Dayton, With Scores of Fires Illuminating Roaring Waters, a Marine Hell Last Night.

By Associated Press.

Dayton, Ohio, March 26.—The crest of the flood passed Dayton at about midnight last night, but the next few hours following saw no lowering of the flood waters over the stricken city. Morning brought no hope of immediate relief and it is feared that the early morning hours have brought a great increase in the number

Estimates of the dead are now from 500 to 1,000 and it is feared that the subsidence of the waters will reveal even greater loss of

The rescuers will not be able to make much headway into the flooded district today but must content themselves with saving those marooned within a few blocks of the water's edge.

More than 70,00 inhabitants of Dayton and its environs were either unable to reach their homes last night or were marooned on the tops of their homes unable to reach land.

The overflowed district covers an area of fifteen square miles, most of which is under water from 6 to 15 feet deep.

No communication has yet been established with those marooned in the business district. It is believed the most fatalities have occurred on the west and north sides of the river where the breaking of a levee caused the water to rush in suddenly. This was in the commercial district and happened before most of the business. men had arrived for work. The early hour undoubtedly prevented

Lady in Goodwater Describes Her Distressing Experience and Tells How She Was Finally Relieved.

Goodwater, Mo.- Ever since I was little girl," says Mrs. Riley Laramore, 'I was a great sufferer from dyspepsia. I suffered misery after eating, and had terrible heartburn.

I thought I had to suffer this way as long as I lived, but when I began to take Thedford's Black-Draught, in small doses, every night, the heartburn was all gone in a few days, and I could eat without distress. I took two small packages in all, and

although that was some time ago, the dyspepsia has not returned. I speak a good word for Thedford's Black-Draught whenever I have the opportunity.

If eating causes distress, we urge you to try Thedford's Black-Draught. II cleanses the system, helps the stomach to digest its food, regulates the bowels, and Freear-Brin Furniture stimulates the liver.

WEED CHAINS CAN BE EASILY IDENTIFIED - the name "WEED" is stamped on every cross chain hook, and each pair is packed in a brown canvas bag on which is printed: "Weed Chain Tire Grips." Every cross chain is brass plated, specially welded, tempered and inspected -of diamond-like hardness and smoothness, but not

Rid-O-Skids are made of softer material and with less care. The cross chains are not plated and each pair is packed in a white canvas bag on which is printed: "Rid-O-Skid Tire Chains."

Owing to the greater cost of the material used in the manufacture of WEED CHAINS, their sale prices must necessarily be higher than those of our Rid-O-Skid chain.

If you ignore the maxim 'Initial Cheapness is False Economy' and purchase Rid-O-Skid chains instead of WEED chains, you will at least be much wiser than the man who insists upon taking chances by depending on rubber alone, and later experience will show you that WEED CHAINS give much greater mileage and are, therefore, cheaper in

### APACHE REMOVAL HAS BEEN DELAYED.

(Advertisement)

Lawton, Okla., March 26 .- The 200 Apache prisoners of war who were to have started Tuesday on their journey from Fort Sill to the Mesaclarero Indian reservation in New Mexico, free men, are still prisoners of war. Information from Washington indicates that their removal has been temporarily held up pending investigation of protests from New Mexico, which have come in a flood of telegrams since the order for removal was issued.

On their face the New Mexico protests claim a fear that trouble between the Indians and the descendants of those border settlers who were the victims of the marauding expeditions of Geronimo would be imminent if the Apaches are returned to their old haunts, but telegraphic dispatches today from Roswell, N. # What We Believe

There are three things we believe in, so much so that we have made them our motto. Honesty, Quality and Service. - We believe in a good many other things too, but we are strong for honesty if the other fellow owes us anything, while quality and service goes a long ways when we go to buy goods.

It's the quality that has given us success. Five years ago we opened a small plant here employing two men, today we have over a dozen employees with modern pneumatic tools with which to give the service required. Cemetery improvement is going on each day, we beautify a plot for some one by placing a memorial, they planting a flower in loving remembrance. It's all your fault, if the loved one is unremembered, as our pleased customers will tell you we can be trusted, to mark the sacred mound.

You intend to beautify your Cemetery plot, WHEN? Yesterday is gone, and tomorrow never comes. Our telephone is 440. We will get busy today if you say the word.

While all of us must admire the enterprise and pluck shown by Newcastle in her recent losing fight for the county seat of Young county, still there are many here who would have regretted to have seen the county seat moved from Graham where it has been located nearfly forty years. This in spite of the fact that it would be of some material advantage to Wichita Falls to have the county seat at Newcastle. It has been so long at Graham that it has come to be regarded as a fixed institution there, and seems to fit so well that it is hard to think of Young county separated from Graham and the court house. In her discussion of her work in the dramatic world Miss French un hesitatingly states that she considers the role of "Madame X" the most difficult, the most trying and at the same time the most satisfying part she has ever essayed. To some this may sound like a paradox, but Miss French's meaning is that while it is a role calling upon her every ounce of reserve strength to carry it through night after night, yet the results of an overwhelming artistic success are so satisfying that it is well worth the sacrifice and nervous energy. The character of "Madame X" said Miss French recently is a study of a woman in all her moods and tenses and the character was drawn by a master hand. ## MARRIED WOMEN ANOTHER DEBAILMENT HAVE NEW RIGHTS

BILL RECENTLY PASSED BY LEG-ISLATURE MEANS MUCH TO THEM

Houston Woman Wins Vallant Fight For Bill Which Succeeds After Hard Struggle

Austin, Texas, March -The maried women's property rights bill, which has been constantly in the public eye for several months was signed by Governor Colquitt and will go into effect 90 days from April 1 The pen with which it was signed was given to Mrs. Hortense Ward, of Houston, who has been largely reponsible for the success of the

lmost continuously since January 13. gists. She has been backed in her campaign by all the leading social, ed cational, labor clubs and philanthroorganizations in the state and had the support of 508 Texas news

She states that she received every ourtesy from the governor and the egislators.

Wife Gets Absolute Control. Under the new law a married woman has absolute control and dia posal of all personal property and the control and management of all her separate real property, as well as osolute control and disposal of her ersonal earnings:

She can not, however, sell be real property or encumber it without joinder on the part of her husband, unless she can show to the satisfac tion of the district court that it is for her best interest to do so. He earnings and rent and interest on money, dividends on stock, etc., are not subject to her husband's debts. The new law does not touch the status of either the community or separate property.

Mrs. Ward was notified earlier in the week that the governor would veto the bill. She immediately left for Austin. He agreed to place his signature to the act provided four lines should be eliminated. The house then recalled the bill and rescinded its action. The senate did the same. Both brancher revived the free con-ference commutee. The bill was then reported out, and was passed the third time by both the senate and the house. The house gave its final -verdict of approval Friday morning and it was unanimous.

Where the Credit Belongs. To Mrs. Ward belongs the credit or the extension of the right of married women in Texas to control their own property. She has worked indefatigably for the measure. While the burden of the enterprise has fallen upon her shoulders, its sucess' lies' in the fact that she neverermitted any other measure to ome between here and the bill for the extension of property rights o married women.

She is deeply interested in legis ation for a compulsory school atendance law, a child labor law, a law regulating the hours of working women and many others, but her policy has been, One measure at a ime and don't let up until you get

t through." Mrs. Ward extends her thanks to the people of Texas for their cooperation and especially the magnificent work of the club women, the loyal support if the newspapers and the splendid work by William Hard in his articles appearing in the Delineator

## TWO HOMES ARE BURGLARIZED

BURGLAR SECURES JEWELRY AND OTHER PROPERTY AT REV. WALTERS' AND J. J.

### AWA

Both Burglaries Committeed Early in Evening and Houses Thoroughly Ransacked

The homes of J. J. Lory, 1405 Tenth treet, and Rev. F. F. Walters, 1008 Austin, were burglarized last night and from each valuable jewelry and other property was taken

Both houses were burglarized while the occupants were attending meetings of their churches. Mr. and Mrs. Lory were at the banquet at First Baptist Church and Rev. Walters and family were at a Christian Endeavor social at the home of Mr. Kilander

Both families upon their return to their homes found that they had been thoroughly ransacked and articles taken which 'they had, prized highly. At the Lory residence the burglar entered through a kitchen window, cutting away the screen to reach the lock. At the Walters home entrance was obtained through a bath room window by cutting away a screen. In both houses bureau and lresser drawers had been pulled out and emptied, closets and cupboards ransacked and even the matriesses ulled off the beds.

From the Lory home were taken everal camoes and brooches which Mr. Lory had brought home from trip to the Orient several years ago, two pairs of gold rimmed eye glasses, a gold watch, two pairs of trousers shoes and other articles of clothing and jewelry.

From Rev. Walters a list of the art les missing includes two rings, two stickpins, a small open face silver watch and Hunting case gold watch, between eight and nine dollars in coin, and a check for \$1.70 which had been given by Rev. Walters to his son, Paul.

From the manner of entrance, the kind of articles taken and searches made it is believed both houses were ourglarized by the same party.
