REBELS TAKE NACAZARI, FEDERALS IN RETREAT

GOVERNMENT FORCES UNABLE TO CONTROL SITUATION ALONG BORDER

AFTER LONG FIGHT

Battle Continues From Early Saturday Until Sunday Noon—Rebels Cause Gaining

By Associated Press. Douglas, Ariz., March 10.—After a battle lasting from Friday morning until yesterday afternoon, 500 State troops today took possession of Nacozari and the 250 federalists who defended the town are retreating to Agua Prieta.

It is believed the capture of Nacozari opens the road to Agua Prieta. At none of the points on the Sonora-Arizona border are there more than 300 federalists and the total federalists in northern Sonora is not believed to exceed 1000 men. Revolutionary leaders declare they have an army of nearly 10,000 men.

Open revolt and scenes of disorder have occurred among 250 federal defenders of Agua Prieta and the military officials gave warning to all Americans to leave the town.

Drunken and rebellious soldiers paraded the streets crying "Viva Madero!" "Viva Maytorena!" and "Viva Diaz!" Brawls between politically estranged companions in arms added to the confusion and terror which held the town in its grip throughout the day.

Federals Deserting. Desertions among the Federal soldiers at Guaymas, the California Gulf port held by the Federals, were reported here today and though orders were received by the commander of that garrison to move against Hermosillo with his full force immediately no move has been made by them.

It is reported that federal officers there are in bitter disagreement and rioting is expected. A message received at Nogales from Mexico City states that another division of troops, numbering 2,000 has started its march against Hermosillo to attack the constitutionalists.

Mobilization of rebel troops began last night and continued through today. At Magdalena, 1000 new recruits organized and are now ready to take the field. The State troops commandeered trains for use in the transportation of insurgent troops. The State troop paymaster is paying the railroad men for their services.

Last night the soldiers of the rebellion burned bridges on the Southern Pacific to within thirty-five miles of Nogales on the Arizona line and three bridges on the branch running to the American mining center at Cananea.

In Control of Sonora.

With both wire and railway communication blocked, the insurgents are in complete control of Sonora and declare they will be able to check any advance made against them by the forces said to have been dispatched by Huerta.

Col. Kostelitzky, commander of the Federal rural police made the public statement that "things look pretty bad." He received a report from Federal agents that 600 rebel troops were moving against Nogales, Sonora.

All movable valuables, including safes, were brought to the American side today from the Mexican customs house, and Nogales banks are preparing to transfer funds to this side of the border.

Gen. Ojeda, commander at Agua Prieta, received orders to evacuate the town and march to Nogales, but this order was rescinded when Mexico City learned of the battle waging at Nacozari.

TOWN OF LAMPAZOS IS THREATENED BY REBELS.

By Associated Press. Mexico City, March 10.—Five hundred followers of Carranza are threatening the town of Lampazos in Nuevo Leon, 75 miles southwest of Laredo, and one of the most important towns in the State. Six hundred federalists from Monterey have been ordered to protect Lampazos.

CARRANZA IN POSSESSION CARRANZA IN POSSESSION

By Associated Press. Eagle Pass, Texas, March 10.—There are 3000 refugees from Coahuila in Eagle Pass today. Gov. Carranza has full possession of the railroad south from Piedras Negras and the railroad employes also joined the refugees. Carranza is said to be near Monclova and a battle with federalists is predicted today.

LIQUOR SHIPMENTS INTO OKLAHOMA NOT STOPPED

No Word Received Here as To Effect of Webb Law Which Was Recently Passed

Although the seizure of liquor shipments at some Oklahoma points is reported under authority of the Webb act, local agents of the railway and express companies here have received no orders or instructions concerning the new law.

A Kansas City dispatch says several railroads there have put the bar on liquor shipments into Oklahoma entirely.

It's all because of the Webb bill, passed by Congress over the veto of Mr. Taft, which allows a prohibition state to confiscate liquor shipped in interstate commerce from another state.

The Webb bill is in reality an enabling act that allows the prohibition state to enact a law to provide for confiscation of these interstate shipments except when the liquor is consigned to individuals for their personal consumption.

INTERMITTENT RAINS RECORDED HERE SUNDAY

Total Precipitation is Light But Moisture Soaks Into Ground and Does Much Good

Heavy mists Saturday developed into a gentle rain Saturday night which continued intermittently throughout the day Sunday. The rain soaked into the ground as it fell and not a drop ran off. The moisture will stimulate the growth of wheat and other grain crops but was not heavy enough to be of great benefit.

The government gauge shows a total precipitation of four-tenths of an inch.

DRILLERS MAY TRAVEL BEFORE SEASON STARTS

Trip to Include Number of Exhibition and Practice Games is Now Planned

Negotiations are in progress for taking the Drillers on a ten days' practice and exhibition tour before the opening of the Texas-Oklahoma league season. Amon, Amarillo and Ada, Okla., are three towns that have written for dates and if a satisfactory itinerary can be arranged the team will probably be started out early next week.

It is expected that an exhibition game with some team of the Texas league will be played before the team starts out.

AFTER SEVERAL DELAYS FRITZ MURDER CASE ON TRIAL

Jeffersonville, Ind., March 10.—After several postponements the John Fritz murder case was finally called in the Clark circuit court today for its second trial. Among the witnesses summoned to testify are ten or twelve prisoners from the Indiana reformatory here. Fritz, while an inmate of the reformatory, is alleged to have assaulted and killed a guard, Hiram B. McWilliams, because the latter had reported him for refusal to work. The killing occurred on November 21, 1911. At the first trial Fritz was found guilty and sentenced to hang, but a reprieve was granted by Governor Marshall and later a new trial was granted by the State supreme court. At the time of the alleged murder Fritz was serving a term for grand larceny. One of his brothers is also in the reformatory and his father is serving a life sentence in the State prison at Michigan City.

PRESIDENT TIRES OF HAND-SHAKING

HEREAFTER WILL SEE VISITORS ONLY AFTER 11 O'CLOCK IN MORNING

DUTIES ARE INTERRUPTED

Rule About Applicants for Office Will Not Apply to Members of Congress

By Associated Press. Washington, March 10.—After four strenuous days in which his conference with Democratic leaders have been frequently interrupted by hand-shaking, President Wilson decided today that hereafter he will make appointments only after 11 o'clock in the morning, or for the east room in the afternoon. He plans to come to the executive office about 9 a. m. and first devote two full uninterrupted hours to correspondence and other important business of the day.

Members of his cabinet and persons for whom he sends will not be subject to this rule, but all others will. On cabinet days he will see his visitors before 11 o'clock, the hour of meeting. Postmaster General Burleson reached the executive office today just a few minutes after the President himself arrived. Late today in the east room the diplomatic corps will be presented formally to the President.

Patronage Discussions.

Mr. Wilson's rule about discussing patronage with his visitors does not apply to members of Congress. It was pointed out at the White House today that the President intended his announcement that office-seekers must go to heads of departments should not be interpreted as including senators and representatives to whom he hopes to be accessible at all times on all subjects.

Mr. Wilson intends to consult with cabinet members about the recommendations of members of Congress and vice versa. The whole purpose is to divert the applicants and their friends from the White House to the government establishments, so that the field of choice may be gradually reduced before the President takes up appointments.

When the President was governor of New Jersey he always gave precedence to members of the Legislature and always kept his door open to members of that body. It is probable, when Congress is in session, he will pursue the same course in Washington.

FORM TRAFFIC LEAGUE AT MEETING TOMORROW

Session to Be Held in Chamber of Commerce Rooms—Hope to Perfect Organization

The proposal for the organization of a traffic association appears to be meeting with much favor and a good attendance of merchants and manufacturers is promised for the meeting at the Chamber of Commerce room at nine o'clock tomorrow morning. It is expected to conclude the launching of the new organization before ten o'clock when the directors of the Chamber of Commerce directors meet in the same room.

TODAY ALBERT PRINCE HAS HIS LAST CHANCE FOR LIFE.

Lincoln, Neb., March 10.—A last appeal to save Albert Prince from the gallows was made to the State board of pardons today. The case has been before the courts for more than a year and has attracted wide attention. Prince, a negro, was serving a sentence of military in the State penitentiary here, when on February 11, 1912, he stabbed and killed Deputy Warden Davis during services in the prison chapel. The crime was the beginning of a series of tragedies at the penitentiary, in which four officials and three convicts were killed. Prince was convicted on August 30 last. The execution was stayed by an appeal to the supreme court, which tribunal later reaffirmed the sentence. Unless the board of pardons interferes the negro will be executed on Friday of next week.

Gift From French Government

New Orleans, La., March 10.—A voucher drawn by the French government for 25,000 francs was cashed today by J. Vergnoille, president of the local French Colony society. The money is the gift of the French government to the new colony hospital just completed in this city. The hospital is under the supervision of the Society Francaise de Bienfaisance, which has been engaged in benevolent work in New Orleans for nearly three quarters of a century.

WEATHER FORECAST

Tonight fair, colder; Tuesday frost, colder.

RELATIVE OF PRESIDENT MAY GET APPOINTMENT

Wilson's Cousin Likely to Be Philippine Commissioner Despite Executive's Disinclination

By Associated Press. Washington, March 10.—The President had before him today the question whether he should consent to the appointment of a relative to public office. On Saturday when Captain Alfred Wilson of Portland, Oregon, the president's second cousin, was suggested as a member of the Philippine commission, Mr. Wilson was disinclined to appoint any relatives.

Today, however, a delegation of westerners used their influence for Captain Wilson's appointment and Secretary of War Garrison told them he would have no objection if Mr. Wilson consented. Mr. Wilson promised to consider the recommendation.

COMMITTEE HAS \$1000 TO RAISE

\$10,000 FUND FOR PROMISED EXPOSITION IS NEARLY COMPLETE

PROMOTER MAKES BOND

Guarantees to Carry Out His Contract—Committee Will Handle all of Funds

With a bare \$1000 of the \$10,000 fund for the Merchants and Manufacturers Exposition, Prosperity Celebration and Military Tournament, still to be raised, the fair committee of the Chamber of Commerce this afternoon feels that the end of that part of the work is in sight, even if it has not been actually attained.

The committee will now proceed to make contracts for the attractions, these contracts being contingent upon the raising of the entire \$10,000. A tentative contract has been entered into with J. S. Berger, the promoter-manager. The committee will ask the Chamber of Commerce directors to approve this action, which depends upon the raising of the remaining \$1000.

Mr. Berger has voluntarily furnished \$10,000 bond to the committee as a guarantee that he will fulfill his contract to the letter and he has also requested the committee to handle all of the money subscribed as well as all of the receipts from admissions and the like which the committee has agreed to handle and which money will be used to defray incidental expenses. Mr. Berger is getting ready for his part of the work and he is laying his lines for one of the biggest and most meritorious galas of amusement features the Southwest has ever seen.

The committee hopes to open its offices Wednesday in the Chamber of Commerce rooms if the money can be raised. The details and plans for the attractions will be published in The Times from day to day as they are decided upon, so that the public will be kept fully advised of what is transpiring. It is believed that with due co-operation and assistance, this affair can be made one of the biggest and most beneficial occasions Wichita has ever seen.

Pittsburg, March 10.—Operating employees representing all of the railroads entering Pittsburg took part today in a big "safety first" rally. R. L. O'Donnell, general superintendent of the Pennsylvania Railroad, presided at the meeting and competent speakers explained to the railroad men the necessity for care and caution in their methods of work, for the passengers riding on their roads.

HEARING BEGINS TODAY IN TEXARKANA RATE CASE.

By Associated Press. Shreveport, La., March 10.—A hearing in the Texarkana freight rate case, in which the Iron Mountain and several other railroads are named as defendants, was begun here today before Examiner Each of the Interstate Commerce Commission. The case involves the complaint of Texarkana business men who allege that the railroads discriminate against their city in the matter of freight rates. They ask that Texarkana be granted the same rates as are given to Shreveport.

RAPID PROGRESS IN HOUSE TODAY

SEVERAL BILLS FINALLY ACTED UPON—CONSIDERS PRISON BOND ISSUE

GOVERNOR IS DEFENDED

Discussion Aft to Last all Day—Highway Commission Bill is Under Consideration in Senate

By Associated Press. Austin, Texas, March 10.—When the House began its new week's labor today it proceeded rapidly. In less than three minutes the important Burgess-Glasscock irrigation bill, affecting all irrigation and irrigation development in the State was engrossed. In the same manner, the bill for the consolidation of Hurr's Ferry, Brownell and Chester Railways and the Dove-Tillotson bill requiring county commissioners to choose one bank in the county for a depository, were engrossed.

Consideration of the Coffey bill placing a state normal at Waco was temporarily deferred, and the Hill penitentiary reform bill was made a special order for Tuesday. Consideration then began of the bill by Yarborough and others amending the rural high school law in such a way as to perfect it.

Normal Bill Passes.

The bill after some debate over amendment was postponed to 3 o'clock Tuesday afternoon. The Waco State normal bill carrying an appropriation of \$100,000 was quickly engrossed. The name was changed from the Central Texas Normal to the Waco State Normal.

The House at 11 o'clock took up the Hill penitentiary bond issue bill providing an issue of \$300,000 five per cent bonds to pay off the \$1,500,000 indebtedness of the prison system and for maintenance.

Representative Hill, discussing the great indebtedness of the prison system, was subjected to a fire of questions chiefly from Representative Rayden, who doubted that the state's money had been expended judiciously. Hill said the change from the contract system put about 4000 convicts on the state's hands, and that crop failures had been directly responsible for the greater part of the \$1,500,000 deficit in two years. Hill said:

Debt Better Than Contract.

"But I had rather see the system \$3,000,000 in debt than to turn back to the old system of contracting, under which men were beaten to death in order to get money and women about to become mothers were driven into the fields and worked like beasts of burden by brutal guards."

Hill defended Colquitt from certain criticisms by prohibitionists during this debate. At noon recess it looked as if the bond issue discussion would continue all afternoon.

Senate Proceedings.

A resolution by Senator Townsend for immediate consideration of the bills for reform of criminal procedure was sent to the rules committee today by a vote of 22 to five. A resolution for a report by this committee by Tuesday was tabled, 15 to 11. It thus appears the Senate is not in a hurry to pass this legislation.

The Senate finally passed the Wiley bill liberalizing the laws governing the relations of guardian and ward and also the Hresford and Hudspeith bill which the governor disapproves, extending relief to certain western settlers who have defaulted on their land interests payments.

New bills included one by Townsend for a nine juror verdict in civil cases. Terrill's bill creating a state highway commission and McGregor's bill for a system of trunk highways to be operated by convict labor, the latter a substitute for the Terrill measure were taken up under a special order.

SAYS POLICEMEN STOOD IDLY BY DURING PARADE

Seemed to be in Sympathy With Disorderly Crowd That Jeered Suffragettes

By Associated Press. Washington, March 10.—Miss J. E. Richards, who marched in the first section of the suffrage parade, declared at the parade investigation today "most of the policemen were standing idly around in the crowd and seemed in sympathy with the mob's spirit." Senator Chamberlain asked how this mob's spirit was shown. The women replied:

"By the hooting and jeering and yelling of the crowd. All along the line men shouted these are nothing but hens, we came out to see chickens."

Police Chief Sylvester furnished a statement to show he had 575 officers on duty for the suffrage parade and 367 for the inaugural parade the day following. There were no disorders at the inaugural parade.

DAMAGE IN SCOTLAND BY EXPLOSION OF DYNAMITE

Number of Dead Not Known But Hundreds are Hurt—Entire County Shaken

By Associated Press. Glasgow, March 10.—A terrific dynamite explosion today wrecked the town of Irvine in Ayrshire. The number of dead is not known. It is said the injured number hundreds. The explosion occurred at a mile from Irvine. Explosive workers at Irvine, 20 miles from Glasgow.

For a radius of several miles it had the force of a destructive earthquake. Irvine was shaken to its foundations. Many houses, schools, churches and public buildings were destroyed. Buildings fell everywhere, walls collapsed and scarcely a window in town was left intact. People walking on the streets were thrown to the ground and many injured. All the inhabitants rushed from their houses in terror.

The water front and the harbor were masses of wreckage. There were three distinct explosions followed by an immense column of smoke about two miles high.

Six bodies had been recovered late this afternoon, seven persons were found fatally hurt and many others were taken to hospitals.

MERCHANTS WILL LIKELY RAISE MINIMUM WAGE

Vice Inquiry at Chicago Brings Further Good Results—Heads of Stores Testify

By Associated Press. Chicago, March 10.—"I believe immorality is a state of mind," declared Joseph Basch of Siegel, Cooper and company, testifying today before the State senate vice commission in its inquiry into the connection between low wages and immorality. Of the 1250 girls employed in his store, Mr. Basch thought only a small per cent could be persuaded to go the "easy way."

Other merchants they thought they could raise the minimum wage without materially affecting their various firms' profits. However the Marshall Field company expert said, "It is inevitable that any increase would be paid by the public."

ANTONIO FIORE NOW ON TRIAL FOR ALLEGED MURDER.

Newark, N. J., March 10.—The case of Antonio Fiore, charged with the murder of his brother-in-law, Leonard Ciccone, was called in court today for trial. Ciccone died on March 7 last as a result, it is alleged, of a dose of rat poison given to him in a cup of coffee by his wife. The motive for the murder, it is said, was a desire to get the husband out of the way because he had discovered that an illicit love affair existed between his wife and Fiore. Mrs. Ciccone has already been tried and convicted for her part in the crime and is now under sentence of death. She is expected to be the State's principal witness against Fiore. According to her testimony at her own trial she gave the poison to her husband at the instigation of Fiore and because the latter, she declared, had threatened to kill her unless she did his bidding.

MISSOURIAN APPOINTED ASSISTANT TO BURLESON.

By Associated Press. Washington, March 10.—Former Governor A. M. Dockery of Gallipolis, Missouri, has been chosen for third assistant postmaster general. He was formerly a representative in Congress.

KNOCKOUT DROPS CAUSE OF DEATH?

MAN FOUND DEAD SATURDAY NIGHT BELIEVED TO HAVE BEEN VICTIM

HIS VALUABLES MISSING

Identified as J. W. Wilcox, Brakeman on Orient Road Out of Hamilton, Texas

Was J. W. Wilcox, the man whose body was found near the Fort Worth & Denver freight office Saturday night slipping propped against a telegraph pole the victim of knockout drops?

His brother-in-law D. L. Kent of Hamilton, Texas, who arrived this afternoon to identify the body and take it back to his home at Hamilton for burial believes he was. Others share this belief.

When Wilcox, who was a brakeman on the Orient-railroad out of Hamilton, left his home about a week ago he had considerable money in his pocket and wore a two hundred dollar diamond ring and carried a gold watch. He is known to have had money when he left Alton to come to Wichita Falls last Wednesday night and is known to have had the ring and watch as late as Friday night. When he left home he also carried a trainman's card and other documents by which he might have been identified.

Ring Mark On Finger.

When his body was found all of these were missing and his finger bore a fresh clean ring mark. In his pockets were found only a switch and coach key and sewn on the inside of the pockets was the name "J. W. Wilcox."

It was through this name and the fact that one of the keys bore the initials K. C. M. & O. those of the Orient railway, that he was finally identified. Undertaker Hill telegraphed these facts and a description of the man to officials of the Orient and was rewarded a few hours later with a telephone message from Wilcox relative to Hamilton.

Efforts are now being made to learn where Wilcox had been immediately before his body was found and with whom he had been. If clues are found, an autopsy will probably be held.

Had Bank Account.

Wilcox had been a brakeman on the Orient and is known to have had a substantial bank account. He had come to Wichita Falls prospecting for a position. His brother-in-law believes he would not have pawned or sold his ring and watch while he had money in the bank at Hamilton, and that even if he had done this he would not have parted with his trainman's card and other papers under any circumstances.

It is Mr. Kent's theory that he was given knockout drops or other "top" for the purpose of robbery and that the staff killed him.

GERMANY CELEBRATING IMPORTANT ANNIVERSARY.

Berlin, March 10.—Prussia and, in fact nearly all Germany, is in festive today in celebration of the hundredth anniversary of Prussia's war of liberation against Napoleon. The celebration will continue through the greater part of the week. From the capital down to the smallest village and hamlet business was at a stand still today while the populace gave itself up to the joyousness of the occasion.

The great event of the day was the solemn service in the cathedral, where the Emperor, surrounded by all the princes of the royal house, ministers of state and military and naval dignitaries, was the central figure. After the divine services the Emperor reviewed a parade of the troops.

All the public buildings in the city were decked in the most elaborate manner. The decorations of Unter den Linden and Friedrichstrasse were especially profuse. All monuments commemorative of the Napoleonic war in the parks and public places, including the old cannon, were freshly decked with laurel wreaths. Among the specially magnificent decorations were those of the statue of Frederick William III. in front of the royal castle.

BONNER EXPECTS PASSAGE OF CITY COURT MEASURE.

City Attorney W. N. Bonner has returned from Austin, where he spent several days last week in the interest of his corporation court bill. This bill seeks concurrent jurisdiction for corporation courts with county courts within the limits of cities of 5,000 population and over.

The bill has been favorably reported both in the House and Senate and Mr. Bonner is very hopeful for its passage.

JOINT SERVICES ARE TO BE HELD

PRESBYTERIANS AND METHODISTS WILL UNITE WHILE NEW CHURCH IS BUILDING

EXERCISES ARE DELAYED

Rain Prevents Christian Church Ceremonies This Morning—Other News of Churches

Arrangements have been perfected whereby the congregations of the M. E. Church, South and the First Presbyterian Church will hold joint services while the new building of the latter is under construction. The Methodist congregation tendered the Presbyterians the joint use of the church and the offer was gratefully accepted. The Presbyterian Sunday school will be held in the Y. M. C. A. building. Morning and evening services will be held at the Methodist Church Dr. J. L. McKee and Dr. J. W. Hill, the two pastors, will alternate. The two choirs will be united also. The arrangement is expected to prove very satisfactory to both sides, and as the Methodist church is the largest in the city, there will be room for both congregations. It is probable that the arrangement will become effective on April 30, by which time the raising of the Presbyterian building will be under way. The Presbyterians had made tentative arrangements for using the Y. M. C. A. building for their services, but the new plan is considered much better. A committee from the Presbyterian church called on Dr. Hill this morning and extended to him the thanks of the congregation for the generous offer.

Easter Sunday, March 23, will be First Presbyterian church's last in its present building, and the day is expected to be a notable one. A number have signified their intention of uniting with the church on that date. Services are to be held every evening during next week at the church and it is hoped to make the last day one of the most memorable in the old building which has served the congregation for so long.

The exercises with which it has been hoped to mark the breaking ground for the new Christian Church had to be postponed this morning on account of the inclement weather and while work was started on the site at Tenth and Travis, there was no ceremony as had been planned. It is probable that exercises of some kind will be held at a later date to mark the starting of work, but definite arrangements have not been perfected.

The mission which the First Methodist Church is now building in the factory addition will be completed shortly and will be dedicated on Easter Sunday. The dedication will be by Bishop McIntyre of Oklahoma City, who is to be here to conduct services, morning and evening at the church.

The Sunday school of the First Baptist Church will have special exercises on March 30, there being a special missionary program for that date and promotion exercises as well. This is to be one of the Sunday school's big days of the year.

The Fifth Sunday meeting of the Baptist Church will be held on March 29 and 30 at Iowa Park and will be devoted especially to the laymen Baptists from over the county will be in attendance and an interesting program is being prepared.

KNOCKED UNCONSCIOUS BY ELECTRIC CURRENT

W. A. Perham of Telephone Company is Seriously Injured—Hands Badly Burned

W. A. Perham of the wire force of the Southwestern Telegraph and Telephone Company was badly injured last night as a result of defective light wiring at his home. When he reached up to turn out the light in his room, he received a heavy voltage through his hands, burning them badly and rendering him unconscious for several hours.

Dr. Guest was summoned and succeeded in reviving him and he was able to be out today, but it will be a month before he has the use of his hands again. The flesh was entirely burned from the line on several fingers. The technical explanation of the accident is that a primary wire was crossed with a secondary. Mr. Perham received about 2300 volts and feels that he had a lucky escape from death.

Mr. Crowell was taken sick Friday evening and was unable to go to work Saturday and Sunday morning while standing at the telephone at his home. He fainted and fell unconscious to the floor. He has been unconscious since that time. Serum was administered Saturday afternoon when it was known that his condition was desperate.

FELT BAD ALL THE TIME

Shellhorn Lady Suffered a Great Deal, But Is All Right Now.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die. At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well. I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health. As a remedy for woman's ills, it has a successful record of over 50 years. Your druggist sells it. Please try it. N. Mrs. Littleton and her secretary with some of the petitions. Mrs. Martin W. Littleton, wife of the New York congressman, is bringing dismay to the many opponents in congress of her plan for the purchase by the government of Monticello, the home of President Jefferson. After her defeat in a preliminary vote taken last month, Mrs. Littleton had printed on parchment paper a handsome petition to congress blank. These blanks were sent broadcast, and for several weeks they have been returning by thousands. They urge congress to take steps looking to the purchase of Monticello by the government. Another way in which Mrs. Littleton is causing uneasiness is to make speeches in the district.

This is Real Syrup

Red Velva Molasses Candy
Bring one quart of RED VELVA to a boil; add beat butter, keep stirring until syrup hardens when dropped into cold water. Grease pans, pour candy on them to cool. When cool enough to handle, pull candy from tips of fingers until it becomes a golden color.

Just try Velva with this recipe and see how fine it is. You'll get flavor at its very best and quality at its finest. There isn't anything like Velva for waffles, griddle cakes or candy anywhere, by any name—there's nothing made that is as good as

VELVA

in the red can for making candies and baking cakes. It has more than syrup flavor—it has Velva flavor that makes talking about it impossible. You must taste it to know what we mean. Will you? Ten cents up, in clean, sanitary cans. Velva in the green cans, too, at your grocer's.

SOCIETY—Possession.
The sunset dies, but lives again
In the poppy's crimson bloom;
The twilight fades but silver stars
Shine through the enfolding gloom.

Joy walks with us a little way,
Great as a joy can be;
Then droops our clinging hand and goes—
But ah, the memory!

STRENGTH
Without Overloading the Stomach.
The business man, especially, needs food in the morning that will not overload the stomach, but give mental vigor for the day.
Much depends on the start a man gets each day, as to how he may expect to accomplish the work on hand. He can't be alert, with a heavy, fried meat and potatoes breakfast requiring a lot of vital energy in digesting it.
A California business man tried to find some food combination that would not overload the stomach in the morning, but that would produce energy.
He writes:
"For years I was unable to find a breakfast food that had nutrition enough to sustain a business man without overloading his stomach, causing indigestion and kindred ailments.
"Being a very busy and also a very nervous man, I decided to give up breakfast altogether. But luckily I was induced to try Grape-Nuts.
"Since that morning I have been a new man; can work without tiring

my head is clear and my nerves strong and quiet.
"I find four teaspoonfuls of Grape-Nuts with one of sugar and a small quantity of cold milk, is delicious as the cereal part of the morning meal, and invigorates me for the day's business." Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in plus.
"There's a Reason."
Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

CLEVELAND SCENE OF RELIGIOUS EDUCATION CONFERENCE

Cleveland, O., March 10.—The tenth annual conference of the Religious Education Association, which assembled in this city today for a four-day session, has brought together a notable gathering of church workers and leaders in moral and political progress from many sections of the United States and Canada. As its name implies, the association is made up of leaders of all Protestant bodies, and corresponds to the National Education Association in the secular field.
The conference this year has selected "Religious Education and Civic Progress" as its general theme. Under this head there will be discussed a wide range of subjects, such as religion in social settlements, children and church worship, religious training in professional schools, methods of moral training in the elementary schools, religious education and the Y. M. C. A., moral development through penal institutions, the sane teaching of eugenics and sex hygiene, the responsibility of the church for home education, the church as an agency for civic progress, Sunday schools and high students, the news paper and the moral welfare of children, and the need of educating parents for the vocation of parenthood.

IT IS FIFTY YEARS TODAY SINCE ALEXANDRA'S MARRIAGE

London, March 10.—Many of the London papers this morning recalled the fact that had King Edward VII. lived he and Queen Alexandra would have celebrated their golden wedding today. It was on March 10, 1862 that Albert Edward, Prince of Wales, married Alexandra, daughter of the late King Christian IX. of Denmark in St. George's Chapel, Windsor. The Prince of Wales was 23 years old and Princess Alexandra was 19.
Marlborough House, to which Queen Alexandra returned to live after the death of King Edward bears many mute evidences of the love in which the widowed Queen holds the memory of her late husband by her express command everything within the palace has now been replaced so that it shall present precisely the same appearance as it did during the many happy years she spent there as Princess of Wales.

TILE

When you want a first class piece of work, you don't go to a novice, do you? But to one who has the reputation of being able to carry out his contract.

We are daily building a reputation, that the assaults of our enemies only make more secure. Every successful business man has his enemies, but usually his name is sufficient to "silence envious tongues." He has only to "be just and fear not." Our reputation is builded upon the class of work we do. We do the best! We demand a fair price for our ability, our time and our labor, so that we won't have to stand for second class goods being shipped us, or employ an apprentice. Our employees have to know their business.

If you want anything in the Tile line, leave it to us, and if our competitors don't say it is first class, don't ante.

Tile in the bath room, tile in the business house, tile in the vestibule—in fact, anywhere it is placed right is the best floor, the brightest and the cleanest wall you can place. We carry the tile in stock, we do the work, we take the risk. When the work is done you will shell out the coin and smile.

Like all home dealers, whose reputation is at stake, WE MUST PLEASE. Our office phone is 440.

Make Us Prove It

We dare not exaggerate to you. We are dependent upon your patronage. To get it we must have your trust and confidence. We make the following statements with a full understanding of what they mean to us. You are safe when you believe in these statements.

For the Bowels

If you only know as much as we and those who have used them know about **Resall Orderlies**, you would be as enthusiastic about recommending them as we are. They taste just like candy. They act so easily and so pleasantly that the taking of them is a pleasure.

Even children like Resall Orderlies; and you know that if a medicine appeals to a child, it will appeal to grown-ups.

Resall Orderlies help chase gloom, dispel blues and make you feel happy by their splendid tonic, cleansing and strengthening effect upon the bowels. They act to free the system—and keep it free—from the distress and ill feeling that naturally results from irregular and inactive bowels.

Resall Orderlies do this quietly, without griping or causing nausea, purging or excessive looseness. They act to overcome and remove the cause

of bowel ill and in a short time usually make unnecessary the continued use of physics and purgatives, thus tending to stop such unhealthy habits as may have been formed.

Make Us Prove This

We do not ask you to take our word for this. We want you to make us prove it, and at no cost to you.

Buy a box of Resall Orderlies at our store. Use them once, or use up the whole box. Then, if you are not thoroughly satisfied, just come back empty handed and tell us. Without obligating you or questioning you, we will return the money you paid us for them.

Doesn't that indicate that Resall Orderlies are at least worthy of trial? Doesn't it prove our faith in them? Doesn't it merit your confidence? Could any offer be more fair to you?

We particularly recommend Resall Orderlies for children, delicate and aged persons. Resall Orderlies come in convenient vest-pocket size tin boxes, 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c.

CAUTION: Please bear in mind that Resall Orderlies are not sold by all druggists. You can buy Resall Orderlies only at The Resall Stores. You can buy Resall Orderlies in this community only at our store:

AMUSEMENTS

ATTRACTIONS FOR WEEK AT THE LYDIA MARGARET.

The Shirley Duo, coming to the Lydia Margaret Theatre has played the leading vaudeville circuits and has received the attention of the press in the principal cities of the West. "The Encore," an authority, published at Seattle, said: "The Musical Shirleys presented their well known act with its splendid offering of harmony and magnificent setting. They are talented musicians and have made a substantial hit wherever they have appeared." The Seattle Post-Intelligencer said: "Another very extraordinary number is that of the Musical Shirleys, the biggest musical act ever seen in Seattle. There are many other fine features but these two carried away all the honors of the occasion." The San Francisco Dramatic Review said: "The Musical Shirleys give their ostentatious display of music, emitting sweet sounds from saxophones, musical bells and other novel devices." The San Francisco Examiner said: "Heading the list of attractions is the Shirley Duo, a musical act that may be said to be the best that has ever appeared at the Bell. A solo furnished by A. B. Shirley is an excellent feature. He has the reputation of being the best saxophone soloist in vaudeville." The Council Bluffs (Iowa) Tribune of June 8, 1912 said: "The Shirley Duo is all to the good." Columns and columns of praise for this fine act could be reproduced if space permitted. Other acts are the Three Vardells, acrobats supreme and the Georgesous, one big explosive comedy.

BERT SWOR, TEXAN, HEADS AL G. FIELDS' MINSTRELS.

Bert Swor, a Texan whose historic record covers a vast field of experience, leads the comedy corps with the A. G. Field greater minstrels. He is ably seconded by Johnny Henry, the comical delineator of the oldtime negro, Johnny Dove, the dancing expert, Gov. Bowen, a favorite blackface comedian, Eddie Dunigan, Hal Orvin and Master

The Shirley Duo, a high-class novelty musical act, carrying special scenery and stage settings, with beautiful electrical effects. A great act and a treat to lovers of music.

"EXCEEDING SPEED LIMIT"

Not for pleasure but to get some Garden seeds and seed corn, sweet or otherwise, for we carry a line of the very best to be had on the market. Also a few hundred pounds of sweet clover seed. It is better than Alfalfa and produces more per acre. Grows six or seven feet tall without being cultivated or irrigated. It costs only \$1.50 per acre to sow it. Plenty of seed oats. All kinds of feed stuff, Nutriline, Momyk, K. M. Bs. cotton seed meal and cake, Bran, chops and in fact we have the whole bill of fare, and then some "laying tonic" for a dessert.

Alsey Sexton, the youngest of the group of mirth provokers. At the head of the comedy, singing and dancing forces is Al G. Field, who needs no introduction to theatre-goers. This year the program includes a feast of surprises that are termed the minstrel's masterpiece. The monarchs of mirth, song and dance will be at the Majestic Thursday night. Instead of the automatic semicircle for the opening spectacle a display through which runs a plot has been prepared. The title "Minstrelsy Past and Present" gives a clue to the possibilities that have been worked out, and the scene, a hotel veranda and lawn at Ormond Beach, Florida, on the eve of the great automobile races affords an opportunity for a tropical scenic production that employs a number of startling mechanical effects. At the conclusion of a program of minstrel song and story, the automobile races are shown in their entirety, while the comedians are afforded chances to create gales of laughter with a dilapidated car which they enter in the speed contests. "All Hallow'en" or "Lash Morris' Dream" is the title of a most pretentious dancing sketch and scenic spectacle showing "Goblin Dell and Hades." "The Opening of the Panama Canal" with the first boat passing through the lock forms a basis for a historical and patriotic pageant that employs the services of the half hundred members of the company. The personnel of the company includes names of those highest in minstrelsy at the head of which stands Al G. Field himself.

MAJESTIC WILL REOPEN TONIGHT WITH GOOD BILL.

Four feature acts will constitute the bill with which the Majestic after several days' darkness, will reopen tonight. The acts include a comedy skit by Moore & St. Clair, another sketch entitled "Getting Wise" by Carver and Oliver, Billy Woodall, heralded as one of the premier blackface comedians of the country and Logan, Witt and Roberts. This last named consists of three boys and a piano, who furnish an unrivalled session of music and fun. The act has been very highly recommended for both music and comedy. This bill will appear tonight, Tuesday and Wednesday.

Goodbye, Little Trusts, Goodbye.
To the Editor of The Times:
That great day which we have been looking forward to is passed; the new president has been inaugurated. "Now," said a loyal Democrat to me, "the president will destroy the trusts and restore competition, then we will have better times."
Now, let us look at this question critically and see if it seems plausible.

A number of men engage in a certain line of business. They compete with one another; the strong join forces against the weak and the weak are driven to the wall. When this process has been carried on far enough only a few of the strong survive and we have a monopoly or trust. Thus you see, trust are only the developed fruit of competition and you can no more destroy them than you can force the fruit of a tree back into the wood from which it sprang.

Even if it were possible to destroy the trusts, as it is to shake the fruit from a tree, with conditions left the same it would be only a question of time until they would reproduce themselves. To stop a tree from growing fruit it is necessary to destroy the tree itself; and to destroy the trusts it would be necessary to destroy the cause, or conditions that produce them—the organized effort of man—and that would be the wrecking of civilization.

Trusts are good things for their owners just as a good fruit tree is a blessing to its owner.

If your enemy owned a tree or which you both depended for a living, would it not be foolish for you to destroy that tree—and thus deprive you both of a living, because he charged you high prices for the fruit? Since the tree is a natural resource, and the fruit can only be had by the labor of gathering and preserving it, would it not be best to force him to the common ownership of that which was used in common?

That is the only question of the day. Shall the trusts be owned by a few individuals for their own private benefit at the expense of the public, or shall they be owned by the government for the benefit of the public?

The postoffice system is an absolute monopoly—the greatest trust in the world; but you hear no one advocating its destruction. Why? Because it is owned and operated for the benefit of the public.

That, then, is the only solution. Let the nation own the trusts.

JOHN H. STOKES.

GOVERNMENT ADDS NEW FEATURE FOR BENEFIT OF PATRONS

LIKE EXPRESS BUSINESS

Bundles May Not Be Refused, However, After Consignee Has Opened Them.

Postmaster O. T. Bacon has received from the Department at Washington a copy of order No. 6888 amending the parcel post regulations by the addition of a section, that provides parcels on which the postage has been paid may be sent collect on delivery. A fee of ten cents is charged provided the amount does not exceed \$100.

Merchants here believe the innovation will greatly extend the usefulness of the parcels post to them and a number are making preparations to use the government service much more extensively.

The sender of a C. O. D. parcel will be given a receipt showing the office and date of mailing, the number of his parcel and the amount due him.

A C. O. D. parcel will be accepted for mailing only at a money order office and then addressed to a money order office.

If a C. O. D. parcel is received at a non-money order office the postmaster will notify the office of mailing of the amount of postage required for its return. The postmaster at the office of mailing will ascertain from the sender whether he desires the parcel returned or delivered without collection of the charges. If the sender notifies him in writing that the parcel may be delivered without collecting the charges he will attach the order to the office coupon and notify the postmaster at the office of address to that effect.

The C. O. D. tag issued to the sender will show the amount due him, the money order for necessary to make the remittance and the total amount to be collected. It is to be attached to the parcel, which will be numbered to correspond with the stamped C. O. D. and the charges to be collected written thereon. The parcel will be treated as ordinary mail until it reaches the office of address where, on payment of a charge, it will be delivered to the addressee, or, unless otherwise directed by the addressee, to the person, firm or corporation in whose care it is addressed, or to any responsible person to whom the addressee ordinary mail is customarily delivered. A receipt for the parcel will be obtained on the tag attached thereto.

The receipt tag will be considered as the addressee's application for a money order for the amount due the sender. A money order will be issued, stamped C. O. D. and mailed to the sender in a penalty envelope by the postmaster, who will enter the tax the number of the money order, the amount and date of issue and file it with other money order applications. No return receipt will be furnished the sender, as the money order serves that purpose.

The addressee will not be permitted to examine the contents of a C. O. D. parcel until it has been accepted for and all charges paid. Parcel may be refused when it is returned for delivery, but after delivery has been effected it can not be returned on account of dissatisfaction with the contents or the amount collected.
