

FLOOD CAUSES 60 DEATHS DAMAGE IN THREE STATES

CLOUDBURST CAUSES DESTRUCTION IN PENNSYLVANIA, OHIO AND WEST VIRGINIA.

VERY HEAVY LOSS

Many of Dead Are Miners Caught Without Warning At Their Work Underground

By Associated Press.
Pittsburg, Pa., July 25.—When dawn spread its light over Western Pennsylvania, Eastern Ohio and West Virginia there was revealed to thousands of flood sufferers an extent of desolation, touched here and there with ugly shadows of tremendous financial loss and heavy death toll.

Early today there had been received in Pittsburg reports that if verified will bring the total death list in the three states up to three score.

The roll of fatalities early today was: Uniontown, Pennsylvania, fifteen drowned; Smock, Pennsylvania, fourteen reported drowned; Grindstone, Pennsylvania, twelve miners missing, reported drowned; Lynn, Pennsylvania, two miners reported drowned; Wheeling, West Virginia, three drowned; Lemont, Pennsylvania, four miners reported drowned; Ellwood, three reported drowned; Newmarket, six reported drowned; Monaca, West Virginia, one drowned; Fairmount, West Virginia, two drowned.

Of this list of sixty-one it has been possible to account definitely for twenty-three. Those who are known to have met death are at Uniontown, Wheeling, Fairmount and Monaca.

There is another danger source which may add to the death toll. Many mines were flooded and working men were compelled to flee for their lives. Whether some or all of those reported missing escaped drowning is not known.

Many sections of the flooded territory had not been heard from at daylight. Yesterday's storm drove hundreds of families from their homes. Residences were damaged or destroyed and streets were torn up by the mile or piled high with tons of debris from the flood waters.

The financial damage in the flood region will amount to an enormous sum impossible to estimate. Hundreds of families are homeless, except for temporary shelter in tents and shacks but the waters began to recede at daylight and as the weather is warm there will be little of the prolonged suffering which usually follows a heavy flood.

The flood split great rocks, heavy railroad iron was lifted from its beds and dropped into rivers while deep scars marked the surface of the earth where the water made new courses for itself.

Railroad traffic through a great territory is demoralized. With four connections into Uniontown, it was impossible to get passengers into the city early today. Several bridges of the Pennsylvania system and the Baltimore and Ohio were torn from foundations and thrown into the water. Towns are cut off from rail, mail, telephone and telegraph connections.

From West Virginia no report can be secured by the weather bureau as almost every wire from that state is down. It was in the coke region that the fury of the storm seemed to have been spent. Uniontown, Dunbar, Lemont, Mount Braddock, Connellsville, all were inundated and suffered much damage.

The greatest loss of life was due to the flooding of the Superba mine at Evan, nine miles from Uniontown. Fifty miners are now accounted lost. Three are missing among the four hundred and fifty employed at Lemonte. It was stated by officials of the Superba company that it will take at least sixty days to clear the mine of water and until that time efforts must remain in the water. Superintendent J. W. Battersome was the first man to see the high water start in the manway. He raised the alarm and all the men on the outside rushed into the mine, yelling loudly as they went. In that manner, more than half of the miners were saved.

Relatives of the miners and mine drivers, when the alarm was raised, rushed to a large hole made by the water at the manhole and frantically threw sticks, stones, brush and poles, and whatever other timber they could find, into the water, in a futile effort to stop its rush into the mines. Women and children remained at the mouth of the slope late refusing to return home until an attempt had been made to rescue their husbands and fathers.

The water rose so quickly after the cloudburst that it practically destroyed all railroads and street railways in Fayette county.

Nothing could be done to avert the

Superba mine catastrophe. A dam that had been built around the manway a day or two ago, when the water was high, was washed away and the water rushed into the mine so rapidly that it was filled in less than thirty minutes.

Three men lost their lives in Lamont No. 2 mine of the H. C. Frick Coke Company, about half a mile from the Superba mine, but ninety-seven others who were caught in the flood there escaped.

Andy Machak, a driver in the mine, when he realized that the water was rushing in with such rapidity as to flood the entire mine, cut loose the pit car and, while hanging onto the chains, was drawn to safety by the two mules.

When it was ascertained that the thirteen men had perished in the Superba mine, the survivors persisted in forming a rescue party, but officials of the mine refused to allow them to risk their lives. The mine is flooded so that it is impossible to enter it more than 100 yards without risking life.

The wife of Andy Valco, left with five little children, the oldest aged 8, dashed into the mine, going some distance down the slope before being overtaken. She tore her clothes in her anguish when refused entrance at the slope.

E. H. HARRIMAN'S DONATION IN 1904

GAVE \$250,000 FOR NEW YORK CAMPAIGN BUT NONE TO ROOSEVELT.

PRESIDENT DIDN'T KNOW

Committee Official Declares Roosevelt Wasn't Advised Until Some Time Afterward.

By Associated Press.
Washington, July 25.—Circumstances of the Harriman contribution to the Roosevelt campaign fund of 1904 were related to the Senate investigating committee today by George R. Sheldon who was treasurer of the Republican committee of 1908 and unofficially associated with Treasurer Bliss of the 1904 committee. This is his version:

"About two weeks before the election, Gov. Odell who was New York's state chairman, came to Mr. Bliss and stated that while it was perfectly clear that Roosevelt would be elected, the state ticket was in doubt.

"He asked for some money. Bliss said he had no money, but he would see what he could do. He went to E. H. Harriman, and Mr. Harriman with Mr. Bliss got together some \$250,000 and that money was handed to the state committee and never went to the National committee."

Mr. Sheldon said he knew, unofficially that J. P. Morgan and Company and Henry C. Frick were contributors in 1904.

"Did Mr. Harriman see anyone else before he contributed? My memory of events is a little hazy," said Senator Paynter.

"I assume that he did not," said Mr. Sheldon.

"Wasn't it a subject of correspondence between Mr. Harriman and Mr. Roosevelt?"

"No sir, Mr. Roosevelt never knew anything about it until long after the election."

"What was there about a letter which disappeared from Mr. Harriman's files?"

"I know nothing about the letter."

"Wasn't the public first advised of this contribution through a letter the president wrote Harriman?"

"I cannot tell you," replied Sheldon.

"You said that Mr. Roosevelt knew nothing of it until after election; by that you mean you have no knowledge of his knowing?"

"I had no knowledge."

Asked whether he knew of any contributions in 1904 by anyone connected with the United States corporation, Mr. Sheldon answered:

"It is difficult to answer that; not in my personal knowledge." He gave similar answers to queries relating to the tobacco, harvester, sugar and Standard Oil "trusts" and various manufacturers' associations.

He said contributions to the committee in 1908 were \$1,855,518.27.

GENERAL OROZCO STILL IN JUAREZ WITH COMMAND

By Associated Press.
Juarez, July 25.—Gen. Orozco is still in Juarez apparently making no effort to leave. Although it had been expected he would leave with his rebel command today.

WOULDN'T ELOPE DEATH RESULTS

MARRIED WOMAN'S REFUSAL TO GO WITH MAN CAUSES TRAGEDY

SLAYER IS STILL LIVING

Badly Hurt, Makes No Statement Except That He Wished To Die. Bodies Found Together.

By Associated Press.
Dallas, Texas, July 25.—The refusal of Mrs. Georgia Meyer to elope with H. Cohen caused him to kill her and shoot himself last night, according to the story of Mrs. Meyer's mother-in-law. Mrs. Meyer's partially nude body was found in Cohen's room in a paint shop about 9 o'clock last night. Cohen sat beside her with a bullet wound in the back of his head which the police say was self-inflicted. He was still alive this afternoon but made no statement except that he wished to die.

Horace Meyer, the dead woman's husband, said he did not know Cohen was acquainted with her. The mother-in-law said that Mrs. Meyer had told her that for about six months Cohen had been importuning her to elope with him. Meyer is a stage employe here. His wife was about 25 years old and good looking.

According to the police, the woman was dressed only in a corset and a pair of stockings when they broke into the place. She was lying on the floor and the condition of the room indicated that there had been a struggle preceding the shooting. In the room was found a bottle which was filled with carbolic acid.

Georgia Meyer, who was the wife of a stage hand, was well known about the city. She formerly was the wife of a man named Foy, who at one time was in the butcher business in Dallas. She was a pretty woman with big brown eyes and hair and had a striking face. She was about 25 years of age.

Cohen was somewhat older than the woman and with his brother, operated the automobile painting shop where the tragedy occurred. At the sanitarium a close examination showed he had been shot twice in the back of the head and towards the right side. One of the wounds was superficial and did not penetrate the skull. The other went through the head and particles of brain were scattered about both the place of entrance and where the bullet made its exit. Despite the nature of this wound the attending surgeon declares he has a chance to live.

A peculiar feature in connection with Cohen's wounds is that there are no signs of powder burns. The

WEATHER FORECAST

Tonight and Friday generally fair.

ACCEPTED THEORY OF THE POLICE IS THAT COHEN DID ALL THE SHOOTING, BUT FROM WHAT FEW REMARKS HE MADE SOME BELIEVE THE WOMAN FIRED THE PISTOL AND THAT COHEN WRESTED IT FROM HER AND SHOT. THIS PHASE OF THE CASE IS BEING INVESTIGATED.

FINGER PRINTS MAY TELL STORY

ARE BEING STUDIED IN EFFORT TO FIND MURDERERS OF ROSENTHAL.

PURCHASERS OF SILENCE

Those Who May Know Something Are Given Poor Memory With Aid Of \$10 Bills.

By Associated Press.
New York, July 25.—One line of investigation of the Rosenthal murder it developed today is through finger prints taken several days ago from the doors of Louis Libby's gray automobile used by the slayers. These have been compared with the finger prints of men now under arrest. The result of the comparison has not been made public.

Ten dollar bank notes are declared never to have been plentiful among those of the section near Broadway and 42nd street as recently since investigators, public and private, have been trying to round up witnesses.

The plethora of cash seems to have induced a state of suspended memory for chauffeurs, hangers-on, newsboys and others who might be supposed to have knowledge of the incident or events in connection with it. The report is current that persons interested in seeing that a minimum of evidence is offered and been around with a "down bag."

SENATOR BEVERIDGE TO PRESIDE AT CONVENTION

Is Chosen Temporary Chairman of Progressives Meeting. Dixon Makes Announcement.

By Associated Press.
Chicago, July 25.—Former Senator A. J. Beveridge of Indiana has been chosen temporary chairman of the National convention of the progressives here August 5. This announcement was made today by Senator Joseph M. Dixon.

ACTION ON WOOL TARIFF ASSURED

SENATE AGREES TO VOTE ON DEMOCRATIC BILL BEFORE ADJOURNMENT.

COMPROMISE NOW LIKELY

Democrats Seem Willing To Accept Any Measure That Will Afford Relief.

By Associated Press.
Washington, D. C., July 25.—The Democratic wool tariff bill reducing duties on all woolen products about fifty per cent was taken up today by the Senate under an agreement to vote on it before adjournment.

When the Senate met Republicans were still undecided as to their course. Republicans of the finance committee tried to decide whether Senator Smoot's bill should be offered to represent the views of the Republican majority. No agreement was reached.

Senator Simmons who brought up the bill said that if it were impossible to pass the Democratic House bill, another measure might be accepted if it ordered substantial relief, no matter whether it comes from the stand pat Republicans or another source. He said he did not believe the majority of the people wanted all wool tariff abandoned.

There was an interchange between Mr. Simmons and Senator Smith of Michigan. The latter said the Democrats were trying to lead the country into conditions similar to those that affected the sheep raising industry under the Wilson tariff. Simmons retorted that whatever the effect of the Wilson law there had not been "that degree of condemnation that exists against the Payne-Aldrich tariff."

By Associated Press.
Washington, D. C., July 25.—Senate leaders today began lining up forces for the three days tariff fight that was expected to begin with the consideration of the wool bill. With both sides decided on a plan the situation seems unusually complicated.

The Democratic wool bill was to be taken up for amendment when the Senate met.

The introduction of the Cummins substitute has so mixed plans that the introduction of a third bill is talked of. Senator Smoot's bill might be brought in, many senators thought. The sugar and excise tax bills are next in order.

The action of Senator Cummins was not in accord with the understanding regular Republicans had of the plan to be followed. Leading Re-

publican members of the finance committee held an informal conference last night to determine whether a third bill, representing their views, should be introduced. No agreement was reached, however, as to the possible introduction of a bill that has been prepared by Senator Smoot.

The Democratic leaders called a party caucus to meet Friday. The purpose of the caucus, it is understood, is to adjust conflicting opinions on the sugar trust and attempt to meet the views of Democrats who object to the free sugar bill, passed by the house.

Senator Borah today introduced a senate substitute for the excise tax bill, a complete income tax law. It is the same measure he offered when the Payne-Aldrich tariff was under discussion and was then defeated. Senator Clapp also offered an amendment to the excise bill to strike out of the present corporation tax law the provision exempting corporations from paying taxes on incomes derived from other corporations that had already been taxed.

A Canadian reciprocity and wool pulp tariff amendment will be offered by Senator Gronna of North Dakota. It provides for the repeal of the Canadian reciprocity law and for a reduction by one-half of the Payne-Aldrich tariff law rates on wool pulp and print paper. Senator Gronna declared that he would offer his amendment as a substitute to each of the tariff bills in the house.

No apparent progress was made today in the effort to secure an agreement among Republicans on a bill to reduce the sugar tariff. The sentiment favoring a reduction of the present duty of \$1.90 per 100 pounds and the abolition of the Dutch standard test will result in a compromise Republican measure, it is believed.

M. M. COOKE GOES TO CALIFORNIA

CHIEF ENGINEER OF NORTHWESTERN TENDERS RESIGNATION EFFECTIVE AUGUST 1.

ASSISTANT TO THOMPSON

Will Be With Former Wichita In Employment of California State Railroad Commission.

M. M. Cooke, chief engineer for the Wichita Falls Route, has tendered his resignation effective August 1 to accept a position as assistant to R. A. Thompson, engineer for the California Railroad Commission. Mr. and Mrs. Cooke will leave for San Francisco next week going via the Yellowstone National Park for a few days' outing.

Mr. Cooke came to the Wichita Falls Route in September, 1909 when R. A. Thompson was chief engineer. When Mr. Thompson left the Wichita Falls Route to go with the California commission Mr. Cooke succeeded him and has been engineer in charge of the construction of practically all the extension built north of the Canadian river. Previous to coming to Wichita Falls Mr. Cooke was employed on the Panama Canal. He began engineering work with the Cotton Belt at Tyler.

R. A. Thompson with whom Mr. Cooke will be associated in California, was formerly chief engineer of the Northwestern, leaving Wichita Falls last year to accept the position he now holds. Mr. Thompson directed a large part of the construction work of the Northwestern. He was formerly chief engineer for the Texas Railroad Commission.

Didn't Want to Be Locked Up and Ran Some

Sheriff Randolph had a lively time with an obstreperous prisoner this afternoon. He first arrested the fellow for drunk and boisterous conduct on Ohio avenue between Seventh and Eighth street.

Mr. Randolph ordered him to climb into the buggy and instead the fellow broke and ran. The sheriff overhauled him near Pond's laundry and took him to jail. While the officer was unlocking the door the prisoner jumped down the stairway and running most over Mrs. Hawkins, wife of Deputy Sheriff Hawkins, dashed through the court yard and ran up an alley toward the river, with Mr. Randolph in hot pursuit.

The latter fired two shots into the air to emphasize his command to halt but they served only to increase the speed of the fugitive. The man ran toward the river and hid in some weeds where Mr. Randolph recaptured him a few minutes later and landed him in jail without further trouble.

DEADLOCK OVER NAVY INCREASE

HOUSE DEMOCRATS REASSERT THEIR OPPOSITION TO NEW BATTLESHIPS.

SENATORS STANDING PAT

Want One More Fighting Ship and There is Little Hope for Break.

By Associated Press.
Washington, D. C., July 25.—No hope of a break in the deadlock between the Senate and House over the battleship appropriation is in sight today. Senator Perkins, chairman of the Senate naval committee said the Senate conferees would not give up the one-ship plan unless instructed to do so by the Senate.

House conferees said they might allow the increase of torpedo boats of four to eight if the Senate would back down on the battleship program.

The House Democrats at a caucus again decided, by a narrow margin of votes to stand by their former caucus action against authorizing the construction of any battleships at this session of Congress.

The vote was 70 to 63, and it came on a motion made by Representative Burnett of Alabama to table a motion of Representative Sulzer of New York to release Democratic members from the former caucus action opposing an appropriation for battleships. The Burnett motion to table Sulzer's resolution was adopted by the vote given.

Representative Fitzgerald of New York, chairman of the appropriations committee, made a vigorous speech against rescinding the previous caucus action and urged the importance of keeping down appropriations as far as possible without interfering with the necessary work of the Government.

Representative Hobson of Alabama put up a strong and characteristic plea for rapid increase in the navy, and cited Democrats to the declaration in the Baltimore platform in favor of rebuilding the navy. Representative Robinson of Arkansas also called attention to the Baltimore platform declaration and urged that the House should agree to an appropriation for at least one battleship this session.

But the majority of the members present decided to stand pat on the action of the previous caucus, and the deadlock with the Senate over the naval appropriation bill will continue for a while longer.

\$25,000 FUND TO FIGHT ARMY WORM IS PLANNED

By Associated Press.
Washington, D. C., July 25.—An immediate advance of \$25,000 to the department of agriculture to fight the army worm in the South was proposed in a joint resolution today by Senator Smith of South Carolina. Funds were not available because of delay in passage of the agricultural bill.

Saturday's Battle of the Ballots

CAMPAIGN LITERATURE SWAMPS AUSTIN POSTOFFICE.

Austin, Tex., July 25.—The Austin postoffice is blocked with second-class mail matter as a result of the large volume of campaign literature which has been going out of local political headquarters. Today a postoffice employe notified one of the headquarters that it was no use to offer any more matter, as "we are now four days behind, having probably a million pieces of mail untouched." With the primary Saturday, this will end all mail to the voters of the State, except first-class communications.

It was stated at the Colquitt headquarters, which had sent out hundreds of pounds, that nearly all of its mail was cleared last week. A special man was employed and his salary paid in order to get out the last of it.

Others maintaining headquarters here are John L. Wortham for Railroad Commissioner, James D. Walthall for Attorney General, J. M. Edwards for State Treasurer, A. C. Prendergast for Court of Criminal Appeals, W. P. Lane for Comptroller, Ed R. Kone for Commissioner of Agriculture, J. T. Robinson for Land Commissioner, Nelson Phillips for Supreme Court Justice and the numerous local candidates.

The Austin postoffice is simply swamped and will have to do heroic work to get out the stuff now on hand before Saturday.

The Houston postoffice advised that it was filled with Wolters' literature and the San Antonio postoffice was working overtime.

RANDELL'S ENFORCED IDLENESS CAUSES MUCH REGRET.

While his opponents, Sheppard and Wolters are putting in every minute of the closing days of the campaign, addressing crowds and meeting voters, Congressman Randell is confined at his home in Sherman, unable to do more than direct his correspondents and newspaper cam-

aign. That his inability to get out and make speeches in the last days of the campaign is injuring his chances for election there is little doubt.

Mr. Randell says this has been a deep disappointment to him, as he has been exceedingly eager to re-enter the campaign and make at least two or three speeches this week, but it is doubtful whether he will be able to make any speeches during the week.

His condition is not regarded as serious, but is of such a nature that it is almost certain the exertion of public speaking would cause a relapse which might prove dangerous, and therefore, he was compelled to cancel his Dallas appointment. If it is found that he will be able to speak this week announcement will be made.

Mr. Randell's attending physician gave out the following statement:

Sherman, Texas, July 23.—Congressman Randell's condition is far from improved today. He has been suffering considerably since last night and is confined to his bed. I do not consider his condition to be serious if he has absolute rest and quiet. Any exertion on his part at this time might involve a disastrous relapse. The physical effort which he would have to put forth when traveling or speaking would seriously endanger his health. It had been hoped that he would be able to resume his campaign at this time, but I am now doubtful of his being strong enough to take the stump again before the primaries.

I. P. GUNBY, M. D.

RAMSEY AND SHEPPARD FAVORITES AMONG JURORS.

If polls of juries are any index Sheppard and Ramsey will be the winners in Wichita county in the primary next Saturday. In a poll of the twenty men summoned for a jury

in the district court yesterday 17 expressed a preference for Sheppard, one for Wolters and two did not vote. On the gubernatorial race 15 were for Ramsey, 3 for Colquitt and two did not vote. For comptroller 14 were for Lane and 4 for Barker and 3 not voting.

These men were summoned from all sections of the county most of them being farmers. All the polls of juries here have shown preferences for Ramsey and Colquitt.

REPLIES TO COLQUITT AS TO ABOLITION OF "BAT"

Judge Ramsey in his speech at Morgan, Bosque county, recently introduced legislative record to show that the penitentiary reform bill which Campbell's special session enacted in 1910 fixed the length of the lawful strap at twenty-four inches and its breadth at two and one-half inches. The heavy bull whips of the kind the Governor displays, he said, were never prescribed nor sanctioned by penitentiary rule, nor statute law and when they were used they were used wrongly and unlawfully; the cessation of their use was one of the consequences of agitation prior to and contemporaneously with the penitentiary investigation. The law passed by Campbell, he went on to say, became effective coincident with the inauguration of Colquitt; that law prescribes penalties for the abuse of the power to whip prisoners or the use of straps that do not correspond to the standards of regulation. Consequently Judge Ramsey contends, if Gov. Colquitt did in reality abolish the "Billy Hell" bat and the little "red heifer," as he says he did, that act of humanity itself is prima facie evidence that for fourteen months during Colquitt's administration the law with reference to the infliction of corporal punishment

703 Ohio Avenue

WHEAT AND OATS YIELD IN IOWA PARK VICINITY

Average of Seventeen Bushels of Former and Twenty-Five of Latter is Shown.

An average of seventeen bushels of wheat per acre, and twenty-five bushels of oats per acre, was made in the vicinity of Iowa Park, according to figures compiled by the Iowa Park Herald. According to the Herald's statistics, 50,603 bushels of wheat were made on 2841 acres and 5120 bushels of oats on 200 acres. The published figures of course do not include all the wheat or oats raised near Iowa Park, as the yields on a number of farms will not be ascertained until threshing is finished. The farms, their acreage and their yields, are published as follows:

Name	Wheat	Oats
John Fries	200	4100
Will Detlefs	90	1760
G. T. Smith	110	1780
Milton Weeth	300	5384

DENIES THAT ROOSEVELT CONTESTS WERE GENUINE

Washington, July 25.—A specific denial of the claims of the Roosevelt managers that their candidate had been improperly deprived of delegates in the Chicago convention in the contested cases brought either before the national or credential committees was made in a speech delivered in the house by Representative Mondell of Wyoming, who was a member of the credentials committee. He characterized the contests as "mere bluffs," without a shadow of substantiation.

Mr. Mondell presented a categorical review of the various contests using data which it was understood later would be given out from the White House in an attempt to correct what the administration held to be a wrong conception by the public of events at Chicago. The speaker declared Col. Roosevelt and some of his supporters in voicing charges of fraud had by their vehemence and persistence in a period of unrest and suspicion, "profoundly influenced many good people."

"BACK TO THE LAND" MOVEMENT ENCOURAGED.

Washington, D. C., July 25.—An aid in "back to the land" movement has appeared in the form of a series of pamphlets entitled "Agricultural Opportunities" compiled by the division of information of the bureau of immigration and naturalization, department of commerce and labor. The series gives information concerning the resources, products and physical character of the various states. The information was collected primarily for immigrants who applied at the bureau's offices in New York or Galveston. The government, however, will supply the publications to all who apply.

WOULD BRIDGE MISSISSIPPI AT LOUISIANA CAPITAL

New Orleans, La., July 25.—That the movement for the building of a bridge across the Mississippi at Baton Rouge, which first became public a few weeks ago at the state capital, is a serious undertaking, is believed to be indicated by instructions received by Col. Lansing H. Beech, engineer in charge here, that he should have survey made of the river at Baton Rouge to determine the physical possibility of building the proposed bridge without interfering with navigation.

Needle Works Through Foot

Paul Sisk, who had the misfortune to stick a needle into the ball of his foot about two months ago, came to the doctor Wednesday and the needle was removed. The needle had worked through the foot and was taken out from the top of the foot.

SATURDAY'S BATTLE OF THE BALLOTS

(Continued from page 1)

upon prisoners had been flagrantly violated. The bat Colquitt abolished, says Judge Ramsey, was not the "Billy Hell" bat, nor the "red heifer" but the two-foot light-weight strap which the reform bill proscribed. If Colquitt did, however, stop the use of the "Billy Hell" last March, then Colquitt was for fourteen months using the "Billy Hell" in violation of the statute.

"The people will never vote for any man born of woman," said the judge, "who persists in playing the people for suckers as Colquitt does on that question."

CONTEST IN PANHANDLE IS GETTING INTERESTING.

The Panhandle has two candidates for Congressman at large, Judge Lancaster of Plainview and Judge J. N. Browning of Amarillo, former lieutenant-governor. It is felt that West Texas and the Panhandle should name one of the two congressmen to be chosen, but there is a lack of unanimity as to which should serve. Judge Lancaster was the first to announce. The race between the two has reached an interesting stage and the outcome is awaited eagerly.

COMMENT BY TOM FINTY ON THE GUERNATORIAL CONTEST.

Tom Finty, Jr., writing in the Dallas News thinks that the "unwritten law" which gives candidates two terms in Texas will greatly help Colquitt in Saturday's primaries. The predominance of Wilson sentiment, on the other hand, Mr. Finty thinks will aid the Ramsey cause. He writes: "My own opinion is that the race is mighty close; that it is a toss-up as to which will win, and that the winner will be in luck if he comes through with a majority of 20,000. There may be a landslide, but I doubt it so much that I have put myself in the path if an 'shoulder' break loose. Colquitt has an advantage of the second-term, unwritten law, the undermining of the reverence for which began in 1908, when 'Democratic Bob of Black Jack Grove' ran against Gov. Campbell. Colquitt has the advantage of that, such as it is.

"Upon the other hand, Ramsey has the advantage of the Wilson victory. The delegation to Baltimore came back to Texas with the prestige of a great victory in which they had a big hand. Thirty-eight of these delegates are actively working for Ramsey. Naturally they are influential just because of their victory. Moreover, as a matter of practical politics, every man in Texas who believes that Wilson is going to be elected, and most of them do, and who expects to apply for a Federal job is disposed to cultivate these thirty-eight delegates. So, there are the two major influences, outside of the particular issues, which are being discussed."

PROMINENT WACO EDITOR ANT MAKE UP HIS MIND.

Considerable interest is manifested in political circles as to the attitude of Editor Robinson of the Waco Times-Herald on the gubernatorial race. His most recent utterance on the subject is as follows: "Three things confront Brother Colquitt—his attitude toward the Baltimore ticket, increase in the tax rate and his row with the attorney general. Three things confront Brother Ramsey—brought out by Tom Campbell, two positions as to prohibition and his decisions as to labor while on the bench."

LITTLE INTEREST IS SHOWN IN LESSER STATE CONTESTS.

Comparatively few voters, it is believed, could name more than one or two of the state candidates outside of those for governor and senator, much less say who they will vote for. As is always the case when interest is high in one or two races, it is low in the others. All of the state offices with the exception of superintendent of education are contested, and the winners will be those who have the most workers Saturday, as most of the voters will not have made up their minds when they start to the polls. It is possible to make even a random prediction of the outcome of the races for lieutenant-governor, controller, attorney general, land commissioner, judges of the supreme and criminal appellate courts or railroad commissioner. "Nobody knows," and such is the interest in the main races that nobody will find out until probably Monday. The results of some of the races will not be known for some days after the primary.

SILENT FOR TWO YEARS; ALIENISTS NOT DECIDED.

Sacramento, Cal., July 25.—Even after applying the other tests, alienists were undecided today whether Chas. Carson, a convict in Folsom penitentiary, had been stricken dumb or is shamming.

He has not spoken a word for two years and ten months.

The common effect of ether is to loosen the tongue while the subject is going under or coming out of its effects. Not a sound escaped Carson while he was subjected to the test. Carson was sentenced to life imprisonment in 1904 for assault and robbery. Two years later he was given a sentence of death for his share in a murderous jail break, but has several times been reprieved. He is a South Carolinian.

This Week's Underpricing!

In most every department strongly demonstrates this store's advantages as a hot weather shopping place.

The pricings are such as will reward your energy in visiting this store, even on the "hottest day."

Mid-Summer Prices Mean Big Savings

Not a thing in this list that is not reasonable right now, and no where else can they be had at the prices we offer them.

We are very much in earnest in wanting to make a quick clearance of Summer goods while they can be used, and we assure the buyers that these bargains are unmatchable.

Somebody Lost

Do you know who? Well, they bought a bill of groceries from us last Saturday (July 13) and asked us to deliver them to a certain place, where they lived; but this certain place proved to not be the place. We still have the groceries and the money which was paid for them—isn't this sufficient evidence that somebody is lost?

King's Grocery

THIS BOOK HAS CAUGHT ON!
Once in a while a book is written that is so unusually popular, almost everybody wants to read it. Such a book is **THE TRAIL OF THE LONESOME PINE.** By John Fox, Jr.
Perhaps you are not a book reader, but even so, you'll want to read this story of a young mining engineer in the Kentucky wilds where they have so many feuds—and where there is one girl in particular who is so fine that it's a shame she doesn't live in real life.
Don't fail to read "The Magnet" by Henry C. Rowland, "The High Hand" by Jacques Futrele, "That Light Lures," by Percy Brebner, "The Second Wife," by Thos. Buchanan, "The House of Bondage" by Reginald Wright Kniffman, "The Cathedral Courtship" by Kate Douglas Wiggin, and "The Taming of Red Butte Western" by Francis Lunde.
These books have just been added to our line of popular fiction for 50c. Watch our window.

ARDMORE NEEDS SINGLE GAME TO LAND HONORS

One More Victory Will Give Her Right To Play Wichita Falls For Pennant

Today may settle the contest for honors of the second half of the Texas-Oklahoma league season. If Ardmore wins just one more game of the four she has scheduled, she will clinch first place and even if she did lose all the remaining contests, Sherman, her nearest competitor, would have to win everything to nose her out. So it seems almost certain that Ardmore will play Wichita Falls for the pennant.

Wichita Falls won yesterday's game from Bonham at Ladonia, 12 to 8. The game Tuesday was a victory for Bonham, 8 to 5. After one more game at Ladonia with Bonham, the Drillers will go to Ardmore to end the season.

TEXAS-OKLAHOMA LEAGUE
Ardmore 4, Denison 2
Denison, Texas, July 25.—Ardmore won from Denison today by a score of 4 to 2. The game was fast up to the fourth inning, when with two out and two men on bases, Robinson for Ardmore, hit to Kere and Sullivan ran into Kerlin, knocking the ball from Kerlin's hand with his knee. The decision was disputed but stuck and Denison then played a hitless game until the ninth when with two down they ran in two scores.
Score by innings:
Ardmore 000 301 000—4
Denison 000 000 00—2
Batteries—Deardorff and Ballew; Haislip and Kerlin.

Sherman 6, Durant 1
Sherman, Texas, July 25.—Sherman defeated Durant in the second game of the series this afternoon by a score of 6 to 1. Bunched hits were responsible for the winning runs. Stewart featured with a catch.
Score by innings:
Sherman 000 001 41x—6
Durant 100 000 000—1
Batteries—Dischner and Townsend; Gordon and Hornbuckle.

Labor Organizations Endorse Patrick Henry For Legislature
Wichita Falls, Texas, July 25.—We, the officers and members of organized labor in the city of Wichita Falls, endorse the candidacy of Patrick Henry for the legislature from this district.
Mr. Henry has favorably answered all the questions asked by the legislative board of organized labor for the State of Texas, and if elected can be depended upon as being fair in all measures that will effect the welfare of the masses of the people.

CASS TARVER SHOWS UP WELL AS "WHITE HOPE"

Recent Exhibition At Childress Brings Favorable Comment From Those Watching Him.

(Childress Index)

The boxing contest held in front of the grandstand at the fair grounds last Thursday evening was a strong drawing card, and several hundred people were at the ring side before sunset.

The first of the exhibition was a demonstration of physical culture and the method of training boxers. This lasted for nearly a half hour. When through with this part of the program it was announced Cass Tarver, the big White Hope would box two rounds with Jinks Mode, freight conductor on the Denver road and that the contest was free to all who wish to witness the boxing.

Mode was much lighter than the Anson lad but seemed anxious to take a little punishment. Tarver and Mode were introduced and each clasped hands when the round was called. Tarver was the aggressor and waded into Mode, giving the conductor a few body blows. Mode tried hard for Tarver's jaw but was too short to reach his mark. Mode landed a couple of light blows. Tarver took a punch whenever he wanted.

Second round was a trifle faster than the first. Mode seemed anxious to land hard on Tarver but the big boy was too fast on his feet. Tarver got busy, his gloves were working fast and he didn't stay in one place long enough for Mode to find him. Mode made a jab at Tarver's jaw, Tarver blocked it and landed a light blow to Mode's mouth, cutting his lip and bringing first blood. The round was tame from there out. Both were in best of humor and shook hands.

The remaining six rounds Tarver boxed with his trainers, Frank Mayo and Wild Cat Robinson. Robinson was first in and was faster than Mode, but he couldn't hit Tarver to advantage. Mayo then took the

gloves and waded into the big Anson boy like the veteran he is. He didn't show him much mercy and tried hard to hit him to make it hurt. Tarver was a little better than Mayo and succeeded in knocking the former pretender in heavy weight honors out of the ring.
The remaining rounds were more of skill, with exception of one round when Mayo was boxing. The big fellows got too close together and Mayo was cut across the right eye, causing the blood to flow freely.
This was the first boxing contest ever witnessed in Childress and all who witnessed the contest were well entertained. Of course it was a tame affair as it had been advertised as only an exhibition of skill and not a real fight, but the spectators learned something of the game which is being fought so hard in every state in the Union.

The contest was witnessed by about three hundred ladies and not one word of condemnation has been heard from any source.

LOSES TWO FINGERS IN ACCIDENT AT BRICK PLANT

C. L. Floyd, a transfer man at the brick plant, suffered a painful injury recently as a result of which it was found necessary to amputate the index and middle fingers of his right hand. Mr. Floyd was superintending the moving of a number of bricks which had been placed in a small cart or wagon which is operated on rails. In attempting to stop this, he placed his right hand under the wheels in some manner and was injured as above stated. Mr. Floyd was placed in a buggy and driven to town by T. S. Freeman, and his wounds were dressed by Dr. Guest.

Tuberculosis In Cows

Tuberculosis in cows is no longer a theory but an established fact. Also the disease is transmitted to people through the milk, infants and children being the most susceptible.

By the Tuberculin test the disease can be detected when no symptoms are evident. I am prepared to do the work. Charges reasonable. For further information call or phone

Sunday morning papers will contain news that will be most pleasing and interesting to at least one-half of the Democrats.

The best endorsement a candidate for office can possibly get is a majority of the votes cast at the polls. Votes count for more than signatures.

The Tribune will risk its reputation, almost its honor, on this prognostication:

If Ramsey is elected governor, the prohibition question will not come before the people again for several years.

If Colquitt is re-elected, the prohibition amendment will be submitted again next winter.

Isn't it time to settle this strife? Anti-prohibitionists will settle it by electing Ramsey—Austin Tribune.

As to whether the Tribune knows whereof it speaks, the Times of course, cannot say. It can only make a guess.

It has been of the opinion all along that had our governor favored the early closing laws, and had the law been enacted, that of itself would have been sufficient, almost, to guarantee that another Statewide election on the question of prohibition would have been deferred for years to come.

Not only that, but had the present governor favored the early closing bill he would have had but little if any opposition for re-election. As it is now, his re-election is at least in doubt.

The friends of both Ramsey and Colquitt, and also of Sheppard, Randall and Wolters should bear in mind that unless they attend the precinct primaries to be held next Saturday afternoon at 2 p. m. that their favorites are likely to get the worst of the deal, even if they do happen to get a majority or plurality of the votes cast in the county primary election to be held the same day.

They must be on hand at the hour set. A few minutes late will not do. The precinct convention for the city hall box will be held at the city hall, and the conventions for the court house and car barn boxes will be held at the court house. It will be the duty of these conventions to appoint delegates to the county convention, and the county convention will appoint delegates to the State convention. To be fair, the candidates or candidates for State offices, who get a majority of the votes of the county should have a friendly delegation named to represent the county and their interests in the State convention. Therefore, it will be seen at a glance that it is very important that the friends of the candidates should not only vote for their favorites at the primary election, but also attend the precinct primary conventions.

According to press reports more than fifty counties in the State have disregarded the attorney general's interpretation or construction of the election law and omitted the names of the Democratic electors from the ballot to be voted next Saturday. If the attorney general has construed the law, as it should be, then more than fifty counties have deliberately disfranchised the Democratic voters in that the attorney general

holds that nothing that was not on the primary ballot can go on the ballot at the general election in November. In the judgment of this paper, the presiding officer has just as much authority to disregard instructions given him for the holding of an election by the county chairman, as county chairman have to disregard the construction placed on the law by the attorney general. It is possible that Attorney General Lightfoot's construction of the law is not correct, but it could not have hurt any man who is a Democrat to have voted for the presidential electors at the primary, and thereby endorse the action of the Houston convention that placed them in nomination, and vote for them the second time at the general election. To have done this would have avoided the possibility of an error that might, in a close contest in the electoral college, throw out the vote of certain districts in Texas. It might be that the fifty counties that have failed or refused to put the electors on the primary ballot will not affect the result in the general election, even if the votes of those counties are not counted, or thrown out on a technicality, but if it turns out that only one or two electoral votes are required to put the candidate of the opposition in the presidential chair, we may depend upon it that the Republican party will leave no stone unturned to find that vote. Mr. Lightfoot was guarding against such a possibility, and it is to be regretted that the county chairman of those fifty counties could not have seen the point he was trying to make and had the electors names placed on the ballot. The only conclusion that any Democrat can come to is that the electors names were left off the ballots in those counties to accommodate a few Republicans who desired to participate in the Democratic primary, but wanted to support the Republican National ticket.

FARM AND RANCH AUTO TOURISTS TURN NORTHWARD

By Associated Press.
San Antonio, Texas, July 25.—A native Vermontor who is seeing the Southwest for the first time and making the farmers and ranchmen endure a run this week referred to as a cowboy entrant in the contest as a "rustler." As the Vermontor was a guest of the auto driving ranchman his slip of the tongue only cost him some entertainment money. The run turned north from here today for a three days trip back to Dallas. Of the 27 cars entering Monday 24 were still running without penalties at the start today.

TWO SETS OF OFFICERS TO COUNT PRIMARY VOTE.

While the ballot to be voted in the primary Saturday is of considerable length provision is being made for double sets of election officers in precincts having more than 200 voters and it is believed the count will not be delayed as long as otherwise would be expected. Counting in a number of boxes will start an hour after the polls are opened and it is hoped to announce the vote within three or four hours after the polls close.

East Texas Fruit Crops.

Tyler, Texas, July 25.—The Agricultural Department of the Cotton Belt Railway, estimate this season's fruit and truck crop from East Texas at 3,805 cars, an increase over the preceding year of approximately 1,000 cars. Peaches have proved to be the banner crop, the yield being 2,219 cars while tomatoes come next with 1,039 cars.

Brownsville Valuations.

Brownsville, Texas, July 25.—The city board of equalization has filed its report which shows the valuation of this city to be \$4,930,422, as compared with \$4,542,063 for 1911, an increase of \$388,063.

Improvement At Goliad.

Goliad, Texas, July 25.—Several business blocks and residences are under construction here at the present time, among the most important are: First National Bank building, \$35,000; Levi Baker residence, \$10,000 and the Pettus Slack Apartments which will cost \$35,000.

ELECTRA HEARS THE CANDIDATES

MASS MEETING HELD THERE WEDNESDAY NIGHT AAND MANY SPEAK.

RIVAL CLAIMS PRESENTED

Governor Colquitt and Judge Ramsey Represented By Speakers—Go To Iowa Park Tonight.

Tired and sleepy but each believing he had won new votes the candidates returned on the early train this morning from Electra where they went yesterday in response to an invitation from citizens of the place to present their claims for votes.

The meeting was held on the street and the attendance was large. The best of feeling prevailed. Among the candidates who made speeches were Ed W. Napier and Patrick Henry, candidates for representative and Hon. C. B. Felder and Prof. H. A. Fairchild, candidates for county judge. Other candidates for county offices contented themselves with brief announcements of their candidacy.

Hon. P. B. Cox spoke at some length in behalf of the candidacy of Judge Ramsey for governor and was followed by Judge Scurry who spoke in behalf of Gov. Colquitt.

Tonight the candidates will attend a meeting at Iowa Park.

OPERATE TRAINS FOR 282 MILES ON NORTHWESTERN

Texas-Oklahoma Construction Company Arranges For Service To Knowles.

By arrangement with the Texas-Oklahoma Construction Company the Wichita Falls Route is now selling through tickets from Wichita Falls and other points on the Northwestern to Knowles, a station 282 miles north of Wichita Falls, Texas.

Oklahoma Construction Company trains will be operated north of Woodward and will make connections with the trains operating between Woodward and Wichita Falls. Texas-Oklahoma Construction Company train No. 8 is run as a connecting train with Wichita Falls Route passenger No. 4 and will leave Woodward northbound at 3:45 p. m., arriving at Knowles at 8:45 p. m. Texas-Oklahoma Construction train No. 7 will leave Knowles at 6:30 a. m., and will reach Woodward at 11:30 a. m., connecting with Wichita Falls Route passenger train No. 3.

GUARDS PROTECT NEGROES NOT WANTED IN OKLAHOMA.

By Associated Press.
Paris, Texas, July 25.—Twenty guards surrounded the town of Bismarck near Broken Bow, Oklahoma, protecting negro laborers in the lumber mills there. The blacks were driven out of Broken Bow last week and an effort to drive them out of Bismarck met with protest from the industrial plant.

SEEKS TO ENJOIN THE INTERSTATE COMMISSION.

By Associated Press.
Washington, July 25.—The Tidewater Pipe Company, operating in New York, New Jersey, Pennsylvania and Illinois, and the Uncle Sam Oil Company, operating in Kansas and Oklahoma, have asked the commerce court to enjoin the interstate commerce commission from enforcing its recent ruling in which they and eleven other pipe lines were ordered to file schedules of rates and assume the responsibilities of common carriers.

The Prairie Oil and Gas Company has a like application pending.

DIVERGENT IDEAS AMONG MARYLAND PROGRESSIVES.

By Associated Press.
Baltimore, July 25.—Prior to a convention of Maryland supporters of Theodore Roosevelt, a preliminary conference of leaders revealed a decided sentiment against a third party. Some members of the conference favor a Taft-Roosevelt coalition for electors while the determined third party men stood out for a complete Roosevelt ticket.

IOWA DEMOCRATS PLAN PROGRESSIVE PLATFORM.

By Associated Press.
Cedar Rapids, Iowa, July 25.—Iowa Democrats met in state convention here today to adopt a platform and name two candidates for the state supreme court. Frequent conferences were said to have settled that the platform is to be brief and progressive.

To Help Road Builders.

San Angelo, Texas, July 25.—Geo. D. Marshall, Superintendent of the public road construction of the Department of Agriculture, Washington, D. C. has been ordered to this district by headquarters, to assist the county commissioners in constructing good roads, bridges, causeways and viaducts which are to be built in Tom Green county.

AMERICANS PRACTICALLY PRISONERS IN DOLORES

Have No Horses Or Mules With Which To Carry Women and Children To Border.

By Associated Press.
Dolores Chihuahua by courier to Madero, July 25.—Americans in this mining camp are making an effort to get horses and mules to convey the women and children to Madera whence they can go by rail to the United States. Americans have not been molested since the rebel army arrived here but the rebels have seized all the horses and mules and the Dolores mining company has not way to transport ore, nor have the Americans any means of travel. The store of the mining company, an American concern is being drawn upon heavily every day by the rebels for commissary supplies.

The rebels expect to continue their march into Sonora as soon as they can secure sufficient animals to transport their provisions and supplies. Many of their horses died or dropped from exhaustion on the train into Dolores from Madera and the rebels are trying to train some of their beef steers to serve as pack animals.

Too often popularity isn't worth the price.

Thresher Supplies at Lowest Prices

We are prepared to supply thresher crews with all needed supplies.....

CHANGE IN "LILY WHITE" RULING IS NOT LIKELY

Austin, Texas, July 25.—It is now fairly settled that the Attorney General's Department will not change its ruling in respect to the Nueces county "lily white primary" question in which Assistant C. E. Mead returned an opinion last week. The protest of F. H. Dunn of Corpus Christi through his attorney, Marshall Hicks of San Antonio, to the effect that the ruling should be modified to conform solely with the requirements of the general election law, and that county committees should have no greater power in the primaries than is given by the election law, will not obtain a reversal or amendment of the opinion.

Mr. Mead said today that he saw no reason for changing the ruling—there is nothing in the election law to justify the change. Thus, it is still held by the department that the county committee may make any reasonable regulation in respect to the conduct of the primaries, not in conflict with the election law; and that the exclusion of negroes is such a regulation. He holds that this right lies with the committee, under the election law, and there is no occasion of any change in line with the protest

submitted. It is not likely a formal communication will be sent the Corpus Christi protestant to this effect, but the ruling will stand without further ado.

TRACK WORKER IS FOUND DEAD IN HOTEL ROOM

Frank R. Wolter, a railroad track worker who has lately been located at Frederic, was found dead in his room at the St. Charles Hotel at about one o'clock this afternoon. Wolter came here from Frederic last Saturday, and complained of being sick when he arrived. He stayed in his room most of the time but his condition was not thought to be serious. He was alive at 11 o'clock this morning but when one of the attendants at the hotel went in to clean up his room at one o'clock this afternoon he was found dead. Wolter was about 65 years old and had been employed by the Northwestern. The body was removed to E. G. Hill's undertaking establishment.

Houston—The \$2,500,000 bond election held in this city the 9th carried by a large majority. The bonds are distributed as follows: drainage \$750,000; sewer system, \$500,000; high school, \$500,000; street paving \$300,000; park \$250,000 and bridges \$200,000.

BRANCH POSTOFFICE IN INDUSTRIAL ADDITION

Effort Being Made To Secure Better Mail Facilities For Residents of Factory Section.

It is probable that a branch postoffice will be established in the factory addition located between the city and Lake Wichita. If this is not done it is possible that an entirely separate post office will be established. When the two glass factories together with the automobile and pottery plants are in operation it is estimated that fully five hundred men will be working in that addition. Many of these will live near the factory and a postoffice there will be a necessity.

DALLAS CANDIDATE FOR CONGRESSMAN VISITS HERE.

Major J. K. Street, editor of the Masonic Light, published at Dallas, is in the city today in the interest of his candidacy for one of the positions of congressman-at-large. There are twenty-three candidates and only two to be elected. Major Street is an ex-Confederate soldier and has been in the newspaper business for thirty-five years. He is aspiring for this office not only for what honor there is attached to it, but for the money or salary, and also for the good he can do for Texas. He is familiar with all the needs of Texas and if elected will do as much good as any one of the other various candidates.

San Antonio, Texas—The Chamber of Commerce of this city has completed its work of raising \$250,000 cash bonus for the building of the San Antonio, Rockport and Mexican Railway. This is the third large bonus raised in this city for large enterprises, the others being: San Antonio, Uvalde and Gulf Railroad, \$115,000 and \$160,000 for the support of the Chamber of Commerce.

Probably nothing hurts a bachelor egotist so much as when a pretty leap year girl declines to give him the opportunity to say "No."

ELEVEN OFFENDERS PLEAD GUILTY IN CITY COURT.

Eleven offenders appeared in the city court this morning and entered pleas of guilty. Five were charged with public intoxication and six were charged with unlawfully riding trains. Two of the latter were nice appearing well dressed young men who claimed Fort Worth as their home. Another was a pipe line worker. He was coming down from Electra to cash his time check. Upon investigating Mayor Bell found that it was the custom of this pipe line company to pay off its employees in the back room of a local saloon and that all of its men had to come to Wichita Falls to cash their time checks.

LEPER IS DECLARED TO BE FROM TEXAS.

Washington, D. C., July 25.—Surgeon General Blue of the public health service, was notified by San Francisco health authorities today that the leper detained at Denver is C. W. Brownson, who left the California leper colony last May. The California officers said Brownson told them he was a citizen of Texas and they recommended that he be returned to the Southern State.

A Liberal Reward.....
The sorrows of life may burden your soul, and you may feel that you are forsaken by loved ones and friends! There is much you do not understand; but my friend "Out of Sorrow" there is a lesson to be learned, an obligation to be fulfilled, a hope, some day to be rewarded. GOD IS NEVER UNJUST, for "Out of the gloom yesterday comes the smiles of today." Be faithful to the trust reposed in you; do your duty towards all, what ever befalls, and in the end will come LOVE, PEACE and HAPPINESS, the reward of the faithful.
We will give Twenty-Five Dollars to any one giving us the correct originator of the above sentiment.

THE HANDY MAN

GEO. TUMMINS FOR COUNTY CLERK

The below endorsement received from people who know me. I submit for your consideration.

The State of Texas, County of Parker.

We, the undersigned citizens of said county and state, having been personally acquainted with George Tummis who now resides in Wichita Falls, Texas, from boyhood, and being advised that George is now seeking the office of county clerk of Wichita county, we take great pleasure in sincerely recommending him as a man worthy of every confidence and trust that the office to which he aspires demands, and know from our long and pleasant association with him that he will make the people of Wichita county a most capable and accommodating officer. Our observation of Tummis conduct during the four years that he was district clerk in this county, renders us doubly sure that he is the man for the place in Wichita county; and he has the most wishes and high esteem of almost every man in Parker county.

62-3te
Rosenbriz, Texas—The postal receipts of the local postoffices for the fiscal year ending June 30th, show a total of \$4,800, an increase over the preceding year of about \$600.

BROOM CORN HARVEST HANDS BADLY WANTED

Towns Along Northwestern Advertise For Men To Help Gather Season's Crop.

"Wanted 300 men for the Broom Corn Harvest" is the display head on circulars received here from the Leedy Commercial Club at Leedy, Okla. This number of men is wanted at Leedy not later than August 15th to help harvest the largest broom corn crop ever known in that section of Oklahoma which is one of the banner broom corn producing sections in the country.

All the towns in that section including Trail, Camargo, Woodward, Martha, Fort Supply, Gate and others along the Wichita Falls and Northwestern are advertising for men to help in the broom corn harvest. Thousands of laborers will be needed.

Before the broom corn harvest is over, the corn harvest and cotton picking will begin and the prospects are that there will be work for all the laborers that can be brought into the country, at good wages.

ALLEGED FRAUDULENT MATRIMONIAL BUREAU.

Memphis, Tenn., July 25.—By the arrest of Frank Gallo and his wife, Gladys Gallo, in this city, it is alleged a fraudulent matrimonial bureau was brought to light. The woman is in charge of the United States authorities while Gallo is in custody of the sheriff. It is said Gallo will be turned over to the Federal authorities without pressing the case against him, that of forgery, preferred by his wife, and through which the matter was brought to the notice of the Federal officials.

The woman is known by the names of Gladys Gallo, Gladys Barnes and Myrtle Epps. The woman is said to have relatives living at Selmer, Tenn. By use of a photograph of a beautiful woman the pair maintained a munificent correspondence with wife-seekers from California to Virginia and from Canada to Texas. The modus operandi, it is charged, was to inaugurate correspondence, send on the decoy photograph to represent Gladys Barnes, "a poor but respectable working girl," and then under one pretext or another have the glibbie ones send funds to Gladys.

The arrest of the "fake" matrimonial bureau promoters was made through J. Deusterhoff, whose residence was not made public, who it is said, sent Gladys \$295 to use in going to his home where they would be married. Deusterhoff, not hearing from Memphis within a reasonable time, brought the matter to the attention of the police department and the arrests followed.

A search of the rooms of the couple revealed hundreds of letters and dozens of photographs sent by the love-sick swains. Several dozen reproductions of the beautiful woman represented as Gladys Barnes made from a theatrical clipping by a Meale avenue photographer were also found.

SENATOR STEPHENSON WANTS TO BE PHYSICIAN.

Washington, D. C., July 25.—Uncle "Ike" Stephenson, the oldest of senators, who carries his eighty-three years without a cane and boasts of his ability to eat three square meals a day, said at the White House today he was thinking of giving up his toga and becoming a physician.

"What's good for a horse is good for a man," said the senator. "When a horse is sick a veterinarian gives him a pill with aloes in it and he soon gets well. For thirty-nine years I have been taking a pill with aloes in it once a day and I have never suffered from indigestion."

"The other day I told F. W. Brantley, President Taft's new assistant secretary, about the pills and how sniff was good for deafness. He wrote it up for a newspaper and since then I have been getting more than twenty letters a day asking for advice in cases of deafness and indigestion. I think I'll have to become a doctor."

DORCAS SNODGRASS HAS NOT YET BEEN FOUND

New York, July 25.—A search of hospitals and morgues for the missing Dorcas Snodgrass, the Mount Vernon nurse who vanished over a week ago, has proved without result and the girl's relatives take hope that she is still alive.

A maid employed in a Mount Vernon family says she saw Miss Snodgrass on Twenty-third street last Monday. The maid did not speak to the girl. Detectives are looking for the missing nurse in this city.

Freckled Girls

It is an absolute fact, that one 50 cent jar of WILSON'S FRECKLE CREAM will either remove your freckles or cause them to fade and that two jars will even in the most severe cases completely cure them. WILSON'S FRECKLE CREAM is fine, fragrant and absolutely harmless. Will not make hair grow but will positively remove TAN, PIMPLES and FRECKLES. Come in today and try it. The jars are large and results absolutely certain. Sent by mail if desired. Price 50c. Mammoth jars \$1.00. WILSON'S FAIR SKIN SOAP 25c. See sale by

Stonecipher - Smith Drug Co

REPRESENTATIVE MAKES CHARGES AGAINST WILSON.

Washington, D. C., July 25.—"I don't think this committee will give me a square deal. I'll take this thing up on the floor of the house," declared Representative Akin of New York as he quit a meeting of a house committee, which met to hear his charges that Secretary Wilson had got his son, Jasper, a job with the Denver Reservoir Irrigation Company, at \$10,000 a year.

Representative Ruby of Missouri read a letter from Arthur Day, receiver of the company, stating that Jasper Wilson got only \$5,000 a year.

Secretary Wilson at a previous hearing denied he had got the place for his son, or that the government had aided the enterprise.

"I received affidavits this morning corroborating my charges and will give them to the country later," said Mr. Akin.

DARROW TRIAL PROVING EXPENSIVE PROPOSITION.

Los Angeles, Cal., July 25.—The bribery trial of Clarence S. Darrow entered its eleventh week today but, because of the illness of Juror-Beavitt there has been no session of court since last Friday.

It was expected that another continuance would be taken today until tomorrow morning in the hope that the sick juror would be able to attend court at that time.

County officials are conducting an investigation of the expenses of maintaining the Darrow jury, which up to the present time has aggregated about \$5,700. County Auditor Lewis held up a bill for \$840 submitted by the hotel which is housing the jury. Seven rooms are occupied by the jurors and halliffs and county officials declare the rental is exorbitant.

MAN WANTED KISS BUT RECEIVED BULLET INSTEAD

Cheyenne, Wyo., July 25.—Jennie Tranto, pretty 18-year-old wife of Ross Tranto, a wealthy Cheyenne grocer, shot and killed Joseph Tamperallo in resisting his efforts to kiss her.

Tamperallo came into Tranto's store in South Cheyenne, accompanied by a woman and child. Mrs. Tranto was alone. After a few purchases the woman and child left and Tamperallo remained for further conversation with the young proprietress.

The man went around the counter and asked Mrs. Tranto for a kiss. She refused. Tamperallo attempted to take a kiss. She broke from him and seized a gun.

BIDS \$20 TO BEAT MAN; GETS WISH; PAYS FINE.

Baltimore, Md., July 25.—"I would give \$5, \$10 or \$20 for the pleasure of beating you," John W. Davis, 712 Powers street, told Conductor Henry A. Kratz of the Monument street car line a few days ago before beating Kratz over the head with a cane. This morning at the North-eastern police station Kratz showed his scars, and Davis did not deny inflicting them.

The dispute was over a transfer, which the conductor said he was not authorized to give at a certain crossing. Judge Dean said the fine would be \$20 and costs.

"Well, I'll pay it," said Davis. And he did.

MOTHER-GAT KILLS SNAKE WITH TOE HOLD.

Tulsa, Okla., July 25.—"Maria," the Maltese cat of Dr. D. U. Wadsworth, city superintendent of health, became frightened at a gust of wind last spring and with almost human intelligence ran into the storm cellar. She liked it so well she took up permanent residence therein. Later when her family of eleven kittens arrived, she became offended at a large "bull" snake, also residing in the cave and put killed it with a "toe hold" and put her family in the snake's den. Today Dr. Wadsworth found the kittens with the snake's carcass beside the nest.

Fire At Baptist Parsonage

Iowa Park, Texas, July 25.—Tuesday afternoon about 4:20 the town was alarmed by the cry of "fire." The fire proved to be in a barn at the Baptist parsonage. A large crowd quickly gathered but the fire had gained such headway that the barn and also a smoke house were burned to the ground. By carrying water from neighboring wells the house was saved through the roof was blazing in several places. A shed belonging to Mr. Aaron Brubaker and just adjoining the parsonage caught on fire from the blaze but was put out after one end had been burned out. One young man was badly burned on the arm while fighting the fire. The fire was caused by children playing with matches. This is the second blaze this week. Fortunately neither proved very serious.

COTTON WORM DAMAGING CROPS IN MISSISSIPPI.

Jackson, Miss., July 25.—According to a special bulletin issued by State Entomologist Dr. R. W. Harned, the cotton worm, one of the worst enemies of the South's great staple, has made its appearance in several counties in Mississippi. He has received specimens of the worm from Lowndes, Noxubee, Oktibbea and Monroe counties and it is feared they exist in many other counties of the state.

The more times a man gets married the less sense he seems to have in picking a wife.

Your grocer now has the new Velva with the red label as well as the kind you know with the green label. Try a 10c can of the new Velva.

PENICK & FORD, LYS.

THIS SECTION SECURES VALUABLE PUBLICITY

Katy's Publication "The Coming Country" Has Illustrated Article On Wichita Falls.

The current issue of "The Coming Country" published by the Immigration department of the M. K. & T. contains a two page write up of the Wichita Falls country, illustrated with seven cuts of live stock and harvesting scenes, making a most effective display. More than fifty thousand copies of this publication have been printed and will be distributed among prospectors who have made inquiries about opportunities in Texas. Secretary Forster of the Chamber of Commerce furnished the information and the cuts for the write-up.

The "Coming Country" says: "M. J. Gardner, who came here from southwest Iowa, fifteen years ago, now owns 1,150 acres, is a director in a bank and the Wichita Falls Chamber of Commerce; says he would not take \$5,000 for his uncut crop of wheat this year. He is an extensive breeder of horses and Whiteface cattle.

"Alex Albright, of Dundee, Archer county, has been wonderfully successful in breeding pedigreed sheep. He has sold Lincolnshire wool at \$1.00 per pound. He considers this country peculiarly adapted to sheep culture, because of climatic and other conditions.

"T. P. Roberts of Iowa Park, Wichita county, is a successful and prosperous breeder of high grade hogs. One car averaged 351 pounds and sold for \$11.40 per hundred at Fort Worth, 125 miles away. Everybody successfully raises cattle and poultry from the lowly "scrub" to the aristocratic Jersey or Leghorn.

"A wealthy farmer who has constantly on hand 600 to 1,000 head of stock, has never hauled a load of manure on his land—he is not shiftless, he is simply too busy farming on a big scale to devote time to these little things which are essential to the existence of farmers on land worth \$75 to \$150 per acre in the North. What could those men do here on land that can be bought for \$25 to \$50 per acre? When you go to Texas on a homeseeker's excursion, stop off at Whitesboro and take the side trip to Wichita Falls, 105 miles away. You will find here, cheaper land comparatively than elsewhere, because it is off the main lines of railroads leading from the Northeast. You will find, too, as good a chance to "make good" as you can hope to find anywhere, land values, productivity and all being taken into consideration.

"Wichita Falls is one of the most attractive, wide-awake rapidly growing cities in the Southwest and its efficient Chamber of Commerce will gladly give you reliable information on request without charge."

FORMER AMBASSADOR ON ENGLAND'S TREATY RIGHTS

Washington, D. C., July 25.—Harris Taylor, former minister to Spain, and a writer on international law, published an open letter here today containing that the Hay-Pauncefote treaty is voidable because of the situation arising out of Panama's ceding the canal zone to the United States.

"There is no room for hair-splitting on that point," writes Taylor. "Within the canal zone the United States is sovereign for all the purposes of international law. Under that law it is well settled that a treaty becomes voidable, but not void whenever a change has taken place in the fundamental conditions existing at the time it was made."

The writer quotes Hall, the English authority on international law, in support of that contention.

Taylor refers to Russia's repudiation in 1870 of certain portions of the treaty of Paris, relating to the Black Sea, and contends it set a precedent upon which the United States may act.

In conclusion the writer contends, in part:

"We must take the firm stand under the well defined principle of international law, as punctuated by the Russian precedent of 1870 that after there has been essential change in the conditions existing at the time the treaty was made, it becomes voidable. In that way we can justly lift the question out of the domain of international arbitration, where he could never obtain a fair hearing in the domain of diplomatic negotiations with Great Britain, where we will be sure to receive fair and friendly consideration."

CONTRACT LET FOR ANOTHER OIL WELL

The Citizen's Development Company let a contract on Saturday for an oil well to be put down 2,000 feet at a location six miles northwest of town, near the corner of four sections owned by different parties.

Postmaster Weddington, the promoter of this enterprise, informs us that the company still has some stock for sale but that after the well is begun they may decide to sell no more and that those who wish an interest in the well should lose no time in taking their stock. The contractor is the man who opened up the Petrolia field and says this is the best looking proposition he ever saw anywhere.

The rolling stone never gets to the top.

NATURAL GAS FOR DENISON BY DECEMBER 1.

(Denison Herald) "Barring unforeseen delays, the citizens of Denison will be using natural gas by December 1," said Wade Hampton Jr., representing the North Texas Gas Company. "Before the end of the present week I expect to have at least one gang busy in Denison and before the close of the month we will have nearly one hundred men engaged in digging ditches preparatory to the laying of our mains in the business and residence portions of your city. We are not saying much, but on the other hand doing more to show that we really mean business."

Mr. Hampton represents the company which was recently granted a natural gas franchise in Denison by the city council. His company will handle the product of the Lone Star Gas Company which has a number of excellent producing wells in the Wichita Falls and Petrolia fields. At present this company is supplying thirteen towns in North and Central Texas and plans to be in Denison and Denton and Sherman before the first of the coming year. Lone Star Gas Company now has more than twenty cars of the big-pipe necessary to construct the main into Denison on hand. Seventeen cars are at Bowie, the present terminus of the line, and three cars are at Nocona awaiting unloading. The right of way for the line into these three towns was secured several weeks ago.

BOOTLEGGERS MAKE \$7,000 ON EVERY CAR OF LIQUOR.

(Muskogee Phoenix) "The one railroad that is striving hardest to keep out liquor in Eastern Oklahoma is the Midland Valley road, and it is receiving most noteworthy and unfavorable publicity," said A. W. Lee Febra, general manager of the road yesterday. "We have done everything possible to prevent any liquor from being accepted but it seems as though the enforcement officers concentrate their men on our line and let the other roads alone."

"The last consignment of liquor seized at Petrolia in a car marked to contain cotton seed hulls was billed to Mr. Todd at that place and he had been receiving shipments of cotton hulls for years. The initials of the consignee were not the same but the freight clerks would not readily have noticed this difference."

"If the officers will be as alert to catch cars of whiskey and beer at the other railroad yards, we will be satisfied. We are doing all we can to keep liquor from coming in since we don't want this grade of business, but when a bootlegger can clear \$7,000 out of a car of booze, he will resort to bribery and trickery of every sort to get in the liquor."

WIFE OF DEMOCRATIC CANDIDATE IS HONORED

New York, July 25.—Mrs. Woodrow Wilson, wife of the Democratic presidential candidate has accepted the invitation of the Woman's National Democratic League to become its honorary president. Recently Mrs. Steven B. Ayres of this city, corresponding secretary of the league sent Mrs. Wilson the request to assume the office, authorized by the league's executive board, setting forth the object of the organization. Mrs. Wilson in her reply accepting the honorary presidency, said:

"Mr. Wilson and I have both read with very great interest the inclosures and your letter, and he begs me to thank the league in his name for its powerful support. It would be hard to overestimate the assistance which such a body of women can render to a cause when they feel, as in this campaign, that there are moral issues involved, and Mr. Wilson cannot fail to be profoundly helped by the mere consciousness that such women believe in him as a worthy leader in such a cause. Your very cordially,

"ELLEN A. WILSON."

CROP CONDITIONS IN VICINITY OF CHILDRESS

(Childress Post) The rains keep coming, the crops keep growing and the lower Panhandle farmer keeps feeling better all the time. Truly, the seasons have been just about as nice as any reasonable farmer could ask and everyone you meet is enthusiastic over the prospects of a big yield of all kinds of feed stuff. The cotton is doing all that cotton can do but it is yet a little early to make predictions as to the probable yield of this plant. With feed crops it is now practically settled that Childress county will raise enough for several year's consumption, thus enabling the farmers to build up their bank accounts from this source without waiting for the uncertain results of the cotton yield and cotton prices. Indian corn is now a certainty and will greatly supplement the heavy crops of kafir corn, milo maize and sorghum. All this together will make our farmers enlarge all their barns and build new ones, for they have learned through sad experience that it is wisest to keep on hand more feed than is necessary to reach from one crop to another.

Bay City Has Creamery

Bay City, Texas, July 25.—The creamery recently established in this city has been unable to use all the milk offered or to fill their orders for butter. The capacity of the plant will be doubled and construction work on the addition has commenced.

LEGAL NOTICES.

SHERIFF'S SALE.

The State of Texas, County of Wichita.

By virtue of a certain Order of Sale issued out of the Honorable District Court of Wichita County on the 26th day of June, A. D. 1912, by A. F. Kerr, Clerk of said Court against the Defendants, J. L. Isbell, J. R. Jordan, J. Milton Erwin and Geo. W. Eagle for sum of Forty six hundred fifty three and 82/100 (\$4653.82) Dollars and costs of suit in cause No. 4252 in said court, styled G. C. Patterson, vs. J. L. Isbell, J. R. Jordan, J. Milton Erwin and Geo. W. Eagle and placed in my hands for service; I, R. L. Randolph as sheriff of Wichita County, Texas, did on the 11th day of July, A. D. 1912, levy on certain real estate situated in Wichita County, described as follows, to-wit:

An undivided one-half interest in and to lots Nos. 1, 2, 3, 4, and 5 in block No. 126, in the City of Wichita Falls, Texas, according to the plat of said City of record in book "E" page 254, Deed Records of Wichita County, Texas, and levied upon as the property of said J. L. Isbell, J. R. Jordan, J. Milton Erwin and Geo. W. Eagle and on Tuesday the 6th day of August, 1912, at the court house door of Wichita County, in the City of Wichita Falls, Texas, between the hours of ten A. M. and four P. M. I will sell said property at public vendue for cash to the highest bidder as the property of said J. L. Isbell, J. R. Jordan, J. Milton Erwin and Geo. W. Eagle by virtue of said levy and said Order of sale.

And in compliance with law I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Wichita Daily Times, a newspaper published in Wichita County.

Witness my hand this the 11th day of July, A. D. 1912.

R. L. RANDOLPH, Sheriff, Wichita County, Texas.

WICHITA COUNTY LAWYERS INDORSE NAPIER

Wichita Falls, Texas, July 25.—We, the members of the Wichita County Bar Association, take pleasure in lending our indorsement to the candidacy of Hon. E. W. Napier for representative of the 101st district, comprising Wichita and Wilbarger counties.

Mr. Napier was born and reared in Wichita county, and is well and favorably known throughout this and adjoining counties. He received his law education in the University of Texas, and has, for several years, been engaged in the practice of his profession in this county, during which time, he has shown much industry and ability in the profession.

Knowing him to be a man of much ability and integrity, we unreservedly indorse his candidacy and recommend him to the careful consideration of the voters of the district:

A. H. Carrigan, W. T. Carlton, A. A. Hughes, Robert Cobb, E. L. Fulton, H. Nutt, A. H. Britton, Wm. N. Bonner, W. F. Weeks, J. M. Blankenship, P. B. Cox, Edgar Scurry, R. E. Huff, Eugene Sherrod, officiating stenographer, W. A. Reid, county clerk, T. W. McHam, county treasurer, John Robertson, county assessor.

(Adv.)

Longview—The taxable value of all property in Gregg county shows a total of \$4,297,825, an increase over 1911 of \$250,000. The increase in value is due to the rapid growth of Longview and the building of Port Bivler Iron Ore Railway which passes through the county.

SAYS THAT FRANCE SHOULD INCREASE NAVAL STRENGTH.

Paris, July 25.—That the world is not yet on the eve of the cessation of the struggle between Great Britain and Germany for naval supremacy is the prevalent opinion in France after a careful study of the recent speech of Winston Spencer Churchill in the house of commons. The continuation of the rivalry between those two countries causes a note of regret here, but there is an inclination to believe that if most go on, France should learn a lesson from England's procedure and herself increase her navy.

The Matfin, commenting on the subject, says it is in a fine position to declare that Italy and Austria at the instigation of Germany are about to build additional super dreadnaughts in regard to which nothing has been permitted to transpire. Italy is to construct six of these vessels, each of 25,000 tone displacement and capable of steaming at a speed of 25 knots, while Austria is to build three each of them continues:

"The fulfillment of this program will destroy the present naval equilibrium in the Mediterranean and give a big advantage to the triple alliance."

HENRY IS MENTIONED AS NEXT SPEAKER OF HOUSE.

Washington, July 25.—Much Democratic gossip is heard here over the election of speaker for the next house, though Mr. Clark seems easily in the lead.

It is said that Congressman Henry of Texas, chairman of the rules committee, may be in the fight for the speakership and it is hinted, that as a follower of Bryan, might stir up some serious opposition to the present presiding officer with the aid of the Nebraskan.

MICHELIN Quick Detachable Clincher FULL ROUND SHAPE STRONG RESILIENT DURABLE Easily Fits Any Quick Detachable Rim No Tools Required IN STOCK BY OVERLAND GARAGE, Wichita Falls, Texas

PERSONAL MENTION

Fred Weeks left this afternoon for Arlington.
 Dr. R. L. Miller left this afternoon for Dallas.
 F. N. Kell returned last night from Frederick.

 T. B. Wilson and family passed through here today en route back to their home in Mankin, after visiting friends and relatives in Wichita, Kansas.
 Bruce Poor left this afternoon for Los Angeles, Calif., to engage in the automobile business. He will probably be followed in a few days by his brother, Morris.
 N. W. Fairchild who is connected with a lumber company at Dallas was a visitor here yesterday. He is a brother of H. A. Fairchild, candidate for county judge.
 Little Clyde Waltz, Jr., of Dallas, arrived here this afternoon to spend several days visiting his grandparents, Dr. and Mrs. S. A. Waltz, who live near Burkburpette.
 Mr. and Mrs. Alex Kell returned last night from Mineral Wells, where they have been since last Sunday. They made the trip in an automobile, but returned on the train.
 Mrs. W. C. Hill, who was called to Electra recently by the serious illness of her daughter, Mrs. J. W. Lloyd has returned and reports her daughter's condition greatly improved.
 O. B. Womack of the freight department of the Wichita Falls Route, was called to Sulphur Springs recently to be present at the bedside of his mother, who was reported seriously ill.
 Mr. and Mrs. T. M. Davis and children returned to their home this afternoon at McGregor, Texas, after spending several days as the guest of their son Fred Davis and family, 1002 Lamar street.

Horace Napier and Dave Parkhurst returned yesterday afternoon from a trip to Fort Worth in an automobile. They went by way of Antelope, Jacksboro and Weatherford, but returned another route.
 D. J. Hooper one of the Fort Worth and Denver prominent conductors returned last evening from New York City and other points. He was accompanied by his brother, Raleigh Hooper of Vernon, Texas.
 Mrs. M. E. Brothers and two children, Maud and Al, returned this afternoon from Dyersburg, Tennessee, where they have been visiting relatives for several weeks. They visited relatives in Fort Worth for a day or two.
 Frank McGlasson who is connected with a wholesale grocery company at McAlester is in the city for a visit with his sister, Mrs. Lucian Fritch. He is on his way to San Antonio for a visit with his father, J. C. McGlasson.

In the District Court.
 A jury is being made up this afternoon for the case of C. P. Berkley vs. the Pond's Laundry Co. for damages for the death of the plaintiff son resulting in the explosion of a gas engine in the laundry.
 The jury in the suit of Chandler vs. Bidecheck found for the defendant yesterday.

TOO LATE TO CLASSIFY
 ATTENTION—I will trade or sell my motorcycle for city property, or will consider equity in city lots as part payment. This should appeal to anyone working at auto factory or glass works. Postoffice box 356, or W. Newton Macer, city. 63-tfc

For the Woman Who Cares

We have on our shelves the choicest products of the world's most famous manufacturers of Toilet requisites. Toilet Waters and Perfumes that have been loved into existence by gray haired chemists who have spent their lives bringing the sweet odors of rare flowers to your dressing table. The daintily petaled wild rose from among the crags and rocks has been made to yield to its sweetness. The dainty perfume of the trailing arbutus of the old south has been bottled by the wizards of chemistry. We wish to show you the complete line of Richard Hudnut the acknowledged world's greatest perfumer whose products are the climax of the perfumers art and whose name on a package of toilet goods is an unquestioned guarantee of quality unequalled in the past and on which the future will not improve. Our toilet goods department is the largest and best assorted in the city. Let us show you.

R. G. Schuerer proprietor of The Wichita Hardware Co. left at noon today for St. Louis. He will spend about ten days visiting relatives at his old home in Vandalla, and other points in Illinois. This is Mr. Schuerer's first trip back since he moved here three years ago. He left with a full supply of the "Wichita Falls booging spirit" which he will make good use of.

An ice cream social will be given for benefit of Ladies' Auxillary to O. R. C., evening of the 26th at Mrs. R. L. Wooten's, 1002 Lamar. 63-2tp

My motto: Miller sells it for less.

The Chamber of Commerce wants samples of fruits and vegetables for exhibition purposes and invites those having good specimens to bring them to the Chamber of Commerce headquarters in the city hall. Over half a hundred self sealing exhibit jars ranging in size from a foot and a half in diameter and from three feet in height down have been purchased and the specimens will be preserved in wood alcohol. Each exhibit will be labeled with the name of the person who furnished it and other details.

Road Bonds Voted.
 Venus, Texas, July 25.—This precinct of Johnson county has voted in favor of a bond issue of \$75,000 to be expended on good roads construction. The election carried by a majority of 163 to 68.

Is Manufacturing Safe.
 Victoria, Texas, July 25.—The Victoria Safe and Lock Company has doubled its force to meet the increased business. The company is the only one of its kind in the southwest to manufacture an asbestos-filled, fireproof safe, and the demand for this item is far beyond the present output of the concern.

Galveston Immigration.
 Washington, D. C., July 25.—Galveston admitted 5,355 immigrants during 1911, according to a report of the Federal Department of Commerce and Labor, as compared with 4,996 during the preceding year. The United States as a whole admitted 1,030,300 persons during 1911, as against 1,198,037 persons during 1910. Texas as a whole admitted 21,955 persons during the same period.

Heavy Plum Harvest.
 Sulphur Springs, Texas, July 25.—A farmer near here gathered 116 crates of plums off twelve trees and sold the fruit for fifty cents per crate. The trees covered only one-fifth of an acre.
