TRAIL MAY NOT LEAD TO POLICE

OFFICIAL SAYS DEPARTMENT WILL BE CLEARED OF ROSENTHAL MURDER

MANY RUMORS CURRENT

Passengers in "Murder Car" Said To Have Left City—Chaffeur Tells His Story

By Associated Press. New York, July 20.—Deputy Commissioner Dougherty said this afternoon after a conference with several men said to be bath house employees that when the truth of the Rosenthal murder becomes known the police department will be completely exonerated.

The bath house employees are said to be connected with the house where "Bald Jack" Rose claims he spent the night after leaving the murder car to speed uptown on its deadly errand.

District Attorney Whitman who left the city last night on an important mission had not returned today. Reports that he had gone for a conference with the head of the private detective agency which he has employed could not be confirmed.

It was reported today that most of the men who were passengers in the "murder car" have left for other cities. Detectives are searching for trails.

The gang of gun men and black-jackers that killed Rosenthal is believed by detectives to have been produced by "Bald Jack" Rose under pressure of the "police system" which was seeking to effectually close the mouth of Rosenthal against further charges that gamblers had to divide their gains with policemen. Rose is a close friend of Lieutenant Becker who was yesterday removed as head of the "strong arm" squad which handled the gambling situation in the city.

District Attorney Whitman has enough information to convince him that Rose at the suggestion or knowledge of the police hired some of Jack Selig's gang of gun-fighters to make away with Rosenthal.

From William Shapiro, driver of the "murder-car" district attorney Whitman and private detectives employed by him, because he believes the police have shown no inclination to unearth the crime, have learned that after the shooting, the murderers loafed around the scene with no apparent fear of arrest. Shapiro has told enough details to cause the belief that the private detectives will soon round up the gang of gun fighters whom the police have promised to arrest, but have failed. That the gambling and murder plot will lead far deeper into the police department is now believed.

Shapiro said that he picked up Rose and two others by appointment on Fourteenth street and on the way uptown there were several changes in the party. Information regarding these changes was being withheld to day. Shapiro says after the men shot Rosenthal they put their guns into their pockets without haste and stood around for a time. After a while they went leisurely to the car and got aboard. The driver said that he went slow, hoping the police would come, but that one of the men pointed a gun at him and said "quit monkeying and roll along." He said the car went only fifteen miles an hour and that no chase was seen.

Going up fifth avenue one of the passengers said he was a fool to get scared as nobody was going to get into trouble because the job had been fixed and the police weren't doing anything. "Bald Jack" Rose who hired the motor car which carried the murderers to the scene of the crime was connected more directly with the case tonight by implications of Police Commissioner Dougherty. Rose had claimed that he was not responsible for the movement of the automobile. Dougherty said he talked with Shapiro, the chauffeur of the "murder car" and added:

"In spite of the fact that Rose says he dismissed the car, Shapiro says he did not." The tone in which this statement was made implied that he placed little credence in Rose's statement; that he got out of the car long before it reached the Metropole Hotel scene of the murder. Rose claimed he can prove an alibi for the time one hour before and an hour after the killing. Dougherty was asked if Lieut. Becker, the friend of Rose and the man Rosenthal had declared was in silent partnership with him, had been connected with the case. Lieut. Becker is a figure in this case mentioned in the newspapers and by various persons. He replied, "there is nothing tangible against Becker. Our inquiry has failed to prove the story that Rosenthal was called out of the hotel when he was shot. As far as we can learn he left the hotel on his own volition." Dougherty today conferred with

several persons believed to be considered as important witnesses in the case. Two of his visitors were elaborately gowned young women and another a young man. Their appearance seemed to relieve Dougherty of much anxiety. The identity of all was carefully guarded. "We have made good progress," said Dougherty after the visitors left, "first, we have the auto which was used in the murder; second we have the owner and chauffeur of the car; third, we have the man who hired it, and fourth we have all the movements of the car traced from the time it was hired until it returned to the garage."

While the police were busy with their end of the case the district attorney's office with private detectives was working along independent lines.

CHICAGO PARTY ON AUTO TOUR

IN TEXAS TO INVESTIGATE COTTON RAISING AND FARMING CONDITIONS

REPRESENT PRESS CLUB

Are Accompanied by B. Youngblood, Director of State's Agricultural Experiment Stations

Flying the colors of the Chicago Press Club from the hood of their machine which carried a banner inscribed "Chicago to Texas" a party of Windy City men reached Wichita Falls late yesterday afternoon having traveled 1284 miles since leaving Chicago a week ago yesterday.

They are accompanied by B. Youngblood, who has charge of the Texas State Agricultural experiment stations. The Chicago men are honorary members of the Chicago Press Club. David B. Clarkson, the millionaire book broker, heads the party. Mr. Clarkson owns a big cotton farm in the Corpus Christi country and is greatly interested in Texas. He is coming to Texas to see for himself the results of cotton growing experiments being conducted by Mr. Youngblood. The trip is being made in Mr. Clarkson's 60 horse power Premier.

The other members of the party with Mr. Clarkson here are A. Chapman, a Chicago landman and Kirke Townes, director of the Chicago Musical College; William Lightfoot Fischer, the veteran Chicago journalist and story teller, and Billy Way, a Texas boy who has won fame in Chicago as a pianist and monologist; will join the party in Dallas and all will go to College Station where the Farmers Congress convenes next week. The Chicago men are out to see Texas and enjoy themselves and in their enjoyment they hope others will rejoice.

They will leave at 4 o'clock this morning for Fort Worth via Jacksboro and Weatherford. They came yesterday from Chickasha, Okla., encountering some bad sand on the way. The first night out of Chicago they slept at Clinton, Iowa, and on succeeding nights at Marshallton, Ia.; Stansbury, Mo.; Emporia, Kansas; Enid, Okla., and Chickasha.

ROOSEVELT'S SPEECH IS AWAITED WITH INTEREST

Believed He Will "Cut Loose" When He Addresses Progressives At Chicago

By Associated Press. Oyster Bay, July 20.—The speech which Col. Roosevelt will deliver in Chicago on the first day of the progressive convention is expected to contain a number of surprises.

"At last," said the colonel, "I have a free hand." In the past, he said, he had been obliged to consider not only his own views, but the position of the party of which he was a member. No such restriction will be imposed in making his Chicago speech and, it is his intention to make his "confession of faith" in a frank and direct manner.

He mentioned the cost of living, which the Democratic party he said, was disposed to attribute principally to the tariff. "If the tariff should be cut off entirely," he said, "I am not sure that the cost of living would be reduced more than ten per cent, although of course there are so many conditions which work in together that it is impossible to determine definitely the influence of any one."

HOUSE MEMBERS SEE CANDIDATE

DEMOCRATIC REPRESENTATIVES MAKE PILGRIMAGE TO SEAGIRT SATURDAY

INTRODUCED TO WILSON

Congressmen Present Him With Autograph Book—Occasion Is Considered Unique

By Associated Press. Seagirt, N. J., July 20.—Champ Clark, speaker of the House, led his caravan of followers along the dusty roads of Seagirt to Governor Wilson's summer home here today. They came 116 strong from the House of Representatives in a special train to shake hands with the nominee and bid him God speed for the presidency.

It was the first time in the history of the United States that Democrats or Republicans in Congress had quit their work to dash across the country and hand the party's standard bearer. Governor Wilson met them on his walk and escorted Mr. Clark to the porch and there completed the welcome by grasping every pilgrim by the hand.

Mr. Clark had something to say and he did not wait until the long line had filed by and had its collective say. He held up the procession and told the governor they had come to see him and wish him well in his fight; that they had brought along their autographs in a little book to remind him some day that the Democratic majority of the House had closed up office and traveled down to Seagirt to get acquainted with the next president. Would he please take it?

The governor was quite confused as he looked over the crowd of expectant faces and started to speak. The words "died away" before they reached his lips repressed by a hearty cheer. The governor told them he would treasure the book as greatly as he had welcomed their coming and he wanted to say he hoped it was just the beginning of a long acquaintance.

There were two ways for a president to get along with the House, he said, he was to keep with initial touch with its members but to be concerned in its deliberations only; that would not be his way if he had the chance. After the governor ceased Mr. Wilson had come out to take her place beside him, the long line filed past, shaking hands with both. Representative Hughes of New Jersey introduced his colleagues to the governor. Speaker Clark stayed and chatted for fifteen minutes or more with the governor, then took an automobile to the home of Col. George Harvey at Deal Beach, where Miss Genevieve Clark, his daughter, is a guest.

After a photographer had grouped all about the lawn, they separated. Twenty-five or thirty went over to Asbury Park. A delegation of inland members treated themselves to a sight of the Atlantic a mile from the governor's home. Wilson sat preoccupied in a rocker on his lawn with Representative Hardwick of Georgia and Henry of Texas on either hand.

"We folks down south," Mr. Hardwick told the governor, "are for you but we feel that we are sort of out of the reckoning. Some of us talked it over on the train and we decided to go back and raise half a million dollars and give it to your campaign manager to spend where it is needed."

Afterwards Mr. Hardwick told the reporter he and his friends planned to have editors of country newspapers start a fund by popular subscription. Representative Cotteridge of Washington, at whose W. J. Bryan stays when in Washington said he thought the Nebraskan ought to come East some time in August and that Seagirt may get a glimpse of him then. The guests were served punch without any stimulating ingredient and with cake. After they had all greeted the governor and many had gone to the train. Representative Tubey of Missouri, and Francis of Ohio came up to say good-bye.

"Every Missouri representative in Washington came up," Mr. Rubeys said, "there is not any feeling now in Missouri against you. We want against you that didn't and we want you to come to our state and make a speech."

The train pulled out of Seagirt at 5:45 with Speaker Clark and nearly all the others aboard. An hour later the governor said:

"The day was one of the most delightful I ever experienced. The occasion was unique and for that reason was the most enjoyed and appreciated." At dusk he left to spend Sunday "in retreat" at the home of a friend not far away.

FORMER PRESIDENT OF MEXICO ARRESTED

By Associated Press. San Antonio, Texas, July 20.—Emilio Vasquez Gomez, for a short time provisional president of Mexico was arrested late tonight by federal secret service officers and taken before the United States Commissioner. At about the same time Francisco Guzman, Gomez private secretary and Dr. P. Ruede were taken into custody and Francisco Perez and Felipe Gerriman were arrested while boarding a train for El Paso. Manuel Marquez another of Gomez secretary was later arrested. The charges against all six men are violating the neutrality laws in setting under way a revolution against a friendly nation. None of the men were able to make bond and all were committed to jail. They will have a hearing Monday.

CONTRIBUTIONS TO 1908 FUND

BELMONT AND RYAN DID NOT MAKE DONATIONS, SAYS RIDDER

BRYAN'S WISHES OBEYED

No Money Accepted From Corporations—Treasurer Tells of Sources of Fund

By Associated Press. Washington, D. C., July 20.—Today's session of the Senate committee investigating campaign contributions dealt with the 1908 campaign. Hermann Ridder treasurer of the National committee in 1908 today for the inspection of the Senate committee the official report of the committee's receipts and expenditures he had filed with the New York secretary of state in 1908. J. J. Martin, private secretary to the Secretary of State produced the reports as its official custodian. The total receipts were \$629,644.77 and the total expenditures \$619,410.06 by the committee in the 1904 campaign.

Mr. Ridder told the committee how he raised the money for Bryan's last campaign in 1908.

"I was the largest contributor," Ridder said. "I gave \$37,000. Mr. Bryan made a rule that no one should contribute more than \$10,000. So \$10,000 was given in my name and each of my sons gave \$9,000."

"Did August Belmont contribute anything in 1908?" asked Senator Clapp.

"No, he did not," replied Ridder. Mr. Belmont had told the committee that he gave about \$250,000.

"Did Mr. Thomas F. Ryan contribute in 1908?" asked Senator Clapp.

"No, he did not."

"Might they have contributed to someone else?"

"No, replied Ridder, "to no one unless through Mr. Sheehan. No, I am quite sure they did not contribute through Mr. Sheehan because the amount he contributed was too small."

Tammany Hall contributed \$10,000, Mr. Ridder told committee and Robert Ewing of New Orleans collected \$37,000, mostly in five and ten cent pieces. The witness recalled, with the aid of the official record, that 25,000 names were enrolled on the list of contributors.

Senator Clapp remarked that Mr. Ridder every time he mentioned a Tammany man as contributor, he referred to him as a "good man."

"Do you mean to cast reflections on the other contributors?" asked Senator Clapp.

"No," replied Ridder, "but after Mr. Bryan's denunciation at Baltimore it seems necessary to explain the qualifications of Tammany men. I collected the money in 1908 and I am as sure not a dollar of it was tainted. No money was received from corporations for the campaign. I had distinct orders from Mr. Bryan that no money was to be taken from corporations."

"Have you any reason to believe that subscriptions by corporations were covered up by being made under a person's name," was asked.

"None," he replied, "the contributions were too small for that."

"Do you have any knowledge that money was given for campaign purposes through other agencies than the National committee."

"No, of course, money was given to State committees."

Mr. Ridder said he had nothing to do officially with the 1904 campaign nor the congressional campaign of 1906 and 1910 which are also under investigation.

George R. Sheldon treasurer of the Republican National committee in 1908 will probably testify Thursday.

NO CLEMENCY FOR TUFTS SENTENCE IS IMPOSED Los Angeles, July 20.—Gorham Tufts, Jr., the Oriental mystic and cult leader, convicted of having fraudulently obtained \$700 from his wife, formerly the wealthy Mrs. Roe of Fort Worth, was sentenced today to three years in prison. The sentence was imposed after Tufts pleaded for probation. He was convicted at his second trial. He was accused by his wife of having used a worthless power of attorney to obtain funds from her estate to promote various enterprises. Mrs. Tufts' charges were filed after her husband had brought into her home a "love slave" Charles Farwell, who was a witness in his defence. This "love slave" feature of Tufts' life was one of the factors which is said to have decided the probation officer to recommend no clemency for him.

60 KILLED BY REBELS

WRECK TRAIN AND KILL PASSENGERS, INCLUDING MANY SOLDIERS

DEAD ARE BURNED

Small Handful Escapes Alive and Unhurt—Many Are Wounded, Several Fatally

By Associated Press. Mexico City, July 20.—More than sixty are dead and many more wounded as a result of an attack by Zapatistas on a train between here and Cuernavaca, Morelos, early today. The relief train brought back only eleven passengers.

The military escort of fifty under command of a captain and two lieutenants first had warning of the proximity of the Zapatistas at Kilometer 67 a little beyond the station of Pararas, on the edge of the federal district, where a mine exploded overturning the engine.

As the train came to a stop about 500 rebels opened fire on the second class car in which the escort was traveling. All of them including the officers were killed with the exception of five badly wounded and two who escaped injury.

Thirty passengers in the second class coach were killed and many were wounded. In the first coach no one was killed, but five were wounded and may die. The conductor, an American, named Aller, is not expected to live. The rebels were killing the wounded and the passengers but were stopped by a priest who interceded with Genovevo de La O, the leader of the rebels and their lives were spared.

After ransacking the express and baggage cars the rebels poured oil on the car and putting the bodies of the dead in them set fire to the train. When the relief train arrived there was nothing but debris and a few passengers and wounded to tell the tale.

The train between Matamoras and Puebla in the state of Rubia was fired upon today and windows in the cars shattered, but so far as is known no one was injured.

ONLY HALF IS THRESHED

Average is About Fifteen Bushels Per Acre, Some Making Twenty-Eight

Frank Kell of the Wichita Mill & Elevator Company estimates the total wheat yield of Wichita county this year at 500,000 bushels. Only a little more than half of the crop has been threshed, he believes. While the grain is falling below weight in test, Mr. Kell says it is rich in gluten and has splendid flour making qualities.

George Wigham who runs one of the biggest threshing outfits in this section has already threshed 25,000 bushels of grain this season and has about that much more to thresh.

The grain is averaging more than fifteen bushels per acre. Some fields have made as high as twenty-eight bushels.

PROGRESSIVE PLATFORM ADOPTED IN MICHIGAN

Pledges Its Delegates To Roosevelt and Declares For Many Reforms

By Associated Press. Jackson, Mich., July 20.—The Michigan progressive party platform which was reported by the committee today denounced "the crime against popular government perpetrated in the National Republican convention," repudiated the Chicago convention's action, dedicated the convention to the "maintenance of those principles of social and industrial justice and equality of opportunity upon which the Republic is founded and which must endure and be transmitted into a rule for political conduct if the nation is to survive."

The platform "repudiates as unworthy of the confidence of the Michigan people any candidate now holding office who does not favor the progressive measures advocated by Theodore Roosevelt and who does not make open declarations of fidelity hereto."

It pledges the delegates to the National convention to Roosevelt's nomination, then declares for: Initiative, referendum and recall. Direct nominations and elections, state and nation.

Parcels post. Extension of postal savings bank. Government-operation and ownership of express and telegraph. Severance of diplomatic service from interests seeking to exploit defenseless nations.

Protective tariff for American industries and laboring men except where trade competition has been eliminated by monopoly and the tariff is employed to exact tribute from people and unjustly increasing living cost.

## Fired By One Road, Now Head of Another, Webb's Experience

To be "canned" from a subordinate position on one railway system and fourteen months later to become the directing head of another railway system comprising about 4000 miles—such is the deal W. A. Webb has received at the hands of fortune. Less than a year and a half ago he was assistant to vice president of the Colorado & Southern; today he is about to become general manager of the entire Katy system.

The dispatch published in The Times Friday and which seems to have ample confirmation, told of the promotion of Mr. Webb. It has been less than four months since his appointment to the position of general manager of the Katy lines in Texas was announced.

"Where Webb makes good," a prominent railroad man once told the writer, "is in picking good men to run the road and then letting them do it."

The Katy's new directing head has the reputation of being always "on the job." His store of energy seems to be inexhaustible and he couples it with rare good judgment. More than that, he has the knack of getting close to the men under him. While general manager of the Texas Central he more than once mounted the engine cab himself and fired up,

working side by side with the engineer. This has given a valuable insight into the details of railroading and has enabled him to see, perhaps better than any other railroad official, the employee's side of any argument.

Early last year, after having been for some time in the employ of the Colorado & Southern, Mr. Webb found himself out of a position. He went to New York and saw Frank Trumbull, and soon after was made general manager of the Texas Central which had a short time before become the property of the Katy. Mr. Webb threw all of his energies into the rejuvenation of the Texas Central and how well he succeeded is known to every railroad man. When, through the death of Edwin Hawley and the resignation of A. A. Allen, Frank Trumbull and P. E. Schaff came into the control and management, respectively of the Katy, Mr. Webb was made assistant to the general manager, his jurisdiction extending over the Katy's Texas lines. While his title is unchanged, the recent developments extend his authority to include all of the Katy properties from St. Louis south.

The subject of this article is 34 years old and looks younger. He is athletic of build, and "stacks up" well. He is genial and good-natured and generally "buman."

## TEST PRESCRIBED BY COMMITTEE

THOSE WHO HAVE BEEN DEMOCRATS FOR A YEAR CAN VOTE

### FORMER RULING CHANGED

Committee Takes Action After Hearing Letters Read From Attorney-General

White republicans who have undergone a genuine conversion and who will pledge themselves to vote for the nominees can vote in the Democratic primaries in Wichita county next Saturday provided they have not voted any other than a Democratic ticket in any election within the last twelve months. Participation in the Republican conventions, it is understood, will not be a bar provided the convert is ready to declare himself a Democrat.

The bars were let down this much to allow voters who have heretofore voted the Republican ticket to vote in the primaries. The restricting clause was made to cover only twelve months. This will allow former Republicans who voted that ticket two years ago to vote in the primary provided they are willing to declare that they are now democrats and will support the nominees of the primary. The resolution as adopted by the county committee Saturday will operate to keep those who voted the socialist ticket in the city election out of the primary.

At a previous meeting several weeks ago the committee had prescribed a test to be printed on the ballot which would limit the participants to white voters and those who had not voted any other than a Democratic ticket for two years previous to the primary.

A question was raised as to the validity of this test and Chairman C. C. Huff took the matter up with the attorney general's department, which ruled that county executive committees could provide additional qualifications to that provided by law provided they were not in conflict with the election law. After hearing the letters from the attorney general's department read, the committee adopted the following resolutions:

"Be it resolved by the Democratic executive committee of Wichita county that the election officers in each voting box in the county to prevent any voter from participating in primary except Democrats and that in addition to the qualifications prescribed by law, for voters in this primary, that the following qualifications be required of the voter:

"First that the voter be a white man.

"Second that the voter be a citizen who has not voted the ticket of any other party within the last twelve months.

"Be it further resolved that a copy of this resolution be placed with the presiding officer in each voting precinct in Wichita County, Texas, for the guidance of the election officers certified to by the chairman and secretary of the Democratic executive committee of Wichita County, Texas."

The correspondence with the Attorney General's Department follow:

Telegram—From Mr. Huff,

"Jewell P. Lightfoot, Attorney General, Austin, Texas. The Democratic executive committee of this county has prescribed the following test: 'I am a white man; am a democrat and agree to support the nominees of this primary. I further state that I have not affiliated with any other party within the last two years nor voted the ticket of any other party within the last two years.' Please wire me whether or not the executive committee has a right to prescribe such a test or should the test be as follows: 'I am a democrat

and agree to support the nominees of this party.' Answer by wire at my expense.

C. C. HUFF, Chairman Dem. Ex. Com.

Mead's Answer.

"Austin, Tex., July 16. C. C. Huff, Dem. Chairman, Wichita Falls, Tex. County committee has right to require voters to subscribe, to test given in your telegram but the only test that can be printed on ballot is 'I am a democrat and pledge myself to support the nominees of this primary letter as follows:'

"C. E. MEAD, Asst. Atty. Gen."

Letters From Mead.

"Mr. C. C. Huff, Democratic Chairman, Wichita Falls, Tex. Dear Sir: In confirmation of my wire of this date I beg to advise that the only pledge that can be printed on the official ballot is as follows:

"I am a Democrat and pledge myself to support the nominees of this primary."

"Section 103 of the election law authorizes county executive committees to prescribe additional qualifications for voters not in conflict with the general law. Under this provision I am of opinion that the Democratic executive committee by resolution could require each voter to sign the test when he offers to vote or in some manner satisfy the election officers that he comes within the provisions of the test suggested in your telegram."

"I handing you copy of a letter recently written by this department to Dr. Dunn which further discusses this question. Yours very truly

"C. E. MEAD, Asst. Atty. Gen."

"Mr. P. F. Dunn, Corpus Christi, Texas. Dear Sir: In reply to your favor of the 5th I beg to state that section 103 of the election law authorizes county executive committees to provide additional qualifications for voters in the primary election, which are not in conflict with the provisions of the election law. Where this is done it should be by resolution of the executive committee in regular session and their action should be certified to the election officers."

"Under this provision of law committees of various counties in this state have provided various tests for voters; for instance, some permit only white democrats to vote. It is certainly the intention of the law that no one except a democrat should be entitled to vote in a democratic primary election, and I find nothing in the law which would prohibit a county executive committee from requiring a reasonable qualification looking to the elimination of voters who are not in fact democrats. If the democratic executive committee should pass a resolution that no person should vote in the primary election who failed to support the democratic nominees in the last general election, I see nothing in the election law which would prevent this course. I am not discussing the wisdom of such a procedure, for we have nothing to do with the policy of the law or with the policy of any executive committee. I am merely dealing with the question from a legal standpoint. Yours very truly

"C. E. MEAD, Asst. Atty. Gen."

## LEAGUE SEASON TO END SUNDAY

JUST ONE MORE WEEK OF PLAY IN THE TEXAS-OKLAHOMA LEAGUE

### ARDMORE SEEMS WINNER

Doubtful If Either Sherman or Denison Will Be Able To Head Oklahomans Off

With just one more week of the Texas-Oklahoma League season remaining the chances seem to favor Ardmore for the honors for the second half of the season. The Oklahoma nine has a small lead over Sherman and is playing good ball. Denison has dropped to third and is probably out of the running, though she still has a fighting chance.

Games at Denison, Bonham and Ardmore will end the season for Wichita Falls the last game being scheduled for next Sunday at Ardmore. That the team will wind up in fifth place seems certain, as Bonham is too far ahead and Durant is too far behind.

Arrangements for the play-off series cannot be made until it is known who the winner of the second half is. It had been hoped that Denison would cop first place, as that would have assured much better crowds than are possible at either Sherman or Ardmore. Wichita Falls has been playing very mediocre ball during the second-half and has seemed content to rest upon the laurels which she won so handsily in the first-half.

## The GREATEST PLAY I EVER SAW

### AS TOLD TO Hugh S. Fullerton

By "KITTY" BRANSFIELD.

First Baseman Philadelphia National League Team and One of the Oldest and Steadiest Players in the National Game.

Doolan, our shortstop, has pulled off more remarkable plays than any man I ever knew, and I think he made the greatest play that ever was made on any field. At least it was the greatest play I ever saw, and I've been

### "KITTY" BRANSFIELD.

along here watching other fellows make great plays long enough to be given a guess at the greatest play, anyhow.

The play he made was, in a game against Boston a couple of years ago, and for quick thinking and acting I believe it was the most wonderful ever accomplished.

The game had been rather lagging along, and we were leading by a couple of runs and seemed to have it won. Earl Moore was pitching, and with two runs to the good and everything quiet and machine-like, it looked as if it would run out that way, and end in a tame victory for us. When things are running smoothest in baseball is just the time to begin to look out for explosions, and the explosion came in the eighth inning, with two out and no one on the bases. Some one reached first. I forget who it was, but with two runs to the good and Moore going in his best form, one man on first and two out it did not look bad. Then things broke. The next batter hit a three-base hit to center field, scoring one run. The ball shot crooked off the center field wall and Titus, who had cut across to help the center fielder—Bates—out, got it first because the ball bounded off the wall in his direction, and whirling, he hurled the ball back to the infield, intent upon keeping the batter from going home and tying the score. There really wasn't a chance for the batter to make a home run inside the grounds, unless some one tumbled the ball in the outfield or the relayed throw was fumbled. The throw came to Doolan, who had run way out into center to meet the ball and relay it home—as we thought. But Doolan didn't relay it home. He was running toward centerfield with his back to the play when he caught the ball. Instead of whirling and throwing home, or bluffing to throw home, he snapped that ball backhand straight to third base and caught the runner.

He had figured while the ball was coming to him that the runner would make the turn at third base toward the plate, then stop and see whether or not the ball had been fumbled or muffed as it was thrown back. He knew to an inch how far the runner would go, and knew if he turned to make a throw the runner would beat the ball back to the bag, so he made the backhand throw without looking and caught the runner, saving the game for us. The runner was so astonished he never even tried to get back to the base, and he did not credit any one with the quick thinking and ability to throw that way. To me it was the most wonderful play I ever heard of, as it showed brains as well as mechanical ability.

## WICHITA FALLS TAKES FIRST GAME AT DENISON

Contest is Featured By Heavy Hitting and Loose Fielding. Denison Uses Three Pitchers

Special to The Times.

Denison, Texas, July 20.—Wichita Falls put a decided crimp in the Katydids' pennant hopes here this afternoon when she defeated the locals 5 to 3, in a game featured by heavy hitting and close playing. Baxter was wild, but pitched good ball in the pinches.

Score by Innings:

Denison	5 11 3
Wichita Falls	3 10 3
Batteries:	Clark, Green, Kerlin and Bobo; Baxter and White.

### WITH ARDMORE FAR AHEAD, DURANT FORFEITS GAME.

Special to The Times.

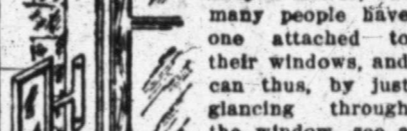

Ardmore, Okla., July 20.—Today's game was a present to Ardmore, being forfeited by Durant. In the seventh inning, with the score 6 to 0 in favor of Ardmore, Manager Harper of Durant ordered his men off the field and Umpire Pennell awarded the game to Ardmore.

Some fellows borrow trouble and others won't even take offense.

Some people seem to have an idea that he who laughs best laughs last.

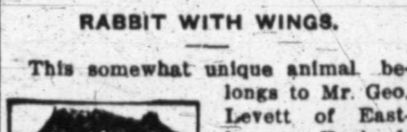

### "PAUL PRY" CONTRIVANCE.

Outside the window seems a peculiar place to keep a mirror, but many people have one attached to their windows, and can thus, by just glancing through the window, see a long distance up the street. It is also useful for notifying the mail carrier, and a great convenience in the matter of excluding undesirable visitors.

### RABBIT WITH WINGS.

This somewhat unique animal belongs to Mr. Geo. Levett of Eastbourne, England. The rabbit is living and is twelve months old. It has seven legs, although the extra ones are of no use whatever. The wings can be moved by the rabbit, but, of course, it cannot fly. The wings measure from tip to tip 26 inches in length.

### BOON COMPANIONS.

On the shell of the hermit crab is often found a small sea-anemone, and these two creatures are excellent messmates. The hermit crab drags the anemone about, and so enables it to find fresh food, while the anemone, when the crab is at rest, spreads its tentacles out, and so effectually screens the crab from observation that he can take a siesta undisturbed.

### DOUGHNUTS.

Doughnuts differ probably as much as bread, which leaves a wide margin, but they are all made of fine white flour with much lard and fried in boiling lard, and the combination is bad. No fried food is good, because of the excessive heat and because lard, bad enough, is made worse by frying. Eggs made crisp in a pan and coated with lard or butter, which prevents access of the digestive fluids are digested with difficulty. Robust men may think that they can afford to squander vital energy for digesting such foods. Instead of using it in their business, but invalids and children should be spared such infliction. It has been said that while the optimist sees the doughnut the pessimist sees the hole, but a larger view sees the whole, and reverses the judgment.

As we understand the situation, it was American money that made the Panama Canal possible. Nor a cent did any other nation put up. Under such circumstances, will some one better informed than the editor of this paper makes any pretensions to be please tell us why it was necessary for the United States to obtain the consent of England to the purchase of the property, and also England's consent to dig the canal. Also, after it is finished, why can't Uncle Sam do as he pleases with it? By the terms of the treaty vessels flying the American flag are to enjoy to greater privileges than the vessels of foreign nations. The only fun, apparently, that the American people are to get out of the deal is that of taxing themselves to pay for the canal. But don't this understand us. It may be a question that requires the brains of a great diplomat to figure out, but to us, it looks very much like a game of "tails I win; heads you lose."

There seems to have been some misconception applied to that part of our article on boot-legging in last week's issue where it referred to: "The writer was TOLD this week that an officer had made the rounds warning all joints of the grand jury move in session and advising them to close up until the session is over," etc. This article did not refer to the present County Attorney T. R. (Tom) Boone or County Judge C. B. Felder, who are up for re-election, as some people have imagined. We do not wish to place these gentlemen in a wrong light and we make this explanation for that purpose.—Electra News.

The Times is requested to reproduce the above for the reason that it printed a part of an article printed by the Electra News of last week. Neither Judge Felder, County Attorney Boone or any other county officer was named. The article above, however, in the judgment of the Times, should state explicitly what county officer was referred to. Inasmuch as it does not, we must conclude that the Electra paper was not justified in printing what it was told, without giving its authority or naming the officer implicated. As the Times views it, neither Judge Felder or County Attorney Boone were reflected upon more than any other county officer. However, any one of the county officers would have been justified in demanding of the Electra News the name of the person from whom it got its information.

As we understand it, the esteemed Galveston-Dallas News agrees with Mr. Bryan and doesn't want the support of Tammany Hall and of its chief, Mr. Murphy, in the coming campaign. It may be that Democracy can win without New York's vote, we don't know; but, with the forty-five electoral votes of that state in the hands of Democratic electors, we would feel much more certain of a Democrat occupying the White House for the next four years.—Denison Herald.

As you understand it you are wrong. The News and, we assume, Mr. Bryan want the support of Tammany in the elections. We want the support not only of Tammany, but of all the disgruntled Republicans, all the recalcitrant prohibitionists and all the free will Socialists. We want the support

of every voter who wants to vote our ticket. But we don't want to bargain for anybody's vote. Tammany's or any other, by promising special privileges in exchange for support, by bartering offices for ballots or trading governmental sympathies for organized assistance. We want to elect Gov. Wilson to the presidency without in any manner subverting his allegiance to all the people. We want a President to administer the laws, not one merely to dispose of the offices. We want Tammany to help us elect a Democratic president, but we don't want Tammany's support if we have to promise Tammany any more than we promise the people as a whole. Do you get us?—State Press in Dallas News.

Most of us will agree that no candidate for governor can afford to make the race for that office who is not in a position, financially, to pay out from \$5000 to \$12,000 as campaign expenses, and even if he is successful in landing the office, (if he is an honest man) he goes out at the end of his term (two years) with less money by several thousand dollars than he had before he was elected. For that reason, the term should be extended to cover four years instead of two. That would give the man who succeeded in securing his election to get back at least as much money as he had been out for campaign expenses. Texas, in area is the biggest State in the Union. Its population she is fifth, and everything considered, Texas can well afford to raise the salary of the governor's office and lengthen the term to four instead of two years. As it is now, only those of our public men of the statesman class who can afford to make a financial sacrifice, will offer as a candidate for the office. If the term was extended and the salary doubled making it so that no governor could succeed himself, the State of Texas would fare better. Of course, there are many who will say that two years is long enough for any one administration, and doubtless there are some who will contend that even a two year term for some administrators is longer than it should be, but Texas has done fairly well under the administration of all her governors. We all must and will admit this fact, except in the heat of a particular campaign, such as is now on. In fact, our campaign is hardly finished before another is being planned, and things are almost constantly in a muddle and stir.

### RIGS ARE BEING ERECTED ON LUKE WILSON RANCH

The San Company is putting its first rig on the Luke Wilson ranch in Archer county. The location is five miles north of the Archer county courthouse. The Guffey Company is reported to have struck a flow of salt water at 3610 feet in one of its wells drilling on the Cowan ranch in Archer County. The water is being cased off and drilling will be continued. The latest detailed reports from the wells at Electra show the daily prod. At the present price of 75 cents per barrel over \$250,000 is being paid for oil at Electra every month. Last week's advance in price found more than a million barrels in storage at Electra.

### IMMEDIATE RELIEF NOT LIKELY ON COTTON RATES

Chicago, July 20.—Congress may be asked to pass a special enactment enabling the Interstate Commerce Commission to handle the controversy over the shipment of cotton through Galveston. This suggestion was made today by Chairman Chas. A. Prouty of the Interstate Commerce Commission in the hearing of the complaint of the Galveston Chamber of Commerce. "I don't see how the commission has jurisdiction to act at once in this case and in time to be of any service to the present crop," Mr. Prouty said.

If you can sight a great crisis every half hour, people will soon cease to take you seriously, and label you as a false alarm.

### LEADERS OF NEW PARTY CONFER AT OYSTER BAY

Roosevelt Says Many Matters Will Be Left To States—Denies Reports of Discord

By Associated Press. Oyster Bay, July 20.—"Home rule" is to be the policy in the formation of the National progressive party. After a long conference with leaders from a number of states, Col. Roosevelt said tonight each state would work out its own problems. "Is there any truth in the report of serious discord in several states?" he was asked. The colonel laughed. He denied there was foundation for the report and referred to the spirit in which the movement was begun as shown at its birth in Chicago as evidence that there was no room for any serious differences.

### PACKERY DISSOLUTION IS BEING CONSUMMATED

National Company's Existence To End Soon—Disintegration Plan Must Be Approved

By Associated Press. Chicago, July 20.—A formal statement showing the methods of distribution of the National Packing Company assets, a declaration that the company had been dissolved, was presented to Federal Attorney Wilkerson today. Counsel for the packers assured the federal official that the distribution of the assets had already taken place and told him that complete details would be presented soon. The proposal to dissolve the organization around which the federal authorities allege, a criminal trust had been built, will be carefully scrutinized before it is approved. "There will be no paper dissolution of the National Packing Company," said Mr. Wilkerson, "the disintegration of the holding organization must be a real matter." A draft of a bill seeking dissolution of the company is in the district attorney's office, ready to be filed.

An old broom can sweep clean enough if the thing is in politics.

### Wanted—Candidates. Apply at Electra the 24th

While the average citizen is dodging candidates for all he is worth, the residents of Electra are not only not dodging them, but on the contrary are going after them. They have arranged for a public meeting Wednesday night at 8 o'clock and they want all the candidates to be there and explain about themselves, where they stand, and why, and what their names were before they came to Texas and answer similar intimately personal questions. The invitation includes all the county and district candidates and it is probable that there will be very few who fail to respond to the summons.

These are strenuous times for the candidates. They have, for the most part, finished visiting the smaller rural communities and are devoting their energies to the larger cities. In reaching the smaller places, the candidate usually hires a horse and buggy and make, his rounds that way. When he gets to where a threshing outfit is stationed, he introduces himself all around hurriedly and passes on before they offer to put him to work.

All of the candidates have the situation figured out to a nicety just now and each of them is sure that all that remains to be done is to count the votes and extend sympathies to the other fellow. But the probabilities are that when the old boat steams for the biennial trip up Salt River next Saturday, the passenger list will be about as full as ever.

### SOME IMPROVEMENT IN CONDITION OF EMPEROR

Ruler of Japan Believed To Have Chance For Recovery—Illness Serious

By Associated Press. Tokyo, Japan, July 20.—Some improvement was noted in the emperor's condition this morning. He was able to take a little nourishment during the night. His temperature at midnight was 102. All Tokio is silent tonight. Theatres and other places closed in deference to the ruler's illness. Late in the evening there had been no change in his condition. He remained semi-conscious. Physicians have not abandoned hope for his recovery. He was stricken late Friday while conversing with his consort.

The critical illness of the emperor is causing gravest anxiety. The court physicians have pronounced the case acute nephritis with alarming symptoms of uraemic poisoning. It was believed the emperor was sinking and all the ministers of state assembled at the palace, but his majesty rallied somewhat. During the night his temperature subsided appreciably and he was able to take a little nourishment. At eight o'clock this morning the secretary of the imperial household said that his majesty's condition was unchanged. He was sleeping at 5 o'clock and was very weak.

### MORAN LOSSES BOUT ON DECISION OF REFEREE

By Associated Press. Los Angeles, July 20.—Fencing whatever fighting there was for nearly nine rounds of a twenty-round bout Owen Moran of England was disqualified for using his elbow in clinches and the decision awarded by Referee Eytan to Jack White of Chicago. The abrupt ending of the fight was received with mingled cheers and groans. Moran did nearly time was spent in fainting and raving, all of the leading. Fully half of the time was spent in fainting and raving, Moran being the pursuer. While White had the best of only the seventh when he landed three left swings on Moran's head.

### ABSENT 25 YEARS, FINDS CITY HAS ARISEN HERE

George Antrobous of Clarendon Comes Back After Quarter of a Century

Returning to Wichita Falls yesterday after an absence of twenty-five years George Antrobous of Clarendon, couldn't believe it was the same town he left in 1887. He wasn't convinced until he ran across J. C. Ward, who was here before there was any Wichita Falls; he said that Ward and some of the other old timers had changed much less than the town. Mr. Antrobous after leaving Wichita Falls in the eighties went to Clarendon where he built the first house in that town. He is now engaged in the hardware and harness business and from appearances is prospering. He is on his return from a trip to the north and stopped off here to spend several days looking up old friends.

The things we don't do cut quite as great factor in our happiness as the things we do.

NO DISSOLUTION IS RECOMMENDED CHAIRMAN STANLEY MAKES DENIAL ABOUT STEEL COMPANY REPORT IS AGAINST INTERLOCKING Will Seek Amendment Preventing It In Industrial Directorates. Other Changes Planned By Associated Press. Washington, D. C., July 20.—Chairman Stanley of the House committee on steel trust investigation today authorized a denial of reports that the committee would recommend the dissolution of the United States steel corporation. He declared he believed that the report, given out to that effect had been circulated to affect the New York stock market. Stirred by recent publications of what purported to be portions of the committee report or recommendations Mr. Stanley today declared he could no longer be silent and would from time to time give to the public the conclusions of his colleagues on the committee. He says the committee agreed that no recommendations for dissolution would be included, when the government suit against the corporation was filed. Some of the things the Democrats on the committee have agreed on are that, hereafter, the reports of the office of the commissioner of corporations shall be open to Congress. They will propose to amend the act creating the Department of Commerce and Labor to make the investigation of the bureau available to Congress as well as the president. They have agreed to a bill to prevent any stockholder or official of any locomotive, car, coal, ore or steel company from serving as a director on any interstate commerce carrier. They admit such a statute will not prevent interlocking ownership, although it may stop interlocking directorates of the big industrial and railroad companies. The majority of the committee also has agreed to the proposed amendment of Section 4 of the Sherman act giving an injured party the right to sue on equality with the government to enjoin a conspiracy in restraint of trade. As the law stands the injured party may sue for triple damages. Representative Littleton of New York is said to be opposed to the efforts of Chairman Stanley to write an interpretation of "reasonable and unreasonable" restraint of trade into the law. The proposed amendment would put the burden of proof on the defendant. Mr. Littleton holds that would do violence to fundamental law. Stanley is sure there is a "leak" which is violating his report. He is unable to locate it. He thinks that puerneal publication indicated an attempt at a bear raid on steel stock. Mrs. L. B. Hardesty, district organizer for the Royal Neighbors of America returned Thursday morning from Electra where she had been on official business for that popular order. While there she appointed Mrs. C. L. Aven as local deputy for that place. It is possible to get good advice free; much easier than to take it, it seems.

SHERIFF MAKES ARREST OF ALLEGED HORSETHIEF Pretends to Be Prospective Buyer and Takes Man Into Custody—Is Held Here. A man who gives his name as W. J. Robertson and says he has been working in Palo Pinto county was found at a local wagon yard Saturday morning by Sheriff Randolph in possession of an animal stolen in Eastland county the first of the week. He is being held to await the arrival of the sheriff from Eastland who is now on his way here. Sheriff Randolph received a card giving a description of the horse stolen Friday, yesterday morning Robertson rode into town and offered to sell the horse he was riding at a wagon yard. Sheriff Randolph pretended to be a buyer and took the man into custody. Robertson says he traded for the horse on the road between Mineral Wells and Graham last Wednesday. He admits that the horse tallies exactly with the description of the horse stolen. It is fairly easy for a good football player to get through college, but not so easy for him to get along thereafter. Notice. Then elect delegates to state convention, to meet at Waco, August 13th, 1912. L. H. CROW, Chairman S. I. KNIGHT, Sec. 59-11p

His business was to arrange for a passenger train to be operated by the construction company out of Woodward until the line is taken over by the railroad company. He also arranged for the operation of two freight trains over the extension. Heretofore all the business has been taken care of with one mixed train, but the movement of the crops has made the passenger train and two freight trains necessary.

Take Off Your Coat, Says This Wichita Pastor

According to the announcement of Rev. F. F. Walters, pastor of the Christian Church of this city, coats are no longer a necessary article of attire for members of his congregation. He has invited all his male hearers to "shuck" and stay shucked while they are in his church and it is probable that there will be few who do not take advantage of it. Time was when shirt-sleeve sermons would have been considered as few other things besides. In that day you sat in church and fanned yourself the best you could. Electric fans were not considered quite the thing in those days, either, and references to the high temperatures of the hereafter held out no terrors to the listeners. Since then, the electric fan has been installed in many churches, and now you can go to church without your coat, and stay perfectly cool and comfortable. The innovation promises to be a popular one here. At the Christian Church, you can always hear a mighty good sermon and keep cool and that's all anyone can ask these days.

SUNDAY MORNING EDITION

VOLUME VI

WICHITA FALLS, TEXAS, SUNDAY, JULY 21st 1912

NUMBER 59

## SOCIETY

### Morning Forty Two Party.

On account of the warm weather that has been prevailing in this section for the last several weeks, morning parties are becoming more and more popular in social circles, and two or three of them were given last week. Among these, by no means the least enjoyable was a Forty Two party given by Mrs. O. T. Bacon on Burnett street last Wednesday morning from nine until eleven o'clock in honor of the visiting girls, Miss Ruth Woodhouse of Detroit, Mich., Miss Agnes Stanforth of Gainesville, Texas, and Miss Marguerite Minter of Guthrie, Texas, all of whom have now returned to their homes. About twelve young ladies were present. Before the games of Forty Two were played, refreshments of serbet and cake were served, and at the conclusion of the games, following a cut, Miss Mabelle Jackson was presented with the souvenir of the occasion, which was a beautiful silver spoon. All of the guests united in voting Mrs. Bacon a most charming hostess.

The guests were Misses Ruth Woodhouse of Detroit, Agnes Stanforth of Gainesville, and Marguerite Minter of Guthrie, the honorees, and Misses Kathleen Blair, Bertha May Kemp, Bess Kell, Mabelle Jackson, Annie Carrigan, Gertrude Orth, Mary Orth, Edith Mathis and Audrey Adickes.

### Miss Jewel Kemp Entertains.

On the lawn of the Kemp residence at 1200 Indiana avenue, Miss Jewel Kemp assisted by her sisters, Mrs. Newton Maer, and Miss Bertha May Kemp, and by her mother, entertained a number of her friends with a watermelon feast last Friday evening. The affair which was somewhat unique in conception, proved a most enjoyable one and it is hoped by those who were present that a number of similar feasts will be held in the near future.

Illumination sufficient for the occasion was furnished by electric lights hanging from the trees in the yard. Mrs. J. A. Kemp presided at the punch bowl. The guests were seated on rugs, pillows, or benches arranged on the lawn, where they were served with large and delicious slices of watermelon. Following the serving of the melons, several watermelon fights took place, these being very amusing to those who did not take part in them. Those present were Mr. and Mrs. W. N. Maer, Mr. and Mrs. Mark Walker, Mr. and Mrs. Montagu Stanforth, Misses Fannie Smith of Fordyce, Arkansas, Mabelle Clopton, Lois Bell, Laura Bell, Helen Beavers, Willie May Kell, Adalyne Gibson, and Messrs. Walter M. Priddy, Claud Maer, E. F. Mittman, C. V. Durland, Lamar Fain, Tod Haigler, Cliff Gibson, Jonette Bonner, Sid Stanforth, W. H. Felder, W. N. Bonner and Marvin Smith.

### Children's Party.

McCauley, entertained a number of the young friends of little Miss Mary Francis Collier and of John Rhea Duke at the Collier home, 904 Lamar avenue last Friday afternoon from five until seven thirty o'clock. The children blew soap bubbles, played drop the handkerchief, running around the rosy, and other games. Refreshments of ice cream and cake were served. Miss Ruth Bulloch presided at the punch bowl, which was placed at a convenient point on the lawn. Those present included Mary Francis Collier and John Rhea Duke, the honorees, and Hortense Horten, Mary Kay, Edna Kay, Ollie Kay, Louise

Kay, Lida Joe Horten, Mazo Pickle, Anna Ruth Kahn, Catherine Lynch, Jaunice Harrington, Marietta Hunt, Catherine Marcus, Dell Marcus, Helen Grisham, Flora Bruce Greenwood, Bulah Gardner, Mary Ashmore, Mary Meredith, Elizabeth Carrigan, Maurine Smith, Margaret Smith, Dorothy Dalton, Leona Fruehloof, Grace Thatcher, Nolan Bulloch, Elton Felder, Field Scovall, John Thomas McGee, and Darrell Kahn.

### Surprise Party.

Misses Lucile Hagy and Audrey Adickes engineered a surprise party to the home of Miss Dorothy Beavers on Eighth street last Thursday night, and that young lady was taken completely unawares. Each member of the party took with them some candy, cake, or fruit, so that refreshments for the occasion were provided. Talking, the playing of games, music, and other things helped to pleasantly pass the time away. Those present were Misses Pauline Richard, Lucile Hagy, Audrey Adickes, Lillian Fain, Lillian Bell, Beryl Murph, Berneice Jackson, Abbie Thompson, Della Stayton, Dorothy Beavers, Helen Beavers, and Messrs. Joe Kell, Joe Carrigan, Alfred Carrigan, Austin Self, William Robertson, Ralph Pond, Markham Ferguson, Otis Nelson, Clyde Smith, Earl Fain, and Charley Nolan.

### House Party at Lake.

Miss Kathleen Blair and her brother, Wiley Blair Jr., were host and hostess at a house party in a cottage at Lake Wichita beginning on Friday July 12th and lasting until Monday of last week, the affair being in honor of Miss Ruth Woodhouse of Detroit and Miss Agnes Stanforth of Gainesville, both of whom were guests of Mr. and Mrs. Wiley Blair and family. The house party was chaperoned by Mr. and Mrs. Montagu Stanforth and was replete with novelty and enjoyment. Swimming, boating, fishing, automobile riding and many other forms of amusement were features and the guests were treated to one continual round of enjoyment from morning until night. Those who continued at the lake during the entire time were Mr. and Mrs. Montagu Stanforth, Misses Ruth Woodhouse, Agnes Stanforth, Bess Kell, Bertha May Kemp, Kathleen Blair, Della Stone and Messrs. Wiley Blair, and Robert Huff. Among those who came out from town to attend the house party at intervals were Earnest Fain, Cliff Bulloch, Merrill Blair, Leroy Schuerer, and several others.

### Hay Ride.

Among the enjoyable events in society for the younger set last week was a hay ride given by Mr. and Mrs. Frank Blair last Monday night in honor of Miss Kathleen Blair's guests, Miss Ruth Woodhouse of Detroit, and Miss Agnes Stanforth of Gainesville.

A large wagon padded with quilts and blankets had been secured for the occasion and filled with young ladies and young men this vehicle left the Blair residence on Eleventh street about 9 o'clock and after circling through the business part of town went through Floral Heights and out into the country for a short distance. Mr. and Mrs. Montagu Stanforth acted as chaperones, and were present during the hay ride. Mr. and Mrs. Wiley Blair and Mr. and Mrs. Frank Blair, although they did not accompany the party on the

hay ride, were present at the house afterwards.

Soon after returning to the Blair residence refreshments of ice cream and cake were served. Those present included Misses Ruth Woodhouse and Agnes Stanforth, the honorees, Misses Marguerite Minter, Kathleen Blair, Bertha May Kemp, Bess Kell, Mabelle Jackson, Della Stone and Messrs. Merrill Blair, Wiley Blair, Leroy Schuerer, Earnest Fain, Jake Avis, Bentley Bacon, Robert Huff and Jerome Stone.

### Cammack-Randall Announcement.

Friends in this city have received invitations conveying the information that "Mr. and Mrs. George W. Randall announce the marriage of their daughter, Lavinia to Mr. Addison Irwin Cammack, Wednesday, July the seventeenth, nineteen hundred and twelve, at Waco, Texas. At home after August 15th in Waco, Texas."

Miss Lavinia Randall is well known here and has many friends who will remember her as one of the most popular teachers in the Austin school during last year. At the end of the term she was not a candidate for re-appointment and those with whom she was most closely associated here are not at all surprised to receive announcements of her marriage. Rev. and Mrs. J. P. Boone of this city attended the wedding.

### Gertrude Orth Entertains.

One of the most enjoyable affairs in society during the past week was a Fifty-Five Party given last Friday morning by Miss Gertrude Orth at her home 1101 Tenth street she being assisted in the entertainment by her sister, Miss Mary Orth and by Mrs. Jesse Dolman. While the games were being played candies almonds with punch constituted refreshments which were served to the players and afterwards grape salad, ice tea, sandwiches and other dainties were served by the hostess and her assistants.

In a cut Miss Mable Simpson was the fortunate contestant for the favor of the morning and was presented with a beautiful hand embroidered gown as a souvenir of the occasion. Mrs. Jesse Dolman received a potted fern as a consolation prize. Those present included Misses Fannie Smith of Fordyce, Ark., Annie Carrigan, Mable Simpson, Lillian Avis, Della Stone, Lois Bell, Laura Bell, Bess Kell, Grace Nolan, Bertha May Kemp, Mabelle Jackson, Jewel Kemp, and Mary Orth, who with Mrs. Jesse Dolman, assisted Miss Gertrude Orth in the entertainment.

Punch was served at intervals throughout the evening, and at about 10 o'clock those present might have been seen busily engaged in eating watermelon. After enjoying themselves on the lawn for some time most of the guests accepted an invitation to enter the parlor where music on the piano by Harry Jones, and music on the Victrola were features of entertainment. Dancing was enjoyed by some. Those present included Misses Ruth Woodhouse of Detroit and Agnes Stanforth of Gainesville, the honorees, Misses Marguerite Minter of Guthrie, Texas, Bess Kell, Kathleen Blair, Della Stone, Annie Carrigan, Mabelle Jackson, Edith Mathis, Gertrude Orth, Mary Orth, Grace Nolan, Ethel Frieser, and Messrs. Webb, Mr. and Mrs. Luther Webb, Mr. and Mrs. C. M. Down, Mrs. D. J. White, William Huff and others. Most of these returned with the bride and groom Tuesday night. ## WHEAT, CORN AND COTTON IN THE BYERS SECTION.

Byers Herald.

The large amount of wheat that is coming to Byers at this time is surprising to most every one. When harvest time began all old heads of this country thought the crop would be cut short by half, but such was not the case by any means. Many fields are making 25 bushels per acre and some are making more than that amount; with an average of about 20 bushels per acre. The larger per cent of this wheat is making a pretty fair test, running from 53 to 58, however there is some that is not testing that much, but it is a very small amount.

Prospects for a big corn crop is indeed flattering. The late corn is at this time needing rain, but the old corn is almost made, and there is lots of it too. Of course, if we should get a rain in the next few days it will make corn much heavier, at the same time there will be more raised here than will be needed in this section, with possibly many cars to ship.

Cotton is also looking fine for this time of year. It has been several years since Byers has had as fine prospects for a big cotton crop.

## ANSWER IT HONESTLY.

Are the Statements of Wichita Citizens Not More Reliable Than Stangers?

This is a vital question. It is fraught with interest to Wichita Falls.

It permits of only one answer. It cannot be evaded or ignored. A Wichita Falls citizen speaks here.

A citizen's statement is reliable. An utter stranger's doubtful. Home proof is the best proof.

Program Is Made Public For Lakeshore Encampment

Rev. John E. Roach

Rev. J. E. Roach, manager of the Lake Shore Assembly, which opens here July 29th, was in the city yesterday making final arrangements for the big gathering of Southwest Oklahoma and Northwest Texas Methodists.

He said that much advertising had already been done and that already a number of requests for accommodations had been received from various sections.

"We have tried to make the program instructive and at the same time as entertaining as possible," said Rev. Roach. "The evenings will be given over to popular addresses after the modern Chautauqua plan. Music will be a prominent feature. The Southwestern Quartette which gave such excellent satisfaction last year will fill an engagement at the coming assembly. The Jones sisters, a ladies quartette of rare ability will give recitals to evening entertainments. This quartette accompanied the Daughters of the Confederacy to the reunion at Marion and distinguished themselves and added honor to the state. Mrs. H. A. Hudgnet, a soprano soloist, has been engaged to sing each day during the assembly.

"Bishop Mopson is a speaker who needs no introduction in Wichita Falls. All will be glad to know that he is to have a prominent part in the assembly."

"Rev. H. M. Dubose of Augusta, Ga., is another gifted speaker who will be with us. "Dr. Knickerbocker who will interpret Shakespeare characters, is a powerful impersonator. He is said to be able to break a congregation into tears at the first sentence."

"Many of the others on the program are of equal prominence and some of them are well known in Wichita Falls. I think we have really succeeded in getting up a program that has rarely been equaled. The assembly will furnish intellectual, food, uplifting spiritual influences, healthful outdoor exercises and pleasant associations."

# HOME RULE BILL IS NEAR VOTE

**ACTION LIKELY TO BE TAKEN BY PARLIAMENT BEFORE SUMMER ENDS**

## ARE MANY AMENDMENTS

**Question of Whether One House or Two Shall Be Allowed From- ices Debate**

By Associated Press. London, July 20.—The Government, urged on by the Nationalists, has decided that faster progress must be made with the committee stage of the Home Rule Bill.

The bill went to the committee of the whole house on June 11, and although four days have since been given to consideration of the amendments offered even the first clause has not yet been passed. This was largely due to the fact that the Government gave the members their own time for discussion and no attempt was made to introduce either the "guillotine" or "kangaroo closure," two means which the minister in charge has of shortening the debate. That one of these means must and will be introduced goes without saying as otherwise the opposition could block the bill forever.

The kangaroo will probably be adopted, as it leads to less friction. To do this a resolution is passed by the House in ordinary session empowering the chairman of the committee to pick out what amendments he believes to be most important and allow discussion on them, skipping all the rest.

The guillotine is more ruthless. The minister in charge of the bill simply moves the closure when and where he likes and discussion must stop.

The first and most important amendment was introduced by Mr. Agar-Robartes, a Cornish member, who like many non-conformists of Cornwall, fears that his fellow-religionists would not receive fair play from the Catholic majority in Ireland. He moved that the Northwestern counties of Ulster, Antrim, Down and Londonderry should not be included in the operations of the bill. On this amendment the Government's majority dropped to 69, but this was largely due to the absence of 16 labor members and no fewer than 11 Liberals, either through illness or being engaged in labor disputes and by-elections in the country. Five Liberals, however, actually voted against the Government. These were Mr. Agar-Robartes and his colleague from Cornwall, Sir Clifford Cory, who is a pronounced anti-Home Ruler, and three Scotch Liberals, who have heretofore been counted among the supporters of Home Rule. These latter, like Mr. Agar-Robartes, having registered their objection to Protestant Ulster being included, will probably support the bill through the rest of its stages.

Among the Irish Unionists themselves, outside the House, there was a decided difference of opinion on the advisability of this amendment, although it received the full support of the Unionists in the House. There is a large body of Unionists opinion in Ireland that believes that should Home Rule come, the Nationalist party would be split into two camps. Radical and Conservative, the former led by Joseph Devlin and the latter by John Redmond, and that the control of the Dublin legislature would fall into the hands of the Ulster and Dublin business men, and therefore, it would be advantageous to have as many Ulster members in the House as possible.

The other amendment, also introduced by a private Liberal member, proposed that the provision for a second chamber of senate should be deleted. This was one of the most dangerous amendments that could be introduced, as all the labor members and a large number of Radicals are pronounced one chamber men. The loyalty of the laborites to the Nationalists, who have in the past been of assistance to the labor party more than once, however, saved the day and gave the Government a majority of 89, still 20 below the normal majority but better than the 69 of the day before.

One of the strongest pleas for single chamber government came from the Radical members with Colonial experience, who claimed that it had worked well when tried in the Dominion. Joseph Martin, a former premier of British Columbia and a member of the Federal House at Ottawa, was one of the most persistent supporters of the amendment, giving the Canadian provinces as example of the benefits of single houses.

## GOVERNOR TO SPEAK WITH BALTIMORE OPPONENTS.

By Associated Press. Seattle, N. I., July 20.—That Governor Wilson speak once from the same platform with each of his Baltimore opponents, has been suggested to him by members of the National committee. They propose that he speak in Birmingham with Representative Underwood in St. Louis with Speaker Champ Clark, Cincinnati with Gov. Harmon, Boston with Gov. Fox, New Haven with Gov. Baldwin, Indianapolis with Gov. Marshall and some middle western city with Gov. Burke of North Dakota. The governor is considering the suggestion.

# Official Ballot Which Will Be Voted Saturday

Just one more week remains before the Democratic primary and a week from today the results of most of the state, district and county contests will be known. That this will be a week of marked activity in both local and political circles is already indicated.

Speakers for both the gubernatorial candidates are in the field in many sections of the state, although Wichita county is not included in the itinerary of any of them. The three candidates for United States senator and both of the candidates for governor have already visited Wichita Falls and have addressed audiences here. In addition many other candidates for state and district offices have appeared here in their search for votes.

**HOTEL ROOM IS SCENE OF NEW YORK SHOOTING**

"I've Shot My Wife" Man Announces Calmly—Victim Not His Wife, Admits Later

By Associated Press. New York, July 20.—A well dressed man walked up to policeman in the hotel district early today and coolly said, "I have just accidentally shot my wife. Would you mind walking over and taking a look at the situation. She is in our room at the hotel yonder."

The policeman, amazed at the coolness of the man, went to the hotel. In an apartment on the third floor, he found Mrs. Florence Hopp, aged 25, a pretty brunette of Lewisburg, Pa. She had been dead several minutes from a bullet wound. Her companion gave the name of George R. Harkness, a real estate dealer of Seaford.

He was taken to the police station, charged with shooting and killing Mrs. Hopp. After the arraignment he admitted the woman who not his wife.

"She is an old boyhood friend of mine and she expected to return to Lewisburg, today," Harkness said, "she was looking at my automatic revolver when it accidentally exploded." Harkness said he is married. Word from Lewisburg indicates Mrs. Hopp is separated from her husband. She has a child in Lewisburg.

**DAILY LOCAL FRIEIGHT IS RESUMED ON VALLEY**

Service Will Begin Tomorrow. Recent Improvement in Conditions Is Cause

Daily local freight service on the Wichita Valley between Wichita Falls and Stamford will be resumed tomorrow, July 22, according to an announcement authorized yesterday. For some time past this freight has run only every other day, but beginning tomorrow will resume the daily trips.

Improved conditions justify the change, according to railroad officials here. The grain movement is heavy and is constantly increasing and this was a large factor in reaching the decision to resume the daily service.

The news will be very welcome to local shippers who have suffered some inconvenience as a result of the curtailment of the service. Efforts are being made to have the night passenger train service on the Valley resumed, and it is believed this will be done early this fall.

**ARMS AND AMMUNITION ARE SHIPPED INTO MEXICO.**

By Associated Press. Washington, July 20.—Rebel forces along the Mexican border are being disintegrated, according to war department advices. However, shipments of several thousand rifles and nearly 100,000 rounds of ammunition recently have gone into El Paso, causing the belief that further trouble may be brewing.

**LIGHT SPRINKLE OF SNOW REPORTED IN MICHIGAN.**

By Associated Press. Grand Rapids, Mich., July 20.—A dispatch from Carp Lake 28 miles northeast of Petosky says a light sprinkle of snow fell there last night. Crops were damaged by the cold.

The man who is satisfied to take things as they come evidently doesn't expect much.

## His Leather Breeches Full of Honey

By DICK NAYLOR, in Home and Farm.

In November, 1841, an adventurous young lawyer from Tennessee named John Neely Bryan left the comforts and conveniences of civilization to seek his fortune in the then wild and Indian-infested region of North Central Texas. After living for a short time in the pioneer settlements on Red River, he established a camp upon the east bank of the Trinity river, near the site of the present Dallas county courthouse. He secured as his headright 640 acres of rich land, fronting upon the river. He lived here for a year or more in a tent, when he built a small log cabin near his camp. Where the courthouse now stands he had a small farm, raising excellent crops of corn, melons, pumpkins and garden vegetables.

He had an Indian pony which he had bought from the Cherokees near Fort Smith, Ark., on his way to Texas, whose name was Neshoba Tenoa, or Walking Wolf. Having constructed a crude sort of plow from a forked bolt of arc tree, somewhat after the pattern of the wooden plows of Biblical times, and fitting up Neshoba Tenoa with a serviceable set of harness made from buffalo hides, the sturdy pioneer industrially cultivated his little farm, probably never dreaming that seventy years from that time a wide-awake, bubbling city of 100,000 inhabitants would grow up about the site of his lonely frontier abode.

**The Village of Dallas.**  
John Neely Bryan's home soon became the nucleus of a pioneer village. The republic of Texas made liberal offers of land to immigrants. Peter's Colony was organized for the purpose of bringing in an agricultural population and developing the fertile black lands of North Central Texas, and, under the inducements offered, an excellent class of industrious farmers was introduced. Among these was John Beaman and family, from Illinois, whose daughter, Margaret, was married to John Neely Bryan on February 26, 1843. Thus was the first marriage of white people in what is now Dallas county. John Neely Bryan became the father of an interesting family, his oldest son being the first white child born where the city of Dallas now stands. He is also the recognized "Father of Dallas."

The name of Dallas was given to the village by its founder in honor of George M. Dallas, vice president of the United States under Polk. Mr. Bryan being a staunch advocate of that gentleman.

**A Rival Village.**  
About the time that John Neely Bryan's village was named Dallas, a settlement had been established some ten or twelve miles further up the river, near where the thriving town of Carrollton now stands. This settlement was known as Bird's Point. Hampton Rattan was the principal promoter of Bird's Point, it seems, and when it became evident that a new county would be organized in this section of the Texas republic, Bird's Point and Dallas became rival candidates for the county seat. Rattan being the champion of the former village and Bryan of the latter.

At that time the few counties that then existed in Texas were called "municipalities" and were of immense size. The municipality of Nacogdoches extended above Bird's Point, on the east side of the Trinity and the municipality of Robertson lay along the west side of the river. Arrangements were made to have an authorized surveyor sent up from the town of Nacogdoches about 170 miles southeast of Dallas, to establish the lines of the new county and designate the point for the county seat. About the day the surveyor was expected to arrive Hamp Rattan with a delegation of Bird's Point citizens, rode down to John Neely Bryan's village, when the latter, with a group of

his neighbors, joined Rattan's crowd and proceeded down the river to meet and welcome the surveyor.

**A Queer Looking Horseman**  
The cavalcade had proceeded about a dozen miles without meeting anyone, when down through the forest of pecan and cedar trees they spied a rather queer-looking horseman. He seemed to be dressed in a dingy white suit, a remarkable attire for those pioneer times. Upon nearer approach, the lone rider courteously saluted the group with a hearty "Good morning, gentlemen!"

While he seemed to be perfectly sane and in good physical health, the pioneers were astonished beyond measure to see that he was clad only in his underclothes. A large and strange looking bundle was tied behind his saddle, while his buskin coat, surveyor's compass and Jacobstaff lay in front upon the horn of the saddle. Seeing the puzzled expressions upon the faces of the group of horsemen, the lone rider proceeded to explain the situation.

**The Fallen Bee Tree.**  
He said that as he was proceeding leisurely along the narrow bridge path some ten miles back, he came to a large, hollow post oak tree which a high spring gale the preceding night had blown down. When the tree fell it burst open almost its entire length exposing to view, tier upon tier, a quantity of wild honey.

The surveyor (for such he proved to be) dismounted and proceeded to enjoy a feast of delicious honey. As he could eat but a small quantity of the rich sweet, he looked with sorrow upon what he must leave behind. As necessity is the mother of invention, and as this knight of the compass and Jacobstaff was a gentleman of frugal instincts, he resolved to save that honey if possible. He wore a pair of strong, new buskin trousers, which were closely sewn with deer sinews. At the back and front of his saddle hung several long thongs or saddle strings of the same material. As thought and action are closely connected in the self-reliant frontiersman, the surveyor proceeded to "shuck" himself. Tying the lower ends of his trouser legs securely with the thongs, taking his hunting knife, he proceeded to cut out the rich, white honey combs and chuck them into his leathern garment. He couldn't save it all; he secured "about a bushel," he said, which he strapped behind his saddle, mounted and proceeded upon his journey.

Arriving soon after at Bryan's cabin, the honey was transferred to a wash tub, the trousers washed out in the Trinity river, and with an abundant supply of cornbread and buffalo meat, prepared by Mrs. Bryan, the crowd enjoyed a royal frontier feast.

**Dallas County Surveyed.**  
John Neely Bryan insisted upon playing host to the surveyor, assisting him in his labor of mapping out the new county, which was formally organized a few months later in the same year, 1846. It took the name of Bryan's little village, Dallas, which was voted the county seat.

**(EDITOR'S NOTE)**—John Neely Bryan, the son of the man who is spoken of in the above article and who was the first white child born in the city of Dallas, is now in his 67th year, and resides on a farm 15 miles north of Wichita Falls in Clay county. He was in the city one day last week and speaking of the honey incident, says that his mother, Mrs. Margaret Bryan, who makes her home with him, remembers the circumstance well. She is now in her 87th year and is hale and hearty, her husband having died more than 30 years ago. The ground upon which the Dallas county court house now stands was donated to the county by Mr. Bryan's father, the deed reciting that it shall be used only for that purpose.
