the mighty import of Texas in its relation to the American Union.

"There is not in all the world a greater country than Texas," said he, "and her possibilities within the next few years are boundless."

The Governor expresses perfect satisfaction with the progress of his campaign and in his intercourse both public and private, refrains from strong criticism of his opponents.

### AVIATORS TO FLY AT CHILDRESS

A telegram was received yesterday afternoon from headquarters in New York City by R. Pease, manager of the Moisant International Aviators, incorporated, advising him that the aeroplane in which Miss Mathilde Moisant narrowly escaped death at Lake Wichita two weeks ago today, had arrived in New York and that the engine was damaged beyond repair. The telegram instructed him to go to Childress in company with the aviator, Signor Francesco Alvarez, and an aviation meet will be held in that city as soon as the weather permits. Alvarez's machine, the valves of which were out of working order, has been repaired and will be shipped to Childress today.

Telegrams further conveyed the information that Signor Pease another aviator, J. H. Wordan by name, who has an international reputation. He will continue with the company on a tour of the United States, and will meet Mr. Pease and Alvarez at Childress. It is probable that an aviation meet will be held there two or three days this week. The monoplane of Alvarez has been repaired by Rene Porsch, the mechanic, and the entire party will leave today at noon for Childress. Wordan is said to be a flier of the sensational type and is noted for the spiral glides and other seemingly dangerous maneuvers which he continually executes while in the air.

Miss Mathilde Moisant and her sister Miss Louise, are at present visiting friends in California, where they may decide to spend the summer. On the other hand it is possible that they will make a trip to their home in New York within the next few days, in which event after a short stay there, will go to South America, for an extended visit. Miss Mathilde still adheres to her recently announced determination to quit the flying game, and it is thought that she will not make any more exhibition flights. Miss Harriett Quimby, the only other woman holder of a license from the Aero Club of America, recently flew across the English channel, and it is rumored that Miss Moisant not to be outdone, is seriously considering some sensational flights in San Francisco, but it is known that she will have to overcome much opposition from members of her family before she can again enter the game.

### ANOTHER MISTRIAL IN DR. HOWARD CASE

Hon. L. H. Mathis received a telegram from Clarendon Saturday afternoon saying the jury in the trial of Dr. A. P. Howard, charged with murder, was discharged there yesterday afternoon having been unable to reach a verdict.

This was the third time Dr. Howard had been on trial, the jury each time being unable to agree. The case must now go over to the October term of court.

The jury in the last trial stood 8 for acquittal and 4 for conviction. Mr. Mathis conducted the defense. Dr. Howard killed a man named Burns in the postoffice at Vernon in October, 1909.

### JUDGE EDGAR SCURRY FOR DISTRICT ATTORNEY

In another column of this issue of the Times will be found the announcement of Judge Edgar Scurry as a candidate for the office of District Attorney, for this, the 30th judicial district. He submits his claim for the office subject to the action of the Democratic primary to be held on July 27. Judge Scurry has been a citizen of Wichita County for more than 30 years and as such there are but few if any that can show a better record for good citizenship. During that time he has served one or two terms as county judge, and later represented the 16th district of which Wichita county was a part, in the legislature. In both these positions of trust he served his constituents ably and well. Being a lawyer of long experience and practice, he now aspires to the office of District Attorney, and if elected, the Times having the utmost confidence in his ability, believes he will make the 30th judicial district as able prosecuting attorney as it has ever had. The Times respectfully asks that his claims for the office be given careful consideration.

To the Voters of the 30th Judicial District of Texas: I will be a candidate for district attorney, subject to the action of the Democratic voters at the Democratic primary to be held on July 27, 1912; the only platform that I have and the only promise that I can and will make is:

"That I will prosecute no person from envy, hatred or malice, neither will I leave any person unprosecuted for love, fear, favor, affection or hope of reward, should I be elected to the office."

If you believe that I am qualified and that I will fearlessly and honestly discharge the duties of the office, if elected, then I ask you to support and vote for me at the coming Democratic primaries.

If you do not believe that I am qualified or you do not believe that I will honestly and fearlessly discharge the duties of the office, then it is your plain duty not to vote for me, but vote against me.

Believing I am qualified and knowing I will discharge the duties of the office honestly, if elected, I most respectfully solicit your vote and support for my candidacy.

Most respectfully,  
EDGAR SCURRY.

### TEMPLE IS READY FOR PRESS ASSOCIATION

Temple, Texas, April 27.—Charles M. Campbell, president of the City National Bank and chairman of the entertainment committee for the annual convention of the Texas Press Association which meets in this city May 16 to 18 inclusive, has completed the program for local entertainment of the visitors.

Principal features of the program will be: On the morning of May 16 there will be band concerts on various streets and in front of the leading hotels up until the time the convention is called to order in the afternoon. A reception will be tendered visiting ladies at Temple homes during which the editors will be in the hands of their friends. A banquet will be tendered them at night.

On May 17th there will be the usual band concerts, for a solo tour of Temple and Bell county towns, comprising a trip of some forty or fifty miles.

At 9 o'clock the same evening a ball will be given in honor of the visitors at the new Elk's home and simultaneously a smoker will be given to those who do not care for dancing.

Saturday evening there will be a fish fry at lake park, three miles out from the city. Col. Robt. O. Gresham has been chosen as master of the ceremonies at this last named event.

"Beverly of Graustark," "Brewster's Millions," "Truxton King," "Daughter of Anderson Crow," "Man from Brodney," "Castle Crabbeyrow," Nedra,"

and over 500 other good titles by very best writers now and always on sale at 50c per copy.

### SWAT THE FLY.

The season of the year has arrived when it becomes the patriotic duty of every American to swat the fly and keep on swatting him from cellar to garret, from early morn' 'til dewy eve," in any and every possible manner whether by main strength or scientific method.

We are going to hear a good deal about flies this coming summer. In previous seasons crusades against these pernicious little disease carriers have been prosecuted with more or less vigor, but this year the war is to be waged in a systematic, scientific manner. Down south they have already started swatting the fly. The health authorities of Georgia, Florida and Louisiana are putting up posters denouncing the habits of the house fly and its proclivity for gathering and disseminating disease germs. The principle of the fewer flies, the less sickness is being impressed upon school children as well as housewives. The state food and drug commissioner of Tennessee has offered two gold medals to school pupils for the best essays on the house fly as a menace to health. Out in California the women have organized for the good fight. The Texas officials are issuing bulletins warning

### SHINGLES ARE STILL SUPREME

when a good reliable roof is desired notwithstanding the many substitutes now offered. Of course a good shingle roof costs a trifle more, but when properly laid it's good for an ordinary life time.

The shingles we handle are all cut full thickness from straight grain heart timber, dried under slow heat so as to retain their life, and when put on with the proper kind of nails will last as long as the house itself.

Let us show them to you.

## How Build Today To Replace the Worn-out Parts of Yesterday?

- Each day thinkers use up cells of the Brain.
- Each day active workers destroy cells in the nerve centres.
- If the food lacks the things Nature demands for rebuilding, Nervous Prostration and Brain-fag result.
- Suppose a bricklayer tried to build a wall and the boss furnished brick, sand and water, but left out the lime?
- Suppose you eat plenty of albumin and take sufficient water, but neglect food which contains Phosphate of Potash?
- Nature cannot rebuild gray matter in nerve centres and brain without Phosphate of Potash which binds together albumin and water to make it.
- Phosphate of Potash, as grown in the grains by Nature, is more than half the mineral salts in Grape-Nuts.

"There's a Reason" for

# Like the Coffee of Paris You Can Drink It at Midnight

Try French Market Coffee on your own table—just once. Note its delicious aroma and flavor—its smoothness, its exhilaration. Drink several cups at midnight—compare it with other coffees.

### The Original French Blend

FRENCH Market Coffee is the identical old French blend, brought to New Orleans by immigrants from Paris over a hundred years ago. Tourists and travelers know it. They rarely fail to visit the old French Market, when in New Orleans, to drink cup after cup of the marvelous coffee that has made the French Market world-famous.

Until the establishment of the French Market Mills and the perfecting of the new, air-tight, hermetically-sealed package, genuine French Market Coffee could be had nowhere else.

But now we are able to place this historic blend—this delicious French coffee, in your grocer's hands, ready for your instant call.

### Unlike Ordinary Coffees

WE import direct in original bags the famous Pan-American coffees, including the famous Blue Mountain Coffee of Jamaica, the choice of Guatemala, Caracas and Bogota.

This comes in ships, through warm summer seas. No cold climates affect, injuriously, the delicate coffee

beans. The very choicest product, the fine private-estate grown coffee, is bought by the French Market Mills.

These fine coffees are correctly combined in exactly the right blend and proportion.

It takes almost twice as long to roast French Market Coffee as it does ordinary coffee.

Yet all the flavor and aroma—all the refreshing and stimulating qualities of the coffee—are retained and intensified.

### Packed in Air-Tight Tins

THUS we deliver to your grocer genuine French Market Coffee—this coffee like you get in Paris or Vienna—in all its freshness and unequalled flavor.

### Beware of Imitations

YOU will be offered "French" coffee stated to be "The same as French Market Coffee." You must be careful to see that the picture of the old French Market, with the name "French Market Coffee," is on the label.

This is the only genuine French Market Coffee.

Try it once and you'll agree "There is only one real old French Market flavor."

## KNIGHTS TEMPLAR EXPRESS APPRECIATION

At a meeting of Wichita Commandery Knights Templar, Friday night, the following resolutions were adopted:

To the Pastor and Members of the M. E. Church, South:  
We, the committee appointed by the Wichita Commandery U. D., beg to submit the following:  
That the Wichita Falls Commandery hereby extends its most sincere thanks to Dr. J. W. Hill for the excellent sermon delivered to them on Easter Sunday. In this service the Commandery was elevated and everyone present was greatly benefited. The principles for which all true Knights stand were ably presented in the most interesting and thoughtful manner, and we were made to appreciate the noble teachings of the Order to a marked degree under the influence of this profound exposition of its principles.

Furthermore, that we greatly appreciate the kind co-operation of the stewards, and all members of the church who made the occasion possible by granting the use of their beautiful church building for this occasion. Especially, do we thank the choir for the music and the ladies who so thoughtfully and appropriately decorated the church for the occasion.

Every member of Wichita Commandery joins in expressions of thanks and appreciation to this noble pastor and congregation.

DR. L. MACKECHNEY,  
T. C. THATCHER,  
T. L. TOLAND,  
Committee.

## COYOTE SKINS FOR MILADY'S FURS

The value of Texas coyote skins for milady's furs is something that has occurred to but few, if any, Texans, yet Richard Pease of New York, who has been here for several weeks in connection with the visit of the Mollant aviators is sending quite a number of coyote hides to friends in the east for use in making muffs and similar articles of feminine winter apparel.

Mr. Pease purchased several coyote skins when he first came to Wichita Falls and sent them to Mrs. Pease. The result has been that he has been kept busy sending others while he has been here. He has about exhausted the supply in this section.

Several wild cat skins have also been collected by Mr. Pease and he has one decided novelty in the form of a javelina hide from the Mexican border. The latter is intended for use as a rug, as the wire-like bristles are hardly suitable for furs.

## ODD FELLOWS TAKE NOTICE

You are invited to be present in the lodge room Monday evening at 8:30 o'clock to assist in the Annual Celebration of the Order in the United States. All Odd Fellows and their families, and all Sister Rebekahs and, especially visiting Odd Fellows are invited.

COMMITTEE.

## WILL GIVE \$500 TO SICK READERS OF THE TIMES

Indiana Scientists Who Originated the Now Famous "Home Treatment" Offers Large Packages Free to Sick and Ailing.

In order that every reader of the Times who needs treatment may have an opportunity to test this celebrated medicine, the now famous Indiana scientist has come to the front with an offer to give absolutely free a large proof package to five hundred readers of this paper to prove the wonderful claims which have been made for it. In making this offer the scientist said: "I know that there are many people who have been suffering for years with some chronic disease and many of them have spent large sums of money seeking a cure. I know that these people hesitate about investing money in medicine because they have despaired of ever getting well. Thousands have told me that story and many thousands of the same people have told me afterwards that my treatment had cured them after doctors and everything else had failed. I want to show these despairing people that all the newspaper talk about my treatment is absolutely true. I want to prove to a limited number—no matter what the disease, no matter how long they may have suffered, no matter how blue and discouraged—that my treatment really and actually does accomplish the wonderful results that have been reported."

## To The Voters of Wichita County:

MY DEAR SIRS:  
I write to ask you to take an active part in behalf of Speaker Champ Clark for the nomination for the Presidency.  
I presume to do this because I am from Speaker Clark's county in Missouri and have known him intimately for thirty years. There is no better man living than Speaker Clark; no more conscientious Statesman living. It was his work as Minority Leader and as Speaker that has given the Democrats their chance to win in 1912. No General has displayed his ability as Clark has done; has never been turned down after winning battles that he has won; and while I do not think that such can be the case this time, I write to ask you to give his race consideration.  
At this date the Speaker has instructed the following list of delegates: Oklahoma 10; Kansas 20; Missouri 31; Illinois 53; Wisconsin 6; Pennsylvania 6; Kentucky 2; Tennessee 18; Colorado 162. His managers expect him to carry Massachusetts, West Virginia, Kentucky, Tennessee, Colorado, South Dakota, California, New Mexico, Arizona, Idaho, and Iowa; in addition to this they have strong hopes of New Hampshire, Vermont, Delaware; Rhode Island, Maryland, Michigan, Oregon, Nebraska and Washington.  
Harmon, one of his principal opponents, has not secured an instructed delegate. Wilson has secured 103. It is almost certain that Clark will go into the National Convention with one-half of the delegates to that convention instructed him; and we believe that the people of Texas and Missouri, being the same class of people, should stand together. Please see that your precinct delegates go to the convention instructed for Clark.  
Very truly yours,  
E. B. CARVER.  
P. S. Since writing the above he has carried Nebraska and one-half of Oregon, which gives him nearly 200 instructed delegates.

## For President CHAMP CLARK

SIX REASONS WHY YOU SHOULD SUPPORT CLARK.  
He should be nominated by the Democratic Party because—  
1. He is a dependable Democrat who has never wavered in support of his party. He voted for Bryan in 1896; for Bryan in 1900; for Parker in 1904, and for Bryan in 1908, and for every other Democratic candidate since he became of age. He not only voted, but he supported the ticket with pen and voice.  
2. His record cannot be assailed from any quarter, for it is straight-forward and Democratic. His supporters invite the closest scrutiny of his long and active public service. We submit it to the Democracy of the nation as an open book, and challenge attention.  
3. He can unite the entire party as he brought together the Democratic forces of the House. All elements of the party would turn to him enthusiastically. No other candidate would receive the same hearty support of all Democrats.  
4. He has been a consistent advocate of an effective program for the people's rule.  
5. He demonstrated his ability to carry the country in 1910, and the Democracy won control of Congress upon the record made by him as leader of the minority.  
6. If Clark is nominated he would be elected in November.  
Champ Clark's Record in Congress.  
He led the fight against the Payne-Aldrich bill, since repudiated by the American people at the polls.  
He led the fight against Cannonism, that system of legislative tyranny that rendered the people helpless in the attainment of their will, and was foremost in overturning the Republican oligarchy of the House.  
He led the minority in a fight against Republican extravagances, and advocated economical administration, "that labor might be lightly burdened."  
He gathered around him as minority leader all the elements of his party and unified them until the Democrats became potential in the House.  
He began fighting for the income tax many years ago, and has never swerved from his advocacy.  
He fought for statehood for the territories, and for their right to self-government.  
He has advocated strict regulation of transportation agencies and the abolishment of trusts and monopolies.  
He has opposed the encroachment of the banking interests upon the right of the people to control their own financial system, and still adheres to his opposition to centralization and monopoly in the monetary system of the land.  
He has denounced, and stands opposed to the extension of the executive authority, and advocates the preservation of a constitutional republic, with the powers of the legislative, executive and judicial branches carefully defined.  
He has fought against proposed laws designed to open the doors of the country to the cheap labor of the Orient.  
He has stood with other friends of labor in advocating legislation regulating the hours of labor.  
He has opposed any modification of the immigration laws that might permit the importation of contract labor.  
He has advocated an adequate system of internal improvements, such as the irrigation of Western arid lands, the encouragement of drainage systems in swamp land sections, the improvement of rivers and harbors, the construction of good roads, liberal homesteads laws and development of the country.  
He has supported legislation providing for the election of Senators by popular vote for many years, and has always voted for the various bills offered.  
He has opposed government by injunction.  
He has insisted in Congress and out of Congress upon holding the authority of the Federal government within its constitutional limit.

## \$20 REWARD FOR CONVICTION OF PARTIES FISHING UNLAWFULLY IN LAKE WICHITA

"Article 510-B of the Penal Code of the State of Texas, provides that any person who shall take, catch, ensnare or entrap any fish by means of nets, seines, or by muddying, ditching or draining in any lake, pool or pond, in any county within this State without the consent of the owner of such lake, pool or pond, shall be subject to a fine of not less than \$25 nor more than \$100 and in all prosecutions under this act, the burden of proof of such consent of the owner shall devolve upon the defendant." This law will be enforced and the reward paid by Thos. R. T. Orta.

## Stupendous Insurance Loss Results From Sinking of Gigantic and Ill-Fated Ocean Liner Titanic

The uncertainty of life was never so dramatically and amazingly illustrated as it was April 15th by the sinking of the great ocean liner, Titanic, and the sacrifice of some sixteen hundred persons to an awful death in mid-ocean.

The twenty-one hundred persons on board when this ill-fated steamer sailed from Ireland were as confident of safety as you are today; but by reason of this terrible accident, the life insurance companies of America will pay to the widows and orphans approximately two and a half million dollars.

Life insurance is the best life boat of society and it has kept many a family afloat and allowed it to get safe to port when the Ship of Fortune had gone down with the breadwinner on board.

Don't neglect your own valuable life. Protect your loved ones from some obscure obstruction that day after day besets the Ships of Fortunes of Health and Life. Buy a life insurance policy from the

### From Nearby Towns

The old Methodist church building in the south part of town was torn down by J. J. White and son Charley. The lumber will be used in erecting a new parsonage near the new Methodist church, and be built on the bungalow style. The old church was built some twenty years ago, and the lumber is said to be in excellent condition.—Iowa Park Herald.

The commissioners of Montague county have employed an architect to prepare plans for a new court house at Montague. The new court house is to be built on the site of the present structure. It is to contain basement and two additional stories above, to foundation, the wall to be of first class brick; the building to be fireproof throughout; the roof to be of steel shingles or Mexican steel tile; same to be supported by steel trusses. The walls of said court house are to be tied together with steel reinforcement throughout. As soon as the plans and specifications are adopted bids for construction will be asked.

The editor of the Quannah Tribune Chief recently paid a visit to Col. Cecil Lyon's Damate farm near that place. He found that although it had been some time since any irrigation had been done the alfalfa was looking better than ever. Continuing he says: "Everything shows signs of careful management and good husbandry. The 160 hog pens are in first class condition, the 425 brood sows look well kept, while all of the 3614 pigs, big and little we saw, seem to be in the best of health and promise to make money for their owners. Few people stop to consider what the Damate farm has meant to Hardeman county these past eight years. Beginning from the time when Messrs. Rice and Lyon spent over \$100,000 for the purchase of their land, the hundreds of people who have found work here, the trade to the merchants, etc. It would be a hard matter to enumerate all the good things that have resulted."

Frederick members of the Modern Woodmen of America have joined in the movement against the increase of rates recently made by the head camp. At last Friday night's meeting J. W. Morris was elected a delegate to the insurgent meeting held at Guthrie, and Mr. Morris left Sunday for that city.—Frederick Leader.

### AMERICANS ARE IN HIGH FAVOR

GERMANS STRIVE TO PLEASE AMERICANS AND ADOPT AMERICAN STYLES AND METHODS

### ARE OVERHAULING RESORTS

On the Rhine and in the Mountain Resorts Preparation in Progress For Coming of Tourists

(By Karl H. von Wiegand, Berlin correspondent of the United Press.)  
Berlin, April 27.—German writers are beginning to raise their voices against what they declare to be the rapid Anglicization and Americanization of Germany, particularly Berlin and other large cities. No country on the continent has assimilated English and American ways, adopted English and American methods and learned the English language, so rapidly in the last few years as Germany. To the credit of the Germans, it can be said that Germany is far more Americanized today than England, and that in this the German people have shown greater progressiveness than any other nation in Europe, is not often disputed.

America and Americans are more in favor in Germany today than perhaps at any time in many years, and the English never less. As the channel between England and Germany has widened so the ocean between America and Germany seems to have narrowed. Politically and commercially the German government seems intent upon cultivating the good will of Uncle Sam. Reports that Germany has designs against the Monroe Doctrine, which spring up every day now and then, are without any apparent foundation and are characterized in responsible quarters as "machinations having for their purpose to awaken distrust of Germany in America."

Some of the German writers, however, are taking advantage of the present anti-English sentiment, to call a halt to what they declare to be German inclination to "Ape England." Under the heading of "Apes of England," one writer declares that the German people are assimilating English ways so rapidly that they are in danger of losing their identity in time as Germans.

The "English invasion" of Germany which is really more of an American invasion than English, because there are probably 50 Americans here to every Englishman, is particularly noticeable in Berlin, Dresden, Hamburg, Munich. So many Americans live in the "Bavarian Quarter" of Berlin, that

The Well-Dressed Young Man insists on "athletic"-appearing, perfect-fitting, faultlessly-tailored clothes. that's why he chooses

### Kaufman "Pre-Shrunk" Campus Togs

They're designed and built to suit you young fellows' tastes—and we guarantee their pleasing qualities will stay.

\$15.00 to \$30.00

### KAHN'S CORRECT DRESS FOR MEN AND WOMEN

Americans frequently complain it is useless to come to Berlin to study German because one hears little else than English.

In clothing, English predominates. Few persons of the better classes wear anything but English cloth made in English styles. The German "Schneider" sign now reads "English Tailor." His output he advertises and calls by the English name—ulster, cutaway, smoking jackets, etc. Every woman has an "English tailor made" suit. The fine lady speaks of "full dress" in the evening. The German "Friseur's" place has largely become a "Ladies and Gen-

leman's Hair-dressing Parlour." Infants and small children are no longer "kinder" but babies. Their maids are "nurses."

"American style" is prominently displayed on the show windows of the shoe stores. The American shoe is no longer bought only by the Americans but the Germans also appreciate its beauty and comfort and are quite willing to pay twice the price of the German article. One of the most fashionable clothing stores in Berlin is the "Prince of Wales," another "Old England" and a third "The Gentleman." Many of the best hotels in German cities have English names, as Windsor, Westminster, Bristol, Carlton, Terminus, Royal, etc.

In business and commercial lines, English names and terms are rapidly crowding out the German equivalents. The average dealer takes more pride in selling English and American goods to Germans, even though "English" articles quite frequently were made within the borders of Germany. "English" and "Americans" has much the hypnotic suggestion to purchasers in Germany that "Made in Germany" has in the United States. The "Pa," "Herdestarke" of automobile engines is now largely "HP" and "Horse Power." Advertising literature and the daily newspaper teem with English words. Sports and sporting terms are almost wholly English or American.

It is against this "English aping" and "American hurry and rush" that some of the hardest ultra-conservative German writers are warning the nation lest in time it be no longer distinctly German.

There is "house-cleaning" on the Rhine and in the mountain summer resorts and Springs of Germany and Switzerland. Paper hangers and painters are busy in hotels and "pensions" (boarding houses.) Extra cots and beds are being hauled from their winter storage quarters and inspected to see if they can be made "to do" another season. Here and there, among already miniatures, are being divided with partitions. "Antique" dealers are digging up "ancient finds" buried last Fall. Souvenir card presses are running over time. Hotel proprietors are figuring already upon the profit of the season; waiters are practicing their best English and rubbing their hands which are already smart for the expected "tips."

For the annual "American invasion" will soon be here, and America brings snug fortunes to Germany and Switzerland every summer. Indications from hotel reservations and data from tourist agencies point to a tremendous number of Americans visiting Germany and Switzerland this year. It is estimated that they will leave a golden trail aggregating more than \$10,000,000. The prediction is made that it will be the "banner tourist" crop of many seasons.

**Globe Sights**  
A pull may get you somewhere, but it can't keep you there.  
Frequently a woman's helplessness is a great weapon in fighting a man.

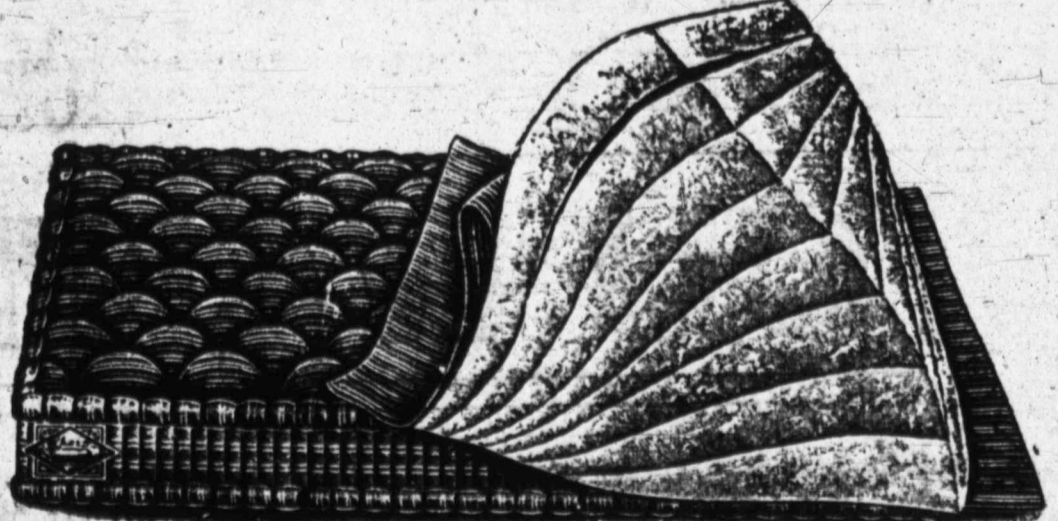

Some men are so bespecked they can't board a house for their wives' kin.  
The minute you gain a triumph some one sets out to capture your god.

Comfortable shoes represent the best time a man with corns can have. Nearly everyone would draw a fat salary if paid for what he thinks he knows.

One naturally hates to be on the losing side even if he knows that side is right.

### MARTIN LUTHER'S FAMOUS LETTER

GIFT FROM J. PIERPONT MORGAN TO EMPEROR TO FIND PLACE IN LUTHER HALL

### A TAX ON CATS IN BERLIN

Tabby May Become Source of Revenue to Municipal Government—Aeroplane Industry.

Berlin, April 27.—Martin Luther's famous letter of explanation to Chas. V. saved Germany by the generosity of J. Pierpont Morgan, is to find a place in the Luther Hall at Wittenberg upon a pedestal presented by the Emperor. The commission to make this pedestal has just been given to the sculptor Paul Juckoff. It is to be of light limestone in late Gothic style. Mr. Morgan's representative bought the letter for a trifle more than \$25,000 at a Leipzig autograph sale last May, and the Emperor promptly presented it to the German Emperor. His reward was the order of the Red Eagle, first class, one of the highest decorations in the gift of the Emperor. The letter which Emperor William valued so highly was written by Luther on his return from the Diet of Worms in 1521. It describes the proceedings of the diet and defends the writer's course there. Charles V. never saw the letter, according to a note written thereon by that monarch's archivist, setting forth that nobody dared show it to the Emperor.

The sweeping victory of the American yachts in the international "sonderclass" races at the Kiel regatta last year is revolutionizing conditions in the German sonderclass fleet. Among the yachtsmen who are having new yachts built on the admittedly superior lines of the American boats, with which the American designers beat the German constructors in their own waters, the German imperial family is well represented. The Crown Prince, the most enterprising sailor of the family, who had allowed his interest in the sport to wane for a year or two, is having a yacht built in Hamburg, which will soon be ready for its trial trip. Prince Henry of Prussia brother of the Emperor, is the main owner of this year's "Tilly," whose predecessor was one of the German representatives last year, and Prince Eltel Fritz, a younger brother of the Crown Prince, is also having a yacht built.

"The government sees no objection to the introduction of a tax on cats," is the serious beginning of a seriously meant ministerial decree just addressed to the municipalities of Greater Berlin, which for several years have been anxiously searching for new sources of revenue to meet the constantly growing cost of municipal activities. The Minister of the Interior and the Minister of Finance gravely considered that the cost of salaried cats, in proper proportion to the license tax now imposed on dogs and that not all the regulations of the latter should be copied in any cat-tax ordinance, the identification of licensed cats by a collar and tag being particularly important since many cats, owing to their habits, would inevitably get hanged by their collars and perish painfully.

Five years ago there were no makers of aeroplanes in Germany and until two years ago none that had achieved any real success. Today the great exhibition hall in Berlin's Zoological Garden is filled with an exhibit of German flying machines. German motors and other flying accessories which is hardly less than astonishing. The comparison is emphasized by the presence of the original biplane with which Orville Wright early in September, 1909, made on the Teppelhof field, south of Berlin, the first successful flights ever made in Germany. This biplane, now the property of the German Museum at Munich, stands beside a Wright machine just made for the German army. The comparison is striking. The old machine has two light propellers and its equipment comprises only the indispensable things. The new military machine has but one propeller and it is equipped with wireless telegraph apparatus. With its 50-horsepower motor the military Wright weighs but 770 pounds.

One of the exhibits that attracts general attention is the Cater biplane in which Prince Henry gained his aviator's license. Beside the Prince's machine stands the military Euler, the "aeroplane destroyer." Upon it is mounted a machine gun, or, rather, a machine gun was mounted upon it once. The mounting is still there but the war department has evidently not cared to have the gun publicly exhibited.

One monoplane exhibited has three propellers, and another presents something new—two propellers moved independently of each other by two motors. This would seem to insure one against the calamity of a dead motor in midair.

Prince Frederick Sigismund of Prussia exhibits a racing monoplane which, he proudly declared, "was built entirely by me, without assistance of an engineer or any mechanic." Prince Frederick is a millionaire many times over, belonging to the "rich" branch of the Hohenzollern family. He expects to reach at least 72 miles an hour with his new machine.

A tendency to protect the aviator is manifest in most of the new models, the majority of them providing a covered or partially covered seat for the pilot and his passenger within which they sit much as one might sit in the nose of a great torpedo.

#### OF LOCAL INTEREST

Some People We Know and We Will Profit by Hearing About Them  
This is a purely local event. It took place in Wichita Falls. Not in Buffalo or New York. You are asked to investigate it. Asked to believe a citizen's word. To confirm a citizen's statement. Any article that is endorsed at home is more worthy of confidence. Than one you know nothing about.

Endorsed by unknown people. John Glen, shoemaker, 712 Seventh street, Wichita Falls, Texas, says: "For many years I have been troubled with various difficulties caused by my kidneys and bladder and the only reliable remedy I have ever found to cure me is Doan's Kidney Pills. I had pains in my back and side and was troubled by irregular passages of the kidney secretions. Seeing Doan's Kidney Pills so highly recommended, I tried them and found them even better than represented. They cured me entirely and now I seldom have need to use a kidney remedy. When I do, it is Doan's Kidney Pills and they always benefit me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

A. L. Huey and H. W. Gaston went to Henrietta yesterday where they closed a contract with the manager of the opera house for the production of the Elk's minstrel show on Monday, May 6th. The performers will make the trip to Henrietta in automobiles and will probably return on the train early the next morning.

If the bakers at Nottingham, England, are not granted a minimum wage of 20 shillings for qualified men 38 shillings for foremen and from 16 to 24 shillings for juniors, they threaten to strike.

### SCHAFF WILL BE

HERE THIS WEEK

P. E. Schaff, the recently elected president of the Katy who is now making a tour of the Katy's properties in Texas and the Southwest, is to visit Wichita Falls early this week, it was learned yesterday. It is not known just when the official will be here, but he will probably arrive Tuesday or Wednesday.

M. Schaff's visit here may be followed by a trip up the Wichita Falls and Northwestern, although Frank Kell was unable to say yesterday whether the Wichita Falls Route would be included in the itinerary.

The new president of the Katy, it will be remembered, was elected following the retirement of A. A. Allen who resigned several weeks ago on account of ill health.
