NUMBER 124

## BUILDING PERMIT ORDINANCE PASSED

PERMITS WILL SHOW LOCATION MATERIAL AND APPROXIMATE COST OF NEW BUILDINGS

## OFFICERS WERE CRITICISED

At Suggestion of Mayor It Was Decided to Give Certain Offices a "Jacking Up"

Records will be kept of new buildings erected in Wichita Falls hereafter, as the result of the passage of a building permit ordinance by the city council at its session yesterday afternoon. The ordinance provides for the taking out of permits from the city secretary.

Criticism of some of the appointive officers of the city was indulged in at the meeting by Mayor Bell, who told the council that some of these officers were not doing their duty. In this connection the mayor called attention to the fact that the appointive places had been filled by the council without allowing him a hand, and he felt that the councilmen under whose control these appointive officers were, should see that better work is done.

The mayor was emphatic in his discussion of the matter and said that if the men in question were before him, he would fill their places with some one else. It was decided to give the employees a "jacking up" with the understanding that they were to be discharged if better results were not forthcoming.

The council decided not to allow Messrs. Voss and Stayton, who are erecting a building next to the city hall, to use the north wall as a party wall, it being deemed inexpedient. An appropriation of \$12 was made for additional bookshelves for the city hall. "When we get into the new city hall," said the mayor, with a smile, "we'll build a place for those books."

Upon recommendation of the mayor, the salary of Driver McClure of the fire department was raised to \$75 a month on account of additional duties which had devolved on Mr. McClure.

There was an informal discussion of the street sign question, and some of the aldermen are to figure on the cost of ornamental posts to mark the streets. No action was taken. It was decided to buy another team for the street department as soon as a desirable pair of mules is offered for sale.

An ordinance providing for the issuance of building permits by the city secretary was read and passed. The permits are to show the location, material and approximate cost of any new buildings costing over \$100 erected in the city limits. These permits will not only enable the city to keep records of the amount of building under way, but will serve as a check in making up the tax rolls and in collecting sewer rents.

A number of claims for unpaid paving assessments were placed in the hands of the city attorney for collection. The council then discussed the bond issue question at some length, after which adjournment was taken.

## UNANIMOUS APPROVAL FOR THIS SECTION

Glory! Hallelujah! Also hooray and any other expressions of festive exuberance that may come to mind. Let joy be unconfined and let glad rejoicing reign.

All of which is by way of preliminary to the statement that if the citizens charter committee has its way, there will be no more street taxes and no more city poll taxes. No more dodging that collector. No more telling him your name is Jones when it is Smith, or Mudd if he catches you at it.

## DEMONSTRATION PLAN BRINGS BEST RESULTS

Agricultural Bulletin, Lecture Trains and Institutes Less Effective than Concrete Examples

By Associated Press. Indianapolis, Ind., Oct. 4.—In an address before the National Conservation Congress, Howard H. Gross, president of the National Soil Fertility League, today said that the placing in each county throughout the country of a trained farm demonstrator was the best possible plan for improvement of agriculture in the United States.

"Experience has shown that the issuing of bulletins by the Department of Agriculture and the Experiment Stations have little influence on the farmer," said Mr. Gross. "They are not written in the language of the farm; they have comparatively no value in reaching the actual tiller of the soil."

"We have our farmers institutes and the railway run their lecture trains. These have done some good, but they have all fallen woefully short of meeting the situation."

"The farmers are tired of talk, talk, talk, they demand something more. Show them a concrete example to prove your contention and if the results are satisfactory they become immediately interested."

"Hence, the time has come when this vast fund of useful knowledge must be taken to the farmer in the personality of a farm demonstrator, who will meet the farmer on his own land and show him how to understand and apply the best methods known to science; talk must go over into action. We must reach the present farmer."

"To this end the National Soil Fertility League was organized for the purpose of creating a general and more vital interest in the subject of agricultural development and to secure the co-operation of the Federal government and the several states, through the colleges of agriculture upon a plan that will ultimately place in every county a trained farm demonstrator to assist the farmer to understand and apply the latest and best methods of cultivation of their fields. This is accepted as the best possible plan and rapid progress has been made inaugurating it."

## OWNERSHIP OF TEXAS OIL CONCERN PROBED

Standard Oil Brokers and Directors Bought Magnolia Bonds, Says Witness

New York, Oct. 4.—The tangle of transactions surrounding ownership of the indicted Magnolia Petroleum Company of Texas was partly unraveled at the resumption of the hearings in the Waters-Pierce-Standard Oil litigation. It was testified that the \$3,350,000 bonds of the Magnolia company, which were sold by the Standard Oil Company of New York to the banking firm of Blair & Co. last April, when the Government was investigating the Magnolia company, were purchased immediately by the Standard Oil brokers and Standard Oil directors.

The testimony was given by Edgar L. Marsden of the firm of Blair & Co., who said the negotiations for the sale of bonds to his firm were conducted by H. C. Folger Jr., who, with John D. Archbold, is under indictment with the Magnolia company. Assurances that he would find a market for the bonds were given him, he asserted, "by some one not directly connected with the Standard Oil Company, whose name I would rather not give."

Mr. Marsden added that because of these assurances he made no investigation as to assets behind the bonds or of the title to the mortgage, as ordinarily was the custom of his firm.

"Was this unnamed gentleman Mr. Archbold?" pressed Samuel Tintermyer counsel for the Waters-Pierce Company.

"No, it was no one directly connected with the Standard Oil Company," was the reply.

"Did they come to see you?"

"No, I went to some place and met the two gentlemen."

"At 26 Broadway?"

"Yes."

## Over Confidence May Result In A Democratic Defeat

October 1, 1912. Mr. Ed Howard, Editor The Times, Wichita Falls, Texas.

Dear Sir: The Democratic National committee desires to call your attention to a recent statement issued by Henry Morgenthau, chairman of the general finance committee. This statement shows that so far the comparatively small amount of \$298,750 has been contributed to the Democratic campaign fund. It states, also, that an additional \$750,000 will be required to pay the legitimate expenses to the close of the campaign.

This statement would indicate that the Democratic party is troubled with a peculiar disease—that of over-confidence.

There is a kind of general feeling that we are going to win anyway, and that, therefore, there is no need of a campaign fund.

To meet this situation the National committee is compelled to look to

## TROUBLE RUMORS ARE DISCREDITED

PARISH OFFICIALS AT GRABOW, LA., DO NOT BELIEVE SAW MILL WORKERS IMPORTING ARMS

By Associated Press. Lake Charles, La., Oct. 4.—Parish officials discredit rumors of the importation of arms by union saw-mill men in this section and whispering of threatened trouble at the opening of the trial here next week of the fifty-eight members of the Brotherhood of Timber Workers who are variously charged with murder, riot and unlawful conspiracy in connection with the labor riots at Grabow, Louisiana, on July 7.

All preparations for the opening of the trial next Monday have been completed. W. J. Burns, the detective, is expected to actively participate in the prosecution. Of the sixty-one men indicted, one died of wounds received in the battle at Grabow, one evaded capture and fifty-eight are in jail.

Killing At Gonzales. By Associated Press. Gonzales, Texas, Oct. 4.—As the result of a shooting affray on the street this morning, Tom Dancer is dead. The affair began in a difficulty between Dancer and John Murray, a negro shoemaker. The fight was precipitated by Murray firing upon Dancer. Sheriff W. W. Johnson and Constable H. C. Davis were attracted by the shots. When they arrived Dancer turned his firing upon Constable Davis. The officers returned the fire, killing Dancer on the spot.

## J. D. ARCHBOLD HELD IN DEFAULT

HEAD OF STANDARD OIL CO. FAILED TO RESPOND TO SUMMONS OF COURT IN WATERS-PIERCE SUIT

Characterized Courts Action as Absurd—Archbold Will Be Asked About Ownership of Magnolia Co.

By Associated Press. New York, Oct. 4.—When John D. Archbold failed to respond today in the Waters-Pierce-Standard Oil litigation, he was held "in default." A lawyer speaking for the Standard Oil characterized as "absurd" the holding of Mr. Archbold in default.

"Mr. Archbold arrived in town only yesterday," said the lawyer, "and certainly is entitled to two or three days to attend to his business affairs."

It was planned to examine Mr. Archbold today concerning the ownership of the Magnolia Petroleum Company of Texas, with which he is under indictment for alleged violation of the Sherman law.

Filters have been installed at all the city schools where they had not already been provided and a better supply of water for the children has thus been made possible.

## SUBMARINE CUT IN TWO, 14 DROWN

BRITISH CRAFT RUN DOWN BY HAMBURG-AMERICAN LINER "AMERICA" OFF GHEENT

## WAS ONLY ONE SURVIVOR

Lieutenant Picked up Floating on Water After Accident—Sixth Disaster to British Submarines

By Associated Press. Dover, England, Oct. 4.—The British submarine "B-2" was run down by the Hamburg American liner "America" here today. It sank at once drowning fourteen of the crew. The officer in charge was rescued. The disaster in which the B-2 was sunk occurred while the third patrol flotilla of submarines was maneuvering off Gheent. The liner America appears to have cut the submarine in halves.

Lieut. Richard I. Pulleyne was the only man among the crew of the fifteen who was saved. He was floating in the sea, too exhausted to say more when he was rescued than "the submarine is cut in two. I went down a mile."

Nothing has been heard from the America up to the present. The B-2 left Dover harbor at 5 o'clock this morning to participate with the other submarines in a series of maneuvers. The accident occurred just an hour later, although none of the other submarines knew anything about it until Lieut. Pulleyne was picked up from the sea. The liner America stood by after the collision and threw life-buoys aboard while a number of torpedo boats, searched the sea for hours.

None of the other members of the crew were found. The America then proceeded on her voyage to Southampton on her way to New York. This is the sixth disaster to British submarines, each of them involving a loss of from eleven to fifteen lives.

## ANTI-VICE CRUSADE STIRS WINDY CITY

States Attorney Declares he Will Close Every Immoral Resort and Drive Immoral Characters from City

Chicago, Ill., Oct. 4.—Various movements that have met with some success in investigation of vice conditions here were given impetus yesterday when State's Attorney Wayman and his first assistant, Thomas R. Marshall, went before the Municipal Court with more than 200 warrants for the arrest of disorderly resort keepers and other violators of the law. Officers began serving the warrants at once.

Mr. Wayman says he intends to close up every disorderly resort in Cook county and banish every immoral character from his jurisdiction. The undertaking is said to be one of the most tremendous tasks of its character ever undertaken in a metropolitan city. Several raids were made in the South Side segregated vice district, and a number of arrests were made. The resort keepers arrested were released on bonds in order to appear in the Municipal Court today.

Eight other arrests were made by Federal officers working simultaneously with local detectives. The eight arrested persons, a woman resort keeper and seven alleged white slaves, were put on a New York train in charge of detectives under George C. Craft, Assistant Superintendent of the Department of Justice of New York. The women will be taken before the Federal grand jury in New York, pursuant to an investigation into an alleged vice trust, with headquarters in New York and Chicago.

Two Chicago hotel keepers were served with subpoenas by the United States marshal. A number of other arrests will be made, it is said, by Federal officers under Charles D. DeWoody, chief investigator in Chicago for the Department of Justice. DeWolfe Mariani is under arrest in New York and held in default of \$10,000 bail, charged with being a member of the New York Women Traffickers. Systematic interchange of women between New York and Chicago is charged by the Federal investigators.

Anti-Saloon Campaign. New Orleans, La., Oct. 4.—What is said to be the beginning of a widespread campaign against saloons here was made today when District Attorney St. Clair Adams, upon evidence unearthed by Burns' detectives, who have been engaged by private interests, filed charges against 150 saloon keepers. The defendants are charged among other things with violation

## PEACE BETWEEN ITALY AND TURKEY

COMPACT IS REPORTED TO HAVE BEEN SIGNED AT OUCHY, SWITZERLAND LAST NIGHT

## PROPOSAL BY ITALIANS

Turkish Cabinet Consented to Offer Yesterday and Dispatched Embassy to Switzerland

By Associated Press. London, Oct. 4.—Peace between Italy and Turkey was signed at Ouchy, Switzerland last night, according to a news agency dispatch here from Paris.

Italy's Proposal Accepted. Constantinople, Oct. 4.—That the Turkish cabinet consented yesterday to accept Italy's last proposal for peace was the announcement made today from an authoritative source. The preliminary agreements are to be signed upon the arrival at Ouchy of a special Turkish embassy who left Constantinople immediately after the cabinet meeting yesterday.

Wreck on The Southern Railway. Atlanta, Ga., Oct. 4.—Southern Railway passenger train No. 43 en route from Washington to Atlanta was derailed early today near Cornelia, Georgia. The engineer and fireman are reported to have been killed.

## SURVEY OF SOCIAL CIVIC PROGRESS

Speaker at Conservation Congress Represents Vitriolic Criticism of American Institutions by Englishmen

By Associated Press. Indianapolis, Ind., Oct. 4.—In a survey of the progress made in this country along social, industrial and civic lines, during the past fifty years, Ralph M. Easley, chairman of the committee of civics, defended American life, institutions and morals today in an address before the Fourth Conservation Congress.

Before preparing his address, Mr. Easley said, that he had just read in an English newspaper a sweeping and vitriolic criticism of our social and civic conditions. He said:

"Our unkind critic spoke of us as a people so utterly bound up in the worship of the 'Almighty dollar' that he had lost whatever social vision might have illumined the minds of our future. That in short our's was a dog-eat-dog civilization, and that the only direction in which light might be breaking was in the fact that among the wisest and most far-seeing of American making headway was the conviction that American institutions were a failure."

Continuing Mr. Easley gave in brief an outline of the progress made through industrial organizations, for the betterment of working conditions during the last twenty-five years. He cited the eight hour work day and arbitration for the settlement of labor disputes as refutation of the English critics' charge. Other remedial laws mentioned were the child labor laws in practically every state; the tenement house laws of New York, and the State factory inspection. Mr. Easley declared that the hundreds of organizations for the aid of the needy, the protection of immigrants; and the thousands of non-sectarian institutions for the scientific cure of defective and delinquents were marks of progress. He also complimented the work being done by the National Federation of Remedial Loan societies to protect small borrowers from loan sharks. The National Association for the Promotion of Industrial Education, and the United States Bureau of Mines, the Agriculture Department and the Children's bureau, all of which he declared were working for the advancement of civilization and the general welfare of the people. Hundreds of other organizations, individuals and societies came in for their share of praise, including Andrew Carnegie, John D. Rockefeller, Mrs. Edward N. Harriman and Mrs. Russell Sage for their generous encouragement of educational and charitable organizations.

In conclusion Mr. Easley said: "I am happy to state that a movement is now on foot to make a painstaking inquiry into the progress made during the past fifty years in the directions indicated with a view not only to discovering the good, but also to ascertaining what social and economic ills remain to be eradicated and to propose, as far as possible, practical remedies therefor."

It is believed that a movement which will recognize the good and sincerely seek to remedy the wrong would be more effective in accomplishing reform than one designed only to tear down and destroy.

Col. Roosevelt took witness chair before the Clapp committee which is investigating campaign funds, at 10:05 o'clock. A murmur of applause culminated in a cheer from gathered crowds, greeted Col. Roosevelt when he entered the building.

He went to Senator Clapp's private room and met members of the investigating committee. Col. Roosevelt learned this morning that Governor Hadley of Missouri had declared in favor of President Taft. He would make no comment upon the governor's action.

The spectators applauded vigorously as Col. Roosevelt entered the room, followed by a secretary lugging a big valise filled with papers.

The colonel took his place in the witness chair. After several preliminary questions, Senator Clapp asked Col. Roosevelt if his attention had been called to contributions made by John D. Archbold.

"It has," replied Col. Roosevelt, tersely.

Senator Clapp asked the colonel what he knew about the Archbold contribution at the time it was said to have been made. The colonel asked permission to include in his answer the letters he sent to Chairman Clapp, already published denying that he knew of any Standard Oil contributions to the 1904 campaign, at the time it was made.

"In the first place, gentlemen," he said, "since I was elected governor of New York, about fourteen years ago, I have written and signed about a hundred thousand letters, so it is not possible at once to recall all the letters I have written on a given subject. Since I wrote the recent letter to Senator Clapp I have found two other letters bearing on the subject of campaign contributions, one

## ROOSEVELT ON WITNESS STAND

FORMER PRESIDENT DON'T DENY CORPORATION CONTRIBUTIONS, BUT SAYS THERE WAS NO UNDERSTANDING

## HE ASSAILED MR. PENROSE

Also Complained Because Campaign Funds of Other Candidates Have Not Been Probed

By Associated Press. Washington, D. C., Oct. 4.—"I asked no man to contribute to the campaign fund when I was elected president of the United States, and I wish to reiterate that Mr. Bliss and Mr. Cortelyou both assured me that no promise had been made as a return for any contribution. Neither they nor anyone else having authority asked me to act or refrain from acting in any manner while I was president, because any contribution had been made or withheld."

"Gentlemen, could I put it more sweepingly?"

In these words Theodore Roosevelt summarized his testimony today to the Senate committee investigating campaign funds. The colonel specifically denied that he ever asked for contributions to the 1904 campaign fund, and that he had known of any contributions by J. P. Morgan.

He declared that he had ordered the return to the Standard Oil Company of any contribution it might have made in 1904; that he had been assured by George B. Cortelyou "only yesterday" that he knew of no such contribution, and that he did not believe Cornelius N. Bliss had ever demanded a contribution from John D. Archbold or from any corporation by any method of extortion.

Col. Roosevelt did not deny that corporations had contributed to the 1904 campaign. He says his letters and published statements had always acknowledged that fact, but he specified that no such contributions had been obtained under any suggestion that the administration would reward the givers with special favors.

The former president's testimony bristled with characteristic statements.

"Senator Penrose should be driven from the Senate," he declared, "because of his acknowledged friendship with Standard Oil interests."

Charles D. Hillier and Congressman Bartholdt should be forced to prove their statement that the Roosevelt primary campaign fund this year had amounted to three or four million dollars, or should be driven out of public life."

He declared, as had Senator Dixon, his campaign manager, Wednesday, that the Senate committee's activity had thus far been directed solely toward the Roosevelt fund and that no attention had been paid to other candidates. He was assured by Senator Clapp that the representatives of other candidates would all be called "before election."

Col. Roosevelt took witness chair before the Clapp committee which is investigating campaign funds, at 10:05 o'clock. A murmur of applause culminated in a cheer from gathered crowds, greeted Col. Roosevelt when he entered the building.

He went to Senator Clapp's private room and met members of the investigating committee. Col. Roosevelt learned this morning that Governor Hadley of Missouri had declared in favor of President Taft. He would make no comment upon the governor's action.

The spectators applauded vigorously as Col. Roosevelt entered the room, followed by a secretary lugging a big valise filled with papers.

The colonel took his place in the witness chair. After several preliminary questions, Senator Clapp asked Col. Roosevelt if his attention had been called to contributions made by John D. Archbold.

"It has," replied Col. Roosevelt, tersely.

Senator Clapp asked the colonel what he knew about the Archbold contribution at the time it was said to have been made. The colonel asked permission to include in his answer the letters he sent to Chairman Clapp, already published denying that he knew of any Standard Oil contributions to the 1904 campaign, at the time it was made.

"In the first place, gentlemen," he said, "since I was elected governor of New York, about fourteen years ago, I have written and signed about a hundred thousand letters, so it is not possible at once to recall all the letters I have written on a given subject. Probable Line-Up Opposing Teams in Championship Series

By Associated Press. New York, Oct. 4.—Anyone who witnessed or followed last year's world series will recognize in this year's lineup of the New York Nationals every regular player of these figures in the role will be

of Arthur Devlin, an infielder, who was traded to the Boston Nationals this year. The Boston team was mainly of the same make up as that chosen by its former owner, John J. Taylor, and which finished in the fifth place last year.

The lineup by positions will probably be as follows:

Table listing baseball players by position: New York (Giants), Boston (Red Sox), PITCHERS, CATCHERS, FIRST BASEMEN, SECOND BASEMEN, THIRD BASEMEN, SHORTSTOP, RIGHTFIELD, CENTERFIELD, LEFTFIELD.

THE DANGEROUS PLEA OF INSANITY

Whether Partly or Wholly Insane, a Man is Accountable to Society For His Every Act

Under our present practices it is frequently a matter of great moment whether a criminal is insane or not. But whether a man is mentally deranged or not is largely a matter of definition.

To speak of insanity as a defense is both unreasonable and antipocial. Mental derangement is an explanation but not a defense.

"The Store Dependable"

IMPORTANT NEWS TO CALOMEL USERS

Dodson's Liver Tonic is a Perfect Vegetable Substitute For Calomel

If you have trouble with constipation or biliousness, be careful how you take calomel, because calomel is a form of mercury, and if mercury remains in the system very long, it will salivate and seriously injure the strongest person that ever lived.

If you need something to start the liver to working take Dodson's Liver Tonic. It is a harmless vegetable liquid which will loosen up the liver better than calomel does and without any bad after effects.

Buy a bottle for fifty cents from Miller's drug store, and if you do not find that it also slightly takes the place of calomel this drug store will give you your money back if you ask for it.

CHANGE IN SCHEDULE ON THE SOUTHERN

People Living at Newcastle, Olney, Archer City and Other Towns will be Given Longer Time Here

A change in the schedule of The Wichita Falls & Southern has been announced, "Receive Sunday" by which the citizens of the towns down the line will be able to spend nearly four hours between trains here.

This will also permit Southern passengers to get here in time to make connections at their leisure with the Fort Worth & Denver plug trains.

Robatch's Mineral Water. is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble.

This water stimulates the secretion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases.

## Fielding and Batting Records Show Teams Evenly Matched

By Associated Press.  
 New York, Oct. 4.—If the work of the baseball mathematicians has not been in vain the batting and fielding averages of the Giants and Red Sox indicate a closer contest for the world championship than the partisan supporters of either club are willing to concede.

Although the major league seasons have not quite come to their official close, a comparison of the total records for the two pennant winning clubs, compiled from unofficial figures is up to within a few games of the finish, as follows:

Fielding	N. Y.	Boston
Putouts	3555	3622
Assists	1656	1688
Errors	269	231
Fielding average	.961	.958

Batting	N. Y.	Boston
At bat	4478	4466
Runs	756	694
Hits	1254	1236
Batting average	.280	.276

Long Hits	N. Y.	Boston
Two base	208	232
HTThree base	80	72
Home run	44	25
Total bases	1754	1687
Sacrifice hits	109	166
Stolen bases	250	161

In almost every instance it is noticeable how slight the difference is between the clubs in either department of the game.

In fielding, especially in out fielding, the superiority of the Boston club has been much vaunted by its followers.

Tris Speaker, the Boston center-fielder, although having a slightly lower fielding average than his two colleagues in the outer garden, has the remarkable batting average of .387.

Murray of the New York outfield, has been batting a few points better than Hooper, while the fielding aver-

	Fielding			Batting		
	G.	P.O.	A.	E.	Ave.	AB.
Merkle, first base	115	1028	58	29	.973	410
Stahl, first base	67	655	32	9	.987	280
Doyle, second base	112	274	300	42	.932	485
Yerkes, second base	109	175	179	20	.958	449
Pletcher, shortstop	106	207	353	48	.921	359
Wagner, shortstop	128	302	343	51	.927	466
Herzog, third base	123	139	280	24	.946	431
Gardner, third base	130	148	271	32	.929	481
Meyers, catcher	112	537	94	18	.972	351
Carrigan, catcher	80	378	94	15	.969	241
Devore, left field	80	114	16	15	.897	296
Beckon, left field	108	212	21	10	.959	382
Lewis, left field	131	259	18	11	.962	500
Snodgrass, center field	100	207	20	15	.938	465
Speaker, center field	131	331	35	17	.956	512
Murray, right field	133	328	14	10	.972	487
Hooper, right field	125	297	20	9	.972	512

ages of the both men are identical, each practically leading the outfielders of their respective leagues with marks of .972.

Becker and Lewis have the same batting average, .270, and differ but a few points in fielding. The weak spot of the New York outfield would appear to be in Devore's average of .897 and batting of .243.

New York's batting strength among infielders, however, is quite as pronounced, from the figures, as Boston's advantage in the outfield. Merkle, with a batting average of .307 has been hitting better than Stahl, but at the same time conceding to the Boston player a few points in fielding. Larry Doyle, at second, has been hitting better than Yerkes, but also concedes several points to the Boston man in fielding. At shortstop it is a toss up between Wagner and Fletcher in both batting and fielding, but at third the comparison is all in the favor of Gardner, for batting, for with a record of .318 he pairs with Speaker for honors of the club; Herzog of New York has a better record on third base than Gardner by several points.

Between the catchers—the batting honor lies with Meyers of New York, with about 80 points over Carrigan of Boston, and his fielding is also a few points ahead.

Experts agree from the figures as a whole, distilled from the record of practically every ball in play during the major league's season, there is little to choose, except the fact that the clubs are evenly enough matched to provide a world series of the highest order.

A man to man comparison by averages from which the foregoing totals were taken follows, the Giants being the players first mentioned in each case:

## BOY SCOUTS WILL PICK COTTON ON SATURDAY

Dr. McKee Will Lead a Troupe of 25 or 30 Scouts into the Cotton Patch

Scoutmaster Rev. J. L. McKee will lead twenty-five or thirty Boy Scouts into the cotton patch next Saturday where they will pick all day long to earn money for scout equipment. Dr. McKee himself will work beside the boys and says he will pick as much as any boy in the patch. The boy picking the most will receive half of Dr. McKee's earnings and the two picking the next largest amounts will divide the remainder between.

The cotton will be picked on St. Clair Sherrod's farm this place having been selected from among a half dozen others who asked for the services of the scouts.

Last Saturday one of the smaller boys of the scouts picked 140 pounds and a larger member picked 160 pounds after which he put in several hours work at one of the compresses.

Mrs. Mary McManus thought the West was progressive. She smoked a cigarette on the street in Denver. They put her in jail.

## SHE GAVE UP ALL HOPE

Physicians Failed To Help Mrs. Green, But She Finally Found Relief in Cardul.

Roanoke, Va.—Mrs. J. C. Green of this place, says: "I suffered with womanly troubles so that I could hardly sit up. Two of the best doctors in our town treated me, and I tried different medicines, until I gave up all hope of ever getting well."

One day, I decided to try some Cardul. It did so much for me that I ordered some more, and it cured me! Today, I feel as well as I ever did in my life.

The pains and the trouble are all gone. I feel like another person in every way. I wish every sufferer could know what Cardul will do for sick women."

A few doses of Cardul at the right time, will save many a big doctor bill by preventing serious sickness.

It tones up the nervous system, and helps make pale cheeks fresh and rosy. Thousands of weak women have been restored to health and happiness by using Cardul. Suppose you try it.

It may be just the medicine you need. Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

### Use Crisco and Save Money in Your Cooking.

Phones 432 and 232

Now that the cool weather is advancing you will use more fried food than usual. There will be meats, potatoes and other dishes that will require a good cooking oil or grease. You will find in Crisco, the famous cooking oil which comes in hard form in cans the most desirable for all purposes. There is no odor nor taste, just pure, wholesome vegetable oil. It looks like lard but is more of a cream color. You can use it over and over again as it does not discolor readily and does not absorb odors. It comes in two sizes of cans at 60c to \$1.15 per can. Get used to it and you will undoubtedly use it in place of either lard or butter and you will save much money.

Wichita Falls, Texas, Oct. 4, 1912

303 303

An Oklahoma editor has been pronounced insane. It is understood he started out last August to correct all the lies told on Col. Roosevelt—Coffeyville (Kansas) Journal.

No sir, the poor man had a bigger job than that; he was trying to record the names of all the men Roosevelt called "Liars."

Since the publication in The Times of the story about the Iowa Park home missionary society ladies going into the cotton patch to earn money for missions other societies over the State have followed their example and the cause of missions will profit greatly thereby. This is another case where Wichita county has taken the lead.

### "NOW IS THE TIME."

Democrats may find much to cheer and encourage in the article by Samuel G. Blythe in this week's Saturday Evening Post. Mr. Blythe is considered one of the best political analysts of the day and he has recently visited practically all doubtful states to see how the land lies. He sums up his observations as follows:

First—Mr. Roosevelt's nomination makes the defeat of Mr. Taft almost certain.

Second—Mr. Roosevelt's nomination makes the election of Mr. Wilson probable.

But Mr. Blythe qualifies this with the statement that no one can predict the result with any degree of accuracy whatever. In the first place, he points out, there are three main factors in the contest, instead of two; in the second place, there are, he says, millions of voters whom no one can place; they are "saying nothing and saying wood." These voters are sufficient in number to elect even Taft. Their presence in the calculations makes any one prediction about as certain a proposition as drilling for oil.

The thing that concerns Democrats most, in Mr. Blythe's article, is the statement that in the middle of September, when the article was written, the advantage unquestionably was with Wilson. The proposition for the Democrats, therefore, is simply one of holding its own.

With success so near it behooves every loyal Democrat to do his small part. Down here in Texas the question of votes does not bother us, but our dollars will count in the doubtful states. A dollar isn't much, but a pile of them judiciously expended in the doubtful states, with speakers and literature, will not only enable the democracy to hold its own, but will turn the tide of undecided votes into the Wilson column.

The Times is ready to send your dollar on. "Now is the time for all good men to come to the aid of their party."

### VICTORY IS OURS IF YOU WILL DO YOUR PART

The Chicago Record-Herald, a Republican paper, has completed a poll of votes in the debatable states and gives its conclusions in part as follows:

"The National political canvass, conducted by private ballot, made by the Record-Herald, shows that, with election day five weeks away, the race at present lies between Wilson and Roosevelt, with Taft running third."

"The magnitude of the undecided vote is just now one of the most pronounced phenomena of the campaign. Wherever the canvassers work its proportions are disclosed."

"The canvass shows Wilson is holding the seventeen states carried in 1908 by Bryan, while in addition he is the favorite candidate in states that until this year have been Republican strongholds."

"In the home states of all three candidates Wilson is leading. In Ohio, surface indications and the logic in the situation favor Wilson. In New York, Roosevelt's home state, Wilson is in the lead, and unless there is a

change in sentiment in the next five weeks the Democratic candidate will win the forty-five electoral votes of the Empire State. New Jersey, of which Wilson is governor, will go Democratic, unless all the prophets prove failures.

"In rock-ribbed New England the canvass places Wilson in the lead. Maine and Rhode Island would go to Wilson if the election were held today. Massachusetts is tending toward Wilson, and so are Vermont and Connecticut. In all this territory the contest now is between Wilson and Roosevelt. In New Hampshire at the present time it lies between Taft and Wilson.

"In the Western States Roosevelt is displaying great strength. The question of final supremacy depends on how the voters who are now non-committal decide to vote.

"Illinois, for instance, which is considered a pivotal state, is the scene of a battle between Roosevelt and Wilson, in which the Bull Moose has the better of it in all the polls made to date in the Herald-Record's canvass, but where, on the other hand, the defection of Republicans to Wilson appears by the straw ballots to be somewhat larger than the movement of Democrats to Roosevelt.

"Michigan is now a Roosevelt state. Wisconsin is the scene of a neck-and-neck race between Wilson and Taft, with Wilson apparently losing ground and Taft gaining it.

"Minnesota, on the other hand, is regarded as Roosevelt's by 50,000 were the election held next week, but a strong sentiment has manifested itself within the last few weeks, and from now on it will be a hard-fought contest between the Democrats and Progressives.

"The Dakotas are the seat of rampant Rooseveltism, but even there conditions are so mixed that it is no one's victory at present.

"Indiana, the home state of Thomas Marshall, Democratic candidate for Vice President, is regarded as Democratic this year.

"On the coast, California doubtful, but inclined toward Wilson now; Oregon is for Taft, while Idaho and Washington are for Roosevelt.

"To the southwest, New Mexico is doubtful, while Arizona looks like a Wilson state. Oklahoma, where the Democrats have a normal majority of 25,000, is Wilson's.

"In Colorado the canvasses and all other surface indications show that Wilson is holding the Democratic vote.

"Wyoming, normally Republican, is this year debatable, and so is Montana.

"Utah is Taft's just now.

"Missouri shows indications of giving Wilson a plurality of 20,000 this year.

After Many Days  
The Unwilling Bride  
On the Trail of the Germ.  
Who's to Win (Vitagraph)

ELMER WRIGHT, Manager

"Kansas is claimed by all three parties, while in Nebraska it appears that Wilson will be the stronger in Bryan's home state than Bryan himself.

"Pennsylvania with its thirty-eight electoral votes is shown by the canvass to favor Taft at the present time.

"The 'Solid South' gives no indication of departing from its ancient Democratic solidarity. In Kentucky Wilson will get at least 50 per cent of the vote, according to every indication.

On the face of the returns, if the election were held this week Wilson would have a big majority of the electoral votes."

"The great trouble with the Democrats is overconfidence. This is encouraged by all the indications in evidence up to this time but the Bull Moosers are fighting desperately and energetically in every section of the country, while the Taft forces are concentrating the fight in the states which are debatable. The danger is that Wilson will not be able to muster a majority in the electoral college.

The democratic campaign managers are hampered by the lack of funds for the legitimate expenses of an aggressive campaign. There is the battle of the common citizen. So far the everyday citizen has failed to realize that it takes money to run a campaign. Contributions have not been asked nor would they be accepted from J. P. Morgan, John D. Archbold, George W. Perkins or others of the Oil Trust, the Harvester Trust, Money Trust or other beneficiaries of special privileges. If the people fail to give their dollars, then the Democratic fight is hopeless. What you send yours today?

# AN EXTRAORDINARY BUGGY OFFER

## FOR MONDAY ONLY

# 10 PER CENT DISCOUNT

On Any Buggy or Carriage in the house, and your choice of Three Car Loads.

As an inducement to the farmers and others to attend the regular monthly Monthly Trades Day Sales inaugurated by the Chamber of Commerce, we have decided to give an extra discount of ten per cent on any buggy in the house on next Monday. The stock comprises three car loads of the Celebrated Henney Buggies, and includes open runabouts, two seated open carriages, single top buggies, covered two seated carriages, spring wagons and hacks, in both steel and rubber tires.

The Henney is conceded one of the grandest vehicles made and saving 10 per cent on one is like buying gold dollars for ninety cents.

Visitors are invited to make our store their headquarters.

## MAXWELL HARDWARE

810-812 Ohio Avenue.

Thomason Brothers have resumed drilling on their well on the Hash-knife ranch in Stevens county, after a several weeks delay on account of a fishing job. Two good showings of oil are reported although the drill is not yet down 200 feet.
POLITICAL TIDE TURNING TO TAFT
Wichitan Back from Eastern Trip Says President is Gaining Strength But Cannot Beat Wilson
That the political tide is now turning for President Taft, but will not be strong enough to overcome the big lead of Governor Wilson, is the belief of Ed B. Carver, live stock agent for the Wichita Falls Route, who has just returned from New York where he went to place his daughter, Genevieve, in Glen Eden school at Poughkeepsie.
"The people are paying surprising little attention to the campaign," said Mr. Carver. "You don't hear much talk about it except when you mention the matter yourself and the general sentiment is that Wilson will win with Taft second. There is little sentiment for Roosevelt anywhere I was except in Michigan and there I found Roosevelt quite strong. There has been some talk of Roosevelt carrying Missouri, but from what I could learn in St. Louis the indications are that the Colonel will be a very poor third. Nobody that I talked to seems to doubt but that Wilson will lead in the electoral vote although there is some doubt as to whether he will have a majority. The old Republican party is lining up for a stiff fight and will probably carry a majority of the states that have always been Republican."
"Everywhere I went," said Mr. Carver, "the people seemed much more interested in Wichita Falls than they did in politics. You can bet we're on the map. Everybody has heard about Wichita Falls and you can't register in a hotel but that in less than five minutes somebody will be hunting you up to learn about Wichita Falls."
It cost a Columbus student, Morris A. Jagendorf, \$83 to spend three months in England, France, Germany and Switzerland.
TODAY'S MARKET REPORT
New Orleans Spots.
By Associated Press.
New Orleans, Oct. 4.-Spot cotton steady unchanged. Middling 11-13 Sales on spot 1900. To arrive 1400. Receipts 3571. Stock 60,127.

POLITICAL TIDE TURNING TO TAFT

Wichitan Back from Eastern Trip Says President is Gaining Strength But Cannot Beat Wilson
That the political tide is now turning for President Taft, but will not be strong enough to overcome the big lead of Governor Wilson, is the belief of Ed B. Carver, live stock agent for the Wichita Falls Route, who has just returned from New York where he went to place his daughter, Genevieve, in Glen Eden school at Poughkeepsie.
"The people are paying surprising little attention to the campaign," said Mr. Carver. "You don't hear much talk about it except when you mention the matter yourself and the general sentiment is that Wilson will win with Taft second. There is little sentiment for Roosevelt anywhere I was except in Michigan and there I found Roosevelt quite strong. There has been some talk of Roosevelt carrying Missouri, but from what I could learn in St. Louis the indications are that the Colonel will be a very poor third. Nobody that I talked to seems to doubt but that Wilson will lead in the electoral vote although there is some doubt as to whether he will have a majority. The old Republican party is lining up for a stiff fight and will probably carry a majority of the states that have always been Republican."
"Everywhere I went," said Mr. Carver, "the people seemed much more interested in Wichita Falls than they did in politics. You can bet we're on the map. Everybody has heard about Wichita Falls and you can't register in a hotel but that in less than five minutes somebody will be hunting you up to learn about Wichita Falls."
It cost a Columbus student, Morris A. Jagendorf, \$83 to spend three months in England, France, Germany and Switzerland.

### MISSOURI SUPPLIES GREAT FUR MARKET

Of the \$10,000,000 Worth Sold in St. Louis Most are Skunk and Coon

St. Louis, Mo., Oct. 4.—St. Louis is not only the largest fur market in America, but is recognized as the greatest fur market in the world, drawing the supply from the great North American fur-bearing animals and the snow covered lands of Canada and Alaska.

More than \$10,000,000 worth of furs were sold through the St. Louis market last year. Little is known of the raw fur market outside of the fur dealers and trappers and it is with surprise that the figures are published, showing that more than half of this great quantity were from the small fur-bearing animals captured in Missouri, Illinois and the adjoining states.

From the fields of Alaska come the silver fox, but rarely this skin bringing from 2,000 to \$5,000 and sometimes \$6,000 on the open market. The seal, which contributed to the London fur market, is no more, or at least, will not be sold for the next ten years on account of the recent treaty between Russia, England, Japan and the United States protecting the seals by closing the waters from the seal poachers for ten years. With no market, seal skins will drop

from the lists for ten years. The greatest source of supply is the mink, the opossum, the racoon and the skunk. These semi-domestic animals abound in the forests of Missouri and add to the great volume of business through St. Louis.

One fur house here, with the exception of one in London, is the largest in the world. This house holds daily auctions on its floors during the fur season and sales aggregating \$50,000 a day are the rule instead of the exception.

When furs are plentiful this great house, which was established in 1881 pays to the trappers of North America from \$10,000,000 to \$15,000,000 for their catch.

In order to keep in touch with the great Indian trappers of the Northwest, members of the firm travel extensively through Alaska and British Columbia every year. On one of these trips a partner in the business was talking to an Indian trapper when another Indian with a pelt of a silver fox over his shoulder passed by. He was halted. The pelt was as near perfect as possible and worth about \$5,000.

"What do you want for that pelt?" he was asked.

"Five thou, Uncle Sammy," he replied.

"Too much," and the buyer turned away. The Indian, instead of trying to bargain, as is their wont, started to walk away.

"Here, not so fast. I will give you \$4,000 cash." He turned at the hall,

but shook his head as he resumed his walking. Finally the buyer, realizing that the Indian was as well versed on the value of furs as himself, gave the \$5,000 demanded. On the St. Louis market when the fur was brought back here it was sold for \$5,120, showing that the Indian's value of skins is as accurate as the white man's.

"The day of giving a musket and a pound of powder, and shot for a thousand dollars' worth of furs has passed. The white man has taught the Indian the true value of fur," the buyer said.

Although the individual furs from Alaska bring more money to the trapper than in Missouri, not as much money is paid out to the trappers of silver fox and rare wolves as to the trappers of the humble racoon and the despised skunk, of which the great majority of midday's furs are made.

R. M. Moore having moved to California is offering his real estate located on Indiana avenue for sale. Anyone interested can see me in my office Kemp and Kell building, room 208. Mark H. Moore. 122-11c.

Paris has a detective school called the Sherlock Holmes College.

The mother of 26, Mrs. Samuel Tucker of Elwood, Ind., wants a divorce.

### ANOTHER BOND ISSUE PROPOSED

\$20,000 FOR STREET LIGHTS, SEWER EXTENSIONS AND GARBAGE CREMATORIUM

### ELECTION NOVEMBER 5TH

An Adjourned Session of the City Council Will be Held Today to Issue Order

Ornamental street lights for the business section, extensions of the sewer system and garbage crematorium are among the municipal improvements which Wichita Falls will make in the near future if bonds to be submitted to the voters on November 5, carry. The council will meet this afternoon and order the election.

It is proposed to issue at least \$10,000 for the street lights and \$10,000 for the other improvements. The money for the garbage incinerator will come from the sewer fund and this plant will enable the city to burn in a sanitary and economical way, all the garbage collected by the wagons and now dumped at points in and near the city.

Estimates have been furnished the council that it will cost \$3500 to install one hundred ornamental street lights, of a type similar to that on the sidewalk of the Kemp and Kell building; with 100 lights the city can supply all the business section and parts of the residence district.

The garbage incinerator was included at the suggestion of Dr. Reed who has long believed the city should have some better means of disposing of the trash.

These bond issues have been under contemplation for some time, but yesterday afternoon's session was the first in a number of weeks at which all the aldermen were present. The matter was discussed at some length all the aldermen being agreed on the subject. The formal ordinance will be prepared today and the necessary action taken at this afternoon's session of the council. The date, November 5, is the same day as the general election.

### MOTOR TRUCK EXHIBIT AT THE DALLAS FAIR

The Wichita Falls Motor Company is preparing a fine exhibit of motor trucks for the State Fair at Dallas beginning next week.

The exhibit will comprise nine different trucks made in the local factory. One of these will be a big furniture delivery wagon, another will be a combination chemical and fire hose truck and a third will be a special truck made for the San Antonio Macorn factory. The other six trucks will be different models for stake body trucks.

The company recently exported its first truck to a foreign country. It was sent to Cuba, being purchased by R. Kohly, a wholesale merchant of Havana. The company now has more than a score of orders ahead, with a prospect for a busy winter at its factory.

### 20 BALES OF COTTON DAMAGED BY FIRE

About twenty bales of cotton were more or less damaged in a fire early this morning at the Farmers Union gin on Mississippi street. The origin of the fire is unknown, several bales in the yards being found on fire when those in charge arrived at 5 o'clock. The fire department was summoned and after an hour's work seemed to have the blaze extinguished, although it is likely that some of the bales are still burning inside and for this reason the extent of the damage cannot be ascertained.

This was the second fire at the Farmers Union gin this season, several bales being damaged by a small blaze there several weeks ago.

### THROUGH TRAIN WILL BE RESUMED NEXT SUNDAY

The new train over the Katy between Dallas and the Northwestern country will be installed next Sunday and will be in operation in ample time for the State Fair at Dallas.

The northbound train will leave Dallas at 8:20 p. m., reach Wichita Falls at 3:40 a. m., leave here at 3 a. m., and reach Forgan, Oklahoma at 8:50 p. m.

The southbound train will leave Forgan at 6:30 a. m., arrive in Wichita Falls at 11:55 p. m., leave at 1 a. m., and arrive in Dallas at 8 a. m. It is about a 24-hour run from Dallas to Forgan. The train will be equipped with chair cars and sleepers. It gives one additional train in each direction from this city.

Service similar to that provided by the new train was put on by the Katy formerly, but was discontinued last spring and with the putting on of this new train, the Northwestern will have the most complete service that has yet been afforded.

New time cards will go into effect on the Katy and the Northwestern Sunday.

## One Dollar Is All

That is necessary to open a bank account with this bank. The dollar itself may not seem much—but you will have made a start—the rest is easy. This bank wants your business, we invite it. Our service will prove to you our appreciation. Our list of satisfied customers is a long one—and we want you on it also. Come in often and get that "At Home" feeling.

### OWNERSHIP OF TEXAS OIL CONCERN PROBED

(Continued from page 1)

to the amount of \$2,812,000 had been pledged for a loan of \$2,500,000 with a trust company. This is the amount of a loan which the Waters-Pierce interests alleged was made by the Standard Oil Company of New York to Messrs. Archbold and Polger for the Magnolia company, but the witness said he did not know who made the loans with the trust company.

It is probable Mr. Archbold will be called to testify concerning his alleged interest in the Magnolia company.

Harmonious relations involving the exchange of information regarding future requirements for oil no longer exist between the Standard Oil Company of New York and the Standard Oil Company of New Jersey, according to R. C. Veit, secretary of the New York company, who testified today.

Mr. Veit said that "it would be dead against the orders of the board of

directors" to furnish the New Jersey company with information of the New York company's requirements in advance.

If the testimony of an official of the New Jersey company were true and this information had been obtained "six months in advance," Mr. Veit said, "the information had been given in violation of specific orders."

When asked about the alleged \$1,500,000 loan transaction between the Standard Oil company of New York and John D. Archbold and H. C. Polger, Jr., in which the sale of bonds of the indicted Magnolia Petroleum Company figure, Veit professed complete ignorance.

Mr. Veit declared that the New York company had been chartering steamships for the export of oil trade in competition with the New Jersey company ever since the dissolution of the former trust.

Companies from which the New York company chartered boats, he explained, were the German-American Petroleum Company and the Anglo-American Petroleum Petroleum Company, both subsidiaries of the Standard Oil Company.

"We compete all over the world,"

of the Gay-Shattuck law, or liquor law, especially that provision which forbids the sale of liquor to women and with the evasion of the payment of licenses. It is understood that about 100 more information will be filed tomorrow.

District Attorney Adams refused to discuss what would be the scope of the prosecution.

Because one man refused to join the union several thousand workmen are idle at the Panther Creek Valley collieries, Pennsylvania.

"Name one place in the world where the Standard Oil Company of New York and New Jersey are competing any more than they were before the dissolution," replied the Waters-Pierce attorney.

"I am not competent to answer that specifically," Mr. Veit said.

### ROOSEVELT ON THE WITNESS STAND

(Continued From Page One)

to Cornelius N. Bliss in 1906 which I understand was recently given to your committee, the other a letter to George R. Sheldon in 1908.

The colonel found the letter he sought and handed it to Senator Clapp who had it placed in the record as an exhibit. At the chairman's request, Col. Roosevelt read the letter dated Sept. 21, 1908, and addressed to George R. Sheldon. The letter set forth that "four years ago Mr. Corielyou refused all contributions from corporations which were being prosecuted or were likely to be prosecuted" and that Col. Roosevelt wished the same course followed in the 1908 campaign.

The identification of a single finger print is expected to settle a fight for the Daniel Blake Russell estate of \$100,000 at Cambridge, Mass.

### CONDUCTOR TOM HUGGINS INJURED IN WRECK

Son of Mr. and Mrs. J. H. Huggins Suffered Fracture of Ankle Others Were Hurt

Among those injured in yesterday morning's wreck on the Denver near Amarillo was Conductor Tom Huggins, son of Mr. and Mrs. J. H. Huggins of this city. He sustained a broken ankle, which will probably confine him for several weeks. Trainmaster Hurley was also injured, sustaining a broken arm, a broken leg and other injuries. Brakeman Smith's injuries were comparatively light, while those of George Thompson, the other brakeman, are expected to prove fatal. The accident was caused by the front trucks of the caboose giving away.

Thirteen year old Donald McGowan of Orange, N. J., this summer cleared \$48 from a 50 foot square garden plot.

### SATURDAY AND MONDAY

WE OFFER

### 10 PER CENT DISCOUNT

On your choice of anything in our line of Men's and Boys' Clothing, Men's, Women's and Children's Shoes, Hosiery, Gloves and Furnishings, Men's Hats and Shirts, Underwear, etc. American Beauty Corsets, Trunks, Hand Bags, and Suit Cases.

NEWS FROM OIL FIELDS

W. G. ("Bill") Long is now a full-fledged citizen of Wichita Falls, having "succumbed" as he expresses it, to this city's wiles and charms. He has purchased the residence at 1104 Burnett from J. W. Hopper and will move his effects there at an early date; the consideration was \$2350. Mr. Long has been a Wichita Falls booster from the start, both by word of mouth and in the articles in oil publications and he has now backed his faith with his works.

The Corsicana's well on the Keowan farm near Burk Burnett, which was the subject of a wild rumor or two yesterday, is still 350 feet from the depth of the Schmocker sands.

Calvin M. Payne of Titusville, Pa., one of the leading officials of the Corsicana Petroleum Company and the Magnolia Petroleum Company, foresees a daily production of 25,000 barrels in the Northwest Texas field by next April. Mr. Payne returned last night from Burk Burnett and is spending today at Peoria. He is much pleased at the way the production in this field is holding up and says he has seen nothing to compare with it in his fifty years in the oil business. The average production for this field, he says, is fifty-two barrels, which is exceptionally high. While Mr. Payne was at Burk Burnett yesterday the report gained circulation that the Corsicana's well on the Keowan farm, near the Schmocker, had come in, but proved unfounded. Some one saw the party of visitors at the well and decided that there was "something doing." E. R. Brown of Corsicana and A. B. Smith of Petrolia, are with Mr. Payne on his rounds of the field.

Fort Worth & Denver traffic was considerably delayed this afternoon by the demolition of a coal car near the Wichita Valley "Y." The north-bound which was reported on time, did not get to the Union Station until 3 o'clock and the other trains were also delayed.

A marriage license was issued today to A. B. Copher and Miss Addie Jones of Charlie.

A good cigar is a luxury that every man can enjoy and what a worker of miracles it is. Into what strange shapes do the curling clouds of smoke wreath themselves. The poor man sees his ship come in. The rich man thinks comfortably of his early struggles. And the lover sees his fair lady in a thousand varying and graceful poses. There is as much difference in cigars as there is men, but we have the kinds that all men like, the kinds that make all men brothers.
