

## OLD GLORY NOW FLOATS

FLAG RAISED OVER NEW FEDERAL BUILDING THIS MORNING.

## PARADE IS HELD

Long Line of Children and Citizens, Headed by Band Carry Out Patriotic Program.

While the band played the Star Spangled Banner and more than two thousand people cheered, the Stars and Stripes were raised at the Federal building site this morning. The flag was raised by Miss Nina Barwise, granddaughter of Judge J. H. Barwise, the oldest of the pioneer settlers of Wichita Falls. The raising of the flag concluded an appropriate program arranged under the auspices of the labor organizations of the city.

One of the prettiest features of the celebration was the parade from the court house to the Federal building where the program was carried out.

The parade was headed by the band. Following the band came three hundred little girls dressed in white and carrying small flags. Scattered here and there in this division were girls wearing dresses made wholly from flags.

Following the little girls were members of the Daughters of the Confederacy and the Daughters of the American Revolution, Confederate Veterans and members of other patriotic organizations. They came members of labor unions and the rear was brought up with citizens in vehicles. Uptown the five department with the engine and wagons gaily decorated joined the line of march. Hundreds joined the parade as it moved through town and by the time it reached the Federal building it contained fully two thousand people.

Dr. J. L. McKee delivered the invocation from the steps of the new building and the big audience led by the band joined in singing "America."

J. A. Miller who was master of ceremonies then introduced Hon. Otis T. Bacon, postmaster and ex-officio representative of Uncle Sam. He spoke briefly reciting some instances in which the flag itself had played an important part in the history of the country and had been an inspiration that had brought victory out of apparent defeat. He closed by saying that the flag was a symbol which no people would follow more loyally than the people of Wichita Falls.

M. H. Barwise, oldest locomotive engineer in point of service in Wichita Falls, followed Mr. Bacon with a short talk in which he voiced

## JUDGE SCURRY IS TO FILL VACANCY

APPOINTED DISTRICT ATTORNEY TO FILL JUDGE FOSTER'S TERM.

## IS NAMED BY GOVERNOR

Will Assume His Duties Next Monday When Grand Jury is To Reconvene.

Judge Edgar Scurry of this city will serve out the unexpired term of the late S. M. Foster, district attorney, receiving notice of his appointment from Governor O. B. Colquitt this morning. Judge Scurry will assume his duties as district attorney next Monday, when the grand jury will reconvene.

Judge Scurry was a candidate for district attorney in the Democratic primaries and the death of Judge Foster makes it practically certain that Judge Scurry will be nominated and elected to that position. His appointment to the position by Governor Colquitt was expected, as he is a close friend and supporter of the chief executive.

The new district attorney is 54 years old and has been a resident of Wichita Falls for twenty-one years. He represented this district in the 28th Legislature and has long been one of the leading members of the Wichita county bar. His district includes Wichita, Clay, Archer, Jack and Young counties.

## WILSON MEETS WITH COMMITTEE

FIRST PLANS FOR CAMPAIGN BEING FORMULATED THIS AFTERNOON.

## MESSAGES KEEP COMING

Candidate Stays Up Late at Night to Read Platform Adopted by Party.

By Associated Press. Sagitt, N. J., July 4.—Gov. Wilson did not get up until 9 o'clock this morning as he did not retire until after midnight finishing his reading of the democratic national platform. Dean and Mrs. Henry E. Fine of Princeton and family spent the night at the governor's cottage and were accompanied to the station by the governor when they left this morning.

The national committee is expected early this afternoon and will be received by the governor in a tent on the lawn. Luncheon will be served in the tent. The Democratic National committee reached Sagitt shortly before 3:00 o'clock this afternoon and proceeded directly to Governor Wilson's cottage. For a time congratulatory telegrams poured in at the rate of 900 an hour. William J. Bryan called up by telephone. He told the governor he was happy, satisfied, and wished him the victory he predicted would come in November.

This message came from Champ Clark: "Just leaving for Washington. I congratulate you upon your hard earned victory and will do all I can to elect you."

Other messages read: Judson Harmon: "I congratulate you on your nomination." Oscar Underwood: "Accept my congratulations on your nomination. It will give me pleasure to support your cause with my utmost strength." Governor Marshall of Indiana: "I hope you will accept my congratulations and my promise to do all that my ability and station in life will permit to help you."

Dr. Harvey W. Wiley: "Heartiest congratulations on your deserved nomination. We shall have a real pure food president."

Governor Mann of Virginia—Virginia congratulates herself over being the mother of another president, and the country because it will have a chief executive who stands for highest ideals for government.

Gettrude Atherton wired from San Francisco: "I am so glad I can vote for you."

The original Woodrow Wilson club wired from Princeton: "A real ninth inning finish. You can't lose."

Governor Dix of New York: "You have won a fine race and will win the presidency. Congratulations and assurances of hearty support."

Congressman Henry George, Jr.: "The hopes of the republic are in your hands."

Mayor Gaynor, through his secretary: "Congratulations. You will be elected president by the biggest vote ever given a democrat."

Some of the messages were in a lighter vein. One from a Jersey City man recommended a friend for appointment as "minister to Ireland."

Another from Baltimore read: "We killed the houn' dawg and the bull moose at 3:30. Hallelujah."

In the midst of all this, there are coming to light incidents in which Governor Wilson figured during the convention, and immediately prior thereto. Today his secretary told the history of the telegram to W. J. Bryan in answer to Mr. Bryan's message declaring against the selection of Alton B. Parker as temporary chairman of the convention.

"As soon as Mr. Bryan's message became public even before it reached the governor," said the secretary, "the Wilson managers at Baltimore got the governor on the telephone. 'Don't answer the message until you hear from us,' they begged. And the governor said he would not. 'Down at Baltimore they rigged up a rough draft of a reply and sent it to the governor. He read it and handed it to me. It dodged the issue. The governor took it from my hand. 'It won't do, Joe,' he said as he tore into bits. 'The people expect more than this of me. It wouldn't be just to them or myself if I said this. We'll fix up another one.'"

Gov. Wilson had many pleasant interchanges of courtesies with his visitors today, many of these members of other parties than that of which he is the standard bearer. He was baited by a man with a moving picture machine. The man made his request for poses, then the governor bowed and smiled and looked east and west and did a dozen other things for the films.

# JOHNSON WINS--FIGHT IS STOPPED BY POLICE CHIEF

## Negro Secures Victory in Ninth Round After Besting Flynn All the Way--Fireman is Badly Battered

By Associated Press. Arena Ringside, East Las Vegas, N. M., July 4.—Johnson defeated Flynn.

The fight was stopped by the chief of police after Johnson had battered the white man fearfully in the first eight rounds. The champion was never in danger.

The official announcer entered the ring at 2:04 p. m. Neither fighter had yet appeared.

Johnson enters the ring at 2:27 p. m.

Flynn entered the ring at 2:37 amid a tumultuous applause.

Cass Tarver, a huge Texan with "White Hope" aspirations challenged the winner.

At the request of Johnson's wife was put in another box in order to be nearer the champion's corner. Flynn espousing Mrs. Johnson shouted "Ain't you pulling for me Mrs. Johnson."

The ring was cleared at 2:48 p. m.

ROUND ONE—Flynn kept close but Johnson easily avoided him. The champion pushed his man across the ring and hooked his left to the ear and a moment later flung a hard right arm jolt to the jaw. Johnson smiled contentedly and fought with great care.

Flynn backed the negro against the ropes and the champion rewarded him with a right that cut a deep gash under his left eye. Round all Johnsons.

ROUND TWO—Flynn kept in close Johnson simply grasped him about the shoulders and held him at bay all the while grinning like an ape. The champion played at the fireman's face with light lefts and as they clinched Johnson uppeared twice heavily with rights to the jaw. The champion toyed with Flynn twice more shooting right uppercuts to the jaw one of which sent the fireman's head bobbing. The champion early indicated it was to be a battle of words as well as of blows. Flynn's mouth bled as he took his seat very much worried.

ROUND THREE—Flynn cut short a remark of Johnson by twice hooking his right to the jaw. The black cut loose with short arm uppercuts to the jaw. Johnson bled slightly from the mouth as he emerged from a mid-ring mix up but Flynn spat blood in a stream as the champion cut his mouth with a volley of rights and lefts. It seemed as if Johnson was holding himself in check. Flynn elicited a greater cheer when he rushed Johnson to the ropes and planted a solid left to the jaw. Johnson's round.

ROUND FOUR—Flynn rushed in

close and was met with a volley of rights and lefts to the face and body. These stunned the fireman. Johnson appeared at times to hardly notice his white antagonist. Flynn began meeting the negro's blows with his head butted toward him at times complaining that Johnson made it justifiable by holding him.

ROUND FIVE—Flynn banged away at Jack's stomach but this time Johnson covered and shot lefts to the face in quick succession. Flynn at close range bent half a dozen to the stomach but Johnson only smiled and made no apparent attempt to protect his mid section. Johnson's round.

ROUND SIX—Flynn tried to find a loophole to slow the beating given him. Johnson bewildered the fireman with his speed landing left and right to the jaw. "He's holding me," was Flynn's cry. Johnson, maddened, landed a volley of straight left and right punches to the face fairly bewildering Flynn. Then he stopped himself apparently with a view to prolonging the contest.

ROUND SEVEN—Johnson landed fully a dozen rapid-fire rights and lefts to the fireman's face. "Wait a minute," cried Johnson to a spectator who had shouted for him to end it. Flynn bled profusely from the nose. Flynn failed to land a glove on the champion, the black's defense proving impregnable. Johnson made the blood fairly spurt as he rained blows after blow on his bewildered opponent. There was not a drop of blood on Johnson as he took his seat.

ROUND EIGHT—Flynn tried to butt and was thrice warned. This round looked like its predecessors. Flynn was helpless in the champion's hands and for the tenth time in this round was warned by the referee who added "One more and I'll disqualify you." Johnson had the fireman at arms length as the round ended.

ROUND NINE—Flynn got in close and jumping a foot in the air landed with the top of his head against Johnson's jaw. Captain of the Police Cowles realizing that the referee seemed loath to end the fight on a foul, jumped into the ring and brought the battle to an end. Referee Smith thereupon gave the decision to Johnson. Johnson was given a terrific cheer while the crowd wended its way out.

The odds took a turn shortly before noon after the champion paid

an unexpected visit to the commissioner's quarters. Johnson's offer of \$10,000 to \$5,000 that he wins, was made to read \$10,000 to \$4,000 and it was said Johnson contemplated a further reduction to 10 to 3. A final "drying out" process was the order of business in the morning at both camps. The men expected to rid themselves of a pound of excess weight. Indications this morning were for perfect weather. Clear skies and a slight cool breeze sweeping the mesa just out of town where the arena stood within its canvass walls. The canvass which was placed within double walls ten feet apart to shut off the view of those without box or credentials stood about ten feet high leaving plenty of space for the breeze to dip into the structure. The seats ranged back from the ring on a gradual slope, the last row of seats being on a level of the ring.

Promoter Jack Curley has lost the strained look of the past few days. He wore a broad smile probably induced by reports from the box office which was opened at midnight last night. It seemed certain today he would have a good crowd when the men were started on their 45th round journey.

The question of length of the fight appeared to be the most absorbing one in the minds of the fight fans. Johnson himself reiterated today his statement that he would win in fifteen rounds and rumor had it that he actually expected to end the fight in the tenth. Flynn had no remarks to make as to the length of the fight.

"I am going to win," was all he would say. "As the noon hour approached the sidewalk groups about a town began to get in motion toward the arena. The drift of traffic that wended its way to the arena was steadily increased. Referee Ed Smith of Chicago was among the first ring side officials to appear. He said there were no pending questions of ring procedure to be settled and that the men understood the rules under which they would fight. It was to be first come first served when the fighters arrived.

Flynn paid his first visit in several days to the town last night. His ruddy sunburned face and springing step indicated perfect health. He was followed by a mob of fight fans. His stay was short, however and before darkness he was back in his quarters six miles away.

While the exact weight of the men will not be recorded until just before the fight, Johnson was estimated to tip the beam at 212 and Flynn at 190.

## FEDERALS FACE DESERTED CAMP

REBELS LEAVE POSITION AND WILL RETREAT TO SONORA.

## TO CARRY ON CAMPAIGN

Admit Their Defeat At Bachimba Saying It Was Due To Lack of Ammunition.

By Associated Press. At General Huerta's headquarters, Bachimba, July 4.—When the federal artillery had fired a few shots at daybreak today and received no response from the hills north of Bachimba, flying squadrons of cavalry were sent forth by General Huerta to locate the enemy, but the birds had flown.

None but the dead and a few who were wounded in yesterday's battle were lying in the position which the rebels had held in the mountain pass here. A badly torn railroad north of the canon indicated that as heretofore, the rebels had withdrawn, destroying the railroad behind them as they proceeded.

The federal advance northward began today, Chihuahua being the objective. Daylight confirmed the federal victory and enthusiasm in the government ranks was high, eagerness to pursue the rebels giving Huerta's men stimulus that was apparent as they marched north today.

REBELS WILL CARRY THEIR CAMPAIGN INTO SONORA.

By Associated Press. Gen. Orozco's headquarters, Matula, Mex., July 4.—Under cover of darkness the entire rebel army withdrew from Bachimba, a distance of twenty miles north to Matula which is but fifteen below the city of Chihuahua.

The rebels admit their defeat, attributing it to a lack of ammunition. The whole army early today was in retreat and will continue toward the American border, abandoning the city of Chihuahua to the federals.

Gen. Orozco gave the order to retreat after his troops had been subjected to the heaviest fire they have yet experienced. The commander and a large part of his force will return to the city of Chihuahua today but only for a temporary halt. Gen. Orozco will go north to Juarez, perhaps turning back then southwest along the Mexican-Northwestern railroad to Casas Grandes which is now the rebel rallying place. Casas Grandes is in a mountain country where the federal artillery cannot be brought to action advantageously and the rebels will invade the rich state of Sonora.

The retreat followed a council of war long after midnight. It was the unanimous opinion of the rebel chiefs that a further waste of ammunition was foolhardy if the revolution was to be continued. It was decided to follow a new plan altogether. Flying columns will be sent north, west and south, the strongest to co-operate with General Arcebo and Colonel Murillo, last reported at Nazas, in the southern part of the State of Durango, pursued by federal forces under General Blauquet. Just where General Orozco's headquarters will be has not yet been determined.

As for General Huerta the federal commander, the rebels now call him "the king of Chihuahua," for they think he will rule in the city of Chihuahua and nowhere else. It is the rebels' intention to cut the railroad in every direction around the city as soon as the federals enter which probably will be several days.

AMERICAN IS KILLED ON DOORSTEP BY REBELS.

By Associated Press. El Paso, Texas, July 4.—William Adams, an American citizen was killed two days ago as he stood on his doorstep in Colonia, Diaz. The Mormon colony seventy-five miles south of Juarez. It is alleged a rebel shot and Adams as the latter left his house to attend his wife's funeral.

O. P. Brown agent in El Paso of the Mormon colony, has sent the following telegram to Senator Smoot of Utah, in Washington:

"William Adams murdered at his own door in Colonia Diaz by red-flaggers. Conditions unsettled and no guarantee of protection to Americans, where there is a question between them and the natives. People making appeals to rebels for protection."

Orozco At Chihuahua.

By Associated Press. Chihuahua, July 4.—General Orozco arrived here at 11 o'clock this morning, but only a small portion of his army stopped here. The remaining troops trains went through here without stopping, affording none of the troops an opportunity to get off.

El Paso, Texas.—The First National Bank of this city has increased its capital stock from \$600,000 to \$800,000.

## 34 KILLED IN WRECK TODAY

HEAVY TOLL TAKEN IN COLLISION ON KACKAWANNA EARLY THIS MORNING.

## REAR-END CRASH

Bodies of Thirty-Four Dead Taken Out, Many Injured Pinned Under Wreckage.

By Associated Press. Corning, N. Y., July 4.—Lackawanna passenger train No. 9, which left New York City at 8:45 o'clock last night for Buffalo, was crushed from behind by a train of express cars near here early today and at least thirty-four persons were killed and fifty injured.

Thirty-four bodies had been taken from the debris at 9 o'clock. The crash occurred before daylight. Many of the injured were mortally hurt.

Most of the dead and injured were in two day coaches on the rear of the train which was toppled into the ditch. The five Pullman cars remained on the track. On account of the confusion and the lack of wire communication, news of the disaster was slow in reaching this city but on the scene and the injured were brought to the hospital. The bodies of the dead were laid on top of the embankment at the roadside and covered with blankets from the Pullmans.

A number of the injured were still pinned under the wreckage and their groans and shrieks could be clearly heard.

The wreck occurred on a straight stretch of track. A special relief train from Elmira arrived at 10 o'clock. Coroner Herbert Smith ordered all bodies removed to this city and is planning to hold an inquest today before the passengers who will be the main witnesses have left the city. The passenger train was heavily loaded and was drawn by two engines. It was half an hour late. It is thought the death list may exceed forty.

The work of identification of dead progressed slowly. As the news of the wreck spread hundreds of autos hurried to the scene blocking the road and interfering with the removal of dead and injured. A detail of police was sent out. Several babies and children were among the killed and injured.

One of the unidentified bodies taken from the wreck was that of a young woman married yesterday. She had upon her finger a ring bearing the inscription "S.C.M. and July 3, 1912." The body of another unidentified woman was found with nothing on but a pendant set with an amethyst and three pearls. The body of a little girl five or six years old was among the unidentified dead up to noon.

OBSERVANCE IS VERY GENERAL

FOURTH OF JULY BEING THOROUGHLY OBSERVED IN

MANY VISITORS IN THE CITY

Barbecue At Lake Wichita Largely Attended and Feast is Enjoyed. Prize Fight Interest High.

Flags and bunting are displayed all over the city today in observance of the Fourth of July and the day is being observed more generally here than ever before. There was an almost entire absence of explosives in the downtown section and only intermittent reports of fire crackers in the residence section.

The feature of the morning was the flag raising at the Federal building. At about 10 o'clock the crowds began to move toward the lake and by 12 o'clock the cars were crowded with passengers standing on the foot boards. They continued to go out this way during the entire afternoon and it is probable the street car company will have the biggest day's business in its history.

Thousands were fed at the big bar, because of the lake. This afternoon a ball game between two negro ball teams representing Wichita Falls and Denton is being played. Hundreds came in on the railroads. Many came in on the trains last night and early this morning. All trains that came in this afternoon were heavily loaded with passengers. The band met trains at the station arriving up to 12:30 o'clock.

## Organization of Young Men Formed To Advertise City's Advantages by Securing Publicity--Directors Chosen

Organization of the Young Men's Publicity League was affected last night at the court house, at a meeting attended by about one hundred citizens. Directors were elected and steps taken to start the new booster organization off on a sound basis.

A great deal of enthusiasm was manifested by the speakers, both young and old, who advanced their views concerning the need for such an organization and the work to which it might advantageously set itself. One of the pleasing features of the event was the enrollment of the members of the Wichita State Band as members of the league, the band furnishing its services gratis and agreeing to play at the monthly mass meetings which it was decided would be held by the League in the future. Directors were elected and committees were appointed to prosecute a vigorous campaign for membership to begin at once.

The meeting was called to order by Orville Bullington who was named permanent chairman. On motion, F. H. Gohlike and H. W. Gaston were nominated for temporary secretary,

the latter being selected when a vote was taken.

Chairman Bullington then made a short talk in which he stated that there could be no question of the need for a Young Men's Booster organization in Wichita Falls. He called upon F. H. Gohlike to outline the need for such an institution and the work that it might accomplish, representing Mr. Gohlike as a man thoroughly versed by training and study in publicity work.

Mr. Gohlike took as the basis for his remarks the history of the publicity work in Spokane, Washington, saying the work of publicity began there on a basis of \$5,000 expense each year and has grown to the stupendous proportions of \$60,000 annually. He remarked that as a result of the campaign waged in that city, Spokane had grown to be the best known of the smaller cities of the United States. Continuing, the speaker said that the young men need not confine themselves to publicity bureau work as that was only one of the many ways of securing municipal advertising. Mr. Gohlike recommended

that the organization be directed by a board composed of twenty-one men to hold terms as follows: Seven for one year, seven for two years, and seven for three years, with no succession in office of any officer or director, thereby insuring a constant infusion of new blood into the organization. He recommended that the organization secure a trained publicity man to act as secretary or director of publicity, the latter term being the one used by the Spokane bureau. Mr. Gohlike's remarks were well received and were later adopted in their entirety.

H. W. Gaston was next called upon and made a short talk. In opening, he said that several had asked if this movement had been originated as a fight on the Chamber of Commerce and that the reply had invariably been: "We are not organizing to fight the Chamber of Commerce but are setting together to help the Chamber of Commerce fight." He then explained the ability of a live publicity agent to secure a vast amount of free

## CAPTAIN OF STEAMSHIP CALIFORNIAN CENSURED.

London, July 4.—The board of trade inquiry into the Titanic disaster concluded and Lord Mersey, the presiding judge, announced that its report would be produced within a reasonable time.  
Sir Rufus Isaacs, the attorney general, in his closing speech, said he had been anxious to find, if possible,

an excuse for the inaction of Capt. Lord of the Californian, but he had regretfully come to the conclusion that there was no excuse for him. He asserted that unnecessary risks had been taken by the Titanic and the causes of the disaster were a bad lookout and excessive speed. During the thirty-six sessions of the court of inquiry, ninety-eight witnesses have been examined and 35,631 questions put to them.

## WALL STREET SURPRISE BY TREASURY CHARGES.

New York, July 4.—Wall street was taken completely by surprise at the announcement of the resignation of Assistant Secretary Andrew, although it was known that some of Secretary MacVeigh's subordinates in the treasury department were not in sympathy with his general policy. Soon after the news became known the market, which had opened with general advances suddenly became reactionary, and all early gains were wiped out. Declines from the best figures of the first hour included Reading 3 5/8, Union Pacific 3 1/4, Lehigh Valley 2 and United States Steel 1 3/4. There was some recovery from these prices but the market continued heavy and uncertain.

## What is More Perfect Than a Day in June?

No one can enjoy the beauties of nature, so famed in the month of June, whose mind is troubled by the knowledge that house and yard are not in harmony with the weather. The best way to remedy this is to send for the Handy Man and let his systematic cleaning of both insure your peace of mind and comfort for the remainder of the summer. knew full well that as between the two distinguished Democrats, the Texas Democrats, represented by as the lot of men as ever represented any state on the floor of a National convention were not only unanimously for Bryan, but were bringing every influence that could be brought to bear to secure his election. If Bryan was treacherous to the Nebraska Democrats, then in what class shall the Democrats who accept Col. Johnston's view of Bryan place Col. Johnston? So far, Nebraska's delegation, or at least a majority of them, have placed the seal of endorsement on the acts of Bryan in that convention, but if a single member of the Texas delegation has ever commended the course taken by Col. Johnston as National committeeman, he has yet to make himself known.

**A NEWSPAPER'S DUTY.**  
 (Address of Judge Barry Miller of Dallas before Dallas Press Club.)  
 "To begin with, I declare to you that it is the duty of the newspaper today, as it was declared to be the duty of the men at Signal, to stand firm and to tell the truth. It is the prime duty of a good newspaper to print all the news and to print it when it is news."  
 "A newspaper which does not tell the naked truth is an organ, an instrument, when it ought to be an organist with an editor and workers who realize and seize upon the opportunity to play upon the heartstrings of men and women and of the youth of the land, and of tuning them to a higher plane of vibration and a vision of sweeter and of better things in life than the sordid and selfish things and the things of crime and horror which make so large a part of our existence."  
 "Public curiosity is not to be derided. The public has a right to know facts and have its curiosity gratified, until a time when the line of investigation crosses that of private right. The home, for instance, is a place so sacred that no good newspaper will countenance the effort to go ruthlessly into its precincts. I have, as I hope you have, and as I believe most of the good people have, a supreme contempt for the man who can ever forget that his head was once pillowed on the bosom of a sweet woman and that the home where a pure woman is the guardian is exempt from the foot and prying eye of the newspaperer. No other profession has higher ethics than the newspaper fraternity. One of the first of these is the duty never to betray a confidence."  
 "Without boasting of my part, I commend the work of the grand jurists, but more than that, I wish to say that the largest credit for the good thing that has come to pass is that due to the newspapers of this city, the Dallas Dispatch, the Times Herald and the Dallas News, to each of which a public debt of gratitude is due for the affording of a wide and clean publicity."  
 "More than ever before, I have been impressed within the last two or three years that publicity is the greatest weapon that can be wielded in behalf of the people against any encroachments against the people's power."

**NEW ORGANIZATION WILL DEVELOP PANAMA TRADE**  
 Pan American States Association Formed By Leaders In Exporting Circles.  
 New York, July 4.—To promote and conserve reciprocal relations between the United States and the other American countries, is the purpose of the Pan-American States association, which has just been organized here by leaders in the South and Central American export trade. Its permanent headquarters include four floors of a big office building in Thirty-second street. The president of the association is F. A. Wurzbach, a New York banker. His associates include Judge Alton B. Parker, Hispano-Mexican millionaire, and Heriberto Barron, a Mexican. The list of vice presidents include Admiral George Dewey, Judge George Gray, Col. George Harvey, Major General Leonard Wood and Col. Henry Watterson.  
 The governors of twenty-three states of the Union and Governor R. Colton of Porto Rico compose a governor's board.  
 The principal work of the association for the present will be the maintenance of permanent exhibits of Pan-American products in New York City. Additional aims announced in the prospectus are: To diffuse accurate and reliable information, to promote uniformity of opinion, action and co-operation between its members; to procure and enlarge commercial unity and action between its business men of Latin America, and the United States; to maintain an attractive club where the most profitable form of intercourse between Pan-American men of affairs may be obtained to assist in bringing better transportation facilities between the Pan-American countries.  
 The promoters believe that it will be instrumental in bringing to the United States the cream of commercial advantage to accrue from the Panama Canal.  
 The social department will make a special feature of the entertainment of visitors and merchants from other American countries, will supply them with interpreters and in every possible way minister to their convenience and comfort. A publicity department will issue monthly bulletins in English and Spanish in the interest of members.  
 The association is to be supported entirely by membership fees. An income of about \$25,000 a year is already assured, twenty leaders in the organization having subscribed \$1,250 a year.

Every now and then someone says to us "what do you mean by 'swat the fly' in your paper?" We supposed everybody knew what "swat the fly" meant, but if there are any more who do not know what "swat the fly" means, our answer is get rid of the pest.  
 For almost 50,000 babies under two years of age die every year, from intestinal filth infections, most of which are fly-borne. 500,000 cases of typhoid fever, with about 50,000 deaths and a cost of \$350,000,000 annually are largely due to the house fly. Swat the fly.—Jows Park Herald.

Speaking of Bryan's action at the Baltimore convention, the Houston Chronicle says:  
 "No man in politics in America ever dared do such a thing before. Whether it was wise or just or proper or politic will be determined by every man according to his point of view, but that it set up a new standard of political courage and advanced the banner of the people nearer the ramparts of the enemy can not be denied. Howls, hoots, curses, groans and threats hurled at him made no more impression upon him than would shafts of thistle-down make impression on a man-of-war. He had a message to deliver, a defiance to fling out—a duty, as he says it, to discharge—and he never quailed, but stood calm, self-possessed, with temper unflinched, the masterful, dominant figure of the convention."

In order that there may be no misunderstanding in the matter as well as to keep the record straight, we desire to impress upon the estimated 150,000 people of the Wichita Daily Times that Woodrow Wilson is a minority candidate and that his nomination for president of the United States was secured at the expense of violated pledges and instructions.—Denison Herald.

What would Underwood have been, if he had secured the nomination? A minority candidate, surely. Harmon? A minority candidate. Nobody had a majority when the convention opened and the best that anyone could hope for was a "minority candidate." If nobody had "violated" pledges and instructions, the delegates would be at Baltimore a month from now, voting again and again without hopes of ever getting anywhere. Get in the bandwagon, Herald. It was a fair fight and the best man won. You and your big brother, the Houston Post, ought to shake that grouch, quit damning with faint praise or no praise at all, and support the ticket like the good democrats you claim to be.

A man who fails to get his choice as to presidential candidates and says he is for the nominee but has no hope of his election, is not the kind of man the nominee of any party should be proud of. In fact, that kind of support given a nominee is worse than if the one giving the support had bolted the ticket outright, and come out boldly and above board in support of the nominee of the opposition party. It is the same way with newspapers. The Houston Post, Col. R. M. Harmon up to the convention, is smarting under defeat, and says that while it is for the ticket, proceeds to give aid to the opposition by pointing out the weak spots in the Democratic field of votes. It says that without the vote of New York, Ohio and Missouri it is practically impossible to elect the Baltimore ticket and admits in advance of the election that Mr. Bryan's fight against Judge Parker for temporary chairman of the convention, and his fight against Tammany Hall made it so. Doubtless that editorial will be made use of by the manager of the Republican campaign. It will be worth more to the Republican cause than if the same article had appeared in a dyed-in-the-wool Republican paper. Probably Mr. Bryan should not have made the fight on Judge Parker but it was apparent to close observers that among the delegates in the Baltimore convention were a number who were there for the purpose of humiliating Bryan in any way that it could be done, and the editor of the Houston Post was numbered among them. In fact, when Mr. Bryan voted against Clark when his state had instructed for Clark, twelve or a majority of the Nebraska delegation voted with him, thus endorsing his course. Compare that act, which the Post denounces as treacherous to Clark, to the act of National Committeeman Johnston of Texas, who voted against Bryan for temporary chairman of that convention and for Judge Parker, when he

**THE COURTS AND POLITICS.**  
 St. Louis Globe-Democrat.  
 The word which Associate Justice Charles E. Hughes said the other day when asked if he would accept the candidacy at Chicago if the convention should offer it to him was overlooked in the hurly-burly of the moment, but it should not be forgotten. That "No" is likely to have more influence on the relations between the judiciary and the parties in the future than was realized at the time. As a compromise candidate who would unite the Roosevelt and the Taft elements of their party, Justice Hughes had attractions. Men in both factions naturally turned to him when the conflict between the two big aspirants seemed to be entering the irrepressible stage. As a former leader of a party which had elected him twice in succession to the governorship to the greatest of the states, and also as a man who received many votes for the presidential candidacy while holding the governorship, Justice Hughes would naturally be willing to make some personal sacrifices to bring peace to his party.  
 But in refusing in 1912 to accept a nomination under any circumstances Justice Hughes took the higher and better course. He determined, in his own case, to keep the Supreme Court out of politics. In these days, when recalls for the judiciary are suggested by a large element of the population, the consequences of which would be to destroy the independence and courage of the courts, he resolved to set an example of absolute severance between the judiciary and the mob spirit of the hour. The Constitution framers made the legislative, the executive and the judicial departments of the Government independent of each other and this particular member of the last-named division of the Government has refused to countenance any act which would diminish the popular confidence in the independence and sincerity of his guild.  
 Many members of the Supreme Court—Benjamin R. Curtis, David Davis, Samuel F. Miller, Stephen J. Field, John M. Harlan and others—were often mentioned in connection with the presidential nomination of one or other of the great parties. In Whig and Republican conventions John McLean figured for many years as a receptive candidate. This gave their affiliations a partisan aspect, and diminished the public confidence in their independence and sincerity as jurists. Justice Hughes' little word "No" will go far toward keeping the ermine free from all taint of partisan and factional bias.

**UNION MEN ARE PLANNING LABOR DAY CELEBRATION**  
 Meeting Held Last Night—Propose To Observe Day On Very Elaborate Scale.  
 At a meeting last night attended by representatives of nearly all the local labor unions, plans were put under way for celebrating Labor Day in this city on the first Monday in September. A committee was appointed to arrange the details and it was agreed that the occasion would be observed here on a more elaborate scale this year than ever before.

**"SORRY I MISSED" SAYS WOULD-BE ASSASSIN**  
 Attempt is Made Upon Life of Hong Kong Governor, But Fails of Success.  
 By Associated Press.  
 Hong Kong, China, July 4.—The attempted assassination yesterday of Sir Henry May is regarded as having political significance. The would-be murderer was formerly a hospital dispenser in this city. He said this morning he regretted he had not taken better aim.  
 The would-be assassin, who is a Chinaman, rushed at the governor and fired a revolver, but the bullet merely perforated the chair in which the governor was seated, without doing further harm. The attack caused intense excitement.  
 Sir Francis May was appointed Governor of Hong Kong on February 16th of this year to succeed Brigadier General Lukard.

**THOMAS F. RYAN SAYS IS PLEASED WITH TICKET.**  
 Baltimore, July 4.—Thomas F. Ryan, the financier, who was a delegate from Virginia to the Democratic national convention, today authorized the following statement:  
 "The Baltimore convention has registered the independent will of the Democratic party through its chosen delegates, and it is the duty of every Democrat, without regard to past preferences, to accept that decision with good will and no regrets and to go into the coming battle with courage and determination to make Governor Wilson President.  
 "We should all contribute every effort in our power, dictated by good judgment and honest considerations to accomplish that result. The party is united, and as the campaign progresses I believe it will gain the confidence of the country."

**OLD GLORY NOW FLOATS**  
 (Continued from page 1)  
 the appreciation of the labor organizations of the city of the honor conferred upon them by Mr. Bacon in appointing them to have charge of the program. He said the flag meant as much or more to the nation of the country than it did to any other. He expressed hope that the National birthday would always be celebrated in a similar manner in Wichita Falls.  
 P. J. Donovan, another member of the Brotherhood of Locomotive Engineers, was the next speaker. He said that the members of organized labor in Wichita Falls appreciated this opportunity to show their loyalty to the flag. He said that some people had the impression that the unions were hot beds of anarchism. Nothing was farther from the truth, he declared. The motto of all labor organizations was patriotism, protection, charity and brotherly love, and these same things were symbolized in the flag. He said that labor was not antagonistic to capital and that both were now working hand in hand for the safety and prosperity of all the people.  
 Hon. L. H. Mathis spoke in place of Mrs. Mathis who was unable to be present, representing the Daughters of the Confederacy. He said that nowhere in the whole nation was there greater loyalty to the flag than in the Southland. Daughters of the Confederacy were descendants of the men who fought at Bunker Hill and Cowpens, he said, and appreciated the opportunity to show their loyalty and allegiance to the flag.  
 Miss Nina Barwise read a short history of the Stars and Stripes. Dixie was played and while Miss Barwise slowly raised the Stars and Stripes to the top of the flag pole at the side of the building the whole crowd joined in singing the Star Spangled Banner, and when the flag reached the top of the pole a great cheer burst from two thousand throats. Miss Barwise was attended by the Misses Alice Burnside, Vivian Mathis and Jewel Kemp.  
 Father Dolje with a few eloquent and appropriate words told what the flag meant to each citizen both in time of peace and in war and then pronounced a benediction.  
 Comanche, Texas.—Postal receipts for the local postoffice during the month of June show a total of \$3,098 as compared with \$3,925 for the same month last year.

**THREE DROWNED TODAY IN RIVER NEAR ORANGE**  
 Prominent Young Houston Woman Takes Fatal Swim—Two Others Also Meet Death.  
 By Associated Press.  
 Orange, Texas, July 4.—Three persons lost their lives in Sabine Lake near here this morning. Miss Lucile Bullahan, a social leader in Houston and Orange left here this morning with July Fourth pleasure seekers on the steamer Katherine. When some distance out she donned a bathing suit and plunged into six feet of water. She did not come to the surface and her body was recovered 25 minutes later. The funeral will be at Houston.  
 Robert Smalhal of this city, with five others were in a skiff in the Neches channel for an outing when the boat was overturned. Smalhal's head struck a house boat stunning him and he perished. Another of the party whose name has not been learned and who was from Port Arthur lost his life because he was unable to swim. His body has not been recovered.

**ASSOCIATION OF COTTON GROWERS IS PROPOSED**  
 Department of Agriculture Will Take Steps To Settle Better Marketing Methods.  
 By Associated Press.  
 Washington, D. C., July 4.—That southern cotton planters are anxious to co-operate with the department of agriculture in the government's efforts to introduce better methods of handling and marketing cotton is the report of Secretary Wilson by Chas. J. Brand and W. J. Sherman, who have just returned from an extended trip through the south and southwest.  
 "The great weakness of the cotton growing interests," said Mr. Brand, "is their lack of organization in units of sufficient size to enable them to furnish even running bales in commercial quantities. It is hoped to overcome this by organization of cotton growers association, all of whose members will grow a uniform variety which investigation of the department has shown best adapted to their conditions."

**New Sheldon Lease Well.**  
The Corsicana Petroleum Oil Co. brought in another fine well on the Sheldon lease this week. When the McBride well came in some two months ago, the Corsicana company decided to deepen their No. 1 which was one location to the west of the small amount of oil in the 840 foot sand, but they thought they had a good show to get the McBride sand and went after it. They are down about 1300 feet and the well is flowing natural about 300 barrels daily. The oil is the same gravity as the McBride but up to this time, there has not been any decrease in the production of the McBride well, but on the other hand it has been gaining slowly every week since it was brought in.—Electra News.

### ORGANIZATION OF YOUNG MEN FORMED

(Continued From Page One)

advertising throughout the United States for the mere cost of preparation and postage necessary in forwarding dispatches. He closed by expressing a belief that the league would, within sixty days, be able to boast of at least three hundred members.

A letter was read before the meeting from A. H. Brittain, expressing his regrets that his trip to the Elks Reunion at Portland made it impossible for him to be present, but setting forth that he was heart and soul in favor of the young men getting together in a solid phalanx and that he would put his shoulder to the wheel with the others on his return.

N. Henderson said that he was always for anything designed to build up Wichita Falls and expressed the opinion that this was a good thing, stating that he wanted to see it go and would lend his active support.

Dr. Guest was facetiously singled by the chairman as a strong Woodrow Wilson man and was asked for his views on the subject of the evening. He said that he was a pretty strong Wilson man but was stronger in his desire to see the League organized.

J. M. Blankenship made an eloquent talk in which he said that few of the things in the world's history that have proven of great moment have been launched at their full strength. He likened the young men's business League movement to the steam engine in its development and pointed out how that machine had grown from a mere theory to one of the greatest institutions of modern commerce. He then predicted a like growth for the league.

Other speakers were W. W. Gardner, Judge A. A. Hughes, J. C. Ward, J. J. Perkins, A. L. Huey, Fred Householder, Lynn Boyd, E. G. Hill and C. B. Woods.

On motion, the chair appointed a nominating committee composed of Myles O'Reilly, A. L. Huey, F. A. Gaston, E. G. Hill and Lynn Boyd to prepare a list of nominations for directors. The committee reported the following names which were thereafter adopted as the official list for the periods set forth: Three years, A. H. Brittain, Orville Bullington, A. L. Huey, Marvin Smith, M. Stanforth, B. D. Donnell, F. H. Gohlke; two years, P. H. Pennington, D. M. Perkins, M. A. Marcus, C. W. Hendricks, W. N. Maer, F. W. Householder and A. B. Huff; one year, Leon Loeb, D.

P. Talley, J. M. Blankenship, C. B. Woods, W. A. Reid, W. W. Gardner and E. G. Hill.

On motion, the meeting authorized a temporary set of by-laws under which the organization can operate for a period of thirty days until the membership mass meeting which will be held early in August.

The chair appointed three committeemen as follows: A. L. Huey, E. G. Hill and H. W. Gaston, authorizing them to select assistants to canvass the city at once for additional members of the organization.

The minimum dues were fixed at one dollar per month, there being no maximum limit.

It was announced that subscriptions would be gladly accepted from citizens of all ages, the money to be devoted exclusively to advertising and publicity work.

The directors of the organization were called to meet at ten o'clock in the office of the Floral Heights Realty Company, the reports of the proceedings of that meeting being found elsewhere as follows:

The charter members of the organization are as follows:

A. H. Brittain, D. P. Talley, W. A. Reid, M. Stanforth, W. C. Gibson, Wade Hampton, Jr., W. S. Curlee, Chas. W. Bean, Wm. N. Bonner, J. N. Prothro, Walter Cousins, Leon Loeb, Eugene Leopold, C. W. Hendricks, J. W. Stone, J. A. Kemp, M. A. Brin, Gus Winfong, C. B. Woods, Marvin Smith, E. J. Harrison, E. G. Hill, Orville Bullington, Strange-White Shoe Co., W. P. Hodges, H. J. Somers, F. H. Gohlke, Wren and Berry, Lynn Boyd, A. L. Huey, H. W. Gaston, Myles O'Reilly, J. L. Jackson, G. D. Anderson, C. E. Bessey, F. P. St. Clair, M. H. Barwise, Moore & Riecht, J. B. Marlow, Frank Kell, Thos. R. T. Orth, Otto Stehlik, D. M. Perkins, Harley Heath, W. F. Ehlert, F. A. Gaston, E. L. Smith, Lamar D. Fain, Ernest Katz, Harry May, M. A. Marcus, Livingston Fain, C. F. Barry, F. P. Brown, Everett Jones, Jesse Dolman, Chas. R. Hine, E. M. Fulton, Joe L. Perry, J. Milton Erwin, W. Newton Maer, T. B. Greenwood, Martin's Book Store, Jerome Stone, Alphon Boker, E. M. Everton, E. A. Gaston, Wichita Falls Brick & Tile Co., N. Henderson, M. F. Gup-ton, A. E. Myles, W. G. Scovell, W. R. Anderson, J. L. Art, W. E. Golden, W. W. Gardner and A. A. Hughes.

T. E. DOBSON IS THROWN FROM BUGGY AND HURT

Horse Runs Away Up Alley and Collides With Telephone Pole This Morning.

T. E. Dobson looks like he might be the vanquished in the Flynn-Johnson bout. This morning while in his buggy in the alley near the Citizens Light & Power plant his horse shied and broke one of the shafts. It then started to run north through the alley. After the horse had run probably a hundred yards the boy in the buggy with Mr. Dobson reached over and caught the lines in front of Mr. Dobson's hold on them and pulled. This had the effect of swinging the horse into a telephone pole, tearing the buggy loose. Mr. Dobson and the boy kept on going. Mr. Dobson landed on his forehead against a brick butting an ugly wound. The boy escaped without injury.

PUT POISON IN TODDY BY MISTAKE—DRINKER DEAD.

Fort Worth, Ark., July 4.—George Bayles, a well known farmer of Munros, Okla., near here, not feeling well, asked his wife to make him a toddy. By mistake she got hold of a bottle of carbolic acid and used its contents instead of whiskey. The husband drank the concoction and in twenty minutes he was dead.

CRANE ESTATE WORTH MORE THAN \$17,000,000.

Chicago, July 4.—The estate of Richard T. Crane, iron master, has been assessed for the largest inheritance tax ever placed in Illinois, the sum being \$329,131.

The Crane estate was estimated at \$17,000,000 when appraisers were appointed. The Marshall Field estate paid an inheritance tax of \$125,000 escaping a much larger assessment by a decision of the supreme court, holding that "certain properties did not come under the provisions of the inheritance tax law."

"MEXICAN FRANK" SHOT BY NEGRO LAST NIGHT

John Adkinson Placed Under Arrest. Wounded Man Still Alive This Afternoon.

"Mexican Frank" his real name has not been learned, was shot three times through the body last night by John Adkinson, a negro. The shooting took place at the negro's home in the "flats." Adkinson was arrested. The Mexican was taken to the home of "Mexican Mary" where he was still alive this afternoon. It is believed he has little chance to survive. The shooting resulted from the Mexican's attentions to the negro's wife.

MARY

Years ago was said to be the owner of a lamb. Whether or not Mary was interested in the sheep business beyond the ownership of the said lamb, the historian chronicler not. However he does aver that this infant Marino followed Mary to school and the teacher for fear of being taken for a menagerie manager promptly canned this young animal that was later responsible for the existing protective tariff and the republicans in Texas. That will be about all regarding Mary, because the idea we are bent on locating in your brain barn is that our fountain service and the quality of our fountain products will get your business if you ever try them. ORGANIZATION OF \$400,000 STOCK COMPANY HERE MAY BE ATTEMPTED.

COMMITTEE TO DECIDE

Use of Chamber of Commerce Secretary and Offices is Under Consideration. Some distance out she donned a long suit and plunged into six feet of water. She did not come to surface and her body was recovered 25 minutes later. The funeral of the location of a cotton mill here on a basis, submitted at a meeting of the directors yesterday afternoon.

Mr. Lacey was present at this meeting and outlined his proposal which was for the organization of a \$400,000 company for the establishment of a cotton mill here provided Wichita Falls would erect the building for the plant at an estimated cost of from \$50,000 to \$75,000 stock in the company to be issued to the subscribers for the cost of the building. Bed spreads would be manufactured. The plant proposed would give employment to from 125 to 150 women at an average wage of from \$10 to \$12 per week. Mr. Lacey said that he had investigated conditions and believed that everything was favorable with the possible exception of the labor. He said that an abundance of female labor was essential. Directors present assured him that there were large numbers of unemployed females here who would be glad of the opportunity of employment at the wages named.

After a conference the directors decided to authorize the manufacturing committee to negotiate with Mr. Lacey on the basis of a subscription of \$50,000 to the capital stock of the company rather than the proposal to furnish a building whose cost would be indefinite. Several other matters were taken up at the meeting yesterday afternoon. Upon the suggestion of Myles O'Reilly it was decided to hold a monthly stock sales day here monthly beginning on the first Monday in September. Fifty dollars was appropriated to advertise the first sale. Myles O'Reilly, J. B. Marlow and J. L. Jackson were appointed a committee.

tee to assist the secretary in arranging for the first sale. The following resolution was offered by J. A. Kemp and unanimously adopted: "Whereas a movement has been inaugurated by some of our citizens to create an organization to be known as the Young Men's Publicity League, and "Whereas the purpose of said league is stated to be to devote its efforts and its funds to the securing of free press service in Texas and other States, to secure paid advertising, to publish literature, and in other ways to exploit the resources of Wichita Falls and the Wichita country, it being expressly understood that this organization shall tender its hearty co-operation to the Chamber of Commerce. "Resolved, that the Chamber of Commerce in a sincere desire to cooperate with every interest in building up our city hereby tenders to the Young Men's Publicity League the use of our offices and the services of our secretary and his assistant to the end that none of the funds of the Publicity League need be spent for rent or salaries and that all of their funds may be used for publicity purposes under the direction and control of their board of directors." GOV. OSBORNE OF MICHIGAN WILL SUPPORT WILSON. Lansing, Mich., July 4.—Governor Chase S. Osburn, an ardent Roosevelt supporter during the colonel's battle for the Republican presidential nomination, issued a statement in which he declared his belief that there is no necessity for a new political party. He also stated he hoped Roosevelt would not be a candidate. "The issue is clearly joined for the people," said the governor in his statement. "It is Wall street versus Wilson. Woodrow Wilson's character, temperament, preparation and fitness is above the high average of American Presidents. He is a Christian, a scholar and a fearless citizen."
