

### A Rich, Snappy Cold Meat Sauce

PHONES 432 and 232

AUTO DELIVERY

Now come the days when cold meats will be very much in favor for the home table or for out-of-door lunches.

You have had SNYDER'S CHILI SAUCE at times so you know the quality.

Use it liberally during the summer season and enjoy your cold meats or fish just about 50 per cent more.

A large bottle of it is only 35c.

Just a suggestion for your outing sandwiches—put a dash of this Chili Sauce on the cold meat that you use on them and you will want twice as many.

It always makes a hit at picnics.

Do not fail to attend our Demonstration 5th, 6th, and 7th. Every one cordially invited.

#### FRISCO CONTROVERSY FINDS WAY TO SENATE.

Washington, June 7.—Senator Kenyon today introduced a resolution instructing the interstate commerce commission to investigate the acquisition of the Chicago & Eastern Illinois railroad by the St. Louis & San

Francisco and the subsequent receiverships of both roads.

The resolution called for detailed information on the transfer. Senator Kenyon asked for unanimous consent for immediate consideration, but Senator Jones objected and it went over.

Thirty-Eight Cars of Alfalfa Shipped—Wheat Binders Now in Operation

(Frederick Enterprise)  
Although the first cutting of alfalfa was somewhat short, owing to a lack of winter moisture, there have been shipped thirty-eight cars of baled hay from Frederick.

Wheat cutting has been going forward during the past week, with binders in hundreds of fields in Tillman county. In most cases it is believed that the yield will be most satisfactory. Many farmers believe their wheat will make a larger yield per acre than it did last year, whereas it has been but a few weeks ago that they were on the point of plowing up their wheat fields and planting them to cotton. This is strikingly illustra-

tion of the power of Tillman county to quickly recuperate and a testimonial to the wonderful fertility of the soil here.

Some farmers have been seeing a need of rain the past week, for cotton and corn, although both of these products are making rapid growth. Exceedingly warm weather the first part of the week was good for all growing crops, as there had not been enough of warm weather. Wheat harvesters, also, have welcomed the sunny weather. So fearful were many farmers that the ideal conditions for maturing would not continue, that they put in a full day Sunday with the binder.

Both binders and headers are going out in large numbers from Frederick, and evidences of activity in the wheat fields are present on every hand.

A succession of showers began falling in Tillman county Monday evening. The Loveland community and a section of country on southeast of there received a good rain Monday evening. Some hail fell, damaging crops on a few farms. The area covered by the hail was small, however. A brief shower which sufficed to lay the dust came up from the south Wednesday afternoon, giving relief from four days of sultry weather. This was followed yesterday morning by a harder rain, which gave the ground a thorough wetting. Crop prospects are at present most encouraging.

#### VERNON GETS REDUCTION IN FIRE INSURANCE RATES.

(Vernon Record)  
The reduction of three cents in the local fire insurance key rate brought about by the establishment of the office of fire marshal has been officially promulgated by the fire rating board, notice of which was sent the local city authorities and the local insurance agents this week. The reduction becomes effective June 1st and will affect all fire risks in the city.

The key rate is now sixty cents, the reductions for the year amounting to fourteen cents, which means a saving of thousands of dollars annually to insurers of Vernon in premiums. A reduction in the final rate of three per cent was also secured this year, because of the small loss ratio during the three past calendar years.

#### JAPAN NEW OBJECTION SURPRISE TO WASHINGTON

By Associated Press.  
Washington, June 7.—The outline of Japan's latest note was received in Washington with the greatest interest by officials and diplomats. The note was read to the cabinet at the regular meeting today. The contention that houses are inseparable parts of real estate is considered a new one, but was not regarded as so interesting as the charge of violation of the fourteenth amendment.

# ATTENTION!

I wish to extend to the public my personal thanks for their liberal patronage at the auction sale just closed.

My idea of having this sale was to raise \$10,000, sell off a lot of my surplus stock, as I have bought a full line of new creations for this year, and they will be ready for showing in the next few days.

This sale was a grand success as I raised over the amount wished in the ten days.

The report has been spread

that I was going out of business by people that have been paying more attention to my business than their own. Such is not the case. You will find me at all times at the old stand ready to make good all guarantees for goods sold at auction, same as in the past on all goods sold.

My store is the oldest and best in Wichita Falls, and I expect to keep it just a little ahead of all others in the jewelry business.

Thanking you for past favors and hoping to secure your future business,  
I am, Yours,

### AUTOMOBILE AND HORSES COLLIDE

HEAD-ON CRASH BETWEEN FONVILLE'S CAR AND TRANSFER TEAM

### INJURY TO MRS. FONVILLE

Horses Running Away With Heavy Wagon Strike Machine in the Darkness

In a head-on collision between a transfer wagon and an automobile Friday night, Mrs. A. S. Fonville was injured, the Fonville automobile was badly damaged and the horses attached to the wagon were badly injured.

The transfer horses were running away when the accident occurred, dashing down the Ninth street hill, and running into the automobile near the corner of Austin. The dust, which was blowing badly at that time prevented Mr. Fonville seeing the runaway until it was about thirty feet distant and he was too close to do more than get partly out of the way.

One of the horses struck the automobile fairly in the center of the windshield and the force of the impact whirled the other around against the rear of the car, where Mrs. Fonville was seated. She sustained a broken finger and a badly crushed hand and the impact is also thought to have caused her other injuries. She was under the care of a physician yesterday.

The accident occurred about 11 o'clock Friday night. The transfer wagon belonged to the Morris Transfer Company and had run from the corner of Ninth and Bluff when it met the Fonville car, which was occupied by Mr. and Mrs. Fonville and their two children. The machine sus-

tained a crushed fender, a broken windshield and other damages. Mrs. Fonville was taken home in a passing automobile and was reported resting fairly well yesterday. Mr. Fonville was cut on the leg and shoulder by glass from the windshield.

### BISHOP LYNCH IS HERE TODAY

NOTED PRELATE IS GUEST OF WICHITA FALLS CATHOLICS

### MANY WILL BE CONFIRMED

Local Laymen Will Call On Bishop This Afternoon. Reception Tonight

Bishop Joseph P. Lynch of Dallas, arrived in Wichita Falls last night to confirm a large class and to attend to other episcopal duties in this city. His program for today is as follows: 8 a. m.—Canonical inspection of church property and equipment. 10 a. m.—Services at church at which class of eighty-five will be confirmed. 4 p. m.—Visit by committee of local laymen. 8:30 p. m.—Reception at Academy of Mary Immaculate.

Accompanying Bishop Lynch are the following: Right Rev. Joseph Blum of Sherman, dean of the district; Father Huel of Dallas, secretary; Father John N. Nigg, O. D. S., of Rhineland, master of ceremonies. Today is an important occasion in the annals of the local Catholics and today's ceremonies will doubtless be participated in by a large crowd. This is the first visit here of Bishop Lynch and it is anticipated that his coming will be followed by some announcements of particular interest to Wichita Falls.

Those To Be Confirmed. Following is a partial list of those who will be confirmed in the faith this morning: Florence Morse, Mary Enzman, Louise Dolan, Rosa Eckert, Bertha Eckert, Elizabeth Dale, Nellie Rayle, Pauline Rayle, Emelia Pastusek, Nel-

lie McCune, Helen Wade, Christina Fehmer, Louise Schnitz, Mary Gordon, Kathleen Walsh, Margaret Hendricks, Ruth Grogan, Marie Schnell, Teresa Buss, O'Della Meyer, Anna Heinzelmann, Zita Dunham, Bessie Skrehot, Agnes Ditto, Ann Wilson, Gladys Walsh, Ethel Hendricks, Mary McCune, Josephine Hund, Rose Oechner, Highland Gault, Wallie Warmuth, Mary Marriott, Lena Ruyle, Eddie Lee Mataska, O'Neil Ditto, Grace Johnston, Catherine Darrab, Edna McSweeney, Leoma Mataska, Lena Warmuth, Agnes Buss, Mary Wilson, Hattie Ruyle, Josephine Weber, Herbert Meyer, Aloysius Oechner, Thomas Moran, John Pastusek, Petrus Heinzelmann, Anthony Litteken, Bernard, Litteken, Frank Weber, Earnest Emmert, James Moran, Sam Ruddy, Florid Wheeler, John Moran, George Hund, Andrew Ditto, Joseph Weber, William Ruyle, Casper Emmert, James Moran, Clarence Kerwin, Joseph Ruyle, Willie Bouhof, Edwards Wilson.

In many localities in Wichita county, threshing will begin tomorrow. Harvest is practically finished, and the warm weather of last week ripened the grain in the shock so that there is now a big demand for threshers. The wheat yield is expected to average about twelve bushels. The price paid by grain dealers for new wheat will be right around eighty cents.

### OUTSTARVES WOLVES AND WINS REWARD OF \$100.

La. Crosse, Wis., June 7.—Outstarving a band of eleven wolves by lying in constant watch outside the entrance to their den for four days and four nights, Owen Hughes of Angelo township finally had his reward yesterday when the wolves, driven by hunger, dashed from their refuge and were killed one by one as they emerged. Hughes came to town and collected a bounty of \$100.

DIVINE ATTRIBUTES

Love and respect for those who have departed this life are two of the higher attributes that distinguish us from the lower animals. We erect beautiful and lasting MEMORIALS to commemorate the life and death of those we hold dear, because of this DIVINE emotion we are pleased to call LOVE, yet no words in any of the love or dead languages can encompass or express the things of the heart, or the thoughts and emotions that make of us more than beings of less intelligence.

There is a distinction between frailty and robust health, between wisdom and ignorance, between morality and immorality, but there is no distinction between LOVE and MEMORY. That which clothes in a mantle of charity and wreathes in forget-me-nots.

We express these divine emotions as nearly as the human hand and loving hearts can, with our LASTING MEMORIALS.

center sang "Where Thou Art." The bride, in a suit of Paquin blue tulle, with hat of imported hemp with French feather, presented a charming picture as she entered on the arm of her father, while the strains of the Mendelssohn march were being softly intoned by Miss Kathleen Stoenicher at the piano. The maid of honor, Miss Lillian McGregor, wore a white lace dress with hand-made roses and lingerie hat. Attending the groom was his cousin, William Darter of Fort Worth. The double ring ceremony was used and Rev. J. F. Boone of the First Baptist Church pronounced the solemn service. Then after a few moments at the house during which friends pressed forward with congratulations and good wishes and were served with punch by Miss Mabelle Jackson, Mr. and Mrs. Stocks were taken to the Union Station where they caught the south bound train for Denver. A trip to Galveston and other points will follow after which they will be at home in Fort Worth. Seldom has a bride in this city gone forth with the good wishes of such a circle of friends as bade farewell to this couple today. The bride is the daughter of Dr. J. L. Gaston, a young woman whose beauty, talents and attractive personality have endeared her to all who know her and her friends feel that the young man who bore her so proudly away today is fortunate indeed; never has a couple gone forth with more good wishes. The groom is employed in the offices of the Fort Worth & Denver at Fort Worth, where he has a responsible position; he is a young man of exceptional worth and splendid character and enjoys the friendship of a large circle both here and in Fort Worth. Mr. and Mrs. Stocks received many beautiful presents, evidence of the esteem in which they are held.

#### FORTY-TWO CLUB MEETS AT G. D. ANDERSON HOME.

Mr. and Mrs. G. D. Anderson entertained the Forty-Two Club Tuesday evening with a very pleasant session. Five tables of players enjoyed the game until a late hour, after which refreshments were served. Present were Mesdames Shumate of Dallas, Darnell, Montgomery, Messrs. and Mesdames P. P. Langford, C. W. Sneider, J. C. A. Guest, T. T. Reese, C. C. Huff, R. E. Huff, T. B. Noble, Orville Bullington.

#### TUESDAY PRISCILLA CLUB MEETS WITH MRS. PRIDGEN.

The Pridden home in Floral Heights was the scene of Tuesday's meeting of the Priscilla Club and a very pleasant time was had by the ladies who gathered there. The time was spent in sewing, after which refreshments of cream and cake were served. Those present were Mesdames Thompson, Hardeman, Bugg, Butler, Fred Harrington, Fisher, and Mrs. Harrison. The next session will be held with Mrs. Fred Harrington.

#### ORDER OF EASTERN STAR INSTALLS ITS OFFICERS.

The Order of Eastern Star No. 237 held a meeting Tuesday evening, June 3 for the purpose of installing the newly elected officers. The attendance was larger than usual and quite a pleasant time was reported by all who attended. After the business of the meeting was over the members and visitors were invited to the Cream Bakery where Mr. Stampfli had a treat of cream and cake in waiting. The officers installed for the ensuing year are: Mrs. Myrtle Ashmore, Worthy Matron; Mr. L. C. Hinckley, Worthy Patron; Mrs. May Googer, Associate Matron; Mrs. Clara Brooks, Secretary; Mrs. Alice Gardner, Treasurer; Mrs. Gertrude Lawler, Conductress; Mrs. Mamie Jennie, Associate Conductress; Mrs. Avis Olding, Chaplain; Mrs. Maggie Dillard, Adah; Mrs. Estelle Kelly, Ruth; Mrs. Helen Gordon Harris, Esther; Miss Cora Karrenbrock, Electa; Mrs. Evelyn Staples, Marshal; Mrs. May Stampfli, Warden; Mr. A. E. Kerr, Sentinel; Miss Jessie Kerr, Organist. Visiting members were Mrs. Cohen, Fernersville; Mrs. Kate Grapevine; Mrs. Fred Gilhouse, Stephenville; Mrs. Browder, Gordon; Mrs. T. M. Palmer, Hereford; Mrs. Claude Winfrey and sister, Iowa Park; Mrs. Payne, Fort Worth.

#### WESLEY GIRLS HAVE OUTING AND CAMP SUPPER AT LAKE

As a final frolic before disbanding for the summer, the Wesley Girls Sewing Club went out to Lake Wichita Saturday afternoon and enjoyed a picnic and camp supper that was a real treat. A number of boys were invited and these came out to do full justice to the tempting array of eatables that was provided. The members demonstrated that while they have been putting in their sessions sewing they have not forgotten how to cook. Present were Mesdames C. R. Hartsook, Dan Hardy, Misses Gera Davis, Grace Nolen, Alta Russner, Ila Cook, Bonne Hardy, Hutchinson of Tulsa, Marie Shelton, Kathleen Benson, Alleen Waggoner, Gertrude Orth, Messrs. Somerville, English, J. Bonner, Chambers, Lester Jones, Hutchinson, Harding, Gould and Howard.

#### MISS LILLIAN FAIN IS HOSTESS TO YOUNG PEOPLE.

As a farewell compliment to Miss Lucile Hagy, who left later in the week to make Oklahoma City her home, Miss Lillian Fain entertained on the evening of Wednesday, May 28. Twelve couples attended and the evening was spent very pleasantly on the ample lawn, with varied diversions. Light refreshments were served. Those present were Misses Lucile Hagy, Dorothy Beavers, Lillian Fain, Helen Stone, Thelma Kahn, Audrey Addicks, Bernice Jackson, Ruby Moore, Celia Stayton, Ethel Bean, Messrs. Alfred Carrigan, E. Nolen, Austin Self, H. Robertson, Wm. Robertson, Markum Ferguson,

#### BRIDE-TO-BE IS HONORED AT THE MONTGOMERY HOME.

Mrs. J. T. Montgomery entertained at dinner Monday evening in honor of Miss Edna Gaston, a bride of the week, and the latter's guests, Mesdames E. E. Shumate and William Comper of Dallas. Carnations figured extensively in the decorations and the place-cards for each guest were exceptionally novel and diverting feature. Music and other diversions followed the dinner. Those present were Misses Edna Gaston, Hazel Gaston, Mesdames Allen Darnell, Ralph Darnell, Messrs. Fred Gaston, Ralph Darnell, A. H. Brittain.

#### MR. AND MRS. ELMER WRIGHT ENTERTAIN IN NEW HOME.

Mr. and Mrs. Elmer G. Wright very delightfully entertained Sunday evening with a 6 o'clock dinner at their new home, 2008 Ninth street. Those enjoying Mr. and Mrs. Wright's hospitality were Mr. and Mrs. B. M. Wright of Galveston, parents of the host, Misses Mabel Cloud and Goldie Moore, Messrs. Horace Weir and Ben Mullins.

#### DAUGHTERS OF REVOLUTION WANT FLAG DAY OBSERVED.

June 12 is Flag Day and the Francis Jones Chapter, Daughters of the American Revolution has furnished The Times with the following in connection with the observance of the day: The need of greater outward deference to the flag and more respect for the government was the gist of the report of the committee on patriotic work at the twenty-second annual convention of the General Society Daughters of the Revolution. There is no enterprise to which the Daughters of the Revolution should more heartily set themselves than the creation of such a spirit among the American people. This accords with the declaration of the President-General, Mrs. Clara R. Bleakley, that they should "let their ancestors remain underground and devote themselves to the problems of the present." Our day is characterized by a respect for law and constituted authority. With the children, the effort to create a different spirit should begin. The saluting of the flag in public schools is a dramatic lesson of great value. The custom ought to prevail more generally, and should be supplemented by instruction from the teachers. The situation is further complicated by our polyglot population, and the spread of anarchism and the revolutionary type of socialism, both of which know no allegiance but the red flag. This makes all the more necessary loyalty and devotion to the flag on the part of that great bulk of our citizenship who know that in the stars and stripes we have the surest guaranty of human liberty.

#### MRS. MONTGOMERY HOSTESS AT AUCTION BRIDGE PARTY.

Mrs. J. T. Montgomery entertained at auction bridge Wednesday afternoon in honor of Mrs. William Comper and Mrs. E. Shumate of Dallas, who were here to attend the Stocks-Gaston wedding. The Montgomery home was decorated for the occasion with magnolia and jessamine blooms and other cut flowers. Mrs. Eugene Sherrod won the souvenir for high score, card tray, while the honorees were presented with bridge decks. Refreshments of ice cream, cake, nuts and punch concluded the affair very pleasantly. Those present were: Mesdames E. E. Shumate and William Comper of Dallas, I. D. McKee, M. M. Walker, Eugene Sherrod, H. A. Allen, C. C. Huff, T. T. Reese, W. H. Walker, W. B. Sheppard, F. B. Crawley, J. W. DuVal, Bruce Smith, W. N. Maer, O. T. Bacon, S. H. Burnside, W. M. McGregor, S. H. Boulware, M. Etanforth, Misses Ethel Chamberlain, Lucille Sherrod and Hazel Gaston.

#### MRS. MORRIS IS HOSTESS TO FRIENDS WEDNESDAY

Mrs. A. Morris entertained a few friends very pleasantly Wednesday afternoon at her home, Eleventh and Brook, those present being Mesdames Lane, Waggoner, Mann and Harisook. Delightful refreshments of ice cream, cake, fresh peaches and grape juice were served. The hospitality of Mrs. Morris and of her son was very deeply appreciated by those present.

#### MISS LUCILE DOKE IS GIVEN BIRTHDAY PARTY

In honor of her daughter Lucile's 12th birthday, Mrs. Doke at her home on Travis avenue Monday afternoon between four and six o'clock very delightfully entertained Lucile's Sunday school class which consisted of her teacher, Mrs. Francis Rhal and Misses Mariette Brightwell, Alice Wood, Gertrude Thompson, Gertrude Thompson, Lucy Mae Havener, Lillian Brown, Ethel Roberts, Stella Smith, Lona Brown and Lucy Priebe. Dainty refreshments consisting of ice cream and cake were served and a very pleasant time was enjoyed. Miss Lucile was the recipient of many useful presents after which all departed wishing many happy returns of the day.

### DUST STORM AND RAIN RECORDED FRIDAY NIGHT

Causes Much Discomfort But No Damage—Rain Falls Down the Wichita Valley

One of the most vicious dust storms that has visited this city in recent years swept over Wichita Falls Friday night, doing no damage, but causing much discomfort and inconvenience. It was followed by showers during the night, allaying the dust evil and making yesterday decidedly cool and pleasant.

The dust was accompanied by an electrical display which did no damage here, but caused an oil fire at Electra. Less than half an inch of rain fell, and while this will mean much to corn and cotton, it was not exactly welcome to the wheat farmers, who want to get through with the harvest and who will be delayed by the brief wet spell.

The "panhandle shower" came at a time when many people were downtown, the business section being unusually crowded for Friday night. Housekeepers had little warning of it and the dust found windows open and a general state of unpreparedness, which made more trouble than it would have otherwise. There was general rejoicing when the rain began falling.

The rain was light along the Denver; but points on the Wichita Valley from Bomarton north to Byers were visited in about the same measure as Wichita Falls.

### PRIZES FOR INDUSTRIAL PEACE CONTEST RAISED

The \$100 in prizes to be offered for the best essays on industrial peace by high school pupils has been raised by the committee, which consisted of W. G. Long, J. C. Straus and Nyles O'Reilly, and is now on deposit in the First State Bank.

The competition will be held next year and it is hoped by this means to inculcate in the minds of the pupils an idea of the necessity for action toward industrial peace, that will be of value when the young people become citizens.

Similar prizes are being offered in other communities and Wichita Falls was promptly placed in line. The Federation of Women's Clubs, through W. G. Long, listed the co-operation of the Chamber of Commerce which named the above committee to raise the fund.

**Fire On Munger Ranch.** (Iowa Park Herald) Two barns on the Munger ranch filled with implements, feedstuff and binder twin were burned to the ground on last Friday morning. Cause of fire not known.

### OIL TANKS BURNED AT ELECTRA FRIDAY NIGHT

Lightning Sets Fire To Three On Waggoner Lease Belonging To Producers

Fire at Electra Friday night destroyed three 25-barrel tanks belonging to the Producers' Company on the Waggoner lease. The loss was total, and will reach several thousand dollars. Two of the tanks were full and the third was nearly so.

The tanks were set on fire by lightning during the storm of Friday night and no effort was made to extinguish the blaze.

### FACTORY SUB-STATION MATTER INVESTIGATED

Postoffice Department Sends Inspector To Look Into It, Sheppard Writes

The postoffice department is now investigating the matter of installing a postoffice sub-station in the factory addition, and a postoffice inspector has been detailed to look into the question. This announcement was received by J. T. Young of this city in a letter from Senator Morris Sheppard, to whom Mr. Young wrote, at the instance of the Chamber of Commerce.

A request had gone forward to the department for a separate postoffice in the addition, but it was felt that, as the addition is actually, though not technically, a part of Wichita Falls, the station should be under the management of the city postoffice. It is planned, if the station is established, to supply mail by street car service.

### MOTOR CYCLE ACCIDENT INJURES TWO AT QUANAH

(Tribune-Chief)

Jim Kerley took a ride with his friend Nesbit, Sunday evening on the latter's motor cycle. They were going around the loop at a speed of sixty miles and had reached the M. B. Perry residence, when something happened to the machine, and they hit the ground without knowing exactly what had happened. E. B. Caskey was driving his car toward them not a hundred yards away and found the two boys unconscious. They were carried to town and found minus several strips of skin, but fortunately no bones broken. Nesbit was able to be out again the next day. The boys say that the accident was caused by the front wheel working loose from the handle bar, and that they were unable to shut off the power. They were going at a speed of sixty-five miles an hour, and Jim Kerley was picked up 150 feet from the place he was thrown. He looks like he had been sliding on his face and his teeth suffered severely.

### IMPROVEMENTS AT JAIL BEING RUSHED RAPIDLY

Ventilating Devices Being Installed and Windows Made Less Easy of Egress

Work of making much needed improvements at the city jail is progressing rapidly. The installation of the suction fan and ventilating devices are by far the most important of the improvements. Without them the jail must have been a very poor place to spend an evening. But with other improvements being added, the new jail will be much more confining than the old one. Heretofore immoral prisoners have been known to pick the brick out of the wall and so disarrange the masonry that a man could walk through the hole and leave during the night. Such occurrences made it difficult to keep the records straight at the jail, and necessitated frequent roll calls.

The brick walls which have been thus abused will hereafter be protected by heavy planks which are bolted through the wall, and any man who can tear the wall down in a single night will be entitled to all he can make at it.

### VERNON'S TAXABLE VALUES SHOW SUBSTANTIAL GAIN.

(Vernon Record)

The completed tax rolls of the city of Vernon after the equalization board completed its work last week show the assessed valuation for the present year to be \$2,521,342. The income to the city from this source for 1913, at the rate of \$1.15 on the \$100 valuation, will be \$28,995.43, if a collection of 100 per cent is made, which is hardly probable, however. Probably five per cent of the property assessed will go on the delinquent list.

These figures represent a substantial gain over those of last year. The assessment is \$140,000 in excess of the one for 1912, and the city's income will be increased approximately \$1,600 by reason of the gain in value. This additional sum, together with retrenchment in the expenditure of money in certain directions that the city hopes to effect, will enable the council to make some permanent improvements that have been under contemplation for some time, but were held up for lack of funds.

### CLAY COUNTY'S SCHOLASTIC POPULATION IS 4,059.

(Henrietta Review)

Superintendent Holaday is reviewing his records of the various school districts of the county from the data of last month's scholastic census. The whole number of scholastics in Clay county is 4,059. Of these 2,987 are in the common school and 1,072 in the four independent districts. The 1912 figures showed a total of 3,883 of which number the common schools had 2,945 and the independent districts 944. This census is taken on the old basis of 7 to 17 years, the new law not going into effect until the coming September.

## OIL LITIGATION IN RECENT YEARS

WRITER IN OIL CITY DERRICK REVIEWS CASES IN STATE OF TEXAS

### BASIS OF PRESENT SUIT

Gives Figures To Show That Trust-Busting is Profitable Industry In This State

A recent issue of the Oil City (Pa.) Derrick contains some interesting history and some equally interesting comment on the present oil litigation in Texas. It is from the pen of A. J. Hallett, one of the Derrick's Texas correspondents. In part, it follows:

As is usual in cases of a public character, both sides to the controversy have made a number of statements which have been taken up and commented upon by the public press of the State, and various commercial and other organizations, alleging different motives for the bringing of the suit, all of which has had a tendency to more or less cloud the main issue.

In its petition the State seems to have its charge of conspiracy on the act that these defendant companies, the Corsicans and the Magnolia, have at different times had dealings with the Standard Oil Company, and the further fact that both companies and the Standard Oil Company have some stockholders and bondholders in common.

The defendants claim that they have a legal right to the open markets of the world, including the right to buy from and sell to the Standard Oil Company and make no denial that some of their stockholders are also interested in Standard Oil, but say that there is no law to prevent anyone from owning stock in the companies, and that so long as they have not entered into any secret agreements in restraint of trade, they have not in any way transgressed the laws of the State. On these questions the issue is fairly joined and will no doubt be fought out along these lines.

In investigating the subject of "trust busting" in Texas, the facts that have presented themselves most forcibly are that the anti-trust laws of the State are in themselves basically wrong and that all past litigation, assessing fines and canceling of charters, has not afforded the people of the State one iota of relief. Even if the present litigation should result in a victory for the State, the people will not be benefited in the least. To fine a corporation and drive it from the State only lessens competition and does not lessen the price of the commodity in which the corporation deals. Indeed, the history of all the past litigation goes to show that the contrary has resulted, that the prices of the commodity have been increased instead of lowered. Aside from the fat fees drawn by the lawyers, receivers and court officials no one has been benefited by such litigation in the past.

Profitable Industry. "Trust busting" in Texas for the past seven years, has been one of the most profitable industries of the Lone Star State, insofar as this period of the State of Texas, through the office of her attorney general, has collected from various trusts in fines and penalties, in round numbers \$2,140,000. To collect this amount it has cost the State in attorney fees and expenses, in round numbers, \$200,000. Following is a schedule of the fines collected in the most important suits:

Harvester trust—\$35,000;  
Flour trust—\$35,000;  
Meat trust—\$17,500;  
Book trust—\$15,000;  
Bonding trust—\$7,000;  
Commission trust—\$12,000;  
Standard Oil Co. of Indiana—\$62,070.52;  
Navarro Refining Co.—\$10,000;  
Union Tank Line Co.—\$55,458.75;  
Security Oil Co.—\$85,000;  
Waters-Pierce Oil Co.—\$1,623,900;  
Interest on Waters-Pierce fine—\$184,583.30;  
Total—\$2,143,912.57.

As this account has to do principally with oil litigation, we will not examine into any of the other suits except the ones against the Waters-Pierce people and the alleged Standard Oil companies.

In the four Standard fines a total of \$212,529.27 was collected. Out of this amount costs were paid amounting to \$29,446.54, including fees for the receiver from January 7, 1907, to December 7, 1909 of \$11,203.54. The balance was for court costs, advertising, and sundry expenses. In addition to these costs were the commissions of the attorneys of record in this suit, amounting to over \$13,128. This suit was brought by Attorney General Davidson and John Brady, district attorney of Travis county. The fees were paid to the county attorneys as the attorney general is barred from receiving any commission on fines collected through suits begun by his department.

In the Waters-Pierce case a fine was assessed of \$1,623,900. The oil company appealed the case and by the time it was finally settled it had to pay into the State treasury the sum of \$1,809,483.20. Of this amount the receiver of record received as his commissions the sum of \$90,474.16. These attorneys claimed something like \$450,000, but were prevented from collecting this amount because of an injunction suit brought against them by the district attorney James R. Hamilton. Right here comes a big joke in the case. For some reason or other in the case against the Waters-Pierce Oil Co., the attorney general did not think it worth while to take in the district attorney with him; but passed over his head and took in the county attorney, John W. Brady. Then after the case had been fought to a finish and the attorneys of record had the big pot of about \$450,000 before them, and were just about to divide it among themselves, District Attorney Hamilton, who had been barred from the game, reached

over and swept \$340,000 off the table and dumped it into the State treasury.

### The Waters-Pierce Suit.

The Waters-Pierce suit was a very complicated case and a brief account of the same will give one a fair idea how most of the previous trust litigation has been carried on in the State. Suit was filed in this case in the district court at Austin, September 29, 1906, to cancel the permit of the company to do business in the State, and for penalties amounting to \$5,228,400. Trial was begun May 20 and on June 1, 1907, the jury returned a verdict of guilty on every charge made by the State and the judge assessed a fine of \$1,623,900 against the company and canceled its permit to do business in the State. On June 10, Robert Eckhardt, cashier of the First National Bank at Taylor, Texas, was appointed receiver under bond of \$250,000.

The Waters-Pierce Oil Co. appealed the case and then followed a long drawn out legal battle between the company and the State. The Waters-Pierce interests had a friendly receiver appointed in the district federal court at Sherman and the receiver then brought suit between the Federal and State courts as to which should have jurisdiction. The case dragged its weary length through all the district and State courts and was finally disposed of in the supreme court of the United States, which held that the State courts had jurisdiction. At 5 o'clock on the afternoon of April 21, 1909, Federal Receiver Dorchester, at Sherman, Texas, transferred to State Receiver Eckhardt the control of the Waters-Pierce property in Texas. On this same date the court entered an order by which the court entered an agreement between Waters-Pierce Oil Co. and the receiver, under which Robert Eckhardt was allowed \$22,500 for attorney fees, and \$11,333.33 salary for himself, and R. V. Davidson, attorney general, was allowed \$3,713.53. The money salary of the receiver and his attorney was for services during the time they had been kept out of control of the property by the order of the district federal court. An agreement was also entered into on this same date, and entered on the record by the court, fixing the salary of the receiver at the future of \$1,000 a month and the salary of his attorney at \$300 a month.

May 23, 1909, the fine previously imposed by the court of \$1,623,900, with interest, making a total of \$1,808,483.20, was paid by the Waters-Pierce Oil Co. into the State treasury. The fine was paid in currency and coin which had been shipped from St. Louis to Austin.

In about two months after the payment of the fine the receiver filed an inventory of the property of the company with the court. There on Judge Wilcox ordered the property sold to the highest bidder, in front of the court house, between the hours of 2 and 4 o'clock, December 7, 1909. The property was sold at the time set to Samuel Fordyce and the business formerly carried on by the Waters-Pierce Oil Co. in Texas has been carried on in the State since that date by the Pierce-Fordyce Oil Association.

### Receivership Was Costly.

A most peculiar thing in connection with this case is that while the receiver's duties as such practically ended with the payment of the fine and virtually with the sale of the property, he has never filed a final account and been discharged. At the time of the sale and transfer of the property to Fordyce, it was thought best not to discharge the receiver because of some litigation pending against the company in which the attorney general's office was interested. Since that time the matter has been dragging along and allowed to go by default. Until recently, nearly everybody connected with the case had forgotten that there ever was a receiver, when on March 12 last the attorney for the receiver, D. W. Doorn, filed a motion in the district court of Travis county asking that the receiver be permitted to file his final account and be relieved from further charge of the case, and that the receiver and his attorney be paid the salaries due them as provided for under the agreement of April 21, 1909, which fixed the salary of the receiver at \$1,000 a month and that of his attorney at \$300 a month. If this motion is allowed, the receiver will receive in back salary and expenses about \$50,000 and the attorney for the receiver about \$16,000.

Another peculiar thing about the Waters-Pierce case is that the attorneys for the State did not place J. P. Gruet, of St. Louis, on the witness stand. It is said that without the assistance of Gruet the State would not have been able to make out a case against the Waters-Pierce Oil Co. It is reported that while in the employ of the company Gruet had purloined a lot of documentary evidence. It is also claimed that he had a contract with the attorneys for the State whereby he was to receive one-third of the commission from the fines collected as a reward for supplying the State with the evidence in his possession. Under this agreement, he is said to have received about \$30,000 as his share of the commissions.

### Laws Need Revision.

This brings us back to the proposition stated at the beginning, viz: That the anti-trust laws of the State are in themselves at fault and should be changed. The small coterie of lawyers that has been instrumental in bringing these anti-trust suits has reaped large financial rewards and has at the same time been acting entirely within its legal rights. Unless the people are satisfied that this condition should continue they should insist that the laws of the State be changed.

Unlike any other occupation "trust busting" is not attended by any financial risks. The business is financed by the State, which pays all the expenses, so that the "trust buster" has nothing to lose and everything to gain. The farmer, the stockman, the merchant, the professional man and the highwayman, all have certain fixed expenses and elements of risk. Not so with the "trust buster." All that is necessary is for a small, compact, well organized body of individuals to get together and agree

### BAPTISTS PLAN HOSPITAL HERE

MOVEMENT IS SET ON FOOT AT RECENT DECATUR CONFERENCE

### THIS CITY REPRESENTED

Plans For Enlarging and Extending Baptist Work in This Section Considered

Plans for a Baptist sanitarium in Wichita Falls were set on foot last week at Decatur, where a rally of the Baptists of this section of the State was held. The movement received the hearty endorsement of the conference and the action means that such an institution will be a reality before very long. Rev. W. H. McKenzie, city missionary, and Rev. J. P. Boone, in company with other representatives from this county, spent the week at Decatur. Representatives from thirteen of the sixteen counties comprising what is to be known as the North Texas

district were present. The district is composed of the following counties: Hardeman, Wilbarger, Wichita, Baylor, Knox, Jack, Clay, Wise, Archer, Palo Pinto, Parker, Young, Denton, Cook and Montague, and reports showed the following facts in regard to the work in these counties. The area of this territory is 14,033 square miles, the population about 300,000; there are 323 Baptist churches with a membership of 31,211 and 198 ordained preachers; there are 230 Sunday schools and seventy-five women's societies.

The rally was largely attended and plans were made for enlarging the work in this section and the following recommendations were adopted enthusiastically:

1. The raising of \$50,000 for the better equipping of Decatur Baptist College.
  2. The establishing of a Baptist paper to be known as "The North Texas Baptist" and to be published at Decatur. The first issue of this paper will appear in about ten days.
  3. The building and maintaining in the near future a Baptist sanitarium for this section the same to be located at Wichita Falls.
- There was much enthusiasm manifested in regard to the coming encampment and the outlook for a good attendance is very encouraging.

### NORTHWEST COUNTIES TO BE ASSESSED \$100

Enthusiastic Meeting On Panhandle Highway is Held At Childress Thursday

With many counties reporting their organizations perfected and ready to extend co-operation with the Colorado-to-the-Gulf highway project, a decided impetus was given the movement at a meeting of the association at Childress last Thursday. For the purpose of logging the route, it was decided to assess each county \$100, except those where the official log has already been made. These counties, however, will be called upon to pay all other proportionate part of the expenses.

Admission to the association was granted Dallam county, through M. D. Waggoner of Dalhart, who explained that the county had been working on the line from Texline to Amarillo and that a little more work would make it an almost perfect automobile highway. Mr. Waggoner also said that Dalhart would see that Hartley and Moore counties did their part in the work. President O. L. Williams called for reports from the counties as to what

progress had been made in organization. Mr. Williams reported that Clay, Wise and Tarrant counties had already been organized and would join heartily in the movement.

Seth B. Holman of Amarillo reported Potter county organized and ready for business; E. J. Slay reported Armstrong county organized and roads in good condition; G. A. Wimberly reported Donley county thoroughly organized; W. P. Dial reported Hall county organized. J. H. Aynesworth reported Childress county organization perfected, with splendid progress in good roads work and pledged hearty support to the association. Hardeman county organization was reported by B. J. Brothers, with about 200 members who were ready to put up the Hardeman county assessment in the association. Wilbarger county reported organization, while D. F. Talley sent a telegram stating that Wichita county was to co-operate in the work.

Mr. Bodecker of Bowie wired an invitation to hold the next meeting there. Clarendon was selected as the next meeting place, July 25, over Vernon. You know the symptoms—headache, eyecache, dizziness—what's the use of telling it again. You want relief—not talk. My "made to order" glasses will do the work. We know how. ### GRAIN MEN WILL HAVE HEARING IN COMMISSION

Austin, Texas, June 7.—The railroad commission will give the grain dealers of Texas a hearing on July 9 to consider the application long since filed asking for a revision of the rules governing the stopping in transit and milling in transit of grain transported in this State.

T. G. Moore, president of the Texas Grain Dealers, and Sam H. Cowan, attorney of Fort Worth, made an appeal to the commission and after much argument the commission consented to give them a hearing. The petition for hearing had been denied several times in the past. The grain men want the rules liberalized in many particulars. They claim that they are at a disadvantage as compared to Oklahoma and outside grain dealers and more particularly as to the millers. Argument has been made that the millers have the better of the grain men in the rule under question. The official notice of hearing will be issued at once. It will contain the exact propositions to be considered. Along with the foregoing the commission issued notice of hearing for

July 8 to consider an amendment to the stoppage in transit rules, as proposed by the railroads. It pertains to the privilege for partial loading so as to deny that privilege on shipments consigned to shipper's order.

### COOKING LESSONS WILL BE GIVEN THIS WEEK

Mrs. Alice Lowe Will Conduct Classes at the Wichita Hardware Company

To learn to make a piece of bull-neck taste like a juicy rib roast, or if you want to learn how to convert an old hen into a spring pullet, so over to the Wichita Hardware store tomorrow and Mrs. Alice Lowe, who is to demonstrate the Perfection Fireless Cooker, will show you. Mrs. Lowe comes from New Orleans and is a cook of the real Southern style, with a knowledge of all the good things that have made the South famous the world over. To her native ability is added the most modern of cooking appliances, the fireless cooker and her effort here will be in the nature of addresses on the best foods to eat and the most economical, scientific and hygienic method of preparing them. She will not confine herself to meats, but will also give instructions in cooking vegetables, soups, pastries, cereals, etc. The addresses will be more in the nature of personal talks, giving individual instruction to any woman who is interested and at the same time cooking and serving the delicacies which are prepared. Her lecture will begin at 2:30 each afternoon of Monday, Tuesday, Wednesday and Thursday and a general invitation is extended to the ladies of Wichita Falls and vicinity to attend.

Wheat harvest is probably half over with in Baylor county. The acreage is comparatively small, probably 15,000 acres. The biggest crop is that of M. D. Lankford, who with his sons has 1,000 acres. Four binders are running in it and have 500 acres cut. Wheat will make all the way from seven to twenty bushels, perhaps averaging twelve or fifteen. There is considerable oats in the county, but rains did not come right and the yield will be below normal.

May ..... 98,890.00

### HARVEST AT GRANDFIELD LOOKS VERY PROMISING

(Grandfield Enterprise)  
The reapers started Monday on the wheat crop ever produced in the Grandfield country and an unusually hot May caused it all to ripen at the same time. There are not enough binders in the country to take care of it as quickly as it should be. The heads are full and the grains unusually large and heavy, therefore the farmers realize the great risk from storm damage. Grandfield shipped 120 cars of wheat last season and it was considered a big crop, but is estimated the town is good for 250 cars this year. The crop will put about \$200,000 in circulation, and all branches of business is looking forward to a prosperous summer. By the time wheat is sold we expect to tap the main oil sand and "cut the dog loose."

**Nothing Better.**  
If you have indigestion, no matter how bad, the Robatsch mineral water will cure you. Remember when we deliver water to you, you get a clean vessel that has been scalded and thoroughly cleaned. We use all precaution against the spread of loathsome diseases. Our cork seal is to prevent others from slobbering or drinking out of the vessel before it has been delivered to you. Remember we have a good clean trade and we are improving our plant to take care of our customers. If you want the best for health we have it. G. J. Rohatsch, Proprietor. Phone 1601. Rlg 14.

# How Much of Your Money is Wasted in Cooking?

A Perfection Fireless Cooker saves 80 per cent. of the fuel cost. Not only that, but it also saves 80 per cent. of time, 80 per cent. of work and more than 25 per cent. of waste. It is the twentieth century method of preparing foods, planned on a scientific system that will eventually reduce the cost of living to a wonderful degree. It means better meals, more leisure and less drudgery in the kitchen.

## The Perfection

Is an improvement over all other fireless cookers in that it is made entirely of steel, iron and aluminum, and includes a full set of pure spun aluminum cooking utensils without extra cost. It is made in cabinet style, as high and exactly like a gas range, with a polished steel top to use as a table. It is finished in black enamel, non-rusting, and will last a lifetime.

### Cooks to Perfection

Cooks meats, vegetables, cereals and pastries to their limit of nourishment and flavor. Saves in first cost, too; makes old chicken toothsome; a pot roast delicious. Roasts, bakes, boils, and makes all the cheaper grades of meat as good as the best. The Perfection is absolutely sanitary; lasts a life time, insures Pure Food.

### Reduces the Cost of Living

It will reduce your grocery and meat bills by enabling you to get cheaper cuts rendering them more tender and palatable in cooking, than the more expensive ones, cooked in the old way.

### Does Not Overcook

It will never scorch or burn food, and the unpleasant odors of cooking onions, cabbage, etc., is entirely eliminated.

### Keeps Meals Hot

It will keep the meal hot for several hours after it is cooked, without affecting its palatableness, if for any reason the serving is delayed.

### The Principle of Fireless Cooking

The principle of Fireless Cooking is really simple. Ordinarily we heat food to the boiling point, and then we leave it over the fire, not to get hotter, but to keep it at the same degree of heat and to do this we must, on account of radiation into the surrounding atmosphere, keep on supplying heat. In the Fireless Range, the heat once generated is conserved and there is no need to add thereto, but the cooking goes on for hours afterward.

Miss Alice Lowe of New Orleans will give lessons in hygienic cooking and demonstrate the Perfection Cooker at our store Monday, Tuesday, Wednesday and Thursday of this week at 2:30 p. m., and the ladies of Wichita County are cordially invited to attend. Don't fail to come. A \$25.00 Perfection Cooker will be given away during this demonstration to the lady giving the ten best reasons why the Perfection is the best fireless cooker to buy. Come in and see it and tell us what you think.

### SOCIETY.

(Continued from Page 2)

P. Hall as usual, there was a good attendance, and the "goat" did some very good and useful work. Mrs. L. A. Henry and Mrs. M. A. Marshall, invited all members and prospective members to attend a social at their homes, 1006 and 1010 Eleventh street, Tuesday night, June 10th. A jolly good time will be guaranteed all who attend.

### HUFF-McDERMOTT WEDDING INVITATIONS ARE ISSUED

Friday's mail brought the following interesting missives to the friends of the contracting parties: "Mrs. Mary Vester McDermott requests are honor of your presence at the marriage of her daughter, Pearl, to William Edgar Huff, on the morning of Thursday the twelfth of June, 1913, at 7:30 o'clock, at the residence of Edward H. Sloan, Altus, Oklahoma."

### MISS GRACE MORSE HOSTESS TO FRIENDS AT FORTY-TWO

Miss Grace Morse was hostess Wednesday evening to a small party of friends at her home. Forty-two was the diversion, and after an entertaining round of games, delightful refreshments were served. The following were present: Misses Grace Morse, Leona Childers, Bess Morris, Merle Truly, Messrs. J. Bonner, Charles Dill, Jack Barnard, A. A. Kaufhold.

### MRS. C. B. TONEY HOSTESS TO THE FIVE HUNDRED CLUB

An unusually well-attended and enjoyable session of the Five Hundred Club was held Thursday afternoon at the home of Mrs. C. B. Toney in Floral Heights. A number of guests, in addition to the membership, were present. Mrs. O. T. Bacon received the afternoon's souvenir, a picture painted by Mrs. Sherrod. After the players had finished, Mrs. Toney served salad, cream and cake. Mrs. Wade Walker will be the hostess to the club at its next meeting. Present were Mesdames Frank Cullinan, Tom Smith, H. A. Allen, O. T. Bacon, J. W. DuVal, W. M. McGregor, R. L. Miller, T. T. Reese, T. W. Roberts, A. Kahn, Eugene Sherrod, Bruce Smith, C. W. Snider, E. H. Short, M. Marcus, W. B. Sheppard, M. M. Walker, E. ### CARPENTERS AT ELECTRA HELP A FRIEND IN NEED.

(Electra News)  
The carpenters of this city are doing a nice act by each contributing a day's labor to the building of a new residence for G. E. Jackson, who lost his residence by fire a week ago. Mr. Jackson was unfortunate in not having any insurance, and losing all of his household goods was a hard blow to him. His residence will be up in a few days.

## CLASS PROGRAM FRIDAY EVENING

PUPILS OF ST. MARY'S PERFORM PLEASINGLY AT MAJESTIC THEATRE

### LARGE CROWD IS PRESENT

Musical and Other Numbers on Program Find Much Favor With Audience

The Majestic theatre was filled Friday evening with friends of those who participated in the Class Day exercises of the Academy of Mary Immaculate.

The program was replete with high class musical numbers and the two playlets afforded fun and entertainment for the audience. Applause greeted every number and responses to encores were insisted upon by the audience.

Twenty-nine boys took part in the opening hymn and address, with Miss K. McQuinn as accompanist, and the performance of the youngsters was very creditable. An incident not on the program but one which afforded some amusement, occurred at the conclusion of this opening number. As the boys in two files started off the stage, the door to one of the wings was found to be fastened. The youngster in the lead refused to be baffled by such a trivial matter, and pushed and shook the canvas door, until he had the entire setting of scenery in undulating motion.

The musical number, "Meditation," with Miss B. Jackson and Master C. Emmert as first violinists; Masters C. Kerwin and Wm. Robertson, seconds, Miss C. Carter, third violin, Miss F. Williamson at the organ and Miss G. Haler presiding at the piano, was one of the pleasing numbers on the program.

The bell drill, by the little ones, with Miss I. Cramer at the piano, demonstrated the thoroughness of the teachings along that line by those who had prepared the pupils for this number.

"Love of a Bonnet," a playlet, in which several members of the class took part, brought forth many expressions of appreciation from the hearers. Miss M. Ward impersonated Mrs. Clipper M. Reagan took the part of Kitty Clipper R.; Burnett was Aunt Hopkins; M. D. Hightower portrayed the part of Mrs. Festore; A. Walsh was Dora, and A. Munroe took the part of Katie Dolan.

Misses K. Sullivan, P. Aelgo, F. Butcher, B. Jennings, W. Walker and A. Henson rendered "Bloom and Blossoms." A pleasing vocal number was "The Land of Dreams," with Misses F. Williamson, V. Hammond, L. O'Reilly, C. Steed, R. Wallon and G. Hendrickson as sopranos; Misses I. Cramer, M. Reagan, A. B. Yarbrough as first alto.

and Miss Edith Gordon as second alto.

Those who took part in "The Thief of Time" were F. Wheeler, J. Moran, H. Curtain, W. Waller, E. Clark and A. Oeschner.

A musical number that made a most pleasing impression was "Moon Moths," with Misses L. Gilbert, R. Grogan, D. Robinson and R. Watson at the pianos, Miss I. Cramer at the organ, and Misses B. Jackson and C.

Carter, and Masters C. Emmert and C. Kerwin at the violins.

The scarf drill by the intermediates was another favorite with the audience. Valse Elegante, by Misses F. Haddix, L. Wood, Z. Dundam, M. Engman, A. Wilson, preceded the class day exercises which concluded the program.

BAPTISTS WILL HOLD TENT MEETING NEAR PLANING MILL. The mission tent is stretched on

the vacant lot just across from the planning mill in the southeastern part of the city and a meeting will be held at that place beginning Sunday night June 8. Every Christian in this section of the city is cordially invited to assist us in the meeting and the public in general are cordially invited to the services. The services will be held twice each day, at 4 o'clock in the afternoon and at 8:15 in the evening.
