## St. Ann's turkey dinner

St. Ann's Catholic Church in Bovina will have their annual turkey dinner Sunday, November 3, 2013. Serving time is 11:30 a.m. to 2:00 p.m. (Texas time) in the St. Ann's parish hall at 401 3rd St.

Donations will be \$10 for adults and \$5 for children under 6. Takeout plates will be available at no additional charge. A quilt throw made by St. Ann's Society will be raffled off at the dinner.

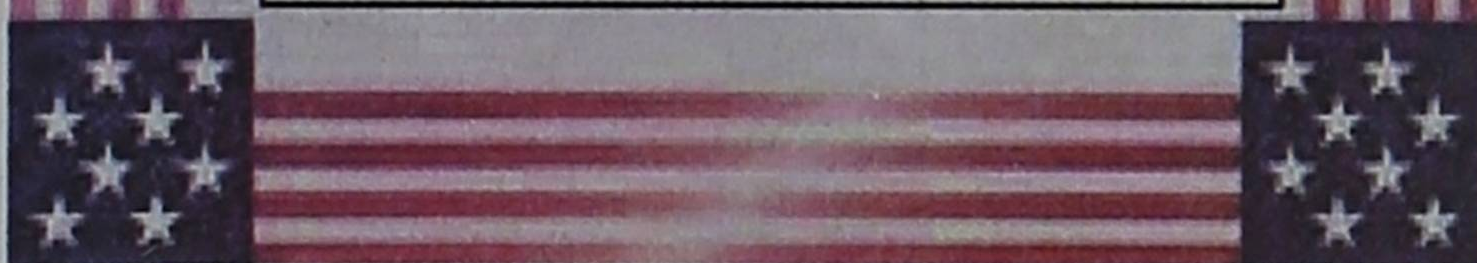

## Light up city park

The Friona Chamber of Commerce is in need of volunteers to "Light Up City Park" for Christmas. This year the Christmas in the Park will be held Monday December 2, beginning with Santa's arrival at 5:30 p.m. More entertainment is also being planned.

Anyone, group, class, organization, or business is encouraged to decorate a spot in the park. The Chamber has a map available of the park and people can go by and pick a tree or spot to decorate. To assist in planning, it is helpful to the Chamber to let them know early if you are participating.

Eddie Garcia (18) leaves everybody behind on his way to a 16-yard touchdown in the second quarter. His TD made the score Childress 12 Friona 6 at halftime. The Chiefs scored in the third quarter on an 81 yard touchdown pass from Mason Loflin to Dallin Woods to take the lead 13-12, but Childress came back to win 23-20. Another Loflin pass to Justin Rocha was good for a 65-yard 4th quarter touchdown.

## Early voting open October 21-November 1

The November 5 election in Parmer County will be for nine state constitutional amendments. Early voting is now open until November 1 at the County Clerk's Office in Farwell. A special early voting opportunity will be available in Friona October 31 at Friona Interbank. Voters are reminded that a voter registration card and a valid photo ID are now required to vote in Texas.

The nine voting precincts in the

county have been consolidated into four voting locations for the November 5 election: Precinct 1 at Calvary Baptist Church in Friona; Precinct 2 at EMS Building in Bovina; Precinct 3 at Farwell Community Center; and Precinct 4 at Lazbuddie Methodist Church. Your voter's registration card denotes your precinct in the upper right portion of the card.

Here is a brief summary of what each amendment would do

as printed in the Amarillo Globe News Sunday October 13:

**Proposition 1:** It would authorize the Legislature to grant the surviving spouse of a member of the armed services who was killed in action a property tax exemption of all or part of the surviving spouse's residence homestead if the surviving spouse had not remarried.

**Proposition 2:** It would eliminate an obsolete requirement for a State Medical Education Board and a State Medical Education Fund, neither of which is operational.

**Proposition 3:** It would authorize a political subdivision in the state to extend the number of days that aircraft parts that are exempt from the ad valorem taxation due to their location in this state for a temporary period may be located in this state for purposes of qualifying for the tax exemption.

**Proposition 4:** It would authorize the Legislature to exempt from ad valorem taxation of part of the market value of the residence homestead of a partially disabled veteran or the surviving spouse of a partially disabled

veteran if a charitable organization donated the residence homestead to the disabled veteran.

**Proposition 5:** It would apply to homeowners 62 and older and would require the prospective reverse mortgage borrower and the borrower's spouse to complete financial counseling before using a reverse mortgage for a home purchase.

**Proposition 6:** It would allow the Legislature to withdraw \$2 billion from the Economic Stabilization Fund, better known as the Rainy Day Fund, to begin funding the state's 50-year water plan.

**Proposition 7:** It would authorize a home-rule municipality to provide in its charter the procedure to fill a vacancy on its governing body for which the unexpired term is 12 months or less.

**Proposition 8:** It would create a hospital district in Hidalgo County.

**Proposition 9:** It would expand the types of sanctions that may be assessed against a judge or justice following a formal proceeding instituted by the State Commission on Judicial Conduct.

## Red Ribbon Week artists featured

This week, October 21-25, is National Red Ribbon Week to serve as a reminder to the community, especially the kids, to live drug free and say no to drugs.

We asked FISD art teacher Linda Sargent and her junior high and high school art students to furnish artwork drawings depicting their thoughts about Red Ribbon Week. The results are inside and included in the various sponsored ads by our local businesses.

We thank Ms. Sargent, the art students, and our business

sponsors for their participation in this important program to keep our schools and community drug free.

While Red Ribbon Week spotlights the drug free program we hope everyone will remember the drug free message every week, all year.

## Shrek: high school musical

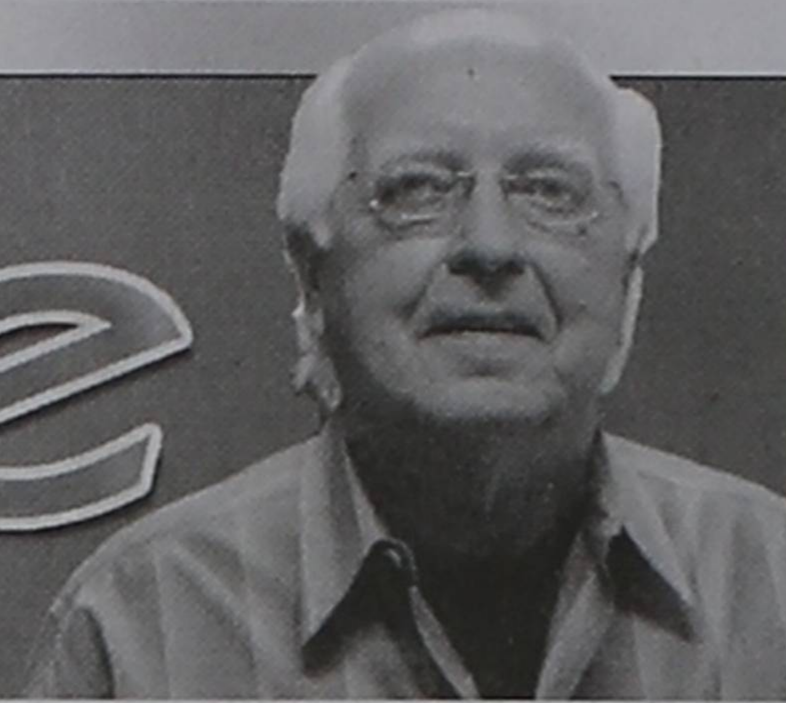

This year the Friona High School thespians will present "Shrek, the musical" as the fall musical. It is being directed by Deirdre Long, Joy Morton, and Allison Johnston.

The performance dates for the public are Saturday November 2 at 7 p.m. and Sunday November 3 at 2 p.m. Admission is \$5 adults and \$3 for students.

Allison Johnston said there are 44 students involved in the musical not including the art students who are painting the backdrop under the direction of the new art teacher, Linda Sargent. Mrs. Johnston said, "The script is hilarious and the kids are doing a remarkable job. It will be a wonderful show that no one will want to miss."

## i'm surprised that they are surprised

Hahaha!  
Or as folks today say, LOL! I have to admit I am really enjoying every minute of the Democrats misery over the Affordable Care Act (ACA). I am delighting in the miserable mess they have created and their feeble efforts to explain it.

Remember, not one single Republican in the House or Senate voted for the Affordable Care Act back in 2009. The Democrats own this debacle and I think we should let them have the credit.

The Republicans passed bills to delay and amend portions of the ACA several times but the Honorable Senator Harry Reid said no negotiation. President Obama said no negotiation. Instead the Republicans were called Nazis, arsonists, extortionists, KKK, and other names of ill repute.

The October 1 rollout of the Affordable Care Act must proceed on October 1, 2013, they said. Well guess what, it rolled out all right, straight into chaos and confusion. Many people were surprised when it didn't work. I'm surprised that they are surprised.

Neither Obama, Reid, or Pelosi can cover this one up. It is out there for all the world to see. Dirty laundry laying everywhere. I heard one highly paid talking TV head, Juan Williams on Fox

News, try to blame the rollout failure on the Republican efforts to defund and amend the ACA. Democrats would love to blame this on the Republicans but, haha, guess what, they are completely exposed now.

They passed it, they have had three years to program it, spent by some accounts over \$600 million on the website, and we can all see what it is now. By the way the website money was spent with a Canadian company? Now they are bringing in the top programmers in the US to straighten out the mess. As Jay Leno said, why didn't they get the top people to start with?

My son-in-law Jamey McCurry has a mailing company called All Sorts Mailing. He lives in Frisco and his company is in Carrollton. He has 20+ employees and does gigantic mailings. Jamey says the ACA has been a boost to his business because several large companies have hired him to send out letters to their employees canceling or changing their health care.

Signing in and signing up will be only the first problem. The next step is likely to be even more surprising when people find out what their monthly cost, deductible, and co-pay will be. It seems to me that nothing Mr. Obama promised about his Affordable Care Act will come true.

They based the success of the program on 7 million healthy young people signing up. Their premiums were supposed to pay for the old sick folks. I can almost assure you that the millions of young healthy folks are not rushing to sign up. I know that because I have two young healthy kids, 22 and 24, that are not paying attention.

There was an initial rush to the website, mostly by curiosity seekers, or a few that have pre-existing conditions. After the initial rush the number of Americans logging on to the website dropped by 80% they reported.

Those who do sign up some day may be eligible for a subsidy from the government to help them pay. At this time there is no program in place to verify an individual's income to qualify for the subsidy. The president said they would just use the honor system for now. Hahaha!

Some say the Democrats want a single payer system and don't really care if this version of ACA fails. Single payer means an insurance program for everybody similar to Medicare where you have a card and go see the doc and send the bill to the government. The Affordable Care Act is not yet affordable and may never be. Too bad for Barack, and Harry, and Nancy.

Hahahahaha!

## Letter to the Editor

U.S. Senator John Cornyn called on President Obama to detail the total expected cost for the updates necessary to make the Obamacare website functional:

"The roll out of the Obamacare website was exactly what its supporters predicted--a train wreck. To try and clean up the mess, President Obama is calling up a tech surge to overhaul the website, and sending the bill to the taxpayers.

"The taxpayers have already shelled out hundreds of millions of dollars to build the original website. How much more money is President Obama going to demand? Instead of continuing to pour money into this broken law, it's time to issue a permanent delay and work on solutions that provide real health care reform, rather than broken promises and error messages."

Amendment II  
A well-regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed.  
The historic roots for this amendment are found in the colonial period when the English tried to limit militia activity probably because of fear of preparations for a revolution against British rule.....Mary Johnston

Not much weather to report this week except I can vouch that it was freezing cold at the Chieftain football game Friday night. Temps overnight Friday dropped to 26 here. I wore big coat, two shirts, gloves and still had frozen feet and hands by halftime so I bailed and went home to thaw out. Not as tough as I once was. We had beautiful weather Tuesday and Wednesday but more cold headed our way next week.

Elsa Galaviz, who works for Allan Haile at State Farm, had her Tahoe stolen from the mall parking lot in Amarillo over the weekend. In Friona, Allan says he had a trailer stolen recently, Tracy Bunker had a trailer stolen, and Jayson Grimsley had an air compressor stolen out of his pickup. There are theories about the local thefts but no arrests or suspects. It is a damn shame and a big inconvenience to all parties.

Friona firefighters were paged about 7:30 p.m. Sunday night. Terry Sharrock said it was a small fire near the railroad tracks close to Black. The BNSF railroad crew called it in from a passing train. Not much to it but still interrupted a Sunday evening. Then the firemen tended to the FHS bonfire Tuesday night. Thanks to our volunteer responders for their service.

\*\*\*\*\*  
Thank you Linda Smith for the plate of Halloween cookies you brought by the office this week. Linda says our friend Claire Blanco, now a California resident, asked her to bring us cookies as a thank you for the friendship. I ate a ghost and a pumpkin.

\*\*\*\*\*  
The FHS cross country kids did well at district. The boys won the district championship and the girls placed third. Both will advance to regionals. In addition, runners advancing as individuals are Armando Flores, Abel Palacios, Daniel Pena, Alexis Alvarado, and Briana Alvarado. Good luck to the runners and Coach Cindy Moreno.

Crime Stoppers says "Drop a Dime, Stop a Crime." The recent murder suspect from Baytown was captured in Amarillo on a tip to Crime Stoppers. Crime Stoppers is funded by donations. They have an interesting website at www.pbctips.com. Crime Stoppers president Janice Clement and coordinator Deputy Matthew Kropp visited the Noon Lions last Thursday to bring Lions members up to date on Crime Stoppers activity. Check them out.

in donations at their sausage wrap cookout last Thursday. All money collected was then given to the Parmer County Cancer Coalition. First National Bank employees say thanks to everyone who came by for a sausage wrap and a donation.

Early voting continues until

November 1 in Farwell at the County Clerk's Office. A special early voting day in Friona will be next Thursday October 31 during bank hours at the Friona Interbank community room. See the front page this week for a list of the amendments. You might not be too interested in voting this time but do it for the practice. There are some important elections coming up next year.

\*\*\*\*\*  
Scout leaders and Cargill Cares volunteers put up a fence at the Scout House at Reeve Lake over the weekend. They cooked burgers for the Scouts and workers too. The Scouts have a nice fenced area and a brand new sign. Good job ya'll.

\*\*\*\*\*  
The United Way campaign is ongoing. Many local organizations depend on funding from the United Way. This year's budget is \$62,650. Businesses have received letters from Dee Ann Hutson, a United Way Pacesetter, seeking donations. Individual donations can be made at Friona Interbank. I'll be sending a donation. Hope you will too.

\*\*\*\*\*  
The Chieftains lost a close game to Childress Friday night. Score was 23-20. Eddie Garcia scored on a 16-yard run in the second quarter. QB Mason Loflin tossed touchdown passes to Dallin Woods (81 yards) and Justin Rocha (65 yards). The

Chiefs travel to Bushland Friday night to battle the district leading Falcons. The game will be broadcast on KNNK 100.5 FM. The radio station is carried on WT Services channel 6.

\*\*\*\*\*  
Official UIL basketball practice has begun. Most of the Chiefs/Squaws basketball players are still playing football or volleyball. Haven't seen a basketball schedule yet. Will try to find one by next week.

Masks

JEFF PROCTER, Minister, 6th St. Church of Christ

Yes, fall is here October is almost over. These are the days of masks. You can find a variety at just about every store, even a pretty health selection for your pet if you are so inclined.

The idea behind a mask is to conceal the true identity of the wearer. Batman did it, so did the Lone Ranger and just about every villain known to the movies.

We put on a mask for different things. We put on a smile and go to worship, and when asked we say "Fine, doing just fine", even if we are not doing fine.

Why? The answer is fear of rejection, persecution... Life is short enough as it is not to enjoy who we are in reality. God made us, loved us, died for us and if we will let Him, redeem us.

God Provides

BRETT HOYLE, Pastor, First Baptist Church

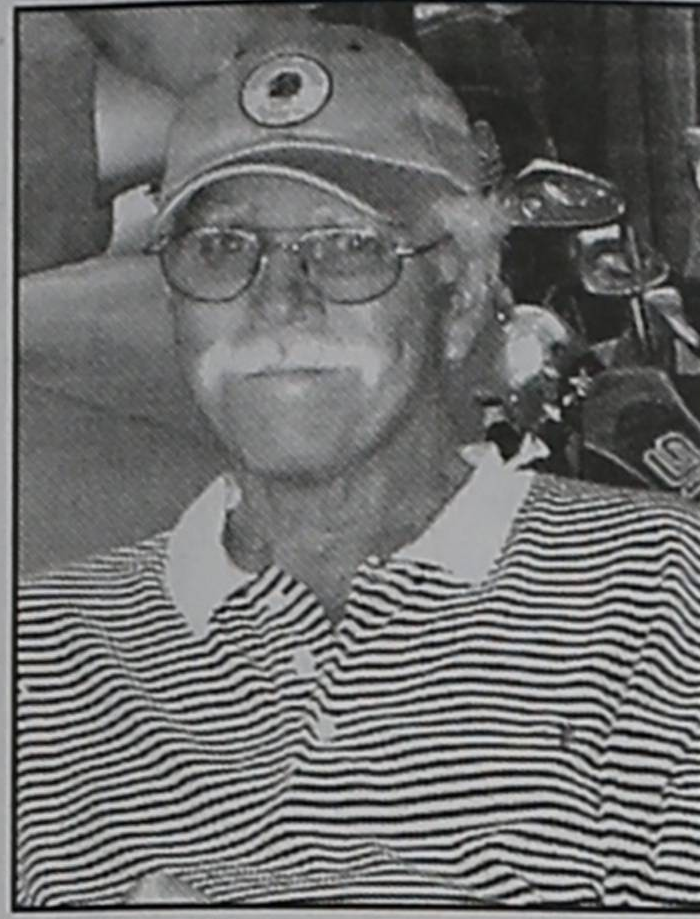

Time and time again throughout history you are confronted with the fact that God provides. For example, who provided just the right balance of oxygen in the atmosphere so you can enjoy a deep breath?

the problem is that you may have a hard time seeing it. 2 Kings 3 tells of the story of three kings who teamed up and went to battle against Moab.

Seeing God's provision reminds us that He shines through in the normal chapters of daily life. Further, God's miraculous provision also teaches us that His provision comes despite critics and difficulty.

Ted Renner

Ted Renner

On October 9, 2013, Ted W. Renner went to be with our heavenly Father. We give thanks to God for the time Ted shared with us.

Ted William Renner was born July 18, 1948 to John William Renner and Lavon Baize Renner. He graduated from Friona High School in 1967 and shortly thereafter joined the US Navy.

In 2008 Ted and Missy moved from Texas to Luther, Oklahoma. It was there he began to enjoy his retirement while fishing, reading, painting, and being with family and friends.

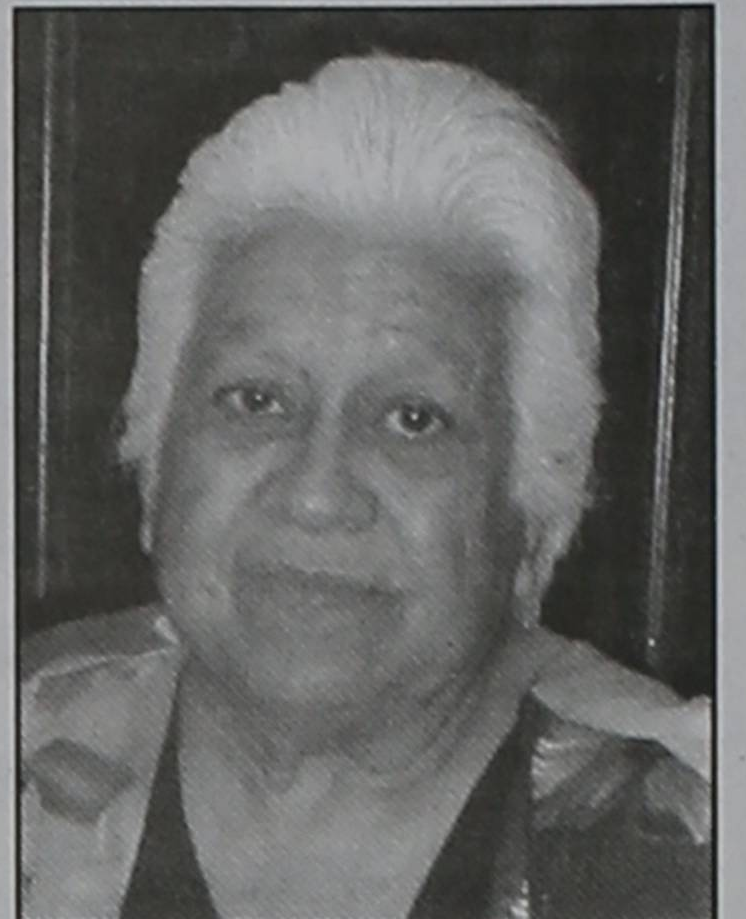

Ted's passion for golf was shared by his entire family and many fond and raucous memories were created on golf courses all over the country.

Ted is survived by his wife Missy (Halsell) Renner; three daughters, Annie Sky Kisselberg and husband Terry, Sarah Lynn Berry and husband Scotty, and Elizabeth Bohanan and husband Monty; parents John and Lavon Renner; one brother, Gary Renner and wife Karen; one sister, Vickie Barker and husband John; grandchildren Sierra and Gage Kisselberg, Katelynn and Taylor Berry, and Caleb Wade Bohanan; and numerous uncles, aunts, and cousins.

A memorial service was held October 19, 2013 at the Christian Church in Luther, Oklahoma. Another memorial service will be held October 26, 2013 from 2:00 to 5:00 p.m. at the home of Gary and Karen Renner in Friona.

### Squaw volleyball: playoffs ahead

From Coach Bryan Masse

On Tuesday October 15 the Squaws played host to the Olton Fillies. It was a good night for the Squaws as all three teams won their matches. They held off the Fillies with some good defense and serving.

On Saturday October 19 the teams traveled to Littlefield to take on the Lady Cats.

In the first match the "C" team used good serving to run

past the Lady Cats for a 2-0 win.

The JV also defeated the Lady Cats 2-0. The girls probably played their most complete match of the season. They had several good rallies.

The varsity Squaws were trying to avenge a 3-1 loss to the Lady Cats earlier in the season. Although it was not their best match the girls were able to pull out a 3-2 victory. The Squaws

are 20-15 on the season and 4-2 in district.

The last home game is Saturday October 26 vs. Dimmitt. Game time has been moved back an hour to accommodate ACT tests. The times are "C" team at 12:00, JV at 1:00, and varsity at 2:00 p.m. The senior players and managers will be honored before the varsity match.

# Know Where You Are?

By Melanie Gallman Braun

First, a couple of engaging questions...

What is an "excellent" score in a One-Mile Walk Test for a 53-year-old male?

- A. 15:13-16:30
- B. 12:54-13:24
- C. 14:25-15:12
- D. >16:30

What is an "excellent" score in a One-Mile Walk Test for a 37-year-old female?

- A. 14:37-15:36
- B. 13:12-13:42
- C. >17:00
- D. 15:37-17:00

If you don't know where you are, how do you know where to go? In your fitness quest, that can be a tough question to answer. Fitness assessments are one way of pinpointing "where you are". (Makes you feel like you are in PE, huh?) Psychology literature tells us that hu-

mans use a belief known as positive illusion when we evaluate ourselves.

Positive illusions are unrealistically favorable attitudes or interpretations we use when we are called on to rate ourselves. Positive illusions may cause big problems when a change is needed simply because we think we are at a "better" place than we really are. As far as fitness goes, assessments can help you find where you realistically "are." You can then gauge your progress and decide if what you are doing is working or if you need to take another path to hit your fitness goals.

Remember the five components of fitness? Ok, here's a refresher... They are cardiovascular endurance, muscular endurance, muscular strength, flexibility and body composi-

tion. There are fitness assessments for each one of these components. And truly, they are not like having to run a 10K-- they are simple, quick and require minimal equipment. (And the whole PE class isn't gonna be watchin'.) I'll discuss assessments for each fitness component over the next several weeks.

To get a head start, walk a mile this week and time yourself. You can walk outside or on the treadmill; don't just stroll, push yourself. Next week's topic will be cardiovascular endurance, and we'll see where you are "at." REMINDER—if you haven't been exercising and/or are under a doctor's care, get a green light before doing exercise that is out of the norm for you.

Both answers are B, by the way.

# Give to the Friona United Way

## THE RED CROSS benefits from the Friona United Way

"The American Red Cross, Texas Panhandle Chapter, serves all of the Texas Panhandle. During the last fiscal year 290 people were helped with direct assistance following an emergency. In addition, more than 300 cases were administered to the Armed Forces line of service, including 99 emergency messages for our Service Members from their families. We also trained more than 2,000 people in life-saving skills including CPR, First Aid and AED training.

All American Red Cross disaster assistance is provided free of cost through the generous contributions of area residents through the United Way. Your support of our mission will allow those who have lost everything in a disaster to rebuild as the American Red Cross stands by their sides; it will deliver vital messages to members of the armed forces who are thousands of miles away from home; it will keep members of our community prepared and ready; most importantly it will bring hope and resilience in the afterhours of fear and in the aftermath of destruction." Steve Pair

We ask you to give generously to the Friona United Way. You may send checks to Friona InterBank PO Box 549 Friona. Thanks for being a part of a caring community.

## FRIONA CUB SCOUTS

"The Friona Cub Scouts serve the Friona youth and families. We have over 50 boys in the scouting program. Your generous donation to the Friona United Way has enabled us to pay for programs offered by the Boy Scouts of America in our area including those that help boys earn badges and awards. We were able to take our fourth and fifth grade scouts on an overnight camp at Palo Duro Canyon this past summer. We have purchased camping equipment including tents, lanterns and other supplies. We have also purchased a fence that is in the process of being put up this week. This will allow a safer area for play, camping and cooking. We also use the funds to assist families who need help with uniforms and other scouting expenses. We have a group of boys who will advance from Cub Scouts to Boy Scouts next summer. We're very proud of these boys. The funds from the Friona United Way also are used to keep the scout building maintained. Thanks you for your generous contribution to the Friona United Way." Becky Dickson

## THE PIONEER HERITAGE SOCIETY (the Museum)

"The Pioneer Heritage Society serves all of Parmer County who are interested in the history of our county. We are currently working on making the museum assessable according to the Americans with Disabilities Act. The building is over 100 years old and in good condition, yet not assessable for many. We have to locate water pipes and sewer lines on the north side of the building in order build a ramp for our citizens. We have no records of these two lines.

We've hosted 2000-3000 people including students in the past years and ask for your continued generous contribution to the Friona United Way. Thanks." Wendy Carthel

## MEALS ON WHEELS

"Meals on Wheels serve anyone 65 or older, who are "shut ins", or anyone who is disabled. Funds from the Friona United Way are used to pay for meals, when they cannot. We thank the Friona United Way and you for your generous donation through the years." Mary Joyce Barnett

# Support the Friona United Way

## LOUISA WILSON GIRL SCOUT HOUSE

"The Friona Girl Scouts meet in the Louisa Wilson House weekly. We have approximately 80 girls in our scouting program in Friona. The funds given by the Friona United Way have been used to pay utilities, buy supplies, help new troops get started and make repairs to the house. We also had the sewer repaired this past summer. For the first time in years, we have Cadet Scouts. With the United Way funds we hope to help them earn a Silver Award. To earn this award they have to adopt a project in the community that will make a positive difference. Thanks to the community and the Friona United Way for your support. We couldn't have scouting in Friona without that support." Sharon Rector

## FRIONA KIDS INC

"Kids Inc serves about 150-200 kids from Friona and Bovina. We offer a program that teaches them team sports, sportsmanship and discipline. The money from the United Way helps pay for the mowing, equipment and other field maintenance. In the past 2-3 years with the drought, both little league baseball fields to be reworked. The city pays for water so the water has been getting shut off in the heat of summer which has killed all the grass. In return only weeds and goat heads grow. We are going to need help to get the fields back to where they need to be for Friona's youth. We appreciate all the Friona United Way has done in the past and encourage your generous support today". Tracy Bunker

## PANHANDLE COMMUNITY SERVICES

"PCS provides services to low income families in the Panhandle. During 2013 with the United Way funds we were able to help eleven families in need of gap funds, either families were over income for a service and/or the service could not be located in the community, and we were able to provide those services. Of the families assisted, seven were assisted with utilities and four were assisted with rent. Only two families received funding twice during the year.

While PCS will continue to provide emergency assistance to families for rent, reconnecting of utilities, medication and food, priority in 2014 will be placed on assisting families with work related expenses. These will include small car repairs, gas for employment, uniforms, licenses, permits and any other needs that will help the family obtain and maintain employment. The Friona United Way funds will be used for families or individuals that are referred to PCS or who are currently clients that have no other resources available. We encourage our communities to support the Friona United Way so we can make a difference." Mary Twitty

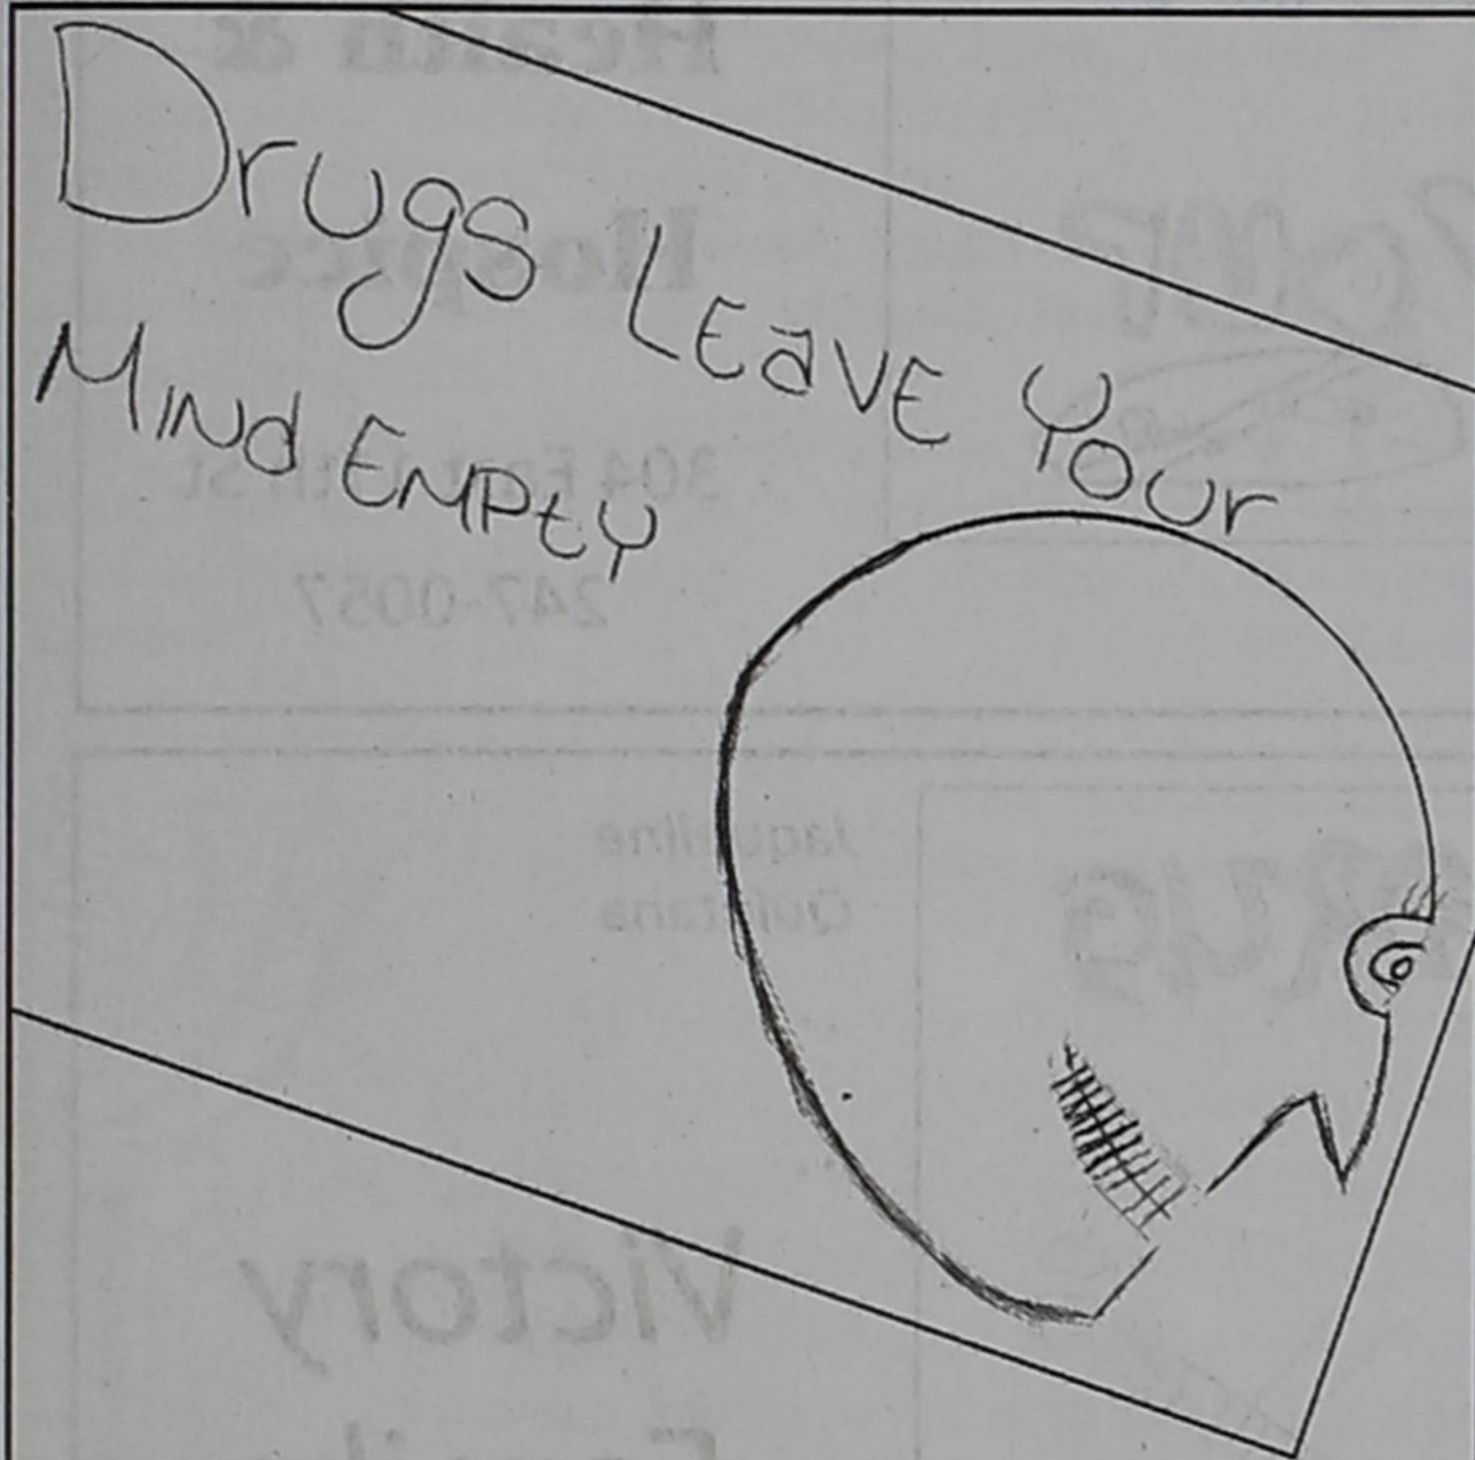

## FRIONA 4-H CLUB

"We serve grades 3-12 in Friona and we have about 20 members in the 4-H Club. With the money given by the United Way of Friona, we help members attend camp and state competitions, as well as provide support for service projects. The members must participate in community service projects for the club to be eligible to receive "scholarship money" for camp or state competition. The funds also help support the local Friona Jr Livestock Show. 4-H is more than a club to raise and show animals. Every child has different interests; some like to sew, some enjoy photography, food and nutrition, and livestock judging. We have "Quiz Bowls" where we are tested by our knowledge of beef, swine and nutrition etc."

We would love for any youth in the 3-12 grades to join us, have fun with us and learn with us. Please consider giving generously to Friona's United Way. Jeri Lynn White

## PARMER COUNTY CHILD WELFARE

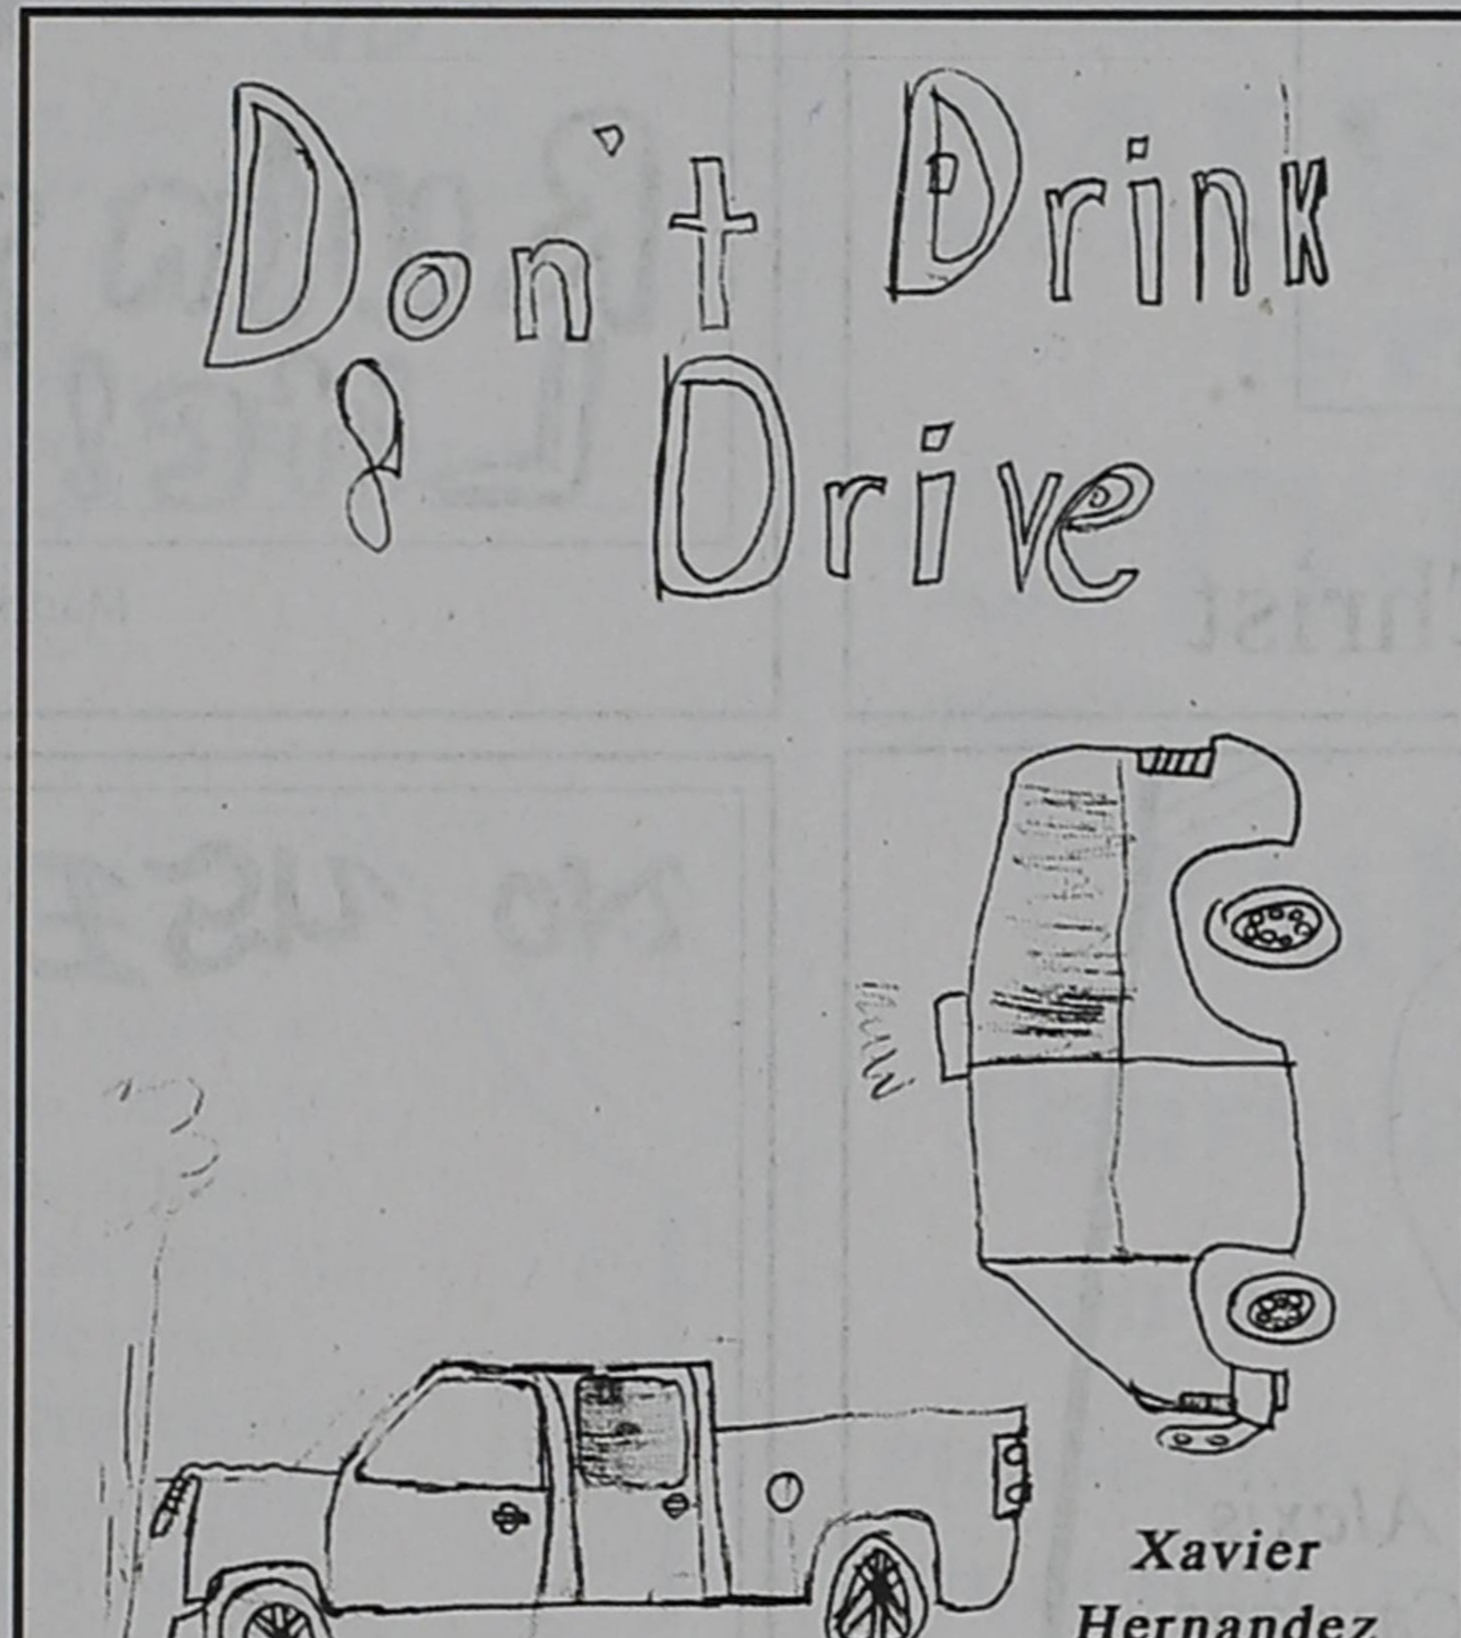

"We help the children of Parmer County by purchasing clothing, school supplies, eye glasses, pay travel expenses to visit parents and other requested items approved by the board. We have helped from 10-31 children in the past. We use the funds from the Friona United Way to pay these expenses and hope that you will give generously." Anne Norton

# Brito is Week 7 contest winner

The Week 7 Friona Star football contest proved to be tougher than it might have been. Not many contestants picked Indianapolis to beat Denver. Cincinnati over Detroit and Buffalo over Miami were popular misses too.

Two contestants managed to pick 12 of 15 correct, Martin Brito and Harley Merritt. The

tie-breaker of Cowboys-Eagles was really low as Dallas won 17-3, for a tie-breaker of only 20 points. Brito was closest with his 43 prediction. Merritt's tie-breaker was 54 so Brito is declared the Week 7 winner.

Contestants with 11 correct games were Scott Brown, Amy Montana, Mason Loflin, Brian Simons, Christi Villa, Teresa

Shelby, and Rick Castaneda. Everyone else picked 10 or less correct.

The total point leader after seven weeks is Rick Castaneda of Hereford with 75 points. There are five weeks remaining in the football contest. Thanks for entering and special thanks to our contest sponsors. Good luck!
