Local Scouts On Unique Trip, to Start Next Week

A unique tour which will combine an exhibition of scoutcraft with a systematic boost for Wichita Falls will be taken next week by a number of Wichita Falls boy scouts.

At a recent meeting of the Chamber of Commerce a committee was appointed to secure \$300 required for the transportation of the twenty-five members of the local Boy Scouts to the Chautauque which meets at Hollister, Missouri, July 31st to August 12th inclusive. This committee was at work soliciting funds during several days last week and in a comparatively short time, the entire amount needed has been secured.

The boys will leave Tuesday, July 30th in an extra car over the Katy at 6:20 a. m. They will change at Joplin to the Missouri Pacific railroad which will take them into the heart of the Ozarks, their destination Hollister, which is the scene of the story, "The Shepherd of the Hills," by Harold Bell Wright, as a summer resort is attracting considerable notice of late. It is at present the summer headquarters of the Y. M. C. A. of the Southwest, Modern Woodmen of the World, and a number of other organizations and fraternal orders. The city is situated on the White River, affording special attraction in the way of swimming, boating, fishing and all aquatic sports.

The Wichita Falls boys will be the guests of the management of the Chautauque during their stay in the city. Nine tents will be provided for them and arranged in a quadrangle, it being estimated that no one tent will be occupied by more than three persons. Every comfort of the entire party will be looked after by the management, and only a nominal charge of \$7.50 per day for the twenty-five boys will be made, which amounts to about 30 cents per day for each boy.

Dr. J. L. McKee, who is taking a prominent part in making the arrangements for the trip, will have several young men to accompany the Boy Scouts troupe and these will assist in every way possible. A challenge has been issued to meet any similar body of boys in outdoor or indoor athletic contests, although as yet the challenge remains unaccepted. Short hikes will be taken to such places of interest as "Old Dewey Bald," "Marble Cave," the Mountain Club, and other points of interest in the vicinity. The entire trip will occupy about two weeks, and a great deal of interest is manifest at this time among the boys, who are eagerly anticipating the big event. No undertaking of such a nature has been recorded to the credit of the Boy Scout movement to date and many friends of the boys will follow their movements with interest in the hope that the trip will prove of both pleasure and profit, and at the same time deepen the interest in behalf of the

AMERICAN COMPLAINS OF ABUSES BY REBEL BAND

Officer Drew Pistol on Him, He Says and Took His Horses and Other Property

By Associated Press. El Paso, Texas, July 22.—Samuel Miller, American farmer at Casas Grandes, reached here today with a story of abuses by the rebels. Approached by Alvarez, who brandished a six shooter in his face and forced him to give up his horses and possessions valued at \$700, he refused at first but Alvarez used his pistol, threatening to shoot. Miller whose home was once in Fort Worth, told of American Consul Edwards' of Juarez that although the incident took place a week ago he was prevented from leaving for several days.

"I'll take you out and shoot you if you dare make a report about this," is what Miller declares. Gen. Salazar told him when he appealed for protection. Miller says Salazar threatened to whip him with a sword if he took the Mexican Northwestern train from Casas Grandes. He made his way to the American border at Columbus on horse back.

SIX ARRESTS IN ROSENTHAL CASE

NONE OF PRISONERS, HOWEVER, BELIEVED TO HAVE DONE THE SHOOTING.

GRAND JURY BEGINS WORK

Becker Will Be Allowed To Testify If He Will Waive Immunity. More Arrest Due Today.

By Associated Press. New York, July 22.—The Rosenthal conspiracy mystery nears its conclusion. This is the belief of Deputy Police Commissioner Dougherty, who expects today to arrest two or three gunmen and gangsters who were hired to kill Rosenthal before the gambler could disclose more secrets of the relations between the gamblers and the police.

Sweated and grilled by a fierce third degree, Jack Sullivan, a former newsboy held as a material witness and Sam Taul the East side gang leader, suddenly made statements early today from which the police commissioner pieced together important evidence.

Sullivan and Taul were taken into custody last night with "Birdie" Webber, the gambler. Detectives have learned enough of the case to admit that the gun men were gathered on Monday night and taken to Webber's poker room where the final arrangements for the killing of Rosenthal were perfected.

Webber denied all knowledge of the shooting. Commissioner Dougherty has learned that Jack Rose was a very busy man the day before the killing and that Jack Sullivan, the go between for Rose and Lieutenant Becker, also was actively engaged the night Rosenthal was shot. Sullivan after a grilling early today told Dougherty that when he left Lieutenant Becker at Broadway and 42nd street at 1:30 a. m., or twenty-seven minutes before Rosenthal was shot, he went to Webber's place to find Sam Paul. He could not locate him but did find there several gun men.

Six men are now in custody in the Rosenthal case, one of whom is held as a material witness and five others charged with being implicated in the crime. Dougherty, however, says that not one of the men who killed the gambler is under arrest.

District Attorney Whitman returned today to take up with the grand jury an investigation of the case. Lieutenant Becker will be permitted to testify if he agrees to waive immunity. The prosecutor makes no effort to hide his belief that the shadow of Becker rests upon the Rosenthal case and in consequence will not subpoena him. Whitman takes the position that if Becker is as innocent as he says he is, he will seek to appear before the grand jury waiving immunity.

The grand jury also will take up the charges that the police profited from gambling houses by permitting them to run without molestation. Police Commissioner Waldo announced today that Becker had been relieved of charges of that "strong arm" squad and transferred to desk duty in the Bronx.

They declared that looting and robbing had been confined for the most part to the Mexican colony but that the rebel band in Madera seemed to be no part of any organized command.

GRACE CASE PUT ON TRIAL TODAY

WOMAN FACES CHARGE OF ATTEMPTING TO KILL HER HUSBAND

TRAGEDY ENDS ROMANCE

Grace Married Woman Many Years His Senior—Paralyzed, Will Be Witness

By Associated Press. Atlanta, Ga., July 22.—The trial of Mrs. Grace, charged with shooting her husband last March, was called for trial here this afternoon.

The chief feature of the trial will be the presence of the accusing husband, who will sit in the court room in an invalid chair, with the lower part of his body paralyzed, aiding in the prosecution of his wife, who, he says, shot him to obtain \$27,000 insurance he had taken out on his life for her benefit.

The circumstances surrounding this strange case necessarily give it a romantic air of mystery.

It will be recalled that shortly after 12 o'clock on Tuesday, March 5, the police headquarters of Atlanta received a feeble call for help over the telephone. A number of policemen were dispatched to the home of Eugene H. Grace, whence the call came, and they found every outside door of the house securely locked. Forcing an entrance they made their way to the upper bedroom.

There they found Grace lying unconscious, with a gaping bullet wound in his side. On further search they discovered a revolver, with one empty chamber, lying on the floor in the room immediately below the one in which Grace was lying. After Grace was revived, he said he had been shot while asleep, some time during the early part of the morning, and that he had every reason to believe that his wife had done it.

Then it was learned that Mrs. Grace had left the house some time during the day and had gone to Newnan, Ga., to visit her mother-in-law.

That evening Mrs. Grace was arrested at Newnan and brought back to Atlanta. On facing her husband, the latter directly accused her of shooting him and leaving him alone to die.

Then Mrs. Grace told him unless he withdrew the accusation she would take the power of attorney, which he exercised, away from him.

This threat seemed to have the desired effect, for Grace at once declared that he must be mistaken.

The power of attorney, the threatened removal of which caused Grace to withdraw the accusation for the time being, was in regard to the mortgaging of Philadelphia property that Mrs. Grace had received from her former husband. Grace was to have gone to Philadelphia on the day he was shot to arrange for the mortgage.

Mrs. Grace admits that she did not leave her husband until after 11 o'clock on the day of the 5th. She says that her husband had complained of not feeling well, but she supposed he would soon recover from the indisposition and go to Philadelphia in the afternoon, as planned. She says she went to Newnan to see her husband's mother and to join the former on a later train and go on to Philadelphia with him.

On the other hand, Grace says that he awoke about 6 o'clock on the morning of the 5th with a burning sensation in his side. He didn't know what was the matter with him and requested his wife to call a doctor. He says Mrs. Grace made a pretense of going to the telephone and calling up a physician, but that in reality she never took the receiver from the hook. But, on the contrary, stuffed cotton in the instrument to prevent it from ringing.

Grace charges his wife with having heavily drugged him before shooting him. This, he says, accounts for the fact that neither the report nor the pain accompanying the shot awakened him.

The motive for the crime, as held by the prosecution, was to obtain the \$27,000 life insurance policy held by her husband, and of which she was the beneficiary.

In reply to this, the attorneys for Mrs. Grace say that their client was wealthy in her own right and had no need of the insurance money. They also claim that she is not the type of woman capable of such a deed and state that she was genuinely in love with her husband and he with her until outside influences began to work on his mind.

The courtship of Eugene H. Grace and his wife, who is about 20 years his senior, was as spectacular as it was brief.

Mrs. Grace was the widow of William H. Ople, a wealthy Philadelphia tailor. And before his death from

JAPANESE EMPEROR IS MUCH IMPROVED TODAY

People Pray For His Recovery, Evidences of Devotion Being Numerous

By Associated Press. Tokio, July 22.—The improvement in the condition of the emperor which set in this morning continued throughout the day.

Throughout the country, even in the remotest villages, Buddhists, Shintos and Christians of every sect engaged in services today for the emperor's recovery, several of them specially illustrating the depth of National feeling. Shinto priest last night ascended Fuji, the loftiest mountain in Japan, and at dawn prayed, following the custom in the provinces, sequestered herself in the depths of a forest, communing with the spirits and begging salvation for the Emperor.

Every precaution has been taken against any disturbing effect of the announcement of the emperor's death. The most unruly soldiers have been confined to barracks and the newspapers have been warned not to publish sensational rumors.

Owing to the absence of precedent under the constitutional regime, further proceedings in the event of the death of the Emperor can not be outlined, but there is reason to believe every preparation has been carefully made, although not announced.

Koreans generally throughout the country are showing concern in the illness of Mutsuhito and the young Korean Prince, who has been residing in Japan, has returned from a projected ascent of Fuji. He visited the palace today and expressed his deep sorrow to the Emperor. A special dispatch from Seoul says that the former Emperor intends to visit Japan.

The imperial grandsons have been recalled from the summer residence. The newspapers this morning are filled with detailed articles, relating numerous incidents in connection with the life of the Emperor tending to show the great veneration the Nation bore him.

CONTRIBUTIONS IN 1908 FOR ROOSEVELT FUND

Neither Sugar Nor Harvester Interests Gave, Says Scott To Committee

By Associated Press. Washington, D. C., July 22.—Former Senator Nathan B. Scott of West Virginia today told the Senate committee investigating campaign funds of 1904 and 1908 that no contributions were made to Col. Roosevelt's campaign by corporations, by Henry Havemeyer, the sugar king, or any representative of the International Harvester Company, so far as he could recall.

Mr. Scott testified that the largest contribution of which he had knowledge made to the National committee in that campaign, was his own, amounting to \$20,000. George W. Perkins, he said, had given \$15,000 but not to the National committee. Both contributions were used in the West Virginia state campaign.

ILLINOIS THIRD PARTY WILL HAVE FULL TICKET

Senator Dixon Says Any Other Kind of Campaign Would Be Merely "Moral Protest"

By Associated Press. Chicago, July 22.—There must be a full third party ticket in Illinois with candidates favorable to Roosevelt, declared Senator Dixon today. It would be folly for Col. Roosevelt to attempt to run merely for the electoral vote because that would be "only a moral protest and not a campaign," said Mr. Dixon. He declared "pussy foot" politics would not go.

AMERICANS ARE LEAVING MEXICO

MANY WOMEN AND CHILDREN ARE SENT OUT OF REBEL ZONE

STEPS FOR PROTECTION

United States Citizens At Madera Have Armed Themselves as Precautionary Measure

By Associated Press. Madera, Mexico, July 22.—Nearly 200 American women and children left Madera today over the Mexican Northwestern for El Paso, as a result of the tense situation created by a band of 500 rebels, quartered here. Gen. Rojas and other rebel leaders are at Dolores, 75 miles southwest and no chief of authority is in Madera. Several private homes have been looted recently. Two American homes were searched for arms and a few guns taken.

Last night the Americans who number about 300 and are well supplied with arms, gathered to preserve order. Officials of the Madera Lumber Company decided the women and children of their employes should be sent at once to American territory for safety. Col. Hernandez a reputable officer took charge of the garrison today and indications were that quiet would prevail.

The proximity of the federal forces along the Northwestern railroad and the possibility of a clash near here influenced the immediate exodus of women and children. It is not believed, however, that the rebels will make a stand, as they have little ammunition.

REBELS PREPARE FOR FURTHER SONORA INVASION

By Associated Press. Juarez, July 22.—To receive from Gen. Orozco final instructions regarding his part in the Sonora invasion, Col. Castaneda arrived here today from Madera. He expects tomorrow to join his column of 800 men now along the line of the Mexican Northwestern railroad for twenty miles south of Madera.

The rebel artillery was shipped from Juarez to Casas Grandes today in order to have it safely away when the rebels evacuate this city. Castaneda, who has been Orozco's chief of staff for some time, was accompanied by his own staff. He and his staff all of whom are men of military experience and culture frankly profess chagrin over the predatory methods used by Gen. Rojas' men in the vicinity of Madera.

Comparatively little progress has been made since the defeat at Bachimba more than two weeks ago. They have destroyed the Mexican Central between Saus and Gallego.

FEDERALS DRIVEN BACK BY REBELS IN SONORA.

By Associated Press. Juarez, July 22.—Skirmishing between the rebel outposts and the government troops in Sonora under Gen. Sanjines guarding the mountain passes was reported today to Gen. Orozco's headquarters here. A small scouting party of federals ventured twenty miles east of Colonia Oaxaca where the government troops are concentrated and engaged the rebels at a point midway between Ojetes and Carretas, fifty miles northwest of Casas Grandes on the Mexican Northwestern.

The government troops are reported to have fallen back in the case of larger numbers.

PROMINENT REBEL IS RELEASED AT EL PASO.

By Associated Press. El Paso, Texas, July 22.—Gonzales C. Enrile, once financial adviser and right hand man to Gen. Orozco was released today by the United States authorities after forty days detention without bond in accordance with a application for provisional arrest made by the Mexican government. It was said Enrile when arrested would be charged with embezzlement of government funds while a federal official but a recent announcement from the foreign office at Mexico City declared extradition would not be pressed. Still weak from stab wounds received at Chihuahua, nearly two months ago Enrile made his way from the jail with the help of friends. He said he intended to leave El Paso for the North at once.

REPUBLICAN VIEWS ON STEEL INVESTIGATION

Will Differ From Democrats and Will Contain No Censure For Government Officials.

By Associated Press. Washington, D. C., July 22.—Republican members of the steel trust investigation committee worked today on a report of their views of the result of the steel inquiry and when it is submitted to the House it will create more of a sensation than that prepared by Chairman Stanley.

This assertion was made by a member of the committee today. He said Republican recommendations would be far reaching than those of the Democrats and bills to be suggested to the House would be for conservative legislation to amend the trust laws rather than to censure officials.

Republicans will find much to praise in the Stanley report but will differ with its conclusions. Findings of the Stanley faction will not be accepted, but some of the legislation proposed in the Stanley report will be endorsed.

Representative Gardner of Massachusetts will resist the suggestion of Stanley that the report and data gathered by the Commissioner of Corporations be made available to Congress. He fears if the law is changed the bureau of corporations will be unable to get information.

Representative Gardner stands by Representative Stanley on the bill amending the Sherman act by putting the burden on the defendant to prove their combination does not cause "unreasonable restraint" of trade. Other Republicans will join Martin Littleton, Democrat, in opposing this bill. Representative Gardner is at work on the Republican report. He thinks all Republican members will sign it although they may differ on its phraseology. It will be submitted after the report of Mr. Stanley is filed.

The Republican views on the inquiry have been more easily reconciled than those of the Democrats and the minority members are confident their program will be more acceptable to the country. They will not recommend dissolution of the corporation. They say the committee long ago decided that no move was to be made to embarrass the government suit against the corporation and that they will adhere to it.

LUBBOCK COUNTY OFFERS BOUNTY FOR RABBIT SCALPS.

(Lubbock Avalanche)

At a recent sitting of the commissioners' court in this county an appropriation of \$500 was made to be used as a bounty for rabbit scalps, taking effect immediately, and from the number of rabbit ears brought in last Monday it seems that the boys and men got busy with Mr. Rabbit, for during the session 7580 scalps were presented to the court for which scrip was issued at the rate of four cents for each scalp, and cashed at par by the treasurer. In all the amount being \$307.30, leaving a balance in the treasury for this purpose of \$192.70. It was decided at the same session of the court however, that they would pay the same price for all the scalps brought in on the first Saturday in August to the county clerk's office, even if it runs over the balance of the treasury.

Do you know who? Well, they bought a bill of groceries from us last Saturday (July 13) and asked us to deliver them to a certain place, where they lived; but this certain place proved to not be the place. DENISON IS OUTPLAYED, AND WICHITA WINS AGAIN

Denison's Pennant Hopes Are Shattered Through Defeat Administered Sunday

Special to The Times.
Denison, Texas, July 22.—Whatever scant hope remained for Denison to win the pennant was knocked out yesterday, when the Drillers outplayed the locals in every department of the game, and won 4 to 2. Denison is now definitely out of the running and Sherman has very dim hopes of being able to nose Ardmore out.

Chief Jones was hit hard in yesterday's contest, but very few of the ten Denison hits came with men on bases, although four of them were for two sacks. Jones was unhittable in the pinches while the Wichitans got to Kerlin in the third, eighth and ninth. Score:

VOLUNTARY REDUCTION OF MERCANTILE RISKS
Austin, Tex., July 22.—The State Insurance board has not as yet been officially advised of the plan of the Texas fire insurance companies to ask for a voluntary reduction in the mercantile risks.
There will be no action taken by the board on the subject, according to Al Haynes, chief expert of the board, until a formal application is taken on the matter, and then probably the board will give the matter serious consideration.
It is more than likely that any proposition looking to the reduction in mercantile risks will be resisted by out-of-the-state companies, as it has been shown that these foreign companies have been losing money in Texas.
Mr. Haynes said that all he knows about the matter is what he saw in the press. The members of the board are out of the city at the present time.

Dallas, Texas.—It is reported that the Stone & Webster-system will construct an interurban terminal in this city which will rival the one in Indianapolis, said to be the largest in the world. The cost of the structure is estimated at \$1,500,000.

PRECINCT CONVENTIONS TO BE HELD SATURDAY

Delegates To County Meeting To Be Held Election Day At Each Voting Box.

County Chairman C. C. Huff has addressed a letter to each precinct chairman in the county directing attention to the precinct mass conventions to be held in connection with the primary Saturday afternoon. These conventions are set for two o'clock in the afternoon and are to be held at the usual voting places. Delegates to the mass county convention are to be selected. The chairman in each precinct will preside.

Republican mass conventions have been called for the same hour and same places by O. P. Maricle, chairman of the county Republican com-

mittee to elect delegates to the county convention. It is not expected that the Democratic and Republican county conventions will conflict as only a few minutes will be required in holding each.

More interest than usual attaches to the Republican conventions on account of the fight between the Taft-McGregor and the Roosevelt-Lyon factions for control of the State organization. The Roosevelt-Lyon men here expect to have no trouble in controlling the party machinery in Wichita county.

Entered at the Postoffice at Wichita Falls as second-class mail matter.

Wichita Falls, Texas, July 22nd, 1912.

Watch out for the campaign liar. He generally manages to show up just a few days before the election, or just in time to get his lie in circulation and not time enough for the lie to be denied.

Democrats should not forget that on next Saturday precinct conventions are to be held in each precinct in the county for the purpose of selecting delegates to the county convention. Usually the precinct chairman, (the member of the county executive committee representing that voting precinct) issues the call for these precinct conventions. In fact, the election law makes it a part of his duty to issue the call for such convention, naming the date, hour and place where the convention is to be held, and give as much publicity to such meeting as is possible. As yet, no such notices have been issued, or if so, the Times has overlooked the matter.

The order passed at a called meeting of the County Democratic Executive Committee last Saturday to keep the negroes from voting in the Democratic primary election on next Saturday may and probably will cut out a few negro Democratic votes. The negroes who vote the regulation Democratic ticket at every election are few, it is true, but there are one or two in Wichita Falls, and the Times really wishes that the committee in its ruling, had made exceptions of these two or three negroes. As for the rest of them, they should not be permitted to participate in a Democratic primary. The loss to the party of these two or three negro votes to the Democratic cause cannot affect the strength of the party as a whole to any great extent, and the candidate, for office who, in order that these two or three Democratic negro votes might not be barred out from the Democratic primary, favors throwing down the bars and letting all of them vote, is not the Times' kind of a Democrat. If the negroes, who are Democrats, will look at the situation as it is, they will readily see that the committee had it allowed them to vote, would have been forced to allow all other negroes who are Republicans to participate in a Democratic primary. These Republican negroes would in that instance, have been permitted to assist in choosing the Democratic nominees, and at the regular election in November, vote the straight Republican ticket. That would be wrong. There are a few sure enough Democratic negroes and there should be more, and the Democratic party, in justice to these few Democratic negroes, should provide in some way to allow them to participate in Democratic primary elections.

CONCERNING THE HEREAFTER.

The failure of our readers to accept the invitation of a correspondent who wanted further light on the "There Ain't No Hell" propaganda recently issued at Washington, prompts us to print the following editorial on the subject from the San Antonio Express:

Whether the conclusion arrived at by the International Bible Students' Association at its recent meeting in Washington regarding the existence of a hell such as has been taught and believed in by the orthodox world for centuries is correct, is a question upon which theologians and laymen will continue to differ for many years, at least, and since it is one which is not susceptible of physical demonstration, it may never be fully settled in the minds of finite beings, but whether this theory is right or wrong cannot affect the duties of citizenship nor the moral obligations imposed upon every human creature.

The fact, if it is a fact, that there is no literal hell where the souls of the wicked shall be forever punished, does not relieve us from the responsibilities of right living, nor does it give us immunity from punishment of some sort for our misdeeds. The law of cause and effect is just as immutable, regardless of the truth of ancient doctrines, and we cannot escape its penalties, whatever these penalties may be. If one violates a physical law one must suffer a physical punishment in consequence, and continued violations of Nature's laws ultimately results in death. Death, in its primary meaning, signifies a separation—a separation of the spirit from the body—therefore, we incline to the belief that a continued violation of spiritual laws will finally result in death—a separation from God, and it does not follow that because there may be no literal hell there will be no separation of the wicked from communication with the Almighty. If we are separated from this communion, then we will die a spiritual death, and this should be considered punishment enough to lead us all to seek to avoid it.

But whether there is a hell, or whether there is a punishment of any kind, we should endeavor to live upright, honest, faithful lives, honoring God and being just with our fellow men. We should not need to have held up to us the horrors of future punishment to induce us to do right. We should rather do right for right's sake, because we love the right and because we know that in doing right we are fulfilling our mission on earth. If we believe we were created, then we must believe in a Creator, and if we have been placed in this world by a Creator, then it has been for some purpose, because one so omniscient and so omnipotent would not be expected to do so wonderful a thing as creating a universe without some purpose, and we know that He would not do so except for some good purpose, consequently we can make no mistake in doing those things which we are sure will be acceptable to Him and which will contribute to the betterment of the world. We should not do right through a sense of the man who is prevented from stealing by fear, but because we find no pleasure in doing evil—because of love and gratitude toward our Creator and a willingness to glorify His name. It is doubtful whether only through a fear of the law is deserving of credit for the restraint he exercises—certainly he is not honest of heart, and the person who is impelled to obey the moral law only through fear of a hell or some other torment, cannot deceive the omniscient eye of Jehovah, consequently his conduct, even though in accordance with the divine law, is not acceptable to God as the walk of that person who obeys the law of God because he loves God. "If ye love me, keep my commandments," is a divine injunction—God wants our acts prompted by hearts, not the outward acts which mean nothing, and our hearts can never be brought in accord with God through a fear of punishment.

When Christ was on earth He taught the people that true obedience involved the spirit of the law, not the letter of the law, that sin lay in the evil desire of the heart, not in the physical commission of an evil act—at least, He taught that one who had in his heart a desire to commit an evil act, had sinned already, though the com-

mission of the act had not been accomplished. Therefore, it matters to us but little whether the orthodox idea of a hell is correct or not. If we love God, love the right and do the right because we want to do the right, we need not be interested in the subject.

GRACE CASE PUT ON TRIAL

(Continued from page 1)

blood poison in February, 1911, his wife had already become known as "Daisy of the Leopard Skins," because of her mania for coats made from the skin of that spotted animal. After the death of her husband, from whom she inherited \$100,000 Mrs. Grace became a conspicuous figure in the gilded cafe life of the Pennsylvania metropolis.

About this time her eyes had been attracted by the tall form of a handsome young man of immaculate attire. Then the tall young man saw the leopard furs and the vivacious face they caressed and a mutual attraction sprang up. An introduction was obtained and as a result Eugene H. Grace was married to Mrs. Opie in New York, at the Little Church Around the Corner, in March, 1911, less than one month after the death of the bride's former husband.

Grace, at that time, was a bond salesman who had ambition to become a building contractor. Finding his wife disposed to further this ambition he took his bride to Atlanta, where he set himself up in business. But he did not prosper. He and his pleasure loving wife lived rapidly and spent lavishly. Instead of applying himself to business, it is said, he devoted himself to pleasure. And he was obliged to keep drawing on his wife's resources, until at last, it is asserted, he was about to go to Philadelphia to mortgage their last piece of property, their only remaining asset, when he was shot.

In a letter to his wife, shortly before their marriage, Grace made this confession, "I have been a rank failure and can truthfully say it was caused by woman."

Also in another letter to his wife he wrote: "What I have witnessed, and I say this absolutely free of a sentimental feeling, has been a revelation to me in that it shows that the finish of such fast living to be death. I shall never again be misled by the sweet silver tongue of an accomplished, morally perverted woman into the depths of depravity. Neither shall I again drink whiskey."

From the time Grace was found in his home, wounded and alone, it was never thought until recently that he had any chance whatever to live. At first his entire body was paralyzed. But he gradually gained control of the upper part of his body and now only the lower portion is useless. Even this, his physicians believe, will be finally overcome.

He has made several post mortem statements, at times when it was thought he was dying, and each one he has sworn to his conviction that his wife first drugged him and then shot him, for the sole purpose to get his insurance money. That he has always loved his wife, he does not deny, although he claims to be indifferent to her fate now. In the beginning his people stood by Mrs. Grace, even going so far as to assert that Grace was not in his right mind, but the latter's repeated accusations and the knowledge of other and mysterious circumstances that will be

revealed at the trial have turned them all against her. In passionately declaring her innocence Mrs. Grace affirms that she has always loved her husband and now loves him and that to accuse her of attempting to shoot him to death is a monstrous injustice.

There is much you do not understand; but my friend "Out of Sorrow" there is a lesson to be learned, an obligation to be fulfilled, a hope, some day to be rewarded. GOD IS NEVER UNJUST, for "Out of the gloom yesterday comes the smiles of today." Be faithful to the trust reposed in you; do your duty towards all, what ever befalls, and in the end will come LOVE, PEACE and HAPPINESS, the reward of the faithful.

We will give Twenty-Five Dollars to any one giving us the correct originator of the above sentiment.

NOT ENOUGH COOLNESS TO INJURE ANYBODY TODAY

Good Breeze Blowing But High Temperature Makes Things Uncomfortable.

Although a good breeze was blowing today was one of the most uncomfortable of the season on account of the heat. The thermometer registered 96 degrees at two o'clock and the mercury was still rising.

The weather bureau has forecasted moderate temperatures over the northern half of the country during the first days of the week. The warm wave will reach the extreme Northwest about Thursday, extending eastward to the Atlantic at the end of the week, temperatures continuing warm in the West.

In the south the weather will be moderately warm. It will be unsettled and showery during today over the northern districts east of the Tocky Mountains, following by generally fair weather during the remainder of the week, except in the Northwest, where there will be a return to unsettled weather by Thursday or Friday.

In the extreme Central West and in the South, the week will be generally fair, except in the East Gulf and South Atlantic States, where showers are probable during the second half of the week.

EASTLAND SHERIFF TAKES ALLEGED HORSE THIEF HOME

Sheriff E. P. Kilborn of Eastland, accompanied by Jack Pippin of Cicero, owner of the horse stolen, arrived here Sunday to take charge of the man who gave his name as W. L. Robertson, who rode into the city Saturday morning on a horse alleged to have been stolen early last week. Pippin made the proper affidavits and the mare was sold for \$140. Robertson was taken back to Eastland, where he will be held until the grand jury has investigated his case. He told Sheriff Randolph before he was taken away that he intended to plead guilty and throw himself on the mercy of the court.

TODAY'S MARKET REPORT

Fort Worth cattle. By Associated Press. Kansas City Grain. By Associated Press. Galveston Cotton. By Associated Press. HENRIETTA WRITER ANSWERS MR. ZEIGLER'S QUESTION.

Henrietta, Texas, July 19.—Replying to Mr. Zeigler's question in the Times recently let me say briefly that the "International Biblical Students Association" is the big, important-looking name chosen by a small, insignificant set of people in the United States whose distinctive doctrine is that none but the righteous will be resurrected, thus precluding the possibility of "hell fire and brimstone." According to their belief the righteous die, rest unconscious until the "Ghost Day" and are then resurrected to live with Christ eternally. The wicked perish in death and are never resurrected, hence perpetual torment is impossible. Continued existence, they say, is "eternal life" which is promised only to those who trust Christ. E. M. YEAKLEY.

Among these was a tub race, in which Allen Crawford was the winner, he being awarded the prize. The boat race was probably the most interesting contest of the entire afternoon. The judges in that contest were J. T. Young, C. B. Toney and R. E. Lee, who decided that the race was a tie.

The average price paid is about 87 cents per bushel, which has brought about \$28,000 into the pockets of our farmers. The price is now off a few points and selling has slackened. It is a much better crop than was made last year. Oats are not as good as wheat by comparison this year and the farmers are not selling. If any were available for the market the price would be about 34 cents per bushel.
