

MARSHALL OF INDIANA IS NAMED FOR VICE-PRESIDENT

IS NOMINATED BY ACCLAMATION IN CONVENTIONS CLOSING HOURS.

ADOPT PLATFORM

Bryan's Name Put Up But Withdrawn. Convention Ends Session Tuesday Night.

By Associated Press. Baltimore, July 3.—Gov. Thomas R. Marshall of Indiana was nominated for vice president of the United States on the Democratic ticket at 1:54 o'clock (eastern time) this morning, after two unsuccessful ballots had been taken.

Gov. Marshall was nominated by acclamation. William J. Bryan and Speaker Clark were both placed in nomination, but declined to permit their names to be considered.

The platform was adopted and adjournment taken sine die. The nomination of Governor Marshall for vice president came as something of a surprise for when the night's balloting for vice president began it seemed that the Bryan-Wilson contingent in the convention had definitely settled upon Governor John Burke of North Dakota.

There was not much of a fight, however, and when two ballots disclosed Marshall easily in the lead, Governor Burke's name was withdrawn and Marshall was proclaimed the nominee by acclamation. A minute later the convention had adjourned sine die.

SHARP CRITICISM OF MACVEAGH

SECRETARY OF NAVY ROASTED BY ASSISTANT WHO FILES RESIGNATION.

IS SEVERE ARRAIGNMENT

Creates Sensation in Official Circles at Washington—Strong Language is Used.

By Associated Press. Washington, D. C., July 3.—A. Piatt Andrews today tendered his resignation to President Taft as assistant secretary of the treasury. In a letter to the President Mr. Andrews writes of conditions in the treasury department which are alleged to be due to the attitude of Secretary McVeagh toward many of his subordinates.

Assistant Andrews' letter of resignation charges that subordinates in the treasury department "have been hampered and discouraged at every turn by Secretary McVeagh's idiosyncrasies and his incapacity for decision."

It contains a scathing arraignment of Secretary McVeagh's administration of the government's financial interests and created a profound sensation in official circles.

Congress May Investigate. Washington, July 3.—A congressional investigation of McVeagh's administration of the treasury department is impending as one of the results of the long standing row between the secretary and one of his assistant secretaries A. P. Andrews, which culminated today in Andrews' resignation. A few hours after the resignation Representative Cox of Ohio introduced a resolution for a complete investigation of McVeagh's administration.

NOMINATION MAKES NO DIFFERENCE TO ROOSEVELT.

Oyster Bay, N. Y., July 3.—"I shall of course continue to stand for the progressive nomination," said Colonel Roosevelt last night after he heard of the nomination of Woodrow Wilson.

The former president stated his belief that events in the Democratic and Republican conventions constituted grounds for a new party convention. It will be held in Chicago probably during the first week of August.

This is Colonel Roosevelt's statement: "Before I left Chicago and again at Oyster Bay when Comptroller Pendergast of New York came out to see me, I stated that the third party movement and my candidacy would not be in any way affected by the outcome of the Baltimore convention."

ANOTHER GAS FRANCHISE IS GRANTED AT SHERMAN.

Sherman, Tex., July 3.—At a regular meeting of the Sherman City Council in the city hall last evening, several matters of importance were attended to. A franchise was granted to W. S. Russell and associates, composed of Sherman business men, to pipe natural gas into the city and put the necessary equipment to furnish the people of Sherman with natural gas.

This makes two natural gas franchises granted by the council recently, one having been granted to E. R. Brown and associates a short time ago. The conditions of both are practically the same, and both companies agree to furnish gas at the rate of 50 cents per 1000 cubic feet.

COTTON REPORT ISSUED TODAY

TEXAS LEADS SOUTHERN STATES IN CONDITION OF CROP.

ACREAGE IS DECREASED

This State's Condition Estimated at 89—Oklahoma's Condition is 82.

By Associated Press. Washington, D. C., July 3.—The Department of Agriculture's preliminary estimate of the acreage planted to cotton in the United States this year, which by act of Congress was deferred from June to this month and hereafter will be announced annually in July, was made public at noon today and shows the area planted to be 34,097,000 acres, compared with 36,681,000 acres indicated by the Bureau of Statistics' revised estimate of last year's planted area.

The condition of the growing crop on June 25 was 84.4 per cent of a normal condition, as compared with 88.2 per cent June 25 last year, and 80.7 per cent the average condition for the past ten years on June 25.

State Republican Convention Refuses to Indorse and Instructs Electors For Ex-President.

By Associated Press. Huron, S. D., July 3.—Every effort of the Taft forces in the Republican State convention last night to secure an indorsement of the Taft candidacy or to instruct the five electors for him was futile. The electors are instructed for Roosevelt.

TEXANS TO VISIT GOVERNOR WILSON

DELEGATION WILL STOP AT SEAGIRT ON ITS WAY HOME. FROM BALTIMORE.

MESSAGE FROM MURPHY

Tammany Leader Among First to Extend Congratulations—Governor Seems Tired.

By Associated Press. Seagirt, N. J., July 3.—Gov. Wilson slept late this morning after the arduous day preceding his nomination. Visitors began gathering on the lawn in front of the "little white house" before 8 o'clock, however and nearly a dozen tents erected for telephone booths and other accommodations sprang up on the green.

Besides the usual run of enthusiasts many delegates returning from Baltimore were expected at the Wilson cottage today. Texas delegates, forty strong, notified the governor they would stop over on their way home. Practically the entire New Jersey delegation is expected and many delegates from Pennsylvania and Tennessee are coming. The governor retired late last night without knowing officially that Gov. Marshall of Indiana had been chosen as his running mate. He was told as early as 11 o'clock that Gov. Marshall had been nominated and although this report was premature at the time it was confirmed by the convention's subsequent acts.

Photographers are here by the score and several moving picture concerns have been on hand taking every conceivable phase of activity hereabout. One set of pictures was taken last night while the governor was on the lawn with the reporters before he retired.

Nearly 3000 messages of congratulation to Gov. Wilson were in the hands of his secretary before the governor had arisen from the breakfast table. Among the first received was one from Charles F. Murphy of Tammany Hall. It said:

"Permit me to extend my hearty congratulations. Your nomination means a great Democratic victory."

This morning Governor Wilson sat in an easy chair on his porch. His legs took off his glasses and to a bombardment of questions from a group of reporters made this reply:

"I haven't had time to think of all these things." He was looking rather careworn and tired.

"I don't know yet whether I shall appoint Mr. McComb as my campaign manager or suggest him for the chairmanship of the National committee. I have not decided whether I shall resign as Governor of New Jersey. I haven't had time to read the platform. I have made no campaign plans—in fact I have devoted all my time to morning callers and to correspondence. I shall take up these and other details in due time with my friends. Poor friends, they will have to get some rest."

"To all the generous friends who have sent me messages of congratulation I want to express my hearty thanks. I shall not be able to answer them individually. I hope this inadequate acknowledgment will fall under their eyes. These messages help immeasurably to make public service seem worth while."

He was asked to comment on the convention's work and said: "I can only say that I am much gratified at its harmonious ending. As to the work of my supporters I never saw anything like for it absolute devotion. Many of my supporters were my personal friends."

The governor will continue to visit Trenton every Tuesday maintaining the customary when a summer mansion was first built of keeping government day at the capitol. His friends are positive he will not resign as governor until after the first of next year as under the New Jersey law the senate's president automatically takes the governor's seat upon the latter's resignation. John Prince, the president of the senate is a Republican.

TAFT HAS NOTHING TO SAY ABOUT NOMINATION.

Washington, July 3.—President Taft heard the news of Governor Wilson's nomination while at luncheon in the White House. The President declined to comment.

Friends of Mr. Taft, however, said that they could find a grain of comfort in the selection of the Baltimore convention. Expecting Colonel Roosevelt to continue his plan for a third party, they count upon the progressive element splitting between Roosevelt and Wilson.

It is well known in Washington that the President and his friends feared the nomination of Governor Harmon or Oscar Underwood far more than they did that of Governor Wilson.

WILL SPEAK ON EDUCATION PLAN

R. A. STEWART OF WISE COUNTY IS TO DELIVER ADDRESS HERE.

STATE CAMPAIGN WAGED

General Movement for Extending Benefits of Higher Education is in Progress.

R. A. Stewart of Newark, Wise county, will deliver addresses at the following places in Wichita county in the interest of the University of Texas, the Agricultural and Mechanical College, the College of Industrial Arts, the four State Normal Schools, and higher education generally: Wichita Falls, Tuesday, July 9, 8:30 p. m.

Burkburnett, Thursday, July 11, 8:30 p. m. Mr. Stewart is a graduate of the West Texas State Normal College at Canyon, Texas, and is one of the best informed men on educational problems.

R. A. STEWART

lems and needs in the State. He won high honors as a student and as a public speaker during his work in the West Texas State Normal College and his addresses will be of special interest to all graduates and students of the State institutions of higher education. In connection with his visit The Times has received the following:

"In filling these appointments Mr. Stewart is the special representative of the Hogg organization for higher education, which is backed by many of the leading citizens of Texas, and has for its purpose the upbuilding and strengthening of higher education in our State on the ground that higher education sustains a very close and vital relation to the public welfare. Every citizen of Wichita county who can possibly do so should hear Mr. Stewart, because he will both inspire and instruct the public, and above all his addresses will be intensely interesting to both young and old. No greater work has been undertaken in Texas during the last quarter of a century than that undertaken by the Hogg organization for higher education; and Wichita county and her noble citizenship should become identified with this great work and share in the large benefits to be achieved for the State."

Respectfully submitted, Speaking of his endorsement of the resolution, Hogg, J. T. Montgomery said that one of the traits of Mr. Foster that impressed him most was his kindness. In this, he said, Judge Foster had set a worthy example for all lawyers, entitling him to lasting respect and appreciation.

Attorney Fred Householder reviewing his friendship with the deceased said his high ideals were worthy of emulation. He said he knew no man who had higher ideals, that he was always trying to go the limit he could go to attain these ideals in his own life as a lawyer, a citizen and an officer.

PRIZE FIGHT RETURNS

Tomorrow—afternoon's edition of The Times will be out as quickly as possible after the Johnson-Flynn fight at Las Vegas, New Mexico, is ended. If the fight continues until after the usual time for going to press, the regular afternoon edition will be held up so as to publish the story of the fight by rounds. Special arrangements have been made for securing a thorough report of the big scrap and it will be in tomorrow's Times.

PAY TRIBUTE TO JUDGE FOSTER

BAR ASSOCIATION MEETS AND ADOPTS APPROPRIATE RESOLUTIONS.

AS LAWYER AND CITIZEN

Several Attorneys Speak in Praise of Memory of Late District Attorney.

At a meeting of the Wichita County Bar Association held in the district court room this morning resolutions of respect were adopted upon the death of Hon. S. M. Foster and members of the bar in indorsing these resolutions expressed their high regard and appreciation of Mr. Foster. The meeting was called to order by Judge P. A. Martin and upon the motion of Judge Felder, Judge Martin was made chairman. Robert Cobb was named secretary.

The chair appointed the following committee to draft resolutions: N. Henderson, C. O. Huff and A. A. Hughes. Upon the motion of Judge Carrigan, Judge Martin was made a member of this committee. The committee reported the following resolution which was adopted by a rising vote:

To Judge P. A. Martin: We, your committee, appointed to present suitable resolutions expressing our regret on account of the death of the Hon. S. M. Foster and our high appreciation of his character, beg leave to submit the following resolutions:

Whereas, the bar of Wichita county has learned with deep regret of the death of the Hon. S. M. Foster, district attorney of this the Thirtieth Judicial District, and Whereas, by his upright life and faithful and efficient performance of all of his duties and obligations as a citizen, lawyer and officer, he has deserved and won the respect, confidence and esteem of both the people and the bar of the entire district, and Whereas, we desire to place as a permanent record in the minutes of this court a testimonial of our high regard for his many virtues. Therefore, be it resolved:

(1) That the bar of Wichita county hereby expresses its deep regret on account of the death of S. M. Foster

(2) That Wichita county has lost one of its most useful and enterprising citizens.

(3) That the bar has lost one of its most esteemed, kind and courteous members, who had endeared himself to all by his universal fairness.

(4) That the district has lost a faithful and efficient officer who has always impartially and earnestly performed all of the duties incident to the important office which he held.

(5) That the bar of Wichita county here tenders to the bereaved relatives of S. M. Foster our heartfelt sympathy.

(6) That these resolutions be spread upon the minutes of the district court of Wichita county and that a copy thereof duly certified under the seal of the court be presented to the widow of the deceased and be furnished to the local papers for publication.

Respectfully submitted, Speaking of his endorsement of the resolution, Hogg, J. T. Montgomery said that one of the traits of Mr. Foster that impressed him most was his kindness.

In this, he said, Judge Foster had set a worthy example for all lawyers, entitling him to lasting respect and appreciation.

Attorney Fred Householder reviewing his friendship with the deceased said his high ideals were worthy of emulation. He said he knew no man who had higher ideals, that he was always trying to go the limit he could go to attain these ideals in his own life as a lawyer, a citizen and an officer.

Judge Felder referred to Mr. Foster as a profound scholar, a Christian gentleman and able lawyer. County Attorney T. R. Boone said he was a school boy at Ladonia when he first became acquainted with Mr. Foster who was superintendent of the schools there at that time. He said that some of the best inspirations he had ever received were from talks made by Mr. Foster to the pupils in the school back at Ladonia. He said that as county attorney he had occasion to go to Mr. Foster often for advice on legal matters and that the advice given had always proven sound and correct.

Judge Edgar Scurry said that in his association with Judge Foster he had found no trait that was not good and elevating.

Judge Martin characterized the deceased as a man of culture, ability, refinement and with a great love in his heart for the people. He said he had known Mr. Foster often to shed tears over men whom he had to prosecute. He cited an instance in

BATTLE IN PROGRESS AT BACHIMBA THIS MORNING

SHEB WILLIAMS SAYS HE IS FOR WILSON NOW.

By Associated Press. Paris, Texas, July 3.—Sheb Williams state democratic chairman said today:

"It is a well known fact that Woodrow Wilson was not my choice, but he was made the nominee on the 46th ballot and that choice is mine. The democrats have put one nominee to perform and I will support the nominee until the last ballot is cast. He will have my earnest and aggressive support. To every true Democrat I commend the maxim 'he who dallies is a dastard; who doubts is damned.'"

MAKING PLANS FOR CAMPAIGN

MANY DETAILS ARE TO BE LEFT TO GOVERNOR WILSON.

NEW COMMITTEE MEETS

Members Will Confer With Candidate Upon Appointment of Campaign Committee.

By Associated Press. Baltimore, July 3.—Gov. Woodrow Wilson is the man to determine the direction of his own campaign for president, pass upon desirability of appointing a campaign committee and confer with a sub-committee of the National committee on the naming of officers of the new National committee.

This was the sense of the members of the new National committee which met today and which after continuing the officers of the committee in power until a permanent organization is effected, appointed a sub-committee of five including Chairman Mack, Urey Woodson and three others to confer with Governor Wilson on the permanent organization.

This sub-committee also will confer with the governor on any plans the present committee may have with respect to the conduct of his campaign and will report back to the full committee when and where Mack may designate.

William F. McCombs of New York, 36 years old, a lawyer and graduate of Princeton and Harvard, will in all probability be chosen as chairman of the Democratic National committee, or as chairman of the campaign committee to direct the political fortunes of Woodrow Wilson for president of the United States. Mr. McCombs, who managed the prenomination campaign for Governor Wilson, has been in Baltimore since the convention began. He learned that he is Governor Wilson's choice as the man who should pull the wires and push the workers from now until election day.

Mr. McCombs has a great admiration for Woodrow Wilson. When Wilson was nominated for governor of New Jersey, McCombs sent him a telegram congratulating him on his nomination and said: "You will be elected and you will be the next President of the United States."

"I went into this fight to nominate Governor Wilson for president, in April of last year," said McCombs, "and I've been working ever since to fulfill my prophecy. All has come true thus far and the ultimate will come true."

Irrigation Bond Issue. El Paso, Texas, July 3.—El Paso county will vote on \$71,000 bond issue for irrigation and a \$15,000 bond issue to extend the county road twenty-five miles further east.

one of the couples of the district where Mr. Foster had bought a ticket to a distant state for a man whom the grand jury had failed to indict, and who had been long in jail and was penniless. He said Mr. Foster was a man of deep religious conviction and that he carried this conviction with him into the court room, into the grand jury room and in all his transactions. Judge Martin said that all his associations with the deceased had been elevating and that he was the purest and cleanest man in his conversation almost that he had never known. He said he had never heard him utter a single impure word.

The last speaker was City Attorney Bonner who spoke eloquently and feelingly of his associations with Judge Foster, whose work and methods, he declared added dignity to the legal profession.

FEDERALS' ARTILLERY UNABLE SO FAR TO DISLodge REBEL FORCE

DECISIVE FIGHTING

Government Cavalry Also Employed—Insurrectos Sharpshooters Effective

At the rebel front Bachimba, Mexico, July 3.—The federals began shelling at 11 o'clock from a row of hills two miles in front of Bachimba. Their cavalry in three columns is moving up slowly.

Thus far the rebels have not responded. At 11:15 a. m. the shelling has become more frequent and the rebels are now answering with their artillery. The rebel sharpshooters waited for the federal cavalry to move up into range. The government shells have not been well placed and the rebels

By Associated Press. At Gen. Huerta's headquarters three miles south of Bachimba July 2.—After several days of delay during which the flank movements were reaching designated positions, Gen. Huerta, the federal commander, gave the word at 5 o'clock this morning to begin the attack on the rebel army in Bachimba and Orozco. With a few shells the government artillery had dislodged the rebels from one important position during the fight.

The troops are being moved cautiously to avoid rebel mines.

Explanations of the reported catastrophe of two days ago where a big explosion was heard in the rebel camp was made today in a report to headquarters. A rebel mine destroyed a big water tank, seriously injuring a civilian and lightly wounding another. Many mines were discovered nearby and the detonation was caused by removal and explosion by the government.

DERAILMENT ON DENVER DELAYS TRAINS TODAY

Engine Leaves Track Between Henrietta and This City Blocking Traffic.

The engine attached to the northbound Fort Worth & Denver plug due in this city at 12:20 o'clock ran off the track about two miles out of Henrietta this morning and as a result, traffic on the line between this city and Henrietta was completely blocked for some time, while rails were laid around the engine.

The northbound through passenger train was considerably delayed in reaching this city on account of the derailment, and both plugs and both through trains were held up at the scene of the wreck for some time. The derailment was witnessed by a number of passengers on the Katy train due here at 12:30 o'clock.

South American Trade Will Never Come to the United States if Efforts Are Not Made to Get It

By MANUEL GONZALES, Consul General

Of Costa Rica at New York

I HAVE read the geography in United States schools, and I find not more than half a page devoted to Central America. How can you expect to deal with A COUNTRY OF WHICH YOU KNOW NOTHING!

In my country it is compulsory for every student in the high schools to learn English. How many in this country learn Spanish? You know manana and chili con carne, and these you use to make fun of us. When you have a knowledge of Spanish in your baggage then go to South and Central America. DON'T EXPECT TRADE TO COME TO YOU HERE, for you must remember you are selling and we are buying.

THE AVERAGE DRUMMER WHEN HE VISITS OUR COUNTRY EXPECTS TO FIND YELLOW FEVER IN THE STREETS, MALARIA UNDER THE TABLE AND TO AWAKE IN THE MORNING AND FIND A REVOLUTION UNDER WAY. SUCH A MAN GOES TO THE BANK, MAKES HIS CREDIT GOOD, ASKS SOME LEADING MERCHANTS TO COME TO HIS HOTEL AND LOOK OVER HIS SAMPLES AND THEN DEPARTS.

You must ADOPT THE METHODS OF YOUR COMPETITORS AND DO A LITTLE MORE.

It Is Essential That the United States Always Keep Prepared For War

By Major General JOHN F. O'RYAN, Head of the New York National Guard

THE charge of militarism usually made against the regular who preaches preparedness for war will not lie against the national guardsman. Realization of the country's unpreparedness for war accounts for these men's devotion to military service.

National guardsmen know wars are not brought about by the hasty anger of potentates or by the overt acts that signal their open declaration, but largely by ECONOMIC OR RACIAL CAUSES OR COMMERCIAL AMBITIONS. The history of the past twelve years shows that war never was more easily resorted to, never more inevitable, despite the widespread talk of peace.

Missouri Lecturer Declares Vanity is Basis for Much of Our Poverty.

Kansas City, Mo.—The whole gain of modern civilization in science, industry and the art of living has been more than lost by the waste in the ceaseless pursuit of fashion, according to assertions by Prof. H. J. Davenport in one of the series of lectures of the University of Missouri extension here.

"There is no cure for poverty when all surplus energy is dissipated in show," declared Professor Davenport. "Fashion today is a compound of foolish pride and foolish funkyness. If the social leaders have chosen a new costume or a new trick akimboing their arms or of drawing their words all the social small fry must take the cue therefrom. A part of the life of the best of us is set as a burnt offering for vanity."

"So long as our desires fix themselves in the gratification of vanity we shall find that all our possessions are dead sea fruit and our life is weariness."

Leavenworth, Kan.—When caretakers for the house on Miami street formerly occupied by Col. and Mrs. Benjamin H. He had slept on the spotless linen in the massive brass beds, washed his hands in marble basins, waited with his brogan on the oriental rugs, eaten from silver plate and drunk from cut glass goblets.

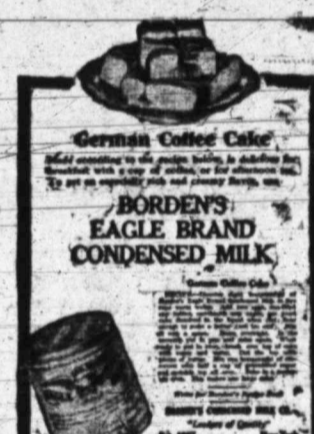

Cans of imported dainties were robbed of their contents and cobwebbed bottles taken from their musty hiding places in the cellar bins.

Evelyn Kincaid.

The story of St. Elmo is familiar to a great number of people, either through reading the book or seeing some production of the play. As a drama it has been very popular the past three years. In fact, it was one of the few plays that was popular enough to run over one season. Besides being a beautiful story, the play, as well as the book, teaches a great moral lesson and as a sermon, it ranks with the best. This play appeals, not only to non-church members, but especially to the members of the churches of any denomination.

Recognizing the fact that all minister of the Gospel, can learn something from a really good play, the Franklin tenderly any minister, a cordial invitation to come out tonight and see "St. Elmo; or the Saving Grace." Miss Kincaid will play the part of Edna Earl, the little orphan girl and Mr. Fred Hayes, St. Elmo Murray.

St. Elmo tonight at the Franklin Tenth and Ohio. No advance in prices.

Mail Carriers Will Fly.
This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions, transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery for coughs, colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. J. F. Davis, Stickey, Mo., "after doctor's treatment and all other remedies had failed." For coughs, colds or any bronchial affection its unequalled. Price 50 cents and \$1.00. Trial bottle free at all druggists.

Bonus For Railroad.
Carrizo Springs, Texas, July 3.—Rapid progress is being made in raising the \$40,000 bonus for the extension of the Asherton and Gulf Railway which will be built through this place south to Eagle Pass or Del Rio.

MUST BELIEVE IT
When Well Known—Wichita Falls. People Tell It So Plainly. When public endorsement is made by a representative citizen of Wichita Falls the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading.
Mrs. G. A. Swope, carpenter, 612 Burnett street, Wichita Falls, Texas, says: "Some years ago I publicly recommended Doan's Kidney Pills. I now confirm all I then said. I had pains across the small of my back and in my sides and besides this there was difficulty with the kidney secretions. My ankles became swollen and I had terrible pains in my back and sides. The contents of a few boxes of Doan's Kidney Pills entirely cured me. I seldom have occasion to use a kidney remedy, but when I do, Doan's Kidney Pills always give me excellent results. It gives me pleasure to recommend this excellent remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

CASS TARVER MAY ISSUE CHALLENGE TO WINNER

West Texas Pugilist Said To Be Planning Bout With Tomorrow's Victor.

Plainview, Texas, July 3.—Dr. Platt, of Baltimore, exhibited his recently found "White Hope," Cass Tarver, of Anson, Texas, in a five-round sparring match with Frank Mayo of Chicago in this town last night. The big young fellow looked mighty good to local fight fans, and had an easy time handling his veteran sparring partner from Chicago, who has been working with him for the past three months. Tarver's measurements are:

Height, 5 feet 6 inches; arm length 35 3/4 inches; reach 81 inches; neck 19 inches; waist 36 inches; chest 46 inches; weight 246 pounds. He has been pronounced by Harvard University physical culturists to be the nearest perfect specimen of manhood, over 6 feet 3 inches; that they have ever come across.

In several private bouts in Texas no one has been found who could stand before him longer than thirty seconds. Dr. Platt expressed himself as being considerably peeved over losing a chance to put his charge up against Carl Morris in Oklahoma July 4. The bout was matched with A. C. Frampton, who managed the Morris-Schrek affair, when Frampton became a little nervous and sent a "spotter" to Anson to watch Tarver work, about June 15. The spy wised back to Frampton, so Dr. Platt says, "Call off about; Morris no match for Tarver."

The party is now on its way to Las Vegas, where the winner of the Johnson-Flynn fight will be challenged.

Both Platt and Mayo say that the negro will win, and that the odds should be 10 to 1 against Flynn. Mayo has sparred with Flynn, and he says that Tarver is many times the better man, and that he will be the one man to meet Johnson successfully after the "little vaudeville act" at Las Vegas is over. Tarver is booked to meet Dan Daly, a Pennsylvania "white hope," whose manager is Jimmy Dine, and a Chicago "white hope" who is yet unknown to the Texas boy in New Mexico at Clovis and Albuquerque.

Dr. Platt says that his man will take on any reputable fighter in the world, and that all challenges should be sent to "Cass Tarver, Anson, Texas."

Plainview people will put their money on the young and agile giant.

Pleasant Valley Notes.
Another big rain Sunday night which wasn't needed but was appreciated. It will damage the wheat but it makes a big corn crop sure. Holmes Ferguson and Miss Ona Rogers were the guest of Mr. and Mrs. Burks Sunday.
A large crowd enjoyed a singing and ripe peaches at Mr. Peterson's Sunday evening.
Sunday school is improving since people have caught up with their work.

Misses Ona, Lou and Ola Rogers, Messrs. Pete Rogers, Holmes and Otto Ferguson went to Wichita Falls to a party last Thursday night. They report a nice time.

Sorry to report Mr. McClure, quite ill at this writing.
Miss Kittie Davis spent several days with Mrs. Morris last week.

Glad to report Miss Abbie Morris who has been quite sick able to be up.

Wheat and oats are making from 18 to 20 bushels to the acre.

Ballinger—One of the largest land sales in years was consummated here recently. When 1,618 acres of land in this section sold for \$32,360.

MANY FEATURES FOR TOMORROW

INDEPENDENCE DAY WILL BE OBSERVED ON EXTENSIVE SCALE HERE.

LAKE WICHITA BARBECUE

Plenty of Eats To Be Provided—Flag Raising Ceremony at Federal Building in Morning.

Hundreds of people from out of town points are expected to arrive here tonight and tomorrow to attend one of the most extensive and thorough Fourth of July celebrations which has ever taken place in Wichita county. Excursion rates will be in effect on several railroads, and the crowds that are expected to attend the celebration will find plenty of features to keep them busy so that time will not drag for them during their stay in this city. The absence of fireworks will no doubt be a disappointment to many, but those who attended last year's celebration at Lake Wichita feel that on that occasion they witnessed enough fireworks to last them for several years.

Tomorrow will open with a society ball or German in the pavilion at Lake Wichita. The dance will begin at five o'clock in the morning, and arrangements have been made with the traction company to operate a car to the lake about that hour. Those who take part in the ball will do so by special invitation, although practically everything else tomorrow will be free to be participated in by the general public.

In the forenoon, formal ceremonies connected with the raising of the United States flag at the new Federal building will take place. On that occasion, speeches will be made by prominent citizens and oratory will be a feature.

Beginning at the noon hour, free barbecue will be held at the lake, and for this affair the most extensive preparations have been made. Dozens of hives and sheep are now being prepared, two thousand loaves of bread have been ordered, keg after keg of pickles will be consumed, and many other eatables will go to make up the dinner. The traction company has inaugurated a special rate for the round trip to Lake Wichita and everybody is expected to attend the barbecue, the money for which has been raised by popular subscription.

No formal event will take place at night although a number of picnics, a dance, and other features of amusement will probably go to make up the crowd at the lake.

MANAGEMENT COLLECTING FOR PLAYERS OWNED HERE.

The management of the Wichita Falls team has received a check for \$300 in payment for "Stopper" Witherspoon who played here last year and who went to Fort Worth this season, being "loaned" by them to Bonham. After considerable controversy the matter was taken up through the National commission and payment secured.

A check for \$100 is said to be on the way in payment for "Pep" Clark who left here suddenly and joined a team in Nebraska. When the Nebraska management discovered that Clark was not a free agent, they offered \$100 for him, which was accepted. "Squire" Lawrence who got left behind on the last trip and who never joined the team has also gone to Nebraska, playing in the Nebraska State League. The local management has asked that he be prevented playing any more until he is disposed of. He will be sold if an offer can be obtained. Lawrence in his first game in Nebraska got a single, a double and triple out of four times at the bat.

Efforts are also being made to collect for McMahon who was with the team last year and who is still owned by the local management. He is now playing at Texarkana under an assumed name but is said to have been drafted by the New York Americans. He is still the property of the Wichita Falls management which will make every effort to collect for him.

Wharves Near Completion.

Aransas Pass, Texas, July 3.—Unusual building activity is under way here at the present time, due in part to the open weather which has enabled rapid progress in the construction of the 55,000 gallon storage tank being erected by the Magnolia Petroleum Company and the wharves being built by the Aransas Pass Channel and Dock Company. It is expected that the wharves will be open for service by the first of August.

May Vote Road Bonds.

Beaumont, Texas, July 3.—Petitions are being circulated in this county asking for an election to vote \$100,000 in bonds to construct good roads. It is specifically requested that enough bonds be issued to complete the highway from China to the Liberty county line; from Nome to the Hardin county line and from Fannette to the Chambers county line.

Receipts at Greenville.

Greenville, Texas, July 3.—Receipts of the Greenville postoffice for the month of June were \$2,033, an increase over the same month last year of 12.5 per cent.

Indefinitely postponed—Bryan's political funeral.

Funeral dirge—"They gotta quit kickin' my dog aroun'."

We will find out tomorrow whether or not Jim Flynn is a progressive democrat.

How does this listen Charles A. Cushman of Texas, Attorney-General of the United States.

Of course we are glad Wilson is nominated, but they could have saved a lot of worry and expense by doing it six days ago.

Woodrow Wilson's father was a preacher. Maybe the reason Woodrow wouldn't go to Baltimore is that he didn't consider it any place for a minister's son.

Of course, it was very nice and entertaining of the Dallas News to get out an extra on the nomination, and send copies of it to Wichita Falls, but couldn't they tell something that wasn't in the Times about fifteen days previous?

It seems to us that Col. Jake is going to have some trouble keeping his footing on the Baltimore platform. If the document lives up to its advance notices, however, Col. Jake needn't worry about flopping; it would be pure work of supererogation, as the voters will attend to that part of it—Denton Record and Chronicle.

Tammany, for once in its political life, went down in defeat at the Baltimore convention. One reason for this was that the organization selected as its floor manager Congressman Fitzgerald, one of 17 Democratic congressmen who stood by Speaker Cannon at the time the Democrats were endeavoring to take from him some of his power.

ARREST FOLLOWS THEFT OF AUTOMOBILE HERE

Will Marshall, alias Will Moon, who was charged in a complaint filed in Justice Brothers court with the theft of over fifty dollars was arrested by the sheriff's department yesterday.

Galveston—The Union Fruit Company's steamer Atlantic has arrived in port with a full cargo of bananas to be distributed over Texas markets. This is the first boat belonging to the above company to be placed on the new route from Texas to the Pacific coast country and it is reported that four more vessels will be put in commission at once.

EDITORIAL COMMENT

VALUE OF ADVERTISING.

New York World. At a recent convention of Southern bankers Mr. R. L. Guernsey of the Commonwealth Trust company of St. Louis, while speaking on the important subject of publicity characterized many of the current advertising schemes as "lions," and added: "The shortest and most direct route to the attention of all the people is through the columns of the newspaper, for it is daily read by business men, professional men, mechanics, artisans—all alike."

"THE NATIONS' AIR NAVIES." New York Tribune. It is not yet ten years since Wilbur Wright first demonstrated the possibility and practicability of flight with a self-propelled and heavier-than-air machine. Yet today not only is the airplane a recognized vehicle of transportation, but the vision of two generations ago, often "the nations' air navies," is actually realized in the official information of a flying corps as an integral part of more than one army.

LITTLE GIRLS MAKE CHARGES AGAINST KIDNAPPER CROWE.

By Associated Press. Chicago, July 2.—Pat Crowe, notorious as a kidnaper of Eddie Cudahy and who has been arrested numerous times here for disorderly conduct is being sought today by the municipal court to answer to a fine of \$100 imposed yesterday on complaint of three small girls who told the court Crowe had annoyed them in Lincoln Park. Crowe was not in court and a capias was issued for him.

When one pauses—if ever one does—to consider the burden of latter day lyrics of the "rag-time" variety it must be obvious even to the less discriminating observer that a singular change has come over the aspect of modern popular songs.

Increased Revenue For Texas Railroads Shown

Houston, Texas, July 3.—The Houston returns of the various railroads of Texas in their reports to the Interstate Commerce Commission for ten months of the past fiscal year show that most of the railroads have a bigger net revenue this year than last.

For the period beginning July 1, 1911, and ending April 1, 1912, the Gulf, Colorado & Santa Fe made a final net earning of \$2,041,396.

The Trinity & Brazos Valley, during the first ten months of the past fiscal year made a gain of \$173,326 in its final net revenue over that of the same period the year before.

The Galveston, Houston & Henderson is one of the roads which report a decrease in the final net revenue. From July 1, 1911, to April 30, 1912, this company made a final net earnings of \$50,596, while for the same period the year before the company's final net earnings was \$111,047.

decrease in earnings seems to have been due to an increase in earnings seems to have been due to an increase in transportation expenses, the amount of business being practically the same during the two years.

The Missouri, Kansas & Texas of Texas also shows a decrease. Between the months of July 1, 1911, and April 30, 1912, the final net earnings were \$672,223, while for the same period a year before the final net earning was \$1,899,131.

All the Frisco properties of Texas show an increase. On the Brownsville line the final net earnings between the dates of July 1, 1911, and April 30, 1912, were \$589,798, while for the same period the year before it was \$309,647.

The New Orleans, Texas & Mexico made a final net earning of \$197,878 for the first ten months of the fiscal year just closed, while for the same period of the year before the final net earning was \$159,936.

The final net of the Beaumont, Sour Lake and Western increased during the same comparative periods from \$95,978 to \$109,256.

C. H. Wilke, aged 62 years, died at the Bobo farm near Byers yesterday morning. He was in the employ of W. D. Barger who was threshing on the Bobo farm and after cooking breakfast for the men, went and laid down in the shade. A few minutes later he was found dead. The funeral was held at Byers. Wilkie was unmarried. He had relatives in Kaufman and Dallas counties.

What Makes a Woman?
 One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. Its a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired feet, worn out feeling. "Electric Bitters have done me a world of good," writes Eliza Pool, Depew, Okla., "and I thank you, with all my heart, for making such a good medicine." Only 50 cents. Guaranteed by all druggists.

MEETING TO BE HELD TONIGHT

ORGANIZATION OF YOUNG MEN'S PUBLICITY LEAGUE TO BE EFFECTED.

GATHER AT COURT HOUSE

Shortly after 8 o'clock tonight the Young Men's Publicity League of Wichita Falls will be born on the court house lawn. It now appears that a very large crowd, recruited from both the younger and more elderly business men, will be at the natal ceremonies. The program has been carefully arranged and will include some entertaining talks, as well as music by the Wichita band. Two-minute talks will be invited from all in attendance.

The meeting will be presided over by Orville Bullington; Directors will be selected at the meeting and a committee appointed on by-laws, the report of this committee to be temporarily approved by the directors and to be finally approved at a membership mass meeting to be held thirty days hence.

The scope of work which the organization purposes to accomplish will be reviewed by trained boosters and a great deal of enthusiasm is expected. All interested in the welfare of the city are urged by the leaders in the movement to be on hand and become charter members.

WATTERSON PLEDGES HIS SUPPORT TO WILSON.
 Louisville, Ky., July 3.—Henry Watterson, whose activities both in behalf of and against Woodrow Wilson in the pre-convention campaign received considerable attention, will say in the Courier-Journal tomorrow: "In a contest between three tickets headed respectively by Taft, Roosevelt and the devil, the Courier-Journal, being a daily newspaper and unable to take to the woods, would prefer to be obliged to support his satanic majesty."

"The way the result (of the Democratic convention) has been reached puts in doubt an outlook which a week ago was straight ahead, and as sure for Democrats as any future event could be. However, let all good Democrats pray for the best. The Courier-Journal approves at least the platform and will support the ticket."

STIMSON & ANDERSON Across the Street From Post Office

Fort Worth—The Chamber of Commerce of this city is planning a series of one day trade excursions, and from replies to letters sent out to the members, the movement is meeting with hearty approval. It is thought the first trip will be over the Santa Fe and Katy to Gainesville and Whitesboro July 9th.

San Antonio—The San Antonio, Uvalde & Gulf allway announce that its bridge across the Frio River near Fowlerton has been completed and the work of track laying will be rapidly pushed. It is also reported that the bridge across the Medina River south of this city is nearing completion.

WREN AND BERRY'S PROGRAM FOR FOURTH OF JULY.

Some Fourth of July attractions of surpassing merit have been secured by Wren and Berry and will be staged at a matinee at the Lydia Margaret and at the night performance at the Airdome. The bill is one of the most costly ever brought to this city. A feature will be the act of Hegmann the Great, from the Orpheum circuit, one of the most puzzling and entertaining performances ever presented here. It is said to be entirely different from the usual "mystery" act and is well worth seeing. Another act will be the team of Bannigan and Styler in comedy singing, dancing and talking. The usual moving pictures will be presented. At the matinee at the Lydia Margaret prize fight bulletins will be posted on the Flynn-Johnson fight. These bulletins will be received through The Times and will doubtless add much to the interest of the performance.

Thomas Woodrow Wilson Democracy's New Leader

Thomas Woodrow Wilson was born in Staunton, Va., December 28, 1856. He acquired his education at the University of Virginia, and received degrees at Princeton, Johns Hopkins, Lake Forest, Tulane, Rutgers, University of Pennsylvania, Brown, Harvard, Williams, Dartmouth and Yale. In June, 1885, he was married in Savannah, Ga., to Miss Helen Louise Axson, and he practiced law in Atlanta in 1882-5. From 1885 to 1888 he was associate professor of history and political economy at Bryn Mawr College; from 1888 to 1890 he was professor of history and political economy at Wesleyan University, professor of jurisprudence and politics from 1890 till 1902 and president of Princeton University from 1902 to 1910. In January, 1911, he was elected governor of New Jersey.

Woodrow Wilson is author of "Congressional Government, A Study in American Politics," "The State—Elements of Historical and Practical Politics," "Division and Reunion," "An Old Master and Other Political Essays," "Mere Literature and Other Essays," "George Washington," and "A History of the American People." He was the son of the Rev. Dr. Joseph Ruggles and Jessie (Woodrow) Wilson; grandson of Judge James and Annie (Adams) Wilson and of Thomas and Marion (Williamson) Woodrow. He is a collateral descendant of the Rev. Thomas Woodrow, the ecclesiastical historian of Scotland, in whose honor the Woodrow Historical Society of Scotland was named. His father was professor of chemistry and natural science in Hampden-Sidney College, 1851-55; pastor at Staunton, 1855-57; at Augusta, Ga., 1858-70; professor of pastoral and evangelistic theology in Columbia (S. C.) Theological Seminary, 1870-74; pastor at Wilmington N. C., 1874-85; professor of theology in the Southwestern Presbyterian University, Clarksville, Tenn., 1885-93, and reside in Columbia, S. C., and Princeton, N. J., until 1903. He also served as permanent clerk of the general assembly of the Presbyterian Church South, 1861-65; as state clerk, 1865-69 and as moderator 1879.

Woodrow Wilson attended private schools in Augusta, Ga., and in Columbia, S. C., was a student in Davidson (N. C.) College, 1873-74; and graduated from the college of New Jersey (Princeton), A. B., 1879; A. M., 1882 and studied law at the University of Virginia, 1879-1880. He was admitted to the bar in 1882 and practiced in Atlanta, Ga., 1882-83. He was a student in history and politics at Johns Hopkins University, 1883-85, holding the appointment of fellow in history, 1884-85; was associate in history at Bryn Mawr College, 1885-86, and associate professor of history and political science, 1886-88. He was married at Savannah, Ga., June 24, 1885, to Helen Louise, daughter of Samuel Edward and Margaret (Host) Axson.

Professor Wilson held the chair of history and political economy in Wesleyan University, Middletown, Conn., 1888-90, and then was appointed to that of jurisprudence and political economy in Princeton University a position he still held in 1903. Upon the resignation of Dr. Francis L. Patton, Professor Wilson became acting president of Princeton in August, 1902, and was formally installed as president Oct. 25, 1902. In addition to his professional duties he was

reader in the science of administration at Johns Hopkins, 1887-98; lecturer on constitutional law at the New York Law School and a public lecturer upon literary and political subjects. He was chairman of the committee of elections for New Jersey of American candidates for the Rhodes scholarship in 1904. The degree of doctor of philosophy was conferred upon him by Johns Hopkins University in 1886; that of doctor of laws by Wake Forest College in 1887, by Tulane University, in 1898, by Johns Hopkins in 1901, by Rutgers College in 1902, by the University of Pennsylvania in 1903, and by Brown University in 1903. Yale University conferred upon him the degree of doctor of literature in 1901. Dr. Wilson's publications include: "Congressional Government," 1885, which went through many editions and found general use at home and abroad; "The State: Elements of Historical and Practical Politics," in 1889; "Division and Reunion, 1829 to 1899," in 1893; "An Old Master and Other Political Essays." Dr. Wilson has been a frequent contributor to magazines.

In 1910 Dr. Wilson entered politics, was elected Governor of New Jersey and straightway became one of the leading exponents of progressivism in the Union. His administration as Governor of New Jersey has been fraught with much wise, reformative and progressive legislation.

rest and fell asleep. He was awakened by the rumbling of an approaching engine, and, half asleep, was blinded by the locomotive's headlight. While on the operating table at the hospital, with his life blood ebbling away, he said:

"I saw the engine and I realized the danger, but I could not move. As if charmed or spellbound I gazed for an instant into the brilliancy of the engine lamp, and then I knew the wheels were crushing my limbs. I wanted to escape, but my physical self would not respond to my mental warning."

El Paso—It is reported that an eastern packing firm has secured an option on 104 acres of land near this city upon which will be built one of the largest packing houses in the south. Indications point to an early start on construction of the building. Representatives of the company state that \$500,000 will be invested and that 1,000 persons will be given employment.

ONES AFTER PERFECTING HIDE-TANNING PROCESS.

(San Antonio Express)

Just at the time when he had perfected a new process for the tanning of hides, that might have brought him a fortune, Nicholas Rehkopf met with an accident in the San Antonio & Arkansas Pass yards that cost him his life late Saturday night.

Rehkopf had perfected a process, the basis of which was pecan shells, or the tanning of leather, and this he found would take off tan bark. In the early part of last week he tanned a hide here for sole leather, and several shoemakers who examined the finished product said it was easily the best of its kind they had seen.

Rehkopf, a native of Germany, came to San Antonio about thirty-five years ago and found employment in the tannery then conducted by H. Tolle Sr., on Garden street. He remained in the employ of Mr. Tolle for twenty years and then left for New Braunfels, where he found similar employment. It was in his last years at New Braunfels that he began experimenting with pecan shells for the tanning of leather. He left New Braunfels a year ago going to Laredo. After a brief stay in the border city he returned to San Antonio. Rehkopf has a sister living in Pueblo, Colo., and a cousin in Louisville. Instructions from relatives were to bury the body here, and the funeral will take place this afternoon at 4:30 o'clock from the Shelly-Loring parlors. Rehkopf had both legs severed by a switch engine in the Sap yards last Wednesday night, and also received scalds on the right side. He displayed remarkable fortitude after the accident and the doctors first believed he would recover. He was 65 years of age in February last. The old man had been walking along the tracks when he sat down to

DON'T SUBSTITUTE MILK FOR TEA OR COFFEE.

It is difficult for one who has long been accustomed to use such a drink as tea or coffee to abandon it entirely, but no principle in dietetics is better established than that drinking at meals is injurious for many people. Cocoa is the least injurious of the drinks and cereal coffee is easily substituted for the ordinary coffee, by mixing a little of the cereal with the coffee and gradually increasing the amount until the regular coffee is eliminated. The practice of substituting milk for coffee or tea at meals is not advisable.

ACTOR AND THE PLAYWRIGHT

Former Reminds Idea That He Is Given Vehicle to Express Talent and Genius to World.

"You don't seem to have a very high opinion of the man who wrote the play in which you are appearing."

"Why should I have a high opinion of him?" asked the popular young actor.

"He has given you the opportunity to become a public favorite."

"He has given me the opportunity? My dear sir, he is not responsible for the talent, the genius, the artistic temperament I possess."

"No, but if there were no playwright to provide you with a vehicle how would you find expression for your talent, your genius, your artistic temperament? It seems to me that you owe everything to the man who gives you links to speak."

"My dear boy, you have a primitive mind—very primitive. You could not drive your automobile if there were no mechanics to make the wheels and the brakes and the engines; but do you feel that you owe all to the bearded mechanics? Pardon me for a moment while I indulge in thought. It is my favorite recreation."

Heredity.
"Give me a kiss!" pleads the suitor of the lovely daughter of the eminent philanthropist.

"I will," she replies thoughtfully, "on condition that you raise three more within five minutes."—Judge's Library.

HIS PURPOSE.

First Senator—What makes you keep declaring that you will never again be a candidate for public office?

Second Senator—Well, I've got to keep saying something in order to prevent my friends from overlooking me as a possible candidate.

A Tender Plea.

"I see that Jack has colored his hair black where it was turning. Why did he do such a foolish thing?"

"Well, his girl asked him to do it, and, of course, no man could refuse a loved one's flying request."

In the Blood.
"Why do American actresses persist in marrying impetuous noblemen?"

"I suppose with the American woman's instinctive love of bargains, they cannot resist the prospect of getting anything that's reduced."

The Question Today.
"Are you making history?" inquired the Mexican insurgent.

"What a question, general!"

"I ask it seriously. Are we making history or just a few films for the moving picture people?"

Average Time.
"Which of these clocks is right?"

"I don't know. We've five clocks when we want to know the time we add 'em together and divide by five, and even then we're not certain."—London Opinion.

The Only Way.
"I think, dear, I'll make my will."

"Why should you do that? You haven't anything to leave."

"I know; but it seems to be the only way in which I can hope to have a will of my own."

At It Again.
The Doctor—I see there has been some discussion as to whether it should be a Norwegian or an English flag that flies from the south pole.

The Professor—The honor belongs to neither. It should be Polish.

Time to Froot.
"Doctor," said a despairing patient, "I'm in a dreadful way—I can neither lay nor set. What shall I do?"

"Well," said the medical man gravely, "I think you had better root."

Inexcusable Ignorance.
Rankin (trying to remember)—Who and what are the "geisha girls?"

Fyle—The gay Shaw girls? I don't know. Why not read his stuff yourself and find out?

Lost Time.
"When you make an engagement, you are always right on the minute—aping it, aren't you?"

"Yes, I have lost a lot of time that way."

Farewell to a Bank Roll.
Little bank roll, ere we part: Let me hug you to my heart; All the year I've clung to you, I've been faithful, you've been true; Little bank roll, in a day You and I will start away To a gay and festive spot; I'll come back, but you will not.—Hardware News.

With the Rothschilds.

What chiefly struck one at the funeral of the late Baron Gustave de Rothschild was the great multiplicity of relatives descended from his father, the first Baron James, the shrewdest and most funnily humorous member of the Paris branch of the Rothschilds, that he founded, says a writer in London Truth. Among these descendants were a son, grandsons and great and great-great-grandsons—Rothschilds, Lamberts, Leonis, Ephrussi, Sterns, Sassoons, Bubbays. They represented not only the principle of blood relation, but the lineage of Paris, Brussels, Genoa, Milan, Odessa, Bombay and Calcutta. Among the numerous multimillionaires descended from the first Baron James there was one who devoted himself to medical science, dramatic literature and the collecting of autographs of great writers—Baron Henri, only son of the second Baron James.

Dog's "Stunt" Almost Fatal.
The state water analyst in Kansas City has a curious dog—a brindle bull—who licks stamps. Any morning until very recently he was to be seen accompanying his master to his laboratory. At the laboratory he made his nest in an unused locker. But the dog wasn't there merely for looks. He had a specific object in life. When bottles were to be labeled he would emerge from his hole at the snap of his master's fingers, obediently stick out his tongue and neatly and cleverly lick the label extended to him. But the combination of glucose and cow's hoofs on the label is not the best diet for bulldogs. The glue must have come off and stuck in his throat, for he now lies on a couch of old coats with a goat's on his neck, swathed in bandages of cotton and cold cream.

Her Untrained Ear.
"Yes, I enjoyed my visit to Boston ever so much." Miss Cahokia was saying. "What a curious—er—brogue they speak there, don't they?"

The "Suse."
"I don't look well in a steamer cap." "Few people do. You see, it is a sort of handy cap."

Twilight.
The pale gray sea crawls stealthily Up the pale lilt of the beach; A bitter gray, the waters reach To where the horizon ends the sea. Flushed with a tinge of dusky rose, The clouds, a twilight lavender, Flood the low sky, and duskier The mist comes flooding in, and flows Into the twilight of the land. And darkness, coming softly down, Rattles across the falling sand And folds its arms about the town.—Arthur Symons.

The Stamped.

The lightning tossed its tangled boughs And great winds blew about; At midnight all the cattle rose And took to sudden rout. And, whirled in scething floods of rain, We followed in their wake, While ebbed and surged the driving storm Like waves which lift and break. Mad was the night and mad the flight, We prayed beneath our breath—For 'mid that sea of tossing horns, Beneath those hoofs, lay death!

Then in the same mysterious way They ceased as they began And down our backs the trickling drops In ceaseless rivulets ran.

As round and round the herd we rode For idler on hour of rain, And saw them back the trickling drops—Least they should rise against—Kansas City Star.

The Trapped Wolf.
We caught him on the mean land— He'd dogged our traps for years and years; He'd preyed on many a shepherd's band, And cattlemen wished for his ears; But when we seen him in the snow— A dyin' king, we let him go. He roused up when he heard us come, And freshly bared his teeth, so strong; His deep growl rattled like a drum; He'd frown there none one knows how long; We might have killed him in the snow, But, stand of that, we let him go. Maybe 'twas foolish—then, again, It struck us as exactly right; We watched him when he crawled off when We sprung the jaws that held him tight; He couldn't live—we just stood by And let the king crawl home to die.—Denver Republican.

The Legend of the Pine.
When earth was new and life stood, And the four winds 'gan to pray To the Maker of things great and good: "Give us a harp to play!"

"A harp to twang in winter days, When snowdrifts high are piled; A harp to fill the mountain ways With music wondrous and wild.

"Give us a harp that we may strum When summer days are here, So that the sons of men may come And marvel at our harp."

And as the four winds prayed there grew The swaying mountain pine, A harp that all the ages through Plays harmonious divine.—Arthur Chapman.

Song.
Tell you why I love you? Why Does the blossom love the bee, Does the rainbow love the sky, Does the Summer love the sea? Tell you why I love you? Why Do the western breezes blow, Do the birds all southward fly, Do the tides of ocean flow? Tell you why I love you? Why Does the heart that ached too long Start to beating with the cry Of some new awakened soul? Tell you why I love you? Why, Thus my spirit yearns to give, Why for you I wish to die— Tell me, dearest, why I live?—Loeta Louise Everett, in Life.

TO COUNT MAIL PIECES ON THE NORTHWESTERN Will Determine If There Is Enough to Justify Putting Mail Clerks on Train. Postmasters at towns along the Wichita Falls and Northwestern between Wichita Falls and Elk City have been instructed to count the number of pieces of mail sent from their offices over trains No. 3 and 4. This is being done to determine whether there is enough interchange of mail to justify mail clerks on the trains. At present there is only a pouch service on these trains. An order has been issued for mail clerks on the division from Elk City to Woodward on trains No. 3 and 4; these clerks will pouch the mail for points beyond Woodward and Elk City. Very attractive are the letters formed of tiny rhinestones, which are used on bags of soft kid, suede, plain black satin and black moire.

MARY Years ago was said to be the owner of a lamb. Whether or not Mary was interested in the sheep business beyond the ownership of the said lamb, the historian chronicles not. However he does aver that this infant Marino followed Mary to school and the teacher for fear of being taken for a menagerie manager promptly canned this young animal that was later responsible for the existing protective tariff and the republicans in Texas. That will be about all regarding Mary, because the idea we are bent on locating in your brain barn is that our fountain service and the quality of our fountain products will get your business if you ever try them. A chocolate egg flip for instance, made and sold at every fountain in the world, that is they make a glass of stuff that they call by that name, but you know some folks call oat meal food. Farm sausage is food and oat meal is a joke. The same thing applies to egg flip. We put on an all day matinee and a real show that last nearly all night for the benefit of Missourians.

Opportunities Furnished By Opening of Panama (Wall Street Journal) That the opening of the Panama Canal is going to work a revolution in the future of Central America and its relations to the United States is beginning to be dimly apprehended by the American public, but only here and there does there seem to have been an awakening to the necessity of prompt action to take advantage of the new opportunities. The Canal will be practically completed within a year or so, and should be opened for commercial traffic at the beginning of 1915. Surely this means that we should begin at once to plan the commercial campaign. A review of conditions in these countries will show that the railway, the great civilization, has made remarkable progress during recent years. Two countries have transcontinental lines, and the other three have railway systems which are likely to become a part of the continuous Pan-American route from New York to Chile, so long the dream of Latin American statesmen. In the construction and operation of railways American influence is large and presents a shining contrast to traffic by sea which is almost all in the hands of foreigners. The import and export trade of Central America is also largely in the hands of German, British, French, Spanish and Italian houses. One of the two essential questions for the business men of this country to face is whether these foreign establishments shall be confronted by powerful American houses sending their goods without transshipment by water through the Panama Canal, or whether this great waterway, with its cost of hundreds of millions of dollars to our people and its elaborate defensive works, shall be operated for the benefit and behoof of foreign rivals. Analysis of the facts presented in these articles ought to spur American capitalists to adequate preparations for the opportunities which are opening before them.
