NUMBER 20

DIVORCE MILL IS GRINDING TODAY

UNCONTESTED CASES BEING HEARD IN DISTRICT COURT ALL GRANTED.

EIGHT DECREES ARE ISSUED

Note to Come Up This Afternoon. Many Reasons Are Advanced in Petitions.

Ardent vows soon forgotten; pre-nuptial love and solicitude falling in to post nuptial neglect and even abuse and cruel treatment; brides of a few months deserted by the husbands who had sworn to love and protect them, and compelled to seek their own livelihood. These were some of the stories told Judge Martin in the district court this morning by plaintiffs in suits for divorce.

Most of the applicants were young women. Many of them had been married only a few months—one of them only a week—they told the court, when their husband began to neglect them and in some cases abandoned them altogether.

Eight decrees of divorce were granted at the morning session, one was taken under advisement and one was continued for service. Applicants were still in the court room waiting for their cases to be called when court recessed at noon. They were told their cases would be heard when court convened at 1:30 this afternoon. In each case the court stenographer is taking down the testimony and Judge Martin himself questions the witnesses after their attorneys are through with them. In none of the cases tried this morning were there contests.

In the following suits decrees were granted the plaintiffs:

Francis Stewart vs. T. C. Stewart.
Ester Davis vs. F. A. Davis.
Annie Stanley vs. Jesse Stanley.
Annie Flippen vs. C. J. Flippen.
Mae Smith vs. George Smith.
M. A. Zadik vs. Lillian Zadik.
Ella Burnett vs. Henry Burnett.
Flora O'Brien vs. E. B. O'Brien.
Beatris Smith vs. Charles Smith.
The suit of Tina Brown vs. H. C. Brown was continued to perfect service. Testimony was heard in the suit of Bertha G. Hightower vs. W. O. Hightower, and taken under advisement by Judge Martin.

About thirty cases remain on the docket. A few of them will not be tried this term because of failure to secure the proper service upon the defendants.

STEAMSHIP INTERESTS SUED BY GOVERNMENT

Monopoly in Transportation of Passengers and Freight Alleged in Civil Suit.

By Associated Press.
New York, June 5.—The National government filed a civil anti-trust suit in the district court today against steamship interests alleged to have monopolized the transportation of passengers and freight between this country and Brazil. Sweeping charges of granting rebates, fixing arbitrary and unreasonable rates and entering into conspiracies, combinations and agreements in violation of the Sherman law, are made against the Prince Line, Limited, the Hamburg Line and the proprietor of the Lamport and Holt line.

MEXICAN CONGRESSMEN CONFER WITH OROZCO

Claim to Represent Faction Which Will Recognize Him if He Lays Down His Arms.

By Associated Press.
Chihuahua, Mexico, June 5.—The Mexican congressmen who have come here from Mexico City to talk peace with Gen. Orozco conferred with him today. The congressmen were stopped, they say, at Nuevo Laredo, Mexico, by secret service men of the Mexican government, but they managed to cross the Texas line on their way to Juarez. They claim to represent a faction of Congress which will recognize Orozco if he lays down his arms.

Orozco came here to discuss the project before the State legislature of raising funds for the war. Reinforcements of rebels were sent out from here today to support the rebel vanguard at Santa Rosalia, 46 miles north of the federal base. It is reported that the rebel cavalry may be moved southward to harass the advancing federals, as most of the cavalry of the latter has left the main federal body for a flank movement.

LORIMER CASE MAY GO UNTIL AFTER MEETINGS

Plan to Postpone Action on Matter Pending National Party Conventions.

By Associated Press.
Washington, D. C., June 5.—The vote of the senate on the resolution declaring the election of Senator Lorimer of Illinois involved corruption will not be taken until after the national conventions, if negotiations now in progress between his supporters and opponents in the senate prove successful.

The suggestion for the postponement was made to Senators Lee and Kern today by Senator Dillingham, chairman of the Lorimer committee. Mr. Dillingham did not indicate a purpose of pressing the suggestion, but he pointed out the necessity for a full attendance, which it would be difficult to obtain before or during the great political meetings.

In the two years that Senator Lorimer's election has been under fire, it has furnished probably more sensations and sudden developments than any other case of its kind. Lorimer was elected by the Illinois legislature May 27, 1909, after a prolonged deadlock in which the names of more than 100 candidates, Democrats and Republicans, had been presented unsuccessfully.

However, it was not until nearly a year later that the validity of his election was challenged when the now famous "confession" of Charles A. White, member of the Illinois legislature, was published, charging that he had received \$1,000 from Lee O'Neil Browne, Democratic leader of the Illinois house of representatives, in return for his vote for Senator Lorimer and also \$900 as a share of a "general corruption fund."

Then in rapid succession followed a sensational series of "confessions" by other members of the legislature. These confessions, however, were later modified or repudiated, with the exception of White's. The other members claimed they had received the money out of a general fund and not in return for their Lorimer votes, and in some cases charged intimidation by Cook county authorities to write the confessions for them.

However, Lee O'Neil Browne, who was charged with "distributing Lorimer money," was acquitted by a jury and other indictments were quashed. Charges of jury bribing in the Browne case were unsubstantiated in court.

A committee of the United States senate reported that the charges of corruption were not proved and held Senator Lorimer's title to his seat valid.

Immediately after the Illinois senate appointed a committee of its own to investigate and this committee reported that Lorimer would not have been elected without bribery and corruption and the Illinois senate by a vote of 39 to 10 indorsed that view.

In the meantime, after a series of notable debates in the United States senate, Lorimer was vindicated there, 46 to 40, with five senators not voting. The quota of senators then was 90, and there was one vacancy in Colorado.

Since then, by the admission of New Mexico and Arizona, the quota of senators has increased to 96; but the Colorado vacancy still exists, but of the forty-six who voted to retain Lorimer, eleven are not now in the senate and four of the five who refrained from voting are also no longer members.

The ranks of the forty who voted against Lorimer have been depleted by only five and these places have been taken by men who have indicated that they will follow their predecessors.

Senator Curtis of Kansas, who voted for Lorimer before, is said to be ready to vote against him this time, but this is counterbalanced by Senator Jones of Washington, who voted against Lorimer, but who will vote for him this time.

This alignment seems to throw the balance of power mainly with the new senators and there has been a great deal of speculation.

The second investigation brought out the charge that Edward Hines, the millionaire lumberman, had raised a fund of \$100,000 to "put Lorimer over," but the majority of the investigating committee rejected this entirely and exonerated Hines as well as Lorimer. The senator's election, the majority report holds, was due entirely to politics in Illinois, which made Lorimer the only candidate who could muster a majority.

AMERICAN HORSE IS ENGLISH DERBY WINNER

By Associated Press.
Epsom Downs, England, June 5.—W. A. Raphael's Tagalie, ridden by an American jockey, Johnnie Reiss, won the great Derby today. Jaeger was second and August Belmont's Tracery was third. The king's horse, Phalaris was fourth. Reiss rode Packer's winner Orby in 1907.

MARINE FORCE LANDS IN CUBA

TROOP OF OVER 400 DISEMBARKS TO PROTECT AMERICAN PROPERTY.

DEMAND FOR PROTECTION

Sugar and Mining Interests in Need of Help—No Intervention Planned, It Is Said.

By Associated Press.
Washington, D. C., June 5.—After a conference between Taft and Secretary Knox today it was announced that the government will at once send four American battleships to Cuban waters. The squadron is sent as a precautionary measure and not with any intent to intervene at present. The battleships' high powered wireless will be used to keep Washington officials posted.

OIL MEN'S VIEWS UPON ASSESSMENT QUESTION

Electra Correspondent of Oil City Derrick Tells About Complaints Being Made.

The following Electra correspondent of the Oil City Derrick shows the views of some of the oil men on the assessment question:

If the county commissioners of Wichita county had to pay for some of the dry holes, four of which have been completed in the past week, in trying to make a few dollars, they would not be quite so ready to add to the oil man's burden, already about to the limit, by taxing oil supposed to be under the ground as well as that on top of it. The commissioners have met and put valuations on oil leases that in some cases are but a little short of confiscation. It is a little difficult for the lay mind to understand why the commissioners are so particular and precise in discriminating between the lands that are leased to the oil men and those that are still in possession of the land owners adjoining. How they can tell the difference in value, as to containing oil and gas? One thing is certain. The commissioners can buy plenty of the leases at the prices that they have assessed on them. For instance, The Corsicana Petroleum Company's F. D. Woodruff lease, tract 223, on which three dry holes have been drilled, two of which were 2,190 and 2,358 feet respectively. All three of these have been abandoned after costing in the neighborhood of \$40,000 and without a barrel of oil being produced on the lease. The commissioners have assessed the oil and gas rights on this lease at \$50 per acre and the agricultural rights or values at \$60 per acre. The Corsicana Co., would doubtless consider any reasonable offer for this lease, as it is understood that it contemplates surrendering it to the land owner. When, no doubt, it will cease to be assessed at \$50 per acre for oil and gas rights. Another interesting case is the Woodruff and Krohn lands, tract 226, on which two dry holes have not been drilled, and on which there is not a barrel of oil produced. One of these wells was drilled by Whitehill and Burns, of Washington, Pa., who spent upwards of \$40,000 trying to find oil on the property and finally gave it up as a bad job. The other well was drilled by William C. McBride. This well was dry in all the sands to a depth of 1,125 feet. The commissioners have assessed this tract at \$50 per acre for the land and the same figure for the oil and gas rights. Here is another chance for the commissioners to get a lease at bargain counter prices for, no doubt, it can be had for half the value put upon it by the commissioners themselves and they seem to know what oil and gas leases are worth.

HARMON WINS IN OHIO CONTEST

UNIT RULE MAKES NINETEEN VOTES FOR WILSON USELESS.

LATTER STILL FIGHTING

May Carry Matter Before National Convention—Harmon's Majority Is Decisive.

By Associated Press.
Toledo, Ohio, June 5.—The majority report of the committee on resolutions at the Ohio Democratic convention this afternoon was adopted by a viva voce vote. This report indorsed Harmon and upheld the unit rule. Its adoption followed the defeat of the minority report of the resolutions committee by a vote of 597 to 357.

The minority report would have limited the instruction for Harmon to the delegates at large. The Wilson men declared the unit rule was illegal and contrary to the call for the National Democratic convention and in direct conflict with the spirit and letter of the State primary law approved by Harmon. The Harmon men claimed those opposing the unit rule sought to humiliate and embarrass Gov. Harmon, "the man who made Ohio a Democratic State."

This gives Harmon all forty-eight delegates from Ohio to Baltimore, but nineteen of the district delegates favor Wilson and declare they will take their fight to the Baltimore convention.

Congressman J. M. Cox was nominated for Governor of Ohio.

YOUNG MEN WILL GIVE DANCE THURSDAY EVENING.

A number of young men are preparing to give a dance at Lake Wichita in the pavilion tomorrow evening, and those invited are notified that cars will leave the city limits for Lake Wichita tomorrow evening at eight five o'clock, and eight forty four. It is expected that those who attend will catch one or the other of these cars, and it is urged that an attempt be made to take the first-car as the dance will begin at nine o'clock. Music will be furnished by the Katz Orchestra.

WEATHER FORECAST

Tonight and Thursday generally fair.

LEASE CLOSED TODAY FOR WESTLAND HOTEL

A. W. McCoy of Muskogee Will Assume Charge at Once—To Re-open Dining Room.

A. W. McCoy of Muskogee, Okla., today closed a contract with Wiley Wyatt for the lease of the Westland Hotel, and will immediately assume charge of the same. Mr. McCoy formerly ran the Torson Hotel at Muskogee. He has been engaged in the hotel business a number of years and has a reputation of being one of the best hotel men in the Southwest. He announced this afternoon that he would immediately re-open the dining room which has been closed for some time. Jack Fort will continue his place as chief clerk. The Westland Annex in the Bennett & Hardy building was not included in the lease.

PROTESTS BY OIL MEN HEARD TODAY

APPEAR BEFORE COUNTY BOARD OF EQUALIZATION TO OPPOSE ASSESSMENTS.

Very Few Oil Valuations Given Attention, However, Up To Early This Afternoon.

When the county board of equalization reconvened at the court house this afternoon, the crowd that was gathered to protest against the raising of rent for oil assessment might easily have been mistaken for an oil man's convention.

WILSON AND ROOSEVELT WIN IN SOUTH DAKOTA

Ex-President Leading Both La Follette and Taft—Wilson Is Easy Winner.

FALFURRIAS SHIPS FIRST CARILOAD OF WATER MELONS

By Associated Press.
Falfurrias, Texas, June 5.—The first car of Texas water melons for this season was shipped today. They averaged 24 pounds. Next week this place will ship several cars daily.

DARROW CASE ATTORNEY IS FINED FOR CONTEMPT.

By Associated Press.
Los Angeles, Cal., June 5.—District Attorney Fredericks was fined \$25 for contempt of court today in the Darrow trial. Another attorney was fined five dollars. Darrow participated in the wrangle. It was an exciting outbreak.

DEATH NEAR, HE THINKS OF ENEMY

GOREE PHYSICIAN, WOUNDED WANTS ASSAILANT'S FAMILY PROVIDED FOR.

TRAGEDY LAST SATURDAY

Was Stabbed By One of Farm Tenants. Some Talk of Violence Is Heard.

By Associated Press.
Goree, Texas, June 5.—With an expressed wish that the family of the man who attempted his life be provided for, Dr. J. R. Smith, a wealthy land owner of Munday, Texas, who was stabbed nine times Saturday by A. Lyles, a tenant on one of Smith's farms, lies in a critical condition in a Fort Worth hospital today awaiting an operation to save his life.

Dr. Smith has ordered provisions sent to the family of Lyles, who is in jail. Smith has requested that in case of his death or long illness arrangements be made to care for Lyle's family. Smith is a noted Texas physician, first practicing at Hillsboro and Seymour years ago. In 1891 he located at Old Munday, traveling the country road with saddle pack day and night, caring for the sick and becoming known for his kindness as "the friend of the poor man." Today he owns 8000 acres of land near here. Lyles is in jail at Benjamin.

For a time it was feared Lyles would meet with violence.

COTTON SEED OIL BUTTER AT 18 CENTS PER POUND.

St. Louis, June 5.—One item in the cost of living will be cut in half at least if members of the Interstate Cotton Seed Crushers' Association, which met here for their sixteenth annual convention, can induce citizens to use a new product. C. W. Ashcroft of Florence, Ala., vice president of the association, announced that a cotton seed oil "butter" which will retail for 18 cents a pound can be produced. The association, according to J. J. Culbertson of Paris, Texas, will pass a resolution opposing the present tax on oleomargarine. The convention will continue three days and 1,000 delegates are expected to attend.

PROTESTS BY OIL MEN HEARD TODAY

APPEAR BEFORE COUNTY BOARD OF EQUALIZATION TO OPPOSE ASSESSMENTS.

NUMBER IN ATTENDANCE

Very Few Oil Valuations Given Attention, However, Up To Early This Afternoon.

When the county board of equalization reconvened at the court house this afternoon, the crowd that was gathered to protest against the raising of rent for oil assessment might easily have been mistaken for an oil man's convention.

The crowd was so large that no room in the court house except the court room was large enough to hold it and Judge Martin turned the room over to the equalizers.

The oil men present got small comfort from the first condition that was brought up. It was that of the Western Union Telegraph Co. After hearing the protest of local manager O. D. Pickle the board declined to reduce the assessment from \$10,000 the figure to which it had been raised.

The next protest heard was that of the Fort Worth and DePyver whose assessment against track mileage had been raised from \$11,000 to \$11,200 per mile. This had not been disposed of at 2:30 o'clock.

FAVOR LICENSES FOR REAL ESTATE DEALERS.

By Associated Press.
Houston, Texas, June 5.—After spending the entire day on a pleasure jaunt down Buffalo Bayou to the San Jacinto battlefield, the delegates to the convention of the Texas State Realty Association at a night session placed themselves on record as indorsing a State law licensing real estate agents and otherwise regulating the conduct of persons engaging in the real estate business. They also indorsed the "blue sky" law of Kansas as being adaptable to conditions in Texas, the Torrens land registration system was praised and a resolution was adopted which recommended to the Legislature the establishment of a State good roads department.

BRUCE ISMAY'S MEMORY APPEARS TO BE POOR

"I Don't Know" Is Frequent Answer Given By Him To English Committee.

By Associated Press.
London, June 5.—J. Bruce Ismay, president of the International Mercantile Marine Company, testified today in the Titanic inquiry. For the most part his replies were "I don't know," or "That's outside my province."

GOMPERS MAKES DENIAL OF FRANKLIN EVIDENCE

Says It Is Absolute Falsehood Out of Whole Cloth—Has Documents to Prove.

By Associated Press.
Washington, D. C., June 5.—Samuel Gompers, president of the American Federation of Labor, said today of Detective Bert Franklin's testimony in the Darrow trial at Los Angeles: "This is an absolute—falsehood made out of whole cloth; I do not know Franklin and I have never had any dealings with him. I did not send any money to him or to anybody. I did not handle any money. There is nothing to this and it is absurd on the face of it. I have documentary proof which disproves his story. I do not care to give the correspondence out at this time."

The conversation in which Gompers' name was mentioned was incidental to a newspaper account purporting to show that the \$4,000 used in the Lockwood case had been marked money.

"I asked Mr. Darrow," said Franklin, "if he had seen in the papers where the district attorney had traced the money from the safe deposit vault into the hands of Mr. Darrow and from there into my hands; also that it was marked money. He said that the money was sent direct to him by Samuel Gompers."

Franklin also testified that Darrow had asked him for a description of the cells and accommodations in the San Quentin and Folsom prisons.

"I told him the best I could," continued the witness. "I was thinking seriously about that myself."

Cross examination of Franklin failed to shake the story he first told. The defense claims to be well pleased with results but so far there has been no material fact in Franklin's original story broken down. He still insists that the money he offered Juror Bain and Venireman Lockwood was given him by Darrow and that Darrow after he (Franklin) had been arrested for bribery, promised to look out for his family and see that he got off with a fine.

When the trial opened this morning it was expected that the cross examination of Franklin would be concluded before the day ended.

The Darrow defense claims that the arrangement by which the McNamara brothers pleaded guilty was made before there were hints of jury bribing. Lincoln Steffens, the noted Socialist and author who figured conspicuously in the termination of the case, will be summoned as a witness to substantiate this claim.

ARCHIBALD WILL NOT APPEAR IN OWN DEFENSE.

Washington, D. C., June 5.—Investigation by the judiciary committee of the House into charges of improper conduct against Judge Robert W. Archibald of the Commerce Court is concluded, in so far as taking testimony is concerned. As to what action will be taken, the committee will discuss in an executive session tomorrow.

Judge Archibald declined an opportunity to defend himself by going on the witness stand. The only defense offered was by his attorney, Col. Worthington, who read into the record the Judge's statement in court when he imposed the fines of \$1,000 on the officials of the wire trust, who were indicted.

TWO THROUGH TRAINS DAILY BETWEEN FORT WORTH AND DENVER ON JUNE FIFTEENTH.

Double daily passenger train service between Fort Worth and Denver and intermediate points will be established by the Fort Worth & Denver City Railway Company, effective June 15, at which time there will be some change in the time schedules of some of the trains.

It had been planned to open through sleeping car service between New Orleans and Denver at that time, the business between Fort Worth and New Orleans to be handled by trains Nos. 52 and 53 on the Texas & Pacific, but on account of the damage to the line from high water in Louisiana this part of the service has been postponed until July 1.

There will, however, be through service between San Antonio and Colorado via the Katy and Fort Worth & Denver City railway, Katy train No. 208 leaving San Antonio at 8:30 p. m., and reaching Fort Worth at 7:50 o'clock the following morning, to carry this sleeper, which will leave on the Denver road, train No. 4, at 10 o'clock in the morning instead of at 9 o'clock as at present. Returning from Colorado, this sleeper will be handled on train No. 2 to Fort Worth and on Katy No. 207 to San Antonio.

Through service between Galveston, Houston and Colorado will be operated over the Trinity & Brazos Valley trains Nos. 3 and 4, and Denver trains Nos. 1 and 2. This service will be inaugurated June 15, as planned.—Fort Worth Record.

BRUCE ISMAY'S MEMORY APPEARS TO BE POOR

"I Don't Know" Is Frequent Answer Given By Him To English Committee.

By Associated Press.
London, June 5.—J. Bruce Ismay, president of the International Mercantile Marine Company, testified today in the Titanic inquiry. For the most part his replies were "I don't know," or "That's outside my province."

COMMENCEMENT AT THE ACADEMY

CLOSING EXERCISES NOW IN PROGRESS FOR ST. MARY'S PUPILS.

FIRST PROGRAM TONIGHT

Younger Pupils Will Be Principal Performers—Alumnae Reception Held This Afternoon.

Commencement festivities and exercises are now in full swing at the Academy of Mary Immaculate. The first public program will be held tonight at the Wichita Theatre, being in the nature of Class Day exercises, and tomorrow night the final ceremonies will be held, also at the theatre.

This afternoon the annual reception of the alumnae is in progress at the Academy and a large number of former students are here to take part. The Academy's alumnae are very loyal and many return each year at commencement time. The number here this year is above the average, it is said.

The features of the program tonight will be numbers by the younger pupils of the Academy. There will be an operetta in which a number of the boys will take part, with musical and recitative features by the younger girls. Tomorrow night the diplomas will be awarded and the Academy will formally end its session.

GRAND JURY RECESSES, SIX BILLS ARE RETURNED

Will Meet Again July 8, Giving Former Members Time to Harvest Crops.

The grand jury recessed last night until July 8th after returning six indictments, four felonies and two misdemeanors. Three of the felony indictments were against John Beck, Ed Waggoner and Jesse Keys, charged with theft from the person.

The recess was taken to allow the farmer members to harvest their wheat crops. So far fewer offenses have been reported to the grand jury than at any session in a number of years.

IMPROVED PASSENGER SERVICE IS PROMISED

Two Through Trains Daily Between Fort Worth and Denver on June Fifteenth.

Double daily passenger train service between Fort Worth and Denver and intermediate points will be established by the Fort Worth & Denver City Railway Company, effective June 15, at which time there will be some change in the time schedules of some of the trains.

It had been planned to open through sleeping car service between New Orleans and Denver at that time, the business between Fort Worth and New Orleans to be handled by trains Nos. 52 and 53 on the Texas & Pacific, but on account of the damage to the line from high water in Louisiana this part of the service has been postponed until July 1.

There will, however, be through service between San Antonio and Colorado via the Katy and Fort Worth & Denver City railway, Katy train No. 208 leaving San Antonio at 8:30 p. m., and reaching Fort Worth at 7:50 o'clock the following morning, to carry this sleeper, which will leave on the Denver road, train No. 4, at 10 o'clock in the morning instead of at 9 o'clock as at present. Returning from Colorado, this sleeper will be handled on train No. 2 to Fort Worth and on Katy No. 207 to San Antonio.

Through service between Galveston, Houston and Colorado will be operated over the Trinity & Brazos Valley trains Nos. 3 and 4, and Denver trains Nos. 1 and 2. This service will be inaugurated June 15, as planned.—Fort Worth Record.

PROPOSE NEW RAILROAD IN WESTERN OKLAHOMA

Line Projected To Extend From Amarillo, Texas, to Hastings, Nebraska.

Guthrie, Okla., June 5.—For the purpose of securing the construction of the Texas, Kansas, and Omaha Railroad—recently chartered in Texas and Nebraska—the towns of Texhoma, Guyton, Hooker and Carthage in Western Oklahoma, are arranging to raise a bonus and provide right of way. The road, so chartered, is to build from Amarillo, Texas, north and west to Hastings, Neb., and through the Pathhandle country of both Texas and Oklahoma. At Texhoma the land has been secured on the Texas side of the town, for terminals, right of way and depots. The plan is to build the depot squarely on the Oklahoma-Texas state line. From Texhoma the road is chartered to build through Hugoton, Richfield, Ulysses and Garden City, Kan.

A recently chartered road in this state is the Dunlap, Northern and Pacific, with a capital stock of \$2,500,000; the estimated cost of construction. It is proposed to build from Dunlap, a town on the Wichita Falls & Northwestern in Harper County, Okla., northward to Ellis, Kansas, passing through the counties of Comanche, Clark, Kiowa, Ford, Edwards, Hodgeman, Pawnee, Ness, Push, Trego and Ellis, a distance of 150 miles. The incorporators are: H. B. Knight, W. P. Rodman, G. A. Elbow and Claude Nowlin. It connects at Dunlap with the Wichita Falls and Northwestern of the Katy; and at Ellis with the Union Pacific. It is considered to be a Katy project also. P. J. Farney of Moweaqua, Ill. is one of the promoters.

A charter has been granted to the Lawton Railway and Lighting Company of Lawton, with \$100,000 capital stock, one of the chief purposes being to build an interurban line from Lawton to Medicine Park, a distance of sixteen miles, at a cost of \$375,000. The route goes through the Fort Sill military and Apache Indian reservations and through several scenic gorges in the Wichita Mountains, a well as through the Wichita national forest reserve. The incorporators are: B. R. Stephens, W. H. Fuller, B. E. Taylor, R. L. Schlegel and B. W. Hill, all of McAlester.

Col. Jake L. Hamon of Lawton president of the Ardmore, Duncan & Lawton Railroad Company, left yesterday for New York City to sign the contracts for construction of this road in the near future. It is chartered to build from Lawton east through Duncan and the Ardmore oil and gas field to Ardmore, and ultimately southeast to Denison, Texas.

FAREWELL

CONSTIPATION

The Famous Hot Springs Liver Buttons Are in Town.

Well! well! well! Here's joyful news to all who are slaves to constipation and all the miserable ailments that go with it.

Stonclepher-Smith have at last secured the agency for Hot Springs Liver Buttons which are almost as well patronized by visitors to Hot Springs as the health-giving baths. Thousands of dozens sold yearly and this the first year ever advertised. Nothing so good, so perfect acting or so satisfying for constipation or stomach, liver and bowel troubles. 25 cents a box; you'll be De-lighted. For sale by Stonclepher-Smith Drug Company, Hot Springs Chemical Co., Hot Springs, Ark.

DYNAMITE AND OTHER THINGS

REPLY IS MADE TO THOSE WHO RIDICULE RAIN-MAKING EFFORTS.

NO APOLOGIES ARE DUE

Writer Says It Is Not Wichita Falls Way To Sit Down and Wait For Things.

Editor Times:

The efforts of certain individual yet component parts of the Texas Press to ridicule and cachinnatize the citizens of Wichita Falls in their efforts to attenuate the drought which has reigned throughout Texas (McLennan county excepted) for so these many weeks cannot be ignored or lightly passed by those who either aided in the purchase of the "nitro" or tolled 'neath a blistering sun, atop a hog-back ridge, producing moisture which an untoward and ungodly wind blew southeastward into McLennan county ere it was precipitated to earth in the form of rain.

We undertake to say that no one certainly no member of the Texas Press—can arrogate unto himself or itself all knowledge touching the primordial, organic and contingent processes that lie anterior to the atmospheric and elemental mutations necessary ere Jupiter-Pluvius, the great rain god, is "moved to tears."

We submit that our critics among the Texas Press urge a too un-American and too unWichita Falls like argument—that we should recline supinely by and vacuously contemplate a glassy sky, day after day, making no effort to jar Jupe from his stupor. The rain gods, we fancy, occasionally fall asleep, and being sans clouds, therefore sans thunder, to disturb the great Jupe's slumbers, we contend; dynamite is the best substitute. And because we bombarded 'oo hard and gave Jupe "a griech, causing him to move on a little distance, before he moistened the landscape, we contend that our system should not be too roundly or severely challenged.

We have only to say that many who hesitated to contribute to the rain-making fund in the beginning, save, since the experiment and after witnessing the clouds which banked in every hand, altered their opinions and are now urging another trial. Indeed there is every reason to be lieve that Wichita county and three other nearby counties will join in the purchase of four carloads of dynamite to be exploded in the near future.

Certainly it seems that the experiments tried by C. W. Post and the results he has obtained are worthy of emulation. And if Mr. Post, when he goes "gunning" is really after advertising and not after rain, then we further submit, although this town has no Post Toasties to sell, that Wichita Falls can afford to invest the sum of \$1,000 in more surely focusing the eyes of the civilized world upon the great oil and factory center of North America.

And we have no apologies to make to the Lord for our alleged endeavors to sequestrate until ourselves His rain-making prerogatives. He has given us the electricity and the lightning bolt but no doubt approves of the manner in which His children have harnessed that great force. Could He possibly object to his combatant youngsters registering noisy protest against continued drought?

We cannot but feel that, had we been as well versed in the scientific methods of shooting dynamite as

Henderson Reducing Corsets---

It has been convincingly demonstrated that the only hygienic method of anatomically displacing and reducing superfluous flesh is by means of the *Henderson Reducing Corsets*. This corset, which has been specially designed for large women, is patterned upon scientific principles that will enable the wearer to reduce and modify her figure to fashionable, pleasing lines. We can fit you accurately in a *Henderson Reducing Corset* that has been individually designed to reduce your figure to harmonious proportions. This corset has attached reducing appliances that enables the wearer to make reductions up to five inches. This is done while the corset is on the figure which is the only hygienic method of reduction. These adjustments are made gradually until this desired reduction is obtained. The appliances release instantly when given a reverse pull.

HENDERSON Reducing Corset

Man Coughs and Breaks Ribs

After a frightful coughing spell a man in Neenah, Wis., felt terrible pains in his side and his doctor found two ribs had been broken. What agony Dr. King's New Discovery would have saved him. A few teaspoonfuls ends a late cough, while persistent use routs obstinate coughs, expels stubborn colds or heals weak, sore lungs. "I feel sure it's a God-send to humanity," writes Mrs. Effie Morton, Columbus, Mo. "For I believe I would have consumption today, if I had not used this great remedy." Its guaranteed to satisfy you and you can get a true trial bottle or 50 cent or \$1.00 size at all druggists.

HIS TROUBLE NOT OF HEART

Real Facts In Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Theford's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits. Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Theford's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it. Insist on Theford's. Price 25c.

BIRD REFUGE IS BEING INVADED

PLAN TO WATCH RESERVATION IN PACIFIC TO STOP SLAUGHTER.

ARE KILLED FOR PLUMES

Hunters. Visit Islands Set Apart for Birds and Get Away With Feathers.

By United Press. Washington, D. C., June 5.—A graphic story of the horrible slaughter of millions of birds on the Laysan Islands, in the mid-Pacific, that Millard's hats may be enriched with their plumage, has just been brought to the attention of Congress, in support of a plea for the policing of the newest Bird Refuge—the mid-Pacific Bird Reservation.

The reservation consists of a half dozen or more islands, reefs and shoals that stretch westward from the Hawaiian Archipelago for a distance of over 1,500 miles toward Japan—from where came the plumage hunters to do their nefarious work—and was set apart by presidential proclamation for the use of the Department of Agriculture. The government biologists who explored the islands preparatory to opening the rookeries have brought back with them a most amazing and interesting story.

Prof. Bryan, in a report to the Department of Agriculture, says that eight years ago Laysan Island was literally covered with splendid birds but that when he visited the island last year he discovered that more than half the colony had been wiped out of existence by plumage hunters.

According to the report, the plumage hunters landed on the island, in May, 1909, and straightway began their work of slaughter. It is estimated that by the fall of the same year more than 300,000 birds had been killed.

"The slaughter wrought by the foreign plumage hunters is everywhere apparent. One of the buildings formerly used by a guano company and later by the poachers is still standing. It is filled with thousands of pairs of albatross wings. Though weather beaten and useless, they show how they were cut from the birds, whose half-bleached skeletons lay in thousands of heaps scattered all over the island." Prof. Bryan's report recites.

Twenty-three poachers, were arrested by the officers and conveyed to Honolulu, together with the plumage which they had baled preparatory to shipping to Japan.

Had the raiders not been discovered, Department's publication shows they would have eventually killed every nesting bird on Laysan and the neighboring islands. At the time of the visit of the biologists, in 1911, heaps of the dead bodies of the slain lay on the ground—mute witnesses of the sad fate that had overtaken the beautiful birds.

The islands are now a part of the National possessions and the butcher has been stopped. It is true, however, that their remoteness and inaccessibility renders it extremely difficult for the government officials to adequately protect the birds.

Prof. Homer R. Dill, in his report to the Department tells of the favorite pastime of the plumed inhabitants—cawwalking.

"One bird will approach another with an indescribable squeaking sound, bowing all the time. If the other bird feels like performing," says Dill in his report, "he bows in return. They cross bills very rapidly several times. Then one bird turns its head and lifts one wing in such a manner that the primaries point directly out at the side. In the meantime the other bird keeps a loud noise that sounds somewhat like the neighing of a horse. The bird taking the lead then walks around its partner, stepping high like the negro cawwalker. This part of the procedure is usually closed by one or both birds, pointing their beaks straight up in the air, raising on their toes, puffing out their breasts and uttering a long drawn groan, the same thing is repeated many times with slight variations.

BASEBALL PICK-UPS.

The Texas-Oklahoma standing at present is a very unusual one. The two leading teams, Bonham and Wichita Falls, are both above the .750 percentage mark. It is not often that two teams have a lead like that.

All the sport writers are predicting that the Chicago White Sox will finish better than third, but so far Cleveland has been the only team that even looked like she could stop them. Of the first two games with the Athletics, the Sox took one and the Mackmen one. The Sox won eleven out of fourteen games on the road and that certainly is a pennant-winning stride.

Marquard is certainly making history this season. Every team in the National League has succumbed to his pitching and his first defeat of the season is yet to be recorded.

Time may prove otherwise, of course, but just now it looks like Pittsburg paid about \$20,000 too much for Marty O'Toole.

One hundred point covers seven of the teams in the Texas league, while Houston has the lead all to herself. But it's a long time until September first.

It is rumored that Hunter Hill will be made captain of the Austin team. Fines and suspensions may have reformed Hunter some, but his temperament isn't the sort that makes for the right kind of baseball.

Ardmore is still struggling to retain her franchise and stock is being sold in an effort to keep the team from going by the boards.

It is being predicted that the New York Giants will retain their lead for the remainder of the season. Three months is a long time in a pennant race, but McGraw's bunch seems to be hitting the proper pace.

That change in the management of the St. Louis Browns doesn't seem to have brought about any wonderful reversal of form as yet.

The performance of O'Toole, Pittsburg's \$22,500 pitcher, is history repeating itself. Marquard was a hopeless dud during his second season with the Giants, so was Benton with Cincinnati. It seems to be the rule that the second year is the bad year. After that they begin to pay for themselves.

Repeated many times with slight variations.

NEAR-LEADERS LAND ANOTHER

DRILLERS WIN SECOND GAME OF DENISON SERIES BY 4 TO 1.

LOCALS LOSE ON ERRORS

Pitching and Hitting Honors Between Two Teams Very Nearly Even.

Special to The Times. Denison, Texas, June 5.—Hitting and fielding honors were about even in yesterday's game, but the Drillers' stick work was much more timely and they copped their thirteenth straight victory. The score was 4 to 1, three of the visitors' scores being on errors by the locals. Inability of the Katydids to connect with men on bases resulted in their defeat.

Yesterday's victory did not send Wichita Falls into first place, as Bonham retained the lead by winning over Sherman, so there is still just half a game's difference between the two leaders.

Wright and Myers were the opposing pitchers yesterday and honors were very nearly even, each allowing seven hits and fanning eight men.

The score:

Wichita Falls	AB	R	H	P	O	A	E

McKinney.....001 210 101—6 4 4
Batteries—Lewis, Green and Smizer; Klistermacher, Garrish, Goffs and White.

If you are in doubt as to what kind of meat you really want we can offer many suggestions that will help you to solve the problem. Some days we make a specialty of suggesting one or two different things and it surprises us sometimes, how often such a common thing as ham is forgotten or neglected by customers. To get the best ham means care in selection. We have found that the Swift's Premium brand is the tenderest, most delicate in flavor and the most satisfactory to particular customers. It is 20c per lb. sliced and worth every cent of it. It will go beautifully with fresh eggs.

Wichita Falls, Texas, June 5th, 1912.

305 ORIGINAL PLAN 305

According to a senator's estimate it costs the government six dollars every time a senator takes a bath in the capitol bathroom. Without calling any names, we believe its worth the price.

For the benefit of some of those newspapers who are inclined to poke fun at our dynamite stunt, we will say that it isn't the Wichita Falls way to sit down and wait for anything, not even a rain.

Jupiter Pluvius evidently didn't like the way Wichita Falls tried to hold him up and force him to give up his rain treasure. Demanding rain with dynamite caused J. P. to fly to East Texas.—Dallas Times-Herald.

Wichita Falls didn't get anything but a few streaks of lightning Saturday following the rain-making experiments and those are thought to have been due to the explosions of the candidates that day rather than to the dynamite fired.—Browther Bulletin.

Senator Bailey's comment on the Houston platform, which appears in today's issue of The Times, strikes us as being considerably to the point. Stockholders and bondholders of large corporations that are asking favors ought not to have any more right to sit in our legislative halls than the attorneys and employees of those same corporations. But won't the Senator give us some assurance that he would vote for a bill that embodied both the Houston plank and the features he considers necessary?

While the government cotton report issued Tuesday shows the condition of the cotton crop throughout Texas is about 10 per cent below what it was last year, the crop in Wichita and surrounding counties is at least 10 per cent better than last year at this time. In fact, it is difficult to imagine how the present condition of the cotton crop could be improved upon. There is a good stand, and it is well worked, clean of grass and weeds and shows a healthy growth. The same may be said of the corn crop, though it is showing some signs of the lack of rain.

Six thousand pounds of dynamite were exploded by the citizens of Wichita Falls Friday afternoon and evening and on Saturday morning a downpour of rain in Bonham falling for several hours thoroughly drenched the earth. Who can deny the efficiency of the explosive as being rain producing?—Bonham News.

Well, can't you even thank us for sending the rain to you? We here are an unselfish bunch, and if we can't get the rain for ourselves we're energetic enough to make a try and get results for those who are waiting to be shown.

Col. Tom Ball is said to enjoy operating the steam roller. He learned its uses while a candidate for Congress in the old Houston district; he brought his information into play at Fort Worth in 1908 and his widespread experience was appreciated in the Houston convention when he assisted in flattening out his erstwhile friends. So much for his knowledge of its uses, it is up to some of us to show him its abuses later on, and we will.—Denison Herald.

There is no denying the fact that Col. Ball knows how to work the roller, but if the Herald thinks he is going to get rolled some himself in July, it has another guess coming. The only difference will be in the size of the machine. The same bunch that manipulated it at Houston will be in charge, and it will be of 100-ton capacity, compared to which the Houston roller will look like a miniature affair.

Makes the Nation Gasps The awful list of injuries on a Fourth of July staggers humanity. Set over against it, however, is the wonderful healing by Bucklen's Arnica Salve, of thousands who suffered from burns, cuts, bruises, bullet wounds or explosions. It's the quick healer of boils, ulcers, eczema, sore lips or piles. 25 cents at all drug stores.

ELMER WRIGHT, Manager

GRANT NEW TRIAL IN HILLSBORO MURDER CASE.

By Associated Press. Austin, Texas, June 5.—Because of errors, the court of criminal appeals today ordered a new trial for Dr. A. T. Mansfield of Hillsboro, who had been sentenced to life imprisonment for killing Policeman Frank Glasgow last June in Hillsboro. It was a sensational case.

FORT WORTH TO VOTE ON PIPE LINE FRANCHISE.

Fort Worth, Texas, June 5.—The franchise asked by S. R. Howe and associates to lay a petroleum pipe line through or under certain streets of the city is in the interests of all the companies having refineries or supply stations here, according to the statements of the attorneys who drew up the application for the franchise. The franchise is to provide for the more economical distribution of the various products of petroleum, and especially the fuel oil, to manufacturing establishments of the city in existence or to be established. The plan is for the formation of a sales or distributing company, which can and will serve all of the companies on an equitable basis.

A Warning to Mothers.

Wichita Falls, Tex., June 5, 12. I hereby notify the mothers of little girls that there is a man in our midst who is doing everything in his power to debauch the little girls with whom he comes in contact. Little girls are out safe when they meet him on the street. His name and full particulars will be furnished any one desiring the same. This article is published for the sole purpose of protecting the little girls of this city. T. P. HICKMAN.

Senator Bailey's Comment on Houston Platform

(Washington correspondent of the Fort Worth Record)

Senator Bailey was asked by the Record correspondent if he had any comments to make upon the recent Houston state convention. He made the following answer:

"No man is expected to say much about what has occurred at his own funeral, but some of the things which transpired at Houston were so absurd that even a dead man should be permitted to comment on them.

"Of course, the Houston platform declares that it ought to be made a crime for a senator or a representative to accept employment from favor-seeking corporations and interests, but it refused to include the stockholders and the bondholders of those same favor-seeking corporations and interests in the rule to which it would subject their employees.

"Under a law made in pursuance of that platform, if a senator or representative should collect a \$100 claim for the steel corporation against the hardware merchants of his home town he would be branded as a criminal and driven from the public service in disgrace and yet Andrew Carnegie, with more than \$300,000,000 worth of the steel corporation bonds in his pocket, could sit in either house of congress and vote on the metal schedule or a tariff bill. That platform would make it a crime for one senator to collect a promissory note for a national bank in his town and yet another senator, who owned at the national bank in his could buy, might sit in the senate and vote on a bill to increase the power or extend the privileges of national banks.

"It is impossible for me to understand the reasoning of a man who will trust the men who own these corporations, but is not willing to trust the man who might accept an occasional employment from them.

"The action of the convention in refusing to include the owners of these favor-seeking corporations and interests in the rule prescribed for their employees can only be explained upon the supposition that the men-made that platform are of the opinion that those who accepted employment from such corporations will do for them what those who own them will not do. In view of the fact that most of the committees who prepared that platform are lawyers, it seems strange for them to imply as their platform does, that lawyers are degraded in that they will do for their clients that which their clients would not do for themselves.

"But the inconsistency which I have just pointed out, bad as it is, is not the worst of which the convention was guilty in connection with this particular plank in its platform. In the face of their declarations that it ought to be made a crime for any senator or representative to accept employment from favor-seeking corporations or interests the convention elected several public service attorneys to the national convention. 'I know that three of the eight

been for years, the regularly retained attorneys of public service corporations, and as if to make the whole proceedings still more absurd, the platform further declares that every senator and representative must obey every platform demand. To that doctrine I thoroughly subscribe except where the senator or representative has received a different instruction from his immediate constituents or has made a different pledge to them. But if attorneys who accept occasional employment from these corporations cannot be trusted to legislate then certainly their regularly retained attorneys cannot be trusted to make the platform according to which senators and representatives must legislate. The Democrats of Texas will hardly tolerate the proposition that their platform can be made by men who cannot be trusted to carry them into effect. "There are some other features of the platform which it would be interesting to discuss, but this statement is already too long."

ROOSEVELT'S COMMENT ON RESULT IN OHIO.

Oyster Bay, N. Y., June 5.—"Pure political brigandage," said Col. Roosevelt at the capture of Ohio's six delegates at large to the Republican National convention by supporters of President Taft. He said it was a fresh and conclusive proof that Mr. Taft and his advisers care nothing for the will of the people. In his statement Col. Roosevelt said in part: "This action in Ohio is merely a fresh and conclusive proof that Mr. Taft and his advisers care nothing for the will of the people and are eager to get the nomination without any reference to the methods by which it is secured, without any reference to whether or not delegates represent the people whom they are supposed to represent. It is a crowning illustration of Mr. Taft's theory of government of the people by a representative part of the people."

THE COST OF LIVING

can be materially reduced by trading with us. The object of our company is not so much that individual profit, as it is an operation between buyer and seller, and this factor is carried out in dealing with every person that comes to us, whether it is to buy goods, or to sell produce or cotton. We handle the largest stock of

Groceries, Implements, Buggies, Wagons, Harness, Oils, Repairs, Salt and Feed Stuffs in Wichita County and make prices lower than any competitor can attempt.

TO GRAIN GROWERS—We have just received a car load of Plymouth Binder Twine, recognized as the best twine on the market, which we are selling at 10c per pound. If you are going to have grain to bind, it will be well to place your order at once.

CITY PARK FESTIVAL HELD BY CIVIC LEAGUE

Although the attendance was not as large as expected, the ladies of the Civic League were comparatively well pleased with the success of their ice cream festival last night which marked the opening for the season of the City Park. A cool breeze blowing across the park from the south rendered weather conditions almost perfect for the entertainment and considering the preparations which had been made for the affair, it is felt that a much larger number of people should have been present. Those who did attend felt that they had secured their money's worth.

During the course of the evening several speeches were made and music was furnished by the Wichita State Band. It has practically been decided that on every Sunday afternoon during the summer, concerts will be given in the City Park by the band, instead of in the court house yard as has been the custom formerly. Other festivals and entertainments will be given under the supervision of the ladies of the Civic League from time to time during the summer.

E. Huff, on behalf of the Chamber of Commerce, made a short speech yesterday evening. He commended the work along lines of civic improvement by the Civic League, and told of a few of the difficulties encountered by the ladies in bringing the City Park to its present state of improvement. He concluded by promising that wherever it was possible, the Chamber of Commerce would cooperate to the fullest extent with the Civic League.

Mayor J. M. Bell next spoke, and on behalf of the city council, said that body also would co-operate with the ladies. He said that a citizen who could not appreciate the things accomplished by the Civic League was indeed a poor citizen. He was enthusiastic in his praise of the purpose of the Civic League, and commended the ladies highly.

Short talks were then made by Mrs. J. A. Kemp and by Mrs. T. R. Boger, representing the ladies of the Civic League. Mrs. Boger's address brought the evening to a close.

TODAY'S MARKET REPORT

New Orleans Cotton.
By Associated Press.
New Orleans, June 5.—Spot cotton closed quiet and steady, unchanged. Sales, 35 bales; to arrive, fifty. Receipts, 1188. Stock, 43,983.

Chicago Grain.
By Associated Press.
Chicago, June 5.—Reports of rain at Omaha and in Kansas drove the wheat market still lower today. The close was nervous at 105 3/8 for September, a loss of one cent. The corn market sagged in sympathy. Closing easy; July, 73 3/4, a decline of one-fourth cent.

New York Cotton.
By Associated Press.
New York, June 5.—Cotton spots closed quiet, middling uplands 11.45, middling gulf, 11.70. Sales, 66 bales.

Fort Worth Cattle.
By Associated Press.
Fort Worth, Tex., June 5.—Cattle receipts 4600. Steers steady, \$5.00 to \$7.25; cows steady, \$3.50 to \$5.25. Hog receipts 1250, five to ten cents lower. Tops \$7.87 1/2; sheep receipts, 6500, twenty-five cents lower; wethers, \$4.90.

DEVELOPMENTS TODAY IN EVERGLADES HEARING

Former Government Engineer Tells Committee of Deals in Which He Figured.
Washington, June 5.—Sensational developments came today in the Everglades hearing before the House committee. J. O. Wright, now a drainage engineer for the State of Florida, told of his private land deals in North Carolina while he was a drainage engineer in the department of agriculture. Wright admitted that he accepted stock and negotiated with certain North Carolina land companies and the State of North Carolina without telling his superiors. He said he got \$5000 stock in the Albemarle Development Company. He also got \$1250 from the State of North Carolina on a Dismal Swamp deal and negotiated with the State on a \$40,000 deal in this same swamp. He did not say how much he received.

RIOTING IN BRUSSELS IS APPARENTLY OVER.

By Associated Press.
Brussels, June 5.—Public opinion seems to have arrested the wave of rioting and sacking of churches which started early this week, because of Socialist resentment at the government's victory in Sunday's election.

FORT WORTH BOYS ARE PREPARING FOR CAMP HERE.

(Fort Worth Star-Telegram)
Boys are lining up fast for the Wichita Falls encampment June 10 to 15, and those who fail to register in the next few days may not be able to go. Of the prospective fifty which will be taken, eighteen signed up the first day. Twenty more are expected to sign today.

NEARLY EVERYBODY IN HAVANA GOES ARMED.

Havana, June 5.—The Senate committee on laws reported a recommendation for the passage of the law empowering President Gomez to suspend the constitutional guarantees, but only in the Province Oriente. The bill doubtless will pass both houses.

THREE BOMBS EXPLODED IN NEW YORK TUESDAY.

New York, June 5.—Three bombs were exploded simultaneously early Tuesday in the vicinity of Eighth street and Fourth avenue in the Lower East Side. No one was injured, but considerable property damage was done. The police as yet have not fixed responsibility for any of the explosions. The first bomb blew out the front of a cigar store at 85 Fourth avenue. While the police were investigating this there was a second explosion a short distance further up the avenue, where the front of a paint shop was blown out and much of the contents of the building damaged. Shortly after this a third bomb was set off a few blocks away, shattering all the windows in the front of a cafe. A watchman in the building was blown from his bed, but was not injured.

ROBATON'S MINERS WATER.

is highly recommended by physicians and patrons who have tested its merits for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases. This water can be purchased at the wells or delivered in jugs or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Robatch, Owner. Phone 1601—1 long—4 shorts.

STRIKERS AND POLICE IN NEWARK STREET BATTLE

Six Persons Are Shot and Many Others Wounded by Missiles in Conflict.
By Associated Press.
Newark, N. J., June 5.—At least six persons were shot and many others wounded by missiles in a street battle today between 150 striking laborers and the police. Five strikers, a policeman and a citizen are in the hospital, most of them suffering from gunshot wounds. Italian women armed with knives and stones started the riot by attacking a gang of laborers at work on a railroad. No women were reported injured.

Ends Hunt For Rich Girl.

Often the hunt for a rich wife ends when the man meets a woman that uses Electric Bitters. Her strong nerves tell in a bright brain and even temper. Her peach-bloom complexion and ruby lips result from her pure blood; her bright eyes from restful sleep; her elastic step from firm, free muscles, all telling of the health and strength Electric Bitters give a woman, and the freedom from indigestion, backache, headache, fainting and dizzy spells they promote. Everywhere they are woman's favorite remedy. If weak or ailing try them. 50 cents at all druggists.

The New York World having come out strongly for Woodrow Wilson as the most available candidate of the Democrats for President is receiving numerous letters and telegrams from the friends of Governor Wilson endorsing its course.—San Antonio Express.

ON A HOT DAY

The coolest place in town is our soda fountain. When you are tired and hot you can always find something sparkling, delicious, refreshing and satisfying here. The many varieties of our soft drinks enables you to get just what you want. Try a dish of our

ICE CREAM—SOMETHING THAT GOES RIGHT TO THE SPOT. There are many ways and many ingredients for making soda water and other summer drinks, but we use only the best methods and the best goods.

Does Old Pide

act like a one legged man trying to do a skirt dance while you are milking her? Does she squirm around like a chicken on a hot stove and dip her candle appendage in the milk bucket and slap you in the face with it? Those are some of the pleasures of milking in fly time. We have solved the fly problem with our FLY CHASER, a twenty-five cent bottle is worth a dollar to milk one time. Get a bottle and quit kicking your tees sore and wearing out all the surplus lumber around the barn on the cow when she is not to blame. We have several things that we would sell besides fly chaser, but right at present we are busy comforting the cows.

Use DIP-EM

on your horses, cattle, sheep, hogs, dogs, cats and poultry. In fact use it on everything that is capable of becoming infested with pestiferous insects of any kind. We positively guarantee it to rid all animals as well as poultry of fleas, lice, mites, ticks and all other vermin and insects. DIP-EM is a most positive necessity in the home in the interest of good health. A thorough disinfectant and germicide, should be used all about the house, in sinks, sewer, out-houses, and stables to keep down insects, kill disease germs and prevent the spread of the fly, the one great factor in the spread of typhoid. We sell DIP-EM in pint bottles for 25c which will make 75 pints of disinfectant. Use it now.

Allendale Items.

Last Saturday the 25th of May was a day to long be remembered by all who were present at the Sunday school picnic in the little grove near the home of our Sunday school superintendent. There were amusements for both old and young such as singing, kodaking and swinging. Then noon time came and the table was spread with edibles such as none except the good house-wives of Allendale are capable of preparing. All partook of the dinner freely and the time came only to soon to depart, all feeling indebted to W. B. Billingsley for our good Sunday school and pleasant day.

Miss Ida Gwinn of this community left Sunday for Canyon City, Texas, to attend the summer session of the West Texas State Normal at that place.

C. C. Allen was transacting business in Wichita several days last week.

IT MUST BE TRUE.

Wichita Falls Readers Must Come to That Conclusion.

It is not the telling of a single case in Wichita Falls, but scores of citizens testify. Endorsement by people you know bears the stamp of truth. The following is one of the public statements made in this locality about Doan's Kidney Pills:

Mrs. W. M. Langford, 309 Lee street, Wichita Falls, Texas, says: "I have used Doan's Kidney Pills for several years and I am glad to join others in recommending them, as they did me such excellent service. There were times when my back was so painful that I could not sleep at night. I also had pains in my sides and when I got up in the morning, I was more tired than when I went to bed. My kidneys were weak. I tried Doan's Kidney Pills and they promptly relieved me of all pains and

strengthened my kidneys. Since then I have taken a box of Doan's Kidney Pills occasionally and they have kept my kidneys in good working order." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Again General Zapata has given Madero "eight days in which to resign." He does not mention the awful alternative if the President does not do the git up and git out act, but we presume it will be another ultimatum.—Memphis Commercial Appeal.
