se Agreements Between Enamel Ware Manufacturers Held Invalid

By Associated Press. Washington, Nov. 18.—The government today won its fight in the United States Supreme Court against the so-called bath tub trust. The court held that the "license agreement" of enameled ware manufacturers were in vicaltion of the Sherman anti-trust

The supreme court in its decision delivered a death blow at violations of the Sherman anti-turst law, under the cloak of protection of the patent laws, when it annulled as invalid "license agreements" held by the manufacturers of sanitary eneameled

Justice McKenna delivered th unanimous opinion of the court. He said rights conferred by patents were extensive but did not give a universal license against the prohibitions of the Sherman law.

New Trial Refused Allens.

By Associated Press. Richmond, Va., Nov. 18 .- A new trial was today refused Floyd Allen and his son, Claude Swanson Allen by the supreme court of Virginia. The men are condemned to die in the electric chair next Friday for the murder of officials of the Carroll county court at Hillsville, March 14.

CANAL OPENING MAY BE EARLIER

FIRST SHIP WILL PROBABLY GO THROUGH UNCLE SAM'S BIG DITCH NEXT SUMMER

Notwithstanding Handicap of Big Sildes Canal Will Be Finished

By Associated Press.
Washington, D. C., Nov. 18.—Some time next summer or fall, no exact date being specified, a vessel will pass from the Atlantic to the Pacific across what is now the Isthmus of Panama, which consequently must disappear from the world's geography and by the same human agency, the Westen Hemisphere will be divided into two continents. The vessel will not be the Oregon nor any other famous ship, but will be one of the many small water craft in daily use by the canal builders; and probably the only passengers will be Col. Geo. W. Goethals, and the staff of American Engineers, who for the past eight years have been carrying on the greatest engineering work the world has ever seen. It will be later than that, anywhere from six months to a year perhaps, before the formal opening of the waterway will take place and a naval fleet headed by the famous old Oregon, will pass through into the Western Ocean and the Canal may be fairly said to be open to trade.

These facts are not of official record as yet; the date of January 1, 1915, still stands for the opening pre dicted by Col. Goethais. But that the opening will be anticipated to a great extent has been promised by the Canal builders in unofficial statements, and now comes a clear intimation of their purpose to advance the opening date, in the annual report of the Canal Commission, just published. It is disclosed while the completion of the great locks by January 1st next will not be possible, owing to contract the channel will be finished, while to nsure the safe passage of the locks, the contractor has been called upon to finish the gates in one flight first, so that if the rest of the work is in-condition passage of ships can be permitted without waiting for the completion of the other flights. This statement will be understood, when it is known that the great locks being built in duplicate; side by side, not only to add to the capacity of the canal but to insure its continuance in operation in case of a serious accident

to a ship in one of the locks. The report shows a most statisfac tory state of progress of the whole great work, though in view of the fact that it is dated September 10th last, the figures regarding excavation; placing of concrete, erection of dams

WEATHER FORECAST Tonight and Tuesday generally fair; cooler tonight.

ally the most interesting feature of the report relates to the operations in the great Culebra cut. Here, great landslides, many ranking with an Alpine avalanche in magnitude, have so increased the amount of material to be execvated, that were it not found possible to steadily reduce the cost per yard of dredging and steam shovelling through the growing expertness of the employees, and improved engineering methods, the total cost of excavation would have been vastly greater than the estimates. During the least year 16,500,000 cubic yards of earth were taken out of this cut leaving nearly 10,000,000 to be dis placed before the canal can be opened. The damage caused by the slides may be appreciated from the fact that nearly 6,000,000 yards of earth excavated, was so composed or nearly 36 per cent of the total excavation.

There is only one way to deal with (Continued on page 2)

MERIDIAN ROAD MAN PRAISES WICHITA FALLS

Wishes There Were Similar Bunches In Other Towns Along the

A letter from the secretary of the Meridian road association to D. P. Talley of this city pays high tribute to the energy of this city in getting on the route and asks for continued action on this city's part. The letter was from John C. Nicholson to Mr. Talley who is chairman for this county. In part it follows:

"Dear Sir: I have yours of the 8th and the newspaper clippings you sent me and I want to congratulate hope you have pinned your faith NO WOMEN IN you on the action taken at Waco, and to officers who will push the Texas division of the Meridian road to a reality in the near future. Mr. E. L. Brown, a banker of Chester, Neb., writes me as follows:

"'After a very pleasing trip of eight days, going to El Reno and Oklahoma City and then doubling back home over the same routing, I am feeling very enthusiastic over the future of the Meridian road in connection with the Chishlom trail. I am more and more convinced that it is the beginning of something that will grow amazingly during the next five years and that we hardly dare prophesy the extent of its development.'

"I think more and more of Wichita Falls and Wichita Falls people every day and I wish we had a similar bunch of people at other places on the line. I hope you can extend your influence both north and south of you to the end that the Meridian road will be a good road across Southern Oklahoma and

FIVE ESCAPE FROM THE CITY JAIL

They Pried Out Bars and Climbed Onto Adjoining Structure, Thence To the Ground

There were twenty cases on the docket for the Monday "morning after" but when the officers had rounded up the bunch from the cells there was a shortage of five. Fifteen there were, remorseful and sad-eyed, but five had followed the lead of the Arab in the poem and "silently stolen

away." Investigation showed that they had pried out the bars in a cell window on the second floor of the jail and climbed out on the framework of the Voss-Stayton building in process of construction. From there it was easy to reach the ground and the five were

While the city jail is not so easy to get out of that it is possible to dig one's way to liberty with a tea spoon, as happened in the Fort Worth jail, it is apparently nearly as easy of egress as it is of ingress, which last is fairly easy. This is the second recent escape from the jail and sterner measures may be found necessary.

Welcome For Wilson at Hamilton. By Associated Press, Hamilton, Berinuda, Nov. 18.— When Governor Wilson and party arrived here, Alderman Black, representing the city of Hamilton, invited Mr.

Wilson and his party to accompany him to Hamilton, where an address of welcome aws to be represented. Large crowds of people lined the streets and wharves awaiting the arrival of the President-elect and all public and private buildings were which was postponed by Miss Lea. decorated with flags and bunting.

WORTHAM WILL DELIVER ELKS' MEMORIAL ADDRESS

Fort Worth Editor Accepts Invitation of Local Lodge-Service Will Be Held December 1st.

The local lodge of Elks is making preparations for its annual Memorial day services, which will be held at the Wichita Theatre on Sunday, December 1. L. J. Wortham of Fort Worth, will deliver the memorial address, while the eulogy of Judge 8. M. Foster, the only member of the order who has died during the year,

will be by some loca lattorney. There will be a number of mus cal features, including quartette and solo vocal numbers, and several instrumental seelctions. The first Sunday in December of each year is of served by Elks throughout the coun-

try as Memorial day. Since the lodge was organized here, three of its members have died. They were Dr. R. Robertson, Joe O'Donohue and Judge S. M. Foster.

POLL OF LEGISLATORS ON SENATORSHIP.

Galveston, Texas, Nov. 18.-It is stated here upon seemingly reliable authority that a prominent State official who is very, close to Gov. Colquitt has been commissioned to make a poll of the members-elect of the Thirty-Third Legislature to ascertain their attitude toward the appointment of Col. R. M. Johnston of Houston to succeed to the unexpired term of Senator J. W. Bailey, in the event of the latter's resignation, which has been forecast. Gov. Colquitt has stated that should Senator Bailey resign. would immediately name Col Johnstonfor the place, at the sante

time saying he did not know Senator Bailey's intentions. Some of Col. Johnston for the place, at the same willing for him to accept the honor without assurance that the Legislature would elect him upon its convening. Should Senator Bailey resign before the assembling of the Legislature on the second Tuesday in January, it would devolve upon the Governor to fill the vacancy by appointment, but the appointment would hold good only until the meeting of the Legislature, which body would then be required to fill the place by electing some one to serve until March 4, at which time the regular term, to which Hon. Morris Sheppard has been chosen will begin.

If is be true that this poll is be ing taken, and the authority for the statesment is such as to leave little doubt as to its accuracy it seems that there is ground for the rumors as to Senator Bailey's intention to resign.

WANTS OFFICE DISCONTINUED TO KEEP DEMOCRAT OUT

STILL LIVING

WITH BULLET HOLES THROUGH HIS LUNG STERLING WHITE CANNOT LIVE LONG

Young Man and He Blotted Out Life of Sweetheart

Although he has two bullet holes through this long within an inch of most of the evening with his friends, where he was taken following the shooting Saturday night. Doctors say his wounds are fatal and his death of her time since the steamer sailed is expected within the next twenty four hours. He has been told he caunot live and wants to die. He realizes what he has done and has asked on

> the prayers of his friends. White regained consciousness short time after he was pleked ap-to those who found him lying in a floid about 200 yards from the Webb home where he shot Miss Lee. Monday morning he told friends at his bedside he had never had the thought of the girl out of his mind since the date set for their marriage, August 11th, who believed her duty to her father

> demanded that she remain with him. White said he had often thought of killing the girl and himeelf and that this thought became more persistent as time went by He said be had planned to kill her sometime when he found her alone but that when he saw another ring had displaced the one he had given her there before the other guests at the party something in him crashed and he had no knowl-

edge what happened afterward.

The funeral of his victim was held in the cemetery at Byers Sunday at ternoon and was attended by a large crowd of people who had known and admired the pretty young woman whose life was sacrificed to duty. The funeral sermon was delivered by Rev. H. F. Jones, pastor of the Bap-

tist church at Byers. The girl was the oldest child of the family and was like a mother to the younger children. Her father overwhelmed with grief at her death

THANKSGIVING SERMON BY REV. M'FADDEN

Union Services Will Be Held at First M. E. Church, Corner Seventh and Lamar

The pastors of the city have be gun arrangements for the union services on Thanksgiving morning and it. has been decided to hold them at the M. E. Church, corner Seventh and Lamar. Rev. C. L. McFadden, pastor of the Centari Presbyterian Church, will preach the Thanksgiving seroun and special musical and other features will be provided. All the congregations are expected to participate in the services.

In connection with the Thanksgiving services, steps will be taken at the meeting to put the united charlties of the city on a solid financial basis, so that the suffering and distress which every city finds amons its poor in cold weather will be alleviated. It is hoped to raise sufficient funds to provide for the needy through the winter season.

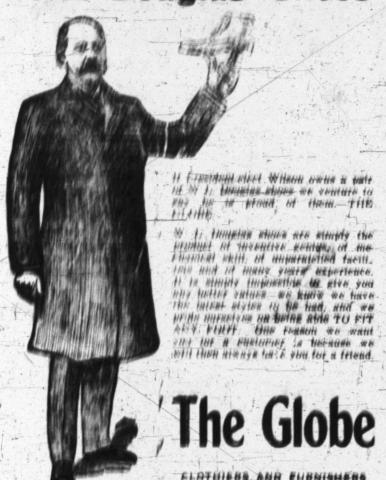

WIFE'S THIRST LANDS COUPLE IN JAIL

Search For Bottle of Beer on Sunday Results in Vagrancy Charge-Man Still In Jail

An overpowering thirst for beer on the part of his wife got a traveling man into trouble yesterday. His wife wanted a bottle of beer and wanted it bad and so they went together to that part of the city that knows no Sunday. There both were arrested for vagrancy and this morning in the city burt the man was fined \$25 and the woman released on her own recogniz-

The man had \$20 in his possession, but instead of applying it on his fine, he gave it to his wife and went to his

At wells Developments Expected at Petrolla. Petrolia, Texas, Nov. 18 .- After everal months of comparative dull-

ness the Petrolia field promises

some interesting developments next

Chief interest is centered in Five Rivers No. 1 on the Campbell lease northwest of Petrolia. Drilling has been stopped in this well so that preparations can be made to drill into the sand. Byers No. 7, more than a mile away, is the nearest producing well. The formation is said to e the same in the Five Rivers well as in Byers No. 7. Slade No. 1 on the Elliott is now down about, 800

feet and is progressing nicely. The Producers Company is getting ready to start its Byers No. 11, 300 feet east of Byers No. 7 and 300 feet north of Developers No. 1.

The Developers Company is ready offset Byers No. 11. R. C. Sander will put down their well.

The Big Pasture Oil and Gas Com pany had a fishing job the first par of the week, having lost its tools in These were recovered Tuesday, however, and drilling has been resumed. The company is now at a depth of 1,450 feet with indications that are very encouraging. The well is cased the entire depth and work is expected to proceed expeditiously -Frederick Leader.

Work of repairing the the Northwest Electra .. Company's well on the Finley lease, has been completed and drilling has been resumed. Traces of oil are reported to have been found at a depth of between 900 and 1,000 feet, indicating that the company is very likely on the road to a good strike. The company's extensive lease holdings will place it in an admirable positions if it should bring in a well. The company resumed drillings several days ago at a depth of 980 feet, and is now working in a promising looking shale. Frederick Leader.

Disclaim Standard Affiliation. Austin, Texas, Nov. 18.-President John Sealey and Attorneys E. D. Cavin of Galveston and George C. Greer of Beaumont filed with Attorney General Wathall more records and further asserted to him that the Magnolia Petroleum Company is no way connected with the Standard

Oil Company or interests. The con-

ference was an extended one. Mr. Sealey has been indicted by a federal grand jury at Dallas, for an alleged violation of the Sherman antitrust act. The Magnolia Petroleum Company purchased the interests of the old Security Oil Company and other properties after their antitrust sult. In the recent New York ease the Magnolla Petroleum Company was brought into prominence with regard to the handling of its

Mr. Wathall received evidence from the New York hearing. He was refused the evidence on which the Dalas federal indictments were returned. He has several times been told by melals of the Magnolia Petroleum Company that they have in no way

offended the trust laws. An Austin firm is said to have gotten from the district clerk the papers in the old Security Oil Company case, in which the state collected pen-allies and expured an ouster. The tact that this record is being delved into would indicate that a suit may he for acoming very shortly.

CANAL OPENING

(Continued From Page One)

these slides, and that is to dig them out as they occur, though some help is gained by terracing the upper banks. That is because the geological formation changes so frequently and suddenly that no other effective treatment has been found. So unstable is the earth that the material in one part of the cut begins to nime on an inclination as low as 1 on 7, owing to the mass of stratified rock sliding over a layer of lignite. One slide now in motion, near the bridge of Culebra .80 covers an area of 63 acres, from .75 which 2,710,000 yards have already been removed, leaving 1,300,000 sti .75 to be handled

Then there is another little slid of no less than 50 acres on the oppo site side of the canal. The result these earth movements, which a quite exceptional in engineering pr tice, has been to leave the canal its deepest portions, with very fl slopes. The encouraging feature .102 the heavy work at that point for in the statement in the report "th none of the slides which occur during the year would have interfe .56 ed with the passage of ships had canal been in operation.

Already the appropriations mad Congress for the canal have run 1.13 big figures, the total up to June last being \$293,561,468, and since date there have been additional propriations, exclusive of those fortifications, amounting to \$28,960 making the great total of \$322,541, On June 30 of all these appropriation the engineers had expended 69 cent of the total estimated cost of

canal Of even greater interest engineering point of view, than vast but commonplace work of vation in Culebra cut, was the of constructing the great locks Gatun, and Miraflores, and Petr Miguel, for there many novel lems have been solved, and lock chinery constructed of special signs of a magnitude never befor heard of For instance, so big the valves at the side of the locks that test showed that it required a pull of over ten tons on the stem to oper one of these valves. All this work is ione electrically, and here again the ngineers were confronted with new ifficulties. Owing to the peculiar limatic conditions on the Isthmus. vith tropical heat and extreme hu nidity, and the deteriorating effect of hese conditions on the insulation of electrical manhager, the ordinary in sulation proved unreliable and the engineers found it necessary to make great number of experiments, no ess than 16 sample motors being pitted against one another. It was an iwful test for dynamo and motor ouilders to have their machines rejuired to operate for a period of tentays in a building filled with steam at a temperature of 50 degrees condigrade and having the motor cases alled with water for five hours at 30 degrees. But finally the American

apparatus is being installed. These electric motors under tests, are now swinging the great gates of the canal, each weighing very many tons and as tall and broad as a great sky scraping building in the remarkable time of one minute and forty eight seconds. Incidentally it appears that to make these gates, the iron workers must drive and head 5,570,000 rivets. The pivots of these great locks are being made of a special grade of steel and bronze, not only for strength, but to protect them against corrosion, a very necessary precaution in view of the fact o that they will always be submerged it sea water after the canal is open. To guard against galvanic action, zink rings are also placed on the bronze bushings.

motor builders responded and suitable

To supply the power to operate the gates and sluice valves in the locks, and furnish current for the electric locomotives which are to tow the steamships through the locks, a great hydro-electric station is being erected adjacent to the spillway in Gatun dam. There are three 2,250 kilowatt water turbines, and three 2,000 kilowatt generators with suitable exciters and other auxiliaries. There will be enough available water from the storage in Lake Gatun to warrant the installation of 6,000 kilowatts, though in the dry season it will be necessary to draw upon the storage. Altogeth er it is figured that for this electric work seven per cent of the minimum water system of the canal will be required. A part of the electricity is to be used for lighting the line of the canal. There will be concrete lampposts 100 feet apart throughout the entire length of each lock wall. Altogether 7,000 lamps will be installed

at the locks. Outside of the oasal proper, the report shows that work has been going on rapidly in preparing harbors for the shelter of ships at pach end of the waterway. The work of fortification has also been progressing well, nearly half a million ; ands of concrete having been placed in the mortar pits and gun emplacements during the last year. The sanitation of the Isthmus also has been maintained at the high level set by Col. William C. Georgas, the chief sanitary office, from the beginning.

Artificial milk made from the soja bean is a testimony to the ingenuity of the Japanese and it is said to cor. sugar and phosphate of potash in respond very closely with ordinary proper quantities are added, and the The dairy industry of Denmark is condensed milk. The beans are quite extensive, and the greater part first soaked then boiled in water, of the butter is sent to England. Presently, the liquid turns white; ed.—Argonaut. Presently, the liquid turns white; ed,-Argonaut,

YOU be the Judge

THERE are no clothes of any other make priced at \$20 to \$25 that have a better reputation than STYLEPLUS CLOTHES \$17.

There are no clothes at \$20 to \$25 that will give you more style, more comfort, more wear, more satisfaction than

Styleplus \$17 Clothes

"The same price the world over"

That is our candid judgment, and as judges of clothing, we think we have some class. But we don't ask you to take our statements on faith. Just come in and investigate for yourself-you be the judge.

Try on a STYLEPLUS suit and compare it with the best you ever had at \$20 to \$25, and then if you don't agree with our conclusion, you'll not be "out" anything.

But it's a pretty sure thing that you'll buy a STYLE-PLUS suit and be "in" that difference of \$3 to \$8 in hard cash.

> No other store in town sells STYLEPLUSwe are the exclusive agents.

FOR FALLING HAIR.

Run No Risk When You Use This Remedy

We promise you that, if your hair s falling out and you have not let it go too far, you can repair the damage already done by using Rexall "93" Hair Tonic, with persistency and regularity, for a reasonable length of time. It is a scientific, cleansing, antiseptic, germicidal preparation, that destroys microbes stimulates good circulation around the hair roots, promotes hair nourishment, removes dandruff and act to restore hair health. It is as pleasant to use as pure water, and is delicately perfumed. It is a real toilet necessity.

We want you to try Rexall "93" Hair Tonic with our promise that it will cost you nothing unless you are perfectly satisfied with its use. It comes in two sizes, prices 50c and \$1. Remember, you can obtain Rexall Remedies in this community only at our store-The Rexall Store. (Adv.)

STATE DID A BUSINESS OF \$36,092,194.

Austin, Texas, Nov. 18.—According o State Treasurer J. M. Edwards' annual report for the fiscal year the State did a business amounting to \$36,092,194, having on hand in cash September 1, 1911, \$647,467; receiving and transferring during the year \$18, 119,072; disbursing and transferring \$17,973,122, and having on hand in cash the first of this fiscal year \$793,-

The value of the permanent school fund is placed at \$70,926,455, including \$1,172,817 of railroad bonds held by the supreme court of the United States to be invalid, thus reducing

the total valuation to \$69,753,238. Treasurer Edwards says that the State ad valorem tax rate is not sufficient to meet the general revenue demands and suggests that the law be amended to provide for deficiencies. Unsold school land belonging to the general revenue amounts to \$1,636,176 and the value of school bonds held is \$1 ,703,3 1. Assets of the State with the exception of \$793,417 in cash and \$149,84% in the bank guaranty fund bonds and total \$24,715,785.

LAWTON CONTRACTS FOR RINGLING'S ROAD

Believed There Proposed Line From Ardmore Is In Reality a Frisco

The contract as finally agreed to by the Chamber of Commerce binds the city of Lawton to the payment of a cash bonus of \$50,000, together with a ten mile right of way out of the city to cost not more than \$5,000, providing the Ringling road does not ise other tracks out of the city more than a distance of six miles. If the Rock Island tracks are used for a greater distance than six miles, the

onus will be cut to \$20,000. Mr. Ringling, with Jake L. Hamon eft Lawton Friday evening before the Chamber of Commerce finally acted upon this proposition. He had agreed to this change in his original

nto the city, is in a way, an open built direct from Ardmore. This belieg is given additional color from the fact that the prospective builder went from here to Duncan to secure a contract with that town- But there is a question of right of way between Ardmore and Waurika once owned by the Frisco, which may have to be settled before the definite route of the road is finally settled.

CONSTIPATION AND SLUGGISH LIVER GO.

Banish constipation, wake up your lazy liver, clean up your disordered stomach and drive the poisonous gas and decomposed matter from your bowels.

It's easy with the wonderful Hot Springs Liver Buttons, and best of all they act gently. They are without doubt the most perfect, blissful, satisfying constipation remedy you ever used.

They're fine for men, too-for everybody; and for men who are tired of the slam-bang purgatives that tear the lining of the bowels and act violently, we say give Hot Springs Liver Buttons a trial-you'll never use the rough- and tumble kind again. For sale by Stonecipher & Smith and all first class drug stores. Hot Springs Chemical Co., Hot Springs,

Those of my customers who have tried this dry packed sauer kraut will be right after their first supply the minute this announcement appears.

In fact, some of them have seen it in the store and have already had some. This is about the finest quality kraut that I have ever seen. It is clear, tender, fine and not the strong odor and flavor that is so common to wet kraut.

This is really delicious and I am sure would be appreciated on your table. It is only, per pound 7c

LOSS BY PROTECTION.

There has been for years an apprehension on the part of some Anerican manufacturers lest home industry receive its death blow from the introduction of free trade. The de sive result of the recent election demonstrated that the people disagre-Federal offices, the Times, being a with this view. But as some feamay remain it is worth, while to make more widely known the opinion of ar publican now holding office just as English economist a free trader-on scon as it can be done legally and the change of the United States from tairly. The Republicans have been in a high tariff to a lower tariff. Har power now for sixteen years, and dure old Cox, the present secretary of the ing that time they were entitled to Cobden Club, editor of the Edinburg hold the offices and have held them. Review, and formerly a member of For doing so they cannot be criticised parliament, is quoted in a recent in it was their right to hold them, and terview as saying: "From a purely they were not at all slow to stand English point of view, I should prefe on their rights. It is not likely that to have America remain a protection

This may seem to be a peculiar tion of his term, provided is is making statement to come from an official of the Cobden Club. But his reason is that in any instance a Republican of made clear. "Protectionists constant ficer should be permitted to hold over ly forget," he continues, "that al under a Democratic administration for though it is possible to secure the a greater length of time than the home market by means of import du-Democrat whom the Republican suc- ties, such as advantage, whatever it ceeded, held over under a Republican may be worth, is paid for by diminadministration. That may or may not ishing opportunities of success in the world's markets." This is exactly the situation to which the people in this country have, just been awakened. For years, through many protectionists administrations, we have had the ness and justness, and a square deal argument pounded in that only by shutting out competition could our "in long ago became apparent that these 'infant industries" had grown to ai most uncontrollable size and that protection of the sort we have been hav ing for twenty years has been constantly adding to their power. It also now seems to have become apparent that by shuffing out foreign competi tion we have shuf in our own factories and injured them as competitors to the world's markets: Mr Cox maker

> Supposing America, should be come an absolutely free trade country, there is no doubt that more. British goods would be sold in America. But at the same time the Americans would epermodsly increase their power to compete with Great Britain in the neutral markets and it is quito possible that Great Britain's gain in the American market would be lost in other narkets. dwing to the increased spirit of American competition-

That is putting the case plainly. Al sould be able to see the logic in it boast that "competition is the life of competing with a rival, has the bet-Protection has hampered, instead of

HUNDREDS GOING TO FREEPORT, WEDNESDAY

Opening of the New City Next Wednesday, Nov. 20th, Causes Widespread Interest-Investors and Homeseekers From all Parts of the United States Will Investigate Advantages of this Great Gateway of Texas -Make Arrangements for a Delightful Trip Today

Next Wednesday, November 20th, the new city of Freeport, at the mouth of the Brans. River, will be formally opened to the public and lots wil be placed on sale. There will be no auction sale of these lots and no competitive bidding. The same prices will be quoted to every one on any particular lot.

Men of foresight consider the opening of this new city an event of unusual importance to Texas and the great Southwest, for it means a vast rich territory will here have an outlet to the world, an ideal harbor and a great port city where there will be no wharfage or dockage charges.

EXCURSION RATES

The railroad fare to Velasco, with free transfer to Freeport on the opening day, Novemher 20, will be a fare and one-third for the round trip from all Texas points, and will continue in force during the entire month of November.

in was your Railroad Agent does not readily find the reduced rates, insist upon the ALL THE YEAR ROUND TOURIST RATE, which applies to Velasco, from all points. at one and one-third fare, with a ninety day limit.

HOW TO REACH FREEPORT

As the railroad is just building into Freeport, there may be many vallroad offices which will not be able to locate Freeport as a railroad town. In this case purchase tickets to Velasco, Texas, from which point transfer arrangements, ye hout expense to the passenger will be provided at the opening date.

FACTS ABOUT FREEPOUT

The following facts will contribute to the prospt and alding of this new Texas port. There will be no dockage or what lage charge at the government ownership and maintenance of jetties and channels; improvement by the government of the navigation of the Brazos River from Freeport to Waco, a distance of over 400 miles, a wonderful medium for distribution of freight at low prices; Galveston-Brazos and Galveston-Matagorda intercoastal canals—connecting Freeport with a great network of inland waterways; the development of Freeport sulphur fields, already representing a large investment, and preparations are practically complete for production; the oil operations of the Freeport and Mexican Fuel company, already established at Freeport; the wonderful agricultural resources of the valley of the Brazos and neighboring streams. The fact that sites are to be donated on water front to such factories as are worthy of this encouragement.

It is worth any man's time to go on this excursion next Wednesday to Freeport and attend what will doubtless prove to be one of the most auspicious occasions in the history of Texas. The investment feature of the opening of this new port city is worthy of consideration of every conservative business man. In fact no such opportunity has ever before been placed before the public. To lo Freeport on the 20th.

Detailed information and illustrated folder about Freeport sent upon request. Address Freeport Town Site Co., E. C. Hastings, Manager for S. M. Swenson & Sons, and Associates, Freeport, Texas.

Acreage Near Town

Will become very valuable some day with the growth of Wichita Falls. We can sell you the cheapest acreage around Wichita Falls in blocks of 21/2 acres each for \$300, and on monthly installments. Think of it-the same as fourteen city lots for less than \$25.00 a lot if the same land was divided into lots. This land can be irrigated and makes an ideal place to work in town and supply your own table by raising chickens, a garden, orchard and keeping a cow. Many others are doing the same at Southside Acres where we are selling acreage tracts at less than any acreage the same distance from the heart of the town can be bought.

Southside Acres is 1 3-4 miles east of Postoffice and adjoins the City of

Wichita Falls on the southeast corner. More than half of the Addition has been sold and the remaining tracts are going fast. Let us drive you out while you can get choice locations.

The pain caused by a bruise is simply nature's way of letting you know that many little blood vessels are broken and that the congested blood needs help in moving along.

IN CASE OF A SPRAIN

the circulation must be stimulated not only to prevent congestion but to furnish material for repairing the injury.

It is impossible to treat such injuries from the outside, but our liniments are the ideal external applications for all such troubles and the rubbing neces. sary in applying them helps stimulate the circulation. You should never be without a good liniment, for the seoner they are applied after an in jury the easier it is for them to do their work.

NOTOFTEN

It's seldon that you have a chance to buy genuine Michigan Sweet Cider, Boiled Cider and Apple Cider Jelly :-: :-:

We have received direct from the orchards of Michigan a shipment of these goods, and they are "as fine as silk." Cider Jelly is entirely different than anything else in this line and Southern Michigan and Northern Ohio is the only section we know of where it is produced. There is nothing as good to serve with meats. If you know what it is, we've said enough. If you don't, you have overlooked a bet. You will want some boiled cider for your Holiday cookery. Order the sweet cider while it's fresh.
