DRILLERS PLAY 15 GAMES HERE

CRIPPLED TEAM COMING HOME EXPECTING TO RETRIEVE ITS FORTUNES

FANS ARE UNDISCOURAGED

In Spite of Poor Showing Thus Far They are Confident That Luck Will Change

With a road record of three games won and ten lost and with the nine crippled and disorganized for most of the two weeks away from home, the Drillers will be back home tomorrow, opening the at-home season with Paris, which this week defeated them three times.

In spite of the poor showing made so far, the fans for the most part are undiscouraged and very few have lost faith in the team. The Drillers have spent twice as much time on the road, so far, as any other club in the league and this, with other conditions has kept them from making the showing of which they are believed to be really capable.

Bill Guthrie, who is among the cripples, has already returned with a bad leg.

All the breaks have been against us, said Guthrie, "it looked like every time we made an error it cost two runs and every bit of bad luck has been expensive. The team has been crippled but it is getting into shape now."

Several changes have been made in the line-up since leaving home. Lawson, a Paris outfielder, has been signed and Hornbuckle is doing duty behind the bat; Rosmond was released. Hornbuckle formerly played with Henrietta and there has been a marked decrease in stolen bases since he went with the team. Covington, formerly a Denison pitcher, is now with the Drillers, and other changes are contemplated. Nicholson is holding down first base, Kizziar being on the disabled list.

Wichita Falls is not the only team that has had trouble with Nugent, the umpire who forfeited Wednesday's game to Bonham. Denison also mixed matters with him and went into the courts to get relief. The at home schedule for the fifteen days beginning tomorrow follows:

- May 3, 4, 5—Paris.
May 6, 7, 8—Texarkana.
May 9, 10, 11—Bonham.
May 12, 13, 14—Sherman.
May 15, 16, 17—Durant.

The team goes to Denison for three games, returning here May 21

DRILLERS KEEP UP THEIR LOSING STREAK

Team Comes Home Tonight for Fifteen Games Starting Saturday Afternoon

Bonham, May 2.—The Drillers kept up their losing streak yesterday here and didn't seem to have much trouble in doing it. The score was 13 to 1. Corzine, the Bonham twirler, allowing only three hits while Jones was in poor form and was hit almost at will. The score:

Table with columns: Player, H, O, A, E. Rows include White, Nevitt, Nicholson, Brown, Phillips, Jones, Hornbuckle, Shell, and Totals.

Wichita Falls H. O. A. E.
White, rf. 1 1 0 0
Nevitt, ss. 0 3 6 0
Nicholson, lb. 0 9 0 1

Jones, p. 0 1 3 2
Hornbuckle, c. 0 0 2 0
Shell, 3b. 0 2 1 1
Totals 3 24 13 4

for three games with Ardmore, after which it takes the road again.

Sherman Beats Ardmore

Sherman, May 2.—Sherman won Wednesday's game from Ardmore by a score of 5 to 2. Appleton, sent from the Fort Worth Panthers to Sherman, struck out seventeen men and allowed but three clean hits and two of the scratch variety. In the sixth inning Ardmore sent Allen to the rubber to relieve R. Taylor, and off Allen's delivery in that one inning Sherman made four scores.

Table with columns: Player, H, O, A, E. Rows include Sherman, Hensel, Trotter, Macione, Criner, Webb, Fox, Gouchie, and Totals.

It is one thing to make soda crackers that are occasionally good.

It is quite another thing to make them so that they are always better than all other soda crackers, always of unvarying goodness.

The name "Uneeda"—stamped on every biscuit—means that if a million packages of Uneeda Biscuit were placed before you, you could choose any one of them, confident that every soda cracker in that package would be as good as the best Uneeda Biscuit ever baked. Five cents.

NATIONAL BISCUIT COMPANY

IRISH LADS' NEW HOME TALENT TEAM

New Team Wants Games With Semi-Professionals and Amateurs

An all home talent baseball team has been organized under the name of the Irish Lads and is ready to meet any amateur or semi-professional team in Oklahoma or Texas or will play with professional teams also.

Some of the players on the local team have played with semi-professional teams in Kansas and Oklahoma and the Irish Lads ought to make it interesting for any team which will meet them.

The team has new uniforms of gray with blue belt and gray socks. It is organized with Charles Martin as manager and E. A. Dunn as captain.

The following are the members: Hensel, catcher; Trotter, second base; Macione, first base; Lusin, third base; and captain; Owens, shortstop; Middehast, center field; Miller, right field; Criner, left field; Webb, Fox and Fitch, pitchers; Gouchie and E. Smith, utility.

This team had arranged for a game at Electra a week ago last Sunday,

but circumstances arose which made it necessary to cancel the game. The team would now like to arrange for another game with the Electra team.

Paris Wins in First Inning

Durant, May 2.—Paris scored five runs off Towers in the first inning today on three passes, three errors, a passed ball and two hits, and pounded Gordon, who relieved him, for eleven hits and eight runs. Robinson drove in three runs and scored another himself, with a home run in the fourth. Three doubles and two singles gave Paris four more in the seventh. Weber at second played a sensational game for the visitors. Hennessey for Durant got two home runs and a single out of four times at bat, but the bases were empty when the long drives were made.

The score: R. H. E. Paris 5 000 400—13 13 1 Durant 2 00 110 100—5 8 4 Batteries—Brown and Jutz; Towers and Hermon.

Cameron—The \$150,000 good roads bond election recently held in justice precinct 1 of Milam county resulted in an overwhelming victory for the bonds. This is the second district to vote a good roads' bond issue in Milam county, Gause having voted a \$50,000 issue April 1.

There'd be but one shoe if everyone knew--Selz

Mr. F. M. GATES

of Carroll-Brough-Robinson-Gates, said to the writer the other day: "Hines, that Selz Shoe you handle down there is sure a good one. I wore that shoe for ten years before I came to Wichita Falls, but never could find it here. Therefore I have had trouble in finding a shoe that just exactly fits my foot. I used to put on a Selz Royal Blue Shoe and the first day I wore it, it felt just as good as the last day."

Selz makes a shoe on a last that fits your foot, and when a shoe fits, it doubles the life of the shoe, holds its shape and retains its dressy appearance until worn out.

We sell for cash, thus eliminating the bad account loss; have reduced our selling expense to the minimum, therefore we can sell you the best shoe in the country for what you have been paying for a poorer one. Remember every shoe with the name Selz stamped on it has a guarantee of satisfaction. The strongest guarantee that can be put on a shoe. We couldn't guarantee a poor shoe. Look for the name.

Butter contains water and salt  
**Cottolene**  
is 100% shortening

When you buy butter for cooking purposes, you are paying for 25% water and salt; you get but 75% real shortening value. In Cottolene you get 100% shortening.

Cottolene costs much less than good butter—and gives just as good results in shortening and frying. Cottolene is as cheap or cheaper than lard—gives better results—and is absolutely healthful, which is more than can be said of lard.

Cottolene is economical, because one-third less is required than of either butter or lard.

**A Visit to the Gold Mine  
On Deep Red in Oklahoma**

(Lawton News and Star.)  
For two months, or more, rumors have been drifting into this office, and stories appearing in our country exchanges, regarding the gold-mining operations being carried on down in Tillman county, just over the line of Comanche, and 35 miles from Lawton. On Monday last, E. L. Gregory, editor of the News and Star, accompanied by Kelsey H. Polk, Frank Mangan and Walter Smeeth, all of whom are connected with News and Star force, made a trip to the scene of the mining operations for the purpose of investigating conditions there.

At Indianola they obtained directions which enabled them to locate the mining camp, which is on the west bank of Deep Red, 13 1/2 miles south west of Indianola, and eight miles northwest of Manitou. At that point on a farm belonging to William Getz, the scene of the mining operations was reached.

Here there is located a new frame and corrugated building, 40x30 feet with an ell about 20x20 feet. The building is practically windowless and was securely locked up, the plant not being in operation. A watchman was in charge who informed the News and Star representative that work was discontinued on Saturday the 19th inst., and the "clean-up" was taken away for assay. After some search, the superintendent of the company operating the mines, R. A. White, was located, and he with one of the miners engaged in the work, jiggered up a scaffold by means of which the newspaper men were enabled to get a good view of the interior of the building described above. It contained quite a complete, although not extensive, outfit of machinery, consisting of an elevator with hopper on the outside of the building, this elevator hoisting the material to a cylinder screen located at the top of the building. From this screen the coarser material is discharged into a dump on the outside and the sand and fine gravel are carried through a series of spouts to jigs working in water baths. Of these jigs or tables, there appeared to be three or four in the building. Water is supplied by a galvanized tank located on a hill 75 or 100 feet from, and a little above the plant. Into this tank it is pumped from Deep Red creek 150 yards away. Power is supplied by gasoline engine located within the plant.

**Location of Mines**  
So much for the equipment. The mines are located on a gravel bar in a bend of Deep Red, about a quarter of a mile from the plant. The material is dug up with an ordinary drag scraper and is loose enough to be taken up by the scraper, without plowing. It is loaded in wagons and hauled to the plant, there dumped into the outside hopper above mentioned, thence elevated to the screen. At the time of the visit of the representative of the News there had been excavated a pit 50 feet long, 15 to 19 feet wide and seven or eight feet deep. The wall of this pit showed a stratified formation of gravel, clay and thin streaks of black sand. But little of the top had been thrown aside, there being "pay dirt from the grass roots," as Mr. White informed us. The pit in which they were working is located some 50 yards from the bed of Deep Red, and a bottom or bar, of identical formation, spread out between the creek and the bluff, comprising 10 or 15 acres. This bottom, Mr. White said, had been prospected by means of test pits and the material taken by a top to bottom sample showed an assay of about \$2.25 of free gold per ton of matrix.

**Getting in Shape**  
As will be seen from the above description the plant has been in operation only a short time, and its methods have been somewhat primitive. Yet, quite a lot in the way of preliminary preparation has been carried out, and the concern is in shape to handle lots of material from now on. Mr. White said that it was contemplated to equip and install an overhead cable-way system, by means of which material could be carried to the plant much cheaper and more rapidly. The expense of the installation of this improvement was all that delayed its putting in. It would, without doubt, be the ideal method of handling the material, and would reduce the expense of mining to a mere nominal cost. If the assay of the present clean-up shows the material being handled to be rich enough to pay for handling it at all, the cable way system should surely be installed.

It was stated by Mr. White and W. P. Oakes, who was also connected with the operation of the plant, that there had been invested altogether about \$20,000 in the plant and equipment, and that ten men were employed in its operation and mining.

**Had to be Shown**  
The newspaper men claimed to be "from Missouri," with reference to there being gold, sure enough gold, in the very ordinary and everyday looking gravel bed where the mining was being done. To satisfy them and remove their manifest skepticism the automobile was sent to the shack of one of the miners, half a mile away and two "pans" procured. Into these pans one of the pencil pushers "grabbed" with his hands all the material it would hold, the pan was taken to the creek and "washed out." In the bottom was seen to remain some infinitesimal flecks of what the experts present pronounced "color." As a further additional test, the party walked on the creek to where a ledge of rock

PERSONAL MENTION

Robert Baskin of Seymour was a visitor to the city today. He was on his way to Fort Worth. S. P. Hawkins of Burkburnett, one of the oldest settlers of this county, and who is the owner of one of the best Red River farms, was in the city today. Asked as to crop conditions, he says that corn crops are looking fine, but was not very optimistic as to wheat and oats, though he feels sure that another good rain will make it so that an average good yield of small grain crops will be made. Mrs. T. F. Patterson returned this morning from a visit to Houston and Pittsburg, Texas. Dr. Wade Walker went to Electra this afternoon on business. Wiley Blair left this afternoon for Amarillo. Mrs. C. W. Martin of Fort Worth returned home this afternoon after attending the funeral of her cousin, W. E. Cobb. Frank Cobb returned to Dallas this afternoon. Mrs. E. C. McIlhenny of Seymour passed through this afternoon en route to Decatur to visit relatives.

TOILET REQUISITES

are no longer classed as luxuries but are now considered necessities by the woman who cares. And the woman who does not care usually has more wrinkles than roses and is about as attractive as a last year's circus poster. A woman's dress and toilet are of great importance to her. They make up her appearance which either attracts or repels and make her popular or unpopular. Too much care cannot be exercised in the selection of toilet goods, poor or cheap toilet goods are worthless and to buy them is to waste your money. Our toilet department is the most extensive in Wichita Falls and we carry nothing but standard lines. We can please you in this department, however discriminating you may be in your selections.

## CHINA REPUBLIC IS RECOGNIZED

U. S. TAKES FORMAL ACTION UPON ORGANIZATION OF CHINESE ASSEMBLY

### UP TO OTHER NATIONS

Conclusion of Loan To Yuan Shai Kai Strong Incentive For Recognition

By Associated Press. Washington, May 2.—The new Chinese Republic was formally recognized by the United States today. Information to this effect came this morning in a cablegram to the government from Messengers Williams and Dickey announcing that they had delivered the formal proclamation to the Chinese government immediately upon the completion of the organization of the Chinese assembly, as they had been instructed to do.

The government's action has created an international situation. It brings to a point the intention of the five powers who were parties to the six power loan from which the United States withdrew. In acknowledging the new government the United States announced an intention of asking the other nations of the world to do likewise. It is known that some of them have determined to require more than the organization of the Chinese legislature before taking this step and that some of them will await the election of a constitutional president and the complete organization of the government.

On the other hand the action of Yuan Shai Kai in concluding the loan of \$25,000,000 with paupers of the five powers is expected to prove a powerful incentive for these governments to support Yuan Shai Kai and his government.

## CAMPAIGN CONTRIBUTION CAUSED EMBARRASSMENT

By Associated Press. Boston, May 2.—President Chas. S. Mellem of the New Haven Railroad in his own defense before the Interstate Commerce Commission bearing here this morning gave a detailed explanation of the charges of Government Examiner David E. Brown that Brown had converted to his own profit \$102,000 of the railroad company's funds.

Mellem explained in his testimony that of the money in question, \$59,000 was contributed to the Republican National campaign fund and other amounts to the republican campaign funds in New York, Connecticut and Rhode Island.

He said: "It appeared to me as president of this company that these contributions were necessary and expedient and I made them from my own private funds. Afterward, when the board of directors learned of my action they voted an appropriation to reimburse me. I have never personally received one dollar from the company's funds for my own profit or advantage. All these transactions were explained to the auditing committee and were perfectly satisfactory to them as expenditures in the company's interests and for the protection of its property."

## LADIES COMMITTEE FOR FIREMEN'S CONVENTION

Prominent Wichita Falls Ladies Named to Look After Comfort Visiting Aides

A committee of ladies to assist in entertaining the firemen at their convention here May 13 to 15, more particularly to look after the comfort of the visiting ladies, has been appointed, as follows: Mesdames J. P. Jackson, M. L. Reid, W. M. McGregor, E. P. Greenwood, E. L. Smith, McNeil, J. L. McClure, Fred Smith, Misses Lena Gardner and Aileen Waggoner.

This committee is also to help secure rooms for the visitors, the hotels being unable to handle the crowd. A number of ladies have already phoned the Chamber of Commerce, offering rooms for the visitors, but more are needed.

Port Arthur—The steamship "Wm. P. Palmer" cleared from this port with two full loads of broom straw from Canadian, Texas, for Philadelphia. Besides this shipment the cargo consisted of three cars of timber, three of lumber, one of rice and several tons of press cloth.

## GEN. AUBERT HAS JOINED REBELS

HUERTA COMMANDER IN NORTH-EAST MEXICO JOINED CARRANZA

### REBELS CONTROL NORTH

Campaign of Huerta Forces Has Practically Ceased in the Northern States

By Associated Press. Eagle Pass, Texas, May 2.—The report that Huerta's generals, Tracy, Aubert and Rabago had joined the rebels in Northern Mexico was given added credibility this morning by the report that active campaigning against the constitutionalist by the Huerta troops in the northern states had ceased. The report of the desertion of Aubert and Rabago was received Monday. Since then nothing more has been heard.

It is reported that Generals Aubert and Lopez have gone with their force to join General Carranza in Coahuila. General Rabago is in a different section.

Carranza Claims Control Around Torreon.

By Associated Press. Washington, D. C., May 2.—Carranza forces claim all the territory around Torreon, according to confidential agents of the Constitutionalists upon a telegram from Gov. Carranza. The telegram also brought confirmation of the report that Gen. Tracy and Aubert, Huerta commanders in Northeast Mexico had gone over to the Constitutionalists.

Insurgents Evacuate El Palmas.

By Associated Press. Nogales, Ariz., May 2.—The insurgent forces evacuated El Palmas today after the Mexican gunboat began shelling the California gulf town preliminary to landing troops from Guaymas where the federal garrison was strongly reinforced yesterday.

At El Palmas are many American railroad men including Superintendent J. H. Temple of the Southern Pacific of Mexico.

### LONG STAPLE CROP TO BE INCREASED.

Washington, May 2.—A new factor has been introduced into the problem of long-staple upland cotton production by the early maturing varieties now being distributed by the department of agriculture. Long staple production is one of the undeveloped resources of the United States and capable of enormous expansion, declares A. F. Cook, in charge of crop acclimatization. He asserts however, that anything like a full development of these resources must be accompanied by extensive changes and readjustment in the commercial and industrial world. Having been accustomed to a limited and uncertain supply of long staple, it remains to be seen how long it will be before Americans take advantage of the removal of these limitations. More progress has been made in recent years on the long staple problem, says Mr. Cook, than on the industrial and commercial side. Limited and uncertain supply has restricted long staples, but greatly increased consumption is to be expected if they can be supplied more regularly and cheaply.

In summing up, Mr. Cook says: "The difficulties and uncertainties of the present situation lie in the readjustments that must be made in placing the cotton industry on a more honest and substantial basis and thus opening the way to a better development of our resources of production. The competition springing up in foreign countries is likely to force these changes in time, if they are not accomplished voluntarily in the interest of American agriculture and of our own consuming public."

### BELIEVE STERILIZED NEWSPAPER A MENACE

Washington, May 2.—"The publicity given by the press generally tends to lessen evil conditions, and thus renders a useful service to the public," says the commissioners of the District of Columbia in a report submitted to congress today on the Works bill, to provide a censorship of the news.

"That dread of publicity has a deterrent influence upon those disposed or tempted to crime, may be inferred from the fact that those offenders seek to avoid exposure of their misbehavior in newspaper reports."

For this reason the commissioners believe the enactment of the proposed legislation is inadvisable.

## ATLANTIC FLEET ORDERED TO NEW YORK FOR DEDICATION OF MONUMENT

New York, May 2.—The navy department has ordered the entire Atlantic fleet, with the exception of two battleships, to New York to take part in the dedication of the Maine monument on Memorial Day. The fleet will come to New York with a new commander in chief, a new fleet flagship and a new fourth division commander. The number of vessels that will steam into the Hudson today will be about nineteen battleships, twenty destroyers and a dozen naval auxiliaries. The flag of Rear Admiral Charles J. Badger, the new commander in chief, will fly from the super-Dreadnought Wyoming and the Connecticut, the famous around the world flagship, will be seen as the second vessel of the fourth division under command of Rear Admiral Frank E. Beatty, another newcomer among the Atlantic fleet flag officers. The coming bat-

tle-ship also include the Arkansas, Florida, Utah, North Dakota and Delaware, the Breadnoughts South Carolina and Michigan and the first line battleships Vermont, Louisiana, New Hampshire, Virginia, Georgia, Nebraska, New Jersey, Rhode Island, Kansas and Ohio. The Minnesota and Idaho will be missing, being on duty in Mexican waters. The monument will be unveiled with elaborate ceremonies.

## NOT BUILD CITY HALL AT PRESENT

FINANCES OF CITY DO NOT WARRANT UNDERTAKING AT THIS TIME

### AWAITS NEW CHARTER

Council Last Night Authorized Erection of Street Signs To Cost Over \$800

No steps toward the sale of the present city hall and the erection of a new one on another site will be taken at present, the city council decided last night. This decision was reached upon the recommendation of the city hall committee. The councilmen feel that the city is not in financial shape at present to undertake the erection of a new building and it was deemed best, in view of the fact that the new charter bids fair to become a reality at an early date, to wait a while.

The tentative plan for a new city hall also was put to sleep for the time being and it, too, will have to await the new charter. In the meantime, however, the council may secure estimates of the cost of renovating the present edifice, providing better ventilation and lining them with metal, so that it will no longer be possible for a prisoner to dig his way to liberty with a pocket knife.

The street committee was authorized to buy street signs, to mark the corners, and to cost not more than \$800. It is planned to buy a simple sign, mounted on a post, with blue and white enamel markers indicating the two streets.

## WEATHER FORECAST

Tonight and Saturday unsettled.

### FUNERAL W. E. COBB HELD THIS MORNING

Body Well Known Citizen Laid To Rest In Riverside With Masonic Rites

The funeral of W. E. Cobb, whose death occurred early Thursday morning, was held this morning from the residence. Rev. J. L. McKim officiated, delivering the funeral sermon at the home, while the Masonic lodge conducted the services for the dead at the grave in Riverside cemetery. Many beautiful floral tributes evidenced the esteem in which the deceased was held. The local Commandery of Knights Templar attended the funeral in full regalia, the deceased having been a member of the Commandery. The following served as pall bearers: E. B. Carver, Alex. Kerr, N. Henderson, J. W. Stone, J. D. Avis, S. H. Burnside, Ed Howard and Frank Collier.

### F. C. WEINERT WILL BE SECRETARY OF STATE.

Austin, Texas, May 2.—F. C. Weinert of Seguin, this morning accepted appointment as secretary of state tendered him yesterday by Gov. Colquhoun upon the resignation of John L. Wortham to take effect June 1.

## BRYAN TO REMAIN AT SACRAMENTO

THIS DECISION BELIEVED SIGN SECRETARY HAS HOPE FOR FAVORABLE ACTION

### AMENDMENT IS ADOPTED

California Senate Makes Change to Permit Leasing For Period of Three Years

By Associated Press. Sacramento, Cal., May 2.—An amendment to the Webb re-draft of the anti-alien land bill to permit aliens ineligible to citizenship, to lease agricultural lands for a period of three years was adopted by the Senate at noon today by a strictly non-partisan vote and the bill was sent to the printer with emergency rush orders. It is expected that the bill will be delivered by the printer late this afternoon.

It had been decided earlier in the day to postpone final action on the bill until next week.

By Associated Press. Washington, May 2.—Secretary of State Bryan telegraphed to Washington this morning that he had decided to remain in Sacramento until the alien land legislation was finally concluded by the California legislature. It is believed here that Mr. Bryan still has hopes of influencing the legislature to pass a bill in accordance with the administration views.

## ASSEMBLYMAN WILSON CLASH

SHARP PASSAGE AT JERSEY CITY BETWEEN PRESIDENT AND W. L. McDERMOTT

### GOVERNOR INTO BREACH

Bitter Opponent of Jury Reform Seeks to Heckle President—Gets Sharp Retort

By Associated Press. Jersey City, N. J., May 2.—President Wilson held a conference with party leaders here today and later with members of the legislature. It was agreed that they meet together Monday in the hope of drafting some sort of jury reform bill. An open clash between the president and W. L. McDermott, assemblyman from Hudson county, a bitter opponent of the bill, occurred.

Mr. McDermott took exception to the president's speech last night as one of denunciation of the legislature. He pointed out what portions of the speech he considered denunciatory. The president listened intently and then exclaimed, "That's not denunciatory, those are facts." He was surprised, he added, that Mr. McDermott had seen fit to put the cap on his own head.

The assemblyman sought to cross-examine the president to pin him down as to the nature of the bill he thought the legislature ought to enact. Mr. Wilson sat down and refused to answer. Acting Governor Fielder here stepped into the breach with calming words.

## RAILROADS LOWER REUNION RATES

Three Texas Roads Announce Intention to Make Rate Cent a Mile Each Way

Port Worth, Texas, May 2.—Rates to Chattanooga, Tenn., for the annual reunion of the Confederate Veterans will be the same this year as in the past. Three roads have signified their intention of making the rate from Texas points one cent per mile each way.

It was largely due to the efforts of Earl B. Mayfield, chairman of the Texas railroad commission, that the railroads conceded from their first stand. He had addressed a letter to the interstate commerce commission asking for action to relieve the situation, and has made direct representation to the railroad officials. The following telegram from Mr. Mayfield was received by the Record Thursday:

"We have just received message from Judge Freeman saying the Texas & Pacific will reinstate old rates for Confederate reunion at Chattanooga."

The announcement also was made from the office of George D. Hunter, general passenger agent for the Texas & Pacific, who telephoned to J. F. Zurn, district passenger agent for that road and the International & Great Northern here.

In a statement issued for the press and the public, Mr. Hunter says: "The announcement will be made by the Texas & Pacific, the International & Great Northern and the Cotton Belt that they will authorize the same basis of rates to Chattanooga, Tenn., for the reunion of Confederate Veterans this year as in former years."

Rates Are Raised. The rates made on previous similar occasions was 1 cent per mile each way, while the rate authorized some time ago for this year was 1 cent per mile each way in Southwestern Passenger association territory, while the Southwestern Passenger association roads made a rate of 1.3 cents per mile to junction points which include stations along the Mississippi river where the two territories meet.

Public sentiment was aroused when this became known, and at some places the camps of veterans voted to "strike" and stay at home, rather than pay the advanced fare of from \$4. to \$5.

The matter was taken up with the general passenger agents of interested lines, when it was found that, figuratively speaking, "their hands were tied," the men higher up having issued mandatory instructions that they could not ignore.

Presidents Forced to Act. So far as is known, this is the first time in the history of railroading in the Southwest that such a condition had presented itself, so the proposition was taken up with the presidents and general managers, F. H. Britton, president of the Cotton Belt, taking the initiative.

(Continued on Page 4)

## RESCUE STEAMER SINKS; 22 DROWN

COLLISION WITH RAILROAD BRIDGE RESULTS IN SINKING CONCORDIA

### TWENTY VICTIMS NEGROES

Crevasse Waters Have Not Yet Begun Their Return into the Mississippi

By Associated Press. Natchez, Miss., May 2.—The steamer Concordia engaged in rescue work in the Tensas and Concordia parishes in Louisiana, struck the railroad bridge near Layton, La., early this morning and sank. It is reported that about twenty negro refugees were drowned.

Pat Goughgan, a white man of Jonesville, Mississippi, is missing. Minor injuries to a number of white passengers is reported.

The steamer had been navigating crevasse waters from seven to eighteen feet deep where a week ago was fine farming land covered with growing crops.

Official Confirmation Received. By Associated Press. Vicksburg, Miss., May 2.—Official confirmation of the drowning of twenty negroes and two white refugees when the steamer Concordia sank this morning has been received by captain W. E. Dainger in charge of the army flood relief work here.

River Stationary South of Vicksburg. By Associated Press. New Orleans, May 2.—Except for a fall of one-tenth of a foot at Natchez and a rise of two-tenths of a foot at New Orleans the Mississippi remained stationary for the twenty-four hours preceding 7 a. m. today at all points south of Vicksburg.

The river was stationary at Red River Landing showing that the big volume of water pouring through the crevasse at Gibson's Landing and other places had not yet started to flow back into the Mississippi.

These waters are expected to begin their return to the river tonight and another heavy rise is expected at points from Red River south.

## TRAIN HELD UP IN KANSAS CITY

By Associated Press. Kansas City, Mo., May 2.—The robbery of Jesse M. Short, the Joplin millionaire zinc mine owner was the primary object of the bandit who held up a Kansas City Southern passenger train in the suburbs of Kansas City, early this morning, according to the police.

After a revolver fight with Mr. Short, the robber fell off the train wounded. He left the mine owner lying with three bullets in his body on the floor of his berth. Physicians say he will recover.

According to a telegram from Grandview from Conductor Gibson, the robber secured \$1100 in money and a number of diamonds. Of this amount \$1,000 was from Mr. Short. Others who contributed money and diamonds were W. J. Chambers and F. A. Seaman. Conductor Gibson believes the robber must have been seriously wounded as he left a trail of blood behind him. The search for the robber began with great vigor at dawn this morning.

## HOUSE ACCEPTS CITRUS FRUITS SCHEDULE

Washington, May 2.—The fight over the proposed reduction of duties on citrus fruits was opened in today's debate on the tariff bill in the House when the schedule relating to wines, wool, silk, cotton, paper, beverages, fruits, sundries was reached. All were expected to be acted upon before the close of tonight's session unless in the contingency of a struggle against free wool.

Representatives Newland and Hays of California, made an attempt to raise the rates on figs, raisins and olives.

The citrus fruit schedule brought amendments from Republicans and progressive members in California, but all were defeated.

## EXPORTS OF WHEAT THROUGH GALVESTON.

Galveston, Texas, May 2.—Exports of wheat through the port of Galveston since September 1 were 10,120,000 bushels. During the same period last season they were only 56,000 bushels, according to the official statement issued today. The exports of wheat through Galveston for April were 427,311 bushels as against none last year.

### OIL FIELD NEWS

**To Drill Near Manitou.**  
Manitou men are behind a plan to sink an oil well on the J. A. McGinnis farm, two miles south of Manitou. Work is to begin soon, with a Dallas operator doing the drilling. The Manitou folks have a great many farms under lease and are going about their operations in a business-like manner.—Frederick Leader.

**Big Pasture to Resume.**  
C. A. Swartz, president of the Big Pasture Oil and Gas Development Company, who was here Tuesday, said that drilling would be resumed on the company's well at Loveland, as soon as some tools which had been lent to another company were returned, which would be in a few days.—Frederick Leader.

**Evidence of Oil at Devoil.**  
C. B. Tutum, a resident of Devoil, in speaking of oil operations near that place, stated that the oil well just north of the town was down to a depth of 2,000 feet and while showing of oil had been encountered and considerable gas, the Derrick would be moved to a point about a mile distant, where another hole is to be sunk. A well is also to be put down about four miles southeast of Devoil.

**Favorable Opinion From Gould.**  
Charles N. Gould, former state geologist, accompanied by Charles F. Colcord, an Oklahoma City capitalist, who was in western Comanche county recently, looking up locations for the sinking of wells, says that he believes that oil and gas in paying quantities are likely to be found almost anywhere within the regions of the Wichita mountains. "The gist of the whole matter is, in my opinion, that oil and gas in commercial quantities underlies this whole section as far as ten miles south of the Wichita mountains, and from there on south to Red River. In fact, all the geological formations in that area seem to indicate that there is just as heavy deposits in the area north of Red River as have already been discovered at Electric and Pottsville, Texas," said Mr. Gould.—Frederick Leader.

A. J. Bundy, who has been working at the Finley well, has taken a position as driller for the Big Pasture Company, and will go to work at the Loveland well Monday.—Frederick Leader.

A meeting of the original stockholders of the Northwest Electric Oil and Gas Company was held Monday afternoon at which the future policy of the company was discussed. No determination was reached. The company has several propositions for drilling wells in other parts of the county, but it has not been decided yet whether the well on the Finley farm will be sunk to a greater depth.—Frederick Leader.

Drilling has been resumed at the Hart's Switch well of the Frederick Oil Producing Company, after a delay occasioned by the drill hanging.

### EIGHT MEMBERS ON POLICE FORCE

TWO ADDITIONS MADE YESTERDAY—J. RUSSELL AND E. B. COX NEW MEN

### A MOUNTED OFFICER

Police Court Fines Pay Salaries of All Wichita Falls Officers

Wichita Falls' police force has been increased to eight members, following Mayor Bell's recommendation to that effect, and two new officers started to work yesterday. They are J. Russell and E. B. Cox, both of whom have been sworn in and assumed their duties.

Arthur Graves is now doing duty as day mounted officer, while Sterling Morris is doing night mounted duty. The addition of a mounted officer enables the department to answer long calls more promptly and to respond quickly to complaints from outlying parts of the city which were formerly almost inaccessible.

Although the police force has been steadily increased within the past two years, it is still a self-supporting department, the cash fines collected being easily enough to pay the salaries of not only the policemen but of all city officers. For the year ending April 1, the cash fines collected were over \$9000.

### PROSECUTING SANITARY ORDINANCE VIOLATIONS

Seven Complaints Filed Recently—Defendants Promise to Comply With Ordinance

Citizens who fail to obey the city's sanitary ordinances with reference to sewer connections are now being given the attention of the authorities and seven complaints of this kind have been filed recently. In the city court this morning Judge Rye decided, after hearing the evidence to let the cases go on condition that the necessary connections be made and maintained without delay.

Sanitary Officer Brown filed the complaints, the defendants being tenants of property where the sewer was disconnected. There has been some agitation in favor of going after the property owner, rather than the tenant, in such cases, and it is possible that this course will be pursued by the city in the future. Renters, however, who occupy property that is not connected are still liable, under the ordinance, and may be prosecuted.

The well is down to a depth of about 1,350 feet and the prospects are considered most encouraging.—Frederick Leader.

## Reasons for Saving

**COURAGE**—A Bank Account eliminates fear. Gives you peace of mind, confidence in yourself and courage. You can take a chance when legitimate investment opportunity knocks, having backing capital. The first step in the solution of the bread and butter problem is to get away from it—by means of a Bank Account gradually and patiently built up.

**LOSS**—Money in the Bank prevents loss through carelessness, pickpockets, fire or robbers.

### SOIL ANALYSIS FOR ALFALFA ADAPTABILITY

Agricultural Demonstration Agent Collecting Samples of Soils Where Alfalfa Grows

J. W. Campbell, district agricultural agent, is now endeavoring to bring about more extensive raising of alfalfa in Wichita county, and is collecting soil specimens from tracts where alfalfa has been successfully raised, also from farms where it has been tried and failed. He will have these specimens analyzed to determine what elements are needed to make Wichita county soil good for alfalfa. Mr. Campbell has just come from the farm of Ed Pray, down Wichita river; Mr. Pray has thirty acres in alfalfa and has been very successful with it.

Mr. Campbell says that wheat is very promising and is probably better than at this time last year; while the straw is not so thick or heavy—the

general condition of the plant is better. Corn and oats are also doing splendidly he says, but some cotton will have to be replanted on account of adverse weather conditions. Another good rain or two ought to make a record wheat crop, Mr. Campbell says.

### GREAT REMEDY FOR INDIGESTION AND GASTRITIS.

A Postal Will Bring Trial Treatment and a History of Famous People

**MIONA Stomach Tablets** surely do end all indigestion and stomach misery and to prove it we will send a trial treatment, an interesting booklet, and tell you exactly how to banish all stomach trouble and put your stomach in fine shape.

Just say on a postal or in a letter "Send me trial treatment of MIONA" and you will never be sorry—address Booth's MIONA, Buffalo, N. Y. Foots & Lynch sell a whole lot of 50 cent boxes on money back if dissatisfied plan.

Princess AUGUSTINA VICTORIA

Berlin, April 28.—Ex-King Manuel of Portugal and his future bride, the beautiful Princess Augustina Victoria seem to be very much in love. They are seen together frequently and they are a handsome couple. The former ruler has a pension of \$3,300 a month, and, as the family of the princess is wealthy, they will be able to set up housekeeping in very good style.

### CARPENTERS' ENTERTAINMENT

WICHITA FALLS LOCAL NO. 977 HOST TO MORE THAN 300 GUESTS

#### A GOOD TIME ENJOYED

Program of Speeches and Music Followed By Splendid Refreshments

Over three hundred persons enjoyed the hospitality of Wichita Falls Local No. 977, Carpenters and Joiners of America when they held an open meeting in the Moose Hall Thursday night. Members of the union, their families and friends, made up the roll of those present and spent a very delightful evening.

The meeting was opened with a program of music and addresses and was followed with refreshments of delicious ice cream and cakes and candy served on a table more than a hundred feet long in the banquet room of the hall. This table was twice filled with the guests of the local and the long rows of diners made a most pleasing sight.

President Stout of the local was master of ceremonies and presided with grace and dignity.

In the program preceding the banquet the first number was an address by T. W. Scott, who told something about the organization and the history and status of the Wichita Falls local. He said the carpenters union had 250,000 members enrolled in Texas and that the national organization had a balance of \$250,000 in its treasury. Twenty-five thousand dollars was spent last year in death benefits alone. The Wichita local at one time had a membership of 250 members and while it did not now have that many it was in splendid shape and its members were held in highest respect.

Following Mr. Scott's address a pleasing musical number on the piano and violin was given by Mr. and Mrs. W. T. Pedigo.

The chairman then introduced Judge P. A. Martin incidentally stating that one of the state organizers of the union who had promised to come was not there. All of his hearers, however, agreed that Judge Martin made as good a union talk as any organizer could have done.

He said that he himself was in hearty sympathy with union labor and believed that every well wisher of our country should be. He sketched briefly the steps in the attainment of the laborer to a position of dignity, declaring that in America the laborer was first given honor according to his true work. "He said that in the liberties given its citizens by America; however, arose threatening situations. One of these was the right given wealth to combine in great corporations and combinations and the other was the aggrandizement of great wealth among individuals and the formation of an aristocracy of wealth.

America, he declared, had been saved from such an aristocracy and the serfdom of the laboring classes by two things. One of these was the fertility of its soil and its immense public domain open to every citizen of the republic. The other, and more potent influence was the organizing the laboring men themselves to answer the cry of the street and vice and oppression.

Whether a man belongs to a union or not, the speaker said, he gets the benefit of its efforts and he said it looked a little to him like a man who was working at a trade and not a member of the union was getting something for which he was not paying.

He said that he believed the world was growing better; that humanity was growing better; that the country, state and community were better, and that there was more of the spirit of brotherly love and humanitarianism manifested than ever before. He pointed to the proposed income tax bill now before Congress as a means of making wealth pay its just proportion of the taxes and cited the recent strike in Belgium as showing the power of the workingman when united and organized.

The speaker closed saying that ours was becoming more and more a government by law in which the government was more and more extending its protection to all classes and conditions of men and that no man would be allowed to wrong his fellow man.

A piano solo by Miss Brooks intervened between Judge Martin's address and a short talk by Hon. Edgar P. Haney.

Mayor Bell, who was the last speaker, said he felt at home with union men as he had been a union man himself having organized the first Farmers Union in this section of the country. He said that if he were a carpenter he would belong to the carpenters' union. He urged his hearers, however, not to expect the union to do everything for them, but to remember that their individual effort must be the big factor.

To Stop the Cough—Cure the Tickling Sneeze or mop the throat with the wonderful Eucalypti. DR. POKER'S ANTISEPTIC HEALING OIL. It cures in One Day. Full directions with each bottle. 25c, 50c, \$1.00.

### WADE'S STUDIO

Secure the shadow ere the substance fades. Come and have your picture made. At the Tenth Studio of L. Z. Wade.

I make them all look so sweet And frame them too, so cute and neat I make them large or make them small For Albums, cases or the wall.

### A SURE REMEDY FOR LAZY LIVER.

Go to Miller Drug Store for this Safe, Reliable Remedy and Get Your Money Back if it Fails

There are very few remedies that gain the confidence of druggists as Dodson's Liver Tonic does. Miller Drug Store sells it and backs up the sale of every bottle with the money back guarantee that the price will be refunded if it fails to give complete satisfaction.

Dodson's Liver Tonic costs 50 cents a bottle. It is the best and best remedy for torpid liver, constipation, biliousness, etc., that has ever been sold in this country. It takes the place of dangerous calomel and does not lay you up as a dose of calomel often does. A bottle in the house is as good as fifty cents in the bank. If you or your family need a liver tonic you have the medicine ready. If it fails you get your money back.

Be sure you get Dodson's Liver Tonic when you ask for it. There are imitations of it that may disappoint you.

### Monday First Monday

Next Monday, May 5, is First Monday, and will be observed by the usual Trades Day here. Since this plan was inaugurated last summer, it has always been the occasion for meetings of horse-traders and others, although little publicity has been given this day.

Large numbers of farmers and horsemen come to the city on First Monday and considerable trading is done, the day having come to be recognized as an institution by them. It is planned to make it still more of an occasion here this summer and to bring larger numbers of farmers here.

### MRS. HOWARD WAGNER

Writes Personal Letter To Her Druggist About a Bad Cough

Mrs. Howard Wagner of Milton, Pa., writes her druggist as follows: "For two months I suffered from a bad cold, from which I could get no relief, then I began to cough and would cough until midnight every night. I consulted a doctor and took two kinds of medicine, but without benefit. One day seeing Vinol, your cod liver and iron medicine advertised in my paper, I sent for a bottle. After taking it the second day I did not cough so much and felt stronger, and at the end of a week I could go to bed and sleep without coughing once. I have now taken in all, six bottles, and I never felt better in my life. I have a fine appetite and have gained twelve pounds. As Vinol has helped me so much I want others to know about it."

The curative and strengthening properties of Vinol built up Mrs. Wagner's health and her cough disappeared as a natural result.

We guarantee that Vinol will do all we claim and will pay back your money if Vinol does not satisfy you. For sale by Miller Drug Store.

Those authorized literature on Christian Science may be read or purchased. The public is cordially invited to attend the services and visit the reading room.

RAILROADS LOWER REUNION RATES

(Continued from Page 1) One by one others fell into line. And last week J. F. Lebane, general freight and passenger agent for the Cotton Belt, went to St. Louis to get into the matter thoroughly with President Britton. Mr. Lebane was in Fort Worth Monday and in an interview expressed himself as confident that the rate would be restored, and that he was right is shown by the action taken.

TODAY'S MARKET REPORT

New York Cotton Spots, New York, May 2.—Cotton spots closed quiet today. Middling upland at 11.85; middling Gulf at 12.10. Sales 4,300 bales. Fort Worth Livestock, Fort Worth, Texas, May 2.—Cattle receipts today 9,200. Steers steady to ten cents lower at \$6.00 to \$7.35. Hogs receipts 1,000, market steady, \$8.50.

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, was probably tried more different diets than the average person would ever use in a lifetime. When he has to say about his experiences, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind. He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles. I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could well be. I must say that after taking two 25-cent packages of Theford's Black-Draught, it did me more good than all I ever spent for other medicines. I have been working daily on the farm ever since, and I am as hard as iron." This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's Theford's. Three acts from the big vaudeville circuits opened at the Lydia Margaret last night. Don't miss it tonight.

Examinations for teachers' certificates are being held at the court house today, with several applicants. County Superintendent R. M. Johnson is in charge. Misses Violet Hall, Nell Hall, Irma Shelton and Evelyn A. Hogan are candidates for second grade certificates, and W. F. Temis is being examined for first grade.

The new bill at the Lydia Margaret last night was pronounced a very strong one.

For Saturday I offer green beans, celery, squash, lettuce, spinach, radishes, green onions, strawberries, pine apples, fresh tomatoes and new potatoes. C. H. Hardeman, phone 432 and 232.

For sale, guns, bicycles, baseball, lawn tennis goods and fishing tackle at reduced prices for cash only. E. M. Whitney, 711 West 8th street. 3 2tc

Taylor Hudson, until recently in the general offices of the Wichita Falls Globe, has established a window cleaning and polishing business with offices in the Friberg building. The concern will make a business of cleaning store windows and household cleaning, and will employ responsible help for the work.

Happy Doc Holland, the destroyer of sorrow at the Lydia Margaret last night.

An electric piano has been installed on the dancing room at the Lake pavilion and parties desiring to dance there may secure good music by this means. The piano's music is loud enough for dancing and dances may be held on short notice without having to employ an orchestra. 2 7tc

For Saturday I offer green beans, celery, squash, lettuce, spinach, radishes, green onions, strawberries, pine apples, fresh tomatoes and new potatoes. C. H. Hardeman, phone 432 and 232.

Dr. Holding, dentist, office 206 Kemp & Kell building. Phone 206 129 tfe

Mr. Tracy made a decided hit last night in his impersonation of a boy lover boy. Don't miss it tonight.

Dr. Nelson, dentist. Phone connections. 13 tfe

The funeral of Bessie, the one-year-old daughter of Mr. and Mrs. J. S. Elmore, was held yesterday from the family residence in North Wichita, burial being in Riverside. Rev. J. L. McKee officiated.

My motto: Miller sells it for less.

Dr. Prothro, dentist, Ward building, Eighth Street. 50 tfe.

A meeting of the Boy Scouts who are to take part in the firemen's parade will be held next Tuesday night at which officers will be appointed for the pageant. The boys are being drilled regularly and hope to make a very creditable showing.

Miss Stull will open her dining room on May 2 at 807 Eighth street. Good first class meals by the week or month; reasonable prices. Come and see me. 3 2tc

The moon shouter—Happy Doc Holland will appear at the Lydia Margaret again tonight in some more of his favorite ballads such as "Bonnieville Colored Band," "How, How, How," "Good Old George," etc. Don't miss it.

Garcia and Hemingway, the real Spanish singers, have excellent voices. Hear them tonight at the Lydia Margaret.

For Saturday I offer green beans, celery, squash, lettuce, spinach, radishes, green onions, strawberries, pine apples, fresh tomatoes and new potatoes. C. H. Hardeman, phone 432 and 232. 4 tfe

The management of the baseball team announces that Sunday afternoon's game between Wichita Falls and Paris will be played at the city park instead of at Lake Wichita.

Electric fans have now been installed in the Moose Hall, and the regular Saturday evening dance will be given on Saturday May 3rd. 2 2tc

My motto: Miller sells it for less.

The work of the Wichita Falls public schools is on exhibit today at the high school and this afternoon a large number of patrons of the schools visited the exhibit, finding much of interest. The work covers practically every department of school work and gives parents their first opportunity they have had in some time to see what the children are doing. Refreshments prepared by the domestic science department are an enjoyable feature.

The Wichita rooming house, located at 504 Scott Avenue and owned by A. Dodson, was sold yesterday to J. R. Harcle of Tulsa, Texas, for the sum of \$700. The sale was made through the real estate agency of Lyon & Paris.

Don't Experiment with Untried Flours When You Can Get The Belle of Wichita Years of service in the homes of Texas have proven its merit.....

Canton Implements The great P. & O. line of implements need no recommendation; every implement is sold under a guarantee. ENTERTAINMENT TONIGHT—FIRST METHODIST CHURCH The Ladies Aid Society of the First M. E. Church will give an entertainment in the basement of the church, corner Seventh and Lamar streets, tonight at 8 o'clock which they will present an amusing play entitled "How We Formed a Club." Members of the society will fill the cast of characters and it will be well worth going to see. An admission of 25 and 15 cents will be charged. The entertainment will be enlivened with music, a feature of which will be a male quartet. 4 tfe

MONEY IN POULTRY RAISING IN WICHITA COUNTY. The poultry industry of Wichita county is assuming large proportions and the hen is contributing her share towards lifting the mortgages and swelling the bank accounts of the farmers of this county. The Federal Census reports, which contain data gathered in the spring of 1910, show a total of 47,749 fowls, valued at \$20,279 on ten farms of this county. The annual poultry production of 1909 was 46,223 head of fowls and 210,048 dozen eggs which had a combined value of \$68,873, according to the report.

Poultry raising in Wichita county, when properly conducted, can be made a most profitable investment. The conditions are ideal for breeding and raising chickens, ducks, turkeys and other species of domestic fowls and our climate makes expensive poultry houses unnecessary. There are 13,670,000 head of fowls on the farms of Texas and the annual poultry and egg production which is largely consumed at home is valued at \$23,000,000. Probably two

to five per cent of our products find its way to northern and eastern markets. Lutheran Church (Mo. Synod) (Corner Eleventh and Holliday) Sunday school (German and English classes) at 9:00 a. m. Bible class at 9:45 a. m. German morning worship at 10:30. English services at 8:00 p. m. Choir meeting at 2:00 p. m. Ladies Aid Society at 2:30 p. m. Everybody cordially invited to attend our services. C. M. BEYER, Pastor.

JULIA ANDERSON IDENTIFIES CHILD AS HER SON. Oryolous, Ia., May 2.—Paralizing the changing doubts and uncertainty that characterized the acts of Mrs. C. E. Dunbar when she went to Columbia, Miss., to identify the child taken from the tinker, W. C. Walters, whom she finally claimed as her long missing son, Robert, and Julia Anderson who came here a few days ago from South Carolina, after a second examination of the boy today declared she believed him to be her son, Bruce.

THE FLOOD-PRICE SALE CONTINUES Thousands of Dollars Worth of Fine Custom-Tailored Suits are Offered at Less Than Half Their Value..... The floods in the Ohio valley left the manufacturing tailors with tremendous quantities of material for suits, suits made of the finest materials and hand tailored to a nicety not often seen in the west. In accordance with our contract they are shipping these suits to us daily. Until our capacity is exhausted and we must sell them. The price now is no object, we must sell them and for the next few days you can have TWO SUITS FOR THE PRICE OF ONE These suits are of this spring's make and style, made of the very best wools, with the highest quality of linings and trimmings. The workmanship is from the hands of most skilled tailors in the world. Here are the prices. SUITS! SUITS! Fine tailor made suits worth \$18.00 go for \$10 00 Fine tailor made suits worth \$20 to \$22.50, go for \$12 50 Fine hand tailored suits worth \$25.00 to \$30.00, go for \$15 00 Extra fine and as good as the tailors can make, worth \$35.00, \$40.00 and up to \$45.00 go for \$18 00 PANTS! PANTS! Take advantage of this sale. Buy that extra pair of pants for Spring. ### DRILLERS PLAY 15 GAMES HERE

CRIPPLED TEAM COMING HOME EXPECTING TO RETRIEVE ITS FORTUNES

### FANS ARE UNDISCOURAGED

In Spite of Poor Showing Thus Far They are Confident That Luck Will Change

With a road record of three games won and ten lost and with the nine crippled and disorganized for most of the two weeks away from home, the Drillers will be back home tomorrow, opening the at-home season with Paris, which this week defeated them three times.

In spite of the poor showing made so far, the fans for the most part are undiscouraged and very few have lost faith in the team. The Drillers have spent twice as much time on the road, so far, as any other club in the league and this, with other conditions, has kept them from making the showing of which they are believed to be really capable.

Bill Guthrie, who is among the cripples, has already returned with a bad leg.

"All the breaks have been against us," said Guthrie, "it looked like every time we made an error it cost two runs and every bit of bad luck has been expensive. The team has been crippled but it is getting into shape now."

Several changes have been made in the line-up since leaving home. Lawson, a Paris outfielder, has been signed and Hofnack is doing duty behind the bat; Rosamond was released; Hofnack formerly played with Henrietta and there has been a marked decrease in stolen bases since he went with the team. Covington, formerly a Denison pitcher, is now with the Drillers, and other changes are contemplated. Nicholson is holding down first base, Kizzlar being on the disabled list.

Wichita Falls is not the only team that has had trouble with Nugent, the umpire who forfeited Wednesday's game to Bonham. Denison also mixed matters with him and went into the courts to get relief. The at home schedule for the fifteen days beginning tomorrow follows:

- May 3, 4, 5—Paris.
- May 6, 7, 8—Texarkana.
- May 9, 10, 11—Bonham.
- May 12, 13, 14—Sherman.
- May 15, 16, 17—Durant.

The team goes to Denison for three games, returning here May 21

### DRILLERS KEEP UP THEIR LOSING STREAK

Team Comes Home Tonight for Fifteen Games Starting Saturday Afternoon

Bonham, May 2.—The Drillers kept up their losing streak yesterday here and didn't seem to have much trouble in doing it. The score was 13 to 1, Corzine, the Bonham twirler, allowing only three hits while Jones was in poor form and was hit almost at will. The score:

Wichita Falls	H. O. A. E.
White, rf.	1 1 0 0

Summary—Runs, Phillips, Heck, Sporn, 2; Nichols, Penner, 2; Dorsey, Leslie, 2; Basham, 2; Corzine; home run Dorsey; three-base hits, Leslie, Basham; two-base hits, Jones, Basham, Heck; base on balls, off Jones 2, off Corzine 2; left on bases, Wichita Falls 6, Bonham 7; double plays, Seebach to Nichols, Leslie to Nichols; first base on errors, Wichita Falls 1, Bonham 2; stolen bases, Sporn, Nichols, Leslie, Basham 2.

for three games with Ardmore, after which it takes the road again.

### Sherman Beats Ardmore

Sherman, May 2.—Sherman won Wednesday's game from Ardmore by a score of 5 to 2. Appleton, sent from the Fort Worth Panthers to Sherman, struck out seventeen men and allowed but three clean hits and two of the scratch variety. In the sixth inning Ardmore sent Allen to the rubber to relieve R. Naylor, and off Allen's delivery in that one inning Sherman made four scores.

### "IRISH LADS" NEW HOME TALENT TEAM

New Team Wants Games With Semi-Professionals and Amateurs

An all home talent baseball team has been organized under the name of the Irish Lads and is ready to meet any amateur or semi-professional team in Oklahoma or Texas or will play with professional teams also.

Some of the players on the local team have played with semi-professional teams in Kansas and Oklahoma and the Irish Lads ought to make it interesting for any team which will meet them.

The team has new uniforms of gray with blue belt and gray socks. It is organized with Charles Martin as manager and E. A. Dunn as captain.

The following are the members: Hegsel, catcher; Trotter, second base; Malcolm, first base; Lunn, third base and captain; Owens, shortstop; Middlehurst, center field; Miller, right field; Crier, left field; Webb, Fox and Fitch, pitchers; Gouchie and E. Smith, utility.

This team had arranged for a game at Electra a week ago last Sunday,

but circumstances arose which made it necessary to cancel the game. The team would now like to arrange for another game with the Electra team.

### Paris Wins in First Inning

Durant, May 2.—Paris scored five runs off Towers in the first inning today on three passes, three errors, a passed ball and two hits, and pounded Gordon, who relieved him, for eleven hits and eight runs. Robinson drove in three runs and scored another himself, with a home run in the fourth. Three doubles and two singles gave Paris four more in the seventh. Weber at second played a sensational game for the visitors. Hennessy for Durant got two home runs and a single out of four times at bat, but the bases were empty when the long drives were made.

The score: R. H. E. Paris 5.....500 400 400—13 13 1 Durant 2.....200 110 100—5 8 4 Batteries—Brown and Jutes, Towers and Hermon.

Cameron—The \$150,000 good roads bond election recently held in justice precinct 1 of Milam county resulted in an overwhelming victory, for the bonds. This is the second district to vote a good roads bond issue in Milam county, Gause having voted a \$50,000 issue April 1.

There'd be but one shoe if everyone knew—Selz

## Mr. F. M. GATES

of Carroll-Brough-Robinson-Gates, said to the writer the other day: "Hines, that Selz Shoe, you handle down there is sure a good one. I wore that shoe for ten years before I came to Wichita Falls, but never could find it here. Therefore I have had trouble in finding a shoe that just exactly fits my foot. I used to put on a Selz Royal Blue Shoe and the first day I wore it, it felt just as good as the last day."

Selz makes a shoe on a last that fits your foot, and when a shoe fits, it doubles the life of the shoe, holds its shape and retains its dressy appearance until worn out.

We sell for cash, thus eliminating the bad account loss; have reduced our selling expense to the minimum, therefore we can sell you the best shoe in the country for what you have been paying for a poorer one. Remember every shoe with the name Selz stamped on it has a guarantee of satisfaction. The strongest guarantee that can be put on a shoe. We couldn't guarantee a poor shoe. Look for the name.

**THE SELZ GUARANTEE**  
The name Selz stamped on the sole of a shoe is a guarantee of satisfaction. Remember, your dealer is authorized to see that you get satisfaction from every pair of shoes bearing the Selz name.

## A Visit to the Gold Mine On Deep Red in Oklahoma

(Lawton News and Star.)

For two months, or more, rumors have been drifting into this office, and stories appearing in our country exchanges, regarding the gold mining operations being carried on down in Tillman county, just over the line of Comanche, and 35 miles from Lawton. On Monday last, E. L. Gregory, editor of the News and Star, accompanied by Kelsey H. Polk, Frank Mangan and Walter Smeeth, all of whom are connected with News and Star, made a trip to the scene of the mining operations for the purpose of investigating conditions there.

At Indianola they obtained directions which enabled them to locate the mining camp, which is on the west bank of Deep Red, 13 1/2 miles south west of Indianola, and eight miles northwest of Manitou. At that point on a farm belonging to William Getz the scene of the mining operations was reached.

Here there is located a new frame and corrugated building, 40x30 feet with an ell about 20x20 feet. The building is practically windowless and was securely locked up, the plant not being in operation. A watchman was in charge who informed the News and Star representative that work was discontinued on Saturday the 19th inst. and the "clean-up" was taken away for assay. After some search, the superintendent of the company operating the mines, R. A. White, was located, and he with one of the miners engaged in the work, rigged up a scaffold by means of which the newspaper men were enabled to get a good view of the interior of the building described above. It contained quite a complete, although not extensive, outfit of machinery, consisting of an elevator with hopper on the outside of the building, this elevator hoisting the material to a cylinder screen located at the top of the building. From this screen the coarser material is discharged into a dump on the outside and the sand and fine gravel are carried through a series of spouts to three or four in the building. Water is supplied by a galvanized tank located on a hill 75 or 100 feet from, and a little above the plant. Into this tank it is pumped from Deep Red creek 150 yards away. Power is supplied by gasoline engine located within the plant.

**Location of Mines**  
So much for the equipment. The mines are located on a gravel bar in a bend of Deep Red, about a quarter of a mile from the plant. The material is dug up with an ordinary drag scraper and is loose enough to be taken up by the scraper, without plowing. It is loaded in wagons and hauled to the plant, there dumped into the outside hopper above mentioned, hence elevated to the screen. At the time of the visit of the representative of the News there had been excavated a pit six feet long, 15 to 19 feet wide and seven or eight feet deep. The wall of this pit showed a stratified formation of gravel, clay and thin streaks of black sand. But little of the top had been thrown aside, there being "pay dirt from the grass roots," as Mr. White informed us. The pit in which they were working is located some 50 yards from the bed of Deep Red, and a bottom or bar of identical formation, spread out between the creek and the bluff, comprising 10 or 15 acres. This bottom, Mr. White said, had been prospected by means of test pits and the material taken by a top to bottom sample showed an assay of about \$2.25 of free gold per ton of matrix.

**Getting in Shape**  
As will be seen from the above description the plant has been in operation only a short time, and its methods have been somewhat primitive. Yet, quite a lot in the way of preliminary preparation has been carried out, and the concern is in shape to handle lots of material from now on. Mr. White said that it was contemplated to equip and install an overhead cable-way system, by means of which material could be carried to the plant much cheaper and more rapidly. The expense of the installation of this improvement was all that delayed its putting in. It would, without doubt, be the ideal method of handling the material, and would reduce the expense of mining to a mere nominal cost. If the assay of the present clean-up shows the material being handled to be rich enough to pay for handling it at all, the cable way system should surely be installed.

It was stated by Mr. White and W. P. Oakes, who was also connected with the operation of the plant, that there had been invested altogether about \$20,000 in the plant and equipment, and that ten men were employed in its operation and mining.

**Had to be Shown**  
The newspaper men claimed to be "from Missouri," with reference to there being gold, sure enough gold, in the very ordinary and everyday looking gravel bed where the mining was being done. To satisfy them and remove their manifest skepticism the automobile was sent to the shack of one of the miners, half a mile away and two "panna" procured. Into these pans one of the pencil pushers "grabbed" with his hands all the material it would hold, the pan was taken to the creek and "washed out." In the bottom was seen to remain some infinitesimal flecks of what the experts present pronounced "color." As a further additional test, the party walked over the creek to where a ledge of rock

formed a miniature dam across both streams and bottom. Mr. White informed us that at the upper side of this natural dam the best "pay dirt" was found. A shovel was obtained and the pans again filled and washed. This time the "color" was much more perceptible. Some nuggets the size of an exceedingly small pin head were in black sand left in the bottom of the pan after washing was completed. The residue out of one of the panning pans given to Col. Gregory who brought it to Lawton, and has placed it on exhibition in the window of Moll's jewelry store, on Fourth street.

**Sure Enough Gold**  
The "concentrates" (sand and gold in the bottom of the pan after the washing) show but very little gold visible to the naked eye, but under a magnifying glass, about the intensity of an ordinary linen tester, the black sand was shown to be literally "filled with gold." The dust (gold) is very fine, and there is no doubt a large part of it will go out in the tailings under the present methods in use by these people.

No quicksilver is used in assembling it, simply washing down to the form of concentrates being followed, and these concentrates taken off the tables by washing. No doubt much of the gold in its finely powdered condition is carried off in the tailings.

Deep Red creek above this plant runs entirely through a prairie country. Mr. White and Mr. Oakes told us that they had "panned" the creek from its source to its mouth and that practically every bar carried gold. That which made the best showing in the particular stretch of creek which they have under lease, "but," said Mr. White, "we don't claim to have it all, nor even the bulk of it. There is room for plenty of plants like ours."

**The Gold is There**  
One thing the News representatives became entirely satisfied of: That is, that the gravel bars and gravel bottoms along Deep Red which were visited by them contain gold dust interspersed in the gravel. As to the quantity they cannot speak, nor of the richness of the deposit. But that a deposit is there which will show "color" in practically every pan, "starting from the grass roots," they were fully convinced. The geological formation of the locality, as revealed by gullies seems to be a conglomerate of gravel and clay, the clays being red, bluish-white and terra cotta. The rock out-crops are a flint and fine pebbles, cemented by a sub-conglomerate of river gravel, quartz substance resembling burnt clay. The bluffs of the creek are framed of strata of the clays above described, in which at places is embedded boulders of flint-quartz conglomerate, sometimes in stratified formations. There are numerous fragments of granite and quartz distributed over the surface of the bluffs and projecting from the banks of gullies. A crusher is needed in handling the material.

The parties operating at the Getz farm are organized as a corporation under the name of the Deep Red Mining and Milling company. The list of stockholders is as follows: J. A. Armour, Manitou; R. A. White and T. White, farmers residing near the property; Wilbur Glass, Waterton, Waterton, South Dakota; C. Griffin, Butler, Missouri; A. J. Kidder, Manitou, and E. A. Williams, Wildman, Oklahoma.

Thomas Fisher, of Roosevelt, Oklahoma, is the mining and constructing engineer who put in the plant and is, we are informed, supervising its operations. He is likewise a chemist and has made many assays of the product of the company, although a large number of samples, some very bulky, have been sent to the United States mint at Denver, Colorado, for assay, and it was on the result of these assays that the expenditure was determined upon by the company in putting in the present plant. The company is capitalized at \$120,000 of which \$100,000 is held by the ten stockholders, there being \$10,000 held in the treasury for use as a development fund when exploitation of the property has been carried far enough to show a value which will make the stock salable.

Those in charge of the property seemed quite willing to show it to the newspaper men, except that the key to the plant "could not be found." The company claims to have about 1,000 acres under lease along Deep Red creek, for which they are paying the land owners ten per cent of the net product of mining. They own one tract of 80 acres.

These "mines" are very interesting to see, but there is absolutely nothing spectacular about them. It is a very ordinary prairie country of not very good looking soil, and the "plant" looks like a big country barn. Yet it is quite possible that these people have started an industry down there that will make cities out of Indianola and Manitou, the two nearest railroad points and be productive of great wealth. The News and Star wishes them all possible luck.

**KNIGHTS OF PYTHIAS LODGE AT ELECTRA**

G. S. PENTECOST, Gen. Pas. Agent } Fort Worth, Texas

R. S.; L. J. Crawford, M. A.; Dan Moore, I. G.; A. Simmons, O. G.  
The lodge starts off with a membership of twenty-six, and four candidates were given the first rank last night. Iowa Park lodge was present in full force and did the initiatory work which was done in a very creditable manner.  
After the work was over, a luncheon was served in the hall, and all went away in a happy frame of mind.

The lodge will meet every Tuesday evening at 8 o'clock.—Electra News.  
We do only first class plumbing and gas fitting and guarantee to please you in work and prices. J. L. Moore, 809 Tenth street, phone 236. 99 310

**MEMORIAL SERVICES**

**AT IOWA PARK**  
A very large crowd was present last Sunday afternoon at the Methodist church, where Memorial services were held. The day was a beautiful one and ideal for Memorial day.

The Cemetery Association had charge of the meeting, the president Mrs. Dale Brown, called the meeting to order and a short business session was held. The following officers were elected for the ensuing year:

President, Mrs. Dale Brown; first vice president, Mrs. C. H. Clark; second vice president, Mrs. M. A. Love; secretary, Miss Minnie Troutman; treasurer, Mrs. J. A. Tanner.

The program was a splendid one, the music was much enjoyed. Rev. H. B. Johnson delivered a fine address. After the services at the church a large crowd went to the cemetery, where they decorated the graves of their loved ones.

It is the Association's intention to have the entire cemetery cleaned and in order to do this more money will have to be raised. Mrs. M. A. Love will call on the members for their dues, and will be glad for all who can do so to assist in a financial way in order to improve our cemetery.—Iowa Park Herald.

Mrs. W. J. Nolen will open her dining room May 1st at 1700 Indiana avenue. 98 ttc

**MISCELLANEOUS.**

Money to loan on farms and improved city property. Money advanced when abstract is complete. Monroe Bros. phone 720. 99 ttc

### How the Housewife Can Preserve Eggs Perfectly.

The following is taken from the current issue of Farm and Fireside:

"The are just two methods of storing eggs for future use that are worth considering. The first of these is to place them in a cold storage plant until needed. The other is to keep them by the use of water glass, or silicate of soda. This last is more convenient and for the family costs less.

"Eggs kept in a solution of water glass for eight months are practically as good for every kitchen purpose as fresh eggs, except for the purpose of boiling. To be boiled successfully a small hole should be made with a needle in the large end of each egg, to permit the exit of air from the egg which otherwise will burst the shell.

"Water glass is not a preservative. The eggs keep in it by reason of being hermetically sealed in their shells. The eggs to be kept should be perfectly fresh, and clean. It is better that the eggs be infertile, though this is not necessary.

"Another requisite is that the receptacle in which the eggs are placed be of stone, earthen ware or wood and not of metal, which might rust and discolor the eggs, and that it be perfectly clean. The eggs may be stored all at one time, or as gathered from day to day.

"Water glass may be bought at any drug store at from fifty cents to two

**PERSONAL MENTION**

Robert Baskin of Seymour was a visitor to the city today. He was on his way to Fort Worth.

S. P. Hawkins of Burkburnett, one of the oldest settlers of this county, and who is the owner of one of the best Red River farms, was in the city today. Asked as to crop conditions, he says that corn crops are looking fine, but was not very optimistic as to wheat and oats, though he feels sure that another good rain will make it so that an average good yield of small grain crops will be made.

Mrs. T. F. Patterson returned this morning from a visit to Houston and Pittsburg, Texas.

Dr. Wade Walker went to Electra this afternoon on business.

Wiley Blair left this afternoon for Amarillo.

Mrs. C. W. Martin of Fort Worth returned home this afternoon after attending the funeral of her cousin, W. E. Cobb.

Frank Cobb returned to Dallas this afternoon.

Mrs. E. C. McIlhenny of Seymour passed through this afternoon en route to Decatur to visit relatives.

**"Drops" in Eyes**

Are not necessary, nor does it lend accuracy in results to suffer the distress and inconvenience of having the pupils dilated in order to get correct glasses. In fact, glasses fitted when the eyes are in this unnatural state often prove unsatisfactory.

**BY OUR METHODS**

Successful tests for eyestrain are made while the eyes are in their natural condition and glasses fitted as needed—and we guarantee them to be satisfactory.

**TOILET REQUISITES**

are no longer classed as luxuries but are now considered necessities by the woman who cares. And the woman who does not care usually has more wrinkles than roses and is about as attractive as a last year's circus poster. A woman's dress and toilet are of great importance to her. They make up her appearance which either attracts or repels and make her popular or unpopular.

Too much care cannot be exercised in the selection of toilet goods, poor or cheap toilet goods are worthless and to buy them is to waste your money.

Our toilet department is the most extensive in Wichita Falls and we carry nothing but standard lines. We can please you in this department, however discriminating you may be in your selections.

# ANOTHER MURDER BY THE GANGMEN

### "JERRY THE LUNCHMAN" SUSPECTED OF SQUEALING MEETS DEATH

## FIVE GANGMEN ARRESTED

New York, April 29.—Suspected of "squealing" to the district attorney, Jerry Malda, known as "Jerry the Lunchman," met his appointed death on Forty-first street near Broadway early today. He was shot down by gangmen only a few blocks from a police station. Five policemen in the immediate vicinity heard the shots and pounced upon five men near the scene whom they have accused of the killing.

## MOTHERS' PENSION IN PENNSYLVANIA

Harrisburg, Pa., April 29.—Pennsylvania is to test a mothers' pension system, Governor Tener having approved the act recently passed by the legislature for a county system of pensions for mothers.

## BRYAN REACHES SACRAMENTO

Sacramento, Cal., April 28.—Secretary of State W. W. Bryan arrived in Sacramento today to confer with Governor Johnson and the California legislature concerning the proposed anti-alien land-holding legislation.

## WAR SPEECHES IN CONGRESS TODAY

Washington, April 28.—A war speech in support of the proposed California alien land law was delivered in the House by Representative Sisson of Mississippi, this morning.

develop under these environments? You men have had the ballot for several generations and have always voted for the same conditions. The cost of living has steadily advanced and the conditions of labor have grown worse under your management. Is it not time women were taking some part in making the laws that govern them? Could they possibly do worse than you have done? Raising hell! What else could you expect of self-respecting women when they live in such a hell as most of them do and have such old devils as you to put up with? If I was a woman I swear, I would not marry a man who did not pledge his support to woman suffrage, for I would not

consent to bring children into the world—girls to become slaves and boys to grow up into such stupid "he" animals as most of them do.

JOHN H. STOKES, Wichita Falls, Texas.

LIFE INSURANCE POLICIES SUBJECT TO TAXATION

By Associated Press. Austin, Texas, April 28.—The attorney general's department today advised the comptroller's department that life insurance policies drawing dividends were subject to taxation the same as other dividend paying property. It is probable a test suit will be filed.
