HOOKER'S CHARGES ARE SHOWN FALSE

CRANE DID NOT GIVE \$70,000 TO EITHER LaFOLLETTE'S OR WILSON'S CAMPAIGN

A REPORTER ON THE STAND

Welliver Tells Committee of Morgan's Conversation as Reported by Wayne McVeigh

By Associated Press.
Washington, D. C., Oct. 7.—Six witnesses were ready when the Clapp committee resumed its investigation of campaign funds today. They were Louis Hammerling, Ogden Mills, Chas. Crane of Chicago, Matthew Hall of Boston and Former Senator Nathan B. Scott of West Virginia.

An account of the receipts and expenses of Senator LaFollette's campaign for the Republican nomination was filed with the committee today showing that the senator collected \$63,969.56 and spent \$63,961.56.

Charles R. Crane, as the largest contributor, is credited with \$23,500 given in several installments.

Gifford Pinchot, Amos Pinchot and Representative William Kent of California, each contributed \$10,000. A. S. Baker gave \$2,000. Rudolph Spreckles gave \$3,000. William Flynn of Pennsylvania, gave \$1,000 and Senator LaFollette himself gave \$1,500.

The account contains entries of two loans, one for \$1,000 by Medill McCormick and one of \$500 by Senator Gronna of North Dakota. Both were marked "repaid." The account shows \$10,817.93 was paid for the Washington headquarters and the Chicago headquarters spent \$10,450. LaFollette's expenses at the Republican National convention were \$158,131.

Charles R. Crane of Chicago, told the Clapp committee today that he gave nearly \$27,000 to Senator LaFollette's campaign and \$10,000 to Governor Wilson.

Treasurer Hooker of the Progressive party testified last week that Crane gave \$70,000 to Wilson and LaFollette at the same time.

Crane was appointed minister to China in 1909 and was recalled by President Taft before he assumed office.

"Are these all the contributions you made, either to Senator LaFollette or Gov. Wilson?" asked Senator Clapp.

"Yes sir, all," Crane said he gave the \$10,000 for Wilson to William F. McCoombs in two installments, March 28 and April 30, 1912.

He denied having told Treasurer Hooker of the Progressive party he had contributed \$70,000 to each. "I just wanted to have one Progressive succeed," said Mr. Crane. "I did not care which one it was."

INTERURBAN COLLIDED WITH AN AUTOMOBILE

Six Persons Killed in Crash Near Arlington Sunday Night—Death Instantaneous

Fort Worth, Texas, Oct. 7.—Six persons were instantly killed when a Dallas-Fort Worth interurban car collided head-on with an automobile one mile west of Arlington at 8 o'clock last night.

The dead:
L. BARNEY CORNELIUS, 36 years old, Palmer, Texas.
MRS. I. B. CORNELIUS, 32 years old.
(THELMA CORNELIUS, 8 years old. Six-year-old Cornelius girl.
"Sister of Cornelius (name not known) and her 12-year-old son.

The auto party, in a five-passenger machine, were returning to Palmer after a visit to Fort Worth. Crossing the track at high speed, the interurban caught them in the center of the track, hurling the auto thirty feet from the place of contact. The bodies of the women and children were literally ground to pieces, the interurban car mangled the bodies and scattering the remains for several yards. Only the body of the man escaped the car wheels. He was evidently hurled head foremost against the front of the car, as his neck was broken and the top of his skull crushed.

It was the second section of the Dallas local, leaving Dallas at seven o'clock, which left the trail of blood. It was operated by Conductor W. R. Sykes and Motorman Lee Gant, who had made the trip to Dallas as the last limited car, returning as a local. The collision occurred thirteen miles east of Fort Worth and one mile west of Arlington, where the interurban tracks make a curve of fifteen degrees. The automobile had crossed the Texas & Pacific tracks about 200 yards east of the scene of the accident, and turned down toward the interurban tracks, the road crossing at a sharp angle. The car was going west at its usual speed, with the auto running eastward. There was no obstruction between them and the occupants of the machine could not have been ignorant of the oncoming interurban, nor could the motorman have overlooked the auto party.

The interurban car ran perhaps 200 yards after the collision, according to the motorman of the third section of the Dallas local, who reached the scene shortly afterward.

Captain Elliott, who lives near hurried to the scene but found the victim beyond the need of human aid. Fred Mueller of the L. P. Robertson Undertaking Company, who had been visiting in Arlington, arrived about five minutes after the accident and he loaded the bodies on the third section of the Dallas local. They were brought to the freight station of the traction company, where they were transferred to the wagons and taken to the undertaking parlors.

Oklahoma will have a town named "Paris," if Cotton county voters approve the New Jerusalem plan for their county seat.

The Lawton Star says:
The name "Paris" was decided upon at a committee meeting held at Dexter school house on Friday night. Several names were up for consideration, the most two popular ones, outside the one chosen, being La Cruce, proposed in honor of a daughter of the governor, and Showalter. The former was abandoned for the reason that there is one town in the state named Cruce, after the governor, and it was feared there would be a confusion between the two. The selection of Paris was finally made unanimous and will go on the map providing, of course, that Walter is defeated in the fight. Any one who knows the campaign prophecies of Walter will realize, however, that "Providing Walter is defeated" are four mighty big words and significant ones.

Three prominent Randlett citizens, Jerry Crowley, J. M. Alexander and J. B. Simpson were in the city Saturday consulting attorneys relative to the preparation of petitions through which to get the name of the proposed county seat on the ballots. The petitions will be circulated this week. A big picnic is slated to be held on the site of the proposed new county seat on October 26, two days previous to the election.

As stated in the News, several days ago the location of the proposed county seat lies in section 14 and 15, township 3, range 11, about two and one half miles west of the geographical center of the county.

BUSINESS AGENT PLEADS GUILTY

PRESIDENT OF CINCINNATI IRON WORKERS UNION ACKNOWLEDGES GUILT

ONE OF THE PRINCIPALS

At Opening of Trial Clark Had Entered Plea of "Not Guilty"—Chang- ed Today

By Associated Press.
Indianapolis, Ind., Oct. 7.—Edward Clark of Cincinnati, today pleaded guilty to the government's charge in the dynamite conspiracy. When the court opened, District Attorney Miller said, "the defendant Clark wishes to change his plea from not guilty to guilty." Clark then stepped forward and pleaded guilty. He was then separated from the other forty-five defendants and taken to jail to await sentence.

Clark pleaded guilty to all the charges—five counts of conspiracy and fifty counts of being a principal to the actual interstate shipment of dynamite and nitroglycerin. He was business agent and president of Local Union No. 44 of the International Association of Bridge and Structural Iron Workers from January, 1908 to July 1911.

An ivory handled umbrella bearing the initials "E. C." and found in the wreckage of a dynamite bridge at Dayton, Ohio, Mr. Miller said, led to the discovery that Clark actually had caused the explosion. Clark used the umbrella to protect the dynamite from rain and left the umbrella behind.

LIFE IMPRISONMENT FOR ALLEN AND EDWARDS

Reported West Virginia Conspirators May Accept Imprisonment as a Compromise

By Associated Press.
Knoxville, Tenn., Oct. 7.—Sidna Allen and Wesley Edwards, alleged principal conspirators in the Hillisville court room tragedy, may accept life term sentences as a compromise and in place of a trial. It is reported that negotiations for such a compromise are now pending. Their cases are set for trial at Wytheville, Virginia, October 28. It is definitely stated that Miss Rorer, Edward's sweetheart, will receive none of the reward for the capture of the two men. Detectives followed her from North Carolina to Des Moines, where Allen and Edwards were recently captured. The girl's father who is said to have assisted the detectives is reported to have received \$500 of the reward a few days ago.

BECKER'S TRIAL BEGUN TODAY

SELECTING JURY FOR TRIAL OF POLICE LIEUTENANT FOR MURDER OF ROSENTHAL

ZELIG'S DEATH A BLOW

No Evidence Has Been Discovered, However, to Connect Gang Lead- ers Death With Trial

By Associated Press.
New York, Oct. 7.—Charles Becker, police lieutenant, was placed on trial for the murder of gambler Herman Rosenthal this afternoon when the selection of a jury was begun.

The death of "Big Jack" Zelig, although a severe blow to the prosecution, caused no change in the plans for the opening of the trial.

Two hundred, fifty talesman from which a jury will be picked, reported, and the court building swarmed with crowds awaiting to see Becker.

WEATHER FORECAST.

Tonight and Tuesday gener- ally unsettled.

TEN PER CENT INCREASE IN FREIGHT RATES

That the railroads of the nation have joined hands for the purpose of asking the interstate commerce commission for permission to increase their freight rates on all lines is the substance of information given out. Any increase of 10 per cent and probably more on all freight transferred from many part of the country to another will be asked. The formal application for the general increase will probably be made late in the spring of the coming year.

All the larger companies of the United States have contributed to a general meeting for the purpose of compiling figures to be submitted to the commission. The campaign for the higher rates will be made systematically and in a business like manner. The transportation companies have decided to leave no stone unturned until they have succeeded in getting what they want. Their last application for an increase in freight rates was denied them.

That they will have a better chance of success if they are circulating petitions among the shippers of the country asking them to aid in securing the increase. The railroads are citing the present car shortage as one of the handicaps resulting from lack of funds. They claim that higher rates are absolutely necessary if the shippers would have better service.

Among other data which the roads intend to present to the commission are figures showing that while the revenues of the companies have increased considerably in late years, the operating expenses had increased in a much larger proportion, offsetting the increased revenue, and showing a general decrease as compared to the amount of business done.

Improvements to tracks and equipment is entirely impossible the railroad men will contend, unless they are allowed to earn more. They will contend at the hearing that 10 per cent is not much of an increase when compared to the increase that has been made in expenses. The only argument that the railroads will make, if they are contested in the hearing, will be to submit figures. They believe that these will not lie, but on the other hand will be convincing to the commission. So far no league or association of shippers is preparing to contest the request.

This case promises to be one of the biggest that has ever come up before the interstate commerce commission. Two years ago the carriers attempted to raise the rates but the commission forbade it on the grounds that the cost of operation had not increased sufficiently to justify such a movement. At that time the commission promised the railroads as soon as they could show the cost of operation had increased sufficiently that they would permit the increase in rates.

Railroad men declare that this time they are going to hold them to that promise. This time the railroads will proceed differently, from what they did in 1910. Instead of announcing the increase they will put the matter up to the commission first. They believe that in this way a great deal of unnecessary expense will be eliminated.

KATY PLACES ORDER FOR FIFTY NEW LOCOMOTIVES.

Fifty engines that are ten per cent larger than any style engine the Katy now has on its system, have just ordered by that road for delivery during the first part of the coming year. The engines are of mogul type having the most modern of appliances and superheated.

Along with the order for larger and more modern locomotives is an order for other equipment. The following equipment for passenger service has been ordered: Five chair cars, three dining cars, three combination coach and baggage cars, and three postal cars. The chair cars are said to be finer than the ones now in use and have a seating capacity of 72 persons, being equipped with electric lights and electric fans. These cars will also be minus the smoking compartment, making them essentially "ladies' cars" and providing exceptionally pleasant accommodations for ladies traveling alone and all other first class passengers.

The dining cars will be of steel construction, being of a new type and having a seating capacity of 36 passengers or six more than are usually accommodated on dining cars of ordinary size. A feature of the dining cars is there are no platforms, the body of the cars extending even with the sills. The interior decorations said to be planned, will be something fine and pleasing to the eyes.—Denison Herald.

LARGE CROWDS ON THE FIRST MONDAY

BETWEEN 1500 AND 2000 HEAD OF LIVESTOCK BROUGHT INTO THE CITY

WAGON YARDS WERE FILLED

Despite The Fact that Work in Fields Kept Many Away the Attendance is Good

First Monday Sales Day brought to the city today more than five hundred farmers and stock men from points scattered over a radius of a hundred miles of Wichita Falls and between 1,000 and 2,000 head of horses and mules were offered for sale, in addition to which there were several bunches of cattle and a few hogs.

The wagon yards were crowded full and a hundred head or more of stock was tethered on the open ground near the river. Farmers from Oklahoma points began arriving Sunday and by Sunday evening the wagon yards were well filled.

Up to noon the sales in large lots were rather slow most of the buying being done in individual animals or small lots, but at that time several carloads had been bought and it is probable the afternoon will bring larger sales.

On account of the big sale that starts in Fort Worth today there were only a few outside buyers in the market, but these will likely be here next month after they learn of the big quantity of stock offered here today.

There were many inquiries from those at the sales this morning for stock cattle and stock hogs in small lots by farmers who had been successful in raising more feed than would fill their ordinary needs. There were also several stockmen from the Southwest making inquiries for feed in large quantities.

The success of the second "First Monday" makes it practically certain of the permanency of the event and a movement will be set on foot to make the November sales day a bigger success than either the October or August sales days.

T. S. Wren, who returned last night after a several weeks visit at Mt. Sterling, Kentucky, said the scenes here today remind him somewhat of "court Monday" at Mt. Sterling. He said on the last court day more than 10,000 head of cattle alone were driven into Mt. Sterling. In addition there were several thousand head of horses and buyers were there from Louisville, Cincinnati, St. Louis and Pittsburg. Mr. Wren believes that "First Monday" will become almost as big a day here as court Monday in Kentucky.

EUROPEAN POWERS WILL INTERVENE

ALL THE POWERS IN ACCORD IN PROPOSAL TO PREVENT WAR IN THE BALKAN STATES

SOME MORE HOME RULE

For the Balkan States Under Turkish Authority Will Be Demanded Against the Porte

By Associated Press.
Paris, Oct. 7.—The European powers have decided to intervene at the Balkan capitals and at Constantinople as soon as it is possible to make arrangements to that effect. Great Britain today signified her acceptance of the French proposals so that all the powers are now in accord.

Germany Accepts Amendment.
By Associated Press.
Berlin, Oct. 7.—Germany today accepted the amended draft of the declaration of the powers to Turkey and the Balkan states. This draft embodies the Austrian proposals for a clearer definition of the intentions of the powers which asks for a larger measure of home rule for the European provinces of Turkey.

Telegraph Wires Unavailable.
By Associated Press.
New York, Oct. 7.—All the telegraph wires in the territory of Turkey in Europe are now unavailable for telegraphic correspondence according to a official notice issued today by the international telegraph office at Bern, Switzerland.

Pope Offers to Mediate.
By Associated Press.
London, Oct. 7.—The announcement that the Pope is prepared to offer mediation in the Balkans, was made today at the Vatican according to a news dispatch from Rome.

APPLICATION MADE FOR LOWER SAND RATE

Railroads Asked to Put Wichita Falls on an Equal Footing With Waco

Application has been made by the Young Men's Progressive League to the railroads interested for a reduced rate on sand from this city to Fort Worth and Dallas, in order that local shippers of that commodity may compete with those at Waco. The efforts of the league have been solicited by parties interested. The railroad commission has also been written in the premises and the particulars laid before that body.

The present rate to Fort Worth from Wichita Falls to Dallas is \$1 and the rate to Fort Worth is 75 cents. The rate to both points from Waco is 65 cents which gives the Waco sand dealers a decided advantage over Wichita Falls.

It is stated that with a proper adjustment of the rate not less than 100 carloads of sand will be moved from here to Fort Worth and Dallas each month. It is believed by the league that a proper concession can be secured.

THREE MEN KILLED IN GREENVILLE DUEL

Assistant Police Chief, A Deputy Sheriff and Lone Oak Citizen Are Dead

Greenville, Texas, Oct. 7.—A tragedy in which three men were killed was enacted here between 5 and 5:30 o'clock yesterday afternoon.

The dead:
ASSISTANT CHIEF OF POLICE JOHN L. SOUTHALL.
SPECIAL DEPUTY SHERIFF R. EMMETT SHIPP.
SANT SLIMMONS, liverman of Lone Oak.

A phone call was received at police headquarters shortly before the tragedy for officers to go out on the hill in the southern part of the city, and in a minute John Southall, Emmett Shipp and Deputy Sheriffs Roy Harrington and George Duncan were mounted and started out on South Stonewall street, and when they had reached a place on the street about a block or two north of the Mineola branch of the M. K. & T. they overtook Sant Slimmons and John Cooper of Lone Oak, which is fifteen miles southeast of Greenville on the Katy road.

When the officers overtook the two men, who were riding in a buggy Slimmons, it is said, began firing upon the officers.

John Southall was the first man shot. He received a bullet wound in the center of his forehead, was shot through the bowels, and one leg was broken by a bullet. He died instantly, falling in the back yard of W. M. McBride, near whose home the tragedy occurred.

Emmett Shipp was the next one to fall in the battle of bullets, which lasted for several seconds. He was shot through the heart and fell where he was standing in edge of the yard of Erv Harrison, which was only a few feet from where Mr Southall had been shot only a second before.

Then the two other officers, Messrs. Harrington and Duncan, tried to get Slimmons to stop firing, it seems; but several more shots were fired and Slimmons was shot five times and fatally wounded.

An ambulance was called and he was quickly carried to the County Jail, where he was placed in the hospital department and attended by a physician.

Slimmons died at 6:30 o'clock, an hour and a quarter after the shooting. His remains were turned over to a local undertaker and prepared for shipment to Lone Oak, where he survived by a widow and five children the oldest being thirteen years of age.

Southall and Shipp were also married and lived as next door neighbors on South Johnson street, in which places their bodies were taken after being prepared for burial by local undertakers. Each is survived by a widow and three children.

Southall had been an officer of this city for many years and Shipp had also been an officer for a long time in this city, excepting several months when he was special officer for the Katy in Edinburg. Mr. Shipp returned to this city several months ago and had been working as special deputy sheriff.

HAS APPROVAL OF STEEL TRUST

WILSON CHARGES STEEL CORPOR- ATION IS BEHIND THIRD PAR- TY'S TRUST REGULATION PLAN

IS SEEKING PERPETUATION

Nominee Declares He is not Interest- ed In Persons But In Issues

By Associated Press.
Pueblo, Colo., Oct. 7.—That the United States Steel corporation is "behind the third party program in regard to the regulation of trusts" was the charge made by Gov. Wilson in a speech here today. Corroborative evidence of that assertion, Gov. Wilson said, was coming to him every day.

"It is a very interesting circumstance," said Gov. Wilson, "that the United States Steel corporation is behind the regulation of trusts. I am perfectly ready to admit that the officers of the steel corporation think that it is the best thing for the United States. My point is, that these gentlemen have grown up in an atmosphere of things that they themselves have created and which the law of the United States has so far attempted to destroy, and they now want a government which will perpetuate what they have created."

The governor said he had been asked as he got further west, to put a punch into his speeches and to "hit the other fellow." He declared he was not interested in persons, but in issues.

"What difference does Mr. Taft's record make to me?" he said, "what difference does Mr. Roosevelt's career make to me? What difference do my own attainments make in the face of the enormous issues? I tell you I can't afford to think of Mr. Taft and Mr. Roosevelt in thinking of the fortunes of the people of the United States."

NEGRO DEFENDANT PLEADED OWN CASE

And He Did So Well That Jury Found Him "Not Guilty" on Pistol Toting Charge

An exception to the saying that a man who acts as his own attorney has a fool for a client, was noted in the county court this morning, when Fleming Augustus, negro, plead his own case on a charge of carrying a pistol and was acquitted by a jury. He was arrested just after another negro had given him the pistol and the jury did not believe that this could be considered "carrying" it.

Buster Kinnon, the other negro, plead guilty to the charge of carrying a pistol and was given thirty days.

This week will be taken up with the criminal docket, next week the non-jury civil docket and the week following, the jury civil docket.

The county commissioners convened this afternoon in regular session and went at once into the routine matters awaiting their attention.

TIMBER WORKERS ON TRIAL IN LOUISIANA

Fifty-eight Defendants Charged With Conspiracy and Rioting—An Important Trial

Men Confined In A "Black Hole."
Lake Charles, La., Oct. 7.—For weeks, since midsummer, fifty-eight men have been lying in jail here awaiting trials on charge of rioting and murder. They are the timber workers who figured in the "Battle of Grabow," fought on July 7. Of the sixty-one men indicted, one man died of wounds received in the battle, one was killed while resisting arrest and one evaded capture. Four were left dead on the field of battle.

Fifty-eight were thrown into a little brick and stone dungeon with rust incrustated iron bars. Whites and negroes—and a few women—were in the crowded jail. It was insanitary, little sunlight sifted in, and the odors from the sweating bodies of the incarcerated men became something awful.

It was then that leaders of the Industrial Workers of the World and officials of the Brotherhood of Timber Workers began sending out appeals to humanity for the relief of the men in prison. These appeals were among the most remarkable epistles ever addressed to the press of America.

They charged that the jail at Lake

(Continued on Page 4)

Not That We Claim the Power

Of second-sight in knowing your particular preferences, but we have such a wide range of styles, models and patterns in our fresh fall showing from The House of Kuppenheimer that we can suit any man to his utmost satisfaction. You'll find the cream of the most attractive patterns and weaves here in the high standard clothes. The fabrics are all pure wool. No doubt you will be wanting new underwear, shirts, shoes or gloves, too, and we can promise you the same service here as in more important items. We like to feel that no man gets less than absolute satisfaction at this store, no matter what he pays or buys. We like to have our patrons feel that way, too. It's a pleasant way of doing business for us and for you. May we have the opportunity of demonstrating it to you?

WILSON'S PROSPECTS GOOD IN IOWA

Division of Republicans and Unity of Democrats Make Hope For Victory Rational

Special to the Times.
(By Frank B. Lord)
Des Moines, Ia., Oct. 7.—Not since "Uncle Ned" Boise rallied the farmers of Iowa to his standard and was twice elected Governor of the State and thereby became a contender for the Democratic nomination for President, has the democracy of the Hawkeye state been more than a speck on the political map. With the exception of candidates for local offices here and there, a congressman now and then has been all that the party has elected. These could almost be counted on the fingers of one hand—Wade, Hamilton, Jamison and Pepper are the conspicuous ones.

But repeated defeats have not caused the Democrats of Iowa to abandon their principles and this year the reward is to be theirs.

Democrats of Iowa are confident of victory; their opponents generally admit it and everyone who makes an impartial and unbiased investigation is forced to the inevitable conclusion that Democratic success only awaits the counting of the ballots. Conditions at this time make no other outcome possible.

Before the Baltimore convention Clark sentiment predominated among the Iowa Democrats. The reason was a natural one. The Speaker lives in an adjoining state and Iowa Democrats know him personally and admire him. Now, having lost none of their high regard for Clark they are solidly lined up for Governor Wilson. They see victory and none of them is shirking or sulking. Iowa Republicans divided their allegiance between Taft and Cummins—a favorite son—before the Republican convention. Roosevelt did not figure with them. Since the convention, however, they have divided between Taft and Roosevelt and an estimate of the ratio of division depends upon the view point. The regular Republicans say Taft will poll more votes than Roosevelt; the third term advocates declare that the Colonel will distance his Republican rival, but however you figure it, the division will be such that Wilson will poll more votes than either one of them. You may scout Iowa from Davenport to Council Bluffs, from Sioux City to Keokuk and it would not be possible to find a corporal's guard of Democrats who are going to vote for Roosevelt, but there are thousands of Republicans disgusted with both Taft and Roosevelt who will vote for Wilson.

Iowa gave Taft 270,000, Bryan 200,000 in 1908. This year Wilson will get upwards of 250,000, while Taft and Roosevelt will divide 225,000. This is a simple problem in Democratic loyalty and mathematics. But that is not all. Iowa will elect a Democratic senator in place of the Honorable V. S. Kenyon. He will be Daniel W. Hamilton. In the Republican senatorial primaries Kenyon defeated former Senator "Lafe" Young. When Kenyon's majority ran up to 70,000 the counters got tired and said: "What's the use, it seems to be almost unanimous." Looking at these figures some people said: "Poor Dan Hamilton, he hasn't got a chance." Their mistake. The situation changed with kaleidoscopic suddenness. Kenyon, a real progressive who would make a first class Democrat if he lived in a normally Democratic state, was forced to align himself with Taft. When he did that he signed his own political death warrant, but he could not do otherwise. Now it is "poor Kenyon." His political life is being ground out between the two millstones of Taftism and Rooseveltism. Good fellow, Kenyon, fine type, but unfortunate.

But Iowa will lose nothing by electing Dan Hamilton in place of Kenyon. He is just as true a sort of real progressive as is Kenyon. The Iowa people know this and are perfectly satisfied. A change of 25 members in the legislature of Iowa from Republican to Democrat is all that is needed to elect Hamilton. Thirty Iowa leg-

islative districts were carried by the Republicans two years ago by less than 100 majority; half a dozen more by majorities of less than 200. The regulars and the progressives are dividing the Republican vote in practically all of these districts. It is simply another matter of mathematics.

When Dan Hamilton walks down the center aisle of the United States Senate on the arm of the Honorable Albert B. Cummins on the 4th of next March and takes the oath of office as a Democratic senator from Iowa, if William B. Allison, who served 36 years in the Senate from Iowa, hear an uncanny sound, it will be simply that of the Grand Old Man turning over in his grave. Dan Hamilton will be the first Democratic senator from Iowa and the Honorable Albert B. Cummins may well look to his laurels. He is next on the list for retirement.

ORDINANCE No. 171

An Ordinance providing for and requiring all persons building houses or making repairs of houses exceeding in cost the sum of \$100.00 to obtain permits therefor which shall be known as "building permits;" providing for issuance thereof and prescribing a penalty.

Be it ordained by the City Council of the City of Wichita Falls, Texas: Section One That hereafter it shall be the duty of all persons desiring to erect any building or make repairs thereon exceeding in cost \$100.00 upon any lot or lots within the City of Wichita Falls, Texas, to apply to the City Secretary of said City for a permit authorizing the erection of such building, and such application shall be made in writing and be signed by such applicant or his authorized agent, showing the number of the lot and block upon which said building is to be erected, together with a description of the material to be used in the erection of such building and the approximate cost thereof.

Section Two. Permit issued by whom: It shall be the duty of the City Secretary upon receipt of the application mentioned in Section One of this ordinance to issue to such applicant such building permit, showing kind and character of building or other improvement to be erected, the kind and character of material to be used, together with the number of the lot and block upon which the same is to be erected.

Section Three. Duties of City Secretary: It shall be the duty of the City Secretary to keep in a well bound book to be provided by the City for that purpose, a stub showing a substantial copy of all permits issued, and it shall be the duty of the City Secretary to make a report to the city council at their first regular meeting in each month showing the number of such permits issued and to whom issued, the number of lot and block upon which such improvement is to be erected or has been erected, the material used or to be used therefor, and the probable cost of building it, all of which facts must be stated in the application for permit, as hereinafter provided.

Section Four. Cost and specifications of buildings.

Hereafter no building permit shall be issued by the City Secretary unless the owner of the proposed building or repair, or his authorized agent, shall have by means of submitting plans and specifications for said building or repair, or by other evidence, satisfied the City Secretary, or the City Engineer of the City, if the Secretary shall call upon such Engineer for his opinion in the matter, that the alleged cost of said building or repair, as set forth in the application for permit, is a fair and reasonable estimate of the cost of same. Any person who shall secure a building permit by means of submitting false plans, or by other misrepresentations to the City Secretary, or the City Engineer, when called upon for an opinion of the matter, or who shall erect any house or make repairs on any house already built, the cost of which exceeds \$100.00 without procuring such permit in the manner above set forth, shall upon conviction thereof in the corporation Court, be fined in any sum not exceeding fifty dollars.

Emergency Clause. Be it further provided that the fact that there is at present no ordinance or law requiring the procuring of building permits in this city creates an emergency and the constitutional rule requiring ordinances and laws to be read on three several occasions be and the same is hereby in all things suspended and that this ordinance be in full force from and after its passage and publication.

J. M. BELL, Mayor.
Attest, W. A. McCARTY,
City Secretary, D126 W16

The General Verdict

among the men who know clothes is, that no better style, workmanship or wearing qualities can be had for \$20 to \$25 than are found in STYLEPLUS CLOTHES \$17.

They are the favorite "all purpose" suits and overcoats—good to wear at all times, good for any occasion—they give you that well-dressed feeling which the STYLEPLUS man always has in a marked degree.

Styleplus \$17 Clothes

"The same price the world over"

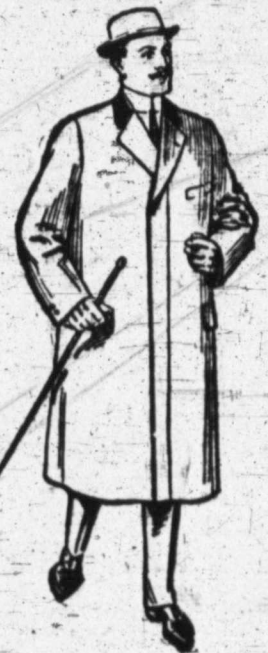

are backed by the maker's positive guarantee of perfect satisfaction. Should any STYLEPLUS garment fail to give proper wear, bring it back and we'll cheerfully replace it with a new STYLEPLUS garment—and you won't be asked to pay another penny.

If you've been wearing lower-priced clothes than STYLEPLUS, you'll find that the few extra dollars that STYLEPLUS cost will mean actual economy in the end—you'll get more style, value and wear than you ever dreamed of getting for the money.

But if you've been paying \$20 to \$25, keep that \$3 to \$8 cash difference in your own pocket and be as well dressed as ever.

We are exclusive Styleplus agents in this town.

FAREWELL CONSTIPATION

The Famous Hot Springs Liver Buttons in Town.

Well! well! well! Here's joyful news to all who are slaves to constipation and all the miserable ailments that go with it.

Stonicepher-Smith have at last secured the agency for Hot Springs Liver Buttons which are almost as well patronized by visitors to Hot Springs as the health-giving baths. Thousands of dozens sold yearly and this the first year ever advertised. Nothing so good, so perfect acting or so satisfying for constipation or stomach, liver and bowel troubles. 25 cents a box; you'll be De-lighted. For sale by Stonicepher-Smith Drug Company, Hot Springs Chemical Co., Hot Springs, Ark.

Oil and Gas Leases.

A. S. Fonville and wife to A. H. Russell, 165 acres of block 323, Wagoner subdivision colony; guarantee to drill as soon as Stevens ranch well in Baylor county is completed or abandoned; \$40 and other considerations.

C. A. Greenless to G. C. Wood, transfer of 20 acres of 100 acre tract leased by D. E. Holcomb and wife to said Greenless, said Wood to start drilling within 60 days on Horton & Walker tract adjoining Holcomb land. Fred Von Luterman et al to W. E. Skeen and H. C. Wilcox, 320 acres of Von Luterman farm; \$15 cash, \$2 per acre rental, drilling to start within a year.

New Location Near Olney. W. L. Mauk, a representative of the Duplex Oil Company, of West, Texas, was here the first of the week and he went out Wednesday and made the location for their first well, which is to be drilled on their leases southeast of town. The well will be on the Dr. Wiley land, in a quarter of a mile of Hunt school house.

The driller for this company was here all last week, and he says they intend to rush the work day and night and figure to complete the first well in about 30 days, provided, of course, they have good luck.

The derrick will be put up next week, and the machinery ought to arrive in Olney by the latter part of next week and active drilling should begin not later than the 15th of the month.—Olney Enterprise.

TENTH STREET PAVING LOOKED ON WITH FAVOR.

The paying of Tenth street from the business section to Denver avenue now appears certain, as soon as the city can secure the money to pay its proportion of the cost of the work. A large majority of the property-owners have signed the petition for the paving and there seems to be very little opposition.

A proposal to pave Tenth street came up a year or two ago but many of the property-owners opposed it. At that time, this time, sentiment is very largely for the improvement. It is planned to use the wooden blocks as far as Lamar avenue and bitulithic or some similar substance for the remainder of the distance. It is expected that this work will go far towards stimulating property-owners on other streets to ask for paving, and with the adoption of the new charter, which will enable the city to provide the necessary funds, there is every reason to believe that 1913 will be a good paving year in this city.

ENTERTAINMENT FOR "MERIDIAN" ROAD PARTY

Preparations for entertaining the promoters of the "Meridian road" the projected highway from Canada to the Gulf, are being made by the Young Men's Progressive League. The party which is touring the route of the proposed highway, which may come by way of Wichita Falls and Burkburnett, is expected here about October 12 or 14. J. G. Hardin of Burkburnett, president of the Burkburnett Bridge Association, has agreed to see that some necessary repairs are made in the road near Burkburnett and a number of Burkburnett citizens will probably escort the party to this city.

From Wichita Falls to Fort Worth some of the members of the league will accompany the autolists and it is hoped in this way to impress upon them the advantages of having the route come by way of Wichita Falls and Burkburnett. In addition, some members of the league have agreed to guarantee the payment of the expenses of the party while in this county.

The Chamber of Commerce had planned for the entertainment of the party when it planned its trip several weeks ago.

Y. M. P. L. SUGGESTION WILL NOT BE ADOPTED.

It is very improbable that the suggestion of the Young Men's Progressive League to the school board, that the schools be closed so as to give the boy pupils a chance to help gather Northwest Texas' cotton crop, will be adopted by the trustees. Although the school board has taken no action as a whole, several of the members have expressed themselves as being opposed to such a step at this time.

They point out that if any of the boys wish to go to the cotton fields they can do so and some of them suggested that some organized effort be made to take a number of boys to the fields on Saturdays, where a few hundred youngsters could pick a very considerable amount of the staple.

THE TEETH

The teeth are as sentinels guarding the portal to the stomach and when in perfect condition no unprepared food will be allowed to enter the stomach to overtax the digestive apparatus and to ultimately cause serious impairment of the general health.

Good teeth are recognized as such a great factor in maintaining health that the government in selecting men for the army and navy, subject them to a rigid examination of their teeth, acting on the theory that without sufficient teeth to thoroughly masticate their food, perfect physical conditions can not be maintained.

In many cities, school children undergo a compulsory examination of their teeth at stated intervals so that any defects can be corrected in time to prevent the child from suffering with aching or inefficient teeth during the school term, which would handicap its progress. Doctor Thos. D. Wood, professor of physical education in Teachers College, Columbia University has furnished some statistics of the many physical defects which school children were found to be suffering from and the percentage of defective teeth exceeds all others by at least 20 per cent and in some schools the percentage of defective teeth ran as high as 90, the children thus affected suffering from malnutrition and neurasthenia. As school children are handicapped in their school work by these defects, so are adults in their daily avocations. The loss of the use of these organs is practically inexorable in this day and time with the advanced ideas of treating and restoring them. A visit to the dentist at regular intervals for examination will reveal any trouble in time to preserve the teeth in their natural beauty and the unsightly display of gold which is becoming so common could be avoided.

Respectfully,
A. R. PROTHRO.

PURPOSE COMMENDABLE BUT METHOD WAS BAD

Young Man Fined \$10.00 for Carving Name on Walls of the Union Station

The desire to preserve one's name, hand it down to fame and posterity, is commendable, no doubt, but doing so by carving it on the walls of the union station is not the proper way, according to city authorities. The latter feel that are other ways in which the name may be safe-guarded for the benefit of posterity, which will be less expensive, though perhaps less enduring.

A young man who sought to carve his name on the station recently was among the patients in police court, about \$10 to have one's name indelibly inscribed on the station, and the young man paid up. "That makes a Christian out of me," he said.

Charming Children

are plump and rosy

If pale and sickly, something is wrong, and the signal should not be neglected.

It's often the case that food does not contain the certain elements which Nature requires to meet the demands of the rapidly developing body and brain.

One food which can be depended upon is

Grape-Nuts

It is made of wheat and barley, contains true tissue-building elements including the Phosphate of Potash especially needed for promoting healthy brain-growth.

A dish of Grape-Nuts and cream each morning for a few weeks, often works a marvelous change in the health of a child, and children like it.

Smart Suits for Fall

Exquisitively tailored, yet inexpensive

It would pay you to make a special trip down-town tomorrow to see our display of suits by Bischof. All the very latest materials and colors are among them—typical Bischof "man-tailored" models, faultlessly finished, handsomely lined throughout.

They are made up in serges, diagonal twills, whipcords and novelties.

You will find it difficult to choose from this selection. Each suit is more attractive than the other one; no two are alike.

Don't wait until the end of the season to select a becoming suit. Come now, while the stock is complete.

All sizes; many different styles to choose from.

Save Money in
Your Cooking.

Phones 432 and 232

Now that the cool weather is advancing you will use more fried food than usual. There will be meats, potatoes and other dishes that will require a good cooking oil or grease. You will find in Crisco, the famous cooking oil which comes in hard form in cans the most desirable for all purposes. There is no odor nor taste, just pure, wholesome vegetable oil. It looks like lard but is more of a cream color. You can use it over and over again as it does not discolor readily and does not absorb odors. It comes in two sizes of cans at 60c to \$1.15 per can. Get used to it and you will undoubtedly use it in place of either lard or butter and you will save much money.

503 UNION SQUARE 503

Now that the testimony of Charles R. Crane and the records of the LaFollette managers show that he did not contribute \$70,000 either to the Wilson or the LaFollette pro-conviction funds as alleged by Treasurer Hooker of the Progressives, will Col. Roosevelt demand that Hooker be driven out of public life as he did a few days ago some gentleman who made allegations about the Colonel's own campaign fund?

A CIRCUS CHUCK FULL OF NOVELTY

Great Variety of Strange Acts Imported by Barnum and Bailey's Show

Ten thousand wonders will be disclosed in Wichita Falls on Tuesday, October 15 by the Barnum and Bailey greatest show on earth. Never before has such a novel and varied array of imported acts been seen beneath a circus tent. There are 110 big acts given by 400 artists.

In the menagerie, among many other wonders, is to be found the only baby giraffe in America. It is a perfect specimen. Only one other giraffe was ever born in captivity. This happened in London over fifty years ago.

Prominent among the European novelty acts are those of Katie Sandvian, the strongest and most beautiful woman before the public; the Pills family and their jumping and dancing horses; a company of Japanese athletes, swordsmen and Jiu Jitsu experts, herds of trained elephants, and Borzac's mule and pony circus.

More thrills are generated when a member of the Selgrist-Sibson family of acrobats blindfolds his eyes and leaps across the entire width of the dome from a swinging trapeze, turns a double somersault in the air and grabs the wrist of a comrade who is hanging head down from a revolving swivel.

Other surprises on the bill are introduced by Les Deko and Les Jardy families of equilibristas, the Georgetti family of French gymnasts, the Wirth family of riders, the Florence troupe of acrobats and Codono, the greatest high wire artist in the world. Important additions to the list are the Davenport family of riders, and the De Van family of trapeze artists.

The comedy of the show is in the hands of fifty of the world's best clowns. The forenoon parade is the best ever presented by this splendid show. It is three miles in length and an almost endless chain of surprises. It leaves the show grounds at 10 o'clock in the morning. The performances here will be the same as those presented in Madison Square Garden, New York City, where the season began last March. They will begin with the great scenic production of "Cleopatra," the most gorgeous spectacle ever seen in America. It is enacted on the biggest stage in the world by a cast of 1,250 actors, a ballet of 350 dancing girls, a grand opera chorus and an orchestra of 100 soloists. The stage is equipped with a trainload of special scenery.

Robich's Mineral Water.
Is highly recommended by physicians and persons who have tested its merits for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be purchased at the wells or delivered in jug or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Robich, Owner. Phone 1601—1 long—4 shorts.

CURRENT COMMENT

Federal Regulation of Newspapers.
The last Congress passed a law requiring that twice a year newspapers publish in their own columns a sworn statement of their owners, creditors, officers and average circulation, and that they label as advertisements "editorial or news matter" for which they receive compensation.

The objects of this law are to prevent the public from being deceived either by the secret ownership of newspapers, by people interested in controlling public opinion for ulterior purposes, or by secretly purchased news or editorial matter.

The valid objections to these rules are, first, that weak newspapers which depend upon borrowed money or bonded debt for their financing, and which must go to the sources from which financial support of this kind is invariably derived, would be unduly accused of catering to the financial interests, and second, that the minor perquisites of the smaller newspapers, such as free theatre tickets and free books sent in to be reviewed, would no longer be received, because the resultant dramatic and literary criticism would have to be labeled "advertisements."

In all candor it must be confessed that the Federal law is in direct line with the tendency of the age to regulate the conduct of private business by legislation. The faults of this law are probably no more marked than the faults in other laws regulating business. The resultant inequalities favoring one publisher over another are no greater than the inequalities favoring one factory over another or one railroad over another, which result from our factory and railroad regulation laws.

If it is true that the law in part springs from a desire of Congressmen and Senators to be revenged upon the newspapers, it is likewise true that all regulative bills have in them an element of hostility towards the industries regulated.

If it is feared that this law will give the Federal Government a control over the press which may be misused, let us not forget that it has such a control over banks.

Publishers are talking of fighting the bill as unconstitutional, but in doing so they should bear in mind that many of them have criticised the courts for declaring unconstitutional measures of similar nature, and have espoused as good doctrine to prevent the courts from declaring statutes unconstitutional, the recall of judges, and the recall of judicial decisions.

If it is good for the Government to regulate various forms of business to prevent abuses which in other days were supposed to work their own salvation, it is good policy to compel publicity of the ownership of newspapers and to show up purchased news and editorials.

In this age of regulation of industry let the newspapers stand on an equality with other business.—Chicago Tribune.

Pacifier of the Western World.

Three American marines were slightly wounded in Nicaragua by shots fired on them by revolutionists and the marines opened fire on the revolutionists until they were told to desist. Passage of the marines to Barrancas was opposed by the revolutionists until Rear Admiral Southerland showed them machine guns and threatened a "bombardment."

And all this on foreign soil in Central America, which was visited by the American Secretary of State a few months ago bearing an olive branch. A most dangerous precedent has been established. How far are we going? Is this the first step?

Would it not be far better for the United States, instead of going into a foreign country over which paternal guardianship is to be exercised, to patrol the sea coasts and prevent arms from being sent in? There can be no revolution without arms and ammunition. There would be no rebellion in Mexico if Americans had been prevented from sending arms down there for the revolutionists.—New York Herald.

THREE CHIPS OFF THE OLD BLOCK

A chip off the old block, or rather three chips would be applicable to a police station incident Saturday night when a father and three of his sons were arrested and placed in jail on charges of intoxication. When they were brought to the city hall they concluded that they did not want to spend the night in jail and the officers had quite a tussle before they got them up the steps.

The man and his three boys came in from Oklahoma Saturday. They filed pleas of guilty Sunday and put up cash bonds for their fines. They have given trouble to the police on several previous occasions.

ELMER WRIGHT, Manager

TIMBER WORKERS ON TRIAL IN LOUISIANA

(Continued From Page One)

Charles was more of a torture pen than any prison in the annals of history since the days of the "Black Hole of Calcutta." They said that races and sexes were confined together with no separation other than chalk marks which the prisoners themselves drew upon the floor. They told how the blistering sun of a Louisiana midsummer beat upon the roof, making the "black hole" a bake oven.

They appealed to the mercy of humanity to relieve the prisoners before they should die. Men were cast into the prison with cuts and bullet wounds, the appeal said, and here in dirt and filth and with little food, they were compelled to lie in agony with wounds unwashed and unbandaged.

Those who made the appeal declared that the friends of those fifty-eight who were in jail were denied the right to communicate with them unless they came crawling to the bars on their hands and knees. They made their plea for help in the name of mercy and humanity. And the appeal was answered.

Dr. Oscar Dowling, head of the state health department, read the appeal and arrived at Lake Charles. He investigated and ordered that the prisoners be removed to more sanitary quarters. He said that their confinement was a menace to health—the public health. Then the prisoners were marched out of the bake oven and into the basement of the clean new court house.

President Emerson of the Brotherhood of Timber Workers was one of those cast into the so-called "Black Hole." The first to be held on the charges of murder were Arthur L. Emerson, head of the Timber Workers' Union; Paul Galloway and John Galloway of the Galloway Lumber Company, at whose mill the battle occurred; V. F. Spindel, R. G. Green, H. E. Turner, F. E. Ezell and J. Perry.

Of these first prisoners taken Emerson was the only one who did not bear wounds. A special grand jury was empaneled a week from the Monday after the battle occurred and the arrests were made as a result. The battle took place on a Sunday. Two companies of state troops were sent to the scene immediately.

The battle had long been anticipated and was between armed guards, aided by non-union men, and the members of the timber workers' organization. Grabow is a small lumbering town three miles from De Ridder. In the fight three were killed outright and the fourth died of his wounds a short time afterward.

The dead left on the field were Roy Martin, Edward Brown, Gates Hall and an Italian who had drifted in from somewhere, friendless, and had secured work as a non-union man. The battle followed a meeting which had been attended by 200 union men and which was addressed by President Emerson.

The fight was precipitated by jeers and challenges hurled from the two opposing camps. The center of the fight was a little "back" in which the office of the Galloway Lumber Company. It was riddled with bullets and it was in this and around this cabin where the dead lay after the battle.

G. H. Creel, editor of a socialist organ called "The Ripsaw," published in St. Louis, the next day filed a complaint, alleging that he had been set upon by "gunmen" and badly beaten. He alleged that the mill owners had hired thugs to kill him. Creel made speeches in the interest of the Brotherhood of Timber Workers all through Southern Louisiana and at several Texas points, including Houston.

His talks were violent and caused high feeling. William D. Haywood, socialist, and a chief figure in the Industrial Workers of the World, went to New Orleans and made speeches of protest.

The Farmers Union Gin

is prepared to take care of all cotton brought to it. With its ten stands of seventy saw gins and its improved cleaners, will make a good sample from dirty and trashey cotton. All cotton brought will be ginned and delivered without delay. Every man connected with the gin is an expert in his line of work, and it is our desire to please all customers. LEGAL NOTICES.

Citation by Publication The State of Texas, To the Sheriff of any County of Wichita County, Greeting: You are hereby commanded that you summon, by making publication of this Citation in some newspaper published in the County of Wichita if there be a newspaper published therein, but if not, then in any newspaper published in the 30th judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said 30th judicial district, for four weeks previous to the return day hereof, W. E. Keeran, whose residence is unknown, to be and appear before the Hon. Justice Court of Wichita County, Texas, Precinct No. 1, at the October, 1912, term thereof, to be held in the County of Wichita at the Court House thereof, in Wichita Falls, on the 28th day of October, A. D. 1912, then and there to answer a suit filed in said court, on the 25th day of September, A. D. 1912, numbered on the docket of said Court No. 4472, wherein Sherrod & Co. are plaintiffs and W. E. Keeran is defendant. The nature of plaintiff's demand being as follows, to-wit: Suit on account for goods, wares, money and merchandise furnished defendant, W. E. Keeran, by the plaintiffs, as shown by the verified account filed in this suit and in amount one hundred and 90.100 dollars. (\$100.90), said account being past due and for which plaintiffs pray judgment, with interest and costs of suit. Plaintiffs also pray for the writ of garnishment to issue in said amount against the Fort Worth and Denver City Railway Company, a corporation doing business in Wichita County, Texas. Herein fail not, and have you before said Court, on the said first day of the October term thereof, this writ, with your endorsement thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in Wichita Falls, this, the 28th day of September, A. D. 1912. W. E. BROTHERS, Justice of the Peace, Precinct No. 1, Wichita County, Texas. 120-126-132-138.

FATALLY BURNED IN GASOLINE EXPLOSION

Wayne Lindsey Dead and J. P. McDonald Badly Burned-Automobile Lamp Ignited Gasoline

By Associated Press Terrell, Texas, Oct. 7.-Wayne Lindsey, aged 28, is dead, and J. P. McDonald is badly burned, as the result of an automobile accident seven miles west of Terrell at 12:30 this morning. Lindsey and McDonald were going from their home at Jefferson to Dallas. Their supply of gasoline was exhausted and Lindsey was attempting to get more from a passing automobile when the gasoline exploded from a tall lamp. Lindsey died in ten hours.

A Splendid Syrup For Candies and Cakes Here's the new Velva in the red can-the syrup that makes such delicious candies and gives a finer flavor to every dish that requires sweetening. The New VELVA Breakfast Syrup In the red can is a wholesome food that the little folks will delight in and thrive on. Ask your grocer for the new Velva with the red label-he has it now as well as the regular Velva with the green label. Try a 10c can. PENICK & FORD, Ltd.

PERSONAL MENTION

Mrs. A. C. Middleton of Kiowa, Okla., is visiting her sister, Mrs. W. L. Dillard.

R. H. Dobyns, a jeweler of Stamford, passed through the city today en route to his home after a visit in Indiana. He says the Roosevelt sentiment in that state is rapidly waning and that there is now a decided drift toward Taft.

J. H. Coleburn, cashier for the Southwestern Telephone Company, has resigned and will leave this week with his family for Alvarado where he will engage in the furniture and undertaking business.

Miss Daisy D. Womack of San Antonio, has been added to the high school faculty by the school board. The employment of an additional teacher was made necessary by the crowded conditions at the school.

Mrs. C. C. Huff left this afternoon for a brief visit to Fort Worth.

C. C. Huff left for Houston this afternoon.

Dr. Joanna Campbell of Midland, is visiting Mrs. W. C. Brown.

J. W. Campbell, agricultural demonstration agent in this county, left today for Fort Worth, where he will attend the meeting of the North Texas agricultural agents.

Dr. A. D. Patillo of Petrolia, and Dr. L. McKechney of this city, left this afternoon for Weatherford, where they will attend the meeting of the Northwest Texas Medical Association of which Dr. Patillo is secretary.

Marvin Smith returned Saturday from a business trip to New Mexico.

Mrs. S. J. Naylor has returned from Frederick.

William Gathrie, left fielder for the "Drillers" during the past several seasons, has returned from Abilene and will probably engage in the cotton business here for the winter.

Judge A. H. Carrigan has gone to Austin on business and to visit his daughter, Miss Annie, who is in school there.

T. S. Wren of Wren and Berry, proprietors of the Lydia Margaret, has returned from a visit to relatives in Kentucky.

J. W. Blackstock, one of the worthy citizens of Petrolia, was in the city today on business.

H. H. Davenport, wife and baby returned Sunday after a stay of three weeks at Marlin, where Mrs. Davenport took treatment at the springs.

"Miss Nobody From Starland."

Three essential qualifications for the successful musical comedy are plot, popular melody and novelty, and these are decidedly prominent in the three lively acts of "Miss Nobody From Starland," the delightful Mort H. Singer musical revue in which the popular prima donna, Olive Vall will be seen at the Wichita Theatre on Wednesday, October 2. The authors, Hough Adams and Howard devised a clever plot wherein a dashing chorus girl is the central figure, surrounded by a host of interesting characterizations, including a detective, a flirtatious old millionaire, a smuggler, two lovesick youths, a charming Italian girl and her dark eyed brethren and a score of pretty voyagers. The first scene transpires on the main deck of the steamship Louisiana en route from London to New York. After a voyage brimful of fun, excitement and romance, the great vessel arrives in the harbor of New York, the gang plank is lowered and the entire company rushes on shore, that is, over the footlights into the astonished audience.

The second scene is on the stage of the Princess Theatre, Chicago, where an exact representation of a dress rehearsal of a new musical offering literally takes the surprised auditor back of the scenes. The third act is located at a well known cafe, where the much tangled situations are cleared up to the general satisfaction of all. "Miss Nobody From Starland" is famous for its song hits, among them being "Hello! Little Sweetheart," "My Pretty Moon," "I Gave My Heart Away Just For a Rose," "I'd Rather Love What I Cannot Have Than Have What I Cannot Love," and "Ab, Marie." New costumes and scenery have been provided for this season's tour and many special song hits and novelties have been introduced. Miss Vall will be supported by the usual excellent cast of principals associated with her in previous tours of this popular attraction.

TO PUBLISH MAGAZINE. HIGH SCHOOL STUDENTS

A monthly magazine is to be published this year by the students of the Wichita Falls high school and the first issue will appear in a few weeks. The staff of the publication is selected from the student body, with Cecil Crowell as editor-in-chief and Karl Hammond as business manager.

School magazines are published in every city of much size in the United States and it is believed that such a venture will be successful here. The magazine is not published as a money-making proposition, being more to show the literary ability of the students and to furnish a permanent record of what the students are doing.

The Druggist

Who would give more attention or greater effort to a prescription for his own wife or child than he gives the prescription for your loved one that is ill is a crook of the most dangerous sort. The druggist who makes a difference in the prescription dispensing because the patient is great or small, rich or poor, good or bad, is not to be trusted. There is just one way to dispense a prescription and that is the right way. The tramp in the gutter demands the same care at the hands of the druggist as the nabob in his palace. And the Priest in his temple has no advantage over the Peon in his cell in this particular. Our prescription department has one and only one rule, "Do it Right." We substitute with the consent of the physician, the nurse and the patient. Bring your prescriptions to the

EVERY MAN'S LUXURY

A good cigar is a luxury that every man can enjoy and what a worker of miracles it is. Into what strange shapes do the curling clouds of smoke wreath themselves. The poor man sees his ship come in. The rich man thinks comfortably of his early struggles. And the lover sees his fair lady in a thousand varying and graceful poses.

There is as much difference in cigars as there is in men, but we have the kinds that all men like, the kinds that make all men brothers.

A land deal of considerable proportions was consummated in Archer county recently when 6500 acres out of the Emerson ranch, being what is known as the Copper Mine land, was sold to S. M. Cowan and W. L. Andrews, the latter purchasing 2500 acres and the former 4000. This brings the total land holdings of Mr. Cowan in Archer county to about 20,000 acres, which will be cut into smaller farms and pastures. The consideration in last week's deals was \$55,000.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Riversville, W. Va.—Mrs. Dora Martin. In a letter from Riversville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night. The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try Cardui.

Now, I am entirely well. I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui. Your druggist sells and recommends it. Get a bottle from him today.

Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

What Many Customers Say, You Can Believe

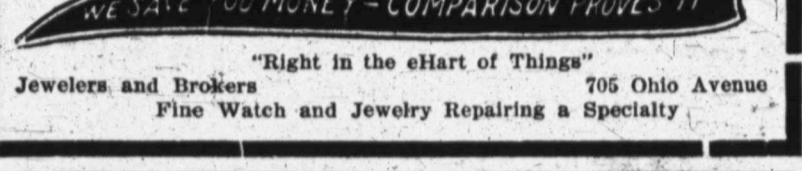

During the past six months we have received enough unsolicited testimonials to fill a page of this paper if they were all written up, and every one carries with it the "ring of satisfaction" and approval of our straight forward method of doing business.

Dou you wonder that our business grows?

We will prove to you our DIAMONDS are uniformly the lowest for which reliable guaranteed stones can be sold.

On articles on which there is an established price, our prices are necessarily the same, but wherever can and do benefit you is on Diamonds on which there is no established selling price.

BEING CASH BUYERS, AS WELL AS BROKERS, our purchasing cost is the lowest and we are satisfied with a small profit. Experience has taught us that this small average profit has brought us the large volume of business which we enjoy. In addition everything we sell is positively guaranteed to give satisfaction.

VIOLATIONS OF "SPIDER" LAW ARE REPORTED

Startling Requests Proceedings Against Company Which has Violated Law Against Sale "Spiders"

By Associated Press. Austin, Texas, Oct. 7.—In a statement today Commission of Labor Statistics Stirling, announced that he has requested proceedings against one company for violation of the so-called spider bill. He intimates that he may request action against others. He received a report that nearly three thousand bales of cotton are tied up in Galveston on account of spiders that is dangerously exposed bands or buckles, etc. The penalty is \$50 to \$250 when the spider bill is violated. So far as known the present request for action on violations of this law is the first case on record.
