APPROPRIATION BILL IS PASSED

DIFFERENCE OF ABOUT SIX MILLION DOLLARS BETWEEN TWO HOUSES.

POSTAL BILL FEATURES

Numerous Changes Are Incorporated in Measure As Passed By Lower House.

Washington, D. C., July 24.—The sundry civil appropriation bill carrying approximately \$116,000,000 for the support of various bureaus and branches of the government passed the Senate today. It carried increases of about six million dollars over the appropriation by the House. The differences between the two bodies will be adjusted in conference.

The postoffice appropriation shorn of the good roads provision proposed by the House and embracing a revised parcels post system with charges based on zones of distance, was reported to the Senate by the postoffice committee.

The total appropriations proposed by the bill are above those of the House measure, which carried approximately \$260,000,000. One of the principal increases is in the pay of railroads for transporting mails, the Senate committee adding more than \$2,500,000.

In striking out the Shackelford good roads feature of the House bill, which provided for federal improvement of highways, the Senate committee recommends an investigation by a special commission of three House members and three senators and provides for no highway improvements until the commission has reported.

The Barnhart amendment in the House bill for the regular publication of the names of stockholders of newspapers and periodicals is changed to provide for publication once a year when lists of the stockholders are required to be filed with local postmasters.

The parcels post section is radically different from that incorporated in the House bill, which provided a flat rate of postage for all distances. The Senate provision is that of the Bourne bill slightly modified. Senator Bourne recommended that third and fourth class mail matter be combined for the parcels post service but the bill makes the parcels post apply only to fourth class matter.

The Senate committee struck out of the House bill the provision giving to postal employees the right to combine in labor unions and the right to petition congress for redress of their grievances.

It also provided for the abolishment of the present system of carrying second class mail by fast freight under what is known as the "blue tag" system. Under the Senate bill all second class matter would be put back into regular mail cars after August 31.

Steel cars for railway mail service which were required by the House bill are also demanded by the Senate measure.

NEW YORK POLICEMAN IS VICTIM OF GANGSTERS

Is Attacked and Fatally Dealt With After Making Arrest On Robbery Charge.

New York, July 24.—Patrolman Francis Riley, one of New York's hero medal policemen is dying in an East side hospital from wounds received in an encounter with gangsters early today. Last night Riley arrested a member of the so-called Pansy gang on a robbery charge. The other members of the gang vowed revenge. A few hours later they fell upon the patrolman at a dark corner and left him with a fractured skull and internal injuries.

CANDIDATE SHOT BY RIVAL, SUCCUMBS TO INJURIES.

Galveston, Texas, July 24.—George Stotro of Texas City, who was shot late Monday night in a saloon by a rival candidate for constable named Timberlake died at a hospital here early today. The charge against Timberlake has been changed to murder. Timberlake is in jail. The preliminary hearing will be held on Monday.

Galveston Cotton. By Associated Press. Galveston, Tex., July 24.—Spot cotton firm, one eight up. Middling 3 cents. Sales 1,000 b. 27. Spot, 209. Stock 27,602. Receipts 262.

\$250 REWARD OFFERED FOR FORT WORTH SLAYER

Austin, Texas, July 24.—A proclamation offering a reward of \$250 for the arrest and conviction of the unknown negro who killed Robert Knetsch in Fort Worth on the night of July 1 was issued from the executive office today. The Fort Worth authorities have offered a similar reward for the slayer.

WICHITAN TO BE T. F. A. FOR SOUTH TEXAS ROAD

Charles Peyton Accepts Position With G. H. & H. Has Been Chief Passenger Clerk

Charles Peyton, for the past year chief clerk to C. L. Fontaine, general freight and passenger agent for the Wichita Falls Route has resigned to accept a position as traveling freight agent for the Galveston, Henderson & Houston railroad with headquarters at Houston. He will leave about August 10 to take his new position. His successor here has not yet been named. Mr. Peyton has handled the business of his position here in a most efficient manner and has made many friends who will wish him success in his new place.

M. M. Murray, formerly auditor for the Wichita Falls Route is now chief clerk to the general manager of the G. H. & H.

HOME-GROWN TOMATOES OFFERED FOR SALE HERE

First To Be Raised in Several Years. Are Retailing at Eight Cents a Pound.

Home grown tomatoes, the first offered in the local market in several years, have been brought in recently and are retailing at eight cents a pound. They are large and firm and of good quality. Among the truck farmers who have raised tomatoes successfully this season are M. S. Thompson, J. W. Mathes, E. B. Travis and Tom Redding.

Tomatoes cannot be successfully raised here unless the proper atmospheric conditions prevail and this year the weather has been favorable for their growth.

The local markets for the last several weeks have been plentifully supplied with home grown products of the choicest varieties, and in a number of cases shipments have been made to other markets. These shipments have proven most profitable to the truck farmers and it is expected that next year a much larger number of tracts of irrigated land will be cultivated.

As an instance of the profit to be obtained in shipping fruit and vegetables, Piner Avis, who has under cultivation about three acres of onions, says that the seed plants cost him about \$26 and that he expects to realize from the crop in the neighborhood of \$750. He will ship about a car load of onions from town in a few days. Others who have truck farms report that they will make large profits out of their onion, cantaloupe, water melon, and cucumber crops.

HEALTH OFFICIALS TO CONFER ABOUT PLAGUE.

New Orleans, July 24.—A conference of health officials from Florida, Alabama, Georgia, Mississippi, Louisiana and Texas to consider plans to prevent the introduction into Gulf ports of bubonic plague will be held here next Monday, July 23. The conference will consider also the question of quarantine regulations in the event the plague infection should be discovered in Southern ports.

JOKES WITH SALESMAN, THEN COMMITS SUICIDE.

Checotah, Okla., July 24.—After laughing and joking with a salesman over his purchase of a revolver, T. A. Roundtree walked to the rear of a hardware store here this morning and blew out his brains. He had just returned from a trip to Muskogee. There was no apparent reason for the suicide as he was well to do and his affairs were in good condition.

AMATEUR AVIATOR IS INJURED BY FALL TODAY.

Hempstead, N. J., July 24.—Edson F. Callaghan, a wealthy amateur aviator while flying at Hempstead Plains today fell with his machine from a height of 100 feet. He was seriously hurt.

LIGHT VOTE IS PREDICTED HERE

MANY FARMERS TOO BUSY WITH CROPS TO GO TO THE POLLS

GUESSES AS TO OUTCOME

Speakers For Both Colquitt and Ramsey Visit Smaller Communities of County

That an unusually light vote will be cast in the primaries Saturday is the prediction of those who claim to be familiar with conditions in this county. Some declare that the country boxes will poll less than fifty per cent of their full strength.

With the wheat only about half threshed and with both corn and cotton requiring attention many of the farmers, it is said, will be too busy to go to the polls. Normally, Wichita county would register from 1500 to 1800 votes in a Democratic primary, but the prediction is being made that the vote will fall below 1200.

A number who will be able to cast their ballots at the general election in November will be barred from the primary. These are mostly oil men who have come here since the first of the year and who have not yet completed six months' residence in this county. It is said that many of the oil men are Republicans and that the Electra box will have an unusually large Republican showing next November.

Many predictions are being made as to how Wichita county will go in the races for state offices, but there is little upon which to base a forecast. Wichita county went for Colquitt two years ago and against prohibition last year, but supporters of Ramsey and Sheppard are claiming the county for these candidates. Both Ramsey and Colquitt speakers have been shelling the woods this week, sharing honors with the county candidates.

Interest in the state races outside of the governor, and senator is at a minimum. Comparatively few voters know who is running for the lesser state offices.

DEATH OF MRS. L. M. GILLIAM OCCURS TODAY AT QUANAH.

Mrs. Lillian Malone Gilliam, aged 33, died at four o'clock this morning at Quanah. Mrs. Gilliam formerly resided here but moved to Quanah last year for her health. She is a daughter of Mrs. Rebecca Malone who accompanied her to Quanah, and a sister of W. C. Malone of this city. The body arrived from Quanah this afternoon and the funeral will take place Thursday morning at 10 o'clock from the residence of W. C. Malone, 1108 Sixteenth street. Rev. J. W. Hill will officiate. Mrs. Malone won many friends here during her residence in this city and the news of her death will bring them much sorrow, as she was beloved of all who knew her.

SCIENTISTS ARE UNABLE TO REACH MCKINLEY'S SUMMIT.

Fairbanks, Alaska, July 24.—Admitting their failure to reach the summit of Mount McKinley after two attempts, Prof. Hirschel Parker of Columbia University and Belmont Brown of Tacoma, Washington arrived at Tpling on the Tanana river last night. On both their attempts to reach McKinley's crest they gained high altitudes. They got as high as 20,200 feet when they went up the south peak and on the north they went 19,000 feet toward their goal.

GOVERNOR INTERRUPTS WRITING OF HIS SPEECH.

Corning, N. Y., July 24.—Governor Wilson interrupted the writing of his speech of acceptance long enough to sign several papers and letters taken to him by his secretary. When the latter returned here he said he did not know when the speech would be completed but that the governor would return not later than Saturday.

ENGINEER HELD TO BLAME FOR WRECK AT CORNING.

Corning, N. Y., July 24.—The coroner's jury which has been probing the cause of the wreck here on July 14 in which forty persons lost their lives, has decided that the responsibility rests upon the engineer of the train. A charge of second degree manslaughter has been filed against him.

FIREMAN IS INJURED IN BLAZE AT TEXARKANA.

Texarkana, Texas, July 24.—Capt. McGraw, a fireman was injured by a live wire while fighting here today which destroyed the store of Palmer Brothers, causing a loss of \$1700.

WEATHER FORECAST

Tonight and Thursday generally fair.

HOW TIMES WILL SECURE RETURNS FROM PRIMARY

Southwestern Telephone Company Will Employ Large Force To Get The Figures.

Using 100,000 miles of wire, the Southern Telegraph and Telephone Company has completed an organization to cover the returns of next Saturday's Texas primary election.

Many Texas newspapers, and in some cases the public itself, will assist the telephone company in the scheme, which is really a co-operative project.

The 100,000 miles represents the actual length of the network of wires which will be called into use Saturday night for transmission of precinct and county returns in nearly 249 counties. More than 6,000 workers stationed in practically every county in the state will assist in compiling the report.

It is proposed to furnish the continued story of the progress of the count of the ballots even to the most remote section of Texas.

The central office of this organization will be in Dallas, with division offices in Houston, Fort Worth, San Antonio and other division offices in Dallas, in addition to the central bureau in that city.

The wires of the telephone company and of connecting lines extend to every county in the state and over these wires the report will be collected in Dallas and sent back for distribution over the state. The telephone manager in each different town and city is the representative of the system.

This election organization is under command of C. H. Abbott, Representative newspaperman in nearly every town and city will assist the telephone managers and county chairmen everywhere. Will be secured the use of the telephone wires for quick and accurate assembling of precinct reports into each county seat telephone office, where official figures by counties will be collected. Wherever there is a telephone of the Bell system in Texas, on the night of the election subscribers will be able, under the plan, to keep posted on the progress of the count.

For weeks meetings have been in progress throughout the state perfecting this plan. Every county has been organized for the work.

BENSON-LITTLE WELL IS DRILLING IN HARD ROCK

Developments Being Closely Watched. Offset to Burk Burnett Well is Started.

The Benson-Little well at old Thornberry was reported drilling in hard rock this morning. This well is still the center of interest and a party of scouts is camped nearby, to keep track of developments. Although one fifty acre piece near the well was leased yesterday for ten dollars an acre other stuff nearby cannot get an offer to more than five dollars and some is being offered for less money. The oil men appear backward about putting in much money until there is some more encouraging development.

The Corsicana Petroleum Company started work on their rig of the Embury farm offsetting the Schmocker well near Burk Burnett today. Dericks are to be started on two other locations at once.

The Corsicana Company will begin work this week on several wells close in to the Miller well in Archer county. All the other wells that have been completed in that territory have been dry holes. Officials of the Corsicana Company are still hopeful of finding pay sands close in.

FORTY MAY BE DROWNED IN PENNSYLVANIA FLOOD

Miners Are Caught in Water Near Uniontown and Many Lives Believed Lost.

Uniontown, Pa., July 24.—Forty miners were caught in a flood at the Soveva coal mine at Evans station three miles from here this afternoon. All are believed to have been drowned.

First Bale at Lockhart.

Lockhart, Texas, July 24.—The first bale of 1912 cotton was brought here yesterday.

'BULL MOOSE' IS GIVEN APPROVAL

MAL BE NAME ADOPTED BY ROOSEVELT'S NEW POLITICAL PARTY.

IS WORKING ON SPEECH

Control of Corporations To Be Roosevelt's Principal Theme At Chicago Convention.

Oyster Bay, July 24.—The stamp of approval has been placed on the term "bull moose" as applied to the new party. Today Col. Roosevelt's Oyster Bay neighbors made up their minds to employ the name. There has been some doubt as to whether the former president approved it until yesterday when in a speech at New York he said:

"I see that the bull moose is a pretty vigorous animal."

The colonel put in several hours exercising today. He has about completed the address he will make in the Chicago convention.

In this he will make his ideas on corporation control about his most important theme. The report of the Stanley steel committee will be used as a basis for some of his remarks.

AGRICULTURAL AGENTS EXPENSES ARE CURTAILED.

Washington, D. C., July 24.—The government will no longer pay the expenses of officers or employees of the department of agriculture to deliver lectures and information to assembled farmers, students of universities or summer schools or boys camps, as has been the custom in the past. Controller Tradewell of the treasury department so advised Secretary Wilson of the Department of Agriculture today in a broad interpretation of a recent act of Congress prohibiting payment by the government of dues for membership in associations or their traveling expenses to conventions or meetings unless specifically authorized by Congress.

PRESIDENT OF KANSAS BANK TAKES OWN LIFE

St. Joseph, Mo., July 24.—A telegram says Robert Thornborrow, president of the State Bank of Dancroft, Kansas committed suicide today by shooting himself at his home at Wetmore, Kansas. The cashier of the Dancroft bank was arrested a week ago on complaint of the Kansas bank examiner who alleged a shortage of \$1000.

SAYS NEGROES WILL NOT VOTE IN BEXAR COUNTY.

The Times today received the following by wire from the San Antonio Light, a Colquitt paper:

San Antonio, Texas, July 24.—George B. Tallaferro, chairman of the Bexar county Colquitt committee today issued the following official statement:

"The Colquitt organization in Bexar county will prevent negroes from voting in the primary if any effort is made to get the negroes into the primaries it will be by the Ramsey people for political use in North Texas and East Texas."

The Ramsey and Colquitt organizations have agreed that both tickets shall have equal representation in every precinct in Bexar county.

YOUNG MEN PLANNING TO REOPEN Y. M. C. A. BUILDING

A number of young men are planning to reopen the Y. M. C. A. building three evenings each week so as to avail themselves of the bath and gymnasium privileges. They will form a sort of athletic club and hope to be able to reopen the building shortly.

SOLID TRAINLOAD OF HOGS PASSES THROUGH THIS CITY.

A solid train load of hogs from points on the Northwestern passed through Wichita Falls last night en route to Fort Worth where they were unloaded at seven o'clock this morning. The train comprised 17 cars. One of them came from Gate, a station 285 miles north of Wichita Falls. They were loaded yesterday morning. The others came from Leedey, Trail, Camargo, Vici, Laverne, and Sharon.

G. D. Anderson returned last night from Frederick, where he has been looking after the marketing of the wheat crop from his Tillman county farm. He says the streets of Frederick are crowded from early morning to night with farm wagons loaded with wheat, oats, alfalfa and other farm products. The public weighed 241 wagons there yesterday in addition to those that were weighed on privately owned scales.

FARM AND RANCH AUTO TOURISTS LEAVE AUSTIN.

Austin, Texas, July 24.—The farmers and ranchmen in the endurance run from Dallas to San Antonio started out with new vigor this morning apparently no worse for all. There have been no penalties so far. "If the pace maker remains alive we'll finish on schedule time," said a member of the party today.

SHIRTSLEEVES IN ORDER FOR TRACTION EMPLOYEES

Company Grants Petition Asking That Conductors and Motormen Be Allowed To Go Coatsless.

Conductors and motormen employed by the Wichita Falls Traction Company will no longer be compelled to wear their coats while on duty. An order permitting them to go without their coats was issued by Manager Orth of the Traction company yesterday upon a petition signed by numerous patrons of the company.

Manager Orth said the company was glad to make this order and that the men had been compelled to keep their coats heretofore only because the company believed the public wanted this done. When patrons of the company petitioned to allow the conductors and motormen the same privilege as their passengers the order was immediately issued. It will be in effect until September 15th.

BROWNWOOD REGRETS TO LOSE PROF. CARPENTER

Feels That Wichita Falls Is To Be Congratulated On Securing His Services.

The following about Prof. G. H. Carpenter, the new superintendent of the city schools is from the Brownwood Bulletin of Monday:

"Superintendent G. H. Carpenter this morning tendered his resignation as superintendent of the Brownwood schools to the school board and the resignation was accepted. In tendering the resignation the superintendent stated that without solicitation on his part the school board at Wichita Falls had offered him a similar position in the schools of that city at an attractive increase in salary, that the place offered better opportunities, but that he would not consider it unless the board here would agree to release him from his contract. He asked for an immediate answer, and the board agreed to release him, stating, however, that it was with the utmost regret that the relations were severed. It will probably be several days before a successor to Prof. Carpenter is elected. The board already has some applications but will act with careful deliberation for the best interest of the schools.

"Prof. Carpenter came to Brownwood schools nine years ago, and since coming here has built up one of the best systems of public schools anywhere in the state, bringing about him an excellent corps of faithful teachers. He has also established an enviable reputation as a superintendent, that has attracted the attention of the best schools of the state and that secured the tempting offer that induces him to leave Brownwood. No man has ever endeared himself more closely to Brownwood people than has Prof. Carpenter, and he will be greatly missed in the schools and by the entire citizenship, who appreciate him as a teacher and as a man. His good wife will also be missed, for she has been prominently identified with the church and social work of the town, and has all the people of the town for her friends.

"Wichita Falls is to be congratulated on securing such excellent people as citizens, and the schools there are fortunate indeed in obtaining the services of Prof. Carpenter. Brownwood really envies Wichita Falls her good luck."

WACO TELEPHONE COMPANY BUYS SOUTH TEXAS LINES

Waco, Tex., July 24.—A deal has been closed by Bayliss Earle president of the Valley Telegraph and Telephone company of this city by which the toll line and some exchanges of the South Texas Telegraph and Telephone company pass into the hands of the Waco concern. Exchanges at Port Arthur and Nacogdoches together without about 400 miles of toll line are involved in the deal, affording the Waco company continuous connection from Beaumont, Port Arthur and Houston to Waco and Fort Worth.

CASHIER OF GALVESTON BANK DIES SUDDENLY.

Galveston, Texas, July 24.—S. T. Hanson, cashier of the City National Bank of this city, died suddenly on the street here today while on his way to the bank. He had been cashier over since its organization in 1907.

THOSE BACK OF MURDER WANTED

NEW YORK OFFICIALS TRYING TO TRACE CONSPIRACY TO ITS SOURCE

SECURE MUCH EVIDENCE

Gray Automobile Figuring In Crime May Have Been Used Merely As "Blind"

New York, July 14.—The trail that leads to the men who framed the plot to kill Herman Rosenthal the gambler is slowly clearing and District Attorney Whitman believes today that he will be able to show that the police system and even those higher up were back of the conspiracy to silence Rosenthal.

From Harry Valton the gambler and one of the occupants of the mudder car, the public prosecutor has learned further facts implicating Bald Jack Rose, close friend of Lieutenant Becker, who hired the gray automobile that took the gunmen to the shooting scene. Mrs. Rosenthal, widow of the gambler and the grand jury that Rose was Becker's closest friend and charged that Rose was the lieutenant's house collector.

With the arrest of the other gunmen it is expected to be able to involve Rose and force him to make a full confession and reveal those behind the killing. Commissioner Dougherty made it clear that he was questioning everyone connected with the case as to their relations with Lieutenant Becker.

"So far" said Dougherty "I have discovered nothing in this case either for or against Lieutenant Becker."

There were reports today that Bridget Webber now in custody had determined to tell all he knows. It was in Webber's poker room that the gunmen gathered before they went out to kill Rosenthal. Gamblers are said to have raised a fund to hire a lawyer for the defense.

Supreme Justice Giegerich today dismissed the writ of habeas corpus issued by Bridget Webber a prisoner in the Rosenthal murder case. The hearing of the writ of Sam Taul was adjourned until tomorrow.

There were reported at the district attorney's office that the prosecutor had information that the gray automobile which figured so prominently in the case was used merely as a "blind" and that the actual slayers of the gambler were concealed in the shadow of the hotel and after the killing mixed with the crowd.

The police department today sent out to every city in the country photographs and descriptions of the men wanted for the killing.

LADY COPS ARE WANTED BY SAN ANTONIO CLUB

Present Petition To City Council Asking That Women Policemen Be Appointed.

San Antonio, Texas, July 24.—The San Antonio Equal Franchise Society has petitioned the city council for an ordinance providing for "respectable" women on the police force. It is pointed out that women police should be stationed at each of the three depots and one at the city hall.

\$5000 APPROPRIATION TO CHECK ARMY WORM.

Washington, July 24.—The House agriculture committee today recommended an immediate appropriation of \$5000 to check the army worm in southern states. Secretary Wilson asked for it. Representative Hefflin of Alabama told the committee the worm was stopping railway trains in his district. The committee will try to rush the appropriation through before the agricultural appropriation bill is put through.

HEAVY FLOOD DAMAGE IN WISCONSIN TOWN TODAY.

Wausau, Wis., July 24.—This town is in the grip of a flood that swept down the Wisconsin river today when two dams gave away. Streets near the river were inundated, electric power cut off and business demoralized. The damage is estimated at as high as \$500,000.

ELLIOTT QUITS DENVER TO BE WEBB'S CHIEF CLERK

Well Known Fort Worth and Denver Railroad Man Is To Go With Katy.

Card G. Elliott, well known in this city will be chief clerk to W. A. Webb of the Katy, according to an announcement just authorized. Mr. Elliott has been chief clerk to Supt. Gausewitz for some time and has many friends in the railroad fraternity here. The Fort Worth Record says of him:

Card G. Elliott, for eight years employed in the general offices of the Fort Worth & Denver City Railway Company here, and for about six years chief clerk to the general superintendent, has resigned and tomorrow morning will assume the duties of chief clerk to W. A. Webb, assistant of the president of the Missouri, Kansas & Texas Railway system, with headquarters at Dallas. Mr. Elliott will be succeeded by W. C. Peyton who has been chief clerk to O. E. Maer, superintendent of the Fort Worth & Denver City Railway Company at Childress. E. D. Harber will be promoted timekeeper to the chief clerkship, succeeding Mr. Peyton.

Mr. Elliott began his railway work as messenger boy in station service with the Santa Fe at Wichita, Kan., in 1894, and during the next six years worked his way up until he was a clerk in the transportation department, and in 1902 went to Kansas City as transportation clerk in charge of car distribution for the Kansas City Southern, going to the Colorado & Southern in the same capacity soon thereafter. He came to Fort Worth in 1904, and for nearly a year was employed in the transportation department, and in May, 1905 was made chief clerk to the general superintendent that position having been held by F. T. Dolan at that time. He served also under G. F. Cotter when he was general superintendent, and continued under H. A. Gausewitz the incumbent.

\$440,000 For Trinity.

Washington, D. C., July 24.—The House and Senate have agreed to the report of the conferees on the river and harbor bill which is now ready for the President's approval. The bill includes an item of \$440,000 for survey and maintenance by open channel work of the Trinity river.

May Issue Road Bonds.

Waco, Texas, July 24.—The Waco Auto Club is prodding sentiment in favor of a good roads bond election in this precinct. At the present time \$100,000 is being expended in highway construction in the McGregor precinct.

A TRIBUTE TO CARTER'S MINERAL WATER.

(By Dr. T. H. P. Duncan)

Aurora glowed in front of heaven and gave the day; she stretched forth. Her long arms of golden light painted the sea like blushing lips of laughing maidens. She kissed a myriad of tiny water drops that played and gambolled upon the crests of the waves and melted their hearts and they became enamoured and clung lovingly and longingly and were lifted up into heaven, there becoming soft, white, fluffy, fleecy clouds. The morning breezes chased and played with them over mountain, meadow, plain and view. Wearied for a moment, they became disappointed and fell back to earth as tears from heaven. Dark sombre mother earth gave them welcome and took them to her bosom.

In deep echoing caverns, in crystal caves, dark mysterious subterranean rivers, they wandered imprisoned in the hallowed sanctuaries of the earth until released by man, they came forth laughing, gurgling, sparkling personifying purity, liquid diamonds impregnated with the elemental wealth of the deeps, surcharged in nature's laboratory with minerals that give to man health and life.

This is Carter's mineral water, a sweet, pure, clean table drink, nectar distilled by nature and guaranteed by God. Drink of it become intoxicated with its joy. We use it in our office and in our home. We recommend it to our patients and to you. It is liquid health. It is flowing happiness.

GREAT PRESERVE FOR LOUISIANA WILD BIRDS.

New Orleans, July 24.—Marsh Island, located in Iberia parish, and containing about 74,000 acres, was bought yesterday by E. A. McIlhenny of Avery Island and will be added, it is understood, to 13,000 acres deeded a few months ago to the state of Louisiana by Mr. McIlhenny and others to form a great preserve for wild birds. The purchase price was \$145,000. Several easterners are said to be associated with Mr. McIlhenny in the purchase.

The plan of the conservationists is to establish throughout the length of the Mississippi valley a chain of preserves where wild birds will be protected.

Do you know who? Well, they bought a bill of groceries from us last Saturday (July 13) and asked us to deliver them to a certain place, where they lived; but this certain place proved to not be the place. LABOR ORGANIZATIONS ENDORSE E. W. NAPIER

Wichita Falls, Texas, July 15.—Believing that this legislative district is entitled to the best representation obtainable and believing that E. W. Napier will represent all the people honestly, fairly and intelligently; therefore the labor organizations hereunder named take pleasure in lending their endorsement to the candidacy of E. W. Napier for representative of the 101st district, comprising Wichita and Winbarger counties.

ANSWER IT HONESTLY.

Are the Statements of Wichita Falls Citizens Not More Reliable Than Those of Strangers? This is a vital question. It is fraught with interest to Wichita Falls.

It permits of only one answer. It cannot be evaded or ignored.

A Wichita Falls citizen speaks here. Speaks for the welfare of Wichita Falls.

A citizen's statement is reliable. An utter stranger's doubtful. Home proof is the best proof.

GEO. TUMMINS FOR COUNTY CLERK

The below endorsement received from people who know me. I submit for your consideration. The State of Texas, County of Parker.

We, the undersigned citizens of said county and state, having been personally acquainted with George Tummins who now resides in Wichita Falls, Texas, from boyhood; and being advised that George is now seeking the office of county clerk of Wichita county, we take great pleasure in sincerely recommending him as a man worthy of every confidence and trust that the office to which he aspires demands, and know from our long and pleasant association with him that he will make the people of Wichita county a most capable and accommodating officer. Our observation of Tummins conduct during the four years that he was district clerk in this county renders us doubly sure that he is the man for the place in Wichita county; and he has the best wishes and high esteem of almost every man in Parker county.

TO THE VOTERS OF COMMISSIONER PRECINCT NO. 1.

On account of having to look after the threshing of my grain crop I will not be able to see every voter in this commissioner's precinct and I take this means of telling the voters why I want the office of commissioner. As most of you know the salary of this office is very small paying from \$200 to \$250 a year, but it is not for this salary that I am seeking re-election as commissioner.

Having lived in this section for 22 years and having helped develop it, and further believing that we have a good country and a bright future before our city, I take a personal pride in seeing the country developed and all kinds of improvements made, chief among which good roads are a factor in settling up the country.

I am familiar with county affairs and believe that county business should be run in a business like manner and on a business basis for the people pay the bills and are entitled to value received for the money they pay as taxes. I have probably made mistakes but with the knowledge and experience gained through acting as county commissioner I believe that I am better equipped than ever to fulfill the duties of this office to the satisfaction of the tax payers and for this reason I am asking for your vote.

Two years ago I promised the people that if elected I would organize a road outfit and do permanent road work. With the consent of the commissioners court I purchased, tools, teams and equipment for this commissioners' road precinct and also a road outfit was purchased by the commissioners' court for the west end of this county. These outfits together with material and all expenses connected with building roads have been paid for out of the tax money received each year and today there is a balance of \$13,000 left in the road and bridge fund.

There are ten main roads leading from Wichita Falls in various directions. Seven of these roads we have graded, drained and built new bridges to the precinct line. The remaining three roads which lead to Henrietta, Petrolia and Seymour we

have yet to complete. There have been graded and built during the last 16 months about sixty miles of road and considering the price of feed and labor this work has been done at a small cost. However, on account of the amount of new road work to do I have not been able to put portions of the roads worked on in as good condition that I would like but I feel that I can point with pride to much of the road work completed under my supervision, especially the lake road, the Charlie road and also the Thornberry road which is now being completed.

I want to say that if I am re-elected to this office it will be my aim to go over the roads already worked and not only make them good roads but better roads, and in addition keep them so. I believe that with the roads in the present shape and the material we have in this section that we can build these roads to almost equal macadam and do this out of the present tax rate. There is another cheap and effective method of maintaining the roads when built that I have given considerable thought to and that is in a system of dragging the roads and if elected I expect to organize a dragging system to help maintain the roads.

Again, I believe in publicity, and as tax payers the people are entitled to know for what the tax money has been spent. The best and most economical way in which to keep them informed on such matter is by the publication at least quarterly of an itemized statement of the county's expenditures.

In closing I hope every voter will consider my record and give me his support if he is in favor of my policy of building roads. I want to assure every voter that I will appreciate his vote and will give the office the necessary time and attention it demands to give the tax payers value received for their money.

Sincerely yours
DAVE THOMAS.

but so long as our people seem to demand something along that line, the Times believes that every encouragement possible should be given to the band concerts given on the court house lawn on Sunday afternoons. Last Sunday more than 2000 people were attracted to that place, by far a greater portion being children, who seemed to enjoy themselves greatly. The concerts are given at an hour that does not interfere with church worship. In fact, at the breaking of the concert a good portion of the amusement seekers go from the court house to the various churches. In Dallas the moving picture shows are permitted to run on Sundays, and in order to compete with these attractions, one pastor of a prominent church, Rev. J. Frank Smith, has proposed that the churches of the city go into the moving picture show business and give free exhibitions Sunday afternoons in the Sunday school rooms in order to afford recreation and amusement for the children, and at the same time keep them away from the regular picture shows whose pictures sometimes are not as clean and wholesome as they might be. But so far, the proposition does not seem to have met with popular approval. It might be better for the church to give musical concerts in public at such places as would not interfere with either Sunday school or church services. At any rate, that seems to be the popular idea in this city, and the movement in the humble judgment of this paper, should be encouraged as much as possible.

How would it do to limit campaign contributions to the Democratic campaign fund to those only who expect to become applicants for post offices? At a dollar per, this ought to bring in something like a million plunks.
EDITORIAL— red ELEANOR
 The Daily and Weekly Times is read by more people in Wichita Falls, and Wichita county than any other newspaper published. Subscription books always open to those who have money to spend for advertising and want to get what they are paying for.
 B. F. Looney of Greenville, is one of the three candidates for attorney general, and while the Times does not know anything against either of the other two gentlemen who, are Mr. Looney's opponents and is perfectly willing to accept their statements and statements of their friends that they are good lawyers and have splendid ability, an acquaintance of more than twenty years, standing with Mr. Looney convinces us that the people of Wichita county and all of Texas can not possibly make a mistake in voting for him next Saturday for attorney general. Mr. Looney is not only an able lawyer, but a high-toned gentleman and has made his campaign for this office on that ground.
 Gov. Osborn of Michigan, a progressive Republican, is supporting Woodrow Wilson for president. This naturally causes Democrats everywhere to want to know something about this Republican who has been highly honored by his party, but who now finds that he cannot follow his party to the extent of supporting President Taft for re-election.
 "The condition of mind that classifies a person as a progressive," says Gov. Osborn, "whether as a republican or democrat, is intangible and difficult to define. The movement marks a new era. Today all is materialism in this country. Tomorrow those who are progressive hope for a resurgence of morals and ethics in government. The people have seen the party in power manipulated in the interest of the powerful agents of avarice. In very many instances public officers have served special classes instead of the people. Our laws for years have been made to protect property rights, with secondary consideration for the man rights.
 "The progressive wishes to see a change and to have human rights placed upon at least an equality with property rights. He wishes to see the development of a condition and a class of officers wherein first consideration will be given to the rights of the people as a whole, as distinguished from the rights of the strong few. The new order of things will demand, in every instance where the rights of the people are involved, that the public officer shall regard himself as a special trustee of the people and shall, in case of doubt, lean toward them and act for them."
 As a general thing the Times is not an advocate of Sunday amusements.

Six days hence—candidates will then have a long resting spell.—Abilene Reporter.
 We are not concerned so much about the candidate, but will the people have a rest? Heaven grant it.—Denton Herald.
 Don't worry. With the candidates and their thunder disposed of the people will soon forget about it.
 At Judge Ramsey's inauguration next January there will be crowds of the wool hat boys from the forks of the creek welcomed by their chief to participate in a good old time as of yore, such as corn shuckings, dancing all night, and going home with the girls in the morning, and rejoicing together over the victory so justly won by a man of the people and for the people. So, hurrah for Ramsey, first and all the time.—Cleburne Review.
 That certainly will be something out of the ordinary. The "wool hat" boys hear that sort of talk just before the election. When the time comes for the pulling off of the inaugural ball, the embossed and engraved invitations will be sent to those who can feel themselves perfectly at home wearing a swallow-tail coat, white vest, white gloves and shoes and a beaver hat. In the past not many "wool hat" boys have ever shown up at inaugural balls.

TO VOTE ON AMENDMENTS AT NOVEMBER ELECTION.
 Austin, Texas, July 24.—Four proposed amendments to the Texas constitution will be voted on at the state election to be held in the state next November. The law requires that these amendments be published in at least one newspaper of general circulation in each county in Texas. The state department is accordingly preparing to have these proposed amendments printed which has to be done at stated periods for 90 days before the general election. The four amendments are:
 An amendment providing that the members of the board of regents of the University of Texas, and the boards of trustees or managers of the educational, eleemosynary and penal institutions of the state, may be elected or appointed for a term of six years, one-third of the members to be elected or appointed every two years in the manner provided by law.
 An amendment to grant aid to indigent and disabled Confederate soldiers and their widows, and to authorize a special ad valorem tax therefor, and also for the establishment and maintenance of a home for the dependent and indigent wives of Confederate soldiers.
 An amendment creating the office of prison commissioners and making the term of office of the board of prison commissioners six years and making an appropriation.
 An amendment providing for cities of more than 5000 inhabitants to adopt their character by a vote of the people.

San Antonio Express.
 Col. Cecil A. Lyon, former Republican National committeeman, and at present chairman of the State committee of that party, arrived last night from Houston and after registering at the Menger went at once to the St. Anthony, where he met United States Marshal Eugene Notte, District Attorney C. A. Boynton and Noah Allen and Postmaster Sloan Simpson of Dallas, all his personal and political friends. In response to the inquiry as to the cause of his visit Colonel Lyon said:
 "Purely personal, honestly. You see I have some private interests in San Antonio and I come here once in a while to look them over."
 "Are you to have any conferences while here?" he was asked.
 "Well, I am not exactly in hiding," was his characteristic reply, "and my friends know where to find me if they want to see me. But I don't know a thing of the local political situation. I have been watching the Democratic State campaign. It certainly makes a Republican's heart bleed to note the way Colquitt and Ramsey attack one another. Such disharmony and factionalism; distressing, very distressing."
 "One may presume that there will be peace in large chunks at the Republican convention in Dallas?" someone suggested.
 "I can't predict what will happen

there. I'm not a seventh son of a seer, but the thirteenth always was my lucky day and the convention will be held on August 12."
 "The clan Lyon may then be expected to triumph over clan MacGreggor, eh?" said a by-stander.
 "Clan Lyon nothing," snorted Colonel Lyon. "I leave the clans for clan MacGreggor, clan 'Goose-neck Bill' McDonald and others. Besides, my spindling shanks would not show to best advantage in kilts."
 Colonel Lyon will be in San Antonio today and tomorrow. Francis J. Heney, the celebrated prosecutor of the Pacific Coast and one of the Roosevelt leaders of the country, is expected back in San Antonio from Rockport Wednesday, and it is probable Colonel Lyon will make an effort to see him before he resumes his journey to San Francisco. It is also likely that the leading Roosevelt supporters of San Antonio will find occasion to confer with Colonel Lyon during his visit here.

ARSENIC WAS CAUSE OF DUVAL COUNTY POISONING
 Austin, Texas, July 24.—Arsenic was used in the wholesale Duval county poisonings which resulted in the death of County Attorney Diaz and three others and the serious illness of about twenty other persons around San Diego two weeks ago. This was disclosed by the chemical examination of the deceased official's stomach and of some of the water taken from the barrel which served as his cistern. In the state laboratory here today. The chemists notified the Duval county authorities of their findings this morning.

EDITORIAL COMMENT.
THE NONPARTISAN FALLACY.
 St. Louis Republic.
 A great many good men who ought to know better are declaring that the end of parties in the American government is in sight. They say that the people have outgrown them and that what they call "nonpartisan" government is just ahead. The very word "partisan" has in their minds a bad flavor.
 If parties are useless they will have to go. No amount of sentiment can save an institution that is no longer needed. Let us look at the essentials of good government. If these can be provided without party help, then nonpartisan politics is surely on the way, and we might as well begin to make up our minds to it.
 To run a government successfully requires three things: integrity, ability and co-operation in a definite policy. Officials must be men of character. They must severally be capable of performing their respective duties. But they must be in agreement as to the way in which the business of the government is to be conducted or it will meet with shipwreck.
 Suppose we grant that "nonpartisan" politics could put into office men of character and ability. How would it settle what they were to do when they got there?
 As a general thing the Times is not an advocate of Sunday amusements.

Are Improving Roads
 Sherman, Texas, July 24.—Construction work has started on the public highways radiating from this city. Good roads bonds to the amount of \$100,000 were voted recently for these improvements. The city will also start work within the next few weeks on street paving, of which \$300,000 will be expended.
Will Manufacture Twine.
 Sherman, Texas, July 24.—The Sherman Cotton Oil Company of this city has installed a complete machinery for the manufacture of wrapping twine. The demand for this item in Texas has increased recently owing to the bumper crops and the influx of manufacturing plants.
 Kingsville.—The seventy-five thousand dollar office building erected by the Frisco is now occupied by the general officers and employees of the road. The Frisco now has invested in shops and buildings in this city approximately a half million dollars and the railroad population here exceeds two thousand people.
 That is what the voter desires to decide by his vote. He has certain definite ideas about the tariff, the currency, the trusts. He wants to see those ideas carried out. The one way in which he can secure this is to choose men who will attempt to execute his ideas. This he can only do by combining with men of like mind, joining in a definite declaration of principles and voting for candidates them. And there you have your party, for a party is nothing but a voluntary organization of voters with a declaration of principles and candidates pledged to carry it out.
 It is political ideas that make parties. As long as voters keep on thinking they will need parties as instruments for putting their ideas in practice.
 All the life the Democratic party has is given it by the Democratic idea. The Democracy is simply the natural drawing together of men who believe that government means equal opportunity, that the great foe of good government is special privilege, that while the people support the government the government ought not to support the people, and that economy is the road to wealth as truly in public as in private life.
 The Democratic party is especially vigorous at the present hour. This is because in congress and in the governments of many of the states men of integrity and ability have been putting in practice the Democratic idea. Woodrow Wilson is his party's choice for president because of his efficiency in realizing in the government of the state of New Jersey the Democratic idea.
 Partisanship in the true sense is one of the most precious things in the world. It means the fellowship of men holding a common idea as to the conduct of government and uniting in a common support of officials specially chosen to carry it out.

SUPPORT IS SOLICITED FOR HON. BEN F. LOONEY.

Wichita Falls, Texas, July 24.—To the Democrat Voters of Wichita county:

We, the undersigned citizens of Wichita County, Texas, take this method of soliciting your support at the Democratic primary on July 27, 1912, for the Honorable Ben F. Looney, who has not known Cohen for a long time. The mother-in-law said that Mrs. Meyer told her that for about six months Cohen had been importuning her to elope with him. Meyer is a stage employe here. His wife was about 25 years old and good looking.

You would vote and use your influence for Mr. Looney:

Mail Carrier's Will Fly.

This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions, transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery, for coughs, colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. J. F. Davis, Stokely, Mo., "after doctor's treatment and all other remedies had failed." For coughs, colds or any bronchial affection its unequalled. Price 50 cents and \$1.00. Trial bottle free at all druggists.

Ovaxlo—The progressive citizens of this city have organized a commercial club. The following officers were elected: James E. Hurt, president and M. G. Jenkins, secretary.

Heavy Cotton Yield.
Bay City, Texas, July 24.—Cotton picking is well under way in this county and the yield is running from three-fourths to a bale per acre. There are 10,000 acres of cotton under cultivation here and 10 per cent of the crop is long staple.

Omaha Peach Shipments.
Omaha, Texas, July 24.—Sixty cars of Elberta peaches will be shipped from here this season. Already several cars have been shipped and the balance of the yield will be transported once.

\$800,000 Packery.
El Paso, Texas, July 24.—Equipment for the Stock Yards terminal has arrived. The terminals will connect with the packing house being erected in this city at a cost of \$800,000.

What Makes a Woman?
One hundred and twenty pounds, more or less, of hope and muscle don't make a woman. It's a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired listless, worn out feeling. "Electric Bitters have done me a world of good," writes Eliza Pool, Dewey, Okla., "and I thank you, with all my heart, for making such a good medicine." Only 50 cents. Guaranteed by all druggists.

Insect Bite Costs Leg.
A Boston man lost his leg from the bite of an insect two years before. To avert such calamities from stings and bites of insects use Bucklen's Arnica salve promptly to kill the poison and prevent inflammation, swelling and pain. Heals burns, boils, ulcers, piles, eczema, cuts and bruises. Only 25 cents at all druggists.

Sealed bids will be received at my office until noon July 25th for depository of the funds of the city, the interest to be computed upon daily balances. Persons and corporations submitting bids are requested to do so on the following basis:
1st. With the understanding that such person or corporation will furnish a bonded Treasurer, who will make all reports required by the council.
2nd. With the understanding that the city will furnish Treasurer.
W. A. McCarty, City Secretary.

Episcopal Church.
Rev. C. R. Crittenton, general missionary of the diocese of Dallas, under Bishop Garret, will visit Wichita Falls, conduct an Episcopal Church service and preach at the Church of the Good Shepherd Wednesday, July 24th at 8 p. m. Let every one be sure to be present. There will also be a celebration of the Holy Communion Thursday, at 7 and 10 a. m. All cordially invited.

Sand.
Orders for building sand or gravel promptly filled. MORRIS POORE, 504 Kemp & Kell Bldg.

Ronaton's Miner's Water.
Is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases. This water can be purchased at the wells on delivered in jugs or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Rohatch, Owner. Phone 1601—1 long—4 shorts.

A Liberal Reward.....

The sorrows of life may burden your soul, and you may feel that you are forsaken by loved ones and friends! There is much you do not understand; but my friend "Out of Sorrow" there is a lesson to be learned, an obligation to be fulfilled; a hope, some day to be rewarded. GOD IS NEVER UNJUST. for "Out of the gloom yesterday comes the smiles of today." Be faithful to the trust reposed in you; do your duty towards all, what ever befalls, and in the end will come LOVE, PEACE and HAPPINESS, the reward of the faithful.
We will give Twenty-Five Dollars to any one giving us the correct originator of the above sentiment.

DRAFTING PLATFORM FOR THE PROGRESSIVE PARTY
Chicago, July 24.—Senator Dixon discussed with leaders of the third party movement today the platform to be drafted for submission to the National convention.

"Upon that platform, freed of the platitudes usual in the old parties, the new party will stake its right of existence," said Senator Dixon. "It will be a platform that will stir the country. It will be a document full of human interest and will provide specifically for the solutions of the great problems."

It was announced that all applications for press seats at the National convention must be sent to Medill McCormick by Monday, July 29.

To Build Flour Mill.
Laredo, Texas, July 24.—A one hundred barrel flour mill will locate in this city and all the necessary machinery has been ordered. The company backing the mill, own and operate several similar enterprises in Mexico and Southern Texas.

NO TRACE IS FOUND OF MISSING NURSE.
New York, July 24.—Although a general alarm was sent out yesterday no trace of Miss Dorcas I. Snodgrass, the missing Mount Vernon nurse, has been found either by the police or the young woman's friends. Hopes that Miss Snodgrass might have gone to the home of her brother-in-law, John L. Crider in Oakland, Cal., or to relatives in Martin's Bridge, W. Va., were dispelled when telegrams were received today saying that Miss Snodgrass had not arrived in either of those places. Miss Snodgrass was engaged to marry F. E. Schmidt, a well to do young man. The young woman has not been seen since July 17.
