SUNDAY MORNING EDITION

PART TWO

VOLUME VI

WICHITA FALLS, TEXAS, SUNDAY, JUNE 22nd 1912

NUMBER 35

SOCIETY

One of the most brilliant social events of last week was the wedding of Miss Nellie Grace Ward and Mr. James Milton Blankenship, which occurred at the home of the bride's parents, Mr. and Mrs. J. C. Ward on Scott avenue last Wednesday evening at eight thirty o'clock. The ceremony was performed by Dr. J. L. McKee, pastor of the First Presbyterian Church, and was witnessed by a few invited friends. Afterwards a reception was held to which a large number of friends had been invited.

At eight thirty o'clock, the invited guests having assembled, Mrs. P. Frank Terry of Dallas, sang, "Because of You," after which Mrs. J. L. McKee played Lohengrin's wedding march to the strains of which the bride and groom progressed down the stairs and marched to a place between the parlor and the dining room where a decorated arch had been prepared and where Rev. J. L. McKee was awaiting them. Using the ring ceremony, he pronounced the words which made them man and wife, and a few minutes afterwards the reception was begun.

The bride was tastefully arrayed in a gown of hand-made Russian lace with lilies of the valley as hair ornaments. She carried in her hand a bouquet of carnations. On the arch under which the wedding took place, large white lilies had been arranged, and in the dining room pink carnations formed the chief ornaments. The parlor was decorated with white carnations.

Immediately following the ceremony a reception was held at which Mrs. F. W. Roberts, Miss Willie May Kell, Mrs. Frank B. Terry, assisted by the bride and her mother, Mrs. J. C. Ward, received the guests. Misses Grace Nolan and Gertrude Orth presided at the punch bowl, and Misses Eva and Cathleen Benson served in the dining room. Lilies in the shapes of wedding bells, hearts, slippers, and other designs, formed the refreshments.

Mr. and Mrs. Blankenship were presented with a large number of beautiful presents, among which a chest of silver, the gift of the bride's mother, loomed conspicuously. They are now at home to their friends in a recently purchased home at 1621 Tenth street. Miss Nellie Ward was one of the most popular and well liked young ladies in this city, where she has lived practically all her life. The groom, J. M. Blankenship, is a rising young lawyer who came to Wichita Falls several years ago, and is fast forging to the front in his chosen profession. Both have hosts of friends who wish them a long and prosperous married life.

Masonic Lodge Elects New Officers.
The regular election of the officers of the Masonic (Blue) Lodge took place last night, and the following were selected to serve for the ensuing year: M. J. Gardner, W. M.; P. B. Cox, S. W.; N. M. Clifford, J. W.; J. D. Avis, treasurer; Chas. R. Fuller, secretary; W. W. Allen, tiler.

On last Friday night the Royal Arch of chapter degree Masons held its annual election of officers, and selected the following to serve for the next year: J. W. Walker, W. M.; E. H. P. Atkinson, S. W.; W. A. McCarty, G. E. D.; W. Lee Moore, treasurer; R. C. Smith, C. of H.; L. C. Hinkley, P. P.; C. E. Fuller, R. A. C.; E. P. Walsh, M. 3rd V.; N. W. Self, M. 2nd V.; A. F. Kerr, M. 1st V.; C. M. Duke, guard.

The installation of the newly elected officers of both lodges will take place Monday night, the 24th.

Invitations have been received by friends in this city from Mr. and Mrs. C. H. Thomas, who announce the marriage of their daughter, Lenna May, to Mr. Jay P. Green, Tuesday June 11th, in Twin Falls, Idaho. Mr. and Mrs. Thomas and their daughter are well known in this city having made their home in Wichita Falls for a number of years, during which time Miss Lenna was one of the most popular young ladies.

Miss Grace Morse and A. A. Kaufhold invited a number of their friends who are employed in the general offices of the Wichita Falls Route to spend the evening with them last Wednesday at the home of Mrs. E. B. Morse, 1606 Eleventh street.

The playing of "Forty Two" was the feature of the evening. Miss Forgy of Archer City, having won the most games, was presented with a box of candy as a favor. The gentleman's favor went to J. R. Chambers, who carried off a box of cigars. Refreshments were served, and cigars presented to the men, and a most enjoyable evening was spent by all.

Those present included Misses Grace Morse, the hostess, A. A. Kaufhold, the host, Misses Bonnie Hardy, Cathleen Coffield, Clara Bockwith, Hall, Vera Forgy, Carrye Tumulty, Lillian Carrington, Mrs. D. J. White, Mrs. Lillian Wallace, Messrs Allen Harrison, Clyde Davis, Ben Tysop, A. W. Reel, J. R. Chambers, J. R. Newland, Morris, A. J. Pels, C. Danner, and Mr. Hall.

Last Thursday evening Mr. and Mrs. C. R. Hine invited a few young people to take supper with them at Bug's Point on the farther side of Lake Wichita. The supper was given in honor of the Misses Goodman and Caston of Corsicana, who are spending several weeks at Lake Wichita as the guests of Mr. and Mrs. Hine and Miss Adalyne Gibson.

Leaving town about six o'clock, those invited arrived at the Lake about six forty-five, where they were met by Mr. and Mrs. Hine and the Misses Caston, Goodman and Gibson. A motor boat ride across the lake was then taken and soon after arriving at their destination, supper was enjoyed on the grassy slope which is one of the features which attract so many people to Bug's Point.

Following supper another boat ride was taken, and a thorough good time enjoyed. Those included in the party were Misses Goodman and Caston, the honorees, Mr. and Mrs. C. R. Hine, the host and hostess, Misses Adalyne Gibson, Willie May Kell, Bess Kell, Mabelle Clifton, Jewel Kemp, Ines Sheppard, Mattie May Bartlett, and Messrs. W. H. Felder, Cliff Gibson, Sid Stanforth, Marvin Smith, Alex Britain, Lamar Fain, Ernest Fain, Tod Hagler, and Claud Maer.

An enjoyable afternoon was spent in the parlors of the M. E. Church, South, last Tuesday by the Wesley Girls "Sewing Club," this being the first meeting of the club since its organization not long ago. The meeting proved a most excellent beginning. We girls arrived without sewing bags at four o'clock and were cordially received by the hostesses, Mrs. Hartscock, and Miss Cathleen Benson. Although we were compelled to wade through water in the hall (thanks to the recent rains) we enjoyed the novelty and were all the merrier for it when we entered the parlor.

Each one present worked steadily while laughter and conversation echoed through the spacious rooms. Several unwritten laws were passed.

among them being a resolution that during the meeting no one should be permitted to speak slightly of anybody.

About fifteen minutes after five the hostesses disappeared, but soon returned to usher us into the dining room where dainty sandwiches, pickles and delicious iced lemonade were waiting our coming. Having partaken of the luncheon, we returned to the parlor, and resumed our work. Several selections on the piano were rendered by Miss Ila Cook, which were appreciated by all.

About six o'clock we departed, having spent a delightful afternoon. Misses Tommie Hale and Murell Hickman are to be hostesses next Tuesday evening. Those present were Misses Zola Robertson, Alta Rufner, Cathleen Benson, Murell Hickman, Grace Nolan, Tommie Hale, Gertrude Orth, Edna Duke, Marie Shelton, Ila Cook, Mrs. Hartscock and Mrs. Staples.

Baraca Class Entertains.
Last Thursday evening the Baraca class of boys at the First M. E. Church, South, gave a hay ride to the girls of the Philathia and Wesley classes. At about eight o'clock two wagons filled with merry-makers left the city for Lake Wichita, well filled lunch baskets having been provided. Soon after arriving at the lake, lunch was spread at the lake following lunch the start for town was made. Each girl was safely delivered to their respective homes, and the hour having grown late, the boys walked home. The evening, according to those present, was spent in a most pleasant manner.

Aid Societies To Sew.
Sections A and B of the Ladies Aid Society of the First Presbyterian Church will meet with Mrs. McNeill and Mrs. White, 1510 Tenth street next Wednesday in an all day session. The ladies will bring with them their sewing and will spend the day in preparing material for the holding of a sale in the near future. Bath room rugs will probably constitute the chief product which will be offered for sale.

Mrs. Noble Entertains.
One of the most enjoyable affairs in local society during the last week was an entertainment given at the home of Mrs. T. B. Noble last Friday evening in honor of Misses Mable Caston and Hazel Goodman of Corsicana. Forty two furnished the chief occupation of the evening, and there were eleven tables. Eight or nine of these had been arranged on the spacious front porch of the Noble residence, so that a large number of the guests formed a porch party.

A pleasing feature of the evening was the rendition of some artistic music on the piano by Misses Ines Sheppard and Mr. Durland. Misses Lillian Axis and Grace Nolan, Mrs. Mark Walker, and Mrs. Greenwood assisted in serving refreshments to those present. The guests included Misses Caston and Goodman, the honorees, Misses Adalyne Gibson, Ines Sheppard, Lillian Axis, Jewel Kemp, Willie May Kell, Mabelle Clifton, Grace Nolan, Vivian Mathis, Hobson, Cullinan, Mattie May Bartlett, Tolbot, Ruth Bullock, Messrs. Lamar Fain, John W. Thomas, George Wilson, C. V. Durland, Alex Britain, Wilbur Sweeton, Tod Hagler, Harley Heath, Verne Clifton, W. H. Felder, Clifton Gibson, John O'Donohue, Mr. and Mrs. Monte Stanforth, Mr. and Mrs. A. B. Huff, Mr. Huff, Mr. and Mrs. Newton Maer, Mrs. J. L. McKee and Mr. and Mrs. T. B. Greenwood, Mr. and Mrs. Mark Walker, and Mr. and Mrs. C. R. Hine.

The members of Section A of the Ladies Aid Society of the First Presbyterian Church met last Wednesday afternoon with Mrs. A. H. Carrigan, and tacked carpet bags preparatory to the holding of a sale in the near future.

At Mrs. Christensen's.
Mrs. J. V. C. T. Christensen and Mrs. H. J. Harrison invited a number of their mutual friends to spend the afternoon with them last Thursday at the home of Mrs. Christensen, 1605 Ninth street. The time was pleasantly spent in playing Five Hundred, and at the conclusion of the games, favors were presented to Mrs. T. R. Bosser and Mrs. W. F. Haid, who were the fortunate contestants in a cut. Refreshments were served, and a most enjoyable time was spent by all present. The guests numbered about twenty-five.

Birthday Party.
W. G. Arthur's 78th birthday was celebrated Monday. He was born in Franklin county, Va., June 17, 1834, where he lived 26 years ago, when he came to Texas, Dallas county, and he lived there until May 17, 1911, he moved to Wichita Falls and now lives in Floral Heights. Mr. Arthur is an old southern soldier; he served in Company A, 6th Virginia, Stonewall brigade; was in the battle of Malvern Hill and Gettysburg; he was wounded in the battle of Malvern Hill. Relatives of Mr. Arthur gathered at his home in Floral Heights last Monday where a birthday dinner and supper was served. The following were present: Mr. and Mrs. W. T. Arthur, Mr. and Mrs. Seeley, Mr. and Mrs. W.

C. Arthur, Mr. and Mrs. Ira Brown, John Arthur of Dallas, Mabel Seeley.

Mrs. A. B. Terry entertained the Ladies Auxiliary to the B. of O. E. at her home, 1006 Eighth street Thursday afternoon. All present greatly enjoyed the songs rendered by Helen Louise, little daughter of the hostess, and the afternoon was pleasantly spent in music and games. At the usual hour refreshments consisting of cake and fruit punch were served. Those present were Mesdames O. B. Griggs, Allen Young, A. B. Huff, T. B. Cook, A. Hill, L. D. Rhodes, A. H. Cohenor and the hostess.

Mrs. R. Jarvis of Terrell, and Clyde Holley of Amarillo, left today for their homes, they have been attending a house party and family reunion at the home of Mr. and Mrs. J. W. Lee.

Mrs. Addicks and Barnard assisted by Mrs. J. W. Lee gave a luncheon at Lake Wichita Friday evening in honor of Mrs. Lee's house party and Mrs. John Donald of Lawton. It was a most enjoyable affair.

who spent a few days in that city, arrived here a few days ago, and will remain here for some time as the guest of her parents, Mr. and Mrs. T. R. T. Orth.

Mrs. M. E. Blair is in the city visiting her son, Wiley Blair and family. She arrived here last week from her home in Fort Worth.

Miss Marion Maer of Childress is spending a few days as the guest of relatives in this city.

J. W. Chestnut will leave today for his home in Abilene, after spending several days in this city visiting his sister, Mrs. Frank Cullinan, on Tenth street.

Misses Nina Cullinan, Janie Talbot and Margaret Cullinan, of Houston, who have been visiting Mrs. Frank Cullinan on Tenth street for the last two weeks, will leave Tuesday for New York City, where they will spend the summer months. They will be joined en route by Mrs. Cullinan of Houston, who will accompany them to New York.

Mr. and Mrs. Frank Cullinan, J. W. Chestnut, Miss Jaine Tolbot, and Misses Nina and Margaret Cullinan, from a party, which made a trip to El Paso last Thursday to inspect the oil fields. The trip was made in an automobile.

Miss Margaret Noble will return this week from Abilene, where she has been visiting friends for the last two weeks.

Miss Annie Carrigan, who following the beginning of vacation at the University of Arkansas, where she has been a student, has been visiting relatives in Hope, Ark., returned yesterday afternoon to spend the summer.

Mr. and Mrs. T. B. Noble will leave today for Clarendon, where they go to visit their son, T. B., Jr., for a few days. T. B., Jr., is spending a few weeks on a ranch near Clarendon.

SOCIETY BREVITY

Miss Vera Forgy of Archer City spent a few days in this city as the guest of her friend, Miss Bonnie Hardy.

Miss Ines Sheppard of Dallas, who has been here for the last several days visiting her brother, W. B. Sheppard and wife, will return to her home today.

Misses Mable Caston and Hazel Goodman of Corsicana arrived here a few days ago and will spend several weeks at Lake Wichita as the guests of Mr. and Mrs. C. R. Hine and Miss Adalyne Gibson.

Mrs. L. A. Wallace arrived here a few days ago from her home in Fort Worth, and will spend a few days in this city as the guest of relatives.

Mrs. W. P. Bolyn expects to leave today for Fredericksburg, Texas, where she will probably spend the summer with relatives.

Mrs. M. L. Boyd will leave today for Oklahoma, where she goes to visit friends for a week or ten days.

Mr. and Mrs. J. N. Prothro, after an absence from the city of several weeks during which they visited relatives in Big Sandy, Texas, have returned to her home in this city.

Mrs. F. H. Body arrived here a few days ago from Henrietta, and will pay a visit to her brother, H. B. Patterson, and family.

Mrs. H. A. Orlopp and daughter, Lillian, Miss Mary Martha, left not long ago for Fort Worth, to visit relatives for a week or ten days.

Misses Gladys and Audrey Roberts are in Denver, Colo., where they will spend the summer months with relatives.

Mr. and Mrs. E. E. Sanders have returned from Galveston, where they spent a week visiting relatives.

Mrs. B. F. Terry of Dallas, accompanied by her sister, Miss Mary Orth,

AT THE CHURCHES

First M. E. Church
Corner Seventh and Lamar.
Sunday school at 9:45 a. m.
Preaching at 11:00 a. m.
Epworth League at 7:15 p. m.
Prayer meeting Wednesday at 8:15 p. m.
The Ladies Aid Society will hold their regular monthly social meeting in the church parlors Monday afternoon. The June division will entertain. Every member is requested to come and bring a friend, Joseph E. Coe, Pastor.

Church of Christ
(Bluff St., between 11th and 12th)
Bible study at 10 a. m. and preaching at 11 a. m. and 8:30 p. m. All are cordially invited. Subject at 11 a. m. "The Parable of the Talents."
C. D. CROUCH, Minister.

First M. E. Church, South
(Corner Tenth and Lamar)
Preaching at 11 a. m. and 8:30 p. m. Sunday school at 9:30 a. m. Epworth League at 7:30 p. m.
J. W. HILL, Pastor.

Infant Girls Dies.
Mattie, the infant daughter of Mr. and Mrs. J. M. Bates, 506 Burnett street died at an early hour Saturday morning. The funeral was held from the residence at 5:30 o'clock Saturday evening. It was conducted by Rev. C. D. Crouch. The burial was in Riverside cemetery.

SAYS CHAIRMANSHIP IS NOT WORTH FIGHTING OVER.
Associated Press.
Baltimore, June 22.—United States Senator Martine of New Jersey, a Wilson man arrived today. He said: "The temporary chairmanship is not worth fighting over. I am Bryan's friend and would like to see a man like Senator Kern temporary chairman, but that is all secondary to getting a real progressive candidate like Wilson and a platform more progressive than those of 75 years ago."

Roberts' Miner's Water.
Is highly recommended by physicians and patrons who have tested its merits for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be purchased at the wells or delivered in jugs or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Robatch, Owner. Phone 1601—1 long—4 shorts.

Best Equipped Dental Office in West Texas
DR. M. R. GARRISON
Dentist.

Christian Science service will be held in room 7, P. O. Bldg. as follows: Lesson-Sermon Sunday at 11 a. m. subject "Is the Universe, Including Man, Evolved by Atomic Force?" Sunday school at 9:45 a. m. Testimonial meeting Wednesday at 8 p. m. The Tuesday and Friday of each week from 2 to 5 p. m. Here authorized literature in Christian Science may be read or purchased. The public is cordially invited to attend the service and visit the reading room.

First Evangelical Church
Corner Broad and 15th.
German sermon at 11 a. m., and English at 8 p. m., by the pastor. Sunday school at 9:45 a. m. Junior Young Peoples Alliance at 2:30 p. m. All are cordially invited to attend these services. C. F. Mayer, Pastor.

First Baptist Church
Corner Tenth and Austin.
All services will be at Lake Wichita with the exception of Sunday school which will be from 9 until 10 a. m. All services at the lake will be open to the public. No admission. A great program arranged for the morning, afternoon and night. J. P. Boone, Pastor.

Church of the Good Shepherd.
Sunday school 9:30 a. m. Morning prayer 11:00 o'clock. Evening prayer 8:15.
A cordial invitation extended to all. It is hoped that all communicants and those interested in the church will attend the evening service, especially the men.

Christian Church.
Bible school at 9:30 a. m. Superintendent; good teachers and classes for all ages.
F. F. Walters' morning sermon at 10:45, subject, "Reminded," thoughts concerning the Lord's Supper. \$100,000 IS FIRE LOSS

TOWN OF ELECTRA ALREADY
MAKING PLANS FOR
REBUILDING

STUBBORN BLAZE

Covers Entire Block in Business Sec-
tion—Extinguished by Bucket
Brigade

Before the ashes from the fire that burned almost an entire block of buildings in the business section of Electra Friday night had cooled, architects had been commissioned to draw plans for new buildings of a larger and more substantial character and contractors yesterday were preparing estimates for several of these buildings. Actual work on some of them will start this week.

The fire which is believed to have started in the wall between the Friend-Puckett grocery store and a pool hall adjoining at about 10:30 Friday night burned every building in that block excepting Woodruff Bros. insurance and real estate office and G. D. Woodruff's gent's furnishing

store. These were separate from other buildings by a space of more than fifty feet and by dint of hard work on the part of the bucket brigade they were saved.

In all twelve stores and shops were burned, and estimates of the loss vary from \$100,000 to \$125,000. The insurance will aggregate much less than half that amount.

The stores and shops burned included:

Friend & Puckett's grocery.
Powell & Myers general merchandise.

Crockett & Fisher dry goods.
Richardson Drug Company and postoffice.

C. L. Ayen's barber shop.
Luther Brazil's barber shop.
M. B. Cooper's confectionary shop.
J. B. Morris meat market.
W. A. Cannon restaurant.
Snow & ordon restaurant.
E. T. Groves tailor shop.
Everybody's tailor shop.
Restaurant and pool hall, owners unknown.

The buildings occupied by the Powell & Myer general merchandise store, the Crockett & Fisher dry goods store and the Richardson Drug Co. were brick structures.

The building occupied by Crockett & Fisher was owned by J. A. Fisher. It was a two story structure recently completed. The second story was used for offices and contained the offices of Mouser and Ogden, physicians, the Retail Merchants' Association and C. L. Ayen, insurance. Crockett & Fisher carried a stock val-

ued at about \$18,000. The building cost more than \$6,000 and the losses to the other tenants will bring the loss in this building alone up to \$25,000.

The loss at the postoffice and the Richardson Drug Company will be about \$15,000 and on the building at \$6,000. The loss at Powell & Myers will be close to \$12,000 and the building \$6,000. Friend & Puckett carried one of the largest stocks of groceries in the county and their loss will be from \$12,000 to \$15,000. The losses of the others range from a few hundred dollars to possibly \$2,000 each.

On account of the risk, some of these buildings and their contents were not insured and in no instance was the insurance carried anything like equal to the loss.

When the fire started there was a stiff breeze blowing which caused it to spread rapidly and made the efforts of the bucket brigade that was formed of little avail. Later however, this breeze died down and this probably prevented the destruction of the entire town. Nearly every man in the town enlisted in the bucket brigade and at one time more than three hundred men were fighting the flames. It was not until two o'clock Saturday morning that it was felt there was no more danger of the further spread of the fire.

Electra has no fire fighting apparatus other than a small chemical engine. This of course was of no use after the flames gained headway. A movement has been started to provide an engine and to build reservoirs in the business district.

AMERICAN STUDENTS CAN'T SPEAK FRENCH

Those Studying in Paris Find Them-
selves Handicapped By Ignorance
of Language

Paris, June 22.—The question of foreign students at the University of Paris has been brought to a head by complaints from the French Students Association that the teaching of the University is being hampered by the presence of so many students with an imperfect knowledge of the language. There are now over 3,000 foreign students entered at the University, most of them at the Faculty of Letters, which cannot, it is alleged, without grave injustice to the French students give courses which foreign students are capable of following.

To remedy this state of affairs, the Alliance Francaise, in co-operation with the University authorities, has decided to create a faculty where the French language will be taught from its earliest origins to its latest developments, and the foreign student fitted to follow any course in the University without inconvenience to his fellow students and with a profit to himself.

The University has offered to sell to the Alliance at a reasonable price a plot of land conveniently situated on the left bank of the Seine, close to the University. In order to raise the necessary funds to buy the land

and build and equip the necessary premises, a stock company has been formed under the name of the Society of Friends of the Alliance Francaise, with a capital of \$120,000.

The mountain sickness experienced by mountain climbers and the species of same ailment affecting aviators at great heights can be prevented by hypodermic injections of oxygen, according to Dr. Roux, the director of the Pasteur Institute. Dr. Roux read a paper before the Academy of Sciences, demonstrating the results of a series of experiments made with rabbits at the summit of Mont Blanc in Switzerland. Some of the rabbits were treated with oxygen and the others were not treated. Subsequent examinations showed that the blood of the treated rabbits was of the natural red purple which would be found when at their normal altitude. The blood of the remaining rabbits was blackish and unhealthy. The scientist says the injections may be made very easily and that very little oxygen is required.

IS RESTING NICELY AFTER AMPUTATION OF FOOT.

Jesse Reed whose foot was amputated Thursday is reported to be resting nicely. The foot was amputated a few inches above the ankle. About seven or eight years ago a horse which the boy was riding fell crushing his foot and ankle. The injury has given him trouble ever since.

What has become of the old-fashioned boy who collected bird eggs.

OKLAHOMA HARVEST IS NOW IN FULL SWING

Alfalfa, Grain and Forage Crops De-
clared To Be Exceptionally
Promising

Oklahoma City, Okla., June 22.—Oklahoma has commenced the harvest of a \$4,000,000 alfalfa crop and within a few more days the click of thousands of binders will be reaping Oklahoma's \$20,000,000 wheat crop. The alfalfa harvest is one of the finest ever produced and it is the largest.

This is only the first cutting. If the season is favorable three and probably four more crops will be harvested before frost. The year's output will be worth in the neighborhood of \$15,000,000.

The wheat crop this year holds much promise. C. F. Prouty, secretary of the Oklahoma Grain Dealers and Millers' Association, estimates that the yield will be 25,000,000 bushels. Officials of the State Board of Agriculture are inclined to believe that it will not be so great.

H. G. Kraft of St. Louis, while in Oklahoma City recently, said the crops in Ohio, Illinois and Indiana are not good and that the big milling centers will be forced to look to the Southwest for their supply. He predicted that high prices will prevail this year.

Following the crop failure of last

year, the Oklahoma newspapers began calling upon the farmer to plant a greater variety of crops, particularly garden stuff and feedstuffs.

The farmers caught the idea. The year 1912 is working a revolution in farming methods in Oklahoma. The increase in the acreage of garden truck is placed by seed dealers at 300 per cent. Reports to the State Board of Agriculture declare that the percentage of feedstuff planted by the Oklahoma farmers this year has almost doubled.

DAILY DIET AND HEALTH HINTS

By DR. T. J. ALLEN
Food Specialist

BREAD AND SKIM MILK.

Skim milk contains little fat, the cream having been removed, but it has all the other elements of nutrition. There is more nutriment in two quarts of skim milk than in a quart of oysters, costing five times as much. With bread to give bulk and exercise for the teeth and a little fat, it makes a very nutritious and expensive diet. Much cheese is made from skim milk, including the common cottage cheese.

An Indians oratory consists mainly grunts, regardless of what the wild west writers say about it.

HARD LABOR!

How would you like to work 365 days in the year, all day, all night. Sounds impossible, don't it? Yet, that is exactly what your money is doing when you have it deposited where it draws four per cent interest annually on time deposits.

If you have any funds that are idle, not earning interest, you can put them to work at once by bringing them to this bank.

Free Seed for Planting of Crops on Stubble Ground

Local Business Men Make Offer. Following Meeting Held Friday Afternoon

To encourage the growing of feed crops in this section business men of Wichita Falls Friday afternoon subscribed to a fund to buy not less than 1000 pounds of kaffir corn seed to be distributed free of cost among farmers who would agree to plant it. At the meeting a resolution was adopted explaining that this action was in no sense a charity but was a bonus to encourage experiments with a new crop which experts had pronounced practicable. The business men also expect the benefit to be mutual, for if the kaffir corn will furnish feed so that the farmers will not have to spend their money for it to carry their stock through the winter, they will be in better position to hold their wheat, oats and cotton crops for the best market price.

The meeting at which the fund was raised was called at the suggestion of William E. Ganzer of Denton, district agent for the United States department of Agriculture. It was attended by about thirty representative business men.

Mr. Ganzer discussed the practicality and the value of kaffir corn and maize and said that either of these crops would mature if planted on the wheat and oats stubble within the next two weeks. He said that kaffir corn ought to be planted at the earliest time possible. He also urged the value of cowpeas, not only as a feed crop but as a soil fertility builder.

J. L. McConkey declared that what the farmers needed most was a better price for wheat they already raised. He said that what was most needed was the co-operation of the merchants and business men with the farmers to this end.

Others who followed Mr. McConkey but that one way to secure a better price to the farmer was the raising of feed crops so that he would not be compelled to rush his wheat, oats and cotton on the market as soon as harvested.

After discussion by others it was finally decided that kaffir corn was the

most practicable crop to plant at this time.

C. W. Snider, cashier of the City National Bank, announced that his bank would give fifty pounds of kaffir corn seed each to the first 100 farmers who would apply for the same and agree to plant it. He said the bank would do this solely to encourage the growing of feed crops. J. L. McConkey said he would subscribe \$10 for a fund to buy seed. Other subscriptions were: J. C. Hunt \$10; Myles O'Reilly \$5; Wichita Mill \$10; Mayfield Lumber Co. \$10; Wichita Hardware Co. \$5; First State Bank and Trust Co. \$12.50; J. L. Jackson \$5; Alfalfa Lumber Co. \$5; G. D. Anderson \$2.50; First National Bank \$15.

Upon investigation it was found that the cost of the seed would not be more than six cents an acre and that there was enough already in Wichita Falls to plant all that would be sown.

J. W. Campbell was delegated as a representative of the Chamber of Commerce to see that the seed was properly sown. Mr. Ganzer was instructed to prepare instructions for sowing of the seed to be published in the Times and the other papers of the county.

The Committee's Offer. At a meeting of the business men of Wichita Falls called at the instance of Mr. William Ganzer, District Agent of United States Department of Agriculture, for West Texas, at the Chamber of Commerce, it was decided to ask the farmers living tributary to Wichita Falls to co-operate in an experiment in growing kaffir corn, milo maize and cowpeas, and with this view, have raised a fund and will agree to furnish the farmers kaffir or milo seed free, provided the farmers, on their part, will agree to plant and cultivate these crops and make report of the results of this experiment, to the Chamber of Commerce.

J. C. HUNT, J. L. McCONKEY, Committee.

Proper Planting of Feed Crops

By Wm. Ganzer, District Agent

As I was requested, at a mass meeting of the citizens of Wichita Falls, for the purpose of planning a campaign to interest the farmers of this section in the planting of Kaffir Corn, Milo-Maize, and Cowpeas, to write an article on these drought resisting crops, I will avail myself of this opportunity. I heartily endorse the action taken at the mass meeting of the citizens of Wichita Falls in offering to co-operate with the farmers of Wichita county and territory tributary to Wichita Falls, and, if properly planted and cultivated, will demonstrate to the farmers that these grain crops can be raised successfully as a second or third crop on wheat and oats stubble.

As Texas and generally this Northwestern territory has gone through several dry years and cut down the food supply for man and beast, and what money was made on the short cotton crop has to be paid out for feed and forage in order to make another crop, besides many a farmer had to go to the banks and borrow money to buy feed with, therefore, let us profit by the years of experience that have gone by and not again make the mistake of planting insufficient grain and forage crops for our own use as well for market. We cannot get too much feed on hand, therefore, we want to encourage every farmer to prepare to plant his stubble land in Kaffir and Milo-maize as soon as the wheat and oats are taken off.

A great number of our farmers know that if they had planted their stubble and their corn land last year in feed stuff, when they saw that the feed crop was a failure, they would have kept at home and to their credit many millions of dollars. Many farmers did follow this plan with very satisfactory results.

With sufficient moisture in the ground, Maize or Kaffir Corn, if planted now, will germinate and come up soon and with proper intensive cultivation, will make a good crop and will fully mature planted even during the month of July. Dwarf Yellow Maize will mature in 90 days from the time of coming up. The White Dwarf will mature still 10 days earlier than Yellow Maize. Kaffir Corn, however, is more drought resistant than Maize and will take from 20 to 30 days longer to mature than Maize.

In advocating the raising of these splendid grain crops which really means two crops from the same piece of ground, I wish to emphasize that we must include in the raising of these crops the planting of cowpeas to keep up the fertility of the soil and would advise and request each progressive farmer to plant his Maize or Kaffir Corn in alternate rows with cowpeas. You will make just as much Kaffir Corn in alternate rows per acre as where you plant all in Maize or Maize in alternate rows per acre as where

you plant all in Maize or Kaffir, besides you have a crop of Cowpeas which is fully as or even more valuable than the other crop. Every farmer ought to raise his own peas for next year's planting. In black and heavy land, the Soy Bean would be preferable to Cowpeas, each is a legume and a soil builder and a great subsoiler, as the roots of these legumes penetrate the subsoil deep, thereby making it porous and assist to make the mineral plant food available, such as acid phosphate and potash, which is needed in making the grain in all different crops. Besides it is a great nitrogen feeder which is one of the main plant foods to develop the plant.

Market value for Maize and Kaffir has been established all over the United States and many carloads have been shipped over to Europe and as soon as there is more raised of these crops, the demand for them will increase.

I hope that every farmer who has the land to plant will take advantage of this opportunity.

A CORROBORATION

Of interest to Wichita Falls Readers For months Wichita Falls citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Wichita Falls residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement? No stronger proof of merit can be had than cures that have stood the test of time. The following statement should carry conviction to the mind of every Wichita Falls reader.

J. E. Sport, Wichita Falls, Texas, says: "We still use Doan's Kidney Pills in our family whenever occasion requires a kidney medicine and are always greatly benefited. We have previously endorsed this remedy and you may continue using the statement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

ACCEPTANCE FOR TRIP SHOULD BE PROMPTLY SENT.

All who attend joining the Chamber of Commerce inspection trip next Tuesday should mail their acceptance to the secretary not later than noon Monday, so that automobiles may be procured.

Up to last night nearly fifty acceptances had been received. It is hoped to have not less than one hundred for the trip.

WAGON RECEIPTS OF WHEAT LIGHT

MUDDY ROADS PREVENT MUCH GRAIN BEING BROUGHT IN TO ELEVATORS.

COTTON VERY PROMISING

Outlook Declared Best in Several Years—Heavy Receipts Put Oats Price Down.

On account of the soggy roads very little wheat has come into market this week by wagon but local elevators continue to receive carload shipments from Oklahoma points. The price remains at 90 cents for wagon wheat. Very little of the crop here will grade No. 2.

Oats have gone off from one to two cents a bushel on account of heavy receipts from Oklahoma points, and the improved outlook for corn and feed crops since the rains early in the week. Loose wagon oats have fallen to 36 cents on the local market. Sacked oats are selling at 38 cents.

The straw is now dry enough to resume threshing but the fields are so soft that the wagons sink into the earth and few outfits will resume work until Monday.

Farmers who have been in town this week say the corn crop was damaged by the hot winds last week all the way from twenty to forty per cent and in some fields the damage has been even higher. Inquiries are being received for kaffir corn and milo maize seed and the indications are that a large acreage of these crops will be planted.

Old residents say that never in the history of the county was the cotton crop so promising. The indications now are that the big crop of 1906 will be surpassed.

Entered at the Postoffice at Wichita Falls as second-class mail matter

Wichita Falls, Texas, June 23rd, 1912.

503 (WICHITA FALLS) 503

It is now up to the Democrats to pick a winner from the fine bunch that will be offered as candidates at the Baltimore convention.

The candidates for State, district, and county offices have but little more than one month left in which to see the "dear people" before the July primaries, at which time the thinking our process will take place. Doubtless, they will be glad, and no one should feel sorry.

The acreage planted to cotton in Wichita county this year is larger than for any previous year, and the crop is farther advanced and in better condition than ever before. This means that from 15,000 to 18,000 bales of cotton will be produced for the year 1912. The largest production for any previous year was 11,000 bales.

Mr. Bryan, like any other one of the Democratic leaders, has a right to express his choice for temporary chairman of the Baltimore convention, and Mr. Bryan is opposed to Judge Alton B. Parker for that position. In opposing Judge Parker, he but voices the sentiment of thousands of progressive Democrats throughout the Union.

The action of the Chicago convention has caused a wide split in the Republican party. Let this be a warning to the Democrats at Baltimore. If they will only do the sensible thing now and nominate a progressive Democrat they will elect him in November. Mr. Bryan nor no other leader should be permitted to ruin the bright prospect for a Democratic presidential victory that has presented itself for years.

"Last Sunday, in a speech I made in German, I urged Republicans to come in the Democratic primary, and help us defeat Ramsey. I think they ought to do that if they are liberally-minded people."—Excerpt from speech delivered by Bernard Schwemmann, as published in San Antonio Express, of June 8th, 1912, page 4, column 4. If this does not look as if prohibition was an issue in the gubernatorial campaign, we appeal to the esteemed Denison Herald, Houston Post, and other papers that are continually asserting that it is not to tell what it means. We want to be enlightened.

Hatton W. Summers, one of the twenty-one candidates for congressman-at-large, was a visitor to this city yesterday. Mr. Summers is of Dallas county, and was formerly prosecuting attorney of that county. But in justice to Mr. Summers' ability as a prosecutor, it should be explained that he has not held that position during the past six years, and is therefore not responsible in any way for the miserably poor record made for convictions of the many persons charged with capital crimes in that county. Mr. Summers is a young man of more than ordinary ability, and measures well up to congressional size.

When the people learn to refuse to give their support to candidates for office who are not qualified by intellectual attainments, training and moral character, they cannot expect to have better laws or even hope to have those we now have enforced as they should be. If a person wants to show favors, it is far better that he should bestow them in a different way other than upon a personal friend whom he, of all others, knows is not qualified to fill the office to which he aspires, and knows that if elected, has not the backbone or courage necessary to do his duty. In such a case, it is stand-off as which the candidate seeking the office who is not qualified to fill it, or the man who allows his sympathies or friendship to lead him to do an act which he has ever reason to believe is not for the best interests of all the people. Those who elect the officers are responsible for the kind we get.

INTERVENTION IN CUBA. Who will profit by it if the United States intervenes in Cuba? The Saturday Evening Post submits some pertinent observations on the subject. It says:

Kindly imagine yourself dwelling, with your spouse and offspring, in a cute little hut consisting of a framework of poles covered with palm leaves. Adjoining the hut is a tiny banana grove that you or somebody else planted years ago. At the rear is a small sweet-potato patch. By stirring the ground a little you raise four crops of potatoes a year. They and bananas—baked over a hole in the ground—constitute the staple articles

of your diet. You do not own the hut. You own merely the family's scanty wearing apparel—the young members wear nothing at all—and possibly a very long, heavy steel blade, capable of severing a man's head at a blow, which you use ordinarily for the purpose of cutting sugarcane. The sugarcane is owned by a great individual or corporate proprietor whose acres may stretch on every side as far as the eye can reach, and who probably owns also a large, modern sugar mill.

There is good demand for labor, as all cases is cut by hand, and the mill runs five months in the year. You can get fair wages when you work; but the incentive to toil is not very great when bananas are to be had for the picking and a man is exactly as comfortable without a shirt as with one—and, no matter what happens at Madrid or Havana or Washington, conditions for you scarcely change. You get your bananas and your shirt—never any more, hardly ever any less. Yours certainly is a humdrum sort of existence. You may like to vary it now and then by chopping something besides sugarcane with your long knife; and if the mill burns—well, bananas ripen just the same.

This is the condition of a very large portion of the natives of Cuba. Another considerable portion, living in towns and cities, is no better off. Much American capital has gone into Cuba, purchasing, among other things, vast tracts of sugar land and spending the profits in New York, Boston and elsewhere. There may, possibly, be intervention on behalf of capital. There is no intervention on behalf of the natives. Everybody in this country should understand just the sort of mess in which we are invited to intervene.

"Just To Keep the Record Straight."

In justice to the people of this city I want to say a few words through the paper in reply to an article which appeared in The Times of Friday, June 21, headed "Action Taken by the Plumbers of Wichita Falls," whereby they will not figure or estimate their work with the carpenter contractor, claiming that in their estimates, will charge for first-class plumbing and have installed the very cheapest kind of job, causing a great deal of "inharmonious feeling" between the owner and the plumber.

Now, while such a statement as that has its bearing with the general public, I want to say that it is a gross misrepresentation, and is misleading. Quite a number of the contractors, in fact most all of them, are ready and willing to sign a sworn statement that they do not try to make any profit on either plumbing or painting. More than this, the city has a man for the purpose of inspecting their plumbing jobs, and he is not opposed to pass favorably on work that is not up to a certain standard of sanitary condition.

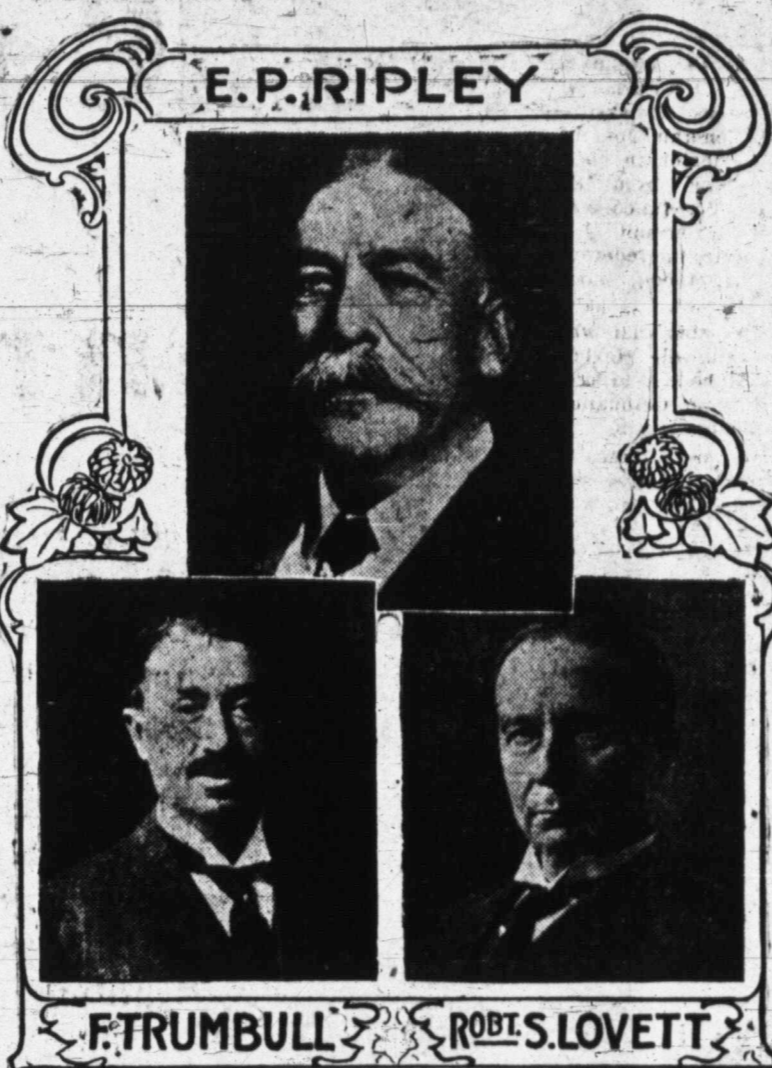

There is no doubt in my mind (and this statement is the same that has been made by a great many others), that the movement is made to "soak" somebody, for there isn't any likelihood of the journeymen plumbers getting any more of this work and the plumbers say they will have to have about 25 per cent more than they are now getting. That is, a job for \$100.00 they would \$200.00, and if they could make such a movement as that stick why should not the joiners and electricians do the same thing? Though the people, who build, would soon be in need of a private secretary to enable them to keep up with their business.

A CONTRACTOR NO. 2. WOMAN IS ARRESTED ON CHARGE OF INTOXICATION.

A woman who, under the influence of liquor, has almost terrorized a neighborhood in the residence district for several days past, was placed under arrest yesterday and taken to the county jail. At one time all the women and children in the neighborhood where the woman lived were congregated in one house for self-protection. The officers experienced some difficulty in effecting the arrest but finally, by telling the woman that her husband was suing her for divorce and that she must come to the court house to defend herself, they induced her to accompany them. She came to the court house, vowing all sorts of dire punishment for her husband, and was then placed in jail. She has a baby only a few weeks old which is being looked after. Her husband works in the country near here.

What has become of the old-fashioned woman whose shifts didn't "hang."

Have Told Why Texas Hasn't More Railroads

E.P. RIPLEY

Three Railroad Men of National prominence who, on invitation of the Texas Welfare Commission, appeared before that body and discussed Railroad matters. A synopsis of their general views follow: 1st.—That the stock and bond law be so amended as to make it possible to refund maturing bonds and to make such extensions, improvements and betterments as are needed; the bonds to be issued prior to the expenditure.

EDITORIAL COMMENT

Fictitious News. (New York Post)

To combat the dissemination of fictitious news in matters affecting international relations—is among the first tasks set itself by the European Bureau of the Carnegie Peace Foundation. It is a task of great difficulty, but the results that may be obtained are easily worth the effort. No one will deny that the conscienceless and the ignorant newspaper press is responsible in large measure for the regularly recurrent crises which agitate European politics. Whether the cause be simply ignorance or unconscious prejudice or deliberate misrepresentations, a central bureau that shall make it its business to call the attention of editors to facts that pass in their columns as facts must count in the long run for a higher standard of international ethics. There is the maxim, of course that a lie once cast abroad cannot be overtaken. But if an active hue and cry be set up after every lie as it turns up the public may be ultimately taught to receive tainted matter with suspicion. We should like to see published in every newspaper on the first of each month a short quarter of a column under some such title as "The Pillory," with an introductory sentence, "In the course of the thirty days just elapsed the following misstatements have been foisted upon the public," and followed by a condensed but comprehensive list of lies.

Suicide Bureau a Success. (London Chronicle)

May Use State Troops to Protect Texans on Border

By Associated Press.

El Paso, June 22.—Passengers from Chihuahua predicted the rebels will make no fight at Bachimba, but will flee towards Juarez and the American border. Adjutant Gen. Hutchings and Col. Walker, quartermaster general, both of the Texas militia are here at Gov. Clegg's orders to take measures to prevent Americans from suffering in case of fighting across the river. It is reliably stated that the Texas militia establishment had determined not to wait on the federal government at Washington and in case of emergency will act on its own accord.

Juarez when attacked will be assailed from the west, according to the Mexican consul, with artillery that will bombard the town in a line parallel with the Rio Grande and away from United States territory. So far as possible the federal will confine their attack to carefully directed shelling, using infantry and cavalry sparingly, as the rebels in the neighborhood of Chihuahua have retreated before the federal artillery, evacuating town after town, so the government hopes to drive the rebels from Juarez by the shelling process. The campaign is timed to coincide with important developments at Bachimba and the city of Chihuahua, it being planned to cut the railroad lines connecting with Juarez at the same time.

Should the rebels evacuate Juarez to the federal forces now advancing from

the west they will find escape cut off on the east by the columns under General Sanjines. Both General Sanjines, the commander of the east wing of the army and General Jos. Blanco and Giuseppe Garibaldi, in charge of the forces marching from Sonora and western points, are in constant communication by courier and telegraph with General Huerta, the federal commander-in-chief advancing northward on Bachimba.

It is anticipated that when Huerta gives the order the Mexican Central railroad will be cut to prevent reinforcements from Chihuahua and the attack on Juarez begun.

The government forces converging on Juarez when united will number three thousand men and with artillery it is expected they will have little difficulty in forcing the surrender of the Juarez garrison, numbering less than a thousand.

Supporters of Emilio Vasquez Gomez today issued a proclamation denouncing General Pascual Orozco. They made public the correspondence in which Orozco is alleged to have first invited Gomez to become provisional president and then repudiated him.

The "Vasquistas" call upon the members of the revolutionary party to forsake Orozco and court martial him for his "traitorous deeds."

They suggest the naming of a new chief to continue the revolution against the Madero government.

"MY LADY'S GARTER"

Jacques Futrelle's last novel Starts in the Saturday Evening Post on sale June 13th.

A thrilling love story dealing with the mysterious disappearance of the Countess of Salisbury's Garter; the equally mysterious identity of the Hawk, gentleman thief, and the efforts of three men to win a spirited American girl. It's funny it's fascinating, it's dramatic.

the membership has increased to such an extent that it was found necessary to have in charge an experienced man who also can handle the publicity end and devote his entire time to the club.

Reclamation Project In New Mexico Extensive

By Associated Press.
Mexico City, June 21.—One of the plans evolved by the government through its Department of Public Welfare, Colonization and Industry, to provide arable lands for division among the people—one of the chief planks of Madero's revolutionary platform—is under way. It contemplates the drainage and filling in of the great bed of Lake Texcoco, some two and a half miles east of the capital. The work will require five years. It is estimated, and an expenditure of 4,000,000 pesos (\$800,000 gold). Thousands of acres of waste land, now partly covered with water to the depth of two feet, and the remainder either useless swamp or dry, sandy stretches, the latter giving rise to frequent dust storms which sweep the capital in the dry season, are to be reclaimed. This land, according to plans which are being worked out—is to be placed on sale to individual Mexicans at the lowest possible figure and on long term payments.

Lake Texcoco is the last remnant of the once mighty body of water which covered the plateau and completely surrounded the ancient city of Tenochtitlan, now the capital of the republic. Legend has it that somewhere in its depths the treasure of Montezuma was sunk to prevent its falling into the hands of Hernando Cortes. It has been searched in vain during the hundreds of years since the conquest, and it is regarded as possible, though hardly probable, that it will come to light in the conversion of this lake bed.

Three bills, intended to put into effect some of the reforms which were promised to the people by President Madero, were not presented to the National Assembly because a great deal of difficulty was met in the legal technicalities of the measures. Two of the bills dealt with the land question and the third was an employer's liability act. The drafting of the bills has been in the hands of Carlos Trejo y Leyda de Tejada, attorney-general of the Federal District.

President Madero's cabinet has decided to cancel a fishing concession on the east and west coasts of Lower California and the western part of the mainland granted to the Managra Exploration Company by the Diaz government. The company is British and will receive \$150,000 as indemnity. It is stated that the cancelling of the concession has nothing to do with the late Japanese talk, but is aimed simply to return to the people on the coast the fishing rights of which they had been deprived and which in many instances, as constituted their only means of livelihood.

The inherent politeness of a Mexican referee nearly annulled the effect of a clean knock-out during a recent boxing match in the capital. Incidentally the row which followed the umpire's decision in favor of the Mexican pugilist, who was pitted against Jim Smith, a negro, has resulted in an official ban on the sport within the federal district.

Cuahtemoc Aguilar, the Mexican went through the ropes in the fourth round. The umpire, carried away by the calamity which had befallen the people's idol, rushed to his aid and was about to try to put him on his feet.

"The count! the count!" yelled half a hundred Americans in the audience. Several seconds later, the umpire remembered his office and to all appearances Aguilar was down and out. The umpire then declared the blow a foul because it had been struck after the gong sounded. It was pointed out that the gong was broken and could not be heard, but the decision stood. The meeting broke up in a fuss that threatened to result in further fistcuffs.

In an inconspicuous place in the Na-

tional Palace, from which all pictures of Gen. Porfirio Diaz have been banished by a presidential decree, three remains one which has escaped the notice of the new government. On the window jamb of one of the offices set aside for the president's private secretaries is pasted a picture about the size of a postage stamp of the old warrior president. It is surrounded by two flags and over it is a legend reading "Long live Porfirio Diaz."

ACTION TAKEN BY THE PLUMBERS OF WICHITA FALLS

Will Figure Only With Owners and Architects Hereafter In All Plumbing and Heating Contracts

The plumbers of this city, being desirous of installing a better class of plumbing work and fixtures for builders of this city, have unanimously agreed to discontinue the practice of furnishing estimates of plumbing and heating to carpenters and other contractors, and to figure only with owners and architects, when the latter provide plans and specifications for the proposed buildings, bids to be given direct to owners.

It has come to the attention of the plumbers that a great many unscrupulous contractors add a large profit on plumbing estimated in general contract, thereby charging owners with first class plumbing and figuring the very cheapest kind of job with plumbers, thus causing very inharmonious feelings between the owner and plumber.

On the other hand, every conscientious and honest contractor will gladly eliminate all connections with the plumbers, as same is a great inconvenience to them causing them to lose much valuable time, obtaining figures on plumbing, to enable them to give their total estimate on work without any reimbursement for the same.

The plumbers of this city are direct contractors and will hereafter figure only as above stated. 24-5c

PROGRAM FOR CONCERT AT COURT HOUSE TODAY

Band Will Play at Five O'clock—Pleasing Numbers Will Be Rendered

This afternoon's band concert on the court house lawn will begin at 5:00 o'clock and a pleasing program has been prepared. These concerts have been very popular and a large crowd usually attends. L. C. Taylor is director of the band. Today's program is as follows:

March—"Glorious Nation."
Overture—"Sunshine and Showers."
Waltz—"Wedding of the Winds."
Grand Religious Fantasia—"Joy to the World."
Overture—"Poet and Peasant."
Idyll—"The Mill in the Forest."
March—"The Artilleryman."

ANOTHER ARMY AVIATOR IS KILLED IN GERMANY.

Toberlitz, Germany, June 22.—Another army aviator was killed here yesterday. Lieutenant von Falkenstein of the German army was the victim. His machine fell when he made a false move with a lever.

The Big Sale!

NOW ON AT

Pennington's

Thursday, Friday and Saturday were record breakers for this season of the year. Yesterday (Saturday) will long be remembered by every employee of this great establishment.

The store was packed with eager buyers from all parts of the country, from early in the morning, till 10:00 o'clock—closing time last night. The people know a good thing when they see it, and are coming by the hundreds to take advantage of this great bargain giving sale.

For this week we have brought many lines to the front, and will have them on display and sale early Monday morning.

This is the time to save money on your purchases, as this sale will close next Saturday night promptly at 10:00 o'clock. Come Monday and every day this week if possible and remember this great sale will close next Saturday night.

Pennington's The Big Busy Store

FOUR YEAR OLD BOY IS BADLY BURNED FRIDAY

Joe Bailey Swope Seriously But Not Fatally Injured When Clothes Caught Fire

Joe Bailey, the four year old son of G. A. Swope and wife, 612 Burnett street, was severely but not fatally burned late Friday afternoon. A sister and an older brother and Ross Carter, another boy, were also painfully burned about the hands in extinguishing the flames.

Mrs. Swope was away from home at the time having gone to a neighbors where a little baby was fatally ill. She left the two younger children in charge of her fourteen year old daughter who was engaged in ironing out some clothing. The little boy slipped out of the room and took some matches unnoticed by his sister with which he started a fire in the yard. To watch some other children his dress caught fire. His older brother and Ross Carter were the first to reach him. His sister joined them and threw water on the flames, partially extinguishing them but they were not fully extinguished until the Carter boy seized a pillow and smothered them out.

The dress had burned to the skin at the back but the burns were not deep enough to be fatal. A physician who was in the neighborhood gave the children prompt attention.

May Be Oil At Quinah.

(Quinah Tribune-Chief)
C. H. Newby sent the Tribune-Chief man an invitation to come and see his oil well last Friday and we went.

In the boiler rooms of the American cement mill—a dug well about thirty feet deep. A charge of dynamite had been set off in it, and a strong flow of oil made its appearance immediately afterwards, and something like three hundred barrels of oil had been taken from the well.

While we were present the pumps did not seem to be able to keep up with the flow of oil coming into the well, and it was undoubtedly the same kind of crude oil like we had seen coming out of the wells at Electra. We learned that the test showed the oil to be similar to the Electra oil.

J. B. Green of Goodlett, who served his apprenticeship in the Pennsylvania oil fields, states that it is doubtless oil that never has been refined before containing plenty of petroleum and gasoline.

Mr. Newby has found it necessary to install a larger pump this week and the flow of oil continues undiminished. Mr. Newby intends to drill two

COMMITTEE IS COMING

BAPTIST EDUCATIONAL COMMITTEE WILL VISIT THIS CITY TOMORROW

SCHOOL PLANNED

Will Consider Offer Made Several Weeks Ago By Chamber of Commerce

The committee from the Baptist Educational Board at Waco recently appointed to visit Wichita Falls in connection with the consideration of a proposition from the Chamber of Commerce to locate a junior college in this city will reach here tomorrow at 3:40 o'clock.

The committee includes Dr. J. R. Jester of Fort Worth, Rev. J. H. Johnson, Waxahachie, Dr. F. C. McConnell, Waco; Rev. M. T. Andrews, Hillsboro; Rev. J. L. Ward, Decatur. Dr. A. J. Barton, secretary of the educational board, will accompany the committee to this city and will join in the conference with the Chamber of Commerce committee. The conference will be held regarding the opportunity for the establishment here of a Junior Baptist College, the location of a site, and the proposition which the Chamber of Commerce will make to the board. The committee from Waco will attend denominational day at the Baptist encampment now in progress at Lake Wichita. Denominational day will be Tuesday, the decision having been reached at the invitation of Rev. J. P. Boone, that the committee attend at least one day's session of the encampment.

Several weeks ago the Chamber of Commerce made a tentative offer to the Baptist Educational Committee to locate a junior college in this city and Secretary Forester and Rev. J. P. Boone appeared before the committee at Waco to invite its members to this city the invitation being accepted and the visit tomorrow will be to look the ground-over to determine the advisability of establishing the college here.

W. M. PETERS, FORMERLY OF HERE, DIES AT SAN MARCOS.

W. M. Peters, a former resident of this city, died at San Marcos Friday night and was buried Saturday afternoon. Mr. Peters came to Wichita Falls about six years ago from Grayson county. A few months ago he traded his property here for a ranch near San Marcos, where he went in the hope that the climate would be beneficial to his falling health. J. B. Marlow, a friend of Mr. Peters, received a telegram yesterday morning announcing his critical illness and left for that place yesterday. A telegram was received from Mr. Marlow Saturday afternoon announcing the death of Mr. Peters. The deceased was 65 years of age. He was survived by a son and two daughters who live in this city.

Most of us are inclined to forego the honor of being the first to ride in a new automobile if the inexperienced owner is running the machine himself.

An airship may never hit an iceberg, but there are numerous other solid commodities it can run into.

REPLY MADE TO BRYAN'S APPEAL

THOSE WHOM HE WIRED CONSIDER THE ISSUE AS UNIMPORTANT

SOME SAY TARIFF FIRST

Harmony is Urged and Sentiment is Against Discard Over Chairmanship

Chicago, June 22.—The telegram sent out by Bryan protesting against Parker's election as temporary chairman at the Baltimore convention and the replies received are as follows. Bryan said in his telegram: "In the interest of harmony, I suggested to the subcommittee of the Democratic National committee the advisability of recommending as temporary chairman some progressive acceptable to the leading progressive candidate for the Presidential nomination."

"I took it for granted that no committeeman interested in Democratic success would desire to offend the members of a convention overwhelmingly progressive by naming a reactionary to sound the keynote of the campaign. Eight members of the subcommittee, however, have over the protest of the remaining eight, agreed upon not only a reactionary, but upon the one Democrat who, among those not candidates for the Presidential nomination is, in the eyes of the public, most conspicuously identified with the reactionary element of the party."

"I shall be pleased to join you or your friends in opposing his selection by the full committee, or by the convention. Kindly answer here."

Speaker Clark telegraphed Bryan that if all joined in an appeal to the Democratic National committee to avoid controversy in organization of the Baltimore convention the committee would leave the platform and the nomination of candidates the only real issue on which delegates need divide.

The message expressing this belief was in response to the telegram which Mr. Bryan sent many prominent Democrats protesting against the selection of Judge Alton B. Parker as temporary chairman of the Baltimore convention.

Speaker Clark's telegram follows: "Have consulted with the committee having my interest in charge and agree with them that the supreme consideration should be to prevent any discord in the convention. "Friends of mine on the subcommittee of arrangements have already presented the name of Hon. Ollie James" to the subcommittee. "I believe that if all join in the interests of harmony in an appeal to the entire National committee to avoid controversies in matter of organization that the committee will so arrange as to leave the platform and nominating of candidates as the only real issues on which delegates need divide."

Thos. R. Marshall, candidate for the Democratic Presidential nomination, sent Bryan a telegram asserting that he could not show preference for any one who might be chosen for temporary chairman of the National convention, especially Judge Parker. His telegram follows: "You may be right, but as Judge Parker, as a member of the committee on resolutions from the State of New York at the National convention at Denver, helped to report our platform of 1908, and as he came to in-

dians that year to advocate your election and mine, and as he returned in 1910 to advocate the election of Senator Kern, I do not see how his selection as temporary chairman will result in a reactionary platform in 1912. I am not a delegate to the convention, and as the choice of the party in Indiana for the nomination for President I deem it inappropriate to me to attempt to dictate to the lawfully constituted party who shall or who shall not preside at the convention."

"Your telegram received. I believe the Democratic party is so fully committed to progressive principles that the adoption of a progressive platform and nomination of progressive candidates are absolutely certain. Upon tariff reduction, abolition of monopoly and perfecting the agencies of popular government our party is united and sure to win the coming election. I hope, therefore, that we shall subordinate all personal issues to these great questions of principle in order that our party may not weaken the important advantage it now possesses. The tariff overshadows everything else and must be the dominant note in the convention and election. Therefore, I sincerely hope to see all Democrats solidly united for downward tariff revision, first of all. We will win on that."

HUGENE N. FOSS.
Woodrow Wilson's reply is not made public.

PRODUCTION OF TRUCK GARDENS

CROPS NOW BEING GATHERED FROM IRRIGATED PATCHES NEAR CITY

UNUSUALLY HEAVY YIELD

All of Ditches Now in Use, Supplying Total of About Three Thousand Acres

The irrigated lands between Wichita Falls and Lake Wichita, nearly three thousand acres in all, are now one big truck garden and a heavy yield of vegetables is being gathered. For several weeks all three of the main ditches, as well as the alterals have been flowing steadily, resulting in a handsome growth of all kinds of vegetables. These are now being gathered and are offered for sale locally.

In addition to the garden truck, considerable corn and cotton has been planted and roasting-ears have already made their appearance. The cotton is said to be exceptionally promising.

E. Witten, one of the truck farmers in the irrigated country, yesterday brought some exceptionally large onions to the city. He had both the red and white varieties, some being four inches in diameter. Lettuce, cabbage, turnips and melons have been planted extensively and said to be yielding exceptionally. The recent rains have brought the lake to a level that has made water for the ditches plentiful without danger of any shortage.

While water from Lake Wichita has been used for irrigated gardens for several years, this is but the second season that the new system of ditches, supplying about 1800 additional acres, has been in use and the results have been very pleasing.

OUTDOOR LIFE

Will Not Offset The Ill Effects of Coffee and Tea When One Can not Digest Them

A farmer says: "For ten years or more I suffered from dyspepsia and stomach trouble, caused by the use of coffee (tea contains caffeine, the same drug found in coffee) until I got so bad I had to give up coffee entirely and almost give up eating. There were times when I could eat only boiled milk and bread; and when I went to the field to work I had to take some bread and butter along to give me strength.

"I doctored steady and took almost everything I could get for my stomach in the way of medicine but if I got any better it only lasted a little while. I was almost a walking skeleton.

"One day I read an ad for Postum and told my wife I would try it, and as to the following facts I will make affidavit before any judge:

"I quit coffee entirely and used Postum in its place. I have regained my health entirely and can eat anything that is cooked to eat. I have increased in weight until now I weigh more than I ever did. I have not taken any medicine for my stomach since I began using Postum.

"My family would stick to coffee at first, but they saw the effects it had on me and when they were feeling bad they began to use Postum, one at a time, until now we all use Postum." Name given by Postum Co., Battle Creek, Mich.

"Ten days' trial of Postum in place of tea or coffee proves the truth, an easy and pleasant way. Read the little book 'The Road to Wellville,' in pkgs. 'There's a reason.' Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Replies To Plumbers.

Editor The Times: Having read in yesterday's Times a notice from the plumbers of the city I desire to make a few remarks that seem to me to be in order. It is charged that a "great many unscrupulous contractors" are fleecing the owners of buildings by charging high prices for plumbing, thereby causing "inharmoonious feelings" between the owners and the public. As a general contractor in this city, I think that I am thoroughly familiar with the building situation in all of its details. My experience has been that the general contractor rarely if ever makes five per cent on the plumbing. Surely this paltry percentage is not wholly to blame for the "inharmoonious feelings" above mentioned. It is a fact that the plumbers cause the general contractors more trouble and annoyance than the painters, canvassers, paper hangers, electricians and brick masons combined. It is not reasonable to expect that the general contractor will bear this trouble without compensation. If he does make a profit out of the plumbing contract he will add it to the incident at expense.

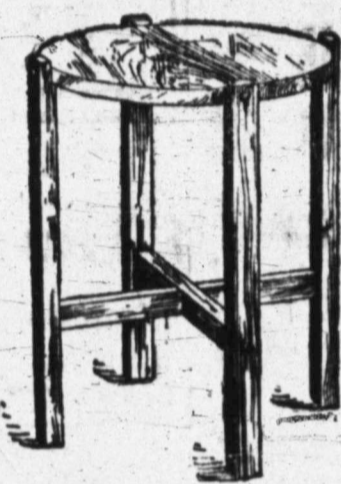

If the master plumbers really desire to cheapen the cost of plumbing to the owner and thereby avoid these "inharmoonious feelings," I think that quite a saving might be made in the item of labor. It is my opinion that the plumbers idle away more time on a building than all the other mechanics combined. The master plumbers pay less attention to their work than any other class of sub-contractors. The journeyman plumbers apparently

dictate to the masters and the masters obey orders. I should like to see published a true copy of the contract that the journeymen demanded on May 1 of this year and in the same paper I should like to see a true copy of the contract that the masters signed. It is but fair and proper that I should state there are notable exceptions to these statements. This is submitted partly in defense of the "unscrupulous contractors" and partly in defense of the general public.

A CONTRACTOR.

Baylor County's Rain (Seymour Banner)

The fall in Seymour amounted to practically three inches, which perhaps was an average for the county. Followed by cool, cloudy weather the hot and dry conditions have been completely reversed. Crops which Saturday appeared about ready to succumb are now looking fresh and green and no less a transformation has been worked among our people. The country was not in such bad shape, but things were getting to where they would get bad in a mighty short time. And three short crop years had put the country to where it did not seem that we could stand another one without serious injury. But you can depend on old Baylor to "make good in the pinches." This is the best country in the world when it rains and it has rained.

ANNOUNCEMENT

was easily seen that Bryan was second choice and was really the first choice of many of the delegates. A few days for the same purpose, has been reached that should Wilson show a weakness and it looked like he could not be nominated that the Texans would throw their strength to Bryan.

GRAIN OF CORN CAUSES DEATH OF VERNON CHILD.

(Vernon Record)

A grain of corn swallowed last Saturday caused the death Monday of two-year-old Lucile Pingleton, daughter of Mr. and Mrs. S. C. Pingleton of the county farm.

The little tot was in the yard playing Saturday morning and found several grains of corn and put one of them in her mouth. She laughed and in so doing sucked the kernel into her windpipe. Violent coughing followed but this failed to dislodge the grain. A physician was summoned, and all his efforts to afford relief were unavailing, the parents being advised that nothing short of an operation could save the baby.

Mr. and Mrs. Pingleton and the little suffered left Vernon Saturday night for Fort Worth, the little one undergoing the operation Monday from the effects of which she never recovered.

GOVERNOR BALDWIN URGES BRYAN TO KEEP PEACE.

By Associated Press.

New Haven, Conn., June 22.—Gov. Baldwin today wired Bryan in reply to the latter's appeal that the governor oppose Parker as temporary chairman at Baltimore. The message said the governor would regard it as unwise to stir up any difference respecting action of the national committee. He appealed to Mr. Bryan to use his influence to avoid any differences at Baltimore.

"It does not seem to me that the course you suggest would promote harmony. The Republican party has been visibly distorting itself. The storm center has been the action of the national committee in planning for the organization."

at the committee would make Alton B. Parker temporary chairman of the convention.

E. L. Hall of Nebraska, vice chairman of the National committee probably will call the National convention to order next Tuesday instead of Chairman Norman E. Mack. The latter received word tonight of the death of his mother at Buffalo, and he left at once for that city.

One conference followed another today among leaders of the rival camps to take over plan of battle on the national committee, where the next open fight on the question of naming Judge Parker will be made next Monday.

It was stated by friends of Judge Parker that he had no intention of withdrawing as a candidate for the temporary chairmanship, as reported. The Wilson leaders had little to say, referring to await Gov. Wilson's answer to Col. Bryan. Mr. McComb can-

ing him was made by W. A. Pendergast of New York who was to have presented his name to the convention. Dean Draper Lewis of the University of Pennsylvania Law school who was to make one of the seconding speeches, delivered the address which he had prepared for the Republican National convention. Representatives of 22 States composed the notification committee which informed Roosevelt of his nomination. He accepted and in a sense stood sponsor for the movement.

Roosevelt's speech of acceptance was as follows:

"Gentlemen, I thank you for your nomination and in you I recognize the lawfully elected delegates to the Republican convention, who represent the overwhelming majority of voters who took part in the Republican primaries prior to the convention, and who represent the wish of the majority of the lawfully elected members of the convention.

"I accept the nomination, subject to but one condition: "This has now become a contest which cannot be settled merely along the old party lines. The principles that are at stake are as deep and as broad as the foundation of our Democracy.

lyling free government should join in one movement.

"Therefore I ask you to go to your several homes to find out the sentiment of the people at home and then again to come together, I suggest, by mass convention, to nominate for the presidency a progressive candidate on a progressive platform—a candidate and platform that will enable us to appeal to the northerner, the southerner, easterner and westerner, Republican and Democrat in the name of our common citizenship. I will make the fight even if only one State should support me. My only condition is that you shall feel entirely free to substitute any other man and in such case I will give him my heartiest support.

Gets Thirty Days For Following a Chicken.

American justice was in a dilemma at Malone, N. Y., when a man and two chickens he was charged with stealing were presented in a court

room which is half in the United States and half in Canada.

The chickens suddenly flew to the north end of the room and the owner followed. They were in Canada and defied the court, and they were outside its jurisdiction when they were presented in a court

Washington, D. C., June 22.—The special convention of the Republican party is true to the principles of its founders and is genuinely progressive. I see it come bodily into the room, for the convention met in this city in no other word a Republican on Page 3)

COMMITTEE IS COMING

BAPTIST EDUCATIONAL COMMITTEE WILL VISIT THIS CITY TOMORROW

SCHOOL PLANNED

Will Consider Offer Made Several Weeks Ago By Chamber of Commerce

The committee from the Baptist Educational Board at Waco recently appointed to visit Wichita Falls in connection with the consideration of a proposition from the Chamber of Commerce to locate a junior college in this city will reach here tomorrow at 1:40 o'clock.

The committee includes Dr. J. R. Jester of Fort Worth, Rev. J. H. Johnson, Waxahachie; Dr. F. C. McConnell, Waco; Rev. M. T. Andrews, Hillsboro; Rev. J. L. Ward, Decatur. Dr. A. J. Barton, secretary of the educational board, will accompany the committee to this city and will join in the conference with the Chamber of Commerce committee. The conference will be held regarding the opportunity for the establishment here of a Junior Baptist College, the location of a site, and the proposition which the Chamber of Commerce will make to the board. The committee from Waco will attend denominational day at the Baptist Encampment now in progress at Lake Wichita. Denominational day will be Tuesday, the decision having been reached at the invitation of Rev. J. P. Boone, that the committee attend at least one day's session of the encampment.

Several weeks ago the Chamber of Commerce made a tentative offer to the Baptist Educational Committee to locate a junior college in this city and Secretary Forester and Rev. J. P. Boone appeared before the committee at Waco to invite its members to this city—the invitation being accepted and the visit tomorrow will be to look the ground over to determine the advisability of establishing the college here.

W. M. PETERS, FORMERLY OF HERE, DIES AT SAN MARCOS.

W. M. Peters, a former resident of this city, died at San Marcos Friday night and was buried Saturday afternoon. Mr. Peters came to Wichita Falls about six years ago from Grayson county. A few months ago he traded his property here for a ranch near San Marcos, where he went in the hope that the climate would be beneficial to his failing health. J. B. Marlow, a friend of Mr. Peters, received a telegram yesterday morning announcing his critical illness and left for that place yesterday. A telegram was received from Mr. Marlow Saturday afternoon announcing the death of Mr. Peters. The deceased was 65 years of age. He was survived by a son and two daughters who live in this city.

Most of us are inclined to forego the honor of being the first to ride in a new automobile if the inexperienced owner is running the machine himself.

An airship may never hit an iceberg, but there are numerous other solid commodities it can run into.

REPLY MADE TO BRYAN'S APPEAL

THOSE WHOM HE WIRED CONSIDER THE ISSUE AS UNIMPORTANT

SOME SAY TARIFF FIRST

Harmony is Urged and Sentiment is Against Discard Over Chairmanship

Chicago, June 22.—The telegram sent out by Bryan protesting against Parker's election as temporary chairman at the Baltimore convention and the replies received are as follows. Bryan said in his telegram: "In the interest of harmony, I suggested to the subcommittee of the Democratic National committee the advisability of recommending as temporary chairman some progressive acceptable to the leading progressive candidate for the Presidential nomination."

"I took it for granted that no committee interested in Democratic success would desire to offend the members of a convention overwhelmingly progressive by naming a reactionary to sound the keynote of the campaign. Eight members of the subcommittee, however, have over the protest of the remaining eight, agreed upon not only a reactionary, but upon the one Democrat who, among those not candidates for the Presidential nomination is, in the eyes of the public, most conspicuously identified with the reactionary element of the party. I shall be pleased to join you or your friends in opposing his selection by the full committee, or by the convention. Kindly answer here."

Speaker Clark telegraphed Bryan that if all joined in an appeal to the Democratic National committee to avoid controversies in organization of the Baltimore convention the committee would leave the platform and the nomination of candidates the only real issue on which delegates need divide.

The message expressing this belief was in response to the telegram which Mr. Bryan sent many prominent Democrats protesting against the selection of Judge Alton B. Parker as temporary chairman of the Baltimore convention.

Speaker Clark's telegram follows: "Have consulted with the committee having my interest in charge and agree with them that the supreme consideration should be to prevent any discord in the convention."

"Friends of mine on the subcommittee of arrangements have already presented the name of Hon. Ollie James to the subcommittee. "I believe that if all join in the interests of harmony in an appeal to the entire National committee to avoid controversies in matter of organization that the committee will so arrange as to leave the platform and nominating of candidates as the only real issues on which delegates need divide."

Thos. R. Marshall, candidate for the Democratic Presidential nomination, sent Bryan a telegram asserting that he could not show preference for any one who might be chosen for temporary chairman of the national convention, especially Judge Parker. His telegram follows:

"You may be right, but as Judge Parker, as a member of the committee on resolutions from the State of New York at the National convention at Denver, helped to report our platform of 1908, and as he came to In-

PRODUCTION OF TRUCK GARDENS

CROPS NOW BEING GATHERED FROM IRRIGATED PATCHES NEAR CITY

UNUSUALLY HEAVY YIELD

All of Ditches Now in Use, Supplying Total of About Three Thousand Acres

The irrigated lands between Wichita Falls and Lake Wichita, nearly three thousand acres in all, are now one big truck garden and a heavy yield of vegetables is being gathered. For several weeks all three of the main ditches, as well as the laterals have been flowing steadily, resulting in a handsome growth of all kinds of vegetables. These are now being gathered and are offered for sale locally.

In addition to the garden truck, considerable corn and cotton has been planted and roasting-ears have already made their appearance. The cotton is said to be exceptionally promising.

E. Witten, one of the truck farmers in the irrigated country, yesterday brought some exceptionally large onions to the city. He had both the red and white varieties, some being four inches in diameter. Lettuce, cabbage, turnips and melons have been planted extensively and said to be yielding exceptionally. The recent rains have brought the lake to a level that has made water for the ditches plentiful without danger of any shortage.

While water from Lake Wichita has been used for irrigated gardens for several years, this is but the second season that the new system of ditches, supplying about 1800 additional acres, has been in use and the results have been very pleasing.

OUTDOOR LIFE

Will Not Offset The Ill Effects of Coffee and Tea When One Can, not Digest Them

A farmer says:

"For ten years or more I suffered from dyspepsia and stomach trouble, caused by the use of coffee (tea contains caffeine, the same drug found in coffee) until I got so bad I had to give up coffee entirely and almost give up eating. There were times when I could eat only boiled milk and bread; and when I went to the field to work I had to take some bread and butter along to give me strength.

"I doctored steady and took almost everything I could get for my stomach in the way of medicine but if I got any better it only lasted a little while. I was almost a walking skeleton.

"One day I read an ad for Postum and told my wife I would try it, and as to the following facts I will make affidavit before any judge:

"I quit coffee entirely and used Postum in its place. I have regained my health entirely and can eat anything that is cooked to eat. I have increased in weight until now I weigh more than I ever did. I have not taken any medicine for my stomach since I began using Postum.

"My family would stick to coffee at first, but they saw the effects it had on me and when they were feeling bad they began to use Postum, one at a time, until now we all use Postum." Name given by Postum Co., Battle Creek, Mich.

"Ten days' trial of Postum in place of tea or coffee proves the truth, an easy and pleasant way.

Read the little book "The Road to Wellville," in pkgs. "There's a reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Replies To Plumbers.

Editor The Times:

Having read in yesterday's Times a notice from the plumbers of the city I desire to make a few remarks that seem to me to be in order. It is charged that a "great many unscrupulous contractors" are fleecing the owners of buildings by charging high prices for plumbing, thereby causing "inharmontous feelings" between the owners and the public. As a general contractor in this city, I think that I am thoroughly familiar with the building situation in all of its details. My experience has been that the general contractor rarely if ever makes five per cent on the "plumbing." Surely this paltry percentage is not wholly to blame for the "inharmontous feelings" above mentioned. It is a fact that the plumbers cause the general contractors more trouble and annoyance than the painters, canvassers, paper hangers, electricians and brick masons combined. It is not reasonable to expect that the general contractor will bear this trouble without compensation. If he does make a profit out of the plumbing contract he will add into the incident of expense.

If the master plumbers really desire to cheapen the cost of plumbing to the owner and thereby avoid these harmonious feelings, I think that quite a saving might be made in the item of labor. It is my opinion that the plumbers idle away more time on a building than all the other mechanics combined. The master plumbers pay less attention to their work than any other class of sub-contractors. The journeymen plumbers apparently

dictate to the masters and the masters obey orders. I should like to see published a true copy of the contract that the journeymen demanded on May 1 of this year and in the same paper I should like to see a true copy of the contract that the masters signed. It is but fair and proper that I should state there are notable exceptions to these statements. This is submitted partly in defense of the "unscrupulous contractors" and partly in defense of the general public.

A CONTRACTOR.

Baylor County's Rain

(Seymour Banner)

The fall in Seymour amounted to practically three inches, which perhaps was an average for the county. Followed by cool, cloudy weather the hot and dry conditions have been completely reversed. Crops which Saturday appeared about ready to succumb are now looking fresh and green and no less a transformation has been worked among our people. The country was not in such bad shape, but things were getting to where they would get bad in a mighty short time. And three short crop years had put the country to where it did not seem that we could stand another one without serious injury. But you can depend on old Baylor to "make good in the pinches." This is the best country in the world when it rains and it has rained.

DR. M. R. GARRISON
Dentist

MANY BRYAN ADVOCATES IN TEXAS DELEGATION

Said To Favor Nebraskan and May Support Him As Their Second Choice

Dallas, Texas, June 22.—That Texas Democracy, although instructed for Woodrow Wilson, is going to Baltimore strong for Bryan, is indicated by information which has leaked out during the past few days. Dr. C. M. Rosser, a strong friend of Bryan, an, left yesterday for Washington, where he goes to attend a conference of Bryan's friends which he is to be held in the next few days. Hon. George A. Carden, former chairman of the Texas Democrats, will leave in a few days for the same purpose. State Senator J. C. McNealus makes no denial of the fact that he is going to Baltimore to work for Bryan.

"Yes, I am going to Baltimore to help throw Bryan's hat in the ring," said Senator McNealus this morning. "If I did not think that Bryan had a good chance of being nominated I would not attend the convention because I have lost considerable time from my private business during the past few months. I have heard that a meeting of Bryan's friends was to be held in Washington preceding the national convention but just what will be done at this conference I do not know."

Hon. Cato Sells, who so successfully managed Woodrow Wilson's campaign in Texas and who was rewarded at the Houston convention by being named as a member of the national committee from Texas, is known to be a strong friend of Bryan. It is confidently believed that should the tide turn against Wilson that Judge Sells would join with other Texans in the naming of Bryan as the candidate of the party. Other prominent Texas Democrats are known to favor the Nebraskan man even on the first ballot, and it is easy to see that if there is any possibility for Bryan to be nominated the Texans will be lined up for him. At the State Democratic convention held in Houston last month it

was easily seen that Bryan was second choice and was really the first choice of many of the delegates. It a few days for the same purpose, has been reached that should Wilson show a weakness and it looked like he could not be nominated that the Texans would throw their strength to Bryan.

GRAIN OF CORN CAUSES DEATH OF VERNON CHILD.

(Vernon Record)

A grain of corn swallowed last Saturday caused the death Monday of two-year-old Lucile Pingleton, daughter of Mr. and Mrs. S. C. Pingleton of the county farm. BOYS FIND EIGHTY DIAMONDS

Deerly Gems Had Been Swept Out With the Rubbish When Jewelry Store Was Cleaned.

Philadelphia.—The discovery of diamonds in an ash barrel in front of Charles Kranich's jewelry store, 2466 Kensington avenue, raised a disturbance that suggested the scene of a "lucky strike" in the gold fields of Alaska.

Mrs. Kranich saw a number of boys struggling around the barrel, each endeavoring to dig his hands into the contents. These were joined presently by a dozen men, who also entered the strange scramble. Alarmed, Mrs. Kranich called her daughter, Mrs. Lloyd Brooks, and her sister-in-law, Miss Bessie Kranich, who learned that the men and boys were digging for gems in the ash barrel.

Soon afterward the boys went into the store and asked Mrs. Kranich whether the crystals were valuable. She shrewdly replied that they were only cheap stones, but if they cared to go to the trouble of looking for more she would pay them a moderate reward for each one. The ruse was effective. One by one boys went to her and returned the stones, some of them not asking anything in return.

Meanwhile the Eighteenth district police heard of the unusual occurrence, and Lieutenant Keith dispatched six policemen in civilian's clothes to endeavor to recover the diamonds. The result of this was that before night fifty-four of the missing stones had been found and returned to their owner; about twenty were still missing.

When Mr. Kranich learned of the incident he said that he and two young men were gathering up rubbish in the store in the morning, and it was into this that the diamonds must have accidentally dropped. Shortly before cleaning the store, he said, he had taken from his safe a leather case containing a number of diamonds, which, he said, he either examined or else showed to a customer. The stones were sorted, those of each kind being wrapped separately in tissue paper. Thus the diamonds were probably not noticeable and dropped into the rubbish that was being swept from the store and later dumped into the ash barrel.

PARTY WILL EXPLORE CAVE

Expect to Clean Up Mystery Placed About Wonderful Natural Cavernality.

Meeker, Colo.—An exploring party will soon leave Meeker in search of the "disappearing cave," somewhere up Flag Creek, about twenty miles from here. This cave, of legendary fame, while easily visible from the open plains several miles away, is enclosed on three sides by a dense growth of cedars about a mile in width, which only one white man penetrated. This white man, years ago, made his way through the dense undergrowth that guards the entrance, and told a weird story of the trip. The cave, mammoth in proportions and wonderful in formation, he said, seems to have been used as an Indian rendezvous when the red man controlled this country. Relics and evidences of pow-wows were visible on every hand, and numerous human bones were lying about. In one chamber an iron stake imbedded in the ground, surrounded by burnt ends of gruesome fagots, told a silent story of gruesome tragedies enacted there.

LOUISIANA LAND FOR RENT—We have 400 acres of the finest land in the United States, five miles from Shreveport, will rent for 1912 for one fourth of production. If you have your own teams and labor, come at once. We will furnish you. Shortness of labor makes this necessary.

LOUISIANA LAND AND IMMIGRATION COMPANY, Shreveport, La.

sions, Dallas; J. F. Love, field secretary home mission board, Dallas; J. C. Stalcup, superintendent of missions at Oklahoma City; Rev. L. E. Gates, president Wayland Baptist College, Plainview; Dr. E. C. McConnell, pastor First Baptist church, Waco; Miss Nancy Lee Swann, assistant corresponding secretary W. M. U., of the S. B. C., Baltimore, Md.; Dr. J. B. Gambrell, editor Baptist Standard, Dallas, Texas.

A number of people from Seymour, Fort Worth and several other cities arrived here yesterday afternoon, and still more were expected in last night to attend the Sunday sessions of the encampment. There are at present enough in attendance to practically fill the Lake Hotel under the management of Cap Robbins. A good many people from town have been attending different sessions and a large number of people are expected to visit the encampment today.

J. B. Tidwell conducted the "Quiet Hour" service on the pier's yesterday morning, taking for his subject "The Element of Trust in the Christian Life." The conferences which have been an important factor of each morning's work went on as usual and a feature of the day which was enjoyed by all was an address by Dr. B. H. Carroll, who spoke on "The Inspired Order of the Books of the Bible." He gave a treatment of the structural arrangement of the Bible, showing the order in which the books were written, and the relationship of each book to the entire volume. He also indicated that the great proof of the fact that the Bible

Summer Hot Winds Brown Skin PEROXIDE CREAM

Ladies if you care for your complexion don't use just any old receipt that you may pick up.

PEROXIDE CREAM is harmless and when applied to the face, arms and neck acts as a mild bleach and leaves the skin white, soft and smooth. Try it and you will use no other.

try of Texas, and it is his ambition to eventually build to the Gulf. Mr. Cain's associates express themselves as well pleased with their Texas investment and the Texas has convinced them that a policy of building activity is to their interest.

THE STATE OF TEXAS, COUNTY OF WICHITA:

In the Justice Court of Precinct No. 1, Wichita County, Texas.

First State Bank and Trust Company of Wichita Falls, Texas, plaintiff, vs L. B. Jenne and Mrs. Alice M. Robertson, defendants.

Whereas by virtue of an execution issued out of the Justice Court of Precinct No. 1 of Wichita County, Texas, on a judgment rendered in said Court on the 29th day of January, 1912 in favor of the said First State Bank and Trust Company and against the said L. B. Jenne and Mrs. Alice M. Robertson, No. 4285 on the docket of said court, did on the 7th day of June, 1912 at 10 o'clock p. m., levy upon the following described tracts and parcels of land situated in Wichita county, Texas, and belonging to the said defendant, L. B. Jenne to-wit: 388 acres of land being all of the Wm. Brinlee survey, 40 acres of the L. B. Jenne survey, a part of the B. B. R. & C. Ry. Co. survey, Abstract No. 332, and a part of Thomas Toby survey, Abstract No. 308, situated about five miles north of Wichita Falls and known as the L. B. Jenne farm and on the 2nd day of July, 1912 being the first Tuesday of said month between the hours of 10:00 o'clock a. m. and 4:00 o'clock p. m. of said day at the court house door of said county I will give for sale and sell at public auction for cash all the right, title and interest of the said L. B. Jenne in and to said property.

Dated at Wichita Falls, Texas, this 5th day of June, 1912.

R. L. RANDOLPH, Sheriff of Wichita County, Texas.
