WICHITA FALLS, TEXAS, WEDNESDAY APRIL 30, 1913

HARDY IN ROW OVER GOAT DUTY

TEXAN AND MICHIGANER RELIEVE TEDIUM OF TARIFF DEBATE IN HOUSE

ANTICS WERE AMUSING

Duty on Angora Goats Subject of Argument Drowned in Laughter of Colleagues

By Associated Press. Washington, April 30.—When consideration of the Underwood tariff bill was resumed in the House today Republican Leader Mann and his lieutenants resumed their "heating" of the democrats who framed the bill. The republicans gave every indication of a determination to fight the schedules all along the line avoiding, however, the useless delays that would be occasioned by demanding a record of the vote on each schedule.

The democrats were firm in their determination to hold night sessions until the bill is voted on and sent on its way to the greater battle in the Senate.

The earthenware and glassware schedules were taken up this morning.

As the session proceeded amendment after amendment were poured in by the republicans but Mr. Underwood with the large democratic majority well in hand rejected them one after another as rapidly as they were offered.

The tedium of the debate was relieved by a row between Representative Hamilton, republican of Michigan and Representative Hardy, democrat of Texas over the duty on Angora goats. This debate proceeded amid a roar of laughter.

Standing on opposite sides of the aisle the two members shouted, shook fists and four fingers and argued in chorus amid a growing uproar which prevented any but themselves from hearing what they were saying.

The bill was not affected by any of the amendments offered.

An attempt to amend the duty on glassware lost after a brief skirmish.

MORAL CLEAN UP IN FORT WORTH PROMISED

Fort Worth, Texas, April 30.—Police Commissioner Davis is ready and willing to co-operate with District Judge Marvin H. Brown in cleaning up Fort Worth morally. Sheriff W. M. Rea declares he will enforce the law in the future just as he has in the past. Police Chief Montgomery declined to state his attitude regarding Judge Brown's statement published in Monday's papers.

Judge Brown had charged that rooming houses and hotels allowed immoral practices and had declared that if given a county attorney's department, a sheriff's department and a police force which would co-operate with him he would clean up the city in ninety days.

"I want to clean up Fort Worth," said Mr. Davis. "I want to raise the standard of morals in this town. But I don't want to do it in a rough, bare-knuckle way. I want to go at it quietly and in a systematic manner. I have a plan now in my mind, but I am not ready to give it out. If I'll let me alone I'll clean up Fort Worth before they know it."

"I think I can bring about a lot of reform in the hotel and rooming house situation here very easily when I get my plans for this movement completed. It will do the town a wonderful lot of good."

"I'm for Fort Worth first, last and all of the time—and a clean Fort Worth at that."

Sheriff Rea first refused to make any statement regarding his attitude in connection with the charges.

"I am going to enforce the law just as I have done in the past," he finally declared. "I am willing to help Judge Brown clean up these places if such conditions exist."

"Do you believe Judge Brown was correct in his charges of immorality permitted in hotels and rooming houses?" he asked.

"I don't know whether that is the case or not," replied Mr. Rea. "I wouldn't charge them with it unless I knew."

"I have nothing to say," said Chief of Police Montgomery when asked for his attitude toward Judge Brown's statement. "I am going to conduct my business in a systematic way. That's all I have to give out now."

"Do you believe Judge Brown's charges?" he was asked.

LEGISLATIVE ACTION AWAITED

ADMINISTRATION WILL TAKE NO STEP UNTIL CALIFORNIA LEGISLATURE ACTS FINALLY

UPPER HOUSE ACTS

California Senate Had Already Adopted an Amendment Aimed at Japanese

By Associated Press. Washington, April 30.—Probably not until the legislative status of the substitute alien land-holding bill adopted by the California Senate last night is clarified will it be possible for the administration to determine its next step.

There is little expectation here in administrative circles that the California assembly will reverse the action of the Senate in view of the reported breaking down of party lines in the legislature, but it is believed the delay may improve the chance for the introduction of some amendment along the line of the Webb bill which presumably would have received the approval of the National government.

California Legislature Will Act Thursday.

By Associated Press. Sacramento, Cal., April 30.—California's first step in the enactment of an alien land-holding law against the advice of Secretary of State Bryan and President Wilson was taken late last night almost immediately after Secretary Bryan told the legislature that this official message had been spoken.

The Senate was hurriedly convened after Mr. Bryan's address, and within three minutes after it had been called to order, voted to substitute for the Birdsell-Compton bill the draft of a measure that would prevent aliens ineligible to citizenship from holding land.

Owing to the absence of Secretary Bryan in San Francisco today it is the plan of the Senate leaders to take no action until Thursday when it will undoubtedly be passed by both Houses of the assembly and go to Governor Johnson who has announced he will sign it.

ABBOTT TROUBLED

BY MEDICAL ADS

Commissioner Abbott Says His Department Needs Support of Church Publications

Austin, Texas, April 30.—The purged further obstacles in its countered further obstacle in its work of educating the people to a realization of the benefits to accrue through a strict enforcement of the pure food and drug act.

In order to facilitate the work of the department and to secure the co-operation of the public generally, Dr. Abbott, pure food commissioner, has been giving a series of public lectures under the auspices of the Federation of Women's Clubs. In these lectures he has felt called upon to criticize certain religious papers for carrying advertisements of drugs and nostrums that the department is endeavoring to suppress for the reason that they are impure and injurious to the public health.

An echo of this criticism is found in a letter received by him from a very prominent club woman, congratulating him for the work the department is doing, but suggested in a friendly way the impropriety of attacking the editors of religious papers for advertising the patent dope; that the clubs are indebted to the churches, largely for the use of their buildings, and their friendly co-operation in other ways, and it would be well not to antagonize them through any criticism of their papers.

Dr. Abbott's answer was to the effect that the administration of the law depended upon the support and co-operation of the people and that if it could not have the support and influence and sympathy of the churches and of the church papers as well, all efforts to protect the public from the evils of the impure food and drugs might as well be abandoned.

PIN BURIED IN ARM OF NEWSPAPER MAN

Waco, April 30.—While standing on the street this morning H. H. Hodges, a newspaper man, was made the target of a small boy with a piece of rubber attached to the end of a pen holder. With this weapon the boy projected a pin into Hodges' arm, where it was buried in a vein up to the head. It was necessary to call a physician to stop the flow of blood.

FEDERAL MINE RESCUERS IN ACTION AFTER DISASTER NEAR PITTSBURGH

RESCUERS READY TO DESCEND AT FINLEYVILLE, PA. MINE DISASTER

Efficiency of service was demonstrated by rescue squads from the United States bureau of mines during the recent disaster at the Cincinnati coal mine, at Finleyville, Pa. This picture shows the rescuers about to descend the old shaft. They recovered nearly 100 bodies. The explosion occurred 3,000 feet from the mouth of the mine, and the work of reaching those who had been imprisoned and whose pleadings for help could be faintly heard was very difficult. After damp and fire hampered the rescuers. Two miners were rescued alive after they had been cut off with the dead bodies of a score of companions for over sixty hours.

WAR ON WILSON'S APPOINTMENTS

REPUBLICAN WILL MAKE THEIR FIRST ATTACK AGAINST HARRIS, DURAND'S SUCCESSOR

COMES UP TOMORROW

Republicans of Census Committee Will File Minority Report and Fight

By Associated Press. Washington, April 30.—After several weeks of skirmishing the republicans of the Senate have lined up their forces to make their first serious attack against confirmation of President Wilson's appointments. This will come when the appointment of W. J. Harris to succeed E. Dana Durand as director of the census comes before the Senate for confirmation. This is expected tomorrow.

The democrats of the census committee today decided to report favorably on the nomination. The republican members of the committee will file a minority report and the war will be begun in earnest.

RANSOM DEMANDED FROM AMERICANS

Foreigners Living in Mexico are Compelled to Help Support Rebel Cause

By Associated Press. Washington, April 30.—Constitutionalists at San Dimas have forced the Americans there to pay a ransom of 18,000 Mexican dollars and have confiscated their arms. Official reports from Mazatlan say there is great unrest among the American residents of that place as the Huerta forces are insufficient to protect that territory against rebels and bandits.

Foreign merchants in Piedras Negras are alarmed over a proclamation by Governor Carranza calling upon them to make a loan of 500,000 pesos to be guaranteed by the state government.

The proclamation declares that those refusing to contribute will be imprisoned.

CHIHUAHUA CITY FEARS ATTACK

El Paso, Texas, April 30.—Chihuahua City is in constant fear of attack from the Constitutionalists. One reason for the fear is the recent disappearance of the great cannon "El Benito."

BREAK IN LEVEE OVER MILE WIDE

Concordia and Adjoining Parishes Covered With Water Many Feet Deep

MUSKOGEE WOMAN BURNED TO DEATH

Widow of U. S. District Attorney Mellette Victim Explosion of Natural Gas

By Associated Press. Muskogee, Okla., April 30.—Mrs. Eva M. Mellette, widow of the late William Mellette, United States district attorney here, was burned to death in an explosion of natural gas in her apartment this morning. All her clothing was burned from her body.

Other guests in the building escaped from second story windows.

Ralph Mathis Wins More Honors in Track Meet. Ralph Mathis of this city won additional athletic honors Monday in the track meet between the Universities of Texas and Oklahoma, when he took first place in the mile race and second in the half mile. Last week he won these events from Oklahoma A. & M. contestants. The University of Texas won the meet Monday by a score of 56 to 53.

No Appointment Before July. By Associated Press. Austin, Texas, April 30.—Governor Colquitt today announced he would make no appointment for engineer to the State Irrigation Commission until next July. The place had been offered to R. A. Thompson, who has accepted a position as a member of the board of engineers of the Interstate Commerce Commission.

POPE PIUS REPORTED FULLY RECOVERED. By Associated Press. Rome, April 30.—Pope Pius X for the first time today since his illness descended to the audience chamber of the Vatican. His attendants say the Pope is fully recovered.

"Smut" Song Agitation Bear's Fruit. Chicago, Ill., April 30.—Agitation against the "smut" song bore fruit last night when an ordinance was introduced in the council forbidding the singing of "any song, the words of which are suggestive of indecency or immorality." The council passed the ordinance prohibiting in show windows a picture depicting undraped figures. This was passed following the conviction of a mart dealer for exhibiting a drawing of Chapin's picture, "A September Morning."

WEATHER FORECAST

Tonight and Thursday fair weather.

MATTERS OF WORLD WIDE IMPORT AT PEACE CONGRESS

St. Louis, April 29.—Four matters of world wide importance will be considered at the fourth American peace conference, which will begin in St. Louis on May 1. They are: A world court of arbitration. Limitation of armaments. Anglo-American peace centenary. Panama canal treaty dispute.

"We are trying to have the congress influence to the program of the Hague conference in 1915 and crystallize American sentiment in reference to that project." Prof. Manley O. Hudson of the University of Missouri, chairman of the congress program committee has announced.

"In 1907 the Hague conference agreed on an international court, but was unable to agree on its composition. It is probable a scheme will be agreed on which will be adopted at the next Hague conference assuring for all time a world court, applying world law."

William J. Bryan, secretary of state, will make two addresses if he returns from California in time. He is expected to make important announcements in regard to the administration's attitude in regard to the Panama canal controversy with England.

CORNER STONE LAYING AT SOUTH METHODIST UNIVERSITY. By Associated Press. Dallas, Texas, April 30.—In the presence of more than two thousand people including members of the general board of education of the Southern Methodist Church and prominent laymen from Texas and other Southern States, the corner stone of the men's dormitory of the Southern Methodist University was laid here this morning.

The stone was placed in position by Bishop Joseph Key of Sherman, 88 years of age and second in point of seniority in the Southern Methodist College of Bishops.

The principle address was delivered by Bishop J. H. McCoy of Birmingham, Ala.

By Associated Press. Austin, Texas, April 30.—The income from the operation of Texas railroads for the eight months ending February 28, last, as compared with the same period last year, show material increases according to the railroad commission's statement issued today.

The figures follow: Freight revenues—\$56,240,155; increase \$4,500,000. Passenger receipts—\$25,521,120; increase \$2,296,321. Other revenues—\$11,222,120; increase \$137,964.

their effort to prevent the restoration of the building as planned.

The supreme court in today's decision held that there was no conflict between the statute of 1905 and 1911 making the Daughters custodians of the Alamo but that the superintendent of buildings and grounds has the legal right to make changes in the property on the orders of the governor and that after the improvements are made they cannot be disturbed by the Daughters.

The usual motion for a rehearing was made and overruled.

The work of rebuilding the Alamo will now be resumed. It was under way when the Daughters of the Republic secured an injunction restraining the work. That injunction was dissolved by today's decision.

SPRING HOUSE CLEANING IN PROGRESS AT COURT HOUSE.

Spring house cleaning is now in progress at the court house and the county's hall of justice is being renovated and worked over, both inside and out. The lower corridor is being repainted and repapered and its appearance much improved.

The improved appearance of the court house yard has been the subject of much admiring comment. The grass is being cultivated over all the bare places so as to make the lawn an unbroken surface, the walks have been sodded over and the trees and shrubs trimmed and worked over carefully. It is the intention to keep them in good condition and maintain their appearance at all times.

Double Tragedy at San Benito. By Associated Press. San Benito, Texas, April 30.—Late yesterday I. E. Chatam, a transfer man shot and killed his wife and then committed suicide. A suit for divorce was pending. Chatam was at his home assisting in the moving of a piano when without warning he drew a revolver and shot his wife.

Farmer Ended Life. By Associated Press. Thomasville, Texas, April 30.—Flores Greback, a farmer residing near town, arose last night, killed his wife and children and announced that he was going off on a trip. Nothing was thought of his actions. This morning his body was found hanging to a rafter in the barn.

SOUTHERN STATES COTTON CORPORATION MEETING ENDS

Dallas, Texas, April 30.—The three days' convention of the Southern States Cotton Corporation closed here today with the prediction that by September 1, 15 cent cotton would be a possibility. The corporation proposes to secure this price by a system of holding cotton back from the market and keeping the movement of the staple so distributed that a fifteen cent level will be reached and maintained.

Five hundred cotton growers, mostly from Texas and Oklahoma points attended.

TEXAS RAILROADS SHOW GAIN OPERATING REVENUES. By Associated Press. Austin, Texas, April 30.—The income from the operation of Texas railroads for the eight months ending February 28, last, as compared with the same period last year, show material increases according to the railroad commission's statement issued today.

The figures follow: Freight revenues—\$56,240,155; increase \$4,500,000. Passenger receipts—\$25,521,120; increase \$2,296,321. Other revenues—\$11,222,120; increase \$137,964.

Carpenter said:

"The building will be open to visitors from 1 to 6 p. m. The exhibit will represent the work done by the child in the school room and during school hours. As far as possible, the work of each child will be represented. This exhibit will be successful insofar as the excellence of the work goes, but it cannot attain its full measure of success unless the patrons of the schools give it the attention it merits from them.

"A personal invitation will be issued to each of the patrons and sent by the children. It is strongly urged on the parents and friends of the schools to lay aside the cares of business for an hour and give themselves the pleasure of a visit to the exhibit. This visit will be mutually helpful to the parent and the teacher.

"All patrons and friends of education are given a cordial invitation to see this object lesson and thus encourage the teachers and pupils. The domestic science department will serve light refreshments."

VALUATION ENGINEERS ARE ANNOUNCED

I. C. C. Announces Personnel of Board of Engineers Who Will Value Railroads

By Associated Press. Washington, April 30.—The Interstate Commerce Commission today announced the personnel of the board of engineers appointed to assist the commission in formulating plans for the physical valuation of the railroads of the United States and to have direct charge of the carrying into effect of these plans.

The five engineers named are: R. A. Thompson, now engaged in valuation work for the California state commission and previously employed by the Texas Commission in similar work.

Howard M. Jones, of Nashville, Tenn., a consulting engineer.

Prof. W. D. Hench, consulting engineer for the Wisconsin state railroad commission.

J. S. Worley of Kansas City, consulting engineer.

J. F. Wendt, of Pittsburg, president of the American Society of Civil Engineers.

ACTIVE CAMPAIGN AGAINST MILITANTS

British Home Office Begins Vigorous Campaign to Stop Outrages By Suffragettes

By Associated Press. London, April 30.—The British Home office today inaugurated an active campaign to put an end to suffragette militancy. The headquarters of the Women's Social and Political Union where many of the outrages are said to have been planned was occupied by the police and all the active members of the organization including even "General" Mrs. Lora Drummond and Miss Annie Kenny who were out on bail, were rearrested on fresh charges of conspiring with members of the Pankhurst family to commit malicious damage.

Over a hundred detectives and policemen from Scotland Yard were engaged in the arrests.

Sentence Affirmed. By Associated Press. Austin, Texas, April 30.—The court of criminal appeals today affirmed the sentence of E. L. (Buck) Freeman, given three years for forgery. Freeman was chief clerk in the pension department at Austin and was indicted for alleged forgery of signatures to pension warrants. Other cases are pending against him in the Travis county court.

Telephone Officials Here For
Personal Survey of the City

J. E. Farnsworth, vice president Southwestern Telegraph & Telephone Company.

J. E. Farnsworth of Dallas, vice president; J. F. Henderson, district commercial superintendent, and C. H. Abbott, publicity director, of the Southwestern Telegraph and Telephone Company, are in Wichita Falls today, looking over the local situation and getting in touch with conditions here. It is understood their visit has to do with improvements which the company is known to be planning here.

Mr. Farnsworth recalls with some interest the first long distance line built to Wichita Falls in the winter of 1897-98. Mr. Farnsworth met J. A. Kemp, A. S. Stinnett and other citizens who persuaded him that such a line would pay, so an iron circuit was installed, running up from Bowie. Now there are twenty-eight copper circuits out of Wichita Falls.

Mr. Farnsworth is the president of the advisory council for the Boy Scouts of Dallas. Although bearing a tremendous weight of responsibility for a great corporation operating the general telephone system from one end of Texas to the other, this high company official has found time to give to the development of the right ideas of citizenship in the minds of the boys of the land.

"Upon the boys of today," declared Mr. Farnsworth, in an interview, "we are going to depend for the men of tomorrow. As the telephone has helped so materially to settle the state and bring about a changed condition, we of the telephone certainly owe it to the public to do what we can to give back again those whole some advantages of fresh air and open boy life which we may be charged with having taken away.

"When the men of now were boys, they used to have the woods and the plains and the whole outdoors to themselves. They had every opportunity for the exercise of boyish instincts. They became self-reliant because they lived in a time which brought out the individual qualities of manhood.

"Now, with so many people and the rapid settlement of the country, it is different. Lads are apt to take to the streets instead of to the woods. Too many of them grow up in the wrong atmosphere.

"The Boy Scouts are not a military organization. The lads are banded together for the cultivation of high ideals. They learn about the open country, trail the woods, camp out, vie with each other in many qualities. They are the Knight Errants of modern times. Every day they perform some good deed. Their scout leaders teach them to swim and row and give first aid to the injured. They know how to take care of themselves and at the same time to regard the rights of others.

"When the telephone becomes the accepted means for communication which have a value in time and do not require a written record for preservation," said Mr. Farnsworth, "we will be satisfied."

Mr. Farnsworth, the head of the wonderful system of the Southwestern Company of Texas, is one of the builders of the state. Largely under his direction, the network of wires has been woven to reach more points directly than does the postoffice. Since the time when the first electric thrill passed through a switchboard in this southwestern country, he has been interested in the facility. He believes today that it has been almost a dominant influence towards the change from unfavorable to favorable conditions for the settlement of the country.

When Mr. Farnsworth first became identified with the telephone, it was a luxury or a plaything. Now the lines extend to the furthest outposts of settlement. In Texas there

are 240,000 telephones, of which 60,000 are in the country. It has been made possible for newcomers to occupy the land as isolation has been dispelled and the terror of silence driven from the plains of an heretofore uninhabited land.

"But we are not through yet," says Mr. Farnsworth. "This year we are planting 30,000 pine poles. We will treat them in Texas preserving plants, using a solid shipload of creosote. We are robbing a mine of two million pounds of copper to be spun into new wire. We will use a solid trainload of hardware in building or rebuilding these lines.

"And over this wire system we expect to handle during 1913, five hundred million local and long distance telephone calls. Last year we handled 7,134,152 such calls, counting them one way only—outgoing. On the same basis in Texas, the postoffice handled about 200,000,000 letters. The public paid as much for postal service as for telephone service, and we have over and over the investment; employ many times the force, and pay unusually high taxes without protest. At the same time we advertise our service and 25 after new subscribers so as to make the service more valuable."

While here, Mr. Farnsworth met the principal citizens, discussing local issues and telephone needs.

"We feel," he explained, "that the company is a citizen of every town or city where an exchange is maintained. We would like to be your very best citizen."

Catarrh Goes—Snuffles and Hawking Cease.

The best nose and throat specialists in the world advise their patients to breathe Eucalyptus to destroy catarrh germs and heal the sore, raw spots.

Booth's HYOMEI is Australian Eucalyptus combined with Thymol, and some Listerian antiseptics. Breathe it through the little pocket inhaler, and in vapor form as directed and this antiseptic balsam will surely destroy all germ life and all catarrh misery.

It is guaranteed for catarrh, colds, coughs and croup; it relieves stuffed up head in 5 minutes and refreshes the entire nasal tract. Complete outfit with directions for use \$1. If you own a HYOMEI inhaler, get a bottle of Booth's HYOMEI for 50 cents at Foshuee & Lynch and druggists everywhere. Just breathe it—no stomach dosing.

LADIES AID OF FIRST M. E. TO GIVE ENTERTAINMENT.

The Ladies Aid Society of the First M. E. Church will give an entertainment in the basement of the church, corner Seventh and Lamar streets Friday night at which they will present an amusing play entitled, "How We Formed a Club." Members of the society will fill the cast of characters and it will be well worth going to see. An admission of 25 and 15 cents will be charged. The cast of characters follow:

- Mrs. Samantha Jones, president—Mrs. T. J. Dobson;
- Mrs. Elijah Welch, vice president—Mrs. J. E. Coe.
- Mrs. Silas Snow—Mrs. J. J. Simons
- Mrs. Ebenezer Brown—Mrs. R. J. Goodale.
- Miss Hannah Maria Snow—Mrs. M. E. Carey.
- Mrs. Daniel Perkins—Mrs. J. Polard.
- Mrs. Maria Reed—Mrs. G. W. Cork hill.
- Mrs. Martha Slocum—Mrs. A. E. Anderson.
- Mrs. Charity Stone—Mrs. E. V. Friberg.
- Mrs. Hiram Higgins—Mrs. C. B. Masters.
- Mrs. Matilda Hobbs—Mrs. W. G. Shaw.
- Mrs. Jonathan Rice—Mrs. G. E. Friberg.
- Mrs. Felix Martin—Mrs. F. W. Snyder.
- Mrs. Keturah Turner—Mrs. Ann Mead.
- Mrs. Eliza White—Mrs. H. J. Bachman.

SUNDAY SCHOOL CLASS ENTERTAINED BY MRS. HARDY

The ladies Sunday school class of the M. E. Church, South, were entertained at the home of Mrs. Dan Hardy Tuesday afternoon from 2 to 5. The time was very pleasantly spent in needle work. Much appreciated music was rendered by Miss Aileen Waggoner and Bonnie Hardy after which the hostess served an ice course, assisted by Marie Shelton. Those present were Mesdames Robertson, Waggoner, Ferguson, Humphries, Deaton, Brown, Duke, Guinn, Wells, Johnson, Niles, McDowell, Tummins, Hardy, Shelton, Rawl, Rogers, Trevathan, Hatton, Misses Marie Shelton, Aileen Waggoner and Bonnie Hardy.

ANNUAL BANQUET LADIES' AUXILIARY OF O. R. C.

More than seventy-five guests attended the annual banquet to the members of the O. R. C. and friends given by the Ladies Auxiliary of that organization at the Moose Hall Friday night and enjoyed the entertainment that preceded the banquet as well as the banquet itself to their capacity.

The entertainment was opened with a musical program including the following numbers:

Piano solo—Miss Mary Smith.
Vocal duet—Mesdames Langford and Stearns.

Vocal duet—Mr. and Mrs. E. J. Smith.

Vocal solo—Miss Hazel Hurst.

Following the musical numbers and old-fashioned spelling match was organized with Mr. Langford and Mrs. Hurst as captains. The words were taken from the old Blue Backed Speller and when the banquet was announced there were eight spellers still standing. Following the flower song march the guests marched to the spacious hall where a splendid menu was served.

Following the banquet the hall was cleared and dancing was enjoyed until midnight.

HADDIX-STANLEY WEDDING ANNOUNCED.

The wedding of A. Paul Haddix and Miss Tom Stanley which took place last Saturday evening has been announced, somewhat to the surprise of the friends of these young people. The ceremony was performed by Rev. J. P. Boone. The bride is a sister of Mrs. G. A. Wilfong of this city, her parents residing in Abilene where her father is pastor of the Methodist Church. The groom is a well-known young man of this city. Mr. and Mrs. Haddix are making their home with the groom's parents, Mr. and Mrs. A. J. Haddix on Seventh street.

The Mayflower Forty-two Club meets tomorrow afternoon with Mrs. Bradshaw.

On account of the funeral of Rev. R. R. Hamlin the meeting of the Austin school Mothers' Club has been postponed until a week from tomorrow.

Stewart Miller and bride stopped off here today for a short visit with his brother, Dr. R. L. Miller and wife while on their return to Amarillo from their honeymoon. Mrs. Miller was formerly Miss Gladys Harvey of Amarillo. The couple will make their home at Amarillo where Mr. Miller is engaged in business.

A meeting of the chorus of the Musician's Club will be held tomorrow.

Mrs. T. B. Smith. All members are expected to be present.

The Cipher Club will give a dance at Lake Wichita tonight.

Vernon Chamberlain of Des Moines, Iowa, is home for a short visit with his brother and sister at 1503 Bluff.

To Define Child Standard.

New York, April 29.—The standard American child may soon be a well defined product. What it is now nobody really knows, but within a year mothers may boast of perfection on points that no one can dispute.

The New York milk commission announces today a standardizing movement in which more than 10,000 children throughout the country will be entered for tests and measurements. Two years have already been spent in preliminary work, and it is stated that more than a dozen states are now ready to cooperate in a direct experiment. Data will be secured through a series of competitive examinations.

"Score cards" covering minute details of weight, height and other physical measurements and mental data will be turned in by examining physicians.

In this city the tests are already under way, as they are in some other places, meeting with great popularity among mothers. It is said:

In Oregon, Louisiana, Missouri, Tennessee, Oklahoma, Montana and Washington \$1,000 prizes will be given, Massachusetts, North Carolina, Iowa and Minnesota are also doing scientific work along these lines.

WANTED—LIST OF ROOMS AVAILABLE FOR FIREMEN.

Every housekeeper in Wichita Falls who can spare the use of one or more bedrooms week after next for the use of the firemen coming to attend the state convention is requested to notify the Chamber of Commerce, phone 390, so that sufficient accommodations may be available for the delegates.

It is felt that with a reasonable charge for rooms, of 50 cents to \$1, sufficient rooms will be available for all that the hotels cannot accommodate and no one is asked to allow free use of rooms. The visitors will be tenants of the most desirable kind and unless a number of rooms in private homes are thrown open to them, the problem of caring for them is going to be serious.

WADE'S STUDIO

Secure the shadow 'ere the substance fades

Come and have your picture made At the Tenth Studio of L. Z. Wade.

I make them all look so sweet And frame them too, so cute and neat. I make them large or make them small For Albums, cases or the wall.

I ask my friends one and all When passing by, pay me a call. Come view my samples, learn my price And see my Photos good and nice.

Bring the family or a part, Mother, wife or sweetheart! Grandpa's darling little pet, Don't fail it's tiny face to get.

I have had uncommon good success So bring the children more or less, Come old and young, don't be afraid But come and have your picture made At the Tenth Studio of L. Z. Wade.

If you want the children to look like angels in heaven

Bring them in between ten and eleven Don't forget your little cousin, I make all your pictures for One Dollar per Dozen.

I make them in sunshine or in fog The whole family and the dog

I guarantee my Photos to be all right, I also make them day and night, Located in a cool and shady spot On the Southeast Corner of 10th and Scott.

NEW RURAL DELIVERY ROUTE TO START ON JULY 1.

Service will be inaugurated on Rural Free Delivery Route No. 6 out of Wichita Falls, July 1. According to instructions received here, the route goes east from the city into Clay county, and will serve a considerable number of families not now reached by rural delivery.

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand on Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles. Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, and if I stood, I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women. It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

W. B. Write to: Ladies' Advisory Dept., Chas. Pfizer & Co., Chatterbox, Tenn. For Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

A Fine Lot of New California Honey

PHONES 432 and 232

AUTO DELIVERY

I haven't a very large stock of this honey, I couldn't get as much as I really wanted and I am satisfied that the minute this ad appears those who had some of the last shipment will be after some of this. It certainly is the finest honey that ever bees put up and if you want a 5 lb. tin you will have to speak quick. It comes in the original comb, clean, clear and delicious looking.

Wichita Falls, Texas, April 30, 1913

We are strong for State's rights, but if anybody asks us what right one State has to invade the other forty-seven in a war that might cost billions of dollars and hundreds of thousands of lives, up the tree we go.—Houston Post.

The Times has no complaint to make for lack of patronage. To tell the truth, and without trying to boast or brag, the Times has always enjoyed as much patronage as it merited, and this means that it has always had about all it could well take care of, but there are newspapers in Texas, published in cities quite as large as Wichita Falls, that are meagerly patronized, and it is no reflection on the newspapers, either, for they are good. It rather reflects on the cities in which they are published. A well patronized newspaper is beyond a question of doubt, just about as good an advertisement and trade-drawer that any city can put out. If the newspaper is good, but poorly patronized, it is the best indication in the world that the city in which it is published is dominated by tight-wads, and a city thus handicapped is not inviting to any one who has money to invest. (Thank the Lord, Wichita Falls is not in that class. All our people are live ones.)

Tomorrow, May 1, the taking of the scholastic census will begin. This must be completed by May 31st. Mr. W. W. Brown, secretary of the school board, also, enunciated for the independent school district of Wichita Falls, will have charge of the work in this district. On the number of children between the ages of 7 and 17 years depends wholly the amount of state school money that will be appropriated for the conduct and maintenance of the schools. It is therefore urged that parents give attention to this matter in order that every child within the prescribed age may be enumerated. Even if the children do not expect to attend the public schools, but some private school, their names should be enumerated in order that the per capita of money may be drawn. In this connection it might be well to state that the name of any child, the date of whose birth is not given, will be stricken from the census. The person rendering the child makes affidavit to its birth, and the trustee (the enumerator) calculates its age. Children born on or before September 1, 1886, or after September 1, 1906, must not be enumerated. This applies to all children that are not defective in mind or body. The scholastic year begins September 1, 1913, and ends August 31, 1914. It will be of great assistance to the trustees if the parents will have written down on a slip of paper the dates of the birth of their children and hand to him when he calls on them at their homes.

PRESIDENT'S SALARY AND ALLOWANCES

President Woodrow Wilson receives a salary of \$75,000 a year, and allowances, directly and indirectly, of about \$165,000. Compared to the amounts paid to the rulers of European countries, this seems trifling, and the people of the United States cheerfully indorse the action of congress in allotting proper amounts to enable the president to live in comfort and dignity. The actual amount appropriated each year depends on congress and the figures vary somewhat from year to year. For the coming fiscal year the authorized expenses as provided for in the legislative, executive and judicial bill are in round numbers as follows: President's salary, \$75,000; clerk hire, \$70,000; contingent fund, \$25,000; president's traveling expenses, \$25,000; household expenses including horses, automobiles, etc., \$25,000; fuel, \$6,000; care and repair of greenhouses, \$12,000; printing, invitations, etc., \$3,000; lighting White House and grounds, etc., \$9,000. Total, \$250,000. While this seems a large sum to the ordinary citizen it must be remembered that a great deal is now expected of our presidents, and the people don't like it if they chafe-pare too much. Martha Washington hung out her own clothes in the White House east room; Dolley Madison churned her own butter when "First Lady of the Land." President W. H. Harrison bought a cow for \$30 and

Don't Experiment with Untried Flours When You Can Get The Belle of Wichita

Years of service in the homes of Texas have proven its merit.....

The nation had hardly got well launched when President John Adams complained that the president's salary of \$25,000 a year was too small, and steadily the amount of money for the White House has been increased. The lavish entertainment which is expected is what costs most. There are three state dinners a year scheduled and these cost about \$2,500 altogether. Then there are an average of four formal dinners and luncheons a week. Then there are numerous receptions, garden parties and other functions, and in all cases the president has to foot the bills either out of the regular allowances or his own pocketbook.—Oklahoman.

WONDERFUL MONTENEGRO.

The greatest triumph of human courage and resolution within the present age is aerial navigation or the Panama canal. It is the taking of Scutari by Montenegro. Montenegro has an area equal to that of a half dozen average Missouri counties. Much of this is barren rock. Its total population is one-third that of the city of St. Louis. Its national debt is approximately a quarter of a million dollars; the combined salaries of all its high officials, including the prince, amount up to \$45,000 a year. Scutari has a manufacturing concern whose yearly output has from two to five times the value of the total annual exports of Montenegro.

Yet this hill-patched country, this tiny patch of steep-sided valleys, sky-scraping crags and bare rock wastes, inhabited by peasants and shepherds, has just taken, by storm, the capital of the Turkish province of Scutari, sacrificing 3,000 men in the siege, killing 5,000 Turks and taking 20,000 prisoners. This Montenegro has done not only single-handed, without the aid of men or money from the outside, but in open and defiant defiance of the six great powers. From London, Paris, Berlin, St. Petersburg, Vienna and Rome her prince has received peremptory orders to depart from the gates of Scutari and retreat to his mountain fastnesses. A fleet of warships, representing the proprietors of more than five-sixths of the entire naval strength of all the seas of the globe, is "standing on hand" at the base of the seagirt mountain rampart which the Montenegro calls home. Scutari is twenty-five miles up the shallow and tumultuous Drin, and the Montenegro has gone on his way, as if Downing street and the Wilhelmstrasse were not and there were no warships in the Mediterranean. And now that he has taken Scutari, he hurries defiance at the powers. If they want Scutari, let them come, and dispossess him!

Why do not the powers coerce the Montenegro on the financial side—cut off his supplies of cash, deny him credit and depress the value of his securities? Because Montenegro has no financial side. What could the money kings do to a nation with a national debt of \$250,000, which has no desire to borrow money?

But the army! What of that? Montenegro's entire budget for the ministry of war was, in 1909, \$35,000. Each household puts one soldier into the field and subsists him. This is done without taxes and without compulsion. So tiny Montenegro, without a war budget or war taxes, is able, at any time, to put into the field 30,000 of the finest troops in the world; and to retain like a number of less effectiveness for home defense. It is remarkable in passing that Montenegro has no poor relief and no paupers and that every Montenegro is taught to read and write.

Back of this wonderful military preparedness there is a long and marvelous history. The Montenegro boy is born with a sword in his hand. Ever since the Turks entered the Balkan peninsula a bloody and continuous warfare has been waged against Montenegro. Army after army, the flower of Turkey's strength, reinforced by the mountaineers of Albania, has attempted to scale those impregnable heights; army after army has been beaten back by Montenegro valor. Sometimes the Turks have obtained entrance to the country and have ravished and plundered; but every time they have been driven out again and Montenegro has

Corsets For Slight Figures

Women of slight, rather undeveloped figures must use every precaution in selecting their corsets. A heavily boned, ill fitting model will weigh down the figure and be unsatisfactory in every way. We highly recommend Style 825 for slender figures. This is a Henderson Corset designed specially for slight figures and is constructed upon hygienic principles.

This corset, here illustrated, fits accurately and is delightfully comfortable. It is lightly boned throughout; there is no boning over hips. The bust is medium low and there are draw strings for bust regulation. Three pairs of good quality supporters attached. Price only \$1.50. Our assortment of Henderson Corset consists of individualized models for all varieties of figures, large, average and slight. You are always welcome to our Corset department to see these popular priced corsets.

Texas-Oklahoma League.
 Texarkana 11, Ardmore 8.
 Texas, April 30.—Texarkana won from Ardmore today. Both teams hit hard.

Score by innings:
 Texarkana 050 101 014—11
 Ardmore 000 000 800—8
 Batteries—Fulwider and Buster; Naylor, Duffey, Caldwell and Braley.

Woman's Hats Are Soft This Year.
 On a page devoted to women's hats, in the May Woman's Home Companion, appears the following:
 "Everywhere softness is emphasized in millinery this spring, even the small tailored hats have lost some of their old-time stiffness. Much of the soft effect is secured by the graceful undulation of the brim, and again it is brought out by a fabric-draped crown and dainty flower trimmings. Quite the correct new model shows the gracefully shaped brim smoothly covered with material and a crown that is decidedly tom-o-shanter in style. Modifications of the sailor shape are much favored for the development of crepe, satin, tulle and dainty brocaded charmeuse."

New Use For Medicine Droppers.
 In the May Woman's Home Companion appears a department called "The Exchange," which contains practical household suggestions, one of which follows:
 "A medicine dropper is very useful in the pantry for measuring flavoring extracts, coloring matter, and so forth. Many a delicate cake has been spoiled

DRILLERS LOST LAST TO PARIS

GO TO BONHAM TODAY AFTER LOSING ALL THREE GAMES OF THE SERIES

LAWSON JOINS TEAM

Yesterday's Game at Paris Went Thirteen Innings; Covington Pitched Entire Route

Paris, Texas, April 30.—The Drillers again demonstrated their ability as consistent and persistent losers in yesterday's game and managed to turn the trick although it required thirteen innings to do it. The team is playing this afternoon at Bonham.

Yesterday's game was a sort of medley of hits, runs and errors which advanced to the ninth inning with the score tied six to six. Paris made the winning run in the thirteenth.

Covington pitched for Wichita Falls and with the exception of the eighth inning kept Paris twelve hits pretty well scattered despite the six errors behind him. With three men on bases and the score 4 to 1 against Paris, Lawson was put in to hit for Phillips and scored two men. An overthrow to first by Covington let in two more runs. Phillips was put into pitch, Daniels being ineligible with Paris one run ahead. Phillips did not show up well and was relieved by Kerr, who finally won his game in the thirteenth, bringing in Harper, who had sent out a three bagger, with a clean single. Lawson had been given his release to take effect after the game, and already had agreed to sign with Wichita Falls. He plays today with the club for Bonham. The score:

Clubs	P	W	L	Pct.

Score by innings:
 Paris 001 000 500 000—7
 Wichita Falls 001 101 202 000—6
Summary—Stolen bases—Brown 2, White, Harper, Nevitt. Sacrifice hits—Moore, Hornbuckle. Two base hits—Nagle, Brown 2. Three base hits—White, Harper. Double plays—Daley to Waber to Mathis, Phillips to Nicholson. Struck out—By Daniels 6, by Phillips 2, by Kerr 6, by Covington 7. Bases on balls—Off Daniels 2, off Covington 7. Time of game—2 hour and 31 minutes. Umpire—Markle.

Durant 2, Sherman 1.
 Sherman, Texas, April 30.—In the best game seen on the Sherman diamond this season, Durant defeated Sherman in the twelfth inning by a score of 2 to 1. It was a pitchers' battle, each twirler fanning eleven men. Durant's triple, Younkman to Herman to Horrell to Herman cut Sherman out of her best chance.

Score by innings:
 Durant 000 000 100 001—2
 Sherman 000 000 001 000—1
 Batteries—Younkman and Herman; Hallanan and Crosby.

Bonham 2, Denison 1.
 Bonham, Texas, April 30.—Bailey outpitched Glenn in a pitcher's battle here and Bonham defeated Denison 2 to 1.

Score by innings:
 Denison 000 100 000—1
 Bonham 000 001 001—2
 Batteries—Glenn and Gehardt.

The Burk Burnett Oil Company, which was chartered about ten days ago with a capital stock of \$100,000, held a stockholders' meeting at the office of the Farmers State Bank for the purpose of issuing stock.

This company owns and controls 546 acres of land in five different tracts, the most of which is in the heart of the proven field, and we are informed by the officials that they will begin drilling two wells on their property next week if they can possibly get the contractors busy. One will be a deep well and will be located in the proven territory, while the other will be a shallow well, located on their holdings between Red River Oil Company George No. 1 and the Roller well. This location will also be practically a cinch, as a good showing

The above company is composed mostly of home people who are live, wide awake business men and they are very enthusiastic over the company's prospects. The following are the officers: W. W. Viles, president; W. L. Chenault, first vice president; C. W. Gilliland, second vice president; W. Daniel, secretary-treasurer.

Wednesday night, when the balance of \$25,000 subscribed stock was placed on the market for sale, about \$8,000 of the amount was taken by people who were already stockholders and at the present rate the stock is going the entire amount will be sold in the next few days.

This monogram stands for all you can ask in a motor car

TIME TELLS—or things that Words Won't tell

There are some things about a motor car that words don't tell. Words are simply labels—and it is one of the shortcomings of our language that words don't always express the difference between things.

For instance, the same words are used to describe motors and motor sizes. In words, two motors of "4-1-4 bore" and "5-1-4 inch stroke" are the same. But between them there may be a hundred differences. Difference in power; in economy; in smoothness; in reliability. Words won't tell those differences. Even blue prints won't.

And so on all through the car. "High grade bearings," "springs of finest quality," "channel section steel frame," "full floating rear axles." All cars have them, it seems from announcements. But the difference which we know to exist in the cars themselves words won't tell.

But Time Tells

Time is the great teller of truth. Time tells the difference between good things and ordinary things. Time gives the real verdict on books, pictures, buildings, men—and motor cars. Time brings out the differences that cannot be seen on the surface—the differences that words won't tell.

Please bear that in mind in choosing your motor car. You are not buying it for a year only—but for five, six, eight years—or maybe more.

Perhaps several cars look about alike to you. Their specifications, motor sizes, wheels, tires, axles and equipment read about the same. But look for the unseen differences—the differences that will be apparent with use.

How will you know? Well, one way

is to look over the list of cars built five or six years ago. Note the cars built then that are still running and giving satisfaction today. You will find among them lots of Chalmers cars.

Here are ten Chalmers cars which have been driven more than 1,000,000 miles—an average of over 100,000 miles each.

Owner	Address	Mileage
Fred Roberts	Corpus Christi, Tex.	80,000
Geo. Stump	Independence, Kas.	140,000
Louis Pacheco	Oakland, Cal.	122,000
Dr. F. S. Cuthbert	Kingman, Ind.	75,000
A. D. Williams	Buffalo, N. Y.	100,000
W. H. Caffery	Kansas City, Mo.	125,000
J. D. Hand	Las Vegas, N. M.	100,000
E. W. Gardiner	Amsterdam, N. Y.	78,684
R. L. Heit	Burlington, N. C.	120,000
W. C. Kramer	Joplin, Mo.	75,000

3,015,684

And at the Chalmers factory we have records of many more cars which have been driven 25,000 to 50,000 miles and are still giving satisfaction.

Time has told the difference between these cars and less efficient ones. And so you can feel absolutely safe in selecting a Chalmers.

Your Chalmers is Worth \$1000 more but costs you only \$300 to \$500 more

Human ingenuity and ability simply can't build as good a car to sell for \$1,000 to \$1,500 as can be built to sell for \$1,800 to \$2,500.

You know you can't get an all wool tailor-made suit for the price of a ready-made semi-wool suit. And you can't get a really good automobile for the price of a cheap automobile.

Values seek their levels—in automobiles as in everything else—50,000 buyers would not every year pay the

difference for high quality, medium priced cars of various makes, if they were not worth the \$300 to \$500 extra which they cost.

You know, of course, you would rather have the better car. If its price and the price of the cheaper car were the same you wouldn't hesitate a minute.

The only thing that keeps you from signing the order for the better car is simply writing of the check for a few hundred dollars more. That's all.

Difference in Price Doesn't Express Difference in Value

Once you have signed the check—made the decision—you will forget the money. Here's the proof. Just sign the check. Then the first question you will ask the salesman will be "How soon can I get the car?" Just that. You'll forget the few hundred dollars as soon as you have placed your order.

But the car you buy you can't forget. You'll have that with you every day, and unless it is a good car you will have it mighty much on your mind every day.

The difference in cars is only partly expressed by the difference in price. The real difference is the difference in value. A genuine quality car will cost you only \$300 to \$500 more than a cheap priced car. It will be worth fully \$1,000 more—in the service and satisfaction you get out of it. This isn't theory; it is a fact as any man who has owned automobiles for five years will tell you.

Do not let the supposed "saving" of \$300 to \$500 in the price of a cheaper car blind you to the greater value you can get in a Chalmers. Decide now.

Well-Groomed Men Command Respect

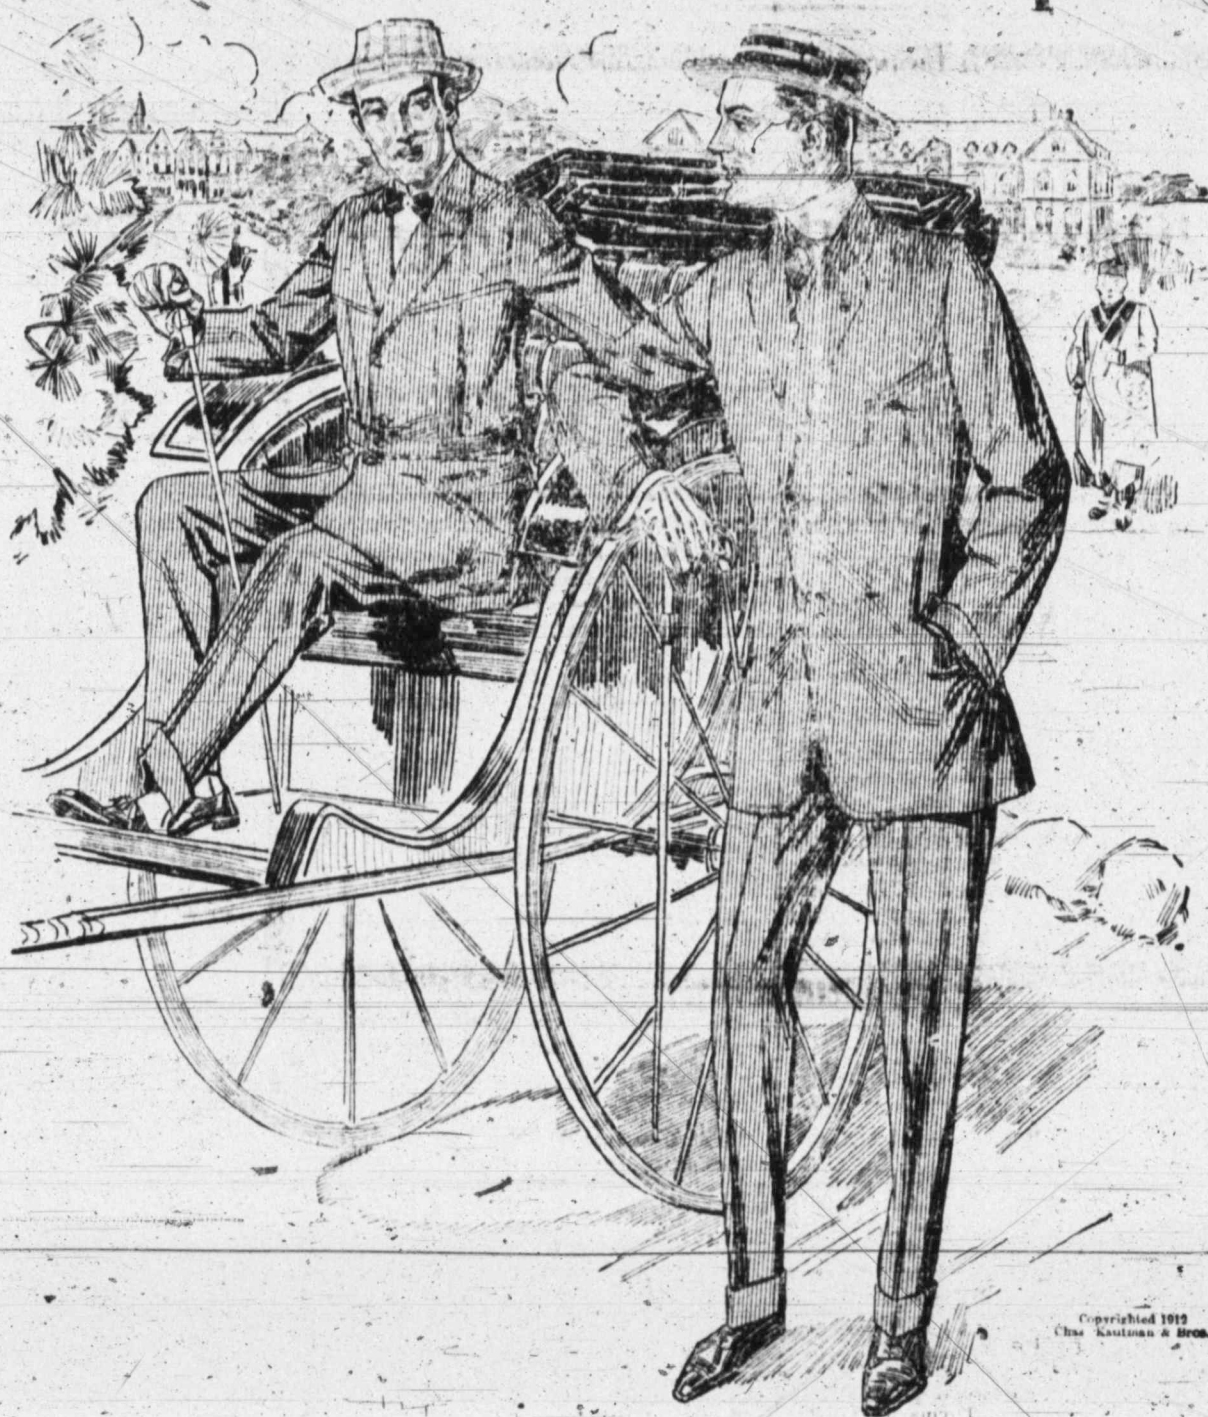

When selecting your next Suit or Overcoat you can readily see whether it is stylish appearing and perfect fitting—but if you want a guaranteed assurance that your clothes will retain those pleasing qualities you first admire, indefinitely—choose Kaufman "Pre-Shrunk" Garments for Men.

They are stylish, faultlessly tailored, perfect-fitting—and because "Pre-Shrunk" by an exclusive process, which produces Lasting Style and Shape Permanence, they will look as stylish if a month—or a season—as when they are bought.

in many new styles—designed and built especially for athletic young fellows. The very highest expression of the tailor's art in style, fit, workmanship and distinctiveness. They give individuality to the wearer and the consciousness of being well dressed.

And we guarantee they will stay perfect-fitting and keep their graceful lines and handsome, shapely appearance as long as worn. We've a Suit and an Overcoat in a fabric and style that will please you. Come and see these "classy" clothes at \$15 to \$30.

\$15 TO \$30

C. J. BARNARD & CO.

Comparison Naval Strength United States and Japan

Within the past few weeks the Times has been called upon to give the comparative naval strength of the United States and Japan. The following from the Muskogee (Okla.) Phoenix will answer these inquiries: "The Panama Canal may keep the United States and Japan from war for a few years and then Japan may accept the alien law as California pleases to pass it or not as she likes, is the opinion of many who have carefully studied the present controversy. President Wilson's request for a delay of two years, made through Secretary of State Bryan in Sacramento yesterday, is not so much, these people say, to give diplomacy a chance as it is to postpone the possibility of hostilities until after the completion of the canal. With the canal incomplete, and with Japan's great fighting force on the eastern coast and America's in the Atlantic the United States would be at a disadvantage for at least the first few months of war. Japan would be certain to seize the Hawaiian Islands as a coaling station and then, within striking distance, would harass our western coast. While the defenses of San Francisco would probably withstand an assault, forces could be landed at almost any other point along the coast.

"It is not probable that war will come but in view of the present trouble a comparison of the navies of the two nations is interesting. It is to be remembered that while the United States outranks Japan in the number of enlisted men and the tonnage of its men of war the United States with 57,178 men and Japan with 49,389, Japan boasts of a naval

reserve of 114,000 as compared with this country's naval reserve of about 7,330 men and officers.

"In the matter of fighting boats the two nations stand as follows:

UNITED STATES

Battle ships (dreadnought type)—No. 8; 167,650 tons.

Battle ships (predreadnought type)—No. 25; 334,146 tons.

Coast defense vessels—No. 4; 12,960 tons.

Armored cruisers—No. 11; 149,295 tons.

Cruisers—No. 15; 73,760 tons.

Torpedo boat destroyers—No. 42; 25,772 tons.

Torpedo boats—No. 20; 3,771 tons.

Submarines—No. 23; 5,813 tons.

Total tons—733,107.

Total tons built and building—898,345.

Total No. of tons building—125,238.

Enlisted men and officers—57,178.

Naval militia—7,320.

JAPAN

Battle ships (dreadnought type)—No. 2; 41,600.

Battle ships (predreadnought type)—No. 13; 191,380 tons.

Coast defense vessels—No. 2; 9,086 tons.

Armored cruisers—No. 13; 158,483 tons.

Cruisers—No. 14; 60,350 tons.

Torpedo boat destroyers—No. 58; 22,983 tons.

Torpedo boats—No. 54; 5,428 tons.

Submarines—No. 11; 2,268 tons.

Total tons—471,558.

Total tons built and building—613,724.

Total No. of tons building—142,166.

Enlisted men and officers—49,389.

Naval reserve—114,000.

ANOTHER WICHITA FALLS CASE It Proves That There's a Way Out For Many Suffering Wichita Falls Folks

Just another report of a case in Wichita Falls. Another typical case, kidney ailments relieved in Wichita Falls with Doan's Kidney Pills. C. C. Willard, 1922 Eighth street, Wichita Falls, Texas, says: "I suffered, constantly from my back and kidneys. I got Doan's Kidney Pills from Harrington's Drug Store and although other remedies had failed, Doan's Kidney Pills made a cure. Although I was never laid up, every move I made sent sharp twinges through my back. We still use Doan's Kidney Pills when we need them and are always greatly benefited. You are at liberty to continue using my testimonial as heretofore."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

USE OF LIME IN AGRICULTURE

Dr. G. S. Fraps, chemist at the State Experiment Station at the A. & M. College has the following to say concerning the use of lime:

"Lime is essential to the growth of plants, but such a small quantity is needed that it is considered to be provided by practically every soil. It has, however, other functions in the soil. Some soils are acid and the presence of this acidity renders them unsuitable for the growth of certain crops. Corn and cotton do not appear to be affected as much by acidity as some other crops grown in the north, but corn is nevertheless affected to some extent. It is a function of lime to correct this acidity or to prevent it from developing in the soil which makes nitrogen available for the use of plants. It is also considered to liberate phosphorus and to increase the draft of the plant upon the phosphoric acid. For this reason, there is a saying that 'Lime makes the father rich but the son poor'—that is to say, it increases the draft of the plant upon the soil and, in the absence of proper additions to the plant food, depletes the soil of its fertility.

"Lime is also especially beneficial to certain clay soils. Some of these soils which contain very little lime can hardly be worked at all, but with heavy dressings of lime the soil is rendered much more friable and easily tilled. The lime has the property of coagulating the clay so that when it is worked it does not stick together in brick like masses but crumbles up. The quantity of lime required to improve a clay soil depends upon its physical character and is much in

excess of that needed to correct acidity.

"There are, further, certain plants which particularly need lime,—notably clover and alfalfa. These plants appear to require an abundance of lime for their proper and permanent growth. It has been found that when alfalfa or clover on certain soils the application of one or two tons per acre of ground limestone will enable the growth of these plants. All soils contain some lime, although the quantity is smaller in some than in others."

FOR DELICATE CHILDREN

A Mother's Letter to Mothers.

"Mrs. E. W. Cooper of Bloomfield, N. J., says: 'My child, seven years old, had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child—breaking up her cold quickly and building up her strength beside. I have also found Vinol a most excellent tonic for keeping up the children's strength during a siege of whooping cough.'

Vinol is a wonderful combination of two world famed tonics—the medicinal body building elements of cod liver oil and iron for the blood, therefore it is a perfectly safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones.

Therefore we ask every mother of a weak, sickly or ailing child in this vicinity to try Vinol on our guarantee. For sale by Miller Drug Store.

Thirty-Five Exclusive Patterns at \$18 Each

Would you like to wear a suit like every other man in town—a uniform, or would you rather have an exclusive pattern, a distinctive piece of goods made into a suit that would give you an appearance of individuality? Monday I received 35 exclusive patterns of woollens in gray, brown, tan and blue, chevots—by far the prettiest goods ever shown at the price I am going to put on them

\$18 00

I am going to have them made up in regular \$40 style, with mohair lining and warranted to fit, and to hold their shape as long as the cloth hangs together.

You can see these goods in our show windows, but we'd rather have you come in and test them—feel the soft shear of the wool, note the quality of the fabric and the color of the dyes, test the wool by burning a bit of it—anything you want to convince yourself that they are all wool, and worth more money than I am asking for them, compare them with any other suit at any other price and see if you do not think them the best

\$18 00
suit you ever saw.

Friberg Affairs.

Here we are again after two weeks absence. Everybody is busy, the new planting and cultivating and gardening, the women cleaning house and tending the incubators. The first rain of last week has put a smiling aspect on the landscape which is reflected in the countenances of our people.

What is heading out and now bids fair to make a crop, while the heads are short, the meshes will be well developed. Oats and all spring crops are doing nicely, while some people are eating garden "sassa" now; the factories are springing up and sleek horses and cattle dot the hills and valleys.

E. E. Byman and wife spent Sunday at the home of the latter's parents.

The party given at the home of C. Guver on last Friday night in farewell to A. Chabart and family was well attended.

Dr. Wm. Fulder, vice chancellor of the Oklahoma Methodist University at Guthrie, Okla., will preach at Friberg and Thioberry on Sunday, May 11th.

A party of friends and relatives surprised Mrs. Gerry Byman, Monday night by gathering at her home in honor of her birthday. Refreshments were served and a pleasant social time was enjoyed by all.

Our school will close May 9 and the event will be celebrated by a neighborhood picnic on the G. Byman place near the Wichita River. Fishing and dinner and a baseball game between the Friberg and Thornberry teams will be the amusements.

Nothing Better

If you have indigestion, no matter how bad, the Robatsch mineral water will cure you. Remember when we deliver water to you you get a clean vessel that has been scalded, and thoroughly cleaned. We use all precaution against the spread of loathsome diseases. Our city seal is to prevent others from slobbering or drinking out of the vessel before it has been delivered to you. Remember we have a good clean trade and we are improving our plant to take care of our customers. If you want the best for health, we have it. G. J. Robatsch, Prop. Phone 1601. Ring 4.

"Drops" in Eyes

Are not necessary, nor does it lend accuracy in results to suffer the distress and inconvenience of having the pupils dilated in order to get correct glasses. In fact, glasses fitted when the eyes are in this unnatural state often prove unsatisfactory.

BY OUR METHODS

Successful tests for eyestrain are made while the eyes are in their natural condition and glasses fitted as needed—and we guarantee them to be satisfactory.

TOILET REQUISITES

are no longer classed as luxuries but are now considered necessities by the woman who cares. And the woman who does not care usually has more wrinkles than roses and is about as attractive as a last year's circus poster. A woman's dress and toilet are of great importance to her. They make up her appearance which either attracts or repels and make her popular or unpopular.

Too much care cannot be exercised in the selection of toilet goods, poor or cheap toilet goods are worthless and to buy them is to waste your money. Our toilet department is the most extensive in Wichita Falls and we carry nothing but standard lines. We can please you in this department, however discriminating you may be in your selections.

DIAMONDS

So many things go into the value of a diamond—color, cutting, spread, freedom from flaws, brilliancy, etc., that you can only appreciate its value by examining it.

For this reason we ask you to call and examine the beautiful line of loose stones and set pieces we are now showing. You will find a selection for any purpose—at almost any price you wish to pay.

And you'll get full value at whatever price you choose.

COMMISSIONS

The man who comes to see you must receive compensation. We are endeavoring to save you this by asking you to come to see us, and we can give to the citizens of Wichita Falls and surrounding territory the advantage of the best MONUMENTAL, TILING AND STONE PLANT IN TEXAS.

Don't take our word for it, however, but investigate. We are leaders; we make no commission cutting claims, such as it was \$200, but to you we make it \$150, like the commission man who comes to see you. Think it over and consider why he calls. If you come to see us it will save the extra expense and we can and will give it to you by giving better and more efficient work. We always make good and don't have to ask any one how to do things. WE KNOW AND DO THEM.
