CARRIES COUNTY OVER ALL OP-  
PONENTS—GOES FOR COL-  
QUITT BY 52.

## STATE CONTEST RESULTS

Friends of Judge Looney and Judge Townes Successful Here—Paz-  
dral and Lancaster Lead.

SENATOR—Sheppard 386, Wolters 544, Randell 190, Zollner 12.  
GOVERNOR—Colquitt 880, Ramsey 828.  
LIEUT.-GOV.—Mayer 867, Imboden 686.  
COMPTROLLER—Lane 937, Barker 657.  
ATTORNEY-GENERAL—Looney 716, Harris 539, Walthall 340.  
TREASURER—Aston 571, McCammon 458, Edwards 375, Adams 201.  
LAND COMMISSIONER—Robison 87, Geers 664.  
COMMISSIONER OF AGRICULTURE—Singleton 706, Kone 570, Halbert 183, Irion 80.  
RAILROAD COMMISSIONER—Mayfield 760, Wortham 387, Mason 229, Thomas 85.  
ASSOCIATE JUSTICE (long term)—Townes 485, Phillips 416, Speer 305, Craig 163, Pleasant 82.  
ASSOCIATE JUSTICE (criminal appeals)—Prendergast 718, Muse 451, Green 309.  
CONGRESSMAN AT LARGE—Pazdral 314, Lancaster 261, S. C. Harris 232, Loudermilk 215, Summers 151, D. E. Garrett 83, Yanis 75, Street 70, W. A. Harris 62, Harmon 58, McLemore 56, Featherstone 51, Bounds 51, A. S. Garrett 48, Grubbs 46, Smith 45, Browning 41, Newman 34, Opp 29, Roche 26.

Above are published the complete unofficial totals in Wichita county for the contested state offices. Pazdral and Judge Lancaster led in this county for congressman at large, though neither probably received enough support in other sections to make their election likely.

Congressman Morris Sheppard has a majority over both opponents in this county, with ninety votes to spare, on the face of the corrected total returns. Gov. Colquitt's majority is fifty-two.

Judge Looney's friends succeeded in carrying this county for him and the local supporters of Judge John C. Townes also swung Wichita county into line for the Austin jurist. It is not yet known, however, whether these have carried the state.

The majority for Gov. Colquitt is slightly less than that given by Wichita county against the statewide prohibition amendment a year ago. The prohibition question apparently cut little figure in the senatorial race, as Jake Wolters received only 544 votes.

## OROZCO GETS WARNING FROM U. S. GOVERNMENT

"Preventive Measures" Are Promised Unless Americans Are Accorded Better Treatment.

Washington, D. C., July 30.—Secretary Knox today officially informed General Pascual Orozco, leader of the Mexican rebels, that raids and attacks on Americans and American property in Northern Mexico must be stopped immediately or the United States will take preventative measures.

President Madero has been requested to send troops to Northern Mexico. He has answered that troops are on the way and has expressed the belief that the trouble will be quieted.

## Wind and Rain Check Heat, But Not Very Long

A near norther which brought a few scattering rain drops sent the mercury down ten marks to 90 degrees this morning but this afternoon heat was again in the ascendency and the mercury had climbed to 94 with a prospect of again passing the century mark. This morning when the rain drops fell following a dust storm it looked like the precipitation might become general, but the clouds were a disappointment.

Yesterday was the hottest day of the season. The thermometer registered 105 degrees at 6 o'clock yesterday and evening and did not fall below 100 until after 9 o'clock last night.

Co-operation of interests is a good recommendation to any city.

## RAMSEY STRONG IN THIS SECTION

CARRIES SIX OUT OF ELEVEN COUNTIES IN NORTHWEST TEXAS.

## SHEPPARD HAS MAJORITY

Makes Clean Sweep of Every County In This Part of State—Wilbarger For Colquitt.

Sheppard made a clean sweep in eleven counties in Northwest Texas, listed below, carrying every county in the list and securing a majority in almost every one of them and getting a safe majority in the total vote for the eleven. The figures below are furnished by the Southwestern Telegraph and Telephone Company.

Ramsey carried six of the counties listed and Colquitt five. There were some surprises in this connection. Wilbarger went for Colquitt by a bigger majority than Wichita did, while Clay county which was considered likely to go for the present governor, went for Ramsey by more than a hundred votes. Archer and Cottle were also in the Colquitt column. The figures follow:

	Colquitt	Ramsey
Archer	354	434

## PACKERY DISSOLUTION PLAN MEETS APPROVAL

Washington, July 30.—The meat packers plan for dissolving the National Packing Co. will be approved by Attorney General Wickersham. A general analysis of the detailed report on the plan submitted last Friday has tended to confirm his original opinion that a genuine disintegration in harmony with the Sherman anti-trust law has been attempted and that it would be unnecessary to file its contemplated civil suit of dissolution. The plan is said to indicate there will be competition where there was none.

## MURDER PLOT DETAILS TOLD

CONFESSIONS IN NEW YORK BARE  
HIDEOUS STORY OF  
CRIME.

## LEADS TO BECKER

Police Lieutenant Declared To Have  
Been Back of Movement To  
Kill Rosenthal.

By Associated Press.  
New York, July 30.—Confession of "Bald Jack," Rose, "Bridle" Webber and Harry Vallon revealed today to the district attorney the hideous side of New York's police system. Prosecutor Whitman hopes to run down men "higher up" than Becker. Additional indictments against public officials were expected.  
It was Rose who first broke down. He confessed that Becker came to him, and fairly desperate over Rosenthal's intentions to tell all he knew, said:  
"Rosenthal has lived too long; he has got to be put out of the way."  
Rose told the grand jury how the murder band was hired at the instigation of Becker and that after the killing Becker met Webber and himself and promised complete protection. The confession shows that the murderers were "Lefty Louis" or Louis Rosenweiz, Harry Horowitz or "Gib the Blood," Frank Muller or "Whitey Jack" Lewis and "Dago Frank" Croisci. Only Croisci has been arrested.  
These gun men, members of the notorious "Big Jack" Seelig gang plied themselves with liquor and then went out and shot Rosenthal for a price said to be \$5,000.  
Terror stricken, Rose, Webber and Vallon spent last night in the prosecutor's office, fearing they would be murdered if taken to the Tombs.  
Prosecutor Whitman believes his case against Becker is without false and that the confessions dovetailed together, confirm each other and that from the testimony of other witnesses the case against Becker can not be broken down.

Rose, who says he was Becker's gambling house collector, felt the ground slipping under him day and day. Without money or friends, he realized he was being made to bear the weight of the crime alone. His counsel advised him to confess. To his counsel, Rose said:  
"If you see that my wife and children are protected I'll come across and tell all I know. I'm afraid it will be the end of me. No cell will be strong enough to keep the life in a man who gives up about this killing."  
Intimations were made to Rose that an indictment might be brought against him and he confessed. Counsel for Webber and Vallon also admitted confessions. Their aim was immunity. Rose said that for a long time had been Becker's gambling house collector; that Becker, as head of the gambling house squad, smelled out profitable places and made collections each month. Becker did not get all the money, Rose said.

Rosenthal was a thorn in the side of Becker. Becker had pressed him to the wall, Rose said, and Rosenthal threatened publicly. The week before the killing, Rose says Becker sent for him and said Rosenthal must be killed. Rose flinched at the word and Becker noting his state of mind, remarked, "Now, there is no use getting worried or nervous about this job. That dog has made too much trouble."  
"What do you think I am in this department? I can do what I please. I'll see it that nobody gets into serious trouble. Now you go and down whatever is necessary."  
Rose says he saw Seelig to make a deal for his gun men. Seelig was under indictment for carrying concealed weapons and the possibility of a stay in prison did not appeal to him. Consequently when Becker promised to see that nothing happened when Seelig's case came to trial there was no difficulty in getting his aid. It was at this point that Rose backed somewhat out. All the gunmen were told to be ready to kill Rosenthal who had been shadowed day and night.  
Shortly before the killing of Rosenthal, Rose met Webber and Becker and while they were talking Becker said to Webber:  
"You can get it done. They all know you. You have the money and I have the power. I'll protect everybody."  
Then Becker shook his fist in their faces and said:  
"If you don't do this I'll put weapons on everyone of you; I'll send you up for seven years; I'll show you what you get."  
Rose and Webber said they believe

By Associated Press.  
Washington, July 30.—Although the Senate has not yet formally taken action, it has been practically decided not to take up Judge Archbald's case until autumn. The preliminaries were completed yesterday when Judge Archbald filed his formal answer to the charges brought against him by the House committee.  
To each of the thirteen articles of impeachment, Judge Archbald replied that none, even if true, constituted an impeachable offense, a high crime or a misdemeanor as defined by the constitution. Many statements contained in the allegations were not disputed, while others were totally denied and annulment of others was asked on the ground that they were too vague to admit of proper defense.  
Judge Archbald admitted his participation in the now noted "Katydid" bank deal" with Edward J. Williams of Scranton, and the Hillside Coal and Iron Co., a subsidiary of the Erie railroad, which then had cases pending in his court, but he denied that he willfully or unlawfully or corruptly took any advantage of his position to induce the railroad officials to deal with him and his partner.

The accused jurist denied that he at any time for a consideration agreed to assist George M. Watson, a Scranton lawyer, to settle a case in which the Marian Coal Company was complainant against the Lackawanna railroad before the interstate commerce commission.  
To the charge that Judge Archbald permitted Helm Bruce, attorney for the Louisville and Nashville railroad, to make a reply after a case had been closed in court, the judge averred that the permission for such a supplementary reply was not unlawful and was given so far as he knew, given in secret from the interstate commerce commission and the commerce court had been given the right to look into the evidence of the case.  
Judge Archbald denied that at any time he had entered a scheme to buy stocks of a gold mining scheme in Honduras with W. W. Rissinger, by inducing a note for \$2500. Rissinger is part owner of the stock of the Old Plymouth Coal Company. He admitted having induced a note for Rissinger but avers it was for the sole accommodation and benefit of Rissinger and Rissinger later sent him certificates of stock in a gold mining enterprise as collateral security for his indorsement. It was admitted that the Old Plymouth Coal Company was a ligant in the judge's court, but the note transac-

## SPEED CAUSE OF TITANIC WRECK

## EXONERATION FOR ISMAY

Charge of Improper Conduct Is Not Sustained—Many Recommendations Submitted.

By Associated Press.  
London, July 30.—The judgment of the British Board of Trade court of inquiry into the Titanic disaster, announced today, concludes: That the collision of the steamer with the iceberg was due to the excessive speed at which the ship was navigated.  
That a proper watch was not kept.  
That the ship's boats were properly lowered, but that arrangements for manning them were insufficient.  
That the Leyland liner Californian might have reached the Titanic if she had attempted to do so.  
That the track followed by the Titanic was reasonably safe, with proper vigilance and that there was no discrimination against third class passengers in the saving of life.  
The court of inquiry exonerates J. Bruce Ismay, managing director of the White Star line and Sir Cosmo Duff Gordon, a passenger, from any charges of improper conduct.  
The court recommends more water tight compartments in sea going ships, provisions for life boats for all on board and more efficient drills of the crew and a better look out. Much of the judgment is highly technical. In it there was no argument and no direct reference to the inquiry by the United States senate committee.

## REFUGEES AT EL PASO SLEEP IN LUMBER SHEDS

More Than Twelve Hundred Women and Children Have Fled To City From Mexico.

By Associated Press.  
El Paso, Tex., July 30.—Women and children refugees from the rebel zone reached here today, swelling the colony to over 1200 women and children, all of whom have fled since last Saturday. There are very few men. The men preferred to remain with their homes, but many declare they expect to be robbed of all they have, now that the disorderly element is aware of their lack of protection. All arms have been taken from the Mexicans and other Americans.  
The refugees have been housed comfortably in immense vacant lumber sheds out of which temporary dormitories have been constructed. The city has put in water and lights and the Mormon church is furnishing food to those unable to buy it. Many are without clothing or cooking utensils but these are being rapidly provided.

## YOUNG AMARILLO WOMAN ENDS LIFE WITH POISON

By Associated Press.

## WITH \$200,000 IN BANK JACK JOHNSON TO RETIRE

Chicago, July 30.—Jack Johnson, champion heavyweight pugilist of the world, announced that he has fought his last fight.  
"The promoters won't give me my price for fighting now, and if I wait a year I'll probably not be in condition to put up a fight worthy of a champion."  
Asked if he intended to retire in favor of any fighter, ohnon said:  
"No. Let Jeanette, Langford and McVey fight it out. I think McVey will thrash any of them, but that is their troubles, not mine. No white fighter can give either of these men a good battle."  
Johnson has saved his money. He said last night that he was worth about \$200,000.

## FIVE CONTESTS FOR STATE OFFICES STILL IN DOUBT

Attorney-General, Railroad Commissioner, Congressional and Court Races Unsettled.

Governor.—Colquitt 183,171, Ramsey 152,651.

## MAYFIELD CLAIMS IS BEING COUNTED OUT.

By Associated Press.  
Dallas, Texas, July 30.—Earle B. Mayfield, candidate for Railroad Commissioner today declared an effort is being made by political enemies to "count him out." He charges that certain ballot boxes are being held back in an effort to defeat him.

Five races on the state ticket were still in doubt today. These five contests were so close that it seemed likely the complete official returns would be necessary to decide the winners.

The five races were Congressman at large, attorney general, railroad commissioner No. 2, associate justice of Supreme Court, long term and associate justice of the court of criminal appeals.

The most exciting finish was promised in the congressional at large race in which, with about eighty per cent of the votes in, three candidates were bunched within a few hundred ballots of one another, while a fourth man trailed just within striking distance. The vote stood:  
Summers of Dallas, 29,943; D. E. Garrett of Houston, 28,416; McLemore of Houston, 28,083; Cureton of Bosque, 23,218.  
With Dallas county returns still incomplete, Summers stood to increase his total when that county's returns are finished, inasmuch as it is his home and his vote there has run far ahead of the other candidates.

For associate justice of the court of criminal appeals, A. C. Prendergast is leading with 87,041 votes and J. C. Muse is second with 83,930.  
The hardest fought race between any two men appeared in the railroad commissioner, place No. 2, contest between John L. Wortham and E. B. Mayfield. The totals for these two sawed up and down the scale first one and then the other leading as the various counts were taken. They stand:  
Mayfield, 87,110.  
Wortham, 85,590.

For the attorney-general's position, B. F. Looney today had a lead with 89,636 votes, against 85,267 for J. D. Walthall.  
For the long term, as associate justice of the supreme court, two candidates have apparently taken a com-

## ARMY TENTS AND RATIONS ARE SENT TO EL PASO FOR AMERICANS FROM MEXICO.

Washington, D. C., July 30.—Efforts were being made today by the War Department to have the \$100,000 unexpended balance of money appropriated for the Mississippi flood sufferers diverted by Congress for use in the relief of the American refugees now pouring into El Paso from Mexico.  
The army has already aided the sufferers by dispatching tents for temporary shelter. Orders have been issued to send tents for 1000 people from St. Louis at once. It will be about three days before the consignment reaches El Paso.  
The federal were victorious in a battle at Itala in San Luis Potosi, Sunday, according to State Department advisers. Twenty rebels were killed.  
Appeals to Congress to take some action to relieve the condition of refugees from Mexico came today in the form of nearly a score of telegrams from citizens of El Paso. The House passed the Senate resolution authorizing the Secretary of War to provide tents and temporary rations at El Paso for the care and relief of the refugees.

## BOY SCOUTS OFF FOR CHAUTAUQUA

WILL GIVE EXHIBITION AT HOLLISTER, MISSOURI—LEAVE FOR LONG OUTING.

## REMAIN FOR TWO WEEKS

Have Been Carefully Trained for Performance—Are Under Leadership of Dr. J. L. McKee.

Dressed in their scout uniforms and equipped with everything needed for a two week outing, twenty-five or thirty local Boy Scouts left this morning at six o'clock in a special car over the Katy for Hollister, Mo., where they will remain for two weeks attending the Chautauqua there. While in Hollister they will be the guests of the management of the Chautauqua.

The boys have been preparing for the trip for a number of weeks and their impression will be a favorable one. Each youth has been carefully instructed in every detail and Dr. J. L. McKee, who is in charge of the trip, stated last night that the boys had reached such a degree of perfection in their training that he believed they could compete successfully with probably any scout team which they are likely to encounter in Hollister.

The exhibitions which they will give before the Chautauqua include knot tying and roping, signaling, tumbling, cooking, carpenter work and many other details connected with the training a genuine scout is compelled to undergo. Between times, short hikes to points of interest such as Old Dewey Bald, the Ozark Mountains, Marble Cave, will be taken, and the boys will find diversion in swimming, boating, fishing and other sports.

Almost all of the boys who left this morning have earned at least a part of their own expense money and some have spent a large part of the summer in the harvest fields where they worked in the hot sun in order to secure the necessary funds. Those who intended to leave include Burke Taylor, Clifford Miller, Rufus Goodnight, George Trueblood, Lavalie Childers, Addison Trotter, Kyle Jones, Leon Walkup, Alfred Carrigan, Austin Self, Joe Kell, Earl Fain, William Ward, Chat McDowell, William Robertson, Robert Avis, Jim Barnard, Luther Bell, Kenneth Beat, Joe Carrigan, Charley Tittle, Charles Proffers, Admiral Skinner, Eli Morgan, Frank Morse, Robert Nolen, Alex. McKee and several others. They were accompanied by Dr. J. L. McKee, pastor of the First Presbyterian Church, who will act as their sponsor during the trip.

## NEW DIRECTING HEAD OF ENTIRE M. K. & T. SYSTEM

W. A. Webb, assistant to president of the M. K. & T., whose jurisdiction has been extended over the operations of the entire Katy system with headquarters at Dallas, Texas.

The policy of the new management of the Katy to improve and extend their Texas possessions has made it necessary to concentrate the managerial powers of the road in Texas where large activities are going on. The new arrangement brings the Katy management in closer touch with the people and is a recognition on the part of the railroads of the importance of official association with their Texas patrons.

No definite plans of extension have been announced, but the officials of the Katy have just completed an inspection of the proposed route of the Stamford & Eastern Railway from Stamford to Fort Worth, a distance of 200 miles and are reported to be investigating the proposed Beaumont and Waco line a distance of 250 miles. These lines, as laid out, pass through a heavy timber territory and would make excellent feeders for the Katy.

The M. K. & T. is erecting shops at Waco with facilities for repairing and rebuilding its Texas equipment, the road contemplates double-tracking the line from Granger to Hillsboro at an early date, has already increased its appropriations for maintenance of way and the improvement in all branches of the service has been ably commented on by the patrons of the road.

Mr. Webb is a young man of remarkable business attainments; his rapid promotion attests his superior faculties for grasping large business problems and his ability to move traffic has popularized him with the customers of the road as well as with the management of the company.

## SENATE COMMITTEE REJECTS THE PUJO RESOLUTION.

Washington, July 30.—By a vote of 6 to 7 the senate finance committee agreed to adversely report the Pujo resolution, which would especially empower the house "money trust" committee to investigate national banks. Chairman Pujo holds the committee has general power to do so and will proceed on that theory.

# COLONEL HARVEY IS FOR WILSON

EDITOR OF HARPER'S WEEKLY PREDICTS VICTORY FOR DEMOCRATIC PARTY.

## Taft's Prospects Poor

Believes Fortunes of Present President Are Now At Their Lowest Ebb. Submits Views.

New York, July 30.—With an ardent prophecy of Governor Wilson's election to the presidency in November, Col. George Harvey, in Harper's Weekly, has intimated the Weekly's forgetfulness of all differences that arose after the Watson-Wilson-Harvey incident in January. In this latest announcement of Harvey's advocacy of the Wilson cause, however, there is an absolute lack of the personal note.

Colonel Harvey reminds the Weekly's readers that magazine was the first to suggest Governor Wilson as a Democratic nominee, that it pointed out the advisability of the choice as far back as 1906, when Wilson was president of Princeton University, and that in 1910 it prophesied that Taft and Wilson would be the regular nominees in 1912. Colonel Harvey rejoices over the honesty of the Baltimore convention, which he attended, and which he praises for its selection of the strongest candidate and the "removal of the blight of Bryanism." Simultaneously with a cry of gladness over the obliteration of the "menace of Roosevelt" the Colonel strikes a warning note. Roosevelt's activities, he says, "will inject a new and perplexing factor in the contest."

"Granting the probability of the election this year of any reputable statesman," writes Colonel Harvey, "who could hold substantially the full support of his party, there can be no doubt that Woodrow Wilson will poll at least half a million votes more than any other whose name was presented."

Intelligent choice, Harvey, declares was restricted to Champ Clark, "the sturdy representative of the old order," and Governor Wilson, "the virile champion of the new." He continues: "The foundation of Mr. Wilson's two-thirds was the feeling that he was a winner, enhanced by admiration of his exceptional intellectual capacity, consideration of his freedom from entanglements, and respect for his moral courage. As between the two, the correctness of the ultimate decision, from the standpoint of availability, is beyond question."

"No Democratic National canvass since Jackson's has been inaugurated more auspiciously. The points of vantage may be summarized briefly as follows:

"A Democratic year. The people are disgusted with the Republican party and eager for a change.

"Disruption of the opposition.

"An open and honest convention.

In marked contrast with the doings at Chicago, there was at Baltimore no arbitrary action on behalf of one candidate and no suggestion of bribery in the interest of another.

"The main issue. At last the line is sharply drawn between excessive protection and a revenue tariff.

"An unpledged candidate. Nobody pretends that Mr. Wilson is under the slightest obligation to any man or group of men for his nomination.

"Elimination of bores. So far from catering to those accustomed to control, Mr. Wilson defied them. He had not hesitated to denounce Mr. Murphy, Mr. Sullivan and Mr. Taggart by name. His sole appeal was to public opinion.

"Removal of the blight of Bryanism.

"Independent support. Almost without exception the powerful public journals have already pledged the exercise of their utmost endeavors on behalf of the Democratic standard-bearer.

"Moral sentiment. The widespread revision of conscientious citizens against political depravity which Mr. Roosevelt has tried with consummate skill to capitalize for his own advancement now insures to the advantage of Governor Wilson to the great relief of millions who distrusted Roosevelt, but knew not where else to turn.

Colonel Harvey also tosses what might be called a farewell bouquet at President Taft.

"Mr. Taft's prospects," he says, "are now at their lowest ebb. First driven by treachery and shameful abuse to the extreme of undignified personal defense, then fought with unexampled bitterness in his contest for a deserved renomination, and now confronting not only an open detachment from his own ranks, but also a most resourceful and daring Democratic opponent, his record of accomplishments upon which he must ultimately rely is for the moment eclipsed. But the fact that few presidents have rendered more valuable service under trying conditions remains."

To Investigate Texas Ports. Washington, D. C., July 30.—The conference committee of the House and Senate has recommended that a board of engineers be appointed to inspect the ports of Galveston, Texas City and Bolivar to investigate the proposed deepening of the harbors and channels to thirty-five feet.

# TEXT BOOK BOARD WILL BE NAMED BY GOVERNOR

Teachers To Be Chosen To Select Books To Be Used For Next Six Years.

Austin, Tex., July 30.—It is expected that within the next few days Governor Colquitt will announce the appointment of the state text book board created by an act of the first called session of the Thirty-Second legislature for the purpose of selecting text books for the use of children in the public schools of Texas.

The act provides that the president of the College of Industrial Arts, the president of the University of Texas, and the state superintendent of public instruction, acting together as a committee, shall not later than August 1, submit to the governor a list, under seal and cover, of the name of thirty teachers of recognized scholarship and professional standing, five of whom shall be primary teachers who have been actively engaged in the school work of this state for the past three years, from which list the governor shall, not later than August 15, appoint nine teachers, one of whom shall be a primary teacher, together with the governor and state superintendent of public instruction, shall constitute the board. The governor is to be the chairman and the superintendent of public instruction, secretary.

After the creation of the board it is expected to meet and select text books for use in the public schools of the state not later than November 1, 1912, for a period of six years, beginning September 1, 1913. No person who has acted as a text book agent or is in any way concerned in the authorship of any book, shall be eligible to membership on this board, and before any member of this board becomes qualified to discharge his duties he must make an affidavit that he has no interest whatever in any publishing house or concerned in any text books.

There is also a provision in this law which prohibits the purchasing of any books from any corporation or person who is a member or in any way connected with a trust. The books so adopted shall be uniform for use in all of the schools. The act is also designed to prevent the lobbying for the adoption of any books, and makes it a misdemeanor for any person, not the author or publisher or the bona fide permanent and regular employee of such publisher, to appear before the board and urge the adoption of any books. The fine provided for a violation of this provision is not less than \$500 nor more than \$1000, and shall also be confined in the county jail for not less than thirty nor more than ninety days upon conviction. Pay is provided for the members of the board when actively engaged in the discharge of their duties.

Cleburne Young Men Organize. Cleburne, Texas, July 30.—A Young Men's Business League has been organized in this city and will act in harmony with the Board of Trade to promote the advantages of this city. The following officers were elected: H. D. Cox, president and Cecil Horn, secretary.

# Grape Juice is Just As Cheap As Lemonade

PHONES 432 & 232

YOU GET IT QUICK.

A number of people have told me when I have suggested grape juice as a summer drink that it was too expensive. I then pointed out that grape juice diluted with one-half to an equal quantity of water was no more expensive than good lemonade, for with grape juice you require nothing but ice cold water and the juice, while with lemonade, a liberal amount of sugar is necessary, and there is considerable waste in the lemons, to say nothing of the work required making it.

If you figured out the cost of a given number of glasses of lemonade and the same number of glasses of grape juice, you would find that there was so little difference in the cost and so much more food value and satisfaction to grape juice that you would no doubt use grape juice oftener at least. Pint bottles 25c; quart bottles 50c; half gallons 90c and this is Welch's, the best that can be produced.

If Morris Sheppard is as insignificant as the Houston Post tried to make the Democrats of Texas believe, it must be very humiliating to Col. Jake Wolters to be defeated by such a Sissey boy.

Hon. Horace Vaughan of Texarkana, will succeed Morris Sheppard as Congressman in the First district, and Hon. Sam Rayburn of Bonham will succeed Congressman C. B. Randall in the Fifth district.

Gov. Colquitt's majority in Wichita county was 52. The majority against statewide prohibition last July was 65. In that election 2083 votes were polled. In the election of last Saturday 1708 votes were polled in the governor's race, Colquitt receiving 889, and Ramsey 828. Only those who were willing to say they were Democrats were supposed to vote. In last Saturday's primary, while in the statewide election of last July all qualified voters had the right to participate. This, in a measure, accounts for the falling off of the vote of the county.

Judge James W. Swayne, the Fort Worth district judge who, in his charge to the grand jury after the acquittal of Rev. J. Frank Norris on the charge of perjury, told the jury that it was time now to look in another direction for the person or persons who caused the burning of the First Baptist church in that city and also the destruction by fire of Rev. Norris' residence, has been re-elected by a good sized majority. At the time he became so thoroughly disgusted with the "gang", who were after Dr. Norris, and spoke as he did from the bench, he incurred the enmity and hatred of perhaps most of those who pretended to believe Norris guilty, and they determined to defeat him for re-election, but it appears now that a large majority of the people of Tarrant county approve the course taken by Judge Swayne.

The Democrats of Texas believe strongly in the second term idea, and it seems no amount of persuasion can induce them to break away. Doubtless, they reason that two years is not long enough for a term as governor, or for any state office that requires the aspirants to make a canvass of the state, and they reason rightly. Therefore, why not make the terms for all state elective offices for four years instead of two, and if the change is made, make it so that no state officer can succeed himself. The effect would be to give the state a better service, in that its officers would not then be required to spend a good part of their time in making the canvass for re-election. It was the second term idea that added very materially to Gov. Colquitt's majority, as is shown by comparing the vote he received last Saturday with that polled in July of last year on the statewide prohibition question. In nearly every voting precinct in the state the governor got the benefit of the second term idea, and judging by the vote received by Sheppard and Wolters, there were a sufficient number of Democrats who believed it was right to give him their vote and support to make up the majority by which he won over Ramsey.

## DEATH IS CAUSED BY PROSTRATION

MAN KNOWN AS PAT MURPHY SUCCUMBS AT EARLY HOUR TODAY.

## NO MEANS OF TREATMENT

Incident Emphasizes Necessity For City Or County Sanitarium Facilities.

Heat prostration caused the death at 2:30 this morning of a man known as Pat Murphy or Pat Kennedy, aged 50 years. He was removed to the E. G. Hill undertaking establishment, and will probably be buried at the expense of the city this afternoon. As far as can be learned, the man had only been a resident of this city for a few months and has no living relatives.

He was first noticed yesterday afternoon by employees of the Wichita Mill & Elevator Company, they being attracted by his peculiar actions but thinking that he was intoxicated, they failed to investigate further just at that time. Some time during the afternoon the man lay down under a freight car and was pulled out in time to prevent being run over when the switch engine moved the car away.

He next lay down on one of the loading platforms at the mill and when dark came he was still motionless. C. W. Beavers was notified and it was found that he was suffering from something other than intoxication, and the city physician appeared on the scene and announced that heat prostration was probably the cause of the man's ailment. He was treated with ice cold towels and cold cloths, but died this morning without having been moved from the mill platform.

The man's case revealed a peculiar situation inasmuch as no provision exists by which an emergency case such as this may be taken to a private hospital or sanitarium for treatment. As neither the city or county is in possession of an adequate hospital, and as no fund has been provided for treatment in a private institution, the city and county officials are unable at the present time to authorize any man's removal to a hospital or sanitarium for treatment. In the opinion of several local physicians a fund for several local physicians a fund for this purpose should be created at once.

Asbestos Found Near Llano. Chicago, Ill., July 30.—Reports have reached this city of the discovery of extensive asbestos deposits near Llano, Texas, said to be the largest in the entire world. It is understood that the field will be developed by a local manufacturer of asbestos goods who has had a number of experts investigating the deposit. The present production of this duct is controlled by a Canadian and the bulk of the world's production is confined to mines near Quebec.

## 'KING OF AMERICA' WANTS PANIC ORDERED AT ONCE

Washington, July 30.—"The King of America," who says he lives in Chicago, Mo., has commanded Secretary MacVeagh to call in all the money in circulation and create a general panic. "This," wrote the "king" in a letter received at the treasury department "would produce hard times and prevent a labor war."

Officials filed the "king's" letter and announced they would take a chance on disobeying the royal command.

Home Industry Display. Houston, Tex., July 30.—The Houston Chamber of Commerce has formulated plans for a home industry display of all articles manufactured in this city to be shown in the auditorium the entire week beginning October 1st. The chief purpose of the display is to familiarize the people of this city with the goods manufactured here and to create a better sentiment in favor of patronizing home industry.

Land Trade Near Houston. Houston, Texas, July 30.—Four thousand acres of land near this city have been sold for a consideration of \$300,000 to St. Louis capitalists. It is understood that part of the land will be subdivided into town lots and the balance of the ground will be utilized for a large steel plant to be created by a \$10,000,000 corporation.

A Legal Precedent. (St. Louis Post-Dispatch) "The court will please observe," remarked this acute counsel, with much deliberation and in a most poisonous manner, "that in the case of Shylock vs. Antonio, although judgment was rendered in favor of the plaintiff, yet circumstances prevented the execution which had issued from being carried into effect, in spite of that fact." "To what cause," inquired the justice, with a face overcast with perplexity, "did the court understand the gentleman to refer?" "Shylock vs. Antonio," 2d Shakespeare, page 235, Johnson's edition," returned the counsel solemnly. "The court will there find the case reported in full."

Sherman—It is reported that the Ardmore, Lawton and Duncan Railway has started construction work on its extension to this city, a distance of one hundred miles. Further plans for the road is an extension to Des Moines, Iowa. The entire line when completed will be 864 miles long.

## ENCAMPMENT IS NOW UNDER WAY

LARGE CROWD IS PRESENT. OPENING SERVICE IS HELD MONDAY NIGHT.

## READINGS BY MRS. COCKE

Two Addresses Are Delivered—Southwestern Quartet to Sing Tonight.

The official program of the two weeks session of the Methodist Lakeshore encampment began last night at 8 o'clock when a song service was held up-stairs in the pavilion at Lake Wichita with a fair-sized crowd present. Following the song service, Mrs. Daisy Dixon Cocke of Dallas, who arrived here yesterday afternoon, entertained those present with several of her readings and after a prayer, the assembly adjourned until this morning at 7 o'clock when morning watch was held.

Today's program is proceeding practically as scheduled with breakfast at 7:30, followed by devotional and Bible study and discussions on current events. A large part of this morning was devoted to addresses by various prominent speakers in attendance, and this afternoon will be given up to Children's Hour, recreation, and vesper service. This evening probably one of the most enjoyable features of the assembly will take place when several numbers will be rendered by the Southern University Quartet, the members of which have traveled here from Georgetown, to attend the encampment. These young men have a reputation almost statewide and compose one of the best quartets to be found in any university. If the weather permits, a large number of people from this city are expected to be present at the lake tonight.

Drs. Culbreth, Bishop and Culver held the boards this morning—the first delivering an address to the Epworth Leaguers, the second the first of his series on the "Poetical Books of the Old Testament," and the third, in a masterful address on "The De-

tion had no relevance to the judge's judicial action.

If the note was presented to John T. Leaban, one of the attorneys in the case, for discount, it was done without Judge Archbald's consent, the answer said. As to the \$500 Jones note, which it was charged was presented to Christopher G. Boland with a request for discount for Judge Archbald, while one of the Marian Coal company cases was pending in his court, Judge Archbald answered that he never consented that the note should be presented to either of the Bolands with a request on his part for discount.

The charge that Judge Archbald had received large gifts of money from Henry W. Cannon, a cousin of his wife, and a director in the Great Northern railway and other corporations, was denied, though it was admitted that the judge made a trip to Italy at Cannon's expense. The judge averred he had no information that any corporation in which Cannon was interested might come before his court.

The allegation that while a district judge in Scranton he accepted a purse of \$25 made up by lawyers who practiced before the bar of his court, Judge Archbald admitted, but declared he had no knowledge that such a fund was being made up and that his first knowledge of it was when it was presented him in a sealed envelope on the deck of the steamer on which he was sailing for Europe with the request that the envelope be opened after the ship had left port.

The gift could not have been refused without impugning the motives of the givers," said the judge in his answer.

The charge that Judge Archbald ap-

pointed J. B. Woodward a jury commissioner in Scranton while Woodward was an attorney for the Lehigh Valley railroad was met with the reply that Judge Archbald did not know of Woodward's connection with the railroad until several years after he had been appointed. He appointed Woodward, it was said, because the custom had been to select a Democrat and of that party and had known him "intimately and favorably" for years. Judge Archbald replied to the charge that he had obtained credit from persons having suits pending before him, that it was too vague to admit of answer. He denied that he at any time or place sought wrongfully or otherwise to obtain credit from or through any persons interested in any court in which he presided or was a member. Judge Archbald and his attorneys took their places at the counsel table a few minutes after the senate convened as a court of impeachment. Senator Gallinger in the chair asked if the defendant's attorney were prepared to make answer to the charges. "We are ready with our answer," said Mr. Worthington, Judge Archbald's lawyer, "and would like to have it read from the clerk's desk." This permission was granted and the reading of the lengthy answer began.

# White Swan TEA

There's a delicacy of flavor yet complete tea taste to it—a sort of rich smoothness that just fills the mouth and the being with delightful satisfaction.

Grocers Everywhere sell White Swan Tea—four sizes in air-tight tins—10c, 25c, 40c and 75c. Should your grocer be one of the few, who don't carry it write us for A "Large Enough" Sample so that you may learn all about White Swan Tea by the test of taste; we will, on receipt of your grocer's name and address and ten cents in stamps pay packing and postage, send you a plenty large enough sample package for you to try it several times.

COMMERCIAL APPEAL'S REPORT ON COTTON CROP.
Memphis, Tenn., July 30.—The Commercial Appeal says:
Considered as a whole, the cotton crop made advancement during last week as compared with the previous week.
In most sections of the cotton belt—in fact, in all sections save Central Texas—the week was a favorable one from a weather standpoint, and the crop in all but this section made excellent progress over the previous week. Some fields, however, will be abandoned on account of foulness. The plant grew and hardened to some extent in all these states. Fruiting is still backward, but made better progress last week than has been heretofore noted.
West of the river excellent progress was made in all sections save in Central and in parts of Western Texas. Fields are clean, soil well cultivated and the plant is green and healthy. In Central and Western Texas some damage has resulted from drought, but correspondents are of the opinion that the damage so far is small and that with a rain this week over this section most of the damage would be repaired. A good rain generally over the West would benefit the crop, although no damage will accrue from dry weather.
Let progress predominate.

MURDER PLOT DETAILS TOLD
(Continued From Page One)
Becker would send them away. Then the murder plot unfolded quickly. Monday night came and with it word to get together. Rose told how he organized the men and how after the killing he went to the Metropole to see if the work was well done.
The arrest of Becker last night as a sequel to the summoning together of the grand jury late today at a conference between District Attorney Whitman and Harry Vallon, "Bridgie" Webber and Jack Rose, three of the men under arrest in connection with the case, and their attorneys and the appearance of several other witnesses before the grand jury. Becker was arrested at the Bratgate avenue police station in the Bronx, where he has been on duty, on a charge of extortion.
At the time, no inkling of the more serious charge to be placed against him was given. Meanwhile the grand jury, which was then in session, had voted the murder indictment. The police lieutenant, who had been suspended by Commissioner Waldo after his arrest, was hurried before Judge Mulqueen, and through his attorney entered the plea of "not guilty."

Events leading to Becker's arrest began to shape themselves late this afternoon, after a preliminary coroner's hearing of several men under arrest. Sam Paul, leader of an East Side organization, at a recent meeting of which it is claimed Rosenthal's killing was first discussed, was discharged. The others were held for a continued hearing. With their attorneys, Vallon, Webber and Rose were taken to the district attorney's office, ready to testify before the grand jury. Messengers were at once dispatched for members of the grand jury, and the first night session of that body held within eighteen years soon was in progress.
Rose, Webber and Vallon, it is stated, were the principal witnesses heard.
Patrolmen Bradley and William Flie, who were near the scene of the murder, also testified.
Proceeding the hearing District Attorney Whitman, when asked if he expected the prisoners to tell the grand jury what they knew of the murder, replied:
"I hope so." He then went into conference with Judge Mulqueen to arrange for the night session of court.
It was close to midnight when Becker was brought into court. He held his head erect and showed little or no concern.
John W. Hart, who appeared as Becker's counsel, asked for time to confer with his client, saying he had not seen Becker today and knew nothing of the details of the charge. He demanded ten days in which to prepare his plea.
To this Judge Mulqueen demurred. He suggested that a plea of not guilty be entered at once, saying that if at the end of a week the attorney wished to change the plea he was sure any court would grant permission. The suggestion was followed, and Becker was remanded to the Tombs.

Booster Club Organized.
Georgetown, Texas, July 30.—The young men of this city have organized a booster club which will co-operate with the local Board of Trade in promoting the advantages of this section. The club has planned to hold several trade excursions to the trade-territory tributary to Georgetown.

DOMINION PARLIAMENT HAS NO JURISDICTION.
London, July 30.—The judicial committee of the privy council today decided the Quebec "No Temere" marriage question in favor of the province of Quebec and against the proposed legislation of the dominion parliament which undertook to provide that no law or canonical decree or custom of any province should have force or effect to invalidate any marriage performed by any competent official.
The papal decree declared that to be valid, the marriage of a Catholic and a Protestant must be performed before or with the sanction of the Catholic parish priest.
The lord chancellor in delivering the judgment today said that the proposed bill was beyond the powers of the dominion parliament.
Savings Banks Flourish.
Austin, Texas, July 30.—The report of the state department of insurance and banking shows that the savings banks of Texas are in excellent condition. The total resources are reported at \$1,107,321, savings deposits: \$1,595,503, reserve, which is 15 per cent of the total deposits, \$25,925 and actual cash reserve on hand—\$354,414.

ARKANSAS PROGRESSIVES WANT LILY WHITE PARTY.

Little Rock, Ark., July 30.—At a mass meeting of about thirty young men who have made an issue with the "Bull Moose" party in this county over the question of admitting negroes into the party, resolutions were passed denouncing this policy. The resolutions state that the negro should be protected in his property rights but that experience for fifty years has shown that to eliminate the negro himself and alleviate the bitterness of race antagonism. The state convention was urged to "govern its actions in the light of past history and organize upon the basis which has been demonstrated as the only feasible one."

Notes From Oil Fields.

Benson and Little who have had a finishing job in their well at Thornberry have succeeded in getting the tools out of the hole. They are now waiting for a new cable before resuming drilling.

Mr. Greenless has returned to the city and is getting ready to start work again on the Jack Kelly well at Dean Station.

The Lone Star Gas Company is reported to be drilling in a gas well at Petrolia today.

BURKBURNETT-MELON SHIPMENTS START TODAY.

The first car loads of water melons from the Burk Burnett country are being loaded today, for shipment to St. Louis and Chicago. The melons this year are said to be of an unusually fine quality. It is probable that a train load will be shipped to Denver and Rock Mountain points the latter part of the week.

Rohatch's Mineral Water.

Is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases. This water can be purchased at the wells or delivered in jugs or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Rohatch, Owner. Phone 1601—1 long—4 shorts.

The grand jury was reconvened yesterday after a recess of about ten days. It will probably complete its investigations and make its final report tomorrow afternoon. Judge M. F. Yeager who is a member of the inquisitorial body treated his fellow jurors to some fine juicy watermelons this afternoon. The melons were raised by Mr. Yeager himself.

Myles O'Reilly, J. B. Marlow, M. H. Barwise, Phyr Taylor and R. M. Moore have been appointed a committee to canvass for donations for the Labor Day and Anniversary celebration to be held here September 2nd and 3rd.

Frank Carter, sheriff of Tillman county, Oklahoma, was in the city today in pursuit of a horse thief who stole a horse and buggy from J. H. Huggins farm on Deep Red last night forty miles northwest of Wichita Falls. He traced the stolen rig to the Roberts crossing north of Iowa Park on Red River but could not ford the river in the automobile. He came to the Burk Burnett bridge and came on to Wichita Falls where he was joined this afternoon by Constable Tom Pickett.

OFFICERS OF STATE GET DOWN TO WORK.

Austin, Tex., July 30.—Now that the primary election is over, the state officials and others who have been actively engaged in campaigning for the past several weeks, will be returning to headquarters and assuming the discharge of their official duties. For the past several weeks there has been very little going on at the state house due to the intense anxiety which prevailed in several of the departments. Now that the results are practically known, there will be the usual aftermath and then business will be resumed in the usual way.

ONE DARROW JUROR HAS BEEN RELEASED.

Los Angeles, Cal., July 30.—The bribery trial of Clarence S. Darrow will enter its final stages today with twelve jurors in the box instead of thirteen. A. M. Blakesley, the alternate juror, will be installed in the seat of Juror L. A. Leavitt.

Again stricken with appendicitis, Leavitt is expected to undergo an operation today, but prior to submitting to the knife he will have been discharged from further service according to present indications.
