## TARIFF BILL IS FIRST MEASURE INTRODUCED

### PROVISIONS OF NEW TARIFF BILL

REMOVAL OF ALL TARIFF FROM MANY NECESSITIES AND REDUCTIONS ON OTHERS

### IS HIGHER ON LUXURIES

Tariff on Diamonds and Precious Stones, Furs, Spices Will be Increased

By Associated Press. Washington, April 7.—Removal of all tariff from many articles of food and clothing; broad reductions in the rates of duty on all necessities of life; an increase of tariff on many luxuries; and a new income tax that would touch the pocket of every American citizen whose net income exceeds \$4,000, are the striking features of the new democratic tariff revision bill presented today to the House.

Sugar would be free of duty in 1916, the bill proposing an immediate 25 per cent reduction and the removal of the remaining duty in 1915.

Raw wool would be made free at once with a correspondingly heavy reduction in the tariff on all woollen goods.

All these other articles are put on the free list, namely:

Meats, flour, bread, boots and shoes, lumber, coal, harness, saddlery, iron ore, milk and cream, potatoes, salt, swine, corn, cornmeal, cotton bagging, agricultural implements, leather, wood pulp, Bibles, printing paper, not worth more than 2 1/2 cents per pound, typewriters, sewing machines, registers, steel rails, fence, wire, cotton ties, nails, hoop and band iron, tin, sulphur, seeds, tanning materials, acetic and sulphuric acids, borax, lumber products, hubs for wheels, posts, staves, shingles.

These principal items are taken from the free list and taxed:

Diamonds and precious stones, furs, coal tar products, 10 per cent; volatile oils 20 per cent; spices from one cent to two cents per pound.

Chairman Underwood of the ways and means committee, in his statement accompanying the new tariff bill, gave the following comparative table, to show reductions in tariff duties made upon necessities. In each item both the present tariff and the proposed tariff had been reduced to an ad valorem basis:

	Pre.	Pro
Cream of tartar	25.45	17.85
Medicinal preparations	59.05	31.11
Castor oil	33.19	15.00
Wash blue	23.59	15.00
Salt peter	9.27	6.87
Common soap	20.00	50.05
Saleratus soda	21.54	8.50
Salt soda, washing soda	20.93	16.25

Lime	9.17	5.00
China and crockery	55.00	35.00
Grindstones	9.21	3.33
Bicycles	45.00	25.00
Pocket knives	77.60	35.00
Razors	72.36	35.00
Scissors and shears	53.77	30.00
Knives and forks	41.98	27.00
Furniture	35.00	15.00
Cattle	27.07	10.00
Macaroni, etc.	34.25	23.81
Rice, cleaned	54.05	33.33
Eggs	36.38	14.29
Stocks, etc fruit trees	54.44	27.58
Mineral waters	43.56	30.00
Spoil thread	22.95	15.00
Cotton cloth	42.74	26.69
Stockings, hose, etc.	75.38	50.00
Cotton work gloves	89.17	35.00
Shirts, underwear	60.27	25.00

Blankets	72.69	25.00
Clothing, ready-made	99.70	35.00
Sewing silk	25.00	15.00
Wrapping paper	35.00	25.00
Books	25.00	15.00
Brooms	40.00	15.00
Matches	27.59	14.00
Harness, saddlery	35.00	20.00
Indiana rubber	35.00	10.00
Lead pencils	39.00	25.00

The new rates are estimated to reduce the customs revenue approximately \$80,000,000 a year. This is expected to be made up by the income tax.

Endorsed by President Wilson, the measure represents the efforts of the president and the House tariff makers to carry into effect Democratic pledges of downward revision and of concessions to the American consumer.

Protection to the farmer would be cut throughout by more than 50 per cent in an effort to reduce the cost of food.

Protection to the steel and implement manufacturer would in turn be cut fully as wide a margin.

## PROBLEMS OF THE 63RD CONGRESS

CURRENCY, TARIFF AND TERRITORIAL POSSESSIONS TO RECEIVE CONSIDERATION

### NEW MEMBERS DOMINATE

Organization of House Expected to Occupy Opening Session of That Body

By Associated Press. Washington, April 7.—A complete revision of the tariff law; modification of the nation's currency system; proposals for Philippine independence; for repeal of the Panama Canal free toll provision; and for the immediate construction of government owned railroads in Alaska, are the chief problems confronting the first session of the Sixty-third Congress beginning at noon today.

Summoned by President Wilson for the express purpose of revising the tariff, the new Congress faces extreme pressure from many quarters for early action on the other subjects named. Whether any of these other than the tariff, will be taken up during the special session depends upon the progress made with the tariff revision, and the success that may attend preliminary work upon a general currency reform bill.

Democrats in Complete Control. For the first time in eighteen years Congress assembled with both its branches under control of the democrats, and with a democratic president to co-operate in shaping its policies, and to approve its acts.

The tariff law to be passed by the special session that opens today will be the first general democratic revision of the revenue laws since the act of August 27, 1894, known to the history as the "Wilson-Gorman law" and which President Cleveland allowed to become a law without his signature.

Scores of familiar faces were absent in both houses. In the House, the complete change in the seating arrangements had made even old members strangers to the scene. In place of the mahogany desks and swivel chairs to which members had clung for many years, stiff rows of leather upholstered benches, arranged in semi-circles, filled the House chamber.

The new bench system, somewhat similar to that of the British House of Commons gives no desk space at which members can write or work while in the House Chamber.

New Members Dominate House. New members dominate the larger House in the new Congress. The increase of the membership of the House from 396 to 435, which became effective March 4, brought in a larger proportion of new members than have appeared in any Congress of recent years; and made more conspicuous the absence of old time leaders, such as former Speaker Cannon, John Dalzell of Pennsylvania, Nicholas Longworth of Ohio, Samuel W. McCall of Massachusetts, E. J. Hill of Connecticut, and William B. McKinley of Illinois.

The work before Congress today consisted chiefly of organization business. The Senate had completed its organization early in March, during the special session called to act on President Wilson's appointments.

Vice President Marshall served his early apprenticeship as a presiding officer, and the democratic leaders took charge of the Senate, elected officers and chose committees at that session, and were prepared for general legislative work today. The organization of the House was expected to consume all of today's session of that body.

Wilson's Message Tomorrow. President Wilson's message will be read to both Houses shortly after the beginning of the session tomorrow. In his call summoning the extraordinary session of Congress, the president did not specify the purpose for which it was to be convened. Members of Congress who had talked with the executive expected that the message, prepared to greet the new Congress would urge action upon the tariff as the first duty of the democratic majorities in the two houses; but would leave the way open for action on the currency and other pressing matters. If it is decided later to take them up.

Democratic majorities in both the House and Senate are considered strong enough to carry through the program of tariff revision determined upon by recent conferences. In which the president has consulted with Representative Underwood and Senator Simmons, the tariff leaders of the two bodies. The democrats have a majority of over 140 in the House, their membership of 288 being double the combined strength of the republicans and progressives.

Sectional Interests May Be Barrier. In the Senate the democratic strength is 51, and the combined republican and progressive strength 45. This margin is counted on to secure

## SPEAKER CLARK IS RE-ELECTED.

By Associated Press. Washington, April 7.—The House of Representatives this afternoon re-elected Champ Clark of Missouri, speaker. He received 371 votes. Representative Mann of Illinois, Republican, received 111, and Victor Murdock, Progressive, 18. Four Progressive votes were cast for Representative Cooper of Wisconsin. Representative Nelson of Minnesota, received one vote.

favorable action on the tariff unless sectional interests of Democratic senators should bring about a combination against certain features of the bill, in which several democratic votes might be swayed to support the measure.

The candidates had been selected to lead the three parties in the balloting in the House today for the Speakership; but the re-election of Speaker Clark and the other officers who served the House in the last session was assured. The Democrats had unanimously endorsed Mr. Clark, the republicans had again named J. R. Mann of Illinois, who has been republican leader; and the progressives had aligned themselves behind Representative Murdock of Kansas.

New Party a Factor. The Progressive members appear for the first time in the new Congress as a separate party in the conduct of House affairs. Many progressive members, elected in November, have joined the party organization and will act in concert throughout the session, at least upon measures that may be advanced as part of the progressive party's legislative program.

President Wilson's influence is expected, by democratic leaders of both Houses, to be a potent factor in the shaping of legislation throughout the extra session. The president has taken an active part in the preparatory work on the tariff bill; and will keep in close touch with the Senate and House through the consideration of the tariff, currency, or other subjects that may be taken up during the session. He has made it known that he may frequently upset precedent by visiting the capitol and seeking personal conferences with those active in the conduct of legislative affairs.

Changes in Rules Planned. Important changes in the rules of the Senate will be brought forward during the next few days. These changes, as advocated by the new democratic leaders of the Senate, and approved by President Wilson, seek to prevent any concentration of power in the hands of a few senators or of committee chairmen. It is proposed to make all chairmanships elec-

## AWAIT COPY OF HOME RULE BILL

CHARTER COMMITTEE WILL TAKE NO FURTHER STEPS UNTIL THEY LEARN THE LAW

### IT MAY MEAN DELAY

Reported New Bill Provides Charter Committee Must Be Elected

The charter committee is now awaiting copies of the home-rule bill passed by the legislature before taking further steps toward adopting the charter. While the detailed provisions of the law are not known here, it is understood that some of the work will have to be done over again.

The bill is said to provide that the charter shall be drawn up by a committee elected by the voters, and the number and nature of its sessions are also prescribed. Should the voters elect a different committee from that which has drawn up the present tentative charter, it might mean additional delay. At best, it will be several weeks before the charter could be submitted to the voters.

As soon as copies of the bill are available, the committee will see what further steps are necessary and take action accordingly.

## BLINDED WIFE WITH CARBOLIC ACID

Fort Worth Man Insane From Remorse and Jealousy Then Killed Himself

Fort Worth, Texas, April 7.—Ralph Custin's remorse over having so per- mit his wife to earn a living for him made him insane yesterday and caused him to turn out his wife's eyes with carbolic acid and then kill himself.

"Now you are blind," he said after he had poured the acid into her eyes and before he fired a bullet into his own head, "and Grace can sing on the streets and make a living for you."

Although he had lived on his wife's earnings for some time Custin could not resist his jealousy over her familiarity with other men.

As he bound her hands behind her back preparatory to pouring the acid into her eyes he threatened to take a razor and cut off the tip of her nose and shave her head.

The officers arrived while Grace, the eleven year old daughter of the couple was straightening out the bodies for burial.

## WILSON ON FENCE AS TO METHOD

PRESIDENT UNDECIDED WHETHER REVISION SHOULD BE SCHEDULE BY SCHEDULE

### FAVORS OPEN CAUCUS

Says Senators Voting Against Party's Measure Will Have Heavy Responsibility

Washington, April 7.—President Wilson this morning said he was on the "fence" as to whether the tariff bill should be taken up schedule by schedule or in a single bill. Seven democratic senators, members of the finance committee argued unanimously with the president for a schedule by schedule revision, but at the conclusion of the conference President Wilson said he would still further consider the matter before reaching a decision.

While the president gave no positive expression on the matter, his visitors believe he has practically made up his mind in favor of the single bill program. He told the members of the committee that any senator voting against the bill would have to bear the burden of the responsibility for the defeat of the party's program. It was suggested that the Louisiana senators would oppose the bill but the president, it is said, declared he had taken into account that loss and believed the bill would still have enough votes for its passage.

The question of a schedule revision or the single bill plan must be decided, so far as the president's wishes are concerned before the party caucus meets tomorrow.

Representative Palmer of Pennsylvania, chairman of the caucus today said he asked the president's opinion as to whether the caucus would be open and that his reply was "I have always been in favor of the open caucus."

## DEMOCRATIC CONGRESS IS NOW IN SESSION

### MONTENEGRIN KINGDOM DEFIES SIX POWERS

Declines to Yield to Demand to Stop Siege of City of Scutari

Cetinje, April 7.—The little kingdom of Montenegro has thrown down the gauntlet to the six Powers. She declines to yield to the demand of the Powers to abandon her attempts to gain possession of Scutari and has officially announced that she will not depart from an attitude which conforms to the necessities of the state of war existing between the allies and Turkey.

Fleet Blocks Port. An international fleet, comprising warships from Austria-Hungary, Italy, Germany, France and Great Britain, is now blockading the Montenegrin port of Antivari. These include four Austrian warships, the British cruisers Yarmouth, Inflexible and Gloucester; the German cruiser Breslau, the Italian cruiser Pisa and the French cruiser Edgar Quinet. Russia is not represented by a warship, but has acquiesced in the naval demonstrations.

Saturday the British Admiral sent the following message to the Montenegrin Premier, Dr. L. Tomonovich: British Admiral's Note.

"I have the honor to inform you that the international fleet is assembled in Montenegrin waters as a protest against the nonfulfillment of the wishes of the great Powers. I desire to call Your Excellency's attention to the presence of the fleet as a proof that the great Powers are acting in concert and request that their wishes be fulfilled without further delay. Please inform me immediately that your Government is ready to carry out the wishes of the great Powers."

Reply by Montenegro. To this the Montenegrin Premier replied in a note, expressing regret at the presence of the fleet, which he considered a violation of the neutrality proclaimed by the Powers at the beginning of the war and to the detriment of Montenegro. The Premier continued:

"Despite the pressure which the presence of the fleet implies, there will be no departure from an attitude which conforms to the necessities of the state of war existing between the allies and Turkey."

Troops Near Border. A brigade of Austrian troops from Cattaro has been maneuvering near the Montenegrin boundary.

The customary notice has not been given the Montenegrin Government and Austria's action is considered unfriendly and menacing.

## OIL LEASE SUIT IS FILED HERE

WOODRUFF-PUTNAM LEASE AT ELECTRA IS INVOLVED IN SUIT

Land in Question is One of Most Valuable and Productive in Field

IS VALUED AT \$500,000

A 150 acre tract of some of the best oil land near Electra is involved in a suit filed in the district court by S. C. Chapman et al vs. A. H. Woodruff et al. The land in question is included in what is known as the Woodruff-Putnam lease and is one of the most productive in the field. It was leased by the old Clayco company and later taken over by the Coricans.

The plaintiffs are S. C. Chapman and wife of Swisher county, C. T. Davis and wife of Potter county and W. H. Coble and wife of Roberts county.

The suit is to try title and for damages; of the latter, the plaintiffs ask \$500,000 and the value of the oil taken from the land since January 1, 1911, estimated at a million barrels, valued at 75 cents per barrel. Their petition alleges that they did, on January 1, 1911, own 52-100 of the 150 acre tract and that they were ejected therefrom by the defendants, who are named as A. H. Woodruff and C. M. Putnam of New York, Fay Woodruff of this county, the Clayco Oil & Pipe Line Company and the Corsicana Petroleum Company.

Mathis and Kay of this city are attorneys for the plaintiffs.

## SIXTY-THIRD CONGRESS OPENS

NEW TARIFF BILL INTRODUCED BY UNDERWOOD AS SPEAKER CLARK'S GAVEL DROPS

### SUFFRAGETTE INVASION

Band Representing Every Congressional District in Nation Presents Equal Suffrage Petition

By Associated Press. Washington, April 7.—The Sixty-third Congress, the first in many years with the followers of Thomas Jefferson in control of both Houses, began its session at noon today.

Just as Speaker Clark dropped his gavel convening the House, Majority Leader Underwood dropped the tariff revision bill into the hopper thereby officially starting a session that promises to last through the Washington dog days and well into August.

While the legislators were finding their new seats a procession of woman suffragists representing every congressional district in the United States marched into the capitol, with a petition asking for a constitutional amendment for equal suffrage.

In the House the opening session was taken up mainly with the swearing-in of one hundred new members. In the Senate most of the new members had been sworn in on inauguration day.

The strict formality that has characterized the opening of Congress for decades was shattered today when a young man in the Senate galleries tried to halt the recds by cries of "Mr. Chairman." The galleries were filled with woman suffragists at the time and it was at first believed the interruption was a part of their program. The young man when taken into custody gave his name as George Chamberlain of Monroe, N. C., and said he was a "herald from the Prince of Peace."

Vice President Marshall called the Senate to order.

In the House the Republicans nominated Representative Mann for Speaker and the Progressive Representative Murdock, along with a full ticket of Progressive candidates for House positions.

## SUBURBAN HOME BURNED LAST NIGHT

Residence of Frank Byers on Lake Road Was Destroyed

The home of Frank Byers, a cotton buyer, was destroyed by fire shortly before 8 o'clock last evening. The home is on the lake road, about half a mile beyond the city limits and there was no plug within nearly a mile. No one was at home at the time of the fire and the cause is not known; the loss was total.

An alarm was turned in and the department responded, but found the house enveloped in flames and beyond their aid, even had there been water available.

## NEARLY SCORE PERISH IN WRECK AT SEA

Bark Sherman Capsized on Reef Near Bay City, Oregon, Sunday

By Associated Press. Bay City, Ore., April 7.—Charles S. Fisher, president of the Fisher Navigation Company, Russell Blackman, secretary of the same company and two sailors of the Sherman, a bark of the Mima line which capsized on a reef near here yesterday were rescued this morning. Many of the others who were on board have jumped into the sea and have been drowned. These four are all that were saved of the twenty-two men aboard the bark.

HUNDREDS OF CORPORATIONS EXEMPTED FROM TAX. Washington, April 7.—Hundreds of corporations will be relieved of paying the federal corporation tax, according to a decision of the United States supreme court today to the effect that corporations leasing all their property and having no income except that yielded by lease "are not doing business" and therefore are not subject to the tax.

## GIVES HISTORY OF OLD CHURCH

INTERESTING PAPER READ AT PRESBYTERIAN FARWELL EXERCISES

### BUILT PRESENT BUILDING

Story of How Cumberland Branch Was Started Here, Is Told By Miss Haynes

A feature of the exercises at the First Presbyterian church Sunday night, March 30, when the congregation bade farewell to the present structure, was the historical sketch of the Cumberland branch of the church up to the time of the church union. The Cumberland Presbyterians built the structure which was used by the united church, at the corner of Tenth and Travis. The sketch was given by Miss Kate Haynes, who said:

"The Cumberland Presbyterian church was organized Dec. 29, 1891, by Rev. W. D. Wear with fifteen charter members as follows:

"Mrs. M. A. Boyd, Mrs. L. M. Boyd, Mrs. Ed Howard, Mrs. S. H. Hodges, Mr. and Mrs. J. W. Jordan, Mr. and Mrs. J. L. Nickles, Mr. and Mrs. A. S. O'Kelley, Miss Clara O'Kelley, Mrs. C. C. White, Misses Kate, Jodie and Emma Haynes.

"Other members were received in a short time and the following elders were elected, ordained and installed: J. G. Rossen, J. L. Nickles and A. F. O'Kelley. J. W. Jordan was made deacon. Mrs. M. A. Boyd and Mrs. S. H. Hodges, deaconesses.

"Mrs. D. B. King, mother, father, brother and sister, as a committee of five were appointed to find a house in which to worship and also to secure a lot on which to build a church. Rev. W. D. Wear was selected pastor and served the congregation for several months. This committee purchased the lot on which the church now stands for \$300.

"The very first fifty dollars raised for the purchase of the lot was made at an ice cream social—Mrs. M. A. Boyd and Miss Jodie Haynes assisted by other good helpers served ice cream, cake and lemonade in upstairs room down town.

"March 19, 1892, a called meeting of the session was held at the residence of Judge S. H. Hodges, at which time the following committee for securing the money to build a church was appointed: J. P. Boyd, Judge S. H. Hodges, J. W. Jordan, D. A. McKenzie, Mrs. M. A. Boyd, Mrs. S. H. Hodges, Miss Jodie Haynes, Mrs. J. W. Jordan. This committee went to work at once and secured \$567. Well, the church was built but not finished inside.

"In 1893, Rev. T. S. Causey was employed as minister. He served the church a few months and returned to school. Our next pastor was Rev. M. A. Forgy, who served the church one fourth of his time for several months. He resigned to accept a call to the Ringgold church.

"In February, 1895, Rev. G. W. Nes was called to the church as pastor to serve half his time. Rev. Nes resigned in July, 1895, to accept a position as teacher of English in Bethel College, McKenzie, Tenn.

The next pastor was Rev. W. W. Martin who served the church several months.

"Rev. W. A. Erwin was the next pastor and continued with the church, I think about two years, and resigned to take the church in Amarillo. It was during his pastorate that our church was finished inside and dedicated. The generosity of Judge S. H. Hodges, Mrs. C. C. White, A. A. Hughes, D. A. McKenzie, John Myers, Ed Howard and others made it possible for this to be done. Rev. A. B. Buchanan preached the dedicatory sermon. Rev. C. B. Hodges, father of Judge S. H. Hodges, assisted in the service. (Took no offering at service.)

"Rev. R. A. Gay was our next pastor. Mr. Gay served the church quite a while and left us for

## RACE MEET HERE NEXT AUGUST

GRAND STAND TO BE ERECTED AND OTHER IMPROVEMENTS MADE AT THE LAKE

### ON NEW RACE CIRCUIT

Mineral Wells, Vernon, Quanah, Frederick and Other Towns Included

Plans for a big race meet here next August are taking form and it seems practically certain now that Wichita Falls will be included in the circuit, which will also take in Mineral Wells, Vernon, Quanah, Frederick and some other places.

Extensive improvements are to be undertaken at the lake and will start shortly. These include the erection of a permanent grandstand, and the enclosing of the track and racing plant with a fence. The track will also be one over and conditioned and the properties put into thorough good shape.

B. Tucker of Fort Worth, one of the best known horsemen in the southwest, was here yesterday and inspected the track and stables at the lake. He is the promoter of the racing circuit and was well pleased over the prospects for a good meet here next summer.

The improvements at the lake are to be made with a view to eventually making them a part of fair grounds. The tentative plans for a fair park include an exposition and exhibit building east of the baseball park, and room will be allowed for still other buildings.

better field. Mrs. Ed Howard and Miss Jodie Haynes served as deaconesses.

"Rev. Cone was our next pastor, and our last pastor before the union. "Messrs. D. A. McKenzie, T. A. Mcpadden, D. B. King, W. H. Bachman, V. W. Brown, H. J. Bachman were elders. During the pastorate of Rev. Cone, Mr. D. A. McKenzie, a man of sterling worth and genuine Christian character, passed to his reward. His loss was deeply felt, as was the loss of Mr. John Myers, who preceded Mr. McKenzie a few months.

"During all this time a Sunday school was maintained. It was small, but it was well organized and efficient work was done. This was the first Sunday school in this part of the country to have a cradle roll and a home department.

"Mother Boyd was the long beloved teacher of the primary class, and the little people thought Grandmother Boyd the dearest teacher. We certainly missed her when health failed and he could no longer be with us. Grandmother Boyd and Mrs. L. M. Boyd have done much from the beginning to the end of our history.

"At the time of the union there was one cent of indebtedness on our church or any department of the church."

Did You Eat Too Much, Drink Too Much, Smoke Too Much?

It takes a mighty good stomach to feel ready for breakfast the morning after the banquet or social session.

## Ambassador Wilson Denies Charges Made by Rojas

Mexico City, April 7.—Ambassador Henry Lane Wilson, immediately after reading the charges made against him by Luis Manuel Rojas, last night dictated his reply to the correspondent of the International News Service as follows:

"Luis M. Rojas was not vice president of the congress, but second vice president of the chamber of deputies, an entirely superficial and unimportant position.

"His charges are without exception absolutely false.

"No representatives of Huerta or Diaz met in the embassy with the diplomatic corps prior to the downfall of Madero. The only relations I had with Huerta and Diaz prior to the downfall of Madero have been reported to the department of state and had for their sole object the preservation of American lives and property.

"My relations with President Madero remained friendly to the last and I have received an expression to that effect, coupled with thanks for my efforts in behalf of the family, from the present head, Ernesto Madero.

"No application was ever made to me to put Madero and Pino Suarez under the protection of the American

flag. If it had been I should have immediately granted them protection. Ernesto Madero after the death of his brother, the president, but the offer was declined.

"I made direct and specific representations to General Huerta and to the provisional government, asking guarantees for the lives of Madero and Pino Suarez and I repeated these representations in company with my colleagues at various times and was assured that their lives were in no danger.

"In common with all of my colleagues I believed that the lives of Madero and Pino Suarez were safe.

"Whatever may be the true history of the tragedy, it is of course to be deplored, but the general regret can not be dignified by attempts to involve in it those who are not only innocent, but who, in effect, did everything possible to prevent it.

"These charges are born in malice and have no foundation whatsoever nor can any one single scintilla of proof be adduced to substantiate them.

"I thank the International News Service very deeply for its fairness in notifying me immediately of the charges and giving me an opportunity to reply to them."

Are you a bargain hunter?

You may have the habit of waiting for special sales

In that case you probably pay less than \$17 for your clothes and feel you are getting a bargain.

Here's a suit of clothes representing a bargain any day in the week.

Styleplus \$17 Clothes

"The same price the world over"

We never reduce the price on these clothes—we can't do it—they are sold too close. This special suit doesn't need a special sale to get attention. The oldest and largest clothing makers concentrate every force in their great organization to make it the best suit possible for the money.

Don't fool yourself. Come in here and let us sell you one of these all-wool, finely made suits. If you have been paying less you'll be pleasantly surprised at the better appearance and better service obtained in Styleplus.

If you have been paying more you can keep several dollars in your pocket to spend on those you love.

These clothes sell on their merit. We will gladly show them to you.

**THE W. C. T. U. COMMENDS THE WILSON REFORMS.**

In the last issue of the "Union Signal" the organ for the Women's Christian Temperance Union, is found in important position, an article upon the "White Ribbon Regime" as the administration of the Wilsons has been designated. We say the administration of the Wilsons, because Mr. Wilson as mistress of the White House is really the power behind the throne which has sent forth the edict "No wine to be served at the White House." In this Vice-President and Mrs. Marshall are in perfect accord. Neither Mr. or Mrs. Bryan drink wine. Others in the administration are temperance advocates. The national president of the Women's Christian Temperance Union has made this the occasion for an official bulletin stating that the present is on a "White Ribbon Regime."

**AMENDMENT FOR SUFFRAGE WILL NOT BE SUBMITTED**

The bill requesting submission of the state whether or not there shall be an amendment which permits the women to vote was killed in the senate by 19 to 8. The cause assigned for those who voted negatively was that the women themselves had not requested, and thus did not care for the ballot. This has put the women to the firing line and there will be plenty of guns fired at the next legislature. Societies are organizing all over Texas, and the momentum gained in the interim before the next legislature will be sufficient to make this equal franchise question one of the most prominent in the legislative hall.

**HOSTESS SATURDAY MISS HELEN HINES**

About 30 of the younger society people gathered at Judge Carrigan's home Saturday evening in response to Miss Helen Hines' invitation. Game and music were the chief diversions. Miss Youngblood gave several very beautiful violin solos, with Miss Hines as accompanist. Oranges and water were served by Misses Landers and Stinson. At a short interval the guests departed, assuring Miss Hines that it had been a most delightful occasion. Those present were: Misses Helen Hines, Lillian Fain, Margaret Baker, Audrey Adelle, Gela Stinson, Bernice Landers, Phyllis Richott, Libby Moore, Ruth Trumbull, Lillian Bell, Inez Gealy, Robbin McLeod, Elizabeth Youngblood, Thelma Kahn, Genevieve Kennedy, Bess Ward, Etta Alder, Jessie Hickman and Mrs. Fontaine; Messrs. Joe Kell, Earl Fain, Clyde Smith, Luther Robinson, Henry Robinson, Ralph Pond, Alton Montgomery, Austin Self, Alfred Carrigan, Otis Nelson, Kenneth Smith, Joe Carrigan, Housman.

The girls of the Philathea class of the First M. E. Church, South, entertained the girls of the Wesley class at the home of Miss Lena Gardner, Saturday afternoon in a most delightful manner. After a very pleasant session of sewing and social chat, the hostess served refreshments.

New York, April 7.—To meet, he introduced, conduct a courtship, propose and accepted and married all within three days, is surely a record well worth preserving. The principals of this twentieth century romance are Frank H. Williams, Columbia College graduate, and son of a wealthy retired publisher, and beautiful Miss Blanche Metzger, daughter of wealthy parents of Elmira, N. Y., William, on March 19, boarded a steamer at Jacksonville, Florida. The first time he saw his future bride was when she boarded the same liner at Charlestown. Both admit that it was a case of love at first sight. Williams lost no time in seeking an introduction. He rushed the wooing and proposal in the same rapid fire manner, and they were married twenty-four hours after the boat landed them in New York. It would have been sooner, but the law of New Jersey stipulates twenty-four between the taking of a license and the marriage ceremony.

**GRAIN-KIME NUPTIALS MONDAY AFTERNOON.**

Miss Clara Kime, daughter of Mr. and Mrs. W. L. Keys, was united in marriage to H. E. Crain, a popular young engineer on the Fort Worth & Denver, today at one o'clock. The ceremony was pronounced at the bride's home by Rev. J. E. Coe and was witnessed by members of the family.

The couple left this afternoon on a trip to San Antonio, Galveston and other points and, upon their return will be at home in the residence recently purchased by the groom at Thirteenth and Grace streets.

Both the bride and groom are very popular and have many friends who will wish them great happiness.

**MEETING OF MOTHERS' SCHUBERT CLUB**

The Mothers' Schubert Club held its regular meeting Saturday afternoon at the home of Mrs. Harrison with Mrs. D. Rhodes as hostess.

The meeting was opened with a paper giving a biography of Franz Joseph Hayden by Mrs. Rhodes, which was followed by a general discussion of a number of interesting points in the life of this great composer were given.

Following the discussion a pleasing musical program was given as follows:

"Blumpled," duet, by Mesdames Beckereil and Sullivan.

Overture, John Solo, Mrs. T. F. Kurney.

"Angels' Voices Very Near," piano solo, Mrs. Rhodes.

After these numbers the High School orchestra contributed some pleasing selections.

Refreshments were served.

The time for the regular meetings has been changed to the first and third Tuesdays of each month.

The girls of the Wesley Class of the First M. E. Church, South, will meet with Miss Myrtle Humphries Saturday afternoon.

R. E. Southern came up from Fort Worth yesterday to join his wife who is visiting her parents, Dr. and Mrs. J. M. Bell. Both will return to Fort Worth tonight.

**BERKELEY OVERTHROWS REIGN OF SOCIALISM.**

Berkeley, Cal., April 7.—The reign of socialism in municipal politics here has terminated for the time, at least, as the result of a primary election Saturday. Only one socialist was successful at the polls and that was a woman, Mrs. Sylvia S. Beals, running for a place on the school board.

There will be a tall meeting of the J. E. S. Chapter No. 237 April 8th, at 7:30, at the corner of the degrees. All Eastern Stars are requested to be present. Mrs. Mary Hineckley, worthy Matron; Mrs. Alice Coekrell, Sec. etc.

There will be a called meeting of the Royal Arch Council on Monday night, April 7, at 7:30, and all Royal Arch Masons are requested to be present.

J. D. AVIS, Illustrious Master.  
W. W. GARDNER, Secretary.

Entered at the Postoffice at Wichita Falls as second-class mail matter

Wichita Falls, Texas, April 7, 1913

If Provisional President Huerta of Mexico, is making any headway at putting down the rebellion in Mexico, it is not observable at this distance. His administration is on the defensive and apparently ready and willing to make a compromise.

James P. Buchanan of Brenham, Washington county, defeated Judge Calhoun of Austin for Congress in the 10th district. Mr. Buchanan will succeed Albert S. Burleson, resigned to enter President Wilson's cabinet as postmaster general. During the presidential preferential campaign Mr. Buchanan was a strong supporter of Judge Harmon for the Democratic presidential nomination while Calhoun was a supporter of Wilson. On the question of prohibition, both Buchanan and Calhoun are anti, but Buchanan seems to have had the strongest pull with the anti and defeated Calhoun by about 3000 votes in the district. Calhoun carried Travis, his home county, by about five to one, but this did not offset the majorities against him in some of the other counties.

MORE MATURE LEGISLATORS

Of late years men hardly out of their teens have begun service in the Legislature. Students of the University, boys who never went to the University, and boys from other colleges have made their appearance in the legislative hall.

The Statesmen like to see the young men of Texas take an interest in public affairs. It likes to see college men affiliate themselves with the Texas law-making body, and yet it realizes that many of the young men who have recently come to the Legislature are not possessed of judgment mature enough to look well after the people's interests.

Let the college men come to the Legislature, but let the people select those who have had a few years in the school of experience rather than those who have never done anything but go school and remain at home.

Education is a splendid thing. The school of common sense is also worthy. The young man, full of college theory and without a schooling in common sense, can hardly know what the people should have if their best interests are to be subserved.

No man doubts that with maturity comes sounder judgment. Every man must recognize that a legislator of 30 should be better equipped than a lad scarcely 21, who has never brushed up against the world.

If a citizen has an important law case to try he will retain counsel who by years of experience has become learned in law. He may allow the young man who has just obtained his law license through graduation at a State university to assist the older man, but certainly he will not allow him to lead in the case. Every time the Texas Legislature enacts a law it is in effect trying a law case for the people of our great commonwealth. Why should Texas citizens not show as much interest and exercise as much care in obtaining the man who makes the laws for the whole people as it does when looking after private interests of this individual or that. Certainly it does not believe that the young man who is a page in one Legislature is equipped to become a lawmaker in the next. Yet history will show just such instances.

The Statesman believes that an age qualification would benefit the Texas Legislature. Without criticism of any young man who has recently served, it is suggested that older men whose ideas have been formed by an intimate knowledge of the State's affairs are better equipped than some of the men, we might say boys, who have served in the State of late.

The Statesman does not think that a man must be 60 or 70 years of age in order to be fully equipped, but it does think that every lawmaker should have had at least a bit of practical experience and that his years should be such as to insure the maturity of his judgment.—Austin Statesman.

If we are to take President Wilson at his word, there will be no more deliberately planned and executed money panics, and if there should be, those responsible for them will be made to suffer. For the past fifteen or twenty years the great financial kings of the United States have done pretty much as they pleased. If they could see where they could in the end make money they did not hesitate to put

to work the power in their hands to bring about a money panic, and those in charge of the government made little or no objection to the use of that power. But we have had a change in presidents, and the way things have been shaping themselves for the past few months it begins to look as if the money kings have lost their influence with the National government, and while they yet have the power to bring about a money panic, they will likely think about what will happen to them if it can be proven they used that power deliberately for that purpose. President Wilson has talked plain about this matter. He is very different from any of the presidents who have held that position in late years, and the money kings are going to give close study to his disposition before they start something that may not stop just where or at the time they want it to stop.

LA FOLLETTE ON THE ISSUE

In a signed article in the Weekly bearing his name Senator R. M. La Follette says in part:

The progressive element in the democratic majority of the senate claims to have controlled in the organization of the committees. The methods employed were the same had old methods which have prevailed for years. They were the methods of Aldrich and Gorman. While the democratic chairmen of most of the important committees of the senate are men whose records are ultra conservative, if not reactionary, it is contended that a majority of the democratic membership of these committees is progressive and in full accord with the president. The measures which these committees report will test the validity of this claim.

The committees of the house have not been named. When the organization of these committees is finally announced the lines will have been laid down which will determine the legislation of the democratic party for the first two years of President Wilson's administration.

Upon the issue of these two years will turn in large measure the success or failure of the democratic party to meet the hopes of the country for a restoration of the standards "so proudly set up at the beginning."

The task is a colossal one. Privilege controls everywhere. Its power is centralized. It is silent, unseen, omnipresent. Its orders are known and obeyed without proclamation and without question. It is master of all markets, where men and women and little children sell their labor and the products of their labor, and buy, food and clothing and fuel and shelter. It commands the highways on land and sea. It sits in supreme judgment on every business, withdraws capital from the channels of commerce and trade, subverts trust funds to its own use, and grants or withholds life-giving credit at will. It has ruled in the caucuses and conventions of political parties, nominated candidates, named cabinets, selected judges, dictated legislation. It has its own press, its own pulpit, its own creed. It stifles criticism and juggles with public opinion. It attained its principle growth and supreme control under the administration of Theodore Roosevelt and William Howard Taft. For this the American people defeated the Republican party. For this they gave the Democratic party another trial.

How will the new administration meet its great responsibility? Obviously it does not propose to temporize. Congress will be convened in extraordinary session promptly. Will it act wisely? It is announced that tariff revision will be undertaken immediately. The economic conditions demand downward revision of the tariff. A majority of the people of the country have decried for such a revision.

FELT BAD ALL THE TIME

Shelhorn Lady Suffered a Great Deal, But Is All Right Now.

Shelhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. I thought I would die. At last my husband got me a bottle of Cardui, and it helped me; so he got some more. After I had taken the second bottle, I was entirely well. I wish every lady, suffering from womanly trouble, would try Cardui. It is the best medicine I know of. It did me more good than anything I ever used."

Cardui is a woman's tonic—a strengthening medicine for women, made from ingredients that act specifically on the womanly organs, and thus help to build up the womanly constitution to glowing good health. As a remedy for woman's ills, it has a successful record of over 50 years. Your druggist sells it. Please try it.

HOME RULE BILL SIGNED BY GOVERNOR

Colquitt Signs Four More Bills and Vetoes Two Others Today

Austin, Texas, April 7.—Governor Colquitt today signed and filed the following bills today:

The bill putting into effect the recently adopted constitutional amendment for a five cent tax levy for Confederate veterans.

The bill raising the salaries of deputy county officers and providing that the county judge may regulate their number.

The Kennedy bill providing that cities of more than 5,000 population may adopt their own charters.

The McNealus bill penalizing railroads for failures to report delays in the arrival of passenger trains.

Two bills were vetoed by the Governor. One was the Beaumont district court bill and the other Senate Bill No. 376 providing for an audit of the accounts of State officials.

He discovered today that the legislature had passed two bills exactly identical with the exception of their numbers. These were bills authorizing railroad companies to maintain experimental stations.

WORMWOODS' DOG AND MONKEY CIRCUS

The management of the Lydia Margaret Theatre announces as a special attraction for the children, the Wormwood's Dog and Monkey Circus which opens today. This is the largest troupe of educated monkeys and trained dogs in the world, is fascinating in the extreme. The children will enjoy those little animals, and it will make their hearts brighter, it will furnish food to them for thought, and it will be something for them to remember as they grow up. This act represents the life work of one of the most successful animal educators to day, and Prof. Wormwood admits that he will never be able to reproduce the extraordinary results attained in this novel exhibit. By the exercise of unerring judgment, with exemplary patience, unvarying kindness and unqualified ingenuity, he has been able

to produce this act. One of the features of the act is Pink, the only mind-reading dog in the world, who actually tells you what you are thinking about, and does mathematical problems that astonish all who see him.

FREEAR-BRIN Again cut the price to prove that they sell for less To-morrow, we place on sale one-hundred O'Cedar Mops, the best house mop ever made, complete with handle. This O'Cedar Mop is sold everywhere for \$1.50 on special sale, but our sale price is \$1.25 Makes Hard Work Easy! DUSTING, cleaning and polishing hardwood floors is hard, back-breaking work. An almost never ending task and seldom satisfactory the old way. But it is easy, quick and satisfactory the new way—using the O-Cedar Polish Mop. With it you can spend a few minutes doing what it now takes you almost half a day. You simply pass the O-Cedar Polish Mop over the floor and every particle of dust and dirt is taken up and held. The floor is clean, hard, durable, lustrous and bright. It is also used for the dusting and cleaning of the tops of high furniture, between the baseboards of the stairs and in any place that you can get to the far corner under the bed, beneath the radiator and other hard-to-get places. It saves house work in half. Don't put up with the old-fashioned, hard way when you can get an O-Cedar Polish Mop for only \$1.50. Satisfaction Guaranteed or Money Refunded Try an O-Cedar Polish Mop for two days at our risk. Use it every way for two days and if you are not delighted with it we will promptly return your money. ### FRIEDMANN CURE UP TO UNCLE SAM

GOVERNMENT CALLS HALT IN EXPLOITATION UNTIL "CURE" IS THOROUGHLY TESTED

MUST DIVULGE SECRET

Patent Will Not Be Granted Until Nature of "Cultures" is Fully Set Forth

New York, April 7.—Washington has taken note of the plans reported from this city for commercial speculation in Dr. Friedrich Friedmann's turtle cure for tuberculosis and gave notice that the law must be reckoned with in advance of widespread exploitation. Any notion that, pending issue of patent or otherwise, by the public health and marine-hospital service the culture may thereby make a fortune in profits on the chance that it will pronounced all right was shelved officially by Assistant Secretary Curtis of the treasury department.

Mr. Curtis confirmed the announcement made last week by Surgeon General Blue that Dr. Friedmann must reveal his secrets if he expects to administer the "cure" under official sanction in this country. He says that specifications in the papers submitted as a basis for a patent do not meet the requirements, as patent applications habitually withhold the data on which outsiders may utilize the invention. Consequently in a matter of this vital importance the government will insist in knowing all about it before permitting the "cure" to become an article of interstate commerce.

Where the Line is Drawn  
"Any such thing as a general exploitation of Dr. Friedmann's tuberculosis cure," Mr. Curtis added, "would be impossible without a permit from the treasury department. No federal objection stands in the way of New York capitalists if they wish to establish a local sanitarium in which sufferers from tuberculosis may receive Dr. Friedmann's treatment, but no syndicate or individual will be permitted to put the cure into interstate commerce without a federal license."

"Such a license will not be issued until the merits of Dr. Friedmann's treatment shall have been fully demonstrated and the federal authorities know exactly what it will and will not accomplish."

Members of the Friedmann party were angered by publication of the admission by an officer of a Hunters Point drug manufacturing concern that negotiations were under way to commercialize the "cure" in anticipation of favorable official indorsement. Dr. Friedmann, the specialist, repeated his disavowal of interest in any such project, and said that overtures or plans to that direction had not proceeded with his knowledge or consent. He asserted that he had acted and would continue to act in entire good faith with the authorities.

Money-Grabbing Rumored  
His associates let him do all the talking on this subject, but the announcement that one commercial company was in the open for the control of the culture had the effect of reviving sundry rumors involving various persons who have figured more or less publicly with Dr. Friedmann. These rumors were based on the supposition that several months must elapse before the "cure" could receive official sanction. Meanwhile there might be a tremendous sale of the culture among unfortunates ready to grasp at any straw for relief.

Arrangements for treatments at the Seton hospital in Spuyten Duxvil had to be cancelled yesterday by the breakdown of Dr. Friedman's culture incubator, with which he was preparing for tests. About seventy patients had been selected for treatment at the hospital. Many of these cases are far advanced. The government surgeons regarded these tests as of great importance in demonstrating the efficiency of the "cure," though Dr. Friedmann has all along disclaimed ability to perform miracles with his injections. These tests will be next in order after repairs to the incubator.

Left to United States Surgeons  
The original proposition was that Dr. Friedmann should treat all the Seton patients at one visit. His previous maximum has been thirty at a clinic. New applications for treatment have been sent to him since the selections were made. He leaves the presentation of cases to the government surgeons and has turned over to them the letters of fresh applicants.

Several such letters were received yesterday. One of them addressed to Dr. M. A. Sturm, who has been assisting Dr. Friedmann, was appealed by four children whose mother is in Seton. Patients and physicians from California and Ohio went to Ansonia yesterday to try to arrange for treatment. Their names were passed to the government surgeons, who said last evening that thirty names have been added by them to the original Seton list. The surgeons said it is probable that at least two clinics, each larger than any yet held, will be arranged for Seton.

Invitation to Lecture  
Dr. Friedmann received an invitation yesterday to deliver a lecture on his treatment before the medical school of the University of Maryland. Dr. Abraham Greenberg, of 1700 North street and Surf avenue, Coney Island, who brought the invitation as a friend of

Prof John C. Hemmeter, said that Prof. Hemmeter had written to Surgeon General Blue for his approval of the lecture and was expecting a favorable reply. During Dr. Gruenberg's call mention was made of a pretended exposition of the culture in which it had been said that human bacilli injected into turtles furnished the basis for the vaccine.

"The vaccine is derived from turtle bacilli and nothing else," Dr. Friedmann said.

### ADJOURNED SESSION CITY COUNCIL TONIGHT

Returns of Tuesday's Election Will be Canvassed and Reports of City Officers Heard

The city council will hold an adjourned session tonight, at which the returns of last Tuesday's election will be canvassed and the aldermen sworn in.

April marks the beginning of the city's fiscal year and at tonight's meeting the annual reports of the various city officers, summarizing the work of the several departments since April 1, 1912, will be submitted.

The council will hold another adjourned session Thursday night at which time it hoped to award the contracts for the street lights.

### CAPTAIN BILL McDONALD GRABS HIS FIRST PRISONER.

Dallas, Texas, April 7.—(B)tholy smoking a cigarette and discussing politics involving the establishment of the Citizen's ticket in Hong Kong, a Chinaman stood in front of his penny laundry Saturday morning.

Enter Captain Bill McDonald—"I was none other"—and the firm hand of the federal law enforces an Oriental shoulder. "Um, um, um!" exclaimed the Mongolian. "Me, too," replied Captain Bill. "Un-

die Sam, wants you for violating the emigration laws, so come along to jail."

It was the first arrest made by Captain Bill McDonald in his capacity of United States marshal for the northern district of Texas.

AT THE CHURCHES

WORK STARTS THIS WEEK ON BAPTIST MISSION.

Work is to be started this week on the Baptist Mission at the corner of Mississippi and Walnut streets near the Sash and Door factory and it is expected to have the building ready for occupancy in a few weeks. Work on a second mission to be located in the factory addition will start later. Services will be held every Sunday. Church members were asked by larger attendance than usual, the attendance at the Sunday school being especially good. Members of the church are looking forward with interest to the Laymen's convention in Dallas this week. W. B. Robertson of the local church is on the program and it is expected a large delegation will attend from this county. The convention opens Tuesday night.

NEW FINANCIAL PLAN ADOPTED AT FIRST M. E.

A new financial plan providing weekly payments was adopted by the First M. E. Church, corner Seventh and Lamar at Sunday morning's meeting. The budget system of expenditures was also adopted. These plans were worked out by H. L. Hunter, head of the new trust company and a member of the congregation. The Fort Worth district conference of which the local church is a member meets at Anadarko, Oklahoma, next week. An Epworth League convention will be held there at the same time. The Wichita Falls church will be represented by delegates at both meetings.

PRESBYTERIANS AND METHODISTS MEET TOGETHER.

The congregation of the First Presbyterian Church worshiped with the congregation of the First M. E. Church, South in the first of a series of joint meetings which will continue until the new Presbyterian church is built. A large congregation heard an inspiring sermon by Rev. J. W. Hill at the morning service and another large crowd heard Dr. McKee in the evening.

San Angelo—A carload of 1000 ponies has been shipped from here to points in New Jersey and another car will soon be shipped to Philadelphia. Local horsemen are swamped with inquiries for ponies, ponies form all parts of the country.

CLEOPATRA

is said to have been about the sweetest damsel who ever worried the milliners of her city. She wore large-rings in her ears and had a complexion like a new saddle. She never met a hobbie skir and if she should sweep down Eighth street this afternoon she would be looked upon as what the Ladies Home Journal would call a lumpy dresser. Our old friend Cleo was rather shy on happy raiment but gold and silver, well she had some because she took money off of every farmer in the Nile Valley whether he belonged to the union or not and in the matter of real shiners seventeen of the best pawn shops in the business could not have covered her sparklers with a twenty per cent margin if they had rediscounted every ticket in the house and soaked everything they had but their shoes. She spent more money for beads than Mary Garden spends for clothes, but there was one thing that Cleo could not buy because the ALTA VISTA PURE ICE CREAM man had not yet happened. Don't forget when you are regarding yourself with good old ALTA VISTA PURE ICE CREAM that Cleopatra, Queen of Egypt, who had gold and diamonds enough to load a two-ton truck, could not buy a dime's worth of it.

PROBLEMS OF THE 63RD CONGRESS

(Continued from Page 1)

live; to give the members of each committee the right to call meetings without securing the consent of the chairman; and to authorize committees to elect members of joint conference committees.

The latter provision if adopted will leave to the full democratic membership of the finance committee the selection of the three or five Senators who will confer with a similar house committee in the settlement of tariff

disputes, and the final completion of the tariff bill.

Length of Session Uncertain.

The probable length of the session that begins today is uncertain. Actual work upon tariff revision probably will begin tomorrow, with the consideration of the Underwood bill by the democratic House members, in caucus. Within a week it is expected that the tariff debate will be in full swing in the House. Senate leaders do not expect the completion of tariff work before late in July. Should currency reform also be taken up at the present session, Congress probably will remain at work until autumn.

DEVELOPING AND FINISHING DONE

Don't Sacrifice Quality for Quantity

There is no economy in buying cheap Groceries. Every housewife knows this, or ought to know it, and a careful comparison will prove it. Our business has been built upon the plan of handling only the very best grades of goods—giving the very best values, but never sacrificing for quantity or price.

We take pride in the knowledge that not a single customer has ever gone out of our store dissatisfied. Our prices are low—when the quality is considered, and a dollar spent with us buys a full dollar's worth of groceries—no matter who buys them.
