

NEGRO MURDERER OF TWO OFFICERS STILL AT LARGE

Kills Clarksville Sheriff Who Was Attempting Arrest--Man Hunt Is Now In Progress.

Clarksville, Texas, July 31.—3 o'clock this afternoon, Leonard Potts, the negro who last night shot and killed Sheriff Charles Stephens who was attempting to arrest him for the murder of Policeman Tedford in Dallas last week, had not been apprehended.

Hundreds are searching for the negro and it is openly declared that no effort will be made to protect him if he is captured.

About noon it was reported that the negro had been captured at South Prairie about four miles south of here. Later this report was denied.

It was also said that four men had been seen in an automobile with a negro fleeing Clarksville in the direction of Paris. As far as can be learned the negro has not been captured.

By Associated Press.

Clarksville, Texas, July 31.—Fourteen negroes are in jail here today and about 3000 white men are searching for another negro, Leonard Potts, who within a week has killed two Texas police officers. His later victim was Sheriff Charles Stephens, whom he shot last night.

"To wait and see what to do with them," is the repeatedly expressed temper of the searchers in regard to the fourteen blacks in jail under suspicion of knowing something about Potts' movements. Some of the imprisoned negroes are believed to be in danger of violence unless Potts is caught or their own innocence of attempts to hide him is established.

This negro reacher here Saturday from Dallas where he had killed a policeman. The negroes living in the house where Potts stopped say they did not know he was wanted. Sunday he helped unload a car of ice here and has mingled freely with the members of his race. Not only are Potts searching the country this forenoon but the majority are searching for working on the theory that he is in the city limits.

Guards are placed on every train as it pulls out to remain until satisfied that no negro resembling Potts is aboard. A house to house search of negro quarters is under way.

Each hour since the murder of Sheriff Stephens has witnessed additional strengthening of the forces in the hunt. Beginning with hurried conferences last night, every country line telephone subscriber and a majority of the citizens in the county were awakened before midnight. Men poured into the streets in large numbers.

Two hours after the killing farmers from points as far away as fifteen miles from Clarksville began arriving in automobiles. Bloodhounds were secured but worked with little effect. Scouting parties were sent in every direction.

Several parties began a search of negro cabins and other places. Between 3 o'clock and daylight every warehouse, cotton yard, car, yard, compress, oil mill and similar places were thoroughly searched. Automobiles were sent to remote sections of the county and neighboring towns were notified.

Passing freight trains were searched. Business is practically suspended. Barely enough clerks are left in stores to care for the trade and more people are arriving constantly to assist in the search. Farmers are organizing scouting parties, searching cornfields and woods.

Clarksville people believe the negro will be caught during the day in which event it is said no effort will be made to protect him.

Sheriff Stephens was shot and killed while leading a posse in an effort to capture Leonard Potts, a negro who was fleeing from the officers pursuing him after having murdered Policeman T. A. Telford in Dallas Sunday. After the sheriff fell, the posse returned the fire, and when the smoke cleared away and entrance was had to the house where Potts had been brought to bay it was found that a negro woman had been killed by the fire from the posse, but that Potts had gotten away. Just how he managed to get out has not been determined, nor is it known in what direction he is now fleeing. The night was clear and bright and how Potts escaped is a mystery. But he is gone and a thousand men are now engaged in the man hunt which is expected to bring him into the hands of the law to make answer for his crime.

Early in the night it became known that a strange negro, believed to be Potts, was here. The house where he was supposed to be was quietly surrounded and Sheriff Stephens, at the head of the posse, approached the door and called upon Potts to surrender. The answer was a fusillade of bullets evidently hurled from an automatic gun, and the sheriff top

WILL BE GIVEN CHANCE TO TELL

BREAKING UP OF PROTECTION SYSTEM IS WHITMAN'S PRINCIPAL AIM.

LEARNS SORDID DETAILS

Becker Had List of Gamblers To Be Assessed Each Month, Is Rose's Testimony.

New York, July 31.—A group of men was gathered this morning outside the Hotel Metropole, where the gambler Rosenthal was killed, discussing the Rosenthal case, when a policeman bustled up and officiously ordered them to move on. The group broke up, but one of the men lingered behind. Through his mind was running recollections of the charged that the police had cleared the street in front of the hotel just before the shooting of Rosenthal took place.

"What's coming off?" he asked the officer. "Are you getting ready for another murder?" Then he left abruptly.

Amazed by the sordid confession of "Bald Jack" Rose, who said that the New York police collected millions of dollars from gambling houses and other resorts as protection money, District Attorney Whitman today took the viewpoint that the smothering of alleged relations between gamblers and police was much more important than that of the murder of Rosenthal and he has indicated that he will protect every man arrested in the conspiracy except those who actually fired the shots, if it will lead to the men higher up.

It seems doubtful if Lieut. Becker will care to avail himself of an opportunity to make his position easier by telling the prosecutor who were the recipients of the grant money which Rose says he turned over to Becker after he had collected it from the gambling house. If Becker tells his story it must be complete in every detail, District Attorney Whitman is reported to have said.

More than fifty witnesses will be summoned to appear before the grand jury to tell what they know of alleged police blackmail. Information from Bald Jack Rose will be susceptible of proof, said the prosecutor.

Mr. Whitman has a list of names of big and little gamblers given him by Rose, who in his accusation against Becker said that when the lieutenant took charge of the strong arm squad he asked for names of gamblers who could be made to give up for police protection.

Becker, Rose said the list and determined the amount each man was to be assessed. Some paid as high as \$500 a month, while the "little fellows" got as light as \$50 to \$200 monthly.

Sheriff Stephens was serving his first term as sheriff and had made a fine and fearless officer. That none other of his posse was hurt is almost miraculous, as several men were directly in the line of fire when the sheriff was killed.

SENATE DEMOCRATS TO BACK LA FOLLETTE BILL

Attention of House in Refusing To Consider Will Be Met By Standing Pat.

Washington, July 31.—Senate Democrats agreed in caucuses today to stand behind the La Follette wool bill and ask the House for a conference. The House yesterday refused to accept the Senate's bill.

The wool tariff revision bill was the first taken up in the House. There was no debate, except a statement by Majority Leader Underwood, and a short reply by Representative Payne of New York, ranking minority member on the ways and means committee. Motions by Mr. Payne and Representative Crumpacker of Indiana to concur in the Senate amendments were voted down, 159 to 78 and 173 to 56. The last named vote automatically rejected the Senate changes.

Mr. Underwood next called up the excise tax measure, which unamended is described as the "greatest piece of remedial legislation for the benefit of the masses of the people that had been enacted in a quarter of a century."

He charged the Senate with having sought to kill the measure, by tacking on as amendments the repeal of Canadian reciprocity and a provision for the continuation of the tariff board.

Minority Leader Mann took sharp exception to Mr. Underwood. He declared Underwood was "quibbling." The Canadian reciprocity amendment was lost, 127 to 107, while that providing for the tariff board met the same fate, 136 to 98.

On this measure Mr. Underwood asked that the Senate be asked to confer with the House. Speaker Clark accordingly named as conferees for the House Representatives Underwood of Alabama, Hall of Tennessee, Palmer of Pennsylvania, Payne of New York and McCall of Massachusetts.

WEATHER FORECAST

Tonight and Thursday unsettled.

Weather Man

Honey-Fooglin' Wichita Folks

Cooling breezes, spatters of rain, dust-storms and broiling temperatures—all these have been served Wichita Falls by the weather man in the past forty-eight hours. If variety is the spice of life, this city has certainly had her share of it.

Monday afternoon the mercury was well above the 100 mark and didn't seem in any particular hurry to come down. Tuesday morning there was a dust-storm and a few drops of rain, then the mercury took the elevator again. Last evening there was a breeze that was almost too good to be true and last night was some night for sleeping. Before morning the thermometer went down below the eighty mark and nobody has any holler coming when it gets down to eighty in July.

This morning about 8 o'clock there was a feeble little splash of rain and some more breeze. Then the mercury started up again slowly, like a one-cylinder automobile climbing the Ninth street hill. There was a little breeze left over from last night and it helped some. The weather man promises "unsettled" for tonight and tomorrow, just as if it hadn't been that for the past two days. With a range in temperature of almost thirty degrees in two days, even a defeated candidate ought to be satisfied.

J. W. WALKUP APPOINTED TREASURER BY COUNCIL

Bond Fixed at \$25,000—Auditor White Submits Extended Report on City's Books

J. W. Walkup was appointed city treasurer at a called meeting of the city council yesterday evening. His salary was fixed at \$25 per month. His bond was fixed at \$25,000.

Auditor White submitted his report at this meeting. It filled several hundred sheets and was not read in full. It will be published as soon as accepted and approved.

NEW REVOLUTION HAS STARTED IN NIACRAGUA

Washington, July 31.—A new revolution has broken out in Nicaragua. The captain of the gunboat Annapolis at San Juan del Sur today radiographed the Navy Department that Managua, the capital was attacked July 29 and is now cut off from communication.

MONROE DOCTRINE TO BE ENFORCED

JAPAN'S REPORTED NAVAL SITE PLANS PROMPT SENATE TO ACT.

ENDORSED BY COMMITTEE

Rumors of Contemplated Purchase of Magdalena Bay Tract Causes Declaration To Be Made.

Washington, July 31.—Re-affirmation of the Monroe doctrine designed to indicate to the powers of the world that the United States decidedly disapproves of any foreign military or naval bases or any acquisition of territory which might be used for such purposes on the Western Hemisphere, was urged upon the Senate today by the foreign relations committee.

Consideration went over until tomorrow as a parliamentary formality but when the subject is taken up, it is expected the Senate will introduce the committee's report which, though directed at the recent Magdalena Bay incident, proclaims principles which are to indicate the position of this government.

A special committee reported to the foreign relations committee that it had found no evidence that Japan or any other foreign nation was behind the movement to acquire land about Magdalena Bay, which the United States considers the most advantageously located naval base on the Pacific Coast because of its relation to the Western Panama terminus.

It was said that the corporation offering the land for sale had advanced the argument that its possession would be of peculiar benefit to a foreign nation. Because of that attitude on the part of the persons concerned in handling the Mexican property the foreign relations committee today decided to make clear the position the United States takes on what it regards as the encroachment of powers upon the western continents.

ONLY ONE CONTEST FOR OFFICES IN CLAY COUNTY.

Special to The Times.

Henrietta, Texas, July 31.—The only contest for county office in this county was that of county superintendent, the present incumbent, J. S. Holaday has a decided majority over his opponent, E. T. Coggins.

LIGHTNING KILLS TWO NEAR SAN AUGUSTINE.

San Augustine, Tex., July 31.—John and Andrew Baggett, aged 28 and 30, were killed yesterday in this county by lightning, during a thunderstorm. They were under a tree which was completely shattered.

FEW ADDITIONAL RETURNS ON CLOSE STATE CONTESTS

Definite Results Will Probably Not Be Known Before End of Week In Several Races.

Results of the primary contests for attorney general, associate justice of the supreme court (long term), railroad commissioner, and judge of the court of criminal appeals are still in doubt this afternoon, with but few scant figures received since the publication of yesterday afternoon's figures.

In addition to these races, that for commissioner of agriculture may perhaps be included in the doubtful list. The lead of Judge Kone, who at one time appeared to have been safely re-elected, has been considerably reduced by later returns and he is now only about 10,000 votes ahead of H. E. Singleton, his strongest opponent.

Earle Mayfield has probably defeated John L. Wortham for the railroad commission. The contest for attorney general and the race between Nelson Phillips and John C. Townes for the supreme court is too close for any predictions as to the victor to be safe.

Judge Prendergast has a very scant lead over E. B. Muse for the judgeship of the court of criminal appeals. In many counties the election returns were sealed up without the totals being announced and not until the county conventions Saturday will definite results be available.

\$0 For Drinks

In Fairchild's Expense Bill

Beer, whiskey, straight, high balls, gin flizzes, Manhattan cocktails or coca cola, or limonade nor indeed any other drink either "hard" or "soft" formed any item of expense in the canvass of H. A. Fairchild in his race for the county judgeship.

Not once did Mr. Fairchild conclude a presentation of his claims for that office with the invitation, "let's have a drink," or "come on boys and take something." Mr. Fairchild doesn't leave this fact for inference on account of an omission of such items from his statement of expenses. He makes it emphatic by including them in his statement. They are listed in his sworn statement filed with the county clerk in the following manner: "Drinks and other trimmings, 000."

He doesn't say what the other trimmings are. He might mean the meager or the reptile or the greenish hued fantastic designs that are sometimes seen by those who linger too long over the flowing bowl. In dollars and cents the cost of Mr. Fairchild's canvass was \$109.50 of which \$52.50 was paid for announcements in the six papers of the county, \$12 for announcements in other publications, \$21 for candidate's cards and \$4 for railroad fare.

SIX-SHOOTER AND RAZOR FIGURE IN NEGRO FIGHT

Charles Cromo Wings Arthur Williams and Then Gives Self Up To Officers.

One negro with a razor and another with a six-shooter were the opposing forces which met in combat on Mulberry Row shortly after the noon hour today. As a result one of the negroes has a shattered arm and the other is charged with aggravated assault. The wounded negro is Arthur Williams, better known as "Blue." The other is Charles Cromo. The latter is out on bail on the charge of aggravated assault. He suffered no physical damage in the encounter.

Blue has not been located but when last seen was leaving the vicinity of the conflict with a limp wing. Cromo says that Blue sent word to him that he wanted to see him. Trouble was evidently expected, for Cromo says he slipped his revolver in his pocket before going to the meeting. When "Blue" saw him coming he whipped out his knife, according to Cromo and the smoke leaped from the latter's gun. Cromo had started to give himself up when he met the officers. He runs a negro barber shop in the flats.

TEXANS CHARGED WITH USING MAILS TO DEFRAUD.

Sioux City, Iowa, July 31.—John L. Bowers of San Angelo, Texas, M. O. Wilkinson of Yoakum, Texas, W. E. McKinney of Hot Springs, Arkansas and Arthur Mann of Fort Worth, Texas, are under arrest here accused of using the mails to defraud. W. E. Oltman, a hotel proprietor declared he was swindled out of \$3000 by the men in signing a contract for the exclusive right to sell a power ejector in Minnesota.

\$1000 AS VALUE OF HUMAN LIFE

MEXICAN GOVERNMENT MAKES THAT OFFER TO AMERICAN CLAIMANTS.

WOUNDED CAN GET \$500

Proposition Made As Result of Claims Following Battle of Agua Prieta Last Year.

Douglas, Ariz., July 31.—The Mexican government has offered to pay \$1000 for every person killed and \$500 for each person injured in Douglas from bullets falling in this city during the battle over a year ago in Agua Prieta just across the line between rebels and federalists.

Senator Antonio Lozano, Mexican consul at Laredo and special commissioner in the matter of the claims, in an interview in explanation of the estimate of the worth of life, said the United States set the example by paying claims for the death of Mexican citizens.

He is said by local men acquainted with the circumstances to have referred to a Brownsville, Texas, case where a state ranger shot an escaping thief in the back. For this the United States paid \$500. Claimants are unanimous in saying they will refuse to accept the amounts offered.

AMERICANS HOMES ARE BEING LOOTED AND ROBBED.

By Associated Press.

Casas Grandes, July 31.—Rebel soldiers looted many private homes of Mormons in this colony yesterday, taking bedding and other articles. All Mormon families have fled to El Paso for safety following their disarmament and only the men remain.

The men are powerless to protect themselves and although Gen. Salazar in command of the rebels had two of his soldiers executed yesterday for robbing a number of Mormons en route to the railroad, he has not made any attempt to stop his men from looting the unprotected homes of Americans.

Nightly prowlers are taking practically everything movable in the colonies, knowing the colonists have no means of protection. The flight of Americans to the border continues. Trains carried many Americans from Pearson, Madera and other localities outside the Mormon settlements and among this number were many men.

SOUTHERN DEMOCRAT MAY RUN WITH ROOSEVELT.

Oyster Bay, July 31.—A movement is on foot within the National progressive party to name a Southern Democrat as Colonel Roosevelt's running mate. Col. Roosevelt said today if an available man can be agreed upon.

Statements yesterday that John M. Parker of New Orleans' probe would be permanent chairman of a convention were erroneous. Today, Parker is to make speeches according to Mr. nomination and cannot be a man.

WAR BETWEEN TURKEY AND ITALY SPREADS TO THIS SIDE.

Los Angeles, Cal., July 31.—The war between Turkey and Italy, although removed thousands of miles, is causing serious trouble in the county hospital. The international complications there are acute—so much so that battles are being fought daily under the Italian and Turkish flags.

Nicholas Compani is an Italian and thoroughly patriotic.

Morris Frisco is a Turk, and aggressively so.

These two have adjoining cots in the county hospital. At the head of each cot there are flags—presents from friends. The colors are those of Italy and Turkey, and they almost touch.

Never have these flags been lowered, but they have come dangerously near it as a result of numerous "heavy engagements."

The hostilities usually open after the first round of the nurse in the morning.

As seen by the paper that Italy has won another fight, or "Turkey is whipping Italy," from some nearby place will start the day's battle.

At first the bombs and shot are only verbal, but as the engagement grows more heated the two "armies" go to the hospital grounds, where water buckets, mop handles and other ammunition are used.

NEW YORK WILL GREET RETURNING OLYMPIC TEAM.

New York, July 31.—A parade which will feature the welcoming ceremonies to the home-coming Olympic team will take place in New York August 24, according to plans of the Metropolitan Association of the amateur athletic union.

The president will be invited to review the parade and the war department will be asked to send regular troops to take part in the pageant.

The evening ceremonies of the welcome will be marked by a dinner to be given to all the members of the Olympic team and the committeemen who accompanied the athletes to Stockholm.

MANUFACTURER CHARGED WITH PURE FOOD VIOLATION.

Chicago, July 31.—A bench warrant was issued yesterday for Wm. A. Jamison, head of Arbuckle Bros. of New York, charging criminal violation of the United States Pure Food laws in the alleged shipment of red pepper containing an ingredient prohibited by the pure food and drugs act.

Mr. Jamison will be required to go before a New York United States commissioner to give bonds. There is no imprisonment in the event of a conviction for a first offense.

Mail Carrier's Will Fly.

This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions, transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery for coughs, colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. J. F. Davis, Stickney, Mo., "after doctor's treatment and all other remedies had failed." For coughs, colds or any bronchial affection its unequalled. Price 50 cents and \$1.00. Trial bottle free at all druggists.

BABE'S BIRTH TOLD TO GRANDFATHER BY WIRELESS.

Los Angeles, Cal., July 31.—Scientist and wireless telegraph expert yesterday were puzzled over what was declared to be one of the strangest message transmissions ever recorded. This latest wireless freak was reported from San Fernando.

W. L. Bush, janitor of the high school building, was in the room where the wireless instruments used in special classes are kept. Out of curiosity he adjusted the receiver to his ear and was dumfounded at what he heard.

"Tell your mother that Marjorie Bush Reed has a seven-pound baby boy," he heard distinctly in human voices instead of the crackling dots and dashes which usually were caught when he had tried the receiver before.

Bush listened intently but heard no more. Out of the air had come the message that he was a grandfather. He hurried to the home of his daughter and there found a newly-married grandson.

He told how he had received his information and the local scientists investigated. It developed that the words Bush heard were spoken in a conversation between Miss Dorothy Folger and Miss Anna Hollister, near the Reed home.

PRESIDENT SENDS MESSAGE OF CONDOLENCE TO JAPAN.

Washington, D. C., July 31.—President Taft accompanied by his wife, Major T. L. Rhodes, called at the Japanese embassy and expressed in person to Ambassador Chinda his deep regret at the death of Emperor Mutsuhito.

The president received the following cable message from Yoshihito, the new emperor of Japan:

"I am deeply touched by your sympathetic message and offer you my sincere thanks."

From the Empress Dowager, Haruko, the president received this message:

"I am deeply touched with your kind message. Pray accept sincere thanks for the heartfelt sympathy so cordially expressed by you and Mrs. Taft on this sorrowful occasion."

Cotton Acreage in Texas.

Washington, D. C., July 31.—A report issued today by the Crop Reporting Board of the Federal Department of Agriculture shows the acreage of the Texas 1912 cotton crop to be 10,927,000 acres, a decrease under last year's acreage of 223,000 or only 2 per cent. It was expected that this year's acreage had been decreased at least 10 per cent, and the official announcement was somewhat of a disappointment to those who have advocated a decrease in acreage as a means of increasing the price of cotton. The estimated reduction of ten per cent probably obtained throughout the cotton belt, but was overcome by new land settled in Southwest Texas going in cotton.

Charges No Interest.

Cuero, Texas, July 31.—The First State Bank & Trust Company is receiving requests from farmers daily in this section for loans to purchase fertilizer and other means of enriching the soil. The bank announced recently that it would loan money to progressive planters, without interest and the lenient terms of the institution have met with the approval of all the business men and farmers here. The object of the bank is to promote the agricultural advantages of De Witt county and it will assist in every movement that makes for the upbuilding of this community.

Cotton Seed \$19.24 Per Ton.

Washington, D. C., July 31.—The average farm price of cottonseed in continental United States on June 15th is quoted by the Federal Crop Reporter at \$19.24 per ton, as compared with \$23.35 for the same date last year. The price of cotton for a similar period shows a reduction from \$11.04 cents per pound to \$11.02 cents.

The acreage of cotton is 7 per cent less this year than last, and the condition is 8 per cent lower. An upward tendency in prices is looked for when the full effect of the 1912 prospects are reflected on the market. The price this year should open up at not less than 14 cents per pound.

The Praise That Comes From Thankful Wichita Falls People.

One kidney remedy never fails. Wichita Falls people rely upon it. That remedy is Doan's Kidney Pills. Wichita Falls testimony proves it always reliable.

C. C. Willard, 1922 Eighth St., Wichita Falls, Texas, says: "I have had no occasion to use Doan's Kidney Pills for two years. At that time I suffered constantly from my back and kidneys. I got Doan's Kidney Pills from Harrington's Drug Store and although other remedies had failed, Doan's Kidney Pills effected a permanent cure. Although I was never laid up, never the less every move I made sent sharp twinges through my back. I am all over that now and never tire recommending Doan's Kidney Pills." (Statement given December 9, 1910.)

No Trouble Since.

When Mr. Willard was interviewed on December 27, 1911 he said: "We still use Doan's Kidney Pills when occasion requires a kidney remedy and have been greatly benefited. You are at liberty to continue using my statement as heretofore."

ST. LOUIS WOMEN FIGHT THE TIGHT SKIRT STYLE

Will Inaugurate Campaign Against It As Injurious To Health and Improper.

St. Louis, July 31.—The presidents of the thirty-first St. Louis circles, National Congress of Mothers, met with Mrs. James G. Nugent, president of the Missouri branch, to discuss the question of the present day styles in women's dress. It was decided to inaugurate a campaign against the tight fitting skirt.

"This is not the first time the subject has been discussed by the St. Louis Circles," said Mrs. Nugent. "But at this meeting we hope to devise plans for overcoming these extremes in styles. I favor the moderately short and moderately close-fitting skirt, because it is convenient, does not collect dirt as a longer garment would, and is cleaned easily."

"There is a class of people, however, who carry all such things too far, and we think it is time to act in a preventive way against letting the situation become any worse. I believe this subject should be taken up by women's organizations of all kinds. What our congress will do in a remedial way I am not able to say. We hope many feasible plans will be suggested, and that we can select from them some scheme of making all women realize the need of abolishing such uncomfortable, immodest and indecent styles as the very tight skirts now so common."

"We may ask the ministers to discuss the subject. The Rev. M. H. Lichtler has already denounced the tight fitting skirt and the enormous earrings, which he described as 'chandeliers.'"

Mrs. F. W. Baumtorr, president of the State Sunshine society, said she favored a campaign against tight skirts. "I hope something can be done to end the present styles," she said. "They are both immodest and ungraceful. A pretty form is desirable, but it is not a matter of public display. Such dresses on young girls are immodest and suggestive. On matrons they are unbecoming, because they accentuate the size, if nothing else."

Mrs. Dan W. Kneffer, president of the Women's Trade Union league, declared that if she had a daughter she would forbid her to wear skirts of the type now prevalent. They are not decent she said.

GAS COMPANY EMPLOYEE DIED SUDDENLY TUESDAY.

William N. Cronin, assistant superintendent of construction for the Magnolia pipe line, was found dead in his room at the Westland Annex yesterday afternoon. He had been in poor health for several weeks and apoplexy induced by the heat is believed to have been the cause of his death. The body was shipped to his home in Buffalo, New York this afternoon. Cronin was about thirty-five years old. He had been located here for several months.

This was the second death yesterday to be caused by the heat. Early yesterday morning, Patrick Murphy succumbed, following prostration. Two deaths from heat in one day in this city is considered very unusual yesterday.

ARDMORE WINS OPENING POST-SEASON GAME IN ELEVEN INNINGS

LAURENCE IS OUT AGAIN

Has Been Suspended and Will Probably Not Play in Series—Myers To Work Today

Special to The Times.

Ardmore, Okla., July 31.—Ardmore drew first blood in the post-season championship series, defeating Wichita Falls yesterday afternoon by a score of 2 to 1 in eleven innings.

Duffy had everything and held the Drillers to three scattered hits, while the locals secured nine off Mullins. In the seventh inning Jones walked, was sacrificed to second by Brown, took third on a wild pitch and scored on Brown's sacrifice fly.

Following a run-in with the umpire in last Saturday's game, Lawrence has been suspended and will probably not participate in the series. Chief Jones is holding down the third sack. Myers will probably work against Ardmore this afternoon. Yesterday's score:

Grape Juice is Just As Cheap As Lemonade

PHONES 432 & 232 YOU GET IT QUICK.

A number of people have told me when I have suggested grape juice as a summer drink that it was too expensive. I then pointed out that grape juice diluted with one-half to an equal quantity of water was no more expensive than good lemonade, for with grape juice you require nothing but ice cold water and the juice, while with lemonade, a liberal amount of sugar is necessary, and there is considerable waste in the lemons, to say nothing of the work required making it.

If you figured out the cost of a given number of glasses of lemonade and the same number of glasses of grape juice, you would find that there was so little difference in the cost and so much more food value and satisfaction to grape juice that you would no doubt use grape juice oftener at least. Pint bottles 25c; quart bottles 50c, half gallons 90c and this is Welch's, the best that can be produced.

Entered at the Postoffice at Wichita Falls as second-class mail matter

Wichita Falls, Texas, July 31st, 1912.

Turning out a sheriff who has been on the job for many years, McLennan county has elected a business man to that office. While many people believe that years of experience as a peace officer are necessary to efficient service along that line, there are many who think otherwise and the experiment in McLennan county will be watched with some interest.

The fellow who won all his favorites in last Saturday's primary has not yet turned up, but any and all disappointments or regrets that the Times suffered have been completely and literally wiped out by the splendid victory won by Morris Sheppard over his leading opponent, Col. Jake Wolters. Old Wichita county gave Morris a good healthy majority over all, and at this date, it looks as if grand old Texas has dilted in that respect.

Now that the candidates have had their running and have "saved the country" once more, it's time to settle down to business. The real show will be pulled off in November, at which time Woodrow Wilson is scheduled to succeed Mrs. Howard Taft as president of these United States by the biggest popular majority ever given any candidate for president. Until that time, let's take a short rest and get in a few good ticks for Wichita Falls and Wichita county.

Choice B. Randall never was in this race and nothing more need be said about him at this late date. Morris Sheppard is a lightweight. He is a word painter of mediocre ability. Colonel J. F. Wolters of Houston is one of the most distinguished private citizens in Texas and has been for many years. In every great political battle he has taken his side and stood as a leader wherever he was found. His enemies have been forced to admit even in their campaign of denunciation that he is one of the strongest men in Texas.—Austin Statesman, Saturday, July 27.

Admitting that Col. Wolters is "one of the most distinguished private citizens in Texas," it is really necessary to refer to Morris Sheppard as "a lightweight." It is a compliment to Col. Wolters to be defeated by a "lightweight" by such a vote as the returns indicate Morris Sheppard has won in the Senatorial contest? All three of the candidates are men of ability. Perhaps none measured up to the standard of James S. Hogg, but as a rule, the Democrats of Texas can be trusted to pick out the best material or men in a contest such as has just come to a close, and in this instance they have selected Morris Sheppard over both Col. Wolters and Congressman Sheppard. He was the last to enter the contest and has won by a very decisive plurality, which may be turned into a majority by the time the official count is recorded.

WHAT IS A "PROGRESSIVE"?

The following telegrams are self-explanatory: New York, N. Y., July 12.—Hon. W. J. Bryan, Lincoln, Neb.: Disputes between partisan advocates have in the view of the World obscured the popular conception of the term "progressive," as applied to current political controversy. In order to clear up this confusion send you, as a recognized authority, send to the World a definition of your interpretation of the term, illustrating as clearly and concretely as possible its applicability to present conditions, what is a "progressive."

THE WORLD. To the Editor of the World: A progressive is one who is moving forward. Recognizing the imperfection that pertains to the handwork of man a progressive is seeking to make improvement in present conditions where ever improvement is possible. As the trend is more and more toward popular government, the progressive is, of course, going in that direction. He has faith in both the right of the people to self-government and in their capacity for self-government. He believes that in proportion as it draws its authority from the people and is responsive to the will of the people.

The progressive favors justice in government and believes that this can only be secured through the application, in all departments of the government, of the Jeffersonian doctrine of equal rights to all. It follows that to be a progressive one must be in a position to do his own thinking. No one can be expected to go forward if he must ask the permission of the beneficiaries of privilege and favoritism. A progressive, in other words, is a free man, whose sympathies are with the people and who has the intelligence to see what needs to be done and the courage to do it. Yours truly, W. J. BRYAN.

REMEMBER THE AMENDMENTS.

Four amendments to the constitution of the state of Texas are to be voted on in the general election in November.

A majority of all the votes cast for or against these amendments is required to make them portions of the fundamental laws of the state.

Two of those amendments aim to provide continuing, non-partisan management of the charitable, educational and penal institutions of the state. These amendments should be voted for because they will improve the character and service of these institutions, by preventing them hereafter becoming the spoil of professional politicians.

One of the four amendments proposes to grant aid to indigent and disabled Confederate veterans and their widows and to establish a state home for the dependent widows of Confederate soldiers. No Texas needs urging to vote for this amendment. The vote should be almost if not quite unanimous in its favor.

The fourth amendment proposes to give home rule to Texas cities. It provides that any Texas city of more than 5000 inhabitants shall be made free to adopt or amend its charter, subject only to the general law limitations, by majority vote of its citizens. This amendment should be adopted because it is sound democracy. Had this amendment been a part of the state constitution at the time, Governor Colquitt's threatened veto could not have prevented the people of Texas from adopting a city charter containing the initiative, referendum and recall. This amendment will give residents of Texas cities that degree of local self-government which is essential to their prosperity. It will make them reasonably free to govern themselves without first having to get the consent of legislators who have never seen their city.—Houston Chronicle.

THINKS OLD JAIL MIGHT BE USED

DR. J. F. REED SUGGESTS LOCATING PUBLIC HOSPITAL HERE

EXPENSE WOULD BE LIGHT

Says Second Story Could Easily Be Fitted Up To Care For Emergency Patients

Editor Times: My Dear Sir: I notice in your paper of yesterday that you again call the attention of the public that the county and city need a hospital, especially in emergency cases, that would be conveniently located to the business center.

For the last year I have thought that the old county jail especially the second story, could be fitted up for a hospital.

The second story is large enough so that a small operating room could be made and then leave sufficient room for bed rooms for patients. Hence at a small cost, say a thousand dollars, this could be made into a small hospital that would take care of emergency and charity cases for some years and would greatly facilitate both county and city in a humanitarian effort to care for and alleviate the suffering of the unfortunate and indigent that come within our bounds and becomes in some measure our duty to care for. We are in some measure our brother's keeper.

What think our business men of the plan? Would it not be well to investigate it? Respectfully, J. F. REED, M. D.

LONDON PAPER'S TRIBUTE TO DEMOCRATS' NOMINEE

Daily Mail Refers To Him As New Hope and Considers Him the Strongest Candidate

Los Angeles, July 31.—That Woodrow Wilson is "by far the strongest man that his party could have put forward" for president, and that he is the inspiration of "a new hope for American politics," is the opinion of the London Daily Mail, in a sketch of Governor Wilson's career and a study of his character.

A copy of the mail was received in Atlanta Wednesday from Joseph F. Gattins, Jr., and Arthur Clarke, two Atlantans who were in Paris when they read the English paper's appreciation of Mr. Wilson soon after the cable brought them the welcome news of Mr. Wilson's nomination at Baltimore.

Says the Mail, in part: "Mr. Woodrow Wilson has made for himself a quicker and more brilliant name, and by quieter means, than any American of our day and generation. He stands out today by far the strongest man that his party could have put forward."

"Indeed, to read Mr. Wilson's speeches, to study his acts, and to talk with the man himself is to be filled with a new hope for American politics. It is not often they attract the best type of men; they have never attracted a man of Mr. Wilson's type before. He is a phenomenon new to American experience. He belongs, in fact, much more to the class of public men we are accustomed to in England than to the class that has hitherto pretty well dominated American affairs. He is nearer to Lord Morley, Mr. Balfour and Mr. Bryce, to Walter Bagehot and the late Professor Butler.

"That is to say, he is primarily a scholar, a student, a writer, a political philosopher, a vigorous, illuminating, and untrammelled critic and observer of governments and institutions, rather than what Americans, with unconscious irony, are pleased to call a practical statesman."

CRIMINAL IS CAPTURED AFTER 2000-MILE CHASE

Wanted For Hundreds of Crimes He Is Finally Caught in Western Canada Wilds.

By Associated Press. Calgary, Alberta, July 31.—After a 2000-mile search through the almost trackless wilds of Northern Canada, the Northwestern mounted police have captured Will Roon, said to be the most notorious cattle rustler and horse thief in the western country. The chase lasted four months. It was remarkable for the stamina of the fugitive and the persistency of the police.

Roon is said to have confessed to several hundred crimes and he admitted he probably was guilty of many others that had "skipped his memory."

RUCTION DEVELOPS AT CONGRESS OF FARMERS

Effects of State Institute To Secure Affiliation Causes Break at College Station.

By Associated Press. College Station, Texas, July 21.—A feature of the Farmers' Congress developed last night when the State Farmers Institute and the Congress came to open rupture. The Institute had presented application for affiliation with the Congress. The latter's reply was framed by Vice President Kirk of San Antonio and contained a provision that delegates to the Institute should not attend sessions on free railroad passage. Ed Kone, president of the State institute shouted "we will not sanction affiliation with such strings attached to it."

President Kirkpatrick of the Farmers Congress said: "The Congress desires harmony but will steer away from politics. Certain features of the Institute appear designed to keep some men in public office. This carries no reference to President Kone." The application was withdrawn.

CLIFF HOTEL, HENRIETTA LANDMARK BURNS DOWN.

Special to The Times. Henrietta, Texas, July 31.—A typical Clay county rain, (dust storm) visited his vicinity yesterday afternoon. So far, no rain has fallen. The Cliff hotel, one of the old landmarks of the town, burned to the ground Monday night. Because of its proximity to the Katy depot it was at first reported that the depot was burning.

The Baptist revival which has been in progress for a week is drawing good crowds and considerable interest is being manifested. There have been four conversions and one reclamation. Pastor W. R. Holland of the Baptist church is doing the preaching. The night services are held in the open air.

CONTRACT FOR TWENTY RESIDENCES AWARDED

Will Be Erected in Automobile Addition At Cost of Six Hundred Dollars Each.

Jones & Orjopp, architects, awarded the contract yesterday afternoon for twenty four-room frame houses to be constructed at once for Messrs. Kemp & Kell in the automobile factory addition. The houses are to cost about \$600 each, and will be rented to employees of the factory.

This firm report they are getting out plans for several nice residences, to cost from \$600 to \$800 each, two of which are to be erected on choice lots on Tenth street.

MRS. BELMONT SNUBBED WHEN SHE OPENED SUFFRAGE FIGHT.

Newport, R. I., July 31.—With all her life long friends from the fashionable cottage settlement conspicuous, by their absence, Mrs. O. H. F. Belmont opened her woman suffrage headquarters here this afternoon.

"Though none of society's leaders put in an appearance, there was an enthusiastic crowd present, suffragettes from all sections of New England gathering for the occasion. They came on foot and in automobiles from long distances. Mrs. Belmont, in a robe of exquisite white, welcomed them all alike. She did not seem to mind the absence of the society folk, as she stood smiling contentedly in the center of a large group of earnest women.

In her speech of welcome Mrs. Belmont announced that the headquarters, which she opened at her own expense, would remain open all summer, if not longer. She made a few remarks regarding ways and means of carrying on the work, and was roundly applauded.

The opening of headquarters here is Mrs. Belmont's first step toward reaching the Rhode Island legislature in an effort to have them submit suffrage to a popular vote. She is optimistic over the final outcome of the fight she intends to make.

Austin—The taxable value of Travis county is reported at \$35,735,895 for this year as compared with \$35,613,580 for 1911, an increase of \$125,425.

TWO LANDS AVAILABLE FOR ZIONIST COUNTRY

Portuguese Province in South Africa Or Central American State Likely To Be Selected.

Vienna, July 31.—Those Jews who dissent from the Zionist movement, with Israel Zangwill at their head, have now found two new countries where Hebrew settlers could form a majority and so secure an autonomous administration. The advantage of these latest Lands of Promise are now under consideration.

One of them is the Portuguese colony of Anfoia, in Southwest Africa, the other a Central American state which may not yet be mentioned, as negotiations are still in progress.

In this connection a congress of the Jewish Territorial organization, with Mr. Zangwill in the chair, sat here for four days with closed doors. It was learned that Mr. Zangwill pointed out the great difficulties that had been encountered in finding a suitable country. In 1907 Turkel, fearing an Italian occupation, offered them Barca (or Cyrenica), the eastern division of Tripoli, but this proved unsuitable for colonization, owing to the lack of water.

An attempt to get land in Australia failed, owing to what Mr. Zangwill described as the narrow-mindedness of the Labor party there. Offers in Mexico and Paraguay had to be rejected, owing to the unsettled state of political affairs in those countries. The proposal to work some concessions of a Brazilian railway company also fell through, owing to the concession proving insufficient.

There remained but Anglo, a rich and fertile country under the Portuguese flag, and a certain Central American state. The Portuguese Chamber had passed a bill opening the former country to Jewish settlers.

The congress passed a vote of thanks to the Portuguese chamber and a committee was formed to study the merits of the two projects, together with the London council of the Jewish Territorial organization. A Land Mortgage and Agricultural bank, with a capital of 2,000,000 pounds sterling, will be established in London.

The council elected Mr. Israel Zangwill, president mayor; Mr. A. Spielmann (London), and Dr. Joelmann (Kieff), presidents of the international council of the organization.

CHRISTIAN SCIENCE DEVOTEE SUFFERS COURT MARTIAL

Washington, D. C., July 31.—Joseph J. Kapsa, a grunner's mate in the navy, who steadfastly refused to take the anti-typhoid vaccination because he was a Christian Scientist was court-martialed for refusing to obey an order of a superior officer and sentenced to the disciplinary camp at Port Royal, S. C., has decided to take the treatment. He probably will be restored to duty. Senator Works of California and others who interested themselves in his case advised him to submit to vaccination.

MEANEST MAN IS LOCATED HERE

WIFE GETS MESSAGE THAT HE HAD BEEN BURNED TO DEATH

SENT TELEGRAM HIMSELF

Chief Gwinn Gets Heart Broken Message From Woman and Finds Report Untrue

The meanest man has at last been found. No one can question his title at the pole. Chief of Police Gwinn found him this morning or rather he found out what he was. The discovery was accidental. It came through a telegram received by the chief from an Ohio town. It was from a woman who said she had just received a telegram from Wichita Falls saying that her husband who was a tool dresser working in the oil fields here had been burned to death and asking what disposition to make of his body.

The woman was in great distress and asked the chief to give her particulars. Upon investigation Chief Gwinn learned that the man was very much alive and was also well filled with booze. Investigation convinced Mr. Gwinn that the man sent the telegram to his wife himself while his hide was soaked full of booze.

So far as is known there is no law by which an offense of this kind can be reached but the matter has been referred to the proper authorities for investigation.

Will Extend Canal

Tampico, Mexico, July 31.—With the cessation of hostilities, the Mexican Government will be asked to extend the canal which is now open from this city to Vera Cruz, a distance of seventy miles, to the Rio Grande to connect with the Inter-coastal Canal now being constructed by the United States Government. President Madero is known to favor the project and the commercial interests effected by the improvement, are urging Federal activity. Canal relations with industrial interests located on the Mississippi and tributary rivers are much needed in the development of this country.

MANY ENJOYING CAMP PROGRAM

LARGE CROWD IN ATTENDANCE FOR YESTERDAY'S AND TODAY'S EVENTS.

MUSIC LEADING FEATURE

Southwestern University Quartette Renders Pleasing Number—Many Out of Town Visitors.

With a crowd estimated by Rev. John E. Roach to have been the largest which the Methodists have ever had at a similar affair in this section, last night's program at Lake Wichita in connection with the Lakeshore Assembly was carried out in a manner most satisfactory. At least five hundred people were in attendance at last night's session to hear several excellent numbers by the Southwestern University Quartette, and readings by Mrs. Daisy Dixon Coker of Dallas. Both of these entertainments were applauded again and again, and seemed to give universal satisfaction.

Rev. John E. Roach of Gainesville, president of the assembly, in speaking of the attendance at the assembly of people from town said this morning that it is the purpose of the officers of the assembly to provide a series of entertainments each night in order to attract to the lake as many people from town as possible. He said that the town people, although they are highly entertained by features such as last night's are in many cases not at all interested in the hard, dry discussions of technical things, such as are of interest to the out of town visitors and for that reason it is sought to provide something different each night in order that the attendance of people from the city will continue to be large.

Yesterday's program was carried out according to previous announcements, and today's program is being carried out according to schedule. Following are the programs which will be adhered to Thursday and Friday:

- 8:15 Devotions—E. E. Robinson, Amarillo.
 - Bowie District Day. District League will hold annual session in afternoon.
 - 11:00 Address—New Harris, Dallas.
 - 8 p. m. "Asbury and His Times"—H. M. DuBose, D. D., Augusta, Ga. Friday Morning.
 - Wichita Falls Day.
 - 7:00 Morning watch.
 - 7:30 Breakfast.
 - 8:15 Devotions—L. S. Barton, Dallas.
 - 9:00 Bible Study—"Consciousness of Jesus"—H. M. DuBose.
 - 11:00 Address—H. W. Knickerbocker, Fort Worth.
 - 2:30 Children's Hour.
 - Afternoon—Recreation.
 - 4:00 p. m. Baseball game—North Texas Preachers vs. Northwest Texas Preachers.
 - 6:30 Supper.
 - 7:30 Vesper on the pier.
 - 8:00 Address, "The Dramatic Element in Shakespeare"—H. W. Knickerbocker.
- These in attendance at the assembly usually begin the day with a devotional service at 7 o'clock in the morning after which breakfast is served at the hotel. The forenoon is

spent at the various sessions of the assembly and the afternoon is generally given over to recreation and sightseeing. The attendance so far has more than come up to expectations and communications received by officials of the assembly seem to indicate that before the arrival of the closing day all average attendance records will have been broken.

This morning at 9 o'clock Dr. C. M. Bishop delivered his lecture on "The Song of Solomon." Dr. Bishop will lecture tomorrow morning at 9 o'clock and at the same hour every morning during the week.

Dr. J. E. Carpenter of McAlester, Okla., delivered an address at 11 o'clock on "Christianity as the Final Religion." Mrs. Hudspeth, the assembly soloist, and W. Y. Switzer rendered a beautiful duet, and the southwestern University Quartette sang one of their sacred numbers. Dr. Carpenter will hold the boards this evening at 8:30 o'clock, his theme being "Whom to Marry." This address has a reputation of being crammed full and fun and philosophy and altogether a most enjoyable entertainment. The Southwestern University Quartette and Mrs. Hudspeth will sing this evening for thirty minutes preceding the lecture.

Every one should know the industrial and agricultural situation of their county so that questions can be answered intelligently.

NEAR BEER MEASURE VETOED BY GEORGIA GOVERNOR.

By Associated Press.
Atlanta, Ga., July 31.—Gov. Brown today vetoed the Alexander bill which prohibited the sale in this state of near-beer and so limited the percentage of alcohol as an ingredient that many patent medicines would have been excluded from sale.

The governor declares the measure was entirely too drastic and took the lawmakers to task for trying to play politics. He said if the people enforced the present law it would be sufficient.

STRIKING DOCK WORKERS SHOT IN LONDON RIOTING

Find Places Taken By Non Union Men and Fight Follows—Many Shots Fired.

By Associated Press.
London, July 31.—Seven strikers were shot and twenty other men were seriously wounded by flying brick in dock-rioting today. The chief encounter occurred at the Victoria dock where 2000 laborers who had been on strike for ten weeks appeared in compliance with the manifesto of the federation ordering a resumption of work. They found, however, that their places were occupied by non-unionists or trade laborers, who had been taken on during the strike and who were determined to keep at work.

They defied the union men to eject them and a severe fight followed. Bullets, bricks and stones flew in all directions and the police were powerless. Another fight centered around the steamer City of Columbia which was being loaded. Unionists tried to board her but were repelled. Many were injured, some with bullets. Reserves of police finally quelled.

ARREST HERE FOLLOWS OKLAHOMA HORSE THEFT.
A man named Skelton was arrested here last night charged with the theft of a team of horses at Rocky, Okla. He was found in a rooming house here and was accompanied by his wife and baby. The team was hired from a livery stable last week. The horses were traded at Henrietta yesterday for a gold watch, a six shooter and \$47 in money. Skelton and his family came here in an automobile last night and when he was arrested he was just getting ready to get up to catch the northbound Northwestern passenger train which leaves here at 4 a. m.

Rehater's Mineral Water.
Is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be purchased at the wells or delivered in jugs or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Robatch, Owner. Phone 1601—1 long—4 shorts.
