HOW LONG UNTIL "KITTY" GETS PILE

REPORT TO "MONEY TRUST" PROBE SHOW BROKER'S COM- MISSION 7 1/2 PER CENT

THIRTY TIMES A YEAR

Some of the More Active Stocks are Traded—Progress is Made

By Associated Press.
Washington, Dec. 11.—Walter Frew,
chairman of the New York Clearing
House, at the "Money Trust" invest-
igation today, put into the record a
report by a committee of the clearing
house, showing the cost of and the
charge for, making out of town
collections during 1911.

The report showed a profit to the
banks on such collection charges of
\$90,000 for the year.

Mr. Frew declared emphatically
that he never knew of the New York
banks refusing to allow the country
banks to withdraw their funds during
the 1907 panic.

Lawrence W. Scudder, a public ac-
countant who prepared tables of all
transactions in certain stock on the
New York Stock Exchange produced
a series of tables covering the period
from 1906 to date.

On an average Mr. Scudder said
the entire capital stock of Reading
was sold 30.9 times a year. Mr. Scud-
der said that the brokers' commis-
sions on transactions on Reading over
this period, amounted to about 7 1/2
per cent of the value of the stock.

The table of the United States Steel
corporation showed its capital was
sold on an average of 5.2 times a
year. Union Pacific transfers since
last winter, when the stock books
were lost in the Equitable building
fire, were 16 per cent of the sales.

ARRESTS MADE ON FELONY INDICTMENTS

Among Those Returned Were Four Against G. W. Mason—Five Ar- rests in Felony Cases

Arrests have been made in five of
the six felony cases for which indict-
ments were returned yesterday by
the grand jury. G. W. Mason was
indicted on one charge of swindling
and three of forgery, making \$1000
bond in each case. These charges
grow out of alleged transactions in
the H. A. Overall lease, one charge
of forgery being based on each of the
three leases.

The indictments for forgery charge
that Mason, after Overall had signed
and acknowledged the lease with a
consideration of one dollar in each,
altered the documents so as to read
with a consideration of \$500 each.
Mr. Mason stated last night that he
was glad so that the matter could
be thoroughly threshed out.

Another indictment charges Jim
Miller with violating the state laws
with relation to gaming, it being al-
leged that he operated a table where
gambling was allowed and that rooms
under his control were used for
gambling. He made bond in the sum
of \$1000. No arrest has been made
in the remaining felony indictment.

Five misdemeanor indictments
were returned, each charging unlaw-
ful drinking of liquor in bawdy
houses. Arrests have been made in
each case. The grand jury adjourned
until January 13, instead of Janu-
ary 7, as at first announced.

J. C. WARD APPOINTED CITY FIRE MARSHAL

New Marshal Former Member of De- partment and Much Interested in Fire Prevention and Protection

J. C. Ward was this morning elec-
ted fire marshal of Wichita Falls,
succeeding Vic Stampfl, who resign-
ed last week as chief and marshal.
It will be Mr. Ward's duty to visit
the scene of all fires, and make re-
ports as to probable cause, damage,
etc., also to see to the enforcement
of fire ordinances. The salary will
be \$10 per month.

Mr. Ward is an ex-fire fighter and
is nearly always on hand when the
department is called out to a blaze.
The office of marshal enables the city
to get a cheaper fire insurance rate,
and every city of any size in the
State has such an official, since the
passage of the present fire insurance
laws.

TAFT CONSIDERING YALE PROFESSORSHIP

Has Been Offered Kemp Professorship in the Law School—Place Pays \$5,000 Per Annum

By Associated Press.
Washington, Dec. 11.—President
Taft is considering an offer of the
Kemp professorship at the Yale Law
School. Should he accept it, his re-
lationship to Yale University would be
much the same as was former Presi-
dent Cleveland's relation to Prince-
ton. Mr. Taft is considering this
offer and also his original plan to
practice law in Cincinnati. Some of
his friends believe he will accept the
Yale place. The Kemp endowment
pays \$5000 a year.

THATCHER RESIGNS BANK CASHIERSHIP

Condition of Health Cause of Resigna- tion from Position With First State Bank & Trust Co.

T. C. Thatcher, cashier of the First
State Bank and Trust Company since
its organization in April, 1907, at a
called meeting of the directors Tues-
day tendered his resignation to be-
come effective at the first of the new
year or as soon thereafter as the
bank could conveniently relieve him.
The directors accepted the resigna-
tion with the understanding that if
the condition of Mr. Thatcher's health
which is the reason for his being of-
fered, improved, it was not to become
effective, and it is probable his suc-
cessor will not be named for some
time in this hope.

This is the first break in the bank's
official family since it was organized
over five years ago. It was offered
as reluctantly as it was accepted.
For many months Mr. Thatcher has
been a sufferer from rheumatism and
he is not hopeful for a permanent
cure until after a long course of
treatment. As soon as he is reliev-
ed of his duties at the bank he will
go to Hot Springs for treatment.

Patrons of the bank and friends of
Mr. Thatcher will regret to learn
that his health does not permit his
active connection with the bank and
all will join in the hope that the
treatment contemplated will result
in a speedy and permanent cure of
his ailment.

night December 19 for Key West, Flor-
ida, where he will sail on the after-
noon of December 21 for Panama on

FIERCE ATTACK UNION PACIFIC

PRICES BREAK UNDER HEAVY SELLING AND STOCK MARKET BADLY UNSETTLED

OTHER STOCKS GO DOWN

Supreme Court's Ruling in Railroad Merger Case Affects Stock Market

By Associated Press.
New York, Dec. 11.—Weakness in
Union Pacific unsettled the stock
market to a point approaching de-
moralization during the noon hour to-
day. Many offerings of the stock
were made just before noon and con-
tinued over an hour. The stock de-
clined to 157, a break of over five
points from the early morning.
Today's low quotation is the low
level of Union Pacific for over a year.
Other stocks moved down sympathet-
ically and the excitement on the ex-
change was greater than at any time
since 1907.

CRITICISES COURT LAUDS PERKINS

Roosevelt Refers to Idaho Tribunal in Speech at Chicago Convention Yesterday

Chicago, Ill., Dec. 11.—Col. Theod-
ore Roosevelt, George W. Perkins and
Miss Jane Adams headed a list of
speakers at the National conference
of the Progressive party here yester-
day. Col. Roosevelt, digressing from
a prepared speech, attacked the Idaho
State Supreme Court for its decision
during the recent campaign regarding
Presidential electors.

Mr. Perkins was the center of at-
traction when it became known that
certain of his fellow-Progressives had
started a movement to oust him from
the party.

Miss Adams presented a most com-
prehensive educational campaign plan
and at the afternoon session, when
Progressive leaders from various parts
of the country told of their experiences
in the recent campaign, the conference
developed into a love feast.

Col. Roosevelt's attack on the Idaho
court decision came in way of com-
ment on the action of the court in
citing the editor of the Capital News
of Boise for contempt, because the
paper criticized the court's decision.
The strongest thing the paper printed
was Col. Roosevelt's own telegram de-
nouncing the decision, declared the
Colonel, who advocated that the Pro-
gressive party fight the case for the
defendant editor and make good any
fine that might be assessed against
him.

Although the Idaho law makes no
provision for the election of Presi-
dential electors, the Colonel pointed
out the Supreme Court of that State
"permitted Republican and Democratic
electors to be put on the ticket by con-
struing a provision which provided for
the election of Constables and other
officers to include Presidential electors,
but held that the Progressive
ticket could not be nominated by pe-
tition because the highest number of
votes enumerated as necessary to nom-
inate by petition was 300 for the elec-
tion of State officials." The Idaho
court held electors not to be State
officials, notwithstanding the Supreme
Court of the United States had held
them not to be National officers, he
said. He referred to the decision as
"outrageous."

Col. Roosevelt championed Mr. Per-
kins heartily. The Colonel declared
Mr. Perkins is one of the men he is
proud to have as a fellow-worker in
the new party. "Mr. Perkins in an ad-
dress recent the insinuation that he
was a recent convert to the movement.
He had fought for social and indus-
trial reform through his connection
with the various companies for many
years, he said. "The reason why I
am with you," he concluded, "is that
I am the first National party to take
up the practical questions which con-
front this country. These are the prin-
ciples which must be adopted if this
country would endure."

The educational plan read by Miss
Adams provided for six subdivisions
of the general organizations, as fol-
lows:

Education and publicity, legislative
reference, social and industrial justice
conservation, cost of living, corpora-
tion control and popular government.
A National committee and executive
staff and six bureaus to spread the
propaganda are provided for.
The session was extremely demon-
strative. Col. Roosevelt's criticisms of
the Idaho court and Mr. Perkins
speech were applauded for several min-
utes each by the delegates.

By Associated Press.
San Bernardino, Cal., Dec. 11.—
Two beans, one of which had sprout-
ed into a small plant, were removed
from the head of a Mexican laborer
today by a physician. For months
the man had complained of severe
pain. The beans had entered his
head through his left ear. The grow-
ing plant was already nearly an inch
long, and apparently had flourished
in the ear tube.

AUSTRALIA PREPARES TO FIGHT MONOPOLY

Government Given Authority to De- clare Laws to Cope With Trusts Monopolies

By Associated Press.
Melbourne, Australia, Dec. 11.—A
monopoly bill was passed through
its final stage in the House of Rep-
resentatives of Australia yesterday
by a vote of 41 to 26. This measure
gives the government power to legis-
late in regard to trusts, combines
and monopolies. The government re-
cently found itself in the grip of the
International Steel Trust when mak-
ing a purchase of rails. It was also
apprehensive over the alleged entry
of the American Beef combine to get
Australian trade into its hands.

TRIPLE TRAGEDY NEAR WAXAHACHIE

C. A. Baumgardner Shoots Wife and Hired Man and Then Kills Himself

By Associated Press.
Waxahachie, Texas, Dec. 11.—C. A.
Baumgardner, a farmer living near
here at 7 o'clock this morning shot his
wife and New Pierson, his hired man
and then killed himself with same
pistol shooting himself in the head.
His wife is believed to be fatally
wounded. Pierson's injuries are slight.
Baumgardner opened fire unexpectedly.
The first shot hit his wife in the
breast; the next two shots were aimed
at Pierson, one of them striking the
fleshy part of his right arm. The
fourth shot ended the farmer's life.
The dead man formerly was an engi-
neer on the Houston & Texas Central.
He was about fifty years old and father
of several children.

\$5,000 NEEDED TO COMPLETE FUND

Approximately \$75,000 or \$20,000 Need- ed for Fruit Jar Factory—Site Fund Promised

Approximately \$15,000 of the \$20,
000 which is being raised to purchase
the site for Ball Brothers glass fac-
tory, had been promised to the solic-
itation committee up to late this after-
noon, and the committee hopes to
be able to announce the completion
of its labors very shortly.
Of the \$20,000 needed to acquire
the site, Messrs. Kemp and Kell gave
half or \$10,000 and about \$5,000 has
been subscribed from other sources,
to make a total so far of \$15,000 or
more. The committee has met with
much encouragement so far, but feels
that the entire amount should be
quickly subscribed without additional
delay.

THOUGHT HE HAD TO HAVE TWO LICENSES

"How much does a marriage license
cost?" asked a nervous appearing in-
dividual in the county clerk's office
this morning.

"One-fifty and up," was the answer.
The man pondered.

"Well, I guess you can fix me up
a couple," he said. He was persuaded
that one license would be sufficient
for both himself and his bride and
went on his way.
As if determined to keep up the
average, the marriage license busi-
ness has been quite brisk of late, five
being issued yesterday and today. It
requires a good many, however, to
offset the divorces Judge Martin has
been granting at a rapid rate up-
stairs.

TWO FACTIONS HEAVILY ARMED

COURT RECORDS AT OLD JAY GUARDED BY HUNDRED OF HEAVILY ARMED DEPUTIES

THE OPPOSING FORCE

Headed by Sheriff from New Jay as Fully Armed as Defenders— Clash is Feared

By Associated Press.
Muskege, Okla., Dec. 11.—All ex-
pect three of the county officers of
Delaware county have fled from their
office in the court house at Jay.
Sheriff Hogan offered his resignation
and Sbert-elect Bud Thomas has
been sworn in to take his place. One
hundred armed men are patrolling
the streets surrounding court house
and are defying anyone to touch the
county records.

The new sheriff has sworn in
nearly two hundred men to assist
him in carrying out the order of the
court to move the county records to
New Jay, half a mile away. The one
hundred men guarding the old court
house are armed with high power
rifles.

The sheriff's force is similarly
armed. The first attempt to move
the records was made Monday and
was frustrated. Another attempt
was made Tuesday and again failed.
Two marshals from the supreme court
are on the ground but have failed to
accomplish anything.

The slightest act of violence might
start a riot. Bill Sheldon, an en-
forcement officer, was disarmed by
the Old Jay faction and ordered to
leave town. It is asserted three shots
were fired at him.

Governor Cruce Awaits Further News.

By Associated Press.
Oklahoma City, Dec. 11.—Governor
Cruce is today awaiting further news
from the trouble at Jay before order-
ing any militia for the county seat
which is threatened.

The trouble is a climax to the county
seat fight which has been waged
for months between two rival factions
in the town, one at New Jay and the
other at Old Jay. The two towns ad-
join. The situation is so delicate that
Governor Cruce has been asked to send
a detachment of the State militia to
the town to quell the disturbance.

tive work during 1913 by the associa-
tion. There has not been a quorum
at any of the monthly meetings dur-
ing the past year and the members
hope to have more regular atten-

MAN WHO SWINDLED LAWYER ARRESTED

One of Men Captured at Memphis Credited With Swindle That Showed Exceptional Talent

By Associated Press.
Houston, Texas, Dec. 11.—BERG
Nolen, one of the men mentioned in
yesterday's raid at Memphis, will be
brought to Houston for trial. Indict-
ments here charge him with forgery
and swindling. They grow out of his
employment of Arthur Holdingsfield,
a lawyer, to get Nolen a divorce and
having the lawyer procure the cash-
ing of a bogus draft on an Oklahoma
bank, deduct his fee, and turn over
to Nolen the balance amounting to
over \$3000. The lawyer claims he in-
dorsed the draft for identification
only. As a result of his act, the draft
was cashed, and the bank held up
the lawyer's personal funds for re-
imbursement. The lawyer has now
sued the bank to recover the amount.

Alleging that after he had pur-

SAYS BROTHER WROTE LETTER

PETER BUNN SAYS HE HAD NO TH- ING TO DO WITH THREATEN- ING LETTER TO WILSON

THE THREE ARE HELD

Wood Choppers Demand \$5,000 From President-elect Wilson as Price for His Life

By Associated Press.
Newark, N. J., Dec. 11.—The three
so-called mountaineers arrested at
Dover, New Jersey last night charged
with writing threatening letters to
Woodrow Wilson, are locked up as
federal prisoners here today awaiting
a preliminary examination Monday.
Two of them are brothers, Peter and
Jacob Bunn, 24 and 26 years old, re-
spectively. The other is Seeley
Davenport, 42 years of age. Accord-
ing to postoffice inspectors who made
the arrests, Peter accuses his brother
Jacob of doing the writing.

Letters Demanded \$5,000.

New York, Dec. 11.—A letter re-
ceived by Gov. Woodrow Wilson of
New Jersey, President-elect of the
United States, threatening him with
death unless he paid \$5,000, led to
the arrest yesterday by Federal of-
ficials of three woodchoppers living
in log huts at Ford Mine, an iron
mining settlement adjoining the town
of Wharton, in Morris County, New
Jersey.

The men arrested were Jacob Dunn,
35 years old, otherwise known as
"Nig"; his brother, Warren Dunn, 32
years old, known as "Pete" and
Seeley Davenport, 28 years old,
known as "Snake." Jacob Dunn is
charged with having known the ac-
tual writer of the letter and the other
two are charged with having aided in
its composition.

They were taken to Newark, where
the three prisoners were arraigned
before United States Commissioner
Stockton and ordered by him to the
 Essex county jail in \$2,000 bonds to
await a hearing next Monday.

The letter, it transpired today, was
received at the Governor's office in
Trenton on Nov. 11, last, and was
opened by his private secretary, J. T.
Tumulty. The envelope was address-
ed "Mr. Woodrow Wilson, Trenton,
N. J."

The letter was written in a large,
scrawling hand and was dated Nov.
11. Underneath the date were the
words "New York party." The body
of the letter read:

"Mr. Woodrow Wilson, I am
now again to warn you of what
we are going to do to you, as we
didn't want Teddy or McKinley
way Wilson you have got the of-
fice as President yet and we are
death to Presidents so no Wil-
son if you have got \$5,000 by next
for this party we will spare your
life, but if not we will shoot you
before you get in the office as
sure as your name is Wilson so
we give you time to think the
matter over so we will know
what you are doing right or
wrong.

"But if you don't send the
\$5,000 you will be sorry that you
didn't, say Wilson we are not a
bit mean in telling you what
we mean to do to you so if you
want to live and hold your of-
fice just send \$5,000 in gold by
Nov. 24 and send it by mail.
If you don't we will be on your
track soon. Address P. J. Sha-
dunk, R. F. D. Route 2, Box 14,
Wharton, N. J."

It was learned that Governor Wil-
son was inclined to make light of the
threat contained in the letter, but
that his wife and daughters took a
different view of the matter.
Mrs. Wilson particularly was alarm-
ed and insisted on an investigation
to which the governor reluctantly
consented.

SIDNA ALLEN GETS FIVE YEAR SENTENCE

Leader of Hillsville Gunmen Convicted of Involuntary Man-Slaughter

By Associated Press. Wytheville, Va., Dec. 11.—Sidna Allen, leader of the Hillsville gunmen, who shot up the Terrell county court and killed five persons, was convicted today of involuntary manslaughter. The jury fixed his punishment at five years imprisonment. He was on trial on a first degree murder indictment for the killing of Commonwealth Attorney Foster.

No Franchise Necessary.

By Associated Press. Austin, Texas, Dec. 11.—In the case of the city of Brownwood vs. the Brown Telegraph & Telephone Company the third court of civil appeals today held that a telephone company may erect its poles and string its wires on the streets of a city, town or village, if it complies with the city ordinances in so doing.

The company, while building from Temple to Brownwood reached the city limits of Brownwood and was refused permission to enter that city.

OIL FIELD NEWS

The performance of the Webb-Hardenburg well on the Honaker is quite irregular and latest estimates place its production at from 25 to 50 barrels daily. There is considerable water coming up with the oil.

F. S. Henry of Tulsa, president of the Henry Oil Company, is here looking after interests. The Henry company has drilled one dry hole at Petrolia and now has some acreage under lease in the Burk Burnett country.

England and others have made a location on their forty-acre tract near Petrolia, being the old J. P. Johnson property.

S. J. Slade and associates are shipping material for three rigs on the Joyce tract. Holmes and others have a new location on the Elliott, so that Petrolia activities seem on the increase.

Another Big Well at Tampico. Freeport, Texas, December 10.—Telegraphic information was received Friday by the Freeport Townsite Company that one of the new wells owned and driven by the Freeport & Mexican Fuel Oil Company in the Tampico district, Mexico, came in on December 3rd. The dispatch states that it is producing five thousand barrels per day.

The Company's Texas location and base of operation is at Freeport, where they have already built their first storage tank. This new well will largely increase the supply of oil stored at their Freeport supply station.

This fuel oil is a tide-water proposition from the source of production to their distributing tanks at Freeport. The Freeport and Mexican Company being able to run their oil by gravity pipeline from the source of production direct into the tank steamers at Tampico, bring it across the Gulf, and pump it into the Company's tank located on the west bank of the Brazos at Freeport. This insures the handling of the oil at a minimum cost from the oil fields, and makes it possible for future industries that may be located at Freeport and this section to purchase their fuel oil at the lowest possible cost.

The Producers Company is reported to have brought in a good gas well on the Bywaters lease near Electra. The gas flow is said to be much greater than in any yet drilled at Electra. Other wells are to be drilled and an attempt made to develop a gas field.

The Producers well on the Johnson tract near Graham, was 2,365 feet deep yesterday. It will be drilled deeper.

BODY FOUND THAT OF GENERAL'S DAUGHTER

By Associated Press. Versailles, France, Dec. 11.—A profound sensation has been caused by the news that the body of a young woman, found in the depths of the forest of Fontainebleau, two days ago, has been identified as that of Gabriel Ende, the daughter of a distinguished retired surgeon, who resided here. The girl disappeared two months ago under mysterious circumstances. Members of her family believed she was the victim of hallucinations, but how and where she spent the time of her disappearance is a mystery, because she had only twenty francs when she left home.

Right now would be a good time for the women of Wichita Falls to see that their sisters will have the right to hold office under the new charter.

This is fine weather in which to do your Christmas shopping, and the stores are lined with customers, which indicates that there will not be the usual jam on the day before. This is encouraging both to the shopkeepers and clerks.

Col. Roosevelt told the Progressives at Chicago today that their leader must be chosen without regard to his own desires. For instance if a man has been elected president and has given his pledge to the people that he will not again be a candidate or accept a nomination for that office, the application of seven governors will constitute an overwhelming demand to which the recipient must bend.

The comptroller's department has compiled a statement which discloses that the total area of "wet" and partially "wet" counties in Texas is 92,779 square miles, while the total area of the state is 363,762 square miles. This leaves a totally "dry" territory of 172,221 square miles.

It is said that Gov. Colquitt aspires to fill the position in the United States Senate by Senator Culberson at the expiration of the latter's term. For a long time it was thought that Senator Culberson's health was so bad that he would not offer for office again, but he seems to have recovered, and now appears to be as vigorous as ever.

Senator Culberson is quoted in a Washington dispatch as saying that at the proper time he will endorse Murrel L. Buckner for postmaster at Dallas under the Wilson administration. By this it can be inferred that the Senate at this session will refuse to confirm the appointment made by President Taft when he removed Sloan Simpson for "pernicious political activity," and this it should be. The Dallas postoffice is a presidential office not under the civil service rule, and there is little or no excuse for any Republican holding any one of such offices after the Republican administration comes to an end and the Democratic administration takes charge, without regard as to time set for expiration. At least that seems to be the way the leading Democrats of

"Better Methods, Not Laws," Needed in Fruit Handling. Tyler, Texas, Dec. 11.—Hon. S. A. Lindsey of this city and chairman of the Farm Life Commission, which is being fostered by the Texas Commercial Secretaries and Business Men's Association, in a recent report to the Welfare Commission gives some startling information about the cost of handling Texas products in Colorado.

He cites as an example that cantaloupes which brought the Texas producer 48 cents per crate cost the Colorado consumer \$4.80 per crate; that peaches which yield the Texas grower 50 cents per bushel F. O. B. shipping point, cost the Colorado consumer \$3.75 per bushel.

Investigation into the matter of the difference in these prices was made, revealing the following: In the case of cantaloupes the freight was 25 cents per crate, and in that of peaches 40 cents; icing charges 15 cents; \$4.02 per crate for icing and \$2.60 per bushel, were added after reaching Colorado, as the cost of setting these products from this car to the consumer.

WILSON PLEASSED WITH BRYAN'S POPULARITY.
Hamilton, Bermuda, Dec. 11.—Democratic opponents of William J. Bryan, who set out to show President-elect Wilson how unwise it would be to put the Nebraska in the cabinet as Secretary of State, have evidently started something akin to that affair at Baltimore, from which Mr. Bryan, after being decisively eliminated, emerged as the chief force which had made Gov. Wilson the party's standard bearer.

Mr. Bryan has since said he did not do it—but he simply knew when to find the faucet to turn on the will of the party. Mr. Bryan may not have been burning on any other facet, but evidence of his popularity has been engaging the attention of Gov. Wilson in the last few days.

When erroneous reports were printed in New York and elsewhere that Gov. Wilson had offered the State portfolio to Mr. Bryan there was immediate evidence in the mail of the "lower" that such a step would be exceedingly unpopular among Democrats.

Many of them wrote their protests—in most cases making Gov. Wilson pay postage duty—and editorials of various newspapers were of ten inclosed. The news of this opposition was cabled to the United States. Then someone turned on the faucet and the rank and file responded with a will.

Gov. Wilson, when he saw the correspondence, explained that he had spent more than four hours reading his mail and that most of the letters were strongly in advocacy of Mr. Bryan for the chief post in the cabinet.

He said that while the first letters had opposed the Nebraska the communications favoring him now counted up at the ratio of about four to one.

"Then Mr. Bryan still has friends?" asked one of the interviewers.

Advantages of Organized Charity Work Explained

To the Public:

A committee will soon wait on you for your annual contribution to the Charity fund. This is one fund to which it should be a pleasure to contribute. Besides the pleasure of helping the poor and the reflex influence of a good deed, it is positive economy, viewing it from a selfish standpoint, if you give through this channel, because of the economical system of distribution, including the investigation of each individual case by our secretary, and the consequent saving of time and money to the contributors of this fund.

It is a pleasure to give to the worthy poor, and none of us want them to suffer; still our secretary tells us that last season 75 per cent of the applicants for charity were unworthy.

Suppose this case: A man walks into your place of business with a pitiable tale of destitution, a woman is sick in bed and has a number of children who are crying for bread and destitute of sufficient clothing to keep them warm; the man is a stranger who is asking help. Are you going to stop your business and walk six or eight blocks to find out if the story is true and are you safe in handing our money to some stranger?

We believe our way is much more practical—to send our secretary to find out the facts and give groceries, coal, etc., rather than money to such as are worthy or in real need.

We give our contributors a card stating that they are members of the public charities and requesting that they do not give money or goods to any one asking help but to send them to our secretary.

What a relief this ought to be to a busy man! When the soliciting committee calls on you, give them the welcome they deserve.

Permit me in this connection to suggest the importance of an Emergency Hospital, owned and operated by the city. We have had three appeals today for help for women, who need to be sent to a hospital. The cases are urgent but our funds are too limited to take on cases of this kind, and we can only help in a small way. Besides the city has grown to where there are a great many accidents in the course of a year. Should a man get injured by a railroad accident in or near the city limits, the officers will phone the

railroad officials who usually declare he is a trespasser and that they are not responsible, then they phone to the mayor who says the city has no place to move them but to the jail and the county judge tells them about the same thing or at best the injured man must suffer until arrangements are made to take him to a private hospital. They may every one be telling the truth, but in the meantime the poor fellow may be bleeding to death. In some instances big-hearted men have come to the rescue and declared they would be responsible for hospital fees rather than witness such suffering and neglect.

I feel that the city council should give the hospital preferred attention and take time to give this important matter immediate attention.
J. C. HUNT, President.

Friberg Happenings.

The oyster supper at the school house on "Thanksgiving night" was well attended and netted about \$12 for the school.

Preaching services of "Thanksgiving at Thornberry" were fairly well attended and the public dinner served by the ladies of the M. E. church was a complete success, especially in the variety and quality of the viands. These could not be surpassed as one good Baptist woman said, such a dinner would cost a dollar in town. The proceeds were \$20.

Next Sunday and Monday will be held the first quarterly conference for the new year for the Thornberry and Friberg charge of the M. E. church. Dr. Easter, of Fort Worth, the district superintendent, will be present and preach at Thornberry Sunday night and administer the sacrament of the Lord's supper. The business meeting will be held on Monday. This can and should be a great occasion for Christian people especially Methodists. Everybody is invited to these services.

The pain of Sunday, December 1, came in time to be a great help to the wheat, which had begun to need it. The Ladies Aid Society met with Mrs. Iola Thornberry last Thursday. Several of our people took advantage of the cold snap last week to do some butchering. Friberg Sunday school will celebrate Christmas by a good program of songs and recitations.

Drives Off a Terror.

The chief exceptioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip, in any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Rawsonville, Vt. "and for coughs, colds and croup we have never found its equal." Price 50 cents and \$1.00. Trial bottle free at all druggists. (Advertisement)

DEER AND EARLY SUIT SETTLED

City Pays Sewer Contractors \$3500 in Settlement of Judgment for \$5979.85

A city warrant for \$3500 was this morning handed to counsel for Messrs. Derr and Early of Oklahoma City, sewer contractors, who a short time ago received judgment against the city, in the federal court, for \$5979.85. The sum of \$3500 was agreed upon last night after considerable dickering, and the council held a brief session this morning and made the final settlement.

The suit brought by Derr and Early was to recover money alleged to be due on the sewer contract, and which the city claimed it was holding to cover alleged incomplete portions of the work.

The contractors last night offered to accept \$4300 as a compromise when this was declined by the city, \$4000 was suggested. The council turned this down and went into executive session. At the conclusion of the executive session, Judge Mont-

gomery of the city council in the suit, announced that the city would agree to pay \$3500, and that this was its final figure.

Counsel for the contractors announced that this amount would be acceptable, but that his clients would take \$3750 to settle. He said that he would be at the hotel if the council desired to see him further. "You needn't wait on our account," said Mayor Bell.

The council proceeded to other business. In about ten minutes the attorney returned and announced that his clients would take the \$3500, and it was agreed to close up the matter this morning, which was done, and the litigation definitely and permanently settled.

The council passed an order raising the salary of Sanitary Inspector Brown to \$65 per month, effective at once. The remainder of the session was spent in checking reports and accounts.

"I want to thank you from the bottom of my heart," wrote C. D. Racer of Lewisburg, W. Va., "for the wonderful double benefit I get from Electric Bitters, in curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice and to rid the system of kidney poisons that cause rheumatism, Electric Bitters have no equal. Try them. **GOV. COLQUITT MAY
RUN FOR SENATE**

**Former Dallas Man Says Governor
Will Seek Culberson's
Place**

San Antonio, Texas, Dec. 11.—That Governor Oscar B. Colquitt is already actively at work as a candidate for the United States senate to succeed Senator Chas. A. Culberson in 1917 and that a number of his closest friends are aware of this fact, is the statement of Thomas F. Ryan, former Dallasite and for several years a resident of New York. Mr. Ryan is now in the state on business and spent yesterday in San Antonio. He has taken an interest in Texas political affairs even since his removal to New York and says he was not in the state two days before picking up the facts with reference to the governor.

"I got my information from quarters so close to Mr. Colquitt that there can be little doubt of his intentions," said Mr. Ryan. "Of course, he may never formally announce, and that is my guess as to the actual outcome. But just at present he is a candidate for the senate of the United States and but for the fact that the campaign is nearly four years away he would be letting all the world know his ambition.

Robert F. Coon, member of the senate Democratic committee for this senatorial district and formerly one of the most intimate of the governor's friends also voiced the opinion yesterday that the present chief executive of the state is to be an avowed aspirant for the senatorship in 1916. While diplomatic relations between Mr. Coon and the governor have been severed, the former believes there is no sort of doubt possible as to the aspirations of Mr. Colquitt.

"In 1894," continued Mr. Ryan, "I was one of those who fought for the nomination of John H. Reagan for governor. I didn't believe the defeat of the grand old man of Palestine was possible. But I was soon to be undeceived. What Culberson did us to us was even. He earned my respect and even my admiration in that contest and he has had both ever since.

"Though I can never get over my interest in everything pertaining to Texas, I don't pretend to be any political prophet here. But I am willing to wager the best dinner for four that any New York cafe knows how to charge for that, if Culberson runs for re-election, Culberson will be nominated for his fourth term. I have watched his course in congress and I know he has lost none of his wonderful strategy and none of his ability to meet every contingency. Men who have tried to eclipse him have either passed or are passing. He is the brook of Texas politics. He runs along smoothly, but he keeps running and he gets there."

"And there is no reason, I say it as a former Texan, why he should be displaced. He is the best leader of the senate under Woodrow Wilson. He has been a credit to his state, to the south and to the Democratic party. Texas Democrats will not turn down a public servant of that kind.

"They wouldn't turn him out for Governor Colquitt right at this moment. Mr. Colquitt will have been out of office nearly two years before it is time to shy his castor (or his hat) into the ring. It takes a man able to haul a whole load of pumpkins to jump from private life into United States senatorship, especially after a lapse in his tenure of office-holding. That's why I am willing to repeat that, if Culberson runs and none need doubt that, Culberson will be senator once more."

San Antonio politicians, Colquitt leaders and those opposed to the governor, have heard recently that former State Senator William A. Hanger of Fort Worth, is very likely to be a candidate for the governorship after Mr. Colquitt, and that District Judge Barry Miller of Dallas is also looking toward the executive mansion as a very desirable residence. Both are warm friends of Mr. Colquitt.

Men who would hardly be satisfied with either Mr. Hanger or Judge Miller are waiting, some of them already predicting that, Attorney Gen-

**THE BEST PROOF.
Wichita Falls Citizens Cannot Doubt It**

Doan's Kidney Pills were used—they cured.

The story was told to Wichita Falls residents.

Time has strengthened the evidence.

Has proven the cure permanent.

The testimony is honest testimony—The proof convincing.

It can be investigated by Wichita Falls residents.

R. F. Redin, Avenue A, Wichita Falls, Texas, says: "My back bothered me for two or three years and the spells often came on without warning. I was so lame across the small of my back that I could hardly bend. My kidneys became disordered and the kidney secretions were too frequent in passage, causing me an

noyance. I finally got a box of Doan's Kidney Pills and began their use. They cured me and I have not felt a return of the symptoms since."

The above statement was given June 19, 1908, and when Mr. Redin was interviewed on December 27, 1911 he added: "When occasion requires a kidney medicine we always use Doan's Kidney Pills and know that they will act quickly in bringing relief. You are at liberty to use my statement as heretofore."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., Sole agents for the United States.

Remember the name—Doan's—and take no other.

QUALITY

is the world's standard by which everything that desirable, durable or good is measured. Quality is that intrinsic something that we pay for in every piece of merchandise we buy. The goodness or desirability of a piece of merchandise can be no greater than its quality. The quality in the products of the world's factories is their one and only recommendation to the ultimate buyer or consumer who takes them out of commerce forever. There is probably no place where quality is so seriously considered as in the buying of gift goods. The quality of the gift indicates to the recipient the quality of friendship or love of the giver and since quality dictates the price of every commodity dollars and cents are a poor standard for the measurement of the value of gifts for friends and loved ones. Durability is the paramount feature to be considered in a gift. Our line of gift goods this year are quality goods such as will correctly represent your feelings toward the person to whom you wish to present a reminder that will awaken pleasant memories in the years that are to come. We have no cheap or shoddy goods. No tinsele. We will give you a hundred cents worth of intrinsic value and superior quality for every dollar you spend with us.
