EFFORT IS MADE IN NATIONAL COMMITTEE BUT IS NOT CARRIED OUT

FIST FIGHT IS AVERTED

Francis Heney and North Dakotan Use Word "Liar" Freely in Colloquy

By Associated Press. Chicago, Ill., June 15.—A resolution providing for a sub-committee to investigate and reorganize the Republican party of Texas was introduced on the National committee today by Thomas L. Devine of Colorado.

The motion was finally tabled on the suggestion of a Taft member, shutting off a speech Francis J. Heney had started. Mr. Heney accused Chairman Rosewater of recognizing no one but "machine-made, hand-picked crooks."

Heney greeted him from various parts of the committee room and in the interchange of remarks following, Committeeman Kennedy declared, "Well, I did not make my money by lying to the people."

The trouble over the Washington cases was the first in which Heney had been hissed by others on the committee. At one time when Committeemen took exception to his sharp remarks and greeted him with laughter, he referred to them as "coyotes."

When the vast throng in front of his hotel was clamoring for the colonel to appear the bands played, "Hall, Hall the Gang's All Here" and "Everybody's Doin' It Now," was another welcoming air.

The California delegation the most aggressive and outspoken of the Roosevelt adherents—a delegation which today issued a thinly veiled independent action if things did not go well for the colonel in the convention—marched to the station in a body and escorted Roosevelt to his hotel.

## SOCIALISTIC RITUAL IS USED BY COUPLE IN GETTING MARRIED

By Associated Press. Cambridge, Mass., June 15.—An unusual ceremony was used today when Miss Jessie Holiday, daughter of Henry Holiday of Harrow-on-the-hill, London, and Edmond T. Dana, a grandson of Henry W. Longfellow were united by the Socialistic ritual which they arranged themselves. The marriage vows were read by a justice of the peace, E. M. Parker. Each expressed to the justice a desire to live with the other, an intention to help and consider the other, and a promise to bring up any children born to them to the best of their ability and for the welfare of the human race. They then exchanged vows; the bridegroom expressing the hope so to live might never regret her choice.

The bride said she hoped to be a true comrade and helpmate. The justice then pronounced them husband and wife.

### 26 TEXAS DELEGATES ARE GIVEN TAFT--LYON LOSES

(Continued from page 1)

"Anyone who has wrecked the Republican party as he has wrecked it in Texas ought to be recalled," said Bryan, "Col. Lyon does not want a Republican party in Texas; he wants a white party." Bryan said one county carried by Taft this year in Texas cast more votes than all the one hundred "Rottenborough" counties with which Lyon dominated the State convention.

Taft, he said, carried all the large cities where a heavy Republican vote was cast. He charged Lyon with forcing postmasters and federal officeholders to support his paper organization.

W. M. McDonald of Fort Worth, a negro Taft delegate said that of the 249 Texas counties only about one hundred contained a Republican party.

Committeeman Lyon was a picturesque figure as he acted as attorney for his own delegation. He walked about the Taft delegates shaking his hand in their faces and asking them to deny his statements.

He pointed out Texas delegates and asked them who they voted for.

"Look at that big one over there," shouted Lyon, pointing at Judge McDowell, "who did you vote for for President four years ago?"

"I voted for a Republican," answered McDowell.

"Were you registered in a Democratic primary," Lyon asked.

"I was not," was the reply.

"Were you acting in a Democratic primary," Lyon persisted.

"Yes, I was," admitted McDowell. Lyon then walked over to William McDonald, the Fort Worth negro Taft delegate and thrusting his fist almost against the black man's face, charged him with having bolted from the party organization.

Lyon presented documents tending to show that under the system of representation in Texas the Roosevelt forces had a clear majority in the State convention. Mr. Bryan had charged that Col. Lyon's organization ignored the Texas primary law. Lyon said the law did not require primary elections when a party had fast less than 100,000 votes.

Lyon declared the opposing Taft delegates had not participated in the regular convention but that someone "had taken a brass band and gone through the street gathering up people for a separate convention. We wouldn't have had any contest here if people had not been sent down from the north to stir them up," said Lyon.

He presented records to show that 209 Texas counties were represented at the convention and that 179 of these were for Roosevelt.

"Mr. Taft is all right, gentlemen," said Col. Lyon, "he just picks a bad man to run his campaign in Texas."

The Taft delegates at large were then seated by the committee by a viva voce vote, only eighteen members calling for a roll call. The Taft delegates at large seated by the committee are:

H. F. McGregor, W. C. Averill, W. C. McDowell, J. A. Lutz, J. E. Elgin, W. H. Love, William McDonald and G. W. Barroughs.

In the Fourteenth Texas district the issue was a divided convention and the National committee voted to seat the two Taft delegates. Another attack on Col. Lyon was made by C. L. McDowell of Del Rio in the last of the Texas cases, that of the 15th district. Judge McDowell was the delegate accused by Lyon earlier in the day of having been a candidate in a Democratic primary.

"No man in Texas has a right to make such an accusation," said McDowell. "My Republicanism is as straight on me as Col. Lyon's is on him. Why do you appoint a Democrat to the best position in Texas, the collectorship at Brownsville?" McDowell demanded of Lyon.

"There is more Democracy in Col. Lyon than in any other Republican in Texas. As long as I was following his leadership, I was a good Republican, but when I crossed his path I became a Democrat, in his opinion."

McDowell accused Lyon of "fooling the President" by leading him to believe he was getting up delegations favorable to Taft when he was actually having Roosevelt men named. He referred to Lyon as "his royal highness." At the close of this argument the committee seated the two Roosevelt delegates, the motion being made by A. M. Stevenson, a Taft man.

Of the total of 20 contested Texas delegates, Taft got 26 and Roosevelt four.

All of the Virginia cases which were called after Texas and which involved twenty votes were consolidated. The issue presented by W. H. Brown, a negro Roosevelt attorney, was one of exclusion of negro voters. He declared the Republican leaders in Virginia had attempted to build a white man's party. The Roosevelt delegation included ten negroes.

In Norfolk, said Brown, the convention had been called in a restricted district. The Taft delegation at large included National Committeeman Martin, Congressman Sient, R. H. Angell and R. E. Cahill, collector of internal revenue. P. P. Summers, appearing for the Taft delegates, declared no negroes had been prohibited from taking part in the Republican meeting. Mr.

Summers' statement that he did not know where the negro delegates got money enough to come to Chicago and make the contest precipitated a few excited moments.

Members of the negro delegation jumped to their feet and declared they were better able to pay their own way than Mr. Summers was to pay his. Mr. Summers' arguments were interrupted until committeemen demanded order. At the conclusion of the argument the committee voted to seat the Taft delegates and no roll call was asked. Only one or two 'noes' were heard when the vote was taken.

The seating of the Texas Taft delegates brought a protest from Francis Heney. He declared the committee was "Mexicanizing America." He added: "This is more than plain stealing; that is treason. It is the most shameful proceeding I ever saw in my life and you are all parties to it."

The first Texas district was called after Mr. Lyon had protested that he would not allow the contests to be handled at the convenience of Former Senator Dick. J. M. Singleton of Jefferson, Texas, argued for the Roosevelt contestants and said that the Taft convention in the district was illegal. The Roosevelt forces held a separate convention which they claimed was legal. The two Taft delegates were seated unanimously.

When the second district was called, Col. Lyon read a statement to show the regularity of the selection of the Roosevelt delegates. The Taft delegates were seated.

In the third district the Taft delegates appeared as contestants and neither of the contestants was present. Thereupon Lyon explained "Gentlemen, I've got one you can seat." The Roosevelt delegates in the third were thereupon seated.

"This fairness makes no impression on me nor will it on the country," said Committeeman Capers, a Roosevelt adherent.

In the case of the Fourth Texas district the Taft delegates were quickly seated. When the committee refused a roll call on this fourth Mr. Capers exclaimed, "Don't act this

A. H. Britian For County Executive  
Chairman—Committee To Meet Tomorrow

Saturday was the last day for candidates to file their names with the county chairman to have them placed

on the official ballots for the primary on July 27th.

In addition to the candidates heretofore announced another candidate filed his name for constable. Alex Brittain also filed application to have his name placed on the primary ballot as a candidate for the chairmanship of the Democratic county central committee.

Chairman C. C. Huff has called a meeting of the committee tomorrow

afternoon at which the assessments of the candidates for the expenses of the primary will be made and also officers named to conduct the primary. Such other business will be transacted as may properly come before the committee. The meeting will be held in Mr. Huff's office in the Kemp and Kell building, beginning at 2 p. m.

#### CIVIC PROBLEMS ARE DISCUSSED

NATIONAL CONFERENCE OF CHARITIES AND CORRECTION AT CLEVELAND

#### NEW RECALL SUGGESTED

Speaker Thinks Judges Should Pay More Attention to Society's Needs.

—Other Speakers

By Associated Press. Cleveland, Ohio, June 15—The recall of the judiciary was viewed from a new angle by Prof. G. W. Kirchwey, of Columbia University, in an address before the Conference of Charities and Correction here this evening. Prof. Kirchwey pointed out a gulf between the law and the social necessities of the time, and insisted that this fact tends to widen the conservative habit of the minds of judges, and renders them too often incapable of bringing the chasm by the modification of old rules to suit new conditions. "Hence we have frequent miscarriages of justice and consequent irritation of public mind such as we are just now experiencing," said the speaker. His remedy for this state of affairs is criticism and education; a persistent effort to create in the bench and bar a new attitude of mind with respect to the law as growing, developing instrumentality of social justice; and the pouring upon the court a constant stream of criticism from responsible persons and responsible bodies, in order that they may be kept in touch with the thought and spirit of the time.

Professor Bailey B. Burrett, Secretary of the Committee on Criminal Courts of the Charity Organization Society of New York, in submitting the report of his committee to the sections of Courts and Prisons of the national conference of Charities and Correction this evening, also proposed the "Socialism of the Courts" as a part of the general social movement of the time. He cited the following reforms instituted in the Courts of New York City as indicating the content of the term "socialism."

The creation of the position of Chief Judge to act as a central administrative head of each of the heads of the inferior courts.

The establishment of a separate court for the hearing of cases of domestic relation.

The creation of an additional night court in order to provide for the hearing of cases of women separate from that of men.

Requiring the probation officers and court attendants to be civilians instead of police officers.

Forbidding a judge from holding any executive position as political leader.

Installing a finger print system of identification for all persons convicted of prostitution and for nearly all offenders committed to the local workhouse.

Authorizing, but not requiring, proceedings in children's cases, which approach equity proceedings instead of clearly criminal proceedings now prevailing in New York courts.

Providing for a considerable extension of the use of the summons in place of warrants, and for more systematic records of the summonses issued.

Providing for identification cards to be placed in the hands of citizens. These make possible the issuing of summonses directly by policemen, thereby preventing the necessity of arrest.

The creation of better physical conditions in court rooms.

The assignment of a deputy district attorney to each court to read complaints, to advise as to the necessity of an attorney, and to ask for the discharge of a case where advisable.

merly this was a source of extended corruption.

The romance is not dead. On the contrary, all the romance of the past ages has been a preparation for the golden age that is promised by the advocates and promotion of public recreation in American cities. The delegates attending the sessions of the National Conference of Charities and Correction were told by Joseph Lee, of Boston, in an address on Boys and Girls and Rhythm, that the problem before the cities is the meeting of the boys and girls; that it is a problem, not of evil, but of good, of how to keep this great building force of nature, the mutual attraction of the sexes, to its natural task of producing strength and beauty, instead of permitting it to go to waste and worse. "One way," said Mr. Lee, "is the promotion of romance. Girls are already scientifically romantic, but boys should read Scott and Lorna Doone while still young enough to take them seriously. Nothing makes the grosser pleasures appear more flat and tawdry than a romantic ideal. Athletics constitute a sexual expression—a contemporary form of chivalry, which is simply the ideal of the sexual relation. All art is partly sexual. Singing, especially in love's native tongue, and must be brought back from the professional into our daily life. Dressmaking—from Praxiteles and Botticelli down to Worth—is the art, not of hiding, but of revealing beauty, and should be taught to all the girls in that intention. The danger in our dance halls and any art is in the too simple rhythm, which acts like alcohol, as an anesthetic, releasing the conventional inhibitions, putting all girls in that intentioning conscience to sleep. Safety is in the active, the creative, in the effort more worthy to present the ideal of beauty. Even coquetry—the frankly developed art of sex attraction—as seen, for instance, as seen in a Scotch song or Irish dance, is a safety, not a danger. Social dancing when well done, aimed at a musical ideal, is a satisfaction rather than an excitement. The true use of sexual attraction is to give beauty to life by being wrought from the infinite arms of art."

In discussing the subject of rhythm in play and the promoting of folk dancing as a form of public recreation as proposed by Joseph Lee of Boston, in an address, Frank L. Boyden of Springfield, Mass., suggested that the country high school is a natural social center and should be developed as such to look out for the physical, social and moral welfare of all the young people of the community, as well as for their intellectual development.

## Baptists to Gather Tuesday For Interstate Encampment

### Three Thousand Expected to Visit Lake Wichita For Two Weeks of Study and Recreation

"Meet me in Wichita Falls," is the slogan of Baptists all over Northwest Texas and Southwest Oklahoma, and suiting their action to their words it is expected that no less than three thousand members of that denomination will gather here for the Interstate Baptist Encampment which opens at Lake Wichita Tuesday evening and continues until July 2nd.

Rev. J. P. Boone, president of the encampment, continues to receive the most encouraging reports concerning the prospective attendance and it is now almost certain that the number who will come will exceed the earlier expectations. But no matter how many come there will be accommodations for all as enough tents had been ordered to shelter all who might come.

Among the big delegations will be one of 250 from Fort Worth. Other towns that will send large delegations will be Plainview, Lubbock, Amarillo, Clarendon, Quanah, Paducah, Stamford, Sweetwater, Abilene, Frederick, Altus and many other towns. Field Secretary W. H. Wright spent last week in towns along the Orient and the Texas and Pacific and reports great interest in the encampment in those towns and that most of them will send delegations.

The encampment has contracted with Captain Robbins and wife to take charge of the hotel at the lake during the encampment, and also to conduct the restaurant. Both are capable people and will conduct this department to the satisfaction of the campers.

Lodging may be had either in the coliseum or in tents at very reasonable rates. Tents rent for \$4 to \$6 for the entire encampment. Meals can be had at the hotel for 35 to 50 cents. An incidental fee of \$ for entrance into and the rights and privileges of the ground will be charged. Family tickets for the entire 14 days may be secured for \$3. Tickets for one day may be had for 35 cents.

This will be the first encampment where the Baptists of Oklahoma and Texas will meet in a joint encampment. This encampment had its inception at the fifth annual session of the West Texas B. Y. P. U. at Stamford, last year. In September 1910 a conference was called in Wichita Falls at which both states were represented and an executive board named. Negotiations were opened with Mr. Kemp and others with the result that most satisfactory arrangements were made for holding the encampment at Lake Wichita. The project met with the endorsement of various Baptist bodies throughout Oklahoma and Texas and from the first the greatest interest was taken in the project and it has received enthusiastic support on all sides.

A tentative proposition has been submitted by Mr. Kemp and his associates to deed a site at the lake if the encampment is made a permanent institution and buildings will be erected. If the encampment that opens this week is as successful as is now anticipated there is little doubt but that it will be made a permanent institution with that denomination and that Wichita Falls will become a center of influence for that church.

In formulating the program the committee has endeavored to provide spiritual, intellectual, moral and physical features and to make it interesting to men, women and children of all ages.

There will be many special features on the program but probably none which will be of more interest to Baptists than the five addresses of Dr. B. H. Carroll, head of the Southwestern Theological Seminary at Fort Worth. The subjects of these addresses will be "The Fact and Philosophy of Religion," "The Inspired Order of This Written Revelation, or the Inspired Order of the Books of the Bible," "The Closing Canon" and "The Teaching of the Bible with Reference to Its Interpretation."

The encampment will be opened Tuesday evening with an introductory address by Rev. Eugene Saltee, of Waco. Rev. W. A. Hammett of Muskogee who was on the program to deliver this address having written Rev. Boone that he will be unable to reach Wichita Falls until Thursday morning.

### INSURANCE MEN ARE ENTERTAINED

AGENTS OF WICHITA SOUTHERN COMPANY ARE ITS GUESTS

#### BANQUET TENDERED THEM

Gold Watches Given as Prizes for Best Work—Many Agents in Attendance

The first annual round up of the agents of the Wichita Falls Southern Life Insurance Company was held in this city Saturday afternoon when nearly forty of the agents of the company were its guests at a six course banquet at the St. James Hotel. The round up drew together some of the best agents of the insurance range and all of them thoroughly enjoyed the entertainment. The round up was given to the agents who had written over a certain amount of insurance and their expenses to and from Wichita Falls were paid by the company.

The banquet was a very pleasing affair and was served in the style that has made the St. James popular.

E. P. Greenwood, vice president and general manager of the company, presided as toastmaster. Appropriate addresses were made by R. E. Huff, president of the Chamber of Commerce, Hon. J. T. Montgomery, T. J. Adams, L. H. Mathis, Dr. J. Daniels and J. H. Wharton of McLean, Texas.

A feature of the banquet was the presentation of gold watches to the three agents who had made the best records in a contest inaugurated on April 15th and ending on June 1 in which over \$600,000 of insurance was written. One of the watches was presented to L. G. Moore of Altus, Okla., who made the record for the largest number of applicants; another was presented to J. J. and T. W. Woodward of Clarendon for the largest paid for insurance written and the third was awarded to T. P. Adams of Wichita Falls for the largest amount of insurance written.

The company has written over \$600,000 insurance in 45 days. It has passed the two million mark and yesterday the agency force turned in applications for policies aggregating \$53,000.

The round up today developed the fact that there had been only two lapses since the company began operations thirteen months ago and not a single policy holder has died.

The company now has \$47,000 first mortgage loans outstanding on property valued at more than \$600,000.

Much enthusiasm was developed at the round up and the agents were fired with purpose to make the next twelve months business far surpass the first year's record.

Those present at the banquet were: E. P. Greenwood, R. E. Huff, J. T. Montgomery, L. H. Mathis, W. M. McGregor, W. R. Ferguson, T. P. Adams, of Wichita Falls; A. E. Caldwell, Gainesville; Dr. J. E. Daniels, Wichita Falls; J. H. Wharton, McLean; T. E. Bowman, Haskell; G. W. Lee, Wellington; Cecil J. Koonce, Haskell; T. W. and J. J. Woodward, Clarendon; J. G. Smuges, Myra; L. R. Arly, Justin; Ed Pounds, Sulphur Springs; J. P. Minter, Comog; J. H. Copass, Altus, Okla.; R. W. Ramming, Burk Burnett; L. G. Moore, Altus; C. F. Fry, Haskell; W. H. Lipscomb, Haskell; M. D. Walker, A. B. Huff, J. A. Griffin, Walter Wilson, F. W. Griffin and R. D. Kennedy, Wichita Falls.

The trouble with most people is that they seem to think that they are as good as we are.

### News From The Oil Fields

The Electric News gives voice to the leaseholds in what is considered proven territory in the Electric oil fields.

There has been the cause of more comment oil circles than anything that has happened in a number of years. In fact, it is the first instance of the kind recorded in the history of the state if not the first in the United States and the outcome will be watched closely by oil operators everywhere.

In some instances it is thought to be a rank injustice. Take for instance the Corsicans Petroleum Company's F. W. Woodruff lease, tract 223, for which that company would doubtless consider any reasonable offer, and which it is understood, has been considering a surrender, having drilled one hole to a depth of 2358 feet and another to 2190 feet with no production as a result each time. On this lease was placed a tax valuation of \$50 per acre.

Another interesting case is the Woodruff & Krohn, tract 226 on which two dry holes have been drilled and not a barrel of oil is being produced on the land but there is a tax valuation of \$50 per acre on this tract.

One of those before the commission to protest against the assessment levied on his lease was Bob Cook. He said that the lease in question had been purchased by himself and Sol Williams last year; that they paid \$1000 for it. Developments in the vicinity of the lease caused Messrs. Cook and Williams to decide the lease was no good and they lost their \$1000. The lease was later taken by other parties and a well drilled which was as dry as a bone.

Below is a list of a few of the leases and their listed tax valuation per acre:

Putnam	\$ 600
J. R. Brewer	200
Red River fee	1500
Brown & Cross	500
R. S. Allen	500
Red River Allen	200
W. J. Sheldon	420
S. E. Honaker	2000

Know Ye—While I was playing Margaret in Faust with the great Morrison, I was stricken with nervous prostration and was compelled to turn my part to an understudy. I consulted Drs. The advice they gave me for care of myself has been worth more to me than all the drugs and medicine in the world. I wish every tired, nervous woman in America could take a course of Osteopathic and Electrical treatments. Our hospitals would not then be crowded with hopeless invalids. ## Why We Can Sell Mazda Electric Lamps

Cheaper Than Any Other House in North Texas

All of the manufacturers of wire filament electric lamps have recently reduced the cost to the retailer about 33 per cent. They have also arranged a graduated scale of discounts whereby the larger dealers can buy at a lower price than the retailer who handles only a few lamps. Through the general reduction by the manufacturers and the fact that we have one of the largest contracts in the state, we are able to offer lamps at the following prices:

Twenty-Five Watt Lamps for	45c
Forty Watt Lamps for	50c
Sixty Watt Lamps for	70c
One-Hundred Watt Lamps for	\$1.05

These are the celebrated Laco-Metal filament lamp which is recognized as the equal, if not the superior, of any electric lamp on the market, in that it gives more light for less cost of electricity, and, has longer burning qualities and more resistance to jar than any other make of wire filament lamps.

with popular approval, and the amount necessary would have been more than subscribed. As it was, only a few will now have the honor of coming to the rescue of the State in an emergency, and while it was patriotism that moved them to do it, why should the governor of a great state have so little confidence in the people of the State as to not appeal to them as a whole in such a case, rather to only a class?

Now, that San Antonio has been selected as the place for the holding of the State Democratic convention in August, thus requiring that about three-fourths of the delegates travel from 200 to 500 miles further than would have been the case had a city more centrally located been selected, the reason for the selection made by the State Democratic Executive Committee is being asked, one of which is that San Antonio promised the members of the committee free entertainment while in the city—such as hotel bills, etc., and \$2500 expense money, which is supposed to go for the payment of railroad fares. It will thus be noticed that the committeemen, all of whom sought these positions of honor at the hands of the Democratic party, were not particularly interested in the matter of expense of convenience to the great bulk of delegates who will attend the convention, and, apparently all they were looking out for was to get their own expenses paid. The \$2500 bonus money that will be given the committeemen, together with receipts hotel bills, will in all probability cost the delegates to the convention more than three times that amount in car fare alone. The only way the delegates will have of evening up the score will be to capture the steam roller and roll it over the committeemen, and select others to succeed them who will not use their official positions in such a way as to get expense money for themselves at the expense and inconvenience of at least three-fourths of the delegates. There are just any number of men fully as well and perhaps better qualified to fill these positions of honor unselfishly.

### Flag-Raising Ceremony at Federal Building July 4th

Old Glory will be flung to the breeze from the flag staff on the grounds at the new Federal building on July 4th with appropriate ceremonies. This will be the first time that a government flag has ever been raised on government ground in Wichita Falls and for the honor of raising the flag Postmaster Bacon has selected Miss Nina Barwise, granddaughter of Judge J. H. Barwise the first settler of Wichita Falls and daughter of Myron Barwise, the oldest railroad engineer in point of service running out of Wichita Falls. In a letter to Mr. Barwise, Mr. Bacon has invited the union labor organizations to take charge of the ceremonies and program in connection with the raising of the flag, suggesting that the Daughters of the American Revolution, Confederate veterans, Sons and Daughters of Confederate veterans, Civic League, Chamber of Commerce and all other organizations of that character be invited to participate.

Mr. Barwise has accepted the invitation on behalf of the labor organizations of the city and has called a meeting of citizens to meet at the city hall next Thursday night June 20th at 8:30 o'clock to appoint committees and make arrangements for the ceremony. He asks that representatives of the union labor organizations, and of the other organizations heretofore mentioned and citizens generally attend this meeting.

Mr. Bacon received the flag from Washington last Thursday. It is very handsome, being made of silk. The flag pole was completed several days ago, and Mr. Wheat who has charge of the construction work on the building says he will see to it that the lot is cleaned off and in proper shape for the ceremony on July 4th.

It is expected that citizens generally will join in the celebration and make it Wichita Falls' chief observance of our country's natal anniversary.

Postmaster Bacon's letter to Mr. Barwise and Mr. Barwise call for a mass meeting to arrange for the ceremony follows:

Wichita Falls, Texas, June 15, 12.  
Myron H. Barwise, Esq.,  
Chief Engineer Division 736 B. of L. E.,  
Wichita Falls, Texas.

Dear Sir:

It has been urged and very appropriately that the people of Wichita Falls and vicinity celebrate the coming July 4th by raising the flag at the new postoffice building. The building and site being the property of and for the service of the people, we do not believe an objection can be made to having the ceremony under the direction of the unions and labor organizations of the city and surrounding country.

The invitation is extended through you to these various organizations to take charge of the matter, retaining, however, the privilege of directing and advising them to the postmaster and custodian. It is our idea that not every organization for mutual benefit shall take part in this ceremony, but that every woman child shall be urged to be present, wearing a small flag as a badge. The incident will impress on every mind the things for which our flag stands.

Believing, further, that no action we can take would be more appropriate or meet with more general approbation, than that an invitation be extended to the granddaughter of our first settler and to the daughter of the oldest engineer, in point of service, running out of Wichita Falls, that she honor the ceremonies by consenting to raise the flag.

Therefore, assuming the privilege as postmaster, I cordially request that Miss Nina Barwise, granddaughter of Judge J. H. Barwise, and daughter of Myron H. Barwise, honor us with her presence at such a time as shall be selected on July 4, 1912, and raise the flag of our country to its place. If she so consents we will be pleased to confer with her as to her part in the ceremony and the choice of her attendants.

Kindly extend to these various organizations this invitation and advise us as soon as possible as to what action they may take.

Very respectfully,  
OTIS T. BACON, Postmaster.

Call For Meeting Thursday Night  
To members of Union Labor Organizations and 40 Confederate veterans, Sons and Daughters of Confederate Veterans, G. A. R. members, Civic League, Daughters of American Revolution, and all citizens of Wichita Falls.

The foregoing letter is self-explanatory. Speaking for the Brotherhood of Locomotive Engineers I can accept the invitation tendered by Postmaster Bacon and thank him for the compliment. I am sure the other labor organizations of the city will do likewise and join in making the ceremony a fitting demonstration of our loyalty and love for Old Glory. None are more loyal to our government and love the flag which is the symbol of that government than the laboring men of this country. We should all be glad of an opportunity to make a demonstration of this loyalty. I am sure the compliment that Mr. Bacon has paid us is appreciated. Since this is a public affair and the flag is for all of us and I think it is meet and proper that we should ask all other patriotic and civic organizations to join in the celebration

as suggested by Mr. Bacon. I therefore ask all of these organizations and all other citizens to meet at the city hall on Thursday evening June 20th at 8:30 o'clock for the purpose of making such arrangements for the observance as may be proper.

Respectfully,  
MYRON H. BARWISE, Chief Engineer Division 736 B. of L. E.

### MANY CHARGES AGAINST POLICEMEN IN HOUSTON

Affidavits Alleging Almost Unbelievable Brutalities Are Filed—To Be Public Inquiry

By Associated Press.  
Houston, Texas, June 15.—In the police investigation now in progress witnesses are daily appearing before the grand jury and it is reported that several indictments will be handed down by the beginning of the week. Meanwhile affidavits continue to be lodged with Mayor Rice by citizens, charging assaults made on them by policemen and expressing a desire to be heard in the public investigation which starts Monday afternoon. Mayor Rice and associates declare the inquiry will be thorough.

Chief Ransom denies the report that he is to resign.

Affidavits before Mayor Rice charge a series of brutalities almost unbelievable and ranging from "knock downs of innocent citizens and unprovoked nagging of workmen" up to death itself as a result of the third degree. Even women are among the complainants. More than a dozen men with records of service extending over several years have lost police badges without explanation and one affidavit asserts that a new policeman was compelled to inquire his way home at night after finishing duty because of his unfamiliarity with the city.

### SOME WARM YESTERDAY BUT RELIEF PROMISED

"Unsettled and Cooler" Says Weather Man—Thermometer Climbs to 104 Degrees

The weather man promises relief today from the sirocco blasts that withered vegetation Friday and Saturday and made weather of great discomfort to humans and animals alike.

"Unsettled and cooler," was the forecast sent out Saturday by the weather bureau, but the forecaster forgot to specify whether it was the atmosphere or the land that would be "unsettled." Housewives of Wichita Falls will testify that much terra firma was unsettled and that if it did settle at all was on furniture and in rooms which they gave up hope of keeping dustless.

The mercury again rose to 104 degrees Saturday afternoon according to the thermometer at Fossilville's and remained there from 5 to 6 p. m. By 9 o'clock last night it had fallen to 100 degrees and was continuing to drop.

Other thermometers in the shade but exposed to the full effect of the wind went up as high as 110.

THE STATE OF TEXAS, COUNTY OF WICHITA.  
In the Justice Court of Precinct No. 1, Wichita County, Texas.  
First State Bank and Trust Company of Wichita Falls, Texas, plaintiffs vs L. B. Jenne and Mrs. Alice M. Robertson, defendants.

Whereas by virtue of an execution issued out of the Justice Court of Precinct No. 1 of Wichita County, Texas, on a judgment rendered in said court on the 29th day of January, 1912 in favor of the said First State Bank and Trust Company and against the said L. B. Jenne and Mrs. Alice M. Robertson, No. 426 of the docket of said court, I did on the 21st day of June, 1912 at 3:0 o'clock p. m., levy upon the following described tracts and parcels of land situated in Wichita county, Texas, and belonging to the said defendant, L. B. Jenne to-wit: 388 acres of land being all of the Wm.

### We Have Triplets

which is something that should be in every home. Probably you think you know your own business and can tell that you do not want triplets. Triplets you understand are twins and a half, one-fourth of a dozen or three in number.

Now if you think you do not need triplets come in and if we do not prove to you beyond a reasonable doubt that you are wrong we will give you a season ticket to Henrietta.

These triplets are not as expensive as most of the ones you have met, they cost one dollar and fifty cents and if you want to get in as a charter member of the Association of wise ones wake up the operator and ask for 341 and they are coming right up to sit on your dressing table. They are IMOGENE TOILET WATER, JAPANESE MASATA TALCUM POWDER, and DICK'S PEROXIDE-CREAM. They are all that the dictionary means when it says quality and elegance.
