STORY OF BOMB FOR TAFT DENIED

EMPHATIC CONTRADICTION MADE OF REPORT OF INFERNAL MACHINE

PUBLISHED AT CAPITAL

Story Was That Secretary Opened Package of Dynamite and Found Fuse Sputtering

By Associated Press.
Washington, July 18.—A circumstantial story of an attempt on the life of President Taft is very vigorously denied today by White House officials and by Chief Wilkie of the secret service. It was said that a bomb concealed in a package was received late yesterday at the executive offices.

The package was placed on the desk of Sherman Allen, one of the White House assistant secretaries who has just been appointed assistant of the treasury. It was of course intended for the president, but packages and letters never reach him without first passing through a secretary's hands and Mr. Allen opened it. The report was that as he unwrapped the package he discovered an infernal machine said to have been charged with dynamite and with its fuse sputtering which he quickly extinguished with his hands.

It has always been the policy of the secret service and White House officers to deny publicity to any incident which savors of an attempt at violence on President Taft.

When Secretary Allen reached his desk at the White House this morning he denounced as absolutely untrue the published story of his having opened an infernal machine intended for the president.

"The thing is a complete hoax," he said, "there is not a word of truth of it. I haven't a burn on my hands from extinguishing the fuse."

Mr. Allen held out two perfectly undamaged hands to prove his statement. The story declared he had been burned by putting out the fuse.

"Moreover," continued Allen, "I do not open the mail. The whole thing is such an absurd hoax that I do not intend to issue a statement denying it. I'm disgusted that all I can say to personal friends Mr. Allen gave his word that he had opened no bombs and knew of none being received."

NINE ARE DROWNED WHEN WIFE LOOKS FOR HUSBAND.

By Associated Press.
Jacobs Creek, Pa., July 18.—A wife's search for her husband who had missing less than two hours was the indirect cause of the death of nine persons at Barren Run, near here. During a heavy storm John Raymond left his house and went to a barn in a nearby ravine. Because of his continued absence Mrs. Raymond with her six children and two guests went in search. As they entered the ravine a wall of water swept down on Mrs. Raymond's party. All were drowned.

Raymond, safe from the storm in his barn, was helpless to aid when his drowning children screamed for help. A cloudburst caused the rise in the ravine.

DEMOCRATS FILIBUSTER FOR TARIFF MEASURES

Delay Action on Appropriation Bill and Will Hold It Up Several Days

Special to The Times.
Washington, July 18.—Democrats of the Senate, defeated 37 to 27, in an effort to have the wool bill taken up at the opening of today's session, resumed their filibuster of yesterday against the \$150,000,000 sundry civil appropriation bill. Leaders declared they would continue the filibuster until assured of a vote on the tariff bills.

They will be able to hold up the appropriation bill several days. The difficulty in reaching an agreement is said to be one of detail only. The regular Republicans are willing to permit a vote on tariff bills, but the progressives want to eliminate debate. They demand they shall have opportunity to present amendments if the bills are discussed at length.

As the session proceeded the Democrats continued their filibuster and forced the Senate to take up the Panama canal bill.

GERMAN MILITARY AVIATOR IS CRUSHED BY MACHINE

By Associated Press.
Leipzig, Saxony, July 18.—Lieut. Preusse, a German military aviator was killed here today while landing. His machine turned over twice and caught him beneath the engine.

WILL TENDER RECEPTION TO MRS. P. V. PENNYBACKER.

By Associated Press.
Austin, Texas, July 18.—Plans for the big open air reception to be tendered Mrs. Percy V. Pennybacker the Austin woman chosen to head the National Federation of Women's Clubs at Woodridge Park tonight are complete. The promoters believe it will be the biggest thing of its kind ever held at the park.

SLAYER OF GIRL ENDS OWN LIFE

BODY IS FOUND IN TENEMENT, DEATH BEING DUE TO ASPHYXIATION

"DO NOT CRY FOR ME"

Drowned Boy Found Yesterday and Thought to Be Swartz, Was Someone Else

By Associated Press.
New York, July 18.—The body of Nathan Swartz whose father informed the police that his son was the slayer of 13-year-old Julia Conners was found on the fourth floor of a tenement house. He had ended his life by inhaling gas.

The body of the drowned boy identified yesterday as Nathan Swartz was not his. He hired the room eight days ago. Early today the landlord smelled gas. On investigation he found Swartz in bed with the end of a gas tube in his mouth. "In lead pencil on his collar were the words, 'I am guilty and insane, caused by the beautiful making of women.'"

There were several pieces of newspaper nearby and on one was written "I was sorry the minutes after I did it, so don't cry for me."

In a letter to his mother he confessed his guilt and told her not to cry her eyes out.

WILSON TO LEAVE PLANS LARGELY TO CHAIRMAN.

By Associated Press.
Searight, N. J., July 18.—Beyond a tentative slate for the personnel of the campaign committee, Governor Wilson said today that he would submit no program to William F. McCombs the Democratic National chairman and the nine leaders who were expected here this afternoon.

CITY TREASURY RICHER AS RESULT OF CARD GAME

Four Traveling Men Enjoying Little Session at Pitch Contribute To Municipal Exchequer

Mayor Bell swelled the funds of the city treasury forty dollars this morning when he imposed a fine of ten dollars each on four traveling salesmen who pleaded guilty in the city court to playing pitch with cards in the wee small hours of the morning. The men declared that they had not been gambling, but City Attorney William N. Bonner pointed out that the law on the statute books reads, "if any person shall play at any game of cards at any public house, he shall be fined not less than ten dollars." The fines were paid only after vigorous protest on the part of all of the men concerned.

One of the salesmen claimed that he had not been a participant in any of the games and that he had taken but one drink of the stuff that cheers. The mayor in imposing the ten dollar fine on the man who was merely looking on said that he sympathized with the salesman, but that according to law he was really liable to a fine twice as great as were those who actually participated in the games. However, the mayor was inclined to be lenient, and only fined him ten dollars, at the same time administering a warning not to stay and witness unlawful actions in the future.

Although the men, according to their testimony had not been gambling, some of the officers say that they plainly heard the rattle of money or chips as they entered the hotel room at about four a. m., and one of the salesmen had on his person a large majority of the money contained in the party. He cheerfully paid several of the other men's fines in addition to his own, and seemed to regard the whole affair as a huge joke. All of them, however, were not as cheerful as himself.

RIVERS AND HARBORS BILL IS FINALLY PASSED TODAY.

By Associated Press.
Washington, July 18.—The rivers and harbors appropriation bill carrying about \$33,000,000 including \$6,000,000 for Mississippi river improvements was finally passed by the Senate today when the conference report was adopted.

WOULDN'T SWEAR COULDN'T MARRY

YOUNG MAN FROM CLAY COUNTY FINDS HIMSELF IN BAD FIX

DUE TO MISUNDERSTANDING

Thought He Had To Use Profane Language and License Is Delayed, Meaningless

Conscientious scruples against "swearing" on the part of the prospective groom kept a young Clay county couple from the possession of a license for the conjugal tie for several hours yesterday and for that length of time the young man was torn with a battle between love and conscience. It was all the result of a misunderstanding on the part of the young man as to what was meant by the term "swear."

When asked by Deputy County Clerk Yeager if he would "swear" to the application after the deputy had filled out the necessary forms for the marriage license, the young man, thinking that swearing meant what the hired man probably said when he hit his thumb with the hammer, refused, to do so and Mr. Yeager was compelled to refuse to grant the applicant the license.

The young man very much distressed told his troubles to a man up town several hours after who explained the difference between an affirmation with an appeal to the Supreme Being as a witness, to its truthfulness, and the blasphemous utterance of the aforesaid hired man on the occasion when the hammer came in contact with his thumb. With this destruction drawn and his conscience at rest, the young man returned to the clerk's office and made the necessary oath and got the license.

"You see I didn't know what you meant when you said I'd have to swear," he said, "I thought you meant something else, and I wasn't raised that way."

BODY OF W. J. ROWE TO BE SENT TO CLEVELAND.

The body of W. J. Rowe, who ended his life here yesterday morning by jumping from the fifth floor of the Westland Hotel, will be shipped to Cleveland, Ohio, tomorrow afternoon. A brother of the dead man who is a contractor at Oklahoma City, has telephoned that he will be here tomorrow at noon to take charge of the body. Rowe formerly lived at Cleveland and his father and mother are now visiting relatives there.

A. F. Kerr, secretary of the local Commandery Knights Templar, received a telegram from the Mont Cavalry commandery of that organization in South Omaha of which Rowe was a member, directing that every care and attention be given the body.

SEVEN INDICTMENTS ARE FOUND BY GRAND JURY

All Are For Felonies—Recess Is Taken Until Later In The Month

The grand jury before taking recess Tuesday afternoon returned seven bills of indictment for felonies as follows:

State vs. Walter Wilson, burglary.

State vs. George Steffner, obtaining money under false pretenses.

State vs. Jack Marshall, theft of over fifty dollars.

State vs. Clarence Haislip, bribery.

State vs. J. D. Smith, bigamy.

State vs. L. L. Smith, burglary.

State vs. C. L. Davis, selling liquor without a license.

CUBAN REBEL LEADER IS CAPTURED TODAY.

By Associated Press.
Havana, Cuba, July 18.—Gen. Pedro Ivolet last of the leaders of the recent Cuban negro uprising to remain under arms, was captured today near Santiago. Gen. Ivolet with Gen. Espinosa took the flight in Oriente province with about 1,500 men last May as a protest against the Morúa law, which provides that there shall be no recognition of political parties on racial lines. After burning and pillaging for a month the rebels were halted. Espinosa was killed.

WEATHER FORECAST

Tonight and Friday unsettled.

Wichita Falls Is Getting On Political Map

My child, observe the candidate. Observe his gracious smile. He makes his rounds, early and late. The voter to be guided.

Time was when candidates for state offices were as scarce and as seldom here as Jake Wolfers votes in Texarkana. The common of garden variety of aspirants for county office have always been fairly plentiful, thank you, but it is only recently that the big fellows have deigned to notice that Wichita Falls was on the map.

The voter in this benighted section of the universe was formerly content to be remembered with a mimeographed letter headed "Another Campaign Lie Nailed." Paregorically speaking, the state candidate didn't know there was a Wichita Falls and apparently, didn't care. The candidate busied himself with corraling votes in Dallas, Fort Worth and other large cities leaving the folks in the smaller towns to themselves.

But all this is changed now. Scarcely a train stops at the Union Station without shedding anywhere from one to half a dozen candidates for state office. From governor down to congressman at large, they remember that there is a Wichita Falls and that it has some 1,500 or 2,000 perfectly good Democratic votes that are worth seeking. If a candidate for governor dropped around this way, to be met by a reception committee copied from the city directory—that was about the extent of state political activities in former days. But in this glad day we have candidates for attorney general, lieutenant governor, congressman at large, United States Senator, controller, governor and the various and sundry other state offices.

Whereas a visit from a state candidate was once the signal to hire a band, rent a hall and raise a fuss generally they are getting so common up here these days that they don't make a ripple, hardly, upon the even tenor of our way. The reason is that there are so many more candidates; it is getting to the point where almost anybody can run for office, provided he has enough votes and influence and money.

SHOWERS COVER WIDE SECTION

LOCAL RAIN IS LIGHT BUT OTHER PLACES GET HEAVY PRECIPITATION

Points Northward and Westward Receive Good Showers—Means Much To Corn Crop

Good showers which in some places assumed the proportions of downpours fell over this section of the state and Southwestern Oklahoma last night. The rains extended from Wichita Falls northward and westward over the Panhandle and the lower plains. North of Cleburne the rain was much heavier than in Wichita Falls; the precipitation in many places being more than an inch. The rain was also heavier north of Red River on the Oklahoma side, Grandfield and Loveland report half an inch precipitation and the shower was heavy all the way up to Martha north of Altus. A shower also fell over the entire Wichita Valley from Byers to Abilene and from Stamford to Spur.

The shower was not heavy enough in this immediate vicinity to be of great benefit but at the same time it will help some and will sustain the corn for several days. The rains to the southwest, it is believed, will also be an insurance against extreme hot weather.

MAY STOP POSTMASTERS' POLITICAL ACTIVITIES

Bill Reported Favorably In House Today Would Keep Office-Holders From Being Off-Hand

By Associated Press.
Washington, July 18.—Prevention of political activity on the part of postmasters and other federal office-holders is sought in a bill reported favorably to the House today. It would prohibit such officials from being delegates to any district, state or national convention or becoming "perniciously active" in politics.

MENAMARA STUBBORN, REMAINS IN DARK CELL.

By Associated Press.
San Quentin, Cal., July 18.—After a week in solitary confinement J. B. McNamara one of the convicted dynamiters stubbornly refuses to conform to prison discipline. Warden Hoyle said he would be kept in the dungeon indefinitely. McNamara was placed in solitary confinement when he refused to obey an order by a guard in the lute mill.

\$25,000 JEWEL THEFT IN CHICAGO THIS MORNING.

By Associated Press.
Chicago, July 18.—Jewelry valued at nearly \$25,000 was stolen from a sample carrier today on a crowded street in front of the Silversmith building, 12 South Wabash. The thief escaped.

MAN WHO ROBBED POSTOFFICE KILLED BY POSSE TODAY.

By Associated Press.
Montgomery, Ala., July 18.—In a battle near Alexander City this morning one of the robbers who blew open the postoffice safe at Auburn Monday night was killed by a posse. The bandit had hidden himself in the woods when he was discovered. He opened fire on the officers and in less than ten minutes he was lying mortally wounded. None of the posse men were hurt. The bandit had told a negro earlier in the day that he was fleeing from justice and that his home was in Oklahoma.

MILLION SPENT TO HELP PARKER

FORMER NATIONAL CHAIRMAN SHEEHAN TESTIFIES BEFORE COMMITTEE

RYAN WAS CONTRIBUTOR

No Donations Accepted From Trusts. Money Sent To Maine, Colorado and Nebraska

By Associated Press.
Washington, July 18.—The Democratic campaign fund contained about a million dollars when Alton B. Parker ran for president in 1904, according to W. F. Sheehan of New York, who testified today before the Senate committee investigating campaign funds.

Mr. Sheehan was then chairman of the Democratic National committee. Money was sent by the committee, he said, to Maine, Colorado and Nebraska, in particular.

"To Maine, did you say?" asked a senator.

"Yes, with very gratifying results to the Democrats," replied Mr. Sheehan. He assured the committee that sums sent to Maine, Colorado and Nebraska were not large.

"How much was sent to Nebraska?" inquired Senator Oliver.

"I think about \$15,000."

"Mr. Bryan was the candidate for the senatorship that year, wasn't he?"

"I don't remember exactly. Candidates for the senatorship were not."

Senator Oliver interrupted exclaiming, "Well, I think he was."

Mr. Sheehan said he remembered August Belmont was a large contributor that year and Senator Oliver asked if Thomas F. Ryan was also a contributor in that campaign. The witness replied that he was.

Sheehan declared the committee made a rule at the beginning of the campaign to accept no money from any trust. He believed no such contributions were made directly or indirectly.

"There was \$10,000 contributed," he said, "by the American Sugar Refining Company, not by Mr. Healy, my brother, to the state committee. Before the check was cashed we heard about it and it was returned."

SAYS SHE WAS MARRIED TO MAN WHO WAS KILLED.

By Associated Press.
Waco, Texas, July 18.—It was stated today by 19-year-old Mamie Cobb, daughter of J. A. Cobb late of San Angelo that she was on June 19 married to Edgar H. McGehee, who was found dead under the Cotton Belt bridge yesterday.

She said they were married ten miles south of Waco by a man styling the name of Rev. Smith. There was no license issued here. Officers are proceeding on the murder theory.

SAYS HUSBAND BEAT HER, THEN SET FIRE TO HOUSE.

By Associated Press.
Houston, Texas, July 18.—The scream of a woman and the outbreak of flames shortly after midnight drew a large crowd to a Maxey street residence, which was on fire. After the fire, Claude Stevens, an occupant of the house was arrested on complaint of his wife who charged that after beating her unmercifully he applied a match to the bedding.

COUNTY COMMISSIONERS CANNOT FIX SPEED LIMIT.

By Associated Press.
Austin, Texas, July 18.—In an opinion to the county attorney at Galveston, Assistant Attorney General O. C. Funderbunk today held there is nothing in the law to authorize a commissioners' court to fix a speed limit for automobiles in county public highways or in unincorporated towns of the county.

RECORD PRICE FOR CATTLE PAID IN DALHART DEAL.

By Associated Press.
Dalhart, Texas, July 18.—What is said to have been the highest price for cattle in the history of the Panhandle yesterday when 3,000 three-year-old Hereford steers were sold by Jess Jenkins to a Kansas City firm for \$54.50 per head. The cattle are range fed and will be shipped to Kansas pastures.

EVACUATION OF JUAREZ PLANNED

REBELS EXPECTED TO GIVE UP CONTROL OF CITY IN 48 HOURS

ARE DYNAMITING TRACKS

Mexican Central Railroad Will Probably Be Destroyed All the Way To Border

By Associated Press.
Juarez, July 18.—The activity of the citizens vigilance committee of 100 men organized to preserve order between the passage of the city from rebel to federal control met today to report that the rebels would evacuate Juarez within forty-eight hours.

The fact that a dynamiting crew of rebels was operating 114 miles south of here at Montezuma today on the Mexican Central had a tendency to counteract the idea of an immediate evacuation.

It is believed Gen. Orozco will await the complete destruction of the railroad up to the international line before ordering the abandonment.

HERE'S A QUESTION FOR SOMEBODY TO ANSWER

Recent Dispatch in Times Arouses Curiosity of a Reader, Who Wants to Know

The enclosed clipping deserves more than a passing notice. The undersigned requests the privilege of asking a few questions and desires to have the answers through the columns of The Times, believing them to be of general interest to your readers.

Since the resolution was the offspring of the International Biblical Students Association, it is presumed that this conclusion was reached on Biblical grounds.

If so, who constituted the personnel of this Biblical Association? Were they preachers, D. D.'s and Ph. D.'s representing the various denominations and are their findings to be considered final?

If there is no such place, state or condition as Hell-Fire and Brimstone for the torment of the wicked, what special place or mode of punishment is reserved for them according to scripture?

If these questions are too hard for the editor of The Times I suggest the local clergy be invited to answer through its columns. Yours truly, J. C. ZIEGLER.

The clipping referred to above is an Associated Press dispatch and is as follows:

Washington, July 8.—There is no such place, state or condition as "hell fire and brimstone" for the torment of the wicked, according to the resolution unanimously adopted here today by the International Biblical Students Association.

Editor's Note.—The editor, on various occasions has had invitation extended him to visit such a place, but has never taken advantage of any of them, preferring to accept, if at all, at a time when he felt absolutely sure the one extending it would be "at home." Seriously, however, he does not want to pass on the question and is perfectly willing to allow the clergy that privilege.

NON-WEED-CUTTERS HAVE JUST TWO DAYS LONGER

Complaints To Be Filed Monday Against Those Who Have Not Complied With Order

Weeds may grow only two days longer in Wichita Falls without rendering the owner or occupant of the premises upon which they grow liable to a penalty. More weeds have been cut in Wichita Falls this week than in the same length of time in the city's history, but of course, some have failed to do their part. Complaints will be filed next week against those who are still neglectful. Mayor Bell promises that the first man prosecuted will not be a poor negro or tenant. In fact he says the negroes have displayed as much pride in getting their premises rid of the weeds as the white folks and some of them have done better than some white folks.

A member of the Civic League has proposed that the city council and the Chamber of Commerce appoint committees to drive with a similar committee from the League over the city Monday morning to see just where they haven't been cut. Another has proposed a fine against any member of the League whose premises are not found free from weeds.

If you are polite to some men they nearly always think you are merely paving the way for a "touch."

GAMBLER'S DEATH STILL MYSTERY

INVESTIGATION OF ROSENTHAL KILLING CONTINUES WITH OUT RESULTS

THEORIES ARE ADVANCED

Man Who Admits Being Passenger in Automobile Is Questioned By Police

By Associated Press.
New York, July 18.—Jack Rose, wanted by the police in connection with the death of Herman Rosenthal, the gambler and informer against the police, went to headquarters today and was questioned for two hours by Commissioner Dougherty. Rose admitted the police said, that he was a passenger in the automobile in which Rosenthal's murderers drove to the hotel, but Rose said that he left it before the shooting took place.

The question of whether police almslover over Rosenthal's revelations or gamblers' vindictiveness from the same cause inspired the murder plot apparently was as far as ever from being answered. After Police Commissioner Waldo had forwarded to District Attorney Whitman a written request that the latter begin a complete investigation of charges of partnership between gamblers and the police and that members of the force were guilty of instigating the murder of Rosenthal, the district attorney issued a statement declaring that he had never charged that the police were responsible for Rosenthal's death. At the same time, he reiterated his criticisms of the failure of the policemen near at hand when the crime was committed to obtain evidence that would have been invaluable in running down the perpetrators of the crime.

"I wish to say that I have never charged that police are responsible for Herman Rosenthal's death," said Mr. Whitman in his statement. "But I desire to say this: Four men shot Rosenthal to death, firing five or six shots at him. This was done in a conspicuous place, which was as light as at noonday. Five or six policemen were within less than a stone's throw of the scene of the crime. The murderers entered a motor car and escaped, with little more than a pretense of pursuit. The officers admit that they lost sight of the automobile before they started in the taxicab. These facts present a shocking situation. Those of the police who were present at the time of the crime having failed so far to obtain evidence, the task of bringing to justice the perpetrators and those who instigated their action is a very difficult one."

A sensational story was that a woman, whose name was not revealed, had gone before the grand jury and testified that the gray automobile used by the murderers of Rosenthal in going to the Hotel Metropole and fleeing from the scene after the shooting had been seen standing from 4 to 10 o'clock that night in front of the home of Police Lieutenant Chas. Becker, who had been accused by Rosenthal of being in partnership with him in the gambling business. It was said, however, that Becker frequently used a car similar to the one employed by the party of the murderers.

MAN WHO ADMITS BEING PASSENGER IN AUTOMOBILE IS QUESTIONED BY POLICE

By Associated Press.
New York, July 18.—Jack Rose, wanted by the police in connection with the death of Herman Rosenthal, the gambler and informer against the police, went to headquarters today and was questioned for two hours by Commissioner Dougherty. Rose admitted the police said, that he was a passenger in the automobile in which Rosenthal's murderers drove to the hotel, but Rose said that he left it before the shooting took place.

JUDGE GRUBBS HERE IN INTEREST OF CANDIDACY

Is Seeking Democratic Nomination For Congressman-at-Large, Is Well Known Here

Judge V. W. Grubbs of Greenville, candidate for congressman at large spent several hours in this city yesterday afternoon meeting old friends and extending his acquaintance with the citizens.

About fifteen years ago Judge Grubbs became interested in the improvement of educational conditions in Texas and through his own paper the Greenville Headlight and other publications, began a movement for a far reaching reform in educational methods. He contended that as about nine-tenths of the people were engaged in farming and other industrial pursuits our educational system should contribute more than it had done to the development of the industrial and learning capacities of the people. He was elected to the lower house of the 26th legislature on a platform of which the installment of industrial features in the public free schools was the main plank. Incidental to this was the proposition to establish our industrial institute and college for the white girls of Texas. He introduced a bill for that purpose soon after he took his seat as a representative and although the measure was indicated at first he succeeded in getting it passed the house by a fairly good majority. It was defeated by dilatory tactics in the Senate. Judge Edgar Scourry was also a member of the 26th legislature and aided Judge-Grubbs in pulling it through. Not to be foiled in his purpose he organized a force of which he was the head and succeeded in making it a platform at the Waco State Democratic convention in August, 1907. Though not a member of the 26th legislature in 1907 he spent nearly the entire session at the capital paying his own expenses while personally directing the fight against strong opposition winning out in the closing hours of the session. The institution known as the college of industrial arts located at Denton was the result. W. J. Bullock, another citizen of Wichita Falls, was a member of that body and assisted Judge Grubbs in putting the measure through to final passage in the house.

For years Judge Grubbs has led the fight in Texas for the incorporation of industrial features in our educational system both in the public schools and the various state educational institutions. He has won his fight and the movement has been taken up in many other states in the Union. Should he be elected to congress he expects to do something more for educational progress through the federal government.

Miss Annie Thorman and Robert Thorman were pleasant visitors at the Rogers home Sunday.

Williams and Peterson are having their wheat threshed this week. Freddie, the 13-year-old son of Mr. Gowen, who lived in this community but moved to the Powell farm near Wichita Falls, drowned in the river near their home while wading with some other boys. He got in deep water and drowned before help could reach him. His mother is prostrated with grief. His father hurt himself while trying to reach the river. He was not found until about 3 o'clock Sunday evening. His body was shipped to Iowa Park Monday, accompanied by Mr. Powell. The parents have our sympathy.

The feed stuff is needing rain but is not suffering yet.

Allendale Items.

Harvesting is almost over and threshing will be finished in a day or two. The feed crop in this part of the country looks splendid but a little shower would prove very beneficial.

Mrs. Pearl Ludolph left Sunday for Alva and other points in Oklahoma for a visit with relatives.

Mrs. Hetty Rossen of Erick, Okla., is in the community visiting friends and relatives.

Mrs. J. B. Sisk of Iowa Park, was in Allendale visiting last week.

Mrs. David Howell is suffering from erysipelas, caused from a bite of some kind on the hand.

Miss Jessie Gwinn of the city is the guest of her cousin, Miss Ollie Gwinn this week.

Miss Dora Taylor of Bowman, spent from Friday until Sunday of last week with her sister, Mrs. Nora Gwinn of this community.

Mrs. J. L. McConkey came out from Wichita Tuesday and spent a pleasant day with Mr. and Mrs. Dave Howell.

W. H. Gwinn returned Tuesday from Wellington, Texas, where he was called to attend the funeral of his two little nephews, age nine and six years.

Freepoort Charters Filed.

Freepoort, Texas, July 15.—The firm of Swenson & Sons of New York which is conducting extensive operations here has filed three charters in the State Department to further the plans of the development of this city. Companies chartered are: Freepoort Sulphur Co., capital stock \$200,000; Freepoort Terminal Company, capital stock \$10,000 and Freepoort Townsite Company, capital stock \$20,000.

Freckled Girls

It is an absolute fact, that one 50 cent jar of WILSON'S FRECKLE CREAM will either remove your freckles or cause them to fade and that two jars will even in the most severe cases completely cure them. We are willing to personally guarantee this and to return your money without argument if your complexion is not fully restored to its natural beauty. WILSON'S FRECKLE CREAM is fine, fragrant and absolutely harmless. Will not make hair grow but will positively remove TAN, PIMPLES and FRECKLES. Come in today and try it. The jars are large and results absolutely certain. Sent by mail if desired. Price 50c. Hammoth jars \$1.00. WILSON'S FAIR SKIN SOAP 25c.

For sale by Stoneclpher-Smith Drug Co.

Orient Starts Work.

Fort Stockton, Tex., July 15.—The Kansas City, Mexico and Orient Railway will start work at once on the extension of the line from Granada to this city and on to Alpine. Engineers of the line have been here for the past few days organizing the different crews and arranging for supplies.

SAYS AMERICA WILL LOSE OUT ON PANAMA QUESTION.

Washington, July 18.—When the senate took up the Panama canal bill Senator Lodge admitted that the question of the free passage of American ships through the canal probably would be sent, finally to The Hague, and "That there is little doubt what the result would be."

"Don't you think we would lose?" queried Senator Hoke Smith. "Unquestionably," was Mr. Lodge's reply.

He suggested, however, that such a course might be avoided by the Federal government paying tolls on American-owned ships.

"We never would permit any foreign power to interfere with our disposition of our own money in connection with our own property," he declared.

Senator Lodge defended the provision of free tolls for American ships to which Great Britain has made formal protest. He had been a member of the foreign relations committee which reported the draft of the Hay-Pauncefote treaty.

"At that time I was of the opinion," he said, "that it left us in complete control in determining the position of our own vessels. I did not believe that the United States was included among the nations to be treated with equality under the treaty terms."

Pleasant Valley Items

This community was shocked Friday when Mr. McClure killed himself by wrapping a chain about his neck and jumping in the tank near his home. He started to the barn about 11:30 and his wife got uneasy about him went to see about him and found his hat on the dam of the tank. She went for help. Luther Conwill was the first man to arrive on the scene and waded in and found Mr. McClure, but he had been in the water too long to bring him to. It was about noon when Mr. Conwill found him. The water wasn't more than two and a half feet deep. The body was shipped to Bellevue. His wife and brother who came in on the train Friday night accompanied the body. Mrs. McClure returned Monday. She has the sympathy of the entire community in her bereavement. He left no message but bad health was thought to have been the cause of the rash act.

Miss Annie Thorman and Robert Thorman were pleasant visitors at the Rogers home Sunday.

Williams and Peterson are having their wheat threshed this week. Freddie, the 13-year-old son of Mr. Gowen, who lived in this community but moved to the Powell farm near Wichita Falls, drowned in the river near their home while wading with some other boys. He got in deep water and drowned before help could reach him. His mother is prostrated with grief. His father hurt himself while trying to reach the river. He was not found until about 3 o'clock Sunday evening. His body was shipped to Iowa Park Monday, accompanied by Mr. Powell. The parents have our sympathy.

The feed stuff is needing rain but is not suffering yet.

Allendale Items.

Harvesting is almost over and threshing will be finished in a day or two. The feed crop in this part of the country looks splendid but a little shower would prove very beneficial.

Mrs. Pearl Ludolph left Sunday for Alva and other points in Oklahoma for a visit with relatives.

Mrs. Hetty Rossen of Erick, Okla., is in the community visiting friends and relatives.

Mrs. J. B. Sisk of Iowa Park, was in Allendale visiting last week.

Mrs. David Howell is suffering from erysipelas, caused from a bite of some kind on the hand.

Miss Jessie Gwinn of the city is the guest of her cousin, Miss Ollie Gwinn this week.

Miss Dora Taylor of Bowman, spent from Friday until Sunday of last week with her sister, Mrs. Nora Gwinn of this community.

Mrs. J. L. McConkey came out from Wichita Tuesday and spent a pleasant day with Mr. and Mrs. Dave Howell.

W. H. Gwinn returned Tuesday from Wellington, Texas, where he was called to attend the funeral of his two little nephews, age nine and six years.

Freepoort Charters Filed.

Freepoort, Texas, July 15.—The firm of Swenson & Sons of New York which is conducting extensive operations here has filed three charters in the State Department to further the plans of the development of this city. Companies chartered are: Freepoort Sulphur Co., capital stock \$200,000; Freepoort Terminal Company, capital stock \$10,000 and Freepoort Townsite Company, capital stock \$20,000.

SLUGGEST AT DURANT IS VICTORY FOR DRILLERS

Total of Twenty-Seven Hits Recorded, Wichita Falls Nosing Out Ahead

Special to The Times.

Durant, Okla., July 18.—Chief Jones broke the hoodoo which has been pursuing him so relentlessly of late, and the Drillers won from Durant, 11 to 9. It was a slugfest all the way through, twenty-seven hits being chalked up. Wichita Falls took the lead in the third inning and though Durant made many runs after that, the Wichitans always kept two or three to the good. The score:

AMERICAN RAILROADS BEHIND BRITAIN'S MOVE.

Washington, July 18.—President Taft was told today by Representative Knowland of California that Canadian railroads acting in sympathy with American railroads, were behind Great Britain's protest against free tolls through the Panama canal for United States ships. "Not the slightest objection was made by Great Britain," said Mr. Knowland, "until a committee of Canadian railroad men took up the question with the British government. There is little doubt that American transcontinental railroads prompted the move." Mr. Knowland also talked with Secretary Knox.

Both the president and the secretary of state are standing for the right of the United States to put certain American vessels through the canal toll free.

CONDUCTOR RESPONSIBLE FOR WRECK AT LIGONIER.

Washington, July 18.—In holding Conductor Kuhn responsible for the accident which occurred on the Ligonier Valley (Pennsylvania) railroad, July 5, resulting in the death of nineteen persons and the injury of twenty-eight, Chief Inspector H. W. Belnap in his report to the interstate commerce commission, made public today, said in part:

"No record is kept of train orders, no train register is maintained and the road has no printed rules of any kind governing train operations. No block signals system is maintained, the movement of trains being governed by orders given by the dispatcher, either verbally or by telephone to the conductor, who in turn conveys them to the engineer and other members of his crew.

"The method of train operation on this road is extremely faulty and until some adequate rules governing train operation are adopted and enforced accidents of this character are liable to occur."

SAYS GRANTING DEMANDS WOULD MEAN BANKRUPTCY

Chicago, July 18.—Many railroads would face bankruptcy if the now pending demands of the various classes of employes for increased wages should all be granted, declared B. A. Worthington today when he resumed argument in behalf of fifty Eastern railroads before the arbitration commission which is deciding the

wage dispute between the railroads and the locomotive engineers. He said that while only the demands of the engineers are directly before the commission the firemen have filed an application for an increase which would cost the railroads \$20,000,000. He added that the shipmen and other classes of employes also expect advances similar to whatever the engineers obtain.

FRANCIS J. HENEY AT THE NATIONAL CAPITAL.

Washington, July 18.—Jas. B. Reynolds, secretary of the Republican national committee, met Francis J. Heney of San Francisco in Washington today.

"Frank, why can't we book you for a few speeches for Taft in the coming campaign?" asked Reynolds.

"I'll bite—why can't you?" returned Heney.

To interviewers, Mr. Heney said he was in Washington on private business. Heney attracted attention in Chicago by his fight for Roosevelt.

EDITORIAL COMMENT

A CHANGE WITHOUT PRECEDENT.

The Democratic platform on which Governor Woodrow Wilson was nominated for the presidency, pledges him to only one term as President, should he be elected. This is a distinct departure from previous platforms of both the large political parties, but it is one which will be more praised than criticized.

In the midst of more spectacular happenings in the convention, Democrats generally had missed the significant declaration of the platform, which will confine the nominee to one term, if he is elected, which seems practically certain. The spirit behind the insertion of this plank in the platform is the popular objection to the machine methods of Federal office-holders, who secure control of their party organizations to send delegates to the National convention to re-nominate the President then in office. These political methods in their most reprehensible form were seen in the Chicago republican convention.

The Democratic party stands up as denouncing such political practices and as going before the country on a platform ending such practices in the event of the election of a Democratic President. "On this question the Baltimore platform says: We favor a single presidential term and to that end urge the adoption of an amendment to the Constitution making the President of the United States ineligible for re-election and we pledge the candidate of this election to that principle." Governor Wilson heartily accepts and endorses the entire platform. At the end of Woodrow Wilson's term as President the initiative of a party will not be bound and gagged by a Federal office-holders' machine—Montgomery Advertiser.

MUCH LEFT TO FIGHT FOR.

One thing which is becoming clearer every day is that there is still plenty of fight in the Republican party to make her stand over State and local offices, including the congressional districts, in sections where there is little force or hope in the National campaign. There is increasing evidence that in most of the insurgent States the Republicans will go into numerous local fights with great vigor.

Now that a large part of the voters in all sections are more careless of party lines than they used to be, there is no reason to suppose that anything which is destined to happen to the National ticket can prevent energetic and effective work for the State and county candidates who are themselves strong and worthy of support. It is even possible that existing conditions may tend to concentrate behind such Republicans an intensity of feeling and a force which would otherwise be spent, to some extent, in wider fields. This will be clearer a few weeks hence, in all probability, than it is now. As the season advances it will be increasingly demonstrated that there is no disposition on the part of Republicans, as a mass, to permit their local and State tickets to go down this year because the party has been distracted and disrupted, in the country at large, by the evil deeds done at the Chicago convention.—Cleveland Leader.

MR. MURPHY AND TAMMANY.

Some friends of Charles F. Murphy of Tammany Hall are inclined to think a reference to him in the Times the other day was unnecessarily severe. This newspaper does not mean to "strike below the belt," and it is perhaps as well to recall the words then used. So far as we know Mr. Murphy never engaged in any employment that was degrading, even though he had as a youth turned his hand to the thing that would most readily help the family purse. It is to the credit of the Tammany leader that he has advanced so far from humble circumstances as to become an influential figure in the National councils of his party. Also it is fair to say that Tammany has progressed with the general improvement in political conditions, and is no longer charged with the sins of years ago. Perhaps some credit is due to Mr. Murphy in this connection for putting the organization on a higher plane. Undoubtedly as boss of Tammany he has been one of the most successful leaders of the local Democracy.—Brooklyn Times.

The Springfield Republican makes the point that Woodrow Wilson is entirely free from obligation. He sets the nomination the Republican say, "without any strings upon it or upon him," and it adds: "To a degree which holds true of no other one among the leading candidates of the two parties he is without obligation save to the whole people. The movement which culminated at Baltimore in Wilson's nomination on the forty-sixth ballot owed its success to no skill of organization on the part of wily managers to no depth of campaign chest, but to the appeal which Wilson has made through his over-throw of vicious bossism in New Jersey and remarkably sane, lucid and progressive speeches. All of this is true and is a very impressive fact. It adds much to Governor Wilson's availability as a candidate that he is free from obligations. It will relieve him of embarrassments the other candidates must suffer. It will make him a better President. He will be unfettered and able to carry out all of his policies without accounting to anyone for past favors. The Wilson pre-convention campaign, conducted by Mr. McComb, the young Princeton graduate, was very

simple and involved no large contributions of money or combinations with other candidates. Governor Wilson's strength as a candidate, and his efficiency in office, will be greatly enhanced by these wholesome facts.—Nashville Banner.

Brownsville Line Extended.

Brownsville, Texas, July 18.—The construction gangs at work on the fifteen miles of street railway in this city have been greatly increased in number and the road will be in operation by September first. The extension of the line into West Brownsville has caused a strong demand for resident property.

Commercial Club at Ovals.

Ovalo, Texas, July 18.—The citizens of this town have organized a commercial club. The following officers were elected: James F. Hurt, president and M. G. Jenkins, secretary.

Franchise Tax Collectors.

Houston, Texas, July 18.—The franchise taxes for 1912 show an increase over last year of \$386,390, which will net the city about \$27,000. The total rendition as reported to the collector this year is \$1,733,390 as compared with \$797,000 for 1911.

FAMED AS A SCULPTRESS AND CLUB ORGANIZER

One of the most important features of the woman's club movement was the founding of a branch of the International Lyceum club in New York, recently. Mrs. Adelaide Johnson, sculptress, who has long been a member of the Lyceum, the parent body, with branches in Berlin, Paris, Florence and Rome, in fact, the woman who has succeeded in bringing together representative workers of her sex in literature, journalism, art, music, science, etc. Here, as in London, the social life of the club will center about the weekly dinner given in honor of some celebrity, either woman or man. But workaday things, also, will be kept in view. The committee on literature will assist club members in publishing their books; that on art will arrange exhibits of painting; that on science will bring its followers in touch with others of their class, in America or abroad; and so on, in other fields. In fact, the aim of the club is the mutual benefit of the women of every country not only in a fraternal, but in an active, helpful spirit. Mrs. Johnson, founder of the American branch, is a staunch advocate of womanhood, believing her to be capable of accomplishing anything she sets out to do in her own profession she stands high; and is known as the sculptress of women who have become famous because they have upheld the convictions of her sex. Her statues of Lucretia Mott, Susan B. Anthony and Elizabeth Cady Stanton are to be seen in the Corean gallery, Washington. Other examples of her work are busts of Dr. Helen Denmore, a pioneer woman journalist of Washington; John Burroughs and Gen. John A. Logan. As the daughter of a frontier farmer, Mrs. Johnson did work that would appal any woman today. At ten she was doing the sewing for her whole family. But her homely tasks of milking cows and making butter, did not prevent her from seeing visions in marble; and at last, at the age of 16, it became possible for her to attend art school in St. Louis. It is said that when she exhausted her financial resources, she wished that she might die; but the conviction came to her that she had a mission to fulfill, and that, somehow, the way would be made clear. From that moment, each disappointment had been a spur to greater effort. She went abroad and studied under the best masters, and though she suffered from lameness and weak eyesight, which surgeons declared would cripple her for life, yet by the strength of her will she has overcome these difficulties. Today no one would dream she had ever been afflicted.—Family Magazine.

Christy Coyne, who is to be superintendent of the Texas Bottle Manufacturing Company arrived last night from East St. Louis and will make Wichita Falls his permanent home. Excellent progress has been made with the construction of the plant during the six weeks that Messrs. O'Beare and Miller have been on the ground. The packing house is complete and the steel work is up for the furnaces. The foundations have also been laid for thelehr room and for the stock building and it is expected that everything will be in readiness to begin operations by the middle of September. Ten carloads of furnace blocks are now on the ground. Mr. Miller will leave today to spend about two weeks in St. Louis on business.

Rice Growers Elect.

Beaumont, Texas, July 18.—The Southern Rice Growers Association which has been in session in this city has elected the following officers for the ensuing year: W. B. Dusiap, Beaumont, president; W. W. Duson, Eagle Lake, vice president for Texas; P. L. Lawrence, Crowley, La., vice president for Louisiana; J. L. Ducharme, Carysle, Ark., vice president for Arkansas; Dr. A. C. Wilkins, secretary and general manager and H. C. Chalkey Lake Charles, treasurer.

Good Roads Bonds.

Paris, Texas, July 18.—The commissioners court has ordered an election for August 17th to vote on the issuance of good roads bonds to the amount of \$100,000. If carried the proceeds will be used in constructing a highway to the county line where connection will be made with the improved thoroughfare leading into Dallas.

Monterey Has New Hotel.

Monterey, Mexico, July 18.—The two million dollar hotel now in course of construction in this city will be completed by September 1st. It is a high class hostelry and will cater to the tourists trade of Europeans and Americans.

DAILY DIET AND HEALTH HINTS

By DR. I. J. ALLEN, Food Specialist

SUGAR GIVES ENERGY.

Sugar gives best with fruits. When eaten at the same meal with meat it is unduly retained in the stomach and tends to produce catarrh. A man doing hard manual labor frequently ate half a pound or more of sugar without injurious effects, sometimes repeating the sugar ration several times in succession when a strong appetite developed for beans or other heavy food containing a large percentage of protein. This is not an ideal diet, but it is better than indiscriminate mixing without reference to requirements. Experiments made in Germany showed that men on the march could utilize sugar without injury, but the eating of large amounts of candy by sedentary persons, especially children, is injurious.

ELMER WRIGHT, Manager

BURNETT SUED FOR LARGE SUM

FORT WORTH CATTLEMAN DEFENDANT IN SUITS FOR \$100,000

ECHO OF RECENT KILLING

Relatives of Harley Sears of Paducah, Whom Burnett Killed Have Filed Heavy Claims

Col. S. B. Burnett, the Fort Worth cattleman who killed Harley Sears at Paducah about two months ago, has been made defendant in suits for damages aggregating \$100,000 filed by the widow, children and the father of Sears, according to information received here. The Cottle county grand jury has not been in session since the killing of Sears. It will be convened next month when the case will be investigated.

SUPERINTENDENT OF GLASS FACTORY REACHES THIS CITY

Christy Coyne, who is to be superintendent of the Texas Bottle Manufacturing Company arrived last night from East St. Louis and will make Wichita Falls his permanent home. Excellent progress has been made with the construction of the plant during the six weeks that Messrs. O'Beare and Miller have been on the ground. The packing house is complete and the steel work is up for the furnaces. The foundations have also been laid for thelehr room and for the stock building and it is expected that everything will be in readiness to begin operations by the middle of September. Ten carloads of furnace blocks are now on the ground. Mr. Miller will leave today to spend about two weeks in St. Louis on business.

Rice Growers Elect.

Beaumont, Texas, July 18.—The Southern Rice Growers Association which has been in session in this city has elected the following officers for the ensuing year: W. B. Dusiap, Beaumont, president; W. W. Duson, Eagle Lake, vice president for Texas; P. L. Lawrence, Crowley, La., vice president for Louisiana; J. L. Ducharme, Carysle, Ark., vice president for Arkansas; Dr. A. C. Wilkins, secretary and general manager and H. C. Chalkey Lake Charles, treasurer.

Good Roads Bonds.

Paris, Texas, July 18.—The commissioners court has ordered an election for August 17th to vote on the issuance of good roads bonds to the amount of \$100,000. If carried the proceeds will be used in constructing a highway to the county line where connection will be made with the improved thoroughfare leading into Dallas.

Monterey Has New Hotel.

Monterey, Mexico, July 18.—The two million dollar hotel now in course of construction in this city will be completed by September 1st. It is a high class hostelry and will cater to the tourists trade of Europeans and Americans.

WILSON UNDECIDED AS TO WHEN HE WILL RESIGN.

Seagirt, N. J., July 18.—Whether Woodrow Wilson will resign his gubernatorial office or retain it during his presidential campaign will be determined within a few days. His friends said today they thought the governor would remain in Trenton at least until the first of the year if he carries the Democratic presidential ticket to victory. The governor says he has been so pressed for time that he fears he will be compelled to "steal away" to write his speech of acceptance. In this he wants to take up carefully the platform and the issues he is to discuss during the campaign. He hopes to have the address complete several days before the notification ceremony on August 7.

Dr. Wilson said today he has not yet completed his list of "debatable states," which he took up yesterday with Majority Leader Underwood. Conditions in several states are yet to be considered. Among these is Massachusetts, which the governor

THOMPSON HAS ASSUMED CHARGE AT WHITE HOUSE

Washington, D. C., July 18.—Carr Thompson of Ohio, the fourth secretary of the White House, was at his job this morning, though his nomination had not yet been sent to the Senate. Nominations of Sherman P. Allen to be assistant secretary of the treasury and Granville W. Mooney of Ohio to be an assistant secretary of the White House offices, are expected to be sent to the Senate today or tomorrow.

SUPERINTENDENT OF KATY IN NORTH TEXAS RESIGNS.

J. Munday, general superintendent of the Katy North Texas division, with headquarters in Denison, has resigned and will be succeeded by H. F. Anderson of San Antonio. Mr. Anderson has been superintendent of the Houston division of the Southern Pacific with headquarters in San Antonio since May, 1904.

Secretaries To Meet

Kingville, Texas, July 18.—J. A. Arnold, secretary-manager of the Texas Commercial Secretaries and Business Men's Association is visiting this city conferring with B. F. Johnson, secretary of the local club in regard to arranging a date and program for the annual institute for professional secretaries, which will be held in this city. No date was definitely fixed as the convention will not be held until after the completion of the \$200,000 hotel now in course of construction and which is estimated will be opened by December 1st. The convention will be held the early part of 1913.

Hunt County Valuations.

Greenville, Texas, July 18.—The county tax assessors have completed their valuation of all property in Hunt county which shows a total of \$24,500,000, an increase over last year of \$540,89. The tax rate remains the same as in 1911 which was 39 1/2 cents per \$100.

We know you like Velva

You've proved it to us by the generous way you have bought it. Now we want you to try

The New **VELVA** Breakfast Syrup In the red can

Try it on griddle cakes, waffles and biscuit—use it in making cakes, candies and fudge—put it in any dish that requires sweetening.

It is rich and fine in flavor—simply delicious.

A Liberal Reward.....

The sorrows of life may burden your soul, and you may feel that you are forsaken by loved ones and friends! There is much you do not understand; but my friend "Out of Sorrow" there is a lesson to be learned, an obligation to be fulfilled, a hope, some day to be rewarded. GOD IS NEVER UNJUST, for "Out of the gloom yesterday comes the smiles of today." Be faithful to the trust reposed in you; do your duty towards all, what ever befalls, and in the end will come LOVE, PEACE and HAPPINESS, the reward of the faithful.

We will give Twenty-Five Dollars to any one giving us the correct originator of the above sentiment.

CITY COUNCIL TO HOLD REGULAR SESSION TONIGHT

The city council will meet in regular session tonight. Several matters of importance will come up. One will be the selection of a city depository for the ensuing year. Others will be signs and awnings and sanitary ordinances. It is probable too that some action may be taken on the proposed bond election for sewer and light bonds.

SHERIFF'S SALE

The State of Texas, County of Wichita. By virtue of a certain Order of Sale issued out of the Honorable District Court of Wichita County on the 26th day of June, A. D. 1912, by A. F. Kerr, Clerk of said Court against the Defendants, J. L. Isbell, J. R. Jordan, J. Milton Erwin and Geo. W. Eagle for sum of Forty six hundred fifty three and 82/100 (\$4653.82) Dollars and costs of suit in cause No. 4252 in said court, styled C. Patterson, vs. J. L. Isbell, J. R. Jordan, J. Milton Erwin and Geo. W. Eagle and placed in my hands for service, I, R. L. Randolph as sheriff of Wichita County, Texas, did on the 11th day of July, A. D. 1912, levy on certain real estate situated in Wichita County, described as follows, to-wit:

New Canal Planned

Tampico, Mexico, July 18.—With the cessation of hostilities, the Mexican government will be asked to extend the canal which is now open from this city to Vera Cruz, a distance of seventy miles to the Rio Grande to connect with the interoceanic canal now being constructed by the United States Government. President Madero is known to favor the project and the commercial interests effected by the improvement, are urging Federal activity. Canal relations with industrial interests located on the Mississippi and tributary rivers are much needed in the developments of this country.

New Gin Opens

San Benito, Texas, July 18.—The sixteen stand cotton gin recently completed, has just opened for business. It is the largest gin in the state. Four stands are for the long staple variety. There are 15,000 acres of cotton in this vicinity and the yield will approximate 14,000 bales.

SENTENCE ON MITCHELL IS AGAIN POSTPONED.

Washington, July 18.—Sentence upon John Mitchell, convicted of contempt of court with Samuel Gompers and Frank Morrison of the American Federation of Labor, for violation of an injunction in the Bucks Stove and Range boycott case, was again postponed today in the district supreme court.

Mitchell, in Oregon sent through his attorneys a waiver of his right to be present when sentence was imposed. The committee of prosecutors preferred a written request that sentence be passed in his absence.

When trouble comes in bunches,
Through the whole day long,
And life seems anything
But laughter and song.

When everything you tackle,
Tangles up in a snarl,
And you like to hand a lemon
To the whole darned world.

At daylight in the morning,
When you flutter from your bunk
And can't find your trousers,
And the world looks punk.

With your business on a hummer,
And your system in a sling,
And you feel like a dead one,
And can't do a thing.

You need a box of Dike's Little Liver Pills. They turn gloom to gladness; grouch to glee and make you tackle the game with the endurance of an Indian instead of the impotence of the imbecile.

Clearing Mesquite Trees.
Kingsville, Texas, July 18.—The experiment conducted by the Commercial Club of clearing the land of the mesquite by the use of dynamite has proven a success. The average cost of clearing land by Mexican labor is twelve dollars per acre, but the dynamite process reduces the cost to eight dollars per acre. As there are several million acres of land, the saving will approximate several million dollars to the Kingsville country.

Factory Sites Taken.
San Benito, Texas, July 18.—The twenty-four acres of factory sites purchased by the Commercial Club at the beginning of the year have been covered with factories and a hundred acre site is now being contracted for. Over three million dollars have been put into manufacturing enterprises in this city during the past year.

The tide of foreign capital as well as immigration is fast coming to Texas—is your city getting her share?

My motto: Miller sells it for less.

Heavy rains Tuesday and Wednesday from Plainview to Amarillo and from Amarillo to Childress are reported by Dr. W. H. Walker who returned this afternoon from a trip to Plainview. "That whole section is thoroughly soaked," said Dr. Walker. He says a light rain has fallen from Childress southward. This rain has been heavy in spots. At one place about half way between Wichita Falls and Iowa Park Dr. Walker says the water is standing in the corn rows.

The next semi-annual meeting of the Panhandle Medical Association will be held in Wichita Falls on the third Tuesday in January. Dr. W. H. Walker has just returned from the summer meeting of the association at Plainview where he extended the invitation to meet here in January which was accepted. The meeting will bring more than a hundred prominent physicians from Northwest Texas and Panhandle points.

MUCH GOLD COIN NOT WORTH ITS FACE VALUE.

Washington, July 18.—There are probably millions of dollars in gold coin circulating in the United States which are not worth their face value, but the government has no intention of recalling the money in order that gold of standard value may be put in circulation.

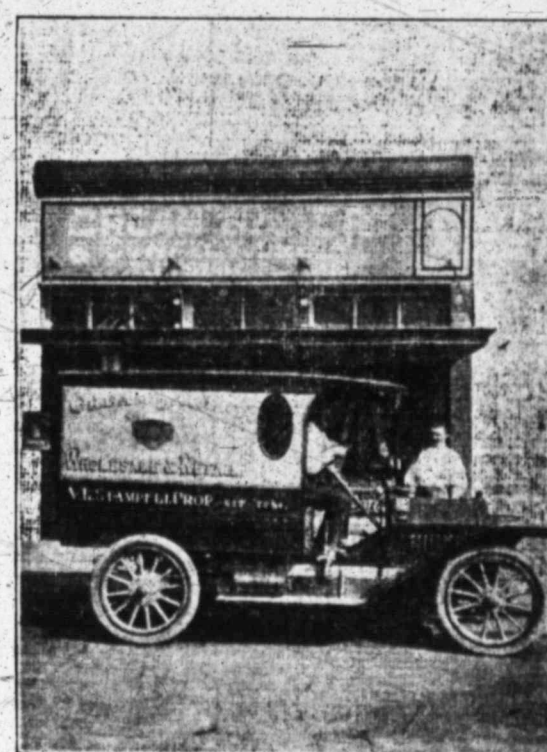

Should this gold be presented to the treasury or sub treasury its owners would be the losers because of the enormous wear caused by abrasions in circulation. While the government does not require that gold coins shall be of standard weight to be redeemed at their face value, it has established what is known as a "limit of tolerance" which permits a

loss in weight of one-half of one per cent. Below that limit the treasury makes reduction at the rate of four cents per grain.

Light weight gold it is said, exists principally on the Pacific coast, where the greater bulk of the metal is in circulation. The financial interests west, the treasury has been advised, know two kinds of gold—treasury gold and bank gold. The former is full weight, while the latter is below the "limit of tolerance." The worn gold never reaches the treasury or the sub-treasuries. According to reports here, it is passed on bank to bank and individual to individual, like a plugged coin and in that way maintains its parity of value.

Silver coin is always worth its face value, however, much abused by the ravages of time.

RIGHT UP TO THE MINUTE

Every detail of our business is right up to now. Our goods are the best it is possible to make, and we get them to you with our Auto delivery while they're still warm from the oven.
