KING GEORGE OF GREECE MEETS DEATH

RULER IS ASSASSINATED WHILE AT SALONIKI TODAY

Censorship Prevents Details Being Received—Had Been In Personal Charge of Troops

By Associated Press.

Saloniki, March 18.—King George was assassinated here this afternoon.

King George, who had taken personal command of his troops during the earlier period of the war, had been here since December, when the Turkish fortress was occupied by the Greeks after a short siege.

The Queen of Greece was also there and was paying great attention to the sick and wounded. King George December had a meeting here with King Ferdinand of Bulgaria to discuss the fate of the captured Turkish territory after the war.

King George was in his 68th year and had ruled fifty years. He was a brother of the Queen Alexandra of England and a son of the late King of Denmark. He was chosen king in 1863, in succession to Otto I. A previous attempt to assassinate him was made in 1898.

King George was married in October, 1867, to Princess Olga, eldest daughter of the Grand Duke Constantine of Russia, a brother of the late emperor Alexander II.

King George had taken personal command of the troops during the earlier period of the war.

By Associated Press.

London, March 18.—Beyond the bare statement that King George of Greece was assassinated this morning, no news of the tragedy at Saloniki has been received here and it is believed that a censorship exists which prevents the details of the assassination being sent.

ASSASSINATED RULER HAD EVENTFUL CAREER.

Few European rulers of modern times have had a more interesting and eventful career than George I, King of the Hellenes. He was born December 24, 1845, as the second son of Prince Christian of Schleswig-Holstein-Sonderburg-Glücksburg, who became King of Denmark in 1863 and Princess Louise, daughter of King Carl XV. of Sweden and Norway. In baptism the young prince received the name Christian William Ferdinand Adolphus George and he was simple Prince William, without prospects or fortune when he entered the naval service of Denmark as midshipman.

The young prince had made one or two cruises and was on the point of starting on another, when, in October, 1862, a revolution broke out at Patras and Vaniza which, two days later reached Athens. King Otto, of the Bavarian house, who had occupied the throne of Greece for thirty years, lost his throne in three days. He calmly retired to Bohemia, where he died five years later, apparently without regretting the loss of his throne.

The European powers were puzzled how to replace Otto. The crown of the Hellenes was first offered to Prince Alfred of England, second son of Queen Victoria, but the English government declined the offer. It was then offered to Duke Ernest of Saxe-Coburg-Gotha, who also declined it. Then it was that at the suggestion of M. de Chaudordy, minister of foreign affairs the French government proposed to the other powers to offer the throne of Greece to Prince William, then in his teens. Russia and England approved of the choice and the other powers followed suit. The young prince was elected King of the Hellenes by the National Assembly at Athens, March 18, 1863 and accepted the crown, through his father acting as his guardian, June 4, 1863. He was declared of age by decree of the National Assembly, June 27, 1863 and landed in Greece on November 2 of the same year, greeted with enthusiasm by the population.

Disension Marks Reign.

The first few years of his reign were comparatively peaceful and his marriage on October 27, 1867 to Olga Constantinovna, eldest daughter of Grand Duke Constantine of Russia, brother of the late Emperor Alexander II, greatly strengthened his position and added to the popularity of the young ruler. But the king's popularity soon became undermined by the unfortunate internal quarrels of the political parties of Greece and the boundless corruption of the officials who maintained a spoils system

that led to frequent disturbances and popular outbreaks.

Greece became involved in financial difficulties and King George was powerless to enforce the financial reforms which he advocated and urged to his parliament. Only with great difficulty did the King succeed in preventing Greece from becoming involved in war with Turkey during the troubles on the Balkan peninsula in 1876, and in 1886, after the revolution at Philippopolis and the Servo-Bulgarian war only the firm attitude of England prevented the Delianis Cabinet from precipitating Greece into a war with the Porte.

Once more in 1897, trouble arose and the Delianis Cabinet forced the King to go to war against Turkey, although he knew that Greece was not prepared for war and was certain of defeat. The war was short and would have been disastrous for Greece, had not the other European powers come to the rescue and put a stop to further hostilities. Not from any consideration for the Greek nation, but out of friendship for the peace which were more favorable for Greece, than for the victorious Turks.

Prevents Attempts.

This seemed to bring the Greeks to their senses and make them realize how much they owed to their King George I, immediately before the war the most unpopular and almost despised man in Greece, so disliked, in fact, that even an attempt was made to shoot him and his daughter, Marie while they were driving, became a popular hero and he and his family were idolized by the easily swayed people. In their enthusiasm for the royal family the people even forgave the King that he had accumulated a large fortune by successful industrial enterprises and stock speculations in Paris and Brussels.

The King's eldest son, Crown Prince Constantine, was married at Athens on October 20, 1889 to Princess Sophie of Prussia, a sister of Emperor William, and his second son, Prince George, appointed High Commissioner in Crete after the war, married Princess Marie Bonaparte in 1907. The other children of the king also became connected by marriage with the reigning houses of Russia and Great Britain.

NO OFFICIAL WORD IS RECEIVED IN WASHINGTON.

Washington, March 18.—The Greek legation here had received no official word of the assassination of King George up to 3 o'clock this afternoon.

CARRANZA FORCE NOT IN EVIDENCE

ALL TRACE OF REBELS DISAPPEARS FROM VICINITY OF NUEVO LAREDO

JOAN OF ARC UP-TO-DATE

Woman Found to Have Led Attacking Force, Meeting Death in Midst of Fighting

By Associated Press. Laredo, Texas, March 18.—All trace of the Carrancistas who yesterday dashed into Nuevo Laredo with a woman leader had disappeared today. They were not to be seen in the camp south of the city where yesterday they appeared to be making preparations to renew their assault on Nuevo Laredo.

The name of the woman who was killed leading a charge has not been learned. The federal defenders of Nuevo Laredo announced today that 500 reinforcements are 40 miles south of the city repairing the railroad and that they should reach Nuevo Laredo tomorrow. Special preparations are being made to defend Nuevo Laredo in case another attack is made.

The woman who was among the victims of Monday's fighting was a relative of Garza Riveras, a rebel leader. When the attack was made, she seized a red flag and rushed to the head of the attacking column. Within a few seconds she fell, pierced with bullets. Her courage stimulated the rebels who made a fierce onslaught on the federals, but without avail.

TECRICANO GARRISON OF FEDERALS IS ROUTED.

By Associated Press. Torreon, Mexico, March 18.—A band of rebels commanded by Celso Contreras attacked and defeated the garrison of Tecricano under Col. Barcos yesterday, according to the dispatches received here today. The federals numbering 50 men fought stubbornly from the house tops but were routed leaving 25 dead and several wounded.

MONTEREY TROOPS ARE SENT TO NUEVO LAREDO.

By Associated Press. Monterrey, Mexico, March 18.—General Tracy Aubert today sent a detachment of 200 government troops with artillery to assist in the protection of Nuevo Laredo on the United States frontier against the attacks of the Carrancistas. Another column of government troops has been sent from here to capture a force of 80 rebels, who have taken possession of the town of San Nicolas Hidalgo about five miles distant from here.

YOUNG COUNTY ELECTION WILL BE HELD SATURDAY

Feeling at High Pitch in County Seat Contest and Result is Eagerly Awaited

The election in Young county to determine whether the county seat of that county will remain at Graham or will be removed to Newcastle will be held next Saturday and interest has reached a very high pitch in that section, according to reports reaching this city.

As the election had been expected before time limit for the payment of poll taxes nearly every voter in the county has qualified for voting and a record vote is expected.

NEGRO ACCOSTS GIRL; KILLED BY POLICEMAN.

New York, March 18.—A negro who accosted a young woman as she emerged from an uptown subway station early today was shot dead by a policeman. The girl's screams had brought the policeman to the rescue and as he interfered the negro glared him across the face with a razor. Then the negro ran. Weak from the loss of blood, but determined, the policeman gave chase, took steady aim five times and the fugitive dropped with four bullets in his body. The negro's name was Daniel T. Davis.

PLANS NEW HOME RULE AMENDMENT

VAUGHAN INTRODUCES JOINT RESOLUTION TO SUBMIT TO STATE VOTERS

STREAM POLLUTION BILL

Both Houses Adopt Conference Report—Senate Passes Several Bills of Minor Nature

By Associated Press. Austin, Texas, March 18.—Among the bills introduced in the Senate today was one by Vaughan authorizing the consolidation of interurban lines. Also a joint resolution by Lattimore submitting a constitutional amendment repealing the recently adopted home rule amendment substituting in lieu thereof another amendment with regard to special charters for cities.

The House of Representatives adopted the advice of Gov. Colitt and recalled from the governor's office for correction the marital rights bill, this being done on Burgess' motion.

May Confine Drunkards. The House finally passed the Parker bill providing for the confinement of habitual drunkards to insane asylums and refused to adopt amendments to the rule limiting the time a member may talk.

Both the House and Senate today agreed on the stream pollution bill by McNealus. The conference report provided that cities shall have three years in which to construct disposal plants and both branches adopted the reports. It applies to all towns in Texas. It now goes to the governor.

In the Senate Townsend rather warmly urged a resolution calling on committee on rules to report at once a simplification of the rules. He failed and the matter went to the committee.

Several Bills Pass Senate.

The Senate concurred in the free conference committee report on the Confederate indemnity bill which allows a pensioner to have \$1000 in addition to a homestead worth \$1000 and an income of \$30 a month. In rapid fire manner the Lattimore bill regulating fraternal beneficiary associations, the Hornby-Burnmeister bill to protect bees against foul breeds, the Kaufman bill exempting from taxes land from which sand is being obtained to build the Galveston sea wall and a Williamson county road law, were passed.

The Senate adopted the House adoption recalling from the governor's office for correction the marital rights bill.

CARRANZA'S FOLLOWERS BEATEN NEAR MONTEREY

Both Sides Lose in Killed and Wounded, Rebels Going North From Nuevo Leon

By Associated Press. Monterrey, Mexico, March 18.—Four hundred federal troops under General Aubert defeated 500 followers of Carranza at Poetere, Nuevo Leon yesterday. Reports received here say the federals lost 17 killed and the rebels 28. The rebels retreated towards the north, followed by the federals who later occupied Villazuma. A group of rebels has taken possession of Icamole in the northwest part of Nuevo Leon.

FIVE JURORS OBTAINED FOR TRIAL OF BELCHER.

By Associated Press. Quanah, Texas, March 18.—Five jurors were obtained from the first venire for the trial of Percy Belcher accused of the murder of his father, W. R. Belcher and a new venire was summoned today. Taking of testimony probably will begin tomorrow.

WISCONSIN CONVICT FREED AFTER LONG TERM FOR MURDER

NEVER ADMITTED CRIME

Penniless, Could Not Get Action on Case, But Newspaper Man Came To His Assistance

By Associated Press. Waupun, Wis., March 18.—Edward Eckart of Pennsylvania was today paroled from the Wisconsin penitentiary after 37 years actual time served behind the bars. He was convicted of murder when 21 years old. Eckart's victim was named Sol Peterson. The two were trapping in Wisconsin during the excessively cold winter of 1875 and in a quarrel over a fire started beside the railroad track near Jefferson, Peterson was killed and Eckart was sentenced to life imprisonment for the murder.

He has never admitted the crime, maintaining Peterson was killed by another tramp. In the 37 years of prison confinement never a mark of demerit has been placed against him. His kin have deserted him and he does not know the whereabouts of his wife and daughters.

Without money, Eckart brought his case before the supreme court of Wisconsin and the circuit court of appeals of the United States, but was thwarted. He then appealed to a Milwaukee newspaper man, who was instrumental in obtaining his conditional release.

NEW PRISON SYSTEM AT CAPITAL IS ADVOCATED

Senator Wiley Purposes To Sell Present Plants and Build New One at Austin

Austin, Texas, March 18.—A new penitentiary system is advocated by Senator Wiley, who proposes to abandon the two existing penitentiaries—he does so the more willingly in view of the losses mentioned—and build a single institution that shall be different, here at Austin. He said yesterday that there is an unmistakable trend in the direction indicated by him, and his conversation with other legislators lead him to believe that it is not unreasonable to expect this legislature to take action looking to that end. He thought that Senator Weirner, head of the senate committee on penitentiaries, was distinctly favorable to the idea.

No measure of the kind has been introduced as yet, but Wiley intimates that there might be one before long.

His idea is to sell the real estate holdings of the system and to build in connection with a power dam on the Colorado a large cotton factory to be driven by the electric power and operated in all its departments by prison labor. However, the cotton factory would be but one of many departments. In order to do away with the objection of unfair competition with free labor he would place all prison workers on the free labor wage scale, and after deducting the cost of their maintenance would pay over the rest to the family of the convict. He believes that in this way a penitentiary can be run as a business institution, as a dividends paying institution.

In this locality the institution would have the advantage of nearness to the public and the social eye and also the advantages that would accrue from proximity to a large community containing many cultured and altruistic people.

This would be to somewhat radical change, Mr. Wiley is free to admit, but he replies that the state is confronted with a situation which demands radical action, whatever the form it takes. That is a condition which the legislature had as well face at the start, he declared. He believes this plan will prove the most economical in the long run, the best from the standpoint of the convicts' welfare, and the most satisfactory to the people of Texas from every point of view.

JANUARY CONSUMPTION OF COTTON IS REPORTED.

By Associated Press. Washington, March 18.—Cotton consumed in the United States during February amounted to 466,933 running bales, including 23,094 bales of lint, compared with 533,251 bales in January and 455,287 in December. The cotton on hand February 28 was 4,299,559 bales, including 120,650 bales of lint, compared with 4,580,238 bales January 31 and 4,903,035 bales in December.

FARMERS ARE VICTIMS IN TWO TEXAS TRAGEDIES

Shooting Near Gonzales May Result Fatally—Young Man Is Killed Near Stephenville

By Associated Press. Gonzales, Texas, March 18.—A quarrel over the possession of a plow probably will cost the life of Will Hazerot who was shot by Will Wilson on a farm near here yesterday. The plow was intended for use in aiding Frank Mangum, who was ill, and whose neighbors had gathered to plow and plant for him, free of charge. Among the neighbors were the two who started the quarrel.

ILL FEELING RESULTS IN SHOOTING OF NEIGHBOR.

By Associated Press. Stephenville, Texas, March 18.—Ill feeling of a year's duration between two young farmers of this section ended yesterday when W. E. Parry shot and killed Will Griffin. The two are neighbors, both married and have families. The nature of the dispute has not been made public. Griffin was shot while cutting stakes in a field. Parry came to Stephenville and gave himself up.

CINCINNATI GRAND JURY INDICTS GEORGE B. COX

Officers and Directors of Defunct Trust Company Named in Bills Just Returned

By Associated Press. Cincinnati, O., March 18.—George B. Cox, former president of the defunct Cincinnati Trust Company, two former officers of the company and eight members of the board of directors were named in the sealed indictments returned by the Hamilton county grand jury yesterday. The envelopes containing the indictments were opened by Common Pleas Judge Cosgraves today.

SEVENTY WARRANTS ON ARSON CHARGES ISSUED

Insurance Companies Said to Have Been Heavily Swindled, and Many Arrests Expected

By Associated Press. Chicago, March 18.—Seventy warrants were issued today in connection with the arson frauds by means of which insurance companies have been swindled out of millions of dollars. Assistant State Attorney Johnson said that at least an equal number of warrants would be taken out later.

130 MINERS IMPRISONED, BUT RESCUE IS LIKELY

Coal Mine in Kentucky Caves in Shutting Off Escape, But None are Believed Killed

By Associated Press. Henderson, Ky., March 18.—One hundred and thirty coal miners are imprisoned today in a coal mine of the Pittsburg Coal Co., at Haskett near here. The cause of a cave in which has clogged the mouth of the mine. Reports from the mine state that though the men have been unable to make their way out through the air shaft there have been no fatalities.

It is expected the men will be rescued late this afternoon.

GALLOWAY ASSUMES AGRICULTURAL POST.

Washington, March 18.—Within a few hours after his appointment had been confirmed by the senate today Dr. Beverly T. Galloway was sworn in as assistant secretary of agriculture.

William A. Taylor, who has been his assistant, is slated to succeed him as chief of the bureau of plant industry, and L. C. Corbett, who has had charge of horticultural investigations, will be assistant chief of the bureau.

U. S. EXTRADITION LAW QUESTIONED IN COURT.

Washington, March 18.—The fight to save Porter Charlton from extradition to Italy for the murder of his wife at Lake Como on their honeymoon opened today in the supreme court, when attorneys for Charlton filed their arguments. The court will hear oral arguments, probably the last of April. Much of the contention of Charlton's lawyers relates to a showing that the United States government has no power either by treaty or statute, to turn over to a foreign government an American citizen to answer for an alleged crime in a foreign country.

WILSON FAVORS BUDGET SYSTEM

HOPES TO SEE IT PERFECTED DURING HIS TERM OF OFFICE

IS OBSERVING HOLY WEEK

Turns Down Invitations—Does Not Believe That He Should Accept Gifts of Value

By Associated Press. Washington, March 18.—President Wilson is in favor of a budget system for the conduct of the government's finance. It was made public today in a letter written on January 30 from Trenton to Senator Tillman expressing the hope that a budget system might be worked out when he came to Washington.

This promises to be a quiet week socially at the White House. President Wilson will observe Holy Week. He wrote a letter to a friend today declining an invitation to a theatre, saying that he would be glad to go some other time than the week which by so many people is devoted to more serious concerns.

New Jersey Legislature. Four hundred school girls were to be received in the east room of the White House today.

It became known today that the president had not only telegraphed to Democratic leaders in the New Jersey State Senate to secure the passage of the jury reform bill, but that he had urged prompt adoption of the resolution providing for direct election of United States senators. Telegrams were received at the White House today from Senator Davis stating that the jury reform bill would go through the Senate without the referendum act and would be so presented for reconsideration to the House.

Turns Down Gifts. President Wilson does not intend to accept gifts of value. He received today a razor, a stop mounted in gold, but sent it back to the donor with a letter of regret. Numerous other gifts have been returned by Mr. Wilson, who does not believe the President of the United States should accept special favors from anyone.

KEEP CLOSE WATCH UPON FRIEDMANN'S PATIENTS

Daily Bulletins to be Issued on Progress of Cases Given Anti-Tuberculosis Serum

By Associated Press. New York, March 18.—The progress of the twelve persons who received Dr. Friedmann's treatment for tuberculosis at Bellevue hospital yesterday will be told the public by a daily series of bulletins. The first of these bulletins will not be issued for a week, as no change in the condition of any of the sufferers is expected within that time.

Dr. Friedmann has been refused permission by the medical authorities of the city to give his treatment except in connection with certain hospitals. Since his arrival here hundreds of sufferers have besought him to admit them.

"Many of these people have come from out of town and they can not be taken into the city hospitals because they do not live here," Dr. Friedmann declared.

He told of a victim of the disease who had laid siege daily to Dr. Friedmann at his hotel for ten days: "This man," he continued, "has a temperature of 104 and 105 and is walking about the streets. He may drop dead in the street, but we cannot help him. Dr. Friedmann can treat only cases in hospitals and those under care of Government physicians.

"There are hundreds of persons in New York to whom he wants to give his treatment for the benefit of humanity, but his hands are tied. He is eager to treat those patients, rich and poor alike, without charge. It is a crime not to allow him to do so."

A dozen persons suffering from pulmonary tuberculosis received treatment at Bellevue. All were in advanced stage. Some of the scores who waited outside in the vain hope that they might begin the treatment came in automobiles. All were turned away and only the cases previously selected came to his attention.

CEMETERY DUES TO BE COLLECTED THURSDAY

A committee from the Cemetery Association will on Thursday morning call upon the lot-owners whose dues have not been kept up to date to collect the arrearages. The association is making additional plans for work at Riverside and is in need of the back dues that are outstanding.

Since we write our ad this morning we have seen with what vigor and to what perfection the Chinese arbor vitae grows in Wichita Falls. Of course they are nearly all growing in the wrong positions—front instead of the rear and sides of the residences. Can you imagine how a grove of them on a border (not a hedge) of them around your back yard and on north of your house would add to the general appearance of your home, to say nothing of the comfort and the air of privacy.

There are many ranch homes fairly begging for a planting. We have thousands of 5 to 6 foot trees. Never or rarely does one die in planting. They live 200 years. We pay the express and on large lots will superintend planting, so that each tree is placed in the right spot. Come out and see how Mr. Bullington's look. Combine your order with a carload shipment.

LAW TO PREVENT WASTING OF GAS

CHAMBER OF COMMERCE WILL ASK FOR LEGISLATION ON SUBJECT

TO SEEK MORE MEMBERS

Campaign to be Waged April 3—Plans For Mineral Wells Trip Taking Form

Declaring it to be the sense of that organization that the reported wasting of gas in the Petrolia field was an outrage that should be stopped immediately, the directors of the Chamber of Commerce this morning authorized President Huff to confer with District Attorney Scurry to learn whether there was any Texas law to prohibit gas wells from being allowed to flow wild, and if there was not such a law, to urge Wichita's representatives in the legislature to secure its enactment at the present session of the legislature.

This action was taken on a report believed to be reliable that a company operating at Petrolia had been permitting a five million cubic feet gas well to flow wild for more than two months. Mr. Huff will also take up the matter with the owners of the well. A number of matters were acted upon at this morning's session of the directors.

Mineral Wells Trip.

Acting Secretary Thomas reported arrangements for the excursion to Mineral Wells. It was decided to send a band with the excursionists. A committee comprised of Messrs. Pennington, O'Reilly and Liebold was appointed to assist Mr. Thomas and a representative of the passenger department of the Wichita Falls Route in securing a big representation from this city. Mr. Thomas said he believed a fare of \$2.50 for the round trip would also provide for the band and for badges, canes, etc. It was also decided to ask the railroad company to provide a standard or a tourist sleeper for the accommodation of the ladies who would make the trip.

The mention of a sleeper brought up the question of asking the Fort Worth & Denver to operate a standard sleeper between Wichita Falls and Fort Worth. It was reported that the Fort Worth & Denver had about decided to do this but to help matters along a resolution was adopted requesting that this be done.

Campaign is Proposed.

An appropriation of \$200 was authorized to pay part of the salary of J. W. Campbell, agricultural demonstration agent for the ensuing season. The expense of this work is borne jointly by the federal and county governments and the Chamber of Commerce. The industrial department of the Fort Worth & Denver and the Katy railroads will also be asked to share in this work and bear part of the expense of soil analysis to aid in experiments in alfalfa growing.

A. L. Huey, chairman of the membership committee outlined the committee's plan for a membership campaign. It provided for the division of the business portion of the city into districts with a committee for each district and the setting apart of a special day to conduct a membership canvass. The plan was adopted and April 3 designated as membership day.

Glass Plant Offer.

Mr. Jaroskow, owner of a glass plant at Peru, Kansas, who had been in correspondence with the Chamber of Commerce relative to the removal of the plant offered to give contributors of a fund an interest in the plant if they would aid its removal and establishment here, was present at this morning's session. Mr. Kemp explained his proposition. It was the sense of those present that the Chamber of Commerce could not give aid to the enterprise in its present form, but that if Mr. Jaroskow could interest someone with capital to take an interest in the plant, then the Chamber of Commerce would extend its support. The proposition was referred back to the committee on manufacturers to try to work out a satisfactory plan.

NEW HARDWARE CONCERN SOON TO BEGIN BUSINESS.

D. C. and J. H. Jamison have organized the Jamison Hardware and Implement Company and will open for business in a few days. Any Clothes Will Do For Tommy. He Wears Them Out Anyway

That is the excuse some mothers give for buying cheap clothes for their boys—of course it's ridiculous. If it were true, why not dress them in brown paper—its still cheaper than the cotton mixture and shabby materials that cheap boy's clothes are made of—but here is the truth, the harder Tommy is on his clothes, the stronger and better clothes he should have. We challenge Tommy or any other boy to wear out a suit of **Wooly Boys Clothes** in the time he can wear out two suits of the cheaper kind, and the **Wooly Boys** suits look good and keep their shape all the while Tommy wears it, that's because its made right out of all wool materials. There's no economy in buying cheap boy's clothes when you can get **Wooly Boys Clothes** that wear twice as long for very little more in price. They are guaranteed too. Let us show them to you

1500 Expected Here For Events—and
Entertainment Program is Now
Being Prepared

Tentative plans for the entertain-
ment of the State Firemen's conven-
tion, which meets here the second
week in May, have been formulated
by the committees in charge and it
is proposed to treat the visiting fire
fighters in a way that will cause them
to remember Wichita Falls a long
time.

On the first night of the convention
the fireman will be guests at a dance
at the lake, on the second night a
fish fry and Dutch lunch is planned
and on the third night they will be
guests of the city at the exposition
grounds. On the second night, while
the men are at the Dutch lunch, the
ladies will be taken through the glass
factories.

Races are to be a feature of the
convention and substantial prizes will
be hung for wagon and horse reel
races; these prizes will be large
enough to attract considerable com-
petition, aggregating about \$1000.

About 1500 visitors are expected
here for the firemen's convention
alone and the committees estimate
that a fund of \$2000 will be requir-
ed to properly entertain them.

**The Law Guarantees
Pure Pepper—But**

pepper can be pure
and yet not up to
standard in flavoring
quality. Just 40 per
cent of the pepper pod
is heart. That heart is what
has the real flavor and
strength—the rest of the
pod (60 per cent) is poor
in flavor—woody.

Now the ordinary pepper is
made by grinding the whole
pod—that gives an extra bit of
pepper, 60 per cent heavier and 60
per cent nearly tasteless "make-
weight"—yet according to law it
is pure.

White Swan Pepper is
made only of the heart of the
pod—the 40 per cent all-flavor
part. So a tin of White Swan is
100 per cent flavor. That's why
it lasts longer, goes further and
is cheapest in the end.

Better than the law requires.

tion, Prosperity Celebration and
Military Tournament are being print-
ed today and the committee is hop-
ing of having the imprint placed up-

through.

The committee will call for "print"
and deliver the envelopes to any one
who will phone No. 828, so that every
business man can very easily be of
assistance in advertising the affair.
A contest between drill teams of
the Woodmen of the World may be a
feature of the exposition; officials of
that order have taken the matter up
with the exposition committee and
believe they will be able to bring a
number of teams to this city for such
a contest.

the rain was needed to put the ground
in shape for planting, although quite
a few had planted corn before the
rain, but since the cold snap we sup-

to plant over.

"GOLDEN RULE" CHIEF OF CLEVELAND DISCHARGED

Civil Service Commission Finds Kohler Guilty of Charges Recently Filed Against Him

Cleveland, Ohio, March 18.—Fredrick Kohler, "Golden Rule" chief of police was last night found guilty by the civil service commission which sustained charges of "gross immorality, conduct unbecoming an officer and gentleman, and conduct subversive to good order and discipline in the police department" and immediately discharged him from office.

The charges were filed by Mayor Baker, and the trial of the chief occupied the whole of last week.

The charges involved alleged visits of Kohler to the home of Mrs. May Scherer, Feb. 2, May 23 and June 5, 1912, in the absence of her husband.

On the last named date Scherer testified in the trial that he surprised Kohler and his wife in the Scherer home.

Kohler attempted to prove alibi for the first two dates and declared his mission "on the night of June 5, 1912, was an innocent one."

Scherer got a divorce from his wife in a suit in which Kohler was named.

"We should add to the sentence a pension to which a retired officer is entitled, in view of the term and character of his service, but we are without power to do so," said the commission.

In a statement issued last night, Kohler indicated his willingness to resign if allowed to receive his full pension of \$125 a month.

If discharged his pension would be \$62.50 a month.

Kohler is 49 years old and has been a member of the police department for twenty-four years, and chief for ten years.

His policy of "golden rule" against first offenders and minor offenders has made him one of the best known police chiefs in the country.

The title of "best chief in America" was conferred on him by Theodore Roosevelt on the occasion of one of the former president's visits to Cleveland.

The commission's decision praises Kohler's work as a police chief and says while "other police officers have been guilty of corruption and extortion, Frederick Kohler is a good man."

Three years ago Kohler was tried and acquitted by the civil service commission on charges of drunkenness and personal misconduct in office.

NO SIGN OF FOUL PLAY IN ACTRESS' DEATH.

Southampton, March 18.—The post mortem examination today on the body of Francis Leslie, the young American actress who was found dead Sunday on the steamer Oceanic, showed that death was due to an attack of epilepsy.

There was no evidence of foul play.

It has been established that Miss Leslie told several passengers that she was subject to heart disease and epileptic fits and refrained from passing in social events during the voyage.

These facts and the position of the body when found are taken by the authorities as indications that she had a seizure and fell before help could reach her.

"GET VACCINATED" SAYS CHIEF—HE OUGHT TO KNOW

City Marshal Gwinn Who is All Broken Out, Gives Some Advice From the Heart

"Get vaccinated," is Chief of Police Gwinn's advice to "fanyloidy" chief had been exposed to smallpox many times and because he had never had it he believed he never would.

Recently one of his little daughters broke out with smallpox. The family was quarantined, but its head did not regard the matter with great seriousness, although he did have respect for the law not to violate the regulations.

Several days after the quarantine had been raised the chief himself was taken sick and soon developed a case of smallpox. He is now well broken out and has changed his mind about the disease.

This morning he sent the advice quoted above to the officials at the city hall.

FIRST WIFE OF BIGAMIST MAY END HIS TROUBLES

Second Wife's Bank Account is \$700 Shy, But Difficulties May Be Patched Up

Chicago, March 1.—David A. Wardell, San Francisco real estate dealer and alleged bigamist, will go free if the love of his first wife can conquer the hatred of his second wife plus a deficit in the second wife's bank roll of some \$700.

Miss Laura Crew, a Los Angeles society girl and the second Mrs. Wardell, charges that the San Francisco man married her under the name of Donald Coleman, and then deserted her in Chicago after he had obtained possession of her bank account, totalling \$4,500.

She caused his arrest and Wardell was brought back from Rochester, N. Y., today.

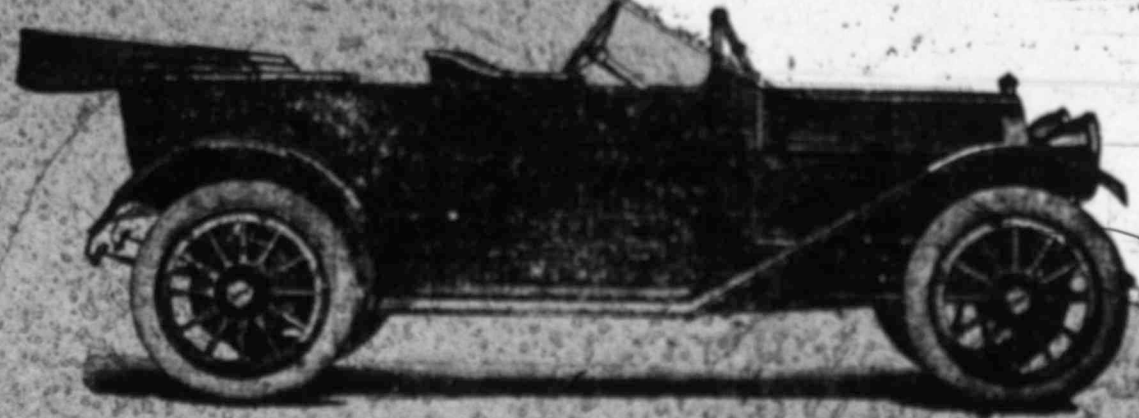

Wardell's first wife, who came all the way from the coast to see him, greeted the real estate man affectionately. Tonight she declared she had forgiven him and was willing to take him back home.

Wardell had \$3500 when he was arrested—just \$700 less than the amount of Miss Crew's roll.

"I think Miss Crew will forgive him and drop the case so I can take him back," said Mrs. Wardell. "He was in so much trouble he did not know what he was doing."

The Bostonians have now arrived at Jones Kennedy Co's. 60 lfc.

CHARLES W. MORSE HOME MAY LIVE FOR YEARS.

New York, March 18.—Charles W. Morse, the former banker, who was pardoned by former President Taft, accompanied by Mrs. Morse, reached here today from Europe, where he has been traveling since last November. Physicians have told him he may live for years with proper care.

Mr. Morse said:
"But I watch myself constantly and be careful about my diet," he added.

Mr. Morse said he intended to enter business again, but he was silent as to the line he purposed taking. He would not discuss a report that coastwise steamship lines would again engage his attention.

FRESH

is a word that when applied to young men and winter colds is not significant of goodness or desirability but when applied to cigars it means something. The freshest thing in our place is the cigars. There is not a cigar in our case that has been there over sixty days. We buy only real cigars to begin with and they are cared for just right. They are neither bone dry nor soggy. They burn evenly and do not blaze and do not make smoke instead of steam.

If you want the soft mellow smoke that puts you at peace with the whole world and brings profound thought to your brain and pleasant memories to your mind try carefully kept Havanas. Your money's worth is in every one of them.

WE DO NOT GUESS OR SUBSTITUTE

One is as bad as the other. If your prescription is not filled with the right quantities or if some ingredient is adulterated or substituted you cannot expect results. Everything sold at this store is measured or weighed accurately, and we are just as particular about the quality too. We use only pure, fresh drugs and your orders and prescriptions are filled by a graduate in pharmacy. If you ask for one article we do not try to persuade you to take another on which we make a greater profit. No want of yours is too small to receive our most careful attention.

OHIO LEGISLATOR WOULD BAR IMMODEST DRESS

Introduces Bill To Regulate Woman's Attire—Commission To Prescribe the Fashions

Columbus, O., March 18.—Low cut dresses, diaphanous hosiery and shirtwaists constructed mostly of holes, are to be legislative topics in Ohio, as the result of the introduction of a bill in the House last evening.

Representative Cappellet of Cincinnati introduced a bill in the lower house of the Ohio legislature providing for the appointment by the governor of a commission to "prescribe the fashions to be worn by women in the State of Ohio."

Introduction of the measure resulted from the charge filed with Governor Cox today by a woman who did not sign her name, but that "immorality is practiced by married men in the offices of the state house and elsewhere in the State of Ohio."

Under the provisions of the bill the proposed commission would be compelled to fix limits on décolleté dresses so that "not more than two inches of the neck below the chin shall be uncovered." Another clause of the measure provides that "transparent stockings shall not be displayed or worn in public places."

Another provision of the bill states: "It shall be unlawful to display or wear any outer garment trimmed or combined with lace, insertion or any kind of embroidery mesh or net through which the color or texture of the skin may be distinguished without having the lace or other transparent material backed with opaque material."

Members of the proposed commission, according to the bill, would have to be married men and of good moral character. One would be a minister, one a parent of not less than three children and the third a social settlement worker.

The commission would be authorized to "prescribe rules and regulations for the designing and manufacture of women's clothing and to prohibit such styles and patterns of garments as the commission after a hearing shall deem to be detrimental to virtue and chastity."

The bill goes so far as to prohibit department stores from displaying undraped artificial figures. The bill makes a violation of the act punishable by a fine of not less than \$25.
