## M'REYNOLD'S ACT WILL BE PROBED

HOUSE COMMITTEE TO LOOK INTO ORDER FOR DELAYING PROSECUTION

**CABINET HOLDS SESSION**  
No Action Yet Taken on McNab's Resignation—Attorney General Maintains Silence

By Associated Press. Washington, June 24.—The House judiciary committee at a meeting Thursday will investigate the delay ordered by Attorney General McReynolds on the federal prosecutions at San Francisco of Harry Wilson and E. C. Cavanaugh indicted under the white slave law, and officers of the Western Fuel Company, indicted for conspiracy to defraud customs.

U. S. District Attorney McNab's resignation, wired Saturday to President Wilson today is still unacted upon before the president. The situation was taken up at a cabinet meeting, but Attorney General McReynolds declined to talk at all about it. The impression prevails that acceptance was being held back pending some further investigation at the conclusion of which it will be either accepted or declined.

**Harr Assumes Responsibility**  
Interest here in the incident centered largely around the Cavanaugh-Diggs case, postponement of which Secretary Wilson of the Department of Labor took responsibility.

Assistant Attorney General Harr assumed full responsibility of the order to Attorney McNab to postpone the trial of Robert Bruce and Sidney W. Smith, directors of the Western Fuel Company, on charges of customs coal frauds. This postponement mentioned in Mr. McNab's telegram of resignation to the President was ordered, declared Mr. Harr, to prevent a possible miscarriage of justice.

The trial of the entire Western fuel case was not ordered postponed, said Mr. Harr, "but only the trials of Bruce and Smith, who were indicted with three other directors of the company. Bruce and Smith were only directors while the other three defendants were officials as well as directors."

"Attorney Pringle, for the company, asked that the indictments of Smith and Bruce be dismissed on the ground of no evidence to connect them with the alleged frauds. I carefully studied the evidence in the case submitted by United States Attorney McNab and reached the conclusion that Bruce and Smith, who seemed men of high character, probably were innocent, as they appeared to be familiar with the operations of the company in order to prevent a miscarriage of justice, I recommended, and Attorney General McReynolds acquiesced, that it would be better to try first the three directors who were officials, because this trial undoubtedly would develop the extent of the connection of Bruce and Smith with the alleged frauds."

"It seems unwise to run the risk of convicting two innocent men along with three men who might be guilty when the ends of justice might be fully satisfied by later trials."

## ARGENTINE MARINES ON RUBBERNECK TRIP

New York, June 24.—Nineteen cadets and three officers of the Argentine naval training ship *Sarmiento*, which arrived here last week, left this morning for a three days' sight-seeing trip which will include the Bethlehem steel works at Bethlehem, Pa., Philadelphia, Washington, Annapolis and Baltimore.

## FISCAL SYSTEM REFORM URGED BY FITZGERALD

By Associated Press. Washington, June 24.—Radical reform in the government's fiscal system to give the House committee on appropriations control of the supply bills instead of having them distributed among eight committees as at present, was urged in the House today by Representative Fitzgerald. His speech for a fore-runner of the budget discussion in democratic caucus tomorrow.

## AMERICAN COMMISSION IS IN COPENHAGEN TODAY

By Associated Press. Copenhagen, June 24.—The American commission which is studying rural credit in Europe arrived here today and began an investigation into the bank credit system of Denmark.

## TWELVE EXECUTED FOR TURKISH ASSASSINATION

Men Condemned for Killing Grand Vizier Meet Death Today in Public Square

By Associated Press. Constantinople, June 24.—Twelve men condemned for the assassination of Mahmoud Shekret Pasha, late vizier, were executed this morning in Bayazid square. The place was doubly guarded. There was no disturbance. The condemned men walked to the scaffold with firm steps. Several of them delivered addresses before they were hanged.

## THREE KILLED IN EL PASO FRACAS

RANGER, DEPUTY SHERIFF AND A WOMAN KILLED BY MEXICANS

**NINE ARE UNDER ARREST**  
Killings Follows Arrest of Three Mexicans Last Week on Charge of Cattle-Rustling

By Associated Press. El Paso, Texas, June 24.—Civilian guards have been doubled about the El Paso smelter since the killing yesterday in which State Ranger Scott Russell, Deputy Sheriff J. L. Garlie and Mrs. Mariane Guadarrama met their deaths.

United States soldiers also are assisting in patrolling the Mexican settlement surrounding the smelter. Nine Mexicans including three of the Guadarrama boys in whose store the shooting occurred, are held in the county jail.

The killing followed the arrest last week of three Mexicans on a charge of cattle-rustling.

## ONLY SEVENTY BALLS PITCHED TO BROOKLYN

By Associated Press. New York, June 24.—According to an unofficial count Christy Mathewson pitched only seventy balls to the Brooklyn batsmen in the nine innings of yesterday's game. The record for delivering the smallest number of balls in nine innings was set in 1891 when Ben Sanderson of the Philadelphia Athletics pitched sixty-eight to the St. Louis Browns.

## GARMENT WORKERS ON STRIKE ON CINCINNATI

Eleven Thousand Men and Women Demanding Better Hours and Increased Pay

By Associated Press. Cincinnati, June 24.—Eleven thousand garment workers went on strike here today. Work was at a standstill in practically all shops and factories. The women workers demand a forty-eight hour week. The men asked for the same working hours or else a fifty-four hour week with a ten per cent increase in wages.

## CAPTURE OF DURANGO BY REBELS REPORTED

Mexico City, June 24.—The capture of the city of Durango by rebels is reported unofficially here. There is no telegraphic communication. The city has been under siege for several weeks. Durango is the center of a district which has been the scene of the destruction of a great amount of property. Much of the damage in the small towns, ranches and mines has been to American property. The Mexican railroad service has been interrupted for some time and the rebels have been gradually approaching the city.

The fate of the federal garrison is unknown.

## TEMPLE HOTEL BURNS WITH LOSS OF \$15,000

By Associated Press. Temple, Texas, June 24.—At two o'clock this morning fire destroyed the Temple Hotel formerly known as the Star Hotel. Two adjoining residences were included in the loss, which totalled about \$15,000. The hotel was a large frame structure of thirty-five rooms, owned by G. M. Collier, here leased by a Mr. Edwards, recently from Willis, Texas. There was light insurance on the building and none on furnishings. Many guests were in the building and all escaped, although many by narrow margins. Most of them got out only with their night clothes.

## ALASKAN R. R. BILL IS HALTED BY OVERMAN

Washington, June 24.—Senator Chamberlain sought unanimous consent by the Senate today to pass the bill for the construction of a government railroad in Alaska, but failed. Senator Overman objected, saying more time for study of the subject should be allowed.

Senator Chamberlain told the Senate President Wilson while not committed to any bill, favored government construction.

## NEW YORKER PROPOSES TO LEGALIZE POOLING

Washington, June 24.—Representative Levy of New York introduced a bill in the House today to permit the interstate commerce commission in its discretion to authorize combinations or contracts between railroads, even though in violation of the Sherman anti-trust law, if that consideration were outweighed by benefits to the public. Virtually it would permit pooling.

## CHIEF OF POLICE IN SESSION AT GALVESTON

Galveston, Texas, June 24.—Two hundred delegates representing nearly every county in Texas assembled today at the opening session of city marshals and chiefs of police of Texas. Additional delegates are expected this afternoon.

## CREW OF IMPERATOR, WORLD'S LARGEST STEAMSHIP, IS TREATED "LIKE PIGS" MEMBERS DECLARE

By Associated Press. Hoboken, N. J., June 24.—A thousand members of the crew of the vessel, demanding better food, better sleeping accommodations and a nine hour day. Speakers told the mass meeting they had been "treated like pigs." Sixteen hours work a day was not unusual, they said.

## SAYS THERMOMETER IS HOT WEATHER BUGABOO

People Don't Watch The Mercury Don't Suffer From Heat, Says Alsborg

Washington, June 24.—The last word in hot-weather "don'ts" was issued in a brief form today by Dr. Carl Alsborg, who succeeded Dr. Harvey W. Wiley as chief of the United States Bureau of Chemistry. Dr. Alsborg, it develops, would abolish the thermometer because of its depressing effect on the minds of perishing men and women and children. Here are his don'ts: "Don't eat to excess. "Don't wear too many clothes. "Don't drink ice cold beverages. "Don't look at the thermometer and keep thinking how hot it is." "Ice-cold drinks are one of Dr. Alsborg's abominations, for he says they disorder the stomach and interfere with digestion.

The secret of keeping cool in the dog days, according to Dr. Alsborg, lies largely in temperature eating. Taking just enough sustenance to keep off the pangs of hunger. "But," says the doctor, "above all things keep your eyes from the thermometer."

## ENGLISH PEER'S FORTUNE TO ANOTHER MAN'S WIFE

Will Contest Involving \$5,000,000 Now Being Tried in Probate at London

By Associated Press. London, June 24.—London society crowded the probate court at the beginning today of the suit over the will of the late Sir John Murray Scott. He left nearly \$5,000,000, almost his total fortune, to Lady Sackville, wife of Baron Sackville, a relative of a former British minister to Washington.

Malcolm Scott, brother of Sir John, opposes probate of the will on the ground that Barton and Lady Sackville used undue influence in order to secure the bulk of the estate.

## MONDRAGON ON WAR MISSION TO BELGIUM

Mexico City, June 24.—General Mondragon, who recently resigned as minister of war, will leave tomorrow for Belgium on a military mission, the exact nature of which has not been revealed. He was the right hand man of General Felix Diaz in the operations which brought about the overthrow of the Madero government.

**TEXAS ZIONISTS FINISH GALVESTON CONVENTION.**  
Galveston, Texas, June 24.—The Texas Zionists completed their three-day convention here today, selecting Fort Worth for the next meeting. Dr. F. Burg of San Antonio, was elected president.

## FRENCH RULER IS ENGLAND'S GUEST

PRESIDENT PONCARE OF FRANCE IS VISITING KING GEORGE THIS WEEK

**HAS NOTABLE RECEPTION**  
Is Met by British War Vessels Which Pass in Review—Greeted by Prince of Wales

By Associated Press. London, June 24.—Friendly feeling between Great Britain and France was shown today on the arrival here of President Poincaré who is to be the guest of King George and the British nation until June 27. The French president arrived off Portsmouth early this morning.

After passing in review of a notable gathering of British war vessels, he landed at the dock yard where he was met by the young Prince of Wales, who on this occasion of his first representative function, expressed great composure.

King George was waiting at the station to greet the president. Together they passed through lavishly decorated streets lined by regiments of troops.

## ARKANSAS PROGRESSIVES NOMINATE FOR GOVERNOR

By Associated Press. Little Rock, Ark., June 24.—Under a call of the state progressive central committee, seventy-five delegates here today nominated Col. George W. Murphy for governor on the Progressive ticket.

## CALENDAR OF CRIME IS CHARGED TO CHINAMAN

Blackmail, Murder and Smuggling Attributed to Oriental Arrested at San Francisco

San Francisco, Cal., June 24.—Blackmail, murders, opium smuggling and smuggling of coolies across the border were revealed in letters and documents taken yesterday upon the arrest of Wong Do King, head of the Bing Kung Tong, according to information given out today by federal immigration officials. Death, the officials say, was the penalty of all who opposed or attempted to betray the schemes of the highlanders.

The deportation of Wong will be sought at once and other Chinese powerful in many American cities, will be prosecuted.

Wong for twenty years had been head of the Bing Kung, the most warlike and powerful of the Chinese Tonges.

Widespread levying of blackmail, said to be the principal activity of the Bing Kung, was made effective by a score of gunmen on salaries with bonuses for killing "Bing men." The gunmen also protected gambling dens and owners of Chinese and American slave girls, the letters show.

Many letters bear upon the recent Tong war which extended the length of the Pacific Coast, some of them giving specific instructions for the killing of various men. One letter was a catechism for smuggled Chinese preparing them for questions by immigration inspectors, if apprehended.

## OHIO FLOODS CAUSE RAILWAY RECEIVERSHIP

Cincinnati, O., June 24.—The Cincinnati, Lawrenceburg & Aurora Electric railway Co., was thrown into the hands of a receiver today, F. D. Shultz of Florida, was named receiver. The receivership was made necessary, it was stated, by the recent flood which caused \$100,000 damage.

The immediate cause of the receivership action is a mortgage for \$750,000 to the Union Savings Bank & Trust Company.

The property is estimated as worth \$125,000,000.

## PEDESTRIAN WHO TRIED TO BEAT WESTON VERY SICK

By Associated Press. Stamford, Conn., June 24.—John Ennis, a pedestrian who started out several days ago to defeat Edward Peyton Weston, the veteran walker, on a hike from New York to Minneapolis, is seriously ill of stomach trouble at his home here. Physicians fear he may not recover. He is seventy years old.

Although Ennis started a day behind Weston he was several miles ahead of Weston when taken ill in Pennsylvania.

## ARKANSAS MAY NOT HAVE DEMOCRATIC CANDIDATE

Gubernatorial Primary Race So Close Result May Not Be Decided In Time

By Associated Press. Little Rock, Ark., June 24.—The democratic gubernatorial primary returns of last Saturday are still very incomplete. They show Judge G. W. Hays leading former Congressman S. H. Brundidge by less than a thousand votes. If final results are close and contests are started there is a possibility of no candidate being certified by July 5, the time limit before the regular election July 23.

## COMMITTEE FAVORS ERDMAN AMENDMENTS

Washington, June 24.—Favorable report on the proposed change in the Erdman arbitration and mediation act as suggested by the national civic federation was made today by Senator Newlands on behalf of the interstate-commerce committee.

## COLLISION'S THIRD VICTIM DEAD AT PARIS TODAY

Paris, Texas, June 24.—E. Winfrey died at a hospital here this morning from injuries sustained in the collision Saturday afternoon between a Midland motor car and an automobile. He is the third victim to die.

## STATE APPROVES POLICY CREDITS

WICHITA FALLS POLICY HOLDERS OF 1913 WILL GET RE-FUND

**BASED ON LOCAL LOSSES**  
Premiums Paid Here in Past Three Years Fare in Excess of Policies Cashed

If you have paid \$100 premium on an insurance policy taken out since January 1, 1913, you can get nine dollars of it back, by simply reminding your insurance agent of the fact. Also if you take out any insurance between now and January 1, 1914, you will get a reduction of nine per cent.

This rebate is a result of the good fire record of Wichita Falls during the past three years. A state law makes provision for such refund where the receipts in premiums paid to insurance companies exceed the losses and operating expense to a certain percent. Local agents have received a bulletin approving of Fire Marshal Ward's figures as follows:

**Bulletin is Received.**  
"A statement showing that the loss ratio of Wichita Falls for the years 1910, 1911 and 1912 is 481, has been filed with, and has been checked and approved by the State Insurance Board. Under amendment No. 25 to the Texas General Basis Schedule this record entitles Wichita Falls to a credit of nine per cent which local agents are to deduct from the final rate on all policies written on, or after January 1, 1913, to December 31, 1913 only, and covering property located within the corporate limits of Wichita Falls.

"Policies taking effect prior to January 1, 1913, are not affected, nor to be distributed, except by cancellation in strict accordance with the terms and conditions of the policy.

"This credit does not apply to policies written on or after January 1, 1914."

## Fire Marshal's Figures.

The figures compiled by Fire Marshal Ward, and which have now been approved by the State Insurance Board, show that the amounts paid in premiums in Wichita Falls during the last three years, was as follows:

1910—\$19,020.49  
1911—\$57,638.85  
1912—\$58,123.02, this being a total of \$134,782.36.

Losses during three years were:

1910—\$20,210.53  
1911—\$41,289.64  
1912—\$26,374.18  
Total—\$87,874.35.

Excess in premiums—\$107,799.46.

## CURRENCY COMMISSION OF BANKERS CONVENES

Will Hold Meeting to Study Features of Bill Now Pending in Congress

New York, June 24.—The currency commission of the American Bankers Association held a meeting here today to study the Administration's currency bill, considering particularly the sections they consider objectionable. Present were bankers from this city, Philadelphia, Chicago, St. Louis, Los Angeles, New Orleans, Des Moines and other cities.

A. Barton Hepburn, president of the Chase National Bank of this city, chairman of the committee, said after the meeting that in view of the announcement that the bill, as it now stands, is only tentative, it was not the association's intent to criticize it, but that a protest against it would be entered should it be introduced for passage in the same form as it was made public. Mr. Hepburn remarked that the commission was opposed to the measure as it stood.

It is understood that the commission today drafted a memorandum, setting forth its position, for submission to the chairmen of the Senate and House committees having the currency matter in charge.

## WACO PROHIBITIONISTS WILL MEET THURSDAY

By Associated Press. Waco, Texas, June 24.—Declaring that it is evident that there are constant violations of the law and that there are a lot of saloon men whose licenses in this county should not be renewed, County Chairman A. J. Burton of the anti-saloon league, has called a mass meeting of the prohibition forces of the county here next Thursday afternoon.

## SIX WOMEN WANT MEDICAL LICENSES

By Associated Press. Austin, Texas, June 24.—Over 140 applicants presented themselves today for examination for licenses to practice medicine in this state. Those applying included six women, five Mexicans and six negroes.

## BLOODHOUNDS AFTER FOX IN ARKANSAS MOUNTAINS

Little Rock, Ark., June 24.—Officers of Pulaski and Lonoke counties with bloodhounds today are still pursuing James Fox, who fatally shot Patrick Phillips, near Kerr's Station Saturday.

## PLAN HALF-CENT DUTY FOR SUGAR

OPPONENTS OF FREE LIST HAVE NEW PROPOSITION AND WILL MAKE FIGHT

**OTHER SCHEDULES VOTED**  
Agricultural Section Covering Live Stock Meat and Various Grains is Approved

By Associated Press. Washington, June 24.—Anti-free sugar democrats got together in the Senate caucus today and agreed to support an amendment by Senator Shafroth to eliminate the provision for free sugar in 1913 and substitute a duty of approximately one-half cent a pound after that time on refined sugar.

The Shafroth amendment accepted the duty proposed in the Underwood bill on sugars for the next three years including a rate on refined sugar until 1916, of approximately one-half cent a pound. Louisiana senators and those from beet sugar states are making no fight to change these rates, but are urging their colleagues to abandon free sugar for a further fifty per cent reduction in 1916.

**Farm Schedule Approved.**  
If the amendment is voted down, the anti-free sugar senators will have other alternatives to propose.

The caucus set sugar aside temporarily to resume its consideration later and approved the tobacco schedule without change and also all the Senate committee schedules relating to live stock and grain. Wheat and flour were left on the free list with a counter-vailing duty. Live stock and meat were left on the unrestricted free list. Oats at six cents a bushel, out of which the tariff is a hundred pounds and barley at fifteen cents a bushel remain unchanged.

## Fight Started Monday

Yesterday afternoon democrats opposed to free sugar influenced the Senatorial caucus besting their final effort to change the schedule before the tariff bill reaches the Senate for general debate. Western and Louisiana senators were primed to make a titanic fight against the provision approved and urged that sugar shall be free of duty in 1916. Senator Shafroth of Colorado and the agricultural schedule relating to live stock and grain. Wheat and flour were left on the free list with a counter-vailing duty. Live stock and meat were left on the unrestricted free list. Oats at six cents a bushel, out of which the tariff is a hundred pounds and barley at fifteen cents a bushel remain unchanged.

## Various Pleas Heard

Senator Ransfield, who is leading the fight on free sugar, hurried from the caucus room to the schedule before the tariff bill reaches the Senate for general debate. Western and Louisiana senators were primed to make a titanic fight against the provision approved and urged that sugar shall be free of duty in 1916. Senator Shafroth of Colorado and the agricultural schedule relating to live stock and grain. Wheat and flour were left on the free list with a counter-vailing duty. Live stock and meat were left on the unrestricted free list. Oats at six cents a bushel, out of which the tariff is a hundred pounds and barley at fifteen cents a bushel remain unchanged.

## Will Hold Meeting to Study Features of Bill Now Pending in Congress

New York, June 24.—The currency commission of the American Bankers Association held a meeting here today to study the Administration's currency bill, considering particularly the sections they consider objectionable. Present were bankers from this city, Philadelphia, Chicago, St. Louis, Los Angeles, New Orleans, Des Moines and other cities.

A. Barton Hepburn, president of the Chase National Bank of this city, chairman of the committee, said after the meeting that in view of the announcement that the bill, as it now stands, is only tentative, it was not the association's intent to criticize it, but that a protest against it would be entered should it be introduced for passage in the same form as it was made public. Mr. Hepburn remarked that the commission was opposed to the measure as it stood.

It is understood that the commission today drafted a memorandum, setting forth its position, for submission to the chairmen of the Senate and House committees having the currency matter in charge.

## Senator Shafroth of Colorado was the first speaker.

Coming from a beet sugar State, he made a vigorous plea for elimination of the provision for free sugar in 1916. He submitted the following statistics to support the claim of the beet sugar manufacturers that free sugar would mean the crippling, if not the death of the industry.

Senator Walsh of Montana, who will make a fight against free sugar, is standing by the anti-free sugar senators in the caucus fight. He followed Senator Shafroth and had not concluded when the caucus adjourned.

Until sugar was reached the caucus had been very harmonious. Not a change was made in the report of the majority members of the finance committee on the wooden manufactures schedule. The only material change in this from the Underwood bill was the free listing of cedar boards and other cabinet woods.

## Childress—The first silo in Childress country is now under construction near this city. It is expected that over seventy-five silos will be built in this county this year.

## BEGIN EVIDENCE IN OIL CASE THIS AFTERNOON

State Asks for Additional Time so as to Look up Record of Magnolia Secretary

By Associated Press. Beaumont, Texas, June 24.—Adjournment was taken until 3 o'clock this afternoon when the 611 penalty hearing was called for hearing before Commissioner Charles Robes, this morning. The state asked for the additional time to examine further the record of Courtney Marshall, secretary of the Magnolia Petroleum Company. Mr. Marshall will be the first witness called by the state.

## DENISON TAKES FIRST OF SERIES

ERRORFUL GAME IS WON IN VERY EASY STYLE BY BLUE BOX

## MATHEWS POUNDED HARD

Yields Thirteen Hits and is Given Ragged Infield Support—Is Lurid Game

Special to the Times. Denison, Texas, June 24.—Mathews once again demonstrated his inability to occupy the box, Denison winning with ease yesterday afternoon. While Mathews' support was poor in the infield, he yielded thirteen hits and walked four men, so that the locals' twelve runs seem few compared with the number they might have scored. They had eleven men left on bases.

In the absence of Phillips, Chief Jones played second and got by in fairly good shape. Lawson started behind the bat, but seemed to have an off day and was replaced by Naylor. In the last of the eighth Mathews sustained an injury to his pitching hand and Nevitt went into the box for the last out, not remaining long enough to qualify for a regular berth on the Drifters' pitching string.

Fast outfield work on both sides and a triple steal by Denison in the first inning were among the game's features. Higginbotham yielded ten hits, but held the visitors safe until the ninth when they garnered four runs off his delivery. It was a lurid game from start to finish. Kays will probably pitch for Wichita Falls today. The score:

## PRISONERS UNLOCK DOOR OF JAIL AND GET AWAY

Two Missing at Police Court This Morning—"John Doe" Pleads Guilty of Intoxication

Two men arrested by the police last night failed to show up at police court this morning. They made their escape from the city holdover during the night. They reached through the barred door and removed the bolt which held it fastened and walked out without turning a hair. Somebody had neglected to lock the door when the prisoners were put in jail. This announcement was made at the police station that hereafter a jail key will be provided for this door so that everybody will be present in the morning.

A man who gave his name as John Doe, and who appeared to be "somebody" was arrested by a deputy sheriff last night for being drunk and disorderly. He pleaded not guilty, but when Justice Howard refused to let him stand trial on the name of John Doe, he changed his plea to guilty in order to avoid giving his real name. Two men pleaded guilty to charges of intoxication in police court this morning and each was fined ten dollars. Another pleaded guilty to disturbing the peace, and was fined ten dollars; he had gone to the house where his wife was staying since their separation and in endeavoring to induce her to again live with him he used language which was characterized by witnesses as not the kind that would induce anybody to live with him.

## WICHITANS WILL ATTEND SOCIAL CLUBS MEETING

Fight on Proposed Legislation Will be Started at Galveston Conference

Tomorrow Wm. N. Bonner and several others from Wichita Falls, will leave tomorrow for Galveston to attend a meeting of representatives of social clubs of Texas, at which time a state organization will be formed. Bert Bean and A. W. McCoy, now out of the city, will also attend the meeting.

The purpose of the formation of this state association, which will be effected at this meeting, is to secure legislation that will differentiate between strictly bona fide social clubs, and the so-called social clubs, the object of which is the evasion of the liquor laws of the state.

### RESOLUTION FOR PAVING ADOPTED

CITY COUNCIL TAKES DEFINITE STEPS FOR WORK ON TENTH STREET

### WILL VISIT OTHER CITIES

Committee to Determine Material, Council Reserves Right to City to do Work Itself

The proposition to pave Tenth street advanced two notices nearest consumption last night, when the city council adopted a resolution declaring for the paving and appointed a committee to visit other Texas cities to determine what material will be most suitable. This committee will start out tonight.

The council left the question of material open and the resolution has a provision that the city reserves the right to do the paving itself; this is in line with the agitation for a municipal paving plant, mention of which was made recently in The Times.

Representatives of several paving concerns were present last night and addressed council briefly, their remarks being mainly invitations to see what was being done in other cities. Those heard were C. L. Gearty of Houston, A. W. Terrell of Fort Worth and H. K. McCollum. The council's resolution follows:

Text of Resolution. "Be it resolved by the city council of the city of Wichita Falls, Texas:

"First, that whereas there has been presented to the city council of the city of Wichita Falls, Texas, a petition signed by at least seventy-five per cent of the property owners residing and owning property on Tenth street in the city of Wichita Falls, Texas, between Ohio street on the east and Brook street on the west, requesting the city council to pave Tenth street between the points above indicated and obligate themselves to the city council the cost of doing said work on the basis hereinafter set out to-wit:

"That the city of Wichita Falls, Texas, expend all amounts that may be necessary to bring the street to a proper grade and pave the intersections of all streets and alleys and each property owner on Tenth street between the points above indicated, to pay to the city all amounts that may be necessary to pave said street from the center of the street to their respective curb lines and sidewalks.

"The city council is of the opinion that there exists an urgent necessity for such improvements, be it.

City Terms Grades. "Resolved, that the city of Wichita Falls, Texas, a municipal corporation acting by and through its city council, duly elected and qualified does agree to and undertake to do all things necessary in order to have Tenth street between the points on Ohio street on the east and Brook street on the west improved by paving the same in the manner and upon the terms hereinafter set out.

"The street shall first be brought to a practical grade.

"The material to be used in this paving shall be of a species commonly known as creosote wood block paving, or of brick paving or of asphalt paving as may later be selected and decided upon by the city council.

"The improvements here indicated and specified may or may not be con-

structed at the option of the city council.

Method of Collection. "The plan of collecting for the pavement from the property owners on said Tenth street for their proportionate share of the cost of the improvements as above set forth shall be as follows: Either the amount due by each resident property owner shall be in cash as the work progresses or shall be paid in cash as the work is completed and finally accepted by the council or shall be paid for by the resident property owners in equal yearly installments, the last one of which shall be due five years from the date the work is begun and such indebtedness to the city shall be evidenced by interest-bearing certificates.

"The city engineer is hereby authorized and instructed to prepare specifications for said improvements which shall embrace the different materials and methods of construction specified in this resolution and after the same is completed he is ordered to report to the city council for approval such specifications in order that all work may be done and performed after sealed bids therefor shall be advertised for in accordance with the terms of Ordinance No. 422 of the city of Wichita Falls, Texas, unless the city shall elect to undertake the construction of said improvements, which right is expressly reserved."

To Visit Other Cities. "The resolution was unanimously adopted after some discussion and after hearing the paving representatives present, the council decided to inspect the paving where it has been laid in other cities. Mayor Bell, Alderman Al Reicholt and City Engineer Hinckley will make the trip and will probably start tonight. They will visit Dallas and Fort Worth, probably Waxahachie and possibly Houston and some South Texas cities.

### WICHITA FALLS GIRL TO BECOME BRIDE AT SHERMAN.

A young woman whom Wichita Falls is proud to claim as a daughter, Miss Ruth Bullock, will be married June 25 to L. Haydenhead of Sherman. The ceremony will be performed by Bishop Key at 8:30 in the evening and will be followed by a reception at Kidd-Key College, after which the bride and groom will go for an extensive trip to northern and eastern points. The groom is an attorney of Sherman. Among those from Wichita Falls who will attend are Mrs. H. L. Baker, mother of the bride, and Miss Vivian Mathis, who will be bridesmaid. Miss Bullock came to Wichita Falls six years ago but her duties at Kidd-Key, first as a student and later as secretary to Mrs. Key, have kept her in Sherman most of the time.

Three crowds of young people enjoyed picnics at Lake Wichita last evening.

Miss Eddie Carver will entertain the Old Maid's Aid at its session this afternoon.

Miss Iva Bullard entertained informally at forty-two Monday evening for her guest, Miss Goodin of McKinney. Those present were Messrs. N. M. Clifford and W. M. Arrington, and Miss Ora Goodin.

### BRIDE MISSING, POLICE CALLED, THREE ARRESTS

Groom Asks Officers to Find His New Wife, Who is Located With Another Man.

A bridegroom of a day put in an appearance at the police station last night and excitedly demanded that the officers locate his wife. He said that she had gone with another man. She had. The officers finally located the three principals, the bride and the mysterious stranger being in the company of each other. The husband finally induced his spouse to return to his embrace, but so much of a "swamp kicked" up in accomplishing this happy end, that all three were arrested. Booze had figured in the affair to a large extent.

### CITY'S CASH FINES WILL GO INTO STREET FUNDS

Means From \$500 to \$1000 More per Month Available For Improvement Work

From \$500 to \$1000 additional per month will be spent for street work by the city, as a result of the action of the city council last night in ordering that hereafter all police court fines and forfeitures shall go into the street fund, instead of into the general fund.

Based on figures for the fiscal year which closed April 1 of this year, this means approximately \$750 for street work, the cash fines for the period mentioned averaging that much. Where a prisoner does not pay his fine, the streets of course get the direct benefit as the fines are worked out on the streets.

The total in fines for the last fiscal year was close to the \$15,000 mark, of which about \$6000 was worked out on the street gang, the remainder going into the general fund, out of which the street fund is drawn. This year the streets will get the benefit of the entire amount and while fines are light at present, the winter months will no doubt bring increased business that will equal last year's record.

The city has been hampered by lack of funds for the street work which prompted the council to take the action of last night.

### SUKEY'S DEPREDATIONS CAUSE MUCH COMPLAINT

Cows With Insufficient Escort Doing Damage to Lawns in Floral Heights

Residents of Floral Heights in particular and of the city in general have complained recently of the depredations of cows which are now being kept under a somewhat strict surveillance, it is claimed. The city is looking into the matter and will probably make some arrests if it is found that the ordinance is being violated. Under the city's ordinance, stock is not running at large as long as there is one attendant to every five cows. The trouble is that the attendant who takes Sukey home from pasture is usually a small boy whose mind is too intent on next week's Sunday school lesson or some other pressing matter, to notice whether his cows are helping themselves to somebody's rose bushes.

It is possible that the ordinance will be amended so as to limit the number of cows still more, in the hope of putting an end to the damage. One Floral Heights man lost a pair of peach trees through the activities of a neighborhood cow. The neighbor being a good friend of his and a considerably larger man, he took his complaint to the city authorities.

### Notice.

To Whom This May Concern: As we are in reality interested in the conversion of our friends and neighbors, and having with us one who is so well qualified to preach the unpurchasable riches of God as it pleased God by the foolishness of preaching to save them that believe and so faith cometh by hearing by the word of God, so we solicit the co-operation of all who value the word of God and have the cause of the moral and spiritual welfare at heart, your presence and influence is very much needed at the Y. Of this amount \$10,000 was for the support of the Chamber of Commerce, \$8,000 for the Catholic school for girls, \$12,000 for the Lowry-Phillips school and \$80,000 for the Texas Kansas and Omaha railroad.

## Splendid Sandwich Material

↓

PHONES 432 AND 232

AUTO DELIVERY

Carefully made sandwiches are so good for regular table use frequently during the hot weather that it is a good policy to keep on hand quite a variety of sandwich material, such as fresh peanut butter, pimento cheese and one or two or more different kinds of jam or jelly aside from potted meats such as deviled ham and boned chicken. All of these different materials are being used more and more every year for regular table use as well as for picnic lunches and they are adding a very appetizing and attractive variety to the menu. They come in small quantities so that it is possible to use them frequently or as often as you like and not have any quantity spoiled before using it.

Following are the prices:

Fresh Peanut Butter	10c, 20c and 30c
Pimento Cheese	20c
Jams 25c and	30c
Jellies 25c and	30c
Deviled Ham	20c
Boned Chicken	40c

### FIRE FACILITIES TO BE MATERIALLY INCREASED

Purchase of Another Engine is to be Made as Finances Permit—Number of New Hydrants

At least ten additional fire hydrants and probably another fire engine, will be added to the city's fire fighting facilities, if plans are carried out. The fire hydrants are to be installed in connection with the new water mains which the water company is now putting down and are being located this afternoon by a committee which includes Mayor Bell, Alderman Bradley and Reed, and Driver McClure of the "Bubble." It is probable that other fire hydrants will be provided for later by the council and water company.

Plans for the purchase of another fire engine, to be stationed somewhere in the western part of the city where it can readily reach residence fires, are taking form and the equipment will be purchased if the council can figure out how to finance it. The finance committee of the council now has this matter in hand. Some of the firemen estimate that the new machine would not be delivered before the first of next year and that by that time the city will be getting in enough tax collections to pay for it.

The engine that the city now has cost between six and seven thousand dollars, being purchased when the auto fire equipment was still in the experimental stage in Texas. The present council expects to get another one considerably cheaper, probably for \$5000.

We wake up in the morning, and we work hard all day, rush home, go to bed, wake in the morning again, do practically the same thing over again, go home physically and mentally tired, and day after day, week after week, month after month, year after year, we keep it up, and we struggle and we plan just as if this were to continue for ever, and this were all there is in life. We fight hard for the almighty dollar, and after we have gotten together more than we can expend, what have we gotten for our money? We find our labors growing harder, as we grow older and our minds become so burdened with business that we hardly have time for our families, so occupied are our minds with matters of business over which we have pondered during the day. About the time we think we are beginning to get our affairs in shape, and we have to drop it all summarily, leave it to others, close our eyes upon this beautiful world that we might have enjoyed, and pass out into that tongueless silence called the tomb, and may be there are few who are sorry that we are gone, because we did not clutter up the world with our names, and we have left a helping hand or give them words of cheer and sympathy when they were weary and heavy laden. After we have this busy, strenuous life, what do we get for it?—Cleburne Enterprise.

An irrigation ditch, instead of a marble monument, as a memorial to a dead hero, does not particularly appeal to one's sense of the artistic. Yet the report of the American commission now studying farm credits in Europe tells of a section of Italy, where, instead of commemorating the deeds of some chieftain in bronze, they took the money and dug an irrigation ditch with it. The ditch would last about as long as the monument and was found to be of considerably more benefit to the community. A man who got his water from the memorial ditch would be just as likely, possibly more so, to recall the valor of the hero than if there were a granite shaft in the market-place inscribed with that same hero's feats.

It strikes the Times that the principle is just about 100 per cent correct. An artistic bridge across a river where it is needed would call infinitely more attention to the deeds of John Smith than would a John Smith monument. Why not memorial bridges, memorial highways, memorial schools, memorial libraries, for our great dead instead of the splendid but useless piles of marble or granite that commemorate their deeds?

Governor Sulzer of New York says the fight he is now waging against Tammany Leader Charles F. Murphy and those who are supporting the latter in his attitude toward certain proposed legislative reforms was inspired by his wife. He says that after Murphy refused to support his plan for direct primaries he went back to Albany mad because some of his friends had been shattered, and he talked the matter over with Mrs. Sulzer. He says: "When I finished telling the story to Mrs. Sulzer, I said there is just one thing for me to do—resign, surrender or fight. I have carefully made up my mind to fight. Mrs. Sulzer kissed me and said, 'You are right, go on with the fight; I think more of you now than I ever did in my life.'" A man who wouldn't fight under such inspiration belongs to the welcher class.—Houston Post.

That's the right kind of a wife to have. A man with that sort of a woman as side partner and life companion can surely put up some fight—that is, if he is a man and not a mere thing, or boot-hugger. Whether Gov. Sulzer is right or not, if he is conscientious, has his conscience as his guide and with the sort of support he is getting, we're betting that he'll win out.

The Times is in receipt of season tickets to the Panhandle Exposition and Fair Association and also the program which is to be held at Claremont July 2, 3, 4 and 5. On that occasion the claim is made that the greatest aggregation of light harness horses ever assembled in the southwest will be seen in action. These horses will come from Arizona, California, Colorado, New Mexico, Louisiana and Texas, and the visitor is assured of some very fine clean sport. Three thousand dollars in purses will be awarded the winners of the various races.

A TRUE KNIGHT

Gregory T. Hames was a reporter for the New York World. When a freak on which he was riding was wrecked and his own frame was fatally crushed, his first thought was for the paper he served and in the few seconds that elapsed before he went to

BELLE OF WICHITA--IT'S BETTER

face the Editor of our destinies, he managed to gasp: "Phone my paper—tell them there's a wreck."

Much has been written in the past few days of Humes' act and of the fact that, even in the shadow of death, his newspaper sense was uppermost. So it is, indeed, with every real reporter. It overwhelms everything else that enters a real reporter's mind; even in his dreams he does not forget. Humes was but a type of those reporters who are born with the news sense that nothing can knock out. That subdivision of Providence which keeps newspaper men out of wrecks and accidents prevents many such incidents as that of Humes, but every reporter can glory none the less in the dying words of that young man. The following about him is from the St. Louis Post-Dispatch:

A Knight of Anonymity. No sword or golden suprs bore he, Nor trailed an ignis fatuus flame Across the glory fields of Fame Yet bylthe he was and debonaire, And O a lover, strong and rare, A lover of a Damsel fair—

The News, men called her name. For her he braved obscurity, His honor kept in purity, Endured the travail of the night, The toll when biased the Monday Light The humble task, the watch alone, The breach whence weaklings all had flown, Nor sought a question of his own, Her service to requite.

But aye he found his knightly meed In doing all her whim decreed, Content though heralds passed him by, Nor deemed his doubtful deeds to cry, As carpet for his Lady's feet— And for her he found it sweet Most knightly then to die!

The fire insurance companies, after all, have decided to do the right thing by policy holders on property within the corporate limits of Wichita Falls, and a rebate of 9 per cent is to be paid them on all fire insurance premiums on policies issued between January 1, 1913, and up to the present time. This rebate was granted on the splendid record of the few fire losses in this city. After July 1 a new fire insurance law goes into effect, and all policies written after that date will be at least 10 per cent less than now. This is some encouragement and

shows that it pays to support well our splendid volunteer fire department. The city is too small to maintain a salaried force of fire-fighters. If there were necessary for the citizens to encourage in every way possible the young men who volunteer to do service as firemen, and they do just as good work as volunteers as if they were drawing regular salaries.

A wife of sixteen years, the mother of thirteen children, shot her husband in Dallas recently, and the Garland News emphatically remarks that it doesn't blame her. All who do please stand on their head for fifteen minutes.—Houston Post.

NEW YORK THIEVES NOW STEAL YOUR HAT

New York, June 24.—A new species of subway thieves is engaging the attention of detectives. Complaints of many travelers make it appear that a squad of young men is operating from the crowded station platforms of the subway, reaching through the open windows of trains and snatching hats, especially valuable Panamas, from the heads of unsuspecting passengers.

Denton—Preliminary surveys are being made on many of the prominent streets of this city making ready for the building of the new E. E. Turner interurban from Dallas to Denton and other North Texas towns. The work is progressing satisfactorily, according to the surveys.

JEFFRIES PLEASUED WITH RACE MEET PROSPECTS

Has Just Visited Four Towns on the Circuit and Says Many are Coming

T. J. Jeffries, who is in charge of the plans for the race meet here in August, said today: "In the past week I have visited four and communicated with the other two towns in the Texas-Oklahoma short ship circuit and I have never seen conditions more favorable for good races in any circuit. Each town has something like fifteen horses entered in each of the early closing purses, which insures a contest in each event. The horses entered are some of the best that have ever raced

in the Southwest; there are six states represented by horses.

"There is good interest manifested and about all the talk now is the race. I was in Claremont Saturday and find them in good shape for the initial meeting which is July 2-5; quite a number of horses are there and more are coming each day. "Wichita Falls being new in the game, and the largest town in the circuit, naturally she is attracting more interest and I think that without a doubt that there will be one of the largest crowds in attendance that has ever been in Wichita Falls for the same length of time. I am telling every one about the big meeting at Wichita Falls and if one half come who say they will, I am sure all records for attendance will be smashed."

VERDICT OF GUILTY IN ORTH CASE IS RETURNED

Persecution, Not Prosecution," Says Defendant—Will Carry It To Higher Courts

After having had the case under consideration for about fifteen hours, the jury in the W. R. T. Orth case brought in a verdict of guilty at 11 o'clock this morning. The defendant was charged with knowingly permitting a busy house to be conducted on premises owned by him. The law fixes only one penalty, a fine of two hundred dollars and twenty days in jail. To a Times reporter this afternoon, Mr. Orth said: "This is a case of persecution, not prosecution. I am innocent and will fight the case to the finish. Mr. Huff, one of my attorneys, became ill during the trial and Mr. Bullington had to step into the middle of the case and carry it through—I was denied a continuance in order that I might get Mrs. Carson, one of my most important witnesses, here from Missouri. We will file a motion for a retrial and in the event of its refusal will carry the case to the supreme court. "The case has been on trial for more than a week. Nearly every police and county officer was called in as a witness.

RIVER BED SAND RIGHTS DECIDED

FEDERAL COURT DECISION GIVES LAND OWNERS CONTROL OF IT

WICHITA NOT NAVIGABLE

Despite State Law, Federal Court Decides Stream is Not Used for Navigation Purposes

The Big Wichita River has been officially declared a non-navigable stream. All steamboat pilots and captains are hereby warned that if they attempt to make the passage they do so at their own peril. Also, all sand dealers are hereby notified that if they want any sand hereafter they will have to pay some land owner for it unless they confine their digging strictly to that part of the river which lies directly in a street or other public highway. A decree to this effect has been issued out of the federal court at Dallas.

Had Asked Injunction. The decision is in the case of Mrs. Nettie C. McIntyre vs. J. A. Woods, J. C. Oats and W. L. Johnson. The suit was brought by the plaintiff to establish her right to the sand in the river extending from her property line out to the middle of the stream. She sought an injunction restraining defendants from taking sand from the bed of the river without paying "abutting" property owners for same. The injunction was granted. The decision is of wide importance. Nearly all of the sand used in building in Wichita Falls is sand taken from the Big Wichita River. Heretofore it has been the custom of those wanting sand to go down to the river and get it without making any questions, except as right of way to the river had to be granted.

Laws in Conflict. Texas has a state statute declaring the Big Wichita a navigable stream. This is because the Big Wichita is more than thirty feet wide. But this law was passed more as a means of guiding surveyors in their work than in anything else. The intent of the statute is apparent in that it uses the stipulation as to width only, and not to depth. A stream might be as wide as from here to the depot and yet not deep enough to float a raft with a five" inch draught, so of course would not be literally navigable. The federal court takes a different view of the matter. According to federal laws a stream is not navigable unless it is literally navigable, and will permit the passage of freight and passenger bearing steamers. Were it a navigable stream, the sand would be open to anyone wanting it.

But insofar as the sand is concerned, that part of the street or other public highway extending into the river is public property, and they are not allowed to shoot at you for digging the sand and hauling it away. W. F. Weeks was attorney for Mrs. Nettie McIntyre in the suit.

PLEASING PROGRAM BEING SHOWN AT THE AIRDOME.

a splendid voice and know how to use it. Their specialty is college songs, good clean stuff, with humor in it and delivered with action enough to make it relished. It is a real treat, and ought to pack the Airdome at every performance.

The La Broixs, a clever team of dancers, also made a good impression with their silver heeled dancing and mandolin and guitar music and songs. The love of liberty is born in the pleasing theme of Selig's latest Western play. It deals with a true man who has lost his liberty and is bent upon permanently regaining it. After a brief taste of this latitude, he demonstrates his worthiness for such a humane perquisite. This is the crux of a truly thrilling motion picture of the West called "The Law and the Outlaw."

"Dakota" Wilson, who has escaped from the Deer Lodge penitentiary, while honestly following the vocation of cow-puncher, rescues a young lady from a terrible form of death by a wonderful display of daring in "bulldozing" a mad steer. He has hardly accomplished this wonderful feat when a sheriff comes along and puts him in irons. His remarkable escape, effected without bloodshed and the accident that leads to his recapture, make the meat and motion of the most wonderful picture play for intercity that has ever been shown on the flying film.

"The Law and the Outlaw" will be shown at the Lydia Margaret tonight

CHARLIE SWAIN AND HER WARD'S APPEAR IN COURT Local Negress Who Makes Specialty of Adopting Pickaninnies is Witness. When the witnesses gathered for a case in police court yesterday afternoon the gathering looked like the overflow meeting of a colored revival. It all happened as a result of "Charlie" Swain being summoned as a witness. She is a negress who is considerable of a philanthropist among her own people. Her specialty is the care, support and uplift of abandoned pickaninnies. Whenever the number of arrivals in a family has reached the point that makes the cost of the pork chops equal the wages of the head of the family, some of this surplus is turned over to Charlie. And sometimes she picks up wandering pickaninnies who are like Topsy—had no parents but just grew up. All of these are taken under her sheltering wing and given as much of a home as she can afford to give them. And wherever she goes those pickaninnies are sure to go. If she leaves them at home they may burn the house down or throw rocks through white folk's windows, so she has to take them all with her. And she now has half a carload under her care. The whole outfit followed her to police court today and when they began to arrive everybody else began to sneeze and throw rocks through white folk's windows and she has to take any chances until they did know. Holland—It has been announced that a new weekly newspaper would be established here within a short time. J. S. Hair, formerly of the Bartlett Tribune will be editor and publisher of the new publication. The local business and professional men welcome the new enterprise.
