## AMERICANS WIN OLYMPIC RACES

CAPTURE 400 AND 3000 METER EVENTS FROM EUROPE'S CONTESTANTS

## TO RUN MARATHON TODAY

United States Has Twelve Entries—This Country Far Ahead in Total Points

By Associated Press. Stockholm, July 13.—Olympic features today were two fine races, both of which went to the United States—the 400 meter and the 3000 meter race. The 400 meter race was a struggle between the German, Braun, and four American competitors. The Syracuse collegian, C. D. Reidpath beat Braun handily in 43 1-2 seconds, with Edwards S. Lindsburg of the Chicago Athletic Association in third place.

The Americans have drawn a few unpleasant surprises in the last few days, but they encountered a pleasant one by wresting the 3000 meter team race from the Swedes and Brits. Most of the Americans who composed the team are mile runners rather than two-milers and they expected the British contestants to run away with the event. But the Union Jack came only third, with the blue and yellow of Sweden dangerously close to the American winners.

The discuss final with both hands was a new game for the Americans as they were not accustomed to competing with the left hand. The event proved easy for the Northerners, two Finns and two Swedes, making the largest double score.

Adams brothers, Platt and Benjamin went much higher in the standing jump than all the others except the Greek with the tongue-twisting name who was a good third.

In the swimming event, Harry J. Hesper of Chicago, captured the final heat of the 100 meter back stroke in one minute 21 1-2 seconds.

The other events of the day included fencing and military riding which were not completed.

When the people were leaving the stadium after the games they were surprised to find the place surrounded by an enormous throng. The cause was a festival by the Swedish choir between 3000 and 4000 singers took part and people from all Sweden came to cheer them.

The score for all sports as announced tonight follows:

United States, 115; Sweden, 78; Great Britain, 73; Germany, 28; Finland, 27; France, 19; South Africa, 11; Denmark, 11; Norway, 10; Italy, 9; Canada, 8; Hungary, 10; Australia, 9; Greece, 4; Russia, Belgium and Austria 3 each; Holland 2.

The continental Sunday is a day of sport and festivity and the marathon which will be run tomorrow will be the climax of the Olympiad. A field of from 80 to 70 runners will start, the Americans numbering a round dozen. The American entries are: Andrew Sokolakis of Oldtown, Maine; Lewis Powanah of Carlisle Indian school; Richard Peggo of North Dorchester, Mass.; C. H. Ryan of New York; C. H. Little of North Dorchester; J. J. Forshaver, Jr. of St. Louis; Joseph Erlisen of St. Louis; Harry Smith of New York City; Gaston Trohobole of Paterson, N. J.; J. Reynolds of New York and John Gallagher of Yale.

No one is trying to pick the winner, although Coleman of Finland who has shown as the greatest distance runner on the track is the favorite. The South African K. K. McArthur and the Canadian Cokerink lead in the betting. Johnny Hayes winner of the London marathon who has had

## WILL LIKELY NOT TRY ARCHBALD THIS SUMMER.

By Associated Press. Washington, D. C., July 13.—It was practically determined today that the Archbald case will not be tried by the Senate this summer. This indicates an earlier adjournment of Congress than seemed possible a few days ago.

## HENRIETTA MAN BADLY INJURED

J. F. CONN IS HURT WHEN OWN MACHINE RUNS OVER HIM

## IS TAKEN TO SANITARIUM

Cranks Engine On High Gear and is Knocked Down—Injuries Declared Serious

As a result of cranking his machine in high gear, J. F. Conn of Henrietta sustained serious injuries yesterday afternoon and is now in the Wichita Sanitarium with a bruised scalp, several cuts on his body and possibly internal injuries.

Mr. Conn was returning to Henrietta in his machine when the engine went dead near the Wichita Laundry building in the southeastern part of the city. In cranking up again, he failed to throw the machine gears into neutral and left the lever at high speed. The result was that when the engine started again, the car shot forward suddenly knocking Mr. Conn down and running over him. The car was stopped by F. F. Revler of the Wichita Laundry.

Medical aid was at once summoned and Mr. Conn was removed to the offices of Doctors Miller, Smith and Walker, where his injuries were treated. He was rendered unconscious by the blow and did not recover his senses for two hours.

While Mr. Conn's injuries are painful and serious, they are not, in the opinion of the attending physicians, necessarily dangerous. Mr. Conn was formerly clerk of Clay county and is well known in Henrietta. He came here yesterday morning on business and was making the return trip when the accident occurred.

## RED CROSS BUILDING PLANNED IN WASHINGTON.

By Associated Press. Washington, D. C., July 13.—Women heroism and self sacrifice during the civil war probably will be immortalized by the erection in Washington of a home for the American Red Cross. The House public grounds and buildings committee today reported favorably a resolution already passed by the Senate granting \$400,000 for such a building. It would be monumental in character and would be devoted solely to the offices and work of the Red Cross.

The Americans under his care thinks a dark horse will develop. The American Marathon rested today. The weather promising to be scorching which favors them at the distance, about 25 miles.

Soldiers and police will keep all traffic off the track. Several hospital stations have been established along the line. A controversy over a change in rules which forbade all contestants to have refreshments was decided tonight. The contestants may take coffee, water, oranges, or lemons. The British, Canadians and South Africans protested, but were overruled, the committee taking the advice of doctors who said it would be dangerous not to permit drinks on account of the weather.

## Bailey's Farewell Address Very Pessimistic In Tone

By Associated Press. Washington, July 13.—The full text of the farewell address of Senator Bailey of Texas last night to a score of his colleagues at a private dinner did not become known until later. He predicted that if conditions in the United States continued to change as in the past thirty years as in the last thirty, the country would face a condition parallel to that of the French revolution.

He charged that members of Congress by their own cowardice were responsible for a condition of unrest which prevailed. He virtually charged the democratic party with exaggerating the importance of existing evils.

"This republic is near a crisis which is greater than the wisest men think," he said, "I do not forget that the French revolution came with the governors were at the theatre and that

## SPEAKER CLARK WILSON'S GUEST

SUCCESSFUL AND DEFEATED CANDIDATES FOR NOMINATION CONFER

## TALK ABOUT LEGISLATION

Clark Pledges Support Again. Declines To Be Interviewed On Political Topics

By Associated Press. Seagirt, N. J., July 13.—Speaker Champ Clark and Governor Wilson talked for two hours today on legislation pending before the House. Speaker Clark came up from Washington half an hour before he was expected. He was not met at the station, but rode in a cab to the governor's home and was almost on the porch before anyone thought he was with a dozen miles of Seagirt.

The governor excused himself to other guests to greet the speaker. He shook hands warmly and escorted him with smiling face to the parlor.

"The speaker was very fine," Governor Wilson said tonight to the reporters, "his position was admirable and generous in every respect. What we discussed—he introduced the subject—was chiefly the business pending in the House and the prospect of adjournment. He told me in some detail what the state of business was, and what the prospects for adjournment were."

"Of course, the whole country knows the prospects of adjournment but he was kind enough to tell me the details of the business. We talked about that most of the time. The rest was chiefly in explaining the very generous position which he has taken in regard to the campaign. He will do everything in his power to help."

When Speaker Clark left the governor, he came out on the porch, sat down in a rocker and told the reporters he was willing to talk on any one of eight subjects, including the Copernican theory of astronomy, art, music, Ninth Congressional district of Missouri and books, but he would not talk politics.

The newspaper men pilled him with questions on many forbidden topics. "The governor invited me to come and I came, as I thought I ought to," said Mr. Clark, "we talked about a good many things. He can tell you about them if he wants to. If he does not, you will have to let them go. It's easier for us to come down here and see him than it is for him to prowl around the country and see us."

"What do you think of the third party movement?" "I don't know a thing in the world about it."

"What do you think of the platform?" "I'm not going to discuss it until I discuss it in a speech. There isn't a business man on earth than the Speaker of the House at this session. I haven't had time to study the platform in detail. When I do study it as I expect to when I set time I'll express my opinion about it."

"It always turn out there are only two or three issues in a campaign, no matter how many planks there are in the platform."

"What do you think of the prospects for retaining or increasing the Democratic majority in the House?" "The House always goes with the president."

"Do you think there is a chance the Senate will go Democratic, too?" "Well, that depends on which way the cat jumps," Clark replied.

He was asked what part he thought W. J. Bryan would take in the campaign and replied that Mr. Bryan was another topic he would not discuss. When this question was repeated later in a different form, he said: "I don't know and I don't care. I'm not going to talk about it. Don't ask me anything about it."

Governor Wilson had a long talk with Robert S. Hudspeth and other leaders during the forenoon, but he declined to indicate his choice for National chairman, or any of the topics with which his message will deal.

BEALL COTTON FUTURES BILL UNDER DISCUSSION. By Associated Press. Washington, D. C., July 13.—Charging bad faith against those behind the Beall bill prohibiting dealing in cotton futures, which was discussed in the House today under a special rule, Representative Rucker of Colorado, a Democrat, waged such a determined fight on the measure that he forced an adjournment.

## TENNESSE ROOSEVELT FORCES PLAN CAMPAIGN.

By Associated Press. Nashville, Tenn., July 13.—The Roosevelt followers have called a state convention for August 2 and will nominate a governor and railroad commissioner. They will elect delegates to the convention at Chicago.

## BOY DROWNS IN WICHITA RIVER

FRED GOWEN, THIRTEEN YEARS OLD, SINKS TO DEATH SATURDAY

## BODY IS NOT RECOVERED

Was In Swimming With Several Other Boys When Fatal Accident Occurred

Fred Powell, the thirteen-year-old son of a farmer living three miles up the river, was drowned while swimming in the river at about six o'clock last evening. The boy sank in deep water and his body had not been recovered at a late hour last night.

The victim was one of a party of small boys from the neighborhood who had gone to the river for a swim. None of them were more than 13 or 14 years old and none were expert swimmers. The Powell boy started to swim across the river where the water was more than ten feet deep. He had almost reached the opposite bank when without a cry he sank beneath the water and did not reappear.

His comrades ran to the nearest house and summoned help but many minutes had elapsed before anyone who could swim well could be gotten to the river.

Efforts to locate the body by diving were fruitless and preparations were being made last night to drag the hole.

## ELECTORS NAMES ARE RULED OUT

ASSISTANT ATTORNEY-GENERAL SAYS MUST NOT GO ON PRIMARY BALLOT

## MANY HAVE BEEN PRINTED

May Result in Wholesale Throwing Out of Ballots if Names Go On

By Associated Press. Austin, Texas, July 13.—Assistant Attorney General C. E. Lane construed the Terrell election law to be absolutely lacking in any provision for placing the names of candidates for presidential electors on the ballot to be voted at the July primary. Lane declared that the law directly prohibits the placing of anything on the ballot except the names of state, district and county candidates.

It is Lane's opinion that the action of the State Democratic executive committee, in ordering the name of the elector candidates printed on the ballot will render the ballot illegal and liable to be thrown out.

Inasmuch as the ballots have already been printed and in some counties distributed, the opinion raises a very serious question. It affects the entire vote of the state and if he construes the law right there is a possibility that many Democratic votes cast July 27th can be thrown out and declared null and void.

## NAMES NOT ORDERED, SAYS CHAIRMAN SHEB WILLIAMS.

Paris, Texas, July 13.—State Democratic Chairman Sheb Williams on June 22nd sent notice to all county chairmen by letter that the names of presidential electors should not be printed on primary ballots.

## LA-FOLLETTE ADVOCATE WILL SUPPORT WILSON

Charles R. Crane Offers To Give Money To Democratic Campaign Fund

By Associated Press. Seagirt, N. J., July 13.—Charles R. Crane who gave \$20,000 to LaFollette's campaign fund, came out today afternoon, with a declaration that he would support Governor Wilson for the presidency and would contribute to the Democratic campaign fund if the governor would permit him to do so. Mr. Crane was accompanied by President Van Hise of the University of Wisconsin a former LaFollette leader, whose sympathies are with Gov. Wilson's candidacy. Both were the governor's luncheon guests.

# BY VOTE OF 55 TO 28 LORIMER LOSES SEAT

## CHRONOLOGY OF LORIMER AFFAIR

May 26, 1909—Lorimer elected Senator by Illinois Legislature after long deadlock.

June 17, 1909—Lorimer sworn in as Senator.

April 30, 1910—Confession of Legislator White that he received \$1000 to vote for Lorimer, printed in Chicago Tribune.

May 28, 1910—Lorimer denies bribery charges on floor on Senate and courts full investigation.

June 20, 1910—Investigation authorized by Senate.

September 20, 1910—Committee, headed by Senator Burrows of Michigan begins investigation reporting charges unsubstantiated.

March 1, 1911—Senate by vote of 46 to 40 affirms Lorimer's title to seat.

June 20, 1911—Second inquiry ordered, prompted by alleged new evidence particularly the statement of Clarence S. Funk that Edward Hines asked him to contribute \$100,000 to Lorimer fund.

July 13, 1912—Senate declares Lorimer's seat vacant.

Lorimer has been prominent in Chicago and Illinois politics since early manhood. He was elected to the Fifty-fourth Congress in 1884 and was re-elected to each succeeding Congress until he went to the Senate.

## CRAP GAME IS RAIDED, THREE ARRESTS ARE MADE.

Deputy Constables Will Bryan and Will Skeen raided a poker and a crap game in a room in a local hotel last night at about ten o'clock. Three others who were caught in the room got away while the officers were marching them out of the building. All of those arrested gave bond for their appearance in court Monday morning.

## AMATEUR AVIATOR MEETS DEATH IN CALIFORNIA

Holder of Aeroplane Speed Record Falls and is Crushed Beneath Wreckage

By Associated Press. Palo Alto, Cal., July 13.—Victor Morris Smith Jr., holder of the world's amateur record for aeroplane speed, was instantly killed at Ravenwood near here today when his machine fell at the end of a flight from Mountainview.

The aeroplane was caught by a gust of wind as Smith was circling to the ground and fell thirty feet. Smith's neck was broken. The young aviator was a student at Stanford University and 20 years old. He left his class in civil engineering to devote all his time to aviation. He broke all amateur speed records at San Diego last April. A crowd of 400 persons waiting for him to descend watched his fall. He was pinned beneath the wreckage.

## PURSE WITH \$105 GONE BURGLARY IS SUSPECTED

H. J. Johnson, Watchman at Auto Factory Loses Large Sum Friday Night

When H. J. Johnson, a watchman employed by the Wichita Falls Motor Manufacturing Company awoke Friday morning he looked under his pillow for his purse, but the purse was not there. Mr. Johnson began a search but the purse could not be located, and it is his belief that in the night a burglar entered the house and made his get away with the pocket book which contained \$105.

The officers were at once notified but up until an early hour this morning no trace of the money had been found. It had been Mr. Johnson's custom to place his savings in the purse and each night to sleep with the purse under his pillow and he feels sure that some one who was acquainted with this fact must have been in league with the burglar. Mr. Johnson lives in one of the houses known as the Seven Sisters on Lamar avenue.

## DRAMATIC SCENES MARK CLIMAX OF LONG CONTEST

## Illinois Senator Closes Defiant Speech, Hears Verdict and Walks Out of Room.

By Associated Press. Washington, D. C., July 13.—By a vote of 55 to 28 the United States Senate today unseated William Lorimer, the junior senator from Illinois and declared his title to his seat invalid.

The end of the long fight to oust the senator came after six days of protracted debate in which Senator Lorimer himself had occupied the floor for three sessions, making an impassioned defense of his election.

The final vote was on the resolution offered by Senator Lea of Tennessee declaring the Lorimer election by the Illinois Legislature in 1909 invalid. The adoption of the Lea resolution carried with it the senate verdict that "corrupt methods and practices were employed in the election of Wm. Lorimer," making his election invalid.

The closing moments of the trial were intensely dramatic. Lorimer holding the floor for a last defense of his speech, declared he did not appeal for the vote of any Senator, but asked for justice.

Senator Lorimer, when the vote was announced, walked slowly to the back of the chamber into a cloak room. Senator Smoot throwing an arm over his shoulder.

The vote ousting him was concluded at 2:05 o'clock. The man who had occupied a seat in the Senate since June 18, 1909, by the vote to day passed out of the record and never officially has held a seat in the Senate of the United States.

The Lea resolution adopted by a vote of two to one, follows: "Resolved, that corrupt methods and practices were employed in the election of Wm. Lorimer to the Senate of Illinois and that his election therefore was invalid."

The taking of the vote was preceded by a pathetic incident. Senator Tillman, taking the floor just before the calling of the roll began, asked permission for the clerk to read a statement he had prepared which he himself was too weak to read. It stated his conviction that Senator Lorimer had been elected without fraud.

"I realize now that I have but little time before I must meet my Maker," said Senator Tillman's statement, "I cast my vote today secure in the conviction that the senator from Illinois is entitled to his seat. If he is driven from it, I hope he will go back to Illinois and devote himself to that work for which he has proven himself so eloquently able—the uplifting and betterment of his fellowman."

Senator Tillman wept as his tribute to Senator Lorimer was being read, while others found it difficult to hide their feelings at his reference to his own falling condition.

Technically, Mr. Lorimer will pass out of the record of the Senate as a member of that body, notwithstanding his more than three years occupancy of his seat. Facing his associates with the declaration "I am ready," Mr. Lorimer sat in the chamber and heard his fate decreed as the roll call showed the adoption of the resolution of Senator Luke Lea of Tennessee, the Senate's youngest member. The men who for three days had held the Senate to close attention with his remarkable speech of defense and attack upon his enemies, rose wearily from his seat and passed back to a cloak room door.

Senators and members of the House gathered about him, grasping his hand and patting him on the back. Outside the Senate door, Mr. Lorimer stepped into the corridor. Friends greeted him again and a party of Sisters of Charity pushed forward to express regret.

At his office later, when a physician had attended him, he said he would not leave Washington before the end of next week.

The outcome of the vote was not a surprise, but the leaders of the fight against him had not estimated a greater vote than fifty to thirty-five. Lorimer gained only one of the men who voted against him March 1, 1911—Senator Jones of Washington, while he lacked the votes of his associate,

Senator Cullom and of Senator Currier of Kansas, Briggs of New Jersey, Simmons of North Carolina and Watson of West Virginia. Lorimer's fight for his official life began in the Senate chamber early Tuesday afternoon and when he concluded his eloquent declaration that he was not a coward and "would not run in the face of a certain defeat" at 2 o'clock this afternoon he had held the floor for twelve hours, with interruptions and recesses to restore his strength. The moving character of Lorimer's appeal was admitted on every hand, but it apparently swayed no votes.

Instead of the pleading defense which had been expected, it was throughout a ringing defiance to those who had opposed him. A declaration of his unflinching belief in the purity of his election and a promise that he would not give up his fight with his eviction from the Senate.

"It has been suggested that I resign," he said in his closing declaration, "he who is so cowardly as to run because defeat stares him in the face has no place in this body. Though you all vote to turn me out—although every vote has been canvassed and is against me, I will not resign. My exit from this body will not be from fear. It will not be because I am a coward; it will be because of the crime of the Senate of the United States."

Only two incidents marked the few minutes between the termination of Lorimer's speech and the taking of the roll call. One was the charge of Senator Dixon, Col. Roosevelt's campaign manager, that the affidavit Lorimer had introduced to show attempted corruption of delegates to the Chicago convention were "malicious and deliberate falsehoods."

The other was the request of Senator Tillman of South Carolina, feeble from the effects of paralysis, for permission to have the clerk read a statement from him, which appears above.

Senator Tillman expressed the hope that Mr. Lorimer would consecrate the remainder of his life to the purification of politics in Chicago and to the uplift of his fellow citizens in Illinois.

"I believe, if he does bravely fight for a purer and better government in Illinois," Tillman said, "God will strengthen his arm and he will return to the Senate, vindicated by the people of that great State."

The Senate as constituted when the Lorimer vote was taken, had ninety-four members. The vacancies caused by the death of Charles J. Hughes Jr. of Colorado and George S. Nixon of Nevada had not been filled. Immediately after the vote, however, the Nevada vacancy was filled when W. A. Massey appointed to fill Senator Nixon's unexpired term, was sworn in. He had been waiting three days to take the oath of office, but was prevented by consideration of the Lorimer.

Those who voted to oust Lorimer were:

Ashurst, Bacon, Borah, Bourne, Briggs, Bristow, Brown, Bryan, Burton, Chamberlain, Clapp, Clarke of Arkansas, Crawford, Cullom, Cummins, Curtis, Dixon, Fall, Gardner, Gore, Gronna, Hitchcock, Johnson, Kenyon, Kern, LaFollette, Lea, Lodge,

### METHOD PAZDRAL IS HEARD HERE

CANDIDATE FOR CONGRESSMAN AT LARGE TALKS AT COURT HOUSE

### SPEAKS AT BURKBURNETT

Declares His Position on Prohibition, Tariff and Other Public Questions

Hon. Method Pazdral, candidate for congressman at large was given a very flattering reception when he spoke here Friday night. Between 250 and 300 people were gathered on the court house yard to hear his address and he was given the most careful attention. At the conclusion of his speech many from the audience went forward to pledge him their support.

He was introduced by Judge Edgar Scurry. Judge Scurry said that two years ago he had introduced to a Wichita Falls audience, Hon. O. B. Colquitt as the next governor of Texas, a few weeks ago he said he had introduced Hon. Jacob Wolters as United States Senator to succeed Hon. Joseph Weldon Bailey and that now he was introducing Hon. Method Pazdral as one of the congressmen at large from Texas. The cheer that followed this showed that the audience was in sympathy with Mr. Pazdral.

Mr. Pazdral referred the people of Wichita Falls to any citizen of West, his home town, as to his standing as a citizen. He said he was willing to be judged by what any citizen of West would say. He thought it proper, he said, that the voters know his position in regard to the prohibition question. He said he was an anti and that he was also a deacon in the Presbyterian church.

He praised Governor Colquitt and said he believed the people of Texas would vote him a second term. As to his position on the tariff question he cited the declarations of the Houston and the Baltimore platforms and if these did not make it plain he would refer his hearers to the debate at Athens between Jake Wolters and a man whose name he did not recall. His position, he said, was identical with that of Mr. Wolters.

Mr. Pazdral went out to Burkburnett yesterday where he was one of the speakers at the Farmers' Union picnic. He returned last night well pleased with his reception both here and at Burkburnett.

### FLOOD OF ORATORY AT BURKBURNETT

Annual Meeting of Wichita County Union Closes With Speech-Making

The annual meeting of the Wichita County Farmers' Union at Burkburnett adjourned late yesterday afternoon after one of the most successful meetings in the history of the union. The session of union was convened Friday morning in the auditorium of the handsome new school building with every union in the county represented. The sessions Friday and Saturday morning were devoted strictly to the affairs of the union and an official report of these sessions will appear in Monday's issue, not being available at this time.

At 11 o'clock Saturday morning the meeting was thrown open to the public and a flood of oratory turned loose by candidates and others. The first speaker was Prof. R. A. Stewart who spoke in behalf of higher education in Texas. Following his address dinner was served. This was served by the good people of the Burkburnett community and was a feast of good things.

Following dinner speaking was resumed. Among those who delivered speeches were Hon. Method Pazdral, candidate for congressman at large; Hon. T. B. Taylor spoke in behalf of W. T. Leander, candidate for congressman at large; Ed Napier, candidate for the legislature; Hon. C. B. Felder and Prof. H. A. Fairchild, candidates for county judge; and Judge Edgar Scurry, candidate for district attorney. Other candidates including E. P. Walsh, Geo. Tummins, H. T. Randolph, John Robertson, A. F. Kerr, Harry Daugherty and others made brief announcements of their candidacy.

The meeting broke up late in the afternoon with everybody in happy spirits and acknowledging hospitality of the Burkburnett people.

### YOUNG MAN IS SEVERELY BITTEN BY RATTLE SNAKE.

Will Frazier, while at work with a threshing outfit about six miles north of the city yesterday afternoon was bitten on the hand by a rattlesnake and was in a serious condition last night, as a result. The hand turned completely black around the wound and pained the young man very severely. He was brought to this city and given medical attention.

A prize of \$11,900 offered by the Kaiser, will be awarded to the German-maker of the best aeroplane motor in a competition which will last from October to January.

A Quart of Sweet Relish for 25c

PHONES 432 & 232

YOU WILL GET IT QUICK

Sometime ago I put in a stock of both sweet and hot relish packed in quart jars. It was an experiment but has proven a very satisfactory one both to my customers and myself.

Every jar that has been sold has given full satisfaction and repeat orders have been received from most every home where it is used. The price probably accounts for part of this as it is only 25c per jar, but for real quality and summer use, this relish is beyond competition.

Let me send you a jar and I am sure you will agree with the others.

### CASS TARVER TRAINING FOR ALBUQUERQUE BOUT

Texas White Hope Now at Childress Getting Ready To Fight Dan Galy on August 28th

Special to The Times. Childress, Texas, July 13.—Cass Tarver, the Texas White Hope, with his manager, trainers and press staff, will arrive in Childress tomorrow for an exhibition at the Childress fair grounds Thursday night, July 18th. Tarver is now in active training for his first fight in public, to take place at Albuquerque, New Mexico, August 28th, with Dan Galy of New Castle, Pa., a prominent Eastern contender of heavy weight honors. Tarver is now down to 246 pounds in condition. His measurements made Saturday were as follows: Height 6 feet 6 inches; reach 81 inches; chest 46 inches; waist 36 inches; neck 19 inches; inside arm length 35 and 34 inches; age 21.

Tarver has been under active training for ten months. He can turn hand springs like a feather weight, standing jump of ten feet and turn in the air. He and his trainer, Frank Mayo, will give a demonstration that evening. Seats are being arranged for four thousand spectators.

Wichita Falls, Texas, July 12th, 1912.

As a Presbyterian we are not allowed to bet (except on a cinch) but the fellow who can cover our pile, equal to about four bits, can get accommodated if he wants to put it up against Woodrow Wilson being the next president of the United States.

The words "I told you so" are about the most unpleasant in the world when they follow misfortune, but the Burk Burnett Star uses them in a different way. Over a year ago, the Star asserted that there was oil beneath the cotton fields and melon patches of that section and the Ye-cent gusher gives it something to say "I told you so" about.

Morris Sheppard has gone on record as saying that if he was now in the United States Senate he would vote to unseat Senator Lorimer. This, apparently, has lost Mr. Sheppard Senator Bailey's influence, as the Junior Senator has taken the position that if Sheppard said what the Houston Post and Fort Worth Record report he said in a speech at Conroe, it unfits him for the senatorship. Just how many Democrats in Texas will think like Senator Bailey on that matter can be determined after July 27th.

In Iowa the Republicans in State convention have refused to endorse the Republican National platform adopted at Chicago and repudiated the nominee for president of that convention by naming Roosevelt electors to be placed on the regular Republican ticket of that State and voted-for at the November election. Several other rock-ribbed Republican states are preparing to follow the lead of Iowa and their action has forced the followers of Taft to bolt the State convention and nominate Taft electors. This will be observed that Iowa will have two sets of Republican electors in the field, with the chances favoring the Roosevelt electors as against the Taft electors. This may divide the Republican vote in that State to such an extent as to give the electoral vote of Iowa to Woodrow Wilson, the Democratic nominee.

There is this much to say regarding the election of a United States Senator: Should Morris Sheppard succeed in getting a plurality of the votes, that fact of itself will not justify any representative or state senator whose district might have given instructions to cast his vote for another candidate—Walters or Sheppard. But, should Morris Sheppard, or Jake Walters or Mr. Randall receive a majority of the Democratic votes of the State, the representatives and State Senators would be perfectly justified in casting their vote for the candidate who had secured the majority of votes in the

State, regardless of instructions given by their respective districts. At least, that is the way the Times views the matter. The way things look now, however, there does not seem the slightest doubt but that one of the three candidates is going to poll more than half the votes at the primary election on July 27.

The writer was told this week that an officer had made the rounds warning all joints of the grand jury now in session and advising them to close up until the season is over. Now, this officer is a candidate for re-election and if such report has any foundation, it is a cinch he has no business with the office he now holds for the people of Wichita county.—Electra News.

### RECALLING LORIMER.

William Lorimer is a victim of the judicial recall. Many of the Senators who, sitting as Judges in his case, found for the Illinois senator, have been succeeded by others. Those who favored him have been replaced by men less likely to overlook the plain; patent truths that were brought out in Lorimer's case.

There never was doubt in the mind of any one—not even William Lorimer himself—that some of the votes by which he was elected were bought, delivered and paid for. And while some were able to condone this, through a series of mathematical gymnastics—the truth was brought home with telling force that Lorimer could not have been elected without the bought votes.

Lorimer knew this himself. There are men in the United States Senate who would have broken the speed records in resigning if they found themselves elected as Lorimer was. But the "blonde boss" chose to stay. He forced his opponents to make it a personal issue where there had been none; and he paid the penalty. Whatever of sympathy we may feel for the man who was the victim of circumstances, we cannot but rejoice at the victory for clean government and pure balloting which was recorded in the National Senate yesterday afternoon. The question before the Senate involved no legal technicalities. It was a moral question the right and wrong of which any school boy could have decided. Somehow, we feel less fearful of the workings of the judicial recall when we see its results in this case.

### TWO SHOTS—A WOMAN'S SCREAM—BUT NO TRAGEDY.

About 11:30 o'clock last night two loud and clear pistol shots suddenly broke the stillness of the air in the vicinity between Scott and Lamar avenues on Seventh street, and a moment afterwards a woman's scream rang out. Many people rushed to the scene thinking that a tragedy was in progress, but it was found that the officers were shooting at a man who not wishing to be taken to jail broke away and at the time the shots were fired, was fleeing rapidly down a dark alley in the direction of the Wichita river. That was the last seen of the lawbreaker, and it is thought that the officers two shots went wild. The screams came from a woman who lived in that vicinity who had been alarmed by the shots.

## In the Political Arena

The Kind of Protection Wanted Dr. J. W. Daniels of this city, a former resident of Olney, introduced Judge Ramsey when the latter spoke at Olney last week. He referred to Gov. Colquitt's speech at Olney, two years ago in which he advocated political peace and legislative rest. His comment as reported by the Olney Enterprise follows:

Here Dr. Daniel referred to the turmoil created by Governor Colquitt's attack on the attorney general, and also spoke of the Governor's boast of the protection he has given to the citizens along the Mexican border during the uprising down there. He said "If Governor Colquitt will only protect us from the greaser ballot, we can take a shotgun and protect our women and children ourselves." He then presented Judge Ramsey.

Ramsey Supporter Here. Judge F. P. Greever of Miami, Texas, was in the city Saturday in the interest of the candidacy of Judge Ramsey. At Burk Burnett Friday night Judge Greever held a joint discussion with H. Finley Weldon of Bowie. Mr. Weldon represented Gov. Colquitt. The discussion was heard by one of the largest crowds that ever attended a political meeting in Burk Burnett.

Randall Recovering. Hon. C. B. Randall who has been off the stump for some time on account of illness is reported to be improving rapidly and expects to resume speaking by the middle of the week.

Colquitt Breaks Record. Gov. Colquitt broke all records in a Texas gubernatorial campaign Friday when he spoke in eight different towns in Grayson and Fannin counties. He was heard by large crowds in nearly every town where he spoke. His opponent, Judge Ramsey, delivering five speeches one day last week in Parker, Young and Jack counties.

Endorsement for Napier. A press statement endorsing Ed Napier's candidacy for the legislature is in circulation here and is being signed by many influential citizens.

A Lorimer for Texas. All the politicians are doing it—all are attempting to get something out of Lorimer's case. Colonel Walters is now using the Lorimer case to point the necessity for Sheppard and Randall agreeing to his proposal that the candidate who receives a majority or a plurality in the people's primary shall be supported for election in the legislature by the three minority candidates.

Sheppard has much to say about Lorimer," said Col. Walters. "Lorimer was the product of a deadlocked

legislature, and that is what I am trying Sheppard should join me in my declaration in order that the will of the people be not defeated. I have said I would support the candidate who receives the highest vote in the primary," argued Colonel Walters, "then let Sheppard join me in this proposition if he is sincere in advocating the popular election of senators."

Big Crop Campaign Literature. Hundreds of pieces of campaign literature are being received by voters in Wichita Falls almost every day. The Colquitt headquarters have been one of the most prolific sources of this literature. Walters' literature is also abundant. The presses have been busy too for Ramsey and Sheppard.

Bailey Says Sheppard Unfit. Commenting on a reported statement of Morris Sheppard that if he were in the Senate he would vote to unseat Lorimer Senator Bailey in an authorized statement declared that Sheppard was unfit to be in the Senate. Senator Bailey's statement follows:

"If Mr. Sheppard made the statement attributed to him in the above extract, he is totally unfit to be a senator from Texas. Before any man can enter the senate he must swear to support the constitution of the United States and that constitution requires us to judge the election returns and qualifications of senators under the sanction of our oath. Of course, no man can discharge that duty conscientiously and intelligently until he knows the facts and the law relating to the particular case under consideration. Mr. Sheppard has never read the testimony in either the Stephenson or the Lorimer case, and I am loath to believe that he would be willing to declare in the presence of a Texas audience that he is ready to vote on either.

"As well might a candidate for the bench declare how he would decide a given case without knowing anything about the facts or the law involved in it. Surely the Democrats of Texas are not ready to have grave questions, disposed of in such a way, and if they are now in a frame of mind to applaud such a declaration they must remember that a senator who is ready to pass upon the rights of others without a full consideration would sacrifice the rights of his own people under a temptation sufficiently great.

"Mr. Sheppard pays me a great, though an unintentional compliment when he treats what he calls 'Baileyism' as an antithesis of conduct, which would decide a case involving the representation of a state and the character of a fellow man without knowing anything about the facts or the law according to which his oath requires that it shall be decided."

### SOLOMON HAD CINCH AS I COMPARED WITH THIS MAN

Colorado Officer Called Upon To Determine Ownership Of Nine Mixed Babies

By Associated Press. Eaton, Colo., July 13.—Nine times the problem which established the wisdom of Solomon—the partridge of an infant—today confronted the city marshal here. Nine Russian mothers asked him to decide whether their babies were their own.

Yesterday these women, who are best-fid workers, left the infants in the baby booth where some one changed their outfits. Amazing discoveries followed their arrival home. The rush for the city marshal followed.

### PANAMA CANAL BILL IS NOW UNFINISHED BUSINESS

By Associated Press. Washington, D. C., July 13.—The Senate today voted 49 to 34 to make the Panama Canal bill unfinished business. This substantially refuses England request that the bill be held up pending diplomatic negotiations. An effort to put Democratic tariff legislation ahead was lost.

Try a Times want ad they bring results.

"Don't answer the message until you hear from us," they begged. And the governor said he wouldn't. "Down at Baltimore they rigged up a rough draft of a reply and sent it to the governor. It dodged the issue. The governor took it from my hands. "It won't do, Joe," he said, as he tore it into bits. "The people expect more than this of me. It wouldn't be just to them or myself if I used this. We'll fix up another one." "He took a pad and placed it across his knee and wrote his answer to Mr. Bryan without crossing out a single word he had put down." The same opportunity came to Speaker Clark—Mr. Bryan sent identically the same telegram to both—but Mr. Clark listened to his advisers and destiny's knock was unanswered by him. One has only himself to blame if he allows such an opportunity to pass unimproved.

## LIFE INSURANCE TRUST RUMORED

TRUST COMPANY SAID TO BE PLANNING CONSOLIDATION OF CONCERNS

## OFFICIAL GIVES WARNING

Says Plan Is in Violation of State Anti-Trust Law, and He Will Oppose It

By Associated Press. Austin, Texas, July 13.—What is said to be a plan to organize a big life insurance trust in Texas was uncovered by the state insurance department today. Commissioner Gill said he had come into possession of information tending to show that a big trust company had entered the Texas business field "to engage in the business of purchasing the stock of the various Texas life insurance companies with a view of consolidations of such managements in the interest of economy of management." The commissioner gave out a statement going strongly on record against such a proceeding and serving notice that the consummation of the plan would be a violation of the anti-trust law. He asked that the different insurance companies refuse to "encourage the operation of this concern."

## SETTLING BASIN READY TURN WATER IN MONDAY

Work is Finished Saturday and New Reservoir Will Soon Be in Use

Contractor I. H. Roberts yesterday completed the cement work on the big new settling basin at the water and light plant, last night and water will be turned into it Monday. The new basin is 243 feet long, 112 feet wide and 12 feet deep and will hold approximately 2,350,000 gallons. The walls and floor of the basin are laid with a heavy coat of concrete. A big pipe fitted with a valve leads from the basin so that the water can be drained out at any time and the bottom of the basin cleaned.

The lowest grade of molasses from beet sugar, which is unsalable as a food product, has been found to make an excellent binder for road surface when mixed with lime water.

**Rohatch's Mineral Water.**  
Is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be purchased at the wells or delivered in fugs or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Rohatch, Owner. Phone 1601—1 long—4 shorts.

## DOES NOT WANT LARGER EMPIRE

EMPEROR WILLIAM OF GER. MANY CURBS IMPERIALISTIC MOVE.

## FLAG TO FOLLOW TRADE

Deepest Spot in Pacific Ocean Discov. erred Recently—Is More Than Six Miles Down

Woman suffragists, the socialists, and other advocates of the equal-pay-for-equal work doctrine "are much wrought up over a plan of the imperial postal department, just announced, whereby 8,600 male employees are to be replaced by women on the score of economy. It is estimated that a yearly saving of about 6,000,000 marks or practically \$1,500,000 will be effected. The salary of some 3,600 of the posts to be filled with women will be 750 marks a year. This makes \$1488 a month.

The attempt of a party of Russian emigrants to America, to gain the land of liberty and opportunity without paying the Russian passport fees resulted in the death of two soldiers of the frontier guard in an incident reported from Schmalleninken, a village on the east Prussian border, which is one of the main centers for running the frontier without passports. The party had arranged with the sentry on post for uncollected passage at the usual rate of \$1.50 per head, but their man was relieved before the emigrants appeared. He remained in hiding near the spot, and when the party appeared endeavored to force his successor to divide the money with him. Failing in this, he fired a shot to call the guard and stop the emigrants, whereupon his comrade—first killed him and then committed suicide. When the guard arrived the emigrants were in safety on German territory and only the bodies of the two soldiers were found.

The Emperor went on to say that he could claim that, during his reign, the honor of the German flag had never been insulted from any quarter; then, addressing himself to the Hamburg merchants present, he added: "I pledge you, and I stand for it, that my flag will follow you wherever you lead the way." This latter remark shows that the Emperor does not believe in the old political maximum that trade follows the flag. He is less aggressive, and is content to have the German flag follow trade.

The German Navy's surveying ship Planet has discovered in the vicinity of the Philippines the deepest known spot in the ocean, 9,780 meters, or four hundred and six feet more than six miles. SAYS PROSPECTS EXCELLENT FOR WICHITA FEED CROPS.

J. L. McConcy who returned last night from Burkburnett where he attended the annual meeting of the Wichita County Farmers' Union says he never saw such good prospects for a big feed crop. "Corn is much better than I thought it was," said Mr. McConcy, "and a big part of the wheat is threshed, but the farmers wouldn't mind being stopped threshing for a day or two for another good shower. If rain should fall this week the corn will never stop growing until it matures into a big crop."

BY VOTE OF 55 TO 28 LORIMER LOSES SEAT

(Continued from page 1)

Martin, Martine, Myers, Nelson, Newlands, O'Griffin, Overman, Paige, Pindexter, Pomeroy, Rayner, Reed, Rook, Sanders, Shively, Simmons, Stone, Sutherland, Swanson, Townsend, Wilson, Williams, Works, Smith of Arizona, Smith of Georgia, Smith of Michigan, Smith of South Carolina.

Those voting against the Lea resolution and in favor of Lorimer were: Bailey, Bradley, Brandegee, Burnham, Carton, Clark of Wyoming, Crane, Dillingham, Fletcher, Foster, Gallinger, Gamble, Guggenheim, Johnson, Jones, Lippitt, McCumber, Oliver, Paynter, Penrose, Perkins, Richardson, Smith of Maryland, Snoot, Stephenson, Thornton, Tillman, Wetmore.

Senators paired in favor of the resolution were: Chilton, Culberson, Davis and Owens. Senators paired against it were: Bankhead, Dupont, Hepburn and Warren. Senators absent, not paired were: Percy and McLean. Senator Lorimer did not vote.

One of the features of Lorimer's speech this afternoon came when he went after Senator Crawford of South Dakota, who had spoken and voted against him at the first trial. He referred to the charges made against Crawford in connection with a public land claim, and declared an affidavit against Crawford, which had no foundation, appeared to be truthful on its face.

"Has Charles A. White made any statement to your committee stronger than that Crawford's affidavit? I don't think so. And yet Senator Crawford would turn me out of this body on the statement of a man more foul than the man who made the affidavit against him."

"I don't ask for the senator's vote. But I am asking you, Senator Crawford, if after that awful experience you had, don't you think you ought to weigh carefully, thoughtfully, meditate and of the before you vote to destroy your fellow man on evidence like that?" Senator Lorimer's tone took on deep feeling. "I have been made out the vilest, foulest creature on earth, because of misstatements about me," he cried. "Vote as you did before, Senator Crawford, have yourself recorded among those who voted to drive me hence. I'll never believe even then that you are the kind of man that affidavit tried to show. But surely having gone through what you have, I am entitled to have you give at least full consideration to the evidence in my case."

The effect of Lorimer's striking appeal to Crawford was not lost on the Senate. He held his auditors in silence. Senator Tillman appeared affected by Lorimer's words and wiped tears from his eyes as Lorimer paused.

Senator Lorimer took up the employment of Detectives Burns to whom he referred as "the detective who had driven to his grave a United States senator whom the people now believe not to have been guilty." The reference was taken to apply to the late John H. Mitchell of Oregon. Mr. Lorimer declared it had been shown that the Burns detectives had committed perjury. He said "White was bought by the Tribune to perjure his soul. That Glavis was bought but lacked the nerve to go through with it and was then indicated to close his mouth."

"Would you turn any one on the testimony if there were no people back home demanding blood," he shouted, "if you drive me from this chamber, I'll never charge with anything except that you were not sufficiently informed. There will be no charge in my mind that you did not vote in accordance with your conviction of right."

There was a well defined belief in the Senate today that the pro-Lorimer forces were working to delay a

vote on the exclusion resolution to give them opportunity to change the votes of some of those whose opposition to the Illinois senator is said to be wavering.

The anti-Lorimer forces practically conceded that Mr. Lorimer's speech yesterday changed the attitude of two senators counted as antagonistic to him. They were Senators Cullom of Illinois and Tillman of South Carolina. The belief these two senators had determined to oppose the unseat resolution because of Lorimer's analysis of the evidence against him, was generally accepted as a fact today by his opponents.

Senator Kern had not determined whether he would reply when Mr. Lorimer again took up his speech at the opening of today's session. Almost the first utterance of the Illinois senator was a renewal of the challenge to Senator Kern and his associates to refute certain of Lorimer's statements as to the evidence brought out by the investigation. Again the deaf received no reply.

Senator Kern was the center of a short conference when he came on the floor, one of the participants being Luke Lea another minority member of the committee and a target for Lorimer's shots in the two days of his speech. Lorimer's opponents have practically agreed not to answer his challenge and charges, believing an open discussion would cause further debate. Lorimer's immediate attack on Senators Lea, Kenyon and Kern and his repeated challenges to them lent added color to the belief that an effort would be made to bring on further debate on the Lea resolution.

The air in the chamber was hot and oppressive. Senators came in reluctantly but sixty were on hand when Lorimer began. It was Mr. Lorimer's announced intention to finish his speech today unless interruptions should extend it. His opponents were determined that he should finish today.

NEED WAREHOUSE FOR BROOM CORN

THIS CITY HAS CHANCE TO BECOME CENTER FOR THIS COMMODITY MUCH STRAW IS SHIPPED

Consignments From Oklahoma and Panhandle Counties Pass Through Wichita Falls Wichita Falls can become one of the big broom corn centers of the country if the proper encouragement is given by the establishment of suitable warehouses here, is the opinion of a railroad man who is visiting in the city. This man has lately been over the Wichita Falls and Northwestern which runs through the principal broom corn raising counties of Oklahoma. He believes that road ought to haul ten thousand cars of broom straw for the coming crop all of which will be hauled through Wichita Falls. A good portion of the Panhandle crop also will be moved through Wichita Falls via the Fort Worth & Denver. If suitable facilities for storage and handling were established here it is believed the crop would be stored here for sorting and for sale in transit. This would bring a large number of buyers and others engaged in the handling of the crop here and would be of great advantage in many ways. Wichita, Kansas, is now the broom corn center of the west but traffic men who are acquainted with the situation see no reason why Wichita Falls should not become a rival of the Kansas city in this particular.

## SOCIETY

**Mrs. Stanforth is Hostess.**  
One of the most interesting as well as successful entertainments which ever took place in this city was given last Wednesday afternoon by Mrs. Montagu Stanforth in honor of the two grandmothers, Mrs. Stanforth of Gainesville, and Mrs. Blair of Fort Worth, the former being the grandmother of Montagu Stanforth of this city, and the latter the mother of Wiley Blair. Several other grandmothers in this section were present.

One of the features of entertainment was a contest to ascertain just which guest could lay claim to being the oldest. All were contestants, but the prize was carried off by Mrs. Stanforth, who announced her age as being eighty-two. Mrs. Stanforth was one of the pioneer residents of Austin, where she resided for a great many years. At present she lives in Gainesville with her son, who is a prominent business man of that city. She is to spend a few days with Mr. and Mrs. Stanforth.

Following the serving of refreshments, an auto ride was taken over the city, and the party adjourned. At one time it was proposed to secure the sum total of all ages present, but upon an attempt being made to add them up, the proposition was voted down on the grounds that the number would be too large. Those present were Mrs. Stanforth of Gainesville, and Mrs. Blair of Fort Worth, the honorees, Mrs. William Huff, mother of R. E. C. C. and Tom Huff of this city, Mrs. Leachman, a sister of Grandma Blair and Mrs. J. W. Field.

**In Honor of Miss Woodhouse.**  
One of the most pleasant social affairs which has taken place for some time was given last Thursday afternoon at the home of Mrs. J. W. Field, on Tenth street, when Mrs. Field, assisted by her daughter, Mrs. L. D. McKee and by Miss Jewel Kemp, entertained a number of young ladies with a "Forty Two" party in honor of Miss Cathleen Blair, and her guest, Miss Ruth Woodhouse of Detroit, Michigan. The affair was in the nature of a porch party. Large and beautiful Mexican rugs had been spread on the floor and cut flowers and ferns were also used as tasteful features of decoration and the porch was ornamented in other ways. Refreshments including ice cream with cantaloupes and cherries, were served. Those present included the hostess, Mrs. J. W. Field, Mrs. L. D. McKee and Miss Jewel Kemp, both of whom assisted, Miss Ruth Woodhouse and Miss Cathleen Blair, the honorees, and Misses Marguerite Minter of Guthrie, Lillian Avis, Della Stine, Bess Kell, Audrey Adicks, Gertrude Orth, Pauline Richolt, Daphne Stinnett of Amarillo, Mabelle Jackson,

Felice Stinnett of Amarillo, Bernice Jackson, Bertha May Kemp, and Annie Carrigan.

**Honoring Miss Minter.**  
Honoring Miss Marguerite Minter of Guthrie, Texas, a picture show party was given by her aunt, Mrs. T. W. Roberts, at the Lamar Aldrome last Monday evening, and the affair although hastily gotten up, proved one of the most enjoyable which took place during the entire week. Nine couples chaperoned by Mrs. Roberts and Mrs. R. E. Huff, were taken to the Aldrome in automobiles about eight o'clock and watched the show from the balcony, where eighteen seats had been reserved. Refreshments were served at intervals during the performance. After witnessing the show which continued for about an hour, an automobile ride by moonlight took place. Those in the party were Miss Marguerite Minter, the honoree, Mrs. T. W. Roberts, and Mrs. R. E. Huff, the chaperones, and Misses Ruth Woodhouse of Detroit, Bess Kell, Cathleen Blair, Annie Carrigan, Edith Mathis, Della Stone, Grace Nolan and Messrs. Ernest Pain, Merrill Blair, Withers Lee, Jimmy Griffin, Cliff Bulloch, Robert Huff and Jerome Stone.

**Heart Party.**  
Misses Lois and Laura Bell invited a number of their girl friends to the Bell home on Eleventh street Saturday morning to meet their guest, Miss Fannie Smith of Fordyce, Ark. The party lasted from nine until twelve o'clock and the playing of "Hearts" was the feature of the evening. Refreshments of ice cream and cake were served. Those present were the honoree, Miss Fannie Smith, and Misses Lillian Avis, Annie Carrigan, Blanche Kahn, Willie May Kell, Jewel Kemp, Mabelle Jackson, Jessie Kerr, Mabelle Clifton, Gertrude Orth, Lillian Bachman, Francis Smith, Helen Beavers, Nina Barwise, Ethleen Burns of Seymour, Mrs. J. W. Field, Mrs. L. D. McKee, Mrs. J. W. Field, Mrs. L. D. McKee and Miss Jewel Kemp, both of whom assisted, Miss Ruth Woodhouse and Miss Cathleen Blair, the honorees, and Misses Marguerite Minter of Guthrie, Lillian Avis, Della Stine, Bess Kell, Audrey Adicks, Gertrude Orth, Pauline Richolt, Daphne Stinnett of Amarillo, Mabelle Jackson,

**Picnic At Lake.**  
Mr. and Mrs. William Hill chaperoned a party of young people to Lake Wichita last Thursday evening, where supper was spread on one of the piers. Following supper a motor boat ride was taken. Those present were Mr. and Mrs. William Hill, Mrs. Maud Rice of Oklahoma City, Misses Viola, John and Emily Crowell, Misses Clara, Selma and Mabel Cloud, Miss Francis Luecke, Miss Goldie Moore, Grover Cloud and John Reed.

All those having matter of any kind suitable for the Times Society page will confer a favor on this paper by sending or phoning the news to this office not later than Friday afternoon

of each week. We can not promise to publish on the society page any item received later than that time. Phone 187.

Misses Kate, Emma, and Jodie Haynes, Mrs. C. B. Turtn, Mr. and Mrs. C. W. Beavers and daughters, Misses Helen and Dorothy, Mrs. L. M. Boyd, and Mr. and Mrs. Craig Boyd formed a party which left for Lake Wichita about five o'clock Saturday afternoon, and spent several hours at that resort.

Next Tuesday evening at the home of the bride's sister, Mrs. Robert Adcock of Alvord, will occur the marriage of Miss Lillian Webb of this city to Elmer Fligo, also of this city. William Huff will act as best man, and the wedding march will be played by Charles Downs. A number of Wichita Falls People will make the trip to Alvord, among them being Mr. and Mrs. G. W. Fligo, parents of the groom, Mr. and Mrs. R. P. Webb, Mr. and Mrs. Charles Downs, Mrs. A. J. Breeding and daughter, Mr. and Mrs. Luther Webb, and William Huff.

The bride and groom following the wedding, will be at home to their friends in their own house recently built next door to the Fligo home on Tenth street.

On the afternoon of Saturday, July 6, at her home 601 Scott avenue, Mrs. Fred Harrington invited a number of the little friends of her daughter, Miss Janice, to spend the afternoon with her. In addition to the children, several of the mothers were present, and assisted in the entertainment of the young folks.

Games enjoyed by children were played, and a feature of the party probably enjoyed by the guests more than anything else was the presence in the front yard under a tree of the punch bowl which was kept continually full. Ice cream and cake were also served, and the children played and amused themselves until about seven o'clock.

Although the entertainment was not intended as a birthday party, a number of those invited thought that the occasion was a birthday celebration, and accordingly Miss Janice received a number of beautiful presents. Among the mothers present were Messdames C. W. Rountree, Edgar Norton, C. B. Felder, Nina Butler, J. F. Holt and F. E. Curtis, in addition to Mrs. Fred Harrington. The affair was enjoyed by the mothers almost as much as by the children. The guests included little Misses Herminie Hoyt, Buela Gardner, Lucille Rountree, Mazo Pickle, Rose Kennedy, Lavorne Prazier, Roberta Fairchild, Mary Ashmore, Erma Daugherty, Mary Francis Collier, Helen Snider, Tillie Schaefer, Helen Gresham, Margaret Burnside, and the young Messrs. John Rhead, Duke, Wauna Pointleary, Rodney Lee, Elton Felder, Frank Curtis, Otis Butler and Morris Norton.

Mrs. B. Dunaevski, wife of the director of the Conservatory of Music, left Friday afternoon for Amarillo, from which place after visiting friends for a few days, she will go to London, England, to remain for one year studying music and voice.

**COUSINS OF POLICE CHIEF GWINN MEET SAD DEATH.**  
Chief of Police Gwinn received a telephone message late Friday night from Wellington saying that two little sons of his cousin, C. H. Gwinn had been burned to death at their home in the country near that town. Mr. Gwinn was unable to learn full details of the accident but it seems that the two little fellows, one six and the other eight years of age were playing in a smoke house where meat was kept and in some manner ignited the building and were burned to death before they could be rescued.

The father of the boys is a brother of Will H. Gwinn who lives near Alameda. He was notified of the accident last night and got to town in time to catch the Northwestern train for Wellington.

### OKLAHOMA REPUBLICANS APPEAR BADLY DIVIDED

Some of Prominent Party Leaders Will Support Roosevelt's Candidacy.

Muskogee, Okla., July 13.—Whether or not the Roosevelt republicans in Oklahoma, and it must be admitted they are a goodly lot, will remain loyal to the party nominee or will bolt and follow the standard of Theodore Roosevelt will be finally and as Frank Frantz says, "officially" decided on the twenty-fifth day of this month when 1200 delegates from all sections of the state will meet in convention in Oklahoma City. Roosevelt supporters at a meeting held in the capital town yesterday made the plans and preparations for the big gathering.

Frank Frantz, rough rider and one time governor of Oklahoma territory, who claims to be one of the original Roosevelt men, was responsible for the conference held yesterday and will have at least one finger in the pie which is to be cut on the twenty-fifth. Ed Perry, "Dynamite Ed," was at the Oklahoma City conference yesterday and was unusually reticent. Perry had started a little bolt of his own, that is, he was contemplating a bolt of the bolters. When Governor Frantz announced that the meeting would be held Perry followed it with an announcement that he would be out of the city on the tenth of July because of pressing business in Colgate. The business, however, it developed at the last minute was not so important but what it could wait. By anything, however, is not in harmony in the soul of Ed Perry, for although he attended Frantz's convention yesterday he bears little love for the former territorial governor. Perry held the first district convention in the United States this year at Colgate, sending word to Oyster Bay several days before the convention convened that everything was lovely. But Perry bungled somewhere, his attempt to stampede the convention failed and it went for Taft. Then the rest of the state began going for Roosevelt and Ed certainly was in bad. It seemed that Teddy now has picked Frantz to lead the party, that is the new party, in Oklahoma, and naturally Perry is gripped and jealous.

Oklahoma republicans politics at this moment resembles a three ring circus. Ring one, Oklahoma; ring two, Outlook office; ring three Washington, D. C. As almost anything might come from the sanctum of the Outlook in New York City it is but little speculative interest. Things are mighty interesting right now, however, around Washington. Judge Raymond, who avoids Oklahoma likely was cursed with some deadly plague but who still manages to dictate in regard to its things political, is in the capital city loitering around the White House trying to slip one over on Bill Taft and secure Harris' appointment as national commissioner instead of George C. Priestly. Priestly was a Roosevelt man—and the accent is on the "was." That fact Harris and Raymond are working for all it is worth. Than Harris is Raymond's right hand man in Oklahoma, so naturally the ex-judge and ex-Oklahoma man is interested in Harris' success. It is generally believed that Priestly will have nothing to do with the third party movement. A report, undoubtedly started by the third party men, that Priestly would leave Taft and support Roosevelt, recently gained circulation. Priestly himself is endeavoring the Sphinx. Frantz and his followers are said to have sent frantic wires to Priestly asking him to come out for Roosevelt, while the Taft supporters are said to have wired him that if he declares for Taft they will drop their fight upon him before the national committee.

Wichita Falls Readers Must Come to That Conclusion. It is not the telling of a single case in Wichita Falls, but scores of citizens testify. Endorsement by people you know bears the stamp of truth, he following is one of the public statements made in this locality about Doan's Kidney Pills. Mrs. W. M. Langford, 309 Lee St., Wichita Falls, Texas, says: "I have used Doan's Kidney Pills for several years and I am glad to join others in recommending them, as they did me such excellent service. There were times when my back was so painful that I could not sleep at night. I also had pains in my sides and when I got up in the morning, I was more tired than when I went to bed. My kidneys were weak. I tried Doan's Kidney Pills and they promptly relieved me of all pains and strengthened my kidneys. Since then I have taken a box of Doan's Kidney Pills occasionally and they have kept my kidneys in good working order."

FARMER IS SEARCHING FOR STAGE-STRUCK DAUGHTER.

By Associated Press. Waco, Texas, July 13.—Looking for his 15-year-old daughter who left home a few nights ago presumably to go on the stage, F. G. Reed, a farmer living five miles below McGregor has left here. Jessie Lee Reed, the girl is reported by officers to have boarded the Katy train for Kansas City and efforts are being made to intercept her and the young man who is supposed to be her escort.

### Warehouse Plan for Aiding Farmers to Hold Crops Approved

Camden club, chambers of commerce and business men's organizations over the entire State are following the example of the Wichita Falls Chamber of Commerce in endorsing the warehouse plan for the Farmers' Union and are not only giving practical assistance to the plan. Bankers also are not only giving the movement their endorsement but in a practical way are showing their support. The following has been sent out by the Texas Commercial Secretaries and Business Men's Association through whose agency the bankers and the farmers of the state were gotten together on a practical plan for keeping the cotton off the market faster than it could be absorbed by the spinners.

President B. B. Cain of the Commercial Secretaries and Business Men's Association has received encouraging responses to his circular letter to Texas bankers appealing to them to lend money on distress cotton at six per cent. Some of the largest financial institutions in the state have signified their willingness to lend liberally on this class of cotton and most of the bankers in the cotton growing districts have approved the Farmers' Union plan and given assurance of co-operation.

In addition to the correspondence President Cain has spent several days on the road visiting bankers and he feels that the estimated requirement of \$40,000,000 necessary to handle the distress cotton is in sight.

In discussing cotton marketing, President Cain said: "It is a part of his business and he cannot escape it. In this movement we are co-operating with the Farmers' Union, who has

Mr. J. T. Scott, vice president of the First National Bank of Houston heartily endorses the plan. Mr. Scott thinks that our present banking system makes it extremely difficult for the banks in the south to lend any considerable help to the producers of the various crops in handling the products of the soil as they should be handled. Jas. Garrity of Corsicana, President of the First National Bank of that city has been advancing money to farmers for several years at the rate of 5 per cent and will continue to do so.

T. C. Phillips of Bowie offers to lend every dollar at his command. He says: "We have always co-operated with farmers of this section and will be glad to continue. Their best interests are our interests and besides, I know no class of people so deserving. You can be sure of the best support that we are able to give them for anything promoting their interests."

C. O. McCauley of the First State Bank of Childress offers to assist and thinks the Farmers' Union plan the only course to pursue. Franz Gross, President of the Gross National Bank of San Antonio, is willing to lend money to farmers at the lowest possible rate.

W. D. Lacy, president of the Citizens National Bank of Waco is in sympathy with the move and will give assistance in carrying out the plan. One of the largest warehouses in the state is located in Waco. Mr. Lacy thinks that a movement of this kind will encourage and stimulate the farmers as well as be of benefit to all other business interests.

President Lee Joseph of the Cuero State Bank and Trust Co., says: "I fully agree with you that it is ruinous to the cotton interests to attempt to market the crop in such a short space of time. I can conceive of what would happen to the cattle interests if all the cattle were forced on the market in a space of four or five months. We stand ready to help the farmer."

Mr. G. L. Blackford of the State National Bank of Denison looks with favor on the plan and offers to assist as far as possible in carrying it out and will lend money at 6 per cent.

Alba Heywood of San Benito, a prominent banker and planter, is interested in the question from both the standpoint of a producer and a banker. Mr. Heywood thinks that the plan of the Farmers' Union is the solution of the problem and is willing to co-operate.

The following is a partial list of other bankers who approve the Farmers' Union plan and offer assistance: Royal A. Ferris, president American Exchange National Bank, Dallas; R. E. Brooks, First National Bank, Houston; J. A. Thompson, president Corsicana National Bank, Corsicana; W. D. Faint, president First National Bank, Weatherford; J. L. Cunningham, president Banking House of Cunningham Bros., Palo Pinto; J. L. Perryman, president First State Bank, Hale Cen-

ter; W. M. Williams, president Farmers' National Bank, Hillsboro; G. A. Holland, president Citizens National Bank, Weatherford; L. Witt, cashier Atascosa Co. State Bank, Jordan town; M. W. Raley, president First National Bank, Terrell; M. K. Harrell, president First National Bank, Celeste; W. H. Collins, cashier First National Bank, Lovelady; C. E. Tipps, president First National Bank, Seguin; B. C. Roberts, cashier Wharton Bank

& Trust Co., Wharton; A. H. Sams, president First National Bank, Benjamin; W. B. Caumer, Midfield, Texas; Kay Kimbrell, Whitewright, Texas; H. T. Von Rosenberg, cashier First National Bank, Rule; T. C. Morgan, president First National Bank, Longview; First National Bank, Hedley; J. Seal, president First National Bank, Jasper; A. L. Flint, president Farmers State Bank, Santa Anna; L. B. Griffith, cashier Citizens Bank, Palmer; H. G. Matham, Lindale.

### GRAND RAPIDS CYCLONE CAUSES HEAVY DAMAGE

Strikes City Market Which is Crowded With Farmers—Baseball Park is Wrecked

By Associated Press. Grand Rapids, Mich., July 13.—Grand Rapids was hit early today by a cyclone that injured forty or more persons and did thousands of dollars worth of damage. The storm entered the city from the southwest about four o'clock. The first place struck was the city market and the baseball park adjoining. The market was crowded with farmers and their teams. As the storm struck the roof of the ball park grandstand was lifted and hurled to pieces, being scattered all over the market. A panic followed. Horses were killed and many persons hurt, some so badly that they had to be taken to hospitals.

### JURY UNABLE TO AGREE IN CLAUDE ALLEN CASE.

By Associated Press. Wytheville, Va., July 13.—The jury in the case of Claude Allen, one of the members of the Allen gang charged with the assassination of court officials at Hillsville, Virginia, today report an agreement impossible. The jury was discharged and another venire ordered summoned for a new trial. The case went to the jury at 5:30 yesterday.

### 10,000 BUSHELS OF WHEAT RECEIVED AT ELECTRA.

Electra News. A call at the Farmers Elevator Co. Wednesday gave us the information that they had already purchased over 10,000 bushels of wheat and the marketing has not yet fairly started. The price has ranged between 86 and 90 cents. The wheat is of splendid grade, weighing around 59 pounds and clean. With the immense wheat crop raised in this section and the corn crop to a point where it is an assured large one, we see where Electra is to have plenty of money in circulation for the next few months, independent of the oil industry. The present crop will give every farmer in this county new courage and many of them have signified their intention of making substantial improvements.

### More Suggestions for Labor Day Celebration Here

The Times has received the following:

"Following the recent suggestion of a subscriber in The Times, considerable interest has been aroused in the proposed Labor Day celebration. As this day has been set aside as a legal holiday, all labor feels honored and will take advantage of it to the fullest extent.

"The various organizations have been communicated with as far as possible and all who have been interviewed are enthusiastic. It is safe to say that the parade will include floats that would be a credit to cities with a much larger labor membership.

"A meeting will be held tomorrow (Monday) at 8:30 p. m., at the court house for the purpose of organization for the day and to formulate a suitable program. It is to be hoped that every labor organization will be represented at this meeting. It should be clearly understood that if any have not been specially invited, they should appear anyhow and make themselves known, as it is oversight that they were not notified.

"Inasmuch as rates have been promised on all the railroads entering the city, there will be a tendency to depopulate the surrounding towns and men to hustle and put on a show that will be worthy of the city. The various unions will be expected to invite members of their crafts from other places to unite with them in a joint parade.

"The matter has been taken up with the Chamber of Commerce and that organization has agreed to assist in every way possible. It may be that the proposed celebration of the birth of the 'busiest and best built city' may be consolidated with that of Labor Day and the general holiday be made to extend several days.

### VANDALS MULTILATE PICTURES IN SAN ANTONIO CLUB.

By Associated Press. San Antonio, Texas, July 13.—Vandals forced an entrance into the rooms of the International Club last night and after mutilating a recently acquired picture of President Madero cut from its frame a magnificent oil painting of Porfirio at Diaz, valued at \$1000 and carried it away. A photograph of Theodore Roosevelt, hanging besides the others, was not molested. The Madero picture was a recent addition to the club's collection and the day after it was hung Secretary Mills found it defaced, but only on the glass. The Diaz picture was formally recognized the club in 1909.

Crop estimates prepared by the Texas Industrial Congress, based on conditions during June, show that corn, cotton and forage crops throughout Northwest Texas are in excellent condition with every prospect of a heavy crop. Wichita county's crops are among the best in this section according to the Congress figures. The estimates for this section of the State are as follows:

County	Rainfall	Forage	Cotton	Corn
Archer	3 1/4	75	..	..
Baylor	2 1/2	84	90	90
Childress	2 1/4	70	80	..
Clay	3 to 6	96	97	85
Donley	Light	72	95	85
Foard	Light	88	83	70
Hardeman	Heavy	98	..	80
Haskell	Light	83	90	90
Knox	Light	98	95	..
Montague	Good	98	86	86
Wilbarger	Good	88	77	75
Wichita	Good	98	95	86

for a season in the ground that will start and sustain a crop even if the fall is dry. Having stored this summer rain, and kept it from evaporating, by keeping the soil mulch on top of the ground, you can sow rust-proof winter oats in August, or early September, or wheat in October or early November, and be sure of a splendid fall and winter pasture, and almost sure of a fine grain crop next spring. "The wheat and oats that are sowed early will stool, and cover the ground with much more vigorous hardy plants, with one-fourth less seed, than will be necessary, if you sow later. The seeds should be separated with the greatest care, and none but the big, stout, strong, vigorous grains should be sown. These vigorous grains having been planted early and far enough apart to give ample room for development of the roots will be much harder and better able to stand the hard winter than the thickly sown, crowded, poorly developed plants, that have but little time before cold weather to make root. With the land thoroughly prepared in mid-summer, and kept in condition to receive and hold the rainfall, and only vigorous seeds planted, with warm weather and plenty of room for development, a good crop is practically assured."

A summary of the reports from over the State by the Congress says: "Reports of crop conditions, received July 1, by the Texas Industrial Congress from 1167 correspondents in 182 counties show that crop prospects, generally, are excellent, and that almost all sections of the State had sufficient rainfall during June to insure good crops of corn and rough forage, and ample for cotton up to the present time."

"The general average of a perfect crop condition, based upon 100 per cent in the counties reported, is 83 per cent for corn, 85 per cent for cotton, and 86 per cent for forage crops (cowpeas, raffir corn and milo maize.)"

Henry Exall, president of the Congress, urges the farmers to plow now or next year's crop, where possible. He says:

"To the Farmers of Texas.—The land that you expect to put in small grain this fall, and that is not growing peas, or some other crop, should be plowed at the earliest date possible. This plowing should be very carefully done, so that every bit of the land will be turned over at least one inch deep or than it has heretofore been plowed. It should be very carefully harrowed immediately after it is plowed, before the clods get hard and dry. If the land is low and has a tendency to be wet, it should be bedded in ten to twenty foot beds, so that the furrows will act as drains."

"The top surface should not be allowed at any time to get hard, but should be harrowed as often as is necessary to keep the soil fairly pulverized so that the summer rains will sink into the earth and form a reservoir to hold this rainfall, and prepare

"The above suggestions with regard to plowing the land at once and harrowing just as often as is necessary to keep the top surface properly pulverized, will apply to the next year's corn and cotton land, as well as to the oat and wheat land for this fall. In fact, it will pay to sow oats or some other crop on all of the land, and as the time approaches for spring planting save the best of the small grain crop, and plow under as a fertilizer the most inferior part of the crop. If you, in this way, will keep growing a constant cover crop, other than weeds on the land, presently your land will be rich, and there will be no weeds."

### MILITIAMEN ARE KILLED

AT DINNER BY LIGHTNING.  
Anniston, Ala., July 12.—Charles Kirby and H. Rape are dead and seventeen others are seriously injured as a result of being struck by lightning in the mess tent of Company B, Second Alabama Infantry this evening.

The injured are: Carl E. Jackson, E. V. Lockhart, Herbert Moore, H. I. Leonard, James Jameson, F. Jefferson, W. T. Evans, Leopold Speigler, Samuel Walters, R. R. Parsons, Earl Holcomb, Travis Downing, J. R. Robison and two negro cooks. M. C. Sullivan, also injured, is not expected to live. The men were treatment of the surgeons of the regular army. All are from the Birmingham district and were attending the joint National Guard encampment of a number of Southern States.

### REFUSED WORK, THREE MEN STAB A WOMAN.

Pottsville, Pa., July 12.—Because she refused to patronize them, Mrs. Mrs. rushed to hospitals and placed under William Yriden of Seltzer City, was today shot and stabbed by three wandering umbrella vendors. One of the stab wounds is in the breast and is considered serious. One of the umbrella men tried to stab the woman in the breast, but she warded off the blow with her arm, in which she received a deep gash. It took a detail of state police to lodge them in jail.

## Prevention of Fires On Oklahoma Chief's Plan

The fire chief at Bartlesville, Okla., has given the Bartlesville Examiner a list of five "don'ts" which if observed, he says, "the fire loss in Bartlesville will be reduced to a minimum and insurance rates are bound to be lowered." Evidently the Oklahoma Insurance board—if Oklahoma has such a board—works on a different plan from the Texas board, and when assurances are taken to prevent fires the rates are lowered instead of being raised as has been the case in Texas during the life of the board.

But here are the precautions mentioned by the Bartlesville chief:

- Don't leave matches where rats or mice can get to them, or don't let the children carry them as they will start fire where they are not wanted.
- Don't jet inflammable trash accumulate around your home, such as paper, shavings, dry grass or leaves. Keep them gathered up, thereby eliminating fire from that cause.
- Don't ever strike a match anywhere where there is the faintest odor of gas, without first inspecting to see that there is no danger.
- Don't leave your house or place of business and leave the gas burning.
- Don't neglect your chemical extinguishers at least once a month and immediately repair any break in the insulation.
- Don't neglect your chemical extinguishers, keep them in good working order at all times. A chemical should be discharged and re-charged at least once in every 3 or 4 months. If it

might be the case that you don't understand discharging or re-charging your chemical, call up the fire department, as they will help you out at any time. A three or four gallon extinguisher is something every home should be equipped with, as you can put out almost any fire with a small chemical when it first starts.

Don't forget that you maintain the fire department and that our efficiency depends on your co-operation with the fire department.

Don't fail to carry fire insurance in some reliable company. It is the same as depositing money in the bank against a rainy day.
