

PROTEST AGAINST ANOTHER NAME

CHAMBER OF COMMERCE WANTS ADDITION'S NAME ASSOCIATED WITH WICHITA

DIRECTORS MET TODAY

Resolutions Adopted Against Separate Name For Proposed New Postoffice

A vigorous protest against stripping Wichita Falls of either credit or publicity for the factory addition by giving it another name, with the dignity of a separate postoffice, was voiced this morning at a meeting of the Chamber of Commerce directors...

Text of Resolution

The resolution was offered by N. Henderson and follows: "Whereas, Many citizens of Wichita Falls, not directly owning any interest in the factories or in real estate surrounding the factory sites southwest of the city have contributed liberally toward securing some of said factories in the belief and on the assurance of those interested that same was for the upbuilding of Wichita Falls, and

"Whereas, Said factory sites have been created with a distinct railroad station bearing a different name from that of this city and it is now proposed to apply for an entirely separate postoffice, and

"Whereas, The direct result of such action would be that Wichita Falls would cease thereafter to be connected, in the public eye, with said factories and receive no benefits in an advertising way from the upbuilding of said factories, now therefore,

"Be it resolved, That it is the opinion of this body that if it is deemed desirable that a separate railroad station and a separate United States postoffice should be maintained they should both bear the name of West Wichita or South Wichita, and be it

"Resolved further, that the officers of all the corporations doing business at said factories, the officers of the Wichita Valley Railway Company, Wichita Falls & Southern Railway Company, Wichita Falls Traction Company and resident citizens at said sites be requested to have said postoffice and station named as indicated herein, and that the officers and directors of the Chamber of Commerce assist them in this request."

Proposals For New Industries. At the meeting of the directors, propositions from a plumbing supply factory and a well drilling machinery concern, both being referred to the manufacturing committee.

W. G. Long, speaking for the Federation of Women's Clubs, asked the support of the directors in the industrial peace movement, it being proposed to offer prizes for the best high school essays on this subject. After considerable discussion, in the course of which the directors nearly all endorsed the idea, it was decided to raise the money by outside subscription and not to establish a precedent by making an appropriation for it out of the funds of the organization.

Progress Toward Paving. C. W. Snider reported that the new canvases of the Tenth street property owners on the paving proposition was progressing and that about fifty property owners, representing 6900 front feet of property had signed up.

E. P. Hasey said that Wichita Falls' campaign for the 1914 convention of the Texas Press Association was progressing nicely, with excellent chances for success, but that Dallas, Galveston and Corpus Christi were also very much in the running. He suggested that a properly equipped delegation be sent to help land the advertising committee for action. Adjournment followed. Directors present this morning were Messrs. Huff, Bell, Taylor, Henderson, Gardner, Cullinan, O'Reilly, Snider, Rennington, Long Straus.

Famed Texas Strawberries on Market. Tyler, Texas, April 29.—The famous Texas strawberries are being shipped in from this section in car load lots to the northern markets. The crop promises to be above the average in quantity and quality, with good prices prevailing at the present time. The first few cars brought the growers \$2.75 per crate.

SAN ANTONIO OUT OF THE CONTEST

Because of Rate Discrimination Texas City Will Not Ask For Confederate Reunion

By Associated Press. San Antonio, Texas, April 29.—Withdrawal from the contest for the 1914 reunion of the Confederate veterans because of rate discriminations in favor of cities east of the Mississippi was announced by San Antonio today. This discrimination, it is held, would prohibit the usual attendance and would greatly increase the cost.

MOTHERS' PENSION IN PENNSYLVANIA

Keystone State to Test System of Aid to Abandoned or Widowed Mothers

By Associated Press. Harrisburg, Pa., April 29.—Pennsylvania is to test a mothers' pension system. Governor Tener having approved the act recently passed by the legislature for a county system of pensions for mothers.

A board of from five to seven women is to be named by the governor in each county availing itself of the provisions of the new law. This board is to investigate all cases and to recommend payments to abandoned mothers or to widows unable to support their children.

Payments are to be made monthly and in no case are they to exceed two, \$25 for three and five dollars per month for each additional child. Two hundred thousand dollars has \$12 per month to one child, \$20 for the payment of the pension.

President to Discuss Tariff with New Lands

Washington, April 29.—President Wilson today agreed to give three hours next Thursday to Senator Newlands and other intermountain state senators for a discussion of the probable effects of certain schedules of the new tariff bill including free wool and free sugar.

ANOTHER MURDER BY THE GANGMEN

"JERRY THE LUNCHMAN" SUSPECTED OF SQUEALING MEETS DEATH

By Associated Press. New York, April 29.—Suspected of "squealing" to the district attorney, Jerry Malda, known as "Jerry the Lunchman" met his appointed death on Forty-first street near Broadway early today. He was shot down by gangmen only a few blocks from a police station. Five policemen in the immediate vicinity heard the shots and pounced upon five men near the scene whom they have accused of the killing.

Police say that "Guiney Sam" one of the five was under arrest in connection with the murder of another gangman two years ago.

FIVE GANGMEN ARRESTED

Policemen Pounce Upon Men At Scene of Killing—Guiney Sam Held

By Associated Press. New York, April 29.—Suspected of "squealing" to the district attorney, Jerry Malda, known as "Jerry the Lunchman" met his appointed death on Forty-first street near Broadway early today. He was shot down by gangmen only a few blocks from a police station. Five policemen in the immediate vicinity heard the shots and pounced upon five men near the scene whom they have accused of the killing.

GOOD PROGRESS WITH ENDOWMENT FUND

Amount Required to Secure Gift of \$200,000 S. W. M. U. is Almost Subscribed

By Associated Press. Dallas, Texas, April 29.—The general board of education of the Southern Methodist Church in session here, was given a surprise this morning when Bishop E. E. Hoss of Muskogee, Okla., tendered his resignation as a member of the board on account of ill health. The board promptly refused to accept his resignation and continued him as a member, but relieved him of all duties.

The board is receiving a splendid response to its request for funds to secure a gift of \$200,000 from John D. Rockefeller toward an endowment fund of \$2,000,000 which is being raised for the Southwestern Methodist University here.

It was stated today that it would be but a matter of a few days until the required amount is forthcoming. The Rockefeller gift is conditioned on the raising of a like amount by the board.

BRYAN STILL AT SACRAMENTO

ANOTHER MEETING OF SECRETARY OF STATE WITH CALIFORNIA LEGISLATURE EXPECTED

By Associated Press. Sacramento, Cal., April 29.—With the sentiment of the progressives and republican majority of the State legislature concerning the anti-alien landholding legislation unchanged as the result of the representation made by Secretary of State Bryan on behalf of President Wilson it is expected that a second broadside of arguments will be exchanged between the Secretary and the legislature today.

CALIFORNIANS ARE FIRM

Bryan's Proposal Believed to Be Final Suggestion From Federal Administration

Just what form the objection of the federal administration will take to the proposed action of the State legislature is not known as Secretary Bryan has not made known the contents of his telegram from President Wilson in answer to questions propounded by the Secretary after his conference with the legislature and the governor last night. Since his arrival yesterday Secretary Bryan has declined to make any statements except in conference and it was expected that another conference would be called sometime today.

Dissatisfaction with the plans put forward by Mr. Bryan as a solution of the problem was expressed by republican and democratic members of the legislature alike.

Secretary Bryan's suggestion was that the state of California hold up the proposed legislation and submit it to the diplomatic corps to be settled by the negotiation of a new treaty with Japan.

Bryan's Proposal Believed Ultimate Plan. Washington, April 29.—Secretary Bryan's proposal to California legislature to suspend the passage and application of the anti-Japanese landholding bill until the President has had an opportunity to negotiate a new treaty is believed to represent the ultimate proposal of the administration.

Cabinet Discusses California Situation. Washington, April 29.—When the President's Cabinet assembled today John B. Moore, acting Secretary of State was invited to sit in the place of Secretary Bryan who has gone to California. It is a rare occasion when an acting secretary sits with the Cabinet.

The Japanese question took almost the entire time of the President and advisors. It was learned, however, that the situation in Mexico took some of the Cabinet's time.

No decision concerning the California legislation was announced although it is understood the Cabinet will not recede from the proposal submitted by Secretary Bryan.

CARNIVAL ATTRACTS BIG CROWD FIRST NIGHT

Everybody Well Pleased With Attractions Brought Here by Firemen

A big crowd of jolly, good natured, fun hunting and fun-loving folk were present last night at the opening of the firemen's carnival. And the fun was there for all who sought it. Negro and Loos carry with them twelve feature attractions, besides the free shows and the merry-go-round and most of the features are away ahead of the average carnival attraction.

Hall's performing lions is an act of the hair raising sort that makes the chills run down one's back; while the minstrels in Dixieland creates an irresistible burst of humor that puts one in good humor again. Right up to the minutes is the panorama of the Dayton flood shown in the motion pictures. There is also the freak show with its curious collection of nature's misfits and the bucking horse that won't let anybody but his owner ride him.

The company has a very good band of Mexican musicians, especially versed in midway music, who deserve praise, at least for their industry. On the whole the carnival is better than those that have gone before. Good order is maintained and those who attend may be sure of a good time.

JAPAN'S PREMIER URGES HIS COUNTRY TO REMAIN CALM

Reported Evacuation Only Journey of Crown Princess to Deliver Keys of Fortress

By Associated Press. London, April 29.—It is rumored on the stock exchange that Austrian troops have entered Montenegro. The rumor lacks confirmation.

A special correspondent at Vienna puts the Austrian attitude in regard to Montenegro in the following terms: "Austria finding that the ambassadors at their conference in London could reach no results has decided to take the matter into its own hands and carry out the decision of the powers."

Austria Prepares For Independent Action. Vienna, April 29.—The Austro-Hungarian government is dissatisfied with the failure of the ambassadors in London to reach a satisfactory conclusion regarding the evacuation of Scutari and is continuing preparations for independent action. Exchanges of views are proceeding between Germany and Austria over developments.

Danilo Only Taking Keys To His Father. Cetinje, Montenegro, April 29.—Crown Prince Danilo of Montenegro was received with an ovation, when he reached the capital to hand over the keys of the fortress of Scutari to King Nicholas. The formal ceremony was greeted with cheers by the excited populace.

HERE'S A LINEAL RECORD THAT'S HARD TO BEAT. Walnut, Ark., April 29.—A table of Uncle Tom Ellison's progeny recast today after the birth of a child to one of his granddaughters showed a surprising record.

Ellison, 93 years old, has been married three times. The table showed that he was the father of fifty children, grandfather of 125 children, great-grandfather of sixty-eight children, and great-great-grandfather of twenty-seven children.

The range of ages of Ellison's own children is remarkable. The youngest is 11 years old, born twelve years after the biblical lineal limit of three score and ten and the eldest is 65.

Midland Wants New Road. Midland, Texas, April 29.—The Empire Construction Co. of Omaha, Neb., has made a proposition to the Midland Commercial Club to build a railroad from Tucumcari, N. M., to the Gulf via the town of Midland for a bonus to be raised by the citizens of Midland. The Commercial Club favored the proposition, and will canvass the citizenship this week. It is quite probable that a contract will be signed before Saturday.

Toll Questions Go Over. Washington, April 29.—By a vote of 13 to 1 the Panama Canal Committee of the Senate decided to put over until the regular session in December all questions of Panama tolls including Senator Roots' amendment to repeal the free toll provision.

SHRINERS TO INITIATE CANDIDATES IN CANAL. Mobile, Ala., April 29.—Abba Temple, Nobles of the Mystic Shrine, will hold an initiation in one of the locks of the Panama canal, just before the water is turned in, according to officers of the temple, who say they have secured permission to do so from the government.

It is proposed to charter a special steamer for the pilgrimage to the canal and nobles from every section of the country will be invited.

C. Dart Dies at Waring. Galveston, Texas, April 29.—C. Dart, for more than twenty years clerk of the federal court at Galveston, died at Waring, Texas, last night.

War on Jack Rabbits. Stamford, Texas, April 29.—The county commissioners' court at its meeting two months ago offered a bounty of 2 1/2 cents for jack rabbit scalps. Already more than 12,000 scalps have been turned into the court, and as the time does not expire until May 1, it is expected there will be many more. Notwithstanding this great slaughter of the jack rabbits, it is hard to tell there are any less.

HE ACCEPTS DICTATION. His Attempt to Transfer Gen. Mondragon End in Failure. New Orleans, April 29.—Life and property are not safe in Mexico City, according to American and Mexican refugees arriving here from that city today, who report a condition bordering closely upon anarchy.

Exchange is higher than for a quarter of a century and business is demoralized and political conditions are so uncertain that an outbreak at any moment would not be surprising, according to many passengers arriving here.

The tension between President Huerta and General Diaz is so threatening that General Mondragon, minister of war, is reported to have the citadel and arsenal filled with troops who are partisans of General Diaz. Although President Huerta, suspecting the loyalty of Mondragon, appointed General Blanquet minister of interior, the latter acting in concert with Diaz declined to make the change and finally President Huerta was forced to accept the dictation of General Diaz who insists that Mondragon remain in control of the army until an election is held when he expects to be named president.

While the citadel is filled with Diaz soldiers Huerta has 1,000 soldiers loyal to him stationed in the National Palace and also has field and rapid fire guns there. While the Diaz forces have the advantage of numbers it is believed the Huerta troops will make a desperate resistance, if hostilities are opened.

War on Jack Rabbits. Stamford, Texas, April 29.—The county commissioners' court at its meeting two months ago offered a bounty of 2 1/2 cents for jack rabbit scalps. Already more than 12,000 scalps have been turned into the court, and as the time does not expire until May 1, it is expected there will be many more. GETTING READY FOR FIGHTING

AUSTRIA-HUNGARY PREPARES FOR INDEPENDENT ACTION AGAINST MONTENEGRO

By Associated Press. Vienna, April 29.—The Austro-Hungarian government is dissatisfied with the failure of the ambassadors in London to reach a satisfactory conclusion regarding the evacuation of Scutari and is continuing preparations for independent action. Exchanges of views are proceeding between Germany and Austria over developments.

Danilo Only Taking Keys To His Father. Cetinje, Montenegro, April 29.—Crown Prince Danilo of Montenegro was received with an ovation, when he reached the capital to hand over the keys of the fortress of Scutari to King Nicholas. The formal ceremony was greeted with cheers by the excited populace.

INVENTION FOR WEIGHING ICE

Oklahoman Invents Ice Tongue That Will Automatically Weigh Every Cake of Ice

An invention to block the ice man's game of charging you for the ice that melts on the way from the factory has just been patented by an Oklahoma boy and may be manufactured in Wichita Falls. The invention is nothing more or less than a pair of ice tongs, with scales set in the handle, so that every piece of ice handled is weighed.

The Oklahoma inventor is said to have secured the necessary financial backing to manufacture and market the device and is expected here shortly to make the necessary arrangements. The device is an ingenious one, and while it is not expected to be popular with the ice men, the inventor hopes to see it come into general use.

MORGAN JONES WINS MILLION DOLLAR SUIT. Fort Worth, Texas, April 29.—Morgan Jones of Abilene, formerly of Fort Worth, represented by Attorney D. T. Bomar, and others, has won his case against the Missouri Edison Electric Company of St. Louis, according to a telegram received by Mr. Bomar from the clerk of the supreme court at Washington. The case involves more than \$1,000,000.

In 1904 Mr. Jones, as a minority stockholder in the Missouri Edison Company, filed suit in the United States court at St. Louis, claiming the consolidation of that company with the Union Electric & Power Company of St. Louis was, as against the minority stockholders, fraudulent.

The case was appealed twice. The second appeal in the United States circuit court of appeals for the Eighth circuit resulted in a judgment establishing Jones' contention by which the stockholders were awarded more than double the amount awarded by contract of consolidation. The judgment was for more than \$1,000,000.

War Department Officials Explain Movement. Washington, April 29.—War Department officials declare that Battery C of the Sixth Field Artillery is being sent from Fort Riley, Kansas to take the place of the Fourth Battalion ordered to Texas City when the second army division was concentrated there.

Washington Puzzled Over Disposition of Refugees. Washington, April 29.—An embarrassing situation has arisen in regard to the disposal of the Mexican refugees held along the Mexican boundary by United States troops. There were originally 1,200 of them held as prisoners by United States troops. Two weeks ago the Secretary of War gave orders to release them gradually. Some were released and some Constitutionalists or revolutionists.

The order was to let federalists cross the boundary where federalists were in control and the Constitutionalists where men of their political faith were strong. This worked well until 1,000 prisoners were released and it was proposed to send 216 Constitutionalists over the line at El Paso. The Constitutionalists are in control of Juarez, across from El Paso. That is the only point on the boundary where they could be allowed to cross into Mexican territory.

The plan for releasing the refugees met with no obstacle until the Mexican federal authorities made an objection to allow any considerable number of such refugees to cross over where their friends were in strength as the refugees would immediately be used as reinforcements. The United States authorities at once decided that to release refugees under such circumstances would be in violation of the neutrality laws and Secretary Garrison promptly issued orders that no refugees should be allowed to cross the boundary where an engagement was imminent or pending.

All refugees have been disarmed and their horses and side arms taken from them. They can not be allowed to remain in the United States because of the immigration laws and the United States government can not as a matter of humanity send them across the boundary at points where they would meet with summary execution. They will therefore be held indefinitely until the conditions permit their release.

The State Department is trying to effect an arrangement with the Huerta government by which the refugees remaining at El Paso may be sent across the line without fear of death and under a stipulation that they shall not be subject to summary execution.

Brig. Gen. Smith Relieved. Galveston, Texas, April 29.—Brigadier General Frederick A. Smith, in command of Fifth Brigade, Second Division of the U. S. Army, was relieved of his duties today after nearly forty years service. He will go to Omaha where he will be formally retired early in May.

House Steam Roller Working. AMENDMENTS TO SCHEDULE TARIFF REJECTED WITH GRUELING CHORUS OF "NOES"

By Associated Press. Washington, April 29.—The democratic tariff revision was advanced another stage in the House today when the reading of the measure paragraph by paragraph was taken up. Amendments to each clause of the bill are being offered by the minority members while the bill progresses on its legislative journey.

While the minority will make a fight on some of the provisions of the bill they realize that with the immense majority the democrats have the bill may go through the House unaltered.

House Leader Underwood said today he expected the bill would be passed in the House this week. He added that unless currency legislation was taken up the tariff bill would be passed by both Houses and signed by the president so that Congress could adjourn in July.

Consideration of the schedule of the tariff bill went on today amendment after amendment being offered by the republicans and rejected by the democrats with machine like regularity.

Majority Leader Underwood and Republican Leader Mann engaged in a long argument over the chemical schedule of the bill which had been changed from the bill prepared at the last session. Representative Underwood explained that the reason for the change was that the income tax now possible could not be considered in the former bill.

Brig. Gen. Smith Relieved. Galveston, Texas, April 29.—Brigadier General Frederick A. Smith, in command of Fifth Brigade, Second Division of the U. S. Army, was relieved of his duties today after nearly forty years service. He will go to Omaha where he will be formally retired early in May.

DOES DIAZ SEEK CARRANZAS HELP?

COMMISSIONERS FROM TWO REPORTED IN CONFERENCE AT EAGLE PASS TODAY

By Associated Press. Eagle Pass, Texas, April 29.—Reports of negotiations for an alliance between Felix Diaz and Governor Carranza were spread here by the arrival last night of four alleged commissioners from Diaz and Carranza.

The cessation of hostilities against the federal forces in the zone controlled by Carranza seems to have ceased, according to reports received here. Another report says that Generals Aubert and Lopez have joined the Constitutionalists cause.

Two of the alleged commissioners are Eliseo Arredondo and Francisco Queverto. Carranza's confidential agents. The two others are Miguel Gonzales and Leopoldo Martini, said to be representatives of Felix Diaz.

Scanty Force Remains With Salazar. El Paso, Texas, April 29.—General Jose Ninez Salazar re-organized a part of the ex-rebel troops who mutinied at Casas Grandes yesterday when ordered to attack the Constitutionalists, according to an official report reaching Juarez today, but left with less than 200 soldiers.

Led by Colonel Castillo, 300 of the rebels left yesterday to join Franz Zillars insurgents near Minaca. They took with them most of Salazar's ammunition and supplies. Even those who remained with Salazar are said to have refused to proceed further against the Constitutionalists.

More Artillery Brought to Texas. Fort Riley, Kan., April 29.—Battery C of the Sixth Field Artillery U. S. A. left this morning for Fort Bliss, Texas on orders from Washington.

War Department Officials Explain Movement. Washington, April 29.—War Department officials declare that Battery C of the Sixth Field Artillery is being sent from Fort Riley, Kansas to take the place of the Fourth Battalion ordered to Texas City when the second army division was concentrated there.

## ODD FELLOWS OBSERVE FOUNDATION ANNIVERSARY

Interesting Program Given at Hall Monday Night Celebrating 94th Anniversary of Order

Panhandle Lodge No. 241 I. O. O. F. observed the 94th anniversary of the founding of the order with an appropriate program at their hall last night which was attended by members of the order, their families and friends. Following the program refreshments were served.

Dr. C. R. Hartsook presided as master of ceremonies. Following the invocation by Brother Taylor, he introduced Judge P. A. Martin who made an interesting talk on the principles and purposes of the order. Other numbers of the program were:

Piano and Violin Duet—Mr. and Mrs. Pedigo.

Vocal Solo—Mrs. Ross.  
Reading—Miss Joyce Hardesty.  
Reading—Miss Helen Hines.  
Vocal Solo—Mrs. Hincley.  
Reading—Mrs. Hardesty.  
Reading—Miss Ora Carlton.

The program closed with a pageant and dialogue called "Father Time." Father Time accompanied by a shrouded figure on his right carrying an hour glass, and another shrouded figure on his left carrying a long sickle entered the hall with a huge book under his arm. Then ensued a dialogue between Father Time and various members in the lodge hall in which the origin, history and character of the fraternity were brought out in the questions and answers.

A number of Iowa Park Odd Fellows and Rebekahs were visitors and the hall was well filled.

### FASCINATING HAIR

Easy To Stop Hair Falling Out and Dandruff Also

No one doubts that it is the duty of every woman to look as charming as possible. Every woman knows why she wants to be beautiful and attractive.

A woman with scant hair, dull and lifeless, has lost half her charm. How many times have we heard the expression "the crowning glory of a woman is her hair."

Nowadays, thanks to Parisian Sage, almost every woman can have hair so radiant and so glorious that it attracts, fascinates and compels admiration.

Parisian Sage, the scientific and ideal hair rejuvenator and tonic, will cause hair to grow. It will turn harsh, withered hair into lustrous and bewitching luxuriant hair in a few days.

It is a most delightful hair dressing that kills the dandruff germs, stops falling hair, and eradicates dandruff in two weeks or your money back.

A large 50-cent bottle is sold by Foosee & Lynch and dealers everywhere on the money back plan.

## Thirty-Five Exclusive Patterns at \$18 Each

Would you like to wear a suit like every other man in town—a uniform, or would you rather have an exclusive pattern, a distinctive piece of goods made into a suit that would give you an appearance of individuality? Monday I received 35 exclusive patterns of woollens in gray, brown, tan and blue, chevots—by far the prettiest goods ever shown at the price I am going to put on them

\$18 00

I am going to have them made up in regular \$40 style, with mohair lining and warranted to fit, and to hold their shape as long as the cloth hangs together.

You can see these goods in our show windows, but we'd rather have you come in and test them—feel the soft shear of the wool, note the quality of the fabric and the color of the dyes, test the wool by burning a bit of it—anything you want to convince yourself that they are all wool and worth more money than I am asking for them, compare them with any other suit at any other price and see if you do not think them the best

\$18 00 suit you ever saw.

Eric F. Bloom  
of The Bloom Tailoring Co.

### THE MAKE-UP OF WICHITA FALLS POPULATION.

A report showing detailed population statistics of Wichita Falls has just been issued by the Federal Census Bureau at Washington. The data contained in the report are based on information gathered in the spring of 1911 and the figures given relate to that year. The total population of Wichita Falls is shown to be 8,200. The following extracts from the report give some interesting statistics pertaining to our people. Wichita Falls population consists of 7,616 white and 584 colored persons. The male population is 4,419 and the female 3,781. Our foreign born whites number 198 and practically every country and language on earth is represented. We

have 2,771 males of voting age and 2,237 of them are negroes and 2,546 whites. Only a small per cent of our males of voting age are illiterate. The total illiterates in the city over ten years of age is 128. We have 1,426 dwellings in Wichita Falls and 1,665 families.

The above, of course, has reference to what the population was three years ago. Now it is much greater. Based on the city directory issued this year, the population of Wichita Falls is now fully 12,000 showing an increase over the 1911 census figures of at least 33 1-3 per cent.

Cures Old Sores, Other Remedies Won't Cure. The worst cases, no matter of how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 5c. Sec. 8, 10c.

## DRILLERS SHUT OUT BY PARIS

TEAM NOW CROWDING ARDMORE FOR BOTTOM POSITION IN THE LEAGUE

### LOCALS LACK SPIRIT

Reports Indicate That Team Hasn't Ginger Necessary To Win Games

Special to The Times.  
Paris, Texas, April 29.—Paris shut out Wichita Falls yesterday by a score of 3 to 0. Brown, the new Paris pitcher, worked for the first time since joining the team and pitched a splendid game. He was given gilt edge support. Morris was hit in pinches and several errors with slow playing generally on the part of the Drillers helped in the Paris victory. While only three errors were chalked against the Drillers there were other plays that probably should have been marked up against them. The score:

Wichita Falls	H. O. A. I.
White, rf.	0 1 0
Nevitt, ss.	0 3 1
Nicholson, lb.	0 9 0
Brown, cf.	1 2 0
Phillips, 2b.	1 4 4
Morris, p.	2 0 2
Shell, 3b.	0 0 1
Hornbuckle, c.	0 6 2
Lewis, lf.	0 1 0
Callahan, if.	1 1 0
Scroggins	0 0 0
Totals	5 24 9

Paris	H. O. A. I.
Daly, ss.	2 1 1
Weber, 2b.	0 1 3
Nagle, rf.	1 5 0
Mathis, lb.	0 11 0
Robinson, cf.	2 1 0
Moore, c.	0 4 0
Harper, lf.	1 3 0
Carey, 3b.	0 1 1
Brown, p.	1 0 8
Totals	7 27 13

\*Batted for Shell in ninth.  
Score by innings:  
Paris.....001 001 00—2  
Wichita Falls.....000 000 000—0  
Summary—Runs, Nagle, Carey, Brown. Stolen bases, Harper, Daly. Sacrifice hit, Brown. Two base hits Robinson; O. Brown. Struck out by Brown 4, by Morris 5. Bases on balls, off Brown 1, off Morris 1. Time of game—1 hour and 27 minutes. Umpire—Markle.

## DRILLERS WILL COME OUT OF IT

Really Not So Much To Worry About As Would Seem—Will Play Here Saturday

What is wrong with the Drillers? Nearly two weeks on the road have forced the team down to just above the cellar, with every series save one lost and the prospects good, at this writing, for becoming the league champions in short order.

In spite of the present discouraging outlook there is really not a much to worry about as would seem. The team has been on the road more than any other in the league and that is a great disadvantage at the beginning of the season. Again, the pitchers have not hit their strides. Jones had a bad arm to start on and is not due to begin his real pitching until the weather gets hot. Scroggins has been bothered with stage fright and nervousness more than anything else Myers simply has not been in form. The team's fielding was very poor at the start, but has improved lately and this is a good sign. Poor as the showing has been so far, a few series at home will give the men a fresh start. The boys will be back on the home lot Saturday, with Paris as the opposition.

Sherman 7, Durant 4.  
Sherman, Texas, April 29.—Sherman took Monday's game from Durant by a score of 7 to 4. Several minor accidents and listless play prolonged the game until it became tiresome. Black, Sherman's new pitcher, was in the game at every stage and Crosby's work behind the bat won great favor with the fans. The score:  
Sherman.....102 001 21x—7  
Durant.....002 001 010—4  
Batteries—Black and Crosby; Adams and Herman.

Bonham Wins From Denison.  
Bonham, Texas, April 29.—Bonham won Monday's game with Denison in the first and eighth innings. In the first with two men on bases, Dorse hit over the right field fence for a home run, and in the eighth, with two on bases, Bashaun hit for three bases and later scored on Meek's third hit. Manager Peebles and Kerr of the Denison team were put out of the park by the umpire for disputing decisions. The score:  
Denison.....200 000 100—2  
Bonham.....300 000 030—3  
Batteries—Hjiginbotham and Gebhardt; Trammell and Bashaun.

Texarkana Wins From Ardmore.  
Texarkana, Texas, April 29.—Texarkana won a hotly contested 12-inning game from Ardmore. The score:  
Ardmore.....010 000 000 000—0  
Texarkana.....000 010 000 001—1  
Batteries—Allen and Braley; Barber and Ritter.

### LEGAL NOTICES

Ordinance No. 185.  
An ordinance adopting the provisions of section two of article 1242 of the Penal Code of the State of Texas defining the built-up portions of the City of Wichita Falls, Texas, regulating the maximum speed at which automobiles and motor vehicles may be driven with such built-up portions, repealing all ordinances in conflict herewith and prescribing a penalty. Be it ordained by the City Council of the City of Wichita Falls, Texas:

SECTION 1.  
No automobile or motor vehicle shall be driven or operated upon any public road, street or driveway within the built-up portions of the city of Wichita Falls, Texas, as defined by section 2 of this Ordinance, at a greater rate of speed than 19 miles an hour.

SECTION 2.  
The built-up portions of the city of Wichita Falls, Texas, shall consist for the purpose of this ordinance, of all that territory embraced within the following limits, to-wit: Beginning at the intersection of Michigan Avenue and Sixth street, thence in a westerly direction along Sixth Street to the alley between Lamar and Scott streets, thence in a southerly direction along said alley to the intersection of Tenth street, thence in an easterly direction along Tenth street to the intersection of Tenth street with Michigan Avenue, the Fort Worth and Denver City Railway Company's track, thence along Michigan Avenue in a northerly direction to the place of beginning. All of each street, alleys and avenues above named being included within the built-up portions of said built-up portions being more particularly defined by Ordinance No. 136, which defines the fire limits of the City of Wichita Falls, Texas, to which reference is here made.

SECTION 3.  
Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof be fined not less than five dollars and not more than one hundred dollars.

SECTION 4.  
All ordinances and laws, and parts of ordinances and laws, in conflict herewith, be and the same are hereby repealed.

SECTION 5.  
Be it further ordained by the City Council of the City of Wichita Falls, Texas, that the fact that there is now no valid speed ordinance in the city regulating the maximum rate of speed in the city limits and the importance of this ordinance creates an imperative public necessity that the said ordinance be and be in full force upon three several days be suspended and this ordinance take effect and be in full force from and after its passage as the law requires, and it is so ordained. Passed and approved this 24th day of April, A. D. 1913.  
J. M. BELL, Mayor.

W. A. McCARTY, City Sec. 111c  
Notice to Debtors and Creditors  
The State of Texas, County of Wichita Falls.

To those indebted to, or holding claims against the estate of R. H. Martin, deceased: The undersigned having been duly appointed administrator of the estate of R. H. Martin, deceased, late of Wichita County, Texas, by C. B. Felder, judge of the county court of said county on the 10) tenth day of April, A. D. 1913, during a regular term thereof, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him at his office, 809 Ohio Avenue, Wichita Falls, Wichita County, Texas, where he receives his mail, this 12) day of April, A. D. 1913.

J. O. BENTLEY,  
Administrator of the estate of R. H. Martin, deceased. 111c 42, 43, 44, 45  
Mrs. W. J. Nolen will open her dining room May 1st at 1100 Indiana Avenue. 98 51c

## Use less Butter—More Cottolene

No wonder butter is so high. Particular women who are loath to use lard or cooking butter in their cakes and fine pastry, use table butter. With butter at the price you have to pay for it, that's downright extravagance. Cottolene is just as good as butter for pastry; for frying, it is better. And Cottolene costs no more than lard. Moreover, Cottolene is richer, and two-thirds of a pound of it will go as far as a pound of butter or lard. And lard and Cottolene are not to be mentioned in the same breath, for Cottolene is a vegetable product, healthful, always safe—makes digestible, rich, but never greasy food.

**Belle of Wichita**

Years of service in the homes of Texas have proven its merit.....

Wonder if the fact that about \$37,000,000 worth of the various breakfast foods are consumed annually by the American people has had anything to do with this agitation of putting lumber on the free list?

The first shot in the Balkan war was fired October 8th, and within six months the Turkish Empire was whipped to a frazzle, the last fatal blow being struck by Montenegro, a country no larger than two or three Texas counties combined.

It is easy to find the bad qualities in any man, but if you really want to distinguish yourself just make observations of the good you see in your acquaintances and neighbors and forget they have any bad qualities. There are only a few men of that disposition, however, and as a rule they are regarded as our best citizens.

If Wichita Falls continues to grow at the same rate as now in 1918 she will be a city of 18,000 or 20,000 population. That is only five years off, and by the time the next census is made in 1920, we may confidently expect a population of from 25,000 to 30,000 population. Therefore if you have money to invest and want it well secured and bring good returns, buy Wichita Falls property. It has more than doubled in value during the past five years, and will double again in the five years to come.

Another Texas boy, J. Floyd Frazier of Dalway, Texas, has been awarded a Carnegie medal and given \$2,000. He is only thirteen years of age and saved the life of Wayne K. Williams, sixteen, a farm hand, when he was about to drown. That is the kind of stuff most Texas boys are made of, and whenever the opportunity presents itself they are heroes, all of them.—Sherman Democrat.

So far only a few Democratic postmasters have received appointments, but here's hoping they will buckle down to business and realize right from the jump that in order for a Democrat to hold federal office he is expected to do something other than draw his breath and the salary attached to the office. Postmaster General Burleson has made himself clearly understood as to the duties of postmasters, and his ideas differ very widely from other postmaster generals who, apparently, have let it be understood that the postmaster himself was not expected to do anything but look pretty, do a little bossing around and display his authority.

It is quite possible that competing companies of the Magnolia Oil Company, (which is none other but the Standard under a new name) might have put one over on Attorney General Looney in getting him to bring that suit, but this paper is not willing to believe "the attorney general is an ambitious politician who acts as a highwayman in holding up corporations to benefit his friends." It was entirely within his right to reward his friends by tendering to them positions created by the bringing of this suit, provided they are competent and worthy. Had he given them to those who were not his friends,—men in whom he had no confidence, then it might be said of the attorney general that he was a fool for ever placing such men in positions where they could very easily have made it hard for him in the conduct of the suit when it finally comes to trial. But Ben Looney is nobody's fool, and he is not so easily fooled as some people and some newspapers think. By the time this suit is settled those who have criticized him most severely and unjustly will have a different opinion of him and his official acts.

**A SEER OF 1805**  
The Louisiana Purchase, consummated by Thomas Jefferson just 110 years ago, is to be celebrated on Wednesday of this week by the dedication of a stately monumental building on the site where St. Louis, a decade ago conducted the greatest of all world's fairs.

Like most pregnant historic events due to the genius of a single man, the Louisiana Purchase was an anticipation of destiny. It was written not only in the stars, but in the blood spirit and genius of the infant nation which was born when the Declaration of Independence was adopted, that the nation should rule, not only from the seaboard to the Great Plains, but from

the Mississippi to the Continental Divide and from the Gulf to the Canadian border. This Thomas Jefferson saw with the eye of a prophet.

The Frenchman was an explorer of indomitable energy, a "runner of the woods" from whom no secret of the forest was hidden. The Spanish pioneer was a man of immense resolution, who knew how to conquer—and how to die. Individual Spanish rulers, like Lorimer, of Cape Girardeau, were men of humanity and public spirit.

But neither Frenchman nor Spanish came to possess the land. They were explorers, trappers, missionaries, seekers of danger and after gold.

Possession was reserved for the home-making Anglo-Saxon. When the Indian heard the ringing of the settler's ax and the baying of his hound, then he "knew that his reign was ended." He felt a chill at the heart which had never smitten him at the sight of the traps of the voyager or the smoke of the campfire of the Jesuit missionary.

Thomas Jefferson perceived this fact, and perceiving it, he closed with opportunity to secure for the United States by peaceful negotiation an empire in the Great West. Had he not secured the Louisiana Purchase it is unthinkable that it should not ultimately have become ours, but at the price of blood and not by peaceable occupation.

Other men have looked forward a year, a decade. Jefferson's gaze pierced the far future. Great as was the national domain in his time and sparse its population, it is one of the wonders of our history that he should so clearly have seen the growth of coming days and the capacity of his countrymen for subduing the wilderness and carrying the arts of civilization into the waste places. Chief among the seers of the ages are those elect few among the leaders of mankind who have felt the power latent in nations and races and prepared, in the day of small things, for its triumphant manifestation.—St. Louis Republic.

**ABOUT THE NEW CITY HALL**

The Times is informed upon what it believes to be reliable authority that a majority of the Council are in favor

of accepting a proposition made at a recent meeting for the exchange of the present City Hall Building for property at the corner of Scott Avenue and Seventh Street, 100 by 150 feet, but that a minority of the Council are of the opinion that the new City Hall should not be placed so near the Court House.

In the judgment of the Times the nearness to the Court House of this Seventh Street property is one of its greatest advantages, as it enables tax payers and those having business with the assessor's and collector's departments, to transact it without having to go to widely separate parts of the city for that purpose. Moreover the City Hall and its adjunct, the city jail, which will go with it, are not very desirable buildings to place in the residential part of town.

Seventh street is more nearly a business street at this corner than any location discussed and especially any that can be secured on as favorable terms.

The Times believes that the city government should do all it can do without loss to the public to maintain business and present values in the northern part of the city. Seventh street and its property owners have sacrificed considerable to the public interest in losing the Fort Worth and Denver City Railway company depot.

Unless there are some great objections unknown to the Times, we hope that the minority in this case will cheerfully yield their opinion, and that active steps will be taken soon to secure a new city hall and city jail commensurate, not only with the needs of the present city, but for the city we expect to have in five or ten years from this date.

**New York Spots.**  
New York, April 29.—Cotton spots closed steady. Middling upland 11.30. Middling gulf 12.05. Sales 200 bales.

A street car load of negroes bound for the ball park yesterday afternoon gave the traction crew some trouble and as a result charges of disturbing the peace and resisting an officer were filed this morning against George Pellicote, negro. Dean Howard, conductor of the car, attempted to arrest the negro when the latter, it is alleged, became obstreperous. Howard is a deputy sheriff. Pellicote left the car and got away, but was caught later.  
A Remarkable Curiosity  
Is the Malay Prince, one of the attractions at the Big Firemen's Carnival. This strange fellow is a native of Malay Peninsula, cast away on a barren island by his people on account of heathenish religious superstitions, rescued by a Spanish war vessel. The story of his life surpasses anything ever written in fiction. He is very intelligent, speaks fluently fourteen languages, and as an entertainer we have ever seen his equal. He is practically built up-side-down, walks on his

## NEW DEEP SAND ON S. E. HONAKER

CORSICANA HAS A GOOD SHOWING AT DEPTH OF 2180 FEET IN NO 15

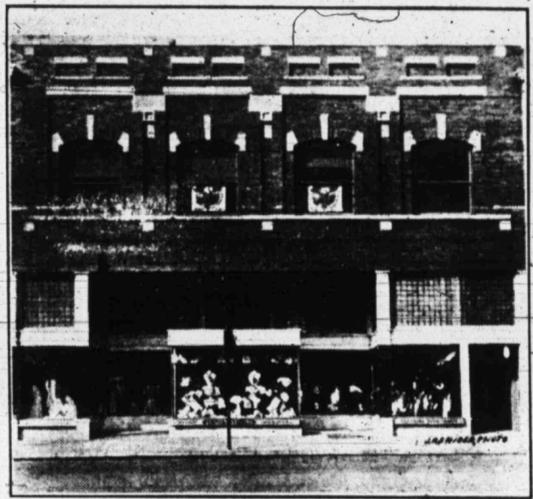

## AROUND BURKBURNETT

Greenless Well Holding Up Splendidly—Shallow Sand Developments  
What is thought to be a new deep sand on the S. E. Honaker (Corsicana) will be tested this week, having been reached Monday. The sand was found at 2180 feet in No. 15 and is said to be showing for a good well. A new deep sand in that part of the field would be very important development and the outcome of the test is awaited with considerable interest.  
The Oktaha Oil Company is preparing to drill in its well on the L. P. Douglas, which reached the sand yesterday at 1400 feet.  
The S. E. Honaker proved its worth again Monday with one of the best wells in the field when Corsicana No. 19 was drilled in, good for 900 barrels. This is in the 1640 sand the same depth as the 1500 barrel gusher, and decidedly improves the looks of things in that section.  
The Greenless Brothers well on the Hugh Reilly, is holding up at a rate that classes easily the best yet in the Burkburnett field, its present production being about 115 barrels daily. Most of the Burkburnett wells have slumped very rapidly after being drilled in but the Reilly seems to be in a class by itself.

The production of the Allen-Fisher well on the George tract near Burkburnett is estimated at twelve barrels a day and it is understood another location will be made at once. Wells at this depth, 690 feet, cost just about \$1000 to drill, and are easily the most profitable in the Burkburnett field at that rate.  
The well being drilled by J. A. Kemp et al on the S. M. Daniels is 345 feet.  
hands, uses his feet as the ordinary person uses his hands. Has been employed for four years as a government interpreter at the immigration station on Ellis Island. His hands cannot be closed on account of the continual walking on them, and are calloused like the soles of one's feet. In this same show is seen Jolly Josie Jolly, a 14-year-old girl, that weighs nearly 600 pounds, and as the speaker says, "She is as pretty as she is big, and as big as an entire family." She dances, two-steps and waltzes around her little stage as lightly as the ordinary girl of a fifth of her weight. This show is deservedly proving very popular, and is an attraction worth seeing. 1 1tp.

### About Tomorrow's Dinner

In your order to your grocer for tomorrow's dinner, you will probably ask for a canned vegetable or fruit. Make it White Swan. Then if it is not better in every way—purer, more palatable than any other brand of the same thing you have ever had on your table, don't ask for White Swan again. But it will be better, we would not ask you to make this test if we were not sure of the result. It will solve your grocery shopping problem. Just ask for

## White Swan

PRODUCTS

"Better than the law requires"

Buy of your grocer as successfully by telephone as if you purchased anything in person. When you ask for the articles you want, just preface each one by the word, White Swan and be sure of the best quality obtainable. Every product in the entire line is as good as your trial purchase.

Look at the variety of White Swan products illustrated here. You can get these and dozens of others of your grocer, secure in the knowledge that every package or can of food sold under the White Swan label is absolutely pure and wholesome and as deliciously good as if prepared in your own kitchen—better than the law requires.

Your grocer will be glad to recommend them because he knows that you'll come back for more.

## FORECAST OF GROWTH OF WICHITA FALLS

### 35,000 PEOPLE BY YEAR 1928

COMMERCIAL ENGINEERS OF SOUTHWESTERN TELEPHONE CO. MAKE CHARACTER STUDY OF CITY

### CENSUS OF THE FUTURE

New Plant Planned After Careful and Scientific Survey is Made

\*\*\*\*\*  
 \* The character study and \*  
 \* future census of Wichita \*  
 \* Falls was taken under the di- \*  
 \* rection of Mr. D. C. Rosser, \*  
 \* commercial engineer for the \*  
 \* Southwestern Telephone and \*  
 \* Telephone Co. Associated un- \*  
 \* der Mr. Rosser is a corps of \*  
 \* experts trained to the busi- \*  
 \* ness of compiling estimates \*  
 \* as to the future of cities. This \*  
 \* commercial engineering de- \*  
 \* partment of the Southwestern \*  
 \* Telephone and Telephone Co. \*  
 \* is now engaged in compiling \*  
 \* figures to show the future for \*  
 \* every town and city of conse- \*  
 \* quence in the State. \*  
 \* \*\*\*\*\*

The character study and future census for the city of Wichita Falls was undertaken by commercial engineers for the Southwestern Telephone and Telephone Company has been completed. As a result, the fundamental plan of the experts contemplates a city of 18,500 people by 1918 and of 35,000 by 1928. This means a gain of about 200 per cent in fifteen years.

The field study of the engineers shows that Wichita Falls is a city of 11,632 inhabitants and 2,165 families today. These people live within an area of 4,429 square miles. One thousand and twenty-nine out of the total population occupy the 68 lodging houses shown to exist in the summary as prepared.

These figures of the present day were compiled as a basis upon which to determine the necessary facilities to be installed by the Southwestern Company in anticipation of the demand for service in years to come. Upon its accuracy is dependent the investment of many thousands of dollars. It is the application of science to estimate, and the study was made by men trained to apply the influence of growth as shown by past performance in this and other cities to the actual conditions found to exist.

Since 1890 Wichita Falls has grown from a city of 287 to one of 2,480 in 1900 and 8,200 in 1910. This is an increase of 6,213 in 20 years. The estimate of the engineers contemplates an increase of 23,368 in the next fifteen years.

#### Factors Taken Into Account.

In making this study the commercial engineers took into account not only the figures of the past census and the actual number of people residing in Wichita Falls today, but they considered the character of citizenship, the public spirit shown in the improvements which have been installed, and the promise of the railroads to make this a more important point in Northwest Texas. But the city alone did not provide all the information upon which the anticipatory census was made. The engineers considered the character and the productiveness of the surrounding country in its capacity to support life. Their report is on a table after table to detailed figures and yet these men of science have painted, in their own way, a city of another and a future time.

They see the probable number of hotels and office buildings, of cottages and homes, of miles of paved thoroughfares, the wholesale houses, the factories and the shops which the application of economic principles will demand.

#### Every Home Classified.

They go further than this. The actually attempt to forecast the conditions under which the inhabitants of the Wichita Falls of tomorrow will exist. Already they have counted and classified every home.

They know, for instance, the twenty-five families today occupy houses of a rental value greater than \$50 per month. They have determined by actual count that there were 92 vacant houses in the city. They have ascertained that there are 2,427 vacant lots. They know from their investigation that there are 1,700 good, 27 medium and 28 poor lodging houses in Wichita Falls.

#### A City in Character.

They say that Wichita Falls is a city even in its character and so it holds forth an invitation to the new comer of average means. There are few of the very rich. Therefore, by a relative proposition as other cities are considered, few of the very poor. As a demonstration of how the Wichita Falls of today lives, the fol-

Following table of figures is illuminating:

Rental value per mo.	families	Vacant houses
\$50 or more	25	3
\$35 to \$50	70	6
\$25 to \$35	419	23
\$20 to \$25	486	17
\$15 to \$20	335	4
\$10 to \$15	413	9
Less than \$10	277	

These figures have been carried on by a method of proportion to show what may be expected in the years to come. While rental values fluctuate, the present basis has been applied to the future, and by this means it is proposed to show to the highest degree of accuracy, exactly how many telephones will be in use during each successive year. No material change in the general conditions of life in Wichita Falls is contemplated during the future period under consideration.

#### Civic Attractiveness.

In making this study, the engineers attempted a general inspection of the city while they were counting homes and inhabitants. This was to determine as far as possible the degree of the development of the civic idea of general attractiveness as it applied to individual citizenship, just as the show window of a store is the invitation to customers, so the general appearance of a city, the cleanliness of its streets and the upkeep of its laws is the invitation to bring new inhabitants and to hold and make contented, those already here.

The experts in their report give the city high standing in this regard. In the mind of a commercial engineer, no other one influence so affects the development, growth and future prosperity of any community.

#### Probable Increase in Area.

The city was studied by sections within lines arbitrarily laid down by those who had the work in hand. Block by block, in both the business and residence parts of town, was considered from every point of view. The commercial engineers of the Southwestern Company know the exact number of families and the exact population within the bounds of each district as it appears on the company map.

Section by section they have anticipated the probable growth. The conditions under which an increased area may be open to settlement were studied. The direction of probable growth was determined according to accessibility and land value. The city of 1918 will probably have an area of 8,371 square miles in comparison with the 4,429 square miles of today. The average density of population within the telephone exchange radius in 1913 is 2,626 per square mile. The estimated density of population for 1918, according to the engineers will be 2,219 and for 1928 4,181.

Today Wichita Falls has 1,822 Southwestern telephones. The estimate for 1918 calls for 3,181 telephones and for 1928, 6,644 telephones all in one system by which any subscriber may reach any other subscriber. Today there are 131 telephones for each 100 of the population. In 1928 it is estimated that there will be 191 telephones for every 100 of the population. In Wichita Falls the average number of people to the family is 5.1 and the engineers hold that within 15 years almost every house in the city will be equipped with the means for quick and sure communication by word of mouth.

#### Science and Business.

As stated, this commercial survey of Wichita Falls has its origin in the application of scientific principles to the management of a great business. It has been determined that it is cheaper to place sufficient confidence in the payments of a city to meet the demand for fifteen year ahead, than it is to install only sufficient equipment for the present day and then tear up the streets to install additional equipment every time it is needed. Interest on money so invested and allowed to lie idle is less than the extra expense of excavation and rebuilding to follow such temporary demand.

Thus, in science, capital has found the protection it requires, and these principles are applied, not only in the installation of plants by private corporation, but in improvements publicly made, a revolution in methods of administration has been brought. Economy succeeds waste, accuracy is established upon a plan of permanency which means fair dealing, consideration and the recognition of every right of every individual in both private and public affairs.

#### Nothing Better

If you have indigestion, no matter how bad, the Robatsch mineral water will cure you. Remember where we deliver water to you, you get a clean vessel that has been scalded and thoroughly cleaned. We use all precaution against the spread of noxious diseases. Our cork seals to prevent others from slobbering or drinking out of the vessel before it has been delivered to you. Remember we have a good clean trade and we are improving our plant to take care of our customers. If you

## The Big Sale Continues

Mr. J. Lippman, who announced a sale of goods in the Sunday Times, wishes to thank the people of Wichita Falls for the very liberal response made to his announcement, and to say that by reason of many requests he has decided to extend the time of the sale until next Saturday night. Until that time he will offer the following reductions:

- Silk dress patterns, 10 yards in box, regular price \$6.50, now ..... **\$3 25**
- Silk dress patterns, 10 yards in box, regular price \$5.50, now ..... **\$3 00**
- Embroidery net goods, all colors, regular price \$8.50, now ..... **\$5 00**
- Embroidery dress goods, full pattern, all colors, regular price \$6.00, now ..... **\$3 25**
- Embroidery dress goods, full pattern, all colors, regular price \$5.50, now ..... **\$3 25**
- Embroidery dress goods, full pattern, all colors, regular price \$4.50, now ..... **\$2 95**
- Embroidery dress goods, full pattern, all colors, regular price \$5.25, now ..... **\$3 10**
- Ladies' spring and fall coat suits, worth \$14.00 now ..... **\$4 25**
- Ladies' skirt and waist patterns, worth \$10.00 now ..... **\$3 25**
- Silk Underskirts, regular price \$4.25, now for ..... **\$2 50**
- Ladies' waist patterns, silk pongee, worth \$3.00, now ..... **\$1 00**
- Ladies' embroidery waist patterns, worth \$3.00, now ..... **\$1 25**
- Big line of silk kimono's, worth \$3.00 and \$4.00 now on sale at \$1.50 and ..... **\$2 00**
- Big line of millinery in all the latest spring styles to be sold at one-half price.
- Ladies' under garments in the best white goods, at less than half price.

This stock must be sold at once. Our buyer leaves for New York next month to buy fall goods. On his return we will open a larger store here, but in the meantime we shall close out the goods at very low prices. Don't fail to come.

With every purchase of \$5.00 or more we will give the purchaser some article worth \$3.00 free.

## The Cream Bakery

In Our New Location  
713 Indiana Avenue

We invite the public of Wichita Falls to inspect our new bakery. We have aimed to make it the cleanest, neatest, most sanitary Bakery in the state of Texas and we think we have succeeded. We have increased our capacity to 4600 loaves of bread a day, and have added every facility to make the plant thoroughly modern and up-to-date. We make all our own bread, cakes, pies and pastry goods and guarantee their purity.

#### More Fossils Found.

A. H. Lee, in digging a tank on his lease up the Wichita, has found some more fossils, near the one hitherto reported in these columns. The new find consisted of an entire head, with one tooth found. Mr. Lee brought about half of this tooth to the Banner office. Its size and weight would indicate that the whole tooth must have weighed five pounds. It must have been a rather large animal. Baylor County Banner.

The American Newspaper Annual and Directory.

The forty-fifth year of continuous publication begins as the 1913 edition of this comprehensive review of the newspaper and magazine field. To the publishers of this country and to those having dealings with them this work is most useful. The facts and figures pertaining to each of the 24,000 publications listed are presented in a condensed and readable form.

The Annual and Directory is now the only publication of its kind which is compiled from information gathered with such care and thoroughness each year from original sources. Mr. George P. Rowell was the first to compile such a work, and for many years he issued the American Newspaper Directory in the interest of publishers and advertisers. Following his death, the Directory, with its records, copyrights and property, was sold to N. W. Ayer & Sons, who combined it with their Annual.

A specially valuable feature of the present volume is the population of over eleven thousand towns, little and large, in the United States, for the past year stopped for a few days with Mrs. W. B. Jones before returning to her home at Sherman.

## To People Who Patronize The Printers:

The following printing concerns in Wichita Falls are fair to union labor, pay union prices and employ none but union men in their composing rooms. \*Times Publishing Co., 723 Seventh street; Stone Printing Co., 906 Indiana avenue; Searchlight Publishing Co., 706 Seventh street; McKeehan-Norwood, Printers, 708 Seventh street. Persons desiring to have printing done should demand the union label on all printed matter.

H. C. DAKAN, President.  
D. C. WALKER, Secretary.  
Wichita Falls Typographical Union

## Why

do you neglect your teeth? Do you care for them as you should?

Why do not have your teeth thoroughly examined NOW and save yourself pain, expense and disabilities?

Office—First National Bank Building  
Phone 49

As given by the U. S. Census of 1910 and the Canadian Census of 1911.

As always, special attention has been given to the important matter of circulation figures.

Supplementary to the general catalogue are 208 lists of daily papers, magazines, women's publications, mail order publications, agricultural, religious and the various trade and class papers, each class listed under a separate head. This useful feature of the book is kept fully abreast of the times, as is indicated by three of its headings: Aeronautics, Moving Pictures and Esportato.

The Annual and Directory likewise presents a vast amount of up to date gazetteer information showing the transportation, banking and other facilities of every town in which a newspaper is published, together with references to its leading industries and characteristics. This feature is supplemented by a specially prepared map of each state, showing every newspaper town. Convenience and completeness have been carefully studied throughout and the book places at the disposal of publishers, advertisers, business men, of students, librarians, etc., a vast amount of fresh information not to be procured elsewhere.

### ADDITIONAL PERSONALS

J. P. Jones returned today from Mineral Wells.

TOILET REQUISITES

are no longer classed as luxuries but are now considered necessities by the woman who cares. And the woman who does not care usually has more wrinkles than roses and is about as attractive as a last year's circus poster.

A woman's dress and toilet are of great importance to her. They make up her appearance which either attracts or repels and make her popular or unpopular.

Too much care cannot be exercised in the selection of toilet goods, poor or cheap toilet goods are worthless and to buy them is to waste your money.

Our toilet department is the most extensive in Wichita Falls and we carry nothing but standard lines. We can please you in this department, however discriminating you may be in your selections.

DIAMONDS

So many things go into the value of a diamond—color, cutting, spread, freedom from flaws, brilliancy, etc., that you can only appreciate its value by examining it.

For this reason we ask you to call and examine the beautiful line of loose stones and set pieces we are now showing. You will find a selection for any purpose—at almost any price you wish to pay.

And you'll get full value at whatever price you choose.

COMMISSIONS

The man who comes to see you must receive compensation. We are endeavoring to save you this by asking you to come to see us, and we can give to the citizens of Wichita Falls and surrounding territory the advantage of the best MONUMENTAL, TILING AND STONE PLANT IN TEXAS.

Don't take our word for it, however, but investigate. We are leaders; we make no commission cutting claims, such as it was \$200, but to you we make it \$150, like the commission man who comes to see you. Think it over and consider why he calls. If you come to see us it will save the extra expense and we can and will give it to you by giving better and more efficient work. We always make good and don't have to ask any one how to do things. WE KNOW AND DO THEM.
