GOOD PROGRESS TARIFF BILL

PROSPECT TODAY THAT MEASURE WOULD BE READY FOR HOUSE MONDAY

REPUBLICANS TO MEET

At Caucus Tonight Many Amendments to Democratic Measure Will Be Presented

By Associated Press. Washington, April 17.—The Democratic caucus resumed its consideration of the tariff bill today with every prospect of a rapid completion of the measure and for its presentation to the House early next week.

With the fight over free wool and free sugar settled, the free list and the administrative provisions remained the important issues ahead.

Representative Harrison of Mississippi, a member of the foreign affairs committee, and others are planning a fight against the provision to permit a discount of five percent on all duties on goods imported on ships built in the United States and owned entirely by American citizens. They contend that this amounts virtually to a ship subsidy.

The remainder of the wool schedule was taken up this morning.

Members of the ways and means committee majority conferred this morning over the protest of foreign nations against certain administrative provisions of the bill.

Republican members of the House are preparing for a further discussion of the bill at a caucus to be held tonight when amendments to many sections of the bill will be presented.

BULLET WOUND FATAL FOR HENRY M'CAULEY

Victim of Tuesday Night's Shooting Died Wednesday Night—Funeral Today

Henry McCauley, who was shot Tuesday night by a negro, died at about 6:20 Wednesday evening. His body was taken to the home of his sister, Mrs. Frank Collier where the funeral services will be held at 4:30 this afternoon. Burial will be in Riverside Cemetery where his father the late Capt. J. H. McCauley and his brother, Sergeant Will McCauley of the Texas Rangers are buried.

Mr. McCauley was about 35 years of age and was born in Longview. He came to Wichita Falls with his parents many years ago. His mother, Mrs. J. H. McCauley, two sisters, Mrs. Rhea Duke and Mrs. Frank Collier and a brother, Don McCauley, who is now located at Fort Stockton where he is employed by the Orient Railway Company, survive. Don came in this afternoon for the funeral of his brother, Capt. W. J. McDonald, an uncle of Mr. McCauley's, was expected here from Dallas this afternoon.

CHATTANOOGA PHYSICIANS WILL TREAT VETERANS

Chattanooga, Tenn., April 17.—Tacked up on the walls of Confederate reunion headquarters in this city is a large card, dimensions about two by three feet. This card contains information of interest to the reunion hospital service.

For three days of the reunion, May 27, 28 and 29 the physicians of Chattanooga will give their services to the reunion association to look after the health of the veterans and visitors. A couple of physicians each day will be located at convenient points in the city and on the battlefields, so that medical service may be quickly provided if needed. The card indicates the assignments for each day, tells where the doctors will be and gives their names.

So if a veteran or visitor is suddenly stricken with any ailment he will be given immediate attention by the medical corps. City Physician Steel is at the head of the medical corps and has been active in making preparations. Prominent ex-Confederates from other States who have looked into this branch of the coming reunion service, pronounce it the most perfect they have ever seen.

In case of accident, the medical corps will promptly give attention to the injured. Hospital service will be provided free of all charge to veterans and any others that may need medical attention in an emergency.

May is the healthiest month of the year in Chattanooga but in immense crowds, like that expected during the reunion, medical attention is generally in demand by somebody. The preparations to provide this attention immediately if needed, are all that could be desired.

DIAZ INFLUENCE SECURED RELEASE

Dr. Harle and Others Imprisoned in Mexico Will Soon Regain Freedom

By Associated Press. Rochester, N. Y., April 17.—After twelve years in Mexican prisons Leslie E. Hulbert, a lawyer once connected with the district attorney's office here, his brother-in-law, William Mitchell, his alleged accomplice in insurance frauds and Dr. Charles S. Harle of Abilene, Texas, are to be released. Information to this effect came here today through insurance company detectives who brought about the conviction of Hulbert and the others.

Hulbert was imprisoned at San Juan Devaler where Felix Diaz was sent and the latter became interested in the lawyer and upon his accession to power in Mexico he brought about the pardon of the men.

CAUCUS VOTES DOWN DUTY ON WOOL

Washington, April 17.—The Democratic caucus voted Wednesday decisively to support the wool schedule of the Underwood tariff bill, placing raw wool on the free list, after Representative Underwood had made a stirring appeal for the support of the caucus. By a vote of 190 to 42, an amendment offered by Representative Dies of Texas, to place raw wool on the dutiable list, was rejected.

Representative Dies' amendment proposed to place a duty of 15 percent ad valorem on raw wool, he and other champions of dutiable wool asserting that this was the judgment of the ways and means committee before President Wilson saw the bill and suggested a change.

Underwood Defends President. Majority Leader Underwood, in winding up the discussion, warmly defended the committee and the President. He declared the President had a right to make suggestions to the congress relating to tariff, but that the bill as a whole met with the chief executive's approval when he first read it as it came from the committee.

"Out of 4,000 and more items in the bill," said Mr. Underwood, "the President only made two suggestions, those affecting the sugar and wool schedules. It seems to me that we should accept those suggestions from the President of the United States."

Alleges Undue Influence. Representatives Rainey of Illinois and Harrison of New York also spoke on behalf of the committee, defending its action and the attitude of the President. The attack upon the committee and President began as soon as the insurgent Democrats began consideration of the bill. Representative Alexander of Missouri declared the committee overstepped all proper bounds in holding up President Wilson as a club over the heads of the members, and that the President had exerted "undue influence" in having wool placed on the free list in the bill.

Representative Montague of Virginia, a new member, defended the President in a spirited speech, declaring that it was his "constitutional and inherent right" to suggest what should go in a tariff bill and that neither he nor the committee were subject to criticism for their co-operation in framing the bill.

Only Right of Congress. Representative Dies insisted that the government was made up of three distinctive branches, with separate duties to perform. "It is not only the right of congress," he said, "to originate revenue measures, but it is its exclusive right, and any attempt from another branch of the government to detain or interfere with that right should not be permitted by this body."

The debate on this phase of the tariff fight was heated and prolonged. Among the principal supporters of the Dies amendment for a 15 percent duty were Representatives Ashbrook, Post and Bathrick of Ohio, Ferguson of New Mexico, Adair and Chne of Indiana, and Stout of Montana.

EXPECT FIGHTING AT MATAMORAS

FORCE OF SEVERAL HUNDRED REBELS WAS THIRTY MILES SOUTH OF BROWNSVILLE

REFUGEES ARE AT BORDER

Matamoros Defended by Strong Garrison and Sharp Engagement in Prospect

By Associated Press. Brownsville, Texas, April 17.—It is expected here that Matamoros will be attacked this afternoon or tonight by the rebel force of between 400 and 500 men who were thirty miles south of here last night.

Arrangements are being made to bring the refugees from the Mexican side into Brownsville tonight.

Matamoros is defended by a strong garrison and a sharp engagement is expected.

MEETING OF WICHITA COUNTY MEDICAL SOCIETY

The Wichita County Medical Association held its regular monthly meeting at the city hall Tuesday evening. Routine business and general discussion pertaining to the profession occupied the time. Dr. W. H. Walker introduced a resolution to the effect that any doctor failing to read a paper on some medical subject when called upon should be fined.

Those present were Doctors Hartsook, Everett Jones, S. H. Burnside, W. H. Walker, Daniels, Meredith, Bell; doctors present from out of the city were W. H. Ogden and C. P. Brokov of Electra, and E. M. McNew of Charlie.

The next meeting of the association will be held at Electra in June.

UNWRITTEN LAW PLEA OF ELLIS COUNTY DEFENDANT

By Associated Press. Watahachie, Texas, April 17.—Pleading the unwritten law G. A. Ratteree went on trial in the district court here this afternoon on a charge of murder in connection with the killing of C. R. Boggs at Ennis, October 26, 1910. Ratteree shot Boggs as he was walking down one of the business streets of Ennis in company with Mrs. Ratteree.

TRUCKERS SELLING BOARD

San Antonio, Texas, April 17.—The members of the Southern Truck Growers' Association have organized a sales board. The object of the board is to promote co-operation between the Southwest truck growers and the selling organizations that dispose of their products. It will also be the aim of the board to bring the growers into closer touch with actual market conditions.

GEN. WOOD LEAVES FOR TEXAS CAMPS

In Company With Representative Clayton He Will Inspect Army Camps

By Associated Press. Washington, April 17.—Major General Wood, accompanied by Representative Powell Clayton started for Texas today to make a survey of the condition of the United States troops along the Mexican border. This will be followed by a visit to the concentration camps at Texas City. General Wood will give personal attention to the complaints against the unsanitary conditions alleged.

SCARLET FEVER FATAL TO TWO SYNDER CHILDREN

By Associated Press. Snyder, Texas, April 17.—Several cases of scarlet fever have developed here within the past week and two children have died from the contagion. A number have been suspended from school and Mayor Noble has asked all Sunday schools and churches to call off their service next Sunday.

Fort Worth Live Stock

By Associated Press. Fort Worth, April 17.—Cattle receipts today were 4,000 head. Steers were steady at \$7.45 to \$7.55. Hog receipts were 1600 head. The market was from five to ten cents lower.

WEATHER FORECAST

Tonight and Friday fair.

BELGIAN STRIKE SLOWLY EXTENDING

Few Workers Return to Places But Greater Numbers Join Strikers

By Associated Press. Brussels, Belgium, April 17.—The Belgian workers strike is extending slowly to every part of the country. Although small numbers have returned to work here and there but the number is insignificant compared to the fresh accessions to the ranks of the strikers.

The men appear as a rule to have settled down to a long test of endurance and are determined to achieve a victory in the cause for which they are fighting—that of equality in voting privileges.

PARCELS POST BUSINESS IS GROWING RAPIDLY

Washington, April 17.—More than 5,000,000 parcel post stamps, the face value of which exceeds \$2,500,000 have been supplied to postoffices of the country since the establishment of the system.

Parcel post business is increasing so rapidly that it has been found necessary to double the daily output of stamps. The largest single order filled this month was \$360,000 worth for New York City.

SENATOR WORKS ATTACKS PAPERS

BELIEVES CLAIM PUBLIC WANTS DETAILS OF CRIMES IS SLANDER UPON AMERICANS

SPEAKS ON HIS BILL

Californian Would Have District of Columbia Paper's Omit "Blood and Shrieks"

By Associated Press. Washington, April 17.—Senator Works attacked features of present day newspapers vigorously in a speech today in support of the bill he has introduced to make it unlawful for newspapers in the district of Columbia to publish the details of acts of violence, suicides, crimes and tragedies. He introduced a similar bill at the last session but it was not acted upon.

"Publishers of newspapers maintain that they furnish this kind of news because the people want it and will have it therefore its publication is the only way the publishers have of maintaining their papers on a paying basis," he said. "If this is true it is certainly an ugly fact and if it untrue it is an ugly charge to make against the American people. But I am convinced that the great mass of the people would prefer to have such news eliminated from their papers."

AUTOMOBILE WEDDING PERFORMED HERE

Miss Emma Thompson and Lewis Amos Tyson Married While Standing in Car

An automobile wedding is the latest in Wichita Falls. Miss Emma Thompson and Lewis Amos Tyson were the contracting parties in the novel wedding at which Rev. F. F. Walters officiated this afternoon. The ceremony was pronounced while the couple were seated in an automobile in front of the parsonage. They were accompanied by the groom's father and other relatives also in automobiles. Following the ceremony the party motored out to Tyson's lake where they will have a picnic supper. The couple will live on the Tyson ranch near the city.

54-HOUR BILL FINALLY BECOMES THE LAW

By Associated Press. Austin, Texas, April 17.—Governor Colquitt this afternoon signed and filed with the secretary of state the bill limiting employment of female laborers to 54 hours in any one week or to ten hours in one day. The bill had been previously signed but had been withdrawn by the Governor for further consideration.

WOULD AMEND RULE OF REASON

HENRY INTRODUCES BILL TO MORE CLEARLY DEFINE SHERMAN ANTI-TRUST ACT

PENALTIES ARE PROPOSED

Act Would Exempt Members of Co-operative Organizations and Former Associations

By Associated Press. Washington, April 17.—Chairman Henry of the House rules committee this afternoon introduced a bill to amend the Sherman anti-trust law to define exactly what constitutes a trust or conspiracy in restraint of trade, with penalties of from two to ten years imprisonment.

The act would exempt members of co-operative organizations not organized for profit and without capital or agricultural producers or raisers of live stock handled by the producers or raisers.

Mr. Henry's bill is aimed to amend the law as defined by the rule of recent decision of the supreme court.

MERCHANTS' ASSOCIATION ORGANIZED AT BURKBURNETT

Secretary Thomas of the Chamber of Commerce and B. J. Bean visited Burkburnett yesterday being called upon by the business men of that town to aid in the organization of a retail merchants' association.

Returning last evening their mission was reported as having terminated in the successful organization of a League. The latter is composed of twenty-one members and will be instrumental in furthering the interests, financial and otherwise of the town, which is located in one of the newly opened oil districts and at present is one of the most prosperous little towns in this vicinity.

MORE APPOINTMENTS MADE BY PRESIDENT WILSON

By Associated Press. Washington, April 17.—President Wilson sent the following nominations to the Senate today:

U. S. Marshall Eastern District of Texas—Benjamin S. Sherrill. To be a member of the Board of U. S. Customs Appraisers—Jerry D. Sullivan.

To be auditor in U. S. Treasury—Robert W. Woolley of Virginia.

To be assistant Secretary of War—Henry C. Breckenridge of Kentucky.

To be recorder in the general land office—Q. C. Lamar of Mississippi.

INDUSTRIAL WORKERS START HUNGER STRIKE

By Associated Press. Denver, Colo., April 17.—Sixty Industrial Workers of the World who yesterday started a hunger strike, refused to eat anything this morning. They say they will refuse to eat any food until the city furnishes them a better variety or until they are removed to the hospital.

WOODEN HOTEL BURNS; 7 DEAD

Explosion Started Blaze in Old Three-story Structure at Malohe, New York

By Associated Press. Malone, N. Y., April 17.—Seven or more persons were burned to death, several others seriously hurt or burned and a score of persons rescued in a spectacular fire this morning which destroyed the De Wilson hotel here. The hotel was an old three story wooden structure and the fire which started from an explosion of gasoline burned it like paper.

Escape by the stairways was cut off before those on the upper floors knew the building was afire and they were compelled to jump. Most of those injured were hurt when jumping.

A Test in Memory. A class of seventh grade boys was having a review in geography. After asking a number of questions, the teacher turned to one of the boys and said:

"Now, John, name a peak in the eastern part of the United States."

John looked up, a smile lighting his face and answered "Chesapeake."

NEGRO WHO SHOT M'CAULEY NOT CAUGHT

Officers Again Spread Drag-Net Wednesday Afternoon Without Results

Sid Thomas the negro wanted by the officers in connection with the shooting of Henry McCauley, seems to have made a clean get-away. Diligent search by both county and city officers through every negro cabin in the city where he would at all likely to have gone, has failed to reveal his whereabouts and the officers have decided that he has gotten out of town.

Sheriff Randolph has offered a reward of \$25 for his apprehension and notices are being sent out through the State to that effect.

Chicago, April 17.—That former Governor Herbert S. Hadley of Missouri was so particular about the color of his necktie that was to be painted upon a portrait of him as to harm the artistic value of the finished painting was set forth in a deposition filed in the circuit court here today on behalf of Samantha J. Huntley, portrait painter, of New York.

Miss Huntley is suing Charles A. Houts of St. Louis, chairman of a committee which raised \$2,000 for a portrait of the former chief executive of Missouri and who employed her to execute the commission.

Miss Huntley says the \$2,000 is due her despite the refusal of the committee to accept the work. She sets forth her difficulties in executing her task and said Governor Hadley was impossible as a subject.

She offered in evidence letters which she had written to Miss Anita Moore, secretary of the citizens' committee, in which the painter said Mr. Hadley appeared at one sitting wearing a green tie but insisting that it appear in the portrait as blue with white polka dots, so as to conform to the tie which former President Roosevelt had worn when one of his portraits was painted. Miss Huntley said she compromised by making the tie blue but leaving out the dots.

Had not Mr. Carr turned out as he did members of the party are quite confident there would have been a rear end collision with the car ahead in which case it is quite likely more serious injury would have resulted, both cars traveling at a pretty fast rate of speed at the time.

However their escape from more serious injury as it was considered quite miraculous and all are thankful that no fatalities resulted. The car was badly wrecked.

IF POPE LIVES HE WILL BE AN INVALID

Physicians Say It is Extremely Doubtful Whether His Constitution Can Withstand Crisis

Rome, April 17.—The Pope's condition as set forth in a bulletin by his physicians this morning is as follows: "The pontiff spent a calm night and the decrease in the severity of his cough has greatly relieved the holy father. His temperature is 97. There has been a slight amelioration in his bronchial symptoms."

The Italian government desiring to be absolutely sure of the real condition of the Pope today summoned those directly responsible for the care of his health. His physicians were frank in their declaration of the extreme difficulty to say the Pontiff's constitution could overcome the present crisis. But even if it does so, they say, the remainder of the Pope's days will continue to be precarious and the end may be expected at any time.

Pope Pius himself felt better when Dr. Amici visited him at noon. He said, "This is the first day since my relapse that I have felt generally relieved."

Myles O'Reilly in appreciation of the good work of the fire department yesterday in saving a building on Ohio avenue owned by him has mailed the fire boys a check for \$25. Mr. O'Reilly says that notwithstanding he carried insurance on the building he stood to lose \$1,000 had it burned.

In acknowledging the remittance J. C. Ward, president of the Wichita Falls fire department sent Mr. O'Reilly the following note: "Mr. Myles O'Reilly, Dear Sir.—Your check received for \$25 as a donation to the Wichita Falls fire department as a token of appreciation for the prompt response and efficient work of the fire boys in saving your building on Ohio avenue, from total loss. I thank you very much for this very liberal donation and for your kind appreciation of our work and I also thank you in behalf of our entire fire department."

London Capitalists Visit Plains. Plainview, Texas, April 17.—The regular semi-annual inspection tour of the Pearson interests here was made yesterday, when Dr. F. S. Pearson of London and other English capitalists arrived in the city in their special cars. The syndicate is developing a \$3,500,000 pumped irrigation plant in this vicinity. They said they were pleased with the progress of the work and that they considered their holdings here as valuable as any of their world wide interests.

MISS BLANCHE HARDY AND WILBUR SWEETON MARRIED

At the parsonage of the First M. E. Church, South, Wednesday evening, Rev. J. W. Hill officiated at the marriage of Miss Blanche Hardy and Wilbur C. Sweeton. The marriage was a surprise to the many friends of the couple, the bride's parents learning of the event for the first time when the couple called up after the ceremony and announced their marriage. The couple returned to the home of the bride's parents and left this morning for a visit with the groom's parents at Park, Texas. They will probably return to Wichita Falls Sunday.

Both are very popular young people. The bride is the daughter of Mr. and Mrs. R. C. Hardy and is a beautiful young woman. She is a student of the Wichita Falls high school, and would have graduated next month. Sweeton is the son of Rev. J. W. Hill, pastor of the First M. E. Church, South, and is a brother of Mrs. Grisham and Mrs. Guest. He is a partner with his brother-in-law, Mr. Grisham, in the Model Clothing Store, and is a young business man of honor and high integrity. The couple will be at home after their return with Mr. and Mrs. Hardy.

MORRIS ROBERTSON

MARRIAGE MONDAY NIGHT
Miss Pearl Robertson was united in marriage to Mr. John C. Morris at the parsonage of the First M. E. Church, South, Monday night, Rev. J. W. Hill officiating. The couple left Tuesday morning for a visit in Fort Worth, after which they will go to Columbus, Ohio, for a visit with Mr. Morris' mother. They will return later when they will make their home at Seymour, where Mr. Morris will become manager of the cotton compress. Mrs. Morris is a daughter of

PRISCILLA CLUB ENTERTAINED FOR MRS. HENRY ROGERS

Mrs. Walter Coleman was hostess to the Priscilla Club Tuesday afternoon complimentary to Mrs. Henry Rogers who has left for her home at Vernon, Texas. Instrumental musical numbers by Mrs. Calloway and Miss Helen Hines, added greatly to the enjoyment of the meeting. The hostess, assisted by Miss Hines, served delicious refreshments. The following were present: Mesdames Henry Rogers, H. B. Hines, W. P. Collier, W. R. Sherrell, George Tummins, G. D. Hurley, Charles Sturdivant, C. Calloway and Miss Helen Hines.

G. E. SOCIAL AT HOME OF MR. AND MRS. T. F. COURTNEY

The Happy Band of the Christian Endeavor Society of the First Christian church were delightfully entertained at the home of Mr. and Mrs. T. F. Courtney, Tuesday evening, when one of the band's regular monthly social meetings was held. The C. E. orchestra played several selections, that were much enjoyed and Miss Edna Mooneyham contributed several piano numbers that added to the enjoyment. Following these numbers the crowd joined in the singing of old time songs.

Delicious refreshments were served by the Misses Edna Mooneyham, Lorene Courtney and Irma Heath in their usual charming manner to the following guests: Rev. F. F. Walters and family, Misses Edith Walkup, Golda and Elizabeth Tyson, Stonelocher, Daisy and Opal Stewart, Edna Mooneyham, Lucile Hagy, Lorene Courtney, Irma Heath, Ruth Trueblood, Elizabeth Youngblood, Miss Pope and Messrs. Sprowles, Hill, Goss, Gerald, Ralph and Paul Pond, Paul Haddis, Roy Severance, Lawrence Hagy and Mesdames Gibbon, Trueblood and Tyson.

AN AMERICAN WOMAN'S CASE OF INSANITY

Dr. L. B. Barker of John Hopkins university declares that harsh mothers and impatient teachers have caused much highly sensitive children.

"Fear caused many children by a harsh mother's threats, and worry incurred by an impatient teacher's criticisms have mentally deranged many children," he says. This department was in many cases not noticed until they grew into manhood and womanhood. In many instances the cause has been directly traced to these sources.

"Almost every child, because of inhuman stupidity of parent, nurse, governess, teacher, or companion, receives effective suggestions concerning the evils or dangers which lurk about. Fear of the dark, of animals, of mysterious or hidden dangers or of death, cause children days, months and even years of mental unrest and even agony.

"The major part of this suffering is needless and might be avoided by the intelligent guarding of the child against unwise suggestions."—Boston Post.

WASHINGTON'S SOCIAL ASPECT IS CHANGED

For the first time in sixteen years the social aspect of the official world at Washington has undergone a radical change. While there have been several Republican administrations in that time, and more or less change in the personnel of the official world, there were usually many "inherencies" which each succeeding President found himself bound to regard. So the change has never been absolute. Those who are fond of society and its whirlpool of enjoyments, had become used to the same group of official hosts; the same routine from one year to the other, and so find it difficult to get accustomed, all at once, to the big change.

An amusing incident illustrating this occurred during the Senatorial investigation of the police arrangements for the great parade the day preceding the inauguration—when the thousands of women in line were forced to fight their way up Pennsylvania Avenue with little or no protection from the police of the city. One of the most interested and indignant women in Washington was Mrs. Henry L. Stinson, wife of the former Secretary of War. The committee began its investigation a few days after the inauguration and Mrs. Stinson was one of

the first witnesses. The examining officer of the committee asked, "Are you the wife of the Secretary of war?" Mrs. Stinson promptly replied, "I am not." Everybody caught the point at once, much to the embarrassment of the Senator who had the examination in hand.

And so it is with practically two-thirds of the people in Washington. They just haven't got used to the new order of things.—From Norman E. Mack's National Monthly.

The ladies of the Catholic church will be at home to their friends Saturday afternoon, April 19th at the home of Mrs. Wade Walker, 704 Scott Avenue. Silver offerings will be accepted.

CONDITION MR. LINNEY'S SON IS VERY CRITICAL

Boy Operated on in Chicago Monday Is Not Expected to Survive Shock

Friends have received word from L. F. Linney, auditor for the Wichita Falls Route, that his little son is not expected to live. Mr. and Mrs. Linney started with their son to Boston early last week to have an operation performed on the child. On reaching Chicago the boy was in such condition that they decided to have the operation performed there. This was done on Monday, and advices yesterday stated that he had not recovered from the shock, and that little hope of his recovery was held out. The boy is about six years old and has been in poor health for some time.

The "Wooden" Nutmeg

is a time honored joke, yet the way the nutmeg is ordinarily handled it might just as well be wooden.

The nutmeg gets its flavor entirely from its oil. Some have more, some have less of this oil to start with. Then by careless handling and a poor grinding method often much of this oil is lost—the ground nutmeg in such cases might almost as well be made of a wooden nutmeg. It is pure and complex with the fat.

White Sugar Nutmeg is made only of nutmegs that are richest in oil flavor. They are packed for shipping to the mill in a way to preserve this oil. They are ground by a process which saves all this oil, and the ground nutmeg is put into air tight tins which keep the flavoring strength. Absolutely pure, and more than that—better than the law requires. Ask your grocer.

SULLIVAN'S OFFICE NOW AT UNION STATION

Superintendent, Roadmaster, and Engineer of Wichita Falls Route Move Offices
The offices of the superintendent, roadmaster and engineer of the Wichita Falls Route have been moved from the main office building to the second floor of the Union Station building. All the floor is being employed, and commodious quarters are being arranged for the different departments. The move is made necessary through the general increase in all the departments of the office work. The rooms heretofore used by the superintendent in the old building will be devoted to an extension of the dispatcher's office, and the other rooms will be used for the auditor's department.

Can't Get Away from It

Is it possible to nourish, strengthen and Rebuild the Brain by Food?

Every man who thinks uses up part of the brain each day. Why doesn't it all disappear and leave an empty skull in say a month of brain work? Because the man rebuilds each day.

If he builds a little less than he destroys, brain fog and nervous prostration result. If he builds back a little more each day, the brain grows stronger and more capable. That also is sure. Where does man get the material to rebuild his brain? Is it from air, sky or the ice of the Arctic? When you come to think about it, the rebuilding material must be in the food and drink.

That also is sure.

Are the brain rebuilding materials found in all food? In a good variety but not in suitable proportion in all.

To illustrate, we know bones are made largely of lime and magnesia taken from food; therefore to make healthy bones we must have food containing these things. We would hardly feed only sugar and fat to make a healthy bone structure in a growing child.

If we desired to keep brain strong and healthy we would use food known to contain the things Nature uses for the purpose.

Nature provides these elements in a variety of edible things. We submit the following facts for those who care to know something definite on the subject:

Analysis of brain by an unquestionable authority, Goehagan, shows of Mineral Salts, Phosphoric Acid and Potash combined (Phosphate of Potash) 2.91 per cent of the total, 3.33 of all mineral Salts.

This is over one-half.

Because, another authority shows Phosphoric Acid combined and Potash 3.44 per cent from a total of 1.01.07.

Considerable more than one-half of Phosphate of Potash.

Analysis of Grape-Nuts shows Potassium and Phosphorous (which join and make Phosphate of Potash) is considerable more than one-half of all the mineral salts in the food.

Dr. Geo. W. Carey, an authority on the constituent elements of the body, says: "The gray matter of the brain is controlled entirely by the inorganic cell-salt, Potassium Phosphate (Phosphate of Potash). This salt unites with albumen and by the addition of oxygen creates nerve fluid or the gray matter of the brain. Of course, there is a trace of other salts and other organic matter in nerve fluid, but Potassium Phosphate is the chief factor and has the power within itself to attract, by its own law of affinity, all things needed to manufacture the elixir of life."

Further on he says: "The beginning and end of the matter is to supply the lacking principle, and in molecular form, exactly as Nature furnishes it in vegetables, fruits and grain. To supply deficiencies—this is the only law of cure."

The natural conclusion is that if Phosphate of Potash is the needed, important element in brain and you use food which does not contain it, you have brain fog because its daily loss is not supplied.

On the contrary, if you eat food known to be rich in this element, you place before the life forces that which nature demands for brain-building.

Mind does not work well on a brain that is broken down by lack of nourishment.

A peaceful and evenly poised mind is necessary to good digestion. Worry, anxiety, fear, hate, etc., etc., do not interfere with or stop the flow of Pyloric and digestive juice of the mouth, and also interfere with the flow of the digestive juices of stomach and pancreas.

Therefore, the mental state of the individual has much to do (more than suspected) with digestion.

Brain is made of Phosphate of Potash as the principal Mineral Salt, added to

albumen and water.

Grape-Nuts contain that element as more than one-half of all its mineral salts. We must remember that nearly 90-per cent of the brain is composed of water and albumen, but the little worker Phosphate of Potash must be present in order to blend the more bulky materials into useable form.

So with Grape-Nuts. The Phosphate of Potash is more than one-half of all the mineral salts, but the total volume of those elements is exceedingly small as compared with the greater bulk of other food elements contained in Grape-Nuts.

We should also remember that this small ingredient should not be put into the food in the form it might come from a chemist, because man cannot produce these elements in as digestible form as Old Mother Nature, when she puts them in the wheat and barley from which Grape-Nuts is made.

A healthy brain is important, if one would "do things" in this world.

A man who sneers at "Mind" sneers at the best and least understood part of himself. That part which some folks believe links us to the infinite.

Mind asks for a healthy brain upon which to act, and Nature has defined a way to make a healthy brain and renew it day by day as it is used up from work of the previous day.

Nature's way to rebuild is by the use of food which supplies the things required. Brain rebuilding material is certainly found in a very natural and perfect form in

Grape-Nuts

Wichita Falls, Texas, April 17, 1913

The Heruta (Mexican) government has officially denied the account of the manner in which Madero and Saurez met their deaths as given out by private secretary of the late President of Mexico. However, the fact remains that they were killed or assassinated and the man left in charge of the two men has been promoted to a higher office. This of itself is sufficient to cause suspicion and quite enough to cause the United States and other decent governments to refuse to recognize the Mexican government as at present constituted.

All reports from the country surrounding Wichita Falls agree that the prospects for an average good wheat crop this year are fully as good as they were last year at this time. The splendid rain of a week ago has put the crop in fine shape and with two or three more between this and harvest time will be sufficient to guarantee a good yield. For a short time there was talk of crop destroying insects making their appearance, but this talk has ceased, and if the insects were here they are not doing damage to crops to an extent that it can be noticed.

A communication addressed to Dr. Bundy, State health officer, Austin; Dr. Trimble, City Physician, Fort Worth, and the editor of the Times, has been received, but as the writer is unknown to the Times, and as the Times has reason to believe that the writer has not signed his proper name and is therefore hiding behind an alias, and apparently is afraid to back up the charges he makes as to health conditions in this city against our city officials and citizens, the Times can not give it space. If he will call or write, giving an address that will guarantee the delivery of mail to him, the communication will be returned. The Times believes the attack he makes on our citizens is unjust, unfair, and cannot be substantiated.

The Joplin (Mo.) Tribune, after an existence of eighteen months, has suspended publication and during that short time, according to an editorial in the Joplin Globe, of the \$95,000.00 capital it started with, it only had left the equipment, purchased and installed at an expense of \$53,000, which is now probably worth one-half that amount, showing a net loss to the enterprising promoters in eighteen months' time of \$77,500. It was the same old story—too many papers trying to cover the field that was not sufficient to sustain in the right way more than one. Magicians can take rabbits from silk hats and apparently pluck money from the air, but the man or men who can make two or more newspapers thrive in a field where there is barely enough patronage to sustain one have the magician's bested several city blocks. It can't be done, and as often as it is tried, the chances are a hundred to one, one or all of them will come to grief.

WILL FAVOR WICHITA FALLS

Beaumont is going to try to get the next State meet of the Texas Press Association, that meets this year in San Antonio. Larkin, the Secretary of the Commercial Club of Beaumont is a hustler, and while his work has been along different avenues, since he has been in Beaumont, it appears that he is now trying to make Beaumont a convention town, by attempting to capture every convention that meets. It has not been the custom of the press boys to go south every year and we are quite sure that they will not start the game at this time. We have no objections to Beaumont, it is a fine little country town, and a nice place to spend a few hours provided it is in the winter time when you spend it, but there is a "tangle of sadness" that comes to our memory when the name of Beaumont is mentioned, the thought of how happy we were and how much surplus we carried on our person before we started to plunge in oil wells then there is another thought that comes back to us when we think of the amount of dust that we paid for in the "Kelly Well." As we have stated we would like to visit the city and just take one peep at that old hole that cost us so much, but will vote for Wichita Falls, a town that has been working for the convention for two years and a town that we know will entertain us, one of the best in Texas. The press boys promised Wichita Falls last year that they would go there in 1913; there is little chance for them to change their minds—Temple Mirror. That is nice of the Mirror to speak

ASK FOR BELLE OF WICHITA FLOUR EVERY SACK GUARANTEED. Includes image of flour sack and text: 'THE WICHITA MILL & ELEVATOR CO. Belle of Wichita EXTRA HIGH PRIME VERY SACK GUARANTEED WICHITA FALLS TEXAS 40 LBS. BELLE OF WICHITA'

of Wichita Falls in that way. This city wants the State Press Association to meet here the next time, and will send a strong delegation to the San Antonio convention to present the invitation. If given the opportunity to entertain the State Press boys one time, Wichita Falls feels sure that they will be glad to come again, and while we are not inclined to be hogish, if they want to make this city their permanent meeting place they will always find us ready to welcome and entertain them to the very limit.

The new school law now permits all those between 7 and 21 years of age to attend the public schools without paying tuition fees. This affords opportunity to those who for one cause or other fail to complete their public school courses by the time they are 17 years of age four more years in which to make up for their neglect, willful or otherwise. It will also increase the number of scholastics with a corresponding reduction in the per capita of school money. As to whether this is going to prove beneficial to the public school system as a whole will be determined later. It is quite certain that in event even 50 per cent of those who fail to graduate by the time they are 17 years of age and take advantage of the provisions of the new law and attend the schools the enrollment will be much larger and therefore require more room, equipment and teachers. This would result in cutting short the school term in certain communities for the reason the appropriation of school money would not be sufficient to carry on the school for the regular nine months in instances where any considerable number of overs attended. It is not likely, however, that more than 10 per cent of pupils over 17 years of age will want to attend public schools after reaching that age though they will have this right and privilege. That, perhaps is the intention of the law.

A real estate concern that can declare and pay three 25 per cent cash dividends in less than one year ought to have a pretty well satisfied bunch of stockholders, and that is exactly what one concern of that nature in this city has done for its stockholders. But this is Wichita Falls and things like that happen so often here that they are getting to be common. The only fellows who lose on Wichita Falls real estate are the fellows who are always and eternally contending that present values are inflated and that for that reason swing on to their money instead of turning it loose or buying a piece of property. Those who made investments even three years ago can now sell at a 50 per cent profit on an average. At the same time Wichita Falls is now growing and will continue to grow, even the stock of any one of our four splendid banks is no better investment than the same amount of money in Wichita Falls real estate at present prices. Even admitting the prices are high now, they will be higher next year and for the succeeding years. The reason for this is plain—no one wants to invest money in property in a town that has no future in sight, and most people are anxious to get hold of property in a town that is growing and will continue to grow. Come to Wichita Falls.

Sunshine and shadows— evening bells and prayer; Darkening clouds and rainbows these we all must share; Crowns of thorns and roses; rest, eternal rest. Oh heart of mine—don't worry—God knows best. REAVIS' VIEWS ON OIL SUIT

EDITOR OF FUEL OIL JOURNAL NOT IN SYMPATHY WITH LOONEY'S MOVE

HE CALLS IT BAITING

Charges That Magnolia Prosecution is Due to Attorney General's Political Ambitions

Holland S. Reavis, editor of the Fuel Oil Journal at Houston, is out of sympathy with the suit filed by Attorney General Looney against the alleged oil combine in Texas. In a recent article he says:
"A situation without precedent has been developed in the oil industry in Texas. Four large companies are competing for business in the state, and the competition is real. Recently the attorney general filed suit to oust one of the four, the Magnolia Petroleum company, alleging that it is a perpetuation of the old Standard Oil trust. This action followed within five days after the Magnolia company had made known its intention to extend its business to Oklahoma. The attorney general took the suit to his home town, Greenville, Hunt county; had the cashier of his home bank named as receiver for the company; had his former law partners, Clark & Leddy, named as attorneys for the receiver and retained as counsel for the state another firm of Greenville lawyers, said to be attorneys for the Cotton Belt railroad. "Lige" Perkins, general attorney for the Cotton Belt, for years has been on the payroll of one of the oil interests which is a competitor of the Magnolia in Texas.

"Three of the affidavits upon which the suit is based were made by officials and attorneys for two of the Magnolia's competitors—namely, the Texas company and the H. Clay Pierce interests. The fourth affidavit appearing in the papers filed in the proceedings was made by the county attorney of Harris county in which the city of Houston is located. The general offices of the Texas company are in Houston. A St. Louis paper this week published the fact that this county attorney and one of Mr. Pierce's Texas lawyers were stopping at the Planters' Hotel, St. Louis, and were occupying the same room. This county attorney, under the Texas law, will be entitled to a share of the 10 per cent of the one million dollar penalties which are asked in the suit, in the event—not considered probable—that the case is made to stick.

"In the foregoing brief statement of the facts surrounding and attending the filing of this suit may be discerned the parts played by the Magnolia's competitors. "What appears on its face as a prosecution in the interest of the public is actually in the interest of these competitors. The more trouble they can cause this growing and expanding company the more benefit they can derive. The charge is made in the petition that the Magnolia is seeking to destroy competition, whereas the truth is that if the attorney general throws the Magnolia out of Texas, it will remove from the field one of the four existing competitive companies and we will have only three.

It is widely believed in Texas that the attorney general, who is ambitious politically, was influenced in filing the Magnolia suit by his desire to engineer a popular anti-trust prosecution that would advance his political fortunes—perhaps land him in the governor's chair.

Instead of meeting with the approval of the Texas people, the suit has aroused a storm of protest. Farmers' associations, commercial clubs and other organizations have adopted resolutions, couched in effing language condemning the tactics employed in the suit. The attorney general is beginning to find out that those who counseled with him and urged the suit had more than a passing interest in the matter. In other words, he is beginning to ask questions with a view to finding out just "where he is at." It won't take him long to ascertain this, neither will he be long in doubt as to the motives of those who got him to leap before he looked.

"As the publisher of an oil trade journal, I have taken my stand in the matter without suggestion or influence from any source. I believe the attorney general has been double-crossed by some very clever gentlemen who have axes to grind. Before the thing is through with all the

facts will be given to the public. A number of the Texas daily newspapers know where the nigger in the woodpile is located and before the thing is over with I am quite sure the Texas people will have their eyes opened to an amazingly bold frame-up."

NOW SOLD IN AMERICA.
In Less Than Five Years, Parisian Sage the Splendid Hair Tonic is Sold All Over America

There is a reason for the phenomenal sale of Parisian Sage in the United States during the past three years. And the reason is plain to all. Parisian Sage does just what it is advertised to do.

Ask Foosee & Lynch about it. They will tell you that they guarantee it to cure dandruff, stop falling hair or itching scalp in two weeks or money back.

There is no reason whatever why any man or woman should fail to take advantage of the above generous offer. But one thing that has made Parisian Sage so famous is its peculiar power to turn the harsh, unattractive hair that many women possess into luxuriant and radiant hair in a short time. Women of refinement the country over are using it and it never disappoints.

Sold by druggists everywhere and by Foosee & Lynch for 50 cents a large bottle.

Corset Values

THE value you get from your corset depends, of course, upon the value of the corset itself. The biggest and best corset values we know of are the Henderson Corsets.

Although exceptionally good values can be had at \$1.00 and \$1.50, the Henderson Corset at \$2.00 to \$5.00 are the best values ever offered. At these prices, you will get the maximum value for your money. You will find it to be economical if you buy a good corset. You will get much better style value and much longer service value from the higher priced models.

Henderson Corsets give the figure a shapely contour, fit accurately and are comfortable and hygienic. These models are designed for all proportions of figures.

Infield Showed Much Improvement—Scroggins' Homer Had a Healthy Look

Before a small gathering of fans the Wichita ball team was again defeated yesterday afternoon at the City Park by the visiting Denison team. The final score was 5 to 4. Scroggins twirling for the locals, proved easy for the visiting sluggers who garnered 11 hits off his delivery and tallied their runs on bunch ed bingles in four different innings. His support was steady throughout. Taylor Yanked in Second.

Taylor started in the box for the visitors. A hit batter, sacrifice and three singles scored three runs for the Drillers in the second inning. Taylor was yanked and replaced by Glenn. Glenn worked in good form and given fast support held the locals easily until the eighth inning when an error and single followed by Scroggins' home run scored two more tallies for the Drillers.

Scroggins' Healthy Clout. With the score five to two in the visitors favor in the eighth inning Scroggins' home run scoring two tallies was the biggest feature of the game. Shell had gone to first on a batted ball and advanced to second on White's single, batting for Nicholson. With two bases filled and none out, Shell attempted a steal to third, being thrown out by Merritt. It was a bonehead play. Scroggins stepped to the platter and knocked a clean home run into deep center, scoring White. Had Shell remained on second his run would have tied the score, and the game might have ended in a victory.

Phillips Redeems Himself. A feature of the game was Phillips work on second base. In the opening game Phillips played in bad form, making four errors. He retrieved himself yesterday, however, getting six put outs and five assists. His work was fast and clever.

The Drillers settled down yesterday and the infield was steady. They still lack the necessary spirit to make a winning team however, appearing to lack interest. It is hoped they will get together and make a better showing this afternoon when the last game of the present home series will be played, the team leaving tomorrow for Ardmore. The game by innings:

FIRST INNING. Denison—Kerr walked, went to second on Wakefield's sacrifice hit and advanced to third on Covington's sacrifice. Brooks grounded out to Phillips and ended the inning. Wichita Falls—Guthrie grounded out to Gehardt. Nevitt singled and stole second, going to third on Brown's sacrifice, after Rosamond had walked. Kizlar grounded out to Covington, making three down.

SECOND INNING. Denison—Campbell flew out to Brown. Merritt popped out to Nevitt and Holliday fanned. Wichita Falls—Phillips fanned. Shell singled and advanced to second when Nicholson was hit by Taylor scoring when Scroggins reached first on his sacrifice. Nicholson being thrown out at the plate by Merritt. Scroggins went to second on the play advanced to third on Guthrie's single and scored on Nevitt's single. Guthrie going to second. Rosamond grounded out to Brooks and ended the play.

THIRD INNING. Denison—Gehardt walked and Taylor fanned. Gehardt scored on Kerr's triple into right field. Kerr scored on Wakefield's sacrifice. Wakefield stole second. Covington and Brooks both popped out to Phillips. Wichita Falls—Brown walked and went to second on Kizlar's sacrifice. Phillips walked and was thrown out on the fielder's choice at second when Shell sacrificed. Brown going to third on the play. Shell stole second. Nicholson grounded out to Kerr ending the inning.

FOURTH INNING. Denison—Campbell singled and stole second going to third on Merritt's single. Merritt was thrown out stealing second. Campbell scored on Holliday's sacrifice fly into left field. Gehardt flew out to Brown. Wichita Falls—Scroggins was hit by Taylor and went to first, advancing to second on Guthrie's sacrifice. Nevitt fanned and Rosamond flew out to Wakefield.

FIFTH INNING. Denison—Glenn flew out to Guthrie. Kerr popped out to Nevitt and Wakefield flew out to Brown. Wichita Falls—Brown flew out to Wakefield. Kizlar fanned. Phillips singled and Shell grounded out to Covington.

SIXTH INNING. Denison—Covington flew out to Nicholson. Brooks doubled into left field and went to third on Campbell's single. Merritt flew out to Brown and Holliday grounded out to Phillips.

SEVENTH INNING. Wichita Falls—Nicholson a n d Scroggins fanned. Guthrie doubled and Nevitt grounded out to Brooks. Denison—Gehardt grounded out to

Get The Syrup Habit—It's Good For You

Velva Syrup is more than a mere sweet. It's a fine, wholesome, healthful food. It's just what growing children need—and it's good for grown-ups, too. Earnest, careful scientists have long ago exploded the mossy idea that sweets are harmful—and they tell you that sweets are necessary. You'll find

VELVA

the syrup with the RED LABEL, fine. It has the smoothest of sugary flavor and rich color. It makes candies, fudge, cakes and cookies that just melt in one's mouth. It goes great with griddle cakes and it will make your good muffins, waffles and biscuits better. Try it and see if this isn't so. Ten cents and up, according to size. Velva in the green can, too, at your grocer's. Send for the book of Velva recipes. No charge.

PENICK & FORD, Ltd. New Orleans, La.

VELVA NUT-ICE CREAM
3-4 cupful Red Velva Syrup, 2 cupfuls scalded milk, 1 tablespoonful sugar, 1/2 cupful sugar, 1 egg, pinch of salt, 2 heaping spoonfuls English vanilla, 1 teaspoonful almond extract, 1 teaspoonful rose extract.
Beat up the egg with the flour and sugar, and gradually add the milk. Cook for 20 minutes in a double boiler, stirring constantly. Cool and add the syrup, salt, vanilla, cream and the extracts, and freeze. Serve in variety dishes with a generous cherry on top of each.

Scroggins 2, off Taylor 1, off Glenn 5. Hit by pitcher—Scroggins and Nicholson. Struck out—By Scroggins 4, by Taylor 1, by Glenn 2. Sacrifice hits—Brown, Kizlar, Scroggins, Guthrie, Shell. Sacrifice flies—Holliday, Gehardt. Time of game—2 hours. Umpire—Wright.

Paris 2, Sherman 0. Sherman, Texas, April 17.—Sherman lost the second game of the season to Paris by a score of 2 to 0 in a pitcher's battle between Hallinan and three of the Paris twirlers. Phillips who started for Paris, was hit on the head in the first inning by Moore, who was attempting to peg second. Daniels took his place on the mound and was himself relieved in the seventh when a walk and an infield safety started what looked to be a batting rally. Daniels won his own game in the sixth with a single to left, following Carey's two base hit to the same place. A two bagger and an error were responsible for the second tally. Score by innings:

Sherman	000	000	000	0	4	3
Paris	000	010	001	2	4	0

Texarkana 7, Bonham 5. Bonham, Texas, April 17.—Texarkana came from behind and tied the score yesterday with four runs in the eighth inning and won the game in the ninth when Bailey succeeded Ratcliff in the box. The score was 7 to 5. Lewis led the hitting for the visitors with three singles out of four times at bat. The score by innings:

Texarkana	000	001	042	7	12	3
Bonham	000	401	000	5	8	3

Durant 8, Ardmore 5. Durant, Okla., April 17.—Durant found Naylor for a total of fourteen hits yesterday and these, coupled with Ardmore's poor support and frequent misplays, made the victory an easy one for Durant. Campbell was a puzzle for Ardmore, but was wild. Two double plays were features. A large crowd witnessed the game. The score by innings:

Durant	000	000	20x	8	14	3
Ardmore	001	012	010	5	5	4

FINE ANIMALS—FINE FEED

THE FEED QUESTION is purely a matter of education with both man and beast. There is a difference of opinion of course between the Cavalier and the Mississippian as to what constitutes good food, but there should be no question in the minds of experienced stockmen as to the value of our feed over the cheap dirty kind. This is the Type of Homes You Have Been Looking For

A FIVE-ROOM MODERN BRICK HOME PLASTERED THROUGHOUT AND LOCATED IN A CHOICE SECTION OF FLORAL HEIGHTS

This house must be seen to be appreciated. Its arrangement, finish and completeness makes it an ideal home. The material used in its construction is of the best grade. Being plastered throughout it assures one of a sanitary home, one that is warm in winter and economical to heat, and on the other hand is cool in summer. Has hot and cold water to every fixture, bath, lavatory, commode, and natural gas in every room. A brick house costs less to maintain in insurance, painting and deterioration and it gives the greatest amount of home comfort. Located on 9th street 1-2 block west of bend in car line. On continuous sidewalk and adjoining restricted district. Also on the only 100 foot street in the city. Look over the property before you pass judgment on the price. Then you will concede it is the cheapest property in Wichita Falls.

Don't Forget the \$18 Suits

I think I made the best hit of the season with the BLUE SERGE I put on at \$18. Every man who has seen it has said it is the best clothes value in the city—and when you stop to consider an all-wool, finely woven, serge, made to your measure, with a warranted mohair lining and the very best of trimmings for only \$18 it ought to appeal to any one.

I'm only going to take these BLUE SERGE orders at this price for the balance of this week, and if you want one you ought to get busy.

Some of the \$18.00 grays are beauties, if you would rather have that than the BLUE SERGE.

PERSONAL MENTION

N. R. Heath and A. C. McConnell of Vernon, were in the city today.

C. F. Collins, an old time resident of Wichita Falls, but now living in St. Louis, is here today looking after property interests.

Mr. and Mrs. Paul McAbee have gone to Los Angeles, Cal., where they will make their home.

I. D. Browder left for Mineral Wells this morning, called there by the illness of a grand child.

Mr. and Mrs. Sam Scalling announce the birth of a son to them on April 15th.

Mrs. E. L. Noey left this afternoon for Burlington, Texas, on receipt of a telegram from that place saying that her brother, C. L. Smith, had been shot and probably fatally wounded. Details of the shooting were not given and it is not known whether the shooting was accidental or otherwise.

A. H. Culver, claim agent for the M. K. & T., of Dallas, is in the city today on business for his company.

Mrs. Grace Hibbard, of Brown's Station, N. Y., is here for a visit with her mother, Mrs. H. M. Carpenter, and family. Mrs. Hibbard will remain for some time.

Nat L. Inge is in Dallas today on business with passenger department of the M. K. & T.

Wm. Goebel, of New York City, who formerly was a resident of this country for a short time, was among the visitors to Wichita Falls today. He has some business interests at Henrietta and expects to be in this section of country for a week or more.

A Prescription

is a physician's order for medicinal agents used for the alleviation of pain and the cure of disease. This order is of vastly more importance than your grocery order. If your groceryman sends you spoiled strawberries or petrifed beef steak you know it the moment you see it but if your druggist uses cheap imitations in the prescription for your child that is sick you do not know any difference. If your child should die you would think it was fatal. If it recovered you would be thankful but you would never know whether your prescriptions were correctly filled with standard goods or not. Years of experience has taught us the gravity of the responsibility that rests on the shoulders of the man whose duties are in the silent prescription room where every effort should be made to aid the physician in his fight to save life. It is here that paltry dollars are not a consideration and price is of no importance. When a life hangs in a balance that a grain of dust would break you would throw in the earnings of years of toil and give every thing but your soul to bring the sick one back to life and health. Should misfortune overtake you remember our mission is to help you and there is nothing in the markets of the world that is too expensive or far away for us to get for you.

A WOMAN'S HAIR

has more to do with her beauty than anything else. A nice head of hair, properly taken care of, will give to the most ordinary features an indescribable charm which cannot be obtained by any other means. On the other hand, no woman without pretty hair well cared for, will ever be considered beautiful or attractive, or even pretty. We have shampoos—preparations that will strengthen, invigorate—cure dandruff—in fact, everything to make your hair the beauty nature intended.

NEGLIGENCE

WHAT does an unmarked grave call to mind? You look upon it and wonder who they were. Every cemetery shows the unmistakable outline of unmarked, unremembered graves, and as we look we know their life was as full of all the human emotions, of love pathos and tragedy as our own.

Inattention, neglect, penury, who can tell? The unremembered spot, it is unmistakable proof that some one has lived, and that the name, together with all that life holds dear has perished from this earth.

There are more unmarked graves in Riverside cemetery than any city of like size in the state. What is it? Inattention, neglect, or plain penury. We upon investigation are inclined to think it is the former in most cases.
