BY LARGER MAJORITY TAFT FORCES SUSTAIN CREDENTIALS COMMITTEE

ROOSEVELT'S NEXT MOVE SHROUDED IN UNCERTAINT

Break With Hadley Reported-Leaders In Ex-President's Camp Appear Unwilling to Bolt

Chicago, June 21.—The Roosevelt forces met their third defeat in the national convention this afternoon by a vote of 560 ayes to 499 noes. The vote was on a motion to table a resolution of Gov. Hadley which would have prevented any of the contested delegates

voting on any of the cases reported by the credentials committee. The first vote, that on temporary chairman was 558 to 502; the second, on the original proposal to the same effect as that today was 564 to 510. The minority report on Alabama was then tabled this being another Taft victory.

After three days of what has practically amounted to a deadlock, the Republican national convention at 12:26 today actually began work. The first business was the report of the credentials committee on the contests in the ninth district of Alabama.

The prospect was that argument and roll call on this one case would consume several hours and carry the session far into the

Indecision was in the air today. Following Roosevelt's state ment of late yesterday in which he released his delegates from all obligations to support him and expressed a willingness to lead a new "progressive" party if such a movement gained headway, there was much speculation but no definite knowledge as to what the next move of the ex-president would be.

Gov. Hadley of Missouri, Gov. Deneen of Minois and Senator Borah of Idaho served notice that they would not join in a third party movement or in a bolt from the regular convention. Other leaders of nearly equal prominence did likewise.

In this connection it was reported that Gov. Hadley and Col Roosevelt engaged in a heated argument at one of their last night's conferences. Gov. Hadley, it is said, minced no words in making his position clear and Col. Roosevelt plainly indicated his surprise at the turn matters had taken.

In the meantime Taft's veteran leaders used their political genius adroitly to disintegrate the Roosevelt support. Congressman McKinley declared the Roosevelt forces were demoralized and disorganized to an extent which would preclude any further united action in or out of the convention.

Many were inclined to believe that the plan of passive resistance mapped out by Roosevelt's leaders would be replaced. According to this plan, the Roosevelt men were not to bolt on matters connected with the work of the convention, but were to place Roosevelt's name in nomination.

Concerning the talk of a new progressive party, one of the progressive newspapers here today printed a statement that Woodrow Wilson would be declared Col. Roosevelt's running mate.

Delegates to the convention frankly tired and eager to return schemes of the leaders would hold first place in the next twelve hours of convention deliberation. If the convention actually gets down to nominations this week, it will be late Saturday unless there is a decision to adjourn to next week.

Every effort today was directed toward closing up the conven- GRAYSON REPUBLICANS tion Saturday afternoon or night and leaders of both sides joined in this. President Taft's managers asserted the president was assured already of a majority of sixteen or eighteen votes.

The convention was called to order at 12:26 by Chairman Root The credentials committee voted at 12:20 to submit the convention its report on the Alabama contest.

When the resolutions committee adjourned at 11 o'clock to perat its members to attend the convention, the platfrom virtually

was completed. The draft of the document read to the membership apparently proved acceptable and members generally expressed satisfaction over the planks dealing with monopoly and the courts. The platform is more concise than those of the past and is especially note. worthy in that it does not deal with particular measures, but rather

With the knowledge that the committee on credentials had not nearly completed its work, the delegates were slow to move toward the coliseum this morning for the session scheduled to begin at by the acts of the convention with 11 o'clock. At 10:45 only a handful of delegates were in their its stolen delegates. seats. Conflicting reports were abroad as to the intentions of leaders. It was variously rumored that there would be a recess headed by Roosevelt and an aggresuntil 8 p. m. or adjournment until tomorrow and that the convensive fight made for the principles for tion would proceed to consider at once such cases as the commit-

Gov. Hadley of Missouri, floor leader of the Roosevelt forces, today. as applauded as he arose soon after the convention assembled and introduced R. R. McCormick, who waved a document and said the minority of the credentials committee had asked permission to file a minority report, but it had been refused. McCormick said the facts in the case would be given the convention later.

Senator Root said it was customary for the minority to present its views to the convention informally and this custom would be followed. He directed that the views of the minority as presented by McCormick be read for the convention's information.

The statement was then read. It protested that J. C. Adams of Arizona, C. A. Warnken of pel's headquarters.

Texas and W. T. Dovell of Washington had no right to sit on the credentials committee because they had been elected by delegates whose seats were contested.

"They are in effect sitting as judges in their own cases," said the report. It also protested against the sitting on the committee of five members who had been members of the national committee because they had already passed on the contests. In conclusion, the report recommended the seating of the Roosevelt delegates from the ninth Alabama district.

Gov. Hadley moved that the minority report be substituted for the majority. Heney of California seconded the motion. A vote was forced on the roll call, the result was 569 noes to 499 ayes, being a Taft victory on the vote.

Just before the vote started Walker renewed his motion to table. Before it was put, Dovell made a further statement for the majority report. Walker temporarily withdrew the motion to table to give Hadley opportunity to talk. As Hadley arose, delegates shouted for him to take the platform, which he did, being received

with applause. James W. Wadsworth of New York raised a point of order that the chair had already ruled that only the delegates specifically concerned in any case were inelligible to vote. The chair sustain-

The chair ordered the secretary to call the names of the two missing Taft men. They were seated on the in the fight and whose son met death platform. The result was challenged and the delegates were at the hands of Miss Sharp, was then called by name.

At 8:40 this morning the credentials committee was still in session considering contests after an all night session. Chairman Devine said there seemed to be no prospect of presenting a report to the convention, which was to meet at 11 o'clock.

The decisions up to 8:40 all favored Taft. They were in the seventh Kentucky district, two delegates; fifth Arkansas, two delegates; fourth California, two delegates; Florida's six delegates-at-large, and two each from the first, second and third districts; Georgia four delegates-at-large; Indiana's four-at-large,

and two from the thirteenth district. Other delegations whose contests were not reopened were declared seated by unanimous vote of the committee. California's two district delegates were seated at 5:35 this morning. A motion to seat the California Roosevelt delegates was defeated, 28

CALLS PARKER REACTIONARY.

Chicago, June 21.-Branding Judge Parker as a reactionary, W. J. Bryan today telegraphed to a number of prominent Democrats throughout the country appealing to them to join him in preventing the election of Judge Parker as temporary chairman of the Baltimore convention. The telegram was addressed to Spaker Clark, Gov. Wilson of New Jersey, Gov. Burks of South Dakota, Gov. Foss of Massachusetts, Gov. Baldwin of Connecticut, and Mayor Gaynor of New York City.

By Associated Press.

Baltimore, June 21.—That the democratic national committee will ratify the selection of Judge Parker as temporary chairman of the Democratic national convention was the statement made today by national committeemen who led the successful fight on the arrangement committee yesterday.

William J. Bryan will be here Sunday to lead the fight against Judge Parker. In the meantime Bryan's friends say they will canvass the national committeemen to ascertain if the choice can be set aside by the full committee. Both sides agree that the fight will be carried to the convention floor and that it will come in a few minutes after Mack calls the convention to order next Tues-

Adherents of Judge Parker say the national committee already has been canvassed and that it will oppose Mr. Bryan as it did last winter when an attempt was made to unseat J. M. Guffey of Pennsylvania.

Members of the national committee who followed closely the leadership of Mr. Bryan says the issue is simply progressivism against conservatism and assert that the first vote of the convention will show the progressives in control. It was fearned today that the New York delegation intends to take no small interest in the making of the party platform, but until, the New York leaders arrive, committeemen could not say what planks New York desires in the platform.

The arrangements committee met again today to consider

number of minor details.

For the first time, it is declared, in political history, a negro will be among the delegates to the Democratic convention this year. He hails from Colorado. Just how the convention will receive him as a component part is one of the things affording a basis for

Texas crowded into the pre-convention limelight this morning when a seventh district politician filed a protest. The seventh is the Galveston-Palestine district.

Baltimore blossomed forth today as a real convention city. Everything was ready at the armory for the great convention. The principal business blocks were hidden for the first time behind flags and bunting and thousands of strange feet crowded the streets and hotels. The advance guard was fast succeeded by an enthusiastic mass of delegates and visitors.

Mingled with the national colors were the orange and black of Maryland. Many was the shock that anti-Wilson men received as they first beheld the prominence given the state colors and not until someone explained that orange and black represented Maryland as well as Princeton were their fears set at rest.

Some could hardly believe their eyes as they beheld the convention hall platform swathed in orange and black which they mistook for a tribute of Princeton followers to Woodrow Wilson.

There was a keen contest among the rival camps at the Emerson Hotel over the best display. Wilson men scored first by hanging a tremendous Wilson portrait just above the hotel lobby. The Harmon men hung an oil painting of their leader besides the New Jersey man.

It was announced by a local telephone company that arrangements had been perfected to establish communication between the convention hall and a private car in which Representative Underwood of Alabama will be stationed in Baltimore while the delegates are considering his candidacy.

Men wth all sorts of planks for the platform have come to Baltimore early lest they miss some opportunity to press their

Contesting delegations are fast making their grievances known. The filing of contests last night led to the plan of having the national committee appoint a sub-committee to listen to the contending forces.

The telegram said to have been sent out of Chicago today by William J. Bryan to Democratic leaders is said here to be not unexpected. None of the prominent Democrats now here, however, would comment on the message. Privately the Clark leaders said that Mr. Bryan's action was not unexpected.

"We look for a fight on the temporary chairmanship," said one committeeman, "and Mr. Bryan's telegram confirms our expectations. We are prepared to fight for Judge Parker on the floor of the convention.

A movement to abrogate the rule requiring a two-thirds vote in the Democratic convention for a nomination has been prepared by Committeemen by McGraw of West Virginia, who has a resolution to submit to the national committee for consideration. The resolution provides for the abrogation of the two-thirds rule in future conventions.

WATTERSON URGES HARMONY.

Associated Press Louisville, June 21.-In a lengthy telegram to Chairman Mack, Henry Watterson makes a plea for harmony in the party and issues a warning against the outcome of the struggle within the party. The telegram says:

"No fair objection to the choice of Judge Parker can be made; as you know, I favored another for that high honor, but what the Democrats at this time mostly require is the pooling of issues, not the raising of disturbances. I respectfully hope that Bryan will see the force of this."

PERCY BELCHER REFUSED BAIL IN QUANAH HEARING

Quanah, Texas, June 21.-A big crowd, far larger than the court room accommodate attended the Percy Belcher trial before Squire Matlock Wednesday evening.

Soon Sheriff Walker made his appearance holding his youthful prisoner by the coat pocket.

Percy is 19 years old, well built, with regular features, and large blue eves. He shows little sign of hervousness: only his eyes shifting incessantly. Upon first impression his face is not bad at all, only the half open, sensuous mouth detracting from his otherwise good looks.

After the court had been opened. the charge was read accusing Percy Belcher of the killing of his father, W. R. Belcher. The defendant had no statement to make in regard to the

Sheriff Walker was then placed up on the stand, and he described the finding of a dead body in the Norton pasture, dressed in pants made of blue denim, with red leather shoes underclothing. Stated how a small silver watch with a leather fob had been found on the body and had been recognized as W. R. Belcher's watch, also a bill from the Womack Dry Goods Store made out to W. R. in times past to this our beloved land; and, conscious of our profound need of Thee, we reverently invoke Thy gracious presence and benediction upon our great Republic.

"We confess before Thee at this time our national sins as well as those which we may have personally committed-our forgetfulness of Thee and Thy commandments, our inordinate love of the seen and sordid, our passion for luxury and our elevation of the temporal into theplace of honcourt this morning. The case was or and dominion. Forgive, this Thy people, most merciful God, and in Thy great love restore us unto Thy favor and unto us the joys of Thy John Parks. The defendant was in-salvation, defending us by Thine almighty power and upholding us by Thy free spirit.

"Set righteousness in command, we

beseech Thee, throughout our nation.

Take from us all national pride and self conceit; all boastfulness of wealth and undue dependence upon the material. Grant us deliverance from war and intemperance, from strife and wordly, blindness, from commercial dishonesty, social impurity and political corruption, and cause the principles of Thy gospel to taken up again. The following cases be established and become regnant n all our domain. Confront us more and more with our high responsibility and enable us, in faithfulness to the trust which Thou has committed unto us; to be Thy consistent repre sentative among the nations of the earth; the agency in Thy hands of bringing the Kingdom of God into fulfillment in all the world.

CURRENT BASEBALL GOSSIP

The local mangement is making an effort to collect for Witherspoon who was sold to Fort Worth at the end of last season. The Fort Worth anagement has so far refused to pay for "Stopper," and has loaned him to Bonham. Mr. Orth contends that as Fort Worth has never paid for him, he still belongs to Wichita Falls and that he consequently has no right to play on a rival team. Al games with Bonham in which Wither spoon plays are being protested and the matter has been taken up with Secretary Farrell of the National

"Pep" Clark who disappeared be tween two days not long ago is now with Superior, Nebraska and the management of that team has purchased him from Wichita Falls for \$100. While the jumping of a contract is an offense that can be punished severely by the baseball powers that be, the local management will take the \$100.

4-04 An effort is being made to have Ardmore games, scheduled there for July 4th, transferred to this city. If the transfer can be consummated, excursions will be run here and every effort made to bring out a large crowd. Local fans express the hope that if it is decided to transfer the games, the double-header will be played at the city park.

Both Bonham and Wichita Falls appear to have gotten off to a bad start for the second half of the season. But that's the way it was the first half and look where they finish of the game did it look dangerous

It took Connie Mack's Athletics to for Denison, got three hits, as many finally stop Washington, but they as the entire Sherman team got. He stopped them good and plenty when also had eleven strike-outs to his stopping time arrived. Four games credit. in two days is what Philadelphia handed the Senators.

The White Sox did not lose yesterday. It rained. Marquard still hasn't been charged

up with a defeat this season and the world's record for victories is about in his grasp.

Special to The Times. Bonham, Texas, June 21.-Corzine, whom Wichita Falls defeated last Sunday, came back on the Drillers vesterday and held them to three hits, the locals securing a shut-out, 6 to 0. For seven innings his work was more than equaled by that of Myers of Wichita Falls, who had held the locals to one hit. In the eighth, how ever, Bonham got him for five hits, which coupled with a sacrifice and two errors, netted six scores. The

The Ad Club of Dallas has been prime and important factor in boosting that city and now that the reor ganization of the local ad club has been effected, we can hope that it, too, will play a part in developing this city.

"I'm here as a newspaper reporter," said Bryan at the Chicago convention. When a man who has been nominated for president three times is still not too big to take his seat with the \$25-aweek correspondents and call himself "reporter." the dignity of the newspaper calling cannot be questioned.

According to press dispatches William Jennings Bryan was the only man in the Republican convention hall at Chicago who received applause at Tuesday's session. There were several calls for "speech, speech," but the great-Democrat only gave them a pleasant smile.

'Gooseneck" McDonald was chosen member of the committee on platform and resolutions by the Taft men in Chicago. This greasy old nigger will have enough to crow over for the rest of his days. Besides he had the pleasure of sitting down on Cecil Lyon good and hard, and having him kicked out of the convention. How a man, proud like Lyon must have felt when the old coon hand it over him, and rubbed it in besides, may be easier imagined than described.—Quanah Tri-bune Chief.

MANY CALLS RECEIVED FOR NEWS FROM BATTLE SCENE.

Indicating the great interest among Republicans and Democrats alike over the developments at Chicago hundreds of telephone calls have been answered at The Times office every day since the convention was convened. Not all of these calls have been confined to Wichita Falls. Many of them come from other towns. One man at Seymour calls up several times every day. Calls are also received daily from Newcastle, Archer City, Vernon, Henrietta. Calls have also been received from points as far distant as Mineral Wells.

Chicago, June 21.-Why does politician wear a slouch hat? John G. Capers of California, says t is as distinctive of the politician

jas the flowing necktie is of artist or poet. George A. Knight, also of California, says politicians wear slouch hats to cover badly shaped heads.

The wild and wooley western hat suggestive of bronchoes and six hooters, and manufactured in peace ful Hoboken, N. J., is the predominat ing head gear.

Harry New wears an immense soft black hat. Colonel Cecil Lyon sports a Panama. Ormsby McHarg appears n a dinky derby; Franklin Murphy former governor of New Jersey, wears a masterpiece of the "fried egg," variety. MOVING PICTURES OF AD

MEN AT AIRDOME TONIGHT. One of the most interesting motion pictures which has ever been shown in this city will be presented lonight at the Lamar Airdone, by Managers Wren & Berry, who have secured a film reproducing the scenes of interest connected with the National Ad Men's convention which was held in Dallas almost exactly a month ago. The picture tonight will show one of the greatest parades which has ever taken place. In the parade more than one thousand autos are shown, and many thousands of people. In order to get the Ad Men's convention this year, Dallas was compelled to compete with St. Paul, Minnesota and a number of other large cities. Every one who can possibly do so should see the picture at the Airdome tonight.

DAILY DIET AND HEALTH HINTS By DR. T. J. ALLEN

A WOMAN'S EXPERIENCE.

A woman who has lived alone since the death of her husband, a few years ago, not feeling obliged to prepare conventional meals, has discovered that when she eats only two or three articles at a meal, she is in better health than when, having vieltors, or eating away from home, she has a greater variety. The course dinner is a grave evil, not only because it tends to derange digestion and lay the ndation for all forms of disease, by lowering vitality, but it Itates much unnece work in the household. The elli ination of meat, in part at least is a step in the right direction but when the vegetarian thinks that he must add a variety of foods to take the place of meat, there may be no improve economic or hygienic.

More Goods for Same Money Same Goods for Less Money

Come in and make me prove it, see if I live up to my slogan. I do a strictly cash business, I have no bookkeeper to pay. I do not have to add ten or fifteen per cent on the price of my goods, and make the cash buyer pay for the losses sustained on the one who never pays. I have small rents, small clerk hire, I attend strictly to business myself, and therefore, can afford to sell you goods for less money than my competitors. Besides, I am satisfied to do business on small margins, I believe in the "live and let live" plan, quick sales and small profits. I have a few speclais to offer you this week in Shirts. A lot \$1.25 values in various patterns of brand new goods, a job lot at 83c; 75c Shirts at 50c; 50c Work Shirts at 45c. A splendid lot or work Gloves at 60c, 75c and \$1.00. 15c Wash Ties at 10c. 25c Chiffon Silk Ties at 15c; 50c at 25c; 65c at 50c. An up to date line to select from. A nice line of Work Pants at \$1.00, \$1.25, \$1.50 and \$2.00. Special prices all week on all kinds of Hats. A lot of extra specials in Shoes of all kinds and sizes. If you are in need of a Trunk, Suit Case, or a Hand Bag do not fall to see my line and get my prices before making your purchases, I can save you money. A lot of Boy's Krey Pants in sizes 8 to 15, at 35c, 50c and 75c. This is just half price for them. You will always find my prices reasonable and just on every article in the house, and I assure you your patronage is highly appreciated, and I thank you for your very liberal patronage in the past, and solicit'a fair, share of your future business. I assure you a square deal, and courteous treatment at all times in my place whether you make a purchase or not. Do not forget the number.

TWO-STORY RESIDENCE DESTROYED BY FIRE

Building Owned By Mrs. Mattie Robinson at 1210 Indiana Burned This

The two story residence owned by Mrs. Mattie Robinson, 121 Indiana was ned together with most of its contents at about eight o'clock this morning. The fire originated from a gas stove in the kitchen which ignited the paper on the wall. J. W. Stone who ves across the street was attracted by the cries of Mrs. Robinson and rap over and put out the fire downstairs but in the mealntime it had run up the wall into the second floor. There the blaze quickly got beyond control. A part of the furniture was saved

but most of it was destroyed. Those early on the scene attempted to move a piano forte from one of the rooms but it caught in the doorway and the heat drove the men away before they could get it out.

The house was used as a boarding and lodging house and many of the boarders lost their personal belong-

The house was valued at about \$3500 and the furtiture was probably worth \$3000. There was \$1800 insur-ance on the house and \$2000 on the fur-

Mrs. Robinson was almost prostrated by the excitement of the fire and a physician was called to attend her. WITNESSES AGAINST POLICE

The interruptions came during the war in the early 70's and in 1896 and 1897, The racing began with two mile con-

tests, but the course was gradually lengthened, and since 1876 it has been four miles. There have been several attempts to bring it back to three miles, especially after hard contests when some of the young oarsmen have collapsed under the strain, but so far the effort met with little encouragement.

Yale is credited with having won 23 of the races and Harvard with 22, so that a crimson victory this year

would tie the long series. The fastest time ever made on the Thames was by the Yale crew in 20 minutes and 10 seconds. The fastes # | | | Harvard crew was that of 1878,

Remarkable Tunnel in Utah Is Now Finished

through today."

This was the laconic message relayed by telephone from Camp Quinton in the Wasatch Mountains, Utah, and flashed by wire Thursday to the Reclamation service here. It marked the completion of the Strawberry Tunnel, one of the largest and most difficult pieces of engineering work the reclamation service has ever been called upon to undertake.

With one exception this under ground waterway tunnel is the largest in the world. Many hard engineering problems had to be overcome in planning it; and great physical endurance was required of the men who carried out the work.

The tunnel pierces the solid rock of one of the highest peaks of the Wasatch Mountains at a point where those eternal hills are more than 20,000 feet through. It will move a good sized stream, the Strawberry River, from one drainage basin to another forty-five miles away. Only 2,000 feet below the snow capped crest of the mountains the tunnel has lerced its rocky way.

To the south and east of Utah Lake one of the most beautiful valleys n the west, are 60,000 acres of exceedingly fertile land, now only partially productive for lack of water. To transform this valley to a rural setand villages and barred with olng rows of fruit trees, the Government engineers have overcome almost hundreds of of obstacles.

Beyond the Wasatch range which rims the valley's eastern border, Strawberry River, for centuries bank full, perhaps, has run uselessly by, Its waters finally reaching the Gulf of California through the Colorado River. To divert this water from the Colorado drainage basin and turn it into the Utah Valley, the enormous Strawberry Tunnel, nearly four miles long, has been bored through the Wasatch Mountains. Its cross section measures more than 60 square feet. It is walled and buttressed with mprovement in her health.-Electra timber and lined with cement.

In 1910 the work of placing the concrete lining was begun and since has been carried on simultaneously with the excavation of the heading. This required skillful handling of men and material to avoid delay in either feature of the work. Notwithstanding the difficulties of the undertaking it has been carried to completion without the loss of a single life. Beyond the tunnel, in the shadow of the granite peaks, a great reservoir is being built. A retaining dam of rock, cement and steel is being built so deep that a six story building might be hidden behind it. Fed by melting snows the waters will rise behind this structure, covering 8,200 acres with 278,000 acre feet of wa-

The valley to be irrigated is espec ially interesting because it is the scene of the earliest irrigation by Angle-Saxons in the West. Settled by Brigham Young and his followers tlement, dotted with thriving towns in 1847, after their march through more than a thousand miles of unknown territory peopled by savages, it is the oldest example of community farming by an English speaking people in the West. For protection against the Indians the farmers lived in little towns throughout the valley, their houses built close together and facing a common street or square thus practically forming forts. Some of these old community houses are still standing. The original farms were for the most part not more than 40 or 50 acres in size, which may account to some extent for the early success of agriculture under extreme difficult conditions.

When the storage and distribution system is finished and an ample water supply assured for all time, the valley will support more than a thousand farm homes. Salt Lake City and the nearby mining camps will furnish a home market for many of the products, and three railroad area, will furnish unusual transportation facilities to the outside world.
