Sewing Circle Meets.
The Thursday afternoon Sewing Circle met in regular weekly session last week with Mrs. W. J. Gardner and daughter, Miss Lena, on Tenth street. As usual the members brought along their sewing, and between stitches indulged in pleasant chat. Refreshments of pineapple sherbet, cake and punch were served. Owing to the fact that next Thursday will be the Fourth of July and the ladies are too patriotic to hold a meeting of the club on that date, it was decided that the next regular meeting will be held the Thursday following the Fourth of July, and the place of meeting will be the home of Mrs. C. Hartsook, on Eleventh street. Those present last Thursday were Mesdames J. W. Murph, N. M. Jenne, A. Rowan, C. B. Montgomery, J. D. Presley, and Miss Beryl Murph in addition to Mrs. M. J. Gardner and Miss Lena Gardner.

Mr. and Mrs. Peery Entertain.
Mr. and Mrs. T. H. Peery entertained their friends last Thursday evening at their home, 1513 Eleventh street. Jardineries of potted ferns, together with cut flowers, carnations and roses, added much to the reception suite. The ever popular game of "Forty Two" was enjoyed to the fullest extent, and when the games had all been played, the hostess served a refreshing course of pineapple sherbet and cake. In a cut with Mrs. J. V. C. T. Christensen, the prize was won by Mrs. W. Harrison. It was a lovely hand painted celluloid fan. E. P. Greenwood won the gentlemen's prize, a book entitled, "The Othello-Wise Man." Mrs. Hald and Mr. McGregor were presented with the consolation prizes, each a bunch of pink carnations, and Mr. Mack Thomas with the "booby," in this case a bundle of bloters. The following were present: Mr. and Mrs. E. P. Greenwood, Mr. and Mrs. C. W. Snider, Mr. and Mrs. W. B. Hald, Mr. and Mrs. Mack Thomas, Mr. and Mrs. I. P. Adams, Mr. and Mrs. C. K. Drinkard, Dr. and Mrs. J. C. A. Guest, Mr. and Mrs. Edgar Orr, Mr. and Mrs. J. W. Harrison, Judge and Mrs. C. B. Felder, Mesdames Waker, Kell, Christensen, Ashcroft, and Lowenstein, W. M. McGregor, and Will Christensen.

All applicants for membership in the Camp Scurry Chapter Daughters of the Confederacy who have made proof of their eligibility will please file their application and proof with Mrs. H. B. Patterson, the secretary, at once.

New Bridge Club.
The New Bridge Club met last Wednesday afternoon with Mrs. E. P. Greenwood, 2401 Ninth street, Floral Heights, the meeting being in honor of Mrs. E. L. Ashcroft of Sulphur Springs, who is visiting Mrs. Mack Thomas.

There were seven tables, three of which were devoted to the guests present. Mrs. Jack Binford was presented with the club favor of the afternoon, and Mrs. Ashcroft received the guests' favor. Refreshments of angel food cake, punch and ice cream were served. The Greenwood residence was tastefully decorated with ferns and cut flowers.

Those present included Mesdames E. L. Ashcroft, E. L. Smith, T. B. Smith, Ted Smith, Piner Avis, Fred Weeks, Jack Binford, Frank Cullinan, J. E. Wilson of Electra, Edgar Norton, W. J. Gresham, E. E. Sanders, Ed. Short, D. J. White, Newton Maer, L. Loeb, Abe Marcus, Frank Terry, Mack Thomas, S. C. Scalling, J. O. McDowell,

to the station, where they took the Fort Worth and Denver, northbound. Two or three weeks visit in Colorado will be spent by them, after which they will be at home in this city to their friends.

Miss Marie Tinsley, the bride, is well and favorably known in this city, having resided here for about two years, during which she was one of the most popular young ladies in the city. The groom, Frank Griffin, is one of the best known young men in Wichita Falls. He is a rising young business man, and at present is connected with the Wichita Falls Southern Life Insurance Company. Both have hosts of friends who will join in wishing for them a long and prosperous married life.

Those of the wedding party who took breakfast at the Westbrook hotel were: Rev. Dean Nolan, Mr. and Mrs. Pascal Collins, Mrs. J. W. Rolling, Mr. and Mrs. M. Murphy of Dallas, Walter Griffin of Dallas, John Murphy of Dallas, James Griffin of Wichita Falls, Dr. M. R. Garrison of Wichita Falls, Miss Ruby Scarborough of Fort Worth, R. L. Tinsley of Fort Worth and Mr. and Mrs. Francis William Griffin, the bride and groom.

M. E. Aid Society.
One of the pleasant happenings of the week was the social meeting of the Ladies Aid Society of the First M. E. Church, Monday afternoon in the church parlors, corner of Seventh street and Lamar avenue. The social features of the meeting were the supervision of the June committees with Mrs. C. W. Snider as chairman. The rooms were delightfully cool and fragrant with the odor of cut flowers, while potted plants were tastefully arrayed here and there. Several strangers were present with whom it was a pleasure to become acquainted. About sixty people partook of the refreshments served, consisting of ice cream, cake and punch.

At Mrs. Davidson's.
Last Monday evening Mrs. H. H. Davidson, assisted by her daughter, Miss Gertrude, pleasantly entertained a number of guests at the Davidson home on Floral Heights. The affair was in honor of Raymond Davenport of Seymour, who is visiting his aunt, Mrs. Davidson.

"Bunco" was played during the evening, although several other games were popular. A box of candy was awarded to Miss Mabel Williams, and Harold McDowell was presented with a book punch with ice cream and cake was served. Those present included Misses Nell Bullock, Annette Coffield, Mary Coffield, Marie Shelton, Mabel Williams, Oma Bradley, Cora Lee Waggoner, Ruby Self, Marion Crabtree, Mena Waltz, Amarie Morgan, Gettrude Davidson, and Messrs. Austin Self, Leslie Millican, Clarence Moore, Arthur Mansey, Glenn Peeler, Cecil Crowell, Leroy Scheurer, Jack Shelton, Harold McDowell, and Raymond Davenport.

Mrs. Cullinan Entertains.
Mrs. Frank Cullinan at her home on Brook street, entertained a house party last Wednesday night at an ice cream festival. The house party consisted of Misses Mabel Gaston and Hazel Goodman of Corsicana, and Miss Adalynne Gibson, all of whom returned Thursday morning to Lake Wichita where they have been spending a week.

The Ladies Auxiliary to B. R. L. will hold an especially important meeting Tuesday afternoon at the Odd Fellows Hall, and all visiting members are invited to be present.

The ladies of the Maccabees are working for a stirring meeting for July 24th, in honor of the eighth birthday of Wichita Hive. In accordance with the supreme Hive orders, all Hives in the United States are to celebrate their local birthdays. This is the largest fraternal order in America run exclusively by women and for women. The order will be twenty-two years old Oct. 1, at which time each Hive in the United States will celebrate in honor of that event.

Y. M. C. A. CLOSES COLOR LINE FOR MAY NOT REOPEN COUNTY PRIMARY

SECRETARY ANDERSON RESIGNS. ASSOCIATION HAD NOT BEEN SELF-SUPPORTING

FUTURE SEEMS DOUBTFUL COMMITTEE HAS SESSION

Effort May Be Made To Continue Use of Gymnasium and Bath Room
County Convention To Be Held Saturday July 27th. Presiding Officers Named.

After an existence of over two years, the Young Men's Christian Association has closed its doors and for the present, at least, the institution survives in name only. The board of directors has accepted the resignation of Secretary J. G. Anderson, effective at once and the plans for continuing the association are indefinite and doubtful.

Before submitting his resignation, Secretary Anderson submitted a proposition for keeping the association alive until September, when he suggested inaugurating a campaign to raise \$10,000 of which \$6000 was to be invested in a lot for a permanent building site and the remaining \$4000 expended in constructing a second story on the present structure. The second story, it was planned, was to be used as a dormitory from which the association would derive revenue sufficient to meet current expenses. For some time past, the revenue has been insufficient to meet expenses and this was a leading cause for the closing down.

Secretary Anderson will remain here for several weeks and expects to become a student at Princeton University in the fall. His proposition to continue the association until next fall and then make an effort to put the organization on a permanent, self-sustaining basis, was declined by the directors, who saw fit instead to accept his resignation, which he had submitted as an alternative proposition. Under Mr. Anderson's administration as secretary the association's indebtedness has been reduced about \$1000 and the large temporary structure has been erected.

Just what disposition will be made of the building is not known at present. There is a good gymnasium and bath equipment and it is possible that some arrangements will be made for keeping these conveniences open to such young men as are willing to pay for the use of them, but this is by no means certain.

It is felt that Wichita Falls is amply able to support a Y. M. C. A., and there is considerable sentiment in favor of keeping the organization alive, if possible. So far this sentiment has not crystallized into any definite movement. With a commodious building already available, it would seem that the assets are sufficient to give a reorganized association a good start.

FIRST NATIONAL DECLARES SEMI-ANNUAL DIVIDEND.

The board of directors of the First National bank met Saturday, reviewed the condition of the bank's affairs and made a distribution of the six months profits of the bank. A six per cent semi-annual dividend was declared and \$7,500.00 was placed to the surplus fund, making a total of \$107,500.00 in the surplus fund.

It is a source of gratification to the directors to see the splendid condition of the bank's affairs, as well as to know that the earnings have been so satisfactory for the past six months, regardless of the fact that there were no crops to sell. However, all of the Wichita Falls banks are in excellent condition.

"I AM A WHITE MAN" SAYS PLEDGE WHICH VOTERS MUST TAKE

THE PLEDGE.

"I am a white man and a Democrat. I have not affiliated with any other party within the last two years or voted the ticket of any other party within the last two years and I further agree to support the nominees of this primary."

The Democratic county central committee Saturday afternoon voted to make the county of Wichita county on Saturday, July 27th a white man's primary.

There was only one dissenting vote against this restriction, this vote being cast by T. R. Noble, the committeeman from precinct No. 2. Although he did not vote County Chairman C. C. Huff declared his opposition to the establishment of a color line. The test which appears above also provides that the voter must agree to support the nominees and that he declares he has not affiliated or voted the ticket of any other party within the past two years immediately preceding the primary.

It was also ordered that the precinct conventions to elect delegates to the county convention be held at two o'clock on the afternoon of Saturday, July 27th, and that the precinct chairmen should preside over these conventions.

Chairman Huff submitted a list of appointments for the presiding officers in the different precincts for the primary who were approved by the committee.

These officers will appoint the other necessary officers to assist them. They are as follows:

- No. 1, City Hall—J. W. Stone.
- No. 2, Court House—Ed Howard.
- No. 3, Allendale—W. P. Billingsley.
- No. 4, Cashion—Hy Willis.
- No. 5, Burkburnett—A. F. Dodson.
- No. 6, Iowa Park—J. B. Winfrey.
- No. 7, Denny—J. R. Pace.

Mass Meeting Called for Monday at Opera House

"Necessity for co-operation on the part of the railroads and their employees in protection of the revenues of the railroads prompted the formation of this association. The employees are equally concerned with the revenues of the railroads as the only source from which their salary is derived."

This is the statement made by Messrs. Curtis and Honeycutt, representatives of the association who are in the city for the purpose of organizing a branch here. Mr. Curtis said: "We have now met and spoken to all classes of employees explaining the purposes of the association, with the result that we have a great number of applications for membership and we will organize a good branch of the association here, which we believe will be very active in the work of protecting the railways from any further reduction of revenues. These reductions have very materially affected the earning power of the employees and have consequently affected their purchasing power from the merchants where they reside. Consequently we believe all business men

here should be interested in this matter. The general public should be interested from the fact that the railroads are unable to furnish the service to the public that they expect owing to lack of earnings and should these conditions continue they will be so crippled that they will be unable to provide the equipment necessary to move the bumper crop that Texas expects to have this fall. Now there is nothing secret about our organization or its work. Our meetings are held with the doors wide open with the public. The representatives of the press and any one interested is invited and welcome to attend. Consequently we have arranged a public meeting at the opera house Monday at 8:30 p. m., to which everyone is invited and a special invitation is extended to ladies."

"At this meeting we will show to the people of Wichita Falls in addition to the facts above stated that this reduction of rates is of no benefit to the ultimate consumer and in fact never reaches the general public. We will show further that this rate regulation has frightened away the investor in railroad securities

from the fact that the return on the investment is practically nothing.

"Texas needs many more railroads, notwithstanding the fact that there are now about 14,000 miles of railroads in the state there are hundreds of thousands of acres of land all over the state and particularly in the western portion which are practically undeveloped. The building of railroads through these parts would mean doubling the population and doubling your property valuations. But very few miles of track will be built until public spirit and some of the laws are changed.

The railroad employees of any community are good citizens ready and willing to help along any movement that makes for the good of the cities where they reside and they feel that in a matter where their interests are so generally concerned when the true conditions are explained to the public the people should and will come to their assistance. It is estimated that there are about 14,000,000 people in our country who are either directly or indirectly dependent upon railroads for their support and surely this great portion of our citizenship has a right to have its interest conserved in connection with this franchise regulation of railroads.

We hope the people of Wichita Falls will come to our meeting and help us in our work.

The program of the meeting is as follows:
Opening by J. A. Kemp.
Address by C. P. Curtis.
Address by C. C. Huff.
Address by Dr. Bell, mayor.

WITHOUT CANDIDATE CONVENTION ADJOURNS UNTIL MONDAY--WILSON GAINS AT COST OF CLARK--BRYAN DESERTS SPEAKER WHO CRITICISES HIM VERY BITTERLY

TWENTY-SIX BALLOTS IN VAIN EFFORT TO NOMINATE

Wilson Makes Steady Gains--Clark's Support Wanes After Exceeding Majority at One Time

By Associated Press. Baltimore, June 29.—With Gov. Woodrow Wilson gaining on each ballot and Speaker Champ Clark constantly losing ground in the race for the presidential nomination, the Democratic National convention at 11.05 tonight adjourned until Monday morning at 11 o'clock.

Twenty-six ballots had been taken since the first call of the states and there was no hope of a final verdict tonight. This is against all political precedents for a National convention to sit on Sunday, but tomorrow will be a day of important conferences among party leaders and a day of hard work for campaign managers.

The twenty-sixth ballot resulted: Clark 463 1-2; Wilson 407 1-2; Underwood 112 1-2; Harmon 29; Marshall 30; Bryan 1; Foss 43; absent 1 1-2. When the convention recessed tonight, Mr. Clark was hurrying to Baltimore from Washington in response to a call from his manager, William J. Bryan. In the afternoon he had attacked Clark and had said he could vote for no man willing to accept the nomination from Murphy of Tammany Hall. It was the plan of Mr. Clark to appear before the convention and answer this. In this way, his managers hoped to bolster the falling vote.

The ballot today ran from 16 to 26. Wilson began at 356 and ended at 407 1-2, a net gain during the day of 51 1-2 votes.

Speaker Clark began at 554 and fell to 463 1-2, a net loss of 90 1-2 votes. The anti-Clark leaders called attention to the fact that this almost exactly offsets the ninety votes given to Clark by the New York delegation.

Breaks to Governor Wilson were coming from many delegations as the balloting closed. His managers believe that once had been overtaken Speaker Clark, the switching of delegates would become general. The Clark forces plan to make a desperate effort tomorrow to win back some of the delegates lost today and in this work they probably will have the personal direction of the speaker himself.

The Wilson forces in the meantime expect to fight not only to hold their gains today but to induce more to desert the other candidates. Senator Stone of Missouri tonight made a motion to eliminate the candidate receiving the lowest vote on each succeeding ballot until one, the leader, was left in the race. There was a storm of objection and the subject was dropped no further.

The Harmon delegates from Ohio gave their support to Speaker Clark on several ballots, but they did not materially help him towards the necessary two-thirds vote because of the gradual inroads made by Wilson. They then changed back to Harmon and remained there until the last ballot of the evening. The great bulk of the Massachusetts' delegation deserted Clark tonight and started a Foss boom. It created little excitement.

The deadlock confronting the convention is the most remarkable in the history of modern politics. There was no one in the convention today able to recall another instance in which it had required anything like that so far have been taken without result. Having failed to nominate with the week-end it is not anticipated that the delegates will hurry to a decision on Monday and the fight may be prolonged for several days.

The Clark people are still confident that enough of their delegates will remain steadfast to constitute the necessary two-thirds to prevent a nomination. Many of the delegates were hopeful that an early decision might be reached, but the two leading candidates tonight were so far short of the 725 1-3 votes necessary to nominate that the problem seemed a most difficult one.

The thirteenth ballot which was the first taken today and as was expected, it showed but slight change from the close of last night. It was said a good many delegates were superstitious about changing votes on ballot No. 13. The thirteenth ballot showed a gain for Clark of seven and one-half votes over the last ballot last night and a gain for Wilson of two and a half votes.

The fourteenth and fifteenth ballots showed scarcely any change except a Wilson gain of five and a half votes. Clark lost one vote on the fourteenth. On the fifteenth he lost one more and on the sixteenth he lost another. Meanwhile on the fourteenth Wilson jumped from 356 1-2 to 361, gained one and a half on the fifteenth and was stationary on the sixteenth.

When Idaho was reached in the sixteenth ballot Gov. Hawley of that state asked a poll of the delegation declaring that although instructed for Clark a majority of delegates had determined the time had come to disregard instructions. Chairman James after examining the resolution instructing the delegation, concluded:

"If the majority of the delegation believes that there is no longer a reasonable hope of Clark's nomination they may violate their instructions and be responsible to the people." A shout of protest went up.

"I object to the chairman characterizing the action of the delegates as a violation of their instructions," shouted Thomas Ball, a Texas Wilson delegate. Idaho was passed. Representative Burleson of Texas went to the platform and protested to James against the form of his ruling. Representative Hughes of New Jersey, joined Burleson on the platform. The Wilson manager was aroused and warned James that a resolution to "vacate the chair" had already been prepared and would be presented if further rulings were not impartial. The result of the Idaho poll gave the eight votes of that state to Clark.

On the seventeenth ballot, Idaho caused trouble again and was passed and at the end of the call, demanded a poll of the delegation. The eighteenth ballot brought Clark's vote below the majority he gained in the tenth and which his managers had counted on to help force his nomination.

During the twentieth ballot, Senator Bankhead, manager of the Underwood forces received a telegram from Representative Underwood saying "we control the situation; I hope my friends will stand firm." During the twenty-first ballot, Wilson men in the Washington and Wyoming delegations demanded roll call.

Under the unit rule, however, Clark got the entire vote cast. Some pro-

ROOSEVELT KEEPS EYE ON BALTIMORE

LAUGHS AT BRYAN'S DECLARATION AGAINST CHARLES F. MURPHY

IS WAITING ON RESULTS

Organization of New Party is Delayed Until Democrats Reach Some Decision

By Associated Press. Oyster Bay, June 29.—"It is just a game of puss-in-the-corner," said Col. Roosevelt tonight of the day's happenings at Baltimore. When told that Bryan had declared he would not be a party to the nomination of a candidate supported by Charles F. Murphy he laughed heartily.

"It is very funny," he said, "but of course, it is preposterous to think of a convention in which Bryan and Ryan are in good standing. Has anybody got any idea what that convention is going to do?"

Plans for the formation of a new party still are being held up to await developments at Baltimore. "I expected to be able to say something definite a day or two ago," said the colonel, "but the Baltimore convention is hanging so that we have been delayed."

NATIONAL COMMITTEE CALLED, FAILS TO GET TOGETHER.

By Associated Press. Baltimore, June 29.—In an effort to break the deadlock on the presidential nomination situation, the National committee determined early today to meet at noon, but later rescinded this action and held no meeting. Soon after the convention adjourned this morning, members of the committee gathered at the Belvidere Hotel to discuss the tangled state of affairs, to find a way out of the difficulty if possible and a man to lead the way.

Several champions of leading candidates were appealed to during the early hour and Chairman Mack called the meeting which later failed to get together. That the New York delegation would stick by Champ Clark for ten ballots was reported today and this information steeled the determination of the Wilson, Harmon and Underwood leaders to stand with unyielding front for their candidates with the hope that after the 19th ballot New York would throw her support elsewhere.

TARIFF BOARD CEASES TO EXIST; HAS NO FUNDS.

By Associated Press. Washington, D. C., June 29.—The tariff board went out of existence today because Congress has refused further money for its work. The five members informed President Taft of the board's most recent work, consisting of an examination of the leather industry, the cost of sugar growing in Louisiana, and figures on the leather and silk schedules. This is the president.

CLARK HAS HOT REPLY

ISSUES STATEMENT SEVERELY CRITICISING BRYAN FOR LATTER'S COURSE

IS AT BALTIMORE

Comes to Convention in Response to Urgent Call From His Manager

By Associated Press. Baltimore, June 30.—Champ Clark issued a scathing statement early this morning denouncing W. J. Bryan's attack upon him yesterday afternoon in the convention.

Clark said it was an attempt to besmudge him. He said that Bryan was the last man in the party who should have done such a thing. Clark's statement practically charged Bryan with having betrayed his confidence and friendship.

By Associated Press. Baltimore, June 29.—Speaker Clark came tonight at the urgent request of Former Senator Fred Dubois his campaign manager and George Fred Williams of Massachusetts who represented that the Missourians candidacy had suffered by reason of "an attack upon his honor" made by Williams Jennings Bryan.

The convention apparently hopelessly deadlocked had adjourned until Monday before Clark's arrival. After the conference Mr. Clark said: "I came here to Baltimore to confer with my friends on matters concerning which I probably will have something to say after the conference. That is all I have to say now." It could not be learned tonight whether Clark would attempt to see Bryan. It is believed he will be content to make a statement to the convention through some friends or will have a letter read. There is no way he could address the convention except by invitation but it is not likely that this would be withheld.

CLARK SLIPS AWAY FROM CAPITAL QUIETLY.

By Associated Press. Washington, D. C., June 29.—Attempts to get the withdrawal of Underwood and other candidates having failed, the Speaker was advised by his manager to go to Baltimore quickly. He left the capitol quietly and when his train pulled out his office was filled with friends and at least a score of colleagues who did not know he had gone. The door to his private office was closed and the room was empty. Later the fact of his departure became known.

NEW YORK VOTE CAUSES BRYAN TO DESERT CLARK

Says Unwilling to Support Man Backed By Murphy—Action Causes Much Feeling

By Associated Press. Baltimore, June 29.—William Jennings Bryan on the 14th ballot today changed his vote from Clark to Wilson. Bryan rose in his chair in the Nebraska delegation as the poll of that state was ordered. He was interrupted with cries of "vote, vote," as he asked to explain his vote.

Acting Chairman Sulzer ruled that nothing was in order but in explaining amid shouts the actual vote. Bryan persisted of "vote." He said: "As long as New York's votes are cast for Clark, I withhold my vote from him." The convention was in an uproar. Senator Stone shouted above the din, pleading with delegates and galleries to listen "Listen to Bryan."

Bryan remained mounted on his chair. Senator Stone went to the platform to ask for time for Bryan to explain his vote. Above his racket a motion granting unanimous consent to Bryan to speak was declared carried and the Commoner went to the platform amid cheers and shouts of derision. There was

BACHIMBA FIGHT DELAYED

Movement and Counter Movement By Both Sides—No Early Battle Likely

By Associated Press. Mexico City, June 29.—President Madero has refused again to enter negotiations with Orozco over terms of surrender. The rebel leader is understood to have asked by wire several days ago what consideration he and his men might expect at the hands of the authorities if they agreed to lay down their arms. Madero is understood to maintain his former stand that he would not treat with the rebels and that his terms were unconditional surrender.

FEDERAL FORCES TRYING TO PREVENT RETREAT

By Associated Press. Ortiz, Mexico, June 29.—Maneuvers about which the greatest secret is maintained are in progress under the direction of Gen. Huerta, who is successful may squelch the revolution within a week. With the entire rebel army fortified at Bachimba, the government strategists have mapped out a plan to prevent a getaway by the rebels.

Whether the telling blow will be delivered on flank movements or rear attack at a point between Bachimba and the city of Chihuahua cannot be stated positively today, but it is certain that there will be no fighting for at least three days.

This time is needed to give the various detachments an opportunity to assume designated positions north of the city of Chihuahua. The federal forces are moving rapidly behind Orozco's army. One big column has started from Sonora and western points while another is at Orizaba and the eastern side of the rebel zone. The federal advance guard has reached Monseño a few miles south of Bachimba.

ITALIANS ARE VICTORIOUS IN BATTLE AT TRIPOLI

By Associated Press. Rome, June 29.—Another severe battle at Tripoli on June 8 is reported in a dispatch received tonight and the entire division of Italian troops attacked the Heights were masses of Arabs and Turks were lying in deep entrenchments.

The Italians were aided by a bombardment from three warships and routed the Turk with bayonet charges. The Turks left 200 dead and many wounded. The Italian losses were 10 dead and 78 wounded. In an engagement the day before the Italians lost 29 killed.

Reduced Birth Rate Cause of Some Concern in France

By Associated Press.
Paris, June 29.—Paul Leroy-Beaulieu, the eminent French economist, has issued a striking appeal to Frenchmen and French women, in which he points out the grave danger of the depopulation and the denationalization of France by the reduced birth rate. Last year the deaths exceeded the births in France by almost 35,000, and the total number of births in 1911 was 263,000 less than the annual birth rate during the second period of the second Empire.

M. Leroy-Beaulieu declares that the drop in the French birth rate is immoral, due to the universal wish to limit the family to the minimum. It is not alone due to the fear of the expense of bringing up children, but also, he claims to the pure egotism of married couples, who do not wish to be bothered by the rearing of infants.

The economist has several remedies for what he considers a very threatening situation for the future of France. First he thinks it is absolutely necessary to teach the Frenchman that the normal family should include not fewer than three children. This teaching should begin in the schools, both public and denominational, so that it may be propagated as a truth essential to the maintenance of the nation.

Furthermore, he favors the adoption of a law, to be applied without exception, providing that no persons shall hold public positions or be eligible for government employment of any kind unless they have three children. The need of the third child—that is what must be insisted upon throughout France, M. Leroy-Beaulieu declares. He estimates that of the average ten marriages usually one or two bring forth no children, while the remaining couples content themselves with either one or two children.

As an additional encouragement, the economist recommends the establishment of a system of state premiums. The sum of \$100, in his opinion, should be given for each third infant, as well as for each additional infant. This premium should be distributed irrespective of the fortune of the parents, and millionaires should receive it as well as the poor. He estimates that \$30,000,000 per year would be the cost to the state of car-

rying out this plan. He believes that these premiums, if they did not increase the birth rate, would certainly hinder it from falling, and considers it very much better to spend the national money in this way than to distribute it in old age pensions.

It is better, he says to suppress the obligatory pensions and have fifty to sixty thousands more births per year, for the salvation of France demands that the country shall be populated.

Mulla Hadd, the Sultan of Morocco, who recently left Fez for Rabat, has a reputation as a poet in the Mohammedan world and is also recognized as a writer on philosophy. His best known poem has recently been translated into Spanish by Senor Ricardo Beata.

The Sultan starts by confessing his disenchantment with life. Translated literally, this portion of his song reads: "From the heights to which Fate has borne me, I see naught but human heads servilely bowed. So high am I placed that my hand outstretches to the friendly hand." Then he reverts to the happy epoch when a simple camel driver he loved the beautiful Bedouin girl, Anese, and her alone. To-day, surrounded with riches and honors, wearied with pleasures, the Sultan sadly meditates upon the irrevocable past and upon his first love.

Then, advancing to more impersonal subjects, the Sultan writes: "Patience! Fate whispers to me. And while expectant that the star of ancient days shall shine again, resplendent over our heads, I still shall add pearls, more and more pearls, to the marvelous regalia of Islam; and may the keen edge of the sword of vengeance open to us at the propitious hour the road to the final triumph! Night sings my songs in secret to-day; but tomorrow they shall be intoned in the broad light, freely, gloriously!"

The inference is taken to be that he hopes, one day, not distant, to shake off the yoke, or the protectorate of the foreigner, and to reconquer his independence as the Cherif of the Moors.

Miss Aileen Grace of Altus, Okla., is in the city visiting Mrs. Oscar Williams, 2403 Ninth street. She will probably remain for about two weeks.

News From The Oil Fields

Fuel Oil Journal

All completions in the Electra field, since the last report, have been small—usually less than 100-barrel wells, and outlying tests have not added to the producing territory heretofore outlined. The broken character of the sands continues to attract attention. Hardly a week passed that does not see one or more wells finished at new depths. Perhaps these are not all new sands, but at any rate the oil is found at new levels. The most widespread and uniform sand of the field is found either slightly above or below 1,000 feet, while the deep sand 1900 feet is very spotted. The Corsicana Petroleum Company's Putman 3 and the W. C. McBride well on the Sheldon on opposite sides of the field are deep sand producers, and yet nothing of importance has been developed in the same sand between them. These two wells, each good for over 500 barrels and Producers Waggoner 12, which makes about 350 barrels, are the best wells in the field.

Benson & Little drilled a second well on the Douglas tract and found a light sand at 350 feet, which will make not more than 10 barrels per day. The Hivick & Flanagan well on the Fisher tract is being deepened to the 1900-foot sand. The development southeast is not arousing much interest.

The Five Rivers 3, on the Skelly north of town, which was reported last month, soon settled down to a production of about 125 barrels, but is holding up at that figure. The sand was found at slightly less than 1000 feet, or 50 feet higher than other production sands in this territory, which may account for this well being so much better than those adjoining. The Guaranty Oil Company 1, near the line of the Waggoner lease, is holding up nicely at 100 barrels. Producers Waggoner 13, a short distance west of this production, is shut down at 2185 feet.

The present indications are that the deep sand discovered in the McBride well on the Sheldon will cover a very small area. The Ninety-Nine Pumping Company's test, only 400 feet east, was abandoned at 2015 feet, a salt water hole, after having gotten only a very light showing at the proper depth. McBride's 2, purchased from Clint Wood, was good for only 50 barrels. The Corsicana Petroleum Company's wells on McBride's west line are not deep enough to be interesting.

Waggoner 12 was opened up shortly after the Producers closed a deal with Bywaters for the remainder of his holdings. As already stated it is holding up at better than 350 barrels. The lease from Bywaters, which was shortly thereafter placed on record, showed consideration of \$105,000 paid with an obligation to begin drilling 5 wells within thirty days from date of the lease, and 5 additional wells were to be started immediately upon completion of the first 5.

New production has more than offset the normal decline, and the average is now better than 11,000 barrels a day, the Producers on the Corsicana Petroleum Company each having about 5000 barrels; W. C. McBride 525 barrels; Five Rivers Oil Company, 150 barrels; the Guaranty Oil Company, 130 barrels, and others about 90 barrels.

In the latter part of May a water test was made in the Texas Company's 6-inch line to Fort Worth, which resulted in several bad breaks, and these temporarily held up delivery of oil through the line. The Texas Company is reported to have finished its contract with the Pierce Fordyce Company for delivery of oil at Electra, and is now running the line to its full capacity to Fort Worth. The Henrietta station is about completed.

The Magnolia Petroleum Company has received most of the pumping machinery for its main line station to be erected at Electra, and the line is being rapidly laid from both Electra and Petrolia and will be completed through to Corsicana early in July. But for the delays occasioned by waiting for pipe this line would have been finished before the end of June. Two small trades were recorded during the month. The Ninety-Nine Pumping Company sold all its holdings in the Electra field to the Producers, but no consideration has been made public. Ed Wilson sold his well on the Skelly, including the leases on three lots, to the Guaranty Oil Company, which controls the adjoining property. The consideration in the latter instance is said to have been \$5000.

Twenty-five wells were completed at Electra in the period from May 15 to June 17, only one, the test by the Producers Oil Company on the Sheldon, originally started by the Ninety-Nine Pumping Company, being dry. The initial output of the 24 producers is placed at 1524 barrels, an average of 64 barrels per well. Following is the list of completions: Corsicana P. Co., 17 Allen; 100 bbls.

ARDMORE TAKES OPENING GAME

POOR FIELDING BY LOCALS IS CHIEF CAUSE OF THEIR DEFEAT

THREE HOME RUN DRIVES

Brown, White and Caldwell Get Four-Sackers—Ardmore Here Again Today

Some dyspeptic fielding on the part of the locals marked yesterday afternoon's game at City Park and Ardmore won out, 7 to 4. With Myers pitching his usual good article of ball, the field gave him the poorest kind of support, accumulating five errors and that doesn't include some boners that also contributed.

There was also some hitting—but of course the two home runs, that White and Brown secured, came when the bases were even emptier than the bleachers, which were some empty, believe me. Caldwell of the visitors also clouted one for the full circuit, sending another in ahead of him. Pelky's playing was easily one of the game's features. He handled nineteen chances in brilliant style. Kizlar in right field for the locals also did some good work, pulling down five flies and jerking off a couple of assists that were fancy.

Baumberger, the new shortstop who is from Altus, performed, giving the fans their first look at him. He did not seem to have anything so awful much and the hole left by Pep Clark when he did his disappearing stunt seems to be yet unfilled.

Bobby Myers was in the game and will continue to be for some time. That report about his leaving is not true, it seems, but he owes us a cigar for the nice things we said about him, anyhow.

Ardmore will again oppose the locals this afternoon. Mullins will probably be the pitching selection. If you can get any consolation out of these figures, you are entitled to it:

NEW YORK VOTE CAUSES BRYAN TO DESERT CLARK

(Continued from page 1)

for (hisses and applause) we expect to appeal to the confidence of the progressive Democrats and Republicans of the Nation. Nebraska is that portion of the delegation for which I speak is unwilling to participate in the nomination of any man who is willing to violate the resolution adopted by this convention and accept the nomination at the hands of Mr. Murphy.

Gov. McKelvie of West Virginia, arose. He said: "I wish to ask the categorical question whether Mr. Bryan intends to be understood that he will not support the nominee of this convention which he has voted for and nominated by the vote of the State of New York."

Mr. Bryan replied "I shall be glad to answer the question, and before answering, it I shall be glad to advise that if any other gentlemen on this convention have any questions on their minds that they would like to get rid of, I will remain here and give them a chance (applause). We have a right to ask questions of each other and we ought to be frank with each other."

"Are you a Democrat?" came from a delegate.

"My democracy has been certified to by six and a half millions of Democrats, but I will ask the secretary to enter on the record a dissenting vote if the delegate will give me his name (prolonged laughter). I would like to have his name that I may put it by the side of Ryan and Belmont, who were not Democrats when I was a candidate for the presidency. Now let me answer the question of the gentleman from West Virginia. Nothing that I said this morning and nothing that I ever said justified the construction that the gentleman would place upon my language. I distinguished between refusing to be a party to the nomination of a candidate and refusing to support him after he had been nominated over my opposition (cheering and applause)."

Gov. Brewer of Mississippi, asked "Mr. Bryan, if Mr. Clark, Mr. Underwood, Mr. Marshall, Mr. Wilson, Mr. Harmon, Mr. Kern or Gov. Foss is nominated by this convention by two-thirds majority with New York voting for the man who is nominated will you support the Democratic nominee?" (Cries of "answer" and applause.)

"I deny the right of any man to put a hypothetical question to me—Mr. Bryan was interrupted by jeers and yelling—"I said I deny the right of any man to put a hypothetical question unless he is prepared to put into that question every essential element necessary to be understood before it be answered intelligently (applause and cheering)."

John Knox of Alabama, stated "Mr. Chairman, haven't we anything to do in this convention except to listen to Mr. Bryan's speech? The unanimous consent of this convention was never given and the gentleman's speaking is an arbitrary ruling of the chair and he is speaking out of order." Bryan said:

"I have no expectation that any nomination in this convention will be secured in any way or in any condition that will prevent my acting."

Mr. Knox made a point of order—"There is no delegate who has a right to abuse his privilege to attack a candidate before this convention."

Mr. Bryan—"I expect to support the nominee of this convention (applause). I do not expect anyone to be nominated who will not deserve the support of the party. I do not expect anyone to be nominated who would permit a partnership between Morgan, Ryan, Belmont and myself (applause). But I do not consider myself under obligations to give bond to answer the question categorically until the conditions arise that I can know what I am answering. Now I am preparing to announce my vote unless again interrupted with the understanding that I shall stand ready to desert the one for whom I am going to cast it whenever New York casts her vote for him. I cast my vote for Nebraska's second choice—Gov. Wilson." Mr. Bryan's announcement was received with prolonged cheering and applause, after which Senator Stone of Missouri said:

"So far as Speaker Clark is concerned, I have just this one sentence to utter—I pledge his great record as a Democrat and the splendid service rendered his party for more than twenty-five years and no part of it was more conspicuous than that during the campaign of William J. Bryan."

"We were instructed for Clark with the understanding that he stood for progressive Democracy (applause). Mr. Clark's representatives appealed to the delegates on that ground. They contend he is more progressive than Wilson and denied that there is any cooperator between Clark and the reactionary element of the party. Upon no other condition could Clark have received a plurality in Nebraska. The thirteen delegates for whom I speak are ready to carry out the instructions given in the spirit in which they were given and upon the condition upon which they are given (applause). But some of these delegates will not purchase a place in the nomination of any man—I can't for him (applause and hisses). I have not had a chance to take a poll—but some of these delegates will not purchase a place in the nomination of any who depends upon New York for his success."

"Speaking for myself and any who

may decide to join me I withhold my vote for Clark as long as New York is for him (applause and hisses).

"The position I take in regard to Mr. Clark I will take in regard to any other candidates whose names may be before the convention. I will not be a party to the nomination of any man no matter who he is or from what section of the country he comes who will not when elected be absolutely free to carry out the anti-Ryan-Morgan-Belmont resolution and make his administration reflect the ideas and hopes of those who believe in a government of, for and by the people (great applause)."

"If we nominate a candidate not under obligation to these interests I shall offer a resolution authorizing and directing the presidential candidate to select his own campaign committee to manage the campaign so that he may not be compelled to suffer the humiliation and act under the embarrassment that I have in having his campaign managed by men having no sympathy with the party's aims. Now having explained the position taken by myself and others in the delegation I now announce my vote."

Platform the Democrats Will Adopt at Baltimore

We, the representatives of the Democratic party of the United States in National convention assembled, reaffirm our devotion to the principles of Democratic government formulated by Thomas Jefferson and enforced by a long and illustrious line of Democratic presidents.

Tariff Reform. We declare it to be a fundamental principle of the Democratic party that the Federal Government under the constitution has no right or power to impose or collect tariff duties, except for the purpose of revenue, and we demand that the collection of such taxes shall be limited to the necessities of government honestly and economically administered.

The high Republican tariff is the principal cause of the unequal distribution of wealth; it is a system of taxation which makes the rich richer and the poor poorer; under its operations the American farmer and laboring man are the chief sufferers; the tariff raises the cost of the necessities of life to them, but does not protect their product or wages. The farmer sells largely in free markets and buys almost entirely in the protected markets.

We favor the immediate downward revision of the existing high and in many cases prohibitive tariff duties, insisting that material reduction be speedily made upon the necessities of life. Articles entering into competition with trust controlled products and articles of American manufacture which are sold abroad more cheaply than at home, should be put on the free list.

We recognize that our system of tariff taxation is intimately connected with the business of the country and we favor the ultimate attainment of the principles we advocate by legislation that will not injure or destroy legitimate industry.

High Cost of Living. The high cost of living is a serious problem in every American home. The Republican party, in its platform, attempts to escape from responsibility for present conditions by denying that they are due to a protective tariff. We take issue with them on this subject and charge that excessive prices, result in a large measure from the high tariff laws enacted and maintained by the Republican party and from trusts and commercial conspiracies and encouraged by such laws and we assert that no substantial relief can be secured for the people until import duties on the necessities of life are materially reduced and these criminal conspiracies broken up.

A private monopoly is indefensible and intolerable. We therefore favor the vigorous enforcement of the criminal as well as the civil law against trust officials and demand the enactment of such additional legislation as may be necessary to make it impossible for a private monopoly to exist in the United States.

We favor the declaration by law of the conditions upon which corporations shall be permitted to engage

in interstate trade, including, among others, the prevention of holding companies, of interlocking directors, of stock watering, of discrimination in price, and the control by any one corporation of so large a proportion of any industry as to make it a menace to competitive conditions.

We condemn the action of the Republican administration in compromising with the Standard Oil Company and the tobacco trust and its failure to invoke the criminal provisions of the anti-trust law against the officers of these corporations after the court had declared that from the undisputed facts in the records they had violated the criminal provisions of the law.

We regard that the Sherman anti-trust law had received a judicial construction depriving it of much of its efficiency and we favor the enactment of legislation which will restore to the statute the strength of which it has been deprived by such interpretation.

The movement towards more popular government should be promoted through legislation in each state which will permit the expression of the preference of the electors for National candidates at presidential primaries.

We direct that the National committee incorporate in the call for the next nominating convention a requirement that all expressions of preference for presidential candidates shall be given and the selection of delegates and alternates made through a primary election conducted by the party organization in each state where such expression and election are not provided for by state law. Committee members who are hereafter to constitute the membership of the Democratic national committee and whose election is provided for by law shall be chosen in each state at such primary elections and the service and authority of committee members, however chosen, shall begin immediately upon the receipt of their credentials respectively.

We pledge the Democratic party to the enactment of a law prohibiting any corporation from contributing to a campaign fund and any individual from contributing any amount above a reasonable maximum.

Term of President. We favor a single presidential term, and to that end urge the adoption of an amendment to the constitution making the president of the United States ineligible for re-election, and we pledge the candidate of this convention to this principle.

At this time, when the Republican party, after a generation of unlimited power, in its control of the Federal government, is rent into factions, it is opportune to point to the record of accomplishments of the Democratic House of Representatives in the sixty-second Congress. We endorse its action and we challenge comparison of its record with that of any Congress which has been controlled by our opponents.

the election expenses of U. S. Senators and Representatives. It has also passed a bill to prevent the abuse of the writ of injunction. It has passed a law establishing an eight hour day for workmen on all National public work.

It has passed a resolution which forced the president to take immediate steps to abrogate the Russian treaty. And it has passed the great supply bills which lessen waste and extravagance and which reduce the annual expenses of the government by many millions of dollars.

We approve the measure reported by the Democratic leaders in the House of Representatives for the creation of a council of National defense, which will determine a definite naval program with a view to increased efficiency and economy. The party that proclaimed, and has always enforced the Monroe doctrine and was sponsor for the new navy, will continue faithfully to observe the constitutional requirements to provide and maintain an adequate well proportioned navy sufficient to defend American policies, protect our citizens and uphold the honor and dignity of the Nation.

Banking Legislation. We oppose the so-called Aldrich bill or the establishment of a central bank, and we believe the people of the country will be largely freed from panics and consequent unemployment and business depression by such a systematic revision of our banking laws as will render temporary relief in localities where such relief is needed, with protection from control or domination of what is known as the money trust.

Banks exist for the accommodation of the public and not for the control of business. All legislation on the subject of banking and currency should have for its purpose the securing of these accommodations on terms of absolute security to the public and of complete protection from the misuse of the power that wealth gives to those who possess it.

Rural Credits. Of equal independence with the question of rural credits or agricultural finance. The reform we recommend is that an investigation of agricultural credit societies in foreign countries be made so that it may be ascertained whether a system of rural credits may be devised suitable to conditions in the United States and we also favor legislation permitting National banks to loan a reasonable proportion of their funds on real estate security.

We recognize the value of vocational education, and urge Federal appropriations for such training and extension of teaching in agriculture in cooperation with the several states.

Hampton Hatfield Dead. Hampton Hatfield, aged 32 years, died at the home of his sister, Mrs. Martin, who lives on the Huff-McGregor ranch near Mabledean at six o'clock Saturday evening after an illness of many months with tuberculosis. Mr. Hatfield was a native of Alabama. The funeral will be held at Riverside cemetery at about 3:30 o'clock this afternoon.

"I am a white man and a Democrat, and have not affiliated with any other party within the last two years, or voted the ticket of any other party within the last two years, and I further agree to support the nominees of this primary," is the test prescribed for those who are willing to take it and vote in the Democratic primary in Wichita county on July 23rd. It is the right sort of test, but is not the kind that will be applied down in South Texas, where the negroes and Mexicans are numerous. No man who is an honest white man will vote in a Democratic primary unless he is a Democrat, and as this is, or at least, ought to be a white man's country and no candidate who makes a bid for the negro or Mexican vote should be elected to office.

After being in session for five days and taking 26 ballots, the Democratic convention at Baltimore adjourned last night at 11:05 without making a nomination with Clark in the lead and Wilson a close second. Just what will be the outcome of this convention is difficult at this distance to determine, but if we may allowed to venture a guess the nominee, who ever he may be, will be the next president of the United States, but it will neither be Wilson or Clark so long as the two-third rule governs. Each have a sufficient number of pledged votes to prevent the others nomination and while every effort has been brought forth to pull votes away from both Wilson and Clark, it has not succeeded or had not got to the time the last ballot was taken last night. Even after Bryan had withdrawn his support or refused to vote for Clark, justifying his action by reason of the fact that the New York delegation headed by Murphy, had turned its support to the Missourian, the effect was not what was expected, though it perhaps prevented the nomination of Clark. From the way things now look the convention is deadlock between Wilson and Clark, and a dark-horse is apt to be named.

UNDERWOOD DECLINES SUGGESTION BY STONE

Does Not Seem To Agree To Proposal That He Withdraw From Race

By Associated Press. Washington, D. C., June 29.—Representative Underwood late today received Senator Stone's telegram urging him to withdraw in favor of Champ Clark. No answer will be sent. Underwood declines to discuss the telegram or any action he might take.

WILSON VERY CHEERFUL; NOT GOING TO BALTIMORE

Facetiously Remarks That He Ought To Vote If 175 More Ballots Are Taken

By Associated Press. Seagirt, N. J., June 29.—Gov. Wilson decided this evening not to go to Baltimore. He did not believe he said that it would not be dignified for him to do so and that he would not gain anything by taking the trip. He spent a busy day in constant telephone communication with Baltimore. He seemed pleased when the news came that Bryan had transferred his vote to the Wilson column.

At dinner time the governor said he had not heard directly from Bryan during the day. "At the present rate of gain," he said after reading the 15th ballot, "I figure that it will take only about 175 more ballots to land me. I guess they are having a hard time there as a friend wrote me at 5 o'clock this morning that he could hardly write above a whisper."

TWENTY-SIX BALLOTS IN VAIN EFFORT TO NOMINATE

(Continued from page 1)

gressive delegates considered the advisability of John W. Kern to break the deadlock but reached no decision. Some of the leaders predicted the nomination of the Indiana senator before six more ballots. Clark leaders proposed a recess but by a vote of 529 1-2 to 547 noes the convention refused to adjourn and the twenty-second ballot began. The Wilson men opposed the recess.

The Georgia delegation announced that it would pay no attention to a resolution introduced in the Georgia senate instructing the delegation to vote for Wilson. This resolution had not been passed by the Senate. Judge Brantley said the delegation was instructed for Underwood at a primary and would follow those instructions.

On the twenty-second ballot, when Fitzgerald announced that Massachusetts cast 34 votes for Foss, two for Clark, an uproar followed. The Massachusetts delegates protested that they should be given an opportunity to place Foss in nomination.

When Ohio was called, the Harmon vote of that state went to Clark, 28 1-2 votes were recorded for Clark and half a vote went from the Harmon column to Wilson.

Vermont's entire vote, eight on this call went to Foss. On the twenty-second Clark lost 3 1-2. Wilson gained one, Underwood lost 3 1-2 and Foss for the first time took a place on the roll. Harmon's 29 in Ohio were eliminated.

The result of the twenty-third ballot was a loss of three for Clark and a gain of three for Wilson and half a vote loss for Underwood.

On the twenty-fourth Iowa's delegation which had been passed, demanded a poll. It was seven for Wilson, 19 for Clark. Sulzer in the chair ruled that the vote must be cast for Clark and an Iowa delegate appealed. Representative Hughes, the Wilson leader, demanded a roll call on the appeal and it began amid disorder. Finally it was withdrawn.

The twenty-fourth ballot showed a Clark loss of 1 1-2, a Wilson gain of 3 1-2; Underwood gained one, and Foss lost one. Wilson passed the 400 mark for the first time and when the vote was announced, the Wilson enthusiasts cheered loudly. Senator Stone took the stand, to say "I ask unanimous consent that after two additional ballots on the third ballot, the candidate receiving the smallest vote on that ballot be dropped from the ballot. On the next vote, the candidate receiving the smallest number of votes be dropped and so on."

A chorus of hoots and jeers greeted this proposal and Representative Burleson objected vigorously.

Bryan left his seat with the Nebraska delegation and hurried through the crowd to the front of the platform where he leaned with a hand cupped over his ear to hear the announcement of the chairman on the unanimous consent proposition. The chair announced an objection to the agreement and the roll call was directed to begin for the twenty-fifth time.

The result of the twenty-fifth ballot was a loss of 27 for Clark, a gain of 2 1-2 for Wilson and a loss of 7 1-2 for Underwood. Harmon returned to the poll with his 29 votes in Ohio which deserted Clark.

The twenty-sixth ballot was ordered at 9:35. When Missouri was called on this ballot, the entire delega-

tion arose and shouted "Thirty-six for Champ Clark." A demonstration for Wilson was precipitated on the twenty-sixth ballot, when the Maryland delegation which had stood solid for Clark from the first, demanded a poll, indicating a possible split. For fifteen minutes the Wilson people gave vent to enthusiasm over the gains the New Jersey Governor had made, before the chair made any effort to check the demonstration.

The Clark adherents, not to be outdone took a hand. Clark banners suddenly appeared and were paraded about the aisles. A big picture of Wilson hoisted from the floor to the galleries and labeled "Our Next President" renewed the Wilsonites' cheering. A woman tried to carry a Clark banner to the stage when an assistant sergeant at arms stopped her there was an exchange of blows between two men at the very foot of the stairs to the stage.

When Maryland which had been passed was reached at the end of the roll, a poll of the delegation was demanded. The chairman of the delegation announced sixteen votes for Clark but stated that two members wished to state a preference for another candidate.

The second delegate, Joshua W. Miles, answering to his name, shouted "Woodrow Wilson." Immediately the convention was in an uproar. Miles represented only a half of a vote but it was the signal to the Wilson adherents for a demonstration and the Missouri and New Jersey delegations seated directly across the aisle from each other began a wordy quarrel.

A Missouri delegate, red of face and wet with perspiration, climbed on his chair and made an impassioned speech to the whooping crowd as it passed by. After the demonstration had lasted twenty-five minutes the chair ordered the police to clear all banners from the hall and to allow no women in the delegates' section. Some semblance of order was finally restored. The Maryland poll was resumed and a cheer greeted the vote of United States Senator Rayner for Wilson. The poll was frequently interrupted by disorder. It became so difficult to maintain quiet that extra policemen were stationed about three feet apart in the aisles. The Maryland poll showed Wilson 3 1-2, Clark 12, absent 1, 2. A point of order against the splitting of the delegation's vote was overruled by the chairman because no evidence that the delegation was under instruction was before the convention.

Immediately after the announcement of the 26th ballot Representative Palmer of Pennsylvania arose. He said the delegates had reached the limit of physical endurance, that it was apparent no agreement could be reached before midnight and that it was not desirable that the convention would work on Sunday. He said: "By agreement of representatives of all the candidates, I move we adjourn until Monday." Before the motion could be put delegates and visitors were filing from the hall. David Francis of Missouri, seconded the motion. A Texas delegate tried to make it ten o'clock Monday. An agreement for 10 o'clock was finally reached. Gifford of Indiana, wanted to move to exclude all spectators at Monday's session but a point of order was held against it. The convention then adjourned.

Wearied with their second struggle lasting practically all night the leaders and great body of delegates were late in making their appearance at the main centers of activity this morning and it was well toward noon before the work of consultation and caucus was under way. The early

birds were again sanguine that a decisive ballot would be reached today and that the convention would end its labors tonight. Already the exodus from Baltimore has begun. It was the general feeling this morning that if Clark won he must win quickly. A continued deadlock was the one thing which might ease away the commanding lead he had already established. The problem before the Clark forces was first to hold the present strength intact and second to add 176 1-2 votes to his 549 1-2, shown in the twelfth ballot.

NEW ALTITUDE RECORD WITH PASSENGER MADE

Vienna, June 29.—At the international aviation meet today the Austrian aviators Csaky, whose real name is Miller reached an altitude of approximately 13,779 feet. He carried a passenger. Cornell Wins Boat Race, Wisconsin Close Second

By Associated Press.

Poughkeepsie, N. Y., June 29.—After leading all the way Cornell won the intercollegiate boat race with Wisconsin second, Columbia third, Syracuse third, Pennsylvania, fourth, Leland Stanford fifth.

Preceding the big varsity race there were the usual two mile race between four-oared crews representing all but Stanford and Wisconsin and the two mile freshmen eight oared race, in which all but Stanford were represented.

The prediction as to the memorabilia quality of the regatta is based on the observation of the veteran coaches in charge of the young oarsmen and others who have followed rowing for twenty years or more.

For this great regatta 120 college rowing men had trained. They are divided into the fifteen crews representing the colleges named. To see these men in the pink of physical fitness after months of training, is to realize the highest possible attainment in the development of young men for athletic competition.

First Race.

3:15 p. m.—University four-oared shells, with coxswains. Course, two miles, beginning one mile north of the Bridge and finishing one mile south of it.

Trophy—The Kennedy Challenge Cup, presented in 1899 by Davidson Kennedy, Pennsylvania, to be held by the winner for one year.

Present holder of the trophy, Cornell.

Entries and course position:

- No. 1—Columbia.
- No. 2—Syracuse.
- No. 3—Cornell.
- No. 4—Pennsylvania.
- No. 5—Wisconsin.

Second Race.

4 p. m.—Freshman eight-oared shells, with coxswains. Course, two miles, beginning one mile north of the Bridge and finishing one mile south of it.

Trophy—The Stewards' Cup, presented in 1900 by a graduate of Columbia, to be held by the winner for one year. Present holder of the trophy, Columbia.

Entries and course positions:

- No. 1—Pennsylvania.
- No. 2—Columbia.
- No. 3—Wisconsin.
- No. 4—Cornell.
- No. 5—Syracuse.

Third Race.

5:15 p. m.—University eight-oared

shells, with coxswains. Course, four miles, beginning three miles north of the Bridge and finishing one mile south of it.

Trophy—The Varsity Challenge Cup presented in 1893 by Dr. Louis L. Seaman, Cornell, to be held by the winner for one year. Present holder of the trophy, Cornell.

Entries and course positions:

- No. 1—Wisconsin.
- No. 2—Pennsylvania.
- No. 3—Syracuse.
- No. 4—Columbia.
- No. 5—Cornell.
- No. 6—Stanford.

The hour set for the big race—5:15—was 15 minutes after the ebb tide reaches its maximum. The freshmen race will have a strong ebb, and the tide will be running well for the varsity four-oared race.

The Poughkeepsie course is a straight deep stretch of water beginning three miles north of the Poughkeepsie bridge, and finishing one mile south of that structure.

Cornell and Columbia were the favorites, the former having slightly the preference on its record of performances. In twenty-one races in which they have competed during the last three years, the Ithacans have been defeated but once, that exception being the freshmen race of last year, which was won by Columbia.

The splendid fight which the New York crew made against Cornell last year has made it the favorite of many this year, because the Columbians are confident that their crew is faster, stronger and better trained than their eight of 1911.

Cornell, on the other hand, has seven of last year's veterans in the boat, but Coach Courtney says that the crew is no better than it was a year ago. "We have a fine crew," said Mr. Courtney, "and whether we win or lose, they will be a credit to the college and the coach."

Syracuse which made such a poor showing in 1911, has developed the best crew it has had in several years and the coaches of the other colleges agree that Ten Eyck's men will have to be reckoned with. Pennsylvania and Wisconsin are not regarded as so formidable.

The Leland Stanford crew have added greatly to the interest of the regatta by coming 3,000 miles without coach or boat to meet the eastern colleges. Physically, they are the equal of any other men on the river, but they have not had the training to make them dangerous competitors of these other colleges, who have had

for years the services of professional coaches. Before leaving California, the Stanford crew defeated the University of California and the University of Washington in a triangular race. They have come here under greater disadvantages than any of the others. They expected to find in New York a new Simms shell, which they ordered from England, but the English strikes had delayed shipment of their boat. Columbia, however, gave them the use of the Simms shell in which their varsity rowed last year, and the Californians say that this boat fits them better than any they have ever used at home.

The intercollegiate rowing races since 1895, when the Poughkeepsie course was established, and the names of winners have been as follows:

1895, Columbia; 1896, Cornell; 1897, Cornell; 1898, Cornell; 1899, Pennsylvania; 1900, Pennsylvania; 1901, Cornell; 1902, Cornell; 1903, Cornell; 1904, Syracuse; 1905, Cornell; 1906, Cornell; 1907, Cornell; 1908, Cornell; 1909, Cornell; 1910, Cornell; 1911, Cornell.

Freshman Eights: 1896, Cornell; 1897, Yale; 1898, Cornell; 1899, Cornell; 1900, Wisconsin; 1901, Pennsylvania; 1902, Cornell; 1903, Cornell; 1904, Syracuse; 1905, Cornell; 1906, Syracuse; 1907, Wisconsin; 1908, Cornell; 1909, Cornell; 1910, Cornell; 1911, Cornell.

University Fours: 1899, Pennsylvania; 1900, Pennsylvania; 1901, Cornell; 1902, Cornell; 1903, Cornell; 1904, Cornell; 1905, Syracuse; 1906, Cornell; 1907, Syracuse; 1908, Syracuse; 1909, Cornell; 1910, Cornell; 1911, Cornell.

The following shows the order in which the crews finished in 1911:

University Eight-Oared Crews
Cornell—20 minutes 10 4-5 seconds.
Columbia—20 minutes 16 4-5 seconds.

Pennsylvania—20 minutes 23 seconds.
Wisconsin—20 minutes 34 seconds.
Syracuse—21 minutes 3 2-5 seconds.

University Four-Oared Crews
Cornell.
Syracuse.
Columbia.
Pennsylvania.

No times taken.
Freshman Eight-Oared Crews
Columbia—10 minutes 13 1-5 seconds.
Cornell—10 minutes 20 2-5 seconds.
Syracuse—10 minutes 23 1-5 seconds.

Pennsylvania—10 minutes 24 4-5 seconds.
Wisconsin—10 minutes 28 seconds.

BUILDING OPERATIONS UNDER WAY AT HENRIETTA.

Henrietta, Texas, June 29.—The old Baptist parsonage at this place has been torn away, and work is well under way on the construction of a new nine-room house to take its place at an estimated cost of \$2500. Work on the building on the south side of the square is about complete. The operations included the removal of stone piers from under the second story of the front and replacing them with a full plate glass front, making it up to date in appearance and similar to the Uestis front which it joins.

Koreans to be Tried For Plot Against Government

By Associated Press. Seoul, Korea, June 29.—The cases of Koreans charged with plotting against the Government, and the life of Governor General are to come up for hearing shortly. The evidence in the hands of the public prosecutor is understood to be voluminous. In all 102 persons are held.

The interesting feature of these arrests is that nearly all of the accused are professing Christians. This has caused much comment, and the accusation has been made that the Japanese Government was directing a campaign especially against Christians because of the uneasiness lest the influence of the church might become unpleasantly powerful in Japan's new possession.

The officials of Korea, including the Governor-General, express surprise at the attitude taken by a number of the leading missionaries. The Governor-General, Count Teruchi, himself has said that there did not exist in the official mind the faintest suspicion of any complicity or foreknowledge on the part of the missionary body in connection with this plot. He declared that it was the desire of the Government to cooperate heartily with the missions, and said: "I and my successors will always live up to the promises and the program laid down when Japan first assumed the instructions of the Emperor are that religion and politics must co-operate." apart. In other words the State and Church form two different branches. Both, however, tend to the same goal, which is the betterment of the people, and both must co-operate.

General Akashi, the chief of the police, said that the evidence of a plot was, he believed, conclusive, but the great difficulty was to secure truthful statements from the Koreans concerned. These were mostly young men with advanced ideas—students—and he admitted most of them were students in the mission schools. He said that in the past large numbers of Koreans had professed Christianity in order to secure the protection and the assistance of the foreign missionaries against the abuse and injustice of the Korean Government. After the Japanese had annexed Korea, there existed a large element of discontent and because of the sympathy felt by the missionary for his Korean scholars, or so-called converts, these latter believed that the missionaries would support them even though they might plot sedition. General Akashi, who had been accused of much harshness in dealing with this case, said that he did not believe statements made by prisoners who actually attended meetings where this conspiracy was discussed.

The prisoners are all confined in a jail in the center of Seoul, where some 400 other prisoners are confined. The prison is crowded. The prisoners sit closely together and occupy each just sufficient space to enable him to lie down. However, the Korean in his own home lives and moves in small space. The cells are clean and thoroughly well ventilated. The prisoners all appear to be clean, clothed and to be in good health. One or two of the better class of prisoners are confined in more spacious cells, and one of them, a baron, formerly Minister of Education, has a cell to himself with matting and ample bedding.

This accusation has been frequently published, and is believed by many of the missionaries, that torture has been used in the preliminary examinations to elicit testimony which might prove the case for the police. The Governor-General and General Akashi positively deny the use of any form of torture or of violence in the prison.

Some prisoners who have been released have shown marks which they declared were caused by torture, such as hanging by the thumbs, flogging and mental influences. Analysis of their stories does not prove the truth of the statements. Certainly none of the prisoners now confined shows any outward evidence of torture.

A number of missionaries express themselves as satisfied that a plot did exist.

The trial will be open and the prisoners will be given counsel. The evidence will be read in open court, and appeals to two higher courts are permissible.

The common belief is that the case will develop a conspiracy in which a number of educated young Koreans have been connected as the leaders. It is asserted that Koreans now living in America and certain other persons who have been connected with Korea's past but who are now living in America, will be shown to have contributed money and advice. Certain of the prisoners were the recipients of these funds, and are known to have distributed them. There is reason to believe that some of these were innocently a part of the plot. The revolution in China gave a

considerable impetus to this particular conspiracy, which sought a revolution and the restoration of Korean independence. The assassination of the Governor-General was discussed as a part of this conspiracy. It is believed; and the assassination of Prince Ito, Durham White Stevens and the attempted assassination of the premier of Korea, all believed to have been the work of Christian converts, lend considerable credence to the present charge.

The Governor-General has made a personal request to the chief of police and prosecution that these young men be dealt with as leniently as possible.

The missionaries in Korea almost without exception pay tribute to the present administration, while some or them are disturbed lest the work of the Christian church in Korea should receive too heavy a blow as a result of these prosecutions.

HURRIED EATING.

The satisfaction from eating is not due to the depositing of food in the stomach, but to the sensation of taste and the impression upon the nervous system from the motions of mastication. In hurried eating these effects are not normal and nervous dyspepsia and other maladies result. It has been said that we are a nation of dyspeptics, and the quick lunch habit is largely to blame. Hurry is the twin sister of worry. One who has acquired the habit of eating hurriedly must exercise patience in learning to eat slowly. Many find it helpful to hold in mind the thought that no taste should be swallowed and that the next mouthful of food will taste no better than the one in the mouth.

FEDERAL MANEUVERS PUZZLING TO REBELS.

By Associated Press. Bachimba, Mexico, June 29.—What appeared to have been a ruse on the part of the federals puzzled the rebels for a time today. Instead of advancing from Ortiz where the big bridge was completed the federal column adopted a dilatory course moving troop trains back and forth as if experiencing difficulty in bringing their military ahead. The whole day was lost in these tactics, apparently. The federals seem to be playing for time. Gen. Fernandez with 400 men was sent out from Bachimba and probably will encounter the federal outposts which are hourly expected.

MARY

Years ago was said to be the owner of a lamb. Whether or not Mary was interested in the sheep business beyond the ownership of the said lamb, the historian chronicles not. However he does aver that this infant Marino followed Mary to school and the teacher for fear of being taken for a menagerie manager promptly canned this young animal that was later responsible for the existing protective tariff, and the republicans in Texas. That will be about all regarding Mary; because the idea we are bent on locating in your brain barn is that our fountain service and the quality of our fountain products will get your business if you ever try them. A chocolate egg flip for instance, made and sold at every fountain in the world, that is they make a glass of stuff that they call by that name, but you know some folks call out meal food. Farm sausage is food and oat meal is a joke. The same thing applies to egg flip. We put on an all-day matinee and a real show that last nearly all night for the benefit of Missourians.

NO FIREWORKS FOR THE FOURTH LOCAL OBSERVANCE TO BE SAFE AND SANE, ACCORDING TO PLANS

TWO LEADING FEATURES Flag Raising At Federal Building and Barbecue At Lake Wichita Are Features Wichita Falls will observe the Fourth of July next Thursday in a safe and sane fashion. Fire works will play no part in the public celebration of the nation's natal day, but of course Johnny Jones can still exercise his prerogative of picking up the cannon fire cracker to see why it did not go off and thus add to the list of accidents. Johnny can do a number of other things such as filling an iron pipe with gunpowder and laying a train of powder to explode it and all the other devices that went to cause the 57 deaths and 1546 accidents from last year's celebration, but then Johnny will be given no encouragement by example on the part of the public of Wichita Falls to do these things. There will be two features to the celebration here. The first will be the flag raising at the new Federal building which will take place in the morning, and the second will be a big free barbecue at Lake Wichita starting at noon and lasting as long as the 8,000 pounds of meat that will be bought with the money raised by public subscription holds out. This barbecue will probably be ready for mastication at the noon hour. Fully 1,500 Oklahoma visitors are expected to come down on the excursion train, operated on the Wichita Falls & Northwestern. There will be excursion rates on all the railroads entering the city and big crowds are expected. There will be music at the pavilion and dancing while two negro baseball teams that are contesting for the championship of West Texas will play at the ball park. There will be boating, fishing and other diversions that the lake affords.

BIG CATTLE SHIPMENT FROM WELLINGTON LINE

Trainload Passes Through Being First To Come From Panhandle Branch The first solid train load of cattle ever shipped from the Wellington branch of the Wichita Falls & Northwestern passed through here Saturday evening enroute to St. Louis. This train load was the first of a shipment of 1800 head being made by Col. W. E. Hughes of the Continental Land and Cattle Company. Other trains will follow as the cattle are loaded. The cattle are fed steers, two's and three year olds and are white face. They were loaded at Dodsosville and reached Wichita Falls in the record time of five hours and 40 minutes. R. B. Carver, general livestock agent for the Wichita Falls Route who has been at Dodsosville looking after the shipment came down on the train last night. Rohatch's Mineral Water. Is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases. This water can be purchased at the wells or delivered in jugs or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Rohatch, Owner. Phone 1601-1 long-4 shorts.
