

CONVENTION WILL NOMINATE BEFORE MAKING PLATFORM; BRYAN CHANGES PROGRAM

ORATORY PROVIDED FOR DELEGATES THIS MORNING

Credentials Committee Not Ready—Bryan Declines Resolutions Chairmanship—James Permanent Chairman

By Associated Press. Baltimore, June 26.—A flood of oratory carried the Democratic National convention under a rhetorical tide today. The convention marked time during the entire session because the credential committee had not prepared its report.

Mr. Bryan advocating his position for postponing action on the platform said, "We do not want and must not have a perpetual debate between the candidate and the platform and the only way to prevent such a result is to name your candidate first. Indeed in these days the man is the platform."

be "We shall progress," shouted Rayner and the crowd cheered. When Rayner concluded, Chairman Parker asked for more speakers.

"I do not know upon whom the nomination will fall," he said. "Underwood," shouted an Alabama delegate.

"Let us have peace," said Senator Gore. "Let us have peace at any price, at any sacrifice, save that of honor. Let us put every Democrat under bond to keep the peace."

"Nothing can save the Republican party," declared Senator Gore. "We cannot live as progressives and have reactionary. The order Roosevelt endeavored to breathe the breathe of life of modern progress into the petrified remains of the Republican party."

Nothing but oratory AT WEDNESDAY'S SESSION. By Associated Press. Baltimore, June 26.—The Democratic National convention was called to order at 12:31, Chairman Parker pounding his desk at some length in order to secure recognition.

The Bryan followers are hopeful that the nominating fight may go to a fourth or fifth ballot and believe that in that case, many of the delegates would go to him. "Dark horse" talk was general today. This was partly due to the fact that the New York del-

the candidate of this convention be your candidate." John Temple Graves of Georgia and New York also spoke.

By Associated Press. Baltimore, June 26.—William Jennings Bryan this morning refused the chairmanship of the resolution committee. Senator John W. Kern of Indiana was elected chairman of the resolutions committee.

Mr. Bryan, it was said, has taken the ground that precedent should be upset and a nomination made for the presidency before the platform is written and adopted.

Most Complete Facilities in History of Newspaperdom for Getting News to Public.

Baltimore, June 26.—The prayer published in the Louisville Courier-Journal upon the eve of the convention has attracted much attention among the delegates here.

"The morning breaks. The light ahead is fair to see. It is of good augury that once more we meet in the glorious old metropolis of Maryland. Time was when Democrats turned to Mecca, Noble City! In deep reflection the spirit of Democracy walks their streets this day; broods amid thy solitudes, pauses beneath thy balconies and befriends to revisit the scenes of the past; glows with pride in recalling the triumphs of other days, the beauties—thy beauties, Oh Maryland, My Maryland—of other days; to stand at last upon the monument, whispering to the stars 'God of dreams, what may betide! God of the Fathers, grant Democracy of grace! God of the universe, save us our Republic!'"

"Gentlemen of the convention, these may be but an old man's fancies—his cradle-song upon the brink of the awful river—his bosom warm with love, his eyes wet with tears, reverent yet not afraid, as he beseeches you to put all else aside—to listen only to the music of your hearts—to give us a Democrat; a Democrat tried and true, who, elevating the host of the religion of Jefferson, shall lead us to the delectable mountains, where history rescued from shame may plant again the eagles and proclaim a new the majesty of Democracy, untrifled and undefiled."

JUDGE PARKER'S KEYNOTE SPEECH

CRITICISM OF ROOSEVELT IS ONE
FEATURE OF CHAIRMAN'S
ADDRESS.

TARIFF BILLS ARE PRAISED

Failure of Republicans to Reduce Duties and 'Protective Monopolies' is Criticized.

By Associated Press. Baltimore, June 26.—(Investive directed against Theodore Roosevelt for his "lust of power," criticism of the Republican party for harboring the monopolies and for failure to reduce the tariff, and praise of the Democrats in Congress for their administration were features of Judge Alton B. Parker's address yesterday in assuming the temporary chairmanship. Judge Parker said in part:

"We meet while the hills yet echo to wild cries of thief and traitor and furious wails of fraud, bribery, treachery and corruption; and our ears are weary with the din of the articulate shrieking and passionate vilification of the most shameful brawl of our political history.

"Our candidates however, are, with out exception, men of such lofty mien that we meet immune from the distemper which seized the Chicago convention and privileged to discharge a solemn duty calmly, deliberately.

"The cause of government by the people the world over has been materially checked by the disgraceful brawl which terminated in the bedlam of Chicago. Every good citizen has been put to shame by the brutality and the abuse which characterized this wrangle between a president and an ex-president. Gratitude, friendship, party loyalty, patriotism and common decency were forgotten in the tussle.

"The assault upon the unwritten prohibition against a third term made in the wild scramble for the Republican nomination warns us of the vitis necessity of incorporating in our constitution a safeguard against repeated terms.

"In this great country, which boasts of a wealth of one hundred and thirty billion as against eighty billion for Great Britain—sixty-five billion for France and sixty billion for Germany; all are conscious that too large a part of our wealth has been secured by a small percentage of our population and that the cost of living rises faster than the average income.

"The principal cause of all this is to be found in the tariff statutes and competition restrained, created for the purpose of wringing from the public every dollar which the tariff statutes make possible.

"An awakening of the people to the Republican National convention of 1908 by its platform to promise a revision. True, it did not promise a revision of the tariff downward, but its assurance of a revision of the tariff by a special session of congress to be called immediately after the inauguration of the next president was intended to hold the tariff reduction Republicans in line, while the trick in the phraseology was to be made clear to the tariff beneficiaries.

"In vain did the people demand congress the fulfillment of the Republican pledge, for the masters of that party—the protected—insisted upon the pound of flesh. And it was yielded. Congress passed and the president signed the Payne-Aldrich bill.

"One outcome of this breach of faith was a Democratic house, which has acted so wisely and courageously as to arouse the enthusiasm of the people and inspire the Democratic party with justifiable hope of early opportunity to render a public service so really needed. Under sagacious and intrepid Democratic leadership special bills have been passed, having for their purpose a revision of the tariff downward, ultimately to a revenue basis. These bills are known as 'free list, wool, cotton, metals, chemicals, sugar and excise.' The president's use of the vote has postponed however, the hour when the people shall enter into the enjoyment of the relief proposed until after the inauguration of the next president.

"The temporary failure, owing to the action of the electorate of Canada, of the effort to effectuate reciprocity with that country is regrettable. The agreement proposed was in the interest of both people. The movement was in the right direction because it was toward a competitive policy. Its immediate and laudable purpose was to lessen the cost of living in each country.

"Whether later the mutual advantage of our people shall be appreciated by our neighbors across the border, the consciousness that we took the right course should content us. In all probability however, the sober second thought of the people of Canada will induce reconsideration of the action of last year. The temporary reduction of the duty of cement by the Canadian opponents of reciprocity is significant of the results that may be expected.

"All honor to the Democratic house which stood for the nation as a whole and left the door open to Canada.

"For the hills that flow from that tariff increase from an average of 30 to 50 per cent the Republican party is responsible. For the continuance of that rate against the efforts of a Democratic congress, a Republican president is to blame. It is evident therefore that relief can come only

through the election of a Democratic president and congress.

"During all these years of enforced levies upon the many for the benefit of the few, it has been abundantly demonstrated that the tariff, as is accurately described by a trust maven, 'the fruitful mother of trusts.'

"Mr. Taft said in a speech in 1908 that during the preceding ten years nine tenths of the combinations to restrain trade had come into existence. During nearly all that time the Republican party was in control of every northern, eastern and western state, as well as of the federal government. Little was done by the party in power to retard the woody growth and that little feebly. That an ounce of prevention is worth a pound of cure was never so forcefully illustrated. The prevention of combinations would have protected all the people and harmed none. The process of destruction punishes the innocent investors as well as the guilty organizers.

"The reason for the inactivity of the Republican officials is plain. The tariff beneficiaries were and for many years have been contributors to campaign funds of the party, which in turn protected the special privileges enjoyed by the donors. But, competition prevented in some instances the collection from the people the full sum stipulated in the tariff. To secure it all, tempted the cupidity and stimulated the ingenuity of the beneficiaries. But one way could be found—combination to control the price up to the point where the statute let in foreign competition. The same party which shut out foreign competition was found willing to permit the formation of combinations which effectually banished home competition. Need it be said that the protected interests for these larger privileges made larger contributions?

"Whatever excuse may be offered, the ugly truth is that the republican National machine has received the money of the corporate and individual beneficiaries of the tariff and combinations, and in return has compelled congress to keep high the tariff rates and their attorney generals to close their eyes to violations of law. Need we seek further evidence than the admission of President Taft? He said at Cincinnati on Sept. 21, 1910: 'The country is roused against the corporate, or corrupt control of legislative agencies.'

"If, however, there remain a doubt in Thomas, let him read the confession of only living ex-president. He said at Osawatimie: 'It is necessary that laws should be passed to prohibit the use of corporate funds directly or indirectly for political purposes; it is still more necessary that such laws should be thoroughly enforced. Corporate expenditures for political corporations, have supplied one of the principal sources of corruption in our political affairs.'

"In the light of all the testimony and of these admissions, I submit that the jury of the people should find as a general verdict; that the failure of the executive and legislative branches of government, both federal and state, to protect the people from the special privilege hunters and graft seekers, is deeply rooted in a corrupt alliance between the latter and the leaders of the Republican party.

"Upon that verdict but one judgment can be entered—that of eviction. When you find cancer you know that pills and plasters will serve only to divert the mind of the patient from his fate. Pills and plasters have been liberally and sensationally prescribed for some years now by those Republican leaders who hide from public gaze the misconduct of their party, yet the cancer is still growing. We must cut it out ere it is too late.

"We are all about to do battle against the unfaithful guardians of our constitution and liberties and the hordes of ignorance which are pushing forward only to the ruin of our social and governmental fabric and their own damnation.

"Too long has the country endured the offenses of the leaders of a party which once knew greatness. Too long have we been blind to the baneful of corruption. Too long have we listlessly watched the assembling of the forces that threaten our country and our firesides. The time has come when the salvation of the country demands the destruction of the leaders of a debauched party, and the restoration to place and power of men of high ideals who will wage unceasing war against corruption in politics, who will enforce the law against both rich and poor and who will treat guilt as poison and punish it accordingly.

"For their crimes against American citizenship the present leaders of the Republican party should be destroyed.

"For making and keeping the bargain to take care of the traffic in consideration of campaign purposes they should be destroyed.

"For encouraging the creation of combinations to restrict trade and refusing to enforce the law, for a like consideration they should be destroyed.

"For they lavish waste of public funds, for the fraudulent disposition of the peoples domain and for their contribution toward the division of the people into classes, they should be destroyed.

"For the efforts to seize for the executive department of the federal government powers rightfully belonging to the states they should be destroyed.

Even for our great party!—There is

"All Democrats are progressives
but it is inevitably human that we
shall not all agree that in a single
highway is found the only road to
progress, or each make the same
man of all our worthy candidates his
first choice.
"It is possible however and it is
our duty to put aside all selfishness,
to consent cheerfully that the majority
shall speak for each of us and to
march out of this convention shoulder
to shoulder, heralding the praises
of our chosen leader—and that will be
his due—whichever ever of the honorable
and able men now claiming our attention
be chosen."
The Doctor's Paradise.
A Wichita Falls physician asks The
Times to publish this:
I dreamed that I was talking
with a doctor, old and gray.
Who told me of a dream he had,
I think 'twas New Year's Day.
While snoozing in his office,
The vision came to view,
For he saw an angel enter,
Dressed in garments white and new.
Said the angel, "I'm from heaven,
Peter sent me down
To bring you up to glory,
And put on you a golden crown.
You've been a friend to every one,
And worked both night and day,
You've doctor'd many thousands,
And from few received your pay.
So we want you up in glory,
For you have labored hard,
And the good Lord is preparing
Your eternal just reward."
Then the angel and the doctor
Started up to glory's gate,
But when passing close to Hades,
The angel whispered, "Wait."
I have a place to show you,
It is the hottest place in hell,
Where the ones who never paid you,
In torment always dwell.
And behold the doctor saw there
His old patients by the score,
Then grabbing up a chair and fan,
He wished for nothing more.
Just content to sit and watch them
As they sizzle, singe and burn,
And his eyes would rest on others
Which ever way they'd turn.
Said the angel, "Come on doctor,
There the pearty gates I see."
But the doctor only murmured,
"This is heaven enough for me."

DRILLERS BREAK THEIR LOSING STREAK AT SHERMAN'S EXPENSE.

ONE GOES TEN INNINGS

Morris and Myers Pitch for Wichita Falls and Are Aided by Cubs' Errors.

Special to The Times. Sherman, Texas, June 26.—The Drillers broke their losing streak yesterday and broke it with a rush, taking both games of a double-header from the locals.

A batting rally in the fifth cinched the first game, the visitors rapping Grimes for four hits and three runs. Fred Morris pitched for the Drillers in the first contest and held the Cubs safe enough in the pinches.

The second game went ten innings, the Drillers scoring four runs in their half. Sherman ought to be the Drillers in this game, nine to seven, but errors and passed balls contributed to the scores. Myers pitched in the second game and struck out six men, while Dischner fanned ten. The Drillers play at Denison this afternoon. Yesterday's scores:

TELEPHONE CONDUITS DAMAGED BY WATER

Several Business Houses Without Wire Facilities Owing to Flooding.

Over 150 telephones in the eastern part of the business district, including the St. James Hotel and the Wichita Falls and Northwestern offices have been out of commission several days on account of flooding of the conduits through which the telephone cables run.

Today the telephone company has a force of men at work pulling out the cables and putting new ones in their places. The water is believed to have entered the conduits near the St. James Hotel. A pump has been kept going there since yesterday morning. It is kept the water from flowing into the conduit, but the flow keeps coming in a steady stream. The source of this flow has not been found.

WELL DESERVED.

The Praise That Comes From Thankful Wichita Falls People. One kidney remedy never fails. Wichita Falls people rely upon it. That remedy is Doan's Kidney Pills. Wichita Falls testimony proves it always reliable.

C. C. Willard, 1922 Eighth street, Wichita Falls, Texas, says: "I have no occasion to use Doan's Kidney Pills for two years. At that time I suffered constantly from my back and kidneys. I got Doan's Kidney Pills from Harrington's Drug Store and although other remedies had failed, Doan's Kidney Pills effected a permanent cure. Although I was never laid up, never the less every spore I made sent sharp twinges through my back. I am all over that now and never tire recommending Doan's Kidney Pills." (Statement given December 9, 1910).

No Trouble Since. When Mr. Willard was interviewed on December 27, 1911 he said: "We still use Doan's Kidney Pills when occasion requires a kidney remedy and have always been greatly benefited. You are at liberty to continue using my statement as heretofore." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. News From The Oil Fields

THORNBERRY WELL SAID TO HAVE GAS SHOWING.

It is reported that a good showing of gas has been found in the Benson & Latta well at Thornberry, in the neighborhood of two feet. The indications in this well so far are said to be most favorable.

MANY BURKBURNETT RUMORS IN CIRCULATION.

The Corsicana Petroleum Company's well at Burkburnett continues the subject of much speculation. It is the general opinion among the oil men who visited the well yesterday, however, that the indications are most promising, and that a good well will result. It is reported that the casing is being set today preparatory to drilling into the sand tomorrow but this report has not been verified.

Well at Jackboro.

H. A. Wilcox, Jack Kelly, C. A. Greenlease and D. Whitney left this morning in an automobile for Jackboro where Mr. Wilcox is drilling three wells. In one of them an oil sand was struck at a depth of about 270 feet. This oil is said to test 19 gravity and is being used as a lubricating oil by the rigs drilling in that vicinity.

FIVE RIVERS COMPANY BRINGS IN FOURTH WELL.

W. W. Silk, manager for the Five Rivers Oil Co. is battling 1000 per cent in the oil business and is heading the league of the Electra field. He has just completed his fourth well and from indications it will be a good one. It is Five Rivers No. 4 in the Woodruff Heights Addition. The oil was found in what is known as the 1980 foot sand. It is 20 feet thick. There is now between 500 and 600 feet of oil in the hole and Mr. Silk believes that well will be good from 28 to 50 barrels. This is his fourth well. The other three are good producers. Other companies who have drilled offsets to Mr. Silk's wells have either been dry holes or small producers.

303 WICHITA FALLS 303

When the Republican party places its endorsement on Lorimer politics, and the Democrats surrender the party machinery to such characters as Charles Murphy, Tim Sullivan and William Randolph Hearst, it is time decent Republicans and Democrats alike who believe that our National politics should be purged of roteness and graft, and downright thievery to begin to think and stidly seriously the organization of a third party.

The Baltimore convention turned down Bryan for temporary chairman for Parker, who was once referred to by the late Governor Hogg as "that lock-jawed candidate." And the victory over Bryan was gained by the assistance of Charles Murphy, the who heads Tammany Hall, Wm. Randolph Hearst, who edits the "Yalters," Tim Sullivan and Tom Watson. That's a combination that most people who believe in honesty in politics as well as in business can well afford to steer clear of.

Petty thieving is so generally practical in Wichita Falls, and there are so few of the perpetrators that there is a demand for better police protection. Within a block of the city hall one night last week there night prowlers gained entrance to a building and took what they wanted, and so far no clue as to who the perpetrators were has not been discovered. It is true, however, that there are fewer murders and hold-ups now than for the past four or five years, and the police force, as at present constituted, deserve to be commended for their vigilance in that respect. But this petty thieving is being worked to a degree that is becoming a perfect nuisance, and the general impression is that the thefts are committed by a gang of boys hardly old enough for the law to handle. A more strict enforcement of the Curfew ordinance might bring the desired relief, and if that is done it might not be necessary to increase the police force.

THE FREE SEED OFFER. Wichita Falls business men did a good thing last week when they raised a fund to buy kaffir corn and maize seed to be given to the farmers to encourage the planting of these crops. Various associations and organizations over the state have been urging the farmers in their communities to plant these crops, but so far as the Times knows Wichita Falls has been the first to give practical encouragement by furnishing seed. Through the prompt and practical action of the business men a large acreage of these crops is now being planted under most favorable conditions. If they supply the several hundred farmers who have enlisted in the experiment with sufficient feed for their livestock, the business men of Wichita Falls will get back their donations many times over in money that would otherwise have been expended for feed.

Incidentally, the many applications for seed, that have already been received, is proof of the fact that the Daily Times circulates well among the rural population of the county. Announcement of the offer was published in Sunday's paper. Monday morning the farmers began to come in to get the seed.

CONDUCTORS MUST HAVE PENNIES FOR EXACT FARE. The general passenger department of the Wichita Falls Route has issued a circular calling the attention of its ticket agents, conductors and auditors to new tariffs effective July 1 and August 1 interstate from and to points in Oklahoma and Texas. Especial attention is directed to the fact that in some instances the tariff show fares ending in odd cents.

"As it will be unlawful to collect more or less than the exact amount," reads the circular, "this is to call your attention to the importance of seeing that proper collections are made from passengers, and in order to do so it will be necessary for you to keep on hand a supply of pennies, which can no doubt be secured through the local banks or postoffice."

"This will likewise apply to the sale of interline tickets both state and interstate, in the case where published fares end in odd cents."

CONVENTION WILL NOMINATE BEFORE MAKING PLATFORM

(Continued from page 1)

quent action of the convention and the nominee who might be willing to accept the Bryan platform and that Bryan was full of fight and had determined to wage his war "against the Ryans and the Belmonts" to the end of the gathering.

Both the Bryan and anti-Bryan factions in the convention were interested today in the "third party gossip." The advent of Francis J. Heney of California, who fought for Mr. Roosevelt in the Republican National convention and Charles R. Crain of Chicago, who helped conduct the La Follette campaign, and their reported interview with Mr. Bryan gave an impetus to the discussion. It was reported today that Senator La Follette either was already in Baltimore or on his way to get in touch with the possibilities of the Democratic situation. No one had been able to locate Mr. La Follette during the forenoon.

Heney said he had come to Baltimore to see the Democratic steamroller at work; that he had become so accustomed to the "toot, toot" at the Chicago convention that he could not sleep without it.

It was reported Senator-elect Ollie James of Kentucky, met with much opposition as a candidate for the permanent chairmanship. Some of the more radical conservatives said they feared the Bryan influence behind Mr. James. Many other names were mentioned as a compromise between the factions. Senator Luke Lea of Tennessee was among those mentioned. Senator Culberson of Texas was offered the place but declined because of ill health.

Whatever William J. Bryan's plans may be for the building of the party platform, what planks it may contain or whether it will be progressive or conservative, the Nebraskan was carefully concealing from his friends nearly today. He said he had no statement to make regarding the platform of Parker's appeal to the delegates to make Mr. Bryan chairman of the resolutions committee.

Returning to his hotel, Bryan spent the early morning hours in writing letters and then went to the convention hall. "The delegates are saying that you will write the party platform," was suggested by a newspaperman. "But a progressive platform would be a rebuke to the convention, would it not?" was the rejoinder from Mr. Bryan.

A newspaper man pressed close to Mr. Bryan and in a confidential appeal for information said: "Mr. Bryan I have not seen Mr. Bryan this morning but can you tell me what Mr. Bryan believes the platform will contain?" Bryan drew the reporter closer and replied with mock seriousness: "I have not seen Mr. Bryan myself this morning."

LAST NIGHT'S SESSION IS DEVOID OF FEATURES

Baltimore, June 26.—At last night's session but scattering attendance appeared in the galleries at 8 o'clock. There were hundreds of vacant seats in the delegate sections. The delegates who were in their seats gathered in little groups, and a hum conversation swept the hall. The band was anxious to please and drifted from "Moonlight Bay," to "Valse" and "Scattered handclapping greeted Chairman Parker as he made his way up the middle aisle through the groups of delegates.

The soft rain that fell at intervals all day set in again toward nightfall, adding to the humid heat, and the atmosphere of the hall was oppressive.

The heat soon began to have its effect and delegates and spectators stripped off their coats and rolled up their sleeves ready for the night's work.

At 8:15 Norman E. Mack climbed to the stage and conferred with Parliamentarian Crisp and Judge Parker.

The delegates began to crowd in about 8:20 and in a few moments the aisles were in confusion. The sergeants at arms tried in vain to get the delegates seated. Finally four policemen were placed in each aisle to keep the crowd moving.

At 8:15 Chairman Mack dropped his gavel and the night session was on. The Rev. William Dame of Baltimore then delivered the prayer. In conclusion the Rev. Dame led the assembly in the Lord's prayer. "The congregation will join in the Lord's prayer," he said and the congregation really did. A murmur that grew louder and more confident as the familiar words went on swept the big hall.

Democratic party in this country.

A burst of applause and a shout of "Bryan, Bryan!" interrupted the speaker. "I realize that this meant much to him," continued Mr. Parker, "and if he was mistaken in regard to my position, I believe it is your duty and mine to forgive it and to stand with him."

"There is one place where he is wanted, where he is capable of rendering great service. That is as chairman of the resolution committee. I hope and believe that every member of that committee will honor himself by casting his vote for Mr. Bryan for chairman."

"My fellow citizens, there are no reactionaries; whatever they may have been once, there are none now. The Democrats are progressives. Now it may possibly be true that here in this great convention, with all these able men coming from every section of the country, I say it may be true that all of you will not be able to agree at once that a single highway constitutes the only road to progress, but you will all agree upon this one proposition, that the voice of the majority of this convention, speaking through its committee on resolutions and by the adoption of the committee's report by the convention, shall speak the will of every Democrat in this land."

While Judge Parker was earnestly arguing the tariff question, a busy photographer climbed up the edge of the platform and set off a flashlight, which exploded loudly almost in the speaker's face. Parker hesitated, and a loud "Oh!" swept the crowd, and the photographer dashed off, followed by a gale of laughter.

When Mr. Parker referred to the Democratic tariff bills there arose a shout of "Underwood! Underwood!" In reply came a yell from the Clark supporters: "Champ Clark is the boy that did it." "Well, I'm going into that," said Mr. Parker, with a smile, and went on with his speech.

Judge Parker concluded at 9:13 and was given a round of applause. Before the applause had died away the routine proceedings were gotten under way. A resolution introduced by Joseph E. Bell of Indiana provided that the rules of the last Democratic convention should govern this year's convention. The resolution went through under the gavel.

On motion of George W. Greene of Rhode Island the usual committees were provided for. An effort was made to announce 10 o'clock Wednesday as the hour for the committee to meet. "No!" shouted a score of delegates. "We have no Perkins to pay our board," volunteered a Texas delegate. After a short argument, it was decided to have the committees meet in

joining so much that he has forgotten entirely to call up the Times office to ask about the Democratic convention today. The Democratic convention today.

Napohan and Napohan have created quite a sensation at the Laganer Athletic Club this week. Each night during their performance they have kept the audience in a continual state of laughter by the clever manner in which they get off both new and old jokes. Their engagement will be brought to a close tonight, with two performances.

DAILY DIET AND HEALTH HINTS

By DR. T. J. ALLEN Food Specialist UNDER-NUTRITION. Under-feeding is not common, but under-nutrition is very common. Its most serious result being rickets and nervous diseases in children and consumption in the middle-aged. The food is not often insufficient, even among the poorest, but it is unwisely selected. The commonest mistake of all is to eat too much of the wrong kind of food. It is essential that that element of food gives strength especially, when there is more "strength" in beans, whole-wheat or rye bread, milk, cheese, uncooked peanuts, macaroni and most other foods, if they are not spoiled in the keeping or in preparation, chiefly by over-cooking. An illustrated course of popular lectures on proper feeding, in the large cities, would do more to lower the death rate from consumption than the means now employed.

A stove recently perfected in England can be used either as an open grate or as a range and oven, a water boiler being operated in connection with it in either form.

BAPTIST ENCAMPMENT BROUGHT TO CONCLUSION

Ends Week Earlier Than Scheduled—Plans Under Way For Next Year

The first session of the Interstate Baptist Encampment came to a close at Lake Wichita last night a week earlier than scheduled. While the attendance was small those who participated are much pleased with the results and it is believed that the year has been paved for a much more successful meeting next year. In fact those who have attended from out of town have been so well pleased that they promise to return next year and bring others with them.

A meeting was held Monday at which directors for the ensuing year were chosen and it is practically certain that the encampment will be made a permanent institution. Dr. A. J. Barton, secretary of the educational board of the Texas Baptists was the speaker at the closing session of the encampment last night.

SAMPLE GARMENT COMPANY WICHITA FALLS, TEXAS

Confederate Veterans urge Amendments Adoption

Austin, Texas, June 26.—John B. Hood Camp of Confederate Veterans has addressed a strong appeal to the people of Texas asking for the adoption of the constitutional amendment to levy a tax of 5 cents on the \$100 of assessed values for Confederate pensions, for the support of the Confederate veterans, and the Confederate widows' home in this city. The appeal is made through a committee of some of its most prominent members and is as follows:

To the People of Texas, and Especially the Confederate Veterans, their Sons and Daughters: Whereas, the John B. Hood Camp U. C. V., at Austin, Texas, at a regular meeting thereof appointed the undersigned committee to prepare an address to the voters of Texas, urging them to vote for the adoption of the proposed constitutional amendment authorizing the levy of a tax of 5 cents on the \$100 worth of property in Texas for the purpose of creating a pension fund for old and helpless Confederate soldiers and their widows and for the better support of the Confederate homes for the veterans and widows at Austin.

We desire to say that in our judgment no more patriotic and commendable proposition has ever been submitted to the vote of the people of the State.

Every Confederate organization should enthusiastically urge its adoption, as should every patriotic individual citizen of Texas take an active interest to secure its adoption.

Our residence at the capital and connection with the Confederate home enables us to know as a fact that there is great destitution and urgent need of aid among the old soldiers and widows in Texas, and relief should be immediate, otherwise it will be everlastingly too late.

The noble old men and women, who fought and sacrificed so much for the cause dear to every true Southern heart, now destitute are only receiving a pension of \$3.50 per month, which is wholly inadequate for their absolute necessities, driving hundreds of them to seek the protection of the Confederate home, where, unfortunately there is now no room for them. This is a reproach to the manhood and patriotism of this great State.

The home, provided for the most helpless and destitute, has now 425 inmates, 100 more than was ever admitted to the home before, and these are all who can be supported within the \$100,000 constitutional limit, and yet there are a great number of old soldiers who have made their last fight for bread, and by reason of age, disease and poverty are begging for admission to the home, and are sorely in need of it; and while our hearts bleed for them, nothing can be done for want of sufficient funds. The present management of the home, by the aid and advice of our Governor, has taken into the home every applicant whose application has been approved until the last three months, when it has been compelled to stop for want of funds. This leaves a very distressing condition.

If we can secure the adoption of this proposed amendment it will raise a fund sufficient to pay all the destitute and helpless old heroes and the widows of such at least \$10 per month, which will comfortably take care of such as are not physically helpless and such of them who can not wait upon themselves, by reason of physical infirmities, can be taken into the homes, because we are confident a great many inmates now in the homes would go out and live among their relatives and friends if they could get a pension of \$10 per month and thus making room in the home for such as could not take care of themselves on \$10 per month.

It can not, in the nature of things, be but a few years until these old patriots, who deserve so much of love and gratitude, will all have left us to rest with our glorious dead.

We appeal with confidence to the generosity and patriotism of the people of Texas to vote for the adoption

of the proposed amendment and thereby secure to the unfortunate survivors of the most heroic struggle in the history of the world this relief they are sorely in need of. We earnestly request that every candidate in the State of Texas, from constable to governor, will call the People's attention to the importance of this amendment and use their influence to get them to vote for its adoption. We believe its importance only needs to be fully understood to insure its overwhelming adoption.

All county papers please copy for the sake of these old Confederates.

Respectfully,
R. M. WYNNE, Chairman;
JOSEPH D. SAYERS,
WILLIAM R. HAMBY,
E. M. PHELPS,
H. G. ASKEW,
GEORGE W. LITTLEFIELD.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble.

My husband asked me to try Cardui. I felt better after the first bottle, and now I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardui.

Cardui is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

SURE 'NOUGH HOUN' DAWGS IN CHAMP CLARK PARADE.

Baltimore, June 26.—Party 'real houn' dawgs from Albemarle county, Virginia, are to be in the parade which the Clark supporters are planning. Other curiosities in the parade will be "Borax Bill" with his famous team of snow white mules, the tallest, shortest and fattest delegates from Oklahoma and a group of aged members of the Jackson Democratic club, the oldest Democratic organization in existence.

Carter H. Harrison, mayor of Chicago, declared last night that if the Baltimore convention nominated a progressive candidate and placed before the people a progressive platform a great Democratic victory would sweep the country next November.

WOMAN'S SUFFRAGE PLANK IS SENT TO BALTIMORE.

Denver, June 26.—"Is China more advanced than the United States?" asks the Jane Jefferson Democratic club of Colorado of Chairman, Norman E. Mack of the Democratic National committee, in an appeal sent to him to urge the adoption of a woman's suffrage plank in the party's platform. The club reminds him that the Chinese republic has given women the right to vote.

Mrs. Ruth Bryan Leavitt, daughter of W. J. Bryan, was first president of the organization. Committee for temporary chairman of the National convention. I beg to say to you and the members of the Texas delegation, through you, that I have the utmost respect for the wishes and opinions of the Democrats of Texas, as represented by this delegation, but in view of the conditions now existing here, I must say in all frankness to you that if Judge Parker's name is presented to the National committee for temporary chairman of the National convention, I shall vote for him. I can see no reason for this fight on Judge Parker whom I regard not only as one of the big men of this country, but one of the great statesmen of the United States.

Judge Parker is not only a Jeffersonian Democrat, but his party record is entirely above reproach. He is for all the progressive ideas now being considered by the Democratic party, and I am at a loss to understand why any Democrat should object to the honor being extended to him, and the great state of New York, which he represents. Of course, I had nothing whatever to do with making Judge Parker a candidate for this position, but upon my arrival in Baltimore, I find that his name had been presented by Mr. Mack, chairman of the National committee, and once being COL. JOHNSTON REFUSES REQUEST OF TEXAS DELEGATION

Baltimore, June 26.—Col. R. M. Johnston, member of the National committee from Texas, addressed the following letter to the Texas delegation, declining to accede to their request and vote against Judge Parker for chairman.

Hon. Cone Johnson, Chairman Texas Delegation.—My Dear Sir: Beg to acknowledge receipt of yours of June 24 embodying a resolution passed by the Texas delegation in which I am respectfully and earnestly requested to vote against the reelection of Judge Afton B. Parker in the National convention, I thought then, as I think now, it would be bad politics and unwise to affront the great state of New York by turning him down simply to gratify the whims of a few people who feel that they own and control the Democratic party.

If the Democratic party is so small and narrow that it can be used to gratify the personal jealousies and prejudices of individuals, the party is not worth preserving, and once for all I say to you, gentlemen, with absolute deliberation, I shall not comply with your request. I shall upon my return home submit the matter to the Democrats of Texas with perfect confidence that my actions will be upheld. I desire to remain very respectfully,

R. M. JOHNSTON, National Committeeman from Texas.

TEXAS CONTEST SETTLED IN FAVOR OF WILSON.

Baltimore, June 26.—It was short work for the subcommittee of the national committee when they tackled the only Texas contest brought before the committee, that from the Evenhith district, in which Walter Gresham of Galveston and Cameron M. Kay of Palestine protested the right of J. C. Feagan of Livingston and C. L. Edmondson of Crockett to sit in the convention.

The subcommittee was composed of National Committeeman Hudspeth of New Jersey, McGraw of West Virginia and Zopp of Kansas.

The two contestants appeared before the committee and stated the facts in the case and Cone Johnson was present to act as attorney for the two Wilson delegates seated by the Texas state convention.

National Committeeman Johnston was called before the committee and announced as the Democratic law that the state must be considered as a unit, and said the party authorities had the right to unseat the two delegates and seat the Wilson men and largely upon his statement the subcommittee reported that the contestants had no case.

This means that the entire forty Texas votes will be cast for Wilson on the first ballot.

FREEZE QUICK BRINGS "COLD FEET" TO WILSON.

Baltimore, June 26.—"Cold feet" first appeared among the partisan boomers here. They were among the Wilson men, when Mr. Freeze Quick of Bloomsburg, in the Fifteenth Pennsylvania arrived and registered at the New Howard. He said that he was still for Governor Wilson, but had found Baltimore to be a warmer place than that, to which he had been accustomed. He is the only member of his party who did not order ice water sent up to his room last night.

"It will be a cold day when they defeat Gov. Wilson," he remarked.

WILSON DIRECTS CAMPAIGN OVER THE TELEPHONE.

Seagrit, N. J. June 26.—Over a telephone wire today Governor Wilson directed the fight which his supporters have declared they would make against the election of Afton B. Parker as temporary chairman of the Democratic National convention.

The governor was in constant communication with Wm. F. McCombs, his campaign manager, and other Wilson leaders.

"Do you think that Mr. Bryan is a candidate for the nomination?" the governor was asked.

"I believe that Mr. Bryan is acting from conviction in true devotion to the cause of progress and without any selfish ulterior motive whatever," he replied. "Mr. Bryan has stated that he is not a candidate and I believe that he will stick to his statement."
