## Band and PAC meetings next week

Friona high school band boosters will meet Monday November 4 at 6:30 p.m. in the high school band hall. All parents and band supporters are encouraged to attend.

A Parents Advisory Council (PAC) meeting is scheduled for Wednesday November 6 at 1:30 p.m. at the Friona Migrant Center, 618 Main St.

## Council agenda for Monday

The Friona city council regular monthly meeting is Monday November 4 at 6:30 p.m. in council chambers, 619 Main St. All council meetings are open to the public.

It looks to be a relatively short meeting. Council will review previous minutes, approve appointment to the Parmer County Appraisal District board of directors, approve a resolution to deny the Atmos Energy rate increase request, and review and approve the October accounts payables and financial statements.

These items are the tentative agenda for the meeting and subject to change. The final agenda is posted on the window at city hall 72 hours prior to the meeting.

## From the Chamber of Commerce

We have picked a couple of days for the community to help decorate the park, November 22 and 23. We thought it might be fun if everyone was out and about on the same couple of days. We still need more trees decorated and of course we would like to have food and hot beverage vendors for the December 2 Christmas in the Park. Santa will make an appearance and we have several groups singing throughout the evening. You can contact the Chamber at 250-3491.

## Squaw volleyball playoff

The Squaws lost to district champion Tulia Tuesday night and finished second in district. At our press deadline we know they will play Sanford-Fritch on Tuesday November 5, probably in Canyon. Time and exact location not confirmed when we went to press. We will post official details on our Friona Star Facebook page when available.

Paige Upton (6) and Kailey Lucas (12) go high to intimidate a Bobbie during district action Saturday. The Squaws are on the way to the playoffs as they swept Dimmitt in three games. Playoff details TBA. We will post the opponent, place, and time on our Facebook page.

ron carr photo

Shrek, a/k/a Haden Smiley and a host of fairy tale characters will appear in the high school musical "Shrek the Musical" Saturday November 2 at 7 p.m. and Sunday November 3 at 2 p.m. The public performances are \$5 for adults and \$3 for students. Directors are Allison Johnston, Deirdre Long, and Joy Morton. The public is encouraged to attend and support the FHS thespians.

## Car seat event big success!!

The Healthy Baby Coalition of Parmer County, Parmer Medical Center and the Texas Department of Health and Human Services teamed together on October 22nd to make Parmer County a safer place for children. A free car seat inspection was offered in the hospital's employee parking lot.

Certified technicians worked with each family to instruct them on how to assure their child was fitted properly in their car seat and that the car seat was installed properly in the vehicle. Each family received 20-30 minutes of one-on-one instruction from the technicians who answered questions and assured that each child was safe in their family vehicle.

In addition, DSHS provided 20 car seats that were distributed free to parents who did not have a seat for their child or whose current car seat was considered unsafe or not appropriate for the age of the child. Overall, 29 children were assisted.

We sincerely apologize to the families we had to turn away due to running out of seats and/or time. Parmer Medical Center is sending one of their staff for the required training to become an inspector. We will then be able to hold these events more frequently. The next event will be scheduled in the spring.

# Publications: Livestock impact on the aquifer

By Kay Ledbetter

Three publications analyzing the water use of the livestock industry in the southern Ogallala Aquifer region have been completed by Texas A&M AgriLife Extension Service specialists.

Water use in the Southern Ogallala Region has greatly exceeded the recharge rate for the past several decades, leading to a steady decline in the aquifer, said Dr. Steve Amosson, Regents Fellow and AgriLife Extension economist in Amarillo.

This decline and water use in the agricultural sector had many stakeholders questioning whether the economic benefits to the regional economy justified the agricultural operations water use, Amosson said.

"Our studies of the livestock sector in the region are outlined in the three publications covering beef, swine and

dairy," he said. "Our findings indicate the direct water use – consumption and cleaning – of these industries have minimal impact on regional water resources, but the indirect water use via the feed consumed is or can be substantial.

"On the other hand, these industries are providing billions of dollars of economic activity and tens of thousands of employment opportunities in the region," Amosson said.

The objectives of the study, supported by the federally funded Ogallala Aquifer Program, is to evaluate the impacts the various agricultural sectors are having on the Ogallala Aquifer, both in water use and economic impact, he said.

Contributing to the studies are Dr. Bridget Guerrero, former AgriLife Extension program specialist and now a

West Texas A&M University assistant professor; Dr. Ted McCollum, AgriLife Extension beef cattle specialist in Amarillo; and Dr. Ellen Jordan, AgriLife Extension dairy specialist, Dallas.

The region is semiarid, primarily dependent on the Ogallala Aquifer for water. The aquifer stretches from the Dakotas to the southern plains of Texas and comprises approximately 174,000 square miles. The Southern Ogallala Region is defined in this study as the 97,000 square miles of the aquifer from the northern border of Kansas to just north of the Midland-Odessa area and includes portions of five states.

The region consists of 19.7 million acres of cropland and more than 6.4 million acres enrolled in the Conservation Reserve Program; the rest is pastureland. Of the cropland, 7.3 million acres are irrigated and 12.4 mil-

lion acres are dryland. The primary irrigated crops grown in the region are corn, wheat, cotton and sorghum.

Sparse population and favorable environmental conditions have made this region a popular place for confined livestock operations, Amosson said. Cattle feedlots first appeared in the 1960s and grew steadily until inventories stabilized over the last decade. In 2010, cattle on feed topped 4.9 million head.

The same conditions that attracted feedlots have more recently attracted swine operations, dairies and associated businesses, Amosson said. The swine industry had 338,000 head in 1989, grew rapidly in the 1990s, and had 3.4 million hogs in 2010. Dairy cows in the Southern Ogallala Region increased more than 11-fold, from 41,500 head in 1990 to 453,200 head

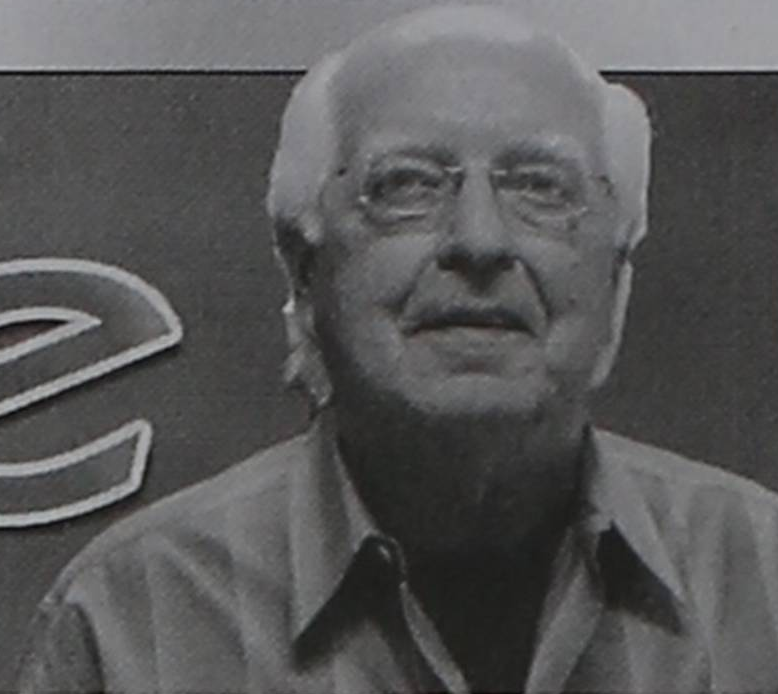

in 2010. Interestingly, he said, the study results suggest that any expansion of the livestock industries in the region will have minimal impact on water resources while increasing economic activity and employment opportunities, since the region is already grain deficit.

All three publications, which include in-depth results and analysis of each of the livestock industries can be found in the Texas A&M AgriLife Extension Bookstore at <http://bit.ly/1hdKs4d>. They can be downloaded for free or hard copies can be purchased for \$5 each.

Amosson said the next publications in the series will focus on water use and economic benefits of feed grains, small grains and cotton production in the region.

The Affordable Care Act isn't. It seems the more time passes the more the Affordable Care Act doesn't seem to be Affordable. (I'm not calling it Obamacare any longer.)

The president said if you like your health care plan you could keep it. He forgot to say you could keep the plan in effect the day he signed the legislation but if your plan changed in any way since then you can no longer keep it. Maybe.

The government (Democrats) have decided that if you have what they believe to be a crappy health insurance plan then you must upgrade to the plan the government believes is better for you and your family. A Democratic strategist actually referred to "crappy plans" that many people have and the Democrats think you should be ashamed for choosing such a plan.

It is mind-boggling to watch as the government takes over health care for everyone in America. Many are still in denial and continue to believe the government is helping us all. How absolutely scary is that. Your freedom to buy or not buy health insurance is no longer your choice.

If you are one of the Americans who have purchased lower cost and better insurance because of the Affordable Care Act I would appreciate hearing from you.

I'll not be writing much more about this Affordable Care Act mess. It will no doubt linger along for months and maybe years. I don't believe for one second that 7 million healthy young adults are going to purchase government health insurance at any cost.

The plan is designed to fail so the government (Democrats) can finally implement the single payer

system they wanted in the first place. At this point I am not so sure that single payer wouldn't be a much better and simpler program. We will see what the future holds for the president's legacy achievement.

In the meantime they are still trying to sell the program. We received a press release this week from Mrs. Sebelius' Health and Human Services department. Here is the first paragraph: "A new report released today by the Department of Health and Human Services (HHS) shows that nearly half (46%) of single young adults who are uninsured and may be eligible for coverage in the Health Insurance Marketplace could get coverage for \$50 or less per month."

Nearly, may be, and could. They forgot about almost, might, and who knows.

Amendment III

No soldier shall, in time of peace, be quartered in any house without the consent of the owner, nor in time of war, but in a manner to be prescribed by law.

The historical basis for the third amendment was the British Quartering Act on May 3, 1765. Do you know why this was a problem for the colonists and why personal freedoms were being violated?.....Mary Johnston

Turn your clocks and other time-keeping devices back one hour Saturday night or at least by 2:00 a.m. Sunday morning when we return to standard time. It will be lighter earlier and darker earlier. Check your smoke alarm batteries and motion lights. We stay on standard time until March 2014.

The Hereford Kiwanis Club will hold its annual pancake supper fundraiser on Tuesday November 5 from 5 - 7 p.m. at the Hereford High School cafeteria. Cost is \$5 per person. All you can eat with carry out available. Former Friona Star employee Dana Jameson, now managing editor of the Hereford Brand, is the incoming president of the Hereford Kiwanis Club. She invites all Friona folks to come have a stack or two.

Veterans Day parade in Hereford. Sheryl Bartels sent info that the Veterans Day parade on November 11 will start at 4 p.m. at Hereford High School with a reception for veterans and their families to follow at the Hereford community center. There is no fee for entering the parade. For info call Carolyn Waters 806-364-0596, cell 346-0417.

An alcohol/drug recovery group is forming and will meet in Bovina on Friday nights at 7:00 p.m. at the Bovina EMS building. It is the Celebrate Recovery Group and the first meeting is this Friday, November 1. For info you can call 806-369-5151.

Go see "Shrek the Musical" Saturday night at 7 p.m. or Sunday afternoon at 2 p.m. Cost \$5 grownups and \$3 students. Don't forget to set your clocks back one hour Saturday night. We fall back to standard time at 2:00 a.m. Sunday November 3.

The St. Ann's turkey and dressing feast is Sunday at the church in Bovina. The annual meal is very popular and really tasty. Serving time is 11:30a to 2p Texas standard time. Cost you \$10 for adults and \$5 for kids. It is a load of food served by some really friendly people. Enjoy.

Area Agency on Aging's annual caregiver seminar is Thursday November 14. Registration 8-9 a.m. Program 9 am to 3:30 pm at the Region 16 Education Conference Center, 5800 Bell in Amarillo. Topic: Understanding Alzheimer's and Other Dementia". Call 806-354-6085.

Myrtle Melton wrote me a note about a scam letter she received. The letter said she won 2nd place money of \$250,000 in the European, African, and USA Consumer Sweepstakes. All she had to do to get the money was send \$3,850 processing fee. They even gave her a check for \$4,250 to help pay the fee. It was all bogus of course. Myrtle, who celebrated her 90th birthday last week, didn't fall for it though. I hope none of you fall for these scams which seem to be directed mostly toward the elderly. Just hang up. Or tear up the letters.

Doris White called about a different scam attempt. Doris said she received a phone call that her Social Security check was going up \$50 and they needed her social security number to make sure she gets the increase. Fortunately Doris didn't fall for it. My experience has been that it is next to impossible to speak with anyone at the social security office. Pretty sure the real social security people are not going to call you so just hang up! Don't give anyone information over the phone. Except maybe your kids.

Open for business. Interior Expressions at 721 Main St. will open Monday November 4. Davy Howard and Juan Taffoya are the owners. Davy has moved back to Friona to open the business. They have rented vendor space to local arts and crafts types. Davy says there is one vendor from Bovina and one from Hereford and the rest are local. His vendor space is full and he has a waiting list. You will find antiques, crafts, baby items and more. For now the hours are 11a - 6p Monday-Saturday. They are planning a grand opening at a later date.

Our local Amarillo Globe News carrier, Linda Smith, is giving up the job because of some health issues. The Globe-News is looking for a newspaper carrier here to replace Linda. If you are interested call Darrin at 806-678-0647.

Congratulations to my friend Coach Rex Cumpton and wife Connie. They celebrated a 42nd wedding anniversary this week. Rex says they have lived in 21 different houses in those 42 years. They now live in a gated upscale trailer park in Amarillo and are taking it easy.

It is hard to get a handle on the intersection work going on along Highway 60 and on Main St. Some folks are getting new sidewalks but they appear to be sidewalks to nowhere. Plans are still being considered for a turn lane for Main St. traffic turning east on Hwy 60. The vacant lot at Hwy 60 and Main would be utilized. TxDOT busy work. Hope it helps the economy.

I attended the Farm Bureau annual meeting Tuesday night at the high school cafeteria. Folks enjoyed a meal catered by Rafter G and door prize drawings. They gave a report that about \$7 million was paid out in

claims here in Parmer County after the June 5 hail storm. That was made up of over 400 homes and about 350 vehicles. And that was just what Farm Bureau paid out. Amazing. Thanks to Mitchell Smiley for the invite to the meeting.

The Noon Lions will be selling raffle tickets to win a Browning BPS Pump Action Shotgun. Tickets will be \$10 each and available from any Lions member. I will have some here at the Star office. It is a fundraiser for the Noon Lions. Drawing will be held at the December 19 Noon Lions meeting.

Attended a Coffee Memorial blood council meeting Tuesday. The next blood drive in Friona

will be November 21 at Calvary Baptist from noon to 7 p.m. Noon Lions will serve burgers and fries to donors. More details later. Other blood council members attending were Bessie Holt, Glenna Holt, Clint Mears, John Gurley, Andy Montana, and Teena Hughs. We met with Janne Lawrence, our Coffee Memorial Blood Center donor coordinator.

The Parmer County Cancer Coalition will host a cancer survivor dinner at the 6th Street Church of Christ on November 14. If you are a cancer survivor, or know of one, that may not be on the Cancer Coalition mail list please contact Jamie Lewellen at 250-3545. All cancer survivors are invited to at-

tend the dinner.

Sunday afternoon about 3 p.m. a car turning east off of Hwy 214 onto 14th St., jumped a curb, ran across the grass, and sideswiped Sam Mears' new white pickup as it sat in his driveway. Caved in the passenger door and tore the back bumper. The driver, who had recently moved to Friona to work at Cargill, could not quite explain what happened. He did have a driver license and insurance. Friona police investigated and K3 Towing took the man's car away.

Hope you have a great scary pumpkin day. See you next week. Until then!

# How Did You Do?

By Melanie Gallman Braun

In last week's article, we talked about fitness assessments. I challenged you to do the one-mile walk test to evaluate your cardiovascular fitness level. How did you do? Check the charts below.

Didn't do the one-mile walk test? Here's the deal... The goal of the test is to walk one mile as fast as you can. Ideally it is done outside (an indoor facility is fine; too, you just have to know how many laps make a mile). The treadmill is ok, but it may skew the results a little because the belt keeps you at a constant speed—it doesn't adjust to your natural inclination to speed up and slow down. If you haven't been active in a while (routinely exercising or walking 15-20 minutes several times a week) or are under a doctor's care, get an ok before doing the test.

Are you satisfied with your score? Surprised? Wanting a do-over? If you aren't where you want to be, no worries! You can easily get there. It won't happen in a week, but if you choose a cardio program and stick with it, you'll be surprised at how quickly you can progress. Yeah, the stick-with-it part is the most challenging and most important part. Get started by choosing something you like to do. Walking, jogging, running, aerobics, biking, spinning, elliptical work—any activity that involves the large muscles of your body moving rhythmically and elevates your heart rate counts as cardio. If you choose something you don't like or dread, you won't stick to your exercise routine. Aim to get in at least 30 minutes a day three times a week and optimally, on most days of the week.

If you are just starting out, go slow and work up. Three ten minute sessions give you about the same benefits as one 30-minute session. Not sure what to do? Feel free to give me a call—I can help you get started. Sometimes all you need is to ask a few questions and to get some suggestions.

**The Leap of Faith?**

JEFF PROCTER, Minister, 6th St. Church of Christ

Around sixth grade, I lived at 911 Cleveland across from the Jr. High. The kids in our neighborhood loved to ride bikes together and with the miles of concrete just across the street we rode and rode hard. On one occasion (before there was a lot of grass) we found that if you got enough speed you could jump off the sidewalk at the tennis court and jump the side walk in front of the band hall. So with oversized motorcycle helmets we set out to clear the Snake River unlike Evel Knevel.

It took a lot of courage and with each pass we gained confidence. On my final run, I am pretty sure smoke was coming off the tires as I left the sidewalk and entered the jump. The crowds (my two friends) cheered as I launched some 30ft (actually 5 but this is my story.) It was a sight to behold and then I landed ironically, just like many of Evel's landings not to well. I lay there in the mangled mess of my bike looking at the ear hole of the helmet. My friends rushed to my aid with fire extinguishers in hand (remember my story) to see if I had survived, and at that point I rose up and yelled, "I did it!!!"

We face many moments in life where we have to trust not knowing how we will land yet, we must launch. It happens when someone moves to a new town, makes the decision to pursue treatment without knowing the outcome, getting married, having kids, ... Yet we step out in faith trusting that the One who has brought us to this great divide will see us to the other side.

The leaps of faith come in various distances from Grand Canyon crossings to mere steps up a curb, but the key is not the size of the leap but the faith in which it is pursued. So whatever you may be facing, face it with faith for without it—it is impossible to please God.

**OBITUARIES**

**Elvera "Tootsie" White**

Elvera "Tootsie" White, 92, of Friona died Saturday October 26, 2013 in Friona. Funeral services were held at 2:00 p.m. Wednesday, October 30, 2013 at the First Baptist Church in Friona with Pastor Ted Taylor of the Hereford Church of the Nazarene and Rev. Brett Hoyle, First Baptist pastor, officiating. Burial followed in the Friona Cemetery by Blackwell-Mullins Funeral Home in Friona.

Mrs. White was born April 27, 1921 in Hale County, Texas to Ernest David and Elva Dee Akers Matlock. She married Henry Noah White June 7, 1942 in Edmonton, Texas. She was a member of the First Baptist Church in Friona, loved crocheting and quilting, making Christmas candy and collected salt and pepper shakers.

She is preceded in death by her parents, husband, six sisters, and one brother.

Survivors include two sons, Ronnie White of McGee, Arkansas and Donnie White of Friona;

**Lee Renner**

Lee Renner went home to be with his Lord on Saturday, October 26, 2013 at the V.A. Medical Center in Alexandria, Louisiana. He was born November 16, 1924 to the union of Rudolph Jacob Renner and Clara Baker Renner in Shattuck, Oklahoma. The family moved to Friona in 1926. He resided in Friona until 1964 when he moved to Wilcox, Arizona. In 1979 he moved to Winnsboro, Louisiana.

Lee Renner

In his lifetime Lee was a Merchant Marine in the Pacific and was discharged in 2005. He also was a mechanic, farmer, and a businessman as a well driller. He owned and operated Renner Irrigation from 1979 until he retired at the age of 84.

He was preceded in death by his parents, one brother R.J. Renner, one nephew Ted Renner, and two nieces, Mikala Renner and Rhonda Renner.

He is survived by his wife Zena Renner of Winnsboro, Louisiana; two daughters, Tammy Bozeman and husband Eddie "Bubba" Jr. of Baskin, Louisiana, and Toni Poe and husband Steven of Youngsville, Louisiana; one son, Dick Renner of Vancouver Washington; two brothers, John Renner and wife Lavon of Friona,

Cotton Renner and wife Kay of Winnsboro, Louisiana; two sisters, Lillie Mae Baxter and husband Billy of Friona, and Mary Joyce Barnett and husband Doyce of Friona; three grandchildren and numerous nieces and nephews.

Services were held at 10:00 a.m. Thursday, October 31, 2013 at Oak Grove Baptist Church in Winnsboro, Louisiana, with brother Mickey Gallup officiating. Burial followed in Oak Grove Baptist Church Cemetery. Arrangements by Gill First National Funeral Home.

Donations may be made to the Family Life Center fund of Ft. Road Oak Grove Baptist Church. Online condolences can be made at gillfirstnational.com.

**Is Oct 31 the Devil's Holiday?**

BRETT HOYLE, Pastor, First Baptist Church

Sometimes the debate rages as to whether October 31 is the Devil's Holiday, and I want to weigh in on this. I propose, that not only is October 31 not the devil's holiday, but it is a day he hates with great passion. That's right, he hates what happened on October 31, 1517 as the beginning of Great Reformation began to bud forth from the ground.

You see, October 31 is not only Halloween, but it is also Reformation Day, in remembrance of Martin Luther sharing his 95 Theses in opposition to the sale of indulgences and abuses of the papacy. In the years that followed, Europe was rocked as the mainstays of Catholic Church tradition were challenged by a growing tide of Biblical enlightenment and recovery that emphasized the Five Solas: "Sola Scriptura" (Scripture Alone); "Sola Gratia" (Grace Alone); "Sola Fide" (Faith Alone); "Solus Christus" (Christ Alone); and "Soli Deo Gloria" (To God Alone Be Glory).

In conclusion, you can now see that October 31 is not the devil's holiday, if talking about Reformation Day, but if you are wondering whether Halloween is the devil's holiday, I'll just let you discuss that with your pastor.

# Fall Lawn Care

By Benji Henderson - CEA

As we are getting deep into the fall of the year across Parmer County many homeowners want to put their yards to bed for the winter. Care of your lawn in the fall is as important as in spring and summer. Regular care is the key to an attractive and healthy lawn through the fall and winter months. Here are few things you can do to help your lawn survive the winter and recover vigorously in the spring.

Fertilization: Fall fertilization is the key to prolonging fall color and promoting early spring recovery of the lawn. It helps produce a dense turf that resists winter weeds. Fertilizer used in the fall should be higher

in nitrogen and potassium and lower in phosphorus. Grasses fertilized this way have shown greater survival during winter months than those fertilized with high phosphorous.

Watering: When your lawn goes dormant during winter months, it is important to remember the grass is living and needs moisture for survival. During the winter, if it doesn't rain for several weeks, then the lawn should be irrigated. Irrigation before a hard freeze is helpful in reducing freeze injury to the grass. It takes much colder air temperatures to lower the temperature of a moist soil than that of a dry soil.

**Chiefs lose to Bushland 69-35**

It was a game that saw over 100 points scored and over 1,000 yards of total offense as the Chieftains kept the game close the first half. The score at the break was Bushland 27-Friona 21. But the Falcons scored 42 second half points to pull away from a weary Chieftain bunch that played with determination.

Friona rushed for 284 yards to Bushland's 222, but the Falcons tallied 401 passing yards to 156 for Friona. The final tally was 623 yards for Bushland and 440 for Friona.

Chieftain Eddie Garcia was once again the workhorse for

the Chieftains. He had 31 carries for 189 yards and two exciting touchdowns, one for 48 yards. Michael Garcia carried two times for 12 yards and scored the other touchdown for the Chieftains. Quarterback Mason Loflin carried 8 times for 54 yards and Brad Stowers ran 3 times for 29 yards.

Loflin completed 14 of 17 passing attempts for 156 yards. Dallin Woods caught 8 passes for 61 yards, Stowers caught 3 for 23 yards, and Justin Rocha, Esdras Rodriguez, and Cesar Huerta each had one catch. Rocha and Huerta each had a touchdown catch.

Stowers also returned six kickoffs for 93 total yards. Kicker Juan Martinez was a perfect 5 for 5 on extra points.

On defense, Justin Rocha and Antonio Adame were credited with 7 solo tackles each while Abel Palacios had 6 solo tackles.

The Chieftains host Littlefield Friday night November 1 in the final home game of the season. It will be senior parents night for players, cheerleaders, and the band. Senior parents will be recognized prior to the game, probably around 7 p.m. Kickoff is at 7:30 p.m.

**Diaz is Week 8 contest winner**

This week's popular losers were Amarillo High, Texas Tech, So. Carolina, and the Dallas Cowboys. Lot of contestants still stick with Texas Tech and the Cowboys but that didn't work in Week 8.

What did work was Raymond Diaz of Friona who

turned in the only entry with 12 of 15 correct. Raymond is the \$25 winner this week. Managing 11 of 15 correct were Rick Castaneda, Jeremy Dearing, Dorothy Stowers, and Jonathan Espinoza.

We are now two-thirds through the 12 week contest.

Time for you top point contestants to make your move. Rick Castaneda of Hereford is leading with 86 points. Rick has not won a weekly prize so far but still leads total points. Good luck this week. And thanks again to our sponsors.

**Football contest standings**

Point totals through Week 8. Only contestants that have entered every week are listed. Four weeks left in this year's football contest.
